WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, JULY 21, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

Fire Department—Amendment to Resolution Authorizing a Lease for, of Premises at the Southwest Corner of Harway Avenue and 25th Avenue in the Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 10, 1915.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—On June 16, 1915, the Commissioners of the Sinking Fund adopted a resolution authorizing a lease of the frame building and adjoining shed located at the southwest corner of Harway Avenue and 25th Avenue, Borough of Brooklyn, the temporary use by the Fire Department, upon certain terms and conditions.

The Commissioner of the Fire Department in a communication to your Board under date of July 8, 1915, states that the lessor of the property in question has refused to execute a lease of the above mentioned premises unless certain changes are made in said lease. The lessor insists on the City paying the water rates on the leased premises and also that the lease include only the northwest corner, approximately 30 feet by 50 feet on the first and second floors of the frame building, instead of the entire building. The Fire Commissioner further states that the changes required by the owner are satisfactory to his department.

I therefore respectfully recommend that the resolution adopted by the Commissioners of the Sinking Fund on June 16, 1915, and hereinbefore referred to, be amended to read as follows:

The Comptroller in a communication to your Board under date of June 3, 1914, recommended a renewal of this lease for a period of one year at a rental of \$750 a year, the same as now asked, and said report was approved and renewal of lease authorized at a meeting of your Board held June 10, 1914.

Deeming the rent reasonable and just under the circumstances, and it being the same as heretofore paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the vacant plot of land on the Hutchinson River, bounded southwesterly by Boston Road, northerly and westerly by the Hutchinson River, easterly by other land of the lessor and extending along Boston Road from said river easterly 326 feet, as shown on a map prepared for the Bridge Department of the City, showing the approaches to the proposed temporary bridge across said river at or near Boston Road, in the Borough of the Bronx, for use of the Department of Bridges, for a period of one year from August 31, 1915, at an annual rental of \$750, payable quarterly; the lessor to pay taxes and otherwise upon the same terms and conditions as contained in the existing lease. County Court, Kings County—Lease for, of Premises at Nos. 118-124 Schermerhorn Street and 245 State Street, in the Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolutions:

July 14, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On June 23, 1915, the Commissioners of the Sinking Fund adopted a resolution authorizing a lease from the Ettrick Realty Company of the premises known on the tax maps of The City of New York as section 1, block 169, lots 17, 18 and 33, and designated by the street numbers 118-120-122-124 Schermerhorn street and 235 State street, Borough of Brooklyn, for use of the County Court of the County of Kings, for a period of ten years from October 1, 1915, or as soon thereafter as certain alterations are completed and the building ready for occupancy, at an annual rental of \$22,000 for the first year, \$21,520 for the second year, and reduced rentals for every year thereafter, as more particularly set forth in said resolution.

Subsequent to the adoption of this resolution it was decided that the lease should contain a clause giving the City the right to purchase the property at any time during the term of the lease for the sum of \$120,000, plus the amount of the improvements which have not been amortized at the date of the purchase; the City to pay for the insurance upon the building up to the amount of \$2,000. If the rate be more than this amount, the difference shall be refunded to the City by the lessor. Installments on the amortization of the cost of improvements shall be made at the end of each year.

When the rentals mentioned in the above resolution were determined upon, \$2,000 was included therein as the cost to the lessor for fire and liability insurance. Upon further consideration I believe it would be better to separate this sum from the rental to be paid, and to have the City pay annually to the lessors the actual sum expended by them in the payment of premiums for such insurance. In order to effect this and to provide for the privilege of purchase by the City of the demised premises, the resolution of June 23, 1915, should be rescinded and another resolution adopted.

