PETITIONS.

By Alderman Morgan—

NEW YORK, January , 1892.

To the Board of Aldermen :

The petition of the Woman's Hospital in the State of New York shows to your Honorable Body :

First—That your petitioner is a corporation duly incorporated under an act of the Legislature of this State, passed April 18, 1857, entitled "An act to found a State Woman's Hospital," as amended by an act passed April 7, 1858, entitled "An act to amend an act entitled 'An act to found a State Woman's Hospital,' passed April 18, 1857," and as further amended by chapter 147 of the Laws of 1888, entitled "An act to amend chapter 801 of the Laws of 1857, entitled 'An act to found a State Woman's Hospital,' and that the purpose for which your petitioner was incorporated is, as set forth in said statutes, "to establish, maintain and conduct a hospital in the City of New York for the treatment of the diseases peculiar to women, and for the maintenance of a lying-in hospital."

Second—Under chapter 324 of the Laws of 1858, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to convey certain lots of ground to the New York State Woman's Hospital," authority was conferred upon the Mayor, Aldermen and Commonalty of the City of New York, "to convey to the Board of Governors of the New York State Woman's Hospital the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fifth street, containing thirty-two lots of ground or thereabouts ; the said conveyance to be in consideration of one dollar lawful money of the United States, and to remain in full force and virtue so long as the ground herein specified shall be used for the purpose of such New York State Woman's Hospital and no longer." That in pursuance of such authority, the Common Council of said City did, on or about the 30th day of December, 1858, pass a resolution authorizing the conveyance of said property to the Board of Governors of the New York State Woman's Hospital, being the Board of Governors of your petitioner, and in accordance with said resolution a certain indenture of deed was made and executed in the name and under the corporate seal of the Mayor, Aldermen and Commonalty of the City of New York, to your petitioner, under the designation of "The Board of Governors of the New York State Woman's Hospital," conveying said premises to your petitioner as long as said ground should be used for the purposes of the said The New York State Woman's Hospital and no longer, as fully and absolutely as the said Mayor, Aldermen and Commonalty of the City of New York was authorized to convey the same, and thereupon your petitioner entered into possession of said property and has continued in possession of the same down to the present time, and has expended large sums of money in the erection of hospital buildings upon the same, amounting to at least the sum of \$250,000, and has been actively and successfully engaged in performing the duties and furthering the objects for which your petitioner was incorporated.

Third—That the field of work upon which your petitioner entered was comparatively new and the methods of treatment of the diseases coming within its cognizance were in many cases comparatively experimental and of doubtful issue. The exceptional advantages which the work of your petitioner's hospital has offered to the medical profession in the study of these diseases has been such that a rapid advance has been made in the discovery and development of better methods, to such an extent that in many such cases the chances of survival after surgical operations which, at the time of the organization of said hospital, were adverse, have been completely reversed.

The work of your petitioner has been and is now under the management and control of a large number of men and women who are among those best known in this city for benevolent and charitable work, and under their wise and generous management it has become an institution widely known for the excellence of the results which it accomplishes, and, in this city, it ranks with the very best establishments of a charitable character. While it is expected that such patients as are able to do so shall make some payment for the services rendered towards the support of the hospital, this is not obligatory. Out of 689 patients treated in the hospital during the past year, 261 were free patients. The work of the hospital is not confined to the treatment of in-door patients. The total number of out-door patients treated during the same time was 1,427, and the total number of consultations held by the physicians of the hospital, in the out-door department of work, was 7,204. The support of the hospital is largely drawn from the voluntary contributions of charitably disposed people in this city, who are interested in its work.

Fourth—That the work of your petitioner is subjected to a very serious drawback for reasons peculiar to the conditions surrounding its present site, which have become exceedingly unfavorable to the proper care and treatment of its hospital patients. The site of the hospital abuts immediately upon Fourth avenue, and hundreds of trains, propelled by steam locomotives, pass day and night under the windows of its wards, thus most seriously interfering with that absolute rest, so essential to the recovery of patients, who have been under surgical treatment, and especially so in the case of women who, in addition to the shock of the operation, are also suffering from nervous disorders, which form a usual and most distressing concomitant of nearly all the diseases for which they seek treatment at this hospital. This obstacle is of so serious a character that your petitioner is desirous of removing its hospital from its present site and placing it elsewhere, within the limits of the City of New York, where it will be free from these objectionable conditions.

