DEPARTMENT OF PLANT AND STRUCTURES.

REPORT FOR THE QUARTER ENDED SEPTEMBER 30, 1917.

On July 23, the operation of elevated trains was commenced on the two tracks on the upper deck of the Queensboro Bridge and on Sept. 4 the operation of subway trains was begun on the two tracks on the lower deck on the easterly side of the Manhattan Bridge. With the opening of these lines of traffic, all the railway tracks on these two bridges are now used for rapid transit or surface car traffic.

BROOKLYN BRIDGE.

Work was commenced on Aug. 3 on the reconstruction of the south roadway. The work of reconstructing and repaving the two roadways between the anchorages of the bridge will include the placing of new steel stringers and ties to support the trolley track on each roadway, the removal of the old timber underflooring and the spruce plank wearing surface, and the placing of a new underflooring and a creosoted wood block wearing surface, 21-4 inches deep. The existing T-rails in the trolley tracks will be replaced with new 7-inch girder rails. The work during the quarter consisted in the erection of scaffolds under portions of the south roadway, removing parts of the steel work which are not to be retained, and putting in 118 new steel I-beam stringers.

The upper chord pins and pin plates were renewed at ten panel points on the second truss from the south side on the main span of the bridge. The work of making repairs to stringers and floor beams under the elevated railway tracks was continued on the Manhattan end span.

The surface railway track on the north roadway was renewed by the Brooklyn Heights Railroad Co., from the Manhattan Terminal to the westerly side of Pearl Street.

MANHATTAN BRIDGE.

The work on the contract for the improvement of the Manhattan plaza was completed. The amount of the contract was \$821,653.68. This contract was entered into on Jan. 18, 1913. The lowest bid received for the work was \$96,920, less than the second lowest bid. The contract was awarded to the lowest bidder and it is gratifying to be able to report that, notwithstanding the low price for which the contract was let and the financial difficulties which have been encountered thereby, the work has been finally completed without readvertising a contract for any part of the work and without extra cost to the City.

Work was continued on the contract for the improvement of the southerly portion of the Manhattan plaza. The amount of this contract is \$105,768.85. The contract work, which was 50 per cent. finished at the beginning of the quarter, was 89 per cent. completed at the end of the quarter.

Work was continued and completed by the New York Municipal Railway Corporation under the direction of the Public Service Commission on the installation of third rails and equipment on the two tracks on the lower deck on the easterly side of the structures. These tracks are a part of the Fourth Avenue (Brooklyn)-Broadway (Manhattan) Line, and operation of subway trains on the tracks commenced Sept. 4, 1917.

Bids were received on July 9 for the lease of a parcel of property having an area of 1,770 square feet on the northerly side of Division st., under the Manhattan approach of the bridge. The lease, which was executed on Aug. 24, 1917, is for a period of ten years at a rental of \$3,350 per year, with the privilege of a renewal for an additional period of ten years at a rental of \$3,685 per year. The lessee completed the erection of a two-story brick building on the property and the building is occupied by three stores. Under the terms of the lease the building will become the property of the City at the termination of the lease.

WILLIAMSBURG BRIDGE.

The contract for repaving the south roadway on the approaches of the bridge was completed on August 5 at a cost of \$33,199. The south roadway, which had been closed to traffic on May 7, was reopened July 26; while the south roadway was closed the north roadway was used for vehicular traffic in both directions. In the course of the work 8,404 square yards of new granite block pavement were laid, 1,596 square yards of old granite block pavement were relaid and 42 square yards of cast iron block pavement were laid. The cast iron blocks were placed at the expansion joints on the roadway in order to eliminate the excessive wear which occurs when granite blocks are put at these joints.

Work was continued on the end spans at the places where the inner cables cross the trusses of the bridge in preparation for the shifting of these cables a maximum of ten inches for each cable, in order to permit of the operation of elevated railroad cars 10 feet wide over the structure. The compressed air pipe line was shifted, hangers at panel points 4 and 5 were disconnected and eight yokes for bases of temporary hangers put in position.

The construction at the Manhattan anchorage of the new cross bridge between the north and south footwalks of the bridge was completed on August 29 and opened on September 12; this made available for recreation purposes another section of the north footwalk.

Work was continued by departmental labor on removing the old cable coverings and rewinding the cables with new steel wire. About 900 feet of cable were wrapped on the two northerly cables, main span, and about 600 feet of scaffold were erected from which to continue wrapping on the most northerly cable.

The New York Consolidated Railroad Company continued the work of renewing the rails on the two elevated tracks on the bridge and completed the work on the main span and on a part of the Brooklyn side span.

QUEENSBORO BRIDGE.

Work was continued by departmental labor on the reconstruction of the pavement on the north half of the roadway. The reinforcing of the buckle plates was completed on August 17, and the new concrete foundation was completed on August 24. The new wood block pavement was completed and opened to traffic from the easterly pier on Blackwell's Island to panel point 37 on the Queens Approach. The portion between the Manhattan Anchorage and the easterly pier on Blackwell's Island had been completed during the preceding quarter. The whole work of reconstructing and repaving the roadway was completed at the end of the quarter with the exception of the laying of wood blocks on a length of 1,200 feet on the north half of the roadway at the easterly end of the Queens Approach.

Work was continued and completed by the Interborough Rapid Transit Co., under the direction of the Public Service Commission, on the installation of two tracks on the upper deck of the bridge. Operation of elevated trains over these tracks was commenced on July 23, thus connecting the Second Avenue Elevated Line in Manhattan with the rapid transit lines in Queens.

Work was completed, under the direction of the Department of Water Supply, Gas and Electricity, on the placing on the bridge of a water main 12 inches in diameter, crossing both the east and west channel spans. The main from the Borough of Manhattan to Blackwell's Island was put in service in September.

The contractors for the construction of the two rapid transit tunnels under the East River, connecting the Boroughs of Manhattan and Queens, were engaged in the erection, adjacent to the Queens Approach of the bridge, of the connection between the tunnels and the rapid transit station on the Queens Plaza. This work is being done under the direction of the Public Service Commission.

The entire steel work on the Manhattan Approach and the lower portion, including railings, on the Manhattan end span, were painted. Parts of the lower portions of the

west channel and island spans were cleaned and painted with red lead and linseed oil.

The elevators at the Queens Anchor Pier carried a total of \$549,387 passengers during the quarter, which was a decrease of 219,379 compared with the third quarter of 1916. This decrease is mostly due to the operation of elevated railroad trains over the bridge, which operation commenced, as previously noted, on July 23. The surface railway cars stop at the Queens Anchor Pier, whereas the elevated trains do not stop there, and many people who formerly traveled on the surface cars now use the elevated line.

HARLEM RIVER, MANHATTAN AND BRONX BRIDGES.

Third Avenue Bridge—The shafts operating the lift rams at the ends of the swing span were realigned. Repairs were made to the roadway aprons at the ends of the swing span. The lamp posts on the bridge were refastened with new bolts wherever the old bolts had deteriorated.

Macomb's Dam Bridge—Repairs were made to the westerly side of the fender north of the center pier. The outer timbers on a portion of the fender were rebuilt down to low water. The work of cleaning and painting the bridge and its approaches, which was 90 per cent. finished at the beginning of the quarter, was completed on August 11.

Unionport Bridge—Work on the contract for the construction of the Unionport Bridge was continued. The amount of the contract is \$195,511. The work during the quarter consisted of the following: Placing fill at approaches, pointing masonry, painting railings, dredging the channel, removing old piers, installing electric conduits, laying submarine cables, driving pile clusters and work on the bridge tenders' houses. The delivery of the steel for the lift span and the machinery was completed on September 29.

City Island Bridge—The Pelham Park and City Island Railroad Co., Inc., raised its track to grade and repaved the railway area on the approaches of the bridge. Old granite blocks were relaid between the rails of the track and asphalt was laid in the strips two feet wide outside the rails. The portions of the roadway on the approaches outside the railway area had been reggraded and paved during the preceding quarter with an asphalt pavement, under contract with this Department. The reggrading and repaving work on the roadway on the approaches is therefore fully completed.

Riverside Drive Viaduct at W. 96th St.—Funds to the amount of \$2,900 were authorized on July 3, 1917, by the Board of Estimate and Apportionment for cleaning, painting and making minor structural repairs to the viaduct carrying Riverside Drive over W. 96th st., and for placing concrete protection about the bases of columns of the viaduct. This viaduct is under the jurisdiction of the Commissioner of the Department of Parks, Manhattan and Richmond, but at his request arrangements were made for the work to be done by the Department of Plant and Structures. At the close of the quarter about 75 per cent. of the work had been completed.

BRIDGES IN BROOKLYN, QUEENS AND RICHMOND.

Repairs were made to the fastenings on the rolling segments or rockers of the Vernon Ave. and 9th St. Bridges. Repairs were made to the operating machinery at the Greenpoint Ave. and Grand St. Bridges. At the temporary foot bridge over Sheepshead Bay on the line of E. 19th st. additional horizontal and vertical bracings were placed on the pile pier at the north end of the steel span and on eight pile bents in the timber trestle.

At the Little Neck Bridge new timber supports were built under the ends of the swing span by cutting off the old piles and putting on new caps and blocking. The roadway planking at the ends of the approaches, which had settled, was raised to the level of the bridge floor.

The work of repairing the lower chords of the swing span of the Fresh Kills Bridge was completed. In this work approximately one-half of the lacing bars and cover plates of the lower chords and a number of gusset plates were renewed. The old roadway flooring on the swing span was also renewed.

The Bridge Tenders' houses were painted at the Grand St., Metropolitan Ave., Meeker Ave. and Greenpoint Ave. Bridges.

MUNICIPAL BUILDING.

Work on the contract for the interior finish of the tower was continued and was about 85 per cent. completed at the close of the quarter; work on the contract for the plumbing and vacuum line work in the tower was continued and was about 75 per cent. completed; and work on the contract for the heating work in the tower was practically completed.

Work on the contract for the finish of the kitchen and dining room quarters was continued and was about 95 per cent. completed at the close of the quarter; work on the contract for the plumbing and refrigerating work in the kitchen and dining room quarters was continued and was about 90 per cent. finished; and the work on the contract for the heating and ventilating work in the kitchen and dining room quarters was practically completed.

Work on the contract for furnishing and installing metal partitions and railings was continued and was about 77 per cent. completed at the close of the quarter.

Work on the contract for furnishing and installing metal book stacks was continued and was about 90 per cent. finished at the end of the quarter.

Claims amounting to \$31,494.85, for the purchase of water in 1914, paid by the Department of Finance, are not included in the foregoing figures.

Electricity, for the years 1913 and 1914. This report also contained a brief sketch of the physical development, and the financial history of the water supply system, an estimate of the future water needs of the city, and a consideration of the various financial problems involved.

There is now submitted to you a report dealing principally with the revenues and operating expenses of this department for 1915 and 1916, comparisons being made with similar items for the years 1913 and 1914. The two chief bureaus of the department are the Bureau of Water Supply and the Bureau of Gas and Electricity, and these divisions of the work are treated separately.

A summary of the water revenues and the operating expenses connected therewith immediately follows:

Revenues.**(A) Water Meter Rates.**

It is estimated that only about 24 per cent. of the water consumed is metered. The revenue therefrom, however, nearly equals that derived from unmetered water. The Department of Water Supply, Gas and Electricity is of the opinion that all water should be metered and in due course it confidently expects that this will occur. Meters constitute the best known means of controlling the use and checking the waste of water, and the amounts of water actually used form the basis for the charge. The following tabulation sets forth by boroughs the water revenue for the years 1913 to 1916, inclusive:

(A) Water Meter Revenue.

Increase	2,378 2.35	2,200 2.22	2,373 2.46

It will be noted that the year 1915 shows a large falling off in the meter revenue. The reasons advanced are the removal of meters from large apartment houses in the boroughs of Manhattan and The Bronx and conservation of water by large corporations by improvements in their plants with reference to condensers. The Pennsylvania Railroad, in Queens Borough, effected a saving of two million cubic feet per month by such changes. The substitution of electric for water motive power was also a factor in the reduction.

Section 475 of the Greater New York Charter, as amended by chapter 602 of the Laws of 1916, relative to charges by the City for water furnished by it, reads in part as follows:

"The commissioner of water supply, gas and electricity is authorized, in his discretion, to install or cause to be installed water meters, the pattern and maximum price of which shall be approved by the board of aldermen, in any or all stores, workshops, hotels, manufactories, office buildings, public edifices, at wharves, ferry houses, stables, and in all places in which water is furnished for business consumption, and, if authorized thereto by resolution or ordinance of the board of aldermen, in any or all apartment houses, tenements, flat houses, and private dwellings; and upon written demand of the owner of any lot or premises to which such water is supplied, he shall install or cause to be installed a meter or meters, etc."

Article 2, chapter 25 of the Code of Ordinances provides, under section 22, that "the charge for water measured by meter shall be 10 cents per 100 cubic feet." This is equivalent to \$1 per 1,000 cubic feet, or 7,480.5 gallons.

The meters in use in the various boroughs as of December 31 of the past three years is as follows:

Boroughs.	1916.	1915.	1914.
Manhattan	52,900	52,889	52,764

(B) Frontage Rates.

