AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, Held at Their Office, No. 280 Broadway, New York City, Tuesday, July 25, 1905, at 2 p. m.

Present—The Mayor, Deputy and Acting Comptroller Stevenson, Commissioners Ten Eyck (President), Ryan, Windolph and Cowan, and Chief Engineer Smith.

President Ten Eyck stated that, inasmuch as it had been the custom to elect officers at the first regular meeting of the Commissioners in each year, and that as no formal action thereon had been taken in the past two years, the Commissioners should now proceed to elect new officers.

The Mayor thereupon nominated Commissioner John F. Cowan for President, which was seconded and carried.

The Mayor expressed to the outgoing President his personal and official appreciation of his service in the Commission and for the very pleasant relations that have existed during his incumbency, and moved that the thanks of the Commissioners be extended to the outgoing President, which was carried.

President Cowan then assumed the chair.

On motion of Commissioner Ryan Commissioner John P. Windolph was elected Vice-President.

The President presented the resignation of J. Waldo Smith as Chief Engineer, to take effect July 31, 1905.

The Comptroller moved that the resignation be accepted and that the thanks of the Commissioners be extended to Mr. Smith for the services rendered, which was carried.

The President also presented the resignation of Alfred D. Finn as General Inspector, which was accepted, to take effect July 31, 1905.

The Chief Engineer recommended that Mr. Walter H. Sears, Division Engineer, Katonah Division, be considered for the position of Chief Engineer, set forth his qualifications therefor and presented various recommendations from engineers that were submitted to the Commissioners when Mr. Sears was appointed Division Engineer.

On motion, the matter of the appointment of a Chief Engineer was referred to the President, with directions to take note of the remarks of the Chief Engineer and the recommendations presented and report thereon.

The Committee of Finance and Audit reported the examination and audit of bills contained in Vouchers Nos. 17132 to 17146, inclusive, amounting to \$964.21, which were approved and certified to the Comptroller for payment by the following vote:

Affirmative—The Mayor, Deputy and Acting Comptroller, Commissioners Cowan, Ten Eyck, Ryan and Windolph—6.

The Mayor and the Deputy Acting Comptroller then withdrew.

Communication from Clarence McCord, dated July 24, 1905, in regard to application for right of way over Parcel 62 to Road No. 11, was received and referred to the Chief Engineer.

On motion, duly seconded, the same was ordered referred to the Committee on Buildings.

Reports of Committees.

The President, as a committee of one, reported upon the receipt of the following bid on six ambulance horses:

Fiss, Doerr & Carroll Horse Company, No. 147 East Twenty-fourth street, bid opened June 6, 1905—	
Price per horse	\$275 00
Total	\$1,650 00

On motion, duly seconded, it was

Resolved, That the matter of the bid on horses hold over for one week, and that in the meantime it be ascertained from Messrs. Fiss, Doerr & Carroll whether they will consent to the purchase of two horses only provided the contract be awarded to them.

New Business.

On motion, duly seconded, it was

Resolved, That the Acting Superintendent be authorized to provide movable castor boxes for the beds in the wards in order that when it is necessary to move them the movement may be accomplished without the noise which at present disturbs other patients in the wards themselves, and in those immediately below.

On motion, duly seconded, it was further

Resolved, That the matter of new beds in the children's ward, Marquand Pavilion, be and the same is hereby referred to the Acting Superintendent for investigation.

On motion, duly seconded, it was

Resolved, That the delay in providing a water bed for a patient in ward 14 be and the same is hereby referred to the Executive Committee of the Bellevue Hospital Medical Board for investigation and action.

On motion, duly seconded, the Board adjourned.

J. K. PAULDING, Secretary.

Accident to Harlem Hospital ambulance at One Hundred and Twenty-third street and Park avenue on June 15.

Co-operation of the house staff, nurses, and some of the employees in fire drills.

The storing by the General Drug Department of alcohol and combustibles near the main building of the hospital and the recommendation that arrangements be made to remove them.

On motion, duly seconded, it was

Resolved, That application be made to the proper authorities for an additional appropriation of thirty-five thousand dollars to meet the deficit in supplies caused by the increase of 6 per cent. in the patients' census of Bellevue Hospital during the past six months; and further

Resolved, That an additional appropriation of thirty-five hundred dollars in the salary account be requested for the purpose of paying sufficient salaries to obtain a more responsible and efficient force of men to act as stretcher carriers at Bellevue Hospital.

On motion, duly seconded, it was

Resolved, That application be made to the Commissioner of Public Charities requesting him to remove the barrels of alcohol which are now stored in dangerous proximity to Bellevue Hospital.

On motion, duly seconded, it was

Resolved, That renewed attention to the regulations regarding fire drills be called to the doctors, nurses and hospital attendants; and it was further

Resolved, That the matter of communicating these instructions be and the same is hereby referred to the President with power.

August 31, 1905.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—On August 30 I received a letter from you with an accompanying request from the New York Steam Heating Company that such action may be taken by the Board as would fortify it in retaining the location under the sidewalk at the corner of Wall street and Broadway of their steam pipe. This is to inform you that the change of the location of the pipe was necessary, and I inclose herewith a plan of the present location, with the recommendation that the Board accept same and approve the location of the pipe as shown on the said drawing.

Very truly yours,

(Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:

Resolved, That this Board hereby consents to the relocation of the steam main of the New York Steam Company, as shown upon drawing of that Company, dated March 20, 1905.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Claffin.

Nays—None.

Carried.

