Dock Department—Proposed Lease to the Cunard Steamship Company, Ltd., of Pier 71, Foot of West 31st Street, North River, Together with the Half Bulkhead Northerly Thereof (Cal. No. 8).

A communication was received from the Commissioner of Docks, dated May 29, 1918, requesting approval of a lease to the Cunard Steamship Company, Ltd., of Pier 71, foot of West 31st street, North River, with one half (78.63 feet) of the bulkhead northerly thereof, for a term of five years from August 1, 1918, at an annual rental of \$73,214. The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Dock Department, including the standard "new plan" clause providing for the cancelling of the lease if the adoption of a plan for the improvement of the west side waterfront is in any way affected by the company's occupancy of the pier.

Which was referred to the Committee of the Whole.

Dock Department—Communication from, with Reference to an Issue of Corporate Stock to the Extent of \$5,000 for Dredging Coney Island Creek, Between Warehouse Avenue and West 17th Street Bridge (Cal. No. 9).

A communication was received from the Commissioner of Docks, dated May 29, 1918, calling attention to the necessity of creating a channel in Coney Island Creek, at an estimated cost of \$5,000. The shoaling in the creek is due to the flowing in of sand composing the filling along the property known as the Harway Tract, which is claimed to be owned both by the City and the Harway Improvement Company, and litigation is now in progress to determine the ownership.

Which was referred to the Committee of the Whole.

Dock Department—In the Matter of the Request of, for Authorization to Pay the Premium on Fire Insurance on Piers Between 44th and 58th Streets, North River (Cal. No. 10).

This matter was on the calendar of meeting held May 2, 1918, and referred to the Committee on Dock Leases and waterfront property.

At meeting held May 9, 1918, this Committee was abolished and the matter referred to the Committee of the Whole.

At meeting of the Committee of the Whole, held May 23, 1918, the matter was ordered restored to the calendar for action.

The following resolution was offered for adoption.

Whereas, The Commissioner of Docks, in a communication dated April 17, 1918, has requested the authorization for the payment of the premium on fire insurance on piers between 44th and 58th sts., North River, leased to the United States of America, and contracted for during the year 1917, and for which no appropriation was made for the payment of the said premium.

Resolved, That it is the sense of the Commissioners of the Sinking Fund that the City should not carry insurance on these piers, and that the claim of John M. Riehle & Co. for the payment of the premium should be presented to the Comptroller for settlement and adjustment.

Which resolution was unanimously adopted.

Dock Department—In the Matter of the Request of, for an Issue of \$11,000 of Corporate Stock to Pay the Cost of Material and Labor Necessary to Rebuild the Bulkhead South of East 115th Street, Harlem River, Manhattan (Cal. No. 11).

This matter was on the calendar of meeting held May 2, 1918, and referred to the Committee of the Whole.

A communication was received from the Commissioner of Docks, dated May 31, 1918, withdrawing communication dated March 15, 1918, and substituting a new letter therefor, relative to the bulkhead south of East 115th street, Harlem River, Borough of Manhattan, and recommending that a resolution be adopted recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock of the City of New York in the sum of \$11,000, to pay the cost of material and labor necessary to rebuild this bulkhead.

Which was referred to the Committee of the Whole.

Dock Department—Communication from, with Reference to Dredging Necessary to Be Done in the Slips Adjoining Leased Property in the Chelsea Section on the North River (Cal. No. 12).

A communication was received from the Commissioner of Docks dated May 22, 1918, calling attention to the fact that the lease of the piers in the Chelsea section to the International Mercantile Marine Company provides that the City shall do the necessary dredging in the slips adjoining the leased property. According to the report of the Chief Engineer of the Dock Department, dredging is now necessary to the extent of 61,500 cubic yards, the estimated cost of which is \$24,600.

There are nine parcels of water-front property occupied under temporary permits, at which the City must do the dredging, the estimated amount of which is 13,000 cubic yards, and the probable cost \$11,800.

There are no funds available for the Dock Department to contract for the dredging at the above described properties. An arrangement can probably be made with the lessees in one case and the permittees in the other, whereby the work of dredging will be done at their expense, provided consent is obtained to reimburse them by deductions in rent.

If the Dock Department is to do the dredging, it will be necessary to prepare the form of contract, advertise and obtain the necessary funds, all of which consume about two or three months' time. If the work is done by the lessee or permittee, bids can be obtained from them, submitted to the Dock Department for approval, and the work begun in two or three weeks.

The Commissioner requests that he be authorized to modify the lease in the case of the leased property, and to make a suitable reduction in the rent in the case of the property under permit.

Which was referred to the Committee of the Whole.

Dock Department—Communication from, with Reference to the Astoria Ferry (Cal. No. 13).

A communication was received from the Commissioner of Docks dated May 23, 1918, transmitting for consideration a communication dated May 15, 1918, from the

New York and East River Ferry Company, respecting the continuance of the operation of the ferry between East 92d street, Manhattan, and Fulton avenue, Astoria, Queens.

Which was referred to the Committee of the Whole.

Dock Department—In the Matter of the Boundary Line Agreement with Messrs. Williams and Adams (Cal. No. 14).

This matter was on the calendar of meeting held May 9, 1918, and referred to the Committee of the Whole.

A communication was received from Messrs. Truman H. and George E. Baldwin, attorneys, dated May 31, 1918, on behalf of the Bergen Beach Land Corporation, urging the signing and delivery at the earliest possible moment of the deeds of mutual release provided for in the agreement between Messrs. Williams and Adams and the City, authorized by resolution of the Commissioners of the Sinking Fund July 26, 1917.

Which was referred to the Committee of the Whole.

Street Cleaning Department—Renewal of Lease for, of Premises at Nos. 370-372 East 152d Street, The Bronx (Cal. No. 15).

The Comptroller presented the following report and offered the following resolution:

May 16, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Commissioner of Street Cleaning, in a communication dated April 3, 1918, requests the renewal of the lease of premises occupied as a stable at Nos. 370-372 East 152nd street, Borough of The Bronx, for a period of three years from July 10, 1918, at the same rental and upon the same terms and conditions as now occupied.

Provision for the renewal of this lease was made in the 1918 Budget.

These premises have been occupied for this purpose under lease made as follows: January 1, 1915-July 10, 1918, \$2,500 a year, December 2, 1914.