The water revenue from this source for years 1913 to 1916, inclusive, is shown as follows:

(B) Frontage Rate Revenue.

Boroughs.	1916.	1915.	1914.	1913.

Totals	\$225,203 98 3.55	\$193,258 45 3.14	\$137,758 35 2.29

The small percentage of increase, as shown in the Borough of Manhattan, is due to the fact that for every two and a half buildings demolished one is erected, and buildings formerly upon a frontage basis are superseded by those in which meters are installed. The larger percentages of increases shown in the other boroughs reflect the growth of the residential districts.

Chapter 25, article 2 of the Code of Ordinances provides, under section 20, that "the annual frontage rents on premises wholly or partly unmetered * * * shall be as follows, to wit:

Frontage Width of Building.	One Story.
16 feet and under	\$4 00
16 feet to 18 feet	5 00
18 feet to 20 feet	6 00
20 feet to 22½ feet	7 00
22½ feet to 25 feet	8 00
25 feet to 30 feet	10 00
30 feet to 37½ feet	12 00
37½ feet to 50 feet	14 00

For each additional story one dollar (\$1.00) shall be added; and for each additional 10 feet or part thereof above 50 feet in front width of building \$2 shall be added.

The above frontage rents are on the basis of one family, one bath and one water closet for each building.

In addition to the frontage rents there are numerous miscellaneous rates charged where the supply is not metered. These include charges for extra baths and water closets, bakeries, fish stands, barges without steam, laundries, liquor and lager beer

saloons, milk depots, soda and mineral water fountains, florists, photograph galleries, dentists, fountains, etc., etc., all of which are included in table "B, Frontage Rate Revenue."

The charges for extra baths and extra water closets together constitute about 52 per cent. of the entire amount of "frontage rate revenue." The charge for extra families makes up about 13½ per cent. of the entire "frontage rate revenue."

(C) Water for Miscellaneous Purposes.

The revenues from this source for the years 1913 to 1916, inclusive, are as follows:

	1916.	1915.	1914.	1913.
Building Purposes	\$201,503 18	\$167,838 74	\$180,818 32	\$181,779 10

Totals	\$37,266 92 15.59	*\$12,083 01 *4.81	\$10,169 83 4.22

Building Purposes—Water used in connection with the stone, brick and plaster for construction work.

Hose Permits—The charge made by the City for each hose permit during the period covered by this report was \$5.

Shipping—Represents the revenues from water sold to steam lighters, tugboats, yachts, etc.

Street Sprinkling—These revenues represent water sold for private sprinkling carts in residential districts.

Careful estimates made by the department covering the consumption of water on all free services, including private institutions exempt from payment of water rents, public buildings and municipal usage for street and miscellaneous purposes, indicate that the daily consumption for these purposes is nearly 44 million gallons and that the annual value at the regular meter rate of this water is upwards of \$2,148,000.

(D) Other Miscellaneous Revenues.

The income from sources other than water is tabulated below:

	1916.	1915.	1914.	1913.
Sale of Ashes	\$2,334 76	\$2,668 19	\$1,624 00	\$892 75

Totals	\$40,675 72	\$35,645 83	\$21,450 12	\$12,254 89

Sale of Ashes—These ashes are from the various pumping stations.

Sale of Old Materials—Accumulated junk from equipment and old materials at storage points.

Pole Licenses, etc.—The department makes a small initial charge for telegraph and telephone poles placed by private parties on property of the City, under the department's jurisdiction, and a small annual charge per pole thereafter.

Electric Licenses and Permits—Represents revenue from master electrician's and electricians' special licenses, special permits, renewals, etc. Masters original licenses are issued for \$10 and \$5 for each renewal. Special licenses, permits and renewals are issued for \$1. These charges are prescribed by the Electrical Code which became effective in 1915.

Miscellaneous—Income from permits for the use of land for various privileges, subpoena fees, etc.

(E) Penalties.

The penalties on deferred payments of water charges are set forth in section 476 of the City Charter, as amended by chapter 602, Laws of 1916, reading in part as follows:

"Uniform annual charges and extra and miscellaneous charges for water not metered and annual service charges and minimum charges shall be due and payable in advance on the first day of January in each year, if entered; and if not paid to or received by the department before the close of the last business day of the following March, shall be subject to a penalty of five per centum, and if not paid to or received by the department before the close of the last business day of the following June to a further penalty of ten per centum. If not so entered and payable, but entered in any quarter of a year, they shall be due and payable when entered and shall, after the mailing before or upon the close of such quarter of notice thereof to the premises against which they are imposed addressed to 'Owner or Occupant' be subject, if not paid to or received by the department before the close of the last business day of the next quarter, to a penalty of five per centum and, if not paid to or received by the department before the close of the last business day of the next succeeding quarter to a further penalty of ten per centum. All charges for meters and their connections and for their setting, repair and maintenance, unless such charges shall be borne by the department, and all charges in accordance with meter rates for supply of water measured by meter shall be due and payable when entered, and such charges when entered in any quarter of a year shall, after mailing before or upon the close of such quarter of notice stating the amount due and the nature of the charge to the last known address of the person whose name appears on the record of such charges as being the owner, occupant or agent or, where no name appears, to the premises addressed to 'owner or occupant' be subject, if not paid to or received by the department before the close of the last business day of the next quarter, to a penalty of five per centum, and if not paid to or received by the department before the close of the last business day of the next succeeding quarter to a further penalty of ten per centum."

The penalties imposed during the past four years are shown in the following tables:

Below is a more detailed consideration of the elements that make up the foregoing expenditures:

(1) *Executive.*

<i>Operation.</i>							
Salaries and Wages	\$87,684 02	*\$2,638 55	\$90,322 57	\$8,426 07	\$81,896 50	*\$3,220 19	\$85,116 69

The apparent reduction in 1916 of \$14,931.76 is mainly due to the readjustment of distribution of charges in miscellaneous accounts. Prior to 1916, total postage expenditures were charged to this account. In 1916, \$11,648.06 was charged to Purchase and Storage of Supplies, etc., Miscellaneous, which created a corresponding increase in that account. The decrease of \$9,343.03 in 1915 in Miscellaneous account is the result of reduction in Special Services, Incidentals and Telephone Service.

Decreases of \$13,035.59 for 1916 and \$7,304.94 for 1915, chiefly due to reduction in the force and salaries.

The principal increase is in Salaries and Wages during 1915, due to the transfer of employees from distribution division and to the employment of additional help. The decrease in 1916 is chiefly due to the reduction of force and salaries. The increase in miscellaneous is due to the readjustment of postage expenditures, changed from Executive to Purchase and Storage of Supplies, etc., \$11,648.06 of the increase being offset by a corresponding decrease in Executive "Miscellaneous" accounts.

These increases are due to the motorization of the department. In 1915, 31 additional automobiles were purchased, which necessitated additional employees. The increase in 1916 would account for a full year's maintenance of those purchased in 1915 plus the increased number maintained in 1916.

†The cost of electric current for power and standby charges are also included in the expenditures of the Bureau of Gas and Electricity.

The increase of 1916 in Pumping—Low Pressure is accounted for by the increased cost of supplies, mainly fuel, \$174,734.32. This is reduced by various decreases to \$142,869.79 for Low Pressure Pumping and to \$112,609.49 for both Low and High Pressure. A comparison of the cost of fuel for years 1916 and 1915 is shown below.

	Gross Tons Purchased.	Average Cost per Ton.	Total Cost.
1916.....	167,738	\$3 97	\$666,069 00
1915.....	155,609	3 20	498,152 00
Increases.....	12,129	\$0 77	\$167,917 00

The decreases for 1916 and 1915 in the High Pressure Pumping are mainly due to reductions of \$28,800 and \$26,000, respectively, in the standby charges. This matter is taken up in detail in the Gas and Electricity Bureau section of this report.

Pumping—High Pressure represents the cost of operating and maintaining the High Pressure Fire Service Stations. There are two stations in Manhattan, one at Oliver and South Streets, the other at Gansevoort and West Streets, and three stations in

Brooklyn, one at Furman and Joralemon Streets, and one at Willoughby and St. Edwards Streets, and a third at 12th Street and Neptune Avenue, Coney Island. The original cost of the system was Manhattan, \$7,048,000, and Brooklyn, \$2,328,000. These amounts include the cost of the high pressure distribution mains. The territory protected covers about 7,285 acres, or 11.38 square miles.

There are 127.91 miles of high pressure mains laid in Manhattan and 44.56 miles in Brooklyn, a total of 172.47 miles. The number of hydrants in Manhattan is 2,751 and in Brooklyn 1,365, or 4,116 in service in the two boroughs. The following statistics for 1916 in relation to the operation of the high pressure fire service, are given for purposes of record:

Flatbush Water Works Co.....	†30,000 00	30,000 00	30,000 00	30,000 00
Totals	\$137,967 10	\$136,981 51	\$121,180 78	\$116,617 94

†This amount, which represents a flat rate, includes water for municipal institutions (excepting county hospitals) as well as fire hydrant rentals.

In addition to the above, \$10,491.50 was allowed to the Blythebourne Water Company for hydrant rentals during the years 1910, 1911, 1912, 1913, 1914 and up to May 17, 1915, as determined by the Corporation Counsel and the Comptroller in settlements with the company dated February 27, 1914, and October 21, 1915.

The reason for the increase in 1915 and 1916 with respect to the Queens County Water Company is as follows:

"Previous to June 1, 1915, the City had been paying this company at the rate of \$20 per hydrant, following the rate established by certain old contracts which expired many years ago. On the date mentioned the Commissioner of Water

Supply, Gas and Electricity, in the exercise of the power conferred upon him by section 472 of the Charter, readjusted and fixed this company's rates for domestic and business uses and fire protection. This adjustment was based upon a valuation of the company's property and an examination of its books. The effect of the adjustment was to decrease the water rates to private consumers approximately \$30,000 a year, and to increase the City's payment for fire protection, as shown in the table. These payments are made on the basis of a lump sum of \$30,000 per annum for general fire protection, and \$8.70 as the annual rental for each hydrant in service."

The apparent decrease in 1916 with reference to payments to the Citizens' Water Supply Company is accounted for as follows:

"Since February 1, 1914, this company has been using as a part of its own distribution system one of the City's trunk mains in Queens Boulevard. The amount to be charged the company for such use remained undetermined for about two years. The matter was finally adjusted in connection with an order issued by the Commissioner under date of February 4, 1916, requiring certain connections to be established between the company's mains and the City's mains, and thereafter, under date of November 27, 1916, the Commissioner filed a certificate to the effect that the fair compensation due from the company to the City for the use of the main above referred to was \$6,442.65 per annum subsequent to May 1, 1916, when the main came into full use. The amount due for the period between February 1, 1914, and May 1, 1916, had previously been fixed at a smaller rate because of the partial use of the main during that time. Accordingly, from the amounts due the company on account of hydrant service for the year 1916 were deducted the amounts due from the company to the City on account of the use of this main from February 1, 1914, to December 31, 1916, aggregating \$11,917.88. The true payment to the company on account of hydrant rentals in 1916 was therefore \$29,861.67, instead of the actual payment shown in the table."

<i>Recoverable Expenses.</i>					
The expenditures charged to this account represent the cost of work done for private parties, such as tapping, locating leaks, opening and closing mains, materials, labor, etc. The cost of tapping is collected in advance, but the other charges are billed to the individuals for whom the work is done. As these expenditures are presumed to be recoverable, they have not been included in the expenses of the department. The following schedule shows the charges to this account during the year 1916:

The Patrol Boat was withdrawn from service June 23, 1915, and transferred to the Police Department.

(I) TAXES ACCRUED.

The City pays approximately \$175,000 in taxes on lands connected with the existing water supply system in Westchester and Putnam Counties and approximately \$65,000 on lands in Nassau County. In many instances the City's lands are assessed at a much higher rate than adjacent and similarly situated privately owned lands, and, in addition, the City pays assessments on structures such as dams and gate houses which are generally considered by other States to be investments on which no taxes should be levied. Court proceedings are continuously being prosecuted to compel fairer assessments on City property.

The figures exhibited by the Department in its annual reports for taxes levied by various towns upon the properties owned by the City are the appropriations made

for this purpose for the years mentioned, inasmuch as the taxes actually levied were not, in most instances, known until after the close of the year against which they were chargeable. Levies for the years in question are not all final, as the City is still contesting the assessments.

A comparison of these appropriations and accruals is shown in the following table:

These figures are based upon an appraisal made in the year 1914 by Mr. I. M. De Verona, formerly chief engineer of the Department of Water Supply, Gas and Electricity, which amounted to \$226,315,900, and represented the reproduction cost, new, less depreciation, as of December 31, 1913. No allowance was made for interest during construction. Since 1913 there have been transfers of property to the Sinking Fund Commission amounting to approximately \$7,000,000. Inasmuch as the department of Water Supply, Gas and Electricity has not taken these withdrawals into consideration in making up its reports of fixed capital, the foregoing figures are excessive by that amount.

