## COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

*Proceedings of the Commissioners of the Sinking Fund at a Meeting Held in Room 16, City Hall, at 2 o'clock p. m. on Wednesday, February 19, 1902.*

Present at roll-call—Seth Low, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President of the Board of Aldermen, and Herbert Parsons, Chairman Finance Committee, Board of Aldermen.

The minutes of the meetings held January 24, 31 and February 5, 1902, were approved as printed.

The Comptroller presented the following report, and offered the following resolutions to reauthorize leases of premises occupied by the Board of Education:

February 17, 1902.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—In the latter part of last year the Commissioners of the Sinking Fund authorized the Comptroller to execute renewals of the leases of the following premises occupied by the Board of Education:

New York avenue and Herkimer street, Borough of Brooklyn.

No. 1234 Bedford avenue, Borough of Brooklyn.

Steinway avenue, between Broadway and Jamaica avenue, Borough of Queens.

No. 288 East Broadway, Borough of Manhattan.

These renewals have not been executed, and as the Board of Education under section 1066 of the Amended Charter has the power to make and execute its own leases, subject to your authorization, it would seem advisable that the above resolutions should be amended.

I therefore offer the following resolutions to reauthorize the renewals so that they may be executed by the Board of Education.

Respectfully,

EDWARD M. GROUT, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held December 10, 1901, authorizing the Comptroller to execute a renewal of the lease to the city of premises at the corner of New York avenue and Herkimer street, Borough of Brooklyn, for the use of the Board of Education be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education, of a renewal of the lease to the city from the New York Avenue Methodist Episcopal Church, of premises at the corner of New York avenue and Herkimer street, Borough of Brooklyn, for a term of one year from January 20, 1902, at an annual rental of twelve hundred dollars (\$1,200), payable quarterly, otherwise upon the same terms and conditions as contained in the former lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the city that such lease be made.

Resolved, That the resolution adopted by this Board at meeting held December 10, 1901, authorizing a lease of premises No. 1234 Bedford avenue, Borough of Brooklyn, for the use of the Board of Education, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of the lease to the city, when approved as to form by the Corporation Counsel, from A. Heineman, of premises No. 1234 Bedford avenue, Borough of Brooklyn, for a term of two years from January 1, 1902, at an annual rental of eight hundred and forty dollars (\$840), payable quarterly, including light, heat and janitor's services—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the city that such lease be made.

Resolved, That the resolution adopted by this Board at meeting held October 11, 1901, authorizing the Comptroller to execute a renewal of the lease to the city of premises on Steinway avenue, between Broadway and Jamaica avenue, Borough of Queens, for the use of the Board of Education, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a renewal of the lease to the city, from Mrs. Sibella Klute, of premises on Steinway avenue, between Broadway and Jamaica avenue, First Ward, Borough of Queens, to be used as an annex to Public School 6, for a term of one year from October 1, 1901, at an annual rental of nine hundred dollars (\$900), payable quarterly, the owner to give the privilege of a renewal for two years more, at six hundred dollars (\$600) per annum, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the city that such lease be made; and

Resolved, That in the event of the owner refusing to renew the lease on these terms, the Board of Education is hereby requested to make other arrangements for school accommodations before October 1, 1902.

Resolved, That the resolution adopted by this Board at the meeting held December 10, 1901, authorizing the Comptroller to execute a renewal of the lease to the city of premises at No. 288 East Broadway, Borough of Manhattan, for the Board of Education, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a renewal of the lease to the city, from George G. Hallock, Jr.'s, Sons, agents, of the store floor in premises No. 288 East Broadway, Borough of Manhattan, for a term of one year from February 1, 1902, with the privilege of a renewal for an additional year, at an annual rental of nine hundred dollars (\$900), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the city that such lease be made.

The report was accepted and the resolutions unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to leases of premises at the junction of Main street and Jaggard

Jamaica avenues, Flushing, and No. 923 Steinway avenue, Long Island City, for the Queens Borough Library:

February 18, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Rev. W. H. Weeks, Secretary of the Queens Borough Library, in a communication to the Commissioners of the Sinking Fund, dated January 24, 1902, states that at a recent meeting of the Board of Trustees the following resolutions were passed:

First—That the transfer of the Flushing Library be accepted and authenticated by the proper officers; and

Second—That the Steinway Local Committee be authorized to rent the premises No. 923 Steinway avenue at a rental of \$20 per month.

He also states that in view of the first resolution it now becomes necessary to make a lease of the premises formerly occupied by the Flushing Library, and submits form of lease.

