- Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)

■ NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendments to section 908-01 of Chapter 900 of Title 1 of the Official Compilation of the Rules of the City of New York, regarding the locations of carbon monoxide detectors.

This rule was published in the *City Record* on July 8, 2019 and a public hearing was held on August 8, 2019.

Dated: 10/2/19 /s/ Melanie E. La Rocca
New York, New York Commissioner

Statement of Basis and Purpose of Rule

Local Law 191 of 2018 requires amendments to DOB's rules regarding the locations of carbon monoxide detectors. The local law added a requirement for carbon monoxide detectors in additional occupancy types and created retroactive requirements for existing buildings.

The amendments to 1 RCNY 908-01 bring the rule in compliance with the provisions of Local Law 191.

They also reflect a publication error that left out subdivision (e), so that the provisions that were supposed to be subdivisions (e), (f) and (g) became (f), (g) and (h). Since these amendments are adding new subdivisions (e) and (h), only incorrectly lettered subdivision (h) is re-lettered.

The Department of Buildings' authority for these rules is found in sections 643 and 1043 of the City Charter, section 28-315.11 of the City Administrative Code and sections 908.7.3 and 908.7.3.1 of the Building Code.

New material is underlined.
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.