During the year 1913 the Bureau of Municipal Investigations and Statistics made an investigation to determine the actual expenditures paid from corporate stock funds on all property under the jurisdiction of the Department of Water Supply, Gas and Electricity as at December 31, 1913. These expenditures have been adjusted to include the years 1914, 1915 and 1916.

Bureau of Gas and Electricity.

Lighting of Streets and Parks.

On December 31, 1916, there were being lighted in Greater New York 2,749 miles of streets, 10 square miles of parks and about 10 miles of bridges. The number of lamps in service was 80,831, divided into classes as follows:

Street Lighting—	
Electric—

*Of these, 2,164 lamps are on metered service and are included in the public building lighting.

In addition to the above, 36 electric arc and 195 incandescent lamps are furnished free of charge by the companies in accordance with their franchise requirements.

Light and Power to Public Buildings.

There are about 2,600 public buildings and structures of which the inspection and control of light, heat and power devolves upon the Department of Water Supply, Gas and Electricity. Besides the illumination of buildings the electric current supplied is used for such other purposes as the opening of the various drawbridges over the rivers and creeks, the operating of elevators, cranes and hoists, and machinery and appliances used in the many institutions and departments, the charging of storage batteries for electric auto trucks and search lights on fire apparatuses, the operating of high pressure fire service pumps and for driving the machinery for flushing the Goeranus Canal.

The principal departments and institutions, with their subdivisions, which come under the jurisdiction of the Department of Water Supply, Gas and Electricity are shown in the following list:

Electrical Inspection and Control and Gas Examination.

Under section 524 of the City Charter, the Commissioner of Water Supply, Gas and Electricity is required to cause to be inspected "all wires, currents and electrical appliances" installed in any building in the City, about 180,000 in number. He is also required to enforce the "Electrical Code," which prescribes "the method of construction, operation, location, arrangement, insulation and use" of such wires, currents and electrical appliances. Under the provisions of this code the performance of electrical work is confined to electricians licensed by the License Board created by the enactment.

Expenditures.

Inasmuch as the accounts of the Bureau of Gas and Electricity have not been established upon a functional and unit cost basis, it has not been possible to distribute the expenditures over the various functional activities in order to arrive at a unit cost.

General Statement No. 1 herewith presented shows the direct and overhead expenses of the Bureau with comparisons for the years 1913 to 1916 inclusive. The statement is supported by schedules and tables giving fuller detail to these activities and whenever possible comparisons are made on the unit or percentage bases. They have been compiled from the records of the department covering the period under review.

The average number of lighting units was reduced from 85,038 in 1913 to 79,793 in 1916. This reduction was due to the substitution of nitrogen electric lamps for gas and naphtha mantle lamps, requiring a less number of units on account of their increased intensity of illumination, and the elimination of all special mantle gas lamps in front of churches and public institutions not required for purposes of street lighting. The decrease of \$434,039.60 is attributed to the replacement of the arc lamp by the less costly nitrogen electric lamp.

This lamp consumes considerably less current than the arc, it requires no trimming and very little adjustment and it is cleaner, gives better and more light at less cost. This would account for the reduction of \$2.85 in the average rate per lamp, as shown in the foregoing statement.

The reduction in the number of naphtha lamps resulted in an increase of \$5.83 per lamp. These lamps were weeded out wherever practicable, leaving the remainder scattered over a large territory, which necessitated more labor per unit in their lighting and extinguishment. The rise in the cost of gasoline has also been a factor in this increase.

In the 1916 annual report of the Department of Water Supply, Gas and Electricity the Chief Engineer of Light and Power states in part, as follows:

"Early in 1916 the remaining arc lamps (except 'free' lamps) were removed from the streets, nitrogen electric lamps being substituted therefor, making in all approximately 20,000 arc lamps eliminated. The Bureau then pushed forward its campaign of substituting electric lamps for mantle gas lamps, and before the end of the year all gas and naphtha lamps were eliminated from the streets in the Boroughs of Manhattan, The Bronx, Queens and Richmond. The number of gas lamps in use in Brooklyn during 1915 was reduced by 2,100."

Each year, as new streets are opened in the outlying territories, demands are made upon the department for their lighting. The number of miles of streets lighted during 1916 was 2,748.5, against 2,643.0 in 1913, an increase of 105.5 miles. There are no data available to determine the actual cost of this extension of service, but a fair estimate may be had by a comparison of the years 1914 and 1913, which shows an increase of \$68,856, under practically similar conditions. Assuming that this represents the normal cost of extension of new lighting, and applying the figures to the years 1915 and 1916 indicate the total saving effected by the above mentioned changes to be approximately \$570,000.

Statement A 2 below shows the cost of lighting public streets and parks, based upon the number of miles of streets lighted and population of each Borough:

The contract rates for the lighting of the various types of lamps in the different boroughs are shown in Statement A3. The rates for electric and naphtha lighting are on a flat annual basis, which includes maintenance. The rates for gas lighting are separated into gas and maintenance. The gas is charged for at the statutory rate of

(C) Lighting Public Buildings.

This includes the cost of electric current, tungsten lamps, and gas, supplied to the various departments, institutions and bridges of the City, primarily used for lighting. In the Boroughs of Manhattan and The Bronx, however, power current is included in some instances, especially where the wholesale rate applies, and all gas, whether for light or power, is included.

In the other boroughs both current and gas are separately metered for light and power.

Two tables, C1 and C2, are presented below showing separate comparisons of the cost of electricity and gas, respectively.

The total decrease in the cost of lighting during 1916, compared with 1914, is \$213,945.24, or 26.87 per cent. This was brought about by the substitution of tungsten lamps for all Gem lamps existing in the public buildings and by the elimination of some 1,800 arc lamps in public buildings and on bridges over the East and Harlem rivers. The effect produced by these changes, which were carried on from November, 1914, to March, 1916, is forcibly indicated in the cost of 1915, compared with 1914, showing a decrease of \$163,104.09, or 20.49 per cent., and may be further emphasized by the fact that the average normal increase in the electric lighting of public buildings is from five to eight per cent. annually.

Reference is made to the 1915 annual report of the Commissioner of Water Supply, Gas and Electricity, which states in part as follows:

"Prior to 1915 incandescent lamps for buildings were furnished by the lighting companies; lamps of 100 watt or larger were furnished free of cost to the City. This enabled employees in the various buildings to secure large lamps without the consent of this Department, which pays for the current used, and resulted in extravagant waste of current. To remedy this the 1915 lighting contracts were drawn to require the companies to furnish current only, and a half cent per kilowatt hour reduction in the cost of current to all retail buildings was obtained thereby. Absolute control was thus secured over the size of the lamp and the frequency of its renewal.

"Careful inspections were made of all public buildings and all Gem and oversize lamps replaced with new incandescent tungsten lamps of proper size."

The figures in the foregoing schedules include the cost of lamps. Prior to 1915 the City furnished electric lamps to buildings under the wholesale rates, and the retail rates included the supply of incandescent lamps by the companies. The reduction of one-half cent per kilowatt hour in 1915 and subsequent, referred to in the Commissioner's report, is offset by the cost of lamping buildings under the retail rate. A comparison of the cost of tungsten lamps is shown to be as follows:

1916.....	\$44,578 62	1914.....	\$71,694 19
1915.....	80,713 77	1913.....	29,487 85

The increased expenditures of 1914, 1915 and a part of 1916 cover the period of tungstenization under discussion.

Here, as in the electric lighting, marked decreases are shown for years 1915 and 1916. Comparison of years 1916 with 1914 indicates a total decrease of \$50,578.19, or 18.43 per cent., due to the electrification, wherever possible, of buildings formerly lighted by gas; and the checking of extravagant waste by the inspection force. The normal increase prior to 1915 was about 6 per cent. per annum. This has since increased, owing to the extension of activities in public buildings, notably in schools, which, in addition to the extension of vocational studies, have been used for purposes other than educational.

From the foregoing it will be noted that the supersession of gas by electricity is reflected in the expense of electric public lighting. In order to meet these conditions for purposes of comparison the following composite Statement C3 of the total cost of lighting public buildings, by departments, is submitted.

Decrease in Consumption { Kilowatt hours 20.88 per cent.			
{ 1,000 cubic feet 18.43 per cent.			

The decrease in kilowatt hour consumption of 20.88 per cent, compared with the decrease of cost, 26.87 per cent., indicates a difference of 5.99 per cent., due to increased cost of tungstenizing buildings in 1914.

With few exceptions, the statement indicates sweeping reductions in the cost of lighting public buildings. The increases may be accounted for as follows: Large additions to the building group of the Bellevue and Allied Hospitals, Municipal Building only partly occupied in 1914, and miscellaneous buildings and institutions added during 1914, 1915 and 1916. Not included under departments, such as Otisville (N. Y.) Sanatorium, Board of Inebriety, Warwick, N. Y., New Hampton Farms, et al.

(D) Power for City Departments.

The cost of furnishing power to public buildings in 1916 was \$119,106.95, an increase of \$11,347.29, or 10.53 per cent. over 1915. The following Statement D1 shows the cost of electric current and gas for power purposes in all boroughs for the year 1913 to 1916, inclusive:

The increase in the cost of power to City departments is constant. Periodic inspections begun in 1915 have had the effect of minimizing the increases of 1915 and 1916.

The principal increases in the cost of electric power, 1916 over 1913, are: Manhattan and The Bronx, New Washington Market, \$4,545; 49 Lafayette Street, \$1,500; Street Cleaning Department, \$3,302, and Fire Department, \$2,450. In Brooklyn, Department of Education, \$5,138; Docks and Ferries, \$1,717; Charities, \$1,303; Water Supply, \$1,607. In Queens, Borough President's, \$1,807; Water Supply, \$1,075; Bellevue and Allied Hospitals, \$757.

The increase in gas power is chiefly in Brooklyn in the Departments of Charities, \$1,470; Education, \$1,200, and Armories, \$510.

The gas used for power in the Boroughs of Manhattan and The Bronx is included in the lighting of public buildings, no provisions having been made for the separate metering of the service.

(E) Heat for Public Buildings.

Steam—Borough of Manhattan.

	1916.	1915.	1914.	1913.
<i>Expenditures.</i>				
1916	\$19,778 24	\$16,477 81	\$15,711 97	\$14,647 81

1914	17,762 60	6,190 63
1913	11,571 97

The increases shown in the foregoing are chiefly due to the extension of steam heat service into buildings not previously included. In the year 1914 the new additions to Hunter College and the occupation of 49-51 Lafayette Street by the Department of Licenses added \$3,192.17 and \$1,714.26, respectively, to the cost. In 1916 the Arsenal Building in Central Park was included, which accounts for the increase of \$1,647.81.

(F) High Pressure Fire Service.

This represents the cost of the current used in operating the pumps at the high pressure fire service stations and the so-called "Standby or Reservation Charges." The current is supplied at the rate of one and one-half cents per kilowatt hour. The Reservation Charge is based upon the electrical generating capacity reserved for use on demand and includes the furnishing and maintaining of all necessary equipment. The kilowatt capacity maintained throughout the year 1916 in Manhattan was 2,800, at a monthly rate of \$1.03 per kilowatt. In Brooklyn 1,950 kilowatt capacity was maintained during the same year at a monthly rate of \$1.

Statement F shows expenditures for this service for the years 1913 to 1916, inclusive.

<i>Decrease. Decrease. Increase.</i>				
Comparison with Preceding Years..	\$24,601 19	\$29,520 23	\$2,255 65

*The cost of the High Pressure Fire Service is also included in the operating expenses of the Bureau of Water Supply.

Practically all of the decreases are due to the reduced reservation charges. In the Borough of Manhattan the capacity was reduced from 6,500 K. W. in 1914 to 2,800 K. W. in 1916, resulting in a reduction of \$37,392, or 51.88 per cent. In Brooklyn a capacity of 3,660 K. W. in 1914 was reduced to 1,950 K. W. in 1916, thereby reducing the cost \$17,400, or 42.65 per cent.

The cost of current used has not varied to any great extent during the past four years. The use of this current cannot be controlled, as it is dependent upon the requirements of the Fire Department and the Department of Water Supply, Gas and Electricity.

The increase of \$1,869.62 of 1916 over 1915 is due to the use of the high pressure service to supplement the regular pumping service in Brooklyn during a period of several weeks when pumping stations were shut down for necessary repairs.

(G) Direct Overhead Charges (Personal Service).

During the year 1916 the cost of Direct Overhead Charges was \$31,885.69, of which \$10,320 was for Administration and \$21,565.69 for Clerks and Stenographers.

(H) Inspection (Personal Service).

The total cost of inspection in 1916 was as follows:

Inspection and Control of Street and Park and Public Building Lighting.	\$156,108 26
Special Municipal Regulation, etc.....	108,112 97
	\$264,221 23

In 1915 the personal service, particularly the inspection force, was reorganized; other changes in the personal service were made in 1916. Inasmuch as the accounts of the Bureau of Gas and Electricity have not been placed upon a functional and unit cost basis, the changes referred to above precluded the possibility of forming comparisons of the functional cost with prior years.

The total cost of personal service of 1916 is \$296,106.92, which is \$2,269.05 or 0.76 per cent. under that of 1915. A reduction of \$18,767.74 or 5.92 per cent. was effected in 1915 through reorganization.