I therefore respectfully recommend that the Commissioners of the Sinking Fund rescind the resolution of June 23, 1915, above mentioned, and in place thereof, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises known on the tax maps of The City of New York as section 1, block 169, lots 17, 18 and 33, designated by the street numbers 118-120-122-124 Schermerhorn street and 245 State street, in the Borough of Brooklyn, for use of the County Court of the County of Kings, such changes and alterations to be made therein by the lessor as appear on a certain plan drawn by Frank H. Quimby, Architect, 99 Nassau street, Borough of Manhattan, dated June 14, 1915, and specifications drawn in accordance therewith, subject to such minor changes as may be required by the Comptroller of The City of New York, it being understood that the lessor is to erect and furnish all of the necessary partitions, railings, judges' benches, and in fact, everything that is required except movable furniture and furnishings, for a period of ten years from October 1, 1915, or as soon thereafter as the alterations are completed and the building ready for occupancy, provided the Bureau of Buildings and the Bureau of Fire Prevention certify that the building as altered is suitable for court house purposes; the annual rental for the first year being \$12,000, second year \$11,520, third year \$11,040, fourth year \$10,560, fifth year \$10,080, sixth year \$9,600, seventh year \$9,120, eighth year \$8,640, ninth year \$8,160, and the tenth year \$7,680; The City of New York to pay all taxes, assessments and water rates, furnish heat, light, elevator and janitor service, make inside and outside repairs during the term of the lease or any renewal thereof, and to have the privilege of renewal for a further term of ten years at an annual rental of \$7,200; otherwise upon the same terms and conditions as heretofore expressed; The City to pay to the lessor in ten annual installments the actual amount expended by it for the cost of improvements to the demised premises up to but not exceeding the total sum of \$80,000, said installments to be paid at the end of each year; The City to have the right to purchase the demised premises at any time during the term of the lease or any renewal thereof, for the sum of \$120,000, plus such amount of the cost of improvements expended by the lessor which may remain unpaid by the City at the time of the purchase, and to pay annually to the lessor the actual annual premiums for fire and liability insurance up to but not exceeding the sum of \$2,000 per annum. Lessor, Ettrick Realty Company, 122 Hudson street, Borough of Manhattan. Respectfully,

EDMUND D. FISHER, Deputy & Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held June 23, 1915, authorizing a lease of premises known as Nos. 118, 120, 122, 124 Schermerhorn Street and 245 State Street, in the Borough of Brooklyn, for use of the County Court of the County of Kings, be and the same is hereby rescinded.

Quimby, Architect, 99 Nassau Street, Borough of Manhattan, dated June 14, 1915, and specifications drawn in accordance therewith, subject to such minor changes as may be required by the Comptroller of The City of New York; it being understood that the lessor is to erect and furnish all of the necessary partitions, railings, judges' benches, and, in fact, everything that is required, except movable furniture and furnishings, for a period of ten years from October 1, 1915, or as soon thereafter as the alterations are completed and the building ready for occupancy, provided the Bureau of Buildings and the Bureau of Fire Prevention certify that the building as altered is suitable for court house purposes; the annual rental for the first year to be twelve thousand dollars (\$12,000), second year, eleven thousand five hundred and twenty dollars (\$11,520), third year eleven thousand and forty dollars (\$11,040), fourth year ten thousand five hundred and sixty dollars (\$10,560), fifth year ten thousand and eighty dollars

While the lease of the premises in question will not expire until January 1, 1916, the Department of Water Supply, Gas and Electricity will not require the property after September 1, 1915, and therefore surrenders the same to the Commissioners of the Sinking Fund in order that the City may derive some revenue, if possible, by subletting the premises from September 1, 1915, to December 31, 1915.

Amendment to Resolution Authorizing a Sale of the Milburn Reservoir Property in the Town of Hempstead, Nassau County.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 14, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On June 23, 1915, the Commissioners of the Sinking Fund authorized a sale at public auction of certain property situated in the Town of Hempstead, County of Nassau and State of New York, known as Parcel No. 1, on Map RE-B-37, filed in tube C-20, in the office of the Commissioner of Water Supply, Gas and Electricity, more particularly described in said resolution.

In accordance with this resolution, the terms of sale were published in the City Record, the sale to be held on Friday, July 16, 1915. At the request of the Commissioner of Water Supply, Gas and Electricity there is included in the terms of sale a provision to the effect that the purchaser shall remove at his own expense the reservoir embankment which is included within the land retained by the City, and the reservoir embankment on the southerly side of the parcel of land parallel to the Long Island Railroad, to an elevation not higher than five feet above the outer toe of slope of said embankment.

After further consideration, I am of the opinion that a fixed time should be set for the removal of these embankments, and further that the entire premises should be brought to the same grade as the embankments above mentioned, within one year from the date of acquisition by the successful bidder.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution directing the auctioneer conducting the above mentioned sale to announce to the bidders thereat, that in addition to the terms and conditions contained in the published advertisement of said sale, the successful bidder will be required to reduce the entire property sold to a grade of not more than five feet above the adjacent property, within one year from the date of acquiring title thereto.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Resolved, That the auctioneer, in conducting the above mentioned sale, be and

is hereby directed to announce to the bidders thereof that, in addition to the terms and conditions contained in the published advertisement of said sale, the successful bidder will be required to reduce the entire property sold to a grade of not more than five feet above the adjacent property within one year from the date of acquiring title thereto.

The Board of Estimate and Apportionment on July 1st, 1915, granted said railroad company permission to construct and operate railroad tracks across and on the surface of 13th Avenue, between 27th and 28th Streets, upon certain terms and conditions.

The rental proposed by the Commissioner is the same rate per linear foot as that charged in the resolution of the Board of Estimate and Apportionment.