Communication of the New York Steam Company, with report of the Chief Engineer and Counsel thereon, was presented as follows, and the Secretary was directed to transmit a copy of the opinion of counsel to the company:

THE NEW YORK STEAM COMPANY,
No. 143 LIBERTY STREET,
NEW YORK, August 3, 1905.

Hon. ALEXANDER E. ORR, President, Rapid Transit Railroad Commission, No. 320 Broadway, New York City:

DEAR SIR—We beg to call your attention to the condition in which the steam mains have been left on lower Broadway by the sub-contractors employed by the Rapid Transit Subway Construction Company.

At various intersections along lower Broadway the steam mains of this company had to be raised and relaid across the tunnel. At the intersection of Wall and Rector streets with Broadway, and of Cortlandt street and Maiden lane with Broadway, new mains were laid by the Degnon Contracting Company and these mains have been in service for approximately two months. Shortly after being put into service both mains developed leaks. At what time the leakage of steam began we do not know, but it finally became so bad that it was necessary for us to see that they were repaired in order to prevent damage to the electric cables in the neighborhood.

On July 15 we notified the contractors of the conditions and asked that they make the necessary repairs. On July 25, this not having received any attention, we proceeded with the repair work which did not prove successful.

At the intersection of Wall street we have made a second attempt to make one of the joints steam tight (the joint having been originally made up by the contractors), but we were unsuccessful in the second attempt.

As stated, we do not know at what time the leakage of steam began, but as it had assumed such proportions inside of six weeks that it became a menace to the other subsurface construction in the neighborhood, we feel that the length of time steam was turned on the mains before the leak showed at the surface was insufficient to be a fair test of the main upon which they should be accepted.

We understand that the contractors generally maintain the mains of the Water Department for approximately one year after they are again put into service, when such mains had to be relaid, due to the operations connected with the tunnel.

We are also advised by the American District Steam Company of Lockport, N. Y., which company does a large business in the laying of steam mains in various cities, that the guarantee in their contracts for maintenance always extends over one year, and that they consider themselves bound to repair any defects due to their construction that occur within a period of three years after the pipes have been put into service.

It is manifestly too short a time, therefore, to consider that a test of two or three weeks is sufficient upon which to base the acceptance of the main. We will therefore ask that the sub-contractors be directed to make the necessary repairs upon these mains at the points mentioned.

Very truly yours,
(Signed) THE NEW YORK STEAM COMPANY,
F. E. PENDLETON, Engineer.

August 9, 1905.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—I am in receipt of your letter of August 4, inclosing a communication from the New York Steam Company, herewith returned, relative to the leakage of the mains of that company and the responsibility of the sub-contractors for the leakage.

When it first became necessary to move the mains of the Steam Company the Steam Company took advantage of the third paragraph on page 149 of the Rapid Transit contract, which gives the owners of subsurface structures the right to do work on their own mains at the expense of the Rapid Transit contractor. Due to the relatively small force at the disposal of the New York Steam Company, this method of constructing the changes in its lines resulted in serious inconvenience and delay to the Rapid Transit sub-contractors, and an arrangement was made between the New York Steam Company and the Rapid Transit contractors which permitted the Degnon Contracting Company to do certain portions of the work of relaying the steam mains, under the direction and supervision of the engineers and inspectors of the New York Steam Company, the Steam Company doing such other work as it desired, as making closures, etc.; the Degnon Contracting Company paying the Steam Company for the material furnished and for the labor actually performed by the Steam Company's employees in construction and inspection. All material used in the relaid lines has been furnished and tested by the New York Steam Company before leaving the shops. In addition, the New York Steam Company insisted upon using welded flanged, instead of screw flanged pipe, on all alterations, the Degnon Contracting Company paying for the new material, and, I am informed, receiving no allowance for the material taken out. The Steam Company has reserved and exercised the right to reject the work done by the Degnon Contracting Company as the work progressed, regardless of the fact that its representatives have been on the ground while the pipe was being placed and connected, and this has resulted in serious delay. The mains as relaid have been in accordance with detailed plans furnished by the Engineer of the Steam Company, and in no case has steam been turned on or off the mains, except by employees of the Steam Company. I have had made a careful and detailed investigation of the circumstances connected with the various leaks which have developed in the relaid lines, and in a majority of the cases the leaks have occurred at joints which were made by employees of the Steam Company.

The Rapid Transit contract does not contain any clause having a direct bearing upon the point raised by Mr. Pendleton, but the fact that the material has all been furnished by the New York Steam Company, after undergoing tests prescribed by it, that the Steam Company has actually executed the work of assembling portions of the lines, and exercised supervision and control over the balance assembled by the Degnon Company, and that the steam has not been turned into the relaid lines, except at the pleasure of the New York Steam Company, in my opinion places the responsibility for any leaks developing in the mains after the steam is once turned into the relaid lines, upon the New York Steam Company, and not upon the Rapid Transit Commission or its contractors.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

No. 32 NASSAU STREET, NEW YORK,
August 28, 1905.

Hon. JOHN H. STARIN, Vice-President, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—We have examined the letter from the New York Steam Company dated the 3d inst., the report of Mr. Rice, Chief Engineer of the Board, dated the 9th inst., and the reply of the Steam Company, dated the 16th inst., all of which, with the inclosures, are returned to you herewith.

It does not seem to us that any legal questions are involved. The Steam Company complains that the sub-contractors who have been employed in constructing the subway in lower Broadway have left the Company's steam pipes in a leaky condition, and the request is made that these sub-contractors be directed to make necessary repairs at certain points which are specified.

The Rapid Transit Board has nothing to do with the sub-contractors. All it can do is to hold the principal contractor—the Rapid Transit Subway Construction Company—to the performance of its contract with the City.