(I) General Expense.

This account shows a considerable reduction in 1916, \$12,791.61, or 33.17 per cent., and a reduction in 1915 of \$9,700.07 or 20.10 per cent. under 1914.

In connection with the gas lighting, it is interesting to note that the Department maintains twelve photometric stations, two in Manhattan, two in The Bronx, five in Brooklyn, two in Queens and one in Richmond, where tests are made in reference to the illuminating power of gas which, by statute, is required to be not less than 22 candle power at a distance of one mile from the place of manufacture.

The Department has assessed against the companies liquidated damages in cases where the candle power of the gas supplied was less than that required by statute, in accordance with the following schedule:

Where gas is of less than 22, but more than 21 candle power, 3 cents per 1,000 cubic feet.

Where gas is of less than 21, but more than 20 candle power, 6 cents per 1,000 cubic feet.

Where gas is of less than 20, but more than 19 candle power, 9 cents per 1,000 cubic feet.

Where gas is of less than 19, but more than 18 candle power, 12 cents per 1,000 cubic feet.

Where gas is of less than 18, but more than 17 candle power, 15 cents per 1,000 cubic feet.

Where gas is less than 17 candle power, 20 cents per 1,000 cubic feet.

The Department, in connection with the Public Service Commission, is now carrying on tests to determine the value of candle power against heat units, and the effect a reduction of candle power would have upon heat units, with a view of changing the standard. The Chief Engineer of Light and Power states that high candle power of gas is of value only where gas is used in open flame burners as an illuminant; where used for cooking and heating and for lighting, with mantle burners, the constituents of the gas which enhance its illuminating power clog the burners and are a detriment in producing heat and light.

General Remarks.

From 1913 to 1916 the water revenues increased from \$12,795,000.13 to \$13,400,193.98, a gain of \$605,193.85, and the operating expenses of the water works decreased from \$4,572,380.63 to \$3,994,116.89, a gain of \$578,263.74, making a total gain for the period of \$1,183,457.59. Against this surplus we must, of course, consider for this period the annual interest on the corporate stock issued for the construction of the new Catskill plant of approximately \$5,500,000. If we deduct from the net income in 1916, \$9,406,077.09, interest on the total amount of corporate stock and corporate stock notes outstanding, \$223,819,566.24, the resulting net income will be practically nothing. However, as the new water plant is gradually utilized to its full capacity the net returns from the entire system should correspondingly increase. This lack of any considerable present profit in the combined old and new water systems does not, of course, detract in any way from the credit due for the improvement in the net operating revenues over the 1913 conditions.

The savings on the operating expenses, 1913 to 1916, of \$578,263.74 above referred to, were effected in the following items:

Water Supply.	
Collection and Storage System.....	\$93,000 00
Pumping	86,000 00
Distribution	163,000 00
Purchase of Water.....	150,000 00

General Administration, Water Supply.....	23,000 00
Hydrant Rentals	20,000 00

Total.....\$82,000 00

The net increase of \$23,000 in the cost of General Administration, Water Supply, represents increases in the cost of Motor Vehicles and the Purchase and Storage of Supplies of \$54,000, reduced by decreases in the cost of the executive and accounting offices of \$31,000.

The costs of the Bureau of Gas and Electricity show a decrease from \$5,040,138.28 in 1913 to \$4,336,439.39 in 1916, a saving of \$703,698.89.

The principal savings were in the following items:

Street and Park Lighting	\$434,000 00
Public Building Lighting	226,000 00
High Pressure Fire Service	54,000 00
Administration	18,000 00
General Expenses	20,000 00

Total.....\$752,000 00

The principal increases in cost were for:

Power for City Departments.....	\$33,000 00
Inspection of Street and Park and Public Building Lighting.....	12,000 00
Steam Heat for Public Buildings.....	8,000 00

Total.....\$53,000 00

Some of these savings were due to the reorganization of the personal service, to economies in the general expenses, and to a reduction of the cost of high pressure fire service, but by far the greater part of them arose out of the introduction of improved methods of lighting. It should be noted, too, that these savings in the cost of lighting are made despite the fact that the volume of lighting required year by year is constantly increasing. Respectfully,

ROBERT B. McINTYRE, Supervising Statistician and Examiner.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE
MONDAY, DECEMBER 24, 1917.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

DEPARTMENT OF FINANCE.

Sales of Tax Liens.

Notice of Sale of Tax Liens of the City of New York, for Unpaid Taxes, Water Rents and Assessments for Local Improvements upon Lands and Tenements within that part of the City of New York, now known and described as the Borough of Manhattan, affecting Property as shown on the Tax Map of said City for said Borough of Manhattan.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES AND ASSESSMENTS, MUNICIPAL BUILDING, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Under the direction of Hon. William A. Prendergast, Comptroller of the City of New York, I, Daniel Moynahan, Collector of Assessments and Arrears, hereby give public notice, pursuant to the provisions of Chapter 17, Title 5, of the Greater New York Charter:

That the respective owners of the lands and tenements in the Borough of Manhattan, in the City of New York, as said lands and tenements are shown upon the Tax Map of said City for said Borough, on which any taxes or any assessment for local improvements have been imposed and become a lien and have remained unpaid for three years since the same were due and payable, or on which any water rent has been imposed and become a lien and has remained due and unpaid for four years since the same was due and payable, have been imposed and become a lien and have remained unpaid for three years since the same were due and payable, are required to pay the amount of said taxes, assessments and water rents together with all unpaid taxes, water rents and assessments affecting such lands and tenements which became a lien and were due and payable prior to November 1, 1917 (the taxes, water rents and assessments for local improvements required to be paid, thus comprising all unpaid taxes and water rents affecting said properties contained in assessment rolls down to and including the assessment roll of the City of New York for the year nineteen hundred and sixteen and all assessments for local improvements affecting said properties confirmed and entered up to November 4, 1917, inclusive), with all penalties thereon remaining unpaid, together with the interest thereon at the rate provided by law from the time the same became liens so as to be due and payable to the date of payment and the charges of this notice and advertisement to the Collector of Assessments and Arrears, at his office on the third floor of the Municipal Building, situated at Centre st., Duane st. and Park Row, Borough of Manhattan, in the City of New York.

AND NOTICE IS HEREBY GIVEN that if default be made in such payment the lien of the City of New York upon any of said lands and tenements for any tax, assessment or water rent which became a lien so as to be due and payable before November 15, 1917, will be sold at Public Auction in Room 310, third floor, Municipal Building, Borough of Manhattan, in the City of New York on

THURSDAY, MARCH 7, 1918.

at two-thirty o'clock in the afternoon of that day, for the lowest rate of interest, not exceeding twelve per centum per annum, at which any person or persons shall offer to take the same in consideration of advancing the said taxes, water rents and assessments and penalties, as the case may be, and interest thereon as aforesaid to the time of sale, the charges of notice and advertisement and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all said liens for taxes, water rents and assessment for local improvements so advertised for sale affecting such lands and tenements shall be sold.

The transfer of tax lien to be executed and delivered to the purchaser thereof pursuant to the terms of said sale shall be subject to the lien for and the right of the City of New York to collect and receive all taxes, water rents and assessments for local improvements and penalties and interest thereon which accrued and became a lien, or which shall accrue and become a lien upon said premises so as to be due and payable on and after the date stated in the first advertisement of said sale as stated herein, namely the 15th day of November, 1917 (i. e., the lien for and right of the City of New York to collect and receive all taxes and water rents, included in the assessment rolls of the City of New York for the years subsequent to 1916, and assessments for local improvements entered subsequent to November 4, 1917).

NOTICE IS HEREBY FURTHER GIVEN that a particular and detailed statement of the property affected showing section or ward, block and lot number thereof as the same may be on the Tax Map of the City of New York for the Borough of Manhattan, a description of which as indicated thereby and by the assessment rolls, and the tax liens thereon, which are to be sold, is as follows:

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES AND ASSESSMENTS, MUNICIPAL BUILDING, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Under the direction of Hon. William A. Prendergast, Comptroller of the City of New York, I, Daniel Moynahan, Collector of Assessments and Arrears, hereby give public notice, pursuant to the provisions of Chapter 17, Title 5, of the Greater New York Charter:

That the respective owners of the lands and tenements in the Borough of The Bronx, in the City of New York, embraced in Sections 14, 15, 16, 17 and 18 (formerly 24th Ward, Annexed Territory), as said lands and tenements are shown upon the Tax Map of said City for said Borough on which any taxes or any assessment for local improvements have been imposed and become a lien and have remained unpaid for three years since the same were due and payable, or on which any water rent has been imposed and become a lien and has remained due and unpaid for four years since the same was due and payable, are required to pay the amount of said taxes, assessments and water rents together with all unpaid taxes, water rents and assessments affecting such lands and tenements which became a lien and were due and payable prior to March 15th, 1917 (the taxes, water rents and assessments for local improvements required to be paid, thus comprising all unpaid taxes and water rents affecting said properties contained in assessment rolls down to and including the assessment roll of the City of New York for the year 1916, and all assessments for local improvements affecting said properties confirmed and entered up to March 4th, 1917, inclusive), with all penalties thereon remaining unpaid, together with the interest thereon at the rate provided by law from the time the same became liens so as to be due and payable to the date of payment and the charges of this notice and advertisement to the Collector of Assessments and Arrears, at his office on the fourth floor of the Bergen Building, corner of Arthur and Tremont aves., Borough of The Bronx, City of New York.

AND NOTICE IS HEREBY GIVEN that if default be made in such payment the lien of the City of New York upon any of said lands and tenements for any tax, assessment or water rent which became a lien so as to be due and payable before March 15th, 1917, will be sold at Public Auction at the Bureau for the Collection of Assessments and Arrears, fourth floor, Bergen Building, corner of Arthur and Tremont aves., Borough of The Bronx, in the City of New York, on

MONDAY, FEBRUARY 25, 1918.

at two-thirty o'clock in the afternoon of that day, for the lowest rate of interest, not exceeding twelve per centum per annum, at which any person or persons shall offer to take the same in consideration of advancing the said taxes, water rents and assessments and penalties, as the case may be, and interest thereon as aforesaid to the time of sale, the charges of notice and advertisement and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all said liens for taxes, water rents and assessments for local improvements so advertised for sale affecting such lands and tenements shall be sold.

The transfer of tax lien to be executed and delivered to the purchaser thereof pursuant to the terms of said sale shall be subject to the lien for and the right of the City of New York to collect and receive all taxes, water rents and assessments for local improvements and penalties and interest thereon which accrued and became a lien, or which shall accrue and become a lien upon said premises so as to be due and payable on and after the date stated in the first advertisement of said sale as stated herein, namely, the 15th day of March, 1917 (i. e., the lien for and the right of the City of New York to collect and receive all taxes and water rents, included in the assessment rolls of the City of New York for the years subsequent to 1916, and assessments for local improvements entered subsequent to March 4, 1917).

NOTICE IS HEREBY FURTHER GIVEN that a particular and detailed statement of the property affected showing section or ward, block and lot number thereof as the same may be on the Tax Map of the City of New York for the Borough of The Bronx and the tax liens thereon which are to be sold, is published in a pamphlet and that copies thereof are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of The Bronx and Manhattan and will be delivered to any person applying for the same.

Dated, New York, November 14, 1917.

Corporation Sale of Real Estate.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, DECEMBER 31, 1917,

at 12 noon, in Room 368, Municipal Building, Manhattan, the following described property:

All that certain piece or parcel of land, situated in the Town of Philipstown, County of Putnam and State of New York, designated as Parcel 311B on Map Acc. E-671, entitled "Board of Water Supply of the City of New York. Map showing property of the New York Central Railroad Company and City of New York, situated in the Town of Philipstown, Putnam County, and in the Town of Fishkill, Dutchess County, State of New York," bounded and described as follows:

Beginning at the most southerly corner of that parcel designated as Parcel No. 313A on said map, said point of beginning being also distant northeasterly 150 feet at right angles from the monumented center line of the railroad of the New York Central Railroad Company; and running thence south 35 degrees and 43 minutes

east, parallel with said center line, 491 feet to the southeasterly boundary line of land of the party of the first part; thence along said boundary line south 81 degrees and 45 minutes west 132.6 feet, more or less, to land of the party of the second part; thence along land of said party of the second part south 35 degrees and 42 minutes west 392.5 feet, more or less, thence north 36 degrees and 40 minutes east 123.3 feet, more or less, to the place of beginning, containing 1.15 acres of land, more or less.

The minimum or upset price at which said property shall be sold is hereby fixed at the sum of Five Hundred and Seventy-five Dollars (\$575). The sale to be made upon the following

TERMS AND CONDITIONS:

The highest bidder will be required to pay ten (10) per cent. of the amount of his bid, together with the auctioneer's fees, at the time of sale and ninety per cent. (90%) upon the delivery of the deed, which shall be within sixty days from the date of sale.

The deed so delivered shall be in the form of a bargain and sale deed, without covenants. The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held

liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

Maps of said real estate may be seen on application of the Department of Finance (Division of Real Estate), Room 733, Municipal Building, Manhattan.

