POLICE DEPARTMENT.

Report for the Quarter Ending March 31, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, New York City:

Sir—Pursuant to section 1554, chapter 466, Laws of 1901, the Police Commissioner of the Police Department of The City of New York hereby submits the following report of the operations and transactions of the Police Department and Force for the three months ending March 31, 1904:

REPORT.

On the 31st day of March, 1904, the number of the Force of all grades (including those on probation) was 8,147.

Sick Time.

The time lost by members of the Force by reason of sickness, disability and injuries received, for the quarter, and the details thereof will be found in schedule annexed, marked "A," from which it will be seen that the sick time lost was 27,578½ days, the sick time paid was 13,789¼ days and the sick time unpaid was 13,789¼ days. Total days' time of the Force was 739,313. Per cent. of sick to full time was 3.73, and for preceding quarter, 2.68.

Arrests.

The total number of arrests by the Police Force during the quarter was: Males, 28,867; females, 7,316; total, 36,183. Number arrested for principal felonies, 2,721; number discharged without trial, 1,082; number acquitted, 292; number convicted, 426; number sent to other authorities, 30; number died, 4; number pending, 887.

Lost Children.

Males, 203; females, 87; total, 290. Restored to parents or guardians, 279; other dispositions, 11. Of this number there were disposed of from Central Office, 158. Schedule "B" contains a valuable collection of miscellaneous statistics, to which attention is respectfully called.

Note—The discrepancy existing between the number of arrests for particular offences in Felony Report and General Report (in Schedule "B") is accounted for by the fact that the General Report is made from the daily returns from the station-houses and the Felony Report is made from the quarterly returns. An offence charged in the station-house at the time of arrest is liable to be, and often is, changed to a greater or less offence on evidence elicited before the Magistrate.

HOUSE OF DETENTION.

The number of persons committed to and detained in the House of Detention for witnesses during the quarter was:

Remaining in House January 1, 1904.....	10
Committed during January.....	35
Discharged during January.....	45
Remaining February 1, 1904.....	17

Remaining March 1, 1904.....	14
Committed during March.....	25
Discharged during March.....	39
Remaining in House March 31, 1904.....	9

The aggregate number of days' detention was 1,247 1-3. Number of meals, 3,742, costing 25 cents each, amounting to \$933.50. For the names of persons detained and other particulars see schedule annexed, marked "C."

SANITARY COMPANY.

The transactions of the Sanitary Company for the quarter, setting forth the number of steam boilers examined and their condition, and the number of applicants for examination as engineers, will be found in schedule annexed, marked "D."

PROPERTY CLERK'S OFFICE.

The value of lost and stolen property recovered and returned to owners and other transactions of the Property Clerk's office will be found in schedule annexed, marked "E."

The number of Officers dismissed the Force was..... 3

The number of charges made against members of the Force and filed in the office of the Chief Clerk during the quarter was:

PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY ON THURSDAY, 23D JUNE, 1904.

There were present:

Alexander E. Orr, President, presiding; John H. Starin, Vice-President; Mayor George B. McClellan, Comptroller Edward M. Grout, and Commissioners Woodbury Langdon, Charles Stewart Smith and John Clafin.

Albert B. Boardman, of Counsel, and George S. Rice, Acting Chief Engineer, also were present.

The minutes of the preceding meeting, that of 16th June, 1904, were read and it was moved that they be approved.

Ayes—The President, the Vice-President, the Mayor, the Comptroller and Commissioners Langdon, Smith, Jesup and Clafin.

Nays—None.

Carried.

The President announced a hearing on the application of the New York Connecting Railroad for a franchise. None appeared in opposition. George T. Moon, of the Manufacturers Association, Frank Harvey Field, Charles L. Rowland and Theodore L. Frothingham spoke in favor of the granting of the franchise.

The following resolution was moved:

Resolved, That the President and Secretary be and they hereby are authorized and directed forthwith to execute under the seal and in the name of the Board and deliver to the New York Connecting Railroad Company, in four identical originals, a certificate for a franchise in form substantially as follows (the same being hereby adopted by the vote of at least six members of this Board), to wit:

The Board of Rapid Transit Railroad Commissioners for The City of New York to the New York Connecting Railroad Company.

Certificate, June 23, 1904.

The Board of Rapid Transit Railroad Commissioners for The City of New York does hereby certify as follows:

Whereas, The New York Connecting Railroad Company (which is hereinafter called the railroad company) is a railroad corporation duly incorporated under the laws of the State of New York and owns and actually operates railroads now constructed which are wholly within the limits of The City of New York, which City is hereinafter called the city, and which railroads are hereinafter called the railroad now constructed; and

Whereas, The railroad company desires that the said railroad now constructed shall be connected with the railroad of the Harlem River and Port Chester Railroad

Company and thereby with the railroad of the New York, New Haven and Hartford Railroad Company and that the said railroad now constructed shall be also connected with the railroad of the Long Island Railroad Company (both railroads with which connection is so desired being railroads within the State of New York and extending respectively from points within the City to points without the same), and that the said railroad now constructed shall be also connected with the railroad of the Pennsylvania, New York and Long Island Railroad Company (being a railroad now under construction and situate and to be situate entirely within the City), and the railroad company desires by such connections to form a continuous line or lines for the carriage of passengers and property between points, on the one hand, within the City and more particularly points within the boroughs of Brooklyn and Queens therein, and still more particularly points on the Long Island Railroad therein and, on the other hand, points as follows: First, points without the City, along the railroad of the New York, New Haven and Hartford Railroad Company between the City and various points thereby reached in the States of Connecticut, Rhode Island and Massachusetts and other States of New England; secondly, points upon the Long Island Railroad without the City; thirdly, points upon the line of the railroad of the Pennsylvania, New York and Long Island Railroad Company now being constructed and thereby and through it, by the Pennsylvania Railroad and otherwise, with points without the City upon the said Pennsylvania Railroad and upon its connections in the States of New Jersey, Pennsylvania and other States to the West and South, the intention being to establish rapid, direct and convenient connections between the said boroughs of Brooklyn and Queens and such States of New England, the West and South; and

Whereas, The Legislature of the State of New York has, by chapter 752 of the Laws of 1900, granted to the railroad company the right to construct upon the line of its railroad a bridge for railroad purposes only, of a single span across the East river at or near Hell Gate, together with necessary viaduct approaches, and to maintain and operate the same, the said bridge to have an elevation of not less than one hundred and thirty-five feet above mean high-water and to span the East river from abutments built upon the shores thereof and within the bulkhead-lines so as not to impede navigation upon the said river; and

Whereas, The railroad company did, prior to the 11th day of June, 1903, duly file its route and profile as provided by the Railroad Law, and, whereas, later and on the said 11th day of June, 1903, the railroad company did duly and with the assent of two-thirds of all the directors of the said company, file in the offices of the Clerks of the Counties of Queens and New York its amended route and profile, and on the 21st day of June, 1904, with like assent did file said amended route and profile in the office of the Clerk of the County of Kings; and

Whereas, The said route lies wholly within private property acquired or to be acquired by the railroad company except where the same crosses over or under certain streets, avenues and highways, and also except where the same extends over and across Ward's Island and Randall's Island and the waters surrounding the said islands and the shores of the East river, Little Hell Gate and Bronx Kills; and

Whereas, The railroad company, pursuant to section thirty-two of chapter four of the Laws of 1891 as amended by chapter five hundred and eighty-four of the Laws of 1902 (which entire statute as amended by various acts and as now in force, is hereinafter called the Rapid Transit Act), has made application to the Board of Rapid Transit Railroad Commissioners for The City of New York (which Board is hereinafter called the Board) to fix and determine the route or routes by which the railroad company may connect with the several railroads above mentioned, and may establish, construct and extend the lines of the railroad company within the City, and also for authority to the railroad company to lay railroad tracks within the City and to operate its railway to certain terminals within the City, and otherwise for the authority and rights hereinafter more particularly set forth, including the right to transport over its railroad passengers and freight or both; and whereas, the additions, tracks, extensions, railroad and connections hereby authorized (and including the portion of the routes hereinafter described upon which the railroad company has already constructed and now owns a railroad) are hereinafter called the new railroad; and

Whereas, The Board, by a concurrent vote of at least six of its members, has fixed and determined the locations and plans of construction of such new railroad of the railroad company upon such routes and of such tracks and facilities, the times within which they shall be respectively constructed, and the compensation to be paid therefor to the City by the railroad company; and

Whereas, The Board, by such concurrent vote, has prescribed such terms, conditions and requirements as to the Board appear to be just and proper for the grant hereby made to the railroad company, including the terms, conditions and requirements provided by the Rapid Transit Act, and has included among them a provision that the railroad company shall, from the time of the commencement of the operation of such new railroad of the railroad company under such determination, annually pay to the City certain sums or rentals for a period of twenty-five years, beginning with such operation, and also providing for a readjustment of the amount of such sums or rentals at the expiration of such period and at intervals thereafter of twenty-five years;

Now, therefore, the Board has authorized and does hereby authorize, but subject, however, to the terms, conditions and requirements hereinafter set forth, the railroad company,