In response to a request from this Department for further information, two communications dated February 10 and 13, respectively, have been received from the Librarian, from the first of which it will be seen that the terms now proposed for No. 923 Steinway avenue are materially altered, in that a rental of \$25 per month is demanded.

I have caused an examination to be made of the said premises and would report as follows:

First—From the Flushing Library Association, for a term of one year from January 1, 1902, with the privilege of renewal, at an annual rental of \$500 and water tax, payable semi-annually. These premises are located at the junction of Main street and Jaggard and Jamaica avenues, being about in the centre of the village of Flushing, the plot of land being about 217 feet on Jaggard avenue, 213 feet on Jamaica avenue and 125 feet in the rear.

The building is a one-story and cellar frame structure, in good condition, inside and out; the main building is about 50 feet in length and 27 feet wide, with an extension across the rear of about 12 feet long. The building was originally used as a church and subsequently as a town hall by the village of Flushing, and has been for some years past used as a public library, under the control of the Flushing Library Association, a corporation. The premises are valued on the tax books at \$3,000, and marked exempt.

The building is heated by two hot-air furnaces and is equipped with fixtures for lighting by either gas or electricity. The Queens Borough Library, I am informed, has been in occupation since January 1, 1902.

Taking into account the central location and size of the property, and the advantages to be derived therefrom when used as a public library, I think the terms proposed are reasonable and just.

Second—Premises No. 923 Steinway avenue, Long Island City, three or five years from date of occupation, at \$25 per month; the lessor to make alterations at his own expense, to fit the premises for library uses.

The lease is to cover the store floor and part of the cellar—where a furnace is to be installed—of the three-story frame building, 25 feet front on Steinway avenue by 50 feet deep. The entire premises are assessed on the tax books at \$2,700.

The owner has made alterations by removing three partitions and extending the chimney into the cellar so that a hot-air furnace can be installed. This will be done at the expense of the library; estimated cost, \$65.

In view of the fact that new libraries from the Carnegie fund are contemplated in the Borough of Queens, I do not consider that it would be advisable to make a lease for over two years, and the terms proposed, namely, \$25 per month, I consider for such lease are excessive.

I would therefore recommend that the Commissioners of the Sinking Fund authorize a lease for a term of two years from date of occupation, at an annual rental of \$270, payable quarterly, the library to have the privilege of three renewals of one year each on the same terms and conditions. Owner Christoph Graeser.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the city from the Flushing Library Association, of premises at the junction of Main street and Jaggard and Jamaica avenues, in the village of Flushing, Borough of Queens, for the use of the Queens Borough Library, for a term of one (1) year from January 1, 1902, with the privilege of a renewal, at an annual rental of five hundred dollars (\$500) and water tax, payable semi-annually; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the city that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the city from Christoph Graeser, of premises consisting of the store floor and part of the cellar at No. 923 Steinway avenue, Long Island City, for the use of the Queens Borough Library, for a term of two (2) years from the date of occupation, at an annual rental of two hundred and seventy dollars (\$270), payable quarterly; the Library to have the privilege of three renewals of one (1) year each on the same terms and conditions; the lessor to make alterations at his own expense and fit the premises for library uses; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the city that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolutions unanimously adopted.

At this time the Chamberlain appeared and took his seat in the Board.

The following resolution was received from the Trustees of the College of The City of New York, relative to a lease of premises No. 125 East Twenty-third street, Borough of Manhattan:

Resolved, That this Board hereby rescinds its former action in adopting the resolution found on page 43 of the minutes of January 20, 1902, requesting the Commissioners of the Sinking Fund to authorize the Comptroller to execute a lease of the store and the first and second floors of the premises known as No. 125 East Twenty-third street, Borough of Manhattan, and that the following resolution be adopted in lieu thereof:

Resolved, That the Commissioners of the Sinking Fund be and they hereby are requested to authorize the Comptroller to execute a lease with the Beach Estate heirs of the front basement, the store floor and the second and third floors of the premises known as No. 125 East Twenty-third street, Borough of Manhattan, to be used as an annex to the College of The City of New York, for the period from February 1, 1902, to May 1, 1905, at an annual rental of eleven thousand dollars (\$11,000), payable in equal monthly installments; the owners to supply light, heat and janitor's service without additional charge, and elevator service for the professors only. The said owners are also to erect the partitions, wardrobes, stairways,

plumbing work, etc., as may be necessary and approved of by the Building Department of the city.

A true copy of resolutions adopted by the Board of Trustees of the College of The City of New York on February 17, 1902.