Fifth—That your petitioner, however, will be unable to do this, and will be compelled to retain its hospital where it now is unless it can obtain a title to its present site, which will enable it to sell the same and employ the proceeds towards the payment for another site and the hospital buildings which it will be necessary to erect thereon. That if your petitioner is able to obtain an absolute title to said premises, which it is the object of this petition to secure, it is its purpose so to sell said premises and to apply the proceeds towards the purchase of another site and the removal of its hospital buildings thereto. That, as your petitioner is advised, it has a title to said property in fee simple, subject only to being defeated by its abandonment for hospital purposes by your petitioner, and that the interest therein still remaining in the Mayor, Aldermen and Commonalty of the City of New York is a mere possibility of reversion possessing no salable value.

Sixth—That for the purpose of conferring authority in that behalf upon the Mayor, Aldermen and Commonalty of the City of New York, the Legislature of this State has passed an act known as chapter 249 of the Laws of 1891, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to release their right, title and interest in certain lands in said city to the Woman's Hospital in the State of New York" (being the lands in question upon which your petitioner's hospital is now situated and which has been so conveyed by the Mayor, Aldermen and Commonalty of the City of New York so long as it should be used for hospital purposes), under which act the Mayor, Aldermen and Commonalty of the City of New York is authorized to release all its right, title, interest, reversion or possibility of reversion in said property to your petitioner to the intent that the title thereto shall vest in your petitioner in fee simple absolute, a copy of which said act is annexed hereto. That in and by said act, it is provided that the Common Council of said City, meaning your Honorable Body, in authorizing such release, shall also require your petitioner to enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York to provide and maintain in any hospital which may be established by it in said city twenty-four free beds for poor persons residing in the City of New York, fit patients for said hospital, to be nominated in such manner as may be provided for by ordinance or resolution, and in case no ordinance or resolution is passed by the Common Council in relation thereto, then such nomination to be made by the Mayor ; in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients, which said agreement said act requires to be filed in the office of the Comptroller of this city. That your petitioner is entirely willing and hereby offers to make and enter into such agreement upon such release being made.

Wherefore, Your petitioner prays that your Honorable Body will pass a resolution authorizing a release to your petitioner by the Mayor, Aldermen and Commonalty of the City of New York of all its right, title, interest, reversion or possibility of reversion in and to said block of ground in this city between Forty-ninth and Fiftieth streets, Fourth and Lexington avenues, according to the tenor of said act of the Legislature authorizing the same.

And your petitioner will ever pray, etc.

THE WOMAN'S HOSPITAL IN THE STATE OF NEW YORK,
JNO. E. PARSONS, President.

CHAPTER 249.

AN ACT to authorize the Mayor, Aldermen and Commonalty of the City of New York to release their right, title and interest in certain lands in said city to the Woman's Hospital in the State of New York.

Became a law without the approval of the Governor, in accordance with the provisions of article four, section nine of the Constitution, April 23, 1891. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Mayor, Aldermen and Commonalty of the City of New York are hereby authorized to release to the Woman's Hospital in the State of New York, formerly known as the Woman's Hospital of the State of New York, and also described as New York State Woman's Hospital, all the right, title, interest, reversion or possibility of reversion which the said Mayor, Aldermen and Commonalty of the City of New York may or might have in the block of ground in said city, bounded by the Fourth avenue, Forty-ninth street, Lexington avenue, and Fiftieth street, originally conveyed by the Mayor, Aldermen and Commonalty of the City of New York to the Board of Governors of the New York State Woman's Hospital and their successors, so long as said ground should be used for the purpose of the said New York State Woman's Hospital, and no longer, by deed dated the fourth day of January, in the year eighteen hundred and fifty-nine, pursuant to the provisions of chapter three hundred and twenty-four of the laws of eighteen hundred and fifty-eight, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to convey certain lots of ground to the New York State Woman's Hospital."