The remaining terms and conditions of the lease, except where inconsistent herewith, shall be similar to those contained in the resolution above referred to, granting consent to the Lehigh Valley Railroad Company for tracks across 13th Avenue.

The rental, terms and conditions being similar to those adopted by the Board of Estimate and Apportionment, I recommend the adoption of the attached resolution approving the request. Very truly yours,

EDMUND D. FISHER, Deputy and Acting Comptroller.

Whereas, By resolution adopted by the Board of Estimate and Apportionment on July 1st, 1915, permission is given to the Lehigh Valley Railroad Company to construct, maintain and operate a standard gauge railroad track across and on the surface of 13th Avenue, between 27th and 28th Streets, Borough of Manhattan, upon certain terms and conditions; therefore be it

Dock Department—Lease to the American-Cuban Steamship Line, Inc., of Pier 63, North River, Foot of West 23d Street, Borough of Manhattan.

The following communication was received from the Commissioner of Docks:
Pier A, North River, July 13, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—At a meeting of the Commissioners of the Sinking Fund held June 23, 1915, a resolution was adopted approving of and consenting to the execution by the Commissioner of Docks of a lease to the American-Cuban Steamship Line, Inc., of pier 63, North River, foot of West 23d Street, excepting the southerly side thereof now occupied by a ferry rack, together with one-half of bulkhead on the northerly side of the pier, at a rental of \$16,650 per annum.

The American-Cuban Steamship Line, Inc., now finds that its business demands the bulkhead running northerly from the pier, foot of West 23d Street and extending to the southerly side of the area leased to the Anchor Line (Henderson Brothers, Ltd.), a distance of 126 feet, in addition to the pier itself.

I beg to recommend that the resolution adopted by the Commissioners of the Sinking Fund, approving of and consenting to the execution by the Commissioner of Docks of said lease, be amended accordingly, the rental for the first term of 10 years to be at the rate of \$17,490 per annum, and for each renewal term 10 per cent. advance on the rental for the preceding term; it being understood, however, that the Anchor Line is to have the use of the half-slip on the south side of the pier, foot of West 24th Street, subject to the rights of the lessee of the bulkhead.

Yours very truly, R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 15th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On July 13th, 1915, the Commissioner of Docks requested the Commissioners of the Sinking Fund to amend the resolution adopted on June 23d, 1915, approving of and consenting to the execution by the Commissioner of Docks of a lease to the American-Cuban Steamship Line, Inc., of Pier 63, North River, together with one-half of the bulkhead on the northerly side of the pier at a rental of \$16,650. The amendment to consist of leasing 126 feet of bulkhead extending northerly from the northerly side of pier 63, instead of one-half the bulkhead on the northerly side of the pier, and the rental to be fixed at \$17,520 per annum for the first term of ten years, and for each renewal term ten per cent. advance on the rental for the preceding term; it being understood, however, that the Anchor Line is to have the use of the half-slip on the southerly side of the pier, foot of West 24th Street, subject to the rights of the lessee of the bulkhead.

The rental proposed for the amended lease is figured upon the same basis as the rental fixed in the resolution of June 23rd, 1915.

I see no objection to the change, and recommend the adoption of the attached resolutions approving the request. Respectfully,

EDMUND D. FISHER, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund on June 23rd, 1915, approving of and consenting to the execution by the Commissioner of Docks of a lease to the American-Cuban Steamship Line, Inc., of Pier Sixty-three (63), North River, foot of West 23rd Street, together with one-half of bulkhead on the northerly side of the pier at a rental of sixteen thousand six hundred and fifty dollars (\$16,650) per annum, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the American-Cuban Steamship Line, Inc., a corporation organized under the laws of the State of New York, and having an office at 27 William Street, New York City, of pier Sixty-three (63), North River, foot of West 23rd Street, being about five hundred and thirteen (513) feet long and forty-five (45) feet wide, excepting the southerly side of said pier now occupied by a ferry rack, together with one hundred and twenty-six (126) feet of bulkhead extending northerly from the northerly side of said pier; it being understood, however, that the Anchor Line is to have the use of the half slip on the southerly side of the pier, foot of West 24th Street, subject to the rights of the lessee of the bulkhead. The City, at its own expense, to erect upon said pier, except the twenty-five (25) feet at the outer end thereof, a single story steel shed, with offices, equipped with two-leaf lift doors on the northerly side, excepting two closed bays, one at the inshore and one at the outshore end; said shed to be wired for electric lighting and water supply installed. The lease to be for a term of ten years, commencing from the date that the Company shall be notified by the Commissioner of Docks that the shed is completed and ready for occupancy, with the privilege of two renewals of ten years each. The rental for the first term, ten years, to be at the rate of seventeen thousand five hundred and twenty dollars (\$17,520) per annum, and for each renewal term, ten (10) per cent. advance on the rental for the preceding term. The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communications dated June 22nd, 1915, and July 13th, 1915.

