MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held at the Offices of the Commission, No. 299 Broadway, on Wednesday, May 7, 1913, at 10 o'Clock A. M.

Present—President Frank Gallagher and Commissioners Alexander Keogh and Richard Welling.

A public hearing was held on the proposed amendment of the Classification by including in the exempt class, under the heading "Court of Special Sessions," the title "Deputy Chief Probation Officer."

Frank W. Smith, Esq., Chief Clerk of the Court of Special Sessions, appeared in behalf of the proposed amendment. Robert W. Belcher, Esq., Secretary of the Civil Service Reform Association, opposed the same. There being no other appearances, the Chair declared the hearing closed.

A public hearing was held on the proposed amendment of the Classification by striking from the exempt class, under the heading "Department of Correction," the following: "Secretary to the Board of Parole."

Hon. Patrick A. Whitney, Commissioner of the Department of Correction, and Robert W. Belcher, Esq., Secretary of the Civil Service Reform Association, appeared in behalf of the proposed amendment. There was no opposition, and the Chair declared the hearing closed.

The Commission then went into regular session and the minutes of the meeting held April 30 were approved.

On motion, the matter of the proposed amendment of the Classification by including in the exempt class, under the heading "Court of Special Sessions" the title "Deputy Chief Probation Officer" was ordered continued on the Calendar.

On motion, it was resolved that the Municipal Civil Service Classification be and the same hereby is amended by striking from the exempt class, under the heading "Department of Correction," the following: "Secretary to the Board of Parole."

Louise A. French, of 78th st. and East End ave., New York City, appeared, as directed, to show cause why her name should not be removed from the eligible list of Attendant, Gymnasium, and her appointment as Instructor in the Public Recreation Commission revoked, it appearing that she had been under the minimum age prescribed at the time of filing her application. After consideration of the proof as to date of birth submitted by the candidate, the Commission ruled that her appointment might stand.

On motion, it was resolved that the following-named persons having failed to appear, as directed, to show cause why their names should not be removed from the eligible list of Sweeper, Department of Street Cleaning, for physical disability, their names be and the same hereby are removed from said list: Girolama Sanzone, 203 Hamburg ave., Brooklyn, N. Y.; Thomas J. Donohue, 561 Prospect ave., Brooklyn, N. Y.

Eugene A. Ryan, of 4724 4th ave., Brooklyn, N. Y., appeared, as directed, to show cause why his name should not be removed from the eligible list of Sweeper, Department of Street Cleaning, for physical disability. It appearing that the candidate had failed to report for medical re-examination by the physicians of the Commission, as instructed, on motion, it was

Resolved, That the name of Eugene A. Ryan, of 4724 4th ave., Brooklyn, N. Y., be and the same hereby is removed from the eligible list of Sweeper, Department of Street Cleaning.

On motion, it was resolved that the disqualification appearing against the following-named candidates on the eligible list of Lay Sanitary and Tenement House Inspector be and the same hereby is removed, they having this day appeared before the Commission and satisfactorily explained certain statements relative to experience:

Theodore M. Knudson, 240 Schenectady ave., Brooklyn, N. Y.
Albert E. Smith, 1246 East 40 st., Brooklyn, N. Y.
John J. Duffy, 1154 3d ave., New York City.
Edward F. Lennon, 341 E. 19th st., New York City.

George W. Wahlig, of 1052 Boston rd., Borough of The Bronx, appeared, as directed, to show cause why his name should not be removed from the eligible list of Lay Sanitary and Tenement House Inspector. On motion, it was

Resolved, That the name of George W. Wahlig, of 1052 Boston rd., Borough of The Bronx, be and the same hereby is removed from the eligible list of Lay Sanitary and Tenement House Inspector under the provisions of clause 14 of rule 7, he having made incorrect statements relative to his experience.

Maurice A. Loewy, of 468 Riverside Drive, New York City, appeared, as directed, to show cause why his name should not be removed from the eligible list of Lay Sanitary and Tenement House Inspector, for incorrect statements as to experience. The matter was referred back to the Examiners for a report as to whether such statements had affected the candidate's rating on Experience.

John J. Halley, of 1145 1st ave., New York City, appeared, as directed, to show cause why his name should not be removed from the eligible list of Lay Sanitary and Tenement House Inspector under the provisions of clause 14 of rule 7. (Unsatisfactory character.) The matter was laid over.

George W. Waters, of 86 2d ave., New York City, having failed to appear, as directed, relative to his request that his name be restored to the eligible list of Attendance Officer, the request was denied.

Dr. Walter Bensel, Sanitary Superintendent of the Department of Health, appeared relative to the request of the Commissioner of the Department of Health, dated March 19, that one general list be promulgated as the result of the examination for Inspector of Foods, instead of a list subdivided into different groups, i. e., Meats, Fish, Fruits and Vegetables. The matter was referred to the Chief Examiner for a report.

On the recommendation of the Committee on Transfers the following transfers were approved:

Clarence Bahr from the position of Watchman at $2.50 per day to that of Bridge Tender at $900 per annum in the Department of Bridges.

Marcella F. Nally, Stenographer and Typewriter at $750 per annum, from the Tenement House Department to the Law Department.

William E. McGee, Clerk's Assistant, at $1,800 per annum (Competitive Class), to Clerk, at $2,000 per annum (Exempt Class), in the City Magistrates' Court, Second Division (rule 14, clause 3).

On the recommendation of the Committee on Transfers the following transfers were disapproved:

Wilfred Stewart, Transitman at $1,200 per annum, from the Board of Water Supply to the office of the President, Borough of Brooklyn, owing to the existence of a promotion eligible list for Transitman for the latter department.

Charles A. Lagattuta, Clerk, from the office of the President, Borough of Manhattan, at $600 per annum, to the Department of Parks, Borough of The Bronx, at $750 per annum, ineligible for the higher salary under the provisions of clause 4 of rule 11.

Alice C. Fitzpatrick, from the position of Typewriting Copyist in the Department of Health to that of Stenographer and Typewriter in the same department, for the reason that she was ineligible for the higher position.

Charles C. Poole, Watchman, from the Department of Docks and Ferries, at $2.25 per day, to the office of the President, Borough of Brooklyn, at $900 per annum, owing to the existence of a promotion list for the latter department.

The transfer of John J. McCanna from the position of Disbursing Clerk at $1,650 per annum to that of Clerk at $1,650 per annum in the Finance Department was approved under the provisions of clause 5 of rule 6.

On the recommendation of the Committee on Reinstatements, the following reinstatements were approved: Samuel A. Linsky, Clerk, at $300 per annum, in the Finance Department; Thomas J. Murphy, Clerk, at $480 per annum, in the Department of Health.

A communication dated April 29 was presented from the Comptroller requesting approval of the reinstatement on May 1, 1913, of James W. Reed as Assistant Engineer in the Finance Department, in accordance with the provisions of section 1543b of the Greater New York Charter. The reinstatement was approved.

A communication dated April 30 was presented from the Bridge Commissioner stating that, in accordance with a peremptory writ of mandamus issued by the Hon. Leonard A. Giegerich, Justice of the Supreme Court of New York, under date of April 29, 1913, Henry A. LaChicotte, care of Mr. J. Quintus Cohen, Room 510, 10 Wall st., New York City, had been restored to the position of Deputy Chief Engineer in the Department of Bridges, at a compensation of $7,500 per annum. The Secretary was instructed to note the reinstatement on the records.

The Secretary presented the following report on transfers, reinstatements, etc., in the labor class:

Transfers Approved.

Edward Galvin, from Climber and Pruner to Laborer in the Department of Parks, Boroughs of Manhattan and Richmond.

John Donnelly, Laborer, from the office of the President, Borough of Queens, to the office of the President, Borough of Brooklyn.

Patrick F. Brennan, from Sewer Cleaner to Laborer in the office of the President, Borough of Manhattan.

James Farrell, from Sewer Cleaner to Laborer in the office of the President, Borough of Manhattan.

Heinrich Lindeman, from Sweeper to Scowman in the Department of Street Cleaning.

Charles Shapiro, from Driver to Sweeper in the Department of Street Cleaning.

Brescia, Driver, Department of Street Cleaning; Thomas McLaughlin, Driver, Department of Water Supply, Gas and Electricity.

Emergency Appointments Approved.

John McMahon, Licensed Fireman at the Metropolitan Hospital, Department of Public Charities; John Foppiani, Cleaner, Department of Education. The report was approved.

On the recommendation of the Labor Clerk, the request of Harry Diesch, 988 Putnam ave., Brooklyn, that his name be restored to the Preferred List of Climbers and Pruners was granted.

On the recommendation of the Labor Clerk, the request of Fehney Roggio, 174 West st., Manhattan, that his name be restored to the Preferred List of Laborers, Borough af Manhattan, was denied, it appearing that his failure to receive notice of appointment in the office of the President, Borough of Manhattan, was due to his own negligence in failing to notify the Commission of his change of address.

The following reinstatements in the Labor Class were approved under the provisions of rule 13, doctors' certificates having been submitted showing that the absence for which the said employees had been dismissed had been caused by illness:

James J. McQuade, Laborer in the Department of Parks, Boroughs of Manhattan and Richmond.

Frank McGarvey, Laborer in the office of the Commissioner of Public Works, Borough of The Bronx.

On the recommendation of the Committee on Appeals the Commission denied the appeals of the following named persons for a re-rating of certain of their papers in the examinations specified, no manifest errors of marking or rating having been shown: Franklin S. McCauley, 797 Monroe st., Borough of Brooklyn; Christian Eichinger, 460 E. 184th st., Borough of The Bronx; Joseph A. Werne, 314 E. 89th st., Borough of Manhattan; Thomas F. Sallie, 2 Central ave., St. Albans, L. I.; Franklin J. Parkes, 2535 Belmont ave., Borough of The Bronx; Harry V. Hanlan, 303 Wythe ave., Borough of Brooklyn; William R. Healy, 148 E. 84th st., Borough of Manhattan; T. Aubrey MacIntosh, 203 W. 88th st., Borough of Manhattan; Albert Ulrich, Jr., Bay 2d st., Corona, L. I., Inspectors, Bureau of Fire Prevention.

Harry A. M. Vincent, 251 W. 29th st., Borough of Manhattan, Patrolman.

Samuel Goldstein, 1503 St. Marks ave., Borough of Brooklyn, Junior Topographical Draughtsman.

On the recommendation of the Committee on Appeals, the Commission denied the appeal of Joseph A. Ruddy, 504 Washington st., Peekskill, N. Y., who had written two reports in the examination for Inspector (Public Works), to one of which he had affixed a signature, that the report without signature be rated.

On the recommendation of the Committee on Appeals, the Commission denied the appeal of George R. Hilty and others that the entire examination for the position of Accountant, 4th Grade, be reopened, or that the portion to which they objected be reopened.

On motion, it was resolved, that the salaries of the following named employees of the Commission be and the same hereby are fixed at the amounts specified, effective May 1, 1913:

Henry Niebling, Clerk, $900 per annum; Edward D. Wallace, Clerk, $900 per annum; John J. Curren, Clerk, $750 per annum; Arthur C. Canavan, Clerk, $600 per annum; Edward G. Neubeck, Clerk, $540 per annum; Sylvester G. Connolly, Clerk, $480 per annum; Bernard A. Quinn, Clerk, $480 per annum; Henry W. Zenner, Stenographer and Typewriter, $900 per annum.

On motion, it was resolved, that David H. Ray, of 27 W. 33d st., New York City, be and he hereby is appointed an Expert Examiner, in the office of the Commission, with salary at the rate of $10 per day while employed.

On motion, it was resolved, that the action of the Commission on March 26, 1912, in ordering an open competitive examination for the position of Expert on Mosquito Extermination be and the same hereby is rescinded.

A report was presented from the Acting Chief Examiner, dated May 1, recommending the eligible list of Alienist, first to third grades, as appropriate to certify to the Acting General Medical Superintendent of Bellevue and Allied Hospitals in response to his requisition of April 25 for an eligible list from which to make one appointment to the position of Resident Physician Alienist at $1,500 per annum. The Secretary was instructed to make certification accordingly.

A report was presented from the Acting Chief Examiner, dated May 1, recommending that the appropriate promotion eligible list of Second Grade Clerk, Bureau of Dependent Adults, Department of Public Charities, be certified in response to a requisition from the Commissioner of that department for an eligible list from which to fill a vacancy in the position of Second Grade Clerk at $600 per annum in the Central Office, Brooklyn, N. Y. The Secretary was instructed to make certification accordingly.

The following reports were presented from Leonhard F. Fuld, Examiner, relative to his investigation of candidates on the eligible list specified; C-715, dated April 30, 1913, Accountant, 5th grade; C-763, dated May 3, 1913, Nurse; C-764, Dated May 5, 1913, Nurse; C-713, dated April 30, 1913, Topographical Draftsman ($1,200 per annum); C-765, dated May 5, 1913, Nurse.

The reports were ordered filed.

A report (C-759) dated May 3, was presented from Leonhard F. Fuld, Examiner, recommending that Esther Wolfs Landa be marked "Qualified" on the eligible list of Nurse. The recommendation was adopted.

A report (C-717) dated April 30, was presented from Leonhard F. Fuld, Examiner, relative to his investigation of the experience statements of the ten candidates at the head of the eligible list of Medical Inspector, and calling attention to the record of Dr. Frederic Montgomery, of 431 Riverside drive, New York City, a candidate on the eligible list. The Secretary was instructed to summon Dr. Montgomery before the Commission.

A report (C-746) dated May 1 was presented from Leonhard F. Fuld, Examiner, relative to his investigation of the experience statements of candidates on the eligible list of Plan Examiner, Grade C, and calling special attention to the cases of John J. Halley, of 1194 Nostrand ave., Brooklyn, N. Y., and Morris Whinston, of 1600 Eastern parkway, Brooklyn, candidates on the list, whose former records did not appear to be satisfactory. The Secretary was instructed to summon Morris Whinston before the Commission and to mark John J. Halley "Not Qualified" on the eligible list pending the decision of the Commission as to whether or not his name should be removed from the eligible list of Lay Sanitary and Tenement House Inspector for unsatisfactory character.

A report was presented from the Chief of the Bureau of Medical and Physical Examinations, dated May 2, stating that he had re-examined George A. Peach, Jr., of 22 McAuley place, Jamaica, L. I., a candidate for the position of Fireman, and had rejected him. The Secretary was instructed to summon the candidate before the Commission to show cause why his name should not be removed from the eligible list of Fireman under the provisions of clause 14 of rule 7 for physical disability.

A report was presented from the Chief of the Bureau of Medical and Physical Examinations, dated May 9, stating that he had re-examined Charles F. Stevens, of 2495 8th ave., New York City, a candidate for the position of Patrolman, and had rejected him. The Secretary was instructed to summon the candidate before the Commissioner to show cause why his name should not be removed from the eligible list under clause 14 of rule 7 for physical disability.

A report was presented from the Examiner in Charge of the Bureau of Investigation, dated April 30, with further reference to George A. Sheridan, a candidate on the eligible list of Inspector of Fire Prevention. The report was ordered filed.

A report was presented from the Labor Clerk, dated May 2, recommending that the names appearing on the discontinued list of Cement Worker be merged with the applications on file for the position of Laborer. The recommendation was approved.

The following appointments were approved under clauses 3 and 4 of rule 12:

May 5, 1913—Julia M. Flanigan, 910 Avenue K, Brooklyn, N. Y., as Probation Officer in the City Magistrates' Court, Second Division.

May 5, 1913—Frank C. Gibb, 600 E. 164th st., New York City, as Topographical Draughtsman in the office of the President of the Borough of Brooklyn, with salary at the rate of $1,500 per annum.

April 30, 1913—John F. Valentine, 64 Dubois ave., West New Brighton, S. I., as Typewriting Copyist in the Bureau of Buildings, Borough of Manhattan, with salary at the rate of $720 per year.

April 29, 1913—Thomas F. McCarren, 2398 Hughes st., Ridgewood, L. I., as Clerk, 1st grade, in the office of the President of the Borough of Queens, wtih salary at the rate of $300 per annum.

May 2, 1913—The following named persons as Clerks, 1st grade, in the Tenement House Department, with salary at the rate of $300 per annum: Robert J. Caffry, 369 E. 162d st., New York City; Walter O'Connell, 1059 Carroll pl., New York City; Abraham Bronstein, 159 Canal st., New York City; William Pinkerman, 20 Bethune st., New York City; Charles T. Scott, 246 E. 46th st., New York City.

April 30, 1913—John J. Coogan, 521 W. 129th st., New York City, as Clerk, 1st grade, with salary at the rate of $300 per annum.

April 30, 1913—The following named persons as Assistant Engineers, with salary at the rate of $1,350 per annum, in the Board of Water Supply: George F. Sexton, 169 W. 98th st., New York City; Arthur W. Banko, 823 Kelly st., New York City; Charles F. Twidy, 425 Homestead ave., Mt. Vernon, N. Y.

A communication was presented from the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated May 2, requesting that the following named persons be summoned for a non-competitive examination in which to qualify for temporary appointment as Gardeners: Jeremiah Hennessy, 103 W. 70th st., New York City; Patrick Morton, 415 W. 53d st., New York City. It appearing that the persons on the eligible list of Gardener were unwilling to accept temporary employment, the request was granted, with the understanding that the period of employment of the above-mentioned persons should not exceed six months.

A communication was presented from the Secretary of the Department of Health, dated May 1, requesting that Fred Seyfert, of 66 W. 109th st., New York City, be summoned for a non-competitive examination to qualify him for appointment as 1st Grade Clerk, with salary at the rate of $300 per annum, under clause 3 of rule 12, and that pending the result of the examination his employment be approved, for the reason that his failure to appear for non-competitive examination previously ordered for him had been due to an error for which the Commission was responsible. The request was granted, and the Secretary was instructed to attach a special certificate to the payroll of the employee setting forth the facts in the case.

A communication was presented from the Board of Water Supply, dated May 1, requesting authority to re-employ under the provisions of clause 3 of rule 12, Cornelius J. Smallen, George P. Hartman and John J. Kearns, Inspectors, with salary at the rate of $120 per month ($130 when working in shaft tunnel or steel pipe siphon). It appearing that the said persons had served as Inspectors in the Board of Water Supply under the rule specified, their employment was authorized thereunder without further examination.

A communication was presented from the Secretary of the Board of Estimate and Apportionment, dated April 28, relative to the employment of Miss Anna E. Wallace, a Stenographer and Typewriter. The appointment of the said person was authorized under clause 3 of rule 12, pending the establishment of the eligible list of Stenographer and Typewriter, and the open competitive examination in which she qualified for that position was accepted by the Commission as the equivalent of the non-competitive examination required by the rule mentioned.

A communication was presented from the Secretary of the Department of Public Charities, dated May 3, requesting approval of the assignment of Edward E. McMahon, a Steward at $960 per annum, as Superintendent of the New York City Home, Blackwells Island, at $1,980 per annum, pending the preparation of a promotion list for that position. The assignment was authorized under clause 3 of rule 12, and the competitive examination in which he qualified for entrance to the City service was accepted instead of the non-competitive examination required under the rule mentioned.

Matters Not Upon the Calendar Considered by Unanimous Consent.

A report was presented from the Acting Chief Examiner, dated May 6, submitting a statement of examinations held during the month of April, 1913. The report was ordered filed.

On motion, it was Resolved, That eligible lists for promotion to 3d grade Clerk be and the same hereby are established for the following departments: Board of Estimate and Apportionment; Department of Parks, Boroughs of Manhattan and Richmond; Bellevue and Allied Hospitals; Fire Department; Department of Water Supply, Gas and Electricity; Department of Taxes and Assessments; Department of Docks and Ferries; Department of Health; Board of City Record; Court of Special Sessions; Office of the President of the Borough of Brooklyn; Department of Public Charities; Permanent Census Board; Office of the President of the Borough of Manhattan; Department of Correction; Department of Finance; Department of Parks, Borough of Queens; Police Department; Law Department; Office of the President of the Borough of The Bronx; Department of Parks, Borough of The Bronx.

On motion, it was Resolved, That the following promotion eligible lists be and the same hereby are promulgated: Law Clerk, grades 1 and 2, Law Department; Mechanical Engineer, grade D, Department of Water Supply, Gas and Electricity.

A report was presented from the Acting Chief Examiner, dated May 7, requesting approval of the emergency employment on April 11 and 24, 1913, of Royal E. Neufeld as Monitor. The appointment was approved under clause 4 of rule 12.

A report was presented from the Acting Chief Examiner, dated May 6, transmitting a schedule of requirements for the physical examination for Dockmaster, prepared by Dr. Henry P. De Forest, Medical Examiner. The schedule was approved.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 1, relative to the promotion of Robert H. S. Groom and John E. Kennedy, whose names appeared numbers 4 and 6, respectively, on the eligible list certified for promotion to 3d grade Clerk in the Bureau of Highways, Borough of Brooklyn. It appearing that John J. Donlan and John A. Sullivan, whose names had appeared first and third in the certification, had been promoted from a previous promotion list, the promotion of Messrs. Groom and Kennedy was approved.

A report was presented from Miss May B. Upshaw, Assistant Chief Examiner, dated May 5, relative to Simon Francis Mulqueen, a candidate in the examination for Telephone Operator, Board of Water Supply, who had made false statements relative to his experience. The report stated that the rating given him had been in excess of what he would have received on his actual experience. On motion, it was

Resolved, That the name of Simon Francis Mulqueen, of 135 Perry st., New York City, be and the same hereby is removed from the eligible list of Telephone Operator, Board of Water Supply, under the provisions of clause 14 of rule 7, for having made a false statement as to his experience.

On the recommendation of the Assistant Chief Examiner in Charge of Promotions, in reports under the dates specified, the following promotion examinations were ordered:

May 5, 1913—Stenographer and Typewriter, 3d Grade, in the Division of Real Estate, Department of Finance, to be open to all 2d Grade Stenographers and Typewriters eligible under clause 8a of rule 15.

May 5, 1913—General Medical Superintendent in Bellevue and Allied Hospitals, to be open to all Deputy Medical Superintendents eligible under clause 10 of rule 15

May 7, 1913—Marine Engineer and Stationary Engineer in the Department of Public Charities, both examinations to be open to all Stokers eligible under clause 17 of rule 15.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 5, relative to the request of the Commissioner of Docks and Ferries under date of April 26 for authority to transfer Lawrence Hanlon from the position of Assistant Superintendent of Ferries to that of Superintendent of Ferries, or, in the event of a promotion examination being necessary to qualify him for the higher position, that such examination be held and that the assignment of the said employee to the higher position, with salary at the rate of $5,000 per annum, be authorized pending the result of the promotion examination, and his request that action in the matter of the examination for promotion to Mechanical Engineer ordered at a previous meeting be deferred. The Examiner recommended that an examination be ordered for promotion to Superintendent of Ferries to be open to all Assistant Superintendents of Ferries eligible under clause 14 of rule 15, and that the request of the Commissioner of Docks and Ferries relating to the

examination for promotion to Mechanical Engineer be granted. The recommendations were adopted, and the assignment of Mr. Hanlon as Superintendent of Ferries pending the result of the promotion examination was authorized.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 6, relative to the request of the Police Commissioner under date of April 19, for approval of the change of title of T. Harry Shanton, a Foreman of Stables, to Superintendent of Stables. It appearing that the said employee had served for almost six years in the latter position in the Department of Street Cleaning, the restoration of title was approved under clause 24 of rule 15.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 5, relative to the necessity of calling a new examination for Assistant Engineer, Grade C, to fill vacancies in the Board of Water Supply, which matter had been referred to him at a previous meeting. The Examiner stated an examination for promotion to Assistant Engineer, Grade C, Board of Water Supply, in which there were 115 candidates, had been held on April 15, and that, therefore, it would be unnecessary to order a new examination. The report was ordered filed.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 7, recommending that the plan of organization of city departments, adopted by the Commission on June 20, 1912, be amended by including therein as a separate subdivision of the Auditing Bureau of the Finance Department, the Main Division, it appearing that the Main Division had been so recognized for at least five years. The recommendation was adopted, and the Secretary was instructed to so inform the Computing Clerk in order that the eligible list for the position of 3d Grade Clerk might be divided in accordance therewith.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 7, recommending that the Commission deny the request of the Secretary of the Department of Public Charities under date of May 5, that the eligible list of 4th Grade Clerk promulgated on March 4, 1911, be certified to fill a vacancy in the position of Bookkeeper at $1,950 per annum. The recommendation was adopted.

A report was presented from the Examiner in Charge of the Bureau of Investigation, dated May 1, relative to Adolph Duhamel, of 1750 Bergen st., Brooklyn, N. Y., a candidate on the eligible list of Lay Sanitary and Tenement House Inspector. After consideration of the report, the Secretary was instructed to summon the candidate before the Commission to show cause why his name should not be removed from the eligible list under the provisions of clause 14 of rule 7 for unsatisfactory character.

A report was presented from the Examiner in Charge of the Bureau of Investigation, dated May 5, relative to his investigation of fifteen candidates for the position of Inspector of Public Works, Grade 2, and recommending that they be marked "Qualified" on the eligible list except in the case of Alfred J. Jaenike, where it was recommended that certification be withheld until further notice. The recommendations were adopted.

A report was presented from Leonhard Felix Fuld, Examiner, relative to the keeping of the efficiency records in city departments for the first quarter of 1913. The report was ordered filed.

The following reports were presented from Leonhard Felix Fuld, Examiner, relative to his investigation of the experience statements of candidates on the eligible lists specified: C-689, dated May 5, 1913, Nurse; C-768, dated May 7, 1913, Nurse; C-769, dated May 7, 1913, Nurse; C-770, dated May 7, 1913, Nurse; C-718, dated May 7, 1913, Inspector of Regulating, Grading and Paving; C-716, dated May 6, 1913, Storekeeper.

The reports were ordered filed.

A report (C-706) dated May 6 was presented from Leonhard Felix Fuld, Examiner, relative to his investigation of the experience statements of candidates on the eligible list of Statistician, and calling attention to the case of Louis Roth, of 218 Westervelt ave., New Brighton, N. Y., a candidate on the list, whom the Acting Chief Clerk of the Tenement House Department had reported as not having given satisfactory service while employed in that department as Inspector from 1902 to 1906. The Secretary was instructed to summon the candidate before the Commission.

A report was presented from the Chief of the Bureau of Medical and Physical Examinations, dated May 7, stating that he had re-examined William Osterburg, of 338 74th st., Brooklyn, N. Y., a candidate for the position of Patrolman, who had been rejected by the Police Surgeons, and that the candidate had passed the medical re-examination. The Secretary was instructed to re-certify the candidate's name to the Police Commissioner for appointment.

A communication was presented from the Secretary of the State Civil Service Commission, dated May 6, stating that at a meeting of that Board, held May 5, 1913, the following resolutions of the Municipal Commission had been approved:

The communication was ordered filed.

A communication was presented from the Fire Commissioner, dated May 6, stating that pursuant to an opinion of the Corporation Counsel in the matter of claims of Arthur A. Kaiser and two other Firemen, a pay-roll had been prepared for various amounts alleged to be due them. The pay-roll was approved.

A communication was presented from the Commissioner of the Department of Public Charities, dated May 6, stating that on the suggestion of the Commission he had requested the Board of Estimate and Apportionment to abolish the position of Inspector at $750 at the Cumberland Street Hospital, to date June 1st, and requesting authority to continue the services of Arthur F. Gundersdorff in that capacity until the end of May, when he would be dropped from the rolls as Inspector. The request was granted, and the Secretary was instructed to attach a special certificate to the pay-roll of the said employee setting forth the facts in the case.

A communication was presented from the Chief Medical Officer of the Fire Department, dated April 28, stating that the following-named candidates for the position of Fireman had been rejected by the Board of Medical Officers: Peter J. Killen, William R. Wright, Martin F. Daly. The Secretary stated that on May 6 he had notified the said persons to appear for a medical re-examination by the Commission's physicians. The action of the Secretary was approved.

A communication was presented from the Secretary of the Department of Health, dated May 6, requesting that Lucien Coquet, who had recently failed in a non-competitive examination for Inspector of Foods under clause 3 of rule 12, be given another opportunity to qualify and setting forth his reasons for the request. After consideration of the matter, the request was granted, and on motion, it was

Resolved, That the provision of rule 7, clause 12, to the effect that "No person who has entered any examination for appointment to a competitive position and failed therein or who has withdrawn therefrom, shall be admitted within nine months from the date of such examination to a new examination for the same position" be and the same hereby is waived in so far as it applies to the current non-competitive examination for the position of Inspector of Foods in the Department of Health under clause 3 of rule 12.

MESSAGES FROM THE MAYOR.

The Acting President laid before the Board the following communications from his Honor the Mayor:

No. 3616.

City of New York, Office of the Mayor, June 17, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed ordinance entitled:

"Ordinance in relation to the sale and use of wood alcohol in the City of New York."

But I do not wish it understood that I permanently disapprove of it. All I say is that the ordinance is of so much gravity, and so much opposition has arisen to it, that I think your Honorable Body, through the very competent committee which has it in charge, should give further consideration to the matter. I have consulted with Dr. Lederle, the head of the Department of Health, and I would advise that your committee have a consultation with him, to the end that the ordinance may be framed in the most scientific manner possible. It

may be that you now have it in that form, but I think the matter will bear further consideration. Or it may be better that the Health Board adopt the ordinance.

Respectfully, W. J. GAYNOR, Mayor.

The Committee on Public Health, to which was referred on May 6, 1913 (Minutes, page 455), the annexed ordinance in favor of regulating the sale and use of wood alcohol in the City of New York, respectfully

REPORTS:

That it has given this question a thorough examination and has heard expert opinions on the subject voiced by Mr. Thomas Main, secretary of the College of Pharmacy, Columbia University; O. A. Mayo, editor of the "American Druggist," and Miss Carolyn C. Van Blarcom, secretary of the Committee on Prevention of Blindness of the New York Association for the Blind, all of whom unite in endorsing the proposed ordinance with a few minor changes. Mr. Main and Mr. Mayo joined in the suggestion that the new name for this substance be made wood "naphtha" instead of wood "poison," as originally suggested, in order to conform with the nomenclature preferred in several western states which have enacted laws regulating its sale, and Miss Van Blarcom offered several changes in the wording of the proposed label and the penalty prescribed. These suggestions were approved by the Committee and have been incorporated in the substitute ordinance herewith submitted. Miss Van Blarcom made further suggestions as to the regulation of the use of this alcohol in varnishes, etc., but the Committee did not believe that such a restriction came within its province.

On the general subject the researches made by the Committee have afforded ample proof that a serious condition has resulted from the unrestricted use of wood alcohol in essences, tinctures, etc., where the purchasers of these various products were unadvised that they were in any way liable to suffer ravages to their health by the use of such substances. In other cases compositions prepared from wood alcohol have been widely advertised under trade names which effectually disguised their dangerous origin, but which sought to evade consequences of internal use by warnings in almost unnoticeable type placed at the foot of the labels.

A list of deaths resulting from wood alcohol poisoning is attached to this report.

Consistent efforts have been made by the American Medical Association, the New York Association for the Blind and many other associations and scientific publications to educate the general public in regard to the poisonous character of this alcohol, and articles have been published in some of the leading journals along the same lines, but subjects of this nature unfortunately do not attract the attention of the public at large, and individuals who at any time may in some way have occasion to use preparations concocted from this substance are wholly unaware of the danger to which they may be subjected. It is believed that the ordinance submitted herewith will, to a large extent, act as a wholesome preventive against the indiscriminate use of this poison, and for that reason your Committee recommends its adoption.

JACOB WEIL, D. M. BEDELL, HUGH CUMMUSKEY, JNO. J. O'ROURKE, NILES R. BECKER, Committee on Public Health.

ORIGINAL.

AN ORDINANCE in relation to the sale and use of "wood alcohol" in the City of New York.

Be It Ordained, By the Board of Aldermen of The City of New York, as follows:

Section 1. Any substance known as wood alcohol, in its crude or deodorized form, having the chemical composition known professionally as CH3OH, is hereby prohibited from being sold under any other name than "wood poison," nor shall it be lawful to use said chemical composition in any medical or toilet preparation. Said chemical composition, when sold as such shall be labeled with a regulation poison label, with the following words added: "This fluid taken internally, inhaled or used externally, is likely to produce blindness." Said words shall be printed in type not less in size than eight point, as known to the trade, in red letters, on a white field.

Sec. 2. Any person guilty of a violation of this ordinance, or any part thereof, shall, upon conviction thereof before a City Magistrate, be punished by a fine of not less than twenty nor more than fifty dollars, and in default of payment of any fine so imposed, shall be committed to the City Prison for a term of ten days, each day of imprisonment to be taken as a liquidation of each dollar of such fine.

Sec. 3. This ordinance shall take effect thirty days after its approval by the Mayor.

SUBSTITUTE.

AN ORDINANCE in relation to the sale and use of "wood alcohol" in The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Any substance known as Wood Alcohol, in its crude or deodorized form, having the chemical composition known professionally as C. H. 3 O H, is hereby prohibited from being sold under any other name than "Wood naphtha," nor shall it be lawful to use said chemical composition in any medical or toilet preparation. Said chemical composition, when sold as such shall be labeled with a regulation poison label, with the following words added: "This fluid taken internally, inhaled or used externally, is likely to produce blindness and lead to death." Said words shall be printed in type not less in size than eight point, as known to the trade, in red letters, on a white field.

Sec. 2. Any person guilty of a violation of this ordinance, or any part thereof, shall, upon conviction thereof before a City Magistrate, be punished by a fine of not less than twenty nor more than fifty dollars, for the first offence, and not less than fifty dollars for any subsequent conviction, and in default of payment of any fine so imposed, shall be committed to the City Prison for a term of ten days, each day of imprisonment to be taken as a liquidation of each dollar of such fine.

Sec. 3. This Ordinance shall take effect thirty days after its approval by the Mayor.

Which was laid over, ordered to be printed in the Minutes and published in full in the CITY RECORD.

No. 3819.

City of New York, Office of the Mayor, June 16, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed resolution No. 3819, entitled

"Resolution to permit the Jenkins Orphan Brass Band and Jubilee Concert Company to parade."

As I said in my veto message of June 3, 1913, disapproving two similar resolutions, there is no necessity for such special ordinances. These people should apply to the Police Commissioner, under section 1457 of the Charter. Respectfully,

W. J. GAYNOR, Mayor.

Resolved, That permission be and the same is hereby given to the Jenkins Orphan Brass Band and Jubilee Concert Company to parade through the streets and thoroughfares of The City of New York, under the supervision of the Police Department; such permission to continue only during the period of thirty days from the receipt hereof from his Honor the Mayor.

Which was laid over, ordered to be printed in the Minutes, and published in full in the CITY RECORD.

PETITIONS AND COMMUNICATIONS.

No. 4014.

William M. Chadbourne, Attorney and Counsellor at Law, Mutual Life Building, 32 Liberty st., New York, June 13, 1913.

President of the Board of Aldermen, City Hall, New York City:

Dear Sir—Under section 3 of chapter 715 of the Laws of 1892 it is provided:

"The members of the board of supervisors representing, respectively, each of the two principal political parties into which the people of the county are divided, or a majority of the members of the board of supervisors representing respectively, each of such political parties, shall designate in writing a paper fairly representing the political party to which they respectively belong, to publish the laws * * *. If either of the two principal parties into which the people of the county are divided shall have no representative among the members of the board of supervisors, then it shall be the duty of the board of supervisors, by resolution, to designate a paper fairly representing such political party that is unrepresented in the board, to publish such laws, with the paper selected as hereinbefore provided."

Under section 90 of the Legislative Law, being chapter 32 of the Consolidated Laws, the foregoing section remains in force as to New York County. Under section 48 of the Legislative Law, as amended by chapter 97 of the Laws of 1911, two of the newspapers above referred to must be in the Borough of Manhattan, and two in the Borough of the Bronx.

By section 1586 of the New York City Charter the powers and duties of the Board of Supervisors are vested in the Board of Aldermen.

In People ex rel. Bonheur against Christ, the Court of Appeals in a decision reported in the New York Law Journal for April 3, 1913, construed section 20 of the County Law. It held that the phrase, "Each of the two principal political parties into which the people of the county are divided" referred to the party which cast the highest and next highest number of votes within the county. As the language of section 3 of chapter 715 of the Laws of 1892 is in this request identical with that of section 20 of the County Law, the papers to be designated by the Board of Aldermen thereunder must represent the two political parties which cast the greatest number of votes in New York County at the general election held November 5, 1912.

At the general election held November 5, 1912, the two parties which cast the highest and the next highest number of votes in New York County were the Democratic party and the National Progressive party. Accordingly, the Board of Aldermen should have designated a Progressive and a Democratic paper under section 3 of chapter 715 of the Laws of 1892.

As a matter of fact, the Board of Aldermen designated a Democratic paper and the "Commonwealth Weekly," a Republican paper. Under the decision in People ex rel. Bonheur against Christ, this designation is void, and it is the duty of the Board of Aldermen under the decision above referred to to designate a Progressiv paper published in the Borough of Manhattan.

I would appreciate it if you would bring the matter to the attention of the Board. In case you desire to refer the matter to the Corporation Counsel, I should be glad to take the matter up with him. Yours very truly,

WILLIAM M. CHADBOURNE, Chairman, Law Committee, National Progressive New York County Committee.

No. 4015.

617 East 161st St., New York, June 11, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—Since there will be a hearing on the "Sub." and "El." newsstand question, I think it will be in place to inform you of my proposition that I wrote to Mayor Gaynor, President McAneny and President C. C. Miller, on March 25, 1913.

Again there is a tumult about the newsstands under the "El." and "Sub." stations. Again there is a cry about not investing the power of issuing licenses to official individuals or official bodies. Now comes my proposition. From all my experience I can say on the subject that my contention is that the newsstands under the said stations are absolutely no public necessity, since there are so many stationery stores in every nook and corner of the city, which take the proper care to give accommodation and service to the public, even better than the said newsstand keepers. I, therefore think that the storekeeper is as worthy of consideration to any city official as the said standkeepers. There is always a cry, "the poor, unfortunate newsdealer." I think you will find as many unfortunates among storekeepers, if not more. The storekeeper is obliged to pay large rents and carry other expenses, and has a hard struggle to make both ends meet. Whereas, the newsstand keepers make big money and accumulate fortunes on the storekeepers' expense for a paltry fee of ten dollars a year, and yet they cry that the storekeeper is in opposition to them.

Will you give the storekeeper as much consideration as you are giving the newsstand keeper of the "Sub." and "El." stations?

But if you find these stands a public necessity, please solve the problem right, once and for all times.

And here is another proposition, which seems to me the only salvation for the subject and question. Do as Park Commissioner Stover did in Gramercy Park and other parks. Put all the said stands at public auction (not sealed bids), say, for a term of five years, and give every citizen a fair chance to bid on. There are thousands of citizens who desire said stands, and wish to make an honest living, but under the present conditions it is an impossibilty, since the present holders seem to have a lifelong franchise on them. By lifelong franchise I mean to bring out the fact that one Alderman decidedly refused to grant an application for a stand under a station that was said was going to be removed two blocks further, for fear of being accused of graft. He said that he would not disfranchise a newsdealer who holds a permit at present. Whereas at the next station, the stand has changed hands, because the present holder paid $3,200 to the old holder. So you see that if a man wishes to purchase a stand he is made to pay thousands of dollars for it, notwithstanding the fact that it is illegal to sell.

I received answers from President McAneny and President C. C. Miller. The Bronx President being very enthusiastic about my letter, and referred me to President McAneny, who had the newsstand matter under advisement at the time. But he stated in the letter that it wasn't in his province to make any changes in the ordinance. But you, Mr. President of the Aldermen, have the full power to act in the matter, and do justice to every citizen in the City. Respectfully, N. ARANOFF.

Which were severally referred to the Committee on Laws and Legislation.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Acting President laid before the Board the following communication from the Public Administrator:

The Acting President laid before the Board the following communication from the Department of Health:

No. 4017.

City of New York, Department of Health, Office of the Secretary, June 6, 1913.

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Sir—At a meeting of the Board of Health of the Department of Health, held June 3, 1913, the following resolution was adopted:

Resolved, That the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, be and it is hereby respectfully petitioned to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to an amount not exceeding the sum of $1,296, the proceeds whereof to be applied to provide means necessary to defray the expenses of the Department of Health for employing additional help for the female unit of the Municipal Sanatorium at Otisville, Orange County, N. Y., for six months from July 1, 1913, as follows:

1 Hospital Physician at $1,200 per annum	$600 00
1 Orderly (general worker) at $300 per annum	150 00
1 Domestic (kitchen and butler's pantry) at $192 per annum	96 00
2 Helpers (day and night firemen) at $180 per annum	180 00
2 Helpers (shack captains) at $120 per annum	120 00
1 Helper (for bakery) at $180 per annum	90 00
1 Helper (for laundry) at $120 per annum	60 00
	$1,296 00

A true copy. EUGENE W. SCHEFFER, Secretary.

City of New York, Department of Health, Office of the Secretary, June 6, 1913.

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Sir—Enclosed herewith you will find copy of resolution adopted by the Board of Health June 3, 1912, petitioning the Board of Aldermen to request the Board of Estimate and Apportionment, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue special revenue bonds in the sum of $1,296, the proceeds whereof to be used in employing additional help at the female unit of the Municipal Sanatorium at Otisville, N. Y., for six months, commencing July 1, 1913. The addition of eighty patients provided for by the two new shacks at the female unit, to the census of the sanatorium, will increase the total number of beds to 599. The present staff consists of eight Physicians, with provisions for the employment of one Interne at $25 per month. This makes the ratio of Physicians to patients one to sixty-six, which is altogether too low. The Committee of the American Sanatorium Association, composed of three of the leading tuberculosis men in the country, appointed to report on the routine medical work in a sanatorium, stated that the ratio of doctors to patients should never fall below one to fifty. The addition of another Physician to the staff of the sanatorium makes the ratio practically one Physician to sixty patients, a ratio considerably below normal.

An additional Orderly is needed to do the general work about the buildings, including care of steam heating plants, disposal of ashes and papers; also the work about the grounds of the two shacks.

The additional Domestic is needed for the kitchen and butler's pantry, on account

of the increased amount of cleaning which will be necessary in the new dining hall building. This employee will also be used to help in the cleaning of the dining hall.

Two additional Helpers are needed to act as day and night firemen to look after the fires in the basement of the new dining hall, where there is a low pressure steam boiler for heating the building, and a high pressure steam boiler which supplies steam to the steam cookers and the hot water tanks. These employees will also assist in the cleaning of the basement.

Two Helpers are needed to act as shack captains. This is deemed advisable on account of the location, which is somewhat removed from the other buildings. These Helpers will be reliable patients, who will assist in the discipline of patients living in the shacks. It will be their duty to notify the Nurse in charge of the sudden illness of patients during the night.

One Helper for the bakery to do the general work about the shop. The present force of one Baker and one Helper will be totally inadequate to cater to the additional eighty patients.

One Helper for the laundry. The laundry force is worked to the limit doing the washing for the number of patients now in the institution, and it will be absolutely essential to employ another patient Helper to assist the laundryman in the washing of the clothes.

It is requested that you will be good enough to submit the mater to the Board of Aldermen at its next meeting for consideration. Very truly yours,

EUGENE W. SCHEFFER, Secretary.

The Acting President laid before the Board the following communication from the Chief of the Bureau of Licenses:

No. 4018.

Mayor's Office, Bureau of Licenses, June 12, 1913.

To the Honorable Board of Aldermen, City Hall, New York, N. Y.:

Dear Sirs—I respectfully request your honorable Board to authorize the issue of special revenue bonds in the sum of $28,980, to pay the salaries of the following additional force required from July 1, 1913, to December 31, 1913, to enforce the provisions of the new taxicab ordinance going into effect on August 1 of this year:

3 Supervising Inspectors of Taxicabs for street service at $1,500	$2,250 00
37 Additional Inspectors of Taxicabs for street and inside service at $1,200	22,200 00
2 Automobile Mechanics at $1,200	1,200 00
1 Expert Taximeter Maker at $1,500	750 00
1 Tinsmith at $1,200	600 00
1 Stenographer-Typewriter at $1,200	600 00
1 Clerk at $1,200	600 00
2 Laborers at $780	780 00
Total	$28,980 00

I also request that you authorize the issue of special revenue bonds in the sum of $15,000, $10,000 to be used for the purchase of additional equipment and supplies and $5,000 for the erection of telephone booths on public hack stands to be designated by the Mayor, all to be used under the provisions of the above mentioned ordinance and to be ready by August 1, and for that reason I request that permission be granted to use the funds so appropriated without advertising for estimates on the equipment and supplies to be purchased and contracts to be awarded. Respectfully,

JAMES G. WALLACE, JR., Chief of Bureau.

Which was referred to the Committee on Finance.

The Acting President laid before the Board the following communication from the County Clerk, County of Queens:

No. 4019.

Queens County Clerk's Office, Jamaica, N. Y., June 12, 1913.

To the Honorable Board of Aldermen, City Hall, New York, N. Y.:

Gentlemen—On May 31 I sent you a communication asking for your consent to the issuing of special revenue bonds for the sum of $7,200, with which to employ Temporary Copyists for work in this office. This communication was placed on file by your Board for the reason that the limit for the issuing of special revenue bonds under the Charter had been reached.

In explanation of this matter I desire to make the following statement, and will ask that your Board give it proper consideration.

On April 29 I made an application to the Board of Estimate and Apportionment for permission to employ Temporary Copyists, the compensation of which would be met by a surplus in the payroll fund of this office. This matter was referred to the Comptroller, and under his report was disapproved for the reason that it had been the policy of that Board to place all accruals or surplus moneys in the general fund, and to prohibit heads of departments from using any of these accruals for the uses of their respective departments.

At the meeting of the Board of Estimate and Apportionment held on May 29, the matter was brought up and discussed by my representative and the Comptroller, who at the time stated that there was still the sum of $287,000 which could be used before the limit under the Charter is reached. He further stated that he had an arrangement with Mr. Curran, the Chairman of your Finance Committee, by which applications such as mine were facilitated, and he suggested that application be made to your Board for the issuance of special revenue bonds for the amount asked for in my letter of May 31 to you.

It seems to me that there is something radically wrong in this matter. The Comptroller states that this allowance can be made and your Board claims that it cannot. I cannot understand why in two so important branches of the City Government there should be this great difference of opinion.

I am anxious to have this matter determined, as the request was made in good faith, was for the purpose of the public business, and if the application is allowed it will afford me an opportunity of catching up with the work that was so long delayed by reason of conditions over which I had no control. The amount of work that is being done in this office has increased 40 per cent. for the past six months over the six months of last year, or the year 1905, which was the record year for this office. The office is self sustaining, and is one of the few departments that will turn over a balance to the City. The deeds and mortgages are accumulating very fast, the Copyists employed here are working very hard, but they are unable to keep up with the large amount of work that is coming in. The result will be that within a very short time the accumulation will be so great that it will be almost impossible for me to catch up during my term of office.

I therefore ask that your Finance Committee take this matter up; that my former communication be taken off file, and that provision be made for the issuance of these bonds. I shall be glad to appear before your Committee, or have my representative appear, so that the matter may be thoroughly discussed with your Committee and the proper consideration be given. Respectfully yours,

LEONARD RUOFF, Clerk.

The Acting President laid before the Board the following communication from the Commissioner of Public Works, Borough of Queens:

No. 4020—(S. O. No. 272).

The City of New York, Offices, Commissioner of Public Works of the Borough of Queens, Long Island City, June 12, 1913.

Board of Aldermen, City of New York:

Gentlemen—On the 22d day of April, 1913, your Board approved of an issue of special revenue bonds, amounting to $2.525, to provide for the purchase and maintenance of an automobile from June 1, 1913, to December 31, 1913.

At the time the request was submitted, this Department requested your approval of the purchase of the car without public letting. An examination of the minutes of your Board discloses the fact that no action appears to have been taken with respect to the purchase without public letting. On June 12, 1913, the Board of Estimate and Apportionment concurred in your resolution.

May I ask your approval of the purchase of an automobile without public letting, at a cost not to exceed $1.800? Yours very truly,

JOSEPH FLANAGAN, Commissioner of Public Works.

Which was referred to the Committee on Public Letting.

Subsequently the Committee reported as follows:

The Committee on Public Letting, to which was referred on June 17, 1913 (Minutes, page —), the annexed communication from the Commissioner of Public Works, Borough of Queens, asking for authority to purchase an automobile, without public letting, at a cost not to exceed $1,800, respectfully

REPORTS:

That the money necessary for this machine was granted by the Board as an emergency measure, and in order to carry out the intent of the grant, this permission should be given.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Queens be and he is hereby authorized and empowered to purchase an automobile, in the open market, without public letting, at a total cost not to exceed the sum of eighteen hundred dollars ($1,800).

JOHN DIEMER, ROBERT F. DOWNING, JOHN F. WALSH, JACOB J. VELTEN, ABRAM W. HERBST, FRANK J. DOTZLER, F. H. WILMOT, JESSE D. MOORE, W. AUGUSTUS SHIPLEY, Committee on Public Letting.

Which was laid over.

The Acting President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 4021.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, June 16, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913, recommending that the Board of Aldermen request this Board to authorize the issue of $40,000 special revenue bonds for the purpose of establishing auxiliary ice plants under the jurisdiction of the President, Borough of Manhattan. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment hereby recommends that the Board of Aldermen request this Board to authorize the issue of special revenue bonds of The City of New York in the sum of forty thousand dollars ($40,000) for the purpose of establishing auxiliary ice plants under the jurisdiction of the President of the Borough of Manhattan.

The Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of 27 resolutions adopted by the Board of Estimate and Apportionment June 12, 1913, relative to the issues of corporate stock, as follows:

Calendar No. 56A. Amending resolution adopted July 1, 1910, which authorized the issue of $240,000 corporate stock for the construction of a shed on the pier at the foot of 33d st., Borough of Brooklyn, under the jurisdiction of the Department of Docks and Ferries, by including therein the cost of the track work and overhead trolley installation on said pier, and for the cost of track work and overhead trolley installation from said pier to the westerly line of 2d ave.

Calendar No. 59. Authorinzing the issue of $750,000 corporate stock to provide means for the construction of additions J and K, exclusive of interior finish, for the Metropolitan Museum of Art, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond.

Calender Nos. 60A. to 60Y. Authorizing the issue of corporate stock in the aggregate sum of $6,098,125 for the construction and equipment of School Buildings and Additions thereto, the Acquisition of School Sites and for Salaries and Wages and Contingencies for the Inspecting and Drafting Corps in the Bureau of Buildings, under the jurisdiction of the Department of Education.

I also enclose copies of reports of the Corporate Stock Budget Committee relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on July 1, 1910, and approved by the Board of Aldermen on July 5, 1910, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, and section 180 of the said Charter, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted June 29, 1910, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred and forty thousand dollars ($240,000) for the purpose of providing means to pay the cost of the construction of a shed on the pier at the foot of 33d street, Borough of Brooklyn, under the jurisdiction of the Department of Docks and Ferries, and, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding two hundred and forty thousand dollars ($240,000), the proceeds whereof to be applied for the purpose aforesaid."

—be *amended* to read as follows:

Resolved, That pursuant to the provisions of sections 47 and 180 of the Greater New York Charter, as amended, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted June 29, 1910, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred and forty-thousand dollars ($240,000) for the purpose of providing means to pay the cost of the construction of a shed on the pier at the foot of 33d street, Borough of Brooklyn, *and to provide for the cost of track work and overhead trolley installation on said pier and for the cost of track work and overhead trolley installation from said pier to the westerly line of 2d avenue*, under the jurisdiction of the Department of Docks and Ferries, and, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding two hundred and forty-thousand dollars ($240,000), the proceeds whereof to be applied for the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 6, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On July 1, 1910, and on June 8, 1911, your Board, pursuant to recommendations made by the Commissioners of the Sinking Fund, approved authorizations of corporate stock for $240,000 and for $17,000, the proceeds to be applied to the construction of a shed on the pier at the foot of 33d street, Borough of Brooklyn, under the jurisdiction of the Department of Docks and Ferries.

On May 21, 1913, the Commissioners of the Sinking Fund adopted two resolutions recommending that the resolutions of the Board of Estimate and Apportionment of July 5, 1910, and June 8, 1911, be amended to include the cost of certain track and overhead trolley work.

The shed on the pier has been completed and the pier leased to the Hamburg American Line. Under the terms of the lease the City is required to lay tracks and install overhead trolleys connecting the pier with the westerly side of 2d avenue.

Plans and specifications have been prepared for the work of installing the tracks and trolleys. The cost is chargeable to corporate stock and may be covered without increasing the amounts already authorized.

In view of the foregoing facts, we recommend the adoption of the attached resolutions permitting the payment for the work from the funds authorized.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

No. 4023.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seven hundred and fifty thousand dollars ($750,000) to provide means for the construction of additions "J" and "K," exclusive of interior finish, for the Metropolitan Museum of Art, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, June 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—Under date of January 15, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested an appropriation of $720,000 for the construction of an additional wing to the Metropolitan Museum or Art, to be known as additions J and K.

This additional wing is absolutely necessary in order to provide exhibition room for art collections valued at many millions of dollars for which there is at present no accommodation. We regard it as highly important that the City provide for the art treasurers which have been made available through the generosity of collectors.

We recommend the adoption of the attached resolution authorizing $720,000 in corporate stock for this purpose. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

Which were severally referred to the Committee on Finance.

Resolved, That the Board of Estimate an l Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Annum	Number of Incumbents.
Chief Medical Officer	$4,200 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 28, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 24, 1913, the Fire Commissioner requested the establishment in his department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Chief Medical Officer, at $4,200 per annum, for one incumbent. In connection therewith we report as follows:

It is proposed to increase the salary of Dr. Joseph E. Smith, Chief Medical Officer of the Department, from $3,600 to $4,200 per annum. Dr. Smith entered the service of the Fire Department of the City of Brooklyn on March 31, 1886, as Surgeon. In 1898, at consolidation, he came in as a Medical Officer of the Fire Department. In 1903 all the Medical Officers of the department were given the rank and pay of Battalion Chief at $3,300 per annum. On December 12, 1911, after a competitive civil service examination, in which Dr. Smith received the highest rating, he was promoted to the position of Chief Medical Officer at a salary of $3,600 per annum.

Dr. Smith has charge of the work of ten subordinates in the Medical and Surgical Service, each of whom receives only $300 less than he. It appears that his long service and his work as an executive warrant an increase in salary to the next higher grade of pay, which is that of Deputy Chief, at $4,200 per annum.

The money necessary to grant the increase is available in No. 1367, Fire Fighting, Operation.

We recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

No. 4050.

Resolved. That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of The Bronx, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Diem.	Number of Incumbents.
Inspector of Sewers	$4 50	Unlimited.
Inspector of Regulating, Grading and Paving	4 50	Unlimited.
Inspector of Masonry	4 50	3

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 26, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 2, 1913, the President of the Borough of The Bronx requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of grades of positions as follows.

Title.	Rate per Diem.	Number of Incumbents.
Inspector of Sewers	$4 50	Unlimited.
Inspector of Regulating, Grading and Paving	4 50	Unlimited.
Inspector of Masonry	4 50	Unlimited.

The President states that schedules for the sixty or seventy Inspectors employed and paid from other than tex levy funds were not included in the 1913 Budget. With the exception of Inspector of Masonry, similar employees in other Boroughs were scheduled, without specifying the number, in the 1913 Budget as "temporary employees," and allowances made for their compensation at per diem rates. The grades for an unlimited number of incumbents were also established in the Budget.

For the reason that masonry forms only a small part of the work inspected, the number of Inspectors of Mansonry can be limited to three, which will provide for present and future needs.

It is therefore necessary to establish these grades, so that the schedules not included in the Budget may be approved.

We recommend the adoption of the attached resolution approving the request with the exception of limiting the grade of Inspector of Masonry to three incumbents.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

No. 4051.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Parks, Borough of Queens, of the position in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Chief Engineer	$4,000 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 24, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 30, 1913, the Commissioner of Parks, Borough of Queens, requested the establishment in his department, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Chief Engineer, at $4,000 per annum, for one incumbent. In connection therewith we report as follows:

It is proposed to change the title of William J. Zartman, Principal Assistant Engineer, at $4,000 per annum, to that of Chief Engineer at the same rate. The position of Chief Engineer already exists in the other Park Departments. Mr. Zartman formerly was the Superintendent of the combined Park Department of the Boroughs of Brooklyn and Queens, and received $4,000 per annum. He is now doing work similar to the Chief Engineers in the other Park Departments.

We recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

No. 4052.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the Board of Estimate and Apportionment, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Engineering Inspector	$1,800 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 29, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 10, 1913, the Secretary of the Board of Estimate and Apportionment requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Engineering Chemist at $1,800 per annum, for one incumbent. In connection therewith we report as follows:

In the Budget for 1913, provision was made for four Investigators, at $2,400 per annum, for the Commission on Standardization. It was intended to fill the positions by candidates from a civil service list, or by transfer from other City departments. The appointees were to have experience and qualifications necessary to enable them to do field work in the preparation of standard specifications.

On February 20 and May 22, 1913, your Board modified the salary schedule of the Commission, to provide for the employment of persons properly qualified for three of these positions. It is now proposed to fill the remaining position.

The Commission may secure from the eligible list for Inspectors, provided by the Municipal Civil Service Commission, the services of Mr. W. R. Sides, who has been engaged in inspecting and passing upon work done and supplies furnished to the Board of Water Supply, and who is otherwise qualified for the work. Request is, therefore, made to establish the grade of position of Engineering Inspector at $1,800 per annum.

The position, when established, will be provided for in the salary schedule by the reduction of a vacant position of Clerk at $2,250, the $450 remaining to be carried as an unassigned balance.

We recommend the adoption of the attached resolution recommending to the Board of Aldermen the establishment of the grade of position as requested.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

No. 4053.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Department of Correction of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Overseer	$2,500 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 28, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 5, 1913, the Commissioner of Correction requested the establishment of the grade of position of Overseer at $2,500 per annum for one incumbent. In connection therewith we report as follows:

It is proposed to increase the salary of Mr. Martin J. Moore, Overseer, at the New York City Reformatory, Harts Island, from $1,800 per annum to $2,500 per annum, to equalize it with the minimum salaries paid to other Wardens in the Department having similar duties and responsibilities.

In addition to the regular duties, the Overseer at the Reformatory has personal charge of the educational work. In other institutions of the Department where educational work is carried out it is in the immediate charge of special employees; the Warden exercising only powers of supervision. The Commissioner states that the methods of teaching and the courses of study introduced by Mr. Moore have been beneficial to the inmates and in harmony with the purpose for which the institution was created.

Mr. Moore was appointed Overseer at the Reformatory on October 25, 1909, at his present rate of salary.

The funds necessary to meet the proposed increase are to be taken from the line "Balance unassigned" of $700, available for salary increases, in "Personal Service, Salaries, Regular Employees, Prison Service, Care of Plant and Inmates, No. 410, District Prison."

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

No. 4054.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Queens of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Engineer Inspector	$1,800 00	Unlimited.

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 28, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 7, 1913, the President of the Borough of Queens requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grade of position:

Position.	Rate Per Annum.	Number of Incumbents.
Engineer Inspector	$1,800 00	Unlimited

At present the grade is established for five incumbents only. Owing to the necessity of employing additional Engineer Inspectors on paving and repaving work now in progress, establishment for an unlimited number is requested. The President states that a varying number of Inspectors are needed for contract supervision, and that during the working season work on many contracts is held up for the reason that under the present limited establishment a sufficient number of Inspectors cannot be appointed. The inspection cost is to be paid from corporate stock or assessment funds.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

No. 4055.

Resolved, That the Board of Estimate and Apportionment pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the office of the President of the Borough of Manhattan, of the grades of position, in addition to those heretofore established, as follows:

Title.	Rate per Day.	Number of Incumbents.
Foreman	$4 50	Unlimited
Asphalt Worker	2 50	Unlimited
Thermostat Repairer	5 00	Unlimited
	Per Annum.	
Automobile Engineman	1,200 00	2

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 3, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 22, 1913, the President of the Borough of Manhattan requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of certain grades of positions. On May 26, 1913, the request was verbally amended, the positions requested being as follows:

Title.	Rate.	Number of Incumbents.
Foreman, per day	$4 50	Unlimited
Asphalt Worker, per day	2 50	Unlimited
Automobile Engineman, per annum	1,200 00	2
Thermostat Repairer, per day	5 00	Unlimited

In connection therewith we report as follows:

The grades of positions requested, with the exception of that of Thermostat Repairer, are needed in connection with the operation of the new asphalt plant. One Automobile Engineman is needed to run the asphalt motor truck, and one to run the automobile of the Superintendent of the plant. The grade of Thermostat Repairer is necessary in connection with the operation of the Municipal Building.

We recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

No. 4056.

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment, in the office of the Board of Inebriety, of the grade of position in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk	$1,200 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 23, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 9, 1913, the Board of Inebriety requested establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Clerk at $1,200 per annum, for one incumbent. In connection therewith we report as follows:

The position of Bookkeeper at $1,200 was established for the Board of Inebriety in the 1913 Budget, but has not been filled. The necessary bookkeeping of the Board is trivial and it is therefore proposed that the incumbent of the position also perform the clerical work of the office. The Board believes that it can obtain an experienced Clerk with a sufficient knowledge of municipal accounts, by transfer from another City department.

We recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Queens, of the grades of positions, in addition to those heretofore established, as follows:

Position.	Rate Per Day.	Number of Incumbents.
Attendant (Male)	$2 50	1
Attendant (Female)	2 00	1
Watchman	2 50	1

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 20, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 30, 1913, the President of the Borough of Queens requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the following additional grades of positions in his office:

Position.	Rate Per Day.	Number of Incumbents.
Attendant (Male)	$2 50	1
Attendant (Female)	2 00	1
Watchman	2 50	1

In connection therewith we report as follows:

A free floating bath is to be located at Whitestone during the summer months. It is proposed to employ two attendants and a watchman. Establishment of the grades is necessary in order to make these appointments.

We recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Process Server	1,200 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment June 12, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 19, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 12, 1913, the Fire Commissioner requested the establishment in his Department of the grade of position of Process Server, at $1,200 per annum, for one incumbent.

On May 8, 1913, the Board of Estimate and Apportionment denied the request because the work of the proposed position was being done by Inspectors in the Bureau of Fire Prevention, and that no reason for increase of force was shown. On May 10 the Commissioner renewed his request, stating that he would substitute the proposed position in place of an Inspector at the same rate of compensation.

The Deputy Chief in Charge of the Bureau of Fire Prevention states that the substitution of a Process Server for an Inspector will increase efficiency in the Bureau, and that an experienced man is to be obtained by transfer under the rules of the Civil Service Commission at no increase in compensation.

The request as now made involves no increase in force or additional cost.

We recommend, therefore, that the request be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Deputy Superintendent (Lay) and Steward	1,680 00
Deputy Superintendent (Lay) and Steward	1,740 00

These additional grades and new positions are required for the new Sea View Hospital. The grading in increasing multiples of $60 is necessary in order that an allowance may be made in lieu of maintenance in accordance with the scale recommended by the Committee on Inquiry into the Departments of Health, Charities and Bellevue and Allied Hospitals, prior to the adoption of the Budget of the Department of Public Charities for 1913.

The following additional grades are also needed for the staff of the hospital:

Auto Engineman	$1,200 00
Pathologist	1,500 00
Pharmacist	900 00

We recommend the adoption of the attached resolution granting the request and providing for the three additional grades which will be needed. Respectfully,

The Acting President laid before the Board the following communication from the Department of Health:

No. 4060.

City of New York, Department of Health, Office of the Secretary, June 13, 1913.

Hon. P. J. SCULLY, City Clerk, City of New York:

Sir—During the month of March, 1913, an amendment to section 419 of the Greater New York Charter as re-enacted by chapter 466 of the Laws of 1901, and as amended by chapter 598 of the Laws of 1906, and chapter 554 of the Laws of 1910, was submitted to the Legislature at the instance of the Department of Health and passed, and subsequently approved by his Honor the Mayor, but failed of becoming a law for the reason that the Governor considered it a matter which could be more properly disposed of under the so-called Home Rule Bill, and did not sign it.

The enclosed proposed amendment to section 516 of the City Ordinances is, therefore, herewith forwarded at the direction of Ernst J. Lederle, Ph.D., President of the Board of Health, with the request that you will submit the same to the Board of Aldermen at the earliest possible moment for consideration. The matter in italics therein is new and in effect authorizes, in addition to the head of a department, the president of a board or secretary of a board to open bids.

In the Department of Health, bids are of necessity opened as soon as the form of contract, advertisement and bid blanks are approved by the Corporation Counsel, and following advertisement in the CITY RECORD, for the prescribed period, owing to the great need of the institutions of the department, in so far as supplies are concerned, to obtain them without delay. Under such circumstances if the Board of Health only can open bids, it would be necessary for the Board to meet every few days.

The Board of Health, as you no doubt know, is composed of the Commissioner of Health, the Police Commissioner and the Health Officer of the Port, and the duties of the latter two members in their respective departments are onerous and exacting. It would, therefore, seem that they ought not to be required to attend at the Department of Health only for the purpose of opening bids or estimates.

These bids or estimates after being received and opened by the President or the Secretary, will be submitted to the Board at a regular meeting for consideration.

Very truly yours, EUGENE W. SCHEFFER, Secretary.

Proposed Amendment of Section 516 of the City Ordinances.

Sec. 516. The sealed envelope containing the estimate shall be endorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates, and no estimate shall be taken from the "Estimate Box" or the sealed envelope thereof, opened by any one, except at the time and in the manner herein designated for deciding on such estimates. At the time and place appointed for that purpose in the proposals as prescribed in this article, the head of the department, *or the president of the board where the same are advertised by a board, or the secretary thereof,* or other officers empowered to make the contract, in the presence of the Comptroller *or his representative,* and such of the parties making them as may desire to be present, shall then and there open the said estimate box and the estimates to be examined at that time, as may appear from the endorsements thereon, shall be taken from said box. The said head of department *or other party hereinbefore authorized* shall then and there publicly open and read all estimates which he may have received for the contract mentioned in such proposals, and shall reject all estimates not furnished in conformity with the law and the ordinances relating thereto and the requirements thereof. The award of the contract shall be made according to law.

Which was referred to the Committee on Laws and Legislation.

The Acting President laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 4061.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, June 16, 1913.

Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen, City of New York:

Dear Sir—I respectfully request that the Board of Aldermen authorize this department to purchase, without public advertising, an automobile truck, for the use of the repair companies of Brooklyn, at an expense not to exceed $2,000, in accordance with the provisions of section 419 of the Charter. Yours very truly,

J. W. F. BENNETT, Deputy and Acting Commissioner.

Which was referred to the Committee on Public Letting.

The Acting President laid before the Board the following communication from the President of the Borough of Queens:

No. 4062.

The City of New York, Office of the President of the Borough of Queens, Long Island City, June 11, 1913.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—The funds allotted to the Bureau of Highways, this department, for the year 1913, to employ Foremen and Laborers, is inadequate, and additional funds are necessary to carry on the work contemplated.

The funds allotted to the line Foremen will be exhausted on August 26, 1913, and to keep these men employed will require:

84 days each for 30 Foremen, 2,520 days, at $4	$10,080 00
120 days each for 5 Additional Foremen, 600 days, at $4	2,400 00
	$12,480 00

This sum of $12,480 is required to carry the present incumbents from August 26, 1913, to December 31, 1913, at the rate of 20 days per month, and five (5) Additional Foremen from July 1, 1913, to December 31, 1913, at the rate of 20 days a month. In connection with this request, I beg to give you herewith a comparative statement showing allotments for the years 1912 and 1913 for this line:

1912.	8,640 days at $4	$34,560 00
1913.	5,011 days at $4	20,044 00
Decrease, 1913.	3,629 days at $4	$14,516 00

The amount required for the line Laborers at $2.50 per diem, from July 1, 1913, to December 31, 1913, is as follows:

172 Laborers, from July 1 to December 31, 1913, 120 days for 172 Laborers, 20,640 days, at $2.50 ..... $51,600 00

In connection with this request I also beg to submit herewith a statement, showing the allotments for the years 1912 and 1913, to wit:

1912.	120.245 days at $2.50	$300,612 50
1913.	99,429 days at $2.50	238,572 50
Decrease, 1913.	20,816 days at $2.50	$62,040 00

As the material to be used to finish up the resurfacing work of the highways has been purchased, it is absolutely necessary that these Laborers be employed, and as there are several complaints being held in each ward of this Borough about the dangerous condition of the highways, which the present force of Foremen have been unable to undertake on account of the lack of help, application is hereby made to your Honorable Board for an issue of special revenue bonds, pursuant to subdivision 8, section 188 of the Greater New York Charter, to an amount not exceeding the sum of sixty-four thousand and eighty $64,080) dollars, to employ

Foremen.

30 Foremen, 84 days, 2,520 days, at $4	$10,080 00
5 Additional Foremen, 120 days, 600 days, at $4	2,400 00
	$12,480 00

Laborers.

172 Laborers, from July 1, 1913, to December 31, 1913, 120 days for 172 Laborers, 20,640 days at $2.50	$51,600 00
Total	$64,080 00

As the statements herewith submitted are self-explanatory, it is needless for me to speak further on this subject, and I would therefore request that your Honorable Board give this matter your favorable consideration, so that the work of the Bureau of Highways will not be hampered through a lay off of the forces, which I shall be compelled to do, if denied.

MAURICE E. CONNOLLY, President of the Borough of Queens.

The City of New York, Office of the President of the Borough of Queens, Long Island City, June 11, 1913.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—After a careful examination of the records of this Department, I find that the funds allotted to the Bureau of Highways, this Department, are entirely inadequate to meet the requirements thereof, and that they will be exhausted on or about July 12, 1913.

The allottment of Code T. S., for Transportation, Hire of Horses and Vehicles with Drivers, for the Bureau of Highways, this Department, will be exhausted on July 12, 1913, and in order to keep ninety-six (96) horses and carts, now employed, working during the summer months, additional funds are absolutely necessary. For that purpose application is hereby made to your Honorable Board, pursuant to subdivision 8, section 188, of the Charter of The City of New York, for an issue of special revenue bonds to an amount not exceeding forty-five thousand six hundred and ninety-six dollars ($45,696), for the purpose of employing:

96 Horses and carts 13,056 days, at $3.50 per day $45,696 00

In support of the above request, I beg to submit herewith a comparative statement of allottments of 1912 and 1913 for Hire of Horses and Vehicles with Drivers, from which statement you will note that the funds appropriated are entirely inadequate, as already stated:

1912.	Budget allowance, 15,906 days, at $3.50	$55,671 00
1913.	Budget allowance, 9,536 days, at $3.50	33,376 00
	Decrease, 6,370 days, at $3.50	$22,295 00

In addition to the above Budget allowance for 1912, a special revenue bond issue of 5,130 days, at $3.50, $17,995, was granted, thus making a total allowance for 1912 of $73,626.

This request for special revenue bonds to the amount of $45,696, will enable the 96 horses and carts to be employed from July 12, 1913, to December 23, 1913, and in order to keep the roads in proper and safe repair, it is absolutely necessary that additional funds be allotted to the Bureau of Highways, this Department, and without this additional allottment the highways in this Borough will become dangerous for the traveling public. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

The Acting President laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 4063.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park row, City of New York, June 13, 1913.

Hon. ARDOLPH L. KLINE, President, Board of Aldermen, City Hall, City:

Dear Sir—In connection with the subway work now being done by the Public Service Commission on the Broadway-Lenox ave. road, it is found that it will be possible to make arrangements with several of the contractors to do considerable work for the betterment of the distribution system at a considerable saving to the City.

Contracts for work at the following points can be made now to great advantage:

Section No. 1—Trinity pl. and Church st., from N. H. L. Morris st. to N. H. L. Dey st. Contractor, Frederick L. Cranford, Inc., will do the work shown on Plan M. B. 253, for	$1,472 75
Section No. 1A—Church and Fulton sts., and Broadway, from Vesey to Barclay. Contractor, Frederick L. Cranford, Inc., will do the work shown on Plan M. B. 254, for	575 00
Section No. 14—Lexington ave., from 129th st. to Harlem River, and Park ave., from 135th st. to Mott ave. Contractor, Arthur McMullen & Hoff Co., will do the work shown on Plan M. B. 268, for	675 00
Total	$2,722 75

The estimated cost of the above work, if done by this Department by contract under normal conditions, are $1,972.75, $991.50 and $1,723.50, respectively, making a total estimated saving by these proposed contracts of $1,965.

It is requested that you allow the Department to expend for the above purpose the sum of $2,722.75, without the formality of public bidding. A similar request was granted by your Board on April 15, 1913, but owing to some delay in securing the necessary permission, it became too late to include certain of those contracts, and the money thus remaining could be very well applied for this work.

I would ask that you kindly present this matter to your Honorable Board at its next meeting. Very truly yours,

J. W. F. BENNETT, Deputy and Acting Commissioner.

The Acting President laid before the Board the following communication from the Commissioner of Docks:

No. 4064.

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, June 13, 1913.

Hon. ARDOLPH L. KLINE, President, Board of Aldermen:

Sir—The funds allowed to this Department in the 1913 Budget for materials and supplies for the Bureau of Ferries are practically exhausted, and to meet necessary expenditures for the remainder of the year an additional sum of $60,000 is required.

This shortage is due in part to the fact that many materials and supplies purchased during the latter part of 1912 were made a charge against the 1913 funds, and in part to the fact that the allowance to this Department for materials and supplies in the 1913 Budget was greatly reduced.

I request that a resolution be adopted by the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the Charter, recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue special revenue bonds in the sum of $60,000 to provide additional funds for this Department for the purchase of materials and supplies needed during the remainder of the year 1913. Yours very truly, R. A. C. SMITH, Commissioner of Docks.

The Acting President laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 4065.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st ave. and 26th st., New York, June 11, 1913.

Hon. ARDOLPH L. KLINE, Vice-Chairman and Acting President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the issue of special revenue bonds in an amount not exceeding $750, to provide for the salaries of two Laboratory Assistants from July 1, to December 31, 1913, each at a salary of $750 per annum. The appointment of the Laboratory Assistants is for the purpose of performing Wasserman reactions on all cases admitted to the hospital, and chemical work in the laboratory in blood and

spinal fluids, and is recommended by the Medical Board of Bellevue Hospital as it will prove of great advantage in increasing the efficiency of the hospital work.

Respectfully, J. K. PAULDING, Secretary, Board of Trustees.

The Acting President laid before the Board the following communications from the Commissioner of Water Supply, Gas and Electricity:

No. 4066.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's office, 13-21 Park row, New York, June 17, 1913.

Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen, City of New York:

Dear Sir—The moneys appropriated for the purchase of supplies and materials for the pumping stations of Manhattan and The Bronx are practically exhausted.

There are no balances available for transfer to these accounts, and it becomes necessary, therefore, to ask for revenue bonds.

I would, therefore, respectfully ask that the Board of Aldermen, by resolution, request the Board of Estimate and Apportionment to authorize revenue bonds in the sum of $6,900, which amount, it is estimated, will be required for the balance of this year. Yours very truly,

J. W. F. BENNETT, Deputy and Acting Commissioner.

No. 4067.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's office, 13-21 Park row, New York, June 16, 1913.

Hon. ARDOLPH L. KLINE, President, Board of Aldermen:

Dear Sir—The Hersey Manufacturing Company submitted to the Department some months ago for test a 4-inch Hersey torrent water meter. This meter has been on sale for some years throughout the United States and Canada. It is made in sizes from 2 inches to 12 inches and is adapted for the quick delivery of water. This meter was tested in one of the public baths and at the power plant of the New York Edison Company.

During this period of service about 800,000 cubic feet of water passed through the meter and at stated intervals it was tested for accuracy and taken apart for the purpose of observing evidence of wear or looseness in the gearing. During a period of about six months the meter was tested about twenty times, and in almost every instance these tests indicated that the meter was nearly perfect, so far as recording exactly the quantity of water passing through it is concerned. The department makes allowance for certain variations of flows and the meter always tested within these allowances.

The City is now using several meters of other types made by the Hersey Manufacturing Company. They have been found to be equal to the meters of other manufacturers, and the torrent meter, which they now ask the City to adopt, is specially constructed for use in large manufacturing plants and other establishments where the consumption of water is great.

In my opinion, this meter is a proper and suitable instrument for the registration of water, which registration serves as a basis for the establishment of charges, and I recommend its adoption by the Board of Aldermen, both as to pattern and price, pursuant to the requirements of section 475 of the Charter. The sizes and prices are as follows:

2-inch Hersey torrent water meter	$40 00
3-inch Hersey torrent water meter	80 00
4-inch Hersey torrent water meter	160 00
6-inch Hersey torrent water meter	350 00
8-inch Hersey torrent water meter	600 00
10-inch Hersey torrent water meter	750 00
12-inch Hersey torrent water meter	900 00

Very truly yours, J. W. F. BENNETT, Deputy and Acting Commissioner.

REPORTS OF SPECIAL COMMITTEES.

On behalf of the Special Committee on Push Carts and Markets, Alderman Brush offered the following resolution:

No. 4068.

Whereas, On the 6th day of May, 1913, this Board adopted an ordinance declaring as public markets certain spaces under the Manhattan and Williamsburgh Bridges, the Old Essex Market Court House, the Blind alley lying between Ludlow and Essex sts. and a portion of the Union Market, and the premises known as the Old Essex Market; and

Whereas, On said date this Board passed an ordinance prohibiting pushcart peddling in the territory bounded by Catherine st., the Bowery, Stanton st. and the East River; and

Whereas, These ordinances are now law and take effect immediately; and

Whereas, It is necessary, in order to put in effect said ordinances, that certain moneys be expended on the places declared markets in said ordinances; and

Whereas, It is necessary, in order to avoid great hardship on the peddlers now occupying the streets in the neighborhood of the bridges and the other places declared markets in said ordinances, that funds be immediately available; now therefore be it

Resolved, That the Board of Estimate and Apportionment be and it hereby is requested to immediately appropriate the sum of at least fifty thousand dollars ($50,000) corporate stock to put in proper condition the places declared as markets in said ordinances; and that said funds, when available, be expended under the supervision of the Department of Bridges and the Borough President.

WM. D. BRUSH, MAX S. LEVINE, JAMES L. DEVINE, JOHN F. WALSH, FRANK J. DOTZLER, JAMES F. MARTYN.

Which was adopted.

PETITIONS AND COMMUNICATIONS RESUMED.

No. 4069.

Society for the Prevention of Crime, Germania Life Insurance Building, No. 50 Union square, Room 1709, June 17, 1913.

To the Board of Aldermen of The City of New York:

I desire to ask you in the name of the Society for the Prevention of Crime to make some form of censorship a part of any motion picture ordinance which you honorable body may enact. It is within your power by 53 votes to enact such an ordinance, as, for instance, Chicago has, in spite of the Mayor's opposition. The States of Ohio. California and Kansas have State censorship boards. Various applications for injunctions to restrain the operation of the numerous censorship laws throughout the country have been made, but always denied.

We suggest that the censorship clause might provide for the abolition of the local board, if and when a State censorship shall be established.

WILLIAM SHEAFE CHASE, Vice-President.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Salaries and Offices—

No. 3321.

The Committee on Salaries and Offices, to which was referred on April 15, 1913 (Minutes, page 95), the annexed resolution in favor of fixing grade of Mechanical Engineer, Department of Water Supply, Gas and Electricity, at $3,000 per annum, respectfully

REPORTS:

That this is an increase of $900 per annum in the salary of an engineer, who performs duties formerly assigned to two Engineers at a much higher rate. The work connected with this position has largely increased since 1909, bringing with it a much greater responsibility. The committee believes the services rendered to be deserving of the proposed salary, and recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held April 10, 1913.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Mechanical Engineer	$3,000 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

JACOB WEIL, D. M. BEDELL, MICHAEL CARBERRY, EDWARD EICHHORN, JAMES F. MARTYN, W. D. BRUSH, F. H. STEVENSON, R. H. BOSSE, HUGH CUMMUSKEY, Committee on Salaries and Offices.

Alderman Brush moved the adoption of this resolution.

The Acting President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bolles, Boschen, Bosse, Carberry, Cunningham, Curran, Delaney, Devine, Dixson, Dotzler, Dowling, Downing, Donnelly, Dujat, Dunn, Eagan, Eichhorn, Fink, Folks, Gaynor, Gilmore, Hannon, Herbst, Kenneally, Levine, Loos, McCann, McCourt, McGrath, Molen, Morrison, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Post, Reardon, Smith, Stapleton, Stevenson, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, by L. L. Tribus, Commissioner of Public Works—48.

No. 3695—(G. O. No. 537).

The Committee on Salaries and Offices, to which was referred May 27, 1913 (Minutes, page 527), the annexed resolution in favor of requesting the Commissioner of Docks to give the prevailing rate of wages to Boilermakers in said department, respectfully

REPORTS:

That this request seems equitable and in line with the policy of the City regarding members of the various trades, and it, therefore, recommends that the said resolution be adopted.

Resolved, That the Department of Docks and Ferries is hereby requested to increase the salary of the Boiler Makers in said Department to four dollars and twenty-five cents per diem, same being the amount paid by the Department of Water Supply, Gas and Electricty, and which is regarded as the prevailing rate of pay for that class of work.

JACOB WEIL, D. M. BEDELL, MICHAEL CARBERRY, EDWARD EICHHORN, JAMES F. MARTYN, WM. BRUSH, F. H. STEVENSON, R. H. BOSSE, HUGH CUMMUSKEY, Committee on Salaries and Offices.

The Committee on Salaries and Offices, to which was referred on May 27, 1913 (Minutes, page 540), the annexed resolution in favor of fixing grades for Mechanics and other employees under President of the Borough of Manhattan, respectfully

REPORTS:

That the Committee is informed that the men to be appointed under this resolution are to be employed on the new Municipal Building.

It recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held May 22, 1913:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Manhattan of the grades of positions, in addition to those theretofore established, as follcws:

Title.	Rate.	Number of Incumbents.
Plumber's Helper	$3 00 per day	Unlimited
Steamfitter's Helper	3 00 per day	Unlimited
Marble Polisher	4 40 per day	Unlimited
Marble Setter	5 50 per day	Unlimited

No. 3797—(G. O. No. 539).

The Committee on Salaries and Offices, to which was referred on June 3, 1913 (Minutes, page 587), the annexed resolution in favor of establishing grade of Clerk, Permanent Census Board, at $600 per annum, for an unlimited number of incumbents, respectfully

REPORTS:

That the Committee is informed that this is an intermediate grade desired for purposes of promotion. It has, however, established a fixed policy as regards clerical positions that the number in each grade must be stated. The Board secretary stated that four incumbents would be sufficient, and the Committee therefore recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held May 29, 1913.

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment in the Permanent Census Board of grade of position, in addition to those heretofore established, as follows:

Title.	Number of Incumbents.	Rate Per Annum.
Clerk	Unlimited.	$600 00

Resolved, That the said resolution be and the same is hereby amended by striking therefrom the word "Unlimited" under the heading "Number of Incumbents," and inserting in lieu thereof the figure "4";

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein, for four incumbents only.

The Committee on Salaries and Offices, to which was referred on June 3, 1913 (Minutes, page 588), the annexed resolution in favor of establishing the grade of position of Stenographer and Typewriter at $1,650 per annum, Fire Department, respectfully

REPORTS:

That this is an increase in salary of $150 per annum for an employee in the service since 1897, whose last and only increase was granted in 1906.

The committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held May 29, 1913.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

	Rate per Day.	Number of Incumbents.
Stenographer and Typewriter	$1,650 00	1

Resolved, That the Board of Aldermen hereby approves of and occurs in the above resolution and fixes the salary of said position as set forth therein.

The Committee on Salaries and Offices, to which was referred on June 3, 1913 (Minutes, page 588), the annexed resolution in favor of establishing the position of Accountant, at $3,000 per annum, in the Board of City Record, respectfully

REPORTS:

That this resolution contemplates an increase in salary of $750 per annum for an employee at present classified as a Bookkeeper, but eligible as a certified public accountant for the new position. His training in this office makes him valuable to the Department, and it is stated that the additional work assigned him makes the increase a deserved one.

The Committee recommends the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held May 29, 1913.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of City Record, City of New York, of the grade of position, in addition to those heretofre established, as follows:

The Committee on Salaries and Offices, to which was referred on June 3, 1913 (Minutes, page 589), the annexed resolution in favor of fixing compensation of certain Janitors, Department of Education, respectfully

REPORTS:

That, having examined the subject, it believes the proposed changes to be necessary.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held May 29, 1913:

Whereas, By opinions of the Corporation Counsel, as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and,

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore, be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor, Public School 82, Queens, per annum, less $221 ..... $1,848 00

—and that the grade of position be abolished as follows:

Janitor, Public School 82, and portables, Queens, per annum, less $221 .... $2,148 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein.

That this position is requested for a chief to supervise the work of 27 Inspectors in the Bureau of Fire Prevention in the Boroughs of Brooklyn and Queens. The Chief Inspector is stationed in Manhattan and has all he can attend to in Manhattan, The Bronx and Richmond. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held May 29, 1913:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Deputy Chief Inspector	$3,000 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

JACOB WEIL, D. M. BEDELL, MICHAEL CARBERRY, EDWARD EICHHORN, JAMES F. MARTYN, W. D. BRUSH, F. H. STEVENSON, R. H. BOSSE, HUGH CUMMUSKEY, Committee on Salaries and Offices.

Alderman Brush moved the adoption of this resolution.

The Acting President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bolles, Boschen, Bosse, Carberry, Cunningham, Curran, Delaney, Devine, Dixson, Dotzler, Dowling, Downing, Donnelly, Dujat, Dunn, Eagan, Eichhorn, Fink, Folks, Gaynor, Gilmore, Hannon, Herbst, Kenneally, Levine, Loos, McCann, McCourt, McGrath, Molen, Morrison, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Post, Reardon, Smith, Stapleton, Stevenson, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, by L. L. Tribus, Commissioner of Public Works—48.

No. 3822 (G. O. No. 543).

The Committee on Salaries and Offices, to which was referred on June 3, 1913 (Minutes, page 625), the annexed ordinance in relation to the Board of Water Supply police, respectfully

REPORTS:

That an appearance was made before the Committee by Commissioner Strauss of the Board of Water Supply and Mr. Talley, representing the water supply police. The Committee understands that the City authorities having control of this matter are in favor of this ordinance. A bill, containing somewhat similar provisions to those incorporated in the present ordinance, was passed by the last Legislature, but met with the disapproval of his Honor the Mayor. It is understood by the Committee that the proposed ordinance is prepared with a view to eliminating the features to which the Mayor took exception, and is in such shape that it may now be accepted by him. The provisions of the ordinance are very clear in that it provides that these men shall not be transferred without the consent of the Board of Water Supply and the Police Commissioner, and, further, that they shall not participate in the benefits of the police pension fund unless they shall make up any back payments which may be due at the time of their transfer.

The Committee has been informed that all of these men had to undergo a rigid civil service examination, that they all must qualify for service as cavalrymen in addition to their work as patrolmen, and it believes that such of them as may secure a transfer under the terms of the proposed ordinance will prove acceptable additions to the ranks of the present police force.

It, therefore, recommends that the said ordinance be adopted.

An Ordinance in relation to the Board of Water Supply Police.

AN ORDINANCE to transfer certain members of the Board of Water Supply Police force to the police force of The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The members of the police force of the Board of Water Supply of The City of New York, upon the termination of their service on such force by reason of the completion of the work for which they were appointed by said Board of Water Supply, shall be severally eligible for transfer to the position of Patrolman in the Police Department of The City of New York, upon the written request in each case of the Board of Water Supply, accompanied by the consent, also in writing, of the person to be transferred, and the further consent of the Police Commissioner of The City of New York. The time served as a member of said Board of Water Supply police force shall be included and counted as service in the Police Department of The City of New York, in determining salary and eligibility for advancement, promotion, retirement and pension as hereinafter provided, provided, however, that no person becoming a member of the Police Department of The City of New York in the manner herein provided shall be entitled to participate in the benefits of the relief or pension fund of the Police Department, unless he shall pay into such fund the total sum that he would have been required to pay, in order to participate therein, had he been a member of such force from the time he entered the service of such Board of Water Supply.

Sec. 2. This Ordinance shall take effect

JACOB WEIL, D. M. BEDELL, MICHAEL CARBERRY, EDWARD EICHHORN, JAMES F. MARTYN, W. D. BRUSH, F. H. STEVENSON, R. H. BOSSE, HUGH CUMMUSKEY, Committee on Salaries and Offices.

Which was laid over.

Nos. 3632 and 3954 (G. O. No. 544).

The Committee on Salaries and Offices, to which was referred on May 20 and June 10, 1913 (Minutes, pages 465 and 824), the annexed resolution in favor of establishing grades of positions of Inspectors of Masonry and Carpentry and Junior Architectural Draftsmen, Department of Education, respectfully

REPORTS:

That, having examined the subject, it believes the proposed changes to be necessary in order that the titles of the positions involved may correspond to the civil service requirements. The explanation from the Department of Education hereto attached gives the details in full. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held June 5, 1913:

Resolved, That the following resolution adopted by the Board of Estimate and Apportionment on May 8, 1913:

"Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment in the Department of Education of grades of positions, in addition to those heretofore established, as follows:

Title.	Rate per Annum	Number of Incumbents.
Inspector of Masonry and Carpentry	$2,355 00	1
Inspector of Masonry and Carpentry	1,500 00	1
Junior Architectural Draftsman	900 00	4
Junior Architectural Draftsman	912 50	1"

—be *amended* to make the list of positions read as follows:

Title.	Rate per Annum	Number of Incumbents.
Inspector of Masonry and Carpentry	$2,355 00	1
Inspector of Masonry and Carpentry	1,500 00	1
Junior Architectural Draftsman	900 00	4
Junior Architectural Draftsman	915 83	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

JACOB WEIL, D. M. BEDELL, MICHAEL CARBERRY, EDWARD EICHHORN, JAMES F. MARTYN, W. D. BRUSH, F. H. STEVENSON, R. H. BOSSE, HUGH CUMMUSKEY, Committee on Salaries and Offices.

The following positions have been approved of by the Board of Estimate and Apportionment on May 8, 1913, and recommended to the Board of Aldermen for its approval:

	Per Annum.
Inspector of Masonry and Carpentry, 1 at	$2,355 00
Inspector of Masonry and Carpentry, 1 at	1,500 00
Junior Architectural Draftsman, 4 at	900 00
Junior Architectural Draftsman, 1 at	915 83

The position of Inspector of Masonry and Carpentry, 1 at $2,355 per annum, is to be substituted in place of 1 Inspector of Masonry, at $2,355.

This change is made so that the schedule lines will conform with the civil service title of the incumbent (Mr. Foster).

The position of Inspector of Masonry and Carpentry, at $1,500, is to take the place of 1 Inspector of Masonry and Carpentry, at $1,884 per annum.

Four (4) Junior Architectural Draftsmen, at $900, are to take the place of 3 Architectural Draftsmen, at $1,783, $1,177.50 and $1,046.67, respectively.

This change is made on account of the non-existence of civil service lists to fill the positions as they exist at the present time.

The 1 Junior Architectural Draftsman, at $915.83, is to take the place of Draftsman's Helper, at $915.83.

This change is also requested so that the civil service title of the present incumbent (Mr. Casper) will conform with the schedule lines.

Which was laid over.

No. 3955 (G. O., No. 545).

The Committee on Salaries and Offices, to which was referred on June 10, 1913 (Minutes, page 825), the annexed resolution in favor of establishing the position of Clerk, at $2,400 per annum, in the Department of Education, respectfully

REPORTS:

That this is an increase of $150 per annum in the salary of an employee of long service. Attached is a memo giving the history of his employment.

The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held June 5, 1913:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the reater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Education of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk	$2,400 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

JACOB WEIL, D. M. BEDELL, MICHAEL CARBERRY, EDWARD EICHHORN, JAMES F. MARTYN, WM. BRUSH, F. H. STEVENSON, R. H. BOSSE, HUGH CUMMUSKEY, Committee on Salaries and Offices.

The Committee on Salaries and Offices, to which was referred on June 10, 1913 (Minutes, page 825), the annexed resolution in favor of fixing compensation of certain Janitors, Department of Education, respectfully

REPORTS:

That, having examined the subject, it believes the proposed changes to be necessary.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held June 5, 1913:

Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter, and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor, Public School 44, The Bronx, per annum.....	$3,972 00
Janitor, Public School 45, The Bronx, per month.....	125 00
Janitor, Public School 26, The Bronx, for care of two portables, per annum	180 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein.

The Committee on Laws and Legislation, to whom was referred, on May 27, 1913 (Minutes, page 580), the annexed ordinance relative to service of City employees, respectfully

REPORTS:

That, having examined the subject, it believes the proposed legislation to be desirable.

It therefore recommends that the said ordinance be adopted.

AN ORDINANCE in relation to service of employees.

The Board of Aldermen of The City of New York do enact as follows:

Four hours upon any Saturday during the months of July and August shall constitute a full day's work for all employees of any department or bureau of The City of New York. The head of a department or bureau shall have power to employ the subordinates of such department or bureau upon any legal holiday or may employ them upon any such Saturday in excess of the legal day's work above prescribed, and may pay them compensation therefor at the rate of their usual wages or salaries. The provisions of this section shall apply to and include per diem employees, but shall not apply to the uniformed Police and Fire Departments.

This act shall take effect immediately.

COURTLANDT NICOLL, WM. BRUSH, MAX S. LEVINE, JOHN A. BOLLES, JOHN DIEMER, JAMES HAMILTON, Committee on Laws and Legislation.

SUBSTITUTE.

AN ORDINANCE repealing section 1457 of the Greater New York Charter by authority of Laws 1901, chapter 466, section 3, and regulating the use of the streets for processions and parades.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. All processions, parades or races occupying or marching upon any street to the exclusion or interruption of other citizens in their individual right and use thereof (excepting processions of the National Guard, the Police and Fire Departments, and Associations of Veteran Soldiers), are forbidden, unless written notice of the character, object, time and route of such procession, parade or race, and the estimated number of persons to take part therein, be given by the chief officer or person in charge thereof, not less than twenty-four hours previous to its forming or marching, and in the case of any procession upon 5th avenue, not less than five days previous to its forming or marching, to the Police Commissioner of the City.

Section 2. All such processions, parades or races upon 5th avenue, south of 59th street, are forbidden between the hours of 9 a. m. and 6.30 p. m., excepting processions of the City Departments and Bureaus, those that are primarily patriotic in their character and purpose, those which take place upon a legal holiday, and those on Sunday that are permitted by law upon that day. The Police Commissioner shall have full power upon receiving notice of any procession to determine whether such procession is one of a class or character specified in this section, and his determination thereon shall be final; and if he shall determine that any such procession is not of such a class or character it shall be his duty to notify the chief officer thereof of such determination, at least three days previous to the time specified for its forming or marching.

Section 3. It shall be the duty of the Police Commissioner to furnish such escort, and station as many police along the line of parade as may be necessary to protect persons and property and maintain the public peace and order; and it may be lawful for said Commissioner to designate to any such procession or parade how much of the width of the street it can occupy, with special reference to the size and occasion of the procession and the nature of the thoroughfare through which said procession may move; and when so designated the chief officer of said procession and his aides shall be responsible that the designation is obeyed. It shall be the further duty of the Police Commissioner to cause to be disbanded any procession which is disorderly in character, or which shall disturb the public peace and order.

Section 4. Every person participating in a procession, parade or race, who shall have been convicted of a wilful violation of any provision of this ordinance, shall be punishable with a fine not exceeding fifty dollars, or imprisonment not exceeding ten days, or both, at the discretion of the court.

Section 5. This ordinance shall take effect immediately.

AN ORDINANCE repealing section 1457 of the Greater New York Charter, by authority of Laws 1901, chapter 466, section 3, and regulating the use of the streets for processions and parades.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. All processions or parades occupying or marching upon any street to the exclusion or interruption of other citizens in their individual right and use thereof (excepting processions of the National Guard and Police and Fire Departments and associations of veteran soldiers) are forbidden, unless written notice of the character, object, time and route of such procession or parade, and the estimated number of persons to take part therein, be given by the chief officer thereof not less than twenty-four hours previous to its forming or marching, and in case of any procession upon 5th ave., not less than five days previous to its forming and marching to the Police Commissioner of the City.

Section 2. All such processions or parades upon 5th ave. are forbidden, excepting processions of the National Guard, the U. S. Army and Navy, the Police, Fire and Street Cleaning Departments, associations of veteran soldiers, processions that are primarily patriotic in their character and purpose, and those which take place upon a national holiday and are closely related in character and purpose to the object for which such holiday was selected. The Police Commissioner shall have full power upon receiving notice of any procession to determine whether such procession is one of a class or character specified in this section, and his determination thereon shall be final; and if he shall determine that any such procession is not of such a class or character it shall be his duty to notify the chief officer thereof of such determination at least three days previous to the time specified for its forming or marching.

Section 3. In the case of any procession or parade upon 5th ave., the procession shall be divided into divisions or sections, and no such division or section shall extend continuously along such avenue in its line of march for a greater distance than ten city blocks, running north and south upon said avenue. Between each division or section there shall be a space or gap of at least two city blocks aforesaid, and it shall be the duty of the Police during the intervals between the passing of such sections or divisions to permit traffic from the cross streets to cross over said avenue. The chief officer of the procession and his aides shall be responsible for the length of such sections and the gaps or spaces between them, and in addition to such responsibility the chief officer, if any, of each section, shall likewise be responsible for the length of such section and of the gap or space between his section and the section immediately preceding. It shall be the further duty of the Police, if they shall determine that the public convenience is better served thereby, to lengthen the gaps or spaces between said sections, or the interval of time between the passing of sections at all streets crossing 5th ave. along which street cars usually pass, and also at 50th st.

Section 4. It shall be the duty of the Police Commissioner to furnish such escort, and station as many Police along the line of parade, as may be necessary to protect persons and property and maintain the public peace and order; and it may be lawful for said Commissioner to designate to any such procession or parade how much of the width of the street it can occupy, with special reference to the size and occasion of the procession and the nature of the thoroughfare through which said procession may move; and when so designated the chief officer of said procession and his aides shall be responsible that the designation is obeyed. It shall be the further duty of the Police Commissioner to cause to be disbanded any procession which is disorderly in character, or which shall disturb the public peace and order.

Section 5. Every person participating in a procession or parade who shall have been convicted of a wilful violation of any provision of this ordinance shall be punishable with a fine not exceeding fifty dollars or imprisonment not exceeding ten days, or both, at the discretion of the Court.

