A storm-door was in course of construction in front of the premises of Simon Bower on First street, at the corner of the Bowery. Complaint was made at the Bureau of Incumbrances, by the neighbors on First street, and the structure was ordered to be removed. I do not think privileges of this character should be granted without the consent of those whose rights or interests may be affected by them.

EDWARD COOPER, Mayor.

Resolved, That permission be and the same is hereby given to Simon Bower to erect a storm-door, inside of the stoop-line, in front of his place of business, No. 305 Bowery, the work done at his own expense ; such permission to continue only during the pleasure of the Common Council.

Which was laid on the table, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, December 7, 1880.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted November 23, 1880, permitting Edward J. O'Connor to retain signs at 1486 Third avenue.

One of these signs is at the curb, supported by posts, the other is across the sidewalk, from the house to the curb. In my opinion, signs across the sidewalk are unsightly, and posts at the curb are unnecessary obstructions to the free use of the sidewalk by the public.

EDWARD COOPER, Mayor.

Resolved, That permission be and the same is hereby given to Edward J. O'Connor to retain signs now in front of his place of business, No. 1486 Third avenue ; such permission to continue only during the pleasure of the Common Council.

Which was laid on the table, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, December 7, 1880.

To the Honorable the Board of Aldermen :

I return, without my approval, the accompanying resolution of the Board of Aldermen, adopted November 23, 1880, authorizing certain clerks in the Surrogate's office to receive certain fees for their own use.

Section 2508 of the Code permits the Board of Aldermen to authorize the Clerk of the Surrogate's Court to retain certain fees for his own use, but this provision is permissive only, and leaves it in the discretion of the Common Council. In my opinion the Clerk of the Surrogate's Court and the Record and Searching Clerk should be paid salaries only, and any fees collected for copying and certifying papers should be paid into the City Treasury.

EDWARD COOPER, Mayor.

Resolved, That the Clerk to the Surrogate's Court of the County of New York be and he is hereby authorized to receive for his own use the legal fees for making copies of the records and papers of said Surrogate's office, and for certifying the same as provided in and by section 2508 of the Code of Civil Procedure, and that the Record and Searching Clerk of said Surrogate be and he hereby is authorized to receive for his own use the legal fees for searches necessarily made by him, and for certifying the same as provided in and by section 961 of said Code.

Which was laid on the table, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, December 7, 1880.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted November 23, 1880, permitting H. Ahlheim to erect a meat-rack in front of No. 61 East Houston street.

Meat-racks on the sidewalk, outside of the stoop-line, I regard as among the most objectionable of street obstructions.

EDWARD COOPER, Mayor.

Resolved, That permission be and the same is hereby given to H. Ahlheim to erect a meat-rack in front of his place of business, No. 61 East Houston street, the work done at his own expense ; such permission to continue only during the pleasure of the Common Council.

Which was laid on the table, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, December 7, 1880.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted November 23, 1880, permitting F. Kanders to retain storm-door at No. 6 First avenue.

The owner and the occupant of the adjoining premises, No. 8 First avenue, object to the retention of this storm-door on the ground that it obstructs their view. In my opinion the privilege should not be granted without their consent.

EDWARD COOPER, Mayor.

Resolved, That permission be and the same is hereby given to F. Kanders to retain the storm-door now in front of the entrance to No. 6 First avenue ; such permission to continue only during the pleasure of the Common Council.

Which was laid on the table, ordered to be printed in the minutes and published in full in the CITY RECORD.

REPORTS RESUMED.

The Committee on Law Department, to whom was referred the copy of the compilation of the ordinances of this city, made by the Commissioners appointed for that purpose, respectfully

REPORT :

That they have progressed with their examination of the ordinances so far as to have compared the proof furnished the Chairman of the Committee, with the original copy, and they find that there are no errors or discrepancies. Your Committee, however, before recommending the adoption of the ordinances by your Honorable Body, are of opinion that copies should be furnished to his Honor the Mayor, the members of the Common Council, the heads of the several Departments, and other officers of the government. This will enable the Committee to receive suggestions or recommendations concerning the work that may be of value. Errors, if any exist, may, also, be more readily discovered, by submitting the compilation to the scrutiny of the officers of the city. The following resolution is, therefore, respectfully offered for your adoption :

Resolved, That the compilation of city ordinances, submitted to the Board by the Commissioners, October 5, 1880, and referred to the Committee on Law Department, be and is hereby ordered to be printed in full in the CITY RECORD, as a part of the proceedings of this Board, preliminary to a report of your Committee, recommending the adoption of the said ordinances.

WILLIAM WADE, } Committee
CHARLES H. MARSHALL, } on
FREDERICK HELBIG, } Law Department.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

The compilation is as follows :

Sec. 2. He shall keep and file in his office all title-deeds, leases, mortgages, or other assurances of title, and all evidences of debt, contracts, bonds of indemnity, and official bonds, except such as are directed by law or ordinance to be deposited elsewhere.

Sec. 3. He shall cause all grants, leases, and counterparts of leases or deeds, executed by the corporation, to be recorded in proper books, to be kept in his office.

Sec. 4. He shall cause a proper map or survey of all lands or premises, ceded, granted, conveyed, or leased to the corporation, to be annexed to the cession, grant, deed, or lease thereof, and to be therein referred to before execution or acceptance thereof. He shall direct and superintend the collection of all rents or other moneys due to the corporation.

Sec. 5. He shall report to the common council, within thirty days after their organization in each year, a statement of all contracts made by the corporation, or directed or authorized by the common council, and not performed or completed, or upon which any money remains unpaid, with the amount of money so remaining unpaid on each.

Sec. 6. He shall direct legal proceedings to be taken, when necessary, to enforce payment of rents or other debts due to the corporation, or to obtain possession of premises to which the corporation is entitled.

Sec. 7. He shall revise, audit, and settle all accounts in which the corporation is concerned, either as debtor or credit, where provision for the settlement thereof is not otherwise provided for by law, and the settlement of which is not especially committed by ordinance to some other authority.

Sec. 8. He shall, as often as the state of the sinking fund shall render it necessary, advertise and sell at auction or private sale, as in his judgment may be most expedient, the water-lot quit-rents belonging to the corporation, in such parcels and on such terms as the common council or the commissioners of the sinking fund may prescribe, and cause proper conveyances to be executed to the purchasers: the avails of which shall be deposited in the treasury to the credit of the sinking fund.

Sec. 9. He may consent, in the name and on behalf of the corporation, that the lessee or assignee of a lease made by the corporation may assign the same or underlet the demised premises, whether or not provision is made by the lease that it shall not be assigned or the premises underlet without the consent of the corporation; but he shall not so consent unless all arrears of rent and all taxes or assessments upon the premises be paid in full.