1. To lay down, construct and operate a railway upon a route the centre line of which is as follows, to wit: Beginning at a point in the Borough of Brooklyn over the northeasterly side of Knickerbocker avenue, near the Roman Catholic Cemetery of the Most Holy Trinity, and not more than one hundred and forty-five (145) feet or less than one hundred and fifteen (115) feet southeasterly from the southeasterly side of Moffat street as the same is now laid out or proposed, and running thence into the Borough of Queens and to the west of the Evergreen Cemetery and crossing over Cooper avenue at or near its intersection with Wyckoff avenue as now existing or proposed; thence running in a generally northeasterly direction, crossing over Cypress avenue at a point not more than one hundred and thirty-nine (139) feet or less than one hundred and nine (109) feet northwesterly from the intersection of the centre line of Cypress avenue with the centre line of Washington avenue; thence continuing in a generally northeasterly direction to a point over the centre line of Myrtle avenue not more than nine hundred and fifty-eight (958) feet or less than nine hundred and twenty-eight (928) feet westerly from the intersection of the said centre line of Myrtle avenue with the centre line of Fresh Pond road; thence crossing over Fresh Pond road at a point in its centre line not more than seven hundred and nineteen (719) feet or less than six hundred and eighty-nine (689) feet northwesterly from the intersection of the centre line of that road with the centre line of Myrtle avenue; thence continuing still in a generally northeasterly direction and crossing over Edsall avenue at a point in the centre line thereof at or near its intersection with Howard street as now laid out or proposed until it intersects a portion of the railroad now constructed of the railroad company at a point distant not more than two hundred and fifty-nine (259) feet or less than two hundred and twenty-nine (229) feet east of the centre line of the railway of the Brooklyn Rapid Transit Company, where it crosses the railroad now constructed of the railroad company; thence northeasterly and crossing under the centre line of Metropolitan avenue at a point not more than seven hundred and twenty-nine (729) feet or less than six hundred and ninety-nine (699) feet westerly from the intersection of the centre line of Metropolitan avenue with the centre line of Juniper avenue as now laid out or proposed; thence running northeasterly and crossing under the centre line of Juniper avenue at a point not more than eleven hundred and fifty-nine (1,159) feet or less than eleven hundred and twenty-nine (1,129) feet northerly from the intersection of the centre line of Juniper avenue with the centre line of Metropolitan avenue; thence running northeasterly on a curve with its concavity to the west to a point under the centre line of Johnson avenue not more than three hundred and thirty-seven (337) feet or less than three hundred and seven (307) feet easterly from the intersection of the centre line of Johnson avenue with the centre line of Western avenue as now laid out or proposed; thence northerly to a point under the centre line of the North Hempstead Plank road not more than sixteen hundred and three (1,603) feet or less than fifteen hundred and seventy-three (1,573) feet easterly of the intersection of the said line of the said Plank road with the centre line of Grand street; thence northerly to a point under the centre line of Grand street not more than five hundred and thirty-eight (538) feet or less than five hundred and eight (508) feet easterly from the intersection of the said centre line of Grand street with the centre line of Back street (or avenue); thence northerly to a point over the centre line of Calamus road not more than one thousand and thirty (1,030) feet or less than one thousand (1,000) feet southeasterly from the intersection of the said centre line of Calamus road with the centre line of Jackson avenue; thence northerly to a point in

(over or under) the centre line of the main line of the Long Island Railroad not more than five hundred and fifteen (515) feet or less than four hundred and eighty-five (485) feet southeasterly from the intersection of said centre line with the centre line of Maurice avenue; thence northerly to a point over the centre line of Maurice avenue not more than seven hundred and forty-three (743) feet or less than seven hundred and thirteen (713) feet easterly from the intersection of said centre line of Maurice avenue with the centre line of Jackson avenue; thence northerly to a point over the centre line of Thompson avenue not more than five hundred and seventy-three (573) feet or less than five hundred and forty-three (543) feet southeasterly from the intersection of the said centre line of Thompson avenue with the centre line of Lexington avenue; thence northwesterly to a point under the centre line of the Newtown turnpike not more than one hundred and seventy-seven (177) feet or less than one hundred and forty-seven (147) feet westerly from the intersection of the said centre line of Newtown turnpike with the centre line of Walnut street; thence northwesterly to a point under the centre line of Chestnut street not more than two hundred and forty-six (246) feet or less than two hundred and sixteen (216) feet westerly from the intersection of the said centre line of Chestnut street with the centre line of Walnut street; thence northwesterly to a point under the centre line of Prospect street not more than three hundred and eighteen (318) feet or less than two hundred and eighty-eight (288) feet westerly from the intersection of the said centre line of Prospect street with the centre line of Walnut street; thence northwesterly to a point under the centre line of Woodside avenue not more than four hundred (400) feet or less than three hundred and seventy (370) feet westerly from the intersection of the said centre line of Woodside avenue with the centre line of Walnut street; thence northwesterly to a point under the centre line of First street not more than two hundred and three (203) feet or less than one hundred and seventy-three (173) feet easterly from the intersection of the said centre line of First street with the centre line of Worthington street; thence northwesterly to a point under the centre line of Forest street not more than nine hundred and seventy-three (973) feet or less than nine hundred and forty-three (943) feet easterly from the intersection of the said centre line of Forest street with the centre line of Trains Meadow road; thence northwesterly to a point under the centre line of Trains Meadow road not more than one hundred and ninety (190) feet or less than one hundred and sixty (160) feet westerly from the intersection of the said centre line of Trains Meadow road with the centre line of Sprague street as now laid out or proposed; thence northwesterly to a point over the centre line of Jackson avenue not more than eighty-one (81) feet or less than fifty-one (51) feet easterly from the intersection of the said centre line of Jackson avenue with the centre line of Ninth street as now laid out or proposed; thence northwesterly to a point over the centre line of Charlotte avenue not more than one hundred and ninety-six (196) feet or less than one hundred and sixty-six (166) feet westerly from the intersection of the said centre line of Charlotte avenue with the centre line of Ninth street as now laid out or proposed; thence northwesterly to a point over the centre line of the Bowery Bay road not more than five hundred and fifty-four (554) feet or less than five hundred and twenty-four (524) feet southwesterly from the intersection of the said centre line of the Bowery Bay road with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Wilson avenue not more than seven hundred and eighty-four (784) feet or less than seven hundred and fifty-four (754) feet northwesterly from the intersection of the said centre line of Wilson avenue with the centre line of the Bowery Bay road; thence northwesterly to a point over the centre line of Titus street not more than one hundred and sixty-one (161) feet or less than one hundred and thirty-one (131) feet northeasterly from the intersection of the said centre line of Titus street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Luyster street not more than three hundred and thirty-one (331) feet or less than three hundred and one (301) feet northeasterly from the intersection of the said centre line of Luyster street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Stemler street not more than four hundred and ninety-six (496) feet or less than four hundred and sixty-six (466) feet northeasterly from the intersection of the said centre line of Stemler street with the centre line of Wilson avenue; thence northwesterly, the railroad here beginning to ascend from natural grade by way of approach to the bridge over the East river, and while rising upon such approach, crossing over Flushing avenue at a point in the centre line thereof at or near its intersection with the centre line of Grace street as now laid out or proposed; thence crossing Nassau street, at a point over the centre line thereof not more than four hundred and seventy-four (474) feet or less than four hundred and forty-four (444) feet southeasterly from the intersection of the said centre line of Nassau street with the centre line of Steinway avenue, crossing Frankfort street at a point over the centre line thereof not more than one hundred and thirty-four (134) feet or less than one hundred and four (104) feet southeasterly from the intersection of the said centre line of Frankfort street with the centre line of Steinway avenue, crossing Steinway avenue at a point over the centre line thereof not more than four hundred and thirty-two (432) feet or less than four hundred and two (402) feet southwesterly from the intersection of the said centre line of Steinway avenue with the centre line of Potter avenue, crossing Kouwenhoven street at a point over the centre line thereof not more than three hundred and twenty-one (321) feet or less than two hundred and ninety-one (291) feet southwesterly from the intersection of said centre line of Kouwenhoven street with the centre line of Potter avenue as now laid out or proposed, crossing Pomeroy street at a point over the centre line thereof not more than two hundred and sixteen (216) feet or less than one hundred and eighty-six (186) feet southwesterly from the intersection of said centre line of Pomeroy street with the centre line of Potter avenue as now laid out or proposed; thence in a northwesterly direction on a curve with its convexity toward the east, crossing Blackwell street at a point over the centre line thereof not more than one hundred and eleven (111) feet or less than eighty-one (81) feet southwesterly from the intersection of the said centre line of Blackwell street with the centre line of Potter avenue, crossing Potter avenue at a point over the centre line thereof about midway between Blackwell street and Rapelje street, crossing Rapelje street at a point over the centre line thereof not more than one hundred and one (101) feet or less than seventy-one (71) feet northeasterly from the intersection of the said centre line of Rapelje street with the centre line of Potter avenue, crossing Debevoise avenue at a point over the centre line thereof not more than two hundred and nine (209) feet or less than one hundred and seventy-nine (179) feet northeasterly from the intersection of the said centre line of Debevoise avenue with the centre line of Potter avenue, as now laid out or proposed, crossing Lawrence street at a point over the centre line thereof not more than two hundred and eighty-seven (287) feet or less than two hundred and fifty-seven (257) feet northeasterly from the intersection of the said centre line of Lawrence street with the centre line of Potter avenue, crossing Chauncey street at a point over the centre line thereof not more than three hundred and thirty (330) feet or less than three hundred (300) feet northeasterly from the intersection of the said centre line of Chauncey street with the centre line of Potter avenue, crossing Crescent street at a point over the centre line thereof not more than four hundred and five (405) feet or less than three hundred and seventy-five (375) feet northeasterly from the intersection of the said centre line of Crescent street with the centre line of Potter avenue as now laid out or proposed to a point over the centre line of the boulevard not more than four hundred and sixty-five (465) feet or less than four hundred and thirty-five (435) feet northeasterly from the intersection of the said centre line of the boulevard with the centre line of Potter avenue as now laid out or proposed; thence northeasterly, the route here descending on the approach from the Bronx side of the bridge over the East river, and while upon such approach crossing Willow avenue; crossing East One Hundred and Thirty-second street at a point over the centre line thereof, not more than three hundred and two (302) feet, or less than two hundred and seventy-two (272) feet southwesterly from the intersection of the said centre line of East One Hundred and Thirty-second street with the centre line of Willow avenue; crossing East One Hundred and Thirty-third street at a point over the centre line thereof not more than three hundred and seventy (370) feet, or less than three hundred and forty

(340) feet southeasterly from the intersection of the said centre line of East One Hundred and Thirty-third street with the centre line of Willow avenue, crossing East One Hundred and Thirty-fourth street at a point over the centre line thereof not more than four hundred and sixteen (416) feet, or less than three hundred and eighty-six (386) feet southeasterly from the intersection of the said centre line of East One Hundred and Thirty-fourth street with the centre line of Willow avenue, crossing East One Hundred and Thirty-fifth street at a point over the centre line thereof, not more than four hundred and fifty-five (455) feet, or less than four hundred and twenty-five (425) feet southeasterly from the intersection of the said centre line of East One Hundred and Thirty-fifth street with the centre line of Willow avenue, crossing East One Hundred and Thirty-sixth street at a point over the centre line thereof, not more than four hundred and ninety-four (494) feet or less than four hundred and sixty-four (464) feet southeasterly from the intersection of the said centre line of East One Hundred and Thirty-sixth street with the centre line of Willow avenue, crossing East One Hundred and Thirty-seventh street at a point over the centre line thereof, not more than five hundred and thirty-three (533) feet or less than five hundred and three (503) feet southeasterly from the intersection of the said centre line of East One Hundred and Thirty-seventh street with the centre line of Willow avenue, crossing East One Hundred and Thirty-eighth street at a point over the centre line thereof not more than five hundred and seventy-four (574) feet or less than five hundred and forty-four (544) feet southeasterly from the intersection of the said centre line of East One Hundred and Thirty-eighth street with the centre line of Willow avenue, the route here reaching the commencement of the approach from the Bronx side of the bridge over the East river, and here connecting with the railroad of the Harlem River and Port Chester Railroad Company.