CHAS. PUTZEL, Secretary of the Board of Trustees.

In connection therewith the Comptroller presented the following report:  
February 19, 1902.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—The Trustees of the College of The City of New York have made application for a lease of the store and the first and second floors of premises known as No. 125 East Twenty-third street, Borough of Manhattan, to be used as an annex to the College of the City of New York, for a term of three years and three months from February 1, 1902, at an annual rental of \$11,000, payable monthly, the owners to supply light, heat and janitor's services, and to erect the partitions, wardrobes, stairways, plumbing work, etc., as may be necessary and approved of by the Building Department of the city.

The trustees of the college, in a communication dated February 18, 1902, state as follows:

"In explanation we submit that, although \$11,000 is considered by us a full rental price, it is not unreasonable when the character and expense of the alterations are considered, and the fact that it is not to be used for business purposes, for which it was built, and must be restored to its present condition and arrangement when our lease expires. For our use the floors and beams must be cut on each floor to permit new stairways to be built from the basement to the third floor, new partitions must be put in and expensive plumbing changes added in the basement for the accommodation of three hundred students.

"The use of a new building like this for school purposes is regarded as a destructive one, and as it is the only available building within accessible distance to the College, we have induced the owners to consent to a lease upon the terms first above stated; but they will not accept any lower price and can, we believe, readily rent it for business purposes if it is not taken at once for the College.

"The additional accommodations furnished by securing this building are absolutely necessary, as the work of the College has been greatly impaired by the fact that some classes are overcrowded with forty to sixty scholars. By securing thirty-five rooms in the Cass Realty Company's building and eleven in this we will be able to reduce the size of the sections to a proper number—from twenty-five to thirty.

"For these reasons we request that the resolution be approved and that the lease be authorized upon the terms named."

There is no question but that the rental is somewhat high, but in view of the facts as above stated and the great necessity that something must be done without delay to relieve the overcrowded condition of the College, I am of the opinion that it would be for the interests of the city to authorize the lease as requested by the Trustees of the College.

Respectfully,  
EDWARD M. GROUT, Comptroller.  
February 19, 1902.

*Hon. EDWARD M. GROUT, Comptroller:*

SIR—At a meeting of the Trustees of the College of The City of New York, held February 17, 1902, the attached resolutions were adopted:

Accompanying the resolutions is a statement of the Trustees, by their Secretary, in explanation of the selection of the building and the terms proposed.

I have caused an examination to be made of the building, of which it is proposed to lease the store floor, the first and second floors and front basement.

The premises consist of a new six-story and basement brick building nearly covering a lot 28 feet 6 inches by 98 feet 9 inches. The building is not of fire-proof construction, front being of gray brick; was built for business purposes, is heated by steam, piped for gas, wired for electricity, and contains an elevator and one wooden stairway about four feet wide.

I am informed that the store and lofts in their present condition are offered at the following rates, including heat and service:

Store .....	\$3,500 00 per annum
First loft .....	2,500 00 per annum
Second loft .....	2,200 00 per annum
	\$8,200 00

To make this building suitable for class rooms for the use of the college alterations as follows were necessary:

First—To cut a second stairway, four feet wide, from the second loft to the basement.

Second—To divide the respective floors by lath and plaster partitions into class rooms, ten in all, and coat rooms.

Third—To furnish ten closets and ten urinals in the basement.

For these alterations the landlord demands a rental of \$11,000 per annum, for a three year term, to include heat, light and janitor's service, which advance over \$8,200 per annum, it is estimated, is no more than sufficient to cover the cost of alterations and return the building to its present condition at the end of the lease, together with the probable loss in rental of the upper stories by reason of the occupation of the building for school purposes. Also, that the lease commence February 1, 1902, although the alterations cannot be completed for at least three to four weeks after the lease is authorized.

The floor space available is about 5,650 square feet on the three floors, which is at the rate of \$1.95 per square foot per annum. As will be seen, this rental is higher than in most office buildings of the city, and could only be justified by the absolute necessity of the situation.

This is set forth to a certain extent by the letter of explanation of the Trustees, and Mr. Theodore F. Miller, one of the Trustees, has called upon me a number of times and has assured me that no other building within easy access of the College can be made to fit the conditions, at any less rental. Mr. Miller claims that a modern building of first class construction, if not fireproof, with ample means of egress, is absolutely necessary for the health and safety of the scholars, in which I agree.