By order of the Commissioners of the Sinking Fund under resolution adopted at meeting of the Board held Dec. 6, 1917.

Confirmation of Assessments.

NOTICES TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 986 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of assessment for OPENING AND ACQUIRING TITLE to the following named boulevard in the BOROUGH OF QUEENS:

FIRST, SECOND AND FOURTH WARDS. QUEENS BOULEVARD—OPENING, from Van Dam st. to Hillside ave. Confirmed Nov. 19, 1917; entered, Dec. 15, 1917. Area of assessment: All those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Manly st. and Mount st. distant 100 feet northerly from the northerly line of Skillman ave., the said distance being measured at right angles to Skillman ave. and running thence easterly along a line always distant 100 feet northerly from and parallel with the northerly line of Skillman ave. to the intersection with a line always distant 800 feet northerly from and parallel with the northerly line of Queens Boulevard, the said distance being measured at right angles to Queens Boulevard; thence generally easterly along the said line parallel with Queens Boulevard and along the prolongations thereof to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Jamaica ave. as this street is in use and commonly recognized, the said distance being measured at right angles to Jamaica ave.; thence westerly along a line always parallel with and distant 100 feet from Jamaica ave. to the intersection with the prolongation of a line always distant 800 feet southerly from and parallel with the southerly line of Queens Boulevard, the said distance being measured at right angles to Queens Boulevard; thence generally westerly along the said line parallel with Queens Boulevard and along the prolongations thereof to the intersection with the line midway between Manly st. and Mount st.; thence northwardly along the said line midway between Manly st. and Mount st. and the prolongation thereof to the point or place of beginning.

The above entitled assessment was entered on the day hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid on or before Feb. 13, 1918, which is sixty days after the date of said entry of the assessment, interest will be collected thereon at the rate of seven per centum per annum, to be calculated from ten days after the date of said entry to the date of payment, as provided by Sections 159 and 987 of the Greater New York Charter.

The above assessment is payable to the Collector of Assessments and Arrears at his office in the Municipal Building, Court House Square, L. I. City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 noon.

WILLIAM A. PRENDERGAST, Comptroller.

WILLIAM A. PRENDERGAST, Comptroller.
Dated, New York, Dec. 12, 1917. d18.29

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS IN THE BOROUGH OF BROOKLYN:

SECTION 5 AND 16.

OPENING AND EXTENDING, LAYING OUT AND IMPROVING BEDFORD AVE., from Eastern Parkway to Flatbush ave., pursuant to the provisions of Chapter 764, Laws of 1900, as amended by chapter 500, Laws of 1901, and by chapter 498, Laws of 1903.

—that the area of assessment for this improvement, as fixed by the Commissioners of Estimate and Assessment appointed by the Supreme Court on Sept. 10, 1901, includes all those lands, tenements, hereditaments and premises situated, lying and being and which, taken together, are bounded and described as follows: Beginning at a point on the southerly side of Eastern Parkway distant 250 feet easterly of the easterly side of Bedford ave., running thence southerly and parallel with Bedford ave. to the northerly side of Flatbush ave.; thence northwesterly along the northerly side of Flatbush ave. to a point where a line drawn parallel with Bedford ave. and distant 250 feet westerly therefrom would intersect the same; running thence northerly and parallel with Bedford ave. to the southerly side of Eastern Parkway to a point 250 feet westerly of Bedford ave.; running thence easterly along the southerly side of Eastern Parkway to the point or place of beginning.

The Board of Assessors of the City of New York has levied and assessed this assessment in twenty annual installments. The ninth installment in each case is now due and payable, and hereafter for eleven years an amount equal to one of the aforesaid installments shall be assessed upon the lots or parcels of land benefited by said improvement. This assessment was confirmed by the Board of Revisions of Assessments on Dec. 2, 1909, and entered Dec. 2, 1909, and the ninth installment entered Dec. 11, 1917, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount of the ninth installment shall be paid on or before Feb. 9, 1918, which is sixty days after the date of said entry of the assessments, interest will be collected thereon at the rate of seven per centum per annum, to be calculated from ten days after the date of said entry to the date of payment, as provided by Sections 159 and 1019 of the Greater New York Charter.

The above assessments are payable to the Collector of Assessments and Arrears at his office in the Offerman Building, 503 Fulton street, Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 noon.

WILLIAM A. PRENDERGAST, Comptroller.
Dated, New York, Dec. 11, 1917. d15.27

Corporation Sale of Buildings and Appurtenances Thereon on City Real Estate by Sealed Bids.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain machinery standing upon property owned by The City of New York, formerly used for water supply purposes in the

Borough of Brooklyn.

BEING certain machinery in the building formerly occupied by the Department of Water Supply, Gas and Electricity on the southerly side of 6th st., between 3d and 4th aves., in the Borough of Brooklyn, which is more particularly described in a certain letter on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Manhattan.

PURSUANT to a resolution adopted by the Commissioners of the Sinking Fund at a meeting held Dec. 6, 1917, the sale by sealed bids of the above described machinery and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, JANUARY 4, 1918,

at 11 a. m., in lots and parcels, and in manner and form as follows:

Parcel No. 1—Two Laidlaw-Dunn Gordon Co. cross-compound duplex air compressors No. 21474 and No. 21475, each 15 inches and 28 inches by 23 inches by 24 inches; 2,500 cubic feet of air per minute against 50 pounds per square inch pressure, steam 150 pounds, in the building on the southerly side of 6th st., between 3d and 4th aves., Brooklyn.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Manhattan, until 11 a. m. on the 4th day of January, 1918, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened Jan. 4, 1918," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE MACHINERY WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

E. D. FISHER, Deputy and Acting Comptroller.

City of New York, Department of Finance, Comptroller's Office, Dec. 13, 1917. d17.j4

AT THE REQUEST OF THE PRESIDENT OF THE Borough of Queens, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Queens.

Being the part of a building, etc., standing within the lines of Parcel No. 253 and No. 255 of the Corona ave., proceeding, in the Borough of Queens, which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Manhattan.

PURSUANT to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held Dec. 6, 1917, the sale by sealed bids at the upset or minimum prices named in the description of each parcel of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, DECEMBER 28, 1917,

at 11 a. m., in lots and parcels, and in manner and form, and at upset prices as follows:

Parcel No. 253 and No. 255: Part of two-story frame building 200 Corona ave., corner of Strong st., Corona, L. I., being the part within the new lines of 51st st. and of Corona ave., measuring about 7.9 feet on the northerly side by about 2.68 feet on the southerly side. Upset price, \$10.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m., on the 28th day of December, 1917, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened Dec. 28, 1917," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

DEPARTMENT OF STREET CLEANING.

Proposals.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Street Cleaning, at Room 1244, Municipal Building, Manhattan, until 12 noon, on

MONDAY, DECEMBER 31, 1917.

FOR (NO. 1) FURNISHING FORAGE; (NO. 2) FOR DELIVERING FORAGE AT THE 25 STABLES OF THE DEPARTMENT OF STREET CLEANING IN THE BOROUGH OF MANHATTAN, THE BRONX AND BROOKLYN.

The time for the completion of the contract will be on or before Feb. 28, 1918.

The amount of the security required for the faithful performance of the contract will be thirty per centum of the contract price.

The amount of the deposit to be made with the bid shall be not less than one and one-half per centum of the total amount of the bid.

Bids must be submitted in duplicate in sealed envelopes.

The bidder will state the price of each item for which he desires to bid, and awards, if made, will be made to the lowest bidder on each item in either class.

The City reserves the right to accept the bid for furnishing forage and to reject the bids for carting, or to accept both bids, but it does not reserve the right to accept the bid for carting alone, or to award a contract for carting alone.

The bidder shall state separately in his bid, as follows:

(1) Under the heading "Forage, Unit Price," the sale price or prices per 100 lbs. for furnishing each kind of forage in suitable bags or bales, at the "Contractor's Delivery Point," as elsewhere designated in the sheets.

(2) Under the heading "Carting, Unit Price," the bidder shall state the price or prices per 100 lbs. for delivering each kind of forage from the "Contractor's Delivery Points," as indicated in the bid sheets, to the "Department Receiving Points."

(3) On the sheet headed "Schedule of Contractor's Delivery Points," the location of the piece or pieces from which he will deliver forage to vehicles furnished by the Department. The points shall be designated in the column provided for the purpose on the "Schedule of Quantity and Prices" by means of "letters" corresponding with those which appear opposite the described locations as shown on the "Schedule of Contractor's Delivery Points," from which it is intended that the item of forage is to be delivered.

Bidders desiring to furnish either or all of the various items of forage required for the Boroughs of Manhattan, The Bronx and Brooklyn, but not to deliver the same, may submit their bids on the sheet entitled "Schedule of Quantity and Prices, Class B."

Bids may be submitted on this form for furnishing the various items of forage in the quantities required for each of the said Boroughs.

The attention of bidders is directed to the contents of the "Special Instructions and Additional Instructions" attached to the proposal for bids. Should the bidder make use of the schedules specified under Class A or B, extensions must be made and total prices stated for furnishing each item (in case the bidder desires to deliver the forage) and the total price for forage and carting combined.

Deliveries will be required to be made at the time and in the manner and in such quantities as may be directed by the Commissioner.

Blank forms of bid and proposals may be obtained at the Main Office of the Department of Street Cleaning, Room 1244, Municipal Building, Manhattan.

A deposit of One Dollar (\$1) will be required for each set of bid forms, to be returned in case the bids are submitted or the forms returned in good condition.

BOARD OF ESTIMATE AND APPORTIONMENT.

Notices of Public Hearings.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following communication was received:

December 19, 1917.
 To the Board of Estimate and Apportionment of the City of New York:

The Public Service Commission for the First District transmits herewith for your consent and approval and for the consent and approval of the Mayor, as required by law, a resolution adopted by said Commission on December 19, 1917, modifying and amending the route and general plan of construction of the Southern Boulevard and Whitlock Route (Route 22) in the Borough of The Bronx, as heretofore adopted and amended, so as to provide for a subsurface passageway connecting the Hunts Point Road Station of the Southern Boulevard and Whitlock Avenue Route with the Hunts Point Road Station of New York, New Haven and Hartford Railroad Company and New York, Westchester and Boston Railway Company. The New York, Westchester and Boston Railway Company has offered, if this passageway is validated, to enter into an agreement with the City whereby the company will construct and maintain the passageway without expense to the City and will pay an adequate annual rental therefor. The passageway will undoubtedly serve the public convenience as a means of connection between the two railways and in addition it is proposed by the Railway Company to provide an entrance from the surface of the street to the passageway east of Whitlock Avenue so that intending passengers coming from the east may enter the rapid transit railroad without crossing the surface of Whitlock Avenue. The Commission accordingly requests that your Honorable Board and the Mayor give your consent and approval to the modification of the route and general plan of construction.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, BY JAMES B. WALKER, Secretary.

—and the following resolutions were thereupon adopted:

Resolved, That the communication be received and, pursuant to law, this Board hereby fixes Friday, December 28, 1917, at 10.30 o'clock a. m., Room 16, City Hall, Borough of Manhattan, as the time and place when and where such plans and conclusions will be considered; and be it further

Resolved, That the Secretary of this Board be and he hereby is directed to publish such notice in the City Record.

JAMES D. MCGANN, Assistant Secretary, Room 1307, Municipal Building. Telephone, 4560 Worth.
 Dated, New York, December 21, 1917. d26.28

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Fifth Avenue Coach Company has, by a petition dated March 29, 1917, applied to this Board for the right and privilege to establish, maintain and operate stage or omnibus routes for public use upon and along certain streets in the Boroughs of Manhattan and The Bronx, City of New York, said petition being amendatory of petitions filed with this Board June 5, 1913, March 21, 1914, and November 1, 1915; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on May 4, 1917, fixing the date for public hearing thereon as June 1, 1917, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Evening Sun" and "New York Times" newspapers designated by the Mayor and in the City Record for ten (10) days immediately prior to the date of hearing and the public hearing was duly held on such date; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Fifth Avenue Coach Company and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Fifth Avenue Coach Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Fifth Avenue Coach Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.
 This Contract, made and executed in duplicate this day of 19 , by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the FIFTH AVENUE COACH COMPANY (hereinafter called the Company), party of the second part

WITNESSETH:

WHEREAS, The Company is now engaged in the maintenance and operation of stages or omnibuses upon certain streets and avenues in the Borough of Manhattan; and

WHEREAS, The Company desires to maintain and operate stages and omnibuses upon other

streets and avenues in the Borough of Manhattan, and has made application to the Board therefor;

Now, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to maintain and operate stages or omnibuses for public use in the Boroughs of Manhattan and The Bronx, in The City of New York, in connection with and extension of the Company's present operation, upon the following streets and avenues, to wit:

Beginning in 14th st. at Union Square; thence along 14th st. to Irving pl.; thence along Irving pl. to 20th st.; thence east along 20th st. to Gramercy Park East; also west along 20th st. to Gramercy Park West; thence north along both Gramercy Park East and Gramercy Park West to 21st st.; thence east along 21st st. from Gramercy Park West, and west along 21st st. from Gramercy Park East to Lexington ave.; thence along Lexington ave. to 23rd st.; thence along 23rd st. to Madison ave.; thence along Madison ave. to 40th st.; thence along both 39th and 40th sts. from Madison ave. to Park ave.; thence along Park ave. from 39th st. to 42d st.; thence along 42d st. to Vanderbilt ave.; thence along Vanderbilt ave. to 45th st.; thence along 45th st. to Park ave., and also upon a viaduct when constructed and opened to traffic, which viaduct is proposed to be constructed in Park ave. by the City for the purpose of connecting the roadway of Park ave. at about 40th st. with the elevated roadway on the southerly side of the Grand Central Station; thence along said viaduct to the elevated roadway on the southerly side of the Grand Central Station; thence along the elevated roadway on the southerly and on the westerly sides of the Grand Central Station to 45th st.; thence along 45th st. to Park ave.; thence along Park ave. to 96th st.; provided that during the period prior to the date of the opening of traffic of said viaduct in Park ave. from about 40th st. to the elevated roadway on the southerly side of the Grand Central Station, the route of the operation around the Grand Central Station in addition to that route above described in 42d st., Vanderbilt ave. and 45th st., shall be northerly along Park ave. to 42d st.; thence along 42d st. to Lexington ave.; thence along Lexington ave. to 46th st.; thence along 46th st. to Park ave.; thence northerly along Park ave.; but after the completion of said viaduct the operation along 42d st. from Park ave. to Lexington ave., along Lexington ave. from 42d st. to 46th st., and along 46th st. from Lexington ave. to Park ave., shall cease, and the operation shall be continued upon the two routes above described on the westerly side of the Grand Central Station.