Together with spurs or connections as follows, to wit:

A. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the railway hereinbefore in paragraph 1 described about midway between the crossings of Fresh Pond road and Edsall avenue, and running thence northeasterly along a curve with its convexity towards the north to a point in the railroad now constructed of the railroad company south of the Lutheran Cemetery and not more than fourteen hundred and fifteen (1,415) feet or less than thirteen hundred and fifteen (1,315) feet westerly from the Glendale Station of the said railroad, as now constructed.

B. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the centre line of the railroad now constructed of the railroad company, not more than fourteen hundred and fifteen (1,415) feet, or less than thirteen hundred and fifteen (1,315) feet westerly from the Glendale Station of the said railroad, as now constructed; running thence northwesterly along a curve with its convexity towards the southwest and crossing the railroad now constructed of the Railroad Company at a point not more than three hundred and ninety (390) feet or less than three hundred and sixty (360) feet southeasterly from the intersection of the said railroad now constructed with the centre line of the railway of the Brooklyn Rapid Transit Company; thence running northerly and west of the Lutheran Cemetery to a point in the railway hereinbefore in paragraph 1 described not more than five hundred and forty (540) feet or less than four hundred and forty (440) feet along said railway northeasterly from the intersection of its centre line with the railroad now constructed of the Railroad Company.

C. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the centre line of the railroad now constructed of the Railroad Company distant not more than one thousand and eighty (1,080) feet or less than nine hundred and eighty (980) feet northwesterly from the intersection of the centre line of the said railroad now constructed with the centre line of the railway of the Brooklyn Rapid Transit Company west of the Lutheran Cemetery; running thence upon a curve with its convexity towards the southeast to a point in the railway hereinbefore in paragraph 1 described not more than three hundred and sixty-five (365) feet or less than two hundred and sixty-five (265) feet southwesterly along said railway from the intersection of the centre line of the said railway with the centre line of Metropolitan avenue.

D. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the railway hereinbefore in paragraph 1 described, about fifty (50) feet southeasterly from the intersection of its centre line with the centre line of Bowery Bay road, thence in a general southwesterly direction to a point over the centre line of Charlotte avenue not more than one hundred and thirty-five (135) feet or less than one hundred and five (105) feet easterly from the intersection of the said centre line of Charlotte avenue with the centre line of Fourth street; thence crossing Fourth street at a point over the centre line thereof not more than four hundred and sixty-one (461) feet or less than four hundred and thirty-one (431) feet northerly from the intersection of the said centre line of Fourth street with the centre line of Jackson avenue; thence crossing over Third street and Jackson avenue at a point at or near the northwest corner of their intersection; thence still in a general southwesterly direction crossing Woodside avenue at a point over the centre line thereof to a point in the centre line of the railroad of the Pennsylvania, New York and Long Island Railroad Company, now being constructed on the westerly side of Woodside avenue.

The said route is illustratively shown upon the plan and profile of the new railroad and its spurs and connections herewith attached, which plan and profile are to be deemed a part of this franchise and to be construed with the text hereof, and are to be substantially followed; Provided that deviations therefrom which are consistent with the foregoing description and the other provisions of this franchise may be permitted by the Board.

2. To lay down, construct and operate upon the main line of the said route of the said railway tracks not exceeding four in number, and upon the said spurs A., B., C. and D. tracks not exceeding two in number, Provided that the entire structure of the said railway, including cuttings and embankments, shall not over or under any street or road exceed two hundred (200) feet in width, and Provided, still further, that the Railroad Company shall have the right to add an additional track by way of siding along any portion or portions of its main line of its said railway not in all exceeding in length of such siding or sidings forty (40) per cent. of the total length of the said main line, and to increase the width of the structure or right of way of the said railway by not more than fifty (50) feet for each such siding or sidings for the length or lengths thereof; Provided, however, that the said percentage of sidings may be increased upon consent of the Board; and Provided, further, that this provision shall not limit the right of the railroad company in the use of lands owned or which shall be owned by it.

3. To acquire and maintain terminals or stations.

4. To run upon the said railway (which with the said terminal, stations and all other appurtenances, are together hereinafter called the new railroad) locomotives, motors, cars and carriages for the transportation of persons and property and to use thereon and in connection therewith all suitable appliances.

5. To maintain and operate upon or over the routes aforesaid including all streets, avenues or highways which shall be intersected by the new railroad, or over or under which any part of the routes thereof shall run, telegraph wires and wires, cables, conduits, ducts and ways for the distribution of power, heat and light, and other appurtenances for use of the new railroad and for no other purpose.

6. To acquire and use for power plants, pumping stations, shafts or stairways for access to or from the railroad, and other necessary purposes of the new railroad, as well as for stations and station extensions, private property, as the same has been or shall be lawfully acquired, within the scope of the corporate rights and powers of the railroad company.

Nothing herein contained shall be deemed to give any right to construct or operate a railroad upon the surface of any street, avenue or highway in The City of New York.

The rights hereinbefore granted to maintain and operate the new railroad or necessary or convenient for that purpose, shall be held by the railroad company in perpetuity except as may be herein otherwise expressly provided.

But this authorization, including all the rights and privileges hereby granted, are subject to certain terms, conditions and requirements which appear to the Board to be just and proper and as so subject, are hereinafter called the franchise hereby granted.

The following further terms, conditions and requirements are accordingly hereby prescribed as follows, to wit:

I.

This certificate will be executed by the Board in four identical originals, so proved as to be entitled to be recorded in the office of the Register or County Clerk of each of the Counties of Kings, Queens and New York, and to be filed in the office of the Secretary of State of New York, all of which will be delivered by the Board to the president, vice-president, secretary or treasurer of the railroad company. The franchise hereby granted shall be inoperative, and this certificate shall be void unless within thirty days after such delivery or such further period not exceeding three months as shall be prescribed in writing by the Board, the railroad company shall have procured three of the said identical originals to be returned to the Board, each of them having an acceptance of the franchise and all the terms, conditions and requirements thereof subscribed at the foot thereof by the railroad company, such acceptance being so proved as to entitle it to be recorded and filed as aforesaid.

II.

The franchise hereby granted shall, if the Board shall so determine, become void unless within six calendar months after the time of the delivery to the Board of the acceptance of this certificate by the railroad company, that company shall, in due and lawful form, obtain or receive the consent of the Board of Aldermen of the City, being the local authority having the control of the streets, avenues and highways over or under which it is proposed to construct the new railroad, and of the other property of the City upon, under or over which such new railroad is to be constructed, together with the approval of the Mayor of the City.

The franchise hereby granted shall, if the Board shall so determine, become void, unless within one year after the time of such acceptance of this certificate by the railroad company, that company shall further, and in due and lawful form, obtain, so far as may be necessary, the consent of the owners of one-half in value of the property bounded on each portion of the streets or avenues over or under which the new railroad or any part of the route thereof runs, to the construction and operation of the new railroad or such part thereof, or in case the consent of such property owners cannot be obtained, then the determination of commissioners to be appointed pursuant to law by the Appellate Division of the Supreme Court in the First Department or the Second Department (as the case may be) that such portion of the new railroad ought to be constructed and operated, the said determination of such commissioners, when confirmed by the Appellate Division which shall have appointed such commissioners, to be taken in lieu of such consent of property owners, provided, however, and it is expressly stipulated, that the Board shall have power, upon reasonable cause shown, to extend by written certificate either of the periods hereinbefore in this article prescribed.

III.

The railroad company shall begin or continue the construction of the new railroad within three months after it shall have obtained the consents aforesaid, or such of them as shall be necessary as aforesaid and shall complete the construction of the railroad and begin its operation within five years after such construction shall be begun or continued.

In case the railroad company, within the period of three months after it shall have obtained the consents necessary as aforesaid, shall not have begun or continued the actual construction of the new railroad, or if, after having begun or continued such construction, it shall suspend the same prior to the completion thereof for a period exceeding three months, or if it shall not complete such construction and begin the operation of the new railroad within the said period of five years, then and in that case, the Board, upon a written notice to be delivered to the railroad company, may annul the franchise hereby granted as to any part of the new railroad not then completed and in operation; provided, however, that the Board shall have the power, upon reasonable cause shown, to extend by written order any of the periods in this article prescribed; provided, further, however, that such extension or extensions shall not in all exceed five years; and provided, further, that additional time shall be allowed by way of extension of any period for such commencement or continuance of construction or for the completion thereof, or for the commencement of operation of the new railroad equal to the total period of delay caused by injunction or by necessary proceedings for condemnation of real estate, easements or other property, so far as such proceedings shall necessarily prevent the railroad company from prosecuting such construction, but no delay to be so allowed for unless, during the same, such proceedings shall be diligently prosecuted by or for the railroad company; and provided, further, that in no case shall such delay be deemed to begin until the railroad company shall have given written notice to the Board of the injunction or other occasion of delay and delivered to the Board copies of the injunction or other orders causing delay and of such of the papers upon which the same shall have been granted as shall have been served upon the railroad company, and unless, upon the request of the Board, the railroad company shall, in writing, consent that the Board, either in its own name as a party or in the name of The City of New York as a party, may intervene in any such injunction proceedings or other suit or proceeding; and provided, further, that in case of annulment of any part of the franchise the railroad company shall have no right to any return of payments which it shall have made to the City by way of rental or otherwise.

IV.