There is no City-owned property in the vicinity that is available for this purpose.

The nearest City-owned property is at No. 330 East 150th street, occupied by the Fire Department.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

There are no other similar premises in the vicinity with which comparison can be made, as property of this character and size is in great demand for use as garages and shops.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the said lease under the same terms and conditions as the present lease.

Of premises Nos. 370-372 East 162nd street, Borough of The Bronx, situated on the south side of East 152nd street, 155 feet east of Courtland avenue, consisting of a plot of land 70 feet by 115 feet 4 inches, with three-story building 30 feet by 110 feet, with manure pit at end of driveway, for use of the Department of Street Cleaning, for a period of three years from July 10, 1918, at an annual rental of \$2,500, payable quarterly; the lessor to pay taxes and assessments, make outside repairs; the lessee to pay for water used on the demised premises during the term of the lease and make such alterations and inside repairs as it may deem necessary. Lessors, J. & M. Haffen Brewing Company, 2804 3d avenue, Bronx. Yours very truly,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the premises Nos. 370-372 E. 152d st., Borough of The Bronx, for use of the Department of Street Cleaning, for a period of three years from July 10, 1918, at an annual rental of Twenty-five Hundred Dollars (\$2,500), payable quarterly; the lessor to pay taxes and assessments and make outside repairs; the lessee to pay for water used on the demised premises during the term of the lease and make such alterations and inside repairs as it may deem necessary; lessors, J. & M. Haffen Brewing Company; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Street Cleaning Department—Renewal of Lease for, of Premises at No. 365 East 152d Street, The Bronx (Cal. No. 16).

The Comptroller presented the following report and offered the following resolution:

May 17, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Commissioner of Street Cleaning, in a communication dated April 3, 1918, requests a renewal of the lease of premises occupied as a stable at 365 East 152nd street, Borough of The Bronx, for a period of three years from July 10, 1918, at the same rental and upon the same terms and conditions as now occupied.

The Commissioner of Street Cleaning states that last year an effort was made to obtain the property owned by the City bounded by Ray and Carr streets, German place and St. Ann's avenue, for the purpose of erecting a garage, machine shop, stable and shed, thereby avoiding the necessity of renewing the lease of these premises at 365 East 152nd street, as well as those at 370-372 East 152nd street, but the Department of Education, to which the property had been assigned, refused to surrender it for more than two years from November 1, 1917. This restriction prevented the placing of the proposed permanent structures and compelled him to ask for a renewal of the two leases above mentioned.

Provision for a renewal of this lease was made in the 1918 Budget.

These premises have been occupied for this purpose under lease made as follows: July 10, 1913, July 10, 1918, \$5,700 year, June 11, 1913.

There is no City-owned property in the vicinity that is available for this purpose.

The nearest City-owned property is at No. 330 East 150th street, occupied by the Fire Department for use of Engine Company No. 41.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for this purpose.

There is no other similar premises in the vicinity with which comparison may be made, the property of this character and size being in great demand for use as garages and shops.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of said lease on the same terms and conditions as the present lease.

Of the stable premises on plot of ground 100 feet by 100 feet, at 365 East 152nd street, 125 feet east of Courtlandt avenue, in the Borough of The Bronx, for use of the Department of Street Cleaning, for a period of three years from July 10, 1918, at an annual rental of \$5,700, payable quarterly; the lessor to pay taxes and assessments, the lessee to pay water rates, furnish heat and light and make such inside and outside repairs as it may deem necessary. Lessor, Estate of S. Niewenhouse, 412 Eighth Avenue, Borough of Manhattan. Respectfully,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning of a renewal of the lease to the City of the stable premises on plot of ground, 100 by 100 feet, at 365 E. 152d st., 125 feet east of Courtlandt ave., Borough of The Bronx, for use of the Department of Street Cleaning, for a period of three years from July 10, 1918, at an annual rental of Five Thousand Seven Hundred Dollars (\$5,700), payable quarterly; the lessor to pay taxes and assessments; the lessee to pay water rates, furnish heat and light and make such inside and outside repairs as it may deem necessary; lessor, Estate of S. Niewenhouse; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Street Cleaning Department—Request of, for a Renewal of the Lease of Premises Nos. 535-537 Fordham Road, Bronx (Cal. No. 17).

A communication was received from the Commissioner of Street Cleaning, dated May 24, 1918, requesting authority to renew the lease of premises Nos. 535-537 Fordham road, The Bronx, occupied as a storage yard for vehicles kept at Stable A, for a period of one year from June 15, 1918, at an annual rental of \$420, payable quarterly; the lessor to pay taxes and assessments; the lessee to pay water rates, furnish heat, light and caretaker, and to make such inside repairs as it may deem necessary.

Which was referred to the Comptroller.

Street Cleaning Department—Request of, for Approval of a Lease of Vacant Plot of Land on 152d Street, East of Morris Avenue, The Bronx (Cal. No. 18).

A communication was received from the Commissioner of Street Cleaning, dated May 27, 1918, requesting approval of a lease of the vacant plot of land on the north side of East 152nd street, 70 feet 3 inches easterly from the intersection of the north-east corner of Morris avenue and East 152nd street, 100 by 100 feet, for use as a storage yard for vehicles kept at Stable B, for a period of three years beginning July 10, 1918, at an annual rental of \$1,950, payable quarterly; the lessor to pay taxes and water rates and keep the fences in repair.

Which was referred to Comptroller.

Street Cleaning Department—In the Matter of the Request of, for a Lease of Vacant Plot of Land on the North Side of Pelham Avenue, East of Bathgate Avenue, Bronx (Cal. No. 19).

This matter was on the calendar of meeting held May 23, 1918 (No. 18), referred to the Committee of the Whole and the President of the Borough of The Bronx requested to report whether there is any objection to the placing of a storage yard at this location.

The following communication was received from the President of the Borough: May 21, 1918.

Mr. JOHN KORB, Secretary, Sinking Fund Commission, Municipal Building, Manhattan: Dear Sir—I have your letter of the 23rd instant, wherein you request a report from me as to whether there is any objection to the placing of the storage yard of the Department of Street Cleaning on the four lots on the north side of Pelham avenue, east of Bathgate avenue.