Sec. 2. The common council of said city, in authorizing such release, shall also require the said Woman's Hospital in the State of New York to enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York, to provide and maintain in any hospital which may be established by it in said city, twenty-four free beds for poor persons residing in the city of New York, fit patients for said hospital, to be nominated in such manner as may be provided for by ordinance or resolution, and in case no ordinance or resolution is passed by the common council in relation thereto, then the nomination to be made by the mayor, in all cases subject to the same rules and regulations enacted by the board of governors of said hospital for the admission of other patients. Said agreement shall be filed in the office of the comptroller of said city. Upon the execution and delivery of said release, the title to said ground shall vest in said the Woman's Hospital in the State of New York in fee simple absolute.

Sec. 3. The act shall take effect immediately.

In connection therewith Alderman Morgan offered the following:

Whereas, The Mayor, Aldermen and Commonalty of the City of New York, in and by a certain indenture duly made and executed under its corporate seal, bearing date the fourth day of January, in the year one thousand eight hundred and fifty-nine, upon the consideration therein mentioned, did grant and convey to the Board of Governors of the New York State Woman's Hospital, incorporated by an act of the Legislature of the State of New York, entitled "An act to found a woman's hospital," passed April, 1857, and to their successors forever, all that certain block of land situate, lying and being in the Nineteenth Ward of the City of New York, that is to say, the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, to have and to hold the same to the said the Board of Governors of the New York State Woman's Hospital, and their successors, as long as the ground above specified should be used for the purpose of the said the New York State Woman's Hospital, and no longer, as fully and absolutely as the said Mayor, Aldermen and Commonalty of the City of New York were authorized to convey the same, which said indenture was recorded in the office of the Register of the City and County of New York, in Liber 765 of Conveyances, at page 577, January 7, 1859; and

Whereas, Said indenture was made under and in pursuance of a resolution of the Common Council of the City of New York, duly passed pursuant to authority in that behalf contained in an act of the Legislature of the State of New York, passed April 17, 1858, known as chapter 324 of the Laws of 1858, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to convey certain lots of ground to the New York State Woman's Hospital," which said act provided as follows:

"Sec. 1. The Mayor, Aldermen and Commonalty of the City of New York are hereby authorized to convey to the Board of Governors of the New York State Woman's Hospital the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, containing thirty-two lots of ground or thereabouts; the said conveyance to be in consideration of one dollar lawful money of the United States, and to remain in full force and virtue as long as the ground herein specified shall be used for the purposes of such New York State Woman's Hospital, and no longer;" and

Whereas, Upon the execution and delivery of said indenture, the Woman's Hospital in the State of New York (that being the legal title of the hospital referred to in said indenture), by the Board of Governors thereof, entered into possession of said property and has constructed buildings thereon and has ever since been using the same for hospital purposes; and

Whereas, The Legislature of the State of New York has passed an act known as chapter 249 of the Laws of 1891, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to release their right, title and interest in certain lands in the said city to the Woman's Hospital in the State of New York," in and by which the said Mayor, Aldermen and Commonalty of the City of New York is authorized to release to said the Woman's Hospital in the State of New York all the right, title and interest, reversion or possibility of reversion which the Mayor, Aldermen and Commonalty of the City of New York may or might have in said block of ground; which said act also provides that the Common Council of said city, in authorizing such release, shall also require the said Woman's Hospital in the State of New York to enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York to provide and maintain in any hospital which may be established by it in said city twenty-four free beds for poor persons residing in the City of New York, fit patients for said hospital, to be nominated in such manner as may be provided for by ordinance or resolution, and in case no ordinance or resolution is passed by the Common Council in relation thereto, that then such nomination shall be made by the Mayor of said city; in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients; such agreement to be filed in the office of the Comptroller of said city. And which act further declares that upon the execution of such release by the Mayor, Aldermen and Commonalty of the City of New York, the title to said ground shall vest in said the Woman's Hospital of the State of New York in fee simple absolute; and