The railroad company shall pay to the City for the franchise to construct and maintain the new railroad over the East river between bulkhead-lines as heretofore determined by the War Department of the United States, the sum of one hundred dollars (\$100) for each year, beginning on the date on which the railroad company shall first commence the actual operation of the new railroad (but such date to be not later than the last day on which the railroad company shall be bound to begin such operation) and ending on the day twenty-five (25) years next thereafter. The railroad company shall further pay to the City for the rights, franchises and licenses hereby granted the sum of five (5) cents per annum for each linear foot of single track of the new railroad, which at the dates when the respective payments are due shall be constructed or which the railroad company shall be bound to have then constructed, during the period beginning on the date when the railroad company shall first commence actual operation of the new railroad (but not later than the last day on which the railroad company shall be bound to begin such operation) and ending on the day ten (10) years next thereafter, and ten (10) cents per annum for each linear foot of such single track during the period beginning on the last day of such ten (10) years and ending on the day fifteen (15) years next thereafter. In computing the length of the tracks on which payments are to be made as aforesaid both main tracks and side tracks shall be included; but tracks shall be excluded which are used exclusively for switching and storage of cars and which are situated wholly within yards or terminals belonging or leased to the railroad company; and there shall also be excluded such tracks as rest upon the portions of the bridge directly over the East river, Little Hell Gate and Bronx Kills. The length of the said portions of the bridge shall be determined by ascertaining the distance from the bulkhead-line as heretofore determined on one shore to the bulkhead-line as heretofore determined on the other shore, at points vertically under the bridge. The railroad company, in addition to the payments hereinbefore provided, shall pay annually the reasonable value of its use and occupation of the portions of ground upon the said Ward's Island and Randall's Island permanently occupied by the abutments, piers and other supports of the bridge or elevated structure and of its use and occupation of the portions of overhead space occupied by such bridge or elevated structure. The time for such payment shall be computed from the date of the first occupation of the ground of Ward's or Randall's Island for any purpose of such bridge or elevated structure. The amount of such annual payments may be agreed upon in writing by the railroad company and the Board of Commissioners of the Sinking Fund of the City. If such agreement shall not be made within six months after such date of the first occupation of the ground as aforesaid, then the rates of such payment shall be prescribed by the Board of Commissioners of the Sinking Fund and, as so prescribed, shall be paid by the Railroad Company. Provided, that, if the Railroad Company shall claim that the amount prescribed is unreasonable, it shall have the right, notwithstanding such payment, to recover back from the City the amount of the excess, if any, of its payment over and above the amount which shall be reasonable, and the City shall repay to the Railroad Company the amount of such excess. Two rates shall be agreed upon or prescribed as aforesaid, the first for the period which shall begin on the date of the first occupation of the ground on Ward's or Randall's Island for any purpose of such elevated structure and shall end ten (10) years from and after the date when the Railroad Company shall first commence the actual operation of the new railroad (but not later than the last day on which the Railroad Company shall be bound to begin such operation) and the second rate for the period of fifteen (15) years which

shall begin on the last day of such first period and end on the day fifteen (15) years next thereafter. In case either of the said rates shall be prescribed, not by agreement, but by the Board of Commissioners of the Sinking Fund as aforesaid, and if the Railroad Company shall, as aforesaid, object that the rate is unreasonable, then the rate, if any, which shall be ascertained to be reasonable in any suit or proceeding brought by the Railroad Company as aforesaid, shall be deemed to be the reasonable rate for the remainder of the said period ending on the last day of the said period of ten (10) years or for the said period of fifteen (15) years as the case may be. The payments hereinbefore provided with respect to Ward's Island and Randall's Island are to be limited to amounts which are reasonable for the occupation and use of the estate and title of the City in the property occupied or used as aforesaid. In determining what amounts shall be reasonable, due regard shall be had to such estate and title.

All such payments shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the first days of January, April, July and October in each year.

The amounts to be paid by the Railroad Company as aforesaid shall be readjusted at the end of the first period of twenty-five (25) years, and shall thereafter be readjusted at intervals of twenty-five (25) years. The amounts to be paid by the Railroad Company at the end of the first period and at the end of each successive period of twenty-five (25) years shall be determined as follows, to wit: Each such determination shall be had upon the application of either the Railroad Company or the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the preceding period of twenty-five (25) years. The determination shall be sufficient if agreed to in writing by the Railroad Company and the Board or such other authority in its place. If the Railroad Company and the Board or such other authority in its place for the City shall not reach such agreement on or before the day one year before the expiration of such preceding twenty-five (25) years period, then the rate of compensation for such succeeding twenty-five years period shall be reasonable; and either the City (by the Board or such other authority in its place) or the Railroad Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then they shall enter into a written agreement fixing such rate at such amount as shall be determined by the Supreme Court of the State of New York; and either party may in such case apply to the said Court to fix such rate. If, in any case, the rate shall not be fixed prior to the commencement of such succeeding twenty-five years period, then the Railroad Company shall pay the rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of the excess of the rate then determined over the previous rate. Nothing herein contained shall be deemed to determine or affect the basis of any such readjustment of amounts to be paid, it being intended that such basis shall be completely open to either the City or the Railroad Company whenever any such readjustment is to be made, except that any such readjusted amount shall never be less than the greatest corresponding amount provided herein.

The Board shall certify to the Comptroller the dates from which the payments herein provided for shall respectively be computed.

V.

The new railroad, wherever the same shall intersect roads, streets or avenues, shall be constructed above or below the grade thereof and in every case so as to permit the convenient use by the public of such street or avenue. The City shall be entitled to require vertical clearances for streets crossing under its route of not less than twelve nor more than fourteen feet, and for streets crossing above the route not less than eighteen feet. The City shall also be entitled to require solid floor construction on all bridges crossing streets. In crossing Ward's Island and Randall's Island the railroad shall be upon an elevated structure in continuation of the bridge over the East river; and the under side of the roadway of such elevated structure over the said islands shall be at a height of not less than thirty (30) feet above the present natural grade; and the railroad company shall have the right upon the said islands to construct all necessary or proper piers, columns and other supports for the elevated structure and all necessary or proper foundations therefor. In case of tunnel construction under a street, there shall be at least four (4) feet between the grade of the street and the exterior surface of the arch or cover of said tunnel. The roadbed, except on bridges, shall be ballasted with a sufficient quantity of either blast furnace slag or broken stone of a hard durable quality.

The railroad company shall, in the course of its construction and at its own expense, maintain and care for all underground and overground structures (including pipes, wires and other conduits) in its route or directly interfered with by its construction; and any necessary interference with underground or overground structures shall be subject to reasonable regulation by the Department, if any, of the government of the City in control or charge thereof.

The railroad company shall observe all reasonable regulations which shall be prescribed by any lawful authority tending to prevent the throwing, deposit or dropping of noxious or offensive objects, substances or things from the portion of the new railroad crossing the East river, Ward's Island and Randall's Island and other public property.

The bridge across the East river shall in all respects conform with the provisions of the said act of the legislature granting the right to build the same.

The railroad company shall make good to the City all damage which shall be done to the property of the City, and shall make good to every owner of property abutting upon the new railroad or which shall be injured by the work of construction or by operation thereof, all damage which shall be done to such abutting or injured property through any fault or negligence of the railroad company or any successor thereof or of any contractor, sub-contractor or other person in the course of any employment upon the construction or operation of the new railroad or any part thereof. The railroad company shall save harmless the City of and from all claims lawfully made against the City by reason of any act or proceeding of the railroad company hereunder. The railroad company shall keep its structure in good order and where the same crosses public property it shall have such access as may be reasonably necessary in order to maintain and repair the same.

All plans for, and the method of doing, the work including necessary interference with roads, streets, avenues or other public property during construction, shall from time to time, be subject to the approval of the Board which shall be given when reasonably requested. All necessary permits for work upon roads, streets or avenues or other public property and other departmental permits so far as any shall be necessary shall be respectively granted by the presidents of the proper boroughs or other officers as provided by law.

VI.

The motive power to be used upon the new railroad shall be steam with the right to the railroad company to substitute therefor electricity; but any other motive power may at any time hereafter be substituted for steam or electricity upon the consent of the Board and the railroad company. If the railroad company shall use steam and if, by reason of increased density of population along the line of the new railroad, such use of steam shall constitute a nuisance or be dangerous to the residents along the route, or materially depreciate the value of property along the route, then the Board may notify the railroad company that such use constitutes a nuisance, or is, in its opinion, dangerous to the residents along the route or materially depreciates the value of property along the route, and that the public necessity for a change by reason thereof to some other motive power is such that the railroad company should make a change, and that the Board accordingly requires the change to be made. The railroad company shall thereupon within ninety days notify the Board whether it will change its motive power as required by the Board. If the railroad company refuses or neglects to notify the Board within the time above specified, the Board may thereupon apply to the Supreme Court of the State of New York for a writ of mandamus or other proper remedy and the issues shall thereupon be whether in fact such use of steam by the railroad company constitutes a nuisance, or is dangerous to the residents along the route or materially depreciates the value of property along the route, and whether the public necessity for such change by reason thereof is such that the railroad company should make the change. In case the Supreme Court upon such proceeding shall decide against the railroad company that such use constitutes a nuisance, or is so dangerous or materially depreciates the value of property along the route and that the public necessity by reason

thereof is such that the railroad company should make the change, and upon a written notice of not less than three years to be given by the Board, the railroad company shall change its motive power to electricity or to some other motive power not less convenient to the public.

VII.

The railroad company shall itself bear the entire cost of preserving the streets already opened across the route of the railroad company from injury or interference with the traffic thereof or with the lawful public use thereof, by the construction or operation of the new railroad under or over the same.

The City reserves the right additionally to open across the said route in the Borough of Queens three streets between Juniper avenue and Johnson avenue, a fourth street between Trains Meadow road and Jackson avenue and a fifth street between Charlotte avenue and Bowery Bay road.

The City shall also have the right, but only if and when the public necessity requires, to open across the route of the railroad company any new streets other than the five last mentioned; and the railroad company shall consent to such opening (but subject to its right without interference to control, maintain and operate its road as herein provided) if and when the public necessity shall require and shall not object to the right of the City to so open them on the ground that the land required therefor is already applied to a public use,—provided, however, and it is expressly agreed that if the railroad company shall deny that the public necessity does in fact exist, and shall raise an issue as to the existence of such necessity either in the City's proceedings to acquire title to such street or in some other proper action or proceeding, and if the Supreme Court shall decide that such public necessity does not exist, then and in every such case the railroad company shall not be required to permit the actual use of its land for such street. The determination of the Appellate Division of the Supreme Court, in case an appeal is taken by either party, shall be the decision of the Supreme Court herein intended.

The cost of regulating, grading and paving all streets which shall be opened as herein provided across the route of the railroad company, shall be borne and paid by the railroad company.

The cost of regulating, grading and paving streets within the meaning of this article shall be deemed to include only the cost of actual construction within the limits of the right of way of the railroad company together with the cost of bridges over such streets and the abutments thereof and supports therefor whether such bridges be used to carry the new railroad over streets or to carry streets over the new railroad.

VIII.

It is understood that the intention of the railroad company is to use the new railroad principally for the carriage of property; but the railroad company shall have the right without restriction to transport over the new railroad passengers, provided, however, that the railroad company shall have no power to carry on merely local traffic unless with the approval of the Board and of the Board of Aldermen and Mayor of the City, and for such additional consideration to be paid to the City as they shall prescribe. Local traffic shall be deemed to include the carriage of passengers or freight between points all within the boroughs of Brooklyn and Queens or between points all within the Borough of The Bronx.

The new railroad shall be diligently and skillfully operated with due regard to the convenience of the traveling public so long as the franchise hereby granted shall be in force.

IX.

