

THE CITY RECORD.

OFFICIAL JOURNAL.

(ENTERED AS SECOND-CLASS MATTER, POST OFFICE AT NEW YORK CITY.)

VOL. XXX.

NEW YORK, FRIDAY, SEPTEMBER 12, 1902.

NUMBER 8,924.

BOROUGH OF BROOKLYN.

LOCAL BOARD—BUSHWICK DISTRICT.

Thursday, May 22, 1902.

Meeting in Borough Hall at 3 p. m.

The roll was called and the following members answered to their names:
Hon. J. Edward Swanstrom, President of the Borough, presiding; Aldermanic District Sixty-four, Alderman Bill; Aldermanic District Sixty-five, Alderman Bennett; Aldermanic District Sixty-six, Alderman Alt.

The President submitted the following:

No. 23.

Petition to lay out as a public plaza plot of land bounded by Highland Boulevard, Bushwick avenue and Fanchon place.

The following resolution was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 22d day of May, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by laying out as a public plaza the plot of land bounded by Highland Boulevard, Bushwick avenue and Fanchon place, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—The President and Aldermen Bill, Bennett and Alt.

No. 24.

Petition for laying out as a public place or park property to be known as Jewell square, the property as described in the following resolution, which was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 22d day of May, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by laying out as a public place or park, to be known as "Jewell square," the property bounded as follows:

On the north by Broadway, on the west by the property of the Brooklyn Heights Railroad Company and by Williams place; on the south by the southerly line of Lots Nos. 56, 7, 8, 9, 10, 11, 12, 13, 14 and 15, and again on the west by the westerly side of Lot No. 27, all in Block No. 34, in the Twenty-sixth Ward, and also by East New York avenue to the junction of Broadway, in the Borough of Brooklyn; also by closing all public streets within the proposed park as described, and including such public streets in said park, as shown on the accompanying map.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bill, Bennett and Alt; the President not voting.

No. 25.

Petition for extending Evergreen place through to Pellington place, between New Jersey avenue and Pellington place.

Following reports from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,
Office of Commissioner of Public Works,
Bureau of Highways, Chief Engineer's Office,
Municipal Building, April 11, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for extending Evergreen place through to Pellington place, between New Jersey avenue and Pellington place, together with a report made upon the same by Mr. N. P. Lewis, Chief Engineer, on February 17, 1902. Also a map showing just what this petition calls for, as well as the condition of the streets in that vicinity.

The heavy black lines of Pellington place on the map show the part of the street that is laid down on the map and open on the ground. The portion of Pellington place defined by the dotted black lines is in use on the ground, but not laid down on the map. The red lines show the portion of Evergreen place that would be extended under the petition.

In order to make the improvement complete it would seem to me that the proper thing to do would be to extend Pellington place to Highland Boulevard and then make the necessary changes of grade, so that a connection could be gotten through there. A plan to do this was undertaken in 1901, but under the old government not brought to a conclusion. I think these proceedings would be satisfactory if carried through now. I submit the map and these explanations, however, for the Local Board, so that they may know exactly how the thing stands.

Respectfully,

(Signed) GEO. W. TILLSON, Principal Assistant Engineer.

Municipal Building, February 17, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the accompanying petition to extend Evergreen avenue, between New Jersey avenue and Pellington place, I beg to report that proceedings to make the change asked for were instituted last year; that a public hearing was given on the proposed changes on July 24, and an ordinance was approved by the Board of Public Improvements for transmission to the Municipal Assembly. This plan provided just what is asked in this petition, except that it went a little further and extended Pellington place also from Bushwick avenue to Highland Boulevard, including the necessary changes of grade due to the extension of these streets.

I think there is little doubt but that this proceeding can be pushed to completion and a great amount of time and trouble saved, and I would recommend that the Board of Aldermen be requested to act upon this matter, which is now before them, and as they have already acted upon similar matters transmitted to the old Municipal Assembly by the Board of Public Improvements.

Respectfully,

(Signed) N. P. LEWIS,
Chief Engineer, Bureau of Highways.

The following resolution was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 22d day of May, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by laying out Evergreen place, where not already laid out, between

New Jersey avenue and Pellington place, and extending Evergreen place from its present terminus to Pellington place, as shown on the accompanying map.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—The President and Aldermen Bill, Bennett and Alt.

No. 26.

Petition to close and discontinue that part of Eldert's lane lying between the centre lines of block bounded by southerly side of Glenmore avenue, the northerly side of Pitkin avenue, the easterly side of Enfield street and the westerly side of Sheridan avenue.

Laid over.

No. 27.

Petition for opening Glenmore avenue, between Eldert's lane and the city line.

Laid over.

No. 28.

Petition for the construction of sewer between Glenmore avenue and Pitkin avenue.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,
Department of Sewers, Office of Deputy Commissioner,
Municipal Department Building, March 20, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication from the Secretary of the President of the Borough, under date of March 14, 1902, which you referred to me with original petition, in the matter of constructing a sewer in Pine street, between Glenmore and Pitkin avenues.

I beg to state that the Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

"I beg to report that the estimated cost for above-mentioned improvement is \$1,800, and the assessed valuation of the real estate within the probable area of assessment is \$7,400.