In reply I beg leave to inform you that a protest has been entered by the Rev. Father Mulry, President of Fordham University, who states it would be a decided detriment to St. John's University to have the storage yard placed at the proposed location. Very truly yours,

HENRY BRUCKNER, President of the Borough of The Bronx.

On motion, the matter was referred back to the Commissioner of Street Cleaning for a conference with the President of the Borough of The Bronx.

The rent for the renewed lease, compared with other rents in the vicinity, is as follows:

The premises occupied by the City contain 720 square feet, which at a rental of \$300 a year, is at the rate of 41.7 cents per square foot.

The store at 60 Amboy street, containing 300 square feet, rents for \$216 a year, or at the rate of 72 cents per square foot.

There is no other privately owned property that could be rented or used to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of said lease upon the same terms and conditions as the present lease.

Of the one-story brick-filled building 24 feet by 30 feet, with double store front, at 49 Amboy street, Borough of Brooklyn, for use of the Department of Health, for a period of one year from July 15, 1918, at an annual rental of \$300, payable quarterly; the lessor to pay taxes and water rates; the lessee to furnish heat, light and janitor service and make such slight interior alterations and repairs during occupancy as it may deem necessary. Armory Board—Issue Open Market Orders for Certain Work at the 8th Coast Defense Command Armory Authorized (Cal. No. 30).

The Comptroller presented the following report and offered the following resolution:

May 18, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On May 6, 1918, the Secretary of the Armory Board requested that there be made applicable the following sums of money from unexpended balance of Account VAB-2B, 8th Coast Artillery District, Erection and Completion of Armory, Including Architect's Fees, which sums were made necessary for the purpose of housing the members of the 8th Coast Artillery Corps in their armory, Jerome avenue and Kingsbridge road, The Bronx, pursuant to orders to assemble therein prior to their departure for other points, after they had been sworn into Federal Service:

For making plumbing connections in men's kitchen..... \$991 26
For making hot water connections, etc., for kitchen equipment for officers' mess and pantry..... 244 39

The building was required for occupancy on June 14, 1917, but as there were no plumbing connections to the kitchen, it was urgent that this work be performed in a short space of time.

The William Messer Co., who, under contract, had installed the plumbing work in the building, received two open market orders, in the total amount of \$1,200, which amount had been authorized for this purpose, to install this additional work and for which they were to be paid the actual cost of labor and material plus 15 per cent. profit.

The work was performed in 1917. The bills for material and labor rendered by the contractor have been investigated as to quantities and prices and the revised total cost of the work is \$2,433.93. The contractors have been paid the sum of \$1,198.28 under the open market orders already issued, and this request is for the balance due them.

It is proposed to pay the cost of this work from the corporate stock fund entitled, "CAB-2B, Armory Fund, Eighth Coast Artillery District, Erection of Completed Armory, Including Architect's Fees," authorized by the Commissioners of the Sinking Fund as follows:

December 18, 1911.....	\$1,150,000 00
December 17, 1913.....	29,000 00
July 27, 1916.....	98,850 00
And by cash transferred by the Board of Estimate and Apportionment as follows:	
July 3, 1914.....	55,363 62
December 4, 1914.....	31,000 00

Total amount authorized..... \$1,364,213 62
Several contracts and open market orders, aggregating \$1,357,307.87, have been registered against this fund (CAB-2B), leaving an unencumbered balance of \$6,905.75.

The proposed charge being reasonable, I advise the adoption of the attached resolution approving the request. Respectfully,

CHARLES L. CRAIG, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the expenditure and grant permission to the Armory Board to issue open market orders for the following items of work at the Eighth Coast Defense Command Armory, Jerome ave. and Kingsbridge road, Borough of The Bronx:

For making plumbing connections in men's kitchen, in an amount not to exceed..... \$991 26
For making hot water connections, etc., for kitchen equipment for officers' mess and pantry, in an amount not to exceed..... 244 39

—the cost of the above items to be charged to corporate stock fund entitled "CAB-2B, Armory Fund, Eighth Coast Artillery District, Erection of Completed Armory, Including Architect's Fees."

The report was accepted and the resolution unanimously adopted.

Report No. 17382. March 11, 1918.
Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment.

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of June 8, 1917, presenting for approval a map showing a proposed public park to be laid out at the intersection of Parcell street, Corona avenue, and Chicago street.

The proposed park is to be triangular in form with a frontage of about 22 feet on Parcell street, about 10 feet on Chicago street and about 20 feet on Corona avenue, comprising an area of about 0.002 acre. Title to the land has been acquired in connection with the proceeding relating to Parcell street, and the lines proposed are such as to leave the full width designed for continuing portions of the bounding streets. Information is presented to show that the purpose of the plan is to provide a site for planting a community Christmas tree.

I see no reason why the plan should not be approved, and would recommend such action, with the understanding that provision for the transfer of jurisdiction from the Borough President to the Park Commissioner will be arranged through the Commissioners of the Sinking Fund. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following communications were received from the President of the Borough of Queens, and the Commissioner of Parks, Borough of Queens:
Long Island City, June 4, 1918.

Commissioners of the Sinking Fund:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held April 5, 1918, a resolution was adopted changing the map or plan of The City of New York by laying out a Public Park within the area formed by the intersection of Corona (Union) avenue, Chicago street and Parcell street (Main avenue), Borough of Queens; and the resolution has been transmitted by the Board of Estimate and Apportionment to the Commissioners of the Sinking Fund, with a recommendation for the transfer of jurisdiction from the Borough President to the Park Commissioner.

The property is no longer required by the Borough President, and it is hereby requested that it be properly assigned by the Commissioners of the Sinking Fund to the Commissioner of Parks. Very truly,

FRANK X. SULLIVAN, Commissioner of Public Works and Acting President of Borough of Queens.

May 31, 1918.

To the Honorable the Commissioners of the Sinking Fund, City of New York:

Gentlemen—Application is hereby made for the transfer to this Department of jurisdiction on of the property described in resolution passed by the Board of Estimate and Apportionment on April 5, 1918, situated within the area formed by the intersection of Corona avenue (Union), Chicago street and Parcell (Main) avenue, Borough of Queens. Respectfully,

A. C. BENNINGER, Commissioner.

This matter was on the calendar of May 9, 1918 (No. 53), and referred to the Chief Engineer of the Board of Estimate and Apportionment for a report.

