PETITIONS.

By the President—

Petition of property-owners to change grade of One Hundred and Fifty-first street, from Boulevard to Hudson river.

Hon. the Common Council of the City of New York:

GENTLEMEN—The undersigned petitioners respectfully represent that they are owners of property along the line of One Hundred and Fifty-first street, between Boulevard and the Twelfth avenue, and are interested in any improvement that may be made upon said street, more particularly in the matter of regulating, grading, etc.

We would also submit for consideration the accompanying profile and grade map of this street, showing on this map a profile along the centre of the street, the new or established grade, also a new proposed grade (green line), which it is the desire of the property-owners herein petitioning to have adopted in lieu of any other established or proposed.

The property-owners herein petitioning for the proposed change and alterations of the grade of said street, would respectfully urge the following benefits and advantages, among others, that would accrue.

First. The street can be readily brought and continued in use for public and private purposes, by reason of there being no material change in the grading and no disturbance required in the bridge crossing the Harlem & Hudson River Railroad at the foot of the street.

Second. The present established grade would, of necessity, destroy the said bridge, and its present accommodations and connections, for travel and traffic. By reason of said grade striking many feet below the top of the bridge, and also cutting off the travel now upon the Hudson River Railroad, the present railroad track and established grade having a difference in elevation of only five or six feet between them.

Third. The enormous descent required to reach the Twelfth avenue and river from the Boulevard, established at the elevation of one hundred and nineteen feet, is in itself almost sufficient to condemn the property along the line of this street for any purpose either for private or business use.

The new grade, as proposed, accommodates itself at least to the street as at present graded and used, thereby relieving it by many feet in descent; this slight relief in declivity of grade being an important item in a street where the grade is of necessity so precipitous.

Fourth. The property-owners, for the above reasons, with many others that might be urged, believe that the adoption of the grade line, as proposed, would not in any way interfere with the rights of the city as already established, while, on the other hand, the facilities and benefits thus afforded them in the proposed change of grade would be such as to render almost an immediate improvement to be petitioned for by them upon said street, and otherwise materially benefiting them in the increased access to property, and accompanying facilities thereby afforded.

H. N. Camp, for Field's estate. Hecker W. Field, per Heughet Camp, Attorney,
J. Romaine Brown, one hundred feet. south side One Hundred and Fifty-first street,
Louis Stitt, seventy-five feet. from North river to bridge.
Ullanan Canbey, fifty feet. L. K. Lockman.
Jno. L. Wall, two hundred feet. R. Carman Sage.
Peter F. Meyer, twenty-five feet. Benj. F. Wamerre, one hundred feet.

Which was referred to the Committee on Public Works.

By Alderman Sheils—

Petition for removal of dumping-board from foot of Market street.

Hon. THOS. SHEILS, Alderman, etc.:

DEAR SIR—The undersigned, residents and taxpayers of Pike and Market streets, would earnestly call your attention, and through you, the attention of the proper authorities, to a nuisance which, on every recurring summer, greatly disturbs and annoys this otherwise quiet neighborhood, namely, the rumbling of ash-carts on their way to and from the dumping-board at unseasonable hours, making night hideous and sleep an impossibility.

It has been the custom, from time immemorial, of petitioners to state grievances, without, however, suggesting any remedies; but your petitioners are desirous, having indicated an evil, of suggesting a remedy for the same, and, would, therefore, respectfully urge the change of the hour for the removal of ashes and garbage to, say, 4 o'clock A. M., as by that time, those, who by reason of oppressive heat, have had no rest, would be in such a state of somnolence as to successfully shut out the sounds of rumbling carts and hoarse outcry of drivers.

By giving your earnest attention to this matter you will greatly relieve your petitioners and other sufferers from want of sleep.

COMMUNICATIONS FROM THE DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Commissioner of Public Works:

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,
NEW YORK, January 18, 1877.

To the Honorable the Board of Aldermen:

GENTLEMEN—I have the honor to acknowledge the receipt of your resolution of the 11th ult., requesting me to report to you as to the advisability and practicability of permitting the Street Cleaning Bureau to open the man-holes of the several sewers after each snow storm, and emptying therein the accumulations of snow and ice from the streets of this city.

In reply, I beg to state that the unauthorized use of the sewers and receiving-basins for this purpose has been a source of much trouble and expense whenever it occurred. As an instance, I will

mention that the man-holes of the sewer in Broadway, between Washington place and Fourth street, were opened and filled with snow and ice by men of the Street Cleaning force in March, 1875, completely stopping up the sewer and causing the flooding of the adjacent cellars. The solid deposit thus formed had to be taken out by hand at great expense.

The number and capacity of the sewer man-holes is very small, in comparison with the quantity of snow and ice which accumulates in the streets. Many of the old sewers in the lower part of the city were built without man-holes, and those that were recently put in to facilitate examinations and repairs are few, and only large enough to give access to the sewers.

Of the small quantity of snow and ice that could thus be put in the man-holes, only a small proportion would be melted, as the temperature in the sewers would soon be reduced below the melting point, and the balance, remaining solid, would stop all drainage.

The most effectual way in which the sewers can be made to contribute to the removal of snow and ice from the streets is by keeping the gutters, culverts, and mouths of receiving-basins unobstructed. The attention of the Police Department was recently called to this fact, and they promptly responded by approving the suggestions made.

From the foregoing, it is very clear that the emptying of snow and ice into the sewer man-holes is altogether inadvisable, and should not be permitted.

Very respectfully,

ALLAN CAMPBELL,
Commissioner of Public Works.

Which was ordered on file.

The President laid before the Board a communication from the Public Administrator, transmitting a statement of the affairs of this office for the year 1876.

(For which see CITY RECORD hereafter.)

Which was decided in the affirmative by the following vote (three-fourths of all the members elected voting in favor thereof):

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1876.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and it unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.