Section 6. This ordinance shall take effect immediately.

The Committee on Laws and Legislation, to which was referred on June 3, 1913 (Minutes, page 625), the annexed ordinance to amend the Code relative to the Clerk of the Board of Aldermen, respectfully

REPORTS:

That it believes this proposed amendment, emanating from the Justices and Magistrates mentioned, seems to be desirable.

It, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE to amend section 7 of article 2 of chapter 2 of Part 1 of the Code of Ordinances of The City of New York, relating to "The Clerk of the Board of Aldermen."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 7 of article 2 of chapter 2 of Part 1 of the Code of Ordinances of The City of New York, relating to "The Clerk of the Board of Aldermen," is hereby amended so as to read as follows:

Sec. 7. He shall on the day succeeding the approval by the Mayor of any ordinance or resolution, or on the day succeeding its return by the Mayor without approval or objection, deliver to the head of the appropriate department a certified copy of the same (.) *; and he shall also deliver to each City Magistrate, each Justice of the Court of Special Sessions and each Justice of a Municipal Court, a certified copy of each ordinance or resolution the nature of which comes within the cognizance of any of these courts.*

Sec. 2. This ordinance shall take effect immediately.

The Committee on Laws and Legislation, to which was referred on June 10, 1913 (Minutes, page 846), the annexed ordinance to provide for permits for sale of newspapers, respectfully

REPORTS:

That, having examined the subject and held a public hearing thereon, it believes the proposed amendment to the Code of Ordinances entailing a diminution of the powers of the Board of Aldermen as defined by the Charter to be unnecessary and therefore recommends that the hereto attached substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE to provide for permits for the sale of newspapers and periodicals.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Article IV of the Code of Ordinances of The City of New York is hereby amended by adding thereto a section immediately after section 363 of said article, a section to be known as 363A.

Permits for the Sale of Newspapers and Periodicals.

Section 363A. In or on the streets of The City of New York where there is no stoop line, or on which the stoop line has been abolished, or may hereafter be abolished, the Bureau of Licenses is hereby permitted and authorized to grant permits for the erection of stands for the sale of newspapers and periodicals only in front of premises the owner or owners of which consent thereto, provided neither the stand nor any part thereof shall project more than one foot from the house line on or over the sidewalk in front of said premises, or in front of the curb line opposite the premises, the owner or owners of which consent thereto, provided said stand shall not be more than one foot in width nor project on or over the sidewalk more than foot in front of the curb line.

The Bureau of Licenses is further authorized to grant permits for the erection of stands for the sale of newspapers and periodicals only on the sidewalk in front of the entrances to subway stations, but such stands shall be not more than three feet in length by one foot in width, nor project on or over the sidewalk more than one foot in front of the curb line.

The Bureau of Licenses is further authorized to grant permits for the erection of news stands along the rear wall of the kiosks or coverings of entrances to subways, but such stands shall not be longer than such rear wall of any kiosk or covering and not more than one foot in width, nor project more than one foot on or over the sidewalk in front of such rear wall of the kiosk or covering.

Report of Committee on Public Letting—

No. 3960 (S. O. No. 273).

The Committee on Public Letting, to which was referred on June 10, 1913 (Minutes, page 827), the annexed request from the President of the Borough of Queens for authority to purchase 2,500 cubic yards of fill, without public letting, at a cost not to exceed $1 per yard, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary, and that this purchase comes under the character of emergency supplies.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President ot the Borough of Queens be and he is hereby authorized and empowered to purchase twenty-five hundred cubic yards of fill, in the open market, without public letting, at a total cost not to exceed the sum of twenty-five hundred dollars ($2,500).

The City of New York, Office of the President of the Borough of Queens, Long Island City, June 10, 1913.

Board of Aldermen, City of New York:

Gentlemen—I hereby respectfully request your Board to approve of the purchase, without public letting, of about 2,500 cubic yards of fill to cost about $1 a yard.

The attention of this department has been called to a very dangerous condition on the Rockaway turnpike, between New York ave. and Hook Creek, and it is my desire to prosecute the work forthwith.

We have no available fill, and it will be necessary to purchase the quantity requested. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

REPORTS OF SPECIAL COMMITTEES.

Report of Special Committee on Investigation of Police Department.

New York, N. Y., June 10, 1913.

The undersigned members of the Special Committee appointed on August 5, 1912, by the Board of Aldermen of New York City to investigate the Police Department, submits the following report:

Preface.

During the early part of July, 1912, officers of the Police Department were openly accused of protecting from prosecution persons violating the law, and sharing in the profits of their crime. This accusation was made in a daily newspaper by Herman Rosenthal, a well known professional gambler. The charge was promptly taken up by the District Attorney of New York County, who summoned Rosenthal to his office. Preparations were made for an investigation by the Grand Jury, and it was announced in the daily press that Rosenthal would appear before the District Attorney on July 16, 1912, prepared to substantiate his charge.

Rosenthal was shot down by four assassins on a well-lighted thoroughfare, a few feet off Broadway, on the morning of July 16. Although several police officers were in the immediate vicinity, the murderers made their escape in an automobile without interference. The fact that Rosenthal was shot within a few hours of the time at which he was to testify against police officers, and the bold manner in which the murder was committed, at once created a widespread belief that police officers had instigated the crime.

Shortly thereafter Charles Becker, a Police Lieutenant, was indicted for the murder of Rosenthal. Becker had been entrusted with the enforcement of the laws against gambling, and enjoyed the confidence of his superior officers. He was later convicted of instigating this murder and sentenced to death.

The murder of Rosenthal caused intense public excitement and indignation. A sharp challenge of the morale and efficiency of the Police Department was made on all sides. The need was felt for a thorough investigation into the general administration and personnel of the department—important matters not within the scope of the criminal prosecutions directed against individuals, which at once had been begun by the District Attorney.

The Board of Aldermen on August 5, 1912, adopted the following resolution:

"Resolved, That a special committee of nine members elected to the Board of Aldermen, the first named to be chairman, be appointed, authorized, empowered and directed to inquire whether the laws and ordinances of The City relating to the Police Department of The City of New York are being faithfully observed, and whether the duties of the officers of such department are being faithfully discharged, and to examine and report whether there are any unnecessary, inefficient or unfit employees of said department; and generally in respect of any and all matters which will conduce to the orderly and economical administration of the affairs of the Police Department aforesaid; and that for the purpose of such inquiry such committee shall have all the powers and authority possessed by the Board of Aldermen to conduct such inquiry, including any and all powers that may be conferred upon a committee appointed pursuant to section 54 of the Greater New York Charter."

On the same day the following committee was appointed: Henry H. Curran, Chairman; Ralph Folks, Robert F. Downing, James Hamilton, O. Grant Esterbrook, W. Augustus Shipley, Frank L. Dowling, Francis P. Kenney and James J. Smith.

Introduction.

Immediately after its appointment the committee organized and selected Robert F. Downing as its secretary. It retained Emory R. Buckner as its chief counsel, and Messrs. Nathan A. Smyth, Charles S. Guthrie, William A. Moore and Louis Lande as associate counsel. Because of other duties Messrs. Smyth and Guthrie afterwards resigned and Harold S. Deming was thereupon retained as associate counsel.

The Committee has held 80 public sessions in the Aldermanic Chamber in City Hall, beginning September 10, 1912, and ending March 27, 1913. It has received the testimony of 224 witnesses, and has examined, through its investigators, tens of thousands of documents on file in the Police Department and elsewhere. The record of the proceedings before the Committee consists of 4,800 printed pages. A total sum of $40,000 was appropriated to meet the expenses of the investigation.

Early in the investigation the Committee became convinced that corruption and inefficiency in the Police Department are in large part due to administrative methods which make intelligent direction and accountability impossible. It determined that it could best perform its duty by making the administration of the department its principal subject of study. Corruption in the department has been recurrently shown by investigation for many years. It is apparent that mere occasional exposure is not the remedy for police evils. It has been the aim of the Committee not only to expose the individual grafter, but also to examine the causes which make grafting possible.

We have received testimony showing many specific instances of corruption and participation in crime upon the part of the police, from which many convictions have since resulted. This testimony emphasized the need and pointed the direction for a constructive inquiry.

On March 11, 1913, the Committee made a Preliminary Legislative Report. This report dealt only with matters requiring legislative enactment or repeal. It was made in advance of this final report that it might be available before the legislature finally adjourned. This Preliminary Report will be found hereto attached.

The Committee has been assisted in its work by the co-operation of Honorable Charles S. Whitman, District Attorney of New York County, in assigning one of his assistants, J. Robert Rubin, to aid our counsel. This assistance facilitated prompt prosecution and conviction of police officials accused before us. A detailed statement of indictments and convictions obtained by the District Attorney during the progress of our investigation been appears later in this report.

The Committee has also substantially aided in the details of its administrative inquiry by the Bureau of Municipal Research. This non-official organzation was enabled by special contribution from a private source to place at the service of the Committee, without charge, many expert assistants.

The Citizens Union also rendered assistance to the Committee by collecting for it important statistical data.

To our amazement, many members of the department refused to sign formal waivers of immunity, and insisted upon claiming any freedom from prosecution which might arise from the giving of incriminating testimony. It seems incredible that members of the department should refuse to testify before a committee of the Board of Aldermen unless permitted to do so without waiving immunity from prosecution. Even those police officers whom witnesses before us had directly charged with extortion, burglary and robbery, refused to make any explanation or denial of the charges unless allowed to do so without waiving immunity. We might very naturally have expected a Police Commissioner to take drastic action in the case of any officer refusing to waive immunity. To our great astonishment, however, the Police Commissioner himself was the first so to refuse, upon the ground that our asking him to waive immunity was a "gratuitous insult." He thus furnished a safe precedent for the protection of grafters and others on the force who for reasons best known to themselves gladly followed his example.

The roll of members of the department refusing to waive immunity is as follows:

Commissioner Rhinelander Waldo, Deputy Commissioner George S. Dougherty, head of the Detective Bureau; Winfield R. Sheehan, Secretary to the Commissioner; Inspector Dennis Sweeney (since convicted), Captain Thomas W. Walsh (since convicted), Captain Dominick Henry, Captain William H. Kinsler, Lieutenant William W. Duggan, Lieutenant John Glynn, Detective Joseph Daley, Patrolman Henry Resmeyer, Patrolman Arthur Carmack, Patrolman Joseph Michaelson.

Our findings and recommendations follow herewith under appropriate headings.

The Present Police Commissioner.

We have become convinced that the present Police Commissioner, Rhinelander Waldo, is incompetent and unfit to perform the duties of his office. Many of the existing evils of the Department can be directly traced to his inefficiency and administrative blunders. The evidence before us, which will be discussed in detail in later sections of this report, shows conclusively his incapacity to administer the Department, in that:

1. He has failed to exercise his powers or to employ the means at his command to prevent a wide-spread system of blackmail and extortion by certain of his subordinates.

2. He has permitted to be given to the very men accused, for their own information, letters charging them with graft, without making independent investigation. No better protection could well be afforded criminal Policemen than the privilege of self-investigation.

3. He has refused to heed repeated warnings against personally selected subordinates who were at the time betraying him and the City.

4. He has neglected to discipline those Inspectors who have been proven either inefficient or significantly inactive. Raids over their heads by Headquarters vice squads have not resulted in reprimand, demotion, or other action.

5. He has neither secured nor made serious effort to secure from his subordinates accurate information concerning crime conditions in the city. The files of the Department contain inaccurate and misleading reports in great number, although the facts could readily have been ascertained.

6. He has made it possible for commanding officers to conceal from him valuable information by permitting them to make any disposition they choose of complaints made to them by citizens.

7. He has not controlled but coddled the superior officers of the Department. For example:

(a) He has established a pension board, composed of the presidents of the Captains', Lieutenants', Sergeants' and Patrolmen's associations to advise him concerning the disposition of each pension application. These men pass upon the pension applications of the members of their own associations.

(b) At the request of the Lieutenants he has removed the numbers from their badges. As a result, it is no longer possible for a citizen to report by number any one of the 600 Lieutenants in the city.

(c) He has remitted the fines imposed by his predecessor upon 42 commanding officers, but in no instance has he remitted a fine imposed by his predecessors upon a Patrolman. The remission of these fines was contrary to law and expressly against an opinion of the Corporation Counsel, on file at Police Headquarters at the time.

(d) He has reinstated, without court proceedings, many officers dismissed by his predecessors. Some of these reinstatements were contrary to the opinion of the Corporation Counsel on file in the Department, clearly illegal, and since nullified by the courts upon a taxpayer's complaint. Other reinstatments, though not illegal, were wholly without justification. In some cases they were made by the Commissioner after the courts had held the dismissals justified.

8. He has appointed to the Force many men who had sworn falsely upon their applications. He has done this in some cases against the specific recommendations of his Deputy Commissioners. He revealed his low standard for Policemen when he declared before us his willingness to appoint to the Force any man who had secured acquittal on any criminal charge, including murder, without reference to the circumstances or technical reasons for such acquittal.

9. He has increased at an alarming rate the already heavy burden of Police pension demands, surpassing in this respect all previous Commissioners for the same period of time. He has admitted that he has placed undesirable members of the Force upon pensions instead of upon charges.

10. He has seriously impaired the efficiency of the Detective Bureau by

(a) Too frequently changing the personnel of the Bureau; using the Bureau for individual reward and preferment rather than for developing detective ability.

(b) Abolishing the Headquarters Squad and the squads specializing in particular crimes, such as pocket picking, black hand outrages, etc.

(c) Discontinuing the morning "line up" of suspicious persons.

(d) Ordering the destruction of thousands of photographs of professional criminals.

(e) Failing to require adequate reports from Detectives. The system of records is now so defective that the Commissioner has given erroneous and wholly misleading statistics upon the work of the Detective Bureau in his latest annual report.

11. He has shown a vindictive spirit, inimical to the efficiency and morale of the Department. To illustrate:

(a) He dismissed from the Force Lieutenant John F. Stanton, in charge of the Bureau of Investigation of Applicants under former Commissioners, after Stanton had testified before us that many men appointed by Commissioner Waldo were of bad character, as shown by Stanton's official investigation. Within a few days after Stanton testified to these facts, a member of the Detective Bureau, named Oliver made a charge of attempted extortion against Stanton, alleging that this crime was committed more than three years before. Oliver had formerly been Commissioner Waldo's chauffeur and had been promoted to the Detective Bureau by him. No adequate explanation was given for the delay of three years in making complaint. Stanton was tried upon this charge by First Deputy Commissioner McKay and dismissed from the Department by Commissioner Waldo. We examined all the witnesses who had testified at Stanton's trial, and it was clearly apparent that Stanton was innocent of the charge, and that his dismissal was the result of the Commissioner's wrath.

(b) Patrolman Otto Nikly was fined fifteen days' pay by Commissioner Waldo for being off post. Deputy Commissioner Dillon testified that this was an unusually heavy punishment, "a heart-breaking fine." Nikly, believing that he had been unjustly fined, employed counsel and contested the legality of the Commissioner's action. More than a year later, the case being undecided, Nikly's counsel raised a technical point, showing by the records the inaccuracy of the Commissioner's answer in the case. The Commissioner immediately rescinded his action fining Nikly, reconsidered the original charge of being off post, and dismissed him from the Department.

12. He has given no assistance or genuine co-operation to those charged with the duty of investigating conditions in the Department. On the contrary, he has sought to obstruct and hinder such investigation and has apparently resisted the disclosure of the actual facts. He has refused us reasonable access to the files of the Department. He has excluded our investigators from the various bureaus of the Department, and permitted them to examine documents only upon separate and specific requisition. He has denied us any general inspection of the records. He has prohibited members of the Department from giving any information to our counsel or investigators except under subpœna upon our witness stand.

Recommendation.

Public interest requires the immediate removal of Commissioner Waldo. We recommend that the Board of Aldermen request the Mayor to relieve The City of New York from a Police Commissioner who, by temperament and conduct, has shown himself unfit to occupy his office.

GAMBLING AND PROSTITUTION.

Conclusions—Recommendations.

Discussion of Special Topics:

1. Extortion by Policemen.
2. Policemen in the Courts.
3. Degree of Enforcement.
4. Administrative Methods Employed in Enforcement:
   (a) Organization.
   (b) Information as to Conditions
   (c) Method of Handling Complaints.

Gambling and Prostitution.

We have considered these subjects only as they involve police problems under present laws. We have not studied them as moral questions. Such investigation would have been beyond the scope of the resolution under which the Committee was appointed.

Conclusions.

We have arrived at the following conclusions after hearing much testimony and thoroughly examining the records of the Department. These conclusions are later discussed in detail:

1. Although the present Mayor and Police Commissioner have endeavored to enforce laws against gambling, their efforts have not been effective.

2. It has been their policy to enforce laws against prostitution only where outward conditions were disorderly or upon persistent complaint.

3. There has been widespread blackmail levied by police officials upon the keepers of gambling and disorderly houses.

4. This extortion has been made possible by weakened discipline and a failure to employ proper administrative methods. We readily understood the alliance between Policemen and violators of the law when our investigation revealed the following:

(a) A total failure effectively to check the work of police officials and to discipline those officers shown to be neglectful of their duties.

(b) The Commissioner's stubborn confidence in the integrity of men selected by him to supervise this work.

(c) A system of referring letters charging officers with misconduct and crime to the very men accused, for their own information.

(d) The Commissioner's lack of information concerning actual conditions.

(e) Ability of Inspectors and Captains to keep important complaints from the Commissioner and his Deputies.

(f) Faulty methods of handling complaints sent to the Commissioner.
(g) A hostile attitude toward citizen complainants.
(h) No supervision over testimony of Policemen in the courts.

Recommendations.

1. To enforce effectively laws against gambling and prostitution and to reduce to a minimum police corruption, the administrative changes recommended elsewhere in this report are essential. These include a more secure tenure for the Commissioner, an increase in the number of his Deputies, the abolition of the inspection districts and the establishment of the precinct as the police unit.

2. Headquarter's "vice" squads, operating under the Commissioner's personal direction, should be employed. These squads should be used more effectively than at present to check the efficiency and activity of commanding officers.

3. A small secret service squad, composed of men other than Policemen, should be employed by the Commissioner to secure evidence against corrupt police officials.

4. A system of reports should be devised to give the Commissioner in consolidated form accurate information concerning vice conditions in the City.

5. A central bureau should be installed for the effective disposition of all complaints received from citizens.

6. The testimony of Policemen in courts should be closely watched, and thorough investigation should follow contradictory statements and suspicious loss of memory.

Extortion by Policemen.

It has been testified before us that practically all of the proprietors of gambling and disorderly houses in the City have been compelled to make regular monthly payments to certain members of the Police Department for the privilege of conducting their illegal business; that these payments range from $50 to more than $200 per month in the case of disorderly houses, and, in the case of gambling houses, that the payments vary in accordance with the profits of the business done, sometimes running to very large amounts.

Shortly after taking office the present Commissioner organized a "vice" squad, with Lieutenant Charles Becker in charge. Becker operated directly from headquarters, under the personal direction of the Commissioner. Among other duties, he was entrusted with the enforcement of laws against gambling. In the preface of this report mention is made of the murder of Herman Rosenthal after his public accusation that Becker had been receiving a percentage of the profits of his gambling house. Becker was later convicted of this murder and sentenced to death. We have discovered that the Commissioner and the Mayor were repeatedly warned of Becker's disloyalty and corruption, not only by other City officials, but also by numerous written complaints.

The Commissioner not only failed to investigate these serious charges but issued a general order to the entire force complimenting Becker upon his work.

Mary Goode, frankly admitting herself to have been the keeper of a disorderly flat, willingly came before us as a witness to protest against police extortion. She testified that she had been compelled to pay certain police officials or their representatives $50 to $60 per month for the privilege of conducting her business. Some of these payments were made after the Rosenthal murder, and, indeed, during our investigation. She further stated that all women engaged in similar business with whom she was acquainted made regular payments to the police. Mrs. Goode was specific in her testimony, mentioning by name members of the Department, who since have been indicted.

George A. Sipp testified before us that while proprietor of the Baltic Hotel he was compelled to pay to members of the Police Department $100 a month. This money was paid to various Patrolmen sent by an Inspector or Captain. For a few years prior to his sale of the hotel in the autumn of 1910 the money was paid by him regularly to Patrolman Eugene Fox.

Sipp further testified that after he sold the Baltic Hotel he acted as an intermediary between the purchasers and certain police officials, receiving from the former $100 monthly, which he paid to Fox.

In the autumn of 1911 Sipp desired to purchase another hotel in the same inspection district. He asked Fox if this would be satisfactory to Inspector Sweeney. After receiving through Fox the Inspector's consent, the purchase was completed and renovation begun. Fox later reported to Sipp that the Inspector had changed his mind, because the new location was near a disorderly hotel which enjoyed the fullest protection and would brook no competition. Sipp then refused longer to collect money from the Baltic Hotel for the police.

Patrolman Fox thereafter collected directly from the cashier of the hotel, Thomas J. Dorian. Dorian testified before us reluctantly, but with apparent truthfulness. He had had no quarrel with police officials, had never been arrested, and was brought before us against his will. He corroborated Sipp as to the payment of money to certain police officials through Sipp. He further testified that from the autumn of 1911 down to the very moment of his appearance before us, December 12, 1912, he had paid Patrolman Fox $50, monthly, the amount then levied upon this resort by the police. It was obvious from the testimony and surrounding circumstances that the Baltic Hotel was a house of assignation.

Miss Mary Coleman, a member of the New York bar, testified before us that she had been active in attempting to suppress vice in the 43d precinct; that there were many disorderly resorts in that precinct running openly without the slightest police interference. She further stated that she had witnessed the passing of money to police officers by men connected with disorderly hotels, in one instance almost at the doors of the station house. Her complaints to Captain Thomas W. Walsh were unheeded.

We received other testimony showing the collection of money by the police from violators of the law, which it seems unnecessary to recite in detail.

Immediately following the testimony of these witnesses before us, Patrolman Fox was arrested and Sipp subpoenaed to appear against him. Inspectors Sweeney and Murtha and ex-Inspectors Thompson and Hussey thereupon bribed Sipp to flee and Fox to conceal the truth. Sipp fled from the State, but returned at the request of the District Attorney. Fox confessed, corroborating Sipp in every detail. He declared that he had acted as the agent of Captain Thomas W. Walsh in collecting money from those permitted to violate the law. Walsh pleaded guilty to this charge and accused his inspector, Dennis Sweeney, of sharing in the profits of this system of official extortion.

Inspectors Sweeney and Murtha and ex-Inspectors Thompson and Hussey were at once indicted for bribery and for conspiracy to secure the flight of Sipp and to prevent Fox from telling the truth. They were tried, convicted and sent to prison.

Patrolman John J. Hartigan, employed by Inspector Sweeney in executing this conspiracy, swore falsely concerning it before the Grand Jury, and has since been convicted of perjury and sent to prison.

The following is a complete list of persons indicted during the progress of our investigation as a result of the prompt action taken by the District Attorney after the exposures made before us:

Former Inspector Dennis Sweeney, convicted of conspiracy, sent to prison for one year.

Former Inspector Dennis Sweeney, 13 indictments; extortion and bribery; awaiting trial.

Former Inspector James E. Hussey, convicted of conspiracy; sent to prison for one year.

Former Inspector James E. Hussey, two indictments; bribery; awaiting trial.

Former Inspector John J. Murtha, convicted of conspiracy; sent to prison for one year.

Former Inspector John J. Murtha, two indictments; bribery; awaiting trial.

Former Inspector James F. Thompson, convicted of conspiracy; sent to prison for one year.

Former Inspector James F. Thompson, two indictments; bribery; awaiting trial.

Captain Thomas W. Walsh, extortion; confessed; awaiting sentence.

Sergeant Peter J. Duffy, six indictments; extortion; awaiting trial.

Patrolman Eugene F. Fox, extortion; confessed; awaiting sentence.

Patrolman Thomas F. Robinson, extortion; convicted; sent to prison from six to ten years.

Patrolman John J. Hartigan, perjury; convicted; sent to prison two and one-half to three and one-half years.

Patrolman John Skelly, extortion; awaiting trial.

Patrolman William J. Smith, extortion; awaiting trial.

Patrolman Victor Meyer, extortion; awaiting trial.

Patrolman Thomas Heaney, extortion; awaiting trial.

Patrolman Charles E. Foye, perjury before the Committee; awaiting trial.

Edward J. Newell, counsel to Sipp; two indictments; bribery, confessed; sentence suspended.

David Meyer, subornation of perjury; awaiting trial.

Charles Dubelier, subornation of perjury; awaiting trial.

Ashley Shea, bribery; confessed; awaiting sentence.

Emanuel Maas, extortion; awaiting trial.

Sol. Wolf, extortion; awaiting trial.

We believe the exposures made disclose only a small fraction of the corruption existing in the Department. In the very nature of things the whole truth on such a subject cannot be ascertained. We have received sufficient evidence of criminal connection between the Police and violators of the law to become convinced that a large percentage of the Force having to deal with gambling and prostitution have participated in the spoils collected from these fertile sources of graft.

In view of these indictments and disclosures it is astonishing to note that on September 20, 1912, Police Commissioner Waldo, testifying before us, declared, "There is nothing wrong with the Police Department except public clamor."

Policemen as Witnesses in Court.

That Policemen have received sums of money for testifying in such manner as to produce acquittals and discharges has been stated to us by many witnesses. So common is this practice that it is colloquially known as "throwing" a case, or as a "turn out." Indeed, even where Police officers have regularly collected "protection money" it has been customary for them to make arrests at intervals and then, after receiving additional money demanded by them, to give only such testimony as would necessarily result in a discharge or acquittal. Sipp testified that this sort of arrest was known in the Department as a "friendly collar"; that convictions never resulted from such arrests, but that the employer of the persons arrested was called upon to pay to the Police a sum of money, generally $200, in each case. These so-called "friendly collars" have been frequently arranged, according to witnesses, in order to make some show of activity and thereby "cover" an Inspector or Captain.

The records show that in the case of some Inspectors convictions have resulted in less than 2 per cent. of arrests made under their supervision in the enforcement of laws against gambling and prostitution. Other officials in charge of squads engaged in enforcing these laws have secured convictions in over 50 per cent. of their arrests. We have found no indication that the Commissioner has caused investigation to be made of this surprising and suspicious ratio, although he has on many occasions condemned the courts for discharging prisoners in this class of cases. When a Policeman swears specifically in an affidavit to certain facts for the purpose of securing a warrant, and later makes contradictory statements in court, or suffers a loss of memory, thorough investigation should follow. We have not discovered that any such investigations are made. One of the City Magistrates stated before us that the testimony of Police officers in prosecutions for gambling, prostitution and illegal liquor selling was unreliable. There should be installed in the Department a rigorous supervision over Policemen in the courts.

Degree of Enforcement.

Witnesses have testified that just prior to the Rosenthal murder gambling and disorderly houses were more numerous than at any time for several years.

Former Inspector Hays testified before us that while he was in command of the Fourth Inspection District, commonly known as the "Upper Tenderloin," the Commissioner directed him not to suppress prostitution unless outward conditions were disorderly. This testimony was corroborated beyond any question by the records of the Department. An examination disclosed that for more than six months not a single arrest for prostitution was made in this district, although, as Inspector Hays said, it was matter of common knowledge that hundreds of disorderly houses and flats were contained within it. Inspector Hays talked with the Commissioner almost daily with reference to his general duties, and particularly with reference to the suppression of gambling, but was never criticized for his complete failure to enforce these laws.

Our examination of many Police officers and an exhaustive study of the records of the Department have convinced us that the laws against prostitution have only been enforced by the present Commissioner in cases where outward conditions were openly disorderly and in cases where persistent complaint was made, either by civic organizations or prominent citizens. That this policy has been pursued at the Mayor's direction is apparent from the evidence before us, including the Mayor's own testimony.

ADMINISTRATIVE METHODS EMPLOYED FOR ENFORCEMENT OF LAWS AGAINST GAMBLING AND PROSTITUTION.

Organization.

The responsibility for the enforcement of these laws has been placed upon the sixteen Inspectors in charge of inspection districts and upon special squads working from Headquarters under the personal direction of the Commissioner. The uniformed force, including the Captains, have been relieved from all responsibility for such enforcement. Policemen doing duty in plain clothes are no longer assigned to Captains. The Inspectors have staffs of officers performing duty in civilian clothes to aid them in enforcing the laws under discussion. These men, commonly called "plain clothes men," are selected by the Inspectors themselves, though formally assigned by the Commissioner. We discovered that many of them are officers who for years were assigned to Captains and Inspectors in the same capacity, and are known as veteran "ward men."

The special squads attached to the Commissioner's office, commonly known as "vice" squads, are now three in number. They are in charge of Lieutenants selected by the Commissioner. Their duties are to enforce the laws against gambling and prostitution and to perform other work assigned them. The members of these special squads are chosen by the officers in charge of them, though designated by the Commissioner.

On July 1, 1912, the number of Policemen performing duty in plain clothes attached to the sixteen Inspectors in charge of districts was 118. On the same date the members of the special squads numbered 40. The Inspectors confined themselves to their respective districts, whereas, the special squads covered the entire city. In both cases arrests were made upon the initiative of the commanding officers and at the personal direction of the Commissioner.

It has frequently been stated by the Commissioner that the special squads afford an independent check upon the work of the Inspectors in the enforcement of these laws. They have not been employed effectively for this purpose. In the first place, they have not been primarily concerned with the enforcement of the laws under consideration. For example, in July, 1911, out of 373 arrests made by the only special squad then in existence, only 31 arrests, or 8 per cent. of the whole, were made for violations of the laws relating to vice. In February, 1912, out of 470 arrests made by the same squad, only 46, or 10 per cent. of the whole, were made for these offenses. In both cases the balance of the arrests, amounting to 90 per cent. of the whole, were made upon charges of disorderly conduct, disturbance of the peace, etc. During the period studied by our investigators, August 1, 1911, to October 1, 1912, there were 3,490 complaints against gambling and disorderly houses received at Police Headquarters. Of this number only 102, or less than 3 per cent. of the whole, were referred to the special squads for investigation and action.

Furthermore, until after the Rosenthal murder, even this small activity by the special squads in the enforcement of these laws was wholly confined to the suppression of gambling.

Since the Commissioner has stated that he uses his special squads as a check upon his Inspectors, one would suppose that disciplinary action would follow gambling raids by them over the heads of Inspectors. Such is not the case. Scores of arrests for gambling were made by the special squads, and, after the Rosenthal murder, many arrests for maintaining disorderly houses. We examined several Inspectors in whose districts such arrests were made, but found none who had been rebuked, demoted, put upon trial, or even asked to explain his apparent inefficiency or suspicious inactivity.

Information as to Conditions.

The present Commissioner has not enforced the rules of the department designed to furnish him accurate information as to conditions throughout the city.

When we began our investigation we shared the general impression that the department maintains secret "police lists" on which could be found every suspected gambling house and disorderly resort in the city. Our examination has shown this impression to be wholly wrong.

The only method employed for regularly informing the Commissioner as to vice conditions is the monthly report by Captains of Precincts on what is known as "Form 29." This report is required by the rules of the department, and is called

"A report for the month ending ———— of houses of prostitution,

houses of assignation, bedhouses, poolrooms, places used for lottery or policy purposes, places used for gambling, and *suspicious places.*

"*Note*—This report is to indicate the actual condition of affairs in the precinct for the month to which it pertains."

These reports, if properly prepared, should furnish the Commissioner a complete index of the city's condition at any moment. They would then be of great value as a basis for administrative judgment and action. As at present made, they are incomplete, inaccurate and misleading.

Captains have failed to report as gambling, disorderly or suspicious places many houses in which arrests were repeatedly made for these offenses.

During the period studied by our investigators, August 1, 1911, to October 1, 1912, arrests were made in 703 gambling and disorderly houses in Manhattan. Of these only 228, or about 30 per cent., appeared on Form 29. This failure to make accurate reports was not confined to a few Captains or Inspectors, but was general throughout the city, as is shown in the table hereto attached.

Although Captains had assigned to them no men in plain clothes for purposes of investigation Inspectors frequently referred complaints to them for investigation and report. In numerous cases Captains reported to Inspectors that places complained of were undoubtedly being used for gambling or prostitution, but that no "legal evidence" could be obtained by them. Yet the captains failed to report such places as suspicious upon Form 29.

During the months referred to the Department received complaints alleging the existence of gambling or disorderly houses in 2,643 different premises. It would be fair to assume that at least a majority of these places complained of would appear on Form 29 as suspicious places. We find that only 229 of the 2,643 places complained of were reported. That many of these complaints were well founded is shown by the arrests made because of them.

We examined many Captains for the purpose of ascertaining the method of making this monthly report. We found no captain who had received instructions as to its preparation. The captains differed widely in their conception of its nature and purpose. Some Captains asserted that they should report only places against which they had obtained legal evidence. Others said that after the obtaining of legal evidence an arrest and suppression of the place would follow, and therefore it should not be reported. Again, some captains declared that they should only report places when denied admission and inspection, while other Captains were of the opinion that no such place should be reported because internal conditions could not be learned.

It soon became evident that this monthly report, as at present prepared, is wholly worthless. The captains by way of defense asserted that the Commissioner received separate reports upon individual arrests. Investigation disclosed, however, that even these separate reports of arrests are inaccurate and receive little or no attention. Out of a total of 800 arrests we have found only 525, or 65 per cent., to have been currently reported. The inaccuracy of individual current reports of arrests throughout the city is shown in the table hereto attached. Moreover, reports of arrests, even though accurate, are of far less value than periodic general reports of suspicious places furnishing a vice map of the city.

Captains appearing before us stated that they had never been censured for inaccuracies in these monthly reports, notwithstanding their demonstrated incompleteness. The Inspector of each district "vouches for the accuracy" of these reports as a matter of routine. We could discover no instance where an Inspector had supplemented or corrected any of these reports although in many cases he had before him abundant evidence of their misleading character.

The regulations of the Department also require patrolmen to report to their Captains all suspected gambling or disorderly houses upon their posts. The rule is as follows:

"Every patrolman will make notes in his memorandum book of all suspicious places on his post, particularly those which may be disorderly or used for gambling, either from the coming and going of men or for other reasons. These notes will be certified by the Lieutenant and reported to the Captain."

We called before us many Patrolmen, chosen at random, in order to ascertain whether this rule is obeyed. We found that several of them had never heard of the regulation, although printed in the book of rules, and none of them had ever obeyed it.

The rigid enforcement of this rule would be of inestimable value to the Commissioner, because every portion of the City is patrolled by some policeman. Captains, in preparing their monthly reports on Form 29 should have before them these reports made by Patrolmen as to conditions upon their posts. The Captains should supplement this information by independent investigation through other officers. They would then be able to give to the Commissioner a monthly report which would register with approximate accuracy the conditions of their respective precincts.

With the information at his disposal which the Commissioner could so easily secure by the enforcement of present rules, he would be in a position to gauge the efficiency and honesty of his subordinates. Without such information he must remain at the mercy of those who have betrayed him.

Method of Handling Complaints.

Although it has been shown that complaints constitute a most valuable source of information, there is no bureau or single official responsible for centralizing their disposition.

Complaints coming to Captains or Inspectors direct from citizens are handled as these officers desire; there is naturally no uniformity of procedure. It is within the whim of the official receiving them to investigate, to file, or even to destroy such complaints. They are rarely if ever forwarded to the Commissioner, nor is he advised in any manner concerning their receipt or disposition. Some Captains testifying before us defiantly claimed the right to destroy any official mail addressed to them by citizens. As practically one-third of the complaints made to the Department are received directly by the Captains and Inspectors, it is obvious that under the present practice these officials are in a position to keep from their Commissioner much valuable information. A definite system of handling such complaints should be installed in the interest of efficiency and discipline.

The same lack of system characterizes the disposition of complaints received at headquarters. We find them referred to various officials by W. R. Sheehan, Secretary to the Commissioner, "by direction of the Police Commissioner." The majority of such complaints are mechanically referred to such officials only for their "information." The balance are sent to them for "investigation and report." Inasmuch as no report is required on most of the complaints, these officials are given the opportunity of keeping from the Commissioner all information concerning their truth. It is extraordinary that out of 3,490 complaints received at headquarters against prostitution and gambling houses during the period of study, only 1,210, or 35 per cent., were referred "for investigation and report." 2,280, or 65 per cent., of the whole were never reported upon at all. Even of the small number reported upon, over 25 per cent. were forwarded from the Mayor's office.

We have found that every complaint forwarded by the Mayor has been referred "for investigation and report." Frequently citizens have sent duplicate complaints, one to the Mayor and one to the Police Commissioner. The latter would arrive at headquarters before the Mayor forwarded the one received by him. Whereas, the complaint received by the Commissioner would be referred to the Inspector involved for his "information," the duplicate afterwards arriving from the Mayor would be promptly sent "for investigation and report." The mere accident of a citizen's addressing the Mayor instead of the Commissioner frequently determined whether or not his complaint was properly investigated.

It does not appear to be the duty of any one to supervise reports on complaints. During the progress of our investigation we found that several complaints referred "for investigation and report" had been in the hands of investigating officers for over six months without explanation, although some of them charged police officers with dishonesty. Averages of excessive time spent in making reports are scheduled in table hereto attached.

As a rule the reports of inspectors and investigating officers are general and indefinite. Their phraseology is stereotyped and frequently meaningless. In reading them the conviction is irresistible that the only purpose of making reports is to show some formal action and disposition of the complaints.

Administrative officials fail to make any use of valuable information frequently contained in complaints. It is fair to state that the attitude of the entire department toward complaints is to dispose of them in as perfunctory and easy a manner as possible. Complainants are frequently regarded as hostile critics rather than as informants or citizens protesting against open violations of the law. The fact that complaints are often inspired by revenge or unsigned does not lessen their value if based upon facts. A former Police Commissioner testified that he had found anonymous complaints to be the most valuable of all.

With scarcely an exception we found no independent investigation of complaints in order to test the honesty and efficiency of the official making the report. Under such a system it is easily possible for false reports to be made repeatedly without the knowledge of the Commissioner.

An inexcusable blunder of the present administration has been the practice of furnishing to the very men accused complaints charging them with corruption. Not only has the Commissioner made it possible for commanding officials to keep from him valuable information concerning conditions, not only has he trusted them to dispose of all complaints received by them without reporting to him, not only has he failed to discipline Inspectors proving inefficient, not only has he failed to make independent investigations to test the accuracy of their reports, not only has he ignored the warnings of high City officials, but so blind has been his confidence in his personally selected subordinates that whenever he has received specific charges of their dishonesty and corruption he has given to them for their own information the very communications which, if independently investigated, might have been employed to drive from the force some of its vicious and criminal members. When Rosenthal was murdered there was an imperative demand by the public for investigation and prosecution. Yet, long before that time the Mayor and Commissioner had in their possession numerous complaints against Becker, Sweeney and other commanding officials which have since been proved true. The complaints against Becker, Sweeney and other Inspectors, Captains, Lieutenants, Sergeants and "plain clothes men" frequently gave in detail facts which could easily have been independently investigated.

Out of a total of 301 complaints charging members of the department with crime, 270 were referred to the men accused or to their immediate superiors involved by inference in the accusation. The Commissioner not only generously sent these charges to the officers involved, but in a large majority of cases did not even ask for an explanation or denial. The records show that 190 of these complaints were sent only for the "information" of the men charged! We have even found one such complaint sent to an accused Inspector "for information and *guidance!*" In the balance of the complaints the Commissioner asked the accused officers to make "investigation and report." This self-investigation by accused officials naturally produced but one result, a verdict of not guilty. Had the so-called "system" in the Police Department been asked to recommend a method of handling complaints against its members it could not have suggested a better scheme for its own protection than that actually employed by the Commissioner himself.

A few illustrations will suffice.

"March 27, 1912.

"Hon. W. J. GAYNOR:

"I would like to have you investigate quietly Lieutenant Becker. He is now collecting more money than Devery, and it is well known to everyone at Police Headquarters. Please do this and you will be surprised at the result. Yours,

HENRY WILLIAMS."

This complaint was forwarded to the Commissioner by the Mayor with the following letter:

"March 28, 1912.

"Sir—I am enclosing to you a letter purporting to be signed Henry Williams. Is it possible to find out who the writer is? I have received a large number of similar letters. Very truly yours, W. J. GAYNOR, Mayor."

Notwithstanding the fact that the Mayor stated that he had received a large number of similar letters, this complaint, on reaching headquarters, was handled in the following fashion:

"Respectfully referred to Lieutenant Becker for investigation and report. By direction of the Police Commissioner. W. R. SHEEHAN, Secretary."

On the same date, from an entirely different source, the Commissioner received a complaint giving specific information as follows:

"March 27, 1912.

"Dear Sir—I would like to let you know that a gambling house is run wide open under the protection of Jack Rose, Becker's collector, No. 145 West 45th street, run by Herman Rosenthal."

This complaint was handled at police headquarters in the one way least likely to ascertain the truth, as follows:

"Respectfully referred to Lieutenant Becker for remark. By direction of the Police Commissioner. W. R. SHEEHAN, Secretary."

The following letters refer to Inspector Sweeney, who at the time mentioned was in charge of the Sixth Inspection District and who has since been convicted and sent to prison.

"April 9, 1912.

"COMMISSIONER WALDO:

"Dear Sir—At No. 2335 8th avenue, betwen 125th and 126th streets, over the barber shop, there is is crap and stuss game running for some time. I wrote to you about this place and begged of you to close it up, but as yet nothing has been done, to my sorrow. Can you close this place up? If not, I will make it my business to have a society close it up. My son informs me that a man they call Doty claims to have paid your Inspector (Sweeney) the sum of $500 for protection. Now show me, by your actions, how far that protection goes. I will not write you any more, but will wait developments. A WOMAN."

When this complaint reached headquarters it received the following treatment:

"Respectfully referred direct to commanding officer Sixth Inspection District (Inspector Sweeney) for investigation and report. By direction of the Police Commisisoner. W. R. SHEEHAN, Secretary."

Inspector Sweeney, after investigating himself, reported to the Commissioner that he had interviewed a man known as "Dotty," who stated that he had not paid money to him or to any other police official. No further investigation was made.

"October 11, 1911.

"Hon. WILLIAM J. GAYYNOR, Mayor, New York City:

"Your Honor—I have in my possession a few facts that may interest your Police Department. At 2306 8th avenue three notorious characters maintain a gambling house known as a crap game. Doty is one of the proprietors. He has served six months for picking pockets, and his picture is in the Rogues' Gallery. He has also served two terms for gambling and is now under two indictments for the same offence. Harry Hastings, one of his partners, is a desperate character who carries a gun at all times of the day and night and boasts of his ability to use a revolver. This individual killed a man out West. This fact is not generally known in this city but it should be an easy matter for your detectives to ascertain from which town he migrated and learn from the authorities there his record. The third man is Barney Reed, who boasts of his ability "to make connection and get right" every Inspector of Police as soon as he is transferred to the District wherein they operate. He now states that he "owns" Lieutenant Duffy, Inspector Sweeney's ward man, body and soul. The establishment which they maintain is a crooked one, and many of my customers have been fleeced there. While I heard this from authority which I consider unimpeachable, as it would be impossible to get my informants to testify to this in open court, I refrain from signing my name. In sending this letter to you direct I do not mean to cast any aspersions upon your Police Commissioner, for I have the utmost faith in his integrity, but I felt that communications might fall into the hands of some of his subordinates before he saw it, and the culprits advised of its contents. If some of your detectives, in whom the Commissioner has implicit confidence, can get evidence against the resort and arrest Harry Hastings without his getting any advance notice of it, the community could easily be rid of a very undesirable person, as they will surely find a revolver on his person, and I understand that is a felony. Yours truly, JUNIUS."

When this reached headquarters it was disposed of as follows:

"Respectfully referred direct to Commanding Officer Sixth Inspection District (Inspector Sweeney) for investigation and report, by direction of the Police Commissioner. W. R. SHEEHAN, Secretary."

Inspector Sweeney again investigated himself and made the following favorable report to the Commissioner:

"No such person as Barney Reed is known, nor has he made any connections with me. There is no Lieutenant Duffy attached to any precinct within the Sixth Inspection District, nor have I any ward man at my command.

"DENNIS SWEENEY, Inspector."

It will be noted that the complainant referred to Duffy as a *Lieutenant.* The Inspector failed to inform the Commissioner that, although no *Lieutenant* Duffy was attached to his staff, a *Sergeant* Duffy was.

EXCISE.

There has been little attempt to enforce laws prohibiting the sale of liquor at stated periods. Witnesses have testified before us that Sunday liquor selling in back rooms is general. We sent a group of investigators throughout the City on Sunday, September 8, 1912. Out of 344 saloons visited, 308 were found openly selling liquor.

In a majority of cases the bar was exposed and liquor sold only in back rooms. In many cases, however, the liquor was sold over the bar.

In the early part of 1910 the Police Department issued General Order No. 17 with reference to the Liquor Tax Law. In the enforcement of this law all members of the force are forbidden to enter on Sundays and after one o'clock a. m., places licensed to sell liquor. Exception is made in the case of officers specially detailed to secure evidence of illegal sales. The Police Commissioner from time to time details a few officers to secure such evidence.

Recommendation.

The sale of liquor should be regulated by local legislative authority. If the public does not desire the enforcement of certain laws, appeal should be made to the legislative body controlling the matter. The Police Department should have no discretion with reference to the enforcement of law, because the enforcement of all laws must be a Policeman's first duty.

DETECTIVE BUREAU.

The function of this bureau is the detection of crime and the apprehension of criminals. It has nothing whatever to do with the enforcement of laws against gambling, prostitution and the illegal sale of liquor. The special squads attached to headquarters and the staffs attached to Inspectors, principally engaged in the suppression of vice, have no connection with the Detective Bureau. The police phrase, "plain clothes men," is never applied to members of this bureau.

Organization.

The bureau is under the general supervision of the Second Deputy Commissioner. Its executive head is an Acting Inspector stationed at headquarters, who has no other duties.

The City is divided into sixteen detective divsions, with boundaries co-terminous with the inspection districts. Each division is in charge of a member of the bureau known as a Division Commander, who, however, is not responsible to the uniformed Inspector of the district. To each precinct within these divisions are assigned Detectives, with headquarters at the various station houses. The group of Detectives in each station house is under the charge of a member of the bureau known as a Precinct Commander. Although they share the station house with the uniformed force, they are not responsible to the Captain or to any other uniformed offcer.

The Detective Bureau has upon an average 500 members, detailed to it from the uniformed force by the Police Commissioner. Of this number 150 are known as "First Grade Detectives," and receive a yearly salary of $2,250. The remaining members are paid the salaries received by them at the time of their assignment to the bureau.

Corruption in Detective Bureau.

That an alliance exists between some Detectives and criminals, as a result of which the spoils of crime are divided, and that detectives often inspire the commission of crime in order to make arrests, have been proved to our satisfaction.

Benjamin Levy, who had never been convicted of a crime, testified before us that at the request of officials in the Detective Bureau he had often induced criminals to commit burglary in order that they might be arrested. He narrated one such instance in detail, in which he was strongly corroborated by reputable citizens, including an official of an insurance company, a merchant, and others.

Levy testified that in this case Deputy Commissioner Dougherty, in charge of the Detective Bupreau, gave him $25 with which to purchase burglars' tools, and after he succeeded in the burglary paid him $75 for his "services." City vouchers for these amounts in Levy's favor were found in the Comptroller's office.

Under the direction of Detectives, Levy took the three criminals wanted to a loft adjoining his father's store, where the burglary was committed, with a squad of Detectives waiting nearby. These Detectives arrested the criminals as they walked out of the building, and took from them $3,500 worth of ostrich feathers, which they had just stolen. There was not the slightest opportunity for them to make away with any of the property.

After locking up the prisoners at the station house, the officers returned to the premises. Levy stated that in his presence they took a quantity of feathers. The owner recoved the goods stolen by the criminals, but the property taken by the Detectives was never seen again. Although the immediate arrest of the criminals resulted in a complete recovery from them of the stolen property, the owner suffered a loss of $1,500, which was paid by an insurance company with which he carried a policy against burglary. The owner also testified before us that the Detective in charge of this arrest exacted from him $175 in the back room of a saloon as a "reward for bravery."

Deputy Commissioner Dougherty and others involved were subpoenaed by us and asked to waive immunity before giving their testimony. This they refused, with one exception, and they were not interrogated. Notwithstanding the shocking nature of this testimony and the corroboration received, the Commissioner has taken no action whatever in the premises. It is not surprising that under such lax discipline some Detectives turn thieves.

A reputable merchant from Boston testified before us to the inefficiency of New York Detectives in a case where he had been the victim. In the course of his testimony he swore that a member of the bureau had boasted that he was worth $90,000 because he knew how to "do business."

Many other accusations of official dishonesty were made before us which it seems unnecessary to recite in detail.

We have not sought merely to expose individual corruption, but have endeavored primarily to seek the cause of so extraordinary a situation.

Administration and Efficiency of Detective Bureau.