Sec. 10. When provision shall be made by a lease to which the corporation is a party, or in which it is interested, that appraisers on behalf of the corporation to determine the rent on renewal of the lease, or the value of buildings to be paid for on the expiration thereof, shall be appointed; the appraiser or appraisers on the part of the corporation may be appointed by the mayor and the comptroller.

Sec. 11. The comptroller may accept the cession of streets or avenues, or parts thereof, not ceded or opened, on receiving a sufficient conveyance thereof to the corporation, with a map of the ceded premises annexed thereto, and a certificate of the counsel to the corporation, approving the same. But in all cases the expense of the cession must be paid by the party by whom it is made.

Sec. 18. Sec. 20. The comptroller may, from time to time, borrow on the credit of the corporation, in anticipation of its revenues, such sum or sums, not exceeding in the whole the amount of such revenues, as may be necessary to meet expenditures under appropriations for the current year.

Sec. 21. Every loan to be effected, as authorized by the last section, shall be secured by the bonds of the corporation, payable in not exceeding one year, in such sums as the comptroller may deem proper, which shall be signed by the comptroller, countersigned by the mayor, and sealed with the common seal.

Sec. 27. Before entering upon the duties of his office the clerk to the collector of the city revenue shall execute a bond to the corporation, with one or more sureties, to be approved by the comptroller, in the penal sum of five thousand dollars, conditioned for the faithful performance of the duties of his office.

Sec. 29. The comptroller may appoint proper persons to remove dirt and filth from the public markets, and to perform such other services about the public markets as are necessary to cleanse the same, at a specified compensation; and may, with the like consent, at any time remove them, or appoint others in their stead.

Sec. 30. No transfer or assignment of any stall or stand in any of the public markets shall be made without written permission of the comptroller and the superintendent of markets, and such transfer duly entered upon such register or list, and notice thereof given to the comptroller, who shall consent to such transfer before any removal can be made of such transfer. In case of any person being removed or any permit being annulled, the party or parties in interest shall have the privilege of making an appeal to the common council on any decision made by the comptroller concerning such removal.

Sec. 31. The clerks of markets shall respectively, before entering upon the duties of their office, execute a bond to the comptroller in the penal sum of two thousand dollars, conditioned for the faithful performance of the duties of their respective offices.

Sec. 33. In case of suspicion respecting the weight of any article sold, or offered for sale, by weight, or of the quantity of any article sold, or offered for sale, by measure, in any of the public markets, market-places, or streets contiguous thereto, it shall be the duty of the said clerk of such market to weigh or measure the same, and if any such article shall be found deficient in weight or measure, the person selling or offering the same for sale shall forfeit and pay ten dollars for each offense.

Sec. 34. It shall be the duty of the said clerks, once in every month, or oftener if they shall think fit, to inspect and examine all the weights, measures, and beams used in weighing or measuring in their respective markets, or in the streets at or near the said markets. And if any person shall neglect or refuse to exhibit his or their weights, measures, or beams, or any of them, for the purpose of examination or inspection as aforesaid, or shall obstruct, hinder, or molest either of the said clerks in the performance of the duties enjoined by this section, he, she, or they shall forfeit for every such offense the sum of twenty-five dollars.

Sec. 35. It shall be the duty of the said clerks to keep a list of all persons holding stalls or stands in their respective markets; and the said clerks are hereby enjoined and required forthwith to report all violations of any of the provisions of this chapter to the attorney of the corporation for prosecution.

Sec. 36. Every butcher shall have and use his own scale, beams and weights, which shall be suspended in some conspicuous place in front of or at the side of his stall, on a line parallel with the front of his stall, under the penalty of five dollars for every day's omission or neglect.

Sec. 37. The last preceding section shall not be construed to prevent any two butchers whose stalls are adjoining each other from using one set of scales and weights in common, provided the same can be suspended in a conspicuous place on a line with and between the said stalls.

Sec. 38. No butcher or other person shall use within the limits of any public market any weight, measure, or beam which is not sealed by the sealer of weights, measures, and beams, under the penalty of ten dollars for each offense.

Sec. 39. No person or persons shall occupy any part of any public market, or the streets contiguous thereto, within the distance of three hundred yards from any part of such market, for the purpose of exposing and offering for sale and selling any article or thing whatsoever without having first paid the rent of market-places, according to the rates specified in this article, when demanded by the clerk of the said market, under the penalty of twenty-five dollars for every such offense.

Sec. 40. No person shall sell, or expose for sale, any article of provision, or other thing whatsoever, in any market or the limits thereof, or in any street within the distance of three hundred yards from any part of such market, except at a stall or stand to be hired by such person of the clerk of the said market, under the penalty of ten dollars for each offense.

Sec. 41. No person shall sell, or offer or expose for sale, in any of the public markets or the limits thereof, any butter, except by weight, under the penalty of five dollars for every such offense.

Sec. 42. No person commonly called a huckster shall sell, or expose for sale, in any of the public markets, or in any street within the city of New York, any provisions or articles of any kind, excepting vegetables or fruit, without having received a permit for the sale of the same, under the penalty of ten dollars for each offense.

Sec. 43. Every cart, wagon, or other vehicle, in which articles shall be brought to market, or which shall come within the limits of any market, shall be removed therefrom at or before seven o'clock in the morning of each day, between the first day of May and the first day of October, and at or before eight o'clock in the morning of each day during the remainder of the year, under the penalty of five dollars for each offense, to be paid by the owner or person having charge thereof.

Sec. 44. Every cart, wagon, or other vehicle in which any garden produce or other thing shall be brought to market, shall be unloaded immediately on its arrival at the said market, and forthwith removed from said market, or the limits thereof, under the penalty of ten dollars for every refusal or neglect to remove the same, to be recovered from the owner or owners, or person or persons having charge thereof, severally and respectively.

Sec. 45. All carts, wagons or other vehicles, and all boxes, baskets, or other things, and all market produce or other articles whatsoever, which shall not be removed, as directed by the clerks of the respective markets, as hereinbefore in this article provided, shall be removed by the said clerks to the corporation yard, and such part thereof as will pay the penalty imposed by this chapter shall be forthwith sold; and the said penalty, when thus received, shall be paid over by the said clerks to the chamberlain of the city.

Sec. 46. The said clerks shall also sell so much of the said article or thing as will pay the expense of removal, and the remainder thereof shall continue in the place to which it was removed until the owner thereof shall pay to the said clerk, for the use of the city of New York, the sum of six cents for every cart or wagon load thereof for every day the same shall have remained in the said place of removal.

Sec. 47. The owner of every cart or other vehicle used for the purpose of bringing meat, garden produce, or other thing, to any of the public markets to be sold, shall cause his or her name to be painted in a plain manner and on a conspicuous part of such cart or other vehicle, under the penalty of five dollars for every time the same shall be used or driven in the city of New York without such name, to be recovered from the owner or driver thereof, severally and respectively.

