Approving and ratifying the action of the Committee on Buildings in appointing as Inspectors of Masonry and Carpentry on May 27, 1907, Thomas F. Duffy, of No. 995 East One Hundred and Eighty-first street, The Bronx, and Thomas J. Byrne, of No. 510 West Fifty-seventh street, Manhattan, whose names were certified by the Municipal Civil Service Commission, at a rate of compensation of \$30 per week each.

Approving and ratifying the action of the Committee on Buildings in appointing the following-named persons, whose names were certified by the Municipal Civil Service Commission, on the dates and at the rates of compensation mentioned:

Everett G. Haymaker, No. 445 East Ninth street, Brooklyn, Structural Steel Draughtsman, to take effect May 27, 1907, salary \$35 per week.

James J. Tobin, No. 20 Moffatt street, Brooklyn, Inspector of Heating and Ventilation, to take effect June 1, 1907, salary \$30 per week.

Louis Jagendorf, No. 1118 Seventy-fifth street, Brooklyn, Office Boy (heating division), to take effect May 29, 1907, salary \$300 per year.

James H. Brady, No. 331 West Eighteenth street, Manhattan, Inspector of Masonry and Carpentry, to take effect June 7, 1907, salary \$30 per week.

Charles W. Hewitt, No. 452 Hopkinson avenue, Long Island City, L. I., Inspector of Masonry and Carpentry, to take effect June 7, 1907, salary \$30 per week.

Thomas Butler, No. 96 Lexington avenue, Manhattan, Inspector of Masonry and Carpentry, to take effect June 10, 1907, salary \$30 per week.

Nathan Adelstein, No. 4 Rutgers place, Manhattan, Office Boy (draughting division), to take effect June 10, 1907, salary \$300 per year.

Approving the action of the Committee on Buildings in accepting the resignation of Henry Daube, Inspector of Masonry and Carpentry in the Bureau of Buildings, Borough of Queens, taking effect June 1, 1907.

Requesting the President of the Borough of Brooklyn to arrange for the laying of asphalt pavement on Park place, between Nostrand avenue and Rogers place, Brooklyn, for the benefit of the Training School for Teachers, at as early a date as possible.

The following preamble and resolution were adopted:

Whereas, Your committee is in receipt of a complaint that the noise of vehicular traffic in the vicinity of Public School 116, Brooklyn, is so great and continuous that the carrying on of school functions is practically impossible; therefore, be it

Resolved, That the President of the Borough of Brooklyn be and he is hereby respectfully requested to arrange for the laying of asphalt pavement on Knickerbocker avenue, between Bleecker and Grove streets, Brooklyn, at as early a date as possible.

Requesting the Secretary to notify the owner of the premises at Schenectady avenue and Prospect place, Brooklyn, occupied as an annex to Public School 83, that the lease which will expire on November 14, 1907, will not be renewed, for the reason that the City Superintendent states that further occupancy thereafter will be unnecessary.

Approving and ratifying the action of the Committee on Buildings in fixing the compensation of the following named Inspectors at the rate of \$33 per week each, in accordance with the schedule of salaries of Inspectors adopted by the Board of Education on January 23, 1907 (see Journal, pages 150-151), to take effect on the dates stated, said dates marking the termination in each instance of three years of continuous and meritorious service:

Claudius Nixon, to take effect June 13, 1907.
John McPherson, to take effect June 21, 1907.
C. G. Fairchild, to take effect June 21, 1907.

Approving the accompanying plans for the erection of the new school building hereinafter mentioned, which received approval at a meeting of the Committee on Buildings held on May 27, 1907:

BOROUGH OF BROOKLYN. Public School 76, Addition.

Size of lot: 102 feet by 165 feet; size of building, 160 feet by 87 feet; 32 class rooms; 2 kindergarten rooms; 1 gymnasium (two units); auditorium, first floor; play-rooms in basement.