By the terms of this instrument, the contractor agreed to "move, alter, readjust and rebuild" all sub-surface structures, including steam pipes, the work to be done in the most workmanlike manner, with the best materials, and subject to the direction and approval of the Chief Engineer of the Board. Whenever it should become necessary to cut, move, change or reconstruct any steam pipes, etc., the contractor agreed to give at least a week's notice to the owners, and to do the work "to the reasonable satisfaction of the owners of such pipes or other structures." If they so desired, the owners themselves were to be allowed to do the work at the expense of the contractor.

In the present case, the pipes complained of were relaid partly by the New York Steam Company itself, and partly by the Rapid Transit sub-contractors. It does not appear that either the sub-contractors or the principal contractor omitted to do anything which they were requested to do by the Steam Company. On the contrary, the fact

is that the Steam Company constantly directed and supervised the work from beginning to end.

The Steam Company indeed concede that the work was done exactly as directed; but they in effect contend that it is impossible to tell whether a steam pipe has been properly laid until it has been in use for some considerable time. They say that two or three weeks is not a long enough time "upon which to base the acceptance of the main"; and they state that the American District Steam Company, which does a large business in laying steam mains, "consider themselves bound to repair any defects due to their construction that occur within a period of three years after the pipes have been put into service."

Now it is quite plain that the New York Steam Company cannot call upon the Rapid Transit sub-contractors to make good defects in work which the Steam Company did for itself. On the other hand, where the sub-contractors have done the work, their duty is performed if they have completed it "to the reasonable satisfaction of the owners"; and of this fact the Chief Engineer of this Board is made the judge. As Mr. Rice has reported that in his judgment the responsibility for any leaks developing in these particular mains, after the steam is once turned into the relaid lines, rests solely upon the New York Steam Company, we are of the opinion that your Board has no power to require the contractor to make repairs requested by the New York Steam Company.

The Steam Company is not without a remedy. It can make the repairs itself and bring suit, if so advised, to recover the amount of its outlay. We do not see any ground upon which it can be claimed that the City is liable therefor, but if such a claim should ever be made, a sum sufficient to indemnify the City can be retained by the Comptroller, upon the direction of the Board, from the moneys thereafter coming due to the contractor.

We advise that the New York Steam Company be notified that the Board, acting upon the report of its Chief Engineer, declines to give the directions requested in the company's letter of the 3d inst.

Respectfully yours,
(Signed) G. L. RIVES,
BOARDMAN, PLATT & SOLEY.

The Secretary reported the receipt from the International Jury of Awards of the Louisiana Purchase Exposition of a communication as follows, inclosing diploma of award for models, plans and drawings, and he was authorized to have the same properly framed and hung in the rooms of the Board:

A communication as follows from the Chief Engineer was presented:

August 31, 1905.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—I transmit herewith, for acceptance by the Board, resignation of Mr. Robert Ridgway, who, as Division Engineer, has been in charge of the main work of Contract No. 2, including the tunnel construction under the river.

Mr. Ridgway has proven himself to be a most faithful and efficient Engineer. He resigns solely for the purpose of bettering himself, having been tendered an appointment with the new Water Supply Commission, otherwise I should be very reluctant to part with his services.

I recommend as Mr. Ridgway's successor Mr. Frederick C. Noble, the Senior Assistant Engineer, in direct line of promotion. Mr. Noble has been with us for five years and a half and is fully competent to perform the duties of Division Engineer.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:

Resolved, That the resignation of Robert Ridgway as Division Engineer be and the same hereby is accepted, with an expression of the regret of the Board at losing his services.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Claflin.

Nays—None.

Communication of the Rapid Transit Subway Construction Company was presented as follows, and referred to Counsel for report:

INTERBOROUGH RAPID TRANSIT COMPANY,
No. 23 NASSAU STREET,
NEW YORK, August 29, 1905. }

ALEXANDER E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners, City:

DEAR SIR—My attention has just been called to a resolution adopted at a meeting of your Board held on June 29, empowering the President and Secretary of the Board to enter into an agreement with the owners of the Evening Post Building, at the corner of Broadway and Fulton street, granting them the right, at their own expense, to open a door from the building to the station platform.

I am advised by counsel that your Board is without power to enter into such agreements without the consent of this company, the lessee of the railroad. We have always been advised, and it was my impression, that it had been conceded by your Board that the right to cut doorways from abutting property onto the station platforms could not be granted without the consent of the lessee company.

Very truly yours,
(Signed) AUGUST BELMONT,
President, Rapid Transit Subway Construction Company.

Reports of the Chief Engineer were presented as follows, as to matter of permission to build show windows in the wall of the subway in Fulton street, Brooklyn, and referred to Counsel for report:

August 31, 1905.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—The Wm. B. Riker & Son Company, of No. 456 Fulton street, Brooklyn, have asked for permission to build show windows in the wall of the subway at Hoyt

street station in front of their building, and ask that the plans for the subway at this point be so arranged as to allow these show windows to be put in.

There is no structural objection to these show windows being built, and the question is dependent only upon the policy which the Board wishes to follow.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—The Bedell Company, of Nos. 460 and 462 Fulton street, Brooklyn, have asked for permission to build show windows in the wall of the subway at Hoyt street station in front of their building, and ask that the plans for the subway at this point be so arranged as to allow these show windows to be put in.