Whereas, The Woman's Hospital in the State of New York has made application to this Board for such release, and has offered to enter into the agreement in reference to the provision for free beds, specified in said last mentioned act and hereinbefore recited; and

Whereas, It appears, from said application, that the use of said ground for the purpose of said hospital has become undesirable by reason of the noise and other disturbance caused by the constant passage along Fourth avenue, contiguous to said ground, of large numbers of cars and steam locomotives, thus injuriously affecting the condition of the numerous patients accommodated by said hospital, and rendering it desirable that said hospital should be moved to some other place presenting more favorable conditions; and

Whereas, It appears from said application that the removal of said hospital will involve the expenditure of large sums of money in the purchase of another site and in the erection of the necessary buildings thereon, but that the said hospital will be unable to provide the necessary funds therefor, and consequently to effect such removal, unless it is enabled to sell said ground and apply the proceeds towards the purchase of a new site and the construction in part of hospital buildings thereon; and

Whereas, In the opinion of this Board, it is to the advantage of the public that said application be granted on the terms hereinafter set forth; now, therefore, be it

Resolved, That a release, in the name and under the corporate seal of the Mayor, Aldermen and Commonalty of the City of New York, be made, executed and delivered to the Woman's Hospital in the State of New York, granting and releasing to said the Woman's Hospital in the State of New York all the right, title, interest, reversion, or possibility of reversion which the Mayor, Aldermen and Commonalty of the City of New York may or might have in said block of ground, to wit, the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, to the end that the title to said ground shall vest in said the Woman's Hospital in the State of New York in fee simple absolute. Said release shall be prepared by the Counsel to the Corporation and approved by him as to form, and upon being so approved the same shall be signed by the Mayor, and it shall be the duty of the Clerk of the Common Council to affix the seal of the City thereto and attest the same. Before the delivery of said release to said the Woman's Hospital in the State of New York, the said the Woman's Hospital in the State of New York shall make and enter into an agreement, in writing, with the Mayor, Aldermen and Commonalty of the City of New York, to be approved as to form by the Counsel to the Corporation, and upon being duly executed by said the Woman's Hospital in the State of New York to be filed in the office of the Comptroller of said city, binding said corporation, the Woman's Hospital in the State of New York, to maintain in any hospital which may be established by it in this city twenty-four free beds for poor persons residing in the City of New York, fit patients for said hospital, who shall be nominated in such manner as may be provided for in any ordinance or resolution which may at any time be passed by the Common Council of the said city for that purpose, and in case no ordinance

or resolution is so passed in relation thereto then that such nomination shall be made by the Mayor of said city, but in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients. Upon the production to the Mayor of a certificate from the Comptroller of said city that such agreement has been so filed in his office said release shall thereupon be delivered by said Mayor to said the Woman's Hospital in the State of New York.

Which were severally referred to the Committee on Law Department.

BOARD OF STREET OPENING AND IMPROVEMENT.

The Board of Street Opening and Improvement met at the Mayor's office on Friday, January 27, 1893, at 2 o'clock P. M., pursuant to the usual notice.

The roll was called, and all the members were present and answered to their names.

The minutes of the meeting of January 20, 1893, were read and approved.

In the matter of the assessment for the laying out and opening of Mulberry Bend Park, the Comptroller offered the following resolution:

Resolved, That the resolution adopted by this Board on March 28, 1888, in the matter of opening the Mulberry Street Park, be amended by striking out the word "thirty" therein, and substituting the word "fifteen" in lieu thereof, so that the proportion of the expense in acquiring the land for such park, to be assessed upon the property and estates to be benefited by its acquisition

and construction, hereby is approved and determined at fifteen per cent. The resolution as so amended is in all respects confirmed.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Commissioner of Public Works, the President of the Department of Public Parks, the President of the Board of Aldermen—5.