The following preamble and resolution were adopted:

Whereas, On March 23, 1904 (see Journal, pages 601-602), the Board of Education adopted a resolution turning over to the Commissioners of the Sinking Fund, until such time as the Department of Education should request the surrender of the same for use for school purposes, the unoccupied school building on Bailey avenue and Albany road, Kingsbridge, The Bronx (old Public School 66); and

Whereas, Said building was on April 12, 1904, assigned to the Fire Department, which has occupied the same since that time; and

Whereas, The Fire Commissioner requests that the building be turned over to the Commissioners of the Sinking Fund unreservedly, so that the Fire Department may proceed with the demolition of the present structure and the erection of a suitable fire apparatus house on the site thereof; and

Whereas, The Board of Superintendents, under date of June 10, 1907, reported that it is the sense of said Board that the erection of a school building on the site of old Public School 66 would be undesirable, on account of the proximity of the building to the steam railroad and the nature of residential developments in the vicinity; therefore be it

Resolved, That the premises formerly occupied as Public School 66 and situated on Bailey avenue and Albany road, Kingsbridge, Borough of The Bronx, be and they are hereby turned over to the Commissioners of the Sinking Fund for such action as they may deem advisable, the Department of Education having no further use for the same.

Concurring in the action of the Committee on Buildings taken June 10, 1907, in deciding that the work under the contract of Peter Kieran Company for the erection of outside iron stairs at the annex to the Washington Irving High School (No. 146 Grand street), Manhattan, is unnecessarily and unreasonably delayed, that said contractors are wilfully violating the conditions and covenants of said contract, and that the said work is not being done according to the terms thereof; declaring the contract of Peter Kieran Company for the erection of outside iron stairs at the annex to the Washington Irving High School (No. 146 Grand street), Manhattan, Metropolitan Surety Company, sureties on said contract, voided and forfeited for non-compliance with the terms thereof; and authorizing the Chairman of the Committee on Buildings to serve formal notice to the foregoing effect upon said Peter Kieran Company and their sureties.

Approving and ratifying the action of the Committee on Buildings in rejecting all bids received June 10, 1907, for installing heating and ventilating apparatus for additions to and alterations in Public School 23, Queens, for the reason that the same were deemed excessive.

Amending the report of the Committee on Buildings, adopted by the Board of Education on May 22, 1907 (see Journal, pages 889-892), relative to the amount of Corporate Stock required for the remainder of this year for the erection and equipment of new buildings and additions by inserting in Schedule C, under the caption "Borough of Brooklyn," the following item, which was inadvertently omitted:

"Girls' High School, Nostrand avenue, addition, gymnasium, etc..... \$100,000 00,"

by striking out the total of said Schedule C and inserting instead the amount "\$2,025,000," by striking out the amount "\$1,925,000" in the "Resume" and inserting the amount "\$2,025,000," and by striking out the total of said "Resume" and inserting instead the amount "\$11,437,490"; also by striking out the amount "\$11,337,490" in the first resolution attached to said report and inserting instead the amount "\$11,437,490."

The following preamble and resolution were adopted:

Whereas, The Committee on Buildings is in receipt of sundry estimates from contractors for additional work under their contracts, as follows:

Estimate of Walker & Chambers, contractors for heating and ventilating apparatus at Public School 85, Brooklyn, \$521, for repairing damage caused by the general contractor to radiators, thermostat work, etc.

Estimate of Thos. Cockerill & Son, contractors for the general construction of addition to Public School 41, Manhattan, \$40, for furnishing 12-inch iron beams instead of 10-inch beams in the front wall of the first story and changing masonry.

Estimate of Waters & O'Connell, contractors for the general construction of Public School 90, Manhattan, \$42, for changing the location of waste pipe and vent pipe in the main vestibule.

Estimate of Juan B. Arci, contractor for the general construction of Brooklyn Training School for Teachers, \$154, for removing stone and recutting and resetting stone as shown on detail.

Estimate of T. Frederick Jackson, Inc., contractors for electric work at New York Parental School, Queens, \$1,395, for making sundry changes as per specifications.

Estimate of George Hildebrand, contractor for the general construction of Public School 12, Manhattan, \$60, for building chimney five feet higher.

And, whereas, The Superintendent of School Buildings reports that these estimates are reasonable and that the work is necessary; therefore be it

Resolved, That the sum of two thousand two hundred and twelve dollars (\$2,212) be and the same is hereby appropriated from the proceeds of Corporate Stock, to be issued by the Comptroller pursuant to sections 47 and 169 of the revised Charter, application for the issue of which is hereby made; said amount to be applied in full payment for extra cost to Walker & Chambers, Thos. Cockerill & Son, Waters & O'Connell, Juan B. Arci, T. Frederick Jackson, Inc., and George Hildebrand, contractors, for additional work in connection with their contracts, as hereinbefore stated; requisition for said sum being hereby made upon the Comptroller.

The Committee on Finance respectfully reports financial ability to make the appropriation mentioned in the foregoing resolution.