Because of the vital importance of the work of the Detective Bureau we have devoted much time to investigating its administration and efficiency. We received testimony upon this subject from Hon. Norman S. Dike, Judge of the County Court of Kings County, and Hon. Edward Swann, Judge of the Court of General Sessions of New York County, who daily come in contact with Detectives in their courts; from Messrs. Carl C. Nott, James A. Delehanty and Robert Turnbull, members of the District Attorney's staff; from many business and professional men qualified to give information concerning crime conditions of the City; from Second Deputy Commissioner Dougherty, in charge of the bureau; from Inspector Faurot, its executive head, and from many others. We have also received from our investigators an exhaustive report upon the filing system and records of the bureau. To recite the testimony of these witnesses would unduly prolong this report. We therefore summarize in the following conclusions and recommendations the results of our investigation:

Conclusions.

1. The Dectective Bureau is inefficient. The ability of a few of its members only emphasizes the incompetence of the majority.

2. There exists a partnership between some detectives and criminals, by which the profits of crime are shared.

3. Incompetent administration and inadequate supervision are primarily responsible for the inefficiency and dishonesty found among detectives.

4. Constant changes in the personnel of the Bureau without apparent reason make impossible effective work. From May 23, 1911, to September 1, 1912, the Commissioner removed from the Detective Bureau 290 men and assigned to it 254 men, without recording any grounds for these continuous transfers. These changes were made without consulting the exective head of the Bureau and against his judgment. It has been testified before us that detectives look upon their assignment as an easy berth. The method of selecting detectives is unscientific. We have discovered no systematic search for detective ability.

5. The abolition of the homicide squad, the Italian squad, the pickpocket squad and other squads specializing in the detection of various crimes, has been detrimental to the work of this branch of the department.

6. The assignment of all detectives to precincts and the failure to have at headquarters any detective squad for special work throughout the city have impaired the efficiency of the Bureau.

7. The destruction of thousands of photographs of unconvicted professional criminals and the abandonment of the practice of photographing prisoners charged with serious crimes have greatly crippled the work of detectives.

8. The discontinuance of the "line up" of prisoners at headquarters before masked detectives has injured the work of the Bureau. This "line up" for many years had been found effective in familiarizing detectives with dangerous criminals. It also had a deterrent effect upon the criminals themslves.

9. There is no system under which the criminal records of persons on trial are furnished in all cases to the presiding judge. Detectives frequently state that their prisoners are first offenders when an inspection of the departmental records would disclose previous convictions.

10. The system of reports and records is wholly inadequate either to furnish information to the Commissioner and his immediate subordinates, or to give them opportunity for proper supervision. As an illustration may be cited the fact that for 1912 the Bureau had no record whatever of 45 homicide cases found in the offices of the Coroners and District Attorneys, including numerous instances in which the defendants had actually been tried and convicted for murder during the year. Since the Detective Bureau omits all records of 45 murders in one year without discovery and correction, little faith can be placed in the accuracy of any of its reports.

11. The system of records is so faulty and poorly supervised that members of the Detective Bureau have no difficulty in withholding from the Commissioner knowledge of crime conditions throughout the city. Many complaints of citizens are suppressed by detectives. They also readily deceive the Commissioner concerning their activities and efficiency. They all too frequently label their failures with "closed" or "disposed of," and their inactivity on progressive cases they account for with "continued effort will be made." So complete is this deception that the Commissioner has given inaccurate and misleading statistics upon the work of the Detective Bureau in his latest annual report.

12. Members of the Detective Bureau should not be assigned to Magistrates' Courts for the purpose of serving warrants issued by the Magistrates on complaints of citizens made directly to the courts. This work for the most part is purely formal, and could easily be performed by civilian process servers or patrolmen. Detectives should be limited to detective work in order to increase their efficiency by experience and education. Moreover, the service of these warrants is used as a false measure of the Bureau's achievements. During 1912 14,000 such warrants were served by detectives. These are so classified as to give the impression of arrests resulting from detective work upon complaints made to the Police Department, whereas in fact they represent no detective work, but are the results of complaints made to the courts.

13. The "School for Detectives" is discussed elsewhere in this report.

Recommendations.

1. The present law empowering the Commissioner to transfer Policemen to and from the Detective Bureau at will should be continued.

2. The reasons for so assigning or removing Detectives should be recorded in detail. This would tend to reduce favoritism, would make the tenure of Detectives more secure, and would be useful for the subsequent guidance of Headquarters officials.

3. Detectives should be chosen only because they show promise of detective skill. The assignment of men to the bureau as a reward for personal bravery or because of favoritism should be stopped forthwith.

4. The personnel of the bureau should be kept as nearly constant as possible. No Policeman can become a Detective without experience. Only those Detectives shown to be inefficient should be removed.

5. The homicide squad, abolished by Commissioner Baker, and the Italian and pickpocket squads abolished by Commissioner Waldo, should be re-established, and other squads should be formed to specialize in the detection of various crimes. The testimony before us of Judges, District Attorneys, and police officials, was emphatic that specilization is essential if the Detective Bureau is successfully to cope with criminals.

6. There should be a detective squad at Headquarters for emergencies and for special work throughout the city. The present system of assigning all Detectives to precincts should be so modified as to combine the advantages of a central squad at Headquarters and of Detectives scattered throughout the precincts.

7. Photographs and identification records should be made of all persons charged with felony who have been held by a Magistrate for action by the Grand Jury, or directly indicted by the latter. Legislation should be enacted to effect this object.

8. The "line up" of prisoners at Headquarters should be re-established in some form in order to familiarize Detectives with the faces and habits of dangerous criminals.

9. The courts and District Attorneys should be furnished criminal records in possession of the department in all prosecutions.

10. Warrants issued by Magistrates should be served by civilian Process Servers or Patrolmen assigned for that purpose. Detectives should be confined to detective duty in order to become experienced and efficient.

11. The system of reports and records in the Detective Bureau must be thoroughly overhauled before any permanent improvement in its work can be expected.

(a) A system of efficiency records should be devised and indexed, by reference to which supervising officials could quickly determine past achievements as well as present assignment and progress of any Detective. These records should make impossible the present practice of often giving to one Detective credit for work performed by a Patrolman or another Detective.

(b) Precinct commanders of Detectives should be required to make records of all complaints received by them and to report to Headquarters action taken in every case. At present many complaints made by citizens in precincts are not recorded or reported.

(c) Cases under investigation should be reported regularly from precincts to Headquarters in sufficient detail to indicate time spent by Detectves, names of all Detectives concerned, names of witnesses interviewed and summary of their evidence, and reasons for action taken or for failure in results. The general assurances of continued effort should give way to specific facts.

(d) In homicide cases such reports should be especially complete and no homicide case should be "closed" without the personal approval of some supervising official.

(e) The reports of precinct and division commanders of Detectives should be so explicit as to afford comparison between the number of complaints received and the number of arrests and convictions resulting therefrom. At present the total number of complaints is set alongside the number of arrests, giving a false impression as to the efficiency of the bureau's action upon such complaints. Many thousands of formal arrests on Magistrates' warrants are now made by the Detective Bureau in cases where no complaints have been lodged with the Police Department.

(f) Consolidation, analysis and indexing of precinct reports should be made at Headquarters. This would secure a more accurate and honest compilation of records than is possible under the present system of leaving such work to the various detective districts.

(g) Competent and thoroughly trained officials at Headquarters should check the accuracy and sufficiency of reports sent from precincts. Daily analyses should clearly tell the story of crime throughout the city and the efficiency of the bureau in meeting it.

12. Detectives in court should be supervised in order that a check may be kept upon the adequate preparation of their cases and the truthfulness of their testimony.

SURGICAL BUREAU.

There are twenty-five Police Surgeons in the Department, one of whom, called Chief Surgeon, is the executive head of the bureau. These Surgeons rank as Inspectors of Police, receive a salary of $3,500 per annum, and, upon retirement, are entitled to the pensions of retired Inspectors. The City is divided into twenty-four districts, to each of which is assigned a Surgeon. The principal duties of the Surgeons, as prescrbed by the rules of the Department, are:

(a) To examine applicants for appointment to the force.

(b) To examine applicants for retirement on pension because of physical disability.

(c) To give medical aid to members ot the force upon sick leave, and order their return to duty without unnecessary loss of time.

(d) To recommend to the Police Commissioner for medical examination members of the force in their judgment permanently unfit for police duty.

Police Surgeons are permitted to engage in private practice. It was impossible to ascertain the extent of this practice, as no time records are kept by the bureau, but it has frequently been alleged that they devote the major portion of their time and energy to their private patients. Efficiency in this bureau cannot be secured so long as Surgeons divide their attention between official duties and private professional work.

A salary of $3,500 per annum, with a pension of $1,750 after twenty-five years of service, or, at any time, upon incurring disability, would seem sufficient to secure competent physicians who would devote their entire time to the Department. If not, it would be much better to increase their salaries than to engage men whose attention and interest are so divided. The Surgeons advance the argument that they require private practice to give them sutficiently varied experience. This is readily met by the observation that 10.500 men properly attended would give all the experience needed. The tables prepared by our investigators and hereto attached, show hundreds of diseases to which Policemen are subject, varying from "abscess," at the head of the list, to "worry," at its close. Furthermore, if Surgeons should devote their entire

time to official duties, their number could be considerably reduced. If it were found that the medical care of the entire force did not afford the Surgeons sufficient clinical experience, they could be permitted to serve in public hospitals and dispensaries without extra compensation.

The duty of Surgeons to give medical attendance to members of the force does not extend to their families. When serving as family physicians to Policemen, fees are charged. The Police Surgeon, with the rank of Inspector, and with duties principally disciplinary in the way of regulating sick leaves and disability retirements, should have no dealings with Policemen where money is involved. On the one hand, the Policeman will fear to employ an outside physician whom he may prefer, feeling that his Surgeon desires his family practice, and is in a position to be severe with him if he be so inclined. On the other hand, there is a temptation for the Surgeon to be unduly lenient with an officer from whom he receives fees as family physician. Chief Surgeon Palmer testified before us that the practice of attending Policemen's families was considered improper, but he admitted there was no rule against it, and he was unable to state to what extent the twenty-four Surgeons under his control engaged in it.

The conception of their duties as almost wholly disciplinary and the privilege of engaging in private practice have combined to render passive the interest of the Surgeons in the general physical condition of the force. We have been much surprised to find no general medical survey of the force, no comprehensive study of its physical needs, no recommendations to the Commissioner as to the prevention of diseases in general or in individual cases.

The records kept by the Surgical Bureau are incomplete and inadequate. No private physician would record so little information concerning the diagnosis and treatment of his patients as appears upon these records. Even such facts as are recorded by the district Surgeons are not promptly transferred to the personnel cards at Headquarters. The posting of these personnel cards was found to be twelve months in arrears. The reason assigned by the Chief Surgeon for this wasteful delay was lack of sufficient clerical assistance.

Surgeons are not required to live within their districts. Only eleven Surgeons reside in the districts to which they are assigned. In some cases the Surgeon lives twenty-five miles from his district. Inasmuch as a large amount of the "medical attendance" to Policemen is given at the private offices of the Surgeons, the hardship upon the members of the force is apparent. Moreover, Surgeons should be available in cases of emergency.

Surgeons are not required to keep a given number of office hours. Investigation shows that three hours daily constitute the average office hours of the Surgeons. These are not especially set aside for the treatment of Policemen, but are the regular office hours of the Surgeons for all purposes. It was not found that any preference over private patients is given to a Policeman calling at the office of his district Surgeon. Nor must it be assumed that the district Surgeon is spending his itme in calling upon members of the force. The records show that only in rare instances are Policemen given regular and constant medical attention at their homes.

Surgeons have no regular hours of duty at headquarters, nor is any Surgeon assigned there for night duty. In the event of emergency the Surgeon assigned to the district involved is summoned, but there is no rule requiring him to keep within call.

The Surgeons are not even required to make sanitary inspection of station houses. Several years ago such inspection was required, but no one attached to the Surgical Bureau could give any reason why this important work was discontinued. The testimony before us of Mr. Charles Ball, a Sanitary Expert, disclosed shocking sanitary conditions in the sleeping quarters of many station houses.

Tables prepared by our investigators are hereto attached, showing surgical districts, assignment of Surgeons, classification of Policemen's diseases, etc.

Recommendations.

1. Police Surgeons should be required to give their entire time to official duties, and should not be permitted to engage in private practice. They should be rigidly prohibited from receiving fees for professional services rendered Policemen or their families.
2. The salary of the Chief Surgeon should be greater than that of the District Surgeons.
3. If the present salary of District Surgeons be not sufficient to attract competent men willing to devote their entire time and interest to official work, it should be increased.
4. The Surgeons should be required to make a complete physical examination of the entire force at least once a year. This should be done primarily for the purpose of preventing disability by treatment of diseases and defects or weaknesses in early stages.
5. The system of records in the Bureau should be improved. Present personnel cards should be posted to date.
6. The records should show a complete medical history of every member of the force.
7. Details of diagnosis and treatment in every case should appear upon the personnel card record.
8. Charges preferred against Policemen by Surgeons should be entered on the personnel cards.
9. Surgeons should be required to live within their districts.
10. A Police Surgeon should be on duty at headquarters at all hours of the day and night.
11. Surgeons should be required to make monthly sanitary inspection of station houses.
12. Members of the force retired upon disability pensions should be subject to periodicol physical examination by the Surgeons in order that if found fit for duty they may be returned to the service. Such examination should be made by Surgeons other than those certifying to the disability at the time of original retirement.

TRAFFIC SQUAD.

This squad regulates the traffic on the public streets. It is composed of 1 Inspector, 3 Captains, 21 Lieutenants, 24 Sergeants, and 449 Patrolmen. Members of the regular force are transferred to and from this squad within the discretion of the Commissioner. No special examination for such appointment is held. The members of this squad are on duty for eight hours, of each day, and are not kept upon reserve. They are especially exempted from the provisions of the three platoon law.

BRIDGE SQUAD.

The Charter provides that the Police Commissioner may assign officers to assist the Department of Bridges in its work. This law should be repealed, although no such assignment has been made for several years. The policing of bridges has been under the direct charge of the Police Department. The Bridge Squad is under the supervision of the Inspector in charge of the Traffic Squad, and is composed of 1 Captain, 2 Lieutenants, and 91 Patrolmen, who are relievd from all other police duty.

TENEMENT HOUSE SQUAD.

Under the provisions of the Charter this squad is assigned by the Police Commissioner to assist the Tenement House Department. It is composed of 1 Sergeant and 13 Patrolmen, who are relieved from all other duty. We recommend the abolition of this squad by law, as the Inspectors in the Tenement House Department are quite competent to discharge the duties now performed by these Policemen.

HEALTH DEPARTMENT SQUAD.

Under the provisions of the Charter this squad is assigned by the Police Commissioner to assist the Health Department. It is composed of 1 Lieutenant, 2 Sergeants, and 50 Patrolmen, who are relievd from all other police duty. We recommend the abolition of this squad by law, as this work should be performed by Inspectors of the Health Department.

BOILER SQUAD.

The Charter places upon the Police Department the duty of inspecting all boilers and licensing Stationary Engineers and Firemen. This squad is composed of 1 Lieutenant and 12 Patrolmen, who are relieved from other police duties. This important work should be placed in charge of a bureau established for the purpose by local authorities. Police Commissioners have repeatedly asked that the Department be relieved from this non-police duty. We so recommended in our Preliminary Legislative Report.

CENTRAL OFFICE SQUAD.

The Central Office Squad is a classification to include various bureaus and groups of officers assigned to headquarters and elsewhere. It comprises the Policemen attached to the Inspectors, the members of the special squads attached to the Police Commissioner, the Bureau of Repairs and Supplies, the School for Recruits, the Telegraph Bureau, the Property Clerk's Office, the clerical staff of the Department, the men assigned to the various public offices of the City, and Messengers, Custodians, and Chauffeurs.

Duties performed by the clerical staff, the men assigned to the Telegraph Bureau, the public offices, the Property Clerk's Office, the Bureau of Repairs and Supplies, and by Messengers, custodians, and Chauffeurs, should be performed by civilian employees. These are not police duties, and it is unfair to ambitious policemen as well as to the Department to assign members of the force to such work.

Special mention should be made of the Bureau of Repairs and Supplies. This Bureau has charge of the purchase of all supplies, the making of all repairs, the purchase and maintenance of all horses and equipment, the operation of the Headquarters Building, and the supervision of all new construction.

The Bureau, though formerly in charge of an Inspector, and later of a Captain, is now administered by a Lieutenant, under the supervision of the First Deputy Commissioner. Five additional Lieutenants and seventeen Patrolmen are detailed to this Bureau, and one hundred and seventy-five civilians are also employed.

The Bureau expends nearly $1,000,000 annually.

The administrative head of this important Bureau should be a civilian, of business experience, chosen in accordance with Civil Service regulations. The entire staff of the Bureau should be selected in the same mannr.

Increased efficiency at less cost and a continuity in administrative policy would thus be secured.

The work of the School for Recruits is discussed in a later section of this report.

ORGANIZATION AND PERSONNEL OF POLICE DEPARTMENT.

The department has approximately 10,500 members, distributed at the close of 1912 as follows:

Police Commissioner	1
Deputy Police Commissioners	4
Chief Inspector	1
Inspectors	18
Surgeons	25
Captains	97
Lieutenants	588
Sergeants	639
Patrolmen	8,933
Matrons	70
Civilian employees	263

Before discussing in detail each of the above ranks, we give below a summary of our conclusions and recommendations:

Conclusions and Recommendations.

1. Control by State legislation over the organization and administration of the department is inimical to efficiency and discipline. The Police Department should be governed by local legislative and executive authorities. Home rule is essential.
2. We approve the present plan of having as the executive head of the department a civilian commissioner appointed by the Mayor. We do not favor the creation of a chief of police chosen from the uniformed force.
3. Frequent changes in the commissionership without adequate cause assigned have seriously crippled administrative efficiency. We believe present laws should be amended to accomplish the following result: The Police Commissioner should be appointed by the Mayor for a term of eight years, but should be removable at the will of the Mayor or the Governor, whenever, in the judgment of either, the public interest so requires. Before the Commissioner is removed, however, he should be apprised of the reasons for his contemplated removal and should be given an opportunity to appear at a public hearing before the Mayor or Governor, as the case may be, to make any explanation or answer he desires and to call witnesses if he chooses. The Mayor or Governor should have the absolute power to remove the Commissioner after such public hearing. No court review of the proceedings should be allowed. Further discussion of this recommendation appears below under "The Police Commissioner."
4. The present salary of the Commissioner, $7,500, should be increased to $10,000.
5. The present number of Deputy Commissioners is inadequate. They are not able to give the Commissioner sufficient supervisory assistance. The Charter should be amended so as to enable local authorities to increase the number of Deputy Commissioners as the occasion requires.
6. The inspection district is to large to serve as an administrative unit. The precinct is better adapted to this purpose. Inspection districts should be abolished and the number of Inspectors substantially reduced.
7. The salary paid first year Patrolmen, $800, is insufficient. They should receive $1,000 for their first year's service, with an annual increase of $100 until a maximum salary of $1,400 is reached.

The Police Commissioner.

The Commissioner is now appointed by the Mayor for a term of five years, but is removable by him or the Governor at will. There have been eight Commissioners since the abolition of the Police Board and the creation of a single headed comsionership, as follows:

Michael C. Murphy	1901-1902
John N. Partridge	1902-1903
Francis V. Greene	1903-1904
William McAdoo	1904-1906
Theodore A. Bingham	1906-1909
William Baker	1909-1910
James C. Cropsey	1910-1911
Rhinelander Waldo	1911-

Commissioner Bingham was removed without charges preferred. The other Commissioners resigned, the reasons for such resignations not being made public. Among these eight Commissioners were military officers, lawyers and business men.

We believe lack of control over the force by the Commissioner to be one of the fundamental weaknesses of the department. One of the principal causes of this lack of control is his brief and uncertain tenure.

With each change of Commissioner have naturally come radical changes in methods of arministration involving regulations of the department, the personnel of the deputies, a difference in attitude of the Commissioner towards the force and of the force towards the Commissioner. The effect upon discipline is obvious.

Former Commissioners have testified before us that it takes from one to two years for a Commissioner to become familiar with the complex problems of his office. If a Commissioner is to be successful he must know intimately the personal history and character of all his commanding officers. He must also become thoroughly familiar with the spirit and the ethical standards of the entire force.

Under the present system the force does not respect the Commissioner. Former Commissioner McAdoo, when asked by us as to the attitude of the force towards the Commissioner testified: "They tolerate him; they sometimes feel sorry for him." Former Deputy Commissioner Woods testified: "Most of the Commissioners are birds of passage. The force gets a glimpse of them flying over and hardly has time to determine their species."

Inspectors, Captains and Lieutenants feel more powerful than the Commissioner. They know that they are permanent while he will probably be short-lived. Their belief that any present Commissioner may soon be removed is one of the most serious factors in the present police problem. Their attitude toward the Commissioner makes impossible genuine discipline and effective co-operation.

The Honorable George B. McClellan, for six years Mayor of New York, testified before us as follows:

> "The City of New York has a police force in which the rank and file is better than the rank and file of almost any department in the world. The 'system,' so-called, that every man in authority in the city government must have run against time and again, is centralized not in the rank and file of the Department, but among the Inspectors, Captains, the Lieutenants, and possibly the Sergeants * * *. They are thoroughly tainted by the 'system.' They have a false corps spirit. That corps spirit has been hammered into them from the moment they put on the blue coat, and lasts with them till they die or are retired. It is a spirit that preaches the necessity of hanging together—to stand by the man who is a policeman, no matter if he is the worst scoundrel unhung."

The morale and general attitude of the superior officers of the force are important elements in police administration. No Commissioner can succeed unless he is able to command their respect and secure their genuine support. If this is to be accomplished the commissionership must be more constant in the future than it has been in the past. The Commissioner must feel secure in his position, and, what is of equal importance, the force must realize it. On the other hand, the Mayor's

responsibility and power must be continued. Sufficient protection would be afforded a Commissioner if the law required the Mayor or Governor before removing him to apprise him of the reasons for his proposed removal and give him an opportunity at a public hearing to make such explanation or defense as he should desire. After such public hearing the Mayor or Governor should have the absolute power to remove the Commissioner. No review by the courts should be allowed.

Under the plan proposed centralization of power and responsibility in the Mayor would not be impaired. He would still possess the unrestricted power of removal, but would be compelled to assign reasons for his action. A mayor should be willing to take the public into his confidence in so important a matter. If required to grant the Commissioner a public hearing a Mayor would hesitate before removing him for purely personal or political reasons. This provision would also prevent a Mayor from assigning specious reasons for his action.

We recommend a term of eight years, for the following reasons: It is important that the force should believe that the Commissioner will remain in office a number of years and should also believe that he is entirely divorced from politics.

If the term were made co-terminous with that of the Mayor it would be assumed that every Mayor would appoint his own Commissioner. With the approach of each municipal campaign much discussion throughout the force would ensue as to the probability of a change of administration. This would seriously injure effciciency and discipline. The present term of five years was undoubtedly established to avoid this periodical disturbance. That it has failed in its purpose has been due to summary removals and requested resignations.

It has been urged that a Mayor must select his own Commissioner to carry out his policies of administration. But there can be no policy in the preservation of order, the protection of property, and the enforcement of law. The Mayor, the Commissioner, and every member of the force are sworn to enforce all laws. The Commissiner is the sole administrative head of the Department and his duties are so important and exacting that he cannot serve as a political adviser to the Mayor.

If a newly-elected Mayor desires to appoint a Police Commissioner, but can give no reason for removing the one in office, then a new Commissioner should not be appointed.

The law should require the Mayor to hold a public hearing whenever, by a majority vote, the Board of Estimate and Apportionment or the Board of Aldermen shall adopt a resolution calling for the removal of the Police Commissioner and stating reasons therefor. The final and absolute decision upon the question of the removal of the Commissioner should, however, be left with the Mayor.

The Deputy Commissioner.

Four Deputy Commissioners are now provided by law. They are appointed by the Commissioner and are removable by him at will. During the administration of the eight Police Commissioners above referred to, there have been thirty-one Deputy Commissioners.

The Deputies constitute the Commissioner's civilian cabinet. Their efficiency as confidential civilian aides is much impaired by the amount of administrative work necessarily imposed upon them. Additional Deputies are much needed. Some of these Deputies should be entirely relieved from administrative work, in order to render effective assistance to the Commissioner in his supervision of the force.

The duties of Deputies are assigned by the Commissioner. Under the present administration the duties of the Deputies are as follows:

The First Deputy Commissioner is in charge of the uniformed force. He also has under his care the Surgical Bureau, the Telegraph Bureau and the Bureau of Repairs and Supplies, which spends nearly $1,000,000 per annum.

The Second Deputy Commissioner is in charge of the Detective Bureau and the Property Clerk's office.

The Third Deputy Commissioner conducts the trials of delinquent policemen in the Boroughs of Manhattan, The Bronx and Richmond. He also is in charge of the Pension Fund, the Boiler Squad and the School for Recruits.

The Fourth Deputy Commissioner is in charge of the Boroughs of Brooklyn and Queens. He conducts trials of delinquent policemen in those two boroughs.

The Chief Inspector.

The Chief Inspector is chosen from the Captains or Inspectors by the Commissioner, and his designation as Chief Inspector is revocable at will. As Chief Inspector he receives the salary of an Inspector. He is at the head of the uniformed force, and corresponds to the former Chief of Police, but he possesses no powers other than those delegated to him by the Commissioner. The jurisdiction and authority of the Chief Inspector are great or small, as the Commissioner elects. The present Chief Inspector has testified that he is in charge of routine matters affecting the uniformed force. He makes no recommendations for assignments or transfers. He has no responsibility in connection with the enforcement of laws against gambling, disorderly houses, or the illegal sale of liquor. The Inspectors do not report to him concerning their activities.

The former Chief of Police possessed certain statutory powers to the exclusion of the Commissioner. He was a subordinate more powerful within the limits of his authority than the Commissioner himself. We have been urged by a few witnesses to recommend the re-establishment of the office of Chief of Police. We are opposed to giving to any subordinate powers which a Commissioner cannot take away.

We believe that the Commissioner can best employ the Chief Inspector as a disciplinary aide in all routine police work by seeking to elevate the position in such manner as will cause the force to regard the Chief Inspector as its uniformed head. His salary should be fixed at an amount somewhat larger than that of other Inspectors.

Inspectors.

There is at present no rank of "Inspector." The Charter provides that the Commissioner may detail, not to exceed nineteen, Captains to act as Inspectors. This detail may be revoked at any time. During the period such captains act as Inspectors they receive an advance in salary. The Acting Inspectors are popularly known as "Inspectors," and are referred to in that manner throughout this report.

The City is divided into sixteen inspection districts, each district comprising two or more precincts. An Inspector is in charge of each district. Thus the jurisdiction of Inspectors is territorial rather than functional. The administrative unit of the department may be said to be the inspection district. The entire supervision of all police work (except that of detectives) in the inspection district is under the direct charge of the Inspector. His duties include disciplinary control over his district and the enforcement of all laws and ordinances, including those against gambling, disorderly houses and the illegal sale of liquor. For the enforcement of these latter laws he is provided with a special staff of Policemen doing duty in plain clothes. Discussion of the Inspectors' activities in this respect appears elsewhere in this report.

We believe the precinct, instead of the inspection district, should be the administrative unit. The inspection district is too large for this purpose and should be abolished. The number of inspectors should be reduced. A few inspectors could be of assistance to the Commissioner by serving upon his personal staff. They could investigate important complaints, become aids to the deputies, act as inspectors at large, serve in emergencies as commanding officers, and maintain such general supervision of the force as the Commissioner might prescribe.

The present law enabling the Commissioner to appoint Inspectors from among the captains, and revoke such appointments at will, has been the subject of considerable discussion. The majority of former commissioners testifying before us approved this plan. It was declared by others that no Inspector will properly discipline Captains under him because at any moment he may himself become a captain. In our judgment a more permanent tenure for the Commissioner would effectively meet this objection. Furthermore, we believe that a Commissioner should be empowered to select a uniformed cabinet—inspectors as well as a civilian cabinet—deputies. This he cannot do if the rank of Inspector be made permanent.

Captains.

The inspection districts are divided into precincts, each of which is in charge of a Captain (or a Lieutenant acting as Captain). There are 97 Captains in the Department at the present time. They are promoted from the raink of Lieutenant from an eligible list prepared by Civil Service Commission after a competitive examination.

The Captains are not now held responsible for the enforcement of laws against gambling and disorderly houses. Their activities in the enforcement of excise laws are confined to observations from the street.

As recommended above, the precinct and not the inspection district should be the administrative unit of the department. Each Captain should then be held strictly accountable for the enforcement of all laws in his precinct, including those against gambling and prostitution. To assist him in this work, there should be assigned to him an adequate staff of Policemen doing duty in plain clothes. This staff should be selected by the Commissioner or one of his Deputies, and not by the Captain himself, since a corrupt Captain would be likely to choose dishonest men to serve as his personal aides.

Lieutenants.

There are at present 588 Lieutenants in the Department. They are promoted from the rank of Sergeant from an eligible list prepared by the Civil Service Commission after a competitive examination. Six Lieutenants, on the average, are assigned to each precinct. The duties of Lieutenants are divided between "desk duty" and patrol. The Lieutenant on "desk duty" is in command of the station house in the absence of the Captain; he "turns out" the men for patrol; reads the orders of the day to each platoon, and assigns the members of the command to their respective posts. In certain cases he is empowered to administer oaths and accept bail. At the desk he takes the pedigree of prisoners when arraigned, records telephone communications and keeps the books of the precinct.

The duty of the Lieutenant on patrol is to supervise Sergeants and Patrolmen.

Lieutenants are also assigned to special duty by the Commissioner, and are frequently transferred to the Detective Bureau.

Sergeants.

There are 639 Sergeants in the Department assigned to the various precincts. They supervise the patrolling of posts.

Sergeants are appointed by the Commissioner from an eligible list prepared by the Civil Service Commission after a competitive examination.

Patrolmen.

There are 8933 Patrolmen in the Department. They are appointed by the Commissioner from an eligible list prepared by the Civil Service Commission after a competitive examination. Discussion upon the selection of Patrolmen appears elsewhere in this report.

The duty of the great majority of Patrolmen is the patrolling of posts. Many Patrolmen, however, are assigned to other duties as follows: Traffic Squad, Detective Bureau, plain clothes duty for Inspectors, plain clothes duty on special squads, Department of Health, Tenement House Department, Telegraph Bureau, Boiler Squad, Attendance at public offices, Doormen, Patrol wagon drivers, Coachmen, Chauffeurs, Hostlers, kennel duty, Engineers and Firemen, bicycle repairers, Clerks, Stenographers, Typewriters, Messengers, Draftsmen, Interpreters.

Many of these duties could be performed by civilian employees with greater efficiency and at less cost to the City. It is unfair to the Patrolman ambitious for promotion to give him little or no police experience. Nor is it fair to the Department to have charged against it five hundred Police officers who are doing work of this character. A table showing work done by members of the Department which should be performed by civilians is hereto attached.

The rank of Patrolman during the first five years of service is divided into seven grades, established by statute. These grades, with their corresponding salaries, are as follows:

Seventh grade, first year's service, $800 per annum.
Sixth grade, after 1 year's service, $900 per annum.
Fifth grade, after 2 years' service, $1,000 per annum.
Fourth grade, after 3 years' service, $1,150 per annum.
Third grade, after 4 years' service, $1,250 per annum.
Second grade, after 4½ years' service, $1,350 per annum.
First grade, after 5 years' service, $1,400 per annum.

All members of the force are required to purchase and maintain their uniforms and equipment. They are also required to provide and maintain mattresses, pillows, blankets and linen for their beds in station houses, where they are obliged to sleep when on reserve.

In order to learn the economic condition of Policemen during their first two years of service, the committee sent trained women investigators to the homes of 100 Patrolmen. Tables are hereto attached showing (a) minimum equipment and maintenance expense of first year Patrolmen; (b) rent, rooms occupied and number in family; (c) contributions to Police societies and insurance: (d) average minimum and maximum family budgets; (e) interesting answers to selected Police questions.

This investigation showed that the average family budget of first year Patrolmen is $1,086.12. Of this sum $237.41 is spent for Police purposes: Equipment, pension fund, benefit societies, station house fees, etc. Inasmuch as the first year Patrolman receives $800, it is evident that he must incur an indebtedness of nearly $300 during his first year.

The average family budget of the second year Patrolmen is $1,093.05. Of this sum, $198.83 is spent for Police purposes. This budget does not include the repayment of any money borrowed during the first year.

Our investigators found Policemen and their families, during these first two years, exercising rigid economy. Facing a situation where the income is less than the cost of living, with the possibility of illness and misfortune always present, the Policemen and their families are uniformly discouraged. They are frequently in the hands of loan sharks, and are often exploitated by installment houses. Under the rules of the department payment of debts can be enforced, and charges for non-payment of debts are frequently made against Policemen.

The Patrolman's increases of salary are generally expended in an attempted discharge of indebtedness, so that there is in reality no increase in his available income. Investigation shows that the average married Patrolman begins his third year of service with an indebtedness of several hundred dollars. At the same time he is only too likely to observe the apparent wealth and ease of some of his superior officers.

We believe the City should provide and maintain comfortable and healthy quarters for all members of the force on reserve. We disapprove the present system under which Policmen are compelled to provide and maintain their own beds.

The present method of patrol is controlled by mandatory legislation, and is termed the "three platoon system." Under this system the patrolling force is divided into three platoons, and no member of the force can be called upon to patrol more than eight hours in any one day. It is made a misdemeanor for the Commissioner or any commanding officer to take a Policeman from reserve duty except in case of extreme emergency.

Under the present administration the system of patrol as formerly existing has been modified by the establishment of 1323 "fixed posts." These "fixed posts" are established only in certain sections of the City, and are four blocks apart. The system is in operation only during the night hours. Its object is to have a Policeman at a fixed post where he may readily be found. The men thus stationed alternate with Policemen on regular patrol. The "fixed post" system requires an additional number of men, and the sections of the City where it is established are policed at the expense of other sections.

We have prepared a table, hereto attached, showing the area of all precincts, their population, miles of streets, number of patrol posts, average number of Patrolmen for the past four years, and crime statistics for the same period.

Matrons.

There are 70 matrons assigned to the various precincts, who act as custodians of women prisoners. They are members of the uniformed force, subject to all the rules, regulations and benefits of Policemen and receive an annual salary of $1,000.

MATTERS AFFECTING GENERAL WELFARE OF FORCE.

Appointments.
School for Recruits.
School for Detectives.
Promotions.
Trial and punishment of delinquent policemen.
Reinstatement of dismissed policemen.
Remission of fines.
Pensions.
Sanitary condition of station houses.

Appointments.

The character of the recruit is of vital importance to the efficiency and honesty of the Police Department. He is vested with great power for good or evil. He is called upon constantly to testify in court on behalf of the State. The man who makes a false statement in his application in order to conceal some fact which he thinks may unfavorably affect him, is the kind of man who later will perjure himself upon the witness stand in order to secure a conviction or extort a bribe. Throughout the policeman's service his commanding officers must rely upon his fidelity and trustworthiness. The man who enters the force with a lie upon his lips is the type of man who later will betray his superiors.

Appointments to the force are made by the Police Commissioner from an eligible list prepared by the Civil Service Commission after a competitive mental and physical examination. About 300 patrolmen are appointed during each year. Other ranks are filled by promotion. Appointments are made "on probation" for a period of

six months, the Commissioner having the power to refuse permanent appointment to any probationer at the expiration of that time whose services are unsatisfactory or who does not show promise of developing into a competent policeman.

We have found investigation of the character of the men appointed to be wholly inadequate. During the administration of Commissioner Bingham a member of the force was caught committing a burglarly. Investigation disclosed this officer to be an ex-convict. General Bingham thereupon established a bureau of investigation within the Department, whose duty it was to examine into the history of men certified for appointment to the force. This bureau did very efficient work. Its activities disclosed that about 12 per cent. of the men certified for appointment were wholly unfit to become policemen, either because they had sworn falsely upon their applications, or because they were ex-convicts, or because their reputations were bad. This bureau was further developed under Commissioners Baker and Cropsey, but was abolished by Commissioner Waldo immediately upon his taking office. His explanation before us for abolishing so useful a bureau was that such work should be performed by the Civil Service Commission. The president of the Commission testified that the number of men at his disposal for this work was wholly insufficient for any effective investigation.

At the time of its abolition the bureau of investigation had examined into the history of candidates near the head of the list but not yet appointed. From the records of such examination we have discovered that Commissioner Waldo knowingly appointed to the force between 30 and 40 patrolmen who had sworn falsely in their applications in order to conceal previous arrests, indictments, discharges from employment, etc. All of these men had been previously rejected by Commissioner Waldo's predecessor, Commissioner Cropsey. The only explanation we could secure from the Commissioner for making these unfit appointments in the light of the evidence before him, was that investigation of character of candidates should be made only by the Civil Service Commission; that he was not responsible for the character of men certified by that Commission, and that any man placed upon the eligible list was satisfactory to him. The president of the Civil Service Commission testified, however, that many of these men were recertified without investigation at the explicit request of Commissioner Waldo.

It is unnecessary to quote from the record in detail the evidence adduced before us concerning the unfitness of these men to become policemen. A few illustrations will suffice. The facts set forth in the following cases were disclosed by the bureau of investigation in the Police Department and were specifically called to the attention of the Commissioner before appointments were made.

Michael Imbriale swore in a former application that he had never been arrested. Records in the Police Department and specifically called to the attention of Commissioner Waldo, revealed that he had been arrested for shooting and killing a man, indicted, and acquitted; that afterwards he had slashed a boy's throat with a razor, had been arrested and indicted for felonious assault and again acquitted. Commissioner Cropsey, the predecessor of Commissioner Waldo, had refused to appoint Imbriale a patrolman because of his false statements and because of letters from citizens concerning his unfitness. Commissioner Waldo, however, appointed him to the force against the specific recommendation of Deputy Commissioner McKay.

The following testimony given before us by Deputy Commissioner McKay and by his chief, Commissioner Waldo, shows their conception of character requirements for appointment to the force:

"Deputy Commissioner McKay (page 642):

"Q. Then if anybody can escape going to jail he is a good enough policeman for you, is that right? A. Yes, sir; if the complaints against him are dismissed, he is a good enough policeman for me.

"Q. Don't you regard that a very low standard for a police officer? A. I never criticize the courts.

"Q. Don't you know perfectly well that many a man is acquitted because of technical reasons, but still there is evidence of his bad character? A. I do not believe that we would be justified in acting upon that belief.

"Commissioner Waldo (page 655):

"Q. Commissioner Waldo, we were going over, this afternoon, the case of one of your patrolmen, Mike Imbriale, and we have already touched this case before. And I find he was appointed by you on June 28, 1911. We have had, this afternoon, evidence which I do not suppose you would recall of certain protests being made regarding the appointment of Michael Imbriale, whom Commissioner Cropsey had rejected, but whom you appointed after the Civil Service Commission had recertified him, and we find, among other things a letter from the Mayor's office, concerning a complaint which was sent to Chief Inspector Schmittberger, on which he made a report to you. We also find a report of Commissioner McKay. It was the case of an Italian, and it was alleged that he had killed one man and cut the throat of another, although he had been acquitted by the courts on both charges. It was also alleged that he had sworn falsely regarding his ever being arrested. I wonder if you now recall anything at all about the case? A. I do recall appointing Imbriale. I did not remember his name right away, but I recall the circumstances. In this country we have courts to try people who are charged with various crimes.

"Q. I see. A. (Continuing): This man was tried by a properly constituted court, and he was acquitted. Now that is all the concern I have in the matter. Also, he was tried and acquitted of another charge. Now I do not see wherein I should condemn a man for the rest of his life on a charge for which he has been acquitted.

"Q. I don't either, but are you called on to condemn a man or are you called on to give him a gun? A. When a man comes to me who has served six months in the Department, as this man has served, and has had a clean record, and the only thing we could find against him was that he had been tried on two criminal charges and been acquitted according to the law of the land, and I did not see wherein I should punish him. He was certified to me by the Civil Service, as being a proper man to appoint, and in my opinion I was justified in appointing him under those circumstances."

Although a man charged with crime should be given the benefit of every doubt when tried before a jury, we insist that a Police Commissioner should give to the people of the City the benefit of any doubt as to the character of an applicant to join the force.

Joseph Cherico was appointed to the force by Commissioner Waldo on June 12, 1911. Cherico had sworn in his application that he had never been arrested. He had been arrested and convicted for bigamy under the name of Joseph Chiesa on September 17, 1906, with sentence suspended. He had also stated under oath that he had never before made application to join the force, although the records disclosed a former application by him under the name of Joseph Chiesa.

Michael J. O'Brien was appointed to the force by Commissioner Waldo on June 28, 1911, although rejected by his predecessor. He had sworn in his application that he had never been arrested. The records of the Police Department disclosed that he had been arrested and convicted for disorderly conduct upon two occasions.

Dominick Abruzzese was appointed to the force by Commissioner Waldo on June 28, 1911, although rejected by his predecessor. He had sworn in his application that he had never been arrested. The official records disclosed that upon one occasion he had been arrested for keeping a disorderly place and discharged; that on another occasion he had been arrested for disorderly conduct and fined.

Michael J. Benedetto was appointed to the force by Commissioner Waldo on May 15, 1912, although he had been rejected by Commissioners Bingham, Baker and Cropsey. The records show that he had made a false statement in his application with reference to his employment.

Patrick J. Dunne was appointed to the force by Commissioner Waldo on June 28, 1911, although rejected by his predecessor. He had stated in his application that he had never been engaged in the sale of intoxicating liquors. Investigation showed that he had been a bartender and owner of a saloon for many years. When confronted with these facts, he admitted to former Commissioner Cropsey that he had lied under oath.

Samuel Hirsch was appointed to the force on June 28, 1911, by Commissioner Waldo although he had been rejected by Commissioners Bingham, Baker and Cropsey. He had made a false statement in his application with reference to his employment, evidently to cover up the fact that he had been dismissed from a railroad under a serious charge.

To state in detail many similar cases would unduly prolong this report. The facts regarding them may readily be ascertained by reference to our record or to the files of the Police Department.

Recommendation.

We recommend that investigation by the Civil Service Commission into the character of applicants for appointment be supplemented by independent investigation under the direction of the Police Commissioner.

The School for Recruits.

Immediately upon appointment all Patrolmen are assigned to the school for recruits for a period of four weeks. At this school they receive instruction in the following subjects: Laws and ordinances, general police duties, pistol practice, humane handling of prisoners, semi-military manœuvers.

The School for Recruits should be employed for the two-fold object of training men for police service and of weeding out those unfit for police duty, the Commissioner having the power to refuse permanent appointment to any recruit at the end of his six months' probation.

The period of instruction, consisting of four weeks, is entirely too brief for adequate preparation for police service or for determination of fitness of men for permanent appointment.

The Instructors are selected from the uniformed force by the Police Commissioner, without regard to previous teaching experience or training. Class room instruction is given in the form of lectures, which are dull and perfunctory. Recruits are not required to make notes or discuss any specific problems. They display little interest and rarely ask questions. Twice a week they are assigned to precincts for short patrol duty with other Policemen. The Captains scatter them about promiscuously, for there are no Patrolmen specially trained for coaching recruits. A recruit is quite as likely to be assigned to a new member of the force as an old one, and it is matter of chance whether he be turned over to an honest or dishonest officer. The regular instructors do not supplement class room teaching by practical field work or experimentation.

Recommendations.

The length of the school term should be increased to the full probationary period of six months. The teaching staff should include skillful and experienced civilian instructors, employed specifically for the purpose, and devoting their entire time to the work. For instruction in practical police duty members of the force should be assigned.

Records of the work of each recruit should be carefully kept. Specific daily lessons should be assigned and every recruit held to account for mastering such assignment. Frequent written and oral tests should be required. A vastly different spirit is exhibited by the recruits in their drill, their pistol practice, and their control of prisoners, than in their other courses of study.

The school should provide adequate instruction in laws and ordinances, practical police work, pistol practice, military drill, humane handling of prisoners, first aid to the injured, actual work in precinct, English and report writing, moral standards in conduct, organization of city government, and presentation of evidence in court.

School for Detectives.

In addition to the School for Recruits, the Department maintains a School for Detectives, in charge of an Inspector. The course of study includes instruction in methods of criminal identification, the Bertillon descriptive portrait and finger prints.

The lecture method is used, supplemented by illustrated charts, photographs and stereoptican views. The course consists of 25 sessions of one hour each. There are no records kept showing the character of work done by the members of the school. No written examinations or tests of any kind are required. Attendance at this school is discretionary with Detectives.

Recommendations.

All newly assigned members of the Detective Bureau should be required to attend this school.

They should be subjected to written and oral tests upon the subjects taught, and should be required to give practical demonstration of their ability to utilize the knowledge acquired.

Promotions.

Promotions are made by the Police Commissioner from eligible lists prepared by the Civil Service Commission as a result of competitive examinations and consideration of individual records in the Department. Promotions are made from the rank of Patrolman to Sergeant, Sergeant to Lieutenant, and Lieutenant to Captain. There is at present no rank of Inspector. Captains may be detailed to act as Inspectors, but this detail can be revoked at any time. While so acting as Captain is popularly known as an "Inspector." A Captain cannot be reduced to the rank of Lieutenant, nor can a Lieutenant be reduced to the rank of Sergeant. A Sergeant may be reduced to the rank of Patrolman after trial upon charges, this reduction being one form of punishment provided by law.

Under the law the Commissioner has the right to promote one officer from each group of three upon an eligible list, rejecting the other two if he desires, without assigning reasons therefor. The policy of the present administration is to promote as well as to appoint all members of the force in numerical order from eligible lists, the Commissioner exercising no discretion. It has been stated that the object of such a policy is to eliminate political interference and rumors of graft.

Former Commissioners have testified before us that a Commissioner should be permitted to exercise the discretion which the law gives him, promoting if he chooses only one officer from each group of three upon the list. They state that many Policemen can pass written examinations who have not the ability to command men; that many men secure positions upon the eligible lists whose reputations are bad, but against whom no "legal" evidence has been obtained. A distinction may well be made between original appointment and subsequent promotion. If the Civil Service Commission and the Police Department should cooperate in the investigation of the character of applicants to join the force, there should be no difficulty in agreeing upon the rejection of questionable candidates. In the case of promotions, however, there are so many elements in the wise selection of commanding officers that written examinations and individual records do not necessarily afford an adequate test.

Individual records of members of the Department are at present inadequate. Careful and intelligent experimentation should be made in the establishment of efficiency records. Under the present system, if an officer has not been punished, his record is perfect. Conspicuous acts of bravery receive credit in the preparation of ligible lists for promotion, but this practice is hardly fair to members of the force whose assignments do not afford adequate opportunities for saving life or stopping runaways, nor does it necessarily follow that a brave man will make a good superior officer.

Examinations for promotion are not held with sufficient frequency. Promotion lists should not continue longer than from one to two years. An examination of the age of the various lists for promotion since 1901 is instructive:

For the rank of Captain, the first list was in force 15 months, the second 4 years, the third 3 years and 10 months, and the fourth list, still in force, is now 2 years and 8 months old.

For the rank of Lieutenant the first list continued in force for 2 years, the second for 8 months, the third for 2 years and 8 months, the fourth for 4 years, and the fifth, still in force, is 3 years old.

For the rank of Sergeant the first list was in effect for 19 months, the second for 4 years, and the third for 4 years.

The result of continuing an eligible list for a long period is to promote men near the bottom of the list. To permit four years to pass without holding an examination for promotion and making a new list therefrom is simply to block the promotion of efficient men. Frequent examinatins would have the beneficial result of selecting men from the head of the list.

Recommendations.

1. We believe the Commissioner should be permitted to exercise the right given him by law to promote from eligible lists one man out of each group of three. He should be required to file in the Police Department full reasons for refusing to promote any officer upon such lists.

2. We recommend that promotion examinations be held with greater frequency. No eligible list should be permitted to continue for a greater period than one or two years.

3. A system of individual efficiency records should be established. These records should be so devised as to register affirmatively efficient work upon the part of members of the force.

Trial and Punishment of Delinquent Policemen.

No member of the force can be dismissed or fined except by the Police Commissioner, and then only after trial upon written charges before the Commissioner or one of his Deputies. A Policeman on trial may be represented by counsel if he desires. He has the right to call witnesses in his defense as well as to cross-examine witnesses testifying in support of the charges against him. If found guilty, he may be dismissed from the Department by the Commissioner or fined in an amount not exceeding the equivalent of thirty days' salary. In the case of a Sergeant, punishment may take the form of demotion to the rank of Patrolman. A dismissed Policeman has the right to a court review of the proceedings resulting in his dismissal. A member of the Department who has been fined may also seek a court review of his trial upon securing the consent of the Commissioner.

Recommendations.

1. The trial and punishment of delinquent Policemen should be regulated by local legislative and executive authorities. At present these matters are controlled in detail by State legislation. Existing laws should be amended to accomplish the following results:

(a) The Commissioner should be given the right to delegate to a Deputy Commissioner or to any member of the uniformed force, power to conduct trials and impose punishment upon delinquent Policemen. The Commissioner should have the right to revoke or modify any such punishment within thirty days from the time of its imposition. Although the law now provides that the Commissioner may delegate the power to conduct a trial to a Deputy Commissioner, he himself must find the delinquent guilty or not guilty and impose the punishment. Heretofore it has been the practice for the Commissioner to read the minutes only in cases of dismissal. In cases where fines were imposed he has accepted the recommendation of the trial Deputy Commissioner without reading the minutes. During 1911, two thousand three hundred and eighty-eight members of the Department were either fined or reprimanded. The Commissioner, under an opinion recently rendered by the Corporation Counsel, must now read the minutes in every case and personally impose the punishment. This places too much administrative routine upon him. If the Commissioner were given the right to delegate to any Deputy or to any member of the uniformed force the power to conduct trials and impose punishment, he would be relieved of much of this unnecessary burden. The provision that the Commissioner should have the power to modify or revoke the sentence of a Deputy Commissioner or member of the uniformed force would give sufficient protection to the Policeman and would prevent any subordinate from possessing more power than the Commissioner himself. The recommendation that this right of delegation be extended to members of the uniformed force as well as to Deputy Commissioners is offered because a Commissioner may very well desire to establish a system of trial by Captains and Inspectors for minor offenses. The Commissioner should have the right in his discretion to withhold any fine imposed in monthly installments.