The letter of the Trustees also states that the Commissioners of the Sinking Fund have heretofore authorized a lease of this building at \$9,500, but this is in error, as the matter has not as yet been brought before them, for upon investigation upon the first proposition I was informed that the landlord would not agree to put in the extra staircase for a rental of \$9,500.

The Trustees also state that this rental compares favorably with that paid for the use of the second floor, Metropolitan Life Building, formerly leased for the College at \$10,000 per annum, but I differ from this statement, for in that case 9,000 square feet of floor space was available, the owners agreeing to partition off into rooms as required, and the rate was but \$1.11 per square foot, all on the second floor, against \$1.95 in this case on three floors. The Metropolitan Building is, however, not now available.

I am informed that these terms, as proposed, are the only terms which will be acceptable to the owners of this building.

All of which is respectfully submitted.  
EUG. E. McLEAN, Engineer.

Discussion followed, participated in by all the members of the Board.

On motion, the matter was laid over.

The Comptroller later called the attention of the Board to the communication from the Trustees of the college requesting favorable action on account of the pressing necessity for the additional room, and moved that the action just taken be reconsidered, which was carried.

The Comptroller offered the following resolution:

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the city, from the heirs of the Beach Estate, of the front basement, the store floor and the second and third floors of the premises known as No. 125 East Twenty-third street, in the Borough of Manhattan, to be used as an annex to the College of the City of New York, for a term from February 1, 1902, to May 1, 1905, at an annual rental of eleven thousand dollars (\$11,000), payable monthly, the owners

to supply light, heat and janitor's service without additional charge, and elevator service for the professors only; also to make the partitions, wardrobes, stairways, plumbing work, etc., as may be necessary and approved of by the Building Department of the city; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the city that such lease be made, the Comptroller is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The Comptroller presented the following report and offered the following resolution relative to the application of Thomas Bingham for permission to conduct a restaurant and bar business in West Washington Market:

February 18, 1902.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Mr. Thomas Bingham, who leases stands Nos. 13, 14 and 15, in Thirteenth avenue, West Washington Market, for market purposes, has made application for permission to conduct a restaurant business in said stands with the privilege to sell liquors. There are two such places at present in the market, which I understand will soon be inadequate for the needs of the neighborhood, as the Dock Department, who are dredging around the market, will soon cause buildings to be removed containing four such restaurants. The application is accompanied by a petition from the Executive Board of the West Washington Association indorsing the application and requesting that favorable action be taken thereon.

The market restaurants have always been among the most orderly places of the kind in the city, and the fact of their having practically no trade to supply on Sunday has rendered the tenants free from even the temptation of violating the Sunday closing law. This additional restaurant I understand would be a great convenience to the marketmen and the public having business with the market.

It may be stated in this connection that for the past two hundred and sixty years "buildings owned by the public" in The City of New York, have uninterruptedly been used for the sale of wines, ale, beer and liquors.

In the year 1642 the Stadt Harberg or City Tavern was built under William Kieft, Director, on the spot known as Nos. 71 and 73 Pearl street, and was rented with the right to sell wine, beer and liquors.

Mr. Bingham has been paying rental at the rate of \$16.25 per week, and the Collector of City Revenue recommends that the rental be fixed at \$20.75, if used as a bar and restaurant.

I can see no objection to the granting of the application and submit the matter to this Board for consideration.

Respectfully,

EDWARD M. GROUT, Comptroller.

Discussion followed.

Mr. Bingham appeared before the Board and was heard in regard thereto.

The Comptroller offered the following resolution:

Resolved, That pursuant to the provisions of section 163 of the Greater New York Charter, permission be and is hereby granted to Thomas Bingham to conduct a restaurant business with privilege to sell liquors on Stands Nos. 13, 14 and 15, situated on Thirteenth avenue, corner of Thompson avenue, in West Washington Market, and that the necessary application for the excise license is hereby authorized; and,

Resolved, That the rental to be paid for said stands be and is hereby fixed at the sum of twenty dollars and seventy-five cents (\$20.75) per week.

The report was accepted and the resolution unanimously adopted.

The following petition was received from Thomas P. Everett and others for a release of the city's interest in a portion of the Brooklyn and Jamaica Turnpike road:

BROOKLYN, January 2, 1902.

Hon. EDWARD M. GROUT, Comptroller of The City of New York;

SIR—Herewith I hand you application of Thomas P. Everett and others for release by The City of New York of its interest in certain premises in Brooklyn therein described.