The City shall have a lien upon the franchise and real property of the railroad company to secure the payment of such compensation and rental and for the performance of all the other obligations by the railroad company hereunder including the obligation to make good to the City damage in the case and as prescribed in Article V hereof. In case of any failure to make such payments as herein prescribed, the lien aforesaid may be enforced by the Board or by any authority which shall be authorized to act for the City in place of the Board, either by entry, foreclosure or other proper proceeding and by sale of such franchise and real property.

The Board may, in its own name, or in the name and behalf of the City, bring action for the specific performance, or may apply by mandamus to compel the performance by the railroad company of the duties and obligations hereby imposed upon the said company, or any of them. And the Board may, in behalf or in the name of the City, bring action or proceedings to recover possession of any part of the property of the City to be used by the railroad company as aforesaid, where such recovery is necessary to the enforcement hereof or to enforce the said lien of the city, or to enforce any part of this contract in the manner provided by section nine (9) of the Rapid Transit Act, or any other proper action or proceeding.

X.

The railroad company will not at any future time oppose—but shall at any time upon the request of the Board consent to—the construction of any rapid transit or street railroad otherwise duly authorized over, along, under or across any portion of any of the said streets, roads or avenues to be occupied by the new railroad where the same shall not actually interfere with the structure or uses of the new railroad as herein authorized.

XI.

The City, the Board, and all duly authorized representatives of the City, shall have the right at all reasonable times, as well during construction as afterwards, to inspect the new railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property-owners or for any proper purpose. Nothing in this franchise shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

XII.

The railroad company shall have the right to grant, convey, mortgage, assign or transfer the franchise hereby granted, Provided, however, that every grantee, assignee or transferee thereof, not including, however, a mortgagee or mere lineor, but including any purchaser upon foreclosure of or under or by virtue of any provision of any mortgage or lien, shall be a corporation subject to the laws of the State of New York, and shall, upon accepting the grant, assignment or transfer, and before such grant, assignment or transfer shall be valid, assume and agree to perform all of the obligations which by the provisions hereof are assumed by the railroad company, and that no such grant, conveyance, assignment or transfer shall relieve the railroad company of its obligations hereunder. Such obligations shall be deemed to include all obligations for damages or otherwise and whether such obligations shall have been reduced to judgment or not.

XIII.

If, at any time, the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

In Witness Whereof this certificate has been executed by the Board of Rapid Transit Railroad Commissioners for The City of New York by and upon the concurrent vote of at least six of the members of the said Board, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this 23d day of June, 1904.

BOARD OF RAPID TRANSIT RAILROAD
COMMISSIONERS FOR THE CITY OF NEW YORK,

The following resolution was moved:

Resolved, That the President and Secretary be and they are hereby authorized and directed to execute under the seal of this Board a communication to the Board of Aldermen in relation to a certificate to the New York Connecting Railroad Company, substantially as follows:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS, }
No. 320 Broadway, New York. }

To the Honorable the Board of Aldermen of The City of New York:

The New York Connecting Railroad Company is a steam railroad corporation owning a railroad wholly within the limits of The City of New York. In pursuance of the provisions of the General Railroad Law it has filed a route and profile showing an extension which it desires to build entirely within this City. The proposed route begins in the Borough of Brooklyn, close to the line of the Borough of Queens, and near the Cemetery of the Most Holy Trinity, and thence the route runs through the Borough of Queens to the East river, and crosses over the East river by a bridge, and runs over Ward's Island and Randall's Island to a point in the Borough of The Bronx, where it forms a connection with the lines of the New York, New Haven and Hartford Railroad Company.

The New York Connecting Railroad Company has applied to this Board, pursuant to chapter 4 of the Laws of 1891, and the various acts amendatory thereof and supplemental thereto, to fix and determine the route or routes by which the applicant corporation may connect with other railroads or the stations thereof in The City of New York and may extend its lines within the City, and for authority to acquire terminal and other facilities necessary for the accommodation of the traveling public on certain streets and places in The City of New York as shown upon the map and profile submitted by it, together with all necessary siding, platforms, stations and other appurtenances, and to lay its tracks and operate its railway and to transport passengers or freight over the same, and to run either passenger trains or freight trains, or mixed trains, and that this Board shall fix and determine the location and plans of construction of the said railway.

The New York Connecting Railroad Company has obtained from the Legislature of the State of New York, by chapter 752 of the Laws of 1900, the right and privilege to construct upon the line of its railroad a bridge of a single span across East river, at or near Hell Gate, together with the necessary viaduct and approaches, and to maintain and operate the same. The said bridge is to have an elevation of not less than one hundred and thirty-five feet above mean high water, and to span the East river from abutments built upon the shores thereof. This Board is advised that the railroad company has also obtained from the United States authorities approval of the proposed bridge.

The proposed route of the New York Connecting Railroad Company lies wholly within private property acquired or to be acquired by the railroad company, except where the same crosses over or under various City streets and except where it crosses over Ward's Island and Randall's Island and the waters adjacent thereto. The route does not at any point follow the line of any City street or avenue. For the most part it will be constructed upon a viaduct or embankment running through the blocks, and near the river it will necessarily attain a great height above the ground, inasmuch as the bridge, as above stated, must be at a height of one hundred and thirty-five feet above mean high water.

The stock of the New York Connecting Railroad Company is owned jointly by the Pennsylvania Railroad Company and the New York, New Haven and Hartford Railroad Company. The Pennsylvania Railroad Company also owns the stock of the Pennsylvania, New York and Long Island Railroad Company, which is now constructing the new tunnel line extending from New Jersey under the Borough of Manhattan to the Borough of Queens, and a controlling interest in the stock of the Long Island Railroad Company.

By means of the new railroad now proposed, the controlling interests have in contemplation the establishment of a through line of railroad for the transportation of freight and passengers between all points reached by the Long Island Railroad and all points reached by the New York, New Haven and Hartford Railroad. The new railroad will, it is expected, be used chiefly for carrying freight. The result here sought is a closer intimacy between the business interests of Brooklyn and the rest of Long Island and those of New England, and a direct freight outlet and inlet from Long Island to the Northeast, North and Northwest.

This Board, after careful consideration of the application, did on the 23d day of June, 1904, by a concurrent vote of six of its members, fix and determine the location and plans of construction of the said railroad of the New York Connecting Railroad Company upon the proposed routes and of its tracks and facilities, the times within which they are to be respectively constructed and the compensation to be paid therefor to the City by the railroad company, and did also prescribe such terms, conditions and requirements as to the Board appeared to be just and proper for the grant in question, including the terms, conditions and requirements provided by the Rapid Transit Act, and including a provision that the company shall from the time of the commencement of the operation of such railroad under the determination of the Board annually pay to the City a rental for a period of twenty-five years, beginning with such operation, and also providing for a readjustment of the amount of such sum or rental at the expiration of such period, and at intervals thereafter of twenty-five years. The general form of the certificate granting this franchise follows the form of the certificate granted to the Pennsylvania, New York and Long Island Railroad Company, and approved by your Honorable Board on December 16, 1902.

In view of the fact that this railroad, unlike the Pennsylvania tunnel, does not follow the line of any street, the compensation payable to the City should obviously be calculated upon a different scale. So far as the franchise to cross the East river is concerned, the sum of one hundred dollars a year has been fixed, being the same amount that was fixed in the Pennsylvania franchise for the right to pass under the East river. For the remainder of the road an annual charge is made of five cents a linear foot of railroad track for the first ten years, and ten cents a linear foot for the next fifteen years. These amounts, considering the small extent to which the railroad makes use of any City property in the streets, are considered by this Board full and reasonable compensation.

So far as Ward's Island and Randall's Island are concerned, the railroad company will need to make use of the property, first by obtaining the right to place foundations on the ground for the support of their viaduct, and, second, by securing an easement for an overhead right of way between such supports. Inasmuch as the exact extent of such use cannot now be determined, and inasmuch as the Board of Sinking Fund Commissioners is the usual authority for determining the value of property disposed of by the City, it has been agreed that the compensation to be paid to the City for the property so needed shall be determined by the Sinking Fund Commissioners.

The certificate provides that the new railroad shall be constructed so as to cross all streets, either below or above grade at suitable distances; that all plans for and the method of doing the work shall from time to time be subject to the approval of the Rapid Transit Board, and that the roadbed, except on bridges, shall be ballasted with either blast furnace slag or broken stone of a hard, durable quality, so as to avoid dust as far as possible.

The motive power to be used by the new railroad company is to be steam, but the railroad company is given the option to substitute electricity at any time. It is also provided that if by reason of increased density of population upon or along the line of the new railroad the use of steam shall constitute a nuisance, the railroad company shall change its motive power upon the demand of the Rapid Transit Board, unless the Supreme Court should hold that the use of steam was not in fact a nuisance or dangerous to the residents along the route or that it did not materially depreciate the value of property.

This Board is of the opinion that while every improved means of communication is of benefit to the City, the fact that the proposed new road will give to the Boroughs of Brooklyn and Queens, and through them to the whole of Long Island, direct railroad communication with New England, is a matter of peculiar advantage to the City as a whole and to the two Boroughs above mentioned in particular. It is to be remembered that large tracts of land in those two boroughs are vacant and well adapted for manufacturing and other business enterprises. Up to the present time the fact that they were cut off from the continent of America by broad tidal streams has undoubtedly operated to retard their development. The plans now in contemplation will, it is believed, tend to bring into use many tracts of land within the City which would otherwise not be available; and by enhancing taxable values and also by broadening the area within which the industries of the City are carried on it will in a great variety of ways enure to the benefit of the entire community. When to this is added the fact that the City will receive a substantial income from the railroad corporation, which is to be readjusted in the future at intervals of twenty-five years, but is never to be less than the greatest rental now fixed, it is believed that the proposed arrangement is one which will commend itself to the judgment of your Honorable Board.

A copy of the certificate of this Board, together with a copy of a written instrument duly executed and acknowledged by the New York Connecting Railroad Company accepting the said franchise and all the terms, conditions and requirements thereof, is transmitted herewith.

This Board feels that it is for the interest of the public and of The City of New York that the necessary constitutional consents to the construction and operation of said proposed railroad should be obtained as soon as possible.

In Witness Whereof the Board of Rapid Transit Railroad Commissioners for The City of New York has caused its official seal to be hereto affixed and these presents to be attested by its President and Secretary this 27th day of June, 1904.

The Board then heard further arguments by property owners in opposition to the proposed franchise of the New York and Jersey Railroad Company to run a crosstown line to Fourth avenue and Ninth street. Isidor Straus, of R. H. Macy & Co.; Isaac Stern, of Stern Bros.; Mr. Martin, of Rogers, Peet & Co.; Mr. Conne, of Saks & Co., and Mr. Marvin, representing the Astor estate, and Mr. Patch, of Lord & Taylor, all spoke in favor of the original route, to wit, that to Thirty-third street and Sixth avenue, instead of the cross-town one.

