ENVIRONMENTAL PROTECTION

■ PUBLIC HEARINGS

DRAFT ENVIRONMENTAL IMPACT STATEMENT RELEASED FOR WATER FOR THE FUTURE: UPSTATE WATER SUPPLY RESILIENCY

To repair significant leaks in the Rondout-West Branch Tunnel (RWBT) of the Delaware Aqueduct, the New York City Department of Environmental Protection (DEP) developed the Water for the Future Program (WFF). As part of the program, DEP elected to construct a bypass tunnel and two associated shafts to permanently circumvent the leaking section of the tunnel at the Roseton crossing in the town of Newburgh, NY, and to conduct internal repairs to the leaking section in Wawarsing, NY. This project was previously evaluated in a FEIS issued on May 18, 2012, and work has commenced.

Once the tunnel and shafts are completed in 2022, the RWBT would be temporarily shut down and drained to connect the bypass tunnel to the existing RWBT and to carry out internal repairs. DEP estimates that

the maximum shutdown duration would be approximately eight months. During this temporary shutdown of the RWBT, water from the Delaware system west of the Hudson River would be unavailable. To ensure the continued supply of clean drinking water during this time, DEP has developed projects and plans comprised of three main components: (1) supply augmentation consisting of rehabilitation of the Catskill Aqueduct; (2) WFF Shutdown System Operations, which would allow DEP to rely more heavily on the Catskill and Croton water supply systems during the temporary shutdown; and (3) Inspection and Repair of the RWBT during connection of the bypass tunnel, including decommissioning the bypassed section of the RWBT once the connection is completed.

The subject of this Draft Environmental Impact Statement (DEIS) is comprised of the rehabilitation of the Catskill Aqueduct, WFF Shutdown System Operations, and Inspection and Repair of the RWBT. These components collectively will be referred to as Upstate Water Supply Resiliency in the Draft Environmental Impact Statement. The Queens Groundwater Rehabilitation project will be referred to as In-City Water Supply Resiliency, which will be subject of a subsequent environmental review.

The DEIS was issued on September 19, 2016, and is available for review on the DEP website: http://www.nyc.gov/html/dep/html/environmental_reviews/upstate_water_supply_resiliency.shtml

DEP will hold public meetings for public comment on the Upstate Water Supply Resiliency Draft Environmental Impact Statement with informal information and listening sessions taking place one hour prior to the meeting times on:

Thursday, October 20, 2016, at 7:00 P.M. Ellenville Government Center, 2 Elting Court, Ellenville, NY 12428

These hearings location are accessible to persons with a mobility impairment. Interpreter services may also be made available to deaf persons, at no charge, upon written request to the DEP Contact Person named below, no less than 10 days prior to the hearing.

The public comment period will remain open until **November 14, 2016**, and a Final Environmental Impact Statement, incorporating changes based on relevant comments received, will be issued.

City of New York Community Development Block Grant - Disaster Recovery (CDBG-DR) Proposed Amendment 12 to Action Plan

NOTE: This notice provides an update to the notice originally published on September 23, 2016. The public hearing originally scheduled for October 17th, 2016, at Coney Island Hospital, has been rescheduled to October 20th, 2016. See below for more information.

Overview

The City of New York ("City" or "NYC") is the recipient of \$4.214 billion of Community Development Block Grant – Disaster Recovery (CDBG-DR) funding from the U.S. Department of Housing and Urban Development (HUD) to assist in disaster recovery and rebuilding efforts resulting from Hurricane Sandy. The City's approved CDBG-DR Action Plan details how the City plans to spend the grant on eligible Hurricane Sandy disaster recovery and rebuilding activities.

Any change greater than \$1 million in funding committed to a certain program, the addition or deletion of any program, or change in eligibility criteria or designated beneficiaries of a program constitutes a substantial amendment and such amendment will be available for review by the public and approval by HUD.

The City is publishing proposed Amendment 12 for public comment. Amendment 12 proposes the following changes:

General

- Reallocates funding across program areas to fund the completion of the Build it Back and Business Loan and Grant Programs.
- Note: Funding transferred to Housing from other recovery categories will be fully replaced with other City funds. All current planned projects will move forward without delays or gaps in funding or have already been completed. Sources of funding will consist of City Capital dollars committed as part of the September 2016 Capital Commitment Plan (\$350 million) and certain disaster response expenses, incurred by the City in prior fiscal years, that are no longer being reimbursed with CDBG-DR funding (\$150 million).
- Updates need assessments and funding justifications to reflect the reallocation of funds.
- Updates program descriptions where needed, to provide clarifying detail or current project status and information.

Housing

- Reallocates \$500 million to the Single Family Build it Back program to serve all eligible applicants.
- Updates Single Family Build it Back program description, explaining program pathways, additional benefits and needs assessment.
- Reduces Temporary Disaster Assistance Program (TDAP) allocation by \$10 million to reflect eligible population needs.
- Creates a new program benefit for TDAP to allow arrears payments to be made to landlords on behalf of beneficiaries that experience a gap in subsidy while transitioning from the program to Section 8 rental assistance.
- Reallocates \$9 million to NYCHA's Program Allocation from the City's Planning and Administration funding.
- Creates a new workforce development program targeting NYCHA residents.