Suspending subdivisions 2 and 5 of section 31 of the By-Laws for the purpose of paying the following bills incurred under circumstances of an emergency nature:

| | |
|--|----------|
| Le Baron B. Johnson, Public School 135, Manhattan, additional bell system..... | \$154 00 |

| W. F. Buckley, Public School 7, Brooklyn, repairing water main..... | 203 75 |
| William J. Olvany, Public School 71, Manhattan, raising steam boiler, etc..... | 650 00 |

Approving and ratifying the action of the Committee on Supplies in extending for two months, at a salary of \$50 per month, the period of service of Michael L. Giblin, who was appointed as a Cleaner in the Bureau of Supplies on February 28, 1907, for a period of three months (see Journal, pages 480-481).

Transferring the name of George A. Ryan, Office Boy, salary \$300 per annum, lately promoted from the sanitary division to the general office of the Bureau of Buildings, to the account entitled Salaries of Officers, Clerks and Other Employees, taking effect June 1, 1907.

Continuing the services of the under-mentioned persons, now employed as temporary Clerks in the Bureau of Audit and Accounts, for a further period of three months from the dates specified, or for such lesser period as may be required, the Municipal Civil Service Commission having granted the necessary authority, the compensation to be paid to the before-mentioned persons to be the same as they are now receiving, namely, \$75 per month.

Patrick J. Reilly, June 18, 1907.

John V. O'Connor, June 13, 1907.

Isidore C. Karp, June 20, 1907.

The Committee on Finance respectfully reports financial ability to pay the salaries mentioned in the foregoing resolution.

The following preamble and resolution were adopted:

Whereas, The oaths of the Commissioners of Estimate and Appraisal in the condemnation proceeding for the acquisition of title to certain lands and premises on West Twentieth and West Twenty-first streets, between Eighth and Ninth avenues, Borough of Manhattan, as a site for school purposes, were filed in the office of the Clerk of the County of New York on April 24, 1907; and

Whereas, The said lands and premises are urgently required for school purposes, and title thereto should be acquired at as early a date as possible; therefore be it

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to adopt a resolution, in accordance with the provisions of section 1439 of the revised Charter, as amended, directing that title to said lands and premises, and all interests therein, vest in The City of New York ten days after the passage of such resolution.

BOARD OF EXAMINERS.

New York, July 23, 1907.

Present—Messrs. Warren A. Conover, Charles Buek, Lewis Harding, Charles G. Smith, Edward F. Croker and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Messrs. Smith and Harding excused by the Chairman.

Appeal No. 43 of 1907, new building — of 1907, northwest corner Ralph avenue and Quincy street, Brooklyn; Herbert R. Brewster, architect and appellant.

1. That the west gallery stairs, the lower section of which terminates in the west court, and is five feet six inches wide, exceeds the width for court stairways.

That an equally good and more desirable form of construction can be employed.

The terminating of these west gallery stairs in the court under the existing stair bay, these stairs to be the required width of five feet six inches.

That, under the existing conditions, this method appears to be the only practicable plan, and that, as this stairway is in connection with a large waiting room which is connected with the gallery stairs exclusively, an exceptionally desirable condition for safety in case of fire or panic is thereby secured.

Mr. Brewster appeared before the Board.

On motion, laid over.

Appeal No. 44 of 1907, new building 364 of 1907, north side of Sixty-sixth street 100 feet west of West End avenue, Manhattan, Oscar Lowinson, architect and appellant.

1. Building exceeds size allowable for non-fireproof building (Section 32 of the Code).

3. Rear wall of unlawful thickness (Sections 32 and 33 of Code).

8. Suitable foundations should be provided.

The superintendent has refused to approve of the mode, manner of construction and materials proposed to be followed or used in the erection of this building.

It is respectfully submitted that this is practically two buildings and if filed as such would be approved; that to expect fireproof of this class of construction in such a neighborhood is wrong and that it would work a hardship on the owner and prevent the construction, and for the purpose of this construction would be of little value, there being practically no difference between a fireproof and a non-fireproof garage. An examination of the plans show that as far as protection against fire is concerned every requirement other than fireproofing the building, of the Municipal Authorities has been made.

That a building of the size shown be permitted.

That the rear wall of thickness shown be permitted.

That foundations shown be permitted if excavation shows proper material.

(1) That a non-fireproof building be permitted, provided it be built as shown on amended plans.