Sec. 48. The last preceding section shall not be construed to apply to the carts used by licensed cartmen of this city, nor to wagons, carts, or other vehicles, owned by countrymen and bringing such countrymen's produce to market.

Sec. 49. The above penalties may be sued for and recovered in any district court by any person or persons who will prosecute for the same, in which case one-half of the said penalty shall go to the person or persons who shall prosecute to conviction, and the other half to the commissioners of the almshouse for the benefit of the poor.

Sec. 50. The word street or streets, whenever used in article 6 of this chapter, shall be deemed to include not only the carriage-way and sidewalk, but every portion thereof, as established by law or ordinance, and also every porch, stoop, step, platform, stand, case, balustrade, post, rail, stairway, and every other structure, and every area, cellarway, and space, standing, placed, or being in or upon any portion of the ground which forms any such street or streets, as so established.

ARTICLE VI. The Sinking Fund.

Sec. 51. All moneys heretofore received and hereafter to be received from the following sources are hereby pledged and appropriated to, and constitute and form a fund called "The Sinking Fund of the City of New York for the Redemption of the City Debt," until the whole of the stocks of the city of New York shall be finally and fully redeemed, namely:

3. The net proceeds of all sales of real estate belonging to the corporation when sold.

Sec. 101. The last preceding section of this article shall not be construed to prevent the extending of any such sidewalks when a majority of the owners of property on the same side of the street and between the two nearest corners, by and with the permission of the commissioner of public works, agree to and do extend the sidewalks in front of their respective lots of ground in like manner.

Sec. 102. No sidewalk or any part of a sidewalk laid with brick or flagging shall hereafter be taken up, or the brick or flagging removed therefrom, for any purpose whatever, in the Twenty-third or Twenty-fourth Wards of the city of New York, without the written permission of the

president of the department of public parks, or in any other part of the city of New York, without the written permission of the commissioner of public works, under the penalty of twenty-five dollars for every such offence; but the provisions of this section (unless such work should come within the limits of an ordinance of the common council) shall not apply to any person engaged in the necessary repairs of any such sidewalk, the resetting, when necessary, of any curb or gutter stones that may have become displaced, broken or sunken or the necessary repair or alteration of any coal-sides under any such sidewalk, nor shall a permit for any such purpose be necessary.

Sec. 103. All private cart-ways, crossing any of the sidewalks of the city of New York, and all sidewalks whatever, shall be paved with brown or gray square or oblong flat stones, hewn and laid closely together, and not with brick or with round or paving stones, under the penalty of ten dollars upon the owner and occupant of the lot in front of which such cart-way or sidewalk shall be, severally and respectively.

Sec. 104. In case any part of such private cart-way or any part of such sidewalk shall not be paved, repaved, or repaired according to the provisions of the last section, it shall be lawful for the said commissioner of public works to order, in writing, the same to be done within a time mentioned in such order, at the expiration of which time the same may be done under the direction of the said commissioner, and the expense thereof collected of the owner or owners, occupant or occupants of the lot fronting thereon.

Sec. 105. All curb-stones which shall hereafter be laid for the purpose of supporting the sidewalks shall not be less than three feet in length, five inches thick, and twenty inches wide throughout and shall be of the best hard blue or gray granite, and cut, prepared, and laid in the following manner, that is to say: ten inches of the stone shall be laid below the kennel and ten inches above it, except where the length of curb-stone to be laid or relaid shall be less than the space between the streets crossing that in which it is to be laid, in which case, if the curb-stone in front of the lots adjoining shall be put eight inches above the gutter stone, the curb to be laid or relaid as aforesaid shall not be placed more than eight inches above the gutter-stone, unless the person or persons laying or relaying the same shall, by permission of the owner or owners of the lots adjoining, at his, her, or their own expense, raise the adjoining sidewalk or sidewalks, and replace the same in a proper manner for a space of at least five feet in width, so as to prevent any abrupt irregularity in the pavement of the sidewalk; the top of the stone shall be cut to a level of one inch: the front to be cut smooth and to a fair line to the depth of fourteen inches; the ends from top to bottom to be truly squared so as to form close and even joints, and the front so laid as to present a fair and unbroken line; under the penalty of ten dollars for each or any violation of either of the provisions of this section, to be sued for and recovered from the persons laying and fixing the same and the owner or owners of the lot fronting on the sidewalk so fixed, severally and respectively.

Sec. 106. All gutter-stones which shall hereafter be laid in this city shall be of the best hard free-stone or granite, at least thirty inches in length, fourteen inches in width, and six inches thick, and shall be cut to a fair and level surface, without windings, with true and parallel sides, and the ends square so as to form tight and close joints, under the penalty of ten dollars, to be sued for and recovered from the person or persons laying the same and the owner or owners of the lot fronting on the sidewalk or street, severally and respectively.

Sec. 107. If any street, when paved, shall not exactly range, the gutter or outside of the foot-path or sidewalk shall be laid out and made as nearly in a straight line as the street will permit; and the ascent and descent of the same shall be regulated by the commissioner of public works, and a profile thereof, with the regulations distinctly marked thereon, shall be deposited and kept in the office of the commissioner of public works.

Sec. 108. When any carriage-way shall have been paved, and a majority of owners of lots on the same block shall have regulated and paved their sidewalks, the commissioner of public works shall give notice to the owner or owners, or occupant or occupants, on any lots in front of which the sidewalks shall not be paved, to regulate and pave the same within a certain time to be designated in such notice.

Sec. 109. In case of any neglect or refusal to comply with the requisitions contained in the notice mentioned in the last preceding section, the owner or owners, occupant or occupants, shall forfeit the penalty of twenty-five dollars for each neglect or refusal, severally and respectively.

Sec. 110. The owner or owners, lessee or lessees, occupant or occupants, of any house or other building or vacant lots fronting on any street or avenue, shall, at his, her, or their charge and expense, well and sufficiently pave, according to the ordinances, and keep and maintain in good repair, the sidewalks and curb and gutter of such street or avenue in front of any such house or other building or vacant lot.

Sec. 111. Upon complaint being made to the commissioner of public works, to his satisfaction that any sidewalk or curb and gutter, or either, are not paved or repaired according to these ordinances, it shall be lawful for the said commissioner to cause a notice to be served upon the owner or owners, lessee or lessees, occupant or occupants, of any such house or other building or vacant lot of ground fronting on any street or avenue, to repair or relay, as the case may require, the sidewalk and curb and gutter, or either, in front of the same, within ten days after the service of such notice.

Sec. 112. In default of such owner or owners, lessee or lessees, occupant or occupants, repairing or relaying, as the case may require, such sidewalks and curb and gutter, or either, within the time required by said notice, and complying with the said notice, it shall be lawful for the Commissioner of public works to report the same to the corporation attorney, who shall recover ten dollars as penalty, from the owner or owners, lessee or lessees, occupant or occupants, of any such house or other building in front of which the expense was incurred, in any court having jurisdiction thereof, in the name of the mayor, aldermen, and commonalty of the city of New York.