The following was received from the Chief Engineer:

May 18th, 1918.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—At the meeting of the Commissioners of the Sinking Fund held on May 9th 1918, I was directed to prepare a report concerning the matter of transferring jurisdiction from the Borough President to the Park Department over a triangular parcel bounded by Corona avenue, Neil place and Parcell street, Borough of Queens (Cal. No. 53).

This park has a frontage of about 22 feet on Parcell street, about 10 feet on Chicago street, and about 20 feet on Corona avenue. Title to it has been acquired in connection with a proceeding relating to Parcell street. When the plan was approved by the Board of Estimate and Apportionment on April 5, 1918, information was presented to the effect that the park was intended to serve as a site for planting a community Christmas tree in which the neighborhood was interested.

Under these conditions it would appear that jurisdiction over the property might properly be vested in the Commissioner of Parks.

The consent of the Borough President to the transfer may be fairly assumed by reason of the plan having been prepared by him. In case a request is presented by the Park Commissioner for jurisdiction to be assigned to him, it would appear that it might properly be approved and such action is recommended.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then offered for adoption:

Whereas, The Board of Estimate and Apportionment at meeting held April 5, 1918, adopted a resolution changing the map or plan of The City of New York by laying out a public park within the area formed by the intersection of Corona (Union) ave., Chicago st. and Parcell st. (Main ave.), Borough of Queens; and

Whereas, The President of the Borough of Queens, in a communication dated June 4, 1918, has turned the said property over to the Commissioners of the Sinking Fund as no longer required; and

Whereas, The Commissioner of Parks for the Borough of Queens, in a communication dated May 31, 1918, has requested the assignment of said property to the Department of Parks for the Borough of Queens; therefore be it

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Parks for the Borough of Queens the property lying within the area formed by the intersection of Corona (Union ave.), Chicago st. and Parcell st. (Main ave.), Borough of Queens, laid out as a public park by resolution of the Board of Estimate and Apportionment April 5, 1918, and approved by the Mayor April 11, 1918.

Which resolution was unanimously adopted.

Mr. JOHN KORB, Jr., Secretary, Commissioners of the Sinking Fund:

Sir—I transmit herewith for your information certified copy of resolution adopted by the Board of Estimate and Apportionment on March 15, and approved by the Mayor March 21, 1918, changing the map or plan of The City of New York by

I also send you herewith copy of report of the Chief Engineer of the Board recommending approval of the plan, together with a copy of a communication from the Commissioner of Parks, Borough of Queens, approving of the transfer of jurisdiction. Respectfully,

Whereas, at a meeting of this Board, held on the 8th day of February, 1918, a resolution was adopted proposing to change the map or plan of The City of New York so as to lay out a Public Park in 18th (Inman-4th) avenue, between 126th (17th-Quinlan) street and 127th (18th-Rockville) street, in the Borough of Queens, City of New York, and appointing a hearing at a meeting of this Board to be held on the 15th day of March, 1918, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 15th day of March, 1918; and

JAMES MATTHEWS, Assistant Secretary.
February 2, 1918.

Report No. 17345.
Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of May 19, 1917, presenting for approval a map showing a proposed Public Park within the lines of 18th (Inman-4th) avenue, between 126th (17th-Quinlan) street and 127th (18th-Rockville) street.

This Park, which is to have a width of 19 feet and a length of about 200 feet, with an area of about 0.09 acre, is to be centrally located in the block of 18th avenue which, as now in use and improved, has a width of 109.90 feet and forms the extreme easterly terminal of 18th avenue, which here meets the College Point station of the Long Island Railroad. As shown upon the previously approved tentative plan of the territory, the continuing portion of the street to the west is to have a width of 60 feet, which width the plan now presented indicates is to be decreased to 59.94 feet, the change, it is understood, being desired in order to harmonize with the lines to which the street is in use.

The map also shows that the widths of the streets intersecting 18th avenue are in each case to be made 49.95 feet, the propriety of which is subject to considerable question, since each of them may be construed as of sufficient importance to justify provision for a greater width.

An inspection shows that the proposed park has already been improved as a mall, and it is understood that adoption of the plan is desired in order that steps may be taken to place jurisdiction over it in the Park Department.

I see no reason why the plan should not be approved, providing that formal advice is first received from the Park Commissioner to show that he is prepared to accept jurisdiction over the park, and with the further understanding that the approval of the plan will be followed by action on the part of the Sinking Fund Commissioners providing for a transfer of jurisdiction from the President of the Borough to the Park Department. It should also be understood that the approval of the plan will not be construed as in any way indicating a concurrence on the part of the Board in the width shown on the map for streets intersecting 18th avenue.

Respectfully, NELSON P. LEWIS, Chief Engineer.

—and the following were received from the President of the Borough of Queens and the Commissioner of Parks, Borough of Queens:

Long Island City, May 27, 1918.

Honorable JOHN F. HYLAN, Mayor, and Chairman of the Sinking Fund:

Sir—Under date of March 15, 1918, there was approved by the Board of Estimate and Apportionment map establishing a public park in 18th avenue (4th avenue) between 126th street (17th street) and 127th street (18th street), for the purpose of laying out a public park opposite the College Point Railroad Depot in the center of the widened portion of 18th avenue.

It is requested that this land be transferred to the Park Department.

Very truly, FRANK X. SULLIVAN, Acting President of the Borough of Queens.

Richmond Hill, L. I., May 1, 1918.

To the Honorable the Commissioners of the Sinking Fund, City of New York:

Gentlemen—Application is hereby made for the transfer to the jurisdiction of this department of the public park in 18th (Inman-4th) avenue, between 126th (17th-Quinlan) street and 127th (18th-Rockville) street, Borough of Queens.

At its meeting on March 15, 1918, the Board of Estimate and Apportionment effected a change in the map of The City of New York, laying out as a public park the property so situated. Respectfully,

A. S. BENNINGER, Commissioner.

This matter was on calendar of meeting held May 9, 1918 (Nos. 50 and 70), and referred to the Chief Engineer of the Board of Estimate and Apportionment for a report:

Report No. 17575.

May 21, 1918.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—At the meeting of the Commissioners of the Sinking Fund held on May 9th, I was instructed to submit a report in the matter of the proposed transfer of jurisdiction from the President of the Borough of Queens to the Park Department over a park laid out by the Board of Estimate and Apportionment on March 15, 1918, in 18th (Inman-4th) avenue, between 126th (17th-Quinlan) street and 127th (18th-Rockville) street (Calendar Nos. 50 and 70).