(2) That the rear wall be permitted to be constructed as shown because the building practically is two buildings, and if considered as such, would be legal.

(3) That amendment 8 and Building Code sufficiently cover the question of foundations.

Mr. Lowinson appeared before the Board.

On motion, denied.

Appeal No. 45 of 1907, New Building 697 of 1907, Walnut avenue and One Hundred and Forty-first street, The Bronx, E. B. McLauri, appellant.

1. Within fire limits.

2. Exceeds fifteen feet in height.

3. Wooden structure.

This building adjoins the fire line. This building is built to conform and connect with the present structure. It is to be covered with corrugated iron complete on the street side and open on the yard side.

As this building is simply temporary pending the erection of a brick building covering the whole area of the plot (100 x 125) we beg permission to proceed with same without delay.

The present desired structure is temporary. Impractical to build a brick structure until certain existing derricks, etc., are removed. To be used as a temporary storage for building materials, etc.

Mr. McLauri appeared before the Board.

On motion, referred to Chief Croker for examination and report.

Appeal No. 46 of 1907, New Building 368 of 1907, Nos. 222-224 West Fifty-ninth street, Manhattan, Charles W. Buckner, architect and appellant.

Counting the mezzanines as stories the building will exceed twelve stories in height and should conform to all the requirements of Section 105 of the Code relating to the use of fireproof material.

The provisions of the law relating to the use of fireproof material do not apply to this building.

Does the building exceed twelve stories in height, within the meaning of Section 105 of the Building Code?

1. The building does not exceed 150 feet in height.

2. The building does not contain over twelve stories. There are only eight stories in the front of the building. Adding together the area of all the mezzanines and main floors and dividing by the area of one complete floor will show that there are less than twelve stories in the building.

Mr. Buckham appeared before the Board.

On motion, denied; (re-affirming action on appeal No. 34).

The Clerk reported that the resolutions anent the death of William J. Fryer (engrossed and bound in book form) were forwarded to Mrs. Fryer by registered mail, her receipt therefor under date of the 20th inst. having been received and filed.

Adjourned.

EDW. V. BARTON, Clerk.

BOARD OF EXAMINERS.

New York, July 30, 1907.

Present—Messrs. Warren A. Conover, Charles Buek, Lewis Harding, Charles G. Smith, Edward F. Croker and George A. Just, Chairman.

Meeting called to order at 2 p. m.

Messrs. Smith and Harding excused by the Chairman.

On motion, minutes approved as read.

Appeal No. 43 of 1907, laid over at last meeting. On the 29th inst., the appellant submitted the following amendment:

I beg hereby to amend my appeal No. 43 in such manner that same may be consistent with the letter of Mr. Moore, Superintendent of the Brooklyn Department.

For the reason that I have now altered the mezzanine plan in such manner that the stairs on the west side are now separated by a fireproof wall from those of the

east side; there being left an opening for entrance into the waiting room. From the mezzanine floor to the grade these westerly gallery stairs continue full width, and entirely independently from the fire escapes.

I therefore respectfully appeal to the Board from the decision of the Brooklyn Department, that these stairs are not separated while the said opening for entrance into the waiting room exists.

Mr. Brewster appeared before the Board.

On motion, laid over.

Appeal No. 45, referred to Chief Croker at last meeting.

Withdrawn by appellant.

Appeal No. 47 of 1907, New Building — of 1907, Nos. 213 to 223 Taaffe place, Brooklyn, Julius Kayser & Co., appellants.

Building covers 8,987 square feet, contrary to Section 32 of the Building Code.

That building is only four stories in height.

That the longest dimension of the building faces on the street.

That width of building is only sixty-one (61) feet, and there is a twenty-one-foot ten-inch yard back of same.

That building will be built of slow-burning, being mill construction throughout, floors being 4-inch yellow pine (thick) and 1-inch yellow pine wearing floor over.

That building will be equipped with sprinkler system throughout.

That he be allowed to cover an area of 8,987 square feet.

That the nature of the operations and the lay-out of machinery required for the manufacturing work to be carried on in said building are such that the floor area above-mentioned constitutes the minimum under which such operations can be carried on profitably.

Also the fact that a certain space has been taken away from the available area of each floor and devoted to fireproof stairways and elevator shaft.

Mr. J. C. Fitall appeared before the Board.

On motion, laid over for investigation.

Appeal No. 48 of 1907, Alteration 116 of 1907, No. 1472 Jennings street, The Bronx, William C. La Velle, architect and appellant.

