REPORTS.

The Committee on Lands, Places and Park Department, to whom was referred the annexed resolution in favor of exempting St. Nicholas Park, at One Hundred and Fifty-fifth street, between Eighth and Columbus avenues, from the operation of section 183, article 13, chapter 8 of the Revised Ordinances of 1880, relating to the discharge of firearms, respectfully

REPORT :

That, having examined the subject, they favor the proposed exemption because the shooting-gallery in which such firearms are to be discharged is so constructed that no danger can accrue to life or property, and because similar privileges have been heretofore accorded to many other parks within the city limits. They therefore recommend that the said resolution be adopted.

Resolved, That the premises known as St. Nicholas Park, located on One Hundred and Fifty-fifth street, between Eighth and Columbus avenues, be and they are hereby exempted and excepted from the operation of section 183, article 13, chapter 8 of the Revised Ordinances of 1880.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 20, 1890.

To the Honorable the Board of Aldermen :

Herewith I return, without my approval, the resolution of your Honorable Body, adopted November 11, 1890, which reads as follows :

"Resolved, That permission be and the same is hereby given to Thomas Gill to exhibit his novelty advertising wagon in the public streets of this city * * * ."

I do not approve of this resolution for the reason that I am opposed to the granting of any special privileges to individuals or corporations from which the general public receives no benefit or compensation.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Thomas Gill to exhibit his novelty advertising wagon in the public streets of this city ; this permission to continue only for a period of sixty days from December 1, 1890.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 20, 1890.

To the Honorable the Board of Aldermen :

Herewith I return, without my approval, the resolution of your Honorable Body, adopted November 11, 1890, which permits the Twenty-eighth and Twenty-ninth Street Railroad Company to pave the sidewalk in front of their depot, Nos. 406, 408, 410 East Thirty-third street, with granite-block pavement.

Although it has been done in many instances the paving of sidewalks with stone blocks instead of flagging is in violation of the City ordinances. In most cases, however, there is one or more course of flagging through the sidewalk, thereby providing a proper walk for pedestrians, for which the present resolution makes no provision.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to the Twenty-eighth and Twenty-ninth Street Railroad Company to pave the sidewalk in front of their depot, Nos. 406, 408 and 410 East Thirty-third street, with granite-block pavement, the work to be done at the expense of the company, under the direction of the Commissioner of Public Works ; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 18, 1890.

To the Honorable the Board of Aldermen :

Herewith I return, without my approval, the resolution of your Honorable Body, adopted November 11, 1890, which provides that Bainbridge avenue, from Southern Boulevard to Suburban street, be regulated and graded, the curb-stones set, the sidewalks flagged, etc.

My action hereon is based upon a report upon this resolution which I have from the Park Department, reading as follows :

"I would say that I can find no record of acquirement of title by the city to said avenue, and the said resolution and ordinance, if adopted, would be inoperative."

HUGH J. GRANT, Mayor.

Resolved, That Bainbridge avenue, from Southern Boulevard to Suburban street, be regulated and graded, the curb-stones be set and the sidewalks flagged a space four feet wide through the centre thereof, under the direction of the Commissioners of Public Parks ; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 18, 1890.

To the Honorable the Board of Aldermen :

Herewith I return, without my approval, the resolution of your Honorable Body, adopted November 11, 1890, which permits the erection and maintenance of two ornamental lamps on Reade street, at the northeast corner of Broadway.

It is impossible to judge of the propriety of the action intended to be taken for the reason that no diagram of the lamps proposed to be erected accompanies the resolution.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Rackerbrandt & Helfer to place and keep two ornamental lamp-posts and lamps in front of the entrance to their premises on Reade street, at the northeast corner of Broadway, provided the lamps be kept lighted during the same hours as the public lamps ; that the posts shall not exceed the dimensions prescribed by law (eighteen inches square at the base), and that the work be done and gas supplied at their own expense, under the direction of the Commissioner of Public Works ; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 18, 1890.

Herewith I return, without my approval, the resolution of your Honorable Body, adopted November 11, 1890, which permits the placing of an ornamental lamp in front of No. 44 West One Hundred and Twenty-fifth street.