(b) A Commissioner should have the power to suspend Policemen without pay pending investigation of alleged misconduct and trial of charges. If the charges be dismissed, no pay should be forfeited. Under the present law a Commissioner has no right to suspend without pay until the service of written charges. If the charges are sustained, pay can be forfeited under the present law only from the time of suspension, after written charges have been served, and not from the time of suspension before such service of written charges.

(c) The present law directing a Commissioner to provide two places for trials of Policemen, each including certain Boroughs, should be repealed. This is a matter of administrative routine which should be entirely within the discretion of the Commissioner.

(d) As recommended under "Promotions," individual efficiency records should be devised. A system of merits and demerits should be created. In many cases punishment by demerits would be fully as effective and more humane than the imposition of fines.

Reinstatement of Dismissed Policemen.

As already stated, no member of the Department can be dismissed except by the Police Commissioner, and then only after trial upon charges before the Commissioner or one of his deputies. After a member has been dismissed, he may seek reinstatement by (a) applying to the courts for a review of the proceedings resulting in his dismissal; or (b) making application to the Mayor for a rehearing of the charges by the Police Commissioner. This latter course is not open in certain cases mentioned below.

Reinstatement by the Courts.

The present right of dismissed policemen to seek redress in the courts has been the subject of discussion for many years. We have received divergent opinions of former Commissioners, Mayors, and experts upon it. We have caused to be made an exhaustive study of all court proceedings by dismissed policemen for the past fourteen years. We find that since 1899, six hundred and eighty-three dismissed policemen have sought reinstatement through the courts. For this entire period only forty-six cases were decided adversely to the Police Department. In twenty-six of these the dismissals were held to have been contrary to the weight of evidence. Twenty decisions were based upon serious irregularities of procedure, which could easily have been avoided by better observance of rules of law. This emphasizes the desirability of appointing a lawyer as the Trial Deputy Commissioner. Former Commissioners testifying before us were unanimous upon this point.

The right to a court review is a protection to honest members of the force. Any policeman who fearlessly performs his duty necessarily makes enemies who are only too willing to injure him. If the Commissioner were vested with arbitrary power of dismissal, injustice would more likely result than under the present system which requires sworn testimony in support of charges. The arguments usually advanced against the preservation of this substantial right have less force when it is realized that reinstatements by the courts have been so few.

Reinstatement by the Police Commissioner.

Section 1543 A of the Charter provides:

"Upon written application to the Mayor by the person aggrieved, setting forth the reasons for demanding such rehearing, the Police Commissioner * * * shall have the power in his discretion to re-hear the charges upon which a member * * * has been dismissed, unless such dismissal was for insubordination, conduct unbecoming an officer or member, cowardice, or intoxication."

This Charter provision should be repealed. The right of a dismissed policeman to appeal to the courts affords him ample protection against injustice. The above section empowers the Mayor and Police Commissioner, in effect, to reverse the decisions of the courts and of former Commissioners. It opens the door to personal importunity and political expediency.

The present Commissioner has reinstated many dismissed policemen. These reinstatements have been of three classes:

1. Members of the Department dismissed by former Commissioners for "conduct unbecoming an officer." The reinstatements of this class were in violation of law and expressly contrary to the opinion of the Corporation Counsel on file in the Police Department at the time. This opinion, dated November 7, 1910, contains the following paragraph:

"The trial of delinquent policemen as conducted by you or one of your deputies is of a judicial character and a finding of guilty therefor, whether the punishment be a fine or dismissal terminates your power over the proceeding, and it makes no difference whether the determination was made by you or your predecessor in office."

The Corporation Counsel then calls attention to the exception provided by section 1543 A of the Charter, and concludes his opinion as follows:

"In cases of dismissal from the force you may become vested with such power providing the person aggrieved makes a written application to the Mayor setting forth his reasons for demanding such re-hearing, but the application cannot be entertained where a member of the uniformed force was dismissed for insubordination, conduct unbecoming an officer, cowardice, or intoxication."

That the Commissioner knew of this opinion and realized its effect is shown by the fact that the language above quoted is set forth in letters by the Commissioner and his deputies in cases where applications for rehearing were denied.

After these facts were disclosed before us, a citizen brought a taxpayer's suit to have these reinstatements declared illegal. This suit has been successful, and the Commissioner's action has been declared to have been in violation of law.

2. Policemen dismissed by the Commissioner and later reinstated by him without compliance with the provisions of section 1543 A above quoted, there being no applications to the Mayor for rehearings and no rehearings actually conducted. The Commissioner stated before us that his power to reinstate any man dismissed by himself was based upon his "inherent right." These reinstatements were also clearly in violation of law and directly contrary to the opinion of the Corporation Counsel above cited.

3. Members of the force dismissed by former Commissioners, but upon charges other than "insubordination, conduct unbecoming an officer, cowardice, or intoxication." These reinstatements were made after applications to the Mayor for rehearing, and although not illegal, were without justification and injurious to efficiency and discipline.

It is unnecessary to discuss these reinstatements in detail. The facts can readily be ascertained by reference to our record or to the files of the Police Department. One case may be cited to illustrate the methods employed in effecting these reinstatements:

Patrolman Thomas F. Campbell was dismissed from the Department by Commissioner Partridge in 1902 after trial upon charges of neglect of duty. Captain Miles O'Reilly discovered Campbell and other officers gambling in the rear room of a saloon at an early morning hour when they should have been on post. After his dismissal Campbell caused his case to be reviewed by the Appellate Division of the First Department. The action of Commissioner Partridge was sustained. Campbell then carried his case to the Court of Appeals and was again defeated. He afterwards secured the passage of a bill permitting a rehearing of his case. This was vetoed as special legislaton. Thereafter, section 1543 A above quoted was enacted. Campbell admitted before us that this act was passed in the interest of a number of dismissed policemen, including himself.

Campbell later secured Mayor McClellan's consent to a rehearing by the Police Commissioner. The Commissioner at that time, General Bingham, denied his application. He renewed his effort to secure reinstatement during the administration of Commissioner Baker, who succeeded General Bingham. His application was again denied. Commissioner Waldo, however, wrote the Mayor asking permission to rehear Campbell's case, and after securing it, directed Deputy Commissioner Dillon to conduct a rehearing. Deputy Commissioner Dillon discussed the case with Campbell, read the minutes of the original trial, and wrote a memorandum recommending Campbell's reinstatement. No minutes were taken of this "rehearing." No witnesses were called. Although the Captain who had originally preferred charges against Campbell and had testified against him was still in the Department, he was not summoned nor was any statement taken from him. Commissioner Waldo reinstated Campbell upon the memorandum of Deputy Commissioner Dillon. Thus, Patrolman Campbell, after being off the force for nine years and after being defeated in the highest court of the State, was restored to duty. The flat contradiction between the opinion of the court and the memorandum of Deputy Commissioner Dillon is illuminating. Mr. Dillon is an Inspector on leave of absence while acting as a Deputy Commissioner.

Appellate Division—Mr. Justice Ingraham:

"There is no question but that the evidence justified the decision of the Commissioner. I have read over all of this testimony and the effect that it has produced is that I am quite satisfied with the decision arrived at by the Commissioner, and think he was fully justified in finding these officers guilty."

(99 A. D., 410.)

Deputy Commissioner Dillon:

"It does not appear to me that the case against this man was sufficiently strong to dismiss him from the Police Force. The action of the Supreme Court and later the Court of Appeals, in dismissing him seems to have been on technical grounds. It does not appear to have given any consideration whatever to the testimony in the case."

The Court of Appeals affirmed the decision of the Appellate Division without opinion (180 N. Y., 542).

The "rehearing" in Campbell's case is typical of rehearings by the present Commissioner. We have been unable to find a single case where minutes of the rehearing were taken, where any witnesses were sworn, or where any of the persons appearing on the original trial were summoned.

Reinstatement of Demoted Sergeants.

Besides reinstating numerous dismissed policemen, the present Commissioner has undertaken to "reinstate" two demoted Sergeants.

Dennis Healey was demoted from the rank of Sergeant to the rank of Patrolman by Commissioner Bingham in 1907 after trial upon charges. He appealed to the courts, but the action of the Commissioner was sustained.

Michael O'Loughlin was demoted from the rank of Sergeant to that of Patrolman by Commissioner Cropsey in 1911 after trial upon charges.

Commissionr Waldo "reinstated" both Healey and O'Loughlin to the rank of Sergeant after a "rehearing" of the charges against them conducted by Deputy Commissioner Dillon. No minutes of these "rehearings" were taken nor were any witnesses called except the demoted officers.

The "reinstatement" of these two officers to their former rank was without warrant of law and contrary to the opinion of the Corporation Counsel on file in the Department.

When these cases were called to the attention of the Civil Service Commission, it directed the reduction of these officers to the rank of Patrolman upon the ground that their "reinstatement" by Commissioner Waldo was illegal. Healey brought a mandamus proceeding in an effort to sustain his "reinstatement" by Commissioner Waldo. As was to be expected, the court held that the action of Commissioner Waldo in reinstating Healey to the rank of Sergeant "had no warrant in law."

Remission of Fines.

The present Commissioner has remitted fines imposed by his predecessors upon forty-two commanding officers, ranging from Inspector to Sergeant. Up to the conclusion of our investigation of this subject, we had been unable to discover a single Patrolman who had been similarly favored. The remission of these fines was in violation of law and directly contrary to an opinion of the Corporation Counsel on file in the Police Department at the time.

This opinion, dated November 7, 1910, contained the following paragraph:

"The trial of delinquent Policemen, as conducted by you or one of your deputies, is of a judicial character, and a finding of guilty therefor, whether the punishment be a fine or dismissal, terminates your power over the proceeding, and it makes no difference whether the determination was made by you or your predecessor in office."

As we have already pointed out, this opinion was known to the Commissioner and his deputies. We found in the files of the Department a memorandum prepared for Deputy Commissioner Dillon by one of his subordinates in which the language of this opinion is set forth, and numerous cases are cited to support it. This memorandum was prepared before the fines mentioned were remitted.

The present Commissioner even violated the law after receiving the following warning from the Civil Service Commission:

"April 23, 1912.

"Honorable RHINELANDER WALDO, Police Commissioner:

"Sir—An opinion of the Corporation Counsel holds that a Commissioner of Police or other Department is without power to re-try a police or other officer, dismissed or punished for delinquency, or to modify a sentence previously imposed, this being true with respect to a Commissioner reviewing his own prior determination as well as a Commissioner reviewing the acts of his predecessor in office."

After receiving this letter, the Commissioner remitted some fines which had been imposed upon commanding officers of the Department by his predecessors, and he also reinstated Policemen whom he had previously dismissed.

Pensions.

We have given especial attention to the subject of police pensions, realizing its great importance to the taxpayers of the City. We assigned to this work a trained corps of experts who have not yet completed their task. Final tables are now being prepared, and we hope to be able to make a special report upon this topic in the near future. We ask that the Committee be continued until this special report can be made.

Sanitary Condition of Station Houses.

The Committee caused to be made a sanitary inspection of station houses. The expert making this inspection reported shocking conditions in many of the buildings. Sleeping quarters were frequently found poorly lighted, inadequately heated, ill ventilated, and overcrowded. While some of the station houses are improperly constructed, the insanitary conditions are also due to inefficient administration. None of the buildings examined was equipped with adequate fire-fighting apparatus or necessary fire-escapes and exits. The exact conditions found, building by building, can readily be ascertained by a reference to our record.

We recommend that the reports of our investigators be transmitted to the Board of Estimate and Apportionment for use of its Budget Committee. Insanitary station houses are indefensible.

Legislative Needs.

Attention is called to our preliminary report on legislation, hereto attached. Respectfully submitted,

HENRY H. CURRAN, O. GRANT ESTERBROOK, JAMES HAMILTON, RALPH FOLKE, ROBERT F. DOWNING.

Notes—(*a*) The meaning of the term "arrests" as used in this and other tables is synonymous with the word "entry," or "raid," and does not refer to the number of individuals arrested.

(*b*) The "activity report" referred to is a report prepared by the commanding officers of the various inspection districts and submitted to the Aldermanic Committee by Commissioner Waldo. It purported to show the activity of the department with respect to houses of prostitution and gambling houses.

(*c*) The term "previous arrests" refers to arrests which were not reported to the Commissioner at the time they were made, but are mentioned in later reports or correspondence as "previous arrests."

Suggestions Made by Patrolmen.

Patrolman in Colored Section:

What chance has a cop without a club against a couple of mad niggers?

Mounted Patrolman in Van Cortlandt Park Complains:

Four men watching nothing at night.

Great help if salaries were paid semi-monthly.

If Patrolmen are not to be properly paid, there should at least be a loan fund established where money could be borrowed at very low rate of interest. This might be done by some wealthy man, a Morgan or a Rockefeller.

If we get the $200 increase and 14 days' vacation every year, I'll be satisfied—that's enough.

Great improvement in matter of extra duties during present administration—more extra duties now come out of reserve time.

Five platoon system better than present one.

Fixed post ridiculous; City losing Patrolmen this way. We don't need more men, but different plan. Two men covering one post does not prevent burglaries. Decrease in burglaries not due to fixed post, but to conditions.

Fixed post makes a monkey out of a cop.

Mr. Waldo surely does not know how he is punishing his men with the fixed post.

The 40th Precinct is known as "the old man's home"—a young fellow has no chance there.

There are too many old men on the job—they don't try to raise it any. Men could co-operate together to make things better. Now, you're not a man—you have to appear a dummy, the more stupid you look, the better you get along.

City should supply bed and pay for bed making. Widows of Patrolmen should do this work at the station houses.

Station houses should be cleaner—some beds "walk."

"What is Effect of Fines on Family?"

Impoverish family.
Pay this way more than once.
Serious.
Thirty days' fine last year meant that we had to go two months without salary, and hence borrowed.
Indebtedness.
Very serious. Seems unjust to make family suffer also.
Punish man—not family.
Punish man—extra duties.
Very serious; 15 days' fine takes the nerve out of you. This way you are punished three times and you know your chances of promotion are killed.
Harder than ever to get on.
Terrible.
Make conditions desperate.
Sufficiently punished already by standing on fixed post for eight hours.
Heavy fines punish and impoverish the family, placing the family in debt from which it is hard to recover.
Comes out of family—debt.
Act of charity to abolish fines.
Very great hardship. Seems to be only way.
No fines—too serious on family when pay is so small.
No fines as yet, but dread to think of such a punishment.
Fine system fierce.
So much less for family.
Fined? I suppose I'd be more in debt.

"Should a Patrolman Do Duty in His Home Precinct?"

Yes.

Preferable because he is more familiar with conditions; more regularly at home; better health.
Nearer home—more anxious to keep his home neighborhood good—better to be arrested by a friend than by a stranger if done right.
In his own old home precinct, likes it because he knows his people and gets lots of excitement.
Gets more time at home. Is more interested in his own neighborhood and will, therefore, want to keep it good.
Save time going and coming from post.
Brings him nearer home and he loses less of his own time.
Advantage to wife who will then have Policeman home oftener.
Yes—more time to self.
Yes—more time at home with family.
Home precinct. Know it better—get home oftener—just as strict with neighbors as strangers.
Better cop in own precinct—takes more interest.
No difference that she can see.
Policeman would do his duty wherever stationed.

No—

No. The boys around would impose on him. If he had to arrest any of them their mothers would be down on him and that would make it very hard for him.
Nice to be near home, but not in own precinct.
No. Would rather be somewhere else. You don't like to be too hard on your friends.
Not right at home, but near enough to get home quickly.
Perhaps hard to be strict where man is familiar, but it is good to be near home so as to save time going and coming.
Would like being nearer home, but thinks neighbors would take liberties.
Wife: Would like it because husband would be home oftener.
Husband: Difficult doing duty among neighbors.
No. Can't make friends behave when cutting-up. Better cop where not known.
More authority in strange district.
Better authority in a strange precinct.
Home precinct "makes bum of Policeman." Better away from home because he gets too much for nothing and expects to get more.
Home precinct would save time, but better to be in adjoining one.
Hard to do duty among friends—wouldn't like it.
Might be harder in home precinct.
Best to be where no one knows you. If anything is done in home precinct friends would say: "O, Jones will let a fellow off easy."
Friends take advantage of you.
Likely to be too lenient to those he knows; those who know him are likely to impose on acquaintance.
Better away. Might be more lenient in home precinct.
Better in another precinct.
No—friends impose on you.
Hard to enforce the law where known. Can't be as strict. Wouldn't like to be in uniform where known.
Depends on how familiar he is with neighbors; makes no difference to him, but thinks it might be embarrassing.
Men should be in strange surroundings. Neighborly feeling prevents good services.
Pleasanter to be near home, but gives Patrolman more authority to be in other territory.

None of the instructors in the school had any teaching experience previous to assignment to the school.

Table II.
History, Occupation and Literacy of the Last Ninety-six Men Appointed to Force.

An analysis of the Civil Service records of the last 96 Patrolmen appointed to the police force prior to our investigation of the school, shows that 94 had attended common school (grade reached not stated), and only two had attended high school.

Section 284 of the New York Charter provides that "no person shall be appointed or reappointed to membership in the police force or continue to hold membership therein * * * who cannot read and write understandingly the English language."

Inadequate school preparation and inadequate Civil Service tests are evidenced by the prevalence of misspelling, poor grammar and illegible penmanship in the Civil Service papers of the recruits. The following illustrations are taken from the Civil Service papers of these men, all of whom are now Probationary Policemen.

"Dead Body is take from the river the patrolman that is on Duty at the time the Body was found had charge of it tell conron come and then he would take it away and find out woe it may be.

"A destitute woman is found Starving in the street when the patrolman that is on Duty see it he left the pirciet he is in and them have it taking away and then left the conron no about it." (Writing very poor.)

"(One) It is held for Coringer.

"(B) I would rap for assistance surond the place and enter with anouther officer.

"(A) Go to the Mggrastate and issue a summons.

"No. 17 (B) To care for Inamable and to Exit to Public Buildings. (Writing illegible.)

"The Woman would be brouth to staten house and Send for a Amblance and if she needs treatment and if not she would be sent to the charity Sacisty.

"I as a Patrolman would call for my side partner to keep the crowed a way and would call for amblance and take the names an address and age of every Persers that where hurt and how they where hurt and to witch Hospitel they Whent and I would make the arrest of the shoffer and the Motorman and make a report to staeton house." (Writing illegible.)

"A. Try and find out he is and have a couple of Citizen and go through his clothes and see if can find any card or adress if noify the Corroner and put down when he aros pick up and arbout hour and notif the Captain and send it to the Morgue and put this in you Mandreme Book and report to superor officer at once.

"B. If she is staving try and help her has much has you can if she has knou home send her to the Municapal lodiging house and if is close take her to the station house and repout the Department of Charties." (Writing very poor.)

"A. Rap for assents wring for samplaces and do the best I can to save Lives. Ring Fire Alam rap for assents and go back to Fire and save Lives and Property. Report it to station for help to Drew Fire Line.

"A. Tell the Citizen to go to Court and get a Warrent and have him Lock up.

"B. If the man was still on the Connor go with him Lock him up. If he Was gone I would as him full Discirption of the Man Report it to Station House and take the Citizen Name and Adress Put it in Memradm Book."

"Try and get the people to safty call an amblance take there names address age what the worked at find out what engres they got. Take man of automobile License No. Mortoman if any are dead locked to up bothe man. call the patrool.

"Try and not he seem me and get my side partner but keep my eye on hin all the time. I would not let him have start on me so I woul go quietly and lock up find out the owner find what is gon and the amount and aleram people."

"I would firist call the City Ambulace then take the mane of the Schefeur and nomber of Automobilee, and also get mane of men rummong the car and also the mme of the ingured put the offenders (can't read) called the acident under arrest then try and revive the ingured."

"The Police would be into cantact whith the Department of Charities.

"The Patrolmon woud Pick it up and brand to satiron hause and inkice Porcel dined call for it the Police would taun it over to Society Peventsion Curlitey Childens some times call the Carrey Society."

"B. I would go in awack all the tenement in the house ane try to get all the tename out safe.

"I would bramb it mear by sable and mack a rapid of it in saterion house.

"Lock for Hallen Asderson a Cachld Septice 19 years old Ware classes Blue eyes Bran hear up to Sadday Last was a nouse in Buliven Hospetle exceped from queantime iland."

Clearly several of these examples of English writing hardly meet the charter requirements.

It is incredible that men of such illiteracy should have been admitted to the force The standards of the civil service tests have obviously been lowered to obtain an adequate number of Policemen. The low ratings of these recruits may indicate more adequate knowledge of police work than they possess, for doubtless many of them are the products of the so-called civil service schools. These schools prepare candidates for civil service examinations. Cramming them sufficiently to pass an examination but giving them no real training. These schools practically negative the value of the written civil service tests and make comprehensive training and vigorous tests all the more important after appointment to the force.

The degree and kind of training required by probationers depend in part on the character of their ante-police experience. The diversity of the occupational experience of probationers and its varying relation to the character of work required of policemen is shown by the following analysis of occupations for five years preceding civil service examination:

Civil Occupation of 96 Patrolmen for Five Years Previous to Appointment.

One Occupation for Five Years.	No.	More than One Occupation for Five Years.	No.
Driver	12	Iron worker and driver	2
Clerk	6	Sawyer, laborer, helper	1
Butcher	3	Motorman, odd jobs	1
Plumber	3	Clerk, porter, driver	1
Blacksmith	2	Real estate agent, clerk, driver	1

Varnisher	1	Driver and bartender	1
Sponger	1	Clerk and feeder	1
Iron worker	1	Watchman, polisher and butcher	1
Chauffeur	1	Conductor and waiter	1
Jeweler	1	Patrolman, soldier, clerk	1
Bricklayer	1	Letter carrier and printer	1
		Chauffeur, driver and helper	1
		Clerk and platform man	1
		Driver and motorman	1

Obviously, a Patrolman who has been a clerk, timekeeper or salesman, should need less brushing up in the use of English in report writing than a bricklayer, a butcher, a hostler or cowboy.

The first requisite of a good Policeman is sympathy with the law. That certain recruits are in need of instruction in the spirit of laws and the importance of their enforcement is indicated at least by the police record of 30 members of the group under consideration.

The preceding table shows that of 30 recruits who had been arrested, six had been arrested more than once, making a total of 37 arrests. In these 37 cases there were 11 convictions, of which 2 were paroled and fined, 2 cases were suspended, and in 8 cases disposition was not stated.

In order that no unfair impression might be given by this analysis, a further analysis was made of the police records of the last 421 Patrolmen appointed to the force prior to February, 1913. Of this total group 147, or 35 per cent., had previously been arrested, 35 had been arrested twice, 5 three times, 5 four times, 2 five times, 1 six times, 1 seven times.

"Sick Leaves."

An analysis of the "sick leave" and principal causes of disability covering a period of one year from July 1, 1911, to June 30, 1912, reveals the following facts:

(*a*) Analysis of sick leave according to number of times absent.

2,982 men were reported sick one time.
720 men were reported sick two times.
577 men were reported sick three times.
296 men were reported sick four times.
155 men were reported sick five times.
62 men were reported sick six times.
40 men were reported sick seven times.
26 men were reported sick eight times.
12 men were reported sick nine times.
5 men were reported sick ten times.
2 men were reported sick eleven times.
1 man was reported sick twelve times.
1 man was reported sick thirteen times.
1 man was reported sick fourteen times.
1 man was reported sick fifteen times.

(*b*) The following list shows the principal causes of disability:

Disease or Condition.	No. of Days Lost.
Diarrhoea	1,526
Gastritis and Indigestion	3,722
Gout and Rheumatism	9,575

Ulcers	1,167

Total number of days absent on account of sickness during the year examined 79,788.

Not many days are lost through illness as a result of alcoholism. An examination of the records shows that in the fiscal year from July 1, 1911, to June 30, 1912, there were but 396½ days sick leave as a result of illness due to alcoholism.

APPENDIX I.

Preliminary Legislative Report.

PRELIMINARY LEGISLATIVE REPORT OF SPECIAL COMMITTEE OF ALDERMEN OF THE CITY OF NEW YORK.

March 11, 1913.

The Special Committee, appointed August 5, 1912, by the Board of Aldermen of New York City, to investigate the Police Department, submits the following preliminary legislative report:

Nature of This Report.

This preliminary report upon legislation is submitted at this time in order that it may be available for use during the present session of Legislature. In its final report the Committee will make a summary of its entire investigation, and set forth therein its general conclusions and recommendations upon administrative matters.

Need of Legislation.

The police problem is primarily one of administration. The present situation demands sustained administrative efficiency. There is no magic in the legislative printing press. New legislation should be chiefly for the purpose of improving the administrative machinery of the Police Department. Sections of the Charter needing amendment, together with the amendments recommended, we have scheduled in Appendix A. Bills now pending before the Legislature, with our recommendations thereon, we have scheduled in Appendix B.

Home Rule.

The administration of the Police Department has been hampered by mandatory State legislation, controlling administrative routine. This is inimical to efficiency and subversive of discipline. State laws at present deal with the organization of the department, its different ranks, grades, salaries, qualifications for appointment and promotion, manner of distribution of the force, platoons and tours, structure and quota of the Detective Bureau, Traffic Squad, the suspension, trial and punishment of delinquent Policemen, etc. All such matters should be left entirely to local authorities.

The Police Commissioner.

Appointment, Tenure, Removal.

The Police Commissioner should be appointed by the Mayor for a term of eight years, and should be eligible for reappointment. He should be subject to removal by the Governor, and also by the Mayor, but in either case only after charges preferred and after he has been given opportunity to defend himself in a public hearing.

Charges May Be Preferred by Board of Estimate and Apportionment or Board of Aldermen.

In addition to the right of the Mayor to prefer charges, the Board of Estimate and Apportionment or the Board of Aldermen, by a majority vote, should be given the power to prefer charges against the Police Commissioner, and it should be provided that such charges must be heard by the Mayor at a public hearing, after reasonable notice.

This change should not take effect until January 1, 1914.

Uncertain Tenure Destroys Discipline.

We believe this recommendation to be of vital importance. During the past eleven years we have had eight Commissioners appointed by Mayors of different temperaments and political faiths. There have been three Commissioners during the present City administration. The brief and uncertain tenure of the Commissioner has seriously impaired the efficiency of our police administration. Former Commissioners have testified before us that the force does not respect its head. Captains and Inspectors upon our witness stand have shown this lack of respect. This is a deplorable situation, and should not be tolerated.

Should Be No "Policy" of Enforcement of Law.

It has been said that the policy of the Police Department should be the Mayor's care and responsibility, and that he should have the power to remove the Commissioner at will. The appointment of a Commissioner should not be a matter of politics. Moreover, there should be no such thing as a "policy" with respect to the enforcement of law. Unenforceable laws should be repealed. People who disapprove of them should seek relief from the Legislature, not from the Police Department. The Police Department should no more have a "policy" with respect to the enforcement of law than the United States army should have a policy in foreign affairs.

Police Department Unique.

In this respect the Police Department is essentially different from other departments. Moreover, it is unique in its difficulties and problems. Hence, eight commissioners in eleven years. The Commissioner must have long experience in the department to become efficient. General Bingham, who has served the longest period as Commissioner, has testified before us that it takes between one and two years for a Commissioner to acquaint himself with the conditions and circumstances confronting him. The Commissioner should know the history and character of every superior officer. He should study and learn the spirit of the force at large, in order that he may sympathize with it, or combat it, as occasion requires.

Deputy Commissioners and Inspectors.

Number of Deputies and Inspectors to be Determined by Local Authorities; Chief of Police with Fixed Powers Not Favored.

The increase or decrease in the number of Deputy Commissioners should be determined by the Board of Estimate and Apportionment and the Board of Aldermen. The present method of appointment and demotion of Inspectors should be continued, but the power to alter this method should be vested in the Board of Estimate and Apportionment and the Board of Aldermen, and not controlled by legislative enactment. We have been much impressed with Mayor Gaynor's suggestion that more Deputies and fewer Inspectors are needed just at the present time. We think it important that a Commissioner should be able to choose a uniformed cabinet as well as a civilian cabinet, and these in such numbers as occasion requires. Therefore we do not favor the appointment of a permanent Chief of Police. A Commissioner should have power, as at present, to select a Chief Inspector as the head of the uniformed force, and to prescribe for him appropriate duties and authority. To create a Chief of Police with authority fixed by law would be to create a subordinate more powerful within the limits of his authority than the Commissioner.

Gambling and Prostitution.

Studied Only as Police Problems; Graft to be Eliminated by Effective Administration.

The Committee has considered these subjects only as they involve police problems under present laws. We have not studied them as moral problems. Such investigation would have been beyond the scope of the resolution under which the Committee was appointed. We have received shocking evidence of a widespread corrupt alliance between the police and gamblers and disorderly house keepers. The elimination of this grafting is one of the most difficult and important problems with which we are confronted. Believing, however, that the problem is essentially an administrative one, we shall deal comprehensively with it in our final report. We feel that a Commissioner with a fixed tenure, with an adequate staff of Deputy Commissioners, with an ample fund for the engagement of a secret service entirely outside of the department, would in time secure and maintain an administrative efficiency that would reduce this evil to a minimum.

Department of Public Morals Opposed.

We are opposed to transferring the enforcement of these laws to a Department of Public Morals, as provided in a bill now pending before the Legislature. We are also opposed to the suggestion that a Board of Social Welfare be established for the same purpose.

These suggestions have been almost unanimously condemned by former Commissioners, Deputy Commissioners and other public men appearing before us.

The responsibility for law enforcement should not be divided between two Commissioners or agencies.

Such Department Would Divide Responsibility.

To place the responsibility in the hands of 200 or 300 "morals policemen" would have a tendency to lose the information which should result from the daily observations of 10,000 policemen covering every square inch of The City of New York. Evidence before us has shown that a proper system of reports from the latter would be of inestimable value to a Commissioner in ascertaining conditions and enforcing these laws.

Cannot Remove Contact.

Contact cannot be entirely removed because policemen must still enter gambling and disorderly houses and saloons for the purpose of enforcing laws against larceny, burglary, assault, murder and many other crimes. This might cause either friction or collusion between the two police forces, and would not eliminate the collection of graft.

Would Lower Standard of Men.

The standard of men deliberately enlisting for service in a department having jurisdiction only over gambling and disorderly houses, whether recruiting from within or without the Police Department, would certainly be very low.

Would be Against Civil Service Reform.

The suggested bills provide that there shall be no Civil Service restriction, and thus they turn back the clock of Civil Service reform.

Matter for Local Determination.

Moreover, even if any such change be desirable, it is clearly a subject which should be left entirely to local administrative and legislative authorities.

Excise.

Home Rule Recommended.

We recommend that excise regulation for The City of New York be determined by local legislative authority. We feel that this subject is essentially one demanding home rule.

Pensions.

No Legislation Until Completion of Investigation.

We are having made a thorough and exhaustive study of the pension system of the Police Department, including its past workings and probable future results to the taxpayers of the City. We have gone far enough to discover that a pension fund once boasting a surplus is now bankrupt, and making constantly increasing demands. A trained corps of experts is making this investigation, which is not yet completed. Any recommendation by us at this time would be premature. We think no pension legislation placing a further load upon the City should be passed at the present session. We shall deal with the subject fully in our final report.

Rogues' Gallery.

Photographs and Measurements of Those Held by Magistrate on Felony Charge; Removal After Acquittal Discretionary with Court.

We recommend a law authorizing the Police Department to photograph and take finger prints and measurements of all persons held by a Magistrate or on a bench warrant upon a charge constituting a felony. In the event of the acquittal of the defendant, the return of these records to be ordered in the discretion of the judge trying the case. In the event of a dismissal of the charge by the Grand Jury, the records to be returned to the defendant upon application. A law to this effect has been strongly urged before us by Judges, District Attorneys and officials of the Police Department, past and present.

Special Patrolmen.

We recommend that no Special Patrolmen be appointed until a bond has been filed to indemnify those who may suffer by misconduct of such Special Patrolmen.

Boiler Squad.

The inspection of steam boilers and the licensing of stationary engineers are not police functions, and should be placed under a bureau to be established for that purpose by local authorities.

House of Detention.

The House of Detention for witnesses should be removed from the Police Department, and should be placed within the jurisdiction of the Department of Correction.

Miscellaneous Subjects.

Administrative Routine.

We recommend changes in various minor matters of administrative routine, as will appear more fully in Appendix A.

Perjury.

Would Stop "Turning Out" Cases.

We endorse the recommendation of the District Attorney that the Penal Law should provide that anyone who swears upon two different occasions in a criminal proceeding in a materially different way, upon a material point, should be liable to punishment without reference to which statement be true and which false. Although the District Attorney and the court see perjury wilfully committed in the recantation of statements, it is usually impossible to prosecute, because of lack of proof as to which statement is true and which false. This will reach the evil of police officers "turning out" cases.

Health Department.

We recommend that the Police Commissioner be relieved from his duty as a member of the Board of Health. His duties in the Police Department are more than enough to occupy his time and energy. Respectfully submitted,

HENRY H. CURRAN, Chairman; RALPH FOLKS, JAMES HAMILTON, O. GRANT ESTERBROOK, W. AUGUSTUS SHIPLEY, FRANK L. DOWLING, FRANCIS P. KENNEY, JAMES J. SMITH. ROBERT F. DOWNING, Secretary.

EMORY R. BUCKNER, Counsel.

APPENDIX A.

Suggested Amendments to Specific Sections of the New York Charter.

Section 270. Police Commissioner; Salary; Deputies; Salaries, Etc.

This section should be amended to conform to the recommendations heretofore made. The Commissioner should be appointed upon January 1, 1914, for a period of eight years, should be eligible to reappointment, should be removable either by the Governor or the Mayor, but only upon charges, and after a public hearing.

In addition to the right of the Mayor to prefer charges, the Board of Estimate and Apportionment or the Board of Aldermen, by a majority vote, should be given power to prefer charges against the Police Commissioner, and it should be provided that such charges must be heard by the Mayor at a public hearing, after reasonable notice, and with opportunity for the Commissioner and witnesses to be heard.

The salary of the Commissioner, the number of Deputies and their salaries, should be determined by the local authorities.

Section 272. Police Commissioner; Authority to Make and Enforce Rules and Regulations.

Should be amended to give the Police Department the undisputed right to photograph and take finger prints and identification measurements of all persons held by a Magistrate, or upon a bench warrant, upon a charge constituting a felony. In the event of a discharge by the Grand Jury, the defendant should have the right to receive from the Police Department these records. In the event of an acquittal upon an indictmnt, it should be left to the discretion of the judge trying the case, whether the defendant should receive these records.

Section 284. Police Force; Qualifications of Members; Publishing Names and Residence of Applicants and Appointees.

Should be amended, substituting for the CITY RECORD two daily papers in New York City of at least 100,000 paid circulation.

Section 288. Promotions.

The length of time in which a Patrolman must have served in a particular grade before being eligible for promotion should be left to the Civil Service Commission.

The provisions with reference to Inspectors should be left as at present, except that the word "nineteen" should be stricken out, leaving the number of Inspectors to be determined by the local authorities.

Section 290. Central Office Bureau of Detectives.

The grades and salaries of Detectives, and the maximum number thereof should be determined by the local authorities.

Section 292. Police Commissioner; Duties and Powers.

Should be amended, giving the Commissioner power to suspend Policemen without pay pending investigation of alleged misconduct and trial of charges. If the charges are dismissed, no pay to be forfeited. Under the present law the Commissioner has no right to suspend without pay until the service of written charges. If the charges are sustained, pay can be forfeited under the present law only from the time of suspension after written charges have been served, and not from the time of suspension before such service of written charges.

The last sentence of this section, "Said Police Commissioner may grant leaves of absence to members of the force for a period not exceeding five days," is apparently modified by section 303. In any event, it should be repealed for reasons given under section 303.

Section 299. Salaries of Officers and Members of the Force.

The creation of grades, ranks and the fixing of salaries should be determined by the local authorities.

Section 300. Police Commissioner; Rules, Etc., for Government and Discipline of Police Department and Police Force; Trials, Dismissals.

The mandatory direction to the Commissioner to provide two places for trials of Policemen, each covering certain boroughs, should be repealed. This is a matter of administrative routine and should be left to the discretion of the Police Commissioner.

To make this section conform to the recommendation made under section 292, with reference to suspension, the word "suspended" should be stricken out in the sentence providing that no man shall be suspended until written charges have been preferred against him.

The word "reprimanded" should be stricken out because the Commissioner will have power under another section to reprimand a Policeman, after a trial and upon conviction, and it may well be that some future Commissioner will desire to establish a system of demerits or reprimands by Captains and Inspectors. The presence of this word "reprimanded" in this section might prove an obstruction. It serves no useful purpose as it stands, because it preserves no substantial right.

Section 302. Police Commissioner; Punishments by; Limitations of Suits for Reinstatements, Etc.

The Commissioner should be given the right to delegate to a Deputy, or to any member of the uniformed force, power to conduct trials and impose punishment upon delinquent Policemen. The Commissioner should have the right to revoke or modify any such punishment within thirty days from the time of its imposition. This is extremely important. Although the law provides that the Commissioner may delegate the power to conduct a trial to a Deputy, he himself must find the delinquent guilty and assess the punishment. The Corporation Counsel has written an opinion recently to the effect that in all cases the Commissioner must read the minutes of the trial, unless he himself presided thereat. Heretofore it has been the practice for the Commissioner to read the minutes only in those cases where dismissal was imposed as a punishment. During 1911 2,338 members of the department were either fined or punished. The Commissioner, under the opinion of the Corporation Counsel, must read the minutes in every case, and personally impose the punishment. This places too much burden upon the Commissioner. The provision that the Commissioner may modify or revoke the sentence of a Deputy or member of the uniformed force gives sufficient protection to policemen and prevents any subordinate from having more power than the Commissioner himself. The recommendation that this right of delegation be extended to members of the uniformed force is made because a Commissioner may desire to establish a system of trial for minor offences by Captains and Inspectors. It is a waste of time to try men at headquarters for appearing in broken collars or unblacked boots.

The Commissioner should have the right in his discretion to have forfeited or withheld in monthly installments the pay of Policemen fined.

Section 303. Police Force; Resignation and Absence on Leave.

The twenty-day limit should be repealed. Occasions frequently arise where Policemen are called upon to perform extended extra duty. Strikes, riots, emergencies of various kinds impose hardships. The Commissioner should have the right to compensate for unusual service by granting leaves of absence with pay. If he cannot be trusted with such a detail, he should not be trusted with the Police Department.

That portion of this section dealing with resignations has given rise to considerable discussion by witnesses before us because of ambiguities. We suggest that it be amended to read as follows:

> "Under penalty of dismissal, no member of the police force shall withdraw or resign, except by the permission of the Police Commissioner. If any member of the police force be absent for five consecutive days without leave, the Commissioner may, in his discretion, dismiss such member without notice or trial."

Section 308. Police Force; Special Patrolmen; When May be Appointed; Military Assistance.

One of the several objections urged against the appointment of special patrolmen is that the corporation or individual employing them is not liable for their misconduct, since they are peace officers. We recommend that this section be amended to provide for the filing of a bond in the sum of $2,000, for each special patrolman, to indemnify anyone injured through his misconduct.

Sections 312, 313, 314.

These sections provide for the detail of police officers to the Department of Health, the Department of Public Parks and the Department of Bridges. A section in the Tenement House Law also provides for the detail of police officers to the Tenement House Department. These provisions should be repealed. We have not been impressed by the reasons advanced for this farming out of Policemen to other City departments.

Section 321. Police Commissioner; To Provide Accommodations for Detention of Witnesses.

We agree with Commissioner Waldo and many of his predecessors that the House of Detention should not be under the jurisdiction of the Police Department. It should be transferred to the Department of Correction.

Sections 342-345. Boiler Inspection and Stationary Engineers.

We recommend that boiler inspection and licensing of engineers be removed from the Police Department and placed under the charge of a bureau to be established for the purpose by local authorities.

Section 350. Special Patrolmen for District Telegraph Officers.

Should be repealed, provision for special patrolmen being made by section 308.

Sections 351-358. Police Pensions.

No pension legislation whatever should be enacted at this session, for reasons already given.

Section 1543a. Police and Fire Commissioners May Rehear Charges and Reinstate Members of Force.

We recommend the repeal of this section. Our investigation shows conclusively that its provisions are inimical to discipline. The present right of a dismissed Policeman to secure a court review affords him ample protection against an unjust dismissal.

Three-Platoon Law.

The present three-platoon law should be continued until changed by local authorities. All such matters should be determined by local legislation.

APPENDIX B.

Pending Bill Affecting Administration of the Police Department, to which our Attention Has Been Called.

Assembly No. 1225, Int. 1146, Mr. Hammer.

Authorizes the Police Commissioner, in his discretion, to reinstate William H. Finley, a resigned member of the Police Department, to the position of Patrolman. It recites that William H. Finley resigned from the department in 1902. We oppose this bill as special legislation.

Assembly No. 282, Int. 278, Mr. Taylor.

Amends section 1543a of the Charter, extending the operation of such section to include a demotion as well as a dismissal. Inasmuch as we favor a repeal of section 1543a, we oppose this extension.

Assembly No. 293, Int. 289, Mr. Ingram.

Identical with above.

Assembly No. 567, Int. 553, Mr. Ingram.

Identical with above.

Assembly No. 1157, Int. 1084, Mr. McMahon.

Provides for the absorption of the members of the Aqueduct Police into the Police Department of New York City, without examination or qualification. We oppose this bill, because such matters should be determined by local authorities.

Assembly No. 1043, Int. 991, Mr. Greenberg.

Creates a Department of Public Morals to take charge of the enforcement of laws regarding gambling, prostitution and excise. It creates a large staff of captains, lieutenants, sergeants, doormen, surgeons and policemen, all "public morals" officers, without any civil service restrictions. We oppose this bill for reasons already given.

Senate No. 156, Int. 154, Mr. Griffin.

Fixes salaries of members of the police force. Salaries should be determined by the local authorities.

Assembly No. 458, Int. 453, Mr. Willmott.

Provides that a member of the force arrested for a crime shall not be dismissed upon charges based upon the same facts until final determination of the criminal charge.

This is inimical to discipline, and an interference with administrative routine. Members of the Police Department awaiting trial upon criminal charges should not be continued in the Department if the Commissioner has in his possession facts sufficient to justify their dismissal.

Senate No. 663, Int. 608, Mr. Boylan.

This bill provides that no fine or demerit shall be counted against a member of the Police or Fire Department for promotion unless the same has been imposed within three years of the time of examination for promotion. We oppose it as an interference with civil service administration.

Assembly No. 738, Int. 709, Mr. Caughlan.

Identical with above.

Senate No. 420, Int. 399, Mr. White.

Amends the present three-platoon law. We oppose all such laws because they should be determined by local legislation.

Senate No. 770, Int. 710, Mr. Frawley.

Provides that Police Matrons shall receive the same salary as Patrolmen. We oppose this bill because salaries of members of the Department should be determined by local authorities.

Police administration in New York City can never become efficient so long as bills similar to these here scheduled are passed by the Legislature. Matters of administrative routine must be left to the Police Commissioner. Matters of Civil Service administration must be left to the Civil Service Commission. Matters of police quota, ranks, grades, salaries must be left to the Board of Estimate and Apportionment and the Board of Aldermen.

Alderman Curran moved that this report be voted upon by separate sections, grouping the recommendations by sections, commencing with section No. 2.

Pending a vote upon this motion, Alderman Dowling moved the previous question. The Acting President put the question, "Shall the main question be now put?"

Which was decided in the affirmative.

The Acting President then put the question whether the Board would agree to adopt said motion of Alderman Curran.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bedell, Bolles, Boschen, Bosse, Brush, Coleman, Curran, Diemer, Dotzler, Downing, Eichhorn, Esterbrook, Folks, Gaynor, Gelbke, Grimm, Hamilton, Herbst, Igstaedter, Lieberman, Marks, Martyn, Moore, Morrison, Muhlbauer, Mulligan, Nicoll, Post, Pouker, Stevenson, Weil, Weston, Wilmot; President Cromwell, by L. L. Tribus, Commissioner of Public Works; President Connolly, President Miller, President McAneny and the Vice-Chairman—38.

Negative—Aldermen Carberry, Cole, Cummuskey, Cunningham, Delaney, Devine, Dixson, Dowling, Donnelly, Dujat, Dunn, Eagan, Fink, Gilmore, Hannon, Kennealy, Kenney, Levine, Loos, McCann, McCourt, McGarry, McGrath, Molen, Nugent, O'Connor, O'Neil, O'Rourke, Reardon, Schmidt, Smith, Stapleton, Velten, Walsh, Wendel, White and President Steers—37.

The Clerk proceeded to read the recommendations contained in section No. 2.

Alderman Walsh objected to coupling any of these recommendations.

At this point Alderman Curran moved a call of the house.

Which motion was adopted.

The roll call resulted as follows:

Present—Aldermen Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cummuskey, Cunningham, Curran, Delaney, Devine, Diemer, Dixson, Dotzler, Dowling, Downing, Donnelly, Dujat, Dunn, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGarry, McGrath, Marks, Molen, Moore, Morrison, Muhlbauer, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pouker, Reardon, Schmidt, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, by L. L. Tribus, Commissioner of Public Works; President Connolly, President Miller, President Steers, President McAneny, and the Vice-Chairman—74.

Alderman Dowling moved that a vote be taken collectively on all of the recommendations except the one relating to the dismissal of Commissioner Waldo.

Alderman Curran raised the point of order that this motion was out of order under the vote on his motion to separate the report by sections.

The Acting President ruled that this point of order was well taken.

Alderman Dowling then appealed from the decision of the Chair.

The Acting President then put the question:

"Shall the decision of the Chair stand as the decision of this Board?"

Which was decided in the negative by the following vote:

Affirmative—Aldermen Bedell, Bolles, Boschen, Bosse, Brush, Coleman, Curran, Diemer, Dotzler, Downing, Eichhorn, Esterbrook, Folks, Gaynor, Grimm, Hamilton, Herbst, Igstaedter, Lieberman, Marks, Moore, Morrison, Mulligan, Nicoll, Pouker, Stevenson, Weil, Weston, Wilmot; President Cromwell, by L. L. Tribus, Commissioner of Public Works; President Miller and President McAneny—32.

Negative—Aldermen Carberry, Cole, Cummuskey, Cunningham, Delaney, Devine, Dixson, Dowling, Donnelly, Dujat, Dunn, Eagan, Fink, Gilmore, Hannon, Kenneally, Kenney, Levine, Loos, McCann, McCourt, McGarry, McGrath, Molen, Nugent, O'Connor, O'Neil, O'Rourke, Reardon, Schmidt, Smith, Stapleton, Velten, Walsh, Wendel, White and President Connolly—37.

Alderman Dowling then moved that the Board proceed to vote on the entire number of recommendations embraced in the report.

Alderman Esterbrook raised the point of order that this motion was out of order, the Board having previously voted to consider 51 of the counts separately.

The Acting President declared the point of order not well taken for the reason that the Chair took that exact stand, and his decision had been overruled by a vote of the Board.

The Acting President then put the question whether the Board would agree to accept said report.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Bedell, Bolles, Boschen, Bosse, Brush, Coleman, Curran, Diemer, Dotzler, Downing, Eichhorn, Esterbrook, Folks, Gaynor, Hamilton, Igstaedter, Lieberman, Marks, Moore, Morrison, Mulligan, Nicoll, Post, Pouker, Stevenson, Weil, Weston, Wilmot, and President McAneny—29.

Negative—Aldermen Carberry, Cole, Cummuskey, Cunningham, Delaney, Devine, Dixson, Dowling, Donnelly, Dujat, Dunn, Eagan, Fink, Gelbke, Gilmore, Grimm, Hannon, Herbst, Kenneally, Kenney, Levine, Loos, McCann, McCourt, McGarry, McGrath, Molen, Muhlbauer, Nugent, O'Connor, O'Neil, O'Rourke, Reardon, Schmidt, Shipley, Smith, Stapleton, Velten, Walsh, Wendel, White, President Cromwell, by L. L. Tribus, Commissioner of Public Works; President Connolly, President Miller, President Steers—45.

No. 521 (Int. No. 251).

The Committee on Water Supply, Gas and Electricity, to which was referred on January 30, 1912 (Minutes, page 254), the annexed recommendation by the Commissioner of Water Supply, Gas and Electricity of the King meter, for use in the City of New York, respectfully

REPORTS:

That, having examined the subject, it believes the recommendation of the Commissioner of Water Supply, Gas and Electricity should be approved.

It, therefore, recommends that the hereto attached resolution be adopted.