The report was accepted and the resolutions severally adopted, all the members present voting in the affirmative.

Bridge Department—Lease of Stand Privileges on Park Row, Adjacent to the Brooklyn Bridge, Manhattan, to John D. Antonopoulos.

The following was received from the Commissioner of Bridges:

June 4, 1915.

To the Honorable the Commissioners of the Sinking Fund, Municipal Building, Manhattan:

Gentlemen—On March 31, 1915, sealed bids for the Privilege of Erecting and Maintaining two Stands at the Manhattan Terminal of the Brooklyn Bridge, on a plot extending from a point near Park Row to North William street, were received and opened.

John D. Antonopoulos was the high bidder on one stand, offering a rental of \$260.41 per month. This stand is located under the north stairway leading to Park Row.

On April 21, 1915, the Sinking Fund Commission approved the sale of this stand to Antonopoulos at the price here stated.

In the matter of the second stand, to be placed at the north end of the plot against Furthman's saloon, I desire to reject the bids received as a result of public advertisement, on the ground that they are entirely incommensurate with the value of the concession. One bid of \$438.75 per month was received. This bid was withdrawn by the bidder with the explanation that he had believed he was bidding for both stands. I was advised by the Corporation Counsel that I could not hold the deposit filed by this bidder. It was accordingly returned. The next highest bid was \$115 per month, or \$1,380 a year.

As a substitute, I desire to present for the consideration of your honorable body, the offer of John D. Antonopoulos, the successful bidder on the first stand, to lease the second stand at a rental of \$2,500 a year. This is more than \$1,100 higher than the highest responsible bid received at the public bidding.

The second bid from Mr. Antonopoulos is predicated upon the assumption that the lease is to be for the same term as that for the first stand.

If the lease proposed by Antonopoulos for the second stand is satisfactory to your body, it is the understanding of this Department that the lessee may sell at either stand any of the articles or commodities contained in either of the published advertisements for bids on both stands.

I hereby request approval of the new proposal made by Mr. Antonopoulos, and further request that if any modification of the previous action of the Sinking Fund Commission be necessary in order that the lessee may dispose of his commodities as he sees fit between the two stands, that such modification be made at this time.

In compliance with your request of April 21, 1915, no definite arrangements have been made with the proposed lessee in advance of the submission of the completed plan to you.

Respectfully,

F. J. H. KRACKE, Commissioner.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 15, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On March 31, 1915, sealed bids were received by the Commissioner of Bridges for the privilege of erecting and maintaining two stands at the Manhattan Terminal of the Brooklyn Bridge, on a plot extending from a point near Park Row to North William Street. John D. Antonopoulos was the highest bidder for the stand under the north stairway thereof, having bid the sum of \$260.41 per month for a period not to extend beyond December 31, 1917.

The highest bid on the second stand, or the northerly one, was \$438.75 per month. This bid, however, was withdrawn with the explanation by the bidder that he believed he was bidding for both stands. The Bridge Commissioner, after advice from the Corporation Counsel, refunded the deposit filed by the bidder. The next highest bid was \$115 per month, or \$1,380 per year.

In a communication to the Commissioners of the Sinking Fund, the Bridge Commissioner presents as a substitute for the bids offered for the second or northerly stand, an offer from John D. Antonopoulos, the successful bidder for the southerly stand, of the sum of \$2,500 a year, which bid is predicated upon the assumption that the lease is to be for the same term as that for the stand already bid in by him.

The Bridge Commissioner further states that if this lease is satisfactory to the Commissioners of the Sinking Fund, it is the understanding of his Department that the lessee may sell at either stand any of the articles or commodities contained in either of the published advertisements for bids on both stands.

This will make the rental of both stands \$5,624.92 per annum, and Antonopoulos is willing to give a bond to cover the entire life of both leases.

The Bridge Commissioner requests approval of this new proposal, and suggests that if any modification of the previous action of the Sinking Fund Commission be necessary in order that the lessee may dispose of his commodities as he sees fit between the two stands, that such modification be made at this time.

On April 21, 1915, the Commissioners of the Sinking Fund approved of the sale held by the Commissioner of Bridges on March 31, 1915, for the privilege of erecting and maintaining a stand under the north stairway of the Brooklyn Bridge, at Park Row, Borough of Manhattan, and the execution of the lease with John D. Antonopoulos for the same at a rental of \$260.41 per month, for a period not to extend beyond December 31, 1917.