As now in use, 18th avenue in the block described has a width of 109.9 feet and leads directly to the College Point station of the Long Island Railroad. In improving the street a mall, centrally located, has been constructed with a width of 19 feet. The object of the Board in laying out this mall as a public park was to clear the way for its use by the Park Department. The plan was prepared and its adoption was recommended by the Borough President, and request for transfer of jurisdiction has been made by the Park Commissioner.

It would seem that the proposed treatment is a rational one, for the reason that the offices of the Borough Presidents are without facilities for properly maintaining malls of this character, and, unless community interest can be aroused to the point of exercising responsibility for them, or unless formal authorization is assigned to the Park Commissioner, they lose entirely the attractive qualities which they should possess.

I am informed that title to a portion of the width of this street was acquired by the Trustees of the former village of College Point in 1870, and that under date of December 9, 1913, the Corporation Counsel advised the Borough President that the street is dedicated to public use. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then offered for adoption:

Whereas, The Board of Estimate and Apportionment at meeting held March 15, 1918, adopted a resolution changing the map or plan of the City of New York by laying out a public park in 18th (Inman-4th) ave., between 126th (17th-Quinlan) st. and 127th (18th-Rockville) st., Borough of Queens; and

Whereas, The President of the Borough of Queens, in a communication dated May 27, 1918, has requested that the said property be transferred to Park Department; and

Whereas, The Commissioner of Parks for the Borough of Queens, in a communication dated May 1, 1918, has requested the assignment of said property to the Park Department; therefore be it

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Parks, Borough of Queens, the property in 18th (Inman-4th) ave., between 126th (17th-Quinlan) st. and 127th (18th-Rockville) st., Borough of Queens, laid out as a public park by resolution adopted by the Board of Estimate and Apportionment March 15, 1918, and approved by the Mayor March 21, 1918.

Which resolution was unanimously adopted.

In the Matter of the Assignment to the Park Department, Bronx, and to the President of the Borough of The Bronx of Certain Lands in East 161st Street, Bronx (Cal. No. 36).

The following was received from the Board of Estimate and Apportionment:

May 20, 1918.

Mr. JOHN KORB, Secretary, Commissioners of the Sinking Fund:

Dear Sir—Transmitted herewith for the approval of the Commissioners of the Sinking Fund is a map adopted by the Board of Estimate and Apportionment on May 17, 1918, entitled:

"Map showing land now under the jurisdiction of the Park Department required for E. 161st st. and land formerly acquired for E. 161st st. and for approach to Grand Boulevard and Concourse now under the jurisdiction of the Borough President, required for Park Purposes in the Borough of The Bronx, City of New York, dated New York, April 12, 1918."

I also transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at said meeting approving the aforesaid map and

recommending to the Commissioners of the Sinking Fund that the necessary exchange of jurisdiction be authorized by them. Very truly yours,

JOSEPH HAAG, Secretary.

Resolved, that the Board of Estimate and Apportionment hereby approves the map submitted to the Board under date of April 15, 1918, by the President of the Borough of The Bronx, entitled:

"Map showing land now under the jurisdiction of the Park Department required for E. 161st st. and land formerly acquired for E. 161st st. and for approach to Grand Boulevard and Concourse now under the jurisdiction of the Borough President, required for Park Purposes in the Borough of The Bronx, City of New York, dated New York, April 12, 1918."

Resolved, that the Board of Estimate and Apportionment hereby directs the Secretary of the Board to transmit the aforesaid map to the Commissioners of the Sinking Fund and hereby recommends to the Commissioners of the Sinking Fund that the necessary exchange of jurisdiction be authorized.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting of said Board held on May 17, 1918.

JOSEPH HAAG, Secretary.

At meeting of the Commissioners of the Sinking Fund held May 16, 1918, the transfer of the lands in East 161st street to the Park Department and to the President of the Borough of The Bronx was authorized.

Filed.

Petition of Agnes Somerville for a Release of the City's Interest in Certain Property in Coney Island Plank Road (Cal. No. 37).

This matter was No. 37 on the calendar of meeting held May 9th and referred to the Chief Engineer of the Board of Estimate and Apportionment for a report as to whether or not the property is needed for any public use.

The Engineer reported as follows:

"From information at hand it appears that an application has been made to you by Edward L. Somerville for a deed to this property, which falls within the lines of an old street now outside of the street system as laid out and improved. The parcel is located within the lines of an old plank road which was not included within the lines of Neptune avenue, title to which at a width of 80 feet was acquired under proceedings confirmed in 1889.

"I can see no occasion for retaining this parcel for street purposes, and it could not be devoted to other use without depriving adjoining owners of street frontage."

Which was referred to the Comptroller.

Petition of Barnet Weiner for a Release of the City's Interest in Certain Lands in Hunterfly Road, Brooklyn (Cal. No. 38).

This matter was No. 38 on the calendar of meeting held May 9th and referred to the Chief Engineer of the Board of Estimate for a report as to whether or not the property is needed for any public use.

The Chief Engineer reported as follows:

"I am informed that the old Hunterfly road was closed and discontinued on March 23, 1863, by the Commissioners of Highways, and in consideration of the substitution of another thoroughfare the property owners agreed to release all claims for damage by reason of the change.

"The parcels described in the petition in each case are in the character of gores, and I can see no way practicable for their utilization either as a part of the street system or for other public use.

"From the application it would appear that the City has already released its title to the property, but that prior to the execution of the release the grantees had conveyed their interest in the adjoining lands to other persons.

"An inspection shows that buildings have been erected upon both parcels described in the application."

Which was referred to the Comptroller.

Petition of Manning Stires for a Correction Deed of the City's Interest in Certain Property on Coney Island Plank Road, Released, Pursuant to Resolution Adopted by This Board July 26, 1917 (Cal. No. 39).

This matter was No. 33 on calendar of meeting held May 9th and referred to the Chief Engineer of the Board of Estimate and Apportionment for a report.

The Chief Engineer reported as follows:

"From information presented it appears that this parcel of property was left outside of the street system through the laying out and opening of Neptune avenue, title to which at a width of 80 feet was acquired in 1889, and that your Board has been petitioned by William J. Dawley to release title to Manning Stires, the owner of property abutting upon the old road.