After the hearing, Commissioner Claflin asked for an expression of opinion on the part of the Board on the proposed application. Commissioner Langdon said he would not vote for the Ninth street line, fearing an excessive congestion at Fourth avenue. Vice-President Starin said he had implicit confidence in the Committee, which had reported on the matter; but he thought that owing to the strong opposition that had developed to the Ninth street route, he would not want to vote for it. He thought it might develop later that the applicants would be satisfied to consider some other route.

Report of the Committee as to commemorative tablet in the City Hall station of the Subway was presented, as follows:

No. 320 BROADWAY, NEW YORK, }
23d June, 1904. }

To the Board:

Your Committee has considered the question of the three commemorative tablets to be placed in the wall of the City Hall station of the Subway, as designed by the Consulting Architects.

Herewith is submitted a drawing showing the form of tablets and the names to be placed thereon, the central tablet to contain the following inscription:

THE FIRST MUNICIPAL RAPID TRANSIT RAILROAD
OF THE CITY OF NEW YORK.

SUGGESTED BY THE CHAMBER OF COMMERCE.

Authorized by the State.

Constructed by the City.

The cost of these tablets will be approximately \$5,000, half of which is to be expended in the modeling under the control of the architects by a proper sculptor, to be selected by them. After the model has been prepared, there will be competitive bidding for the casting of the tablets, under proper specifications.

The cost of the easterly tablet, containing the names of the Directors, etc., of the Rapid Transit Subway Construction Company, will be \$1,050 or \$1,250, or thereabouts, and is to be borne by that company.

Respectfully submitted,

(Signed) A. E. ORR, President;
EDWARD M. GROUT,
JNO. H. STARIN,
CHARLES STEWART SMITH,
Committee.

The following resolution was moved:

Resolved, That this Board hereby approves and ratifies the report of its committee, as above, as to the commemorative tablets to be placed in the wall of the City Hall station of the Rapid Transit Railroad, and directs the Acting Chief Engineer to proceed with the construction of the tablets as therein outlined.

Ayes—The President, the Vice-President, the Mayor, the Comptroller, and Commissioners Langdon, Smith and Claflin.

Nays—None.

Carried.

Letter as follows of Mr. Belmont as to certain subway stations was read:

INTERBOROUGH RAPID TRANSIT COMPANY, }
23 NASSAU STREET, }
New York, June 21, 1904. }

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

MY DEAR SIR—With further reference to your communication dated June 10, regarding the suggestion of the American Scenic and Historic Preservation Society, that the names of "Audubon Park" and "Fort Washington" be given to the stations at One Hundred and Fifty-seventh and One Hundred and Eighty-first streets, the matter was brought up at our Board meeting on Wednesday last, June 15, and the following action was taken by preamble and resolution:

"The Chairman read a communication from the Board of Rapid Transit Railroad Commissioners, transmitting a letter received from the American Scenic and Historic Preservation Society suggesting the names "Audubon Park" and "Fort Washington" for One Hundred and Fifty-seventh and One Hundred and Eighty-first streets, on the west side line, respectively. Discussion brought out the fact that other requests of a similar nature had been received, and

It was, on motion, duly seconded.

Resolved, That this Board acquiesces in the application of the names above mentioned to the stations designated, provided the number of the street be also shown and included in the same design directly above the names "Audubon Park" and "Fort Washington." It was further

Resolved, That the National Park Bank, located at Fulton street and Broadway, be given the privilege of placing the name of its bank in the design for the station name, directly underneath the name "Fulton Street," subject to the approval of the Board of Rapid Transit Railroad Commissioners."

Will you kindly advise me, therefore, if the recommendation as to the Park Bank is satisfactory and agreeable to your Board?

Believe me,

Very respectfully yours,
(Signed) AUGUST BELMONT, President.

The following resolution was moved:

Resolved, That this Board hereby declines to make any change in the names of stations of the Rapid Transit Railroad at One Hundred and Fifty-seventh street, One Hundred and Eighty-first street and Fulton street.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon, Smith and Claflin.

Nays—None.

Letter of Fordham Morris as to necessity for additional extensions in The Bronx Borough of rapid transit system was read and referred to the Committee on Plans.

At this point the Mayor withdrew from the meeting.

Mr. Larkin, representing the New York City Railway Company, addressed the Board on the delay of the contractors in restoring to good condition the tracks of that company in Lenox avenue. Report of Mr. Rice on this subject was read as follows:

NEW YORK, June 23, 1904.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—In accordance with the orders of the Board on May 19, 1904, I have notified the contractor to put the tracks of the New York City Railway Company on Lenox avenue in good condition. I first sent a letter to the contractor ordering him to repair the tracks of the railway company, and then made a careful survey of the condition of the work at the present time, and later, in connection with the counsel of the Board, wrote an order to have this work done immediately.

Yours very truly,

(Signed) GEORGE S. RICE, Deputy Chief Engineer.

Letter, as follows, from John B. McDonald, Interborough Rapid Transit Company and Rapid Transit Subway Construction Company, as to return of deposits of \$2,000,000 on the completion of certain portions of the Subway, was read, and referred to the counsel and Acting Chief Engineer for report in time for action of the Board as therein requested:

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY, }
OFFICE: PARK ROW BUILDING, }
New York, June 23, 1904. }

A. E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

DEAR SIR—The rapid transit railroad under construction by me, pursuant to contract dated February 21, 1900, is approaching completion, and with the exception of a few portions where I have been prevented by causes beyond my control it will all be done within the contract time.

You will recall that the change of the route at Fort George delayed the work for upwards of a year, the agreement with your Board for change of route having been made July 21, 1900, the approval of the Board of Aldermen not having been given until May, 1901, and the property-owners' consent not having been obtained until December, 1901. During all this period I was prevented from constructing that portion of the work either over the original route or over the modified route. So there was great delay in securing the right to construct the road under the New York Central Railroad tracks at One Hundred and Forty-ninth street, and the delay at that point has just been eliminated by an agreement between the railroad company and my sub-contractor, the performance of which has been guaranteed by the Interborough Rapid Transit Company.

There was also a delay of a number of months in carrying through the modification of the route at Bergen, Westchester avenue and East One Hundred and Forty-ninth street; also with respect to the Lenox Avenue Extension and Terminus; and the plan for the construction of the Harlem river ship canal bridge has not yet been finally completed, so that I can construct the railroad over that line.

The importance of the delay on The Bronx extension is fortunately minimized by the connection recently authorized between the elevated railroad and the railroad under construction by me at One Hundred and Forty-ninth street and Westchester avenue. The west side line will be ready for operation as far north as One Hundred and Fifty-seventh street on or about September 1, and the east side line to One Hundred and Forty-fifth street and Lenox avenue, also by means of a connection with the Manhattan over the elevated portion from One Hundred and Forty-ninth street and Westchester avenue, to One Hundred and Seventy-seventh street and Boston road, will be ready for operation on or about that date. The total uncompleted work will then represent an outlay of not more than the sum of \$2,000,000 or thereabouts, which will be the unexpended portion of the moneys payable by the City under the contract for the completed work.

In view of these facts I think therefore that it is reasonable to request, as I do hereby, that the cash deposit of \$1,000,000 made on the execution of the contract February 21, 1900, and the further deposit of \$1,000,000 made on January 1, 1901, by the Rapid Transit Subway Construction Company be released and returned at the date of the opening for operation of the portion of the railroad above referred to. This will still leave the City with the bond to secure construction and equipment in the sum of \$5,000,000 and the continuing bond in the sum of \$1,000,000, besides the remaining moneys payable by the City under the contract.

Very respectfully yours,

(Signed) JOHN B. McDONALD.

We concur in the foregoing application:

Letters of the Acting Chief Engineer as to relocation of certain gas-mains were read as follows:

NEW YORK, June 23, 1904.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—The Consolidated Gas Company, in a communication to this Department dated June 22, request that an authorization be passed by the Board changing the location of that company's 30-inch gas-main from new Elm street to the east side of old Elm street, between Worth and Duane streets.

Will you please see that a resolution authorizing this change is passed by the Board.

Very truly yours

(Signed) GEORGE S. RICE, Deputy Chief Engineer.

NEW YORK, June 23, 1904.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—I have received the inclosed copy of letter from the Consolidated Gas Company, relating to the relocation of the 30-inch gas-main on the east side of Elm street, between Great Jones and Worth streets. This relocation was stated by the gas company to read "on the east side," but which should have read "the west side." The resolution authorizing this change of location was passed by the Board under date of May 1, 1902.

Will you please have this resolution corrected at to-day's meeting of the Commission.

Very truly yours,

(Signed) GEORGE S. RICE, Deputy Chief Engineer.

The following resolution was moved:

Resolved, That this Board hereby consents to the relocation of 30-inch gas-main of the Consolidated Gas Company, from new Elm street to the east side of old Elm street, between Worth and Duane streets.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon, Smith and Claflin.

Nays—None.

Letter of Wilhelmus Mynderse was read as follows, and a copy ordered forwarded to the contractor:

BUTLER, NOTMAN, JOLINE & MYNDERSE,
No. 54 WALL STREET, NEW YORK, June 23, 1904.

Board of Rapid Transit Railroad Commissioners:

DEAR SIR—I acknowledge receipt of your letter of 15th June. While I do not agree at all with the conclusions you have reached through the advice of your counsel, it seems that I shall have to carry, in the first instance, the burden of restoring my house.

I intend, therefore, to undertake the work as soon as possible after 1st July.

My architects, Messrs. Lord & Hewlett, are preparing plans for the work, and I invite the co-operation of architects appointed by you in such preparation.

I suggest that the duty rests with your Board of enforcing the contract with the Rapid Transit Subway Construction Company, under which that company engaged to make good any damage done to foundations, walls or other parts of adjacent buildings or structures.

The contractor has, within the limits of my experience, absolutely disregarded all such obligations.

You have the power to enforce the contract by the ordinary and convenient means of withholding payments from the contractor, and in this way, or by other means, you should insist upon performance.

Very truly,
(Signed) WILHELMUS MYNDERSE.

 William N. Berkeley, Medical Inspector, Department of Health.
 On motion, the report of the Committee on Reinstatements was adopted.
 On motion, the request of the Board of Trustees of Bellevue and Allied Hospitals, for authority to transfer Dr. William P. Spratling from the position of Superintendent of Craig Colony for Epileptics at Sonyea, New York, to that of Superintendent of Bellevue Hospital, was denied for lack of power, there being no authority in the rules for the transfer of a person from the service of the State to the service of the City.