It is not possible to judge of the propriety of this resolution for the reason that there is no diagram before me which would indicate the kind of lamp to be erected.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Toney C. Mazetti to erect an ornamental lamp-post in front of No. 44 West One Hundred and Twenty-fifth street, said lamp to be kept lighted during the same hours as the public lamps lighted by the city, and said post not to exceed the dimension prescribed by law, the work to be done at his own expense, under the direction of the Commissioner of Public Works ; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Commissioner of Public Works reports that this street is already lighted ; therefore, the present resolution is unnecessary.

HUGH J. GRANT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in One Hundred and Thirty-first street, from the Boulevard to the Twelfth avenue, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

To the Honorable the Board of Aldermen :

The Commissioner of Public Works reports that the street is not yet regulated and graded and has no sidewalks on which to place lamps, and that the surface of the street is about five feet below the proper grade. Public lamps should not be placed in the street until it is regulated and graded.

HUGH J. GRANT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in One Hundred and Seventy-ninth street, from Webster avenue to Railroad avenue, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 18, 1890.

To the Honorable the Board of Aldermen :

Which was decided in the affirmative.

Whereas, On the 27th day of January, 1890, an application in writing was made to the Common Council of the City of New York by the Harlem Bridge, Morrisania and Fordham Railway Company for consent to the construction, maintenance, use and operation of a branch or extension of their present railroad upon, through and along Courtland avenue, in the Twenty-third Ward of said city, from One Hundred and Forty-sixth street to One Hundred and Sixty-first street ; and

Whereas, The said Common Council caused public notice of such application, and of the time and place where the same would be first considered, to be given by publication for at least fourteen days in two daily newspapers in the City of New York, to wit, in the "New York World" and the "New York Daily Times," which papers were designated for that purpose by the Mayor of said city ; and

Whereas, After public notice given as aforesaid, such application has been duly considered by the said Common Council :

Resolved, That the consent of the Common Council of the City of New York be and the same is hereby given to the said Harlem Bridge, Morrisania and Fordham Railway Company to the construction, maintenance, use and operation, upon the conditions hereinafter set forth, of a branch or extension of their railroad through, upon and along said Courtland avenue, as follows :

Beginning at or near the point or place where Courtland avenue, in the Twenty-third Ward of the City of New York, intersects North Third avenue and One Hundred and Forty-sixth street ; thence running northerly through, upon and along said Courtland avenue, with double tracks, to a point on the northerly side of East One Hundred and Sixty-first street and said Courtland avenue, together with such switches, sidings, turnouts, turn-tables, and suitable stands as may be necessary for the convenient operation of said branch or extension.

Resolved, That the conditions upon which the said consent is hereby given are as follows, to wit :

First—That the provisions of chapter 252 of the Laws of 1884 pertinent thereto shall be complied with.

Second—That the right, franchise and privilege of using the said Courtland avenue, between said points, to construct, maintain, use and operate such railroad or extension, shall be sold at public auction to the bidder, which shall be an incorporated railroad company, organized to construct, maintain and operate a street railroad in the City of New York, and which will agree to give the largest percentage per annum of its gross receipts to be taken upon such route, with adequate security by a bond or undertaking in writing and under seal, in such form, condition, amount and sureties as shall be required and approved by the Comptroller of the said city for the fulfillment of the said agreement and for the commencement and completion of such railroad or extension, according to the plan or plans and on the route fixed for its construction, within the time designated and prescribed thereby for the provisions of chapter 642 of the Laws of 1886.

Third—That in the construction of such railroad or extension, the equipment, materials and work employed shall be of the best quality and character, and that the cars thereon shall be run as frequently as the convenience of the public may require.

Fourth—That the bidder to which the aforesaid sale shall be made, and any person or corporation using the tracks or any part of the tracks constructed or laid under or pursuant to this consent, shall comply with all reasonable ordinances or regulations which the local authorities having charge of the aforesaid avenue shall make as to the rate of speed, mode of use of tracks and removal of ice and snow upon the route of such extension, and with any and all provisions of law applicable to street surface railroad companies, or extensions of street surface railroads, organized or projected under chapter 252 of the Laws of 1884, so far as the same may relate to such extension, the cars to be run upon the same, or to that portion of Courtland avenue through which the said railroad or extension may be constructed or operated, and shall not charge any passenger more than five cents from or to any point on the route hereinabove described, nor from or to any point on said route or any route, line or branch operated by the bidder or under its control, and connecting with the route hereinabove described to or from any point on said route or any route, line or branch operated by the bidder, or under its control, and connecting with the route hereinabove described, and shall give transfer tickets to a passenger when necessary to secure to him one continuous ride between such parts for the single fare of five cents.