Beginning at the intersection of Broadway and 106th Street, thence along Broadway to St. Nicholas ave., thence along St. Nicholas ave. to its intersection with Wadsworth ave. at 193rd st.

Also along any or all of the following portions of streets and avenues which may be necessary for the Company to use in order that it may conform with traffic regulations.

Union Square East from its intersection with 14th st. to its intersection with 15th st.

15th st., from its intersection with Irving pl. to its intersection with Union Square East.

39th, 40th, 41st, 42nd, 46th, 47th and 48th sts. from their intersections with Broadway to their intersections with 7th ave.

Broadway from its intersection with 39th st. to its intersection with 7th ave. or Longacre Square.

7th ave. from Longacre Square to 48th st. And to cross such other streets and avenues, named and unnamed, as may be encountered by said streets and avenues.

Provided, however, that the Company shall not be entitled or required to begin operation upon 57th st. from Broadway to 8th ave.; 8th ave. from 57th st. to Central Park West; those portions of Central Park West from 59th st. to 77th st.; from 81st st. to 96th st. and from 97th st. to 113th st.; 113th st. from 8th ave. to Morningside Park East; 106th st. from Central Park West to Broadway and Broadway from 106th st. to 110th st., until a sufficient roadway is furnished for the operation of omnibuses and other vehicles between the railroad tracks on Central Park West and the curb of the sidewalk between 59th st. and 110th st.

The said streets and avenues in which the Company proposes to operate are shown by full red and dashed red lines upon a map entitled:

"Map, showing the proposed routes of the FIFTH AVENUE COACH COMPANY, in the Borough of Manhattan, City of New York, to accompany Petition to the Board of Estimate and Apportionment, dated March 29, 1917, amendatory of petitions dated June 5, 1913, March 21, 1914, and November 1, 1915."

And signed by R. W. Meade, President, and G. A. Green, Chief Engineer, copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that temporary deviations therefrom may be permitted as hereinafter set forth.

SECTION 2. The grant of this right and privilege is subject to the following conditions:

First—The said right and privilege to maintain and operate stages or omnibuses upon the streets and avenues herein described shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The time within which such application for renewal must be made is of the essence of this contract, and a failure of the Company to present its application within the time fixed shall be considered as an election on the part of the Company not to take advantage of the renewal privilege, and as a relinquishment of its right to such renewal, in which event the franchise shall terminate on the last day of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual percentages of gross receipts or minimum guarantees be less than the annual percentages of gross receipts or minimum guarantees required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day nine (9) months before the expiration of the original term of this contract, then the parties hereby agree that the annual rate for the renewal term shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books and papers of the Company and its officers and employees under oath. The valuations so ascertained, and agreed to by any two (2) of such appraisers shall be conclusive upon both parties, but the annual percentages of gross receipts or minimum guarantees shall in no event be less than the annual percentages of gross receipts or minimum guarantees required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and entire expense of such appraisal shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall, during the original term of this contract, pay to the City the following sums of money:

(a) It shall continue to pay for the rights and privileges granted or claimed to have been granted to it prior to the date on which this contract is signed by the Mayor, the percentage of gross annual receipts required by law, which gross annual receipts, for the purposes of this contract, shall not be more than Two million dollars (\$2,000,000).

(b) For this right and privilege:

1. The sum of Fifty thousand dollars (\$50,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.
2. Ten (10) per cent of that portion of its gross annual receipts above Two million dollars (\$2,000,000) and under Three million dollars (\$3,000,000).
3. Fifteen (15) per cent of that portion of its gross annual receipts above Three million dollars (\$3,000,000).

Provided that in no event shall the sum to be paid by the Company for the rights and privileges granted or claimed to have been granted prior to the date on which this contract is signed by the Mayor, together with the sum to be paid for this right and privilege, be less than two hundred and fifty thousand dollars (\$250,000) annually during the first five years, three hundred thousand dollars (\$300,000) annually during the second five years and four hundred thousand dollars (\$400,000) annually during the remaining five years.

The gross annual receipts mentioned above shall be the total gross annual receipts of the Company or any subsidiary or subsidiaries of the Company from whatever source derived, either directly or indirectly, in any manner, out of or in connection with the operation hereby authorized, and the operation pursuant to rights to operate omnibus routes granted or claimed to have been granted prior to the date on which this contract is signed by the Mayor.

The annual charges herein provided shall not be in addition to the percentages of gross receipts required to be paid by the Company pursuant to Section 23 of the Transportation Corporations Law, but are intended and shall be deemed to include such percentages of gross receipts.

The annual charges for this right and privilege shall commence on the date upon which the Company obtains the permission and approval

of the Public Service Commission, as required by Section 53 of the Public Service Commissions Law. The Company hereby agrees to file its application with the Public Service Commission for such permission and approval within ten (10) days from the date of this contract.

The annual charges, as above, shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding; provided that the first annual payment shall be only the amount due the City, as above, from said percentages of such gross receipts as shall be received by the Company between the date on which the Company obtains the permission and approval of the Public Service Commission and September 30 following, or such portion of the minimum annual charge for the first five years of this contract as shall bear the same proportion to the total minimum annual charge as the period between the date upon which the Company obtains the permission and approval of the Public Service Commission and September 30 following shall bear to the whole of one year, if such amount due the City from said percentages of such gross receipts shall be less than such portion of the minimum annual charge.

Any and all payments to be made by the terms of this contract to the City by the Company for the right and privilege hereby granted shall not be considered in any manner in the nature of a tax; provided, however, that if hereafter under any authority of law or any ordinance of this city any taxes shall be imposed upon the Company for the exercise of the franchise herein granted or any license tax shall be imposed with respect to the operation of any vehicles in excess of the Twenty Dollars (\$20) per vehicle now required to be paid under the existing franchise of the company, such franchise taxes or such additional license fees shall be deducted from the percentages otherwise payable to the city under the provisions of this contract.

Third—The annual charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right and privilege upon the same or other terms and conditions, over the said streets and avenues.

Fifth—At the termination or forfeiture of this grant, the City at the election of the Board, shall have the right, provided that in the case of termination it gives at least six (6) months' notice, to purchase such part of the property and plant of the Company as the Board shall determine is necessary for the purpose of the operation of the stages or omnibuses on said streets and avenues at a sum equal to a fair value of such property and plant, exclusive of any value which such property and plant may have by reason of this contract. Such property and plant are to be valued as if the Company had not exercised the right and privilege granted by this franchise; and no allowance shall be made to the Company in such valuation by reason of such exercise.

If the Company and the City cannot agree upon the extent of the property and plant necessary to be taken over, nor upon a fair value of such property and plant, then the extent and the value thereof shall be determined and fixed by arbitration at the instance of either party upon notice to the other party hereto, in the following manner:

One disinterested person shall be chosen by the Company, one disinterested person shall be chosen by the Board, and the two so chosen shall choose a third disinterested person. The decision under oath of any two of such persons, who shall be so selected, shall be final and conclusive.

If either the Company or the City fails to appoint an arbitrator as herein provided, or should the first two arbitrators fail to agree on the selection of the third arbitrator within thirty (30) days after the first two arbitrators shall be chosen, or if no two arbitrators so selected shall agree upon the extent and value of such property within sixty (60) days after the arbitrators shall be so selected, then such extent and value may be fixed by a commission appointed by the Supreme Court on the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned or transferred, either in whole or in part, whether by consolidation, merger, reorganization or otherwise, or leased or sublet in any manner, either in whole or in part, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation, merger or reorganization of corporations or otherwise, unless in addition to the above consent of the Board the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by each and all of the terms and conditions of this contract and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation, merger or reorganization of corporations or otherwise. The filing of such agreement shall constitute a condition precedent to the passing to or vesting in such proposed successor in title to the rights of the Company of the rights and privileges hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of the failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which such succession in title is to take effect, the right and privilege hereby granted may be forfeited, or the consent of the City provided for herein may be revoked by resolution of the Board.

Seventh—The Company shall place vehicles in regular operation as follows:

- (a) A sufficient number of vehicles to operate in the manner herein required upon Broadway and St. Nicholas ave. from 135th st. to 193rd st.; 181st st. from Fort Washington ave. to St. Nicholas ave.; St. Nicholas ave. from 149th st. to Broadway; Fort Washington ave. from Broadway to 181st st.; Edgecombe rd. from 155th st. to 167th st.; 167th st. from Edgecombe rd. to Broadway; 125th st. from 5th ave. to Park ave.; Park ave. from 125th st. to 127th st.; Seventh ave. from the Pennsylvania Station to Longacre sq.; Broadway from Longacre sq. to 57th st.; Morningside ave. from Manhattan ave. to Convent ave.; Convent ave. from Morningside ave. to St. Nicholas ave.; and upon such streets and avenues as are necessary to operate a line from the Pennsylvania Railroad Station to the Grand Central Station in 32nd st., Madison ave., Park ave. and other streets, within ten (10) days from the date upon which the Company obtains the permission and approval of the Public Service Commission;

- (b) A sufficient number of vehicles, in addition to the above, to operate in the

manner herein required, upon such streets and avenues as are necessary to operate a line from 14th st. to 96th st., in Irving pl., Lexington ave., 23rd st., Madison ave., Park ave. and other streets, and also upon 57th st. from 5th ave. to Park ave.; within four (4) months from the date upon which the Company obtains the permission and approval of the Public Service Commission;

- (c) A sufficient number of vehicles, in addition to the above, to operate in the manner herein required, a crosstown route from 5th ave. to Broadway in Transverse rd. No. 1 through Central Park and 66th st. within four (4) months after a suitable pavement has been completed in said Transverse rd. No. 1 and upon the streets and avenues which constitute the cross-town line from the East River to Riverside Drive in East 79th st., Transverse rd. No. 2 through Central Park, Central Park West, West 77th Street, Columbus ave. and West 79th st., within four (4) months after a suitable pavement has been completed in said Transverse rd. No. 2 and upon the streets and avenues which constitute the crosstown line from Park ave. to Riverside Drive, in West 96th st., 5th ave., Transverse rd. No. 4 through Central Park, Central Park West, West 96th st., Broadway and West 95th st., within four (4) months after a suitable pavement has been completed in said Transverse rd. No. 4;

- (d) A sufficient number of vehicles in addition to the above to operate in the manner herein required upon Manhattan st. between Fort Lee Ferry and 125th st. and upon 125th st. between Manhattan st. and 1st ave.; upon Willis Avenue Bridge and the approaches thereto, and on East 132nd st. between Willis Avenue Bridge and the station of the New York, Westchester and Boston Railway; and upon Broadway from 110th st. to 135th st., within four (4) months from the date upon which the Company obtains the permission and approval of the Public Service Commission;

- (e) A sufficient number of vehicles in addition to the above to operate in the manner herein required upon 57th st. from Broadway to 8th ave., 8th ave. from 57th st. to Central Park West, those portions of Central Park West from 59th st. to 77th st., from 81st st. to 96th st., and from 97th st. to 8th ave. at 110th st., 8th ave. from 110th st. to 113th st., 113th st. from 8th ave. to Morningside Park East, 106th st. from Central Park West to Broadway and Broadway from 106th st. to 110th st., within one month after there shall have been furnished a sufficient roadway for the operation of omnibuses and other vehicles between the railroad tracks on Central Park West and the curb of the sidewalk between 59th st. and 110th st.

otherwise this right and privilege shall cease and terminate; provided that the periods for the placing of such vehicles in operation may be extended by the Board, but the total extension of time for any such period shall not exceed in the aggregate six (6) months; and, provided, further, that when the commencement of said operation shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement of such operation may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and shall have delivered to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Eighth—Nothing herein contained shall be construed as permitting the Company to erect any structures whatever upon City streets, and the Company shall not construct or maintain any fixture or structure in any street unless especially authorized by resolution of the Board.