"In regard to information desired as to the necessity of outlet sewers, I beg to state that such will be necessary in Pine street, between Pitkin and Sutter avenues, the estimated cost of which is \$3,880, and the assessed valuation of the real estate within the probable area of assessment is \$75,725.

"In regard to information as to the legal opening of the street, I beg to state that no record can be found of Pine street, within these limits, being legally open."

Yours respectfully,

(Signed) JOHN THATCHER,
Superintendent of Sewers, Borough of Brooklyn.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,
Office of Commissioner of Public Works,
Bureau of Highways, Chief Engineer's Office,
Municipal Building, March 24, 1902.

Mr. H. R. ASSERSON, Chief Engineer, Bureau of Sewers:

Dear Sir—Replying to yours of the 15th inst. concerning Pine street, between Glenmore and Sutter avenues, I would say that the street is not opened, although regularly laid down on the map. There are no buildings on the line of the street. If the opening is carried out, it should be opened for the entire distance between Glenmore and Sutter avenues.

Yours truly,

(Signed) GEO. W. TILLSON, Principal Assistant Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 22d day of May, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Pine street, between Glenmore avenue and Sutter avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—The President and Aldermen Bill, Bennett and Alt.

No. 29.

Petition for the construction of sewer in Ashford street, between Pitkin avenue and Blake avenue; in Cleveland street, between Pitkin avenue and Blake avenue; in Sutter avenue, between Warwick street and Elton street, and in Blake avenue, between Warwick street and Elton street.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,
Office of Commissioner of Public Works,
Bureau of Sewers, Superintendent's Office,
Municipal Building, May 1, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication, which you referred to me, the same being addressed to the Bureau of Sewers by the Secretary of President of the Borough, in relation to the construction of sewers in

Ashford street, between Pitkin avenue and Blake avenue; Cleveland street, between Pitkin avenue and Blake avenue; Sutter avenue, between Warwick and Elton streets; Blake avenue, between Warwick and Elton streets.

I also return the petition relating to the above improvements.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me that sewers exist in

Sutter and Blake avenues, between Warwick and Ashford streets; therefore I give estimate of cost, etc., for the following, viz.:

Sewers in Ashford street, between Pitkin and Blake avenues; Cleveland street, between Pitkin and Blake avenues; Sutter avenue, between Ashford and Elton streets; Blake avenue, between Ashford and Elton streets.

The said estimate of cost is \$14,810, and the assessed valuation of the real estate within the probable area of assessment is \$73,970.

In regard to outlet sewers, information of which is requested, I beg to state that such will be necessary in

Ashford street, between Blake avenue and Dumont avenue, and in Cleveland street, between Blake avenue and New Lots avenue, the estimate of cost being \$7,980, and the assessed valuation of the real estate within the probable area of assessment, \$129,960.

In regard to the legal opening of streets, information of which is requested by the President of the Borough, I beg to state that for

Ashford street, between Atlantic avenue and New Lots avenue, Commissioners were appointed May 5, 1900. ("City Record," page 576, for the year 1902.)

Cleveland street, between Pitkin avenue and New Lots avenue; proceedings to open this street were recommended by the Department of Sewers, and the matter was laid over in the Local Board April 29, 1899. ("City Record," page 3087, May 24, 1899.)

Sutter avenue was confirmed June 27, 1896.

Blake avenue was confirmed December 31, 1898.

Yours respectfully,
(Signed) JOHN THATCHER,
Superintendent of Sewers, Borough of Brooklyn.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,
Municipal Building, May 2, 1902.

Mr. H. R. ASSERSON, Chief Engineer of Sewers, Borough of Brooklyn:

Dear Sir—In response to yours of the 25th ult., relating to the opening of certain streets in the Twenty-sixth Ward, I would say that

Ashford street, between Pitkin avenue and Blake avenue, if opened at all, should be opened from Atlantic avenue to New Lots road. I would say, further, that opening proceedings for this are pending, final damage and benefit maps have been requested, the office work is now progressing upon them, and the maps will soon be ready.

Regarding Cleveland street, between Pitkin avenue and Blake avenue, no proceedings are pending, and the street, if opened, should be opened between Pitkin avenue and New Lots road.

Sutter avenue, between Warwick and Elton streets, is now legally opened.

Blake avenue, between Warwick street and Elton street, is now legally opened. Ashford street, between Blake avenue and Dumont avenue, if opened at all, should be opened between Atlantic avenue and New Lots road. I would say, however, in regard to this, that opening proceedings are now pending, and that the final damage and benefit maps will be completed in a short time.

Regarding Cleveland street, between Blake and Dumont avenues, if the street is opened at all, it should be opened between Pitkin avenue and New Lots road, as specified in the earlier part of this report.

Yours truly,
(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 22d day of May, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewers in the following streets:

Ashford street, between Pitkin and Blake avenues; Cleveland street, between Pitkin and Blake avenues; Sutter avenue, between Ashford and Elton streets; Blake avenue, between Ashford and Elton streets, and outlet sewers in

Ashford street, between Blake avenue and Dumont avenue, and in Cleveland street, between Blake and New Lots avenues, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—The President and Aldermen Bill, Bennett and Alt.

No. 30.

