VOL. XXII.

NEW YORK, THURSDAY, MARCH 8, 1894.

NUMBER 6,334.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting held at the Mayor's Office at 11.30 o'clock A.M. on Tuesday, February 6, 1894.

Present—Thomas F. Gilroy, Mayor; Frederick Smyth, Recorder; Ashbel P. Fitch, Comptroller; Joseph J. O'Donohue, Chamberlain, and Nicholas T. Brown, Chairman Committee on Finance, Board of Aldermen.

The minutes of the meeting held January 19, 1894, were read and approved.

The following communication was received from the Commissioner of Street Cleaning for lease of stable Nos. 311 to 317 West One Hundred and Fortieth street:

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
NEW CRIMINAL COURT BUILDING, CENTRE STREET,
NEW YORK, February 2, 1894.

Hon. THOMAS F. GILROY, Chairman of the Board of Commissioners of the Sinking Fund:

SIR—I desire, with your approval, to lease for the use of the Department of Street Cleaning a stable known as Nos. 311 to 317 West One Hundred and Fortieth street.

The stable facilities of the Department in the upper part of the city are now inadequate and will become more so as the city grows. It is very difficult to obtain suitable stable room in that section where the stable I desire to lease is located. The property is offered at an annual rental of \$7,500 for five years; the City to pay the water rents and to make all necessary repairs, with the privilege of renewal for five years thereafter, at an annual rental of \$8,000. The building stands upon a plot of ground one hundred feet square and is the most perfectly constructed and best equipped stable of its size, in my opinion, in this city. It cost some \$87,000, including the land.

I transmit herewith the proposition for renting, received from the owner of the property, together with a draft of the proposed lease, for your approval.

In my judgment it is for the interest of the City that this property should be leased at this time.

Respectfully,

WILLIAM S. ANDREWS, Commissioner of Street Cleaning.

Which was referred to the Comptroller.

The following communication was received from the Commissioner of Street Cleaning, submitting claim of Augustus Sbarboro for loss under his contract for trimming scows:

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
NEW CRIMINAL COURT BUILDING, CENTRE STREET,
NEW YORK, February 6, 1894.

Hon. THOMAS F. GILROY, Mayor, Chairman, Board of Commissioners of the Sinking Fund:

SIR—Mr. Augustus Sbarboro, who had the contract for trimming scows at the various dumping-boards of the Department of Street Cleaning, and who paid \$1,805 per week for the privilege of trimming such scows and furnished in addition thereto the necessary laborers who did the work, has made a claim for an amount to be refunded to him because of loss occasioned by the tearing down and rebuilding of the Canal Street Dump.

An allowance on that account was made to Mr. Sbarboro and deducted from the amount paid by him from the commencement of the reconstruction on to August 23, 1893.

The claim now made is for a similar allowance from August 23, 1893, to January 2, 1894, amounting in all to \$2,416, which, if allowed, must be refunded to Mr. Sbarboro out of the moneys he has paid to the City during that time, he having paid the full amount required under his contract.

I submit the claim as made by Mr. Sbarboro for such direction in relation thereto as your Board may deem proper.

Very respectfully,

W. S. ANDREWS, Commissioner of Street Cleaning.

Which was referred to the Comptroller.

WATER-FRONT IMPROVEMENTS.

The plans and estimates of cost for improvement of the water-front and exterior street, from Forty-ninth to Fifty-third street, and from Fifty-ninth to Sixty-fourth street, East river (minutes of 1889, pages 128, 194; minutes, 1890, pages 450, 454; minutes, 1893, pages 168, 208 and 215, and minutes, 1894, page 317), were considered.

Haar and others, representing the Dock Protective Association of the Nineteenth Ward, were heard in relation to the proposed improvement.

Whereupon the Comptroller offered the following resolutions:

Resolved, That the plan determined upon by the Board of Docks at a meeting held on August 8, 1889, and received by the Commissioners of the Sinking Fund on September 9, 1889, for an exterior or marginal street, wharf or place, extending along the westerly shore of the East river, commencing at the northerly line of East Forty-ninth street and extending northerly along the established bulkhead-line of the East river, to a point south of the southerly line of Fifty-third street, under and pursuant to the provisions of chapter 286, Laws of 1889, be and hereby is adopted.