The modification of the lease as above suggested will mean that a greater rental will be derived from the property than if the premises were again put up at public auction.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund rescind the resolution adopted by them on April 21, 1915, above mentioned, and that they approve a lease between the Commissioner of Bridges and John D. Antonopoulos for the privilege of erecting and maintaining two (2) stands, one to be located under the north stairway of the Brooklyn Bridge, at Park Row, Borough of Manhattan, and the other to be located at the northerly approach to said stairway, for a period from August 1, 1915, to December 31, 1917, at an annual rental of \$5,624.92, payable monthly; the lessee to have the privilege of selling at each stand any of the articles or commodities contained in either of the advertisements published for bids on both stands prior to the sale held on March 31, 1915; otherwise under the same terms and conditions included in said terms of sale.

Respectfully, EDMUND D. FISHER, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held April 21, 1915, approving the sale held by the Commissioner of Bridges on March 31, 1915, for the privilege of erecting and maintaining a stand under the north stairway of the Brooklyn Bridge at Park Row, in the Borough of Manhattan, and the execution of the lease to John D. Antonopoulos, at a rental of two hundred and sixty dollars and forty-one cents (\$260.41) a month, for a period not to extend beyond December 31, 1917, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of a lease between the Commissioner of Bridges and John D. Antonopoulos, for the privilege of erecting and maintaining two stands, one to be located under the north stairway of the Brooklyn Bridge at Park Row, Borough of Manhattan, and the other to be located at the northerly approach to said stairway, for a period from August 1, 1915, to December 31, 1917, at an annual rental of five thousand six hundred and twenty-four dollars and ninety-two cents (\$5,624.92), payable monthly; the lessee to have the privilege of selling at each stand any of the articles or commodities contained in either of the advertisements published for bids on both stands prior to the sale held on March 31, 1915; otherwise under the same terms and conditions included in said terms of sale.

The report was accepted, and the resolutions severally adopted, all the members present voting in the affirmative.

Betsy Head Legacy—Transfer of Interest on the Legacy to the Public Recreation Commission.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 15, 1915.

To the Commissioners of the Sinking Fund:

Gentlemen—On March 28, 1912, the Board of Estimate and Apportionment, by resolution duly adopted, assigned to the Public Recreation Commission the sum of One Hundred and Eighty-seven Thousand and Seven Hundred and Forty-six and 84/100 Dollars (\$187,746.84), which was at credit of the Trust Account titled, "Legacy of Betsy Head, of Islip, L. I.—Code T-14," for the purpose of enabling said Public Recreation Commission to execute the trust imposed upon The City of New York by the said legacy.

The Betsy Head Legacy was deposited in bank with other City funds and continued drawing interest at an average rate of two (2) percentum per annum, which, from the date of its deposit, July 23, 1908, to March 20, 1914, amounted to \$21,246.68, which reflects the total interest accrued to the credit of said legacy. This interest, in common with all similar interest derived from City Treasury bank balances, was paid into the Sinking Fund for the Redemption of the City Debt, No. 1, in accordance with a Charter requirement.

On March 12, 1914, in answer to an inquiry by Deputy Comptroller Mathewson, dated December 27, 1913, Frank L. Polk, Esq., Corporation Counsel, advised the Comptroller with respect to the said interest that—

"According to the general rule of law, the interest accruing upon a principal sum of money is subject to and follows the principal, and I know of no reason to doubt the application of that rule in the present instance. I accordingly advise you that the interest on the legacy should be transferred from the credit of Sinking Fund No. 1 to that of the Public Recreation Commission."

On July 9, 1915, the Board of Estimate and Apportionment, on petition of the Public Recreation Commission, by resolution duly adopted, requested the Commissioners of the Sinking Fund to allot to said Public Recreation Commission from the Sinking Fund for the Redemption of the City Debt, No. 1, the sum of Three Thousand, Three Hundred and Twenty-seven and 20/100 Dollars (\$3,327.20) of the interest which had accrued on the Betsy Head Legacy, said sum of \$3,327.20 to be used in connection with the construction of a field-house in the Betsy Head Playground, first submitting for approval of the Board of Estimate a plan of the work in connection with the construction of the field-house proposed to be erected, with an estimate of the cost thereof.

For the purpose of carrying out this resolution and direction of the Board of Estimate and Apportionment I herewith submit the following resolution. Yours truly,

EDMUND D. FISHER, Deputy and Acting Comptroller.