Petition for the construction of sewer in Williams avenue, between Sutter avenue and Livonia avenue, and east through Livonia avenue to Alabama avenue, and in Alabama avenue from Sutter avenue to Livonia avenue to connect to the main in Livonia avenue.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,
Office of Commissioner of Public Works, Bureau of Sewers,
Superintendent's Office, Municipal Building,
April 17, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication, dated April 14, 1902, which you referred to me, the same being addressed to the Bureau of Sewers by the Secretary of the President of the Borough, also petition in relation to the construction of sewers in

Williams avenue, between Sutter avenue and Livonia avenue; Alabama avenue, between Sutter avenue and Livonia avenue, and in Livonia avenue, between Williams avenue and Alabama avenue.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows: I beg to report that the estimated cost for above-mentioned improvement is \$14,000, and the assessed valuation of the real estate within the probable area of assessment is \$44,230.

In regard to information requested as to outlet sewers necessary, and the status of the legally opened streets, I beg to state that all outlets are built.

Proceedings for opening Livonia avenue, from Pitkin avenue to Livonia avenue and Alabama avenue between the same limits, passed the Board of Public Improvements September 18, 1901. ("City Record," September 24, 1901, page 5732.)

Proceedings for opening Livonia avenue, from Junius street to Alabama avenue, were under consideration on same date (page 5731), but as these limits included a grade crossing of the Long Island Railroad, the matter was laid over and taken up again November 13, 1901, and after hearing counsel for Long Island Railroad in opposition thereto, the matter was referred back to the Local Board. ("City Record," November 22, 1901, page 7249.)

Yours respectfully,
(Signed) JOHN THATCHER,
Superintendent of Sewers, Borough of Brooklyn.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In response to the request of Mr. McCarthy, Secretary to the Borough President, I send you herewith estimated cost for regulating, grading, curbing and laying cement sidewalk on Fountain avenue, between Belmont and Atlantic avenues. The items are:

4,000 cubic yards of grading;
4,610 linear feet of cement curb;
22,800 square feet of cement sidewalk.
Estimated cost, \$9,000; assessed valuation, \$48,400.

Respectfully,
(Signed) GEO. W. TILLSON, Chief Engineer.

There is no record of the street ever having been opened, although sewers and sewer basins have been built. Water mains have not been laid, although gas mains have, with the exception of between Liberty avenue and 100 feet south of Glenmore avenue.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In response to the request of Mr. McCarthy, Secretary to the Borough President, I send you herewith estimated cost for regulating, grading, etc., Pitkin avenue, between Linwood street and the Queens County line. The items are:

9,800 cubic yards of grading;
11,500 linear feet of curbing;
53,000 square feet of cement sidewalk.

The estimated cost is \$26,700. Approximate estimated value of the land within one-half block on each side of the street, \$201,400.

Proceedings have been commenced to open the street, the draft damage map having been furnished, and being now in the hands of the Commissioner.

Sewers have been built on both sides of Pitkin avenue, between Linwood and Market streets, but there is no sewer east of Market street.

A few of the receiving basins have been built, but most of them are yet to be provided for.

Water mains have been laid between Essex and Berriman streets only, and they should be provided for the remainder of the street before any paving is done.

Gas mains appear to have been laid for 100 feet west of Shepherd avenue only. They should also be put in for the remainder of the street.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,
Office of Commissioner of Public Works,
Bureau of Sewers, Superintendent's Office,
Municipal Building, March 25, 1902.

Mr. GEO. W. TILLSON, Principal Assistant Engineer, Bureau of Highways:

Dear Sir—In answer to a communication from your Bureau, dated March 7, 1902, in which it is set forth that request is made for a report upon the necessary sewers, the construction of which should precede the anticipated grading and paving of Pitkin avenue between Linwood avenue and the Queens County line, I beg to state that the Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

I beg to report that a sewer will be necessary in Pitkin avenue between Euclid and Sheridan avenues, and between Grant avenue and Enfield street; also receiving basins at northeast and northwest corners Atkins avenue and Pitkin avenue; northeast and northwest corners Montauk avenue and Pitkin avenue; northeast and northwest corners Milford avenue and Pitkin avenue; northeast and northwest corners Logan avenue and Pitkin avenue; the estimated cost of which is \$6,650, and the assessed valuation of the real estate within the probable area of assessment is \$294,970.

Outlets for the above-mentioned sewers will be required in Crescent street between Pitkin and Sutter avenues and in Hemlock street, between Pitkin and Sutter avenues; the estimated cost of which is \$7,440, and the assessed valuation of the real estate within the probable area of assessment is \$41,675.

An additional outlet is required in Grant avenue from Pitkin avenue northerly to existing sewer in Grant avenue, but no estimate of cost, etc., is here given, because a petition to construct same as a private sewer, pursuant to section 395 of the Charter of Greater New York, has been filed in this office.

Another outlet will be required in

Pine street, from Pitkin avenue to Sutter avenue, but said outlet has been reported on under date of March 20, 1902, under the heading of "Pine street, between Glenmore avenue and Pitkin avenue."