Sec. 119. Upon any one of the city surveyors being duly notified as aforesaid, it shall be his duty to examine such wall and to give such directions as may be necessary to prevent encroachments upon the streets; and for every such service he shall be entitled to demand and receive from the owner of such wall the sum of one dollar.

Sec. 120. Whenever in the proper administration of the duties of his office, the commissioner of public works may require the services of the city surveyor, he shall have authority to employ such one of the city surveyors as he may appoint for that purpose.

Sec. 162. All openings into any sewers or drains, for the purpose of making connection therewith, from any house, cellar, vault, yard, or other premises, shall be made by persons to be licensed by the commissioner of public works, in writing, to perform such work; and the said persons, before being so licensed, shall execute a bond to the mayor, aldermen, and commonalty of the city of New York, in the sum of one thousand dollars, with one or more sureties to be approved by the commissioner of public works, conditioned that they will carefully make the openings into any sewers or drains in the manner prescribed by said commissioner, without injuring them, leave no obstructions of any description whatever in them, and properly close up the sewer or drain around the connection made by them, and make no opening into the arch of any sewer or drain; that they will faithfully comply with the ordinances relating to opening and excavating streets; be responsible for any damages or injuries that may accrue to persons, animals, or property, consequent thereupon for or by reason of any opening in any street, lane or avenue, made by him or by those in his employment, for the purpose of putting down any service-pipe or pipes for the introduction of the Croton water, or for making any connections with any public or private sewer, or for any other purpose or object whatever; and that they will properly refill and ram the earth, and suitably restore the pavement taken up for excavating, and repave the same, should it settle or become out of order, within six months thereafter; and in case any person so licensed shall neglect to repair the pavement aforesaid within twenty-four hours after being notified, the said commissioner may cause the same to be done and charge the expense thereof to the person so neglecting.

Sec. 163. Ten dollars shall be paid to the said commissioner for permission to connect, from each house, store, or building, with any sewer or drain. Each hotel, boarding-house, or public building covering more ground than twenty-five feet by fifty feet, shall pay proportionally for such additional space of ground covered by each respectively. Manufactories, breweries, distilleries, and the like, for permission to connect with sewers or drains, for the purpose of carrying off water or fluid that will not deposit sediment or obstruction, shall pay such sums as shall be fixed and determined by said commissioner. And any manufacturer, brewer, distiller, or the like, permitting any substance to flow into any sewer, drain, or receiving-basin, which shall form a deposit that tends to fill said sewer, drain, or basin, shall be subject to a penalty of fifty dollars for each offense.

Sec. 164. All connections with sewers or drains used for the purpose of carrying off animal refuse from water-closets, or otherwise, and slops of kitchens, shall have fixtures for a sufficiency of Croton water, to be so applied as to properly carry off such matters, under the penalty of five dollars for each day the same are permitted to remain without such fixtures for supplying said water.

Sec. 167. It shall be the duty of every person having charge of the sweeping and cleaning of the streets in the several wards to see that the gutters are properly scraped out before the water is suffered to flow from any hydrant for the purpose of washing the same, in order that no substance or obstruction be carried into any of the receiving-basins; every person violating this section to be subject to a penalty of five dollars for each offense.

Sec. 168. Whenever a sewer or culvert is to be constructed, altered, or repaired, in any street in the city of New York in which the gas-pipes of gas-light companies are laid, it shall be the duty of the contractor or contractors thereof to give notice, in writing, of the same to the said companies or to the one whose pipes are laid in the street about being disturbed by the construction, alteration, or repairing of such sewer or culvert, at least twenty-four hours before breaking ground therefor.

Sec. 170. The said inspector appointed by the commissioner of public works shall, in addition to the usual certificate, furnish to the said assessors a certificate, stating whether or not such expenses or damages, or any and what part thereof, have been caused by or through the negligence or carelessness of the contractor or contractors of the sewer or culvert; and any such expenses or damages as shall be so certified to have been caused by the negligence or carelessness of the contractor or contractors shall be charged to him or them, and shall be deducted from the amount to be paid him or them, and shall be paid to the company by whom such bill shall have been made.

Sec. 171. The preceding provisions shall be made part of every contract hereafter made for constructing, altering, or repairing any sewer or culvert in any street of this city in which the pipes of gas-light companies shall be laid at the time of making such contract.

Sec. 172. It shall be the duty of the person or persons by whom or for whose benefit any excavation is to be made for constructing, altering, or repairing a vault, waste-pipe, or drain in any street of this city, to give notice, in writing, thereof to the company whose pipes are laid in the street about to be disturbed by the construction, alteration, or repairing of such vault, waste-pipe, or drain, at least twenty-four hours before commencing the same; and such person or persons shall, at his or their expense, sustain, secure, and protect said pipes from injury, and replace and pack the earth wherever the same shall have been removed, loosened, or disturbed, under or around them, so that such pipes shall be well and substantially supported; and if such person or persons shall fail so to sustain, secure, and protect said pipes from injury, or to replace and pack the earth under or around them, as by the provisions of this section required, then the same may be done by the company to whom the same may belong, and the cost thereof, and all damages sustained by either of said companies thereby, shall be paid by said person or persons to said company; and the said company may, in default thereof, maintain an action against him or them therefor.

Sec. 173. The provisions of the last preceding section shall be made part and a condition of every permit that shall be hereafter granted to any person or persons for making any excavation for the construction, alteration, or repairing any vault, waste-pipe or drain in any street in which the pipes of either of the said companies shall be laid at the time of granting said permits; provided said company, or either of them, provide such permits or pay a just proportion therefor.

Sec. 174. No connection with or opening into any sewer or drain shall be used for the conveyance or discharge into said sewer or drain of steam from any steam-boiler or engine, or from any manufactory or building in which steam is either generated or used, under the penalty of fifty dollars for each and every day during any part of which such connection or opening may have been used for that purpose. This penalty shall be imposed upon and recovered from the owner and occupants, severally and respectively, of such manufactory or building.

ARTICLE X.

Bureau of the Water Register.

Sec. 175. The water register, before entering upon the duties of his office, shall execute a bond to the corporation, with two sufficient sureties, to be approved by the comptroller, in the penal sum of fifteen thousand dollars, conditioned for the faithful performance of the duties of his office.

Sec. 176. He shall, on Thursday of each week, render to the comptroller an account, under oath, item by item, of all moneys received by him, containing the names of the persons from whom they were received, the amounts received, and on what account, and when paid; and shall thereupon pay over the amount so received to the chamberlain.