July 15, 1915.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Dear Sir—I hereby certify that there is to the credit of the Account titled, "Interest on City Treasury Balances," which account is within and forms part of the "Sinking Fund for the Redemption of the City Debt, No. 1," the sum of Thirteen Thousand,

Two Hundred and Thirty-nine and 10/100 Dollars (\$13,239.10), sufficient to meet and provide for the payment to the Public Recreation Commission of the sum of Three Thousand Three Hundred and Twenty-seven and 20/100 Dollars (\$3,327.20), as directed by resolution of the Board of Estimate and Apportionment on July 9, 1915. Said moneys are to be used, in accordance with the requirements of said resolution, in connection with the construction of a field-house in the Betsy Head Playground.

Yours truly,

D. MacINNIS, Chief Accountant.

Per WALTER E. WASHBURN, Accountant.

Whereas, On July 9, 1915, the Board of Estimate and Apportionment adopted the following resolution:

"Whereas, The Board of Estimate and Apportionment, by resolution adopted March 28, 1912, assigned to the Public Recreation Commission the sum of one hundred and eighty-seven thousand seven hundred and forty-six dollars and eighty-four cents (\$187,746.84), recorded in an account known as 'Legacy of Betsy Head of Islip, Long Island,' for the purpose of executing the trust imposed upon The City of New York; and

"Whereas, There had accrued to this fund on February 5, 1915, the sum of thirty-two thousand two hundred and thirty-nine dollars and ten cents (\$32,239.10), representing interest upon the principal of the legacy, which has been credited to the Sinking Fund for the Redemption of City Debt No. 1; and

"Whereas, The Commissioners of the Sinking Fund, by resolution adopted on February 10, 1915, allotted to the Public Recreation Commission the sum of nineteen thousand dollars (\$19,000) on account of interest previously accrued; and

"Whereas, There is now a balance of more than three thousand three hundred twenty-seven dollars and twenty cents (\$3,327.20) available for transfer for the purpose of the Legacy of Betsy Head; therefore be it

"Resolved, That the Board of Estimate and Apportionment hereby requests the Commissioners of the Sinking Fund to allot to the Public Recreation Commission from the 'Sinking Fund for the Redemption of the City Debt No. 1' the sum of three thousand three hundred twenty-seven dollars and twenty cents (\$3,327.20), to be used in connection with the construction of a field house in the Betsy Head playground."

Resolved, That a warrant payable from the "Sinking Fund for the Redemption of the City Debt No. 1" be drawn in favor of the Chamberlain in the sum of three thousand three hundred and twenty-seven dollars and twenty cents (\$3,327.20), to be deposited by him to the credit of the trust account entitled "Legacy of Betsy Head, of Islip, Long Island, Code T-14," for the use of the Public Recreation Commission in connection with the construction of a field house in the Betsy Head playground; and in accordance with the resolution of the Board of Estimate and Apportionment, be it further

Resolved, That the Public Recreation Commission shall, before incurring any obligations against the said amount of three thousand three hundred and twenty-seven dollars and twenty cents (\$3,327.20), so allotted, submit for the approval of the Board of Estimate and Apportionment a plan of the work in connection with the construction of field house proposed to be erected, with an estimate of the cost thereof.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

Adjourned.

JOHN KORB, Jr., Secretary.

Revolving doors of this character in buildings heretofore erected will be considered part of the minimum legal exit requirements by the Fire Department, excepting in theatres, moving picture houses, school houses, churches, department stores, places of public assembly generally, and such other places as may by reason of the character of the occupancy or nature of the business, as therein carried on, appear to the Fire Commissioner to present special hazards.

In buildings hereafter erected, subject to the limitations as to the use and occupancy hereinbefore set forth in order to constitute a part of the minimum legal exit required by the Fire Department, such revolving doors must furthermore be equipped with vestibules the segments of which are interjoined so that the same may be thrown back on both sides, thus making available for exit a place approximately equal to the diameter of the circle described by the revolving portion.

Resolution adopted by the Board of Standards June 18th, 1914.

The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Routes Nos. 4 & 36, Section No. 3," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The Public Service Commission for the First District (hereinafter called the "Commission") invites proposals to construct Section No. 3 of Route No. 12, a part of the Eastern Parkway Rapid Transit Railroad.

The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

The liability of Interborough Rapid Transit Company will be limited to an amount equal to five per centum (5%) of the total estimated amount to be paid to the Contractor under the contract.

Partial payments to the Contractor will be

made as the work proceeds as provided in the contract.