The foregoing estimates are made in reference to a change of plan of Map S (in preparation), for Pitkin avenue, between Euclid avenue (formerly Market street) and Enfield street, which will follow shortly. This plan involves the substituting of one sewer in the middle of the street for the two side sewers now shown on the plan between Euclid avenue and Railroad avenue, as Pitkin avenue has been reduced in width from 120 feet to 80 feet.

Additional sewers are placed on the map from Railroad avenue to Enfield street. From Enfield street to the Queens County line no sewers or basins can be built, this being beyond the limits of Drainage District Map S, and, according to the grades, cannot be provided for therein.

In regard to openings: Pitkin avenue from Stone avenue to Queens County line—Application was made before Supreme Court for appointment of Commissioners March 20, 1901 ("City Record," March 12, 1901, page 1446). I believe said Commissioners were appointed June 22, 1901.

Crescent street, from Belmont avenue to a point 100 feet 9 inches south of Blake avenue—Passed Board of Public Improvements May 29, 1901 ("City Record," page 3554, June 10, 1901).

Crescent street, between Pitkin avenue and Belmont avenue—I find no record.

Hemlock street, between Pitkin avenue and Sutter avenue—I find no record.

The map of the change of plan will be forwarded as speedily as possible, and respectful attention is drawn to the fact that the above sewers cannot be authorized until said change is approved by the Board of Estimate and Apportionment.

Yours respectfully,

(Signed) JOHN THATCHER,
Superintendent of Sewers, Borough of Brooklyn.

Title to Pitkin avenue, from Linwood street to the Queens County line was vested in the City on May 15, 1902.

The following resolution was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 22d day of May, 1902, hereby determines to initiate proceedings to regulate and grade Pitkin avenue, between Linwood street and Queens County line, in the Borough of Brooklyn, and to set or reset curb, and pave or repave sidewalks with cement of said street where not already done.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—The President and Aldermen Bill, Bennett and Alt.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith estimated cost of regulating, grading, curbing and laying sidewalk on Ridgewood avenue, between Jamaica avenue and Enfield street, except from Cleveland street to a point 100 feet west of Hale avenue, now paved with cobble. The items are:

9,600 cubic yards of grading;
9,480 linear feet of curb;
42,680 square feet of cement sidewalk.

Estimated cost, \$18,700; assessed valuation, \$215,700.

The street was declared open by the Common Council of the City of Brooklyn, on April 11, 1892, from Ashford street to a point 100 feet east of Hale avenue. Open from 100 feet east of Hale avenue to the City line. Confirmed August 6, 1897.

Sewers and sewer basins have been built, except between Norwood avenue and Euclid avenue, and they should be constructed on the remainder of the street.

Water mains have been laid from Ashford street to Hale avenue, and from Crescent street to Railroad avenue.

Gas mains have been laid from Ashford street to Norwood avenue, 50 feet east and west of Richmond street, and from Crescent street to Railroad avenue.

It will be noticed that while the petition calls for the paving of this avenue, from Jamaica avenue to Enfield street, that that portion of it referred to above, between Cleveland street and a point 100 feet west of Hale avenue, is already paved.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication addressed to you from the Bureau of Highways, with petition and statement relating to grading and paving Ridgewood avenue, between Jamaica avenue and Enfield street, which was forwarded to me by your Secretary, who requested that a report be made upon the necessary sewers which should be constructed.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me that sewers will be necessary in Ridgewood avenue, between Euclid avenue and Norwood avenue, the estimated cost of which is \$4,300, and the assessed valuation of the real estate within the probable area of assessment is \$41,650.

Yours respectfully,

(Signed) JOHN THATCHER,
Superintendent of Sewers, Borough of Brooklyn.

Affidavits were presented by two property owners showing that Ridgewood avenue, from Jamaica avenue to a point 100 feet east of Hale avenue, is legally open through public usage.

The following resolution was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 22d day of May, 1902, hereby determines to initiate proceedings to regulate and grade Ridgewood avenue, between Jamaica avenue and

Enfield street, except from Cleveland street to a point 100 feet west of Hale avenue, in the Borough of Brooklyn, and to set or reset curb, and pave sidewalks with cement of said street where not already done.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—The President and Aldermen Bill, Bennett and Alt.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication, which you referred to me, the same being addressed to the Bureau of Sewers by the Secretary of the President of the Borough under date of April 22, 1902; also a petition in relation to the construction of a sewer in Starr street between Irving avenue and Wyckoff avenue.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

I beg to report that the estimated cost for above-mentioned improvement is \$2,380, and the assessed valuation of the real estate within the probable area of assessment is \$29,910.

In regard to the legal opening of the streets I beg to state that Starr street, from the outlet in Wyckoff avenue, etc., is now under construction.

In regard to the legal opening of the streets I beg to state that Starr street from Knickerbocker avenue to St. Nicholas avenue, was declared open by Common Council, City of Brooklyn, February 24, 1896.

Yours respectfully,

(Signed) JOHN THATCHER,

Superintendent of Sewers, Borough of Brooklyn.

Mr. HENRY R. ASSERSON, Chief Engineer of Sewers:

Dear Sir—In reply to yours of the 23d ult. concerning the opening of Starr street, between Irving avenue and Wyckoff avenue, I would say that if the street is opened the proceedings should be carried from Knickerbocker avenue to St. Nicholas avenue. This particular block between Irving avenue and Wyckoff avenue is crossed by the Long Island Railroad tracks, so that there would probably be some difficulty in having this one block opened.