Sec. 177. All rents for the use of the water shall be paid in advance at the time of applying for the water, and before any permit is issued; to be calculated up to the first day of May succeeding; and all rents shall continue to be collected in advance on the first day of May, annually, so long as the contract exists; and no contract for the supply of the water shall be binding for a longer period than until the second succeeding first day of May after such contract is entered into.

Sec. 178. The supply of water shall be cut off in all cases where the rent is behind and unpaid ten days.

Sec. 179. The department of public works, exclusively, shall have power and authority to grant licenses for the sprinkling streets, avenues, or places with water, and to such person or persons as it, in its judgment, from time to time, may deem proper, and who will comply with the conditions of this ordinance, it being hereby expressly provided that, for the protection and health of the citizens, Croton water only shall be used for the purpose of sprinkling said streets, avenues, or places; taken from such of the public hydrants as shall be designated in writing by said Department.

Sec. 180. No person or persons other than those authorized by license as above shall be allowed to sprinkle the streets, avenues, or places of the city, under the penalty of ten dollars for each and every offense.

VAULTS, CISTERNS, AND AREAS.

Sec. 181. The commissioner of public works, on application for that purpose, during the recess of the common council, is empowered to give permission to construct any vaults or cisterns in the streets, provided, in the opinion of the commissioner, no injury will come to the public thereby.

Sec. 182. No person shall cause or procure any vault or cistern to be constructed or made in any of the streets of the city of New York without the written permission of the commissioner of public works, under the penalty of one hundred dollars, to be sued for and recovered from such person and the master-builder or person who made the same, severally and respectively.

Sec. 183. Every application for permission to erect such vault or cistern shall be in writing, signed by the person making the same, and shall state the number of square feet of ground which is required for the same, and the intended length and width of the same.

Sec. 184. After obtaining permission to construct or make such vault or cistern, and previous to the commencement thereof, the person so applying shall forthwith pay to the commissioner of public works of the city of New York such sum as the commissioner of public works shall certify in the said permission to be a just compensation to the city for such privilege, calculated at the rate of not less than thirty cents, nor more than two dollars per foot for each square foot of ground mentioned as required for such vault or cistern, under the penalty of one hundred dollars.

Sec. 185. No person shall erect or build, or cause or permit any vault or cistern to be made which shall extend further than the line of the sidewalk or curbstone of any street, under the penalty of two hundred and fifty dollars.

Sec. 186. It shall be the duty of every person for whom any vault or cistern may be constructing to procure the same to be measured by one of the city surveyors, and to deliver to the commissioner of public works a certificate of the said measurement, signed by such surveyor, before the arching of such vault or cistern shall be commenced, under the penalty of one hundred dollars.

Sec. 187. If it shall appear by such certificate or otherwise that such vault or cistern occupies a greater number of square feet than shall have been paid for as aforesaid, the owner of such vault or cistern, and the master-builder by whom or under whose direction such vault or cistern shall be constructed, shall, in addition to the penalty imposed by section 206 of this article, severally and respectively forfeit and pay twice the sum previously paid for each square foot of ground occupied by such vault or cistern over and above the number of square feet paid for as aforesaid.

Sec. 188. All vaults or cisterns shall be constructed of brick or stone, and the outward side of the grating or opening into the street shall be either within twelve inches of the outside of the curbstone of the sidewalk or within twelve inches of the coping of the area in front of the house to which such vault shall belong, under the penalty of one hundred dollars, to be paid by the owner or person making or causing the same to be made.

Sec. 190. Every owner or occupant of any house or lot of ground within the paved parts of the city of New York, before which any vault, pit, hole, cistern, or well shall be made, and every person making or having charge of such vault, pit, hole, cistern, or well, shall, during the whole of every night while such vault, pit, hole, cistern, or well shall be opened or uncovered, cause a lighted lamp or lantern to be placed and kept at some convenient spot, so as to cast its light upon such vault, pit, hole, cistern, or well, under penalty of ten dollars.

Sec. 191. All vaults and cisterns shall be completed, and the ground closed over them, within three weeks after they are commenced, under the penalty of five dollars for every day thereafter during which the same shall remain uninclosed, to be recovered from the owner or builder of the same, severally and respectively.

Sec. 192. No area in the front of any building in the city of New York shall extend more than one-fifteenth part of the width of any street, nor in any case more than five feet, measuring from the inner wall of such area to the building; nor shall the railing of such area be placed more than six inches from the inside of the coping on the wall of such area, under the penalty of two hundred and fifty dollars, to be recovered from the owner and builder thereof, severally and respectively.

Sec. 193. Every area shall be inclosed with a railing, the gates of which shall be so constructed as to open inwardly, under the penalty of two hundred and fifty dollars for each offense, to be recovered from the owner or builder thereof, severally and respectively.

Sec. 194. Every description of opening below the surface of the street in front of any shop, store, house, or other building, if covered over, shall be considered and held to be a vault or cistern within the meaning of this article; and the master-builder or owner, or person for whom the same shall be made or built, shall be liable to the provisions, payments, and penalties of this article, severally and respectively.

Sec. 195. The last preceding section of this chapter shall not be construed to refer to those openings which are used exclusively as places for descending to the cellar floor of any building or buildings by means of steps.

Sec. 196. No person shall remove, or cause or procure, or suffer or permit to be removed or insecurely fixed, so that the same can be moved in its bed, any grate or covering to the opening or aperture of any vault in the city of New York, under the penalty of ten dollars.

Sec. 197. The last preceding section of this article shall be construed to prevent the removal of such grate or covering, provided the aperture to such vault, during the removal of such grate or covering, shall be inclosed with a strong box or curb at least twelve inches high.

Sec. 198. No person shall suffer or permit any grate or covering to any vault to be removed therefrom, or insecurely fixed thereon, so that the same can be moved in its bed, within one hour before sunset on any day, under the penalty of twenty dollars, to be sued for and recovered from the owner and occupant of the house to which such vault shall belong, severally and respectively.

Sec. 199. The commissioners of police are hereby directed to report to the commissioner of public works the owners or occupants of any store, dwelling, or other buildings having vaults under the sidewalks in front thereof, with covering over the opening thereto presenting a smooth surface, and the commissioner of public works is hereby directed, immediately after receiving such report, to notify such owners or occupants to remove such coverings, and substitute therefor coverings presenting a rough surface, and affording a secure foothold for pedestrians. Should any such owner or occupant neglect or refuse to comply with the directions contained in such notification for a period of six months, he shall thereby incur a penalty of five dollars for every twenty-four hours in excess of said six months that such neglect or refusal shall continue; and it is hereby made the duty of the said commissioner of public works to cause to be reported every violation of the provisions of this ordinance to the corporation attorney for prosecution.

Sec. 200. In all cases where the owners of property in that part of the city laid out by the commissioner of public works shall, in the erection of dwellings, set the same back from the lines of the streets or avenues a distance of three feet and upward, for the purpose of ornamental courtyards in front, they shall be permitted to inclose for such purpose, with a neat iron railing, in addition to the space receded from, so much of the sidewalk in front as is allowed by ordinance for stoops; the gates of such inclosures to be so constructed as to open inwardly, under the penalty of two hundred and fifty dollars for each offense.