"It also appears that a deed intending to convey this parcel was executed last year, but that it failed to correctly describe its location.

"I can see no occasion to make use of the parcel referred to by the petitioner for street purposes, and its location is such that it could not be devoted to other use without depriving adjoining owners of street frontage."

Which was referred to the Comptroller.

City Improvement and Record Service Corporation—In the Matter of the Request for a Release of the City's Interest in a Strip of Land at 162d Street and Riverside Drive, Manhattan (Cal. No. 40).

This matter was No. 40 on calendar of meeting held May 9, 1918, and referred to the Chief Engineer of the Board of Estimate and Apportionment for a report.

The Chief Engineer reported as follows:

"Under a resolution of the Board of Estimate and Apportionment adopted on March 15, 1918, and approved by his Honor the Mayor on March 21st following, a map was approved providing among other things, for changing the lines of the service street by the exclusion of the parcel referred to by the applicant for its purchase. From my report to the Board of Estimate and Apportionment concerning this feature of the plan I quote the following:

"From information presented with the resolution it appears that a large apartment house which has been erected at the southeasterly corner of West 162d street and the service street adjoining Riverside Drive, encroaches upon the lines of the service street a maximum of about 1½ inches. In order to perfect the title of the owner of this building it is proposed to exclude the area encroached upon from the street, and as shown upon the plan now presented. * * * The Board is informed that upon the approval of the map the owner of the property abutting upon the portion of the service street to be closed will negotiate with the Commissioners of the Sinking Fund for the reconveyance to him of the closed portion of the street. The change proposed is of a very minor character, extending from 162d street southwardly about 77 feet.

"* * * Information is presented to show that the owners of the frontage on the service street, between West 161st street and West 163d street, as well as of the major portion of the frontages on West 161st street and West 162d street, favor the change.

"* * * With the understanding that negotiations will be entered into by the owners of land abutting upon the portion of the service street which it is proposed to close and discontinue, with the Commissioners of the Sinking Fund for its purchase, I would recommend that the map now presented be approved after giving the statutory hearing."

"The application now before you appears to have been made in conformity with the conditions under which the street plan was modified by the Board of Estimate and Apportionment, and it is clear that the land which has been left outside of the street system is not needed for any public purpose."

Which was referred to the Comptroller.

Sale and Removal of Encroachments Lying Within the Lines of Fisk Avenue, Between Garfield Street and Henry Street, Queens (Cal. No. 44A).

The Comptroller presented the following report and offered the following resolution:

May 31, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—A request has been received from the President of the Borough of Queens for the removal of an encroachment within the lines of Fisk avenue, between Garfield street and Henry street, in the Borough of Queens, to permit the former owner to make permanent improvements to his property.

This encroachment consists of part of a two-story frame house on Damage Parcel No. 143, the estimated removal value of which is \$50, which amount should be realized by its sale.

I, therefore, request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by sections 205 and 1553 of the Revised Charter, adopt a resolution authorizing and ordering that the said encroachment be offered for sale at the upset or minimum price named above, and also authorizing and ordering the President of the Borough of Queens to demolish and remove this encroachment if it is not sold at the said upset price, as an encumbrance upon a public street, and such a resolution is herewith transmitted. Yours truly,

CHARLES L. CRAIG, Comptroller.

Whereas, The President of the Borough of Queens has requested the removal of an encroachment lying within the lines of Fisk ave., between Garfield st. and Henry st., in the Borough of Queens; and

Whereas, If this improvement is offered for sale at an upset price it would probably realize a fair return in proportion to the award given; it is therefore

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction, or by sealed bids, Damage Parcel No. 143, consisting of a part of a two-story frame house lying within the lines of Fisk ave., between Garfield st. and Henry st., in the Borough of Queens, at the upset or minimum price of \$50, upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund at meetings held October 4, 1910, and January 18, 1916, and the President of the Borough of Queens is hereby authorized and ordered to demolish and remove this encroachment if it does not realize the said upset price, as an encumbrance upon a public highway, in the manner provided by section 205 of the Revised Charter, as amended by chapter 398 of the Laws of 1909.

The report was accepted and the resolution unanimously adopted.

Sale and Removal of Encroachments on Damage Parcel No. 185, Lying Within the Lines of Atlantic Avenue, from Birch Street to Maure Avenue, Queens (Cal. No. 44B).

The Comptroller presented the following report and offered the following resolution:

May 18, 1918.

To the Commissioners of the Sinking Fund:

Gentlemen—I have received the following letter from the President of the Borough of Queens:

"I am in receipt of a report that the building standing on the southeast corner of Atlantic avenue and Birch street, Fourth Ward, known as damage parcel No. 185 of the Atlantic avenue proceedings, is unoccupied and the store windows have either been blown in or broken by the boys in the neighborhood, who are now entering the building and are likely to set the same on fire. I would, therefore, recommend that the Sinking Fund Commission be requested to take the necessary steps to have this building removed at as early a date as possible."

From an investigation that I have caused to be made, it appears that there is a possibility of receiving more for this property if it is sold without an upset price, because the upset price would practically represent the mere wreckage value, which in this case seems to be greatly exceeded by the value of the building if removed without wrecking.

It is, therefore, recommended that you authorize such sale of said encroachment. The adoption of the annexed resolution will give effect to such recommendation.

Respectfully,

CHARLES L. CRAIG, Comptroller.

Whereas, The President of the Borough of Queens has requested the sale of an encroachment on Damage Parcel No. 185, lying within the lines of Atlantic ave., from Birch st. to Maure ave., in the Borough of Queens, it is therefore

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction, or by sealed bids, at the highest marketable price, of the building on Damage Parcel No. 185, lying within the lines of Atlantic ave., from Birch st. to Maure ave., in the Borough of Queens, which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, upon the terms and conditions for the sale of buildings, etc., as author-

ized by the Commissioners of the Sinking Fund at meetings held October 4, 1910, and January 18, 1916.

The report was accepted and the resolution unanimously adopted.

Redemption of \$1,970,000 and the Cancellation of \$30,000 of Corporate Stock Maturing July 1, 1918 (Cal. No. 45).