Hon. J. EDWARD SWANSTROM, President, Borough of Brooklyn:

Dear Sir—I beg to transmit herewith petition for regulating, grading and paving Granite street, between Bushwick avenue and the Long Island Railroad, with granite block. Please note carefully the report of the Chief Engineer of Highways concerning belgian block. Concerning the street opening let me say that such proceeding is now pending for opening Granite street, from Bushwick to Evergreen avenues, for which rule map has been furnished but Commissioners have not been appointed. This proceeding is in abeyance because it is one of the cases where the proposed street crosses a railroad, and in the present condition of the law nothing further can probably be done with this proceeding.

I note that the paving petition differs from the opening proceeding in only going as far as the railroad, and if the petitioners for the opening proceedings will have these proceedings amended to cover the same ground as the petition for paving

herewith, doubtless the whole matter can go forward. The rule map already furnished for the present opening proceeding would undoubtedly do for the new one. This would seem to be an easy way out of the difficulty which at present prevents any progress with this improvement.

Yours very truly,

(Signed) WILLIAM C. REDFIELD, Commissioner of Public Works.

Dear Sir—In accordance with the request of Mr. McCarthy, Secretary to the President of the Borough, I send you herewith the estimated cost of laying belgian block pavement on Granite street, between Bushwick avenue and the Long Island Railroad. The items are:

2,000 cubic yards of grading;

1,034 linear feet of curb;

1,720 square yards of belgian block.

Estimated cost, \$4,200; assessed valuation, \$28,200.

The street is not opened, but proceedings are pending, ruled map having been furnished. Sewers and sewer basins have been constructed, and water and gas mains laid.

Respectfully,

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return herewith petition for regulating, grading and paving with granite Hamburg avenue, between Cornelia street and Moffatt street. The items are:

3,400 cubic yards of grading;

5,130 linear feet of curb;

11,090 square yards of granite pavement;

18,000 square feet of cement walk.

Estimated cost, \$31,300, and the assessed valuation, \$344,000.

There is no record of the street having been legally opened, although it was declared open by the Common Council of Brooklyn, between Cooper street and Moffatt street, on October 27, 1885.

Sewers and sewer basins have been built. Water mains constructed from Halsey street to Moffatt street, and gas mains laid between Cornelia street and Cooper street.

Dear Sir—Irvine avenue, between Myrtle avenue and Palmetto street—regulating, grading and paving. The items are as follows:

1,500 cubic yards of grading;

1,372 linear feet of bluestone curb;

2,590 square yards of granite block pavement;

6,000 square feet of cement sidewalk.

Estimated cost, \$7,700; assessed valuation, \$104,700.

The street is legally open; sewers are built, or authorized, from Myrtle avenue to Gates avenue only, and a sewer should be required the remainder of the way, that is, from Gates avenue to Palmetto street. Water and gas mains have been laid.

A change of grade is recommended, as shown by the attached profile in blueprint, the red line showing the present grade, and the blue line showing what is proposed.

April 4, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—Herewith I return petition for regulating, grading and paving with granite block pavement, Sutter avenue, between Pennsylvania and Alabama avenues. The items are:

- 2,500 cubic yards of grading;
- 1,440 linear feet of curb;
- 2,770 square yards of pavement;
- 6,900 square feet of sidewalk.

The total estimated cost is \$8,700. The assessed valuation is \$24,000.

The street is legally opened. Sewers built from Pennsylvania avenue to Georgia avenue; sewer basins at Sheffield avenue only. Provisions should be made for sewers where they are not already constructed. Water mains have not been laid, but gas mains have.

Respectfully,

(Signed) GEO. W. TILLSON, Principal Assistant Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 22d day of May, 1902, hereby determines to initiate proceedings to regulate and grade Sutter avenue, between Pennsylvania avenue and Alabama avenue, in the Borough of Brooklyn, and to set or reset curb, and flag or reflag sidewalks of said street where not already done.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—The President and Aldermen Bill, Bennett and Alt.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I return herewith petition for regulating and grading Folsom place, between Linwood street and Essex street. The items are:

- 1,000 cubic yards of grading;
- 440 linear feet of curb;
- 100 square feet of brick gutter;
- 2,300 square feet of cement sidewalk.

The estimated cost is \$1,200. The assessed valuation is \$21,000.

There is no record of the street having been opened, although it was declared opened by the Common Council of Brooklyn on July 13, 1896. Sewers have been built, but neither water nor gas mains have been laid.

Respectfully,

(Signed) GEO. W. TILLSON, Principal Assistant Engineer.

Affidavits were presented by two property owners showing that the street is legally open through public usage.

Estimate for Grading and Paving No. 42.

City of New York, Borough of Brooklyn,
Office of Commissioner of Public Works,
Bureau of Highways, Chief Engineer's Office,
Municipal Building, April 10, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return herewith petition for regulating, grading and paving, with belgian blocks or macadam, Furman avenue, between Bushwick avenue and Manhattan Beach Railroad. It has not been the policy of this Bureau in the last few years to recommend that belgian blocks be used in any new pavement. They are a relic of the past, and their use should be discouraged in every instance. I have, however, had an estimate made in accordance with the petition. The items are:

- 400 cubic yards of grading;
- 536 linear feet of curb;
- 900 square yards of belgian or macadam pavement.