Respectfully,

D. S. COE, Attorney for Applicants.

To the Honorable the Commissioners of the Sinking Fund of The City of New York: The petition of Thomas P. Everett, William F. Blake and Louisa R. Broad, respectfully shows:

That one William B. Foster in the year 1866 became the owner in fee of all that lot of land shown on the accompanying diagram, and so continued until his said title vested in Julia A. Blake, upon his decease, by devise from him, in the year 1886, and that said Julia A. Blake continued as such owner until her death, in the year 1893, when the same by devise from her vested, and has ever since continued, in your petitioners; subject only to the rights of the late City of Brooklyn and the present City of New York as successor to said City of Brooklyn, in and to that portion of said lot which lies southwest of the northeasterly line of the old Brooklyn and Jamaica turnpike road shown on said diagram.

That for many years your petitioners and their said predecessors in title have been in the possession of the whole of this lot, it having been long ago built upon and being now wholly occupied by a brick building, and your petitioners are now in possession of the same. Moreover, for many years this lot (including that part which lies in the old road) has been assessed as one parcel and taxes levied thereon, and all said taxes, water rates and assessments have been paid by your petitioners and their said predecessors.

That the said lot is designated on the Assessment Map of the Eleventh Ward of the Borough of Brooklyn as Lot No. 26, in Block No. 150, and is bounded and described as follows, viz.:

All that certain plot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn of The City of New York, County of Kings and State of New York, bounded and described as follows, to wit: Beginning at the corner formed by the intersection of the northerly side of Lafayette avenue with the westerly side of Rockwell place (formerly Navy street); running thence westerly along the northerly side of Lafayette avenue twenty-two feet six inches to the northeasterly side of Flatbush avenue; thence northwesterly along the northeasterly side of Flatbush avenue eighty-eight feet three and three-quarters inches to land now or late of one Witty; thence easterly along said land fifty-seven feet four inches to the westerly side of Rockwell place, and thence southerly along the westerly side of Rockwell place eighty-nine feet three inches to the corner, the point or place of beginning.

That as your petitioners are informed and believe the interests of The City of New York in the portion of said lot lying in the old Brooklyn and Jamaica turnpike road as aforesaid is a mere cloud upon the title of your petitioners, and for the purpose of perfecting the record title to this lot, your petitioners desire to acquire all the right, title and interest of The City of New York in and to that portion of the said old road, which is included within its boundaries.

The Brooklyn and Jamaica turnpike at this point has not been used as a public highway for a great many years and the late City of Brooklyn released its interest in a great part thereof in this locality to the abutting owners.

On April 26, 1875, a resolution was adopted by the Common Council of the City of Brooklyn whereby it was provided, among other things, that in all cases where assessments, taxes or water rates to the amount of fifty dollars have been or shall be paid upon any lot of twenty-five hundred (2,500) feet square, or at the same rate or proportion for any part or portion of a lot lying within said old Brooklyn and Jamaica Turnpike road, then and in such case, on sufficient proof thereof, the Mayor, under the direction of the Corporation Counsel, should make, execute and deliver to the proper parties quit-claim deeds in the name of the city for such lots or part of lots, and that in all cases the parties, on receiving such deeds, should produce evidence to the Corporation Counsel that all taxes, assessments and water rates have been paid.

That all said taxes, assessments and water rates on this lot have been paid and the amount of the same is far in excess of the sum of fifty dollars; that the interest of the city in the portion of this lot which lies within the lines of the old Brooklyn and Jamaica Turnpike road as aforesaid, is not of substantial value, and your petitioner is informed and believes that in applications similar to this, the present city has appraised its like interests at a nominal sum.