Business

- Reallocates \$10 million to the Hurricane Sandy Business Loan and Grant Program to serve all eligible applicants.
- Reallocates \$12 million from the Restoration of Saw Mill Creek Marsh and \$15 million from the Rockaways Commercial Corridor Resiliency programs to fund needs in other program areas. Both programs will move forward with other sources of funding, including Capital funds the City is providing as part of the September 2016 Capital Commitment Plan.
- Updates the program description of the Coney Island Resiliency Improvements program, which was formerly referred to as the Coney Island Green Infrastructure Improvements program.

Infrastructure and Other City Services (IOCS)

• Updates the overall IOCS allocation from \$755 million to

\$419 million in order to fund needs in other program areas. CDBG-DR funding has been reduced across all IOCS program areas, however, projects previously identified either have already occurred and will now be funded with City funds instead of CDBG-DR, including Capital funds the City is providing as part of the September 2016 Commitment Plan. (Note: A version of this notice appearing in some newspapers on September 23, 2016 incorrectly indicates that the remaining IOCS allocation is \$434 million.)

Reorganizes chapter to clarify where CDBG-DR funds have been committed and removes detail for programs that are no longer anticipated to receive CDBG-DR funding.

Coastal Resiliency

Reallocates \$152 million from the Coastal Protection program to fund needs in other program areas. Components of the Raise Shorelines project and the Red Hook Integrated Flood Protection System will move forward with Capital funds the City is providing as part of the September 2016 Capital Commitment Plan. A portion of the Raise Shorelines Program will continue to be funded with CDBG-DR.

Planning and Administration

Describes efforts to apply lessons learned and to develop tools for preparedness for future disasters.

The comment period on the proposed CDBG-DR Action Plan Amendment 12 is now open. Comments must be received no later than October 24, 2016, at 11:59 P.M. (EST). The proposed CDBG-DR Action Amendment 12 and the public commenting forms are available at http://www.nyc.gov/cdbg. Individuals will be able to read the amendment and the currently approved Action Plan and comment on the amendment in English, Spanish, Russian and Chinese (simplified). The online materials will also be accessible for the visually impaired. Written comments may also be directed by mail to Calvin Johnson, Assistant Director, CDBG-DR, New York City Office of Management and Budget, 255 Greenwich Street, 8th Floor, New York, NY 10007. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application

using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more feward as program design agree and hydret. funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Statement of Basis and Purpose of Rule

Increasing the number of and passenger access to Wheelchair Accessible Vehicles on New York City roads is a TLC priority. The TLC launched the Accessible Dispatch Program in 2012; by 2015 the Dispatch Program provided 47,000 medallion taxi rides originating in Manhattan to destinations throughout the City. The TLC plans to expand the program, which currently operates only in Manhattan, to the other four boroughs. The expansion will also include on-demand or reservation-based pick-up by yellow and Street Hail Livery (green) accessible cabs. The expanded Accessible Dispatch Program will provide access to reliable accessible taxi service to passengers with mobility impairments throughout the five boroughs. As in the current accessible dispatch program, drivers will receive a fee, known as a dispatch fee, for every trip driven in the program.

As with the existing program, Owners will not pay to install or maintain dispatch equipment, and passengers will continue to pay standard metered fares for dispatch trips, In addition, the rules in Chapter 53 are restructured to clarify which rules apply to owners or drivers only.

Specifically, the proposed rules:

- require all accessible yellow and green taxicabs to participate in the Citywide Accessible Dispatch Program;
- require that dispatch fees be paid to drivers directly by the Accessible Taxi Dispatcher, in addition to the metered fare. The fees for the program will come from the Taxicab Improvement Fund and the Street Hail Livery Improvement Fund;
- provide for different dispatch fees based on the point of origin because outer borough-based trips differ from Manhattanbased trips in driving patterns, trip and vehicle behavior,
- to guard against fraudulent trips, limit to two per week the number of times that a Driver may receive dispatch fees for passenger no-shows and cancellations;
- require vehicle owners to install and maintain dispatch equipment using TLC's contractor.

These rule amendments are authorized by Section 2303 of the New York City Charter and Section 19-503 of the Administrative Code.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

New material is underlined.

[Deleted material is in brackets.]

Section 1. The following definitions set forth in Section 51-03 of Title 35 of the Rules of the City of New York are amended, one new definition is added and two definitions are deleted, to read as follows:

[Accessible Livery is a For-Hire Vehicle designed to permit access to and enable the transportation of persons in wheelchairs and is equipped with a Taximeter.]

Accessible Taxi Dispatcher. The Accessible Taxi Dispatcher is the entity which, under contract with the Commission, will convey dispatches, or requests for accessible service to Drivers of Accessible Taxicabs and to Drivers of Accessible Street Hail Liveries to provide transportation for a [Wheelchair using] Passenger or group of Passengers, at least one of whom must be [in a wheelchair] mobility-impaired, for trips that originate in [Manhattan] New York City.