As these premises are just beyond the station platform this request cannot be complied with.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

The Chief Engineer read a letter from the Corporation Counsel to the President of the Borough of Manhattan, dated August 23, with reference to the Lenox avenue controversy, as follows:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, August 23, 1905. }

Hon. JOHN F. AHEARN, President, Borough of Manhattan:

SIR—Replying to your letter of July 29, 1905, relative to the condition of street railway tracks and pavement on Lenox avenue, from One Hundred and Tenth street to One Hundred and Forty-seventh street, it appears from the correspondence that the matter has been brought to the attention both of the street railway company and the subway contractor, and that there is a dispute as to how much work each is obliged to do.

By the provisions of the rapid transit contract the contractor is required to restore the surface of the street to its former condition, and also to properly support the tracks of any street surface railroad. By the provisions of its charter, and section 98 of the Street Railroad Law, the street surface railway operating its cars on the street is required to maintain and repair the pavement between its tracks and for two feet outside thereof.

As neither of these parties appear to be willing to perform their respective obligations, and as The City of New York will be responsible for any damages resulting from the imperfect condition of the surface of the street, tracks and pavement at this point, I am of the opinion the City should act in the matter without further parley or delay, and therefore recommend:

(1) Where you are satisfied the street should be repaved between the tracks without the tracks being realigned, that you at once serve on the street railway company the customary notice to repair the pavement within thirty days, or on their failure to do so the City will do the same at their expense.

(2) Where you are satisfied that to put the street in proper condition of realignment of the tracks is necessary before the repairing of the pavement, you immediately notify both the street railway company and the subway contractor under the rapid transit contract, requiring each to do the work within thirty days, or upon their failure to do so the City will do the same at their expense.

(3) If after such period no action is taken by either of the parties, I recommend that you, without delay, take such steps as are necessary to do the work on behalf of the City, keeping a careful record of the cost and expense, with a view of proving the same in the future in actions against the respective parties.

Care should be taken to obtain proof of the service of the notices referred to; and where the same are addressed to the rapid transit subway contractor, it would be advisable to have the same signed by the Rapid Transit Commissioners, as well as yourself, as they are parties to the subway contract.

I return herewith all the correspondence on the subject.

Respectfully yours,
(Signed) G. L. STERLING,
Acting Corporation Counsel.

The Counsel of the Board advised that the course recommended by the Corporation Counsel will protect the interests of the City better than they can be protected in case the Lenox avenue work is done by the Chief Engineer of the Board.

The following resolution was moved:

Resolved, That the resolution of this Board adopted the 24th of August, 1905, as to the pavement, etc., in Lenox avenue, be and the same hereby is rescinded, and that this Board and its officers co-operate with the President of the Borough of Manhattan, as suggested by the Corporation Counsel in his letter.

Ayes—The President, Mayor, Comptroller and Commissioner Claflin.

Nays—None.

Carried; the Vice-President and Commissioner Langdon not voting.

Mr. Boardman reported progress in the work of obtaining consents of property-owners along the line of the additional rapid transit routes, but stated that he would be glad if he had authority to employ additional canvassers in the work.

The following resolution was thereupon moved:
Resolved, That Counsel of this Board be and they hereby are authorized to employ additional canvassers to the number of ten in all, at a salary not to exceed \$150 per month, for the work of obtaining consents of property-owners along the additional rapid transit routes.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Claflin.

Nays—None.

Carried.

The Acting Mayor reported verbally on the matter referred to him at the last meeting, as to the condition of the pavement in Park avenue, between Forty-first and Forty-second streets, that he had conferred with the departments interested, and would

soon have a formal report from them in the matter, which he thought ought to be taken up as soon as possible, owing to the very bad condition of the thoroughfare in question.

The Board then adjourned.

BOARD OF ESTIMATE AND APPORTIONMENT.

CITY OF NEW YORK—BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held September 15, 1905, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of the City of New York:

GENTLEMEN—The Commonwealth Telephone Company hereby respectfully petitions your Honorable Board for a franchise permitting it to construct, maintain and operate its telephone system, with the necessary underground and overhead conductors and other appliances therefor, through, over, under and over the streets, highways and public places of The City of New York, and for the enactment of an ordinance granting to your petitioner such right and franchise for a period of twenty-five years.

There is annexed to this petition marked "A" and made part hereof a draft of an ordinance granting the franchise and privileges for which your petitioner hereby applies and enumerating the terms and conditions upon which the said franchise may be granted.

Complying with the terms of a resolution adopted by your Honorable Board at a meeting thereof held June 9, 1905, your petitioner begs to call your attention to the following circumstances:

First—The facts relating to your petitioner's incorporation and to this application are that your petitioner was duly incorporated under the laws of the State of New York for the purpose of constructing and operating a system of telephone and telegraph within the City and State of New York, and also in the States of New Jersey, Pennsylvania, Delaware and Maryland, and that subsequent to such incorporation and prior to the date of the verification of this petition your petitioner was duly organized pursuant to the law of the State of its incorporation.

This application to your Honorable Board follows as, of course, to obtain the franchise hereby petitioned for in order to exercise and enjoy within the limits of The City of New York the powers and rights stated in your petitioner's certificate of incorporation.

Second—Some of the reasons for this application, among others, are that in consideration of the franchise hereby applied for this company offers to furnish to The City of New York for municipal purposes free telephone service which it is believed will be fully adequate for all City purposes, together with a percentage of the gross earnings of said company, beginning with four per cent. thereof and thereafter increasing during the term of the desired ordinance.

Wherefore your petitioner prays that this Honorable Board will grant this petition and will give your petitioner opportunity to be heard for the purpose of submitting such additional evidence and further argument as to this Board may seem necessary.

Dated New York, August 31, 1905.
THE COMMONWEALTH TELEPHONE COMPANY.