Sec. 201. No person or persons shall construct or continue any cellar-door which shall extend more than one-twelfth part of any street, or more than five feet into any street, under the penalty of two hundred and fifty dollars for each offense.

Sec. 202. Every entrance or flight of steps projecting beyond the line of the street and descending into any cellar or basement story of any house or other building where such entrance or flight of steps shall not be covered, shall be inclosed with a railing on each side, permanently put up, from three to three and a half feet high, with a gate to open inwardly, or with two iron chains across the front of the entrance-way, one near the top and one in the centre of the railing, to be closed during the night, unless there be a burning light over the steps, to prevent accidents, under the penalty of twenty dollars for every offence, to be recovered from the owner, assigns, or lessee thereof, severally and respectively.

Chapter 7.

EXECUTIVE DEPARTMENT.

Miscellaneous provisions respecting the Executive Departments and their Officers.

Article I. Contracts for supplies and work for the corporation.

ARTICLE I.

Contracts for Supplies and Work for the Corporation.

Sec. 1. All supplies to be furnished or work to be done for the corporation, whether they are to be paid for out of the city treasury or out of trust moneys under the control or to be assessed or collected by the corporation, shall be furnished or performed by contract, except where otherwise provided by law.

Sec. 2. The several departments and officers empowered by law to make contracts on the part of the corporation shall issue proposals for estimates therefor, and advertise the same as provided by law. There shall be kept by each of said departments an appropriate box, to be designated "Estimate Box," with a proper opening in the top thereof to receive estimates for which proposals have been issued. Such box shall be kept locked, except at such times as it may be necessary to open the same to examine and decide upon said estimates, and the key thereof shall be retained by the head of the department. It shall be the duty of the head of the department to deposit in said box all estimates duly presented to him for work to be done under the direction of the department, immediately on the receipt thereof by him.

Sec. 3. The proposals for estimates shall be in such form as may be prescribed by the department making the same, and shall contain the following particulars:

1. They shall require that the person making the estimate shall furnish the same in a sealed envelope to the head of the appropriate department, at his office, on or before a day and hour therein named, not less than ten days from the first publication thereof.
2. They shall state the quantity and quality of supplies, or the nature and extent, as near as possible, of the work required.
3. They shall state that the estimates received will be publicly opened by the head of the department issuing the proposals, at his office, at a day and hour therein mentioned.
4. They shall state the amount in which security is required for the performance of the contract.
5. They shall state, briefly, the several matters required by the next four sections to be contained in or to accompany the estimates.

Sec. 4. Each estimate shall contain—

1. The name and place of residence of the person making the same.
2. The names of all persons interested with him therein; and if no other person be so interested, it shall distinctly state that fact.
3. That it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud.
4. That no member of the common council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the corporation, is directly or indirectly interested therein, or in the supplies or to the work to which it relates, or in any portion of the profits thereof.

Sec. 5. The estimate shall be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true.

Sec. 6. The estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the city of New York, to the effect that if the contract be awarded to the person making the estimate, they will, upon it being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the corporation any difference between the sum to which he would be entitled upon its completion and that which the corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

Sec. 7. The consent mentioned in the last section shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the city of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise, and that he has offered himself as a surety, in good faith, and with an intention to execute the bond required by law.

Sec. 8. The sealed envelope containing the estimate shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates; and no estimate shall be taken from the "Estimate Box," or the sealed

envelope thereof opened by any one, except at the time and in the manner herein designated for deciding on such estimates. At the time and place appointed for that purpose in the proposals, as prescribed in this chapter, the head of the department, or other officers empowered to make the contract, in the presence of the comptroller and such of the parties making them as may desire to be present, shall then and there open the said estimate box; and the estimates to be examined at that time, as may appear from the indorsements thereon, shall be taken from said box. The said head of department shall then and there publicly open and read all estimates which he may have received for the contract mentioned in such proposals, and shall reject all estimates not furnished in conformity with the law and the ordinances relating thereto and the requirements thereof. The award of the contract shall be made according to law.

Sec. 9. When proposals are issued for a contract to furnish any article of which a sample can conveniently be furnished, the head of the department issuing the same may require that such sample be delivered at his office, or at the office at the head of the appropriate bureau in his department, within such time before the opening of the estimates as he may prescribe; and if it be not so furnished or do not conform to the quality required by the proposals, the estimate delivered by the person furnishing or omitting to furnish the same, as the case may be, shall be rejected.

Sec. 10. In all contracts for work for the corporation, where provision is made for the payment of the contract price by installments, a provision shall be inserted that the contractor shall allow ten per cent. of the contract price of the work actually done, to remain as security till the whole work shall be completed, according to the contract.

Sec. 11. In all contracts for work done by or for the corporation, the head of the department having charge thereof shall cause to be inserted a provision that the payment of the last installment due in pursuance thereof shall be retained until such head of department shall have satisfactory evidence that all persons who have done work or furnished materials under any such contract, and who may have given written notice to such head of department at any time within ten days after the completion of said work that any balance for such work or materials is still due and unpaid, have been fully paid or secured such balance. And if any person so having done work or furnished materials, and giving such notice as aforesaid, shall furnish satisfactory evidence to the department that money is due to him by the contractor under such contract, such head of department shall retain such last installment or such portion thereof as may be necessary until such liability shall be discharged or secured; and in all such contracts the time for the completion and finishing of such work shall be inserted.

Sec. 12. In all contracts for the work for the corporation upon any public building, or in any public street or place, in the performance of which accidents or injuries may happen to the person or property of another, a provision shall be inserted that the contractor shall place proper guards for the prevention of accidents, and shall put up and keep at nights suitable and sufficient lights during the performance of the work; and that he will indemnify the corporation for damages or costs to which they may be put by reason of injury to person or property of another resulting from negligence or carelessness in the performance of the work.

Sec. 13. Every contract for supplies or work by the corporation shall be executed by the contractor or contractors to whom the same may be awarded, and shall be accompanied by a bond in the penalty mentioned in the proposals therefor, executed by the persons consenting to become bound as sureties, or by such other persons as shall be substituted therefor, with the consent of the head of the department making such contract, conditioned for the faithful performance of the contract and every provision therein contained, and which bond shall be accompanied by the oath, in writing, of the person signing the same, that each is a householder or freeholder in the city of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, as hereinbefore prescribed. And the several departments of the city government, and officers aforesaid, by which every and each contract for work to be done for the corporation shall be made in pursuance of these ordinances, shall have power, and it shall be their duty, to require and enforce the faithful execution of each and every contract so made by them; and in case the contractor or contractors shall fail in any respect to perform the work which he or they have contracted to render or perform within the time limited for the performance of the same, then it shall be the duty of such department or officers aforesaid having charge of such work to do and complete the same in the manner provided for the performance of the same in the contract, and the cost of the same shall be a charge against such delinquent contractor or contractors; provided, however, that the head of any department or officers aforesaid by whom any such contract shall be made may, on good and sufficient cause, extend, for a reasonable time, the period fixed for the completion thereof.