Resolved, That in pursuance of section 475 of the amended Greater New York Charter, and in accordance with the recommendation of the Commissioner of Water Supply, Gas and Electricity, the King meter, sizes from ⅝ to 2 inches, be and the same is hereby approved as to pattern and prices as water meters for use in The City of New York, to wit, as follows:

Size.	Price.	Connections.
⅝-inch	$8 00	$0.40 per set.
¾-inch	12 00	.60 per set.
1-inch	16 00	.80 per set.
1½-inch	30 00	No charge.
2-inch	50 00	No charge.

JOHN S. GAYNOR, ABRAM W. HERBST, OSCAR IGSTAEDTER, JAMES R. WESTON, D. M. BEDELL, DANIEL R. COLEMAN, Committee on Water Supply, Gas and Electricity.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, January 22, 1912.

To the Honorable Board of Aldermen, City Hall:

Gentlemen—This department has conducted a test of the King meter, manufactured by the Union Meter Co., for the purpose of ascertaining whether it was a suitable and reliable meter to be used in measuring water in this City. The meter is of the disc pattern, almost similar in construction and material to the other disc meters which the City has adopted from time to time. It is made in sizes from ⅝ inch to 2 inches. The tests for accuracy on different flows and the tests for durability have shown that this meter could be safely adopted for use in this City.

I respectfully recommend, pursuant to section 475 of the Charter, that this meter be adopted, both as to pattern and price. On the attached schedule are given the different sizes in which the meter is made and the prices, including the connections. Yours truly, HENRY S. THOMPSON, Commissioner.

Size.	Price.	Connections.
⅝ inch	$8 00	$0 40 per set
¾ inch	12 00	60 per set
1 inch	16 00	80 per set
1½ inches	30 00	No charge
2 inches	50 00	No charge

The Acting President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, a majority of all the members failing to vote in favor thereof:

Affirmative—Aldermen Bolles, Boschen, Bosse, Coleman, Cummuskey, Curran, Diemer, Dotzler, Dowling, Esterbrook, Folks, Gaynor, Igstaedter, Kenneally, McGrath, Morrison, Nicoll, Reardon, Stevenson, Weil, Weston, Wilmot; President Cromwell, by L. L. Tribus, Commissioner of Public Works—23.

No. 522 (Int. No. 252).

The Committee on Water Supply, Gas and Electricity, to which was referred on January 30, 1912 (Minutes, page 254), the annexed communication from the Commissioner of Water Supply, Gas and Electricity, recommending the Eureka water meter for use in the City of New York, respectfully

REPORTS:

That, having examined the subject, it believes the recommendation of the Commissioner of Water Supply, Gas and Electricity should be approved.

It, therefore, recommends that the hereto attached resolution be adopted.

Resolved, That, in pursuance of section 475 of the amended Greater New York Charter, and in accordance with the recommendation of the Commissioner of Water Supply, Gas and Electricity, the Eureka meter, sizes from 1½ to 12 inches, be and the same is hereby approved as to pattern and prices, as water meters for use in The City of New York, as follows:

Size.	Price.	Connections.
1½-inch	$30 00	No charge.
2-inch	40 00	No charge.
3-inch	80 00	No charge.
4-inch	160 00	No charge.
6-inch	350 00	No charge.
8-inch	600 00	No charge.
10-inch	750 00	No charge.
12-inch	900 00	No charge.

JOHN S. GAYNOR, ABRAM W. HERBST, OSCAR IGSTAEDTER, JAMES R. WESTON, D. M. BEDELL, DANIEL R. COLEMAN, Committee on Water Supply, Gas and Electricity.

City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, January 23, 1912.

The Honorable Board of Aldermen:

Gentlemen—This department has made a test of the Eureka water meter, manufactured by the Pittsburg Meter Co. It is of the current type and is made in sizes from 1½ to 12 inches, and is used principally where a large quantity and quick delivery of water are required. The tests have demonstrated that the meter is sufficiently accurate and constructed of durable material.

I would, therefore, recommend that, pursuant to section 475 of the Charter, this meter is adopted by the Board of Aldermen, both as to pattern and price.

On the enclosed schedule are given the different sizes of the meter and the prices at which same can be purchased. Yours truly,

HENRY S. THOMPSON, Commissioner.

Size.	Price.	Connections.
1½-inch	$30 00	No charge.
2-inch	40 00	No charge.
3-inch	80 00	No charge.
4-inch	160 00	No charge.
6-inch	350 00	No charge.
8-inch	600 00	No charge.
10-inch	750 00	No charge.
12-inch	900 00	No charge.

The Acting President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, a majority of all the members failing to vote in favor thereof:

Affirmative—Aldermen Bolles, Boschen, Bosse, Coleman, Cummuskey, Curran, Diemer, Dotzler, Dowling, Esterbrook, Folks, Gaynor, Igstaedter, Kenneally, McGrath, Morrison, Nicoll, Reardon, Stevenson, Weil, Weston, Wilmot; President Cromwell, by L. L. Tribus, Commissioner of Public Works—23.

No. 523 (Int. No. 2732).

The Committee on Water Supply, Gas and Electricity, to which was referred on January 28, 1913 (Minutes, page 308) the annexed communication and resolution recommending for use in The City of New York the Nilo water meter, respectfully

REPORTS:

That, having examined the subject, it believes the recommendation of the Commissioner of Water Supply, Gas and Electricity should be approved.

It therefore recommends that the hereto attached substitute resolution be adopted.

SUBSTITUTE.

Resolved, That in pursuance of section 475 of the amended Greater New York Charter, and in accordance with the recommendation of the Commissioner of Water Supply, Gas and Electricity, the Nilo meter, sizes from 2 to 12 inches, be and the same is hereby approved as to pattern and prices, as water meters for use in The City of New York, to wit, as follows:

2-inch	$40 00	6-inch	$350 00
3-inch	80 00	8-inch	600 00
4-inch	160 00	12-inch	800 00

ORIGINAL.

Resolved, That the Board of Aldermen, pursuant to section 476 of the Charter,

as amended, hereby approves and adopts the Nilo water meter, manufactured by the Union Water Meter Company, of Worcester, Massachusetts, in sizes and prices, as follows:

2-inch	$40 00	6-inch	$350 00
3-inch	80 00	8-inch	600 00
4-inch	160 00	12-inch	800 00

, JOHN S. GAYNOR, ABRAM W. HERBST, OSCAR IGSTAEDTER, JAMES R. WESTON, D. M. BEDELL, DANIEL R. COLEMAN, Committee on Water Supply, Gas and Electricity.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park row, New York, January 20, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—The Union Water Meter Company of Worcester, Mass., is the manufacturer of the Nilo meter. It is constructed so as to insure a quick delivery of water, and is intended for use in manufacturing establishments and other places where a large quantity and an uninterrupted supply of water is necessary. It is of the current type, and at present there are only two or three others of this type of meter which have been adopted for use in the City.

Conditions existed which made it possible for the Department to subject this meter to a very severe and trying test in order to determine its accuracy and durability. While in position in one of the public baths it delivered over 900,000 cubic feet of water, and at stated periods during its service in the bath tests were applied to ascertain the accuracy of the delivery. All of these tests established the accuracy of the meter to a degree closer to the 100 per cent. point than other meters of the same design.

I would respectfully recommend to the Board of Aldermen the adoption of the Nilo meter in sizes and prices as follows:

2-inch	$40 00	6-inch	$350 00
3-inch	80 00	8-inch	600 00
4-inch	160 00	12-inch	800 00

Please submit this communication, together with attached draft of resolution, to the Board of Aldermen at its next meeting. Yours truly,

HENRY S. THOMPSON, Commissioner.

The Acting President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, a majority of all the members failing to vote in favor thereof:

Affirmative—Aldermen Bolles, Boschen, Bosse, Coleman, Cummuskey, Curran, Diemer, Dotzler, Dowling, Esterbrook, Folks, Gaynor, Igstaedter, Kenneally, McGrath, Morrison, Nicoll, Reardon, Stevenson, Weil, Weston, Wilmot; President Cromwell, by L. L. Tribus, Commissioner of Public Works—23.

No. 536—Int. No. 943.

To the Honorable Board of Aldermen of The City of New York:

We the undersigned members of the Special Committee, appointed by the Board of Aldermen on May 7, 1912, and charged with the duty of investigating, examining and of reporting the result of such investigation and examination to the Board, concerning the operations and proceedings in the erection, completion and equipment of the Bronx Borough Court House from the time of the initial operation to the present, have the honor to present this, our unanimous report:

Site—On February 7, 1897, an act was introduced in the Legislature providing for the acquisition of a site for a Court House in the Borough of The Bronx, designating its location to be at the triangle at 3d ave. and 161st st., and on April 7, 1897, this act became a law, chapter 209 of the Laws of 1897. At a meeting of the Board of Estimate and Apportionment on June 16, 1897, a citizen called the attention of the Board to the new law, and the matter was referred to the Comptroller for a report. On October 27, 1897, the report of the Chief Engineer of the Finance Department was received by the Board of Estimate, giving the assessed value of the property to be acquired at $17,500, and its probable cost at $43,750. The Board of Estimate and Apportionment, by resolution, requested the Corporation Counsel to proceed to acquire title.

Subsequently, on December 24, 1897, the Commissioners of Estimate and Appraisal were appointed by the Supreme Court and took office on January 7, 1898. Under the provisions of this special act, title vested in the City four months after the Commissioners took oath or on or about June 1, 1898.

The report of these Commissioners was confirmed on January 29, 1900, and filed the next day. It awarded for the three parcels acquired $127,230, which, with interest and costs, amounted to $151,574.29, the total cost of the site.

On March 6, 1900 (approved by the Mayor October 8, 1900), the Board of Estimate and Apportionment authorized corporate stock for the cost of the site to the amount of $147,078.84, which with the premiums of $16,291.92, made available $163,370.76. The property acquired has an area of 14,652 square feet.

That two years and one month should be consumed by the Commissioners of Estimate and Appraisal in the proceedings to condemn three parcels of land is in the opinion of this committee an unreasonable period of time for such work, and at this late date deserving of the greatest censure.

Fortunately, since then the Legislature has provided a means of doing this work in a more expeditious manner.

Between the time the report of the Commissioners was confirmed and filed in 1900, up to May 23, 1902, nothing seems to have been done towards proceeding with the erection of the building. The committee is unable to determine whether this delay occurred through lack of interest on the part of the Borough President, or whether it was due to the fact that the Board of Estimate would not grant the Borough President's request for corporate stock with which to hire an Architect and proceed with the work of construction.

Construction.

On May 23, 1902 (approved by the Mayor June 30, 1902), the Board of Estimate and Apportionment authorized the issue of $250,000 in corporate stock for the construction and equipment of the Court house, and on July 1, 1904 (approved by the Mayor July 13, 1904) it authorized an additional $550,000, making a total of $800,000 for construction and equipment.

It took the Borough President of The Bronx from June 30 1902, until April 1, 1903, to select an Architect to prepare plans and supervise the construction of the building. Responsible to the Architect, and acting directly under him, Inspectors are appointed, whose duty it is to oversee the actual work of construction. The Architect, therefore, together with his Inspectors, virtually constitutes a separate and distinct bureau, responsible like other bureaus for the efficient performance of its work to the Borough President alone.

In April 1903, the Borough President designated Michael J. Garvin as Architect for the new Bronx Borough Court house. His agreement with The City of New York reads in part as follows:

"The Architect shall, on or before the 15th day of August, 1904, furnish to the City preliminary studies and specifications, together with an estimate of the cost of the said building or structure. If the said preliminary drawings and specifications and estimate are not satisfactory to and approved by the President, then the Architect shall and will revise and correct the same so as to conform to the suggestions, criticisms and requirements of the President, and so that the estimated cost, including the Architects' fees and the cost of Surveyors and Inspection shall be well within the sum of $800,000, the appropriation of funds available for the said building or structure."

In June, 1904, Mr. Garvin submitted his plans and estimate to the then Borough President and Comptroller, both of whom approved the same.

The estimate was $760,000 for the cost of the building, and $40,000 for the Architects' fees.

The first contract let, after the plans had been approved, was for the construction of the foundation walls, and although the contract was let to the Century Construction Co., on November 30, 1904, actual work did not begin until the middle of March, 1905, on account of the weather conditions. This work was completed in the early part of 1906. The Architect testified that this work was unnecessarily delayed by reason of the erroneous soundings made by the Engineers employed by or assigned to the Borough President, which showed rock at a certain depth, but the rock was found at a point considerably lower than that calculated by the Engineers.

On March 20, 1906, the contract for the construction of the building was awarded to the Thos. J. Brady Co., the bid price being $529,000, and the contract time for the performance 300 days.

During the years 1906 and 1907 $137,000 worth of work was performed under this contract, and two years after the signing of the contract, there being completed but 26 per cent. of the work contracted for, and no apparent effort being made on the part of the contractor to go ahead with the work, the Borough President declared the contract abandoned on the 28th day of May, 1908, and advertised for bids.

The reason that only 26 per cent. (about 20 feet above the curb) of the work was done in two years we find to be as follows:

The Brady contract specified seven kinds of granite, any of which could be used in the construction of the Courthouse, and among the seven was a granite from Bucks Harbor, South Brookville, Maine. The Thos. J. Brady Co. decided to use the granite from Bucks Harbor, although the President of the company testified that he knew nothing of the standing or general reputation of the stone. After submitting his bid, he learned that the Bucks Harbor Granite Co. had no cutting sheds at its quarries at South Brookville, Maine. The excessive delay by the Thos. J. Brady Co. was due solely to the difficulties occasioned by quarrying the granite at Bucks Harbor, and then having to haul it some fifteen miles further up the Maine coast to Blue Hill, in order to have the granite cut. The transportation in and about the quarry and the facilities for working the same during the winter months were totally inadequate to supply granite for use at the Courthouse. After Mr. Brady's bid had been accepted, a question arose as to whether Bucks Harbor granite should be used, although it was the stone upon which the successful bid was based. But in order to forestall any adverse action, the owner of the quarry had drafted a lease of the same to the City, through President Haffen, thus finally settling the question.

It seems to this Committee that the Bucks Harbor Granite Co., with its unknown stone, quarried and cut under the greatest difficulties, in an inaccessible part of Maine, was shown particular favor by the Borough President.

The Committee is of the opinion that the manner of the ratification of the lease of the quarry to the City is most questionable and of doubtful legality.

On August 20, 1908, the abandoned contract was relet to John T. Brady & Co. for $414,840, the time between the abandoning of the contract and the reletting being consumed by the necessary legal proceedings required by the Charter.

John T. Brady & Co. had to continue the use of the granite from Bucks Harbor, and were delayed many months getting the quarry in working order, so that actual construction was not begun by it until March, 1909.

In January, 1910, the Company completed all the granite work and topped out the building, leaving some furring, partitions and a few arches undone, which the company claimed it could not do until the wiring and piping had been completed. This condition of affairs existed at the time Cyrus C. Miller assumed the office of the President of the Borough of The Bronx, January 1, 1910. The interior of the building had not been finished.

The appropriation of $800,000 had been almost all expended, and it was necessary to get a further appropriation. Mr. Miller soon after taking office requested the Architect to submit an estimate of the cost necessary to complete the building. Mr. Garvin said that it would cost $325,000 in addition to what had already been expended. The Architect, Michael J. Garvin, explained this request for more money in the following manner:

"Q. As I understand, the original contract was for $800,000?
"A. Yes.
"Q. What was the cause of the increase of $325,000?
"A. On account of the change in the prices of materials and labor from that time to this. There is a difference of from 40 to 50 per cent. increase.
"Q. That is the sole cause of the increase?
"A. Yes.
"Q. The increased cost of labor and the cost of material?
"A. Yes."

Accordingly Mr. Miller requested the Board of Estimate and Apportionment, on the 18th day of May, 1910, for $325,000 to complete the court house. This request was on the calendar of May 27, 1910, and was referred to the Corporate Stock Budget Committee. The committee did not act favorably on this request until July 17, 1911 (approved by the Mayor September 19, 1911). President Miller testified that between the last mentioned dates he had made repeated requests for the favorable action of the committee but without success.

"I simply could not move until I got the money. It would be a misdemeanor for a public officer to make any contract for the purpose of spending any money until the money had been appropriated."

On September 19, 1911, an additional $325,000 was available, making the total authorization of $1,125,000 for construction and equipment.

In the meantime and during the year 1906, contracts were signed for steam power, heating, ventilating, electrical and prison work. The successful contractors were delayed on account of the T. J. Brady contract abandonment, and could not begin their work until the new contractor, John T. Brady & Co., had partially completed the building.

Only one of the above mentioned contracts is deserving of special mention, that is the contract of the Western Electric Co. for a generating plant and electric work at an estimated cost of $26,604.

President Haffen permitted the Architect to use his own judgment as to whether he should install an electric plant or take the electric current from the Edison Company. Mr. Garvin, the Architect, determined to put in a generating plant, because he said it was cheaper to make the current than to buy it. The contract was awarded by Mr. Haffen to the Western Electric Co. on August 17, 1906. The electrical plans providing for a generating plant were submitted to the Department of Water Supply, Gas and Electricity on June 20, 1907.

Said department returned the plans on February 8, 1909, disapproving of the Architect's scheme to install a generating plant for the reason that it would be more expensive to operate the same than it would be to buy current from electrical companies, and recommending the installation of the regular three wire system of distribution, alternating current from transformers installed by the company.

On December 7, 1909, the Architect submitted to the Department of Water Supply, Gas and Electricity revised electrical plans eliminating the proposed generating plant; said revised plans were approved by the Department of Water Supply, Gas and Electricity, October 19, 1910. A controversey arose as to what would become of the Western Electric Company's contract which took about three years to settle, and in the meantime the Brady company claimed that it was prevented from finishing its contract because the electrical work had not been started. This we find to be the fact. The contractor could not finish all his work until the wiring and piping were finished, and had to stop work about the time President Miller took office, claiming that until the wiring and piping were done he could go no further.

The City of New York, through the Comptroller, settled the Western Electric Co.'s claim, but it took three years to do it, an unnecessary length of time if the parties upon whom it devolved the duty according to the Charter had interest enough in the work to see that the matter was pushed. We think that if the matter were properly handled the claim might have been settled in a month. The old electrical contract being out of the way, a new contract was awarded to the J. Fred Jackson Co. on February 3, 1913, for the sum of $9,234, and the electrical work is now being done.

In regard to the delay in approving or disapproving the plans in the Water Department, Chief Engineer of Light and Power testified that at the time the plans were submitted there was no money with which to go ahead with the work, and therefore the department did not hurry the plans along until the money was available. Whether the money was available to carry on the work or not, we believe was no concern of the Department of Water Supply, Gas and Electricity. As a matter of fact, at that time the money to carry on the work was available for the electrical work in the appropriation of $800,000. At the time the electrical plans were submitted to the Department of Water Supply, Gas and Electricity in 1907 said department had only to do with the number, kind and arrangements of lights, and had no power under the Charter to change the plans and specifications as to the generating plant.

It was not until the early part of 1910 that the Board of Estimate gave to the Department of Water Supply, Gas and Electricity the power to approve before advertising all the plans both for installation and for lighting.

So that, had that department not interfered or delayed the approval of the plans submitted in 1907 to install a generating plant, there would not have been the delay on the part of Brady because of the non-completion of the electrical work, and the controversy over the Western Electric Co.'s contract would not have occurred. Until the latter claim was settled no new contract for electrical work could be let. Two voluntary witnesses appeared before the Committee, who qualified as expert engineers, and testified that in a building such as the Bronx Court House it would have been cheaper and better to have a generating plant of its own installed therein, thus upholding the original plan of the architect. We have no doubt but that some experts in the same line could be found to testify that the plan of the Department of Water Supply, Gas and Electricity was the better of the two.

However, we are of the opinion that the Department of Water Supply, Gas and Electricity is responsible for that part of the delay as stated more fully above.

We further believe that the construction of the Court House would have been greatly expedited had the question of deciding small and unimportant details been left to one department with full authority.

We further recommend that the functions of the Art Commission be exercised only at the time the plans for the building are finished, and the plans for the decorations and fixtures are ready, as we find it to be a bad practice to make it compulsory for the Art Commission to approve every minor change, which causes a large amount of delay, when these details could be greatly eliminated by having the intended occupants of the building settle their personal desires as to their quarters before submitting plans to the Art Commission for their consideration.

We also recommend that a method be adopted whereby estimates for the entire work will be prepared to determine the amount of the appropriation needed before applying for same, so that the usual time required for the application for more money to the Board of Aldermen and the Board of Estimate would not cause additional delay.

We further recommend that in view of the fact that the authority of the architect on this work was either so little or that his every act could be countermanded by the various departments that in similar future operations of this kind the construction of these buildings shall be carried on in the following manner:

That the construction of the entire structure, excepting equipment, be let to one contractor at one time.

That the plans, specifications, materials or design, decorative or structural, be left to the discretion of the architect, consistent, however, with the general municipal methods of specifying material to permit competitive bidding and in the manner as generally followed by good practice of all reputable architects; or that the plans, etc., heretofore mentioned, with all such details, be approved by the Comptroller and then executed by the architect, whose authority shall be as limited as the former recommendation is broad.

In conclusion we beg to report that after a thorough examination of the testimony taken by this Committee regarding the various reasons for the delay in the construction of this Court House, that the delay would have been largely reduced (with the exception of specific instances mentioned), and we feel certain that this building or any other building of its type could be constructed more speedily by letting the contract for the structure in its entirety as above recommended, instead of letting same in many individual contracts.

June 9, 1913.

BRONX COURT HOUSE INVESTIGATING COMMITTEE—JAMES L. DEVINE, ABRAM W. HERBST, THOMAS H. O'NEIL, WM. BRUSH.

City of New York, Law Department, Office of the Corporation Counsel, Hall of Records, June 5, 1913.

Hon. ABRAM HERBST, Chairman of the Bronx Court House Committee, the Aldermanic Chamber, City Hall, N. Y.:

Sir—I beg to inform you that the draft of the report of the Committee appointed to investigate the delay in the completion of the Bronx Court House is ready and that nothing remains to be done but to have the Committee go over it and put it in final shape.

The preparation of the draft was a much greater task than I expected it would be at the start. There were four hundred pages of testimony, with the exhibits, to be examined and boiled down; the report of the investigation of the administration of former President Haffen by the Commissioner of Accounts had to be examined; the various suggestions of the members of the Committee had to be fitted in their proper places, and in view of the fact that I have not been relieved of any of my other duties in the office, this work had to be done in the evenings and necessarily took more time than I had anticipated.

I am sorry that the report could not have been presented before this, and I assume all responsibility for the delay. It has not been the fault of the Committee, which has been very patient with me. Respectfully yours,

PATRICK J. WALSH, Assistant Corporation Counsel (Counsel to the Bronx Court House Committee).

The Acting President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

No. 4086.

By Alderman Dowling—

Whereas, It has been found extremely difficult to induce young men to enter an examination for Patrolman, as is evidenced by the remarkably small number of applicants for the approaching test to be held on June 23 next; and

Whereas, This extraordinary state of affairs is largely, if not altogether due to the very small compensation paid to first and second year policemen as compared with that of a Fireman of similar standing in the public service; and

Whereas, There is before the Board of Estimate and Apportionment a proposition to increase the pay of first and second year Patrolmen from eight hundred to one thousand dollars per year; and

Whereas, The proposed increase has been recommended by this Board (under date of May 24, 1910), and by the Municipal Civil Service Commission, the Police Commissioner, the Civil Service Reform Association, the City Club, the Aldermanic Investigating Committee and civic organizations generally; and

Whereas, The new police recruit, facing mandatory expenses of more than two hundred dollars, finds his first year's pay less than two dollars per day, a sum far below a living wage and not compatible with the City's best interests; therefore be it

Resolved, That the Board of Aldermen urges the Board of Estimate and Apportionment to take immediate action in order to remedy the deplorable conditions that surround the newly appointed Patrolmen, and in order that an adequate supply of eligibles may be obtained for the hundreds of vacancies which occur in the Police Department each year.

AN ORDINANCE in relation to the employment of inmates of correctional institutions, and provision for the application of proceeds of their labor to the support of persons dependent on such inmates.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Commissioner of Corrections is hereby authorized and empowered to open an account with any inmate committed to a correctional institution under his jurisdiction on conviction under section six hundred and eighty-five of the Greater New York Charter, or subdivision one or two of section eight hundred and ninety-nine of the Code of Criminal Procedure, and may credit such inmate at the rate of fifty cents per day for each day's actual labor performed by such inmate for The City of New York. Out of moneys which may be appropriated for the purposes of this ordinance the Commissioner shall cause the sums so credited to be paid weekly to the Commissioner of Charities, who shall forthwith cause the same to be paid to the person or persons, for the non-support of whom such inmate was committed, provided that no such sum shall be credited and no such payments shall be made if such persons, or any of them, are a charge upon The City of New York.

Section 2. This ordinance shall take effect immediately.

AN ORDINANCE in relation to motion picture theatres.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Chapter 7, title 2, article 11, section 352A—Motion pictures and motion picture theatres.

352A.

Motion pictures shall be deemed a display on a screen or other device whereby pictures are displayed of characters or objects in motion, whether or not accompanied by music, lecture, recitation or song.

352B.

A motion picture theatre shall be deemed any public hall or room in The City of New York in which motion pictures are exhibited, in which the seating capacity does not exceed 300, and in which there is no stage or scenery, and to which an admission fee, directly or indirectly, is charged or where a business of any kind is conducted, provided that a motion picture theatre may have a seating capacity not to exceed 450 persons under conditions described in section 352d, subsection 3.

An open air motion picture theatre shall be deemed any public place or space on the ground floor in the open air in The City of New York in which motion pictures are exhibited, and in which there is no stage or scenery, and to which an admission fee, directly or indirectly, is charged, or where business of any kind is conducted.

The Mayor shall appoint such Inspectors as shall be necessary to carry out the provisions of this ordinance. They shall be known as "Motion Picture Theatre Inspectors" and shall be paid such compensation as shall be fixed by the Board of Aldermen on recommendations of the Board of Estimate and Apportionment.

352C.

The Bureau of Licenses shall issue all motion picture theatre licenses and all open air motion picture theatre licenses granted by the Mayor, and, by the authority of the Mayor, shall regulate all motion picture theatres and open air motion picture theatres; provided,

1. Applicants for motion picture theatre licenses shall file plans and specifications of the motion picture theatre with the Bureau of Buildings of the Borough in which the motion picture theatre is to be situated, and must file a copy of such plans and specifications, duly approved by the Superintendent of Buildings, with the application for the license, which application shall be made to the Bureau of Licenses on blanks furnished by it for that purpose. Every applicant shall present written evidence that he is of good moral character and a statement that he has not been convicted of a crime, a copy of which shall be sent to the Police Commissioner with a request that he shall, after examination of the records of his Department, within fifteen days, approve or disapprove of the applicant's moral character.

2. The Bureau of Licenses shall, without delay, upon the request of an applicant, pass upon the location of the motion picture theatre and upon the character of the applicant requesting the license.

3. The Bureau of Licenses shall request the Fire Department, Bureau of Buildings, Department of Water Supply, Gas and Electricity, and Department of Health to inspect said theatres, and the said Department shall file in the Bureau of Licenses, within ten days, detailed written reports, which shall include a statement of any violation of law, ordinances, rules and regulations, and any dangerous conditions. Upon the failure of any of said departments or of the Police Department to file detailed written reports in reply to the request of the Bureau of Licenses, the said Bureau shall notify in writing the Mayor of The City of New York of the failure of any department to report in writing. Ten days thereafter the Bureau of Licenses may disregard the failure of such departments to file written reports and in its discretion issue a license.

4. Until the provisions of this ordinance shall have been complied with, no license shall be issued.

352D.

1. Plans—Before the erection, construction or alteration of a building, or part thereof, to be used as a motion picture theatre, there must be filed with the Superintendent of Buildings complete plans and detailed statement as set forth in section 4 of the Building Code. The plans must show clearly and fully the location and width of all exits, passageways, stairs, fire escapes, aisles, etc.; arrangement of seats, size of floor beams, walls, supports etc.; the location and construction of the inclosure for the motion picture light and machinery and for other similar apparatus; a diagram of the lot or plot, showing outlets from all exits, and also such other statements, plans or details as may be required by the Superintendent of Buildings.

2. Prohibition—Motion picture theatres shall not be constructed in frame buildings within the fire limits, nor in hotels, tenement houses or lodging houses, nor in factories or workshops, except where the theatre is separated from the rest of the building by unpierced fireproof walls and floors, and in no case shall they be constructed or operated above or below the ground floor of any building.

3. Exits and Courts—All such buildings must be provided on the main floor of the theatre with at least two separate exits, one of which shall be in the front and the other in the rear, both leading to unobstructed outlets on the street. The aggregate width of such exits shall be at least 18 feet where the main floor of the theatre accommodates 300 people or less. No exits shall be less than 5 feet in width, and there shall be a main exit not less than 10 feet in total width.

In all such buildings to be erected or to be altered so as to be used for a motion picture theatre, if unobstructed exit to a street cannot be provided at the rear of such buildings, as herein specified, either an open court or a fireproof passage or corridor must be provided from rear exit to the street front of at least the following width: Four feet in the clear for theatres accommodating 100 persons or less; for every additional 100 persons the width to be increased 8 inches. Such passage must be constructed of fireproof materials and must be at least 10 feet high in the clear. The walls forming such passage must be at least 8 inches thick, or brick or other approved fireproof material, and if there be a basement the wall on the auditorium side should either run one foot below the cellar bottom or may be carried in the cellar on iron columns and girders properly fireproofed according to sections 106 and 107 of the Building Code. The said wall shall be carried up to the under side of roof boards if a one-story building, and to the under side of the flooring of the next story above where such building is more than one story in height.

The ceiling of said passage, and if there be a basement, the flooring must be constructed according to section 106 of the Building Code.

If unobstructed rear exit or exits to a street are provided, the said exit or exits must be of the same total width required for the court or passage above mentioned.

Said passages and exits to the street, as above, must be used for no other purposes except for exit and entrance, and must be kept free and clear.

The level of the open court or passage at the front of building shall not be greater than one step above the level of the sidewalk, and the grade shall not be more than 1 foot in 10, with no perpendicular rises.

A motion picture theatre may have a seating capacity of 450 persons, provided it has no gallery, provided it is located on the corner of a street and has three exits aggregating 28 feet, one of which shall be on the street side on which the main entrance is not located, there shall be an exit of not less than 10 feet, and provided that the booth and picture machine shall be located at the opposite end of the auditorium from its main entrance.

All exit doors must be unlocked when building is open to the public. They must be fireproof and made to open outwardly and so arranged as not to obstruct the required width of 40 inches exit or court when opened. All doors leading to fire-escapes must be not less than 40 inches in the clear and shall be located at the opposite side or end of the gallery from other exit doors.

Where the ordinance to regulate aisles and passageways in the places of amusement or any other law permits the main floor of a motion picture theatre to accommodate, in addition to its seating capacity, standing room for more than 100 and less than 200 persons, there shall be at least 3 exits from the main floor, the aggregate width of which shall be at least 21 feet. Where there is standing room according to law for more than 200, the aggregate width shall be 24 feet.

4. Galleries and Stairs—A gallery may be permitted, but it shall not include more than 25 per cent. of the total seating capacity of the theatre. Entrance to and exit from said gallery shall in no case lead to the main floor of the theatre, and the gallery shall be provided with a stair or stairs equipped with handrails on both sides. Stairs over 7 feet wide shall be provided with centre handrail. The risers of the stairs shall not exceed 7¾ inches, and the treads, excluding nosings, shall not be less than 9 inches. There shall be no circular nor winding staircases.

The total width of the stairs shall not be less than 8 feet in the clear where the gallery accommodates 150 people; for every 50 people less than 150 which the gallery accommodates said width may be reduced 1 foot.

Stairs shall be constructed of fireproof material, and such material and the bearing capacity of such stairs shall be approved by the Bureau of Buildings.

Galleries must be provided with at least one line of fire escapes leading to an open court, fireproof passage or street without re-entering the same or any other building.

If the fire escape leads to a point in the court nearer the street than any exit, there must be a width of not less than 4 feet in the clear between the outer edge of the fire escape and the outer wall of the court.

5. Fire Escapes—All fire escapes must have balconies not less than 3 feet 5 inches in width in the clear, and not less than 4 feet 6 inches long, and from said balconies there shall be staircases extending to the ground level with a rise of not over 7¾ inches and a step of not less than 9 inches, and the width of the stairs must not be less than 3 feet 4 inches.

6. Auditorium and Other Rooms—If the walls of the auditorium contain wood studs they shall be covered with either expanded steel lath or wire mesh and plastered with three coats of first class plaster, or may be covered with metal on one-half-inch plaster boards. The joints shall be properly filled with mortar.

The ceilings of all such rooms shall be plastered with three coats of first class plaster on wire mesh or metal lath, or covered with one-half inch plaster boards, and plastered or covered with metal.

If there be a basement or cellar, the ceiling under the auditorium floor must be plastered with three coats of first class plaster on wire mesh or expanded metal lath or may be covered with metal on one-half inch plaster boards.

The basement or cellar under the auditorium floor must be kept free and clear, except the space used for the heating apparatus, for machinery connected with the theatre and for coal.

7. Construction of Booths—Apparatus for projecting motion pictures shall be enclosed in a booth or enclosure constructed so as to be fireproof, in accordance with the specifications of chapter 756 of the Laws of 1911. The booth shall be equipped with a vent flue as prescribed in section 352F, paragraph 2, of this ordinance. Booths shall contain an approved fireproof box for storage of films not on the projecting machine. Films shall not be stored in any other place on the premises; they shall be rewound and repaired either in the booth or in some approved fireproof enclosure.

When miniature motion picture machines are employed in connection with private exhibitions the requirements of the above paragraph may be so modified as to permit, instead of the regulation booth, an approved fireproof box, unventilated, and of a size only sufficient to properly enclose the machine.

8. Gradients—To overcome any difference of level in and between corridors, lobbies and aisles, gradients of not over 1 foot in 16 feet, or steps having a rise not over 8 inches and a width of not less than 10 inches, must be used.

9. Aisles—All aisles in the auditorium and gallery must not be less than 3 feet wide in the clear. No aisle, passageway or space in the rear of the auditorium shall be obstructed by any camp stool, chair, sofa or settee, nor shall any person be permitted to sit therein.

10. Chairs—All chairs in the auditorium except those contained in the boxes must not be less than 32 inches from back to back and must be firmly secured to the floor. No seat in the auditorium shall have more than seven seats intervening between it and an aisle. The space occupied by each person shall be separated from the adjoining space by means of an arm or other suitable device.

11. Signs Over Exits—Over every exit there must be painted on the inside in letters not less than 6 inches high, the word "Exit" in legible type, and one red light or illuminated sign must be placed inside over each exit, and illuminated while the audience is present.

12. Floor Loads—The flooring of that portion of the building devoted to the uses or accommodations of the public must be of sufficient strength to bear safely a live load of 90 pounds per square foot.

13. Toilets—Toilets separate for sexes must be provided.

14. Fire Apparatus—Portable fire apparatus shall be provided of the following kind and number: Ten-quart capacity buckets, painted red with the word "Fire" in black, the letters 4 inches high, to the number of 6 for places seating less than 300 without a gallery, and two additional if there be a gallery. There shall be two buckets containing dry sand kept in the operating booth; approved fire extinguishers of 2 1-2 gallon capacity of the regulation Fire Department pattern, of which 2 shall be on the main floor and 2 in the gallery, if there be one, and 1 in the operating booth; 4-pound flat-head axes, 2 of which shall be on the main floor and 2 in the gallery, if there be one.

352E.

1. Lighting—Every portion of a motion picture theatre, including exits, courts and corridors, devoted to the uses or accommodation of the public, shall be so lighted by electric light during all exhibitions and until the entire audience has left the premises that a person with normal eyesight should be able to read Snellen standard test type 40 at a distance of 20 feet and type 30 at a distance of 10 feet; normal eyesight meaning ability to read type 20 at a distance of 20 feet in daylight. Cards showing types 20, 30 and 40 shall be displayed on the side walls, together with a copy of this paragraph of the ordinance. In case of an open air theatre such cards and this paragraph shall be displayed on the back of 20 end seats next to the centre aisles in various parts of the theatre.

2. Heating—When the temperature of the outside air is below 60 degrees F., the air in the theatre, while an audience is present, shall be maintained at a temperature not lower than 62 degrees F., nor higher than 70 degrees F.

If gas stoves, oil stoves or other apparatus throwing off products of combustion are used to heat motion picture theatres, said products of combustion must be carried to the outside air by means of a fireproof flue or flues.

No radiator shall be placed in the aisles so as to lessen the width below the minimum requirement.

3. Ventilation—Motion picture theatres having less than 200 cubic feet of air space for each person, or motion picture theatres in which the outside window and door area is less than one-eighth of the floor area, shall be provided with artificial means of ventilation which shall supply during the time the audience is present at least 500 cubic feet of fresh air per hour for each person.

Motion picture theatres having more than 200 cubic feet of air space for each person, or which have outside windows and doors, the area of which is equal to at least one-eighth of the floor area, shall be provided with artificial means of ventilation, which shall be in operation when the outside temperature requires the windows to be kept closed, and which shall supply, during the time the audience is present, at least 500 cubic feet of fresh air per hour for each person. When the artificial ventilation is not in operation, ventilation by means of open doors and windows shall be sufficient to provide each person with 500 cubic feet of fresh air per hour.

Motion picture theatres having more than 1,000 cubic feet of air space for each person and having outside windows and doors, the area of which is equal to at least one-eighth of the total floor area, shall not be required to have artificial means of ventilation, provided the air is thoroughly changed by freely opening doors and windows immediately before the admission of the audience, and at least every four hours thereafter.

No part of the fresh air supply required by any of the above paragraphs of this section shall be taken from any source containing vitiated air.

The area of outside doors and windows shall mean the area capable of being freely opened to the outside air for ventilation purposes.

When fresh air is supplied by means of ventilating opening, at least one inlet shall be situated at one end of the room, and at least one outlet at the other end of the room. Where exhaust or inlet fans are necessary, at least one such fan shall be placed in the floor or within 2 feet from the floor, and the outlet opening or openings in the ceiling or within 2 feet from the ceiling. The inlet openings and their surroundings shall be kept free from dust so that the incoming air shall not convey dust nor stir up dust as it enters.

During the time the audience is present, the air in the theatre shall be kept continuously in motion by means of fans to the number of at least 1 to every 150 persons. Such fans shall be placed in positions remote from the inlet and outlet openings. No person shall be exposed to any direct draft from any air inlet.

The booth in which the picture machine is operated shall be provided with an opening in its roof or upper part of its side walls, leading to the outdoor air. The vent flue shall have a minimum cross sectional area of 50 square inches and shall be fireproof. When the booth is in use, there shall be a constant current of air passing outward through said opening or vent flue, at the rate of not less than 30 cubic feet per minute.

The specifications of the above paragraph shall apply to portable booths and booths in open air theatres.

352F.

Motion picture theatres must be kept clean and free from dust.

The floors where covered with wood, tiles, stones, linoleum, or other washable material, shall be mopped or scrubbed with water or swept with moisture or by some other dustless method, at least once daily, and shall be scrubbed with water and soap, or water or some other solvent substance at least once weekly.

Carpets, rugs or other fabric floor coverings shall be cleaned at least once daily by means of suction cleaning, beating or dustless sweeping. Curtains and draperies shall be cleaned at least once monthly by suction cleaning, beating or washing. Cornices, walls and other dust-holding places shall be kept free from dust by washing or moist wiping. The upholstering of seats and railings and other fixed fabrics shall be cleaned by suction cleaning, or other dustless method, at least once monthly.

352G.

Motion Picture Commission.

1. There shall be a motion Picture Commission for The City of New York, composed as follows:

(1) The President of the Art Commission of New York City.
(2) The City Superintendent of Schools of New York City.
(3) The President of the Women's Municipal League of New York City.
(4) The President of the New York Federation of Churches.
(5) The President of the Society for the Prevention of Crime of New York City.
(6) The Supervisor of Roman Catholic Charities of New York City.
(7) The Chairman of the Jewish Community of New York City.
(8) The President of the Children's Aid Society of New York City.
(9) The President of the American Society for the Prevention of Cruelty to Animals.
(10) The President of the Women's Christian Temperance Union of the State of New York.
(11) The President of the New York Kindergarten Association.

Each of the aforesaid presidents or officers are members ex officio and may appoint a trustee or other official of the institution or corporation of which he is president or officer, to serve in his place as ex officio member of said Commission. Such appointment shall be in writing and shall be revocable at any time by such president. It shall terminate whenever he ceases to be president. Until the appointment be so revoked or terminated, any person so appointed shall be an ex officio member of said Commission, with like powers and duties as the president who has appointed him. The City Superintendent of Schools may appoint some person from the Teachers, Examiners or supervising staff or members of the Board of Education to serve in his place.

2. In addition to the foregoing there shall be five men and five women members of such Commission, residents of The City of New York, appointed by the Mayor of New York City from a list of twelve men and twelve women nominated to him by each of the following societies—two men from each of the following:

The Charity Organization Society, New York City.
The Society for the Suppression of Vice of New York City.
The Young Men's Christian Association of New York City.
The Educational Alliance of New York City.
The Holy Name Society of Brooklyn, N. Y.

Two women to be nominated by each of the following:

The Young Women's Christian Association of The City of New York.
The Bureau of Charities of Brooklyn, N. Y.
The Federation of Women's Clubs.
The Neighborhood Workers' Association.
The National Council of Jewish Women.

The Mayor shall choose one of the two nominations made by each of the aforesaid societies.

3. The members appointed by the Mayor shall serve until the first of January following their appointment, and the appointments by the Mayor shall be made annually thereafter.

All appointments for vacancies shall be for the unexpired term.

In case any of the aforesaid societies shall fail to present a list of nominees as aforesaid within three months from the time when any appointment is to be made, the Mayor shall appoint without such nomination.

4. The Commission shall serve without compensation as such, and shall elect a president, vice-president and clerk from its own members, whose terms of office shall be for one year, and until their successors are elected and have qualified. The Commission shall have power to adopt its own rules of procedure. Seven Commissioners shall constitute a quorum.

5. Suitable offices shall be provided for the Commission by the Board of Estimate and Apportionment. The expenses of the Commission shall be paid by the City, and the amount of the same shall be fixed annually by the Board of Estimate and Apportionment and the Board of Aldermen.

6. The Commission shall secure an effective moral inspection of motion picture films before they are granted permits to be shown in the licensed places of amusement in New York City, but nothing in this ordinance shall be interpreted as requiring a moral inspection or censorship by the Motion Picture Commission of motion picture films that are displayed in any places except in motion picture theatres or in licensed places of public amusement.

The Commission may do the necessary work themselves or may authorize and direct it with such responsible assistants as may be willing to serve without pay and the Commission is authorized to engage a paid secretary and paid assistants, who, with the consent of the Municipal Civil Service Commission, may be exempted from the civil service rules, for the moral inspection, rejection or approval of motion picture films, as provided in the following sections of this ordinance.

352H.

Permits for Motion Picture Films After Official Moral Inspection.

1. It shall be unlawful for any person, firm or corporation to show or exhibit any motion pictures in any licensed place of public amusement, in any theatre, concert hall, motion picture theatre or in any open air motion picture theatre without first having obtained a permit therefor issued by the Motion Picture Commission as hereinafter provided. Every day's exhibition in any licensed place of public amusement without such permit therefor shall be deemed a distinct and separate violation of this ordinance.

2. The Motion Picture Commission shall not grant a permit to exhibit any motion picture until an application in writing shall have been made therefor to the Motion Picture Commission, nor until the plates, films, rolls, or other like apparatus by or from which such motion picture is shown or produced shall be inspected by the Motion Picture Commission.

3. If any motion picture for the exhibition of which an application for such permit is made is contrary to the Penal Law of the State of New York, it shall be the duty of the Motion Picture Commission to refuse such permit. Otherwise it shall be the duty of the Motion Picture Commission to grant such permit.

4. In case the Motion Picture Commission shall refuse to issue such permit the applicant may appeal to the Mayor. Such appeal shall contain the statement of the grounds for the refusal of the Motion Picture Commission to grant a permit and shall be presented to the Mayor in the same manner as the original application to the Motion Picture Commission, and shown and exhibited in the same manner as before the Motion Picture Commission. If any motion picture for the exhibition of which such appeal is made to the Mayor for permit is forbidden by the Penal Laws of the State of New York, it shall be the duty of the Mayor to refuse such permit. Otherwise, after he has received from the Motion Picture Commission a statement of the ground upon which a permit was refused by the censor or censors duly authorized by said board, it shall be the duty of the Mayor, in case he deems the decision of the Motion Picture Commission to be erroneous, to grant such permit, and he shall direct the Motion Picture Commission to issue it as ordered by him.

The permit provided for in this ordinance shall be obtained for each and every motion picture exhibited in any motion picture theatre, in any open air motion picture theatre, in every licensed theatre or concert, and every licensed place of public amusement, and shall be required in addition to any license now required by any other provision of this ordinance or by the City Charter. A fee of $5 shall be paid to the Motion Picture Commission for each motion picture film when it is presented for moral inspection, and shall be retained by the Commission even if the application for a permit is denied. The fee for duplicate permits for films which have been approved shall be fifty cents each. The receipts from the fees shall be paid to the treasury of The City of New York.

6. When such permit to show or exhibit a motion picture is once issued to any applicant, such motion picture may be shown in any duly licensed place, provided that such written permit clearly describing such motion picture is actually delivered to the licensee of such motion picture theatre or other place of public amusement. Any number of transfers of such permit may be made, provided always that such permit is actually delivered to such transferee.

7. The permit provided for in this ordinance shall be posted at or near the entrance of the motion picture theatre or the open air motion picture theatre or any licensed place of public amusement where the motion picture permitted by such permit is being shown or exhibited at such a place, and in such a position that such permit can easily be read by any person entering such theatre at any time when such motion picture is there being exhibited. The exhibition of any motion picture in any motion picture theatre or in any open air motion picture theatre or any licensed place of public amusement without the posting of such permit therefor shall be considered a violation of this ordinance, and each day's exhibition of any motion picture in any motion picture theatre or open air motion picture theatre without the posting of such permit there shall be deemed a distinct and separate offense. Any manufacturer of films or his agent, or any proprietor of a film exchange or his agent, who delivers to any exhibitor for exhibition in a place of licensed amusement, without the proper written permit, as provided herein, shall be guilty of a violation of this ordinance.

8. It shall be the duty of the Motion Picture Commission to number all permits for motion pictures and to keep a record of all permits for motion pictures issued, both numerically and alphabetically arranged.

9. After the exhibition of each motion picture there shall be thrown upon the screen for at least 10 seconds, a fac simile of the permit for the picture just shown, giving the name of the manufacturer, the name of the picture and the number of the permit as recorded by the Motion Picture Commission. The licensee of each licensed place where motion pictures are exhibited, shall keep a record book, open at all times to the public, in which shall be recorded, under the date or dates when it was shown, the name of each picture shown, the name of its manufacturer, the name and address of the owner of the film and the name and address of the person, firm or corporation from whom the film was rented or leased.

10. Section 352G and section 352H of this ordinance shall cease to be law if and when the statutes of the State shall provide for a State censorship of motion pictures, and the Board of Censorship of motion pictures thereunder shall have duly entered upon the office.

352I.

1. Existing places of entertainment where motion pictures are exhibited under a common show license must comply, before a reissuance of its license, with all the provisions of this ordinance, but the Bureau of Licenses shall have power, in its discretion, to enforce immediate compliance with the provisions of paragraph 3 of section 352D, as to exits and courts.

2. Existing places of entertainment seating 300 persons or less, where motion pictures are exhibited in conjunction with any other form of entertainment, shall not be entitled to a license, under the provisions of this ordinance, unless they shall discontinue all forms of entertainment, except motion pictures and songs, lectures and recitations.

352J

With the exception of paragraph 7 of subsection "352D," subsections "352A" to "352F," inclusive, and subsections "352H," "352I," "352K," and "352L" of this ordinance shall not apply to motion picture exhibitions with or without charge of admission, conducted under the direct management of educational or religious institutions, nor to motion picture exhibitions without charge for admission given or held in private residences or bona fide social, scientific or political or athletic clubs. Before motion pictures shall be exhibited in any of the places above mentioned, there shall be obtained from the Bureau of Licenses a permit for such exhibition. Before granting such permit the Bureau of Licenses shall cause to be inspected the premises where such proposed exhibition shall be held, and shall grant the permit, if in its judgment the safety of the public be properly guarded. The inspection required in this subsection shall be renewed at least once each year in case an application is made for more than one permit.

352K.

The Bureau of Licenses, at its discretion, shall specify the seating capacity for each open air motion picture theatre. Aisles must be 4 feet wide or wider, in the discretion of the Bureau of Licenses. At least two separate exits, remote from each other, shall be provided, and no exit shall be less than 5 feet in width; for every 25 persons to be accommodated in excess of 300, the total width of seats shall be increased 1 foot. All exits must be indicated by signs and red lights, and the doors must open outwardly. Seats must be stationary, with backs 32 inches apart, and so arranged that no seat shall have more than 7 seats intervening between it and an aisle. The floor must be constructed either of wood with sleepers or concrete, and must extend at least five feet from the seats on all sides, provided, however, that in the discretion of the Bureau of Licenses, a gravel floor may be substituted for wood or concrete. Chairs must be either securely fastened to wood or concrete floor, or all chairs in a row must be fastened together, and at least 4 rows must be securely fastened to one frame.

352L.