Edwin M. Brooks, President.
State of New York, County of Kings, ss.:
Edwin M. Brooks being duly sworn deposes and says:

I am the President of the Commonwealth Telephone Company, the petitioner described in and who executed the foregoing petition. I have read the foregoing petition and know the contents thereof and the same is true to my own knowledge except as to the matters therein set forth upon information and belief and as to those matters I believe it to be true.

EDWIN M. BROOKS.
Sworn to before me this 31st day of August, 1905.

JAMES WHITLOCK,
Commissioner of Deeds, City of New York, N. Y.,
No. 413 Pacific street, Brooklyn, N. Y.

AN ORDINANCE granting to the Commonwealth Telephone Company the right and franchise to construct, operate and maintain in, upon and along the streets, highways and public places of The City of New York and the several boroughs thereof, wires, cables and other appliances proper and necessary for the purpose of carrying on a general telephone and telegraph business.

Be it Ordained by the Board of Estimate and Apportionment of The City of New York as follows:

Section 1. The Board of Estimate and Apportionment of The City of New York hereby grants to the Commonwealth Telephone Company the right, franchise and privilege of constructing, operating and maintaining its wires, cables or other electrical conductors, together with the poles, fixtures and other appliances proper and necessary in the telephone business, in said City, through, over, under and along any and all of the streets, avenues, squares, parks and other public places within the limits of The City of New York, for the purpose of conducting a general telephone and telegraph business and for no other purpose; subject, nevertheless, to all the express terms and conditions hereinafter particularly set forth.

Sec. 2. The franchise hereby granted shall exist and continue for a term of twenty-five years from the date of this ordinance; subject, nevertheless, to a renewal and extension thereof for such further period as may be lawful and authorized by this Board upon a valuation thereof and of the lines and property then owned by the grantee or its successor, such value to be established either by arbitrators to be mutually selected and agreed upon by and between the said grantee or its successor and the municipal authorities of The City of New York, then authorized by law to regulate, grant and determine public franchises, or, in the event of failure or inability to fix and establish such a valuation by arbitration, then same to be fixed either by judicial proceeding or in such manner as may be otherwise provided and established by law. For the purpose of fixing and establishing the valuation of the property and franchises contemplated by this ordinance, together with any extension thereof, within the said City of New York, and also for the purpose of determining the amount of earnings of the grantee hereunder and of fixing the proportion thereof payable to the said City of New York, the books, papers and corporate records of the said grantee shall at all times be open to the full inspection and examination of the Comptroller of The City of New York and of his subordinates thereunto specifically authorized.

Upon the expiration of the franchise hereby granted or of any extension thereof which may be hereafter made, The City of New York shall have the right to acquire for itself all the plant and property of the grantee or its successor in the streets, avenues, highways and public places of The City of New York, upon just compensation, to be established as hereinafter specified.

Sec. 3. The rates for telephone service within the said City of New York which may be lawfully charged and collected by the said grantee or its successor are hereby fixed as follows; subject only to modification by the Board of Estimate and Apportionment of The City of New York, but no change in the said rates shall be made within the period of five years from the date of this ordinance:

First—For telephone service contracted or paid for by the message and for toll service between the boroughs of said City:

For a call not exceeding five minutes in duration by connections wholly within any single borough of said City, not exceeding five cents.

For a call not exceeding five minutes in duration by connections between any two boroughs of said City, the boundaries of which are contiguous, not exceeding ten cents.

For a call not exceeding five minutes in duration by connections between any two boroughs of said City, the boundaries of which are not contiguous, not exceeding fifteen cents.

For the purpose of defining said boundaries between boroughs of said City all waterways intervening between boroughs shall be regarded as though the same did not exist.

Second—For telephone service contracted or paid for without limit as to number of messages per annum:

For business places within the Borough of Manhattan, not exceeding \$90 per annum.

For business places within the boroughs of Brooklyn and The Bronx, not exceeding \$75 per annum.

For business places within the boroughs of Queens and Richmond, not exceeding \$60 per annum.

For residences within the Borough of Manhattan, not exceeding \$50 per annum.

For residences within the boroughs of Brooklyn and The Bronx, not exceeding \$40 per annum.

For residences within the boroughs of Queens and Richmond, not exceeding \$30 per annum.

Sec. 4. In consideration of the grant of this franchise, the grantee or its successor shall render service and make payments to the said City of New York as follows:

First—It shall furnish for the exclusive use of said City and of the officers thereof, upon municipal business, free telephone stations connected with its exchanges as follows: In the Borough of Manhattan 300; in the Borough of Brooklyn 200; in the Borough of The Bronx 100; in the Borough of Queens 100; in the Borough of Richmond 50; service at each and all of said stations to be without charge to The City of New York for communications and connections wholly within a single borough of said City; service by connections between stations in different boroughs to be at 50 per cent. of the rates hereinbefore fixed for toll connections between the said boroughs.

Second—The said grantee or its successor shall pay to The City of New York annually, at such date as may be fixed by this Board, a sum equal to 4 per cent. of its gross earnings for business within The City of New York for the first five years of said ordinance; 5 per cent. of its gross earnings for business within The City of New York for the second five years of said ordinance; 6 per cent. of its gross earnings for business within The City of New York for the remaining fifteen years of said ordinance.

Sec. 5. The said grantee shall construct, operate and maintain its telephone plant within The City of New York, in all respects in accordance with the rules and regulations now or hereafter to be adopted by the Department of Water Supply, Gas and Electricity or by other duly authorized municipal authorities of The City of New York having jurisdiction in such matters; and this grant and franchise may not be transferred or assigned, except by and with the consent of the Board of Estimate and Apportionment of the said City.