And the said bidder as to the whole route hereinabove described shall be absolutely and unqualifiedly bound, and any person or company using or operating a railroad upon the tracks, or upon any part of the tracks, constructed upon the said route under or by virtue of the consent hereby given, or the sale had in pursuance thereof, as to the tracks so used by it or him, shall be jointly and severally bound with the said bidder, absolutely and unqualifiedly to repair and keep in permanent repair the portion of said streets and avenues upon which the tracks shall be so constructed, between the tracks, the rails of the tracks and a space two feet in width outside of and adjoining the outside rails of the track or tracks, so long as such tracks so constructed shall continue to be used, and this obligation in respect to the repairing of the streets shall not not be dependent upon the requirements of the local authorities, but is hereby made an absolute and unqualified obligation.

Fifth—That the cars to be used on such railroad or extension may be operated by animal power.

Sixth—That any person or company who shall use or operate a railroad upon the tracks, or any part of the tracks, constructed upon the route hereinabove described, under and by virtue of the consent hereby given, or the sale had in pursuance thereof, shall be subject to the same conditions, liabilities, obligations, duties and payments in respect to such use of operation by him, or it, or of, or upon such tracks as the bidder to whom the sale shall be made under this consent would be subject, were such use or operation made by such bidder ; and in computing any percentage upon gross receipts that may thereby become payable, the amount thereof shall be computed upon a fare of five cents as having been received as part of the gross receipts from every passenger who shall ride upon any part of the route hereinabove described, and irrespective of the fact whether such passenger enters or leaves the car at any point upon the said route, and the bidder to whom such sale shall be made shall be jointly and severally liable with any such person or company for any default in any such conditions, liabilities, obligations, duties and payments.

Seventh—That the payment of the percentage upon gross receipts, payable under the bid at such sale, shall be made annually on the 1st day of November for the year ending on the next preceding thirtieth day of September.

Eighth—That the said Harlem Bridge, Morrisania and Fordham Railway Company shall provide for the expense of publication of the aforesaid notice of sale before the said notice shall be published ; and the company which at said sale shall be the highest bidder shall, at the time and place of sale, reimburse the said Harlem Bridge, Morrisania and Fordham Railway Company for all expenses for printing and publishing necessarily incurred by it upon the application and sale herein under the provision of said chapter 252, Laws of 1884, and said chapter 642, Laws of 1886.

Ninth—This consent is given and said sale shall be made upon the express understanding that the conditions herein stated do not relieve the said bidder, or any person or company operating a railroad upon any of the tracks constructed under this consent, from any conditions, obligations, liabilities, payments or duties to which they might have been liable in the absence of such conditions,

Tenth—That if the bidder shall not furnish satisfactory security the said Comptroller may cancel the bid and sell this consent and the license in the same manner as is provided by chapter 642, Laws of 1886.

Eleventh—The company that shall be the successful bidder shall stipulate to complete the branch railroad hereby authorized, and run cars thereon, within a period of nine months after obtaining the privilege.

And be it further Resolved, That the sale at public auction of the right, franchise and privilege mentioned above shall be attended and conducted by the Comptroller of the City of New York, and shall be held at a place in the City of New York to be designated by the said Comptroller, and on the earliest practicable day to be designated by said Comptroller, or at such time to which the same may be adjourned from the day specified in the notice so published, not exceeding twice, for a period not exceeding four weeks in the aggregate, and only after notice of the time, place and terms thereof, and of the route to be sold and of the conditions upon which this consent is given, shall have been published by said Comptroller three times a week for at least three weeks in two daily newspapers in said city, to be designated by his Honor the Mayor of said city ; and if the bidder shall not furnish satisfactory security the said Comptroller may cancel the bid and sell the consent and the license in the same manner as is provided by chapter 642, Laws of 1886.

