

A central focus of DSS HRA has been to encourage and assist prospective clients to electronically submit SNAP applications to afford easier accessibility to benefits. As a result, from 2005 until now, DSS HRA has not previously set forth the quantities of paper applications distributed to the Emergency Feeding Programs. Although the quantities of paper applications have been provided in previous reports as required by the local reporting law, this report lists all of the emergency feeding programs in NYC and all of the quantities of applications distributed reflect a quantity of "0" reflecting the focus of submitting SNAP applications electronically.