Sec. 6. Before this grant and franchise shall take effect the said telephone company shall duly execute under its corporate seal a contract and agreement with the said City of New York whereby the said company shall obligate itself and its successor or successors to all the terms and conditions in respect of rates, service, payments to the City and otherwise hereinbefore set forth, which contract shall be approved by and filed with the Comptroller of The City of New York within ten days from the date of this ordinance.

Sec. 7. This ordinance shall take effect immediately, and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Commonwealth Telephone Company, dated August 31, 1905, was presented to the Board of Estimate and Apportionment at a meeting held September 15, 1905;

Resolved, That in pursuance of law this Board sets Friday, the 13th day of October, 1905, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time

and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

**CONTRACT FOR THE FINAL DISPOSI-
TION OF GARBAGE.**

The period for the performance of this con-
tract will be for five (5) years, beginning the
1st day of August, 1906.

The amount of security required is One Hun-
dred Thousand Dollars (\$100,000).
A special deposit of \$40,000 in money will be
required to be made with the Comptroller of
the City of New York, at or before the signing
of the contract; \$30,000 of this amount, or the
unexpended portion thereof, to be returned to
the contractor at the end of one year, and \$10,000
of the said amount to remain on deposit with
the Comptroller until the completion of the con-
tract, or other termination thereof.

Each bid must be accompanied by a certified
check on a solvent banking corporation in The
City of New York, payable to the order of the

Comptroller for five per centum of the amount
for which the work bid for is proposed in any one
year to be performed. Such check should be in-
closed in the sealed envelope containing the bid
or proposal.

The compensation to be paid to the contractor
must be stated at a price per annum for each
of the five years of the period of contract, and
these prices must be written out in full, and
must be given also in figures.

From the bids or proposals so received the
Commissioner of Street Cleaning may select the
bid or bids, the acceptance of which will, in his
judgment, best secure the efficient performance
of the work, or he may reject any or all of said
bids.

The award of the contract on the bid so
selected will be conditional on its approval by the
Board of Estimate and Apportionment, pursuant
to section 544 of the Greater New York Charter.

Bidders upon this contract will receive every
assistance in obtaining information from the data
in possession of the Department in regard to the
quantity and quality of material, together with
every opportunity to inspect the collections and
dumping boards of the Department.

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS IN THE BOROUGH OF BROOKLYN:

TWENTY-SIXTH WARD.

LOGAN STREET—REGULATING AND GRADING, SETTING OR RESETTING CEMENT CURB AND PAVING OR REPAVING SIDEWALKS, between Jamaica avenue and Atlantic avenue. Area of assessment: Both sides of Logan street, from Jamaica avenue to Atlantic avenue, and to the extent of half the block at the intersecting and terminating streets;

—that the same was confirmed by the Board of Revision of Assessments September 28, 1905,

and entered September 28, 1905, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before November 27, 1905, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

EDWARD M. GROUT,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, September 28, 1905.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines and on property owned by The City of New York and acquired for street purposes.

BOROUGH OF THE BRONX.

1. All of the buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of property acquired for Morris street, from Bronx river to Old Boston Post road, in the Borough of The Bronx. The sale will take place on Wednesday, October 11, 1905, at 11 a. m. on the premises.

2. All of the buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of property acquired for College avenue, from East One Hundred and Sixty-fourth street to East One Hundred and Sixty-seventh street, in the Borough of The Bronx.

The sale will take place on

WEDNESDAY, OCTOBER 11, 1905,

at 12 m., on the premises.

3. All of the buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of property acquired for Belmont street, from Clay avenue to Topping avenue, Borough of The Bronx. The sale will take place Wednesday, October 11, 1905, at 1 p. m. on the premises.

All of the buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of the above described streets, shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of said streets, from the streets by the purchaser or purchasers within thirty days after the sale. If the purchaser or purchasers fail to effect a removal within that time he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, sheds, walls, fences, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupancy or removal of said buildings, parts of buildings, sheds, walls, fences, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller of the City of New York, the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

Dated City of New York, Department of Finance, Comptroller's Office, September 22, 1905.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on Friday, October 6, 1905, at 12 m., in Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan, the buildings and appurtenances thereto belonging, erected upon real estate, acquired for school purposes, belonging to the Corporation of The City of New York, viz.:

All the right, title and interest of The City of New York in and to all the buildings, with the appurtenances thereto belonging, erected upon the following-described property:

(Acquired for the Board of Education.)

1. The property on the northerly side of Prospect street, near Sands street, running through to the southerly side of Sherman street, in the Borough of Richmond, more particularly described as follows:

Beginning at a point on the northerly line of Prospect street distant 200 feet westerly from the westerly line of Sands street, and running thence northerly and parallel with Sands street 250 feet to the southerly line of Sherman street; thence westerly along the southerly line of Sherman street 100 feet to the easterly line of the lands of Public School 21; thence southerly along the easterly line of said lands of Public School 21 250 feet to the northerly line of Prospect street; thence easterly along the northerly line of Prospect street 100 feet to the point or place of beginning.

By direction of the Comptroller, sales of the above property will be made under the supervision of the Collector of City Revenue on Friday, October 6, 1905, at 12 m.