Sec. 14. Whenever any contract shall be made hereafter by any of the departments or officers aforesaid of the corporation, the amount whereof is to be afterward collected by assessment from the property benefited by the work to be done under said contract, it shall be the duty of the head of department or officers aforesaid making such contracts to cause to be inserted therein a clause that, as the work progresses, payments will be made to the contractors by monthly installments of seventy per cent. on the work performed, provided the amount of work done on each installment shall amount to one thousand five hundred dollars; and the head of department making such contracts shall forthwith file a copy thereof with the comptroller.

Sec. 15. The amount due contractors on all contracts, and on work now in progress under contracts, on account of regulating and paving streets, building sewers, and all other work ordered to be done by contract, by virtue of the provisions of law or ordinances of the common council shall be paid by the comptroller from the proceeds of assessment bonds issued in accordance with the provisions of the law; but no money shall be paid on account of said assessments or contracts until a copy of the original contracts has been filed with the comptroller of the city, by the head of department having such work in charge, with a certificate, in writing, from the head of such department, stating the amount of work that has been completed, and the amount due the contractor for such work, according to the terms of the original contract; upon the amount thus certified and ascertained to be due to the contractor the comptroller shall pay seventy per cent.; the remaining thirty per cent. to be reserved until the final completion of the contract.

Sec. 16. For the purpose of providing for the payments on contracts contemplated under this ordinance it shall be the duty of the comptroller, from time to time, to borrow such sums as may be necessary (as provided in the act entitled "An Act to authorize the Mayor, Aldermen, and Commonality of the City of New York to issue Assessment Bonds," passed April 16, 1852, and also in the act entitled "An Act in relation to certain Improvements in the City of New York," passed May 7, 1872), upon bonds to be known as "assessment bonds," at a rate of interest not to exceed seven per cent. per annum; and the bonds so issued shall be paid from the collections made on the assessment list, when confirmed, and which are hereby specifically pledged for such purpose.

Sec. 17. Whenever any payment shall become due upon any contract, according to the provisions thereof, or in accordance with any of the provisions of these ordinances, it shall be the duty of the head of department or officer aforesaid having such work in charge to furnish to the person or persons entitled to such payments a certificate, in writing, specifying the contract upon which such payment is due, and the amount due upon such contract.

Sec. 18. It shall be the duty of the comptroller, on the presentation of such certificate being made to him, to pay the amount thereof, and indorse such payment upon the contract upon which said payment is made; but no payment shall be made upon such contract beyond the amount thereof, and the final payment thereon shall not be made until the head of department or officer aforesaid having such work in charge shall furnish the comptroller, who shall file the same in his office, a certificate signed by the head of such department or officer aforesaid, that the work mentioned in such contract has been completed according to the terms of said contract, and to the satisfaction of the head of department giving such certificate.

Sec. 19. The comptroller shall keep an account of all bonds so issued, specifying the particular work on account of which the same may be issued; and all moneys collected on account of any work for the payment of which said bonds were issued shall be faithfully applied as aforesaid.

Sec. 20. Each and every contractor shall be required to have an affidavit from the surveyor, setting forth the amount of work done, of every description, that may be charged in each bill or assessment list of said contract; and said affidavit shall be attached to said assessment list. The inspector shall also furnish an affidavit attached to each contract that the work is done according to the plans and specifications, said affidavit to be attached to each assessment list before presented for confirmation.

Sec. 21. In all cases of delinquency in the payment of any assessment for work done under a contract made by any contractor with the corporation in respect to any street or road, and in respect to the building of wharves, piers, slips, and sewers in this city, and in all such like contracts on a final settlement with every such contractor, there shall be allowed and paid to such contractor all interest money which shall have been collected on his account or contract, first deducting the collector's commissions on so much of the said interest as shall have been collected and received by him.

Sec. 22. In all contracts for work done at the expense and by the said mayor, aldermen, and commonality, for the more speedy execution of any by-laws, ordinances, orders, or directions of the said mayor, aldermen, and commonality, and which, by any law, the said mayor, aldermen, and commonality are authorized to collect by assessment or otherwise from the owners or occupants, lessees or parties interested in any property deemed benefited thereby, provision shall be made for the payment of the amount of said contract, on the completion of the work, to the satisfaction of the department making such contract.

Sec. 23. It shall be lawful for the department making any contract of the character mentioned in the preceding section of this chapter to make provision for the payment to any contractor of installments on account of such work, as the same progresses, reserving thirty per cent. of the contract price of the work actually done to remain as security till the whole work be completed according to the contract.

Sec. 24. No payments shall be made by the comptroller for work done or supplies furnished, except upon proper vouchers rendered by the head of the appropriate department, or other proper officer, board, or commission for whom such work was done or supplies furnished. Such vouchers shall be made out in triplicate, and shall contain the certificates of such subordinate officers as the

head of the department may require, and of such form and purport as he shall prescribe, and also a certificate of the head of the department. One of the triplicate vouchers shall be retained in the department or office by which the vouchers are rendered, and the other two shall be transmitted to the department of finance for payment.

A receipt for the amount paid shall be taken upon each of the two vouchers sent to the department of finance, and after payment one copy of the vouchers shall remain on file in the department of finance, and the other copy shall, within five days, be returned to the department or office whence it emanated, where it shall be placed on file. Either of the vouchers shall be of equal value, as evidence of work done or supplies furnished.

Sec. 24. All meetings of the boards or commissions constituting departments of the city government of the city of New York, for the transaction of public business, shall be held openly, and shall in all cases, be accessible to the public. Such meetings shall be held at such times and places as may be determined upon by each of such departments, and due notice thereof shall be published daily in the CITY RECORD.

