Subdivision c (Interventions)

For the purposes of this report, the Department understands incidents of “interventions” to mean verified instance in which staff use their hands, other parts of their body, or other physical method to restrain, subdue, or compel a visitor to act or stop acting in a particular manner. The only verified information that speaks to this provision are interventions that occur over the course of an arrest of a visitor.

Arrests are authorized as a result of visitor behavior violates city, state, or federal law. Arrests may occur as a result of a visitor’s attempt to introduce weapon or drug contraband into the facility or an assault on a staff member. For the purposes of this section, perpetrators are instead referred to as “members of service” and victims are referred to as “individuals subject to arrest”.