2. The property on the southwesterly corner of Schenectady avenue and Dean street, in the Borough of Brooklyn, more particularly described as follows:

Beginning at a point formed by the intersection of the westerly line of Schenectady avenue with the southerly line of Dean street, and running thence westerly along the southerly line of Dean street 184 feet; thence southerly and parallel with Schenectady avenue 107 feet 2½ inches; thence easterly and parallel with Dean street 4 feet; thence southerly and again parallel with Schenectady avenue 107 feet 2½ inches to the northerly line of Bergen street; thence easterly along the northerly line of Bergen street 40 feet to the westerly line of the lands of Public School 83; thence northerly along the said westerly line of lands of Public School 83 107 feet 2½ inches to the northerly line of said lands of Public School 83; thence easterly along the said northerly line of lands of Public School 83 140 feet to the westerly line of Schenectady avenue; thence northerly along the westerly line of Schenectady avenue 107 feet 2½ inches to the southerly line of Dean street, the point or place of beginning.

By direction of the Comptroller, sales of the above property will be made under the supervision of the Collector of City Revenue on Friday, October 6, 1905, at 12 m.

The buildings on the premises severally above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter. The word "removal" means that the buildings so sold shall be taken down to the curb level and the cellar properly filled in and graded.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense

thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials, machinery, implement or appliance used in the removal of said building by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and to present a clean exterior. The roofs of the adjacent buildings shall be properly flashed, painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings or parts of buildings included in any of the foregoing parcels.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

NINETEENTH WARD, SECTION 5.

SEVENTY-FIFTH STREET—FLAGGING SIDEWALK on the north side, from 348 feet easterly from Avenue A for a distance of 137 feet easterly therefrom. Area of assessment: North side of Seventy-fifth street, extending about 125 feet easterly from a point 348 feet east of Avenue A on Block 1487, Lot No. 15.

TWELFTH WARD, SECTION 6.

EAST ONE HUNDRED AND NINTH STREET—FENCING VACANT LOTS on the north side, beginning 125 feet west of Madison avenue and running 75 feet. Area of assessment: North side of One Hundred and Ninth street, extending about 75 feet westerly from a point 125 feet west of Madison avenue on Block 1615, Lots Nos. 10, 11 and 12;

—that the same were confirmed by the Board of Assessors on September 19, 1905, and entered on September 19, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before November 18, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF GAS HOLDERS.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, on Wednesday, October 4, 1905, at 12 o'clock m., in Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan, the gas holders belonging to the Corporation of The City of New York by stipulation viz.: All the right, title and interest of The City of New York in and to the gas holders located on the block between West Sixteenth and West Seventeenth streets, and between Tenth and Eleventh avenues, Borough of Manhattan, and are described as follows:

Two iron gas holders which extend practically from the northerly side of West Sixteenth street to the southerly side of West Seventeenth street, and from a line about 270 feet westerly from the westerly side of Tenth avenue to a line about 350 feet westerly from the westerly side of Tenth avenue. These gas holders are each about 85 feet in diameter and are built in two lifts of about 30 feet each. All the iron or steel work of these holders lying between the above-mentioned distances from the westerly side of Tenth avenue, including the columns and girders on the exterior, are to be removed down to the surface of the brick or concrete foundations. The weight of the iron and steel work in each gas holder to be removed is roughly estimated at 250,000 pounds.

By direction of the Comptroller, the sale of the above property will be made under the supervision of the Collector of City Revenue on October 4, 1905, at 12 m.

The gas holders on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The gas holders and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

The word "removal" means that the gas holders so sold shall be taken down and removed down to the surface of the brick or concrete foundations.

The dimensions given for the lot described above are believed to be correct, and bidders must judge for themselves as to the correctness of the estimate before making their bids.

Failure to remove said gas holders and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such gas holders or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials, machinery, implement or appliance used in the removal of said gas holders by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale the property advertised.

NOTICE TO TAXPAYERS.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NEW YORK, September 1, 1905.

TAXPAYERS WHO DESIRE TO OBTAIN their bills promptly should make immediate written requisition (blanks may be procured in the borough offices), stating their property by Section or Ward, Block and Lot or Map number, making copy of same from their bills of last year.

If a taxpayer is assessed for personal tax, the requisition should also request bill for such tax. Each requisition should be accompanied by an envelope bearing the proper address of the applicant, AND WITH RETURN POSTAGE PREPAID.

In case of any doubt in regard to Ward, Section, Block or Lot number, taxpayers should take their deeds to the Department of Taxes and Assessments and have their property located on the maps of that Department and forward to the Deputy Receiver of Taxes with the requisition a certified memorandum of their property, which will be furnished by the Department of Taxes and Assessments.

Taxpayers in this manner will receive their bills returned by mail at the earliest possible moment and avoid any delay caused by waiting on lines, as required in case of personal application.

The requisition must be addressed and mailed to the Deputy Receiver of Taxes in whichever borough the property is located, as follows:

JOHN J. McDONOUGH, No. 57 Chambers street, Borough of Manhattan, New York.

JOHN B. UNDERHILL, corner Third and Tremont avenues, Borough of The Bronx, New York.

JACOB S. VAN WYCK, Municipal Building, Borough of Brooklyn, New York.

FREDERICK W. BLECKWENN, corner Jackson avenue and Fifth street, Long Island City, Borough of Queens, New York.

JOHN DE MORGAN, Bay and Sand streets, Stapleton, Staten Island, Borough of Richmond, New York.

After receiving the bills, the taxpayer will see that they are properly rebated; then draw check for the net amount to the order of the Receiver of Taxes and mail bill and check, with an addressed envelope, with the return postage prepaid, to the Deputy Receiver in whichever borough the property is located.

Checks should be mailed as soon as possible after the bills have been received by the taxpayer.

All bills paid during October must be rebated before payment.

