GAS COMMISSION.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,
NEW YORK, April 12, 1878.

PROPOSALS FOR LIGHTING THE PUBLIC LAMPS.

PROPOSALS FOR FURNISHING THE GAS OR other Illuminating Material for, and Lighting, Extinguishing, Cleaning, Repairing and Maintaining the Public Lamps (and supplying Gas, etc., for New Lamps when required) on the Streets, Avenues, Piers and Places in the City of New York, under the Department of Public Works, including Riverdale, but not including the Twenty-third Ward and that portion of the Twenty-fourth Ward outside of Riverdale, for the period of one year, commencing May 1, 1878, and ending April 30, 1879, both days inclusive.

Proposals for the above, made in accordance with section 73, chapter 335, Laws of 1873, and chapter 125, of Laws of 1878, and Revised Ordinances of 1879, chapter 3, article 2, and included in a sealed envelope indorsed "Proposals for furnishing the Illuminating Material, and Lighting and Extinguishing, Cleaning, Repairing and Maintaining the Public Lamps," with the name of the party making the same written thereon, will be received at the office of the Commissioner of Public Works, until 12 o'clock M. of Wednesday, April 24, 1878, at which place and hour they will be publicly opened and read.

Bidders are requested to state in their proposals their names and places of residence; the names of all persons interested with them; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any estimate for the above supplies and work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled on its completion, and that which the Corporation may be obliged to pay to any higher bidder to whom the contract may be awarded at any subsequent letting; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the above work, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; that he has offered himself as a surety in good faith, and with the intention to execute the bond required by article 2, chapter 8, of the Revised Ordinances of 1879, organizing the Municipal Government of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the sureties offered to be determined by the Comptroller.

Bidders are requested to state in their proposals the several streets or parts of streets in which they propose to perform the requirements herein contained, and also the illuminating or candle-power of the gas they propose to furnish, when tested at a distance of not less than one mile from the place of manufacture; and bidders proposing to furnish any illuminating material other than coal gas, must state distinctly what kind of material they propose to furnish, and the illuminating power of the burner they propose to use for the same.

Bidders are also requested to state the price for which they will furnish the gas or other illuminating material for each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing, and replacing the cocks, tubes, burners, crossheads, lamp-irons, and lanterns thereto, for the period from May 1, 1878, to April 30, 1879, both days inclusive; stating the price for the above named period of one year for each lamp.

Bidders are also requested to state a price for which they will repair lamp-posts, including either straightening, re-reading, or for each new lamp fitted up, as follows:

For each lamp-post straightened, stating the price per post.
For each column re-leaded, stating the price per post.
For each column refitted, stating the price per post.
For each lamp-post removed, stating the price per post.
For each lamp-post reset, stating the price per post.
For each new lamp fitted up, stating the price per post.
The bidders are requested to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

The number of lamps to be contracted for is about eighteen thousand.

The lamps are to burn on an average of three thousand eight hundred and thirty-three hours and twenty minutes each, during the term.

The burners are to be of a capacity to burn three cubic feet of gas per hour under a pressure of one inch, and in case the illuminating material shall be other than coal-gas, then the burners to be used for such illuminating material shall give a light (by photometrical test), equal to the light given by the gas-burners now in use in the public lamps in

the City of New York. Should any alteration of, or any attachment be required to any portion of the lamps for which proposals are made, such alterations shall be done, and attachments placed on the lamps without expense to the city.

The amount of security required is \$50,000 on all contracts, which will amount to \$100,000, or more, and on smaller contracts the amount of security shall be sixty per cent. of the total amount of the bid.

The award of the contract will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom the contract is so awarded neglect or refuse to accept to contract within forty-eight hours after written notice that the same has been awarded to his bid or proposal, or if he accept but does not execute the contract and give the proper security, it may be re-advertised and relet as above provided.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Mayor, Comptroller, and Commissioner of Public Works.

The right is reserved to assign and designate to any bidder the number and location of the lamps in any portion of the city for which proposals are received, and to increase or diminish the numbers.

The right is reserved to determine and designate, after the proposals are opened, what illuminating material shall be used in the public lamps, or any portion of them, during the period above mentioned; also to decline any or all proposals if deemed for the interests of the Corporation; and no proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

If the proposal of any bidder, proposing to furnish coal-gas or similar material, shall include any lamps with which the pipes or mains of such bidders are not connected at the time of making the bid, and a contract shall be awarded to any such bidder, in that case, thirty days from the date of the execution of such contract, and such further time, not exceeding thirty days, as may be deemed reasonable by the Commissioner of Public Works, shall be allowed to such bidder in which to connect such pipes or mains with such lamps.

