PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Stock Quotation Telegraph Company has by a petition verified February 6, 1912, applied to this Board for its consent and approval to the continuance of its business, and the continued use and occupation of the streets of The City of New York, for the maintenance and operation of its system of wires and cables connecting its offices with each other, and with other offices and subscribers in the said City so as to allow of the collection and exchange by means of telegraph instruments, commonly known as "Morse instruments," of general news, financial news and other matters of general interest, and the distribution of the same over the said wires and cables to printing telegraph instruments, commonly known as "stock tickers," and

Whereas, In pursuance of such laws this Board adopted a resolution on March 28, 1912, fixing the date for the public hearing thereon as April 25, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Herald" and the "New York Press," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hear-

ing, and the public hearing was had on such date; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to The Stock Quotation Telegraph Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Stock Quotation Telegraph Company containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Stock Quotation Telegraph Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.
This Contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Stock Quotation Telegraph Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors under the streets and avenues within the Borough of Manhattan and the portion of the Borough of The Bronx lying west of the Bronx River, and to lay, construct, maintain and operate suitable wires or other electrical conductors, and the necessary conduits for the same, under the streets and avenues within the Borough of Brooklyn, and the Borough of Queens, for the purpose of electrically connecting its offices with each other and with other offices and with subscribers, so as to allow of the collection and exchange by means of telegraph instruments, commonly known as "Morse instruments," of general news, financial news and other matters of general interest, and the distribution of the same over the said wires and cables to printing telegraph instruments, commonly known as "stock tickers," and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits, and on bridges, for the purposes aforesaid, shall be held and enjoyed by the Company for the term of fifteen (15) years from January 1, 1913, with the privilege of renewal of said contract for a further period of ten (10) years, upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. A determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year after the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

1. The sum of ten thousand dollars (\$10,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor.

2. The further sum of five thousand dollars (\$5,000) in cash for use and occupation of the streets of the City since October 4, 1911, to be paid within thirty (30) days after the signing of this contract by the Mayor.

3. During the first term of five years, an annual sum which shall in no case be less than forty-five hundred dollars (\$4,500) and which shall be equal to three (3) per cent. of its gross annual receipts within the City, exclusive of rentals from its building or buildings, if such percentage shall exceed the sum of forty-five hundred dollars (\$4,500).

4. During the second term of five (5) years, an annual sum which shall in no case be less than six thousand dollars (\$6,000), and which shall be equal to four (4) per cent. of its gross annual receipts within the City, exclusive of said

rentals, if such percentage shall exceed the sum of six thousand dollars (\$6,000).

5. During the remaining term of this original contract, an annual sum which shall in no case be less than seventy-five hundred dollars (\$7,500), and which shall be equal to five (5) per cent. of its gross annual receipts within the City, exclusive of said rentals, if such percentage shall exceed the sum of seventy-five hundred dollars (\$7,500).

6. Such further sum or sums as may be imposed by the Bridge Commissioner for the use of such bridge or bridges under his jurisdiction as he may permit.

The annual charges shall commence from the date on which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the moneys due when this contract is signed by the Mayor shall be paid into the Treasury of the City within thirty (30) days immediately following such date, and provided further that the first annual payment thereafter shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose, unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City and in strict compliance with all laws or ordinances or departmental rules and regulations now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electrical system shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and the proper restoration of the surface of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Upon completion of any work or construction, the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, installed or constructed under this contract, and the location and dimensions of all substructures encountered during the progress of the work; the depth below the street surface of the new structures and of the substructures encountered must be shown, also their location with reference to the nearest curb line and the nearest curb line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues, in any department of the City or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, conductors, connections, instruments and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, conductors, connections, instruments and appurtenances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). In the Borough of

Manhattan and that portion of the Borough of The Bronx west of the Bronx River, such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City, should it succeed to the rights of such company or companies. In the other territory in which the Company is authorized to operate by virtue of this contract, it may construct such subways as are necessary for the accommodation of its cables and wires and no more. If the City shall construct or acquire subways for electrical conductors of the character or tension of those used by the Company or similar companies, in any or all of the Boroughs, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be necessary and available for the operation of the system hereby authorized. No cables or wires shall, in the future, be strung above the surface of the streets and avenues by the Company, and those at present in existence shall be removed and placed underground, when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—The use of any bridge under the jurisdiction of the Department of Bridges shall be at the discretion of the Bridge Commissioner and in accordance with such terms and conditions and upon such reasonable charges as he may prescribe.

Tenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant. Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets required on account of the construction or operation of the underground conduits herein authorized to be placed in the streets, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the right hereby granted to lay and maintain conduits shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move its conduits and their appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the Company is hereby authorized to operate be changed at any time during the term of this contract, or any renewal thereof, the Company shall, at its own expense, change its conduits and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets or avenues the Company shall take care of and protect its conduits and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Thirteenth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is authorized to operate, by this contract, not in arrears to it for service already rendered, extend its wires to such premises and furnish news or other service to such individual or corporation, provided that such premises are not more than one-half mile from any other premises in which the Company has its apparatus installed at the time such request is made.

Fourteenth—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on September 30 preceding, and the streets in which the same are located, and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity, on or before the tenth day of each month, a map or plan of the locations in which wires have been placed by it during the preceding month.

Fifteenth—The rates to be charged by the Company shall not be in excess of the following, and it is agreed that the same may be altered or changed by the Board as hereinafter provided.

(a) For ordinary news service, including the rental of the printing telegraph or ticker, the sum of fifteen dollars (\$15) a month, or one hundred and eighty dollars (\$180) a year.

(b) For general news service, including the rental of the printing telegraph or ticker, the sum of twenty dollars (\$20) a month, or two hundred and forty dollars (\$240) a year.

(c) For financial news service, including the rental of the printing telegraph or ticker, the sum of forty dollars (\$40) a month or four hundred and eighty dollars (\$480) a year.

(d) For any other service furnished or to be furnished by the Company the rates charged shall be reasonable and fair and subject to the approval of the Board.

The Company agrees upon request of any Board, Department or Bureau of the City government, to furnish service to any and all buildings under the control of such Board, Department or Bureau, at one-half the rates above authorized to be charged by it for whatever class or classes of service may be required.

Sixteenth—During the term of this contract, or any renewal thereof, the Board shall have the power, by resolution, to regulate and fix the maximum and minimum rates to be charged by the Company in the City, provided such rates shall be reasonable and fair.

Seventeenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Eighteenth—The wires of the Company shall be employed for no other purposes than those explicitly set forth herein and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Nineteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twentieth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the

City the sum of one hundred dollars (\$100) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund herein-after provided for.

Twenty-second—If for a period of twelve consecutive months, the system of the Company shall not be operated, or if the same shall not be operated for a period of eighteen months out of any consecutive twenty-four months, the Board may declare the right and franchise and this contract terminated without further proceedings at law or in equity.

Twenty-third—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the system hereby authorized from all subscribers served by the Company in the City, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-fourth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
 2. The amount paid in as by last report.
 3. The total amount of capital stock paid in.
 4. The funded debt by last report.
 5. The total amount of funded debt.
 6. The floating debt as by last report.
 7. The total amount of floating debt.
 8. The total amount of funded and floating debt.
 9. The average rate per annum of interest on funded debt.
 10. Statement of dividends paid during the year.
 11. The total amount expended for same.
 12. The names of the directors and officers elected at the last meeting of the corporation held for such purpose.
 13. Location, value and amount paid for real estate owned by the Company as by last report.
 14. Location, value and amount paid for real estate now owned by the Company.
 15. Number and location of premises served by the Company in the City.
 16. Total receipts of the Company for each class of business in the City.
 17. Amounts paid by the Company for damage to persons or property on account of construction and operation in the City.
 18. Total expenses for operation, including salaries, in the City.
- and such other information in regard to the business of the Company as may be required by the Board.

Twenty-fifth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of twelve thousand dollars (\$12,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, in default of which payment of the annual charges, the City shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnishing of service to applicants as herein provided or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws, ordinances or departmental regulations now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars (\$50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears, in the judgment of the Board, to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twelve thousand dollars (\$12,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the portion of its system constructed and in use by virtue of this contract and located in the public streets and avenues shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-seventh—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-eighth—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in

the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-ninth—The words "streets and avenues" or "streets or avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, included within the limits of the territory in which the Company is hereby authorized to operate.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

Sec. 3. It is understood that this contract is made without prejudice to any rights which the Company may have heretofore acquired, if any, to operate a telephone, telegraph or ticker business. However, the Company shall not exercise any right or privilege other than that herein authorized and recognized, and in accordance with the terms of this contract, except after final judicial determination in an action to which the City is made a party.

Sec. 4. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained, unless and until, in an action brought or conducted as hereinbefore provided, the courts shall finally determine that the Company had heretofore acquired the right to carry on its business as now conducted without the necessity of obtaining this franchise or consent from the City. The Company further promises, covenants and agrees that in the event of a decision in its favor in any action brought, as provided in section 3, it will not claim or attempt to claim or demand any damage, penalty or recompense from The City of New York for any expense, expenditures, suits or other disadvantage incurred by it because of the entering into this contract with The City of New York, and hereby expressly waives and surrenders to the City any such claim or demand.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.