Ninth—All vehicles which may be operated pursuant to this contract shall comply with the following general requirements:

1. They shall be propelled by power generated or contained within the vehicle itself, but no power shall be used which will in its generation or use produce smoke or noxious odors sufficient, in the opinion of the Board or its authorized representatives, to constitute a nuisance.
2. The maximum weight, including fuel, water, oil or any other material or any accessories used in operation, shall not exceed ten thousand five hundred (10,500) pounds, except as to such omnibuses as may be operated provisionally during only the first year of this contract.
3. The maximum width shall not exceed seven (7) feet six (6) inches.
4. The maximum height over all shall not exceed twelve (12) feet six (6) inches.
5. The maximum height of the floor of the upper deck shall not exceed nine (9) feet seven (7) inches.
6. The maximum length shall not exceed twenty-five (25) feet.
7. They shall be designed and constructed in a manner which will permit ease and freedom of movement under all conditions.
8. The distribution of weight on axles, length of wheel base and other features of design shall be such as to avoid skidding in so far as possible and shall be such as to permit easy steering and control.
9. They shall be fitted with brakes capable of stopping and holding the same under all conditions.
10. All parts shall be so constructed that no undue noise or vibration shall result from operation.
11. They shall be so constructed that the oil or grease cannot drop on the roadway.

Tenth—No stage or omnibus, except such as may be used provisionally during only the first year of this contract, shall be operated pursuant to this contract, unless there shall be painted thereon in letter, sufficiently large to be clearly legible at a distance of seventy-five (75) feet:

- (a) The name of the Company owning and operating such vehicle.
- (b) The number of the vehicle which is assigned to it upon receiving the approval of the Board or its authorized representatives.
- (c) The number of adults for which the vehicle has seating space.

Eleventh—No advertising shall appear on the outside of any stage or omnibus.

Twelfth—The destination of each stage or omnibus shall be plainly indicated on the front of the vehicle, and shall be illuminated at night.

Thirteenth—The number of passengers to be carried in any vehicle shall at no time exceed the seating capacity of the vehicle.

Fourteenth—The inclosed portion of all stages or omnibuses which are operated on said routes

shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force affecting surface railway cars or such laws and ordinances affecting stages or omnibuses as may hereafter, during the term of this contract, be in force, or as may be required by resolution of the Board.

Fifteenth—The inclosed portion of all stages or omnibuses operated on said routes shall be well lighted and as may be required by resolution of the Board.

Sixteenth—Before any stage or omnibus is put in service it shall be submitted to the Board or its authorized representatives and receive the approval thereof. If any vehicle which may be so submitted for approval shall not conform with the requirements herein the Company shall not operate such vehicle. If after a vehicle shall have been so approved, defects develop which in the opinion of the Board or its authorized representatives render it unsuitable for public service, then the Board or its authorized representatives may require the withdrawal of such vehicle from service until such defect has been remedied and the Board notified to that effect.

Upon being approved by the Board or its authorized representatives, each vehicle shall be given a number which shall not be changed so long as such vehicle shall be operated by the Company, unless and until the Company shall notify the Board that it proposes to change the number of the vehicle and of the new number which it is proposed to use.

Seventeenth—All vehicles operated pursuant to this grant shall be maintained in good and safe repair and in a manner which will in all ways render the vehicle fit for public service. The Company shall permit the Board or its authorized representatives to inspect at all reasonable times any or all the vehicles used by the Company. If upon inspection any vehicle shall appear in the judgment of said Board or its authorized representatives to be unfit for public service, then the Company shall, upon notice, immediately withdraw such vehicle from service, and shall remedy the defect and notify the Board or its authorized representatives that the defect has been remedied before such vehicle shall be restored to service.

Eighteenth—All laws and ordinances affecting the operation of stages or omnibuses now in force, or which may be in force during the term of this contract and shall not be inconsistent with the specific privileges conferred under this contract, shall be complied with by the Company. The Company shall also comply with and enforce the carrying out of any orders or regulations which may be issued by the Board, designed for the protection of persons, of property or of the comfort and health of the public.

Nineteenth—The Company shall, during the term of this contract, be entitled to charge for a single fare upon the said new routes the sum of ten (10) cents but no more, and upon the payment of such fare a passenger shall be entitled to ride as directly as possible from any point on any of the streets or avenues in which the Company is hereby or has heretofore been authorized to operate to any other such point, either in one vehicle or by means of one or more transfers to other vehicles, provided that for a single fare of ten (10) cents no passenger shall be entitled to return toward the point at which the ride originated, and the Company shall accordingly, where an equivalent through service is not provided, issue transfers upon demand, good within a reasonable time at such points of intersection or divergence of the company's operating routes to be designated by the Company or by the Public Service Commission as are necessary to enable passengers to ride between any two points as above, for a fare of ten (10) cents.

In consideration of the right hereby granted the Company agrees to operate "special" five-cent lines over the streets hereinafter described. The rate of fare upon any one of said "special" lines shall be five (5) cents but no more, and upon the payment of such fare a passenger shall be entitled to ride as directly as possible from any point on said "special" line to any other point upon such "special" line.

The streets and avenues in which said "special" five-cent lines shall be operated are described as follows:

Transverse rd. No. 1 through Central Park from 5th ave. to Central Park West at 66th st.; 66th st. from Central Park West to Broadway; 79th st. from Riverside Drive to Columbus ave.; Columbus ave. from 79th st. to 77th st.; 77th st. from Columbus ave. to Central Park West; Central Park West from 77th st. to Transverse rd. No. 2 through Central Park; Transverse rd. No. 2 through Central Park from Central Park West to 5th ave.; 79th st. from 5th ave. to East End ave.

95th st. from Riverside Drive to Broadway; Broadway from 95th st. to 96th st.; 96th st. from Broadway to Central Park West; Central Park West from 96th st. to Transverse rd. No. 4 through Central Park; Transverse rd. No. 4 through Central Park from Central Park West to 5th ave.; 5th ave. from Transverse rd. No. 4 through Central Park to 96th st.; 96th st. from 5th ave. to Park ave.

Twentieth—Stages or omnibuses shall be run on said streets and avenues at intervals of not more than ten (10) minutes between the hours of 7 a. m. and 12 o'clock midnight, and as much oftener as reasonable convenience of the public may require or as may be directed by resolution of the Board, and stages or omnibuses shall be operated at such intervals between the hours of 12 o'clock midnight and 7 a. m. as reasonable convenience of the public may require, or as may be directed by resolution of the Board.

It is hereby agreed that the Board shall at all times during the term of this contract have the right to fix, for any period, the maximum number of vehicles which shall be operated in 32nd st. from Madison ave. to 5th ave. and in 33d st. from Madison ave. to 8th ave., and to fix, for any period, the ratio of the number of vehicles operated on Vanderbilt ave. between 42d st. and 45th st. to the number of vehicles operated over the temporary route on Lexington ave. from 46th st. to 42d st.

Twenty-first—In the event of a snowfall, the Company shall, as directed by the Commissioner of Street Cleaning, clear snow, by means of plows, brooms, or other appliances, from two passageways, each not less than seven (7) feet in width on double route streets, and one passageway not less than seven (7) feet in width on single route streets, over all or any of said streets and avenues herein described.

Twenty-second—It is understood that the Company shall operate, pursuant to this contract, only upon the streets and avenues upon which the Company is herein authorized to operate, but should vehicular traffic be diverted from any portion of any of said streets or avenues because of fires, parades or because of any other event which will close the street to vehicular traffic temporarily, then the Company may use such other streets or avenues as are necessary to continue the operation. If, however, for any reason any of the streets and avenues in which the operation is hereby authorized shall be closed to vehicular traffic for a longer period than twenty-four hours, then the Company shall communicate with the Board or its authorized representatives and obtain authority for the operation upon such other streets and avenues for the period during which said street or avenue may be closed.

Twenty-third—If in the opinion of the Board it shall, at any time during the original term, or during the first seven (7) years of the renewal term of this contract be deemed necessary that the Company operate an extension or extensions to any of the routes on the said streets and avenues or operate routes in addition to and distinct from and in no way connected with those in the said streets and avenues, and the Board shall so order after a public hearing, notification of which shall be given to the Company at least ten (10) days prior to the date thereof, then the Company shall within thirty (30) days after the date of such order, apply for the right and privilege to maintain and operate such extension, extensions, additional route or routes, and shall accept a grant to operate such extension extensions or additional route or routes for a term expiring not later than the date of the expiration of the renewal term of this contract, but if the said order of the Board shall be issued at any time during the first twelve (12) years of this contract, then the grant to operate any such extension or additional route shall be for a term expiring on the date of the original term of this contract, with the privilege of a renewal term expiring not later than the date of the renewal term of this contract. Such grant shall contain the following special clauses:

"(1) The Company shall keep accurate accounts of the gross annual receipts from all sources acquired from the operation of the route herein authorized and of the number of bus miles operated thereon, and shall take such means as are necessary and approved by the Board to keep such accounts.

"(2) The annual cost of operation of the route herein authorized shall be deemed to equal the sum of the following items:

"(a) The number of bus miles actually operated thereon, multiplied by the average cost of operation per bus mile over all the routes of the Company within the city, which average cost of operation shall include taxes and a sum sufficient to pay for the depreciation of the plant and equipment used for the purpose of operation of said routes, which sum for depreciation for the entire period covered by this contract, shall in no event amount to less than a sum sufficient to pay for three (3) years depreciation during the term of this franchise.

"(b) Interest at the rate of six (6) per cent. per annum upon the value of the physical property actually required to carry on the operation of the route herein authorized, which value, unless less value is agreed to by the Company and the City, or a less value determined by arbitration, shall be an amount equal to ten thousand dollars (\$10,000) for each additional vehicle for the operation of the route herein authorized. The number of additional vehicles necessary for said operation on the route herein authorized shall be deemed to be equal to the number of bus miles operated thereon per annum, divided by the average number of bus miles per annum operated by each of the vehicles of the Company upon all of its routes within the city, which shall in no case be less than twenty thousand (20,000) miles.

"(3) The gross annual receipts as herein used shall be the actual gross annual receipts to the Company from whatever source derived, either directly or indirectly, in any manner, out of or in connection with the operation of the routes herein authorized. Provided, however, if said route is operated in conjunction with any other route or routes of the Company not described in this contract, then the gross annual receipts shall be deemed to be the cash fares collected on said route plus that proportion of the receipts of the Company from any other source, derived either directly or indirectly, in any manner out of or in connection with the operation of the route hereby authorized, as the number of bus miles per annum operated on the route hereby authorized bears to the total bus miles operated per annum by the Company upon all its routes within the City, unless some other method to determine the gross receipts shall be agreed to by the Company and the City.

"(4) If during any year ending September 30 the cost of operation of the route herein authorized shall exceed the gross receipts therefrom for that year, then the amount of the excess of cost of operation over such gross receipts shall be deducted from the payments due the City for that year required by the first or original grant to the Company by the Board of Estimate and Apportionment.

"(5) If during any year the total cost of operation of all the routes operated by the Company under rights and privileges applied for in compliance with orders of the Board pursuant to section 2, subdivision twenty-third, of the original grant to the Company, by the Board of Estimate and Apportionment exceeds for the corresponding year the aggregate of the gross receipts therefrom by a sum in excess of seventy-five (75) per cent. of the amount payable to the City by the Company pursuant to paragraphs designated as 2 and 3 of (b) in Section 2, Subdivision Second of the first or original grant to the Company by the Board of Estimate and Apportionment, then the Company shall have the right to discontinue and abandon one or more of such routes operated in compliance with such orders of the Board as is necessary to limit the loss to an amount which shall not be in excess of seventy-five (75) per cent. The routes to be abandoned shall be selected by the Board."

All other terms and conditions of such grant shall be the same as contained in this contract, unless otherwise mutually agreed to by the Company and the City, with, however, the following exceptions, omissions, changes and additions.

1. Section 2, subdivision second, clause (a) shall be changed so as to provide for the payment of an amount bearing the same ratio to the initial payment provided for in this contract as the length of such extension or additional route bears to the length of the streets and avenues upon which the Company is hereby authorized to operate unless a greater amount is agreed to by the City.

2. Section 2, subdivision second, clause (b) shall be changed so as to provide for a payment of five (5) per cent. of the gross annual receipts of such extension or additional route during the term of the contract except for any renewal thereof, with reasonable minimum annual payments, to be agreed upon between the City and the Company. The compensation to the City for any renewal term shall be determined in the same manner as the compensation for the renewal term of this contract as herein provided.

3. Section 2, subdivision seventh, shall be changed so as to contain a specified period within which to commence operation, which period shall be sufficient to enable the Company to reasonably comply therewith.

4. Section 2, subdivision nineteenth, shall be changed so as to provide for a maximum rate of fare to be determined by the Board, but which shall in no case, without the consent of the Company be fixed at an amount less than ten (10) cents.