The Contractor must within twenty (20) months from the delivery of the contract complete the Railroad and such other work covered by the contract as may be necessary to put the Railroad in condition for operation and must complete all other work covered by the contract within twenty-four (24) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of two hundred thousand dollars (\$200,000). Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 12, Section No. 3," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. Resolved, That the Board of Estimate and Apportionment hereby grants to the Marconi Telegraph-Cable Company, Inc., the consent of The City of New York as more fully set out and described in the following form of proposed contract for the grant thereof, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and executed in duplicate this day of July, 1915, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the MARCONI TELEGRAPH-CABLE COMPANY, INC., a corporation formed under and pursuant to the Laws of the State of New York (hereinafter called the Company), party of the second part, WITNESSETH:

Whereas, The Marconi Wireless Telegraph Company of America, a corporation formed under and pursuant to the Laws of the State of New Jersey, has constructed and proposes to operate certain wireless receiving and transmitting stations at Belmar and New Brunswick, in the State of New Jersey, and for the purpose of establishing offices in the City of New York obtained the incorporation of and controls the applicant Company, which is to act as its agent in the establishment of such offices in the City of New York and to receive and deliver from such offices messages intended for and received by wireless communication; and

Whereas, The said applicant Company on or about June 22, 1914, filed with the Postmaster-General of the United States of America a certificate of acceptance of the restrictions and obligations imposed on telegraph companies by an Act of Congress of the United States, approved July 24, 1866, entitled "An Act to aid in the construction of telegraph lines and to secure to the government the use of the same for postal, military and other purposes;" and

Whereas, The Company has now applied for authority to lay, construct, maintain and operate or use electric telegraph wires, with the necessary branches in connection therewith, under and along the streets, avenues and public places within the territory of the City of New York, according to the terms and conditions which the Board may determine, for the purpose of conducting and maintaining a general telegraph business; and

Whereas, The Corporation Counsel of the City has advised the Board that the Company by its acceptance of the Post Roads Act obtained a right to use the City's streets, subject to the right of the Board to regulate the use thereof and to demand reasonable compensation therefor;

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. Subject to the conditions and provisions hereinafter set forth, the City hereby consents to the construction, maintenance and operation or use by the Company of suitable wires or other electrical conductors in the streets and avenues within the City of New York, for the purpose of electrically connecting various telegraph offices to be established by it in the said City with each other, and with the wireless stations of the Marconi Wireless Telegraph Company of America, located at Belmar and New Brunswick, in the State of New Jersey, or elsewhere, for the purpose of doing a telegraph business between the offices of the said Company and the offices of the said Marconi Wireless Telegraph Company of America.

Section 2. The consent hereby given is subject to the following conditions and regulations, which shall be complied with by the Company: First—No wires or conductors laid, maintained or operated by the Company in the City, or any portion thereof, shall be used for the transmission of messenger call signals, telephonic conversations or for any other purpose than the transmission of messages by telegraph as contemplated by the Post Roads Act of Congress of the United States as interpreted by the Courts.

Second—The privilege of laying its wires underground and using the conduits in the City streets, herein consented to by the City, shall continue for the period of fifteen (15) years from the date of the signing of this contract by the Mayor, when the same and this contract shall cease and determine without any action or proceeding.

Third—The Company shall pay to the City for the expense of the examination of the application and all work in connection therewith, for the facilities afforded to it, and for local governmental supervision, the following sums of money:

1. The sum of five thousand dollars (\$5,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor.
2. An annual sum which shall be equal to one hundred dollars (\$100) per mile for each and every metallic circuit used or operated by the Company in the City, but which sum shall not be less than one thousand dollars (\$1,000).

The metallic circuits referred to above and wherever used in this contract shall be deemed to and shall include each and every two (2) wires between the same points used or operated by the Company, whether owned by it or otherwise. In arriving at the mileage in use or operated by the Company, the different circuits used or operated by it shall not be treated as separate items, but the total mileage of such circuits, when added together, shall be the basis for the payments to be made by the Company. The length of the various circuits used or operated shall be certified by the Company under oath, to the Comptroller, as hereinafter provided, but should the Company, for any reason, not have sufficient data to enable it to furnish such information, then and in that event it shall certify under oath to the Comptroller, as hereinafter provided, the various offices of whatever description, connected by the circuits in use by it, and the mileage upon which it shall make the annual payments shall be calculated and based upon the distances between such offices by the most direct route through the streets and avenues of the City. Should the mileage at any time exceed an exact number of miles, then and in that event the annual payment to be made by the Company for the excess over such exact number of miles shall be upon the basis of twenty-five dollars (\$25.) for each quarter of a mile (¼ mile) or fraction thereof.

The annual payments shall commence from the date on which this contract is signed by the Mayor.