The total estimated cost will be \$1,900 for belgian blocks and \$1,300 for macadam.

If stone pavement is adopted, I should recommend that the resolution of the Local Board provide for paving with granite block. This would make the expense about \$400 more than for the belgian blocks, or the total estimated cost for granite blocks of \$2,300. The assessed valuation is \$20,000.

There is no record of the street ever having been opened. Sewers or sewer basins have not been constructed. Water and gas mains have, however, been laid.

Respectfully,

(Signed) GEO. W. TILLSON, Principal Assistant Engineer.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for regulating, grading and paving with granite block on sand Euclid avenue, between Atlantic avenue and Belmont avenue. The items are:

- 4,400 cubic yards of grading;
- 4,904 linear feet of curb;
- 8,430 square yards of granite block pavement;
- 23,600 square feet of cement sidewalk.

Estimated cost, \$26,600; assessed valuation, \$74,300.

Proceedings are pending for having the street opened, rule maps having been delivered to the Corporation Counsel on December 12, 1901.

Sewers have been constructed and also some sewer basins. Other basins will be required where those are not already built.

Water mains have been laid from Glen street to Weldon street; gas mains the entire distance.

Respectfully,

(Signed) GEO. W. TILLSON, Principal Assistant Engineer.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with a complaint received from a Mr. C. Swartz, of No. 125 Grove street, I have had an inspection made of the vacant lot and unflagged sidewalk, which is referred to. I find that the vacant lot is at present inclosed with a substantial board fence, and could not, therefore, recommend that it be fenced. The sidewalk is at present unflagged and in a dangerous condition. I would recommend, therefore, that the sidewalk in front of the lot on the northwest side of Grove street, between Evergreen and Central avenues, be flagged with a single course of bluestone flagging five (5) feet in width. The lot is known as Lot No. 54, Block 32, Twenty-eighth Ward Map.

Ayes—The Acting Mayor, the President of the Department of Taxes and Assessments, the Acting President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

A communication was received from Colonel J. Hollis Wells, Engineer, in relation to the ruins of the Seventy-first Regiment Armory, which was referred to the Committee on Manhattan Armories.

A communication was received from Assistant Corporation Counsel Jerome W. Coombs transmitting a resolution for the consideration of the Board in relation to the site for Troop "C" Armory, in the Borough of Brooklyn.

The President of the Department of Taxes and Assessments offered the resolution as follows:

Whereas, At a meeting of this Board held August 14, 1902, it was resolved that the proceeding to acquire lands on the easterly side of Bedford avenue, extending from Union to President street, in the Borough of Brooklyn, should, if possible, be abandoned, and that the Corporation Counsel should be requested to take such action as might be possible to prevent the final consummation of the proceeding, and,

Whereas, This Board is informed that the Corporation Counsel has made application to the Supreme Court for leave to discontinue the proceeding, therefore it is

Resolved, That the action of the Law Department, in applying for leave to discontinue the proceeding to acquire title to lands on the easterly side of Bedford avenue, between Union and President streets, in the Borough of Brooklyn, as a site for armory purposes, be and the same is hereby approved.

A discussion ensued, in which Brigadier-General James McLeer and the Acting President of the Board of Aldermen desired to be informed whether this resolution was intended as a proceeding to abandon the site; the other members of the Board expressed the opinion that the resolution did not so imply.

The resolution was then adopted by the following vote:

Ayes—The Acting Mayor, the President of the Department of Taxes and Assessments, the Acting President of the Board of Aldermen and Brigadier-General George Moore Smith.

No—Brigadier-General James McLeer.

A motion to adjourn to 11 o'clock a. m., Tuesday, September 2, 1902, was adopted by the following vote:

Ayes—The Acting Mayor, the President of the Department of Taxes and Assessments, the Acting President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

JOHN P. GUSTAVESON, Secretary.

JOHN McG. WOODBURY, Commissioner.

BOROUGH OF THE BRONX.

LOCAL BOARD OF CHESTER—TWENTY-FIFTH DISTRICT.
MINUTES.

Pursuant to call by President Haffen the members of the Local Board of Chester, Twenty-fifth District, met on August 18, 1902, at 3 p. m., at the office of the President of the Borough of The Bronx.

Present—President Haffen in the chair, Alderman Gass and Alderman Behrmann.

On motion of Alderman Behrmann the minutes of the Local Board of Chester, Twenty-fifth District, of July 24, 1902, page 206 of the Minute Book, were corrected so as to read as follows:

No. 178.

Regulating and grading, etc., and paving with macadam, White Plains road, from Morris Park avenue to the City line.

Petition of William H. Keating and others was read. The Chief Engineer of the Borough of The Bronx reported as to the detailed estimate of work under date of June 24, 1902, the total estimated cost being \$472,195, and the assessed value of the real estate included within the probable area of assessment \$1,180,000. The value of exempt property is \$114,920, and is not included in the foregoing valuation.