On motion, the Secretary was designated to make entries in the permanent and continuous records of the character, conduct and efficiency of the employees of the Commission.

On motion, Mr. Fred Sitter, No. 2334 First avenue, was appointed as an Expert Examiner, to conduct the trade examinations for the positions of Painter, Stripper and Letterer.

The President, to whom was referred the protest of Caroline A. Wischer against the examination for Stenographer and Typewriter, held May 16, reported that he had investigated the matter, and presented a letter from Examiner Kavanagh with reference thereto.

On motion, it was

Resolved, That the examination for Stenographer and Typewriter, held May 16, 1904, be and the same is hereby set aside, and the Chief Examiner be and is hereby instructed to re-examine the candidates who competed on that day and to set for such re-examination tests and questions corresponding as closely as possible with the tests and questions used in other examinations of the same series.

The report of the Chief Examiner on uncompleted examinations was ordered filed.

On the recommendation of the Chief Examiner the following reports of Non-Competitive Examining Boards were approved:

Truant School, Department of Education, June 3.

Nautical School, Department of Education, June 2.

The Secretary presented a copy of a peremptory writ of mandamus issued by the Supreme Court, directing the Commission to attach its certificate to the pay-roll of George R. Crowley, Assistant Chief Clerk, Department of Health, with salary at the rate of \$2,550 per annum. The Secretary reported that the terms of the writ had been complied with.

On motion, the Secretary was instructed to so inform the Corporation Counsel.

The following bills were approved and ordered paid:

Bates Machine Company.....	\$2 75
J. T. Vause & Son, adjusting awnings.....	7 50

A letter was presented from the Board of Estimate and Apportionment stating that at a meeting of that Board held June 10, the request of the Commission for an additional appropriation of \$15,000 had been laid over pending the receipt of further information.

On motion, the Secretary was instructed to reply to the communication and to present the additional information desired.

A letter was presented from the Brooklyn Disciplinary Training School informing the Commission that leave of absence, without pay, had been granted to Frank J. Rabe, Caretaker, such leave to continue two months. Mr. Rabe having filed the certificate of a physician, on motion, the action of the school was recognized.

A letter was presented from Queens Borough Library, with reference to the classification of positions.

On motion, the matter was referred to the Assistant Secretary.

A letter was presented from the Board of Coroners, Borough of Manhattan, requesting the Commission to certify eligibles for appointment to the position of Coroner's Physician. The Secretary reported that the eligible list had expired by limitation.

On motion, the Secretary was instructed to certify from the list most nearly appropriate, that for Police Surgeon.

A letter was presented from the Secretary to the Police Commission communicating a letter written by F. Murphy with reference to an applicant for the position of Patrolman.

On motion, the letter was ordered filed.

A letter was presented from the Department of Docks and Ferries requesting authority to reassign to duty Adolph Severyn, Laborer, absent since February 18.

It appearing, by the certificate of a physician that Mr. Severyn was ill during the time of his absence, on motion, the request was granted.

A letter was presented from the Board of Education requesting that an open competitive examination be held for the position of Janitor.

On motion, the request was granted and the Secretary was instructed to proceed with the examination.

A letter was presented from the Mayor announcing his approval of the following resolutions of the Commission:

(a) Including in the exempt class, Department of Parks, the position of General Inspector.

(b) Including in the exempt class, office of the Commissioner of Licenses, the following positions:

Secretary to the Commissioner.

Chief Inspector.

Assistant Chief Inspector.

(c) Including in the exempt class, Tenement House Department, the following positions:

Secretary of the Department.

Secretary to the Superintendent, The Bronx.

Assistant Superintendent, The Bronx.

(d) Including in the exempt class, New York City Improvement Commission, the position of Assistant Secretary.

(e) Including in the exempt class, office of the Mayor, the position of Chief of the Bureau of Weights and Measures.

(f) Increasing the number of Sanitary Engineers in the exempt class, Department of Health, from one to two.

(g) Including in the competitive class the position of Inspector of Licenses.

(h) Including in the non-competitive class, Department of Health, the position of Hospital Physician.

(i) Including in the exempt class, Fire Department, the position of Deputy Commissioner.

On motion, the letter was ordered filed. The Secretary reported that the resolutions, after approval by the Mayor, had been forwarded to the State Civil Service Commission.

A letter was presented from the Department of Parks, Borough of The Bronx, requesting certification of eligibles to fill two vacancies in the position of Foreman of Bee Culture.

On motion, the Labor Clerk was instructed to prepare the certification requested in the event of there being applications for the position on file, but in no case to authorize the appointment of more than two persons under that title.

A letter was presented from the Department of Parks, Borough of The Bronx, requesting certification of names of persons eligible to fill the position of Foreman of Sprinklers. On motion, the Labor Clerk was instructed to certify from the eligible list for Foreman of Laborers.

A letter was presented from the Department of Health, requesting the Commission to pass the pay-rolls of Patrick Fenton, Thomas J. D. Carrigan and James H. Killeen, Jr., Disinfectors, appointed after non-competitive examination and retained beyond the period of two months, there being no appropriate eligible list from which permanent appointments could be made.

The eligible list having since been announced and the services of these persons having thereupon been brought to a close, on motion, the Secretary was instructed to attach to the pay-rolls a certificate setting forth the facts and to forward the same to the Department of Finance.

A letter was presented from the President of the Borough of The Bronx, requesting that an examination be held for promotion to the position of fourth-grade Clerk. On motion the request was granted, and the Secretary was instructed to proceed with the examination.

A letter was presented from the Police Department, acknowledging receipt of a letter of the Secretary with reference to the keeping of permanent and continuous records of persons occupying graded positions in that Department. The letter stated that there is at the present time in the Department a perfect system of keeping the records of the uniformed force, and that it would be impracticable to enter in the books prepared by the Commission, as well as in the books already in use, the records of the 8,000 members of such force.

On motion, the Secretary was instructed to inform the Department that the rules requiring the keeping of such records were, in the opinion of the Commission, being observed as far as they applied to the members of the uniformed force, and that it would be necessary to keep in the books furnished by the Commission only the records of employees of the Department occupying other graded positions.

On motion, the application of Francis J. Thompson for the position of Messenger, heretofore rejected by the Chief Examiner under the provisions of Rule VII., para-

graph 14, was accepted, he having presented affidavits showing the circumstances under which he left the service of the Post-office Department.

On motion, the requests of Daniel S. Salzman, Albert L. Browne, Manuel E. Marco, Franz W. Miller and Daniel F. Crystie, candidates for Messenger, and Benjamin Green, candidate for Inspector of Licenses, that their application, containing misstatements in answer to question 10, be accepted, were granted, subject to the production by them of affidavits embodying the statements made in their letters.

A letter was presented from the National Association of Painters, etc., alleging that Laborers are being assigned to perform the work of Painters in the Department of Parks, Borough of Brooklyn. The Secretary reported that a previous letter from the association had been referred to the Department of Parks for report, but that a reply had not been received.

On motion, the matter was referred to Examiner Byrne.

On the recommendation of the Secretary, the applications of the following-named persons, containing misstatements in answer to question 10, were rejected:

Edward J. Collins, John W. Daly, Bartholomew Mulvihill, Frederick Lellathin, Maurice A. Garindel, Charles E. Rodgers, Arthur T. Webb, James A. Coleman, Augustine J. Clarkson, John J. McDonald, Joseph A. Reilly, Nathan D. Naman, Timothy Hayes, Francis E. Cantillon, Matthew J. Garry, Charles H. Leach, James F. Conley, James J. Kiely and S. L. Peyser, candidates for Messenger; Thomas M. Cuniff, William Allen and Louis Jacobs, candidates for Inspector of Licenses; Joseph F. Dearing, Michael Traynor, Jeremiah F. Sullivan, candidates for Inspector of Filter Plants; Edward J. Hughes, candidate for Inspector of Masonry Construction.

The Commission then adjourned, to meet Wednesday, June 22, 1904, at 3 P. M.

HENRY BERLINGER, Secretary.

FINANCE DEPARTMENT.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 7.

ONE HUNDRED AND TWENTIETH STREET—REGULATING, GRADING, CURBING AND FLAGGING, from Morningside Park, West, to Amsterdam avenue. Area of assessment:

Both sides of One Hundred and Twentieth street, from Morningside Park, West, to Amsterdam avenue, and to the extent of half the block at the intersecting and terminating streets.

That the same were confirmed by the Board of Revision of Assessments on July 21, 1904, and entered on July 21, 1904, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1010 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. PUBLIC NOTICE.

ATTENTION OF THE OFFICERS OF RELIGIOUS CORPORATIONS IN GREATER NEW YORK is hereby directed to Chapter 69 of the Laws of 1904, which exempts the real estate of such corporations when actually used exclusively as places of Public Worship from assessments for public improvements heretofore levied and assessed. This statute, which was accepted by the City and became a law on May 9, 1904, reads as follows:

"The People of the State of New York, represented in Senate and Assembly, do enact as follows:

"Section 1. The real estate owned by any religious corporation located in the city of New York, as now constituted, actually dedicated and used by such corporation exclusively as a place of public worship, shall be exempt from all assessments for public improvements which are now levied and assessed against such real estate.

"Section 2. This act shall take effect immediately." The relief contemplated in the above statute may be had upon application in writing, properly verified, by a duly authorized officer of any such corporation to

SUPREME COURT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of DAWSON STREET (although not yet named by proper authority), from Craven street (East One Hundred and Fifty-sixth street) to Intervale avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our said estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of August, 1904, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 6th day of September, 1904, at 11 o'clock A. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 25th day of August, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the middle line of the blocks between Kelly street and Beck street with the middle line of the blocks between Leggett avenue and Avenue St. John; running thence northwesterly along the last-mentioned middle line to its intersection with the southwesterly prolongation of the middle line of the blocks between Prospect avenue and Hewitt place; thence northwesterly and northerly along said last-mentioned prolongation and middle line and its northerly prolongation to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Westchester avenue; thence northeasterly along said parallel line to its intersection with the middle line of the blocks between Kelly street and Tiffany street; thence southerly and southwesterly along said middle line of the blocks and along the middle line of the blocks between Kelly street and Beck street to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 17th day of November, 1904, at the opening of the Court on that day.

All as shown on maps entitled "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 1," adopted by the Board of Directors of said company on the twentieth day of

May, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and H. C. Winchester, Secretary, under seal, and "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 2," adopted by the Board of Directors of said company on the seventh day of April, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and Thomas W. Baker, Secretary, under seal, and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment.