Only subsections "352A," "352B," "352C," "352D," paragraphs 7 and 13; "352E," paragraph 1, and "352J" and "352K" of this ordinance shall apply to open air motion picture theatres.

352M.

Places where motion pictures are exhibited indoors or outdoors, having seating capacity or accommodation for more than three hundred persons, are expressly excepted from the form of license provided for in this ordinance, and are declared to be theatres for all the purposes specified in sections 1472 and 1473 of the Greater New York Charter, and sections 108 and 109 of the Building Code of The City of New York, and being sections 108 and 109 of chapter 15, part 21.

Any license provided for by the preceding sections may be revoked and annulled by the Mayor or by any judge or justice of any court of record in said City upon proof of a violation of any of the provisions of this ordinance or upon conviction of any offense against the Penal Law, committed wholly or partly upon the premises.

352O.

Every proprietor, owner and manager who shall neglect to take out the license for such exhibition as is hereinbefore provided for, or who permits or allows the exhibition or performance without such license, and every owner or lessee of any building or part of the building, ground or grounds who shall lease or let the same for the purpose of such exhibition shall be subject to a penalty of $50 for each day such exhibition or performance shall be permitted. The action for penalty shall be sued for and prosecuted in the name of The City of New York, and the proceeds shall be paid to the Chamberlain of The City of New York, for the Treasury of said City.

352P.

Every proprietor, manager, agent, lessee and tenant, together with the person, firm or corporation to whom a license has been issued, who violates any of the provisions of this ordinance shall be jointly and severally liable to a penalty of $25 for each day on which such violation shall continue, the action for penalty shall be sued for and prosecuted in the name of The City of New York, and the proceeds of which shall be paid to the Chamberlain of said City, for its Treasury.

352Q.

In addition to the penalties hereinbefore provided, any person, including the proprietor, owner, manager, lessee or tenant and the licensee, for a violation of any of the provisions of the foregoing sections of this ordinance, shall be punished by imprisonment for not less than 10 days nor more than 20 days, and upon a conviction of a second offense, imprisonment for 20 days and a fine of $50.

352R.

This ordinance shall take effect sixty days after its approval by the Mayor. All other rules, regulations and ordinances inconsistent herewith and affecting buildings and places to be occupied as herein defined are hereby revoked.

Which was referred to the Committee on Laws and Legislation.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE WEDNESDAY, JUNE 18, 1913.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date in which is shown the Department of Finance voucher number, the date or dates of the invoices or bills, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher, the dates of the earliest and latest are given.

If the vouchers are found to be correct, and properly payable to the respective claimants, it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto, then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WM. A. PRENDERGAST, Comptroller.

Bellevue and Allied Hospitals.

Received at CITY RECORD office June 18, 1913.

A meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Tuesday, April 29, 1913.

Present—Dr. Brannan, the President, in the chair; Messrs. Farley, O'Keeffe, Paulding and Robbins, Trustees, and Mr. Drummond, Commissioner of Public Charities. Excused, Messrs. Sachs and Stern.

The minutes of the meetings of April 8 and 15 were approved.

Bills amounting to $139,135.65 were approved and forwarded to the Comptroller for payment.

Dr. George O'Hanlon, the General Medical Superintendent, reported as follows:

Miss Noyes makes application for an extended leave of absence for Miss Cox, who has been in Bellevue Hospital since July 1, 1904.

Authorization is requested for the usual advertisement for the supply of meats, provisions, soaps, dry goods, X-ray plates, etc., for the last six months of the year 1913.

On separate motion, duly seconded and carried, in each instance, action was taken upon the report of the General Medical Superintendent as follows:

The General Medical Superintendent was directed to grant Miss Cox a vacation of one month.

Authority was granted to advertise for supplies, meats, provisions, etc., for the last six months of the year 1913.

Reports of Committees.

The Chairman of the Building Committee reported on a conference with Commissioner Drummond in regard to fire protection in the hospitals on Blackwells Island, as outlined in a letter from H. F. J. Porter, and also presented a letter from McKim, Mead & White on this subject. On the recommendation of the Building Committee, it was moved, seconded and carried to suggest to Mr. Porter that he call on McKim, Mead & White for the purpose of going over the plans of the buildings of the new Bellevue Hospital in detail, to determine what safeguards have been made for the lives of the inmates in case of fire, and whether his plans would be applicable to that type of building.

The Gouverneur Hospital Conference Committee recommended the appointment of Dr. Alexander Rovinsky as Assistant Physician to Out-Patients (eye service), and this report was approved, and Dr. Rovinsky appointed accordingly.

The Fordham Hospital Conference Committee reported upon the nominations of Drs. Telfair and Butts, and, in accordance with their recommendation, Dr. John Hamilton Telfair was appointed Visiting Obstetrician, and Dr. Arthur C. Butts, Jr., was appointed Assistant Visiting Obstetrician to Fordham Hospital, their service to begin at once.

The Chairman of the Building Committee presented a communication from J. H. Freedlander, submitting an estimate of from $9,000 to $10,000 for building a tunnel to carry piping between the new Nurses' residence and the power house at Harlem Hospital, and reported that, as funds were not available for this purpose, it would be necessary to request an issue of $10,000 corporate stock. After consideration, to include this request as a separate item in the estimate of corporate stock requirements.

Communications.

A communication from R. F. Almiral, in regard to the location of a new set of scales at Fordham Hospital, was presented and referred to the Building Committee.

A communication was presented from McKim, Mead & White, enclosing a letter from the John H. Parker Company, relative to the time for the completion of their contract for the construction of pavilions I and K. These were referred to the Building Committee.

The minutes of the meeting of the Board of Managers of the Training School held on March 28 were presented. The suggestion that economy of time and labor of the nursing staff, as well as of materials, might be effected by the adoption of a uniform system throughout the hospital for the preparation of surgical patients, their after care, and the making of dressings, and the recommendation that a drum sterilizer be installed in the amphitheatre were referred to the General Medical Superintendent.

The minutes of the meeting of the Fordham Hospital Medical Board held on April 11 were presented.

The resignation of Dr. M. G. Schlapp as Consulting Neurologist was accepted. The nomination of Dr. J. Byrne for the place of Consulting Neurologist, and the applications and letters of recommendation of Drs Garrettson and Cornwell were referred to the Conference Committee. The recommendation for the appointment of a Visiting Radiographer, who can be in daily attendance, was denied, on account of lack of funds. The request for the purchase of new X-ray equipment was referred to the General Medical Superintendent for investigation and report, as was also the request for two microscopes, with full equipment of lenses, for the Pathological Department.

A communication was presented from Dr. Henry G. Schreiber, Assistant Physician to Out-Patients at Gouverneur Hospital, in regard to being placed on the salaried list of dispensary doctors. The General Medical Superintendent was directed to appoint Dr. Schreiber to the next salaried position in the Out-Patient Department which becomes vacant.

Two applications for leave of absence were received from members of the visiting staff, and approved as follows: Dr. Joseph J. Higgins, for a few days during April, and Dr. Howard Lilienthal, May 5 to 9, and the month of July.

A communication was presented from Dr. Herbert L. Wheeler, recommending the appointment of Dr. Samuel J. Kessler as Assistant Visiting Dentist to Gouverneur Hospital. On motion, duly seconded and carried, this recommendation was approved, and Dr. Kessler appointed accordingly.

A copy of a resolution adopted by the Board of Aldermen on April 1, establishing the grade of Supervising Nurse, Social Service, at $1,200 per annum for one incumbent, was presented and ordered placed on file.

A communication was presented from the Board of Estimate and Apportionment transmitting copies of three resolutions adopted on April 10, approving of the issue of special revenue bonds to the amount of $6,250, for the purpose of providing additional facilities and help for the Psychopathic Department of Bellevue Hospital, and revising schedules to include this allowance. This communication was placed on file.

A communication was presented from the New York City Visiting Committee of the State Charities Aid Association, suggesting that the new dispensary building at Gouverneur Hospital be devoted to dispensary purposes only, and that, if possible, separate provision be made for a Nurses' residence. As the plans for this building had not been completed, this communication was referred to the Building Committee for their consideration.

A communication was presented from Luke A. Burke & Sons Company, contractors for the construction of the Nurses' residence at Harlem Hospital, requesting an extension of time of six months for the completion of their contract. This communication was referred to the Building Committee.

A communication was presented from Daniel J. Ryan, contractor for the roof wards of pavilions A and B, requesting, on account of the delay between the time the bids were received and the awarding of the contract, together with the number of stormy days during the time allotted for the completion of this contract, an extension of time to July 30 for its completion. A communication from McKim, Mead & White was also presented, recommending that the extension be granted, as requested. The Building Committee reported that they had investigated this matter and found that the statements contained in the communication from the contractor were correct. On the recommendation of the architects and of the Building Committee, it was therefore moved, seconded and carried to grant Daniel J. Ryan this extension of time on his contract.

Three copies of an assignment by Daniel J. Ryan to the Mechanics Bank of Brooklyn, of all moneys due under his contract for the construction of the roof wards of pavilions A and B, were presented, and consent was granted to this assignment.

New Business.

It was reported that the manuscript for the Medical and Surgical Report of Bellevue and Allied Hospitals for 1911 and 1912 had been received from the Committee of the Medical Board, and authority was granted for the publication and distribution of these reports as in previous years.

The President referred to the desirability of procuring corporate stock funds for continuing the construction of the new Bellevue Hospital, particularly pavilions F and G, and submitted a tentative plan showing pavilion G, which would be constructed at a cost of about $450,000. As there is a balance of about $250,000 in the Bellevue Corporate Stock Building Fund a suggestion was made to transfer the Gouverneur Fund of $200,000 to that of Bellevue, in order to continue this construction, and to defer building at Gouverneur until sufficient funds can be secured to erect a dispensary and Nurses' residence which will meet the future needs of that hospital. After discussion, it was moved, seconded and carried to defer action on this matter.

The President referred to the need for an issue of corporate stock for the equipment of the remodeled Harlem Hospital and the boiler and ambulance house, which would require about $70,000, and after discussion it was moved, seconded and carried to defer action on this until the exact amount that will be needed for this equipment is determined.

A motion to adjourn the meeting was seconded and carried.

J. K. PAULDING, Secretary.

DEPARTMENT OF FINANCE.

Confirmation of Assessments.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWENTIETH AND TWENTY-FIRST WARDS, SECTION 3.

RESTORING ASPHALT PAVEMENT in front of premises Nos. 1182 and 1184 Broadway and Nos. 337 to 347 W. 27th st. Area of assessment affects Lot 15, in Block 751, and Lot 26, in Block 830.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same was entered on June 13, 1913, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 12, 1913, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when above assessment became a lien to the date of payment.

WILLIAM A. PRENDERGAST, Comptroller.

Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Brooklyn,

Being the buildings, parts of buildings, etc., standing within the lines of Erasmus st., from Bedford ave. to Rogers ave., in the Borough of Brooklyn, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 11, 1913, the sale by sealed bids, at the upset or minimum prices named in the description of the above buildings and appurtenances thereto, will be held by direction of the Comptroller on

MONDAY, JULY 7, 1913.

at 11 a. m., in lots and parcels and in manner and form and at upset prices as follows:

Parcel No. 1—Part of two-story and attic frame house, 2231 Bedford ave., cut 3.5 feet on front by 3 feet on rear of extension. Upset price, $25.

Parcel No. 2—One-story frame barn (18 feet by 30 feet), two-story frame barn (20 feet by 30 feet), with two sheds (33 feet by 38 feet), at 2233 Bedford ave. Upset price, $50.

Parcel No. 4—Shed (8 feet by 17 feet), at 36 Johnson place. Upset price, $5.

Parcel No. 7—Two-story and attic frame house with extension, at 32 Johnson place. Also chicken house in rear. Upset price, $50.

Parcel No. 8—Part of two-story and attic frame house, 28 Johnson place, cut 7.7 feet on front by 8.3 feet on rear. Also part of one-story frame barn, cut 10.9 feet on east side by 11 feet on west side. Upset price, $50.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 7th day of July, 1913, and then publicly opened, for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened July 7, 1913," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 2d day of July, 1913, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened July 2, 1913," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

Amendment to Sanitary Code.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held June 3, 1913, the following resolution was adopted:

Resolved, That section 48a of the Sanitary Code be and the same is hereby amended so as to read as follows:

Section 48a. No person shall break out eggs for sale or conduct the business of breaking out eggs to be canned, frozen, dried or used in any other manner in the City of New York, and no eggs broken from the shell, whether canned, frozen, dried or treated in any other manner shall be received, held, kept, sold, offered for sale or delivered in the City of New York without a permit from the Board of Health and subject to the conditions thereof, and subject also to the rules and regulations adopted by the said Board of Health.

(a) No person shall receive, hold, keep, sell or offer for sale or deliver, as or for food, or to be used in food, in the City of New York any canned, frozen or dried eggs or eggs broken from the shell, which are adulterated or to which has been added any poisonous ingredient or any ingredient which may render such eggs injurious to health, or to which has been added any antiseptic, preservative, or foreign substance not evident and not known to the purchaser or consumer, or which shall contain filthy, decomposed or putrid animal matter.

(b) No person shall keep, sell or offer for sale as food for man any "spots" or "spot eggs." Such eggs in the possession of a dealer in food shall prima facie be deemed to be held, kept and offered for sale as such food.

The term "spots" and "spot eggs" when used herein, means all eggs that are partially hatched, broken yolked, blood ringed or veined; and all unsound eggs, including those affected by moulds or which are partly decomposed or that have become sour.

Amendment to Rules.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held June 3, 1913, the following resolution was adopted:

Resolved, That the following rules and regulations governing the business of breaking out of eggs for food purposes in the City of New York, be and the same are hereby adopted, to take effect on and after July 1, 1913:

Equipment.

1. The floor of the room in which the business of breaking out eggs is conducted must be constructed of concrete, asphalt or some other approved non-absorbent material and properly graded to a sewer connected drain.

2. The walls and ceiling must be provided with a smooth hard finish approved by the Department of Health and must be so constructed that there shall be no ledges on which dust or dirt can collect; all joints shall be the so-called "cove" or sanitary joints.

3. All benches and tables must be constructed of a hard, smooth material and be readily accessible for thorough cleansing.

4. The room where eggs are broken out must be adequately lighted and ventilated and shall be furnished with an adequate supply of running hot and cold water.

5. All doors and windows in these establishments shall be adequately screened to prevent the entrance of flies and other insects.

6. Proper apparatus for immediately cooling the eggs to a temperature of less than 45 degrees Fahrenheit, must be installed in all establishments where eggs are broken out for food purposes.

7. The permit granted by the Board of Health to break out eggs shall be properly framed and conspicuously displayed.

Methods.

8. Eggs which are known commercially as "light leakers" and where the contents are sweet and clean, may be broken out for food purposes provided said eggs have been kept in a clean and sanitary manner, approved by the Department of Health, and properly protected from dust, dirt and other contaminating matter.

9. No person shall break out for food purposes eggs which are known as "spots" and defined as such in the Sanitary Code.

10. All persons engaged in the said business shall thoroughly cleanse their hands before beginning work.

11. No receptacle containing eggs broken from the shell shall be allowed to remain uncovered except the receptacle into which the eggs are actually being broken.

12. Eggs broken from the shell intended for food purposes shall be deemed adulterated if the temperature of such eggs is above 45 degrees Fahrenheit.

13. During the process of breaking out eggs for food purposes any eggs found to be unfit for such use shall be immediately denatured.

14. The term "denatured" when used herein refers to the treatment of eggs with a substance the presence of which on the eggs prevents their use for human food.

15. Proper receptacles for "spot" eggs shall be provided in the candling room and said receptacles shall at all times contain a suitable denaturant; such receptacles shall also be stencilled with two-inch block letters "Spot eggs denatured with .....," followed by the name of the denaturant.

16. All persons engaged in the said business shall be provided with outer garments of washable material which shall be clean at the beginning of each day's work.

17. Upon the conclusion of the day's work the floors, walls and utensils must be thoroughly cleansed and washed. All refuse, egg shells and other offensive materials shall be removed from the premises at least once in 24 hours.

PUBLIC SERVICE COMMISSION.

Proposals.

FIRST DISTRICT.

INVITATION TO CONTRACTORS.

Part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The City of New York, acting by the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct section No. 4 of Route 5, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 4. Beginning at a point under Broadway, in the Borough of Manhattan, about midway between Houston and Bleecker sts. and extending thence northerly under Broadway and Union square to a point about three hundred and ninety (390) feet north of the intersection of the southerly building line of 14th st. with the centre line of the subway.

The general plan of construction calls for a subsurface railroad having four tracks. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections, along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission, as set forth in the form of contract.

The contractor will be required to prosecute the work of construction from working shafts located at the points specified in the contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars ($5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of thirty-six (36) months from the date of the delivery of this contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 24th day of June, 1913, at twelve fifteen (12:15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 5, Section No. 4," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or State bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand dollars ($15,000). Such check must not be enclosed in the envelope containing the proposal.

The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved

At the time of the delivery of the contract the contractor will be required to furnish security to the City by giving a bond for seventy-five thousand dollars ($75,000) dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the unit prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

Beginning at a point in the present bulkhead in the vicinity of the southerly line of South street where the easterly side of Pier Old No. 27 intersects the same, which point is perpendicularly opposite a point in the northerly side of South street distant fifteen and ninety-five one-hundredths (15.95) feet west of the westerly side of Dover street, and running thence easterly and along said bulkhead a distance of one hundred and twenty-one and eighty one-hundredths (121.80) feet to its intersection with the westerly side of Pier Old No. 28.

Parcel E.

The bulkhead, dock or wharf property between Pier Old No. 28 and the westerly line of the property formerly acquired by The City of New York for the New York and Brooklyn Bridge, bounded and described as follows:

Beginning at a point in the present bulkhead in the vicinity of the southerly line of South street where the easterly side of Pier Old No. 28 intersects the same, which point is perpendicularly opposite a point in the northerly side of South street distant ninety-five and fifty-five one-hundredths (95.55) feet east of the easterly side of Dover street, and running thence easterly and along the said bulkhead a distance of thirty-two and seventy one-hundredths (32.70) feet to an offset in the same; thence northerly and along the said offset a distance of four and eighty-five one-hundredths (4.85) feet, and thence easterly and still along the said bulkhead a distance of twenty-four and sixty one-hundredths (24.60) feet, to its intersection with the westerly line of property formerly acquired by The City of New York for the New York and Brooklyn Bridge.

W. J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment.

New York, June 14, 1913. j16,21

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the lines of the street system in the area bounded by 9th avenue, New Utrecht avenue and 39th street, and discontinue New Utrecht avenue, from 9th avenue to 38th street, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 26, 1913, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on May 29, 1913, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines of the street system in the area bounded by 9th avenue, New Utrecht avenue and 39th street, and discontinuing New Utrecht avenue, from 9th avenue to 38th street, in the Borough of Brooklyn, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the Commissioner of Public Works of the Borough, and dated April 3, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of June, 1913.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on May 29, 1913, the following resolutions were adopted:

Whereas, At the meeting of the Board of Estimate and Apportionment held on March 7, 1912, a proceeding was instituted for acquiring title to Cruger avenue, from Baker avenue to Rhinelander avenue, and from White Plains road to Bronx and Pelham parkway, exluding the right of way of the New York, Westchester and Boston Railway; Holland avenue, from Baker avenue to Hunt avenue, and Rhinelander avenue, from White Plains road to Cruger avenue, Borough of The Bronx; and

Whereas, By resolution adopted by the Board on April 3, 1913, and approved by the Mayor April 11, 1913, the lines of Cruger avenue for a distance of about 600 feet adjoining Bear Swamp road were deflected westwardly to meet the prolongation of this street as laid out north of Bear Swamp road; and

Whereas, The Board is considering the advisability of amending the aforesaid proceeding instituted on March 7, 1912, so as to authorize the acquisition of title in fee to the following streets: Cruger avenue, from Baker avenue to Rhinelander avenue, and from White Plains road to Bronx and Pelham parkway, subject to the easements of the New York, Westchester and Boston Railroad that are necessary to permit of operating the said railroad; Holland avenue, from Baker avenue to Hunt avenue; Rhinelander avenue, from White Plains road to Cruger avenue, and Hunt avenue, from Rhinelander avenue to Bear Swamp road, subject to the easements of the New York, Westchester and Boston Railroad that are necessary to permit of operating the said railroad.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed amended district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on a line distant 100 feet northerly from and parallel with the northerly line of Bronx and Pelham parkway South, the said distance being measured at right angles to Bronx and Pelham parkway South where it is intersected by the prolongation of a line midway between White Plains road and Cruger avenue as these streets are laid out at Lydig avenue, and running thence eastwardly along the said line parallel with Bronx and Pelham parkway South to the intersection with the prolongation of a line midway between Cruger avenue and Holland avenue as these streets are laid out at Lydig avenue; thence southwardly along the said line midway between Cruger avenue and Holland avenue and along the prolongation of the said line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Bear Swamp road as this street is laid out between Holland avenue and Cruger avenue, the said distance being measured at right angles to Bear Swamp road; thence eastwardly along the said line parallel with Bear Swamp road and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Bear Swamp road as this street adjoins Neil avenue, the said distance being measured at right angles to Bear Swamp road; thence eastwardly along the said line parallel with Bear Swamp road and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Hunt avenue as this street adjoins Holland avenue, the said distance being measured at right angles to Hunt avenue; thence southwardly along the said line parallel with Hunt avenue and along the prolongation of the said line to the intersection with a line midway between Holland avenue and Wallace avenue as these streets are laid out at Rhinelander avenue; thence southwardly along the said line midway between Holland avenue and Wallace avenue and along the prolongation of the said line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Baker avenue, the said distance being measured at right angles to Baker avenue; thence westwardly along the said line parallel with Baker avenue to the intersection with the prolongation of a line midway between White Plains road and Cruger avenue as these streets are laid out at Morris Park avenue; thence northwardly along the said line midway between White Plains road and Cruger avenue and along the prolongation of the said line to the intersection with a line midway between Rhinelander avenue and Morris Park avenue as these streets are laid out between White Plains road and Cruger avenue; thence westwardly along the said line midway between Rhinelander avenue and Morris Park avenue and along the prolongation of the said line to the intersection with a line distant 200 feet westerly from and parallel with the easterly line of White Plains road as this street is laid out at Rhinelander avenue, the said distance being measured at right angles to White Plains road; thence northwardly along the said line parallel with White Plains road to the intersection with the northwesterly right of way line of the New York, Westchester and Boston Railroad; thence northeastwardly along the said right of way line to the intersection with the prolongation of a line midway between Cruger avenue and White Plains road as these streets are laid out at Lydig avenue; thence northwardly along the said line midway between Cruger avenue and White Plains road and along the prolongations of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 26th day of June, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on May 29, 1913, the following resolutions were adopted:

Whereas, At the meeting of the Board of Estimate and Apportionment held on July 11, 1912, a proceeding was instituted for acquiring title to Caldwell avenue, from Harriet avenue to Queens boulevard, Borough of Queens; and

Whereas, By resolution adopted by the Board on May 15, 1913, and approved by the Mayor on May 27, 1913, the line of Caldwell avenue through that portion of its length between Firth avenue and Mazeau street was deflected southwardly in order to avoid damage to buildings which encroach upon the street lines as originally laid out; and

Whereas, The Board is considering the advisability of amending the aforesaid proceeding instituted on July 11, 1912, so as to relate to Caldwell avenue, from Harriet avenue to Queens boulevard as now mapped.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed amended district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the prolongation of a line midway between Beatrice place and Whitlock avenue, where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Firth avenue and the westerly line of Bittman street, as these streets are laid out between Whitlock avenue and Caldwell avenue, and running thence southwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Caldwell avenue and Whitlock avenue, as these streets are laid out between Bittman street and Ramsey street; thence eastwardly along the said bisecting line to the intersection with the westerly line of Mazeau street; thence eastwardly in a straight line to a point on the easterly line of Mazeau street, where it is intersected by a line midway between Caldwell avenue and Whitlock avenue, as these streets are laid out immediately east of Mazeau street; thence eastwardly along the said line midway between Caldwell avenue and Whitlock avenue and along the prolongation of the said line to the intersection with a line midway between Division avenue and Carter place; thence southeastwardly along the said line midway between Division avenue and Carter place to the intersection with the prolongation of a line midway between Caldwell avenue and Laconia street; thence northeastwardly along the said line midway between Caldwell avenue and Laconia street and along the prolongations of said line to a point distant 100 feet northeasterly from the northeasterly line of Queens boulevard, the said distance being measured at right angles to Queens boulevard; thence southeastwardly and always distant 100 feet northeasterly from and parallel with the northeasterly line of Queens boulevard to the intersection with the prolongation of a line midway between Caldwell avenue and Brower place; thence southwestwardly along the said line midway between Caldwell avenue and Brower place and along the prolongations of the said line to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Corinth avenue as this street is laid out where it adjoins Howe place, the said distance being measured at right angles to Corinth avenue; thence southeastwardly along the said line parallel with Corinth avenue to the intersection with a line midway between Caldwell avenue and Jansen avenue as these streets are laid out east of Mazeau street; thence westwardly along the said line midway between Caldwell avenue and Jansen avenue to the intersection with the easterly line of Mazeau street; thence westwardly in a straight line to a point on the westerly line of Mazeau street where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Caldwell avenue and Jansen avenue as these streets are laid out between Bittman street and Ramsey street; thence westwardly along the said bisecting line to the intersection with the easterly line of Firth avenue; thence westwardly in a straight line to a point on the westerly line of Firth avenue where it is intersected by a line midway between Dorothy place and Elinor place; thence westwardly along the said line midway between Dorothy place and Elinor place, and along the prolongation of the said line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Harriet avenue, the said distance being measured at right angles to Harriet avenue; thence northwardly along the said line parallel with Harriet avenue and along the prolongation of the said line to the intersection with the prolongation of a line midway between Beatrice place and Whitlock avenue; thence eastwardly along the said line midway between Beatrice place and Whitlock avenue and along the prolongations of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 26th day of June, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 26th day of June, 1913.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on May 29, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board on September 21, 1911, for acquiring title to Van Cott avenue, from Grand street to Maurice avenue; James street, from Rust street to Flushing avenue, together with the public place bounded by Maurice avenue, Van Cott avenue and Perry avenue, Borough of Queens, so as to conform to a map or plan adopted by the Board May 1, 1913, and approved by the Mayor May 7, 1913, under which the lines of James street were slightly shifted so as to conform with the street as heretofore recognized by the property owners; and

Whereas, Since the area of assessment was fixed Edward street has been discontinued west of Broad street, and it seems advisable at this time to modify the area of assessment fixed on September 21, 1911, so as to conform to the benefit resulting by reason of such discontinuance;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed modified area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the southeasterly line of Flushing avenue, where it is intersected by the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of James street, the said distance being measured at right angles to James street, and running thence westwardly along the said line parallel with James street, and along the prolongations of the said line to the intersection with the northeasterly property line of the Long Island Railroad; thence northwestwardly along the said property line to the intersection with the prolongation of a line midway between High street and Van Cott avenue; thence northwardly along the said line midway between High street and Van Cott avenue and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Perry avenue and the northerly line of Maspeth avenue, as these streets are laid out between Maurice avenue and Van Cott avenue; thence westwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the centre lines of Betts avenue and Maurice avenue, as these streets are laid out between Clinton avenue and Perry avenue; thence northwardly along the said bisecting line to the intersection with a line midway between Clinton avenue and Hull avenue; thence eastwardly along the said line midway between Clinton avenue and Hull avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Van Cott avenue and the westerly line of Broad street, as these streets are laid out between Perry avenue and Maspeth avenue; thence southwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Van Cott avenue and the westerly line of Broad street, as these streets are laid out between Maspeth avenue and Hill street; thence southwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Grand street and the northerly line of James street, as these streets are laid out between Rust street and Broad street; thence eastwardly along the said bisecting line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Broad street, as this street is laid out between Grand street and James street, the said distance being measured at right angles to Broad street; thence southwardly along the said line parallel with Broad street to the intersection with the prolongation of a line midway between Edward street and James street; thence eastwardly along the said line midway between Edward street and James street and along the prolongations of the said line to the intersection with the southeasterly line of Flushing avenue; thence southeastwardly at right angles to Flushing avenue a distance of 100 feet; thence southwestwardly and parallel with Flushing avenue to the intersection with a line at right angles to Flushing avenue and passing through the point of beginning; thence northwestwardly along the said line at right angles to Flushing avenue to the point or place of beginning.

Resolved, That this Board consider the proposed amended area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 26th day of June, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 26th day of June, 1913.

Notices of Public Hearings.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Brooklyn and North River Railroad Company has, under date of January 8, 1912, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway upon and along Flatbush Avenue Extension, from Fulton street to Nassau street, Borough of Brooklyn, and upon and over the Manhattan Bridge and its approaches to and connecting with existing tracks in Canal street, Borough of Manhattan; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 11, 1912, fixing the date for a public hearing thereon as May 9, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The Times" and "New York Press," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Brooklyn and North River Railroad Company, and the adequacy of the compensation to be paid therefor; and

Whereas, This Board adopted a resolution on January 30, 1913, ordering the proposed form of contract for the grant of the franchise or right entered upon the minutes, published pursuant to law, and fixing March 13, 1913, as the date for a public hearing thereon, and such hearing was opened on said date, and has been continued from time to time to June 5, 1913; and

Whereas, At the meeting of this Board held June 5, 1913, a report was received from the Franchise Committee recommending certain amendments in and to the proposed form of contract, and said recommendations were adopted, and the proposed form of contract amended in accordance therewith; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Brooklyn and North River Railroad Company, containing the form of the proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Brooklyn and North River Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of , 19 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Brooklyn and North River Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas The Brooklyn Heights Railroad Company, The Nassau Electric Railroad Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company and the Coney Island and Brooklyn Railroad Company did, on December 15, 1911, enter into a so-called participating agreement as follows:

The Brooklyn Heights Railroad Company, the Nassau Electric Railroad Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company and Coney Island and Brooklyn Railroad Company (called participating companies) agree to unite in organizing New Company for purpose of constructing and operating a line running generally from North River via Canal street, Manhattan Bridge and Flatbush Avenue Extension to Fulton street—called Local Railroad—and between termini of bridge, called Bridge Line.

Capital to be sufficient for construction and equipment of line and to be subscribed for in following proportions by participating companies:

Brooklyn Heights R. R. Co. and Nassau Electric R. R. Co.....25%
Metropolitan Street Railway Co.....25%
Third Avenue R. R. Co. and Dry Dock, East Broadway and Battery Railroad Co.....25%
Coney Island and Brooklyn Railroad Co...25%

Fare to be five cents for one continuous ride, except that fare on Bridge Line only will be three cents, with two tickets for five cents.

For fare of five cents on Local Railroad each passenger to be entitled to one transfer to intersecting lines of participating companies, and intersecting lines of participating companies to issue transfers to Local Railroad on payment of five-cent fare. No transfers to be issued upon transfers by Local Railroad, and none by participating companies.

Inasmuch as the principal portion of the business of the Local Railroad is likely to be traffic represented by transfers issued or received on said Local Railroad, and issued or received by said participating companies, in addition to the traffic now carried by said participating companies exclusively, but likely to be diverted to said Local Railroad, and any satisfactory division of receipts from such traffic and of the expense of hauling such traffic is impossible of determination in advance between the New Company and each of the participating companies, therefore, in order to procure the co-operation of all of said participating companies the following arrangement is agreed upon, to wit:

Each participating company shall retain the fares collected upon its lines and represented by transfers to the Local Railroad, and shall have the right to redeem the transfers received by it from the Local Railroad at the minimum rate of 1⅔ cents per transfer thus redeemed.

If, however, at the end of any year's operation, any of the participating companies should not be satisfied that the aforesaid minimum rate for the redemption of transfers received by it from the Local Railroad is sufficient, then the New Company shall increase the redemptive value of such transfers to a rate that may be equitable, but not to exceed two cents for transfer thus redeemed, and provided said increased rate thus established shall leave remaining a profit of at least ten (10%) per cent. on the stock of the New Company from the operations of its railroad, and in the event that there should be any difference between any such participating company and the New Company as to the rate at which such transfers received from the Local Railroad by the participating companies should be redeemed, such difference shall, at the option of either party, be determined by arbitration in the usual manner, but such arbitration shall not fix the aforesaid redemptive rate at less than 1⅔ cents, nor more than two cents per transfer.

EDWARD A. MAHER, General Manager for the Receiver, Third Avenue Railroad Co.; S. W. HUFF, President Coney Island and Brooklyn Railroad Company; T. S. WILLIAMS, President, The Brooklyn Heights Railroad Company; C. D. MENEELY, Vice-President, The Nassau Electric Railroad Company; ADRIAN H. JOLINE, DOUGLAS ROBINSON, as Receivers Metropolitan Street Railway Company; EDWARD A. MAHER, General Manager for Receiver, Dry Dock, East Broadway and Battery Railroad Company.

December 15, 1911.

Whereas, The New Company provided for in said agreement has been organized by a certificate of incorporation filed in the office of the Secretary of State on December 30, 1911, under the name of the Brooklyn and North River Railroad Company;

Now, therefore, in consideration of the making of such participating agreement by the said companies, and of the terms thereof, particularly those which relate to the through operation of cars by the new company from North River, Borough of Manhattan, to Fulton street, Borough of Brooklyn, and the issue and receipt of transfers for a single fare of five (5) cents, and for the purpose of enabling such through operation, issue and receipt of transfers, and in further consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the following rights and privileges:

First—To construct, maintain and operate a double track street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers and property in the Boroughs of Manhattan and Brooklyn, in The City of New York, upon the following route, to wit:

Beginning at a point in Flatbush Avenue Extension at its intersection with Fulton street; thence in and upon Flatbush Avenue Extension to its intersection with Nassau street; thence in, upon and across Nassau street to the northerly side thereof, to a point where connection can conveniently be made with the tracks upon the Manhattan Bridge to be used by the Company, all in the Borough of Brooklyn.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route. Provided, however, that nothing in this contract shall be construed as permitting the construction or existence of more than a double track street surface railway in any portion of the route above specified.

The said route, with turnouts, switches and crossovers, hereby authorized, is shown upon a map entitled:

"The Brooklyn and North River R. R. Co. Map showing proposed railway of the Brooklyn and North River R. R. Co., in the Boroughs of Brooklyn, Manhattan, City of New York, to accompany petition to the Board of Estimate and Apportionment, dated January 3, 1912."

—and approved by Edward A. Maher President, and Henry J. Kolb, Civil Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract, may be permitted by resolution of the Board.

Second—To operate the cars of the Company on two tracks when constructed upon the Manhattan Bridge and approaches thereto; such tracks to be assigned to the Company by the Commissioner of Bridges, beginning at a point on the northerly side of Nassau street, where connection can conveniently be made with above tracks in Nassau street; thence upon and along land acquired for the Manhattan Bridge terminal in the Borough of Brooklyn to the approach to the Manhattan Bridge; thence upon and along said approach to the Manhattan Bridge; thence upon and along the Manhattan Bridge to the approach thereto in the Borough of Manhattan; thence upon said approach to land acquired for the Manhattan Bridge terminal in the Borough of Manhattan; thence upon and along said land to Canal street, and there connecting with the existing tracks or tracks to be substituted therefor in Canal street.

The said route is more particularly shown on the map hereinbefore referred to.

The routes described in paragraphs first and second of this section are to be operated by the Company as a part of a continuous route running from the intersection of Flatbush avenue and Fulton street, in the Borough of Brooklyn, along the Flatbush avenue extension to and across the Manhattan Bridge and its approaches to Canal street, in the Borough of Manhattan, and by means of trackage agreements with other companies along Canal street and other streets to the Desbrosses street ferry at the North River.

The said continuous route is shown by red and blue lines on the map hereinbefore referred to.

Section 2. The grant of the right or privilege to construct, maintain and operate said railway in and upon Flatbush avenue extension, from Fulton street to the northerly side of Nassau street, is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said six (6) months, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—Nothing in this consent shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions in and upon said Flatbush Avenue Extension, from Fulton street to the northerly side of Nassau street, and the Company shall not at any time oppose, but shall consent to the construction and operation of any street surface railway by any such other corporation or individual which may receive a franchise therefor from the City, and which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company upon said Flatbush Avenue Extension.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company, upon said Flatbush Avenue Extension, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon said Flatbush Avenue Extension, or any portion thereof over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company and shall have the right to continue such operation until this contract, or the right to use such property under the terms of this contract granted said corporation or individual by the City, shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual, and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Third—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—The Company shall commence construction of the railway herein authorized within six (6) months from the date upon which the consents of the property owners are filed with the Board, or from the date of the order of the Appellate Division of the Supreme Court, made pursuant to section 174 of the Railroad Law, confirming the determination of the commissioners appointed thereunder that such railway ought to be constructed, and shall complete the construction and place the same in full operation within twelve (12) months from the date of filing such consents or the date of such order, otherwise this right shall cease and determine, and all sums which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court, or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Fifth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued, such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Sixth—The portion of said railway in the Borough of Manhattan and upon the Manhattan Bridge and its terminals shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan; or by electric storage battery power; provided that any other power may be used, except locomotive steam power, horse power or overhead electric power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York. The portion of said railway in the Borough of Brooklyn, except upon the Manhattan Bridge and its terminals, may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Brooklyn; or by electric storage battery power; provided that any other power may be used, except locomotive steam power or horse power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Seventh—No wires for the transmission of power, except trolley wires, shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) conduits not less than three (3) inches in diameter each, for the exclusive use of the City. The Company hereby agrees that such conduits shall be used only by the Company and the City, as above.

Eighth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Ninth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of Brooklyn, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewal or altered pavement.

Tenth—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Section 3. The grant of the right or privilege to operate cars upon two (2) tracks of the Manhattan Bridge and the approaches thereto, upon the route hereinbefore described, and to use other equipment owned by the City upon said bridge is subject to the following conditions, which shall be complied with by the Company.

First—The Company shall use only such tracks and terminal facilities as shall be assigned to the Company by the Commissioner of Bridges, and nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, or to affect the right of the Commissioner of Bridges to assign the same or other tracks and terminal facilities to such individual or other corporation.

Such tracks, terminal facilities and all electrical equipment necessary for the operation of cars thereon shall be originally installed at the expense of the City, and shall remain the property of the City, but the Company shall pay the cost of keeping and maintaining such tracks and electrical equipment in good order and repair, and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges for the operation of its cars, and the Company shall renew any or all tracks and electrical equipment used by it upon the bridge and its terminals when directed by the Commissioner of Bridges, and in such manner as may be prescribed by him. If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals to insure the safe and efficient operation of cars; such sys-

tem to be approved by the Commissioner of Bridges. In the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge, in order to facilitate operation of cars by the Company, said Company shall do all the work and furnish all the labor, material and tools necessary for effecting such changes, which shall all be made under the control and direction of the Commissioner of Bridges, and no such changes or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

If, however, the tracks, terminal facilities and appliances herein mentioned are used by any other individual or corporation, then the Company shall bear only such proportion of the cost or work required by the terms and conditions of this subdivision as the use of such track, terminal facilities and appliances by the Company bears to the entire use of such tracks, terminal facilities and appliances.

Second—Before beginning the operation of the cars, the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate, and a sketch showing clearance dimensions, weight on axles and wheel spacing, or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company, and all equipment and appliances relating to such operation shall be subject at all times to the inspection of the Commissioner of Bridges, or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal of any old or inadequate appliance and the substitution therefor of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement and headway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platform and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and, upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements thereof.

Third—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge, or to affect in any way the control of said Commissioner over such bridge as provided by the Charter of the City.

Fourth—The Company hereby agrees that it shall not operate any cars exclusively for a purely local service between the termini of the Manhattan Bridge, and further agrees that the route of none of the cars operated by the Company shall end at either terminal of said Manhattan Bridge.

Section 4. The grant of the said rights and priveleges to construct, maintain and operate a street surface railway in and upon Flatbush Avenue Extension from Fulton street to the northerly side of Nassau street upon the route hereinbefore described, and upon the Manhattan Bridge and approaches thereto upon the route hereinbefore described, are both subject to the following conditions, which shall be complied with by the Company:

First—The said rights and privileges shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of fifteen (15) years upon a fair revaluation of the right and privilege to operate over such continuous route and for the right to use the tracks owned by the City upon the Manhattan Bridge and the approaches thereto, and the terminal loop or other terminal facilities which are the property of the City and used by the Company.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding fifteen (15) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the least year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of fifteen thousand dollars ($15,000) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years, an annual sum which shall in no case be less than four thousand dollars ($4,000), but which shall be equal to three (3) per cent. of its gross receipts if such percentage shall exceed the sum of four thousand dollars ($4,000).

During the remaining term of five (5) years, an annual sum which shall in no case be less than seven thousand dollars ($7,000), but which shall be equal to five (5) per cent. of its gross receipts if such percentage shall exceed the sum of seven thousand dollars ($7,000).

The gross annual receipts mentioned above shall be the gross receipts from all sources within the limits of the City, less the sum or sums paid for the redemption of transfers issued, pursuant to this contract, by the Company to the intersecting or contiguous lines of the companies which are parties to the participating agreement dated and executed December 15, 1911, hereinbefore referred to, viz.:

The Brooklyn Heights Railroad Company, the Nassau Electric Railroad Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company and Coney Island and Brooklyn Railroad Company, or the successor companies of either or any of them.

The rate for such redemption shall not in any case exceed two (2) cents for each transfer so issued and redeemed.

(c) For the use of the tracks owned by the City upon the Manhattan Bridge and the approaches thereto, the sum of five cents for each round trip, or the sum of two and one-half cents for each single trip of each and every car operated upon the bridge.

The number of cars shall be certified by the Commissioner of Bridges to the Comptroller once each month, in such form as shall be designated by the Comptroller.

The annual charges shall commence on November 13, 1912.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said agreement, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereo, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Sixth—The rate of fare for any passenger upon the railway hereby authorized shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control to any other point thereof or any connecting branch thereof within the limits of the City, and the Company shall not charge a rate of fare for any passenger of less than five (5) cents for one continuous ride upon any part of the route hereby authorized, where said route is identical with the route upon which cars shall be operated by the Manhattan Bridge Three Cent Line, by virtue of its franchise granted by contract dated July 10, 1912, without the consent of the Board, except that the Company shall and must charge a fare of but three (3) cents for a single ride between the termini of the Manhattan Bridge, and shall and must sell tickets for two (2) such rides between the termini of said Bridge, in either direction, for five (5) cents.

The Company shall not charge any passenger desiring to ride on any car operated by the Company from one terminal of the Manhattan Bridge to the other terminal thereof, but no further, a fare exceeding three (3) cents for each of such rides, and the Company shall at all times have for sale tickets at the rate of two tickets for five (5) cents, each of which shall entitle a passenger to ride across said bridge between the termini thereof, upon any of the cars of the Company; and the Company shall not charge any passenger for a ride between the termini of Manhattan Bridge a rate of fare less than three (3) cents for each single ride, nor sell tickets entitling a passenger to such ride at the rate of less than two tickets for five (5) cents, without the consent of the Board.

It being the intention and of the essence of this contract:

1. That the railway hereby authorized shall be operated by the Company as part of a continuous line from Fulton Street, Brooklyn, to Desbrosses Street Ferry, Manhattan, under the franchise, rights and privileges herein granted and on the route herein specified, and from the termination of the route herein specified at the terminal of the Manhattan Bridge, in the Borough of Manhattan, to Desbrosses Street Ferry, in said Borough, by way of Canal Street and other necessary streets, under trackage agreements with such of the companies named in the participating agreement hereinbefore referred to, or the successor companies of either or any of them, as hold valid franchises to operate on said Canal Street and such other necessary streets.

2. That transfers shall be exchanged for a single fare between the through or continuous line of railway to be operated as above, and the intersecting lines in the Borough of Manhattan, and intersecting or contiguous lines in the Borough of Brooklyn, of such participating companies and the succesor companies of either or any of them.

—it is further provided that the rate of fare for any passenger from any point on such through or continuous line operated by the Company to any point on any line of any of the participating companies and the successor companies of either or any of them operating in the Borough of Manhattan which intersects such through or continuous line, and to any point on any line of any of the participating companies and the successor companies of either or any of them operating in the Borough of Brooklyn, which intersects or is operated on a route or route within five hundred feet of the Brooklyn terminus of said through or continuous line, and from any point on any line of any of the participating companies and the successor companies of either or any of them operating in the Borough of Manhattan, which intersects such through or continuous line operated by the Company, and from any point on any line of any of the participating companies and the successor companies of either or any of them in the Borough of Brooklyn, which intersects or is operated on a route or routes within five hundred feet of the Brooklyn terminus of the said through or continuous line operated by the Company to any point on such through or continuous line operated by the Company, shall not exceed five (5) cents, and for this purpose transfers shall be issued and received by the Company and the participating companies and the successor companies of either or any of them upon payment of said single fare of five (5) cents. But neither the Company nor any of the participating companies shall by this contract be required to issue transfers upon transfers or more than one transfer for said single fare of five (5) cents, nor shall the Company be required by this contract to issue transfers upon the payment of said single fare of three cents or to any passenger tendering a ticket, as above provided, for transportation between the termini of the Manhattan Bridge.

The Company shall carry free upon the railway hereby authorized during the term of this contract, all members of the Police and Fire Departments of the City when such employees are in full uniform.

It is understood and agreed that nothing herein contained shall be construed as limiting the present or future jurisdiction of any body or official to which the legislature of the State of New York has delegated or may delegate its powers to regulate the rate of fare to be charged upon such railway of the Company.

Seventh—No cars shall be operated upon the railway hereby authorized other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway and no freight cars shall be operated upon the tracks of said railway. Provided that no cars for the transportation of express matter shall be operated between the hours of six o'clock a. m. and eight o'clock p. m. daily, and that the Board may further limit the operation of such cars as public convenience may require.

The rate for the carrying of property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such services than provided for by it.

Eighth—(a) The Company, within three (3) months after the signing of this contract by the Mayor, shall itself execute and procure the execution by the other companies of trackage agreements for the use of such tracks of the companies named in the participating agreement hereinbefore referred to or the successor companies of either or any of them on Canal street and other streets in the Borough of Manhattan as may be necessary for the through operation of its line between Fulton street, Borough of Brooklyn, and Desbrosses Street Ferry, Borough of Manhattan, and shall within the same time file sworn copies of such agreements with the Board.

(b) The Company shall commence through or continuous operation of the railway from Fulton street, Borough of Brooklyn, to Desbrosses Street Ferry, Borough of Manhattan, within the time fixed by this contract for the completion of construction and commencement of operation of the railway herein authorized, and shall continue such through or continuous operation throughout the entire term of this contract, whether original or renewal.

(c) The Company shall carry passengers on its through or continuous line and issue and receive transfers to and from the lines of the participating companies or the successor companies of either or any of them, for a single fare of five (5) cents, as provided by subdivision sixth of this section.

In the event of the failure of the Company to do or perform any of the acts or requirements contained in this subdivision and designated as a, b and c, respectively, and within the time specified, the franchise, rights and privileges hereby granted shall cease and determine and such *ipso facto* forfeiture shall not be waived, prevented or affected in any way by the inability of the Company to procure the execution by any participating company or the successor companies of either or any of them of the trackage agreements, the invalidity of such agreements when executed, the failure or refusal of any participating company or the successor companies of either or any of them to issue or receive transfers, or by the invalidity of the participating agreement dated and executed December 15, 1911, and hereinbefore referred to.

Ninth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter during the term of this contract be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Tenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eleventh—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Twelfth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Thirteenth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon the request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Fourteenth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Fifteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, except where an *ipso facto* forfeiture is provided for, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Sixteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Seventeenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Eighteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars ($10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, heating and lighting of cars, fenders, and wheel-guards, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters; all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Com-

pany should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of Ten Thousand Dollars ($10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Nineteenth—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twentieth—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement" encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Twenty-first—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 5. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 6. This grant is also upon the further and express condition that the provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 7. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereuntto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part by its officers thereunto duly authorized has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK,
By .....Mayor.
(CORPORATE SEAL.)
Attest: .....City Clerk.
THE BROOKLYN AND NORTH RIVER RAILROAD COMPANY,
By .....President.
(SEAL.)
Attest: .....Secretary.
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by The Brooklyn and North River Railroad Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 10, 1913, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, July 10, 1913, in two daily newspapers to be designated by the Mayor therefor and published in the City of New York, at the expense of The Brooklyn and North River Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of a franchise or right applied for by The Brooklyn and North River Railroad Company and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, July 10, 1913, at 10.30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appeear and be heard.

JOSEPH HAAG Secretary.
Dated New York, June 5, 1913. j16,jy10

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Long Island Railroad Company has under date of May 6, 1912, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate additional railroad tracks across Hamilton street, South street and Farmers avenue or Old Country road, at or near Hollis, in the 4th Ward of the Borough of Queens; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on May 23, 1912, fixing the date for public hearing thereon as June 20, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Globe" and the "Evening Mail," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Long Island Railroad Company and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Long Island Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Long Island Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This Contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Long Island Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate certain railroad tracks at or in the vicinity of Hollis, in the 4th Ward of the Borough of Queens, as follows:

(a) Sixteen (16) tracks across Hamilton street (Winsted avenue), between Fulton street (Jamaica avenue) and South street (Liberty avenue), adjoining the two existing main line tracks of the Company.

(b) Three (3) tracks across South street (Liberty avenue), immediately east of the point where South street is intersected by Hamilton street.

