DEAR SIR—I would respectfully advise you that it appears from a report of the Law Department to his Honor, the Mayor, that during the year 1895 there were five hundred and twenty-four cases in process of trial relative to the water supply of the City of New York, involving in the aggregate claims amounting to \$8,052,207.60. That during the year 1895, exclusive of that portion of Katonah north of Main street, in which the evidence has been completed, claims to the extent of \$1,688,548.39 were presented and proven before the Commissioners for which the sum of \$630,600.53 has been allowed, making a net reduction in favor of the City of \$1,057,947.86 in the cases closed; and that in addition to the proceedings set forth in said report the question of assessed values and taxes of upwards of 8,000 acres of land has been presented and passed upon. Of this saving of \$1,057,947.86 the sum of \$453,386.25 has been saved in proceedings instituted by the Aqueduct Commissioners under chapter 490 of the Laws of 1883.

In addition to this, the proceedings known as the Third Supplemental Cornell Dam has been closed, so far as introducing evidence, preparation of brief and argument is concerned; claims against the City of \$337,887 are now before the Commissioners of Appraisal for adjudication.

In the proceedings known as the New Croton Dam, Cornell Site, Croton Falls Section, eighteen claims have been filed against the City, amounting to \$286,543, and testimony on behalf of the claimants is closed, with the exception of one or two claims.

In Reservoir "D," which is in charge of your Commission, the proceedings are progressing, with the exception of a slight delay in the acquisition of six or eight parcels. Forty-six claims have been filed, amounting to \$504,588.

Reservoir "M" is closed with the exception of the claim of the Town of North Salem for highways.

In Katonah and Golden's Bridge Sections maps have been filed and the City will become vested with the titles to 112 new parcels of real estate by the middle of March.

In the Jerome Park proceedings satisfactory progress is being made, 95 claims having been filed against the City, amounting to \$4,389,130. The claimants are now engaged in presenting their evidence.

In addition to the above there are in process of acquisition, on behalf of your Commission, lands at Double Reservoir "I," Putnam County, and the balance of the Cornell Dam.

I am, sir, yours respectfully, H. T. DYKMAN.

On motion of Commissioner Green, the same was ordered spread upon the minutes and filed.

Pursuant to the by-laws, on motion of Commissioner Cannon, the Standing Committees of the Aqueduct Commissioners, as now constituted, were elected for the current year.

The Committee on Law Department have most of the matters mentioned in the foregoing list under consideration, with instructions to formulate bills for introduction in the Senate and in the Assembly, and as this Board is to consider the bills ere we can assume charge, it is very essential that the earliest possible action be taken thereon.

We fully appreciate the difficulties that the Committee on Law Department must experience because of the amount of work intrusted to them, and therefore reluctantly urge the necessity of immediate action on subjects which we are required to take charge of as soon as the said Committee will present them to us in tangible form.

The matter of giving to the Board power to regulate traffic on the public streets, or to more clearly define its present powers, and to remove all ambiguity of existing statutes in relation thereto, is of paramount importance.

The owners of stands, express and shipping booths, and of boot-black chairs, etc., having been granted immunity by the Police authorities, for violation of ordinances, until a reasonable time after the assembling of the Legislature, it is imperative that this important matter be presented at once.

The other subjects can then be taken up in regular order, they not being quite as urgent.

The Excise Committee, we hope, will also present the result of their deliberations on the proposed Excise Laws, at as early a date as possible. The varied views and opinions on this important subject, the innumerable measures that will be presented to the Legislature, and the difficulties that will naturally arise in formulating a satisfactory bill, and in securing the proper approval thereof by this Board ere it is referred to us, emphasizes the fact that it is necessary for the Excise Committee to report at an early date, and we most respectfully urge that they do so.

In making this request, we are not unmindful of the vast amount of work and the difficulties that work entails upon the Committee; nor do we wish to infer that the Committee do not appreciate the necessity of early action. We make these suggestions because of the very many matters we are called upon to take charge of, and a realization of the fact that our work last year was not altogether fruitful of results in consequence of proceeding with our duties late in the session instead of at the beginning.

We offer the following resolutions:

Resolved, That a copy of this report be presented to the Committee on Law Department and to the Excise Committee respectively, with request that each kindly aid in facilitating the work of the Legislative Committee in the manner herein set forth.

Resolved, That an appropriation of two hundred dollars be and is hereby made, to be taken from the contingent fund of the Board of Aldermen, for use towards defraying the expenses of the Committee on Legislation in the performance of the official duties which they are charged to perform.