Second—Branch Line: Beginning at a point on the main line of the New York, Westchester and Boston Railway at or near One Hundred and Eightieth street and running southerly, crossing One Hundred and Eightieth street, Lebanon street, West Farms road, One Hundred and Seventy-eighth street and One Hundred and Seventy-seventh street, between Morris Park avenue and Bronx Park avenue (with a curved connection also joining the main line near One Hundred and Seventy-seventh street which crosses One Hundred and Seventy-seventh street and Bronx Park avenue at or near their intersection); then crossing the New York, New Haven and Hartford Railroad and running southerly crossing Westchester avenue; then running southeasterly and crossing the Clason Point road near Clason's Point and running substantially parallel with the United States bulkhead-lines, in the vicinity of Clason's Point; thence crossing Pugsley's creek and Westchester creek and Baxter creek, and thence running easterly along Throggs Neck and crossing Throggs Neck road with a terminal near the lines of the United States Reservation property. All as shown on a map entitled "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 3," adopted by the Board of Directors of said company on the 5th day of May, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and H. C. Winchester, Secretary, under seal, and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment.

Third—General: And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railway to cross in order to make connections with any other railway within one thousand (1,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections, and provided further that such connections shall be limited to two in number.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the grantee to file with the Comptroller of The City of New York, and also with the President of the Borough of The Bronx, a map or maps showing the number of tracks and the length and direction of each crossing of all streets legally open, in use, or for which proceedings have been initiated to open, accurately determined by measurements to be taken after the commencement of the operation of any portion of the railway.

Second—The said right to cross the streets and the privilege to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is approved by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate said railway across the said streets by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successor or assigns.

If the railway company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the railway company and the Board of Estimate and Apportionment or such other authority in its place. If the railway company and the Board, or such other authority, in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the railway company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of the original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the railway company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

Third—Upon the termination of this grant, whether original or renewal, all rights and privileges hereby granted to cross the said street shall cease and determine, unless the said railway com-

pany, its successor or assigns, shall have previously procured a new grant for the same from The City of New York.

Fourth—The New York, Westchester and Boston Railway Company, its successor or assigns, shall pay for this privilege to The City of New York the following sums of money: During the first ten years, commencing upon the day when this ordinance shall be approved by the Mayor, an annual sum of eight thousand (\$8,000) dollars, and during the succeeding fifteen years an annual sum of sixteen thousand (\$16,000) dollars. From the date of the commencement of the operation of any portion of the railway until the end of the first ten years of this grant, an additional sum of forty (40) cents per linear foot per annum for each line of single track railway within the lines of all streets in use, legally opened streets, or streets for which proceedings to open have been initiated, and for the succeeding fifteen years an additional sum of eighty (80) cents per linear foot per annum, in lieu of said sum of forty (40) cents. Such payments shall likewise apply to all streets hereafter opened during the term of this grant, unless the land required for the opening of such street across the right of way of the railway company shall have been ceded free of cost to The City of New York. All such payments shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the 1st day of January, April, July and October in each year. The terms hereafter to be fixed for any renewal term of this grant shall not in any event be less than the minimum amount fixed as the sum to be paid annually during the last year of the original grant, and no renewal of such grant shall provide for a further renewal.

Fifth—The said annual charge or payment shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for railway rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payment, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Sixth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sub-let in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York, Westchester and Boston Railway Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Seventh—No street shall be crossed by the railway at grade, and all streets now open or in use, or streets hereafter opened crossing the line of said railway shall be carried over or under said railway by the grantee, at the sole cost and expense of the grantee. The costs of all approaches to said crossings and any damages to property incurred by such change of grade shall likewise be borne and paid by the grantee.

Eighth—All viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed at the expense of the grantee, and in such manner as shall not interfere with the ordinary use of the street as a public highway. All viaducts over streets shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the center and ten feet in the clear on the building or side line of said street. In the case of tunnel construction under a street, there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

Ninth—Any superstructure of the railway crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span; if more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved. The width of such superstructure of the railway shall not exceed sixty (60) feet when measured over all.

Tenth—The plans for all structures over or under any street must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of either steel, concrete or masonry, or a combination of these materials.

Eleventh—The railway shall be constructed in the most modern and approved manner of railway construction. The roadbed shall be ballasted throughout its entire length within the limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast.

Twelfth—The roadbed within the limits of The City of New York shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. For any failure to comply herewith, the railway company shall be liable for a penalty of fifty dollars (\$50) per day.

Thirteenth—The entire right of way of the company within the City limits shall be fenced throughout.

Fourteenth—All abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts as hereinbefore provided, shall be placed on the land of the company. There shall be constructed along the line of the route of the main line of the railway as proposed, for the accommodation of local passenger traffic, at least six (6) stations between the Harlem river and the Bronx river, and at least four (4) stations between the Bronx river and the northern line of The City of New York as now fixed; provided, however, that if the railway is constructed only as far south as the intersection of the Southern Boulevard and Westchester avenue, then there shall be at least three (3) stations west of the Bronx river. On the branch line there shall be constructed at least three (3) stations east of Westchester avenue.

Fifteenth—The said railway may be operated by electrical power, except the overhead trolley system, or by any other mechanical motive power

which may be lawfully employed upon the same, except locomotive steam power; provided, however, that steam locomotive power may be used for switching and shunting trains when specifically authorized by the Board of Estimate and Apportionment; such permission to continue only during the pleasure of the said Board.

Sixteenth—No wires for the transmission of power shall be permitted except they be placed in conduits, and in any conduits laid by the company for the transmission of power for its own use, provision shall be made to carry three (3) cables for the use of the police, fire and ambulance service of the City without charge therefor.

Seventeenth—The railway company shall not carry power along its structure for any purpose except the operation of its railway, except as provided above.

Eighteenth—The railway company shall operate a train schedule on the main line of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time either day or night shall there be greater headway between such trains than thirty (30) minutes; provided, however, that said railway company during the first five years after the commencement of the operation of any portion of the railway shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 4 o'clock A. M., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

Nineteenth—All cars on said railway shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit shall make the company liable for a penalty of fifty (50) dollars per car per day for each offense.

Twentieth—All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment.

Twenty-first—During the first twenty-five (25) years of this grant the rate of fare upon said railway within the limits of The City of New York as now fixed shall not exceed five (5) cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railway or a line or branch operated in connection therewith and controlled by it, to any point thereof or of any such connecting line or branch thereof, within the limits of The City of New York, as such limits now exist, during such term.

At the expiration of twenty-five years the Board of Estimate and Apportionment shall be entitled, after due hearing and determination of the reasonableness thereof, to require for the term of the renewal of said grant that the fare for each passenger within the City limits, as they may then be constituted, shall not exceed five (5) cents.

The rates for the carrying of property upon the routes of the grantee within the limits of The City of New York shall in all cases be reasonable in amount and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successor or assigns, and no greater sums shall be charged for such service than provided for by it.

Twenty-second—The said railway company shall carry free within the limits of The City of New York during the existence of this grant or its renewal, all letter carriers of the United States Government, and members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

Twenty-third—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of the City.

Sec. 3. In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided, that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said railway company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of forfeiture shall accrue.

Sec. 4. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Sec. 5. Said railway company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor, and shall complete a four-track railway upon the main line, from the northern line of the City as far south as the intersection of the Southern Boulevard and Westchester avenue, within five years from such date, otherwise this grant shall cease and determine.

Said railway company shall expend the sum of at least one million dollars (\$1,000,000) for construction within the limits of The City of New York within two years from the date of the signing of this ordinance, which sum shall be exclusive of any moneys expended for right of way.

A statement of the moneys so expended for construction shall be submitted to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board the grantee has not proven an expenditure of the said sum within the time given, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within seven years from the date of the signing of this ordinance shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railway shall cease and determine.

And in the event that the said railway company shall not, within the said seven years, construct its main line south of the intersection of the Southern Boulevard and Westchester avenue and to the Harlem river, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the

provisions of this section, the grantee shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed, shall be allowed a hearing. In case any or all of the rights hereby granted are forfeited, it is a condition of this grant that all sums theretofore paid to The City of New York, together with the deposit of \$20,000 as provided for in section 14 of this ordinance, and all structures erected by said grantee, its successor or assigns, within the lines of any street, shall be forfeited to and become the property of The City of New York.

The Board of Estimate and Apportionment shall have power to extend the time provided for in this section for the completion of the railway and for the work to be performed and expenditure to be made, as above, for a period or periods not exceeding in the aggregate two years, but such extension shall not be made unless the reasons given by the grantee for non-fulfillment are, in the opinion of the Board of Estimate and Apportionment, for causes over which the grantee had no control and was in nowise responsible.

Sec. 6. The grantee shall assume all liability by reason of the construction and operation of the railway and the City shall assume no liability whatsoever to either persons or property by reason of its construction or operation.

As a condition of this grant, the grantee, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the railway company, its successor or assigns.

Sec. 7. Any portion of the right of way of the said railway company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

Sec. 8. In case the City shall acquire the land necessary for a street across the grantee's right of way and such land for the street is not ceded by the said grantee, then the railway company shall pay the same rates for the privilege of crossing said street as are provided for in paragraph fourth of section 2 of this ordinance.

Sec. 9. In case any of the streets as now shown on the map of The City of New York and crossed by the said railway above grade are altered or widened after the grantee has completed its railway, and such widening requires the alteration of the superstructure of the railway, the grantee and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

Sec. 10. In case the route as laid out shall make it necessary in the opinion of the Board of Estimate and Apportionment to change the map of The City of New York, in order to avoid unnecessary or undesirable crossings or for other reasons purely on account of the location of the railway, and by such change or alteration additional streets bounding the grantee's right of way are determined upon, then the grantee shall acquire such streets at its own expense.

Sec. 11. Any alterations which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railway, shall be made at the sole cost of the railway company, and in such manner as the proper City officials may prescribe.

Sec. 12. All construction of railway crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the grantee to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund herein provided.

Sec. 13. The company's property and structures shall not be used for advertising purposes in any way, under a penalty of fifty (50) dollars per day for each offense. Such restriction shall not apply to the interior of stations or cars.

Sec. 14. This grant is upon the express condition that the New York, Westchester and Boston Railway Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of twenty thousand dollars (\$20,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from such fund after ten days' notice in writing to the said company. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice in writing pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of twenty thousand dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 15. That if the said New York, Westchester and Boston Railway Company, its successor or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said company, specifying any default on the part of said company and requiring said company to remedy the same within a reasonable time, and upon the failure of said company to remedy its said default within a reasonable time, said company shall, for each day thereafter during which the default or defect remains, pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the company, in which case the said company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

Sec. 16. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York, within ten days after the adoption of this ordinance.

Sec. 17. This ordinance shall take effect immediately.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