(c) Three (3) tracks across Farmers avenue or Old Country road, at the junction of said avenue with said road, hereafter referred to as Farmers avenue.

—all as shown on a map and profile entitled:

"Amended map and profile to accompany application, dated May 6, 1912, of the Long Island R. R. Co. to the Board of Estimate and Apportionment, City of New York, for the right to install and maintain tracks across Winsted avenue (Hamilton street), Old Country road, or Farmers avenue, and Liberty avenue (South street), in the Borough of Queens."

—and signed: The Long Island R. R. Co., by Joseph F. Keany, Attorney for Petitioner; a copy of which is attached hereto and made a part of this contract.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks, shall be held and enjoyed by the Company for the term of twenty-five (25) years from May 1, 1913, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum hereinafter named in this subdivision.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum hereinafter named in this subdivision, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than two thousand dollars ($2,000). If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate of two thousand dollars ($2,000) until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the annual rate herein named. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City the sum of twenty thousand dollars ($20,000) as compensation for the privilege hereby granted for the original term of twenty-five (25) years and in full satisfaction for any claim which the City may have for the past unauthorized use and occupation of the streets by the tracks herein authorized. Such payment shall be made simultaneously with the delivery to the Company of this contract executed by the Mayor.

Any payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—No assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the tracks mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to the contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—Tracks across Hamilton street.

The sixteen (16) tracks hereby authorized across Hamilton street shall be constructed and maintained over and above the surface of said street in the manner and subject to the terms and conditions hereinafter named:

(a) The Company shall construct a bridge or archway of sufficient width and capacity to accommodate the sixteen (16) tracks hereby authorized and also the two (2) main line tracks of the Company now laid and existing on the surface of Hamilton street, between Fulton and South streets. Said bridge or archway shall have a span of at least thirty-two (32) feet and a clearance of at least fourteen (14) feet over the surface of Hamilton street at the centre line thereof. For the purpose of constructing said bridge or archway with the prescribed clearance, the Company shall depress the surface of Hamilton street as now existing between Fulton and South streets. The method of constructing said bridge or archway and of depressing the street grades shall be subject to the approval of the Board, and the Company shall submit to the Board, for its approval, plans showing the method of such work. The grades of said bridge or archway and of Hamilton street shall be as shown on the map and profile attached to and made part of this contract or as may be hereafter fixed by the Board.

(b) That portion of Hamilton street under the bridge or archway and for a distance of fifty (50) feet outside the same at either end thereof shall be well and sufficiently lighted at the expense of the Company, during such hours of the day and night and by such lighting system as may be prescribed by the President of the Borough of Queens and to his entire satisfaction.

(c) Hamilton street for its entire length from Fulton street to South street, the depression of which is made necessary by the construction of the said bridge or archway, shall be provided by the Company with such suitable and adequate drainage system, with proper outlets therefor, as may be prescribed by the President of the Borough of Queens, and to his entire satisfaction. And the Company shall pave the surface of Hamilton street, for its entire length from Fulton to South street, including its intersection with such streets, with such material as may be prescribed by the President of the Borough of Queens.

(d) The work of constructing the said bridge or archway, changing the street grades and the drainage system, providing drainage outlets and paving the street, as above provided, shall be done at the sole cost and expense of the Company. The Company shall also, at its own entire cost and expense, and for the entire term of this contract, whether original or renewal, maintain the said bridge or archway and the piers and abutments thereof in good order and repair.

(e) The construction of said bridge or archway shall be completed in no event later than the day two (2) years after the date of the execution of this contract by the Mayor. During the period of such two (2) years and pending the construction of said bridge or archway the Company may construct, maintain and operate the tracks hereby authorized across Hamilton street, at the same grade as the surface of said street; provided, however, that the Board may, by resolution, direct the removal of such tracks from the surface of Hamilton street and the construction of the bridge or archway across said street before the expiration of such two-year period.

The Company shall complete the construction of the bridge or archway hereinbefore provided for on or before the expiration of the two-year period or within the time fixed by the Board, should the Board direct the prior removal of the surface tracks, and the Company shall, before such expiration, or within such time, as the case may be, remove from the surface of Hamilton street the sixteen (16) tracks hereby authorized and the said two (2) main line tracks and thereafter maintain and operate the same upon said bridge or archway subject to the terms and conditions of this contract.

Should the Company fail or neglect to complete the construction of the said bridge or archway within the two-year period hereinbefore specified, or within the period fixed by the Board, should it direct the prior removal of the surface tracks, as the case may be, or should the Company, within the same time, fail to remove from the surface of Hamilton street the sixteen (16) tracks hereby authorized and also the said two (2) main line tracks, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton street shall cease and determine upon the termination of said two-year period, or on the date fixed for the prior removal of the surface tracks.

Should the Company not take advantage of the privilege to construct, maintain and operate the tracks hereby authorized upon the surface of Hamilton street, as hereinbefore provided and fail to complete the construction of the said bridge or archway within two (2) years from the date of the execution of this contract by the Mayor, as hereinabove provided, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton street shall cease and determine upon the termination of such two-year period.

Seventh—Should the Company, pending the construction of the said bridge or archway, construct, maintain and operate the sixteen (16) tracks hereby authorized, at the same grade as the surface of Hamilton street, such construction, maintenance and operation shall be in the manner and subject to the terms and conditions hereinafter named:

(a) Such surface tracks and the appurtenances thereto shall be constructed and maintained so as to conform to the grade and lines of the street as now existing.

As long as said tracks, or any portion thereof, remain on the surface of said street, the Company shall maintain all that portion of the surface of the street in which the said tracks are constructed, from outer track to outer track, in a passable condition for pedestrian and vehicular traffic, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe.

(b) The Company shall at all times keep that portion of the street in which the said tracks are constructed, from outer track to outer track, free and clear from ice and snow.

(c) The Company shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks at all times when cars or trains are being operated thereon. Should it seem necessary, in the opinion of the Board, at any time during the period of the maintenance of the tracks on the surface of the street, that gates be erected, maintained and operated across the street, for the purpose of excluding pedestrians and vehicles from the tracks hereby authorized, then the Company shall erect, maintain and operate such gates as may be designated upon thirty (30) days' notice by the Board to the Company.

(d) Passage over said street by either pedestrians or vehicles shall not be interrupted for a greater period than five consecutive minutes at any hour of the day or night.

Eighth—Should the right and privilege to maintain and operate the sixteen (16) tracks across Hamilton street be forfeited as hereinabove provided, the Company shall at its own cost and expense eliminate the existing grade crossing of the main line tracks at Hamilton street, and for this purpose, within one (1) year after notice to do so from the Board, shall complete the construction of and thereafter maintain a bridge across said street of sufficient width and capacity to carry the said main line tracks and shall upon such completion remove to and thereafter maintain upon such bridge the said main line tracks. The said bridge shall be constructed and maintained in the manner and subject to the terms and conditions contained in section 2, sixth, of this contract, except that the Company shall not be required to depress or pave a greater portion of Hamilton street than may, in the judgment of the Board, be necessary for the construction of a bridge to carry only the main line tracks.

Ninth—Tracks across South street.

The three (3) tracks hereby authorized across South street shall be constructed and maintained over and above the surface of such street on a bridge which shall have a span at least equal to the present width of said street, and a clearance of at least fourteen (14) feet above the surface of said street at its present grade; provided, however, that whenever the grade and lines of said street are finally established, either as shown on the map and profile attached hereto or as may be hereafter fixed by the Board, the Company at such time thereafter as said street is ready for physical improvement and upon notice to do so from the Board, shall alter the said bridge by raising the span thereof so as to allow a clearance of at least fourteen (14) feet over the surface of South street at the new grade thereof and remove the piers and abutments to points outside the lines of said street as changed. The method of such alteration shall be subject to the approval of the Board and before commencing the work thereof, the Company shall submit to the Board for its approval, plans showing such method.

(a) In connection with the alteration of said bridge, the Company shall perform all the work of changing the grades of South street and of its intersection with Hamilton street and of changing the drainage system of said streets, and providing the drainage outlets made necessary by the maintenance of said bridge over South street, as above provided, and the Company shall also replace or restore the street pavement which may be disturbed during such work, all to be done under the supervision and subject to the approval of the President of the Borough of Queens.

(b) The Company shall commence and complete the work of alteration, as above provided, within one (1) year after notice to do so from the Board, otherwise the right and privilege hereby granted to construct, maintain and operatte three (3) tracks across South street shall cease and determine unless said period shall be extended as hereinafter provided.

(c) The work of altering the said bridge, changing the street grades and the drainage system, providing drainage outlets and replacing or restoring the street pavement, as above provided, shall be done at the sole cost and expense of the Company. The Company shall also at its own entire cost and expense, and for the entire term of this contract, whether original or renewal, maintain the said bridge and the piers and abutments thereof in good order and repair.

Tenth—Tracks across Farmers avenue.

The three (3) tracks hereby authorized across Farmers avenue shall be constructed and maintained over and above the surface of such avenue in the manner and subject to the terms and conditions hereinafter named:

(a) The Company shall construct a bridge of sufficient width and capacity to accommodate the three (3) tracks hereby authorized and also the two (2) main line tracks of the Company now laid and existing across Farmers avenue on the surface thereof, carrying said Farmers avenue under said bridge at the width shown on the tentative plan for this territory and upon the completion of said bridge shall remove from the surface of said Farmers avenue the three (3) unauthorized tracks and the said two (2) main line tracks now constructed thereon, and shall thereafter maintain the said tracks on said bridge.

(b) Said bridge shall be constructed with a clearance of at least fourteen (14) feet over the surface of Farmers avenue. For the purpose of constructing said bridge with the prescribed clearance, the Company shall perform all the work of changing the street grades and the drainage system and of providing the drainage outlets made necessary by the construction of said bridge, and shall also replace or restore the street pavement which may be disturbed during such work; all to be done under the supervision and subject to the approval of the President of the Borough of Queens. The method of constructing said bridge and changing the street grades shall be subject to the approval of the Board. Before commencing work the Company shall submit to the Board for its approval, a plan showing the method of such work. The grade of said bridge and of Farmers avenue shall be as shown on the map and profile attached to and made a part of this contract or as may be hereafter fixed by the Board.

(c) The Company shall commence and complete the work of constructing said bridge and of changing the street grades and drainage system, as above provided, within one (1) year after the date of the execution of this contract by the Mayor, and shall within the same period remove from the surface of Farmers avenue the three (3) unauthorized tracks and the two (2) main line tracks now constructed thereon; otherwise

the right and privilege hereby granted to construct, maintain and operate three (3) tracks across Farmers avenue shall cease and determine, unless said period shall be extended as hereinafter provided.

(d) The Company shall bear the entire cost and expense of constructing said bridge, changing the street grades and the drainage system, providing drainage outlets and replacing or restoring the street pavement, as above provided, and shall also pay all damages to property owners, resulting from change of street grades, except as to such portion of such cost and of such damages as would relate to or result from the elimination of the crossing at grade of the two (2) existing main line tracks. Said last-named portion shall be apportioned in the manner provided by the Railroad Law for the elimination of existing grade crossings, except that in no event shall the City's share of such portion exceed the sum of Forty-eight thousand five hundred dollars ($48.500), and the Company agrees to assume and repay to the City any sum in excess of the said Forty-eight thousand five hundred dollars ($48,500) which the City may be required to pay as its share of such portion. The Company shall, at its own entire cost and expense, for the entire term of this contract, whether original or renewal, maintain the said bridge and the piers and abutments thereof in good order and repair.

Eleventh — The provisions of this contract, which require the Company to remove from the surface of Farmers avenue the two (2) main line tracks now laid and existing across such avenue and to thereafter maintain the same on the bridge hereinbefore provided for, are and shall be subject to the condition that the Public Service Commission for the First District shall adopt an order eliminating the existing crossing at grade of the said main line tracks across Farmers avenue, and directing the construction and maintenance of the said tracks over and above the surface of said avenue. Nothing in such order contained, however, providing for the apportionment of the cost of such elimination in a different or more favorable manner to the Company than as herein provided for shall operate to vary the provisions of this contract as to the cost of such elimination, and the Company agrees to waive any such different or more favorable provisions.

Twelfth—Should the grades or lines of Hamilton street, South street or Farmers avenue, be changed at any time after the said bridge and archway across Farmers avenue and Hamilton street respectively are constructed, or after the bridge across South street is reconstructed, pursuant to the terms of this contract, the Company, when directed to do so by resolution adopted by the unanimous vote of the Board, shall, at its own entire cost and expense, change or reconstruct said bridge and archway so as to allow a clearance of at least fourteen (14) feet over the surface of said streets and avenue at the new grades thereof, and remove the piers or abutments of said bridges and archway to such point or points within or without the lines of said streets and avenue as changed as may be prescribed by the Board; and the Company agrees to waive as to these crossings any provisions of law now in force, or hereafter enacted, which shall provide for the apportionment of the cost of changing or altering existing overgrade or undergrade crossings.

Thirteenth—During the work of constructing or reconstructing the tracks, bridges and archway hereby authorized across Hamilton street, South street and Farmers avenue, the Company shall at all times permit pedestrians and vehicles to have free and uninterrupted access to and passage over said streets and avenue and across the tracks of the Company, except as interruptions are hereby permitted as to Hamilton street, or, in lieu thereof, the Company shall provide and maintain temporary crossings on its own lands at or near said streets and avenue for this purpose, and the Company shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks at all times when cars or trains are being operated thereon.

Fourteenth—The Company shall, upon demand, convey, or cause to be conveyed to the City, for a nominal consideration, a perpetual easement to construct and maintain any necessary sewers, pipes, mains or conduits in and through the lands contained within the limits of, or forming the boundaries or a portion thereof, of the Hollis and St. Albans yards, the whole forming the Holban yard, so called, and also the right to enter upon such lands from time to time as may be necessary for purposes of inspection or to make repairs. In constructing and maintaing such structures the City shall properly support and protect the Company's tracks and equipment.

The Company shall, upon demand, convey, or cause to be conveyed to the City in fee, for a nominal consideration, subject, however, to the right of the Company to continue the operation of its trains or cars thereon, such pieces or parcels of land lying within or forming the boundaries, or a portion thereof, of the Hollis and St. Albans yards, the whole forming the Holban yard, so called, which may be necessary to widen existing streets or for proposed new streets. In case the Company cannot convey or obtain the conveyance of any such piece or parcel of land, the City may acquire the same by condemnation proceedings, and the Company shall reimburse the City for the expense of such condemnation.

Fifteenth—The Company agrees that the lands located within the limits of the so-called Holban yard, comprising the Hollis and St. Albans yards, except such portions thereof as shall lie within the right of way of the Company's main line and Montauk Divisions so called, shall be assessed for public improvements of any nature in the same manner and to the same extent as are other lands not devoted to railroad uses, and the Company agrees to assume and pay such assessments. Provided, however, that where the Company, pursuant to the foregoing subdivision, shall convey or cause to be conveyed to the City in fee any piece or parcel of land for a new street or to widen an existing street, the lands of the Company fronting on said portion of the street so conveyed shall not be chargeable with any portion of the expense of opening or widening the residue of said street, except as provided in like cases by the Charter of the City.

Sixteenth—The limits of the Holban yard as referred to in subdivisions fourteenth and fifteenth of this contract shall be as shown upon a map entitled:

"Map showing limits of Holban Yard in the Borough of Queens, to accompany application dated May 6, 1912, of The Long Island Railroad Company to the Board of Estimate and Apportionment, City of New York."

—and signed, The Long Island Railroad Company, by Joseph W. Keany, Attorney for Applicant, a copy of which is attached hereto and made a part of this contract.

Seventeenth—In the event that any of the rights and privileges hereby granted shall cease and determine for failure of the Company to commence and complete construction pursuant to the terms of this contract or otherwise, such forfeiture shall not affect the right or title of the City to any moneys paid to the City as compensation for such rights and privileges or its right to retain and hold as security for the faithful performance of the terms and conditions of this contract as to such rights and privileges which may not be so forfeited, any sums which may be deposited with the Comptroller of the City as hereinafter provided, nor shall such forfeiture affect the right of the City to compel the compliance by the Company with such terms and conditions, and in the event that all of such rights and privileges shall cease and determine for failure of the Company to commence and complete construction pursuant to the terms of this contract, all sums paid to the City as compensation, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City.

It is provided that the periods herein fixed for completing the reconstruction of the bridge across South street and performing the work in connection therewith, and for completing the construction of the bridge across Farmers avenue, removing the surface tracks from the said avenue and performing the work in connection therewith, may be extended by the Board, but the total extension of time in the case of either of said streets shall not exceed in the aggregate one (1) year, and provided further that when the commencement or completion of such construction or reconstruction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further that in no case shall such delay be deemed to begin until the Company shall have given notice to the Board of any such court proceedings or other occasion of delay, and delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

Eighteenth—Said tracks, bridges and the appurtenances thereto shall be constructed, or reconstructed, maintained and operated subject to the supervision and control of all the authorities of the City, who have jurisdiction in such matters, as provided by the Charter of the City.

No construction or reconstruction upon said tracks, bridges and archway and the appurtenances thereto shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued, such officials may also impose such conditions as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Nineteenth—The electrical equipment to be installed by the Company for the operation of the tracks authorized by this contract, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Twentieth—The right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said tracks, bridges and archway or the appurtenances thereto in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, support and protect the tracks, bridges and archway and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-first—Any alteration, not herein provided for, to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or reconstruction and operation of the tracks, bridges and archway and the appurtenances thereto, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Twenty-second—In addition to the work to be done by or at the expense of the Company, as herein provided, the Company shall pay:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction or reconstruction of the tracks, bridges and archway and the appurtenances thereto hereby authorized or required.

(b) The cost of inspection required by the President of the Borough of Queens and the Commissioner of Water Supply, Gas and Electricity, of all work during the construction or reconstruction of the tracks, bridges and archway and the appurtenances thereto, and during the removal of the surface tracks herein provided for.

Twenty-third—The right hereby granted is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenue in which the Company is hereby authorized to construct, maintain and operate the tracks, bridges and archway.

Twenty-fourth—The Company shall assume all liability to persons or property by reason of the construction, reconstruction or operation of the tracks, bridges and archway and the appurtenances thereto authorized by this contract, and the damages for changes of street grades made necessary thereby, except such damages as shall be included within the cost of eliminating the crossing at grade of the existing two (2) main line tracks across Farmers avenue, the apportionment of which cost is hereinbefore provided for, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any person or corporation a franchise or right to use any of the streets or avenues herein named, or any part of them, for railway or other purposes.

Twenty-sixth — In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted, except where an *ipso facto* forfeiture is provided for, may be forfeited by a suit brought by the Corporation Counsel on notice of ten (10) days to the Company, or, at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the tracks, bridges and archway and the appurtenances thereto constructed and in use in streets and avenues by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-seventh—If the Company shall fail to give efficient public service at reasonable rates or fail to maintain its structures and equipment, as herein provided, in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains pay to the City the sum of two hundred and fifty dollars ($250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-eighth—This grant is upon the express condition that the Company within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars ($10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privileges hereby granted, if any such payment be hereafter required, the maintenance in good order and repair of the bridges and archway and tracks hereby authorized, the removal or relocation of the piers and abutments of said bridges and archway and the widening or elevation of the superstructures thereof in case of future changes in the width or grade of the streets, the removal of the surface tracks wherever required, the repairs of the street pavement, the removal of snow and ice, and the paving and lighting of Hamilton street, and in case of default in the performance by the Company of such terms and conditions, the City shall have the right to cause the work to be done and materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from said fund without legal proceedings; or, after default in the payment of the annual charges, should any be hereafter required, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or, in case of failure to keep any other of the terms and conditions of this contract, the Company shall pay a penalty of ten dollars ($10) a day for each day of failure, all of which sums may be deducted from the said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day, not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars ($10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-ninth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirtieth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places, or any other property to which the City has title or over which the public has an easement" across which the Company is authorized to lay tracks.

Thirty-first—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto afixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Long Island Railroad Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 10, 1913, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, July 10, 1913, in two (2) daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the Long Island Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Long Island Railroad Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, July 10, 1913, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.
Dated New York, June 5, 1913. j16,jy10

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Bronx Traction Company has, under date of May 5, 1913, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway as an extension to its existing system upon and along Morris Park avenue, from Bear Swamp road to Williamsbridge road, Borough of The Bronx; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on May 8, 1913, fixing the date for public hearing thereon, as June 5, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The New York Herald" and "The New York Times," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Bronx Traction Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Bronx Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Bronx Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Bronx Traction Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The Morris Park Estates is the owner in fee of that portion of Morris Park avenue, hereinafter described in section 1, lying between the northeasterly side of Bear Swamp road and Williamsbridge road; and

Whereas, Said Morris Park Estates, as additional compensation for the rights conferred hereby, has deposited in escrow a deed of cession of said portion of Morris Park avenue, to the width of one hundred (100) feet, which said deed, pursuant to the provisions of section 992 of the Greater New York Charter, is to be delivered to the Corporation Counsel simultaneously with the delivery of this contract; and

Whereas, By resolution adopted by the Board May 8, 1913, the President of the Borough of The Bronx was requested, in his discretion, to issue a temporary permit to the Company to open Bear Swamp road or Bronxdale avenue at Morris Park avenue, for the purpose of constructing a street surface railway thereon; and

Whereas, Such permit was issued on May 12, 1913; and

Whereas, Under and by virtue of such permit the Company has constructed and placed in operation that portion of the proposed extension upon and across Bear Swamp road at its intersection with Morris Park avenue; and

Whereas, There has been constructed and placed in operation the remaining portion of the proposed extension, to wit: Upon and along Morris Park avenue, from the northeasterly side of Bear Swamp road to Williamsbridge road;

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of The Bronx, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company in Morris Park avenue, at or near its intersection with the southwesterly side of Bronxdale avenue (formerly Bear Swamp road); thence northeasterly across said Bronxdale avenue to the intersection of the northeasterly side thereof with Morris Park avenue, and thence northeasterly upon and along said Morris Park avenue to Williamsbridge road, Borough of The Bronx.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map showing proposed extension of The Bronx Traction Company in the Borough of The Bronx, City of New York, to accompany petition dated May 5, 1913, to the Board of Estimate and Apportionment,"

—and signed by Edward A. Maher, Vice-President, and T. F. Mullaney, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with

the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company: -

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor, until January 19, 1936, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one hundred dollars ($100) in cash upon the delivery of this contract and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than three hundred and fifty dollars ($350), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of three hundred and fifty dollars ($350).

During the second term of five (5) years an annual sum which shall in no case be less than six hundred and fifty dollars ($650), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of six hundred and fifty dollars ($650).

During the third term of five (5) years an annual sum which shall in no case be less than seven hundred and twenty-five dollars ($725), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of seven hundred and twenty-five dollars ($725).

During the fourth term of five (5) years an annual sum which shall in no case be less than eight hundred dollars ($800), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of eight hundred dollars ($800).

During the remaining term expiring January 19, 1936, an annual sum which shall in no case be less than eight hundred and seventy-five dollars ($875), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of eight hundred and seventy-five dollars ($875).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law, as amended.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described, and the Company shall not at any time oppose, but shall, upon request of the Board, consent to the use for street surface railway purposes of the tracks and appurtenances covered by this grant, or any portion thereof, by any such other corporation or individual which may receive a franchise therefor from the City.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary for the operation of the cars of such individual or corporation upon the tracks of the Company and shall have the right to continue such operation until this contract or the right to use such property under the terms of this contract granted said corporation or individual by the City, shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board which shall specify the sum or sums which shall have been agreed to by the sad parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Ninth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Eleventh—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Twelfth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control, to any other point thereof, or of any connecting branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Thirteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fourteenth—The Company shall attach to each car run over the said railway proper fenders and wheelguards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Fifteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Seventeenth—Cars on said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, if directed by the President of the Borough of The Bronx, cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curblines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Nineteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of twenty (20) days' notice to do so from the President of the Borough of The Bronx, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-first—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-second—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-third—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fourth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-fifth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-sixth — In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-seventh—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-eighth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company here by agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-ninth—This grant is upon the express condition that any and all sums of money or any and all securities heretofore deposited with the Comptroller by the Company under and pursuant to franchises heretofore granted to it by the City as a fund for the faithful performance by the Company of the terms and conditions of the several franchises so granted, shall likewise form a fund for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of the contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or, in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the headway, heating and lighting of cars, fenders, wheelguards

and watering of street pavements, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheelguards, in case of a violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Board, to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure, direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof, this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirtieth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-first—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," enocuntered in the route hereinabove described, and upon or in which authority is hereby given the Company to construct a railway.

Thirty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of Article 5 and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By .....Mayor.
(CORPORATE SEAL.)
Attest: .....City Clerk.
BRONX TRACTION COMPANY,
By .....President.
(SEAL.)
Attest: .....Secretary.
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Bronx Traction Company, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 10, 1913, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, July 10, 1913, in two (2) daily newspapers to be designated by the Mayor therefor, and published in the City of New York, at the expense of the Bronx Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Bronx Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, July 10, 1913, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appeaer and be heard.

JOSEPH HAAG, Secretary.
Dated New York, June 5, 1913. j16,jy10

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Manhattan and Queens Traction Corporation has, under date of April 17, 1913, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate two extensions to its existing street surface railway in the Borough of Queens, as follows:

(*a*) Upon and along Campion avenue or street and Archer place or street, from Carll street to private property,

(*b*) Upon and along VanDam street and Nott avenue, and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 24, 1913, fixing the date for a public hearing thereon, as May 22, 1913, at which citizens were entitled to appear and be heard and publication was had for at least fourteen (14) days in the "Brooklyn Times" and "Long Island City Star," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Manhattan and Queens Traction Corporation, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Manhattan and Queens Traction Corporation containing the form of the proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Manhattan and Queens Traction Corporation the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Manhattan and Queens Traction Corporation (hereinafter called the Corporation), party of the second part, witnesseth:

Whereas, The Board did by resolution adopted July 15, 1912, and approved by the Mayor July 16, 1912, authorize the execution and delivery of a contract granting the South Shore Traction Company the right to construct, maintain and operate a street surface railway from the Manhattan approach to the Queensboro Bridge, upon, along and over said bridge and its approaches to the Borough of Queens, and upon and along Thomson avenue, Hoffman boulevard and other streets and avenues in the Borough of Queens, to the boundary line between The City of New York and the County of Nassau; and

Whereas, Said contract was executed by the Receivers, the Vice-President and the Secretary of the South Shore Traction Company on October 29, 1912, and by the Mayor and City Clerk on October 29 and October 30, 1912, respectively, and bears date of October 29, 1912; and

Whereas, The Board, by resolution adopted November 21, 1912, and approved by the Mayor November 22, 1912, granted its consent to the South Shore Traction Company, to assign, transfer and set over all rights and privileges granted by said contract dated October 29, 1912, so that the same should pass to and vest in the Manhattan and Queens Traction Corporation; and

Whereas, The Corporation has by a petition dated April 17, 1913, applied to the Board for certain modifications and amendments in and to said contract dated October 29, 1912, to wit:

First. For a single track extension to its existing route upon and along Campion avenue or street, from Carll street to Archer place or street, and thence by double track upon and along Archer place or street to private property.

Second. For a double track extension to its existing route upon and along VanDam street, from a point at or near its intersection with Thomson avenue to a point 300 feet southerly from the southerly side of Nott avenue, together with a double track from the intersection of VanDam street and Nott avenue, upon and along Nott avenue to a point 90 feet westerly from the westerly side of VanDam street. Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby consents, subject to the conditions and provisions hereinafter set forth, to the modifications and amendments in and to said contract dated October 29, 1912; said modifications and amendments to be as follows:

1. So much of section 2-First of said contract reading as follows:

"Thence by single track in and upon Rose avenue to Archer place and by single track in and upon Campion avenue to Carll street; thence by single track in and upon Archer place to private property."

—is hereby stricken out, and the following substituted therefor:

"Thence by single track in and upon Rose avenue to Archer place or street, and by single track in and upon Campion avenue or street to Archer place or street; thence by single track in and upon Archer place or street from Rose avenue to Campion avenue or street, and by double track in and upon Archer place or street from Campion avenue or street to private property."

2. Section 2-First of said contract is hereby further amended by adding at the end of the description of the route, as contained therein, after the words,

"To a point where Central avenue intersects the boundary line between The City of New York and the County of Nassau,"

—a new paragraph reading as follows:

"Also beginning at and connecting with the existing tracks of the Corporation on Diagonal street leading from Queensboro Bridge to Thomson avenue at or near the intersection of said Diagonal street with VanDam street; thence southerly by double track upon and along VanDam street to a point in said street not over 300 feet south of the southerly side of Nott avenue; also by double track from the intersection of Nott avenue and VanDam street westerly upon and along said Nott avenue to a point in said avenue not over 90 feet westerly from the westerly side of said VanDam street."

The said extensions, with turnouts, switches and crossovers, hereby authorized, are shown upon a map entitled:

"Map showing proposed extensions of route of franchise of Manhattan and Queens Traction Corporation to accompany petition dated April 17, 1913, to the Board of Estimate and Apportionment,"

—and signed and certified by Robert S. Sloan, President, and Harold B. Weaver, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said contract dated October 29, 1912, excepting those which are herein amended or modified, shall remain unchanged and shall apply to the routes herein described in section 1 of this contract, with the same force and effect as when they applied to the route described in said contract dated October 29, 1912, and as though the routes herein described had been specifically described in said contract.

Second—The Corporation upon the delivery of this contract and before anything is done in exercise of the rights conferred hereby, shall pay to the City as compensation for the privilege hereby granted the sum of one hundred dollars ($100) in cash.

Third—The Corporation promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

New York, May 22, 1913. j7,19

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The New York Quotation Company has, under date of June 14, 1912, made application to this Board for the grant of the right, privilege and franchise to use the subway ducts in that portion of the Borough of Manhattan lying south of Chambers street, for the purpose of laying, maintaining and operating wires to be used in the operation of electrical printing instruments, commonly known as "stock tickers"; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on September 19, 1912, fixing the date for the public hearing thereon as October 24, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in "The Sun" and "New York Commercial," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such date; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the New York Quotation Company and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York Quotation Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York Quotation Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This Contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York Quotation Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors under the streets and avenues within that portion of the Borough of Manhattan lying south of a line beginning at a point on the Hudson River on a line with the northerly side of Chambers street; running thence easterly along the northerly side of Chambers street to the northerly side of New Chambers street on a line therewith; thence continuing easterly along the northerly side of New Chambers street to the easterly side of James slip; thence southerly along the easterly side of James slip to a point on the shore of the East River in line therewith, for the purpose of electrically connecting its places of business with each other and with other offices and places of business of persons, firms and corporations so as to allow of the distribution of stock and bond quotations and dividend and other notices over the said wires to printing telegraph instruments, commonly known as "stock tickers," and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits, for the purpose aforesaid, shall be held and enjoyed by the Company for the term of fifteen (15) years from January 1, 1913, with the privilege of renewal of said contract for a further period of ten (10) years, upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company: these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

1. The sum of ten thousand dollars ($10,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor.

2. For past use and occupation of the streets of the City a sum at the rate of eight thousand dollars ($8,000) a year from April 24, 1912, to the date of the signing of this contract by the Mayor.

3. During the first term of five (5) years, an annual sum which shall in no case be less than eight thousand dollars ($8,000) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of eight thousand dollars ($8,000).

4. During the second term of five (5) years, an annual sum which shall in no case be less than ten thousand dollars ($10,000) and which shall be equal to four (4) per cent. of its gross annual receipts, if such percentage shall exceed the sum of ten thousand dollars ($10,000).

5. During the remaining term, an annual sum which shall in no case be less than twelve thousand dollars ($12,000) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twelve thousand dollars ($12,000).

The annual charges shall commence from the date on which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the moneys due when this contract is signed by the Mayor shall be paid into the Treasury of the City within thirty (30) days immediately following such date; and provided further that the first annual payment thereafter shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose, unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth — The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City and in strict compliance with all laws or ordinances or departmental rules and regulations now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electric system shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and the proper restoration of the surface of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Upon the completion of any work of construction the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, installed or constructed under this contract and the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structure and of the substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues, in any Department of the City or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, conductors, connections, instruments and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, conductors. connections, instruments and appurtenances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine. Nothing herein contained shall be deemed to affect the patent rights of the Company or the patented devices used or in the future to be used by it in the operation of its system.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors of the character or tension of those used by the Company or similar companies, in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be necessary and available for the operation of the system hereby authorized. No cables or wires shall in the future be strung above the surface of the streets and avenues by the Company and those at present in existence shall be removed and placed underground when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Tenth—The Company shall, upon request from any individual, firm or corporation occupying or owning premises in the territory in which the Company is authorized to operate by this contract, not personally in arrears to it for services already rendered, and who shall be designated by the sender of the stock and bond quotations and dividend or other notices requested by the applicant and transmitted by the Company, extend its wires to such premises and transmit such stock and bond quotations and dividend or other notices to such individual, firm or corporation so designated. The Company shall also, upon request of any financially responsible individual, firm or corporation, occupying or owning premises in the territory in which the Company is authorized to operate by this contract, not personally in arrears to it for services already rendered, undertake to, and transmit for such individual, firm or corporation, stock or bond quotations and dividend or other notices furnished it by such individual, firm or corporation for that purpose to such individuals, firms and corporations as may be designated by the sender thereof, provided that such service shall not be required to be furnished in any given case until after the expiration of a reasonable time for procuring and installing the necessary equipment and apparatus for rendering such service, and provided further, that when the undertaking of the transmission of such messages shall require the installation of additional plant and equipment the Company may require the individual, firm or corporation, hereinbefore referred to, to enter into such agreement with respect to the length of time for which the said service is contracted as may be fair and reasonable.

Eleventh—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on September 30 preceding, and the streets in which the same are located, and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity, on or before the tenth day of each month, a map or plan of the locations in which wires have been placed by it during the preceding month.

Twelfth—The rates to be charged by the Company shall not be in excess of the following, and it is agreed that the same may be altered or changed by the Board, as hereinafter provided:

(a) For transmitting financial news, including stock and bond quotations received from the New York Stock Exchange and including the use of one printing telegraph or ticker during such period as financial news may be transmitted to a designated recipient, the sum of twenty dollars a month or two hundred and forty dollars ($240) a year.

(b) For any other service authorized by this contract furnished or to be furnished by the Company at the request of any person, copartnership, corporation or exchange the rates charged shall be reasonable and fair and before being put into effect shall be submitted to the Board for its approval. In the event that it shall be necessary for the Company in order to undertake to render such additional or other service, to install plant or equipment additional to that at present in use, the rates to be charged may be such as to enable the Company during the life of the contracts for the furnishing of such additional or other service, to receive a return of the moneys so invested by it in such additional plant and equipment and a fair and reasonable profit on such investment.

The Company agrees, upon request of the Board, to transmit messages addressed to any department or bureau of the City where no additional equipment need be installed by the Company, save the laying of wires and installation of tickers, free of charge.

Thirteenth—During the term of this contract, or any renewal thereof, the Board shall have the power, by resolution, to regulate and fix the maximum and minimum rates to be charged by the Company in the City, provided such rates shall be reasonable and fair.

Fourteenth—The Company shall not require nor receive from the individuals, firms or corporations to which it transmits stock or bond quotations or dividend or other notices, any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purpose than those explicitly set forth herein and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Seventeenth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

Eighteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars ($100) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Nineteenth—If for a period of six consecutive months the system of the Company shall not be operated, or if the same shall not be operated for a period of nine months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings at law or in equity.

Twentieth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts of the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-first—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors and officers elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number and location of premises served by the Company and number of instruments in each.
16. Total receipts of the Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-second—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of fifteen thousand dollars ($15,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, in default of which payment of the annual charges, the City shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnishing of service to applicants, as herein provided, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws, ordinances or departmental regulations now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars ($50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of fifteen thousand dollars ($15,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-third — In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the system constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less then ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such cases such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-fifth—The words "notice" or "direction," wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-sixth—The words "streets and avenues" or "streets or avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, included within the limits of the territory in which the Company is hereby authorized to operate.

Twenty-seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Dated New York, May 8, 1913. m26,j19

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Union Railway Company of New York City has, under date of March 27, 1913, made application to this Board for a modification of the terms and conditions of a certain contract authorized by resolution adopted May 11 and approved by the Mayor May 12, 1911, granting said Company a franchise for the construction, maintenance and operation of a street surface railway extension upon and along the 155th Street viaduct and 155th street, from 8th avenue to Broadway, Borough of Manhattan, which said contract was executed by the Company on March 27, 1913, and by the Mayor and City Clerk on April 4 and April 5, 1913, respectively, and bears date of April 4, 1913; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 10, 1913, fixing the date for public hearing thereon as May 8, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Sun" and "Times," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modifications and amendments of said contract of April 4, 1913; now, therefore, it is

Resolved, That the following form of resolution for the consent or right applied for by the Union Railway Company of New York containing the form of the proposed contract for the grant of such right, be hereby introduced

and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said contract of April 4, 1913; such modified terms and conditions being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said contract of April 4, 1913, which said contract otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The Board did by resolution adopted May 11, 1911, and approved by the Mayor May 12, 1911, authorize the execution and delivery of a contract granting the Company the right to construct, maintain and operate a street surface railway as an extension to its existing system, upon and along the 155th Street viaduct and 155th street, from 8th avenue to Broadway, Borough of Manhattan; and

Whereas, Said contract was executed by the vice-president and secretary of the Company on March 27, 1913, and by the Mayor and City Clerk on April 4 and April 5, 1913, respectively, and bears date of April 4, 1913; and

Whereas, The Company has by a petition dated March 27, 1913, applied to the Board for certain modifications and amendments in and to said contract authorized by resolution approved May 12, 1911, to wit:

First—By striking out in Section 1 the words "the easterly side of Broadway" and substituting therefor the words "Amsterdam avenue."

Second—By amending Section 2-third by reducing the amount of the several payments required thereunder, in proportion to the reduction in the length of the extension.

Third—By striking out in Section 2-twenty-fifth the word "Broadway" and substituting therefor the words "Amsterdam avenue";

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby consents, subject to the conditions and provisions, hereinafter set forth, to the modifications and amendments in and to said contract authorized by resolution approved May 12, 1911; said modifications and amendments to be as follows:

1. Section 1 of said contract is hereby stricken out and the following substituted therefor:

"Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of Manhattan, City of New York, upon the following route, to wit:

"Beginning at and connecting with the existing tracks of the Company on the 155th Street viaduct at or near 8th avenue; thence westerly on and over said viaduct to its intersection with 155th street and westerly upon and along said 155th street to the easterly side of Amsterdam avenue, and to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

"The said route with turnouts, switches and crossovers hereby authorized, is shown upon a map entitled:

"Map showing proposed modifications of route of franchise of Union Railway Company of New York City authorized by the Board of Estimate and Apportionment by resolution adopted on May 11, 1911, and approved by the Mayor on May 12, 1911, to accompany petition dated March 27, 1913, to the Board of Estimate and Apportionment, and signed by Edward A. Maher, vice-president, and T. F. Mullaney, chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board."

2. So much of Section 2-third of said contract providing for an initial payment of three thousand five hundred dollars ($3,500) and for annual minimum sums of six hundred dollars ($600), ten hundred and seventy-five dollars ($1,075), twelve hundred dollars ($1,200) and thirteen hundred dollars ($1,300) during the term of the grant is hereby stricken out and the following substituted therefor:

"Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

"(a) The sum of two thousand five hundred dollars ($2,500) in cash within three (3) months from , 1913, and before anything is done in exercise of the privilege hereby granted.

"(b) During the first term of five (5) years an annual sum which shall in no case be less than four hundred dollars ($400), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of four hundred dollars ($400).

"During the second term of five (5) years an annual sum which shall in no case be less than seven hundred and twenty-five dollars ($725) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven hundred and twenty-five dollars ($725).

"During the remaining term expiring September 14, 1928, an annual sum which shall in no case be less than eight hundred and fifty dollars ($850) and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of eight hundred and fifty dollars ($850)."

3. Section 2-twenty-fifth of said contract is hereby stricken out and the following substituted therefor:

"Twenty-fifth — Upon one (1) year's notice from the Board the Company shall, if the Board shall so determine by resolution, cease the operation of the stubend terminal at 155th street and Amsterdam avenue, and shall within sixty (60) days from the date of such notice make application to the Board for the right to construct, maintain and operate a loop terminal upon streets to be designated by the Board, and shall on or before the expiration of said one (1) year, enter into a contract for such new terminal in substitution for the stubend terminal, hereby authorized."

Section 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said contract authorized by resolution approved May 12, 1911, excepting those which are herein amended or modified shall remain unchanged, and shall apply to the route herein described in Section 1 of this contract, with the same force and effect as when they applied to the route described in said contract authorized by resolution approved May 12, 1911, and as though the route herein described had been specifically described in said contract.

Second—The Company shall within one year from the date on which this contract is signed by the Mayor, comply with the provisions of section 184 of the Railroad Law for the abandonment of that portion of the route granted by said contract authorized by resolution approved May 12, 1911, and described as follows:

Beginning at the intersection of 155th street with the easterly side of Amsterdam avenue; thence westerly upon and along said 155th street to the easterly side of Broadway, Borough of Manhattan.

If the Company shall fail to secure the approval of the Public Service Commission or shall fail for any other reason to comply with the provisions of this subdivision within the time stipulated, this contract shall thereupon cease and determine and the original franchise contract authorized by resolution approved May 12, 1911, and the obligations and liability of the Company thereunder shall be unaffected by the provisions of this contract, provided, however, that the Board may extend said period for a period or periods not exceeding in the aggregate six (6) months.

A certified copy of the certificate of abandonment shall be filed with the Board within ten (10) days from the date on which the same is obtained by the Company.

Section 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Seaboard Refrigeration Company has, by a petition verified April 15, 1913, made application to this Board for a modification of the terms and conditions of the contract dated June 22, 1906, granting said Company a franchise for the construction, maintenance and operation of a conduit system under and along Surf avenue, Neptune avenue, West 8th, 12th and 21st streets, in the Borough of Brooklyn, for the distribution of refrigeration to consumers, as amended by contract dated December 20, 1907; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 17, 1913, fixing the date for a public hearing thereon, as May 8, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Brooklyn Times" and "The Citizen," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modification and amendment of said contract of June 22, 1906, as amended by said contract of December 20, 1907; now, therefore, it is

Resolved, That the following form of the resolution for the consent or right applied for by the Seaboard Refrigeration Company, containing the form of proposed contract, for the grant of such right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said contract of June 22, 1906, as amended by said contract of December 20, 1907; such modified terms and conditions being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said contract of June 22, 1906, as amended by said contract of December 20, 1907, which said contract of June 22, 1906, otherwise remains unchanged as to all the other terms and conditions expressed therein and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the Seaboard Refrigeration Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City, by contract dated June 22, 1906, and executed by the Acting Mayor July 6, 1906, did grant to the Company the right and privilege to construct, maintain and operate a conduit line, with the necessary branches and connections therefrom, under and along certain streets in the Borough of Brooklyn, for the sole purpose of supplying refrigeration to consumers, upon certain terms and conditions therein fully set forth; and

Whereas, By resolutions adopted September 14, 1906; November 9, 1906; April 26, 1907, and May 10, 1907, and thereafter duly approved by the Mayor, and by contract dated December 20, 1907, executed by the Mayor January 6, 1908, and by resolutions adopted January 31, 1908, and May 1, 1908, and thereafter duly approved by the Mayor, the said contract dated June 22, 1906, was amended and modified to the extent and in the manner named in said resolutions and said modifying contract; and

Whereas, By petition verified April 15, 1913, the Company has applied for a further modification of the said contract dated June 22, 1906, as amended, by extending the date fixed therein for the completion of the conduit line;

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City consents to such modification in and to the said contract dated June 22, 1906, as amended, subject to the following conditions:

Section 2, subdivision seventh, is hereby amended by inserting therein the date May 1, 1915, in lieu and in place of the date May 1, 1913, therein named.

Sec. 2. This contract shall take effect as of the first day of May, 1913.

Sec. 3. All the terms and conditions contained in the said contract dated June 22, 1906, shall remain unchanged, except as heretofore and hereby modified.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Filing Supplemental and Amended Abstracts.

FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening SPUYTEN DUYVIL ROAD (although not yet named by proper authority), from Spuyten Duyvil parkway, near the Spuyten Duyvil depot to the junction of Riverdale avenue and West Two Hundred and Thirtieth street, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all other whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of June, 1913, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 1st day of July, 1913, at 3.30 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 1st day of July, 1913.

Third—That the limits of our supplemental and amended assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly line of the Harlem River (ship canal) with the westerly line of the New York Central and Hudson River Railroad; running thence northerly along said westerly line of the railroad to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West Two Hundred and Thirty-sixth street; thence easterly along the said line parallel to West Two Hundred and Thirty-sixth street to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said line parallel to Broadway to its intersection with the easterly line of Spuyten Duyvil Creek; thence northerly, westerly and southwesterly along the easterly, northerly and northwesterly line of Spuyten Duyvil Creek to its intersection with the northerly line of the Harlem River (ship canal); thence in a westerly direction along the northerly line of the Harlem River (ship canal) to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 10th day of October, 1913, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, June 13, 1913.

In the matter of the application of The City of New York relative to acquiring title in fee wherever the same has not been heretofore acquired to the lands and premises required for the purpose of opening and extending EAST NINETY-SECOND STREET, from East New York avenue to Avenue D, in the Twenty-ninth and Thirty-second Wards, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, Borough of Brooklyn, The City of New York, on the 27th day of June, 1913, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of three Commissioners of Estimate, one of whom shall be appointed Commissioner of Assessment in the above entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of East Ninety-second street, from East New York avenue to Avenue D, in the Twenty-ninth and Thirty-second Wards, Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz.:

Beginning at the intersection of the southerly line of East New York avenue with the westerly line of East Ninety-second street, as the same are laid out on the map of the City.

1. Thence easterly along the south line of East New York avenue 61.03 feet.

2. Thence southeasterly deflecting 79 degrees 28 minutes 46 seconds to the right 7,917.01 feet to the southerly line of Avenue D.

3. Thence southwesterly along the southerly line of Avenue D 60.0 feet.

4. Thence northwesterly 7,928.15 feet to the point of beginning.

The Board of Estimate and Apportionment on the 21st day of May, 1909, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the northeast by a line midway between East Ninety-second street and East Ninety-third street and by the prolongations of the said line; on the southeast by a line distant 100 feet southeasterly from and parallel with the southeasterly line of Avenue D, the said distance being measured at right angles to Avenue D; on the southwest by a line midway between East Ninety-first street and East Ninety-second street and by the prolongations of the said line; and on the northwest by a line distant 100 feet northwesterly from and parallel with the northwesterly line of East New York avenue, the said distance being measured at right angles to East New York avenue.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of MARY STREET, from Flushing avenue to the northerly property line of the Long Island Railroad, and from the southerly property line of the Long Island Railroad to Metropolitan avenue, in the Second Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objections thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 5th day of July, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 8th day of July, 1913, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 5th day of July, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 9th day of July, 1913, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 15th day of June, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly line of Flushing avenue where it is intersected by a line midway between Mary street and Claremont avenue and running thence southwardly along the said line midway between Mary street and Claremont avenue and along the prolongation of the said line to the intersection with a line midway between Hebbard avenue and Mount Olivet avenue; thence eastwardly along the said line midway between Hebbard avenue and Mount Olivet avenue to the intersection with the prolongation of a line midway between Mary street and Fresh Pond road as these streets are laid out between Pacific street and Baltic street; thence southwardly along the said line midway between Mary street and Fresh Pond road and along the prolongations of the said line to the intersection with a line midway between Adriatic street and Arctic street; thence westwardly along the said line midway between Adriatic street and Arctic street to the intersection with the prolongation of a line midway between Mary street and Gage place; thence southwardly along the said line midway between Mary street and Gage place and along the prolongations of the said line to the intersection with the southerly right-of-way line of the Montauk Division of the Long Island Railroad; thence eastwardly along the said right-of-way line to the intersection with a line at right angles to Metropolitan avenue and passing through a point on its northerly side midway between Mary street and Fresh Pond road; thence southwardly along the said line at right angles to Metropolitan avenue to a point distant 100 feet southerly from its southerly side; thence westwardly and parallel with Metropolitan avenue to the intersection with a line at right angles to Metropolitan avenue and passing through a point on its northerly side distant 100 feet westerly from its intersection with the westerly line of Mary street; thence northwardly along the said line at right angles to Metropolitan avenue to the intersection with the southerly right-of-way line of the Montauk Division of the Long Island Railroad; thence westwardly along the said right-of-way line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the westerly line of Mary street and the easterly line of Collins avenue as these streets are laid out between Adriatic street and Baltic street; thence northwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of Hebbard avenue and the southerly line of Hemlock place as these streets are laid out between Collins avenue and Mary street; thence eastwardly along the said bisecting line to the intersection with the prolongation of a line midway between Eva place and Mary street; thence northwardly along the said line midway between Eva place and Mary street and along the prolongations of the said line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Flushing avenue, the said distance being measured at right angles to Flushing avenue; thence eastwardly along the said line parallel with Flushing avenue to the intersection with a line at right angles to Flushing avenue and

passing through the point of beginning; thence southwardly along the said line at right angles to Flushing avenue to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 8th day of July, 1913.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 10th day of September, 1913, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, June 10, 1913.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all person interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