But no payment to such bidding, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been connected with the mains of such bidder, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

Blank forms of proposals, the specifications and agreements, the proper envelopes in which to inclose the bids, and any further information desired can be obtained at the office of the Commissioner of Public Works.

The coal must be of the best quality of white ash, furnace, egg, stove, and nut sizes, clean and in good order, two thousand to hundred and forty (2,240) pounds to the ton, and must be delivered in the bins of the several school buildings at such times and in such quantities as required by the Committee on Supplies.

The proposals must state the mines from which it is proposed to supply the coal (to be furnished from the mines named, if accepted), and must state the price per ton of two thousand two hundred and forty (2,240) pounds.

The quantity of the various sizes of coal required will be about as follows, viz.: Eight thousand one hundred (8,100) tons of furnace size, nine hundred and fifty (950) tons of stove size, three hundred and fifty (350) tons of egg size, and six hundred (600) tons of nut size.

The oak wood must be of the best quality, the stick not less than three (3) feet long. The pine wood must be of the best quality, Virginia, and not less than three (3) feet six (6) inches long. The proposal must state the price per cord of one hundred and twenty-eight (128) cubic feet, solid measure, for both oak and pine wood, and also the price per cord for both oak and pine wood, and also the price per cord for splitting, the quantity of oak wood to be split only as required by the Committee on Supplies.

The wood will be inspected and measured under the supervision of the Inspector of Fuel of the Board of Education, and must be delivered at the schools as follows: Two-thirds of the quantity required from the 10th of June to the 15th of September, and the remainder as required by the Committee on Supplies; said wood, both oak and pine, must be delivered sawed, and, when required, split, and must be piled in the yards, cellars, vaults, or bins of the school buildings, as may be designated by the proper authority.

The contracts for supplying said coal and wood to be binding until the first day of June, 1879. Two sureties for the faithful performance of the contract will be required, and each proposal must be accompanied by the signatures and residences of the proposed sureties. No compensation will be allowed for delivering said coal and wood at any of the schools, nor for putting and piling the same in the yards, cellars, vaults, or bins of said schools.

Proposals must be directed to the Committee on Supplies of the Board of Education, and should be indorsed "Proposals for Coal," or "Proposals for Wood," as the case may be.

JURORS.

NOTICE IN RELATION TO JURORS FOR STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1877.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

TERMS AND CONDITIONS OF THE SALE.

The Department will make, prior to the 1st May, 1878, such repairs to any of the above premises, in the judgment of the Commissioners, needing them, as they may consider necessary to place them in suitable condition for service during the terms for which leases are to be sold; but all the premises must be taken in the condition in which they may be in on the date of commencement of said terms, respectively; and no claim that the property is not in suitable condition at the commencement of the lease, will be allowed by the Department; and all repairs and rebuilding required and necessary, during the terms leased, are to be done at the expense and cost of the lessees.

Purchasers will be allowed three months, from date of commencement of their leases, in which to notify the Department that dredging is required at the premises leased; and the Commissioners guarantee to do all possible dredging, as soon after being notified of the necessity thereof, as the work of the Department will permit; but in no case will the Department dredge where a depth of ten feet at mean low water already exists, nor after that depth shall have been obtained by dredging; and no claim will be received or considered by the Department, for loss of wharfage or otherwise, consequent upon any delay in doing the work of such dredging, or consequent upon the premises being occupied for dredging purposes. All dredging required at any of the above premises, of which the purchaser of the lease thereof, shall neglect or omit to notify the Department during the first three months of the term of the lease, and all dredging necessary during the remainder of such term, is to be done at the expense and cost of the lessee.

Each purchaser of a lease will be required at the time of the sale, and in addition to the auctioneer's fees, to pay to the Department of Docks twenty-five per cent. of the amount of annual rent bid, as security for the execution of the lease, and which twenty-five per cent. will be applied to the payment of the rent first accruing under the lease when executed, or forfeited, if the purchaser neglects or refuses to execute the lease and bond within five days after being duly notified that the lease is prepared and ready for signature. The Commissioners reserve the right to resell the leases bid off by those failing to comply with these terms; the party so failing to be liable for any deficiency which may result from such resale.

Two sureties, each a freeholder and householder in the City of New York, and to be approved by the Commissioners of Docks, will be required, under each lease, to enter into a bond jointly with the lessee, in the sum of an amount double the annual rent, for the faithful performance of all the covenants of the lease; and each purchaser will be required to submit, at the time of the sale, the names and address of his proposed sureties.