Resolved, That the plan determined upon by the Board of Docks at a meeting held on April 25, 1889, and received by the Commissioners of the Sinking Fund on May 16, 1889, for improving the water-front on the westerly side of the East river, between the northerly side of East Fifty-ninth street, and the centre line of East Sixty-fourth street, under and pursuant to the provisions of section 712 of chapter 410, Laws of 1882, as amended by chapter 517, Laws of 1884, be and hereby is adopted.

Which were unanimously adopted.

The plans so adopted were certified to by the Commissioners of the Sinking Fund, and the Secretary instructed to transmit them to the Board of Docks.

The communications from the Board of Docks relative to agreement for the purchase of Piers 12 and 13, East river, received December 28, 1893 (minutes of 1893, pages 290 and 298, and minutes 1894, page 317), and

Communication from the Board of Docks, for improvement of the water-front between Charles and West Twenty-third streets, North river, received July 18, 1893 (minutes of 1893, pages 169, 170, 214, 215, and minutes 1894, page 318), were considered.

The Comptroller desiring further time to investigate the several matters referred to therein, the papers were referred to him for examination and report.

Hon. J. Sergeant Cram, President of the Department of Docks, presented the following letter from Mr. Vernon H. Brown, agent of the Cunard Steamship Company:

THE CUNARD STEAMSHIP COMPANY (LIMITED),
VERNON H. BROWN & CO., AGENTS, NO. 4 BOWLING GREEN,
NEW YORK, February 5, 1894.

J. SERGEANT CRAM, Esq., President of Department of Docks:

DEAR SIR—I have noticed with regret the apparent deadlock between the Board of Apportionment, Comptroller and Dock Department, in reference to the needful authority to push forward the work for the improvement of the water-front and construction of the proposed new piers between West Tenth and Twenty-third streets, on the North river.

My object in now addressing you is to express the earnest hope that an early settlement of the questions now pending may be reached.

It is an imperative necessity that increased facilities should be afforded for properly and safely berthing the large ships now employed in the Atlantic trade, and for promptly and economically handling the many thousand tons of merchandise they annually bring to and carry away from this port.

When the Cunard Company leased its present pier our largest ship was 430 feet in length, and 45 feet in breadth, with a gross measurement of 5,000 tons. At present time, our largest ships are 625 feet in length, and upwards of 65 feet in breadth, with a gross measurement of 13,000 tons.

The safety of these ships demands that they should be kept upright, consequently they must be coaled from both sides simultaneously—this, the present insufficient space between piers makes it very difficult to do, and when half of the ship is occupied by another ship at adjoining pier, it necessitates coaling across the dock at heavy additional expense and great loss of time, besides monopolizing space required for expeditious handling of cargo.

The Cunard Company have recently contracted for two large cargo boats to be ready for service in eighteen months, and purpose building more, but pending the construction of new piers at this port, some embarrassment arises in deciding upon size and dimensions of same.

As you are aware we have applied for two of the projected piers (50 and 51), which under the plans submitted by your Engineer, would meet the necessary requirements.

There can be no question but that the proposed improvements would be of great benefit to the commercial interests of this City and largely increase its revenues.

Yours truly,

VERNON H. BROWN.

Which was directed to be entered at length on the minutes.

Mr. Cram also presented the following preamble and resolution of the Board of Docks, for the purchase of wharf property from the Screw Dock Company, at Pier 39, East river:

At a meeting of the Board of Docks, held November 19, 1893, the following preambles and resolution were adopted:

“Whereas, By resolution passed by this Board at the meeting held on the 5th day of November, it was deemed advisable, in the interests of the City, to enter into negotiations for the purchase of the property of the Screw Dock Company, on the East river; and

“Whereas, Said negotiations have been satisfactorily completed; therefore, be it

“Resolved, That, pursuant to section 715 of the New York City Consolidation Act of 1882, this Board enters into an agreement with the Screw Dock Company for the purchase and acquisition of all that bulkhead, wharf or dock property on the southerly side of South street, in the City of New York, commencing at a point twenty-six feet easterly of the easterly side of Market Slip, and extending along the said southerly side of South street, three hundred and three feet ten inches, more or less, including all the right, title and interest of the Screw Dock Company, in and to Pier 39, East river, for the sum of one hundred and ninety-six thousand nine hundred and fifty dollars (\$196,950). Such agreement and purchase to be subject to the approval of the Commissioners of the Sinking Fund, as provided by section 715, chapter 410 of the Laws of 1882, and subject also to a lease, which, by its terms, expires in 1893, provided that the Counsel to the Corporation shall certify that a good and sufficient title can be acquired, and that the said lease shall be duly assigned to this Department.