The Comptroller presented the following report and offered the following resolution:

June 1, 1918.

To the Commissioners of the Sinking Fund:

Gentlemen—On July 1, 1918, there will become due two million dollars (\$2,000,000) of Bonds of The City of New York, as constituted prior to January 1, 1898, of which one million nine hundred and seventy thousand dollars (\$1,970,000) of said bonds are held by the public and payable from the Sinking Fund for the Redemption of the City Debt No. 1, the balance, thirty thousand dollars (\$30,000), held by the Commissioners of the Sinking Fund for the Redemption of the City Debt, No. 1, is to be cancelled, and I recommend the adoption of the accompanying resolution.

Respectfully, A. J. PHILBIN, Deputy and Acting Comptroller.

Whereas, The following described bonds issued by The City of New York, as constituted prior to January 1, 1898, are payable from the Sinking Fund for the Redemption of the City Debt, No. 1, viz.:

Title.	Total Amount.	Amount Held by Sinking	Amount Held by Public.

Resolved, That the Comptroller be and hereby is authorized to pay from the Sinking Fund for the Redemption of the City Debt No. 1, upon the maturity of said bonds the sum of One Million Nine Hundred and Seventy Thousand Dollars (\$1,970,000), for the redemption of that portion of said stock held by the public, and to cancel that portion of said bonds amounting to Thirty Thousand Dollars (\$30,000) held by the Sinking Fund for the Redemption of the City Debt No. 1.

The report was accepted and the resolution unanimously adopted.

Municipal Building—Assignment to the Board of Inebriety of Room 366 in (Cal. No. 46).

This matter was No. 17 on calendar of meeting held May 16, 1918, and referred to the Department of Plant and Structures for a report.

The following was received from the Department of Plant and Structures:

May 31, 1918.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—The Commissioners of the Sinking Fund, at a meeting held May 16, 1918, referred the following communication to the Commissioner of Plant and Structures for investigation and report:

"Board of Inebriety of The City of New York, 300 Mulberry Street, New York, May 9th, 1918.

"Hon. JOHN KORB, Secretary, Commissioners of the Sinking Fund, Municipal Building, New York City:

"Dear Sir—In accordance with the wish of the Board of Inebriety, request is hereby made for the assignment to this Board of the space on the third floor of the Municipal Building (Room 366), now used as a drafting room by the Department of Plant and Structures. This space could be divided by partitions and made suitable for our use. At present, we have only two rooms at 300 Mulberry street, which are inadequate for our needs. They are not large enough or situated so partitions could be erected, and therefore our employees, patients (drug addicts and alcoholics), and visitors must necessarily mingle together. We have not sufficient space for seating these people, and very often they are compelled to stand for a long time.

"The transfer of our offices to rooms in the Municipal Building would be greatly to the advantage of the Board, and we trust will meet with your approval. Respectfully,

WILLIAM J. DONOVAN, Executive Secretary."

Room 366 in the Municipal Building became vacant and available for assignment on May 11, 1918, and it is recommended that the request of the Board of Inebriety be granted. There is no previous assignment to rescind, as the room had been only temporarily occupied by the Fire Alarm and Telegraph Bureau, prior to the date mentioned. Respectfully,

JOHN H. DELANEY, Commissioner.

—and the following resolution was offered for adoption:
Resolved, That the Commissioners of the Sinking Fund hereby set apart and assign Room 366 in the Municipal Building, Borough of Manhattan, for use of the Board of Inebriety.

The report was accepted and the resolution unanimously adopted.

(Cal. No. 47).

Hall of Records—In the Matter of the Lease of Rooms in, for Use of the New York State Nautical School (Cal. No. 51).

At meeting held May 16, 1918, this matter was referred to the Department of Plant and Structures for a report.

The following was received from the Department of Plant and Structures:

May 22, 1918.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—The following letter, signed by the Secretary of the Commissioners of the Sinking Fund, has been received:

"At a meeting of the Commissioners of the Sinking Fund held May 9, 1918, a resolution was adopted on your recommendation authorizing a lease of room in the northwest corner of suite 618 in the Hall of Records, for use of the New York State Nautical School, in lieu of Room 617, at the same rental.

"At meeting of the Commissioners of the Sinking Fund held this day the Comptroller called the attention of the Board to the fact that the room in suite 618 contained 710 square feet of space, while room 617, under lease, contains but 521 square feet of space.

"As this information was not before the Board when it authorized the lease and as the rental for the new room will affect the rate per square foot which the City is obtaining for rooms in the building, the matter was referred to you for a report."

The room in suite 618 in the Hall of Records assigned to the New York State Nautical School by resolution adopted May 9 contains 710 square feet of space, and

the amount previously allotted to the New York State Nautical School in room 617 was only 521 square feet of space.

The recommendation made by me to assign room 618 was made because the agreement by the City to assign room 617 had been violated by the award of this space to the Mayor's Committee on National Defense, and it was necessary to immediately provide new quarters. The office formerly occupied by the New York State Nautical School had been surrendered and had been sublet, and immediate removal was compulsory. The Secretary of the Board of Governors of the New York State Nautical School stated that there would have been no difficulty in securing a sufficiently increased appropriation from the State Legislature to have paid the rental rate per square foot for the larger room if notice had been given that the previous allotment had been revoked, and he agreed to make requisition in the budget estimate for next year for the increased amount represented by the larger floor space. There appears to be no other space suitable for the purpose, and in addition to this consideration it was taken into account that the City would have been called upon to erect a partition to inclose the number of square feet of space allotted in the former room, which would have compelled an expenditure of much more than the difference in the rental value.

It is suggested that if the Commissioners of the Sinking Fund disapprove of the allotment made the resolution be amended so that 521 square feet of the space in suite 618 be allotted, with the privilege of increasing the allotment when the Legislature appropriates a sufficient amount of money to pay the City the full rental rate for the entire space contained within the room. Yours respectfully,

JOHN H. DELANEY, Commissioner.

The following resolutions were offered for adoption:

Resolved, That the resolution adopted by this Board at meeting held May 9, 1918, authorizing a lease to the State of New York, through its Trustees of Public Buildings, of the rooms at the northwest corner of suite 618, in the Hall of Records, Borough of Manhattan, containing approximately 710 square feet of space, for use of the New York State Nautical School, for a period commencing on the 30th day of April, 1918, and ending the 30th day of April, 1922, at a yearly rental of \$785, be and the same is hereby rescinded.