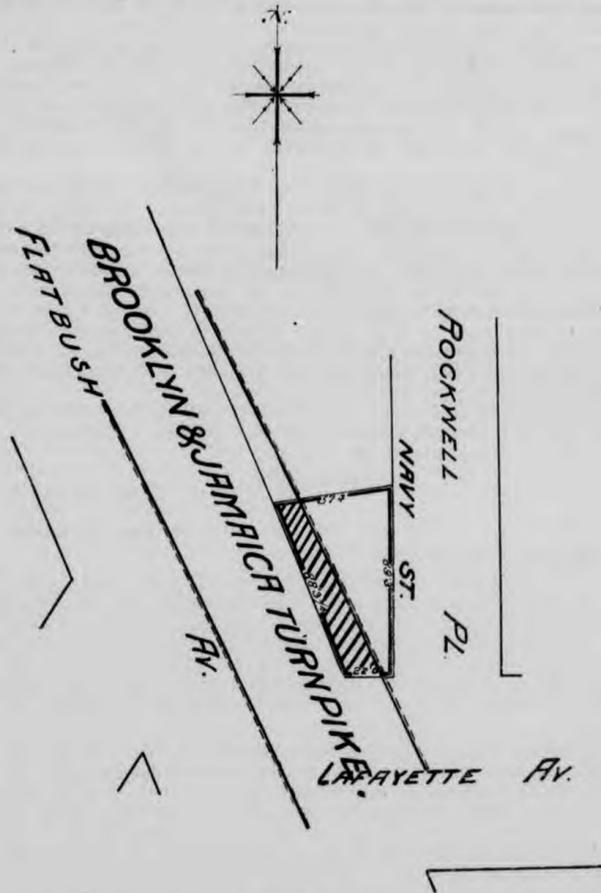

Wherefore, Your petitioners pray that all the right, title and interest of The City of New York in and to that part of the said Brooklyn and Jamaica Turnpike road in-

cluded within the boundaries of the lot above described may be released to your petitioners; that the interest of the city therein and the expenses of such release, examinations, etc., be appraised and fixed; that a sale by auction be dispensed with and petitioners be allowed to purchase said interest in such manner and upon such terms and conditions as in the judgment of the Honorable the Commissioners of the Sinking Fund of The City of New York shall seem proper; pursuant to the provisions of section 205 of chapter 466 of the Laws of 1901.

Dated Brooklyn, January 2, 1902.

Respectfully,

THOMAS P. EVERETT, WILLIAM F. BLAKE and LOUISA R. BROAD, by D. S. COE, their attorney, No. 175 Remsen street, Brooklyn, N. Y.

In connection therewith the Comptroller presented the following report of the Engineer of the Department of Finance and opinion of the Corporation Counsel, and offered the following resolution:

January 8, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Thomas P. Everett, William F. Blake and Louisa R. Broad, by D. S. Coe, their attorney, No. 175 Remsen street, Brooklyn, N. Y., in a petition under date of January 2, 1902, to the Commissioners of the Sinking Fund, pray that: "All the right, title and interest of The City of New York in and to that part of the said Brooklyn and Jamaica turnpike road included within the boundaries of Lot 26, Block 150 in the Eleventh Ward of the City of Brooklyn, may be released to your petitioners; that the interest of the city therein and the expenses of such release, examination, etc., be appraised and fixed; that a sale at auction be dispensed with and petitioners be allowed to purchase said interest in such manner and upon such terms and conditions as in the judgment of the Honorable the Commissioners of the Sinking Fund of The City of New York shall deem proper," pursuant to the provisions of section 205 of chapter 466 of the Laws of 1901.

The petitioners state:

"That one William B. Foster in the year 1866 became the owner in fee of all that lot of land shown on the accompanying diagram and so continued until his said title vested in Julia A. Blake, upon his decease, by devise from him in the year 1886, and that said Julia A. Blake continued as such owner until her death, in the year 1893, when the same, by devise from her, vested, and has ever since continued, in your petitioners; subject only to the rights of the late City of Brooklyn and the present City of New York as successor to said City of Brooklyn, in and to that portion of said lot which lies southwest of the northeasterly line of the old Brooklyn and Jamaica turnpike road shown on said diagram.

"That for many years your petitioners and their said predecessors in title have been in the possession of the whole of this lot, it having been long ago built upon and being now wholly occupied by a brick building, and your petitioners are now in possession of the same. Moreover, for many years, this lot (including that part which lies in the old road) has been assessed as one parcel and taxes levied thereon, and all said taxes, water rates and assessments have been paid by your petitioners and their said predecessors.

"That as your petitioners are informed and believe the interests of The City of New York in the portion of said lot lying in the old Brooklyn and Jamaica turnpike road as aforesaid is a mere cloud upon the title of your petitioners, and for the purpose of perfecting the record title to this lot, your petitioners desire to acquire all the right, title and interest of The City of New York in and to that portion of the said old road which is included within its boundaries.

"The Brooklyn and Jamaica turnpike at this point has not been used as a public highway for a great many years, and the late City of Brooklyn released its interest in a great part thereof in this locality to the abutting owners.

"On April 26, 1875, a resolution was adopted by the Common Council of the City of Brooklyn whereby it was provided among other things that in all cases where assessments, taxes or water rates to the amount of fifty dollars have been or shall be paid upon any lot of twenty-five hundred (2,500) feet square, or at the same rate or proportion for any part or portion of a lot lying within said old Brooklyn and Jamaica turnpike road, then and in such case, on sufficient proof thereof, the Mayor, under the direction of the Corporation Counsel, should make, execute and deliver to the proper parties quit-claim deeds in the name of the city for such lots or part of lots, and that in all cases the parties on receiving such deeds should produce evidence to the Corporation Counsel that all taxes, assessments and water rates have been paid.