5. Section 2, subdivision twentieth, shall be changed so as to provide for maximum headway of vehicles to be determined by the Board.

6. Section 2, subdivision thirtieth, shall be changed so as to provide for the deposit as security of a sum which may be mutually agreed upon by the City and the Company. In case, however, such an agreement cannot be reached, the amount of the security deposit shall bear the same ratio to thirty thousand dollars (\$30,000) as the length of the extension or additional route shall bear to the length of the streets and avenues upon which the Company is hereby authorized to operate.

7. Section 2, subdivision twenty-third shall be omitted.

8. Said contract shall also contain the following clause:

"If any dispute shall at any time arise between the parties hereto in regard to the amount or amounts due or to be credited to either the City or the Company under the terms of this contract, or if the City at any time questions the equity of the sum of ten thousand dollars (\$10,000) per vehicle as the amount upon which interest at the rate of six (6) per cent. per annum is to be charged as a part of operating cost, as herein provided for, then such amount or amounts shall be determined by arbitration. At the instance of either party upon notice to the other party hereto, in the following manner:

"One disinterested person must be chosen by the Company, one disinterested person shall be chosen by the Board, and the two so chosen shall choose a third disinterested person. The decision upon oath of any two of such persons who shall be so selected, shall be final and conclusive.

"If either the Company or the City fails to appoint an arbitrator as herein provided within thirty (30) days from the date of such notice, or should the first two arbitrators fail to agree on the selection of the third arbitrator within thirty (30) days after the first two arbitrators shall be chosen, or if no two arbitrators so selected shall agree upon said amount or amounts within sixty (60) days after the arbitrators shall be so selected, then such amount or amounts may be fixed by a commission appointed by the Supreme Court on the application of either party."

9. Such additional provisions as may be required by reason of conditions peculiar to the operation of such extension or additional route and which may be agreed upon between the City and the Company.

Nothing contained in this subdivision shall apply to any extension or additional route for which a right and privilege is voluntarily applied for by the Company.

Twenty-fourth—If, in the opinion of the Board, it shall at any time during the term of this contract be deemed necessary that the Company operate upon streets or avenues other than those in which the Company is hereby authorized to operate, in substitution for any route or portion of a route herein authorized running in a general northerly and southerly direction, and not greater than one mile in length, or in substitution for any route herein authorized running in a general easterly and westerly direction, and the Board shall so order after a public hearing, notification of which shall be given to the Company at least ten (10) days prior to the date thereof, then the Company shall apply for the right to operate such substituted route or routes within thirty (30) days after the date of such order and accept a grant therefor upon the same terms and conditions as those contained herein for a term expiring not later than the date of the expiration of this contract, and upon receiving such grant the Company shall surrender the right to operate over the route for which such substitution has been made.

Twenty-fifth—The Company shall submit to the Board a verified report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Number of bus miles operated during the year.
17. Total receipts of Company for each class of business.
18. Amounts paid by the Company for damage to persons or property on account of construction and operation.
19. Total expenses for operation, including salaries.

and such other information in regard to the business of the Company as may be required by the Board.

Twenty-sixth—The Company shall at all times keep accurate books of account of its gross annual receipts and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross annual receipts, the total miles in operation and the miles operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books and papers of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers and employees under oath.

Twenty-seventh—The Company shall keep accurate books of the performance of different types of vehicles and the different services rendered and the cost thereof, and shall at any time furnish the Board or its authorized representatives such information with respect thereto as shall be requested.

Twenty-eighth—In case of any violation or breach or failure to comply with any of the provisions herein contained with any orders of the Board or its authorized representatives or any other official of the City acting under the powers herein reserved, the Board may serve upon the Company notice of default, specifying therein the particular default complained of, and directing the Company to cure the same within ninety days. If there shall be any dispute as to the fact of default or as to the remedying thereof, the Company may apply to the court. If the default shall not be remedied within such time, or within such further time as may be allowed by the Board or by the court the franchise herein granted may be declared forfeited by resolution of said Board.

Any false entry in the books of the Company or false statement in the reports to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions

herein contained as to warrant the forfeiture of the right and privilege hereby granted.

Twenty-ninth—The Company shall assume all liability for damages to persons or property occasioned by reason of the maintenance and operation of the stages or omnibuses hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company shall repay the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that the Company, within thirty (30) days after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the rights and privileges hereby granted, shall deposit with the Comptroller of the City the sum of thirty thousand dollars (\$30,000), either in money or securities to be approved by the Comptroller, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and for its compliance with all orders of the Board and of the officials of the City acting under the powers herein reserved. Deductions may be made from the said fund as hereinafter provided.

(a) Should the Company, within such time after notice as may be herein prescribed, or, where no time is prescribed, within such time as the Board or the proper official of the City may hereafter prescribe, fail to comply with the provisions of this contract, or with the orders of the Board or of the officials of the City herein named or referred to, relating to the removal of snow and ice, the City shall have the right to cause the work to be done or the defect remedied and to reimburse itself for the cost of such work, by deducting such cost, with interest, from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(b) Should the Company, within ten (10) days after demand has been made upon it, fail to repay to the City any damages caused to persons or property which the City shall be compelled to pay by reason of the maintenance or operation of the stages or omnibuses, or by reason of any acts or defaults of the Company in connection therewith, the City shall have the right to collect such costs or damages, with interest, by deducting the amount of the same, with interest, from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(c) Should the Company fail to pay to the City the annual charges required to be paid by this contract, within the time fixed for the payment thereof, the City shall have the right to collect the amount of such charges, with interest, by deducting the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller without further or other direction.

(d) Should the Company fail to comply with the provisions of this contract, or with the orders of the Board or of the officials of the City herein named or referred to, then the Company may be required to pay to the City, as liquidated damages for each breach or violation, the following sums:

For failure to maintain the headway as herein prescribed, or to properly heat or light its vehicles, the sum of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each vehicle which shall not be operated, heated or lighted in compliance with this contract, or with the orders of the Board or of the officials of the City having jurisdiction.

For failure to give efficient public service at rates herein fixed, or to maintain its vehicles and equipment in good condition throughout the whole term of this contract, the sum of two hundred and fifty dollars (\$250) for each day during which the default of defect remains.

For failure to comply with any other provision of this contract as to which liquidated damages are not fixed herein, the sum of fifty dollars (\$50) per day for each day during which such failure or default remains.

All of such sums may be collected by deducting the same from the security fund hereinabove provided for.

The procedure for the collection of such liquidated damages shall be as follows:

Whenever the Board shall have knowledge of any such breach or violation on the part of the Company, the Board shall give notice to the Company, specifying the nature of such breach or violation and the amount of liquidated damages which it is proposed to collect therefor, and directing its president or other officer to appear before the Board on a certain day, not less than ten (10) days after the service of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, the Board shall forthwith direct the Comptroller to collect such liquidated damages by deducting the amount of the same from the security fund hereinabove provided for.

(e) In case of any deductions from the security fund pursuant to this contract, either for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by the City of the annual charges, or if liquidated damages, the Company shall, upon ten (10) days notice by the Comptroller, deposit with the Comptroller a sum, either in money or securities, sufficient to restore such security fund to its original amount of thirty thousand dollars (\$30,000), and in default thereof, the right and privilege hereby granted may be forfeited by the City.

(f) Should the right and privilege hereby granted be forfeited pursuant to the provisions of this contract, or should such right and privilege be terminated upon the dissolution of the Company as herein provided, the security fund hereinabove provided for shall be forfeited to the City as liquidated damages for failure of the Company to perform this contract pursuant to the terms hereof.

(g) No action or proceeding or right under the provisions of this subdivision shall affect any other legal rights, remedies or causes of action belonging to the City, nor the right of the Company to apply to the courts for a review of the fact of default or the remedying thereof. The provisions for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by it of the annual charges or of liquidated damages, are and shall be in addition to the City's right, as herein reserved, to forfeit the right and privilege hereby granted.

Thirty-first—The words "notice," "order" or "direction," wherever used in this contract, shall be deemed to mean a written notice, order or direction. Every such notice, order or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice, order or direction as and when above provided shall be equivalent to

direct personal notice, order or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall, unless otherwise herein described or specified, be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title encountered by the streets and avenues upon or in which authority is hereby given to the Company to operate stages or omnibuses.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing herein contained shall be deemed as conferring any rights or privileges upon the Company, except as expressly set forth in Section 1 of this contract, nor as confirming any alleged rights or privileges heretofore claimed by the Company, nor shall anything herein affect or prejudice any rights or privileges held or possessed by the Company on or prior to the date on which this contract is signed by the Mayor. This provision is intended to prevent a waiver or surrender by either the City or the Company of any rights, privileges, claims, demands, suits, damages, penalties or forfeitures in favor of either party hereto against the other party, existing on or prior to the date on which this contract is signed by the Mayor. In the event of the termination of the rights and privileges hereby granted, whether by default, forfeiture, expiration or otherwise, no rights or privileges of the Company, other than those conferred by this contract, shall be deemed affected by the fact that the Company has become a party to this contract.

Section 4. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York. Neither shall anything herein contained prevent the Company from asserting or relying on any contractual right it may possess under this contract. The City, however, shall in no event be liable to the Company, in damages or otherwise, because of, owing to, or upon any claim or demand by the Company, based upon or growing out of any action or order of the Public Service Commission.

Section 5. The Company promises, covenants and agrees on its part and behalf during the entire term of this contract, whether original or renewal, to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

IN WITNESS WHEREOF, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By, Mayor
[CORPORATE SEAL.] City Clerk,
Attest: FIFTH AVENUE COACH COMPANY,
By President.

[SEAL.] Secretary,
Attest: (Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Fifth Avenue Coach Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published in full for at least fifteen (15) days immediately prior to Friday, December 28, 1917, in the City Record, together with the following notice, to wit:

Notice Is Hereby Given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Fifth Avenue Coach Company and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolutions authorizing such contract, will, at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, December 28, 1917, at 10.30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein, at the Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers sts., Borough of Manhattan, shall be published at least twice, at the expense of the proposed grantee, during the ten (10) days immediately prior to Friday, December 28, 1917, in the "Evening Sun" and "New York Times," the two daily newspapers in which the petition and notice of hearing thereon have been published.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EIGHTEENTH AVENUE (although not yet named by proper authority), from Jackson avenue to the East River, in the 1st Ward, Borough of Queens, in the City of New York, as amended by an order of this Court bearing date the 11th day of October, 1911, and entered in the office of the Clerk of the County of Queens on the 13th day of October, 1911, so as to relate to said Eighteenth avenue, from Jackson avenue to Berrian avenue, in accordance with the resolution adopted by the Board of Estimate and Apportionment on the 15th day of June, 1911.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That we have completed our supplemental and amended estimate as to Damage No. 391 and assessments for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and

premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the Municipal Building, Court House Square, Long Island City, Borough of Queens, in The City of New York, on or before the 3d day of January, 1918, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of January, 1918, at 9:30 o'clock a. m.

Second.—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 7th day of January, 1918.

Third.—That the number of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

BEGINNING at a point on the northerly side of Jackson avenue where the same is intersected by a line drawn parallel to 18th avenue and 100 feet west of the westerly line of 18th avenue; running thence northerly and at all times parallel with the westerly line of 18th avenue to the northerly line of Berrian avenue; thence running easterly along the northerly line of Berrian avenue to a point 100 feet easterly from the easterly line of 18th avenue, said distance being measured at right angles to 18th avenue; thence running southerly and at all times parallel with the easterly line of 18th avenue to the northerly line of Jackson avenue; thence running westerly along the northerly line of Jackson avenue to the point or place of beginning.

Fourth.—That, provided there be no objections filed to either of said abstracts, our supplemental and amended final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 5th day of March, 1918, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to the provisions of the Greater New York Charter as amended.

premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the Municipal Building, Court House Square, Long Island City, Borough of Queens, in The City of New York, on or before the 3d day of January, 1918, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of January, 1918, at 9:30 o'clock a. m.

Second.—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 7th day of January, 1918.

Third.—That the number of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

BEGINNING at a point on the northerly side of Jackson avenue where the same is intersected by a line drawn parallel to 18th avenue and 100 feet west of the westerly line of 18th avenue; running thence northerly and at all times parallel with the westerly line of 18th avenue to the northerly line of Berrian avenue; thence running easterly along the northerly line of Berrian avenue to a point 100 feet easterly from the easterly line of 18th avenue, said distance being measured at right angles to 18th avenue; thence running southerly and at all times parallel with the easterly line of 18th avenue to the northerly line of Jackson avenue; thence running westerly along the northerly line of Jackson avenue to the point or place of beginning.

Fourth.—That, provided there be no objections filed to either of said abstracts, our supplemental and amended final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 26th day of February, 1918, at the opening of the Court on that day.

Fifth.—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the "City Record," pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, December 10, 1917.
ROBT. B. LAWRENCE, Chairman; JOHN A. RAPELYEA, EMIL A. GUENTHER, Commissioners.
WALTER C. SHEPPARD, Clerk. d20,j2

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC. WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the sale. The placing of a tenant or permitting the occupancy of any such building by any tenant free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in the street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be enclosed in the envelope containing the bid, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