Resolved, That, pursuant to the provisions of chapter 218 of the Laws of 1917, the Commissioners of the Sinking Fund hereby authorize a lease to the State of New York, through its Trustees of Public Buildings, of approximately 521 square feet of space in the room at the northwest corner of suite 618 in the Hall of Records Building, Borough of Manhattan, for use of the New York State Nautical School, for a period commencing the 30th day of April, 1918, and ending the 30th day of April, 1922, at a yearly rental of seven hundred and eighty-five dollars (\$785); the lessee to have the privilege of 189 additional square feet of space at the rate of \$1.50 per square foot, whenever the Legislature provides a sufficient amount of money to pay the City the full rental rate for the entire space contained in this room. The lease to contain a clause providing for the cancellation of the existing lease of Room 617 in the Hall of Records Building, in the Borough of Manhattan, authorized by resolution of the Commissioners of the Sinking Fund, July 12, 1917, for use of the New York State Nautical School, otherwise upon the same terms and conditions as contained in the lease of Room 617 hereinabove referred to.

The report was accepted and the resolutions severally unanimously adopted.

Commissioner of Records, Bronx County—Proposed Assignment to, of Space in the Bronx County Court House (Cal. No. 52).

At meeting held May 16, 1918 (Cal. No. 25), a suggestion of the Throgg's Neck Taxpayers' Association that the Commissioner of Records be assigned space in the Bronx County Court House formerly occupied by the County Jail, was referred to the President of the Borough of Bronx for a report.

The President of the Borough reported "there is ample space for said office in the County Court House, in Room 105. There is 1,058 square feet of space for the office and a small adjacent room of 168 square feet, which could conveniently be used for the Commissioner's private office. This small room also contains a fireproof vault of 24.4 square feet which could be used for keeping records, thereby obviating the necessity of additional expense for the purchase of safes. At the present time these rooms are temporarily occupied by a Stenographer of the Supreme Court, and for supplementary proceeding examinations."

Which was referred to the Committee of the Whole.

This property was acquired by the City as a site for an interior bath, and as I am of the opinion that it will not be improved within the current year, it might be possible to utilize it for this purpose. Respectfully,

WILLIAM J. FLYNN, Commissioner of Public Works, The Bronx.

May 20, 1918.

Commissioners of the Sinking Fund, City of New York:

Gentlemen—In reply to your communication of May 9, relative to war gardens, I would state that I have a space of from 20 to 25 acres in Astoria Park, at the foot of Barclay street, Astoria, to offer you for use as war gardens.

PURSUANT TO THE PROVISIONS OF section 1573 of the Greater New York Charter, the following rules adopted by the Examining Board of Plumbers at a meeting held the thirteenth day of June, 1918, are hereby published in the City Record:

M. J. McGRATH, Chairman.
Rules.

I.
Persons applying for examination for certificates to engage in the business of master or employing plumber shall, before being examined, file with the Board an application on such forms as may be prescribed by the Board, and shall furnish to the Board such information as it may require concerning the applicant's fitness and qualifications to receive a certificate as aforesaid. All applications must be under oath.

Each applicant shall be required to furnish two vouchers, who shall appear before the Board and sign under oath on forms prescribed by the Board certifying to the time the applicant has been employed by them as journeyman plumber. Such vouchers at the time of signing applications must be lawfully engaged in the plumbing business in the City of New York.

The Board shall refuse to receive an application from any person who at the time of making application may be unlawfully engaged in business as a master or employing plumber.

II.
No person shall be examined unless he shall have had an experience of at least three years as a journeyman plumber, and is able to furnish satisfactory evidence of such fact.

No application will be received from any person who is not a citizen of the United States.

III.
The examinations of the Board shall be in two parts, namely, a practical test to determine the applicant's skill as a journeyman, and a written examination. The written examination shall consist of questions and plan to determine the applicant's fitness and qualifications to engage in the business of master or employing plumber.

IV.
All examinations shall be written by the applicant and must be in English.

V.
The time and place of holding examinations shall be left to the discretion of the Board. Ample notice shall be given to applicants.

VI.
Persons who pass the tests as prescribed by the Board shall be eligible to receive a certificate of competency as master or employing plumber.

VII.
An applicant who fails in the practical test shall not be eligible for another test until the expiration of three months; should he fail in the second test he will not be eligible for a third test until the expiration of six months, and, failing in the third test, he will not be eligible for a fourth test until the expiration of one year. An applicant who fails in the written examination shall not be eligible for re-examination until the expiration of one month; should he fail in the second examination he will not be eligible for another examination until the expiration of three months; should he fail in the third examination he will not be eligible for another examination until the expiration of six months, and should he fail in the fourth examination he will not be eligible for another examination until the expiration of one year.

VIII.
All applications will expire and be cancelled after a period of one year if the applicant does not appear for examination within that period.

IX.
Before issuing a certificate to engage in the business of master or employing plumber the Board shall inquire into the applicant's fitness and qualifications for conducting such business, and may require the applicant to submit under oath such evidence, in addition to the examinations and tests hereinbefore provided, as will satisfy the Board that he is a person of good repute, character and responsibility, and otherwise qualified to engage in business as a master or employing plumber.

X.
Each applicant for examination shall pay the sum of Five Dollars, and the further sum of Five Dollars, plus the amount for revenue, stamp tax, or both, upon the issuance of a certificate to engage in the business of master or employing plumber. Where an applicant has paid the first Five Dollars for examination, and failed, for each subsequent examination he shall pay an amount to be fixed by the Board, not to exceed Five Dollars.

XI.
In case a certificate of competency is lost by the holder thereof, the Board may issue a duplicate where such original certificate was issued during the term of office of all the members of the Board in office when such duplicate certificate is requested. In other cases the Board shall issue a certificate of record stating that the records of the office show that a certificate was issued to a specific person. The charge for such duplicate certificate or for a certificate of record shall be Two Dollars.

XII.
Applicants who pass the examination of the Board and receive certificates of competency will be required, upon engaging in business, under the provisions of chapter 305 of the Laws of 1916, to obtain a metal plate or sign, the fee for which is Five Dollars.

XIII.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The purchaser, by accepting the purchase of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless, as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished.