At the request of some parties interested in the application for a public place on Twelfth avenue, between One Hundred and Twenty-ninth and One Hundred and Thirty-third streets, this matter was postponed until the 3d of February next, and its consideration was made a special order for the meeting of the Board on that day.

The following petition, with a map or plan, for a public park on the land bounded by Edgcombe avenue, Bradhurst avenue, a line one hundred feet north of One Hundred and Forty-fifth street, and West Fifty-ninth street, was presented, and, on motion, was referred to the Department of Public Parks for report thereon.

(Presented January 26, 1893.)

NEW YORK,

1892.

To the Honorable the Board of Street Opening and Improvement:

GENTLEMEN—We, the undersigned, owners of real estate on the west side of this city, lying westerly from Eighth avenue, above Central Park, respectfully petition your Honorable Board, that the lands bounded as follows, viz.: Westerly by Edgcombe avenue and the line of the Old Croton Aqueduct; easterly by Bradhurst avenue to One Hundred and Fifty-fifth street, and north thereof by what would be Bradhurst avenue, were said avenue extended; southerly by a line 100 feet north of One Hundred and Forty-fifth street and parallel therewith, and northerly by One Hundred and Fifty-ninth street, be established as a Public Park.

This property is a continuous hill side of vacant land without street openings (except at One Hundred and Fifty-fifth street), and the greater portion thereof is covered with natural rock and forest trees, and can readily be converted into a public park at but little outlay.

The portion thereof south of One Hundred and Fifty-fifth street is 225 feet in width and 2,250 feet in length, and yet its entire tax value is but \$150,900.

It may thus be readily seen at what an insignificant outlay this land can now be acquired and a new public park established.

The grand viaduct now in process of construction at One Hundred and Fifty-fifth street should have for its west side terminus, appropriate surroundings in keeping with that great public work, and this can only be fully assured by the establishment of a public park at that locality.

JANUARY, 1893.

To the Honorable the Board of Street Opening in the City of New York:

The petition of William C. Your petitioner respectfully asks that a new street, to be named One Hundred and Eighty-sixth street, be laid down on the city map, said street to be 60 feet in width, and to be placed midway between the northerly side of One Hundred and Eighty-fifth street and the southerly side of One Hundred and Eighty-seventh street, and to extend westwardly to the easterly side of Wadsworth avenue, in the Twelfth Ward of the City of New York.

Respectfully submitted,

WILLIAM C. BAKER.

In accordance with notice given, a public hearing was then accorded by the Board, in the matter of the proposed driveway along the west bank of the Harlem river. Many persons were present, and very much interest was manifested.

Ex-Judge Hall, who alone appeared in opposition to the proposed plan, in a lengthy argument, contended that the location selected was unsuited for the purpose of a driveway, that it would interfere with a free use of the water-front, and that the cost involved would be very much greater than the estimate given.

On the other hand, Messrs. Clark, Bell, H. M. Whitehead, H. B. Perkins, H. Busbey, J. C. De la Vergne, David Bonner, F. A. Thayer, W. D. Peck, and many others, citizens and property owners, strongly approved the plan, and urgently advocated its adoption by the Board.

At the conclusion of the hearing, the Comptroller remarked that, in view of so much unanimity of opinion having been expressed in favor of the proposed plan, and so little offered in opposition thereto, he would move the adoption by the Board of the following resolution:

Resolved, That this Board hereby approves of the plan for a Driveway along the west bank of the Harlem river, as prepared and submitted by the Commissioner of Public Works.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Commissioner of Public Works, the President of the Department of Public Parks, the President of the Board of Aldermen, and the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards—6.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, although not required to vote on matters not connected with that portion of the city, desired nevertheless to record his vote in favor of the foregoing resolution.