Bidders will be required to complete the entire work to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the work and the plans therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N.B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the several contracts is as follows:
For Number 1, above-mentioned..... \$45,000 00

But the contract when awarded will in each case be awarded to the lowest bidder.

Blank forms for proposal and forms of the several contracts which the successful bidders will be required to execute can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 49 and 51 Chambers street.

Bidders must distinctly write out, both in words and in figures, the amount of their estimates for doing each class of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and in default of the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

Estimates for the above will be received at the office of the Commissioner of Public Works, No. 31 Chambers street, in the City of New York, until 12 o'clock M. of Thursday, December 4, 1890, at which place and time they will be publicly opened by said Commissioner and read.

Any person making an estimate for the above shall furnish the same in a sealed envelope, indorsed "Estimate for furnishing, operating and maintaining electric lamps;" and also with the name of the person making the same and the date of its presentation.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making an estimate for the same supplies and work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

Bidders are required to state in their estimates the several streets, avenues, parks and public places, or parts of streets, avenues, parks and public places, in which they propose to perform the requirements herein contained, giving in detail the number of lamps which it is proposed to furnish for lighting each street, etc.; and in case the streets or any portion of the streets which are contemplated in the bid are not lighted by the bidder with electric arc lamps at the time of the making of the bid, then a map or sketch showing clearly the proposed locations of lamps, lamp-posts and conducting wires in such streets must be submitted with the bid.

Bidders must state the kind or system of light they propose to furnish.

Bidders are required to state the price per night for each lamp, at which they propose to furnish, operate and maintain a light in accordance with the requirements of the specifications and for the period mentioned in the agreement.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

Bidders are required to state the number and locations of the central stations at which the electric current is to be generated, and what provision, if any, will be made against the accidental extinction of the lights on account of damage to the central station by fire.

The amount of security required is Twenty-five Thousand Dollars.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such

deposits, except that of the successful bidder, will be returned to the person making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bid or estimate will be considered from any company, corporation or individual that is not authorized and empowered either by the Common Council or by the Board of Electrical Control, to lay, erect and construct, and that has not (except where electric-light conduits are laid, suitable wires or other conductors with the necessary poles, pipes or other fixtures, in, on, over and under streets, avenues and public parks and places of the City of New York, for conducting and distributing electricity to the lighting bid for; and that does not possess a sufficient central station with suitable appliances therein, for generating the electrical current required for the purposes of accomplishing the work specified in the bid or estimate.

Provided nothing herein contained shall prevent any company, corporation or individual from bidding for supplying said light in any street or part of street, park or public place in which such corporation, company or individual has a trunk or main line, and lamps, lamp-posts and connections only are necessary to be constructed in order to furnish lighting in such streets, parts of streets, parks or public places.

Also further provided that in case a contract for lighting any street, part of street, park or public place shall be awarded to any company, corporation or individual having only a trunk or main line, therein, or wherein electric light conduits are laid, thirty days from the execution of the contract, and such further time, not exceeding thirty days, as may be deemed reasonable by the Mayor, Comptroller and Commissioner of Public Works, shall be allowed to such bidders in which to erect lamp-posts, lamps and establish connecting wires thereto, or for placing conductors in subways and connecting lamps therewith.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been established in complete working order, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

The award of any contract, if awarded, will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom any contract is so awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or estimate, or if he accept, but does not execute the contract and give the proper security, it may be readvertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed.

The right is reserved, when an estimate is made containing bids for lamps in one or more streets, avenues, parks or places, to accept from such estimate or bid so much thereof as may be the lowest per lamp in any one or more of such streets, avenues, parks or places, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The right is also reserved to determine what streets or parts of streets and public places shall be lighted by electric lights. The contract for lamps in any particular street, avenue, park or place, will be awarded, if awarded, to the lowest bidder per lamp in such particular street, avenue, park or place.

The right is also reserved to regulate the number of lamps which may be erected and their location and disposition, in order to best illuminate the streets, parks or other public places for the lighting of which bids may be received. The right is also reserved to decline all estimates if deemed for the best interests of the City. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

The attention of bidders is called to the provisions of specifications 3 and paragraph P in the annexed form of agreement.

Blank forms of estimates can be obtained on application at the office of the Commissioner of Public Works.

COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repair or maintenance or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be

awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine. The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.