Resolved, That the Clerk of the Common Council be and he is hereby directed to negotiate with the "Bureau of Legislative Information" at Albany, and to contract with the same, agreeing to pay fifty dollars for the year 1896, on condition that this Board be furnished regularly with all bills introduced in the Legislature, a copy of every amendment, and all other data and information as set forth in the prospectus issued by the said bureau; and in addition thereto, ten extra copies of each and every bill, etc., relating to and affecting New York City; the said fifty dollars to be paid out of the Aldermanic Contingent Fund.

Resolved, That, in case contract is made with the Bureau of Legislative Information, the Clerk of the Common Council shall furnish the members of the Legislative Committee respectively with copies of all bills of local interest, and shall keep files of bills, arranged as in 1895, with an additional file containing only such bills as relate to this city, all being properly indexed in a book provided for that purpose.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of 1,200 dollars, and agreeing that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by requisition on the Comptroller, and as more specifically and particularly set forth in the contract form.

Bidders are informed that no deviation from the contract and specifications will be allowed, unless under the written instruction of the Board of Health.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department, Criminal Court Building, Centre, White, Elm and Franklin streets.

STREET CLEANING DEPT.

DEPARTMENT OF STREET CLEANING, NEW YORK, January 22, 1896.

SEALED PROPOSALS WILL BE RECEIVED at the office of the Department of Street Cleaning, No. 33 Chambers street, for the final disposition of garbage delivered at the various dumps or dumping-places of the Department by carts of the Department and all other carts duly authorized to collect the same until 12 o'clock M., of February fourth (4th), 1896, pursuant to the provisions of section 799 of chapter 410 of the Laws of 1882.

Forms of proposals, specifications and contract may be seen and obtained at the office of the Department. The term of the said contract shall be the period of five years commencing on the first day of June, 1896.

At the hour, place and date first above-mentioned, the Commissioner of Street Cleaning will publicly open and read the said proposals.

Each proposal shall be accompanied with a thorough and complete description of the method or methods to be pursued by the bidder in the transportation and disposition of the garbage; said description shall be accompanied by complete maps, plans and specifications. Such maps, plans and specifications must be sufficient fully to set forth the process to be used, the manner of obtaining results, the results to be secured, and, approximately, the locality or localities where the same is to be carried on.

Garbage to be disposed of in such manner only as will render it unobjectionable in any and every respect, but no part thereof, except purified liquid effluent, shall be dumped in the waters of New York Harbor, or in the waters adjacent thereto, or in the Atlantic Ocean.

No estimate will be received or considered after the hour mentioned.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope directed to said Commissioner of Street Cleaning, at his office, on or before the day and hour first above-named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Commissioner of Street Cleaning reserves the right to reject any or all bids or estimates if deemed to be for the public interest.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are hereby notified that in awarding the contract the Commissioner of Street Cleaning will in addition to other matters which may be properly considered, take into consideration the following:

The character, economy and efficiency of the method to be used, the location of the plant, and generally all that concerns the interests of the City of New York with a view to the length of time of the continuance of the contract, such as the chances of injunction upon application of the neighboring population; chances of financial failure, and the adequacy of the method and plan proposed to be part of the work all of the time, except when obstacles to transportation may prevent the delivery of the normal amount of garbage, and then its adequacy to dispose promptly of the additional quantity accumulated.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the persons interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as sureties for its faithful performance in the sum of \$75,000; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law.

The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money for five per cent. of the amount for which the work bid for is proposed, in any one year to be performed, the amount of work to be done in any one year being calculated upon the estimated amount of eight hundred tons of garbage to be handled and disposed of daily. Such check or money must be inclosed in the sealed envelope containing the estimate.

All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

A special deposit of Ten Thousand Dollars in cash will be required to be made with the Comptroller of the City of New York on or before the execution of the contract as a security for the faithful performance of the same.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

DEPARTMENT OF DOCKS.

(Work of Construction under New Plan.)
TO CONTRACTORS. (No. 525.)
PROPOSALS FOR ESTIMATES FOR FURNISHING AND PUTTING IN PLACE SMALL COBBLE AND RIP-RAP STONES, AND FOR FURNISHING AND DELIVERING SAND AND BROKEN STONE.

ESTIMATES FOR FURNISHING AND PUTTING IN PLACE SMALL COBBLE AND RIP-RAP STONES, and for furnishing and delivering Sand and Broken Stone, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

TUESDAY, FEBRUARY 4, 1896, at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of

One Thousand Six Hundred Dollars for Class I.
Seven Hundred Dollars for Class II.
Three Hundred and Fifty Dollars for Class III.
One Thousand One Hundred Dollars for Class IV.
In case an estimate is made for more than one class, each bondsman must justify in an amount equal to the aggregate amount required for the several classes for which estimates are made.