The Mayor stated that the Commissioners of the Sinking Fund on July 18, 1893, had disapproved of the purchase of this property at the sum of \$196,950 as excessive, and as the proposed agreement under the resolution just received fixes the purchase price at the same figures, he moved that it also be not approved.

Which was agreed to.

The Comptroller offered the following:

Whereas, The Board of Docks on December 28, 1893, adopted the following resolution:

“Resolved, That permission be and hereby is granted The Fulton Market Fishmongers' Association to make alterations to the market building between Piers 22 and 23, East river, by substituting for the wooden posts and joists, iron posts and joists, and for the present wooden doors, sliding iron shutters, the work to be done under supervision of the Engineer-in-Chief, subject, however, to the approval of the Commissioners of the Sinking Fund.”

And Whereas, The building, premises and wharf property now used and occupied as a fish market by the said association at the said location, are leased to it by the City of New York for a period of twenty-one years from May 1, 1884, and by the terms of said lease, provision is made for making alterations, additions and improvements, provided the consent of the Commissioners of the Sinking Fund shall be obtained;

Whereas, Said association has filed with the Comptroller a statement and specification of said proposed changes and repairs; therefore

Resolved, That the same be and hereby are approved, and consent of this Board is hereby granted to the Fulton Market Fishmongers' Association to make the said changes and repairs, in conformity with the statement and specification as filed.

Which was unanimously adopted.

The following communication was received from the Board of Docks:

said company between Barclay and Vesey streets, extending along the westerly side of West street, from the south line of Pier, old 25, to the north line of Pier, new 15, North river, in conformity with the plan adopted by this Department, at the cost and expense of said company, under the supervision of the Engineer-in-Chief, as provided for in section 715 of the New York City Consolidation Act of 1882, as amended by chapter 397 of the Laws of 1893. FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, }
February 6, 1894.

To the Commissioners of the Sinking Fund :

GENTLEMEN—The items of alterations, additions, furnishing, etc., for the New Criminal Court Building were approved on December 4, 1893, and authority was given to the Commissioner of Public Works, with the concurrence of the Counsel to the Corporation, to prepare forms of contracts and specifications for the action of this Board for the purpose of inviting estimates for the work and awarding the contract therefor.

I have received the forms of contracts and specifications from the Commissioner of Public Works, duly approved by the Counsel to the Corporation.

Accordingly the following resolution is submitted for adoption.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the form of contract and specifications for furnishing materials and performing work for the furnishings and alterations in the Courts of General Sessions, Special Sessions, Police Courts, New York Society for the Prevention of Cruelty to Children, District Attorney's office, Street Cleaning Department, Board of Excise, in the New Criminal Court-house, submitted by the Commissioner of Public Works, and approved by the Counsel to the Corporation, and the Comptroller is authorized and directed to advertise for proposals for said work, pursuant to the provisions of section 5, chapter 371, Laws of 1887.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and resolution to refund to Morris B. Baer deposit on purchase of land at Shaft Site No. 12, New Croton Aqueduct :

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, }
February 6, 1894.

To the Commissioners of the Sinking Fund :

GENTLEMEN—I present, herewith a communication from the Counsel to the Corporation in regard to the application of Mr. Morris B. Baer for the return of the amount of his deposit on the purchase of land at Shaft Site No. 12, New Croton Aqueduct, at the Corporation sale on June 15 1893.

A report was made to the Commissioners of the Sinking Fund by my predecessor at the meeting of December 4, 1893, which was referred to the Counsel to the Corporation for his opinion as to whether the City could compel a specific performance of the contract.

Mr. Clark is of opinion and so advises me, that no Court of Equity would intervene to enforce a specific performance of the contract. The facts are set forth at length in the Counsel's communication.