"That all said taxes, assessments and water rates on this lot have been paid, and the amount of the same is far in excess of the sum of fifty dollars; that the interest of the city in the portion of this lot, which lies within the lines of the old Brooklyn and Jamaica turnpike road, as aforesaid, is not of substantial value, and your petitioner is informed and believes that in applications similar to this, the present city has appraised its like interests at a nominal sum."

I have confirmed all the statements made in said petition, and in view of the opinion of the Corporation Counsel frequently expressed in previous similar cases, and in particular the opinion rendered April 27, 1900 (see Min. of S. F. 1900, p. 289), that the interest of The City of New York in the land included within the old Brooklyn and Jamaica turnpike road is very slight and in no way substantial, and that a nominal sum would be sufficient for a quit-claim deed; and in view of the fact that similar releases to the one above requested, and made by the former City of Brooklyn, under resolutions of the Common Council, and since consolidation by The City

of New York under resolutions of the Commissioners of the Sinking Fund, have been made for a nominal consideration. It would appear to me that there is no objection to granting the application of the petitioners in this instance.

Section 205 of the Amended Greater New York Charter (chapter 466 of the Laws of 1901) provides that the Commissioners of the Sinking Fund shall have power by unanimous vote \* \* \* "to release such interests of the city in real estate as the Corporation Counsel shall certify in writing to be mere clouds upon titles of private owners in such manner, and upon such terms and conditions, as in their judgment shall seem proper."

My interpretation of this section is that the Corporation Counsel should certify in writing to each separate application for releases, similar to the above, and in consequence I would recommend that this application be sent to him for such certificate, if, in his opinion, the same should be given.

If the Corporation Counsel shall so certify, I would propose that the Commissioners of the Sinking Fund authorize a release or quit claim to Thomas P. Everett, William F. Blake and Louisa R. Broad, of all the right, title and interest of The City of New York in and to all that portion of the said Brooklyn and Jamaica turnpike road included within the boundaries of Lot No. 26, in Block No. 150 of the Eleventh Ward of the Borough of Brooklyn, which lot is more particularly described as follows:

"All that certain plot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn, of The City of New York, County of Kings of the State of New York, bounded and described as follows, to wit: Beginning at the corner formed by the intersection of the northerly side of Lafayette avenue with the westerly side of Rockwell place (formerly Navy street); running thence westerly along the northerly side of Lafayette avenue 22 feet 6 inches to the northeasterly side of Flatbush avenue; thence northwesterly along the northeasterly side of Flatbush avenue 88 feet 3/4 inches to land now or late of one Witty; thence easterly along said land 57 feet 4 inches to the westerly side of Rockwell place, and thence southerly along the westerly side of Rockwell place 89 feet 3 inches to the corner, the point or place of beginning."

That the interest of The City of New York in and to the same be placed at the sum of one dollar (\$1) and the expenses of such release, examination, etc., be appraised and fixed at one hundred dollars (\$100).

Respectfully,  
EUG. E. McLEAN, Engineer.

NEW YORK, February 3, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received your communication of January 10, 1902, submitting for my consideration an application made to the Commissioners of the Sinking Fund by Thomas P. Everett and others, for a release of the city's interest in certain premises in Brooklyn. You say that a report has been made to you on the subject by the Engineer of your Department, which report stated that in the opinion of the Engineer a certificate should be given by me, in pursuance of section 205 of the Amended Greater New York Charter before the same is presented to the Commissioners of the Sinking Fund for action.

Section 205 provides that: "Said Commissioners of the Sinking Fund shall have power by unanimous vote to settle and adjust by mutual conveyances or otherwise, and upon such terms and conditions as may seem to them proper, disputes existing between the city and private owners of property, in respect to boundary lines and to release such interests of the city in real estate as the Corporation Counsel shall certify in writing to be mere clouds upon titles of private owners, in such manner and upon such terms and conditions as in their judgment shall seem proper." \* \* \*