No. 116, alteration, increasing height of building to two feet six inches beyond the lawful height limit, has been denied by the Superintendent of Buildings, borough of The Bronx.

Owing to the former grade being lowered six and one-half feet the building as it stands at present is without accessible entrance.

I ask permission to increase the height of the building two feet six inches.

The building as it stands at present is in no rentable condition, and the only manner in which the afore-mentioned building can be made tenable is to raise building two feet six inches in order to acquire entrance to the stories above.

Mr. Charles A. Hunter appeared before the Board.

On motion, laid over.

Appeal No. 249 of 1907, Alteration 336 of 1907, south side of One Hundred and Sixty-fifth street 60 feet east of Forest avenue, The Bronx, Michael J. Garvin, architect and appellant.

1. Proposed increase in height of frame building is unlawful.

The Building Code or Charter does not vest power in the Superintendent of Buildings or Borough President.

To raise frame building five feet higher than the present height, which will make height from curb level 36 feet.

I want to put a brick extension on front of frame structure 13 feet deep and store on first story. The height of the store would be only seven feet according to present conditions, whereas if I am permitted to raise the structure five feet it will give me 11 feet 6 inches in the clear for the store. It will not increase frame work but it will incur 5 feet more of brick work on present basement story. The structure, when raised, will be about the same height of adjoining frame structure on southeast corner of One Hundred and Sixty-fifth street and Forest avenue.

No appearance.

On motion, laid over.

Appeal No. 50 of 1907, Alteration No. 337 of 1907, south side One Hundred and Sixty-fifth street 80 feet from southeast corner Forest avenue, The Bronx, Michael J. Garvin, architect and appellant. (Same as Appeal No. 49).

No appearance.

On motion, laid over.

Appeal No. 51 of 1907, Alteration No. 1928 of 1907, north side Twenty-fifth street 300 feet from Eleventh avenue, Manhattan, Louis C. Maurer, architect and appellant.

4. Additional stairs and fire escapes should be provided.

5. Building exceeds area allowed for a non-fireproof structure and should not be increased in height.

The building being now four stories in height having two stairs enclosed with brick walls and two outside fire escapes and that the present fourth floor and the intended additional story will be used for storage purposes only and not for manufacturing.

The building, which is 200x88 feet deep, divided at the center on the interior with a brick partition wall full depth, and of same thickness as required by outside walls, having fireproof self-closing door to each opening, practically makes it two buildings with a small excess area; the boiler is in a separate building adjoining, divided by brick walls, and the main building having no cellar.

4. That the present stairs and fire escapes be sufficient after same being extended to new story.

5. And that additional story to the main building, now a four-story, to a five-story building.

4. That the interior stairs are enclosed with brick walls, unusually done in non-fireproof buildings, also having two outside stairs fire escape at front of building.

5. That the intended new story be used solely for storage purposes and not excessive as to height being only five stories in all with the new story.

Messrs. Maurer, Edmund and Connolly appeared before the Board.

On motion, laid over.

Letter from Baker, Voorhis & Co., read and ordered on file.

Letter from the Commissioner of Bridges read, and, on motion, referred to the Chairman with full power.

Adjourned.

EDWARD V. BARTON, Clerk.

NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK NOW KNOWN AS THE BOROUGH OF RICHMOND, FOR UNPAID TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES, ASSESSMENTS AND WATER RENTS, STEWART BUILDING, No. 280 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK CITY, August 10, 1907.

UNDER THE DIRECTION OF HERMAN A. METZ, Comptroller of The City of New York, the undersigned hereby gives public notice, pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assessments and Arrears, at his office in the Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York;

And that, if default shall be made in such payment, such lands and tenements will be sold at public auction, in Room 129, Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York, on

WEDNESDAY, NOVEMBER 20, 1907.

at 10 o'clock in the forenoon of that day, for the lowest term of years at which any person shall offer to take the same, in consideration of advancing the said taxes or assessments, as the case may be, and the interest thereon as aforesaid, to the time of sale, together with the charges of this notice and advertisement, and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given that a detailed statement of such taxes and assessments and the ownership of the property taxed and on which such taxes and assessments remain unpaid, is published in a pamphlet and that copies of the said pamphlet are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of Manhattan and Richmond, and will be delivered to any person applying for the same.

DANIEL MOYNAHAN,
Collector of Assessments and Arrears
of The City of New York.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