Accordingly I submit for adoption the following resolution.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That a warrant, payable from the Sinking Fund for the Redemption of the City Debt, be drawn in favor of Morris B. Baer, for two hundred and fifty-five dollars (\$255), being the amount deposited, one hundred and eighty dollars, and auctioneer's fee, seventy-five dollars, paid on his purchase of certain parcels of land designated by the numbers 549, 551, 552 and 553, at Shaft Site No. 12, New Croton Aqueduct, at the Corporation sale on June 15, 1893, the said land having been incorrectly described on the diagram of the premises and in the description furnished by the Aqueduct Commissioners, caused by a change in the course of the Sawmill river, during the construction of the Aqueduct.

The report was accepted and the resolution unanimously adopted.

OPINION OF THE COUNSEL TO THE CORPORATION.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION, }
NEW YORK, January 8, 1894.

Hon. ASHBEL P. FITCH, Comptroller :

SIR—I am in receipt of a communication from your Department dated December 18, transmitting an application made by Morris B. Baer for the return of the money deposited by him on the purchase of certain parcels of land at Shaft Site No. 12, New Croton Aqueduct, together with the report to the Commissioners of the Sinking Fund on said application, and asking my opinion, by direction of said Commissioners, as to whether the City can compel a specific performance of the contract.

The application sets out the following facts : That at a sale at public auction of certain corporation property held on June 15 last, Morris B. Baer purchased the land known as Parcels 549, 551, 552 and 553 at Shaft Site No. 12 of the Croton Aqueduct, lands situate in the Town of Greenburgh, Westchester County, agreeing to pay therefor the sum of eighteen hundred dollars, the sum of two hundred and fifty-five dollars, the amount of Baer's deposit and the auctioneer's fee, having been paid. That the purchaser was guided by the map furnished by the City in advertising the sale of the land, which described the parcels in question as lying between the Sawmill river and the Sawmill River road ; that after the sale and before the purchase was consummated Baer personally inspected the property and discovered that the Sawmill river ran through the property sold instead of along the western boundary. The purchaser asks that the amount of his deposit and auctioneer's fee be refunded to him.

The facts as set forth in the application are substantially correct. Prior to the 15th day of June last the proposed sale of corporation lands was extensively advertised and copies of a map purporting to contain an accurate description of the different parcels of property to be sold were obtainable at the office of the auctioneer and in the Finance Department.

This map and the advertisement of sale described the property sold to Mr. Baer as lying between the Sawmill river and the Sawmill river road.

It now appears from the report made to your predecessor by his Engineer, Eugene McLean, that the Sawmill river was changed in its course during the construction of the Aqueduct so as to run through the Parcels 549, 551 and 553, instead of forming the western boundary of said parcels.

Mr. Baer seems to have exercised ordinary precaution in ascertaining the description of the land he purchased and since the property was situated in Westchester County it cannot be said that the information derived from a personal inspection of the same would be as accessible as the sources of information furnished to the public by the auctioneer and your department.

It must be assumed that the City would convey to the purchaser thereof the property as it is substantially described and in view of the great variance between the property as sold and as advertised, I am of the opinion that no Court of Equity would intervene to enforce a specific performance of this contract.

I therefore advise you that the application of Mr. Baer should be granted and the money deposited by him on the execution of the contract be refunded to him.

Respectfully,

WM. H. CLARK, Counsel to the Corporation.

I have made an offer to sell to the City of New York my lands under water, at foot of East One Hundred and Fourteenth street, Harlem river, at such a price as must prove acceptable.

May I ask if you will kindly call it up and pass upon it at your next session.

Removing this obstruction it will afford a dock 60 feet by 240, where now is only a dump.

NEW YORK, January 17, 1894.

Honorable Commissioners WHITE and PHELAN, *of the Department of Docks, Pier A, North River* :

I offered the same for sale through his Honor Mayor T. F. Gilroy, as Chairman of the Board of Apportionment, to be appraised by disinterested parties. As the property stands in the name of Samuel B. Clark, and the transfer (if accepted), and from whom I obtained advances—I deem it proper to sign this proposal in his name as it is by his consent. This offer is open until the 15th of this present month.

Very respectfully,

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded.

at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