The Astor estate, represented by J. C. Shaw, attorney, per Louis P. Thereason, appeared in opposition, and stated that the said estate was in favor of having this improvement extend only to Pelham parkway.

On motion the following preambles and resolutions were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is Resolved, by the Local Board of Chester, Twenty-fifth District, Borough of The Bronx, pursuant to Titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For regulating and grading, setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary and laying macadam pavement on the roadway of White Plains road, from Morris Park avenue to the City line, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Chester, Twenty-fifth District, on the 24th of July, 1902.

Alderman Behrmann, Alderman Gass and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

231—For changing the width of COLUMBUS AVENUE, between West Farms road and Bear Swamp road, from 100 feet, as laid out on map at present, to sixty (60) feet.

Petition of Fred. Eisen and others was read, as was also the report of the Chief Engineer of the Borough of The Bronx, in which it was recommended that this avenue be made eighty feet wide.

Mr. John Pitts appeared and stated that he was in favor of having the street laid out as a sixty (60) foot street, and he believed that that was what the other property owners desired.

On motion of Alderman Gass the matter was laid over until he could consult with the property owners in relation to the report of the Engineer.

UNIONPORT ROAD—Width of road as now laid out on map of the City.

The Chief Engineer reported that the plan revising some of the streets east of the Bronx river, and which is in preparation, will probably take this matter into consideration.

The Secretary was directed to request the owners of property to specify clearly which portion of Unionport road they wish to have changed.

On motion the matter was laid over.

JEROME STREET—Paving with telford macadam White Plains road to Fourth avenue.

On motion the matter was referred to the Chief Engineer for report as to the estimated cost.

Gas mains in Second avenue, Williamsbridge; Catherine street, Wakefield; Twenty-first avenue, Wakefield.

Report of August 9, 1902, from the Secretary to the Department of Water Supply, Gas and Electricity, was placed on file.

Open drain at Union avenue; also on Second street, Westchester.

Complaint of Frederick Kessler and others was read, and the matter was ordered to be referred to the Chief Engineer of the Borough.

105—Sewer, etc., in BRONX TERRACE, between Fifth street and Fourteenth street; and in FIRST STREET (avenue), between Fourteenth street and a point about 200 feet north of Twenty-second street, etc., etc.

Petition of Albert J. Pearson and others was read, as was also the report of Principal Assistant Engineer of Sewers Mr. J. H. Fitch, dated August 16, 1902, approved by the Chief Engineer of the Borough of The Bronx, Mr. Josiah A. Briggs. Estimated cost \$92,615. The assessed value of the real estate included within the probable area of assessment is \$409,513.

As the matter of easement from the New York, New Haven and Hartford Railroad Company to the City had not as yet been adjusted, and as affidavits from the property owners to the effect that the streets had been public highways for more than twenty years had not been received, the matter was laid over.

On motion the Board adjourned, to meet again on September 18, 1902, at 10 a. m.

(Signed)

HENRY A. GUMBLETON, Secretary.

POLICE DEPARTMENT.

New York, September 4, 1902.

The following proceedings were this day directed by the Police Commissioner: Ordered, That the Board of Surgeons be and are hereby directed to examine the following named officers on Monday, September 8, 1902, at 1 o'clock p. m., with reference to their physical ability to perform police duty: Sergeant William Blair, Forty-second Precinct; Henry Buss, Sixty-sixth Precinct; Michael Lamey, Second Precinct; Joseph H. Simons, Sixty-third Precinct; Patrolman James Moody, Thirty-first Precinct; Peter Melly, Twenty-ninth Precinct; David O'Connor, Thirty-seventh Precinct; James L. Waldron, Eighty-second Precinct; Charles Hance, Seventy-sixth Precinct; John R. Keeling, Fifteenth Precinct; James A. McCormick, Twenty-seventh Precinct; Michael O'Connell, Fifty-sixth Precinct; George A. Phillips, Third Precinct; John Wassner, Twenty-third Precinct; John Wright, Forty-fourth Precinct.

On reading and filing copy of resolution of Commissioners of the Sinking Fund, adopted August 21, 1902, assigning to the Police Department property 125 feet in width by 100 feet in depth, situated on Fourth street, Long Island City, and now containing buildings known as Nos. 81, 83, 85, 87 and 89 Fourth street, for the purposes of a station house, prison and stable for patrol wagons for the Seventy-fifth Police Precinct.

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to designate an architect to prepare plans and specifications for the erection of a station house, prison and stable for patrol wagons to be located on said premises. It is further

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully informed that there is standing to the credit of the Police Department, under appropriation authorized by the Board of Estimate and Apportionment for the construction of buildings for police purposes for the Seventy-fifth Precinct, the sum of \$96,000, from which, however, is to be deducted whatever expenses may have been incurred by the Corporation Counsel in acquiring site for station house purposes for said precinct and the preparation of maps therefor.

Communication from Sergeant Richard Coffy, in charge of horses, recommending that the old stable of the Thirty-fourth Precinct at Highbridge be utilized as a stable for green horses on probation, approved.

Application of Patrolman Patrick J. Rogers, Twenty-fourth Precinct, to be reimbursed for loss of uniform destroyed while stopping a runaway horse May 8, 1902, granted.

Full Pay Granted.