The Engineer's estimate of the quantities is as follows:

Small Cobble and Rip-rap Stone for Bulkhead or River Wall, to be deposited in place by Contractor.

Class I. About 4,500 cubic yards of small Cobblestone.

Class II. About 3,500 cubic yards of Rip-rap Stone.

Sand and Broken Stone.

Class III. About 1,200 cubic yards of Sand.

Class IV. About 1,800 cubic yards of Broken Stone.

Estimates may be made for one or more of the above four classes.

Where the City of New York owns the wharf, pier or bulkhead at which the materials under this contract are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves, by personal examination of the location of the proposed deliveries of materials, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The materials are to be delivered south of Sixtieth street, North river, or south of One Hundred and Twenty-fifth street, East or Harlem river, from time to time, and in such quantities and at such times as may be directed by the Engineer; and all the work under this contract is to be fully completed on or before the 1st day of May, 1896, at which time this contract will cease and terminate.

The damages to be paid by the contractor for each day that the contract, or any part thereof, or of any delivery that may be ordered or directed by the Engineer, may be unfulfilled after the respective times fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard, for each of the above classes of materials, in conformity with the approved form of agreement and the specifications therein set forth, by which the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it is accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an

estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTERESTS OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Dry Goods, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner, or his duly authorized agent, and read.

THE COMMISSIONER OF THE DEPARTMENT OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED BY SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of FIFTY (50) PER CENT. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety, the adequacy and sufficiency of the security offered is approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner of the Department of Correction will insist upon its absolute enforcement in every particular.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, NEW YORK, December 26, 1895.

NOTICE TO TENANTS AND PROPERTY HOLDERS IN REGARD TO REMOVAL OF SNOW.

ATTENTION IS CALLED TO THE PROVISIONS of an act passed by the Legislature of this State on April 1st, 1895, as follows:

CHAPTER 201.
"AN ACT to provide for the assessment and collection of the expense of removal of snow and ice from the sidewalks of public streets and avenues in the City of New York."

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Whenever any owner, lessee, tenant, or occupant or person having charge of any building or lot of ground in the City of New York shall fail to comply with the provisions of any ordinance of the said city for the removal of snow and ice from the sidewalk or gutter in the street, on the side of the street on which the said building or lot fronts, the Commissioner of Public Works of the said city shall cause such removal to be made, and thereupon the expense of such removal as to each particular lot of ground shall be ascertained and certified by the said Commissioner of Public Works to the Comptroller of the said city, who shall pay the same in the same manner as the expense of removing snow from the

streets of the city is paid; and immediately after the making of the payment of such expense as so certified to him, the said Comptroller shall make and deliver a certificate thereof to the Board of Aldermen of the said city, and the said amounts so certified shall, by the said Board of Aldermen, annually be added to and made to form a part of the annual taxes of the next ensuing fiscal year against the lots against which the said amounts shall be so certified respectively, and the same shall be collected in and with as part of the annual taxes for such fiscal year, for or during which the same shall have been so incurred and certified.

Section 2. This act shall not be regarded as interfering with the owner of any lots throwing into the roadway of the streets or avenues any snow or ice which may be removed from the sidewalk or gutter directly in front of such lot.

Section 3. The term lot, as used in this act, shall include a space not to exceed twenty-five feet in width fronting the street, avenue or lane upon which the violation is charged to have been committed or omitted.

Section 4. This act shall take effect on the first day of November, eighteen hundred and ninety-five.

The City Ordinance to which the above statute applies reads as follows:

"Section 66a. Every owner, lessee, tenant, occupant or person having charge of any building or lot of ground in the City of New York shall, within eight hours after the fall of any snow, and within eight hours after the forming of any ice on the sidewalk or in the gutter in front of any such building or lot, remove, or cause the same to be removed, from such sidewalk or gutter, under the penalty of three dollars for every such neglect, to be paid by the said owner, lessee, tenant, occupant or person having charge severally and respectively; but where said snow falls or ice forms between the hours of eight o'clock in the evening and five o'clock in the morning, this ordinance will be complied with by removing, or causing the same to be removed, before nine o'clock of the morning succeeding its fall or formation."

It becomes my duty to give notice that the provisions of the foregoing statute will be rigidly enforced in all cases where the City Ordinance is not complied with.