All annual payments as above shall be paid into the treasury of the City on February 1 of each year, and shall be for the amount due to December 31 next preceding; provided, that the first annual payment shall be only for that proportion of the first annual sum as the time between the date upon which this contract is

signed by the Mayor and December 31 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights, facilities, franchises or supervision at a different rate, and no assignment, lease or sublease of the rights or privileges, the exercise of which is herein consented to or of the facilities for the exercise of the same, or of any part thereof, shall be valid or effectual for any purpose, unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fifth—The rights and privileges, the exercise of which is herein consented to or the facilities for the exercise of the same, shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City, and in strict compliance with all laws or ordinances or departmental rules and regulations now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electrical system shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and the proper restoration of the surface of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Upon completion of any work of construction, the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, installed or constructed under this contract, and the location and dimensions of all substructures encountered during the progress of the work; the depth below the street surface of the new structures and of the substructures encountered must be shown, also their location with reference to the nearest curb line and the nearest curb line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues, in any Department of the City or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, conductors, connections, instruments and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, conductors, connections, instruments and appurtenances, from time to time, as such additions or improvements are determined by the Board, after hearing, to be reasonable and necessary. Upon failure on the part of the Company to comply with the directions of the Board within a reasonable time, this consent and contract shall cease and determine.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as "subways"). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City, should it succeed to the right of such company or companies. If the City shall construct or acquire subways for electrical conductors of the character or tension of those used by the Company or similar companies, the Company hereby agrees to lay its wires and conductors in such subways, and the City agrees to lease to the Company such space as may be necessary and available for the operation of the system herein referred to.

No cables or wires shall be strung above the surface of the streets and avenues by the Company.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by it in the territory referred to herein.

Tenth—The Company shall file with the Board on the first day of February in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on December 31 preceding and the streets in which the same are located, and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity, on or before the tenth day of each month, a map or plan of the locations in which wires have been placed by it during the preceding month.

Eleventh—The wires of the Company shall be employed for no other purpose than those explicitly set forth herein and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Twelfth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system referred to in this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Thirteenth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation its consent to the exercise of a franchise or to grant a franchise right or privilege upon the same or other terms and conditions in the territory referred to in this contract, or any part thereof.

Fourteenth—If the Company shall fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time, and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains pay to the City the sum of one hundred dollars (\$100) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund herein after provided for.

Fifteenth—If for a period of three consecutive months after the commencement of its trans-Atlantic service by the Marconi Wireless Telegraph Company of America the system of the Company shall not be operated, or if the same shall not be operated for a period of six months out of any consecutive twelve months, the Board may revoke its consent and declare this contract terminated without further proceedings at law or in equity.

Sixteenth—The Company shall submit to the Board a report, not later than February 1 of each year for the year ending December 31 next preceding, and at any other time upon request of the Board, which shall state:

1. The amount of stock issued for cash; for property.
2. The amount paid in as by last report.

12. The name or names of the shareholder or shareholders holding a majority of the stock of the said corporation.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number and location of offices of the Company in the City and the offices and companies to which the same are connected.
16. Total receipts of the Company.
17. Proportion of receipts retained by the Company as compensation for its services; the amount of such proportion and the rate per word of such proportion with respect to the messages received and transmitted by it.
18. Amounts paid by the Company for damage to persons or property on account of construction and operation.
19. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

The Company shall also file annually with the above report a certified copy of its then existing contract or contracts with the Marconi Wireless Telegraph Company of America and its affiliated companies.

Seventeenth—The Company shall, on or before February 1 of each year, make a verified report to the Comptroller of the total mileage of metallic circuits in use or operation by it in the City on December 31 preceding, and the location of the various offices, of whatever description, connected by the same, or should it not have sufficient data to enable it to furnish a statement of the mileage of such metallic circuits, then the Company shall, on February 1, furnish to the Comptroller a verified report of the various offices of whatever description connected by the circuits in use by it on December 31 next preceding. The Company shall also in the same manner furnish such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company, for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Eighteenth—This consent is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in the construction or operation of its system, shall deposit with the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, and each and every one thereof. In the event of default in the payment of the annual charge or other payments herein required the City shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, the installation or maintenance of its structures and equipment, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws, ordinances or departmental regulations now or hereafter in force, in such case and in any of these events the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars (\$50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the provisions of this contract. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure, direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000) and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Nineteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or

at the option of the Board, by resolution of the Board. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company, served in the same manner as a summons in an action in the Supreme Court, to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear action may be taken by the Board forthwith.

Twentieth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-first—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall, except as otherwise in this contract provided, be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction and shall be deemed to have been given at the time of delivery or mailing.

Twenty-second—The words "streets and avenues" or "streets or avenues" wherever used in this contract shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places, lands under water or any other property to which the City has title or over which the public has an easement, included within the limits of the territory in which the Company is to operate under this contract.

Twenty-third—The grant of this consent is subject to whatever right, title or interest the owners of abutting property or others may have, if any, in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. This contract is subject to the Constitution and Laws of the United States of America and the rules and regulations which have been and may be adopted in pursuance thereof.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old masonry or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all

house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