Patrolman Edgar V. Campbell, Twenty-fifth Precinct, July 19 to August 24.

Leave of Absence.

Patrolman Peter E. Burns, Twenty-fourth Precinct, fifteen days' sick leave.

Permission granted Patrolman William T. Major, Forty-fourth Precinct, to receive \$30 with usual deduction, from Acting Quartermaster U. S. A., for the arrest of a deserter.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 346 BROADWAY, NEW YORK, Saturday, August 23, 1902.

PUBLIC NOTICE IS HEREBY GIVEN THAT open competitive examinations will be held for the following positions:

ARCHITECTURAL DRAUGHTSMAN—Monday, September 15, 1902, at 10 a. m.

Applications will be received for this position until Monday, September 15, at 10 o'clock a. m.

The scope of the examination will be as follows:

Subjects.	Weights.
Technical knowledge.....	6
Experience	2
Arithmetic	1
Handwriting	1

Candidates will be required to obtain 75 per cent. on the technical paper.

This examination will be divided into two parts, as follows:

First Grade—Annual compensation not exceeding \$750.

Third Grade—Annual compensation not exceeding \$1,050.

Applicants for the first grade must be familiar with the care and filing away of drawings, numbering and keeping record of same; to be able to do tracing work drawn by other draughtsmen, and to have some knowledge of the routine work of an architect's office, know something of the use of scale, triangles, T-squares and drawing instruments and be able to distinguish plans, elevations and sections and know something of the principle of making drawings to a scale and have a rudimentary knowledge of good lettering, figuring, penmanship and spelling.

Candidates for examination for third grade will be required to act as assistants to other draughtsmen of a higher grade. They should be able to work accurately to scale, figure and letter neatly, trace well, compute quantities, etc., and be able to complete work laid out by other men, working largely under direction of some one else. They should have some general knowledge of the various styles of architecture, particularly should they be capable of developing scale and full sized details from working drawings, with possibly the construction of ornamental work and should know something of the various methods of construction, the manner in which materials are assembled and put together in a building and the first principles of plumbing and have some acquaintance with the building code.

Candidates who have had special technical training or knowledge of engineering are desirable, but this will not be a necessary requirement further than ability to clearly draw out what is explained or given to them to execute.

TO CONTRACTORS.

CONTRACT FOR THE FINAL DISPOSITION OF ASHES, STREET SWEEPINGS AND RUBBISH AND LIGHT REFUSE IN THE BOROUGH OF BROOKLYN.

SEALED BIDS OR ESTIMATES FOR THE above work, indorsed with the title, also the name of the person or persons making the estimate and the date of presentation, will be received at the Main Office of the Department of Street Cleaning, Nos. 13-21 Park row, Borough of Manhattan, until 1 o'clock p. m. of

MONDAY, OCTOBER 13, 1902,

at which time and place the bids will be publicly opened by the head of the Department and read. The amount of the security will be sixty thousand (\$60,000) dollars.

The period of the contract will be for five years from the date of the execution of the contract and the completion of the work.

Each bid or estimate must be accompanied by a certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller, for five per centum of the amount for which the work bid for is proposed in any one year to be performed.

The check should be enclosed in the envelope. From the bids so received the Commissioner may select the bid or estimate, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of the said bids, as provided by section 544 of the Greater New York Charter as amended.

The plant must be complete, and the work must begin within nine (9) months from the execution of the contract, and bidders must specify in their bids the time within which they will be ready to begin the work.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commission, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications in the form approved by the Corporation Counsel and containing the terms approved by the Board of Estimate and Apportionment, can be obtained upon application therefor at the office of the said Commissioner.

NOTICE TO TAXPAYERS.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NEW YORK, September 1, 1902.

TAXPAYERS WHO DESIRE TO OBTAIN bills promptly should make immediate written requisition (blanks may be procured in the borough offices), stating their property by Section or Ward, Block and Lot or Map Number, making copy of same from their bills of last year.

If a taxpayer is assessed for personal tax, the requisition should also request bill for such tax.

Each requisition should be accompanied by an envelope bearing the proper address of the applicant and with return postage prepaid.

In case of any doubt in regard to Ward, Section, Block or Lot Number, taxpayers should take their deeds to the Department of Taxes and Assessment and have their property located on the maps of that Department, and forward to the Deputy Receiver of Taxes, with the requisition, a certified memorandum of their property, which will be furnished by the Department of Taxes and Assessment.

Taxpayers in this manner will receive their bills returned by mail at the earliest possible moment and avoid any delay caused by waiting on lines, as is required in case of personal application.

The requisition must be addressed and mailed to the Deputy Receiver of Taxes in whichever borough the property is located, as follows:

John J. McDonough, No. 57 Chambers street, Borough of Manhattan, New York.
John B. Unzerhill, corner Third and Tremont avenues, Borough of The Bronx, New York.
Jacob S. Van Wyck, Municipal Building, Borough of Brooklyn, New York.
Frederick W. Blackwenn, corner Jackson avenue and Fifth street, Long Island City, Borough of Queens, New York.
John DeMorgan, Stapleton, New York.

DAVID E. AUSTEN,
Receiver of Taxes.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICES TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the board of aldermen, head of a department, or other officer of the City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to The City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by The City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there.