The Board then adjourned.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

The Armory Board reserves the right to reject any or all plans which may be offered if, for any reason, they deem it best to do so, and in case any plan is accepted as presented or with alterations or suggestions of the Armory Board, and it is subsequently found that a contract satisfactory to the Armory Board can be made for the complete erection of the building as herein called for, for a sum, including the architect's fees, which shall not exceed the appropriation for the work, the architect presenting such plans shall be engaged for the work and his compensation for plans and superintendence shall be four per cent. of the amount of such contract.

BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
No. 2 CITY HALL,
NEW YORK, JANUARY 18, 1893.

PROPOSALS TO SUPPLY PRINTED, LITHOGRAPHED OR STAMPED FORMS, BLANKS, PAMPHLETS AND STATIONERY, i. e., OFFICIAL WRITING PAPER AND ENVELOPES, TO THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK.

TO PRINTERS AND LITHOGRAPHERS.

SEALED ESTIMATES FOR SUPPLYING THE City Government with Printed, Lithographed or Stamped Forms, Pamphlets, and Stationery, i. e., Official Writing Paper and Envelopes, etc., will be received at the office of the Supervisor of the City Record, in the City Hall, until 12 o'clock M. of Wednesday, the 1st day of February, 1893. The said estimates will be publicly opened and read at a meeting of the Board of City Record to be held in the Mayor's office at or about the time above-mentioned.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for Furnishing Printed, Lithographed or Stamped matter," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the cost of the articles awarded to each contractor; the

amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be TWO THOUSAND DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A contract will be made with the lowest bidder for all the printing, lithographing or stamping required by any department or court—all the District Courts being considered as one, the blanks, etc., being similar—unless there be an item involving more than five hundred dollars, or several items each involving the expenditure of a like sum, in which case a contract or contracts will be made with the lowest bidder or bidders on such item or items, and the contract for the remainder of the work for the department will be awarded to the bidder ascertained to be lowest after the deduction of such item or items. The bids must, therefore, be in detail on the items required for a department or court.

The printed or lithographed blanks, etc., must be folded, and be put up in packages by the contractors, according to the directions of the Supervisor of the City Record, and the contractors must complete the delivery of the goods at the office of the City Record within ninety (90) days from the execution of the contracts.

As many of the printed forms would be made worthless by typographical errors, or by mistakes in the preparation of samples, proofs must be furnished, under an agreement that the contractors shall not be expected to make changes practically altering the character of forms.

Blanks, etc., must be dated "1893," unless otherwise marked; but those of the Bureau of Assessments in the Finance Department shall have only the date "1893."

Particular care must be taken that the names of the present incumbents of offices are put upon the blanks, etc., as, for instance, Thomas F. Gilroy, Mayor; Henry D. Purroy, County Clerk; Ferdinand Levy, Register; Michael T. Daly, Commissioner of Public Works; William J. McKenna, Coroner; William M. Hoes, Public Administrator.

The delivery of the work must begin within five days from the execution of the contracts, and be continued in such a manner that the immediate needs of the Departments shall be supplied.

DESCRIPTION OF ARTICLES.

For particulars as to the quantities and kinds of Printing and Lithographing, reference must be had to the samples and specifications on file in the Department of Public Works. The kinds of paper to be used are stated on the samples. Copies of the specifications may be procured from the Supervisor of the City Record.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. PROPOSALS FOR ESTIMATES FOR ONE HORIZONTAL TUBULAR BOILER FOR NORTH BROTHER ISLAND.

PROPOSALS FOR ESTIMATES FOR THE City and County of New York will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 1.30 o'clock P. M. of the 8th day of February, 1893, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for one Horizontal Tubular Boiler for North Brother Island,

for the City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$1,500.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause, in performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities, as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, No. 301 Mott street, New York.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for Groceries, Provisions, etc.," with his or their name or names, and the date of presentation, to the

head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies delivered by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

—will be received at the Department of Public Charities and Correction, in the City of New York, until 10 o'clock A. M. of Friday, February 3, 1893.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Hospital Supplies," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York,

drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the Hospital Supplies must conform in every respect to the specifications and samples, and bidders are cautioned to examine both specifications and samples of the articles required before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.