DAVID E. AUSTEN,

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to A STREET (although not yet named by proper authority) lying southerly of East One Hundred and Seventy-third street and between Webster avenue and Clay avenue (shown on a map filed in the Register's Office, December 17, 1895), in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 12th day of October, 1905, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of October, 1905, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of October, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of the middle line of the block between Webster avenue and Park avenue with the northerly line of Wendover avenue; running thence westerly along the said northerly line of Wendover avenue and its westerly prolongation to its intersection with a line parallel to and 100 feet westerly from the westerly line of Clay avenue; thence northerly along said parallel line to its intersection with a line parallel to and 100 feet southerly from the southerly line of Belmont street; thence westerly along said last mentioned parallel line to its intersection with the southerly prolongation of a line parallel to and 100 feet westerly from the westerly line of Monroe avenue; thence northerly along said parallel line to its intersection with a line parallel to and 100 feet northerly from the northerly line of East One Hundred and Seventy-third street; thence easterly along said parallel line to its intersection with the northerly prolongation of the middle line of the block between that portion of Webster avenue and Park avenue lying southerly of East One Hundred and Seventy-third street; thence southerly along said prolongation and middle line of the block to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in

The City of New York, on the 23d day of November, 1905, at the opening of the Court on that day.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of POPHAM AVENUE (although not yet named by proper authority), from East One Hundred and Seventy-sixth street to Montgomery avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 12th day of October, 1905, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of October, 1905, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 21st day of October, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the southeasterly line of Sedgwick avenue and the northwesterly prolongation of a line parallel to and distant one hundred (100) feet east of the easterly line of Palisade place; running thence southerly along said northwesterly prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet northeasterly of the northeasterly line of Popham avenue; thence southeasterly along said parallel line and its southeasterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet southeasterly of the southeasterly line of Montgomery avenue; thence southwesterly along said parallel line to its intersection with the southeasterly prolongation of a line parallel to and distant one hundred (100) feet southwest of the southeasterly line of Popham avenue; thence northwesterly along said last mentioned prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet south of the southeasterly line of Popham avenue; thence southwesterly along said parallel line and its southwesterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet southwest of the southeasterly line of East One Hundred and Seventy-sixth street; thence westerly along said parallel line to its intersection with the southwesterly prolongation of a line parallel to and distant one hundred (100) feet northwest of the northwesterly line of Popham avenue; thence northeasterly along said southwesterly prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet west of the westerly line of Palisade place; thence northwesterly along said last mentioned parallel line and its northwesterly prolongation to its intersection with the southerly line of Undercliff avenue; thence easterly along said southerly line of Undercliff avenue and also the southerly line of Sedgwick avenue to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 23d day of November, 1905, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, July 13, 1905.

SUPREME COURT—SECOND DEPARTMENT.

SECOND JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain lands and premises and lands under water and wharf property necessary to be taken for the improvement of the water front and harbor of The City of New York for ferry purposes, and the wharf property so to be taken are bounded and described as follows:

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, by virtue of an order of the Supreme Court, bearing date the 11th day of August, 1905, and filed in the office of the Clerk of the County of Richmond on the 7th day of September, 1905, were appointed Commissioners of Estimate and Assessment in the above-entitled proceeding for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, par-

ties and persons entitled to or interested in the lands and premises and land under water and wharf property hereinafter described, and not now owned by The City of New York, and situated in the Borough of Richmond, in The City of New York, to be taken herein for the improvement of the water front and harbor of The City of New York for ferry purposes, and which said lands and premises and lands under water and wharf property so to be taken are bounded and described as follows:

Beginning at a point in the westerly line of Richmond avenue distant 130.69 feet northerly from the southeasterly corner of the two-story frame building now forming the northwesterly corner of Richmond avenue and Richmond terrace, measured along said westerly line of Richmond avenue, and running thence westerly 124.62 feet along a line drawn parallel with the bulkhead line, established by the Department of Docks and Ferries in 1903, and at right angles with the said westerly line of Richmond avenue to the easterly line of Ferry street;

Thence deflecting to the right through an angle of 91 degrees 20 minutes and 43 seconds, and running thence northerly and along the easterly line of Ferry street and its prolongation 272.63 feet to the pierhead line established by the Secretary of War in 1890;

Thence deflecting to the right through an angle of 69 degrees 23 minutes and 40 seconds, and running easterly along said pierhead line 125.24 feet to the northerly prolongation of the westerly line of Richmond avenue;

Thence deflecting to the right through an angle of 109 degrees 15 minutes and 37 seconds, and running southerly along the westerly line of Richmond avenue and its northerly prolongation 313.83 feet to the point or place of beginning.

Said lands and premises, lands under water and wharf property are shown on a certain plan adopted by the Commissioner of Docks on the 14th day of October, 1903, and approved by the Commissioners of the Sinking Fund on the 18th day of November, 1903, and which said plan is on file in the office of the Department of Docks and Ferries.

All parties and persons interested in said lands and premises and lands under water and wharf property taken or to be taken for the said improvement of the water front and harbor of The City of New York, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room No. 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice; and we, the said Commissioners, will be in attendance at our said office on the 20th day of October, 1905, at 10.30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto, and at such time and place, and at such other or further times and places as we may appoint, we shall hear such owners in relation thereto, and examine the proofs of said claimant or claimants, or such additional proofs or allegations as may be then offered by such owners or on behalf of The City of New York.

Dated NEW YORK, September 29, 1905.
ALBERT E. HADLOCK,
ALEXANDER S. LYMAN,
THOMAS A. BRANIFF,
Commissioners.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