Dispatch Equipment. The "Dispatch Equipment" is the communications equipment provided by the Accessible Taxi Dispatcher or an acceptable interface with the Taxicab Technology System and the Street Hail Livery Technology System, that allows Approved Drivers operating Accessible Vehicles to receive dispatches from the Accessible Taxi Dispatcher.

Dispatch Fee is the fee payable to the Driver of an Accessible Taxicab for completing a trip dispatched by the Accessible Taxi Dispatcher. [The Dispatch Fee will be calculated by combining:

- (1) an amount compensating the Driver for the time and distance traveled to the Passenger location. This amount will be based on TLC data for the average cost of a total fare at existing Rates of Fare in one-half mile increments (up to a maximum distance of 2.5 miles), and
- (2) an amount compensating the Driver for time in waiting for and assisting the Passenger into the vehicle of ten minutes at

the existing Rates of Fare for time. If no Passenger appears, the Driver shall still be entitled to this amount.

The Dispatch Fee will include tolls to the pickup location and will also include an additional \$5 Passenger no-show fee if the Passenger does not appear at the pickup location within a ten minute period. The Dispatch Fee will be posted on the TLC website and the amounts will be reviewed by the Chair annually or at the time of any Rate of Fare changes.

Examples: 1) Distance to Passenger pickup is 0.5 miles. TLC trip data indicates that an average fare for a 0.5 mile trip is \$5.00. Driver receives \$5.00 for this portion, and an additional \$5.00 which reflects a wait time of 10 minutes at \$0.50 per minute. Total is \$10.00 (\$5.00 and \$5.00) plus any tolls to the pickup location. 2) Distance to Passenger pickup is 1.0 miles. Driver receives \$10.00 for this portion and an additional \$5.00 for the wait time for a total of \$15.00 (plus any tolls to the pickup location).]

The Dispatch Fee is based on the distance travelled by the Driver between acceptance of the trip dispatch and arrival at the Passenger pickup location. The Dispatch Fee will compensate the Driver for the distance travelled to the Passenger location, as well as time spent waiting for and assisting the Passenger into and out of the vehicle, assumed to be an average of ten minutes, paid at the existing Rates of Fare for time.

Any tolls incurred by the driver in traveling to the pickup location will be added to the Dispatch Fee, at EZ-Pass rates and following the routing provided by the Accessible Taxi Dispatcher. The Dispatch Fee will be calculated based on the location of Passenger pickup, following the schedules below:

For trips with a Passenger pickup location in Manhattan:

Maximum Distance (miles)	Dispatch Fee
<u>Up to 0.5</u>	\$10.00
<u>0.5 - 1</u>	\$15.00
1 - 1.5	\$20.00
1.5 - 2	\$25.00
More than 2	\$30.00
Passenger No-Show	Fee above plus \$5.00
Cancellation Fee	Fee above minus \$5.00
Necessary Tolls	Added to fee above at EZ-Pass rate

For trips with a Passenger pickup location outside of Manhattan:

Maximum Distance (miles)	<u>Dispatch Fee</u>
<u>Up to 0.5</u>	\$6.00
0.5 - 1	<u>\$10.00</u>
1-2	\$12.50
2 - 3	\$15.00
3-5	<u>\$20.00</u>
More than 5	\$25.00
Passenger No-Show	Fee above plus \$5.00
Cancellation Fee	Fee above minus \$5.00
Necessary Tolls	Added to fee above at EZ-Pass rate

The \$5 Passenger No-Show Fee applies if the Passenger does not appear at the pickup location within ten minutes of driver's arrival for on-demand trips or within ten minutes of the scheduled pickup time for reservation trips.

The Cancellation Fee applies if the Passenger cancels the trip after the Driver has traveled more than 0.5 miles to the Passenger pickup location following acceptance of the trip. The Cancellation Fee will be calculated by subtracting \$5.00 from the appropriate Dispatch Fee for the distance traveled by the Driver at the time of cancellation.

 $\underline{Example}$: The Driver of a Taxi making a trip of more than 2 miles to pick up a Passenger and the Passenger cancels the trip after the Driver

has traveled at least half a mile will receive a net Dispatch Fee of \$25.00 (\$30.00 less the \$5.00 Cancellation Fee).

A Driver will not be entitled to collect more than two combined Cancellation and No-Show Fees in any Monday through Sunday weekly period.

[Taxi Accessibility Fee is the fee required by these rules to be paid by Owners, as defined by Chapter 58, to the Commission to provide accessible service to Wheelchair using Passengers. The Taxi Accessibility Fee shall be set in accordance with the terms of an agreement between the Commission and an approved vendor and will be based on the per medallion cost to the vendor for equipment, administrative expenses associated with operation of the dispatch system, outreach and Dispatch Fees.]

NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E85, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.