The object of your communication I assume is that I should give such certificate in the present instance, if in my judgment it is proper so to do. The alleged cloud upon the title to the property of the petitioners is that a portion of the land formerly forming a part of the Jamaica turnpike road, in the City of Brooklyn, is included in the premises owned and occupied by them. Concerning the status of the property formerly forming a part of this turnpike, an opinion was delivered to the Comptroller by my predecessor in office on the 27th day of April, 1900. That opinion was rendered in response to an inquiry as to the interests of The City of New York in and to the property described, and whether it be material or nominal. It was there said:

"In reply thereto I would say that the interest of the City of Brooklyn in the old Brooklyn and Jamaica turnpike was never claimed to be by that city more than nominal. Quit-claim deeds were given from time to time by resolution of the Common Council at the request of property owners who desired thus to remove any possible cloud that might rest upon their property by reason of the former use thereof as a turnpike. The consideration asked for these deeds was nominal, and no proper application was refused. The title to the land covered by this road was passed upon by the Court of Appeals in the case of Dunham vs. Williams (37 N. Y., 251), and it appears by the opinion in that case that the land, although formerly owned by the government, was subsequently condemned for use as a turnpike and damages were assessed in favor of the corporate authorities of Brooklyn and Flatbush as claimants of the fee in the roadbed. The land was subsequently transferred to the Brooklyn and Jamaica Road Company and was afterward sold by that corporation, under legislative authority, to other parties.

"My answer to your first question is, that the interest of The City of New York in the property described in the petition submitted with our communication is merely nominal."

I see no reason for differing from the views expressed in that opinion. I therefore hereby certify that whatever interest the city may have in the property formerly forming a part of the Brooklyn and Jamaica turnpike, which is included in the premises covered by the petition of Thomas P. Everett, William F. Blake and Louisa R. Broad is a mere cloud upon the title of such owners. The said property is known and designated on the assessment map of the Eleventh Ward of the Borough of Brooklyn as Lot No. 26, in Block No. 150, and is bounded and described as follows, viz.:

"All that certain plot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn, of The City of New York, County of Kings and State of New York, bounded and described as follows, to wit: Beginning at the corner formed by the intersection of the northerly side of Lafayette avenue with the westerly side of Rockwell place (formerly Navy street); running thence westerly along the northerly side of Lafayette avenue, 22 feet 6 inches, to the northeasterly side of Flatbush avenue; thence northwesterly along the northeasterly side of Flatbush avenue, 88 feet three and three-quarter inches to land now or late of one Witty; thence easterly along said land, 57 feet 4 inches to the westerly side of Rockwell place, and thence southerly along the westerly side of Rockwell place, 89 feet 3 inches, to the corner, the point or place of beginning."

Respectfully,  
G. L. RIVES, Corporation Counsel.

Resolved, That pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit-claim to Thomas P. Everett, William F. Blake and Louisa R. Broad, of all the right, title and interest of The City of New York in and to all that portion of the Brooklyn and Jamaica Turnpike road included within the boundaries of Lot 26 in Block 150 of the Eleventh Ward of the Borough of Brooklyn, which lot is more particularly described as follows:

"All that certain plot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn of The City of New York, County of Kings of the State of New York, bounded and described as follows, to wit: Beginning at the corner formed by the intersection of the northerly side of Lafayette avenue with the westerly side of Rockwell place (formerly Navy street); running thence westerly along the northerly side of Lafayette avenue 22 feet 6 inches to the northeasterly side of Flatbush avenue; thence northwesterly along the northeasterly side of Flatbush avenue, 88 feet 3/4 inches, to land now or late of one Witty; thence easterly along said land, 57 feet 4 inches to the westerly side of Rockwell place, and thence southerly along the westerly side of Rockwell place, 89 feet 3 inches, to the corner, the point or place of beginning."

The Corporation Counsel having certified to the Commissioners of the Sinking

Fund, under date of February 3, 1902, that whatever interest the city may have in the property is a mere cloud upon the title of the owners.

Resolved, That the interest of The City of New York in and to the same, be and is hereby placed at the sum of one dollar (\$1); and the expense of such release, examination, etc., be and is hereby appraised and fixed at one hundred dollars (\$100). The report was accepted and the resolution unanimously adopted.

The Comptroller called the attention of the Board to the unsettled condition of the proposed sale of the ferry franchises of the Fulton, Wall, Catharine, South and Hamilton Avenue ferries (see Min. 1901, pp. 157, 176, 181, 275, 331), and offered the following resolution:

Resolved, That the Commissioner of Docks be and is hereby requested to report to this Board at its next meeting the facts in regard to the proposed sale of the ferry franchises of the Fulton, Wall, Catharine, South and Hamilton Avenue ferries. Which was unanimously adopted.