Sec. 6. Hereafter all the interments in the city cemetery on Hart's Island shall be in trenches, to be numbered consecutively, commencing with number one; every such trench shall contain one hundred and fifty bodies and no more, and each coffin shall be numbered by figures to be made of iron or other metal, or branded into the lid or cover of said coffin so as to be indelible, in the manner shown in the annexed diagram, viz.: Each trench shall be constructed running in a direction from east to west; shall be of a size sufficient to contain the said number of one hundred and fifty bodies, which shall be laid therein in the order following, to wit: No. 1 at the northeast corner, No. 2 adjoining, and so on in regular order until No. 25 is deposited, when a layer of earth shall be placed on the twenty-five coffins thus deposited; No. 26 shall then be placed at the southeast corner, directly in the rear and in a line with No. 1; No. 27 adjoining, and so on until No. 50 is interred, which will be directly in the rear and on a straight line with No. 25, then covered with a layer of earth similar to those numbered from 1 to 25, thus completing the first stratum of coffins in the trench. No. 51 shall then be placed directly over No. 1, No. 52 over No. 2, and so on until No. 75 is interred over No. 25, then covered as before from 1 to 25; No. 76 being placed directly over No. 26, and so on in the regular order until No. 100 is interred directly over No. 50, thus completing the second stratum of coffins; No. 101 shall then be placed directly over Nos. 1 and 51, and so on in regular order until No. 125 is placed directly over No. 75. This half of the trench shall then be permanently covered. No. 126 shall then be placed directly over Nos. 26 and 76, and so on in regular order until No. 150 is placed directly over Nos. 50 and 100, when the trench shall be considered full, and finally covered. A new trench, to be numbered trench No. 2, shall then be commenced and filled in the manner above provided, and succeeded by trench No. 3, and so on for the future in this and all other of the city cemeteries. At the head of each tier of coffins shall be placed a proper and durable board or stone, with the numbers corresponding with the numbers on such coffins placed therein, with figures made of iron or other durable metal, or branded thereon in such a manner as to be indelible. Each trench, when completed, and the number placed at the head of each tier of coffins, shall be inclosed by a substantial fence, leaving a space sufficient to pass between it and the head-boards, to admit of the passage of two persons, to afford an opportunity to inspect each head-board to ascertain the numbers thereon.

Sec. 7. A register of burials shall be kept by the superintendent or other person in charge of the city cemetery, which shall be so arranged that the name of each person interred shall be

numbered to correspond with the numbers on the head-boards of the tiers of coffins deposited in each trench, and shall be accessible, at all reasonable times, for the inspection of the public or the use of any person desiring to ascertain the particular place in which any person may be buried. A duplicate copy of such register shall be kept in the office of the commissioners of charities and correction.

Sec. 12. No public cart shall be used within said city except it be duly licensed, and the person to whom license is granted to keep and use a public cart shall, for all the purposes of this article, be considered the owner thereof, and responsible for all articles intrusted to and for the conduct of the driver thereof, and liable to all forfeiture penalties, and punishments herein contained or provided.

Sec. 13. Every public cart shall have fairly painted on the outside of the square of the after-part of the shaft, or on some other conspicuous place, on each side, so as to be easily seen, the number of the license therefor, in plain figures, and the driving or using of a public cart, without its being so numbered, shall be deemed a violation of this article.

Sec. 14. Sec. 15. Every person, upon receiving a license to keep a public cart, or to be a public cartman, shall report his residence to the mayor; and upon changing his residence, shall, in like manner, report his new residence, and the failing or neglecting to do so shall be deemed a violation of this article.

Sec. 16. Sec. 17. The mayor may assign to the owner of each duly licensed public cart a stand, where such cart may remain waiting to be employed and also a stand where it may remain at other times, provided that no such stand shall be assigned for a cart to remain at such other times in front of the premises of any person other than the owner of such cart, against the wishes of the occupant thereof; and provided further, that carts shall not be permitted to so stand two abreast in any of the streets; and every public cartman who shall permit his cart to stand loaded, or waiting for employment, or to remain at other times at any place other than the one so assigned for such carts, shall be deemed guilty of a violation of this article.

Sec. 18. Sec. 53. All ordinances or parts of ordinance inconsistent or conflicting with the provisions of this ordinance, except the ordinance relating to express wagons, which shall remain in full force, are hereby repealed.

ARTICLE V.

Such police magistrate may order the removal from within the city limits, or the killing of any such animal upon complaint being made before him by any two or more reputable citizens or householders that they are seriously annoyed or injured, or that such noise is injurious or annoying to any sick person or persons convalescent resident in the vicinity, as aforesaid.

ELLIOTT F. SHEPARD, Commissioner,
By EDWIN E. VAN AUHEN.
EBENEZER B. SHAFER, Commissioner.

Dated October 2, 1880.

(G. O. 417.)

The Committee on Law Department, to whom were referred a preamble and resolution introduced by Alderman Sheils at the meeting of the Board held November 9, 1880, respectfully beg to present the following

REPORT:

Your Committee are of the opinion that the passage of the said resolution would be unwise and inexpedient for the following reasons:

It contemplates an expenditure of money for the employment of counsel to defend what, in the opinion of your Committee, has been an illegal proceeding on the part of the plaintiff, Jane P. Emmons, in erecting a structure on the public sidewalk, a part of which sidewalk had been paid for by the city to the owners for the purpose of widening Church street.

The structure in question is not a stand, but a two-story building, 85 feet long and seven (7) feet deep, which projects as far as what is known as the stoop-line in the street. According to section 17, chapter 335, of the Laws of 1873, sub-divisions 3 and 4, the Common Council is required to prevent the extension of building fronts and house fronts within the stoop-line; and it is also expressly stated that they shall have no power to authorize the placing or continuing of any encroachment or obstruction upon any street or sidewalk, except the temporary occupation thereof during certain building operations. So far from the Common Council possessing the power to authorize the extension of house fronts, it is their legal bounden duty to prevent the same, and in case such extensions are put up, to require the Commissioner of Public Works to remove them.

The resolution alludes to the fact that the Commissioner of Public Works has taken steps to remove Mrs. Emmons' structure while leaving other structures similar to hers undisturbed, although these latter were erected at a prior date, and without any license or authority.

It is proper, in explanation of this, to state that these other structures were in existence when the Commissioner assumed office; but this particular one under consideration was begun shortly after he entered upon the duties of his position, and without any authority either from the Common Council or from his Department. A complaint having been made, he took steps to prevent the completion of the building, as it was his duty to do; but the owner succeeded in obtaining permission from the Common Council to continue the erection. The case was then brought into court, and in the Supreme Court, Special Term, a decision was given in favor of the Commissioner. The case has now been appealed, and will ultimately be decided by the higher court.

Your Committee have no hesitation in saying that there is no power residing in the Common Council to authorize the occupation by any structure or building of the public thoroughfares, by which are meant both the roadway and what is known as the sidewalk—and by the sidewalk is meant that portion between the roadway and the exterior line of the street (see Ordinances of 1866, page 232). And in every case which has come before the Courts it has been decided that all these structures, some of which are in the carriageway, some partly in the carriageway and partly on the sidewalk, some within and others without the stoop-line, have been placed in the streets without authority of law, general and immemorial usage to the contrary notwithstanding. When the plaintiff in this case falls back upon authority derived from the Common Council, it is clearly no authority at all in point of law.

Many legal authorities might be quoted in support of this view of your Committee, but it is only necessary to cite a few.

Dillon on Municipal Corporations, says:

"A building or other structure of like nature erected on a street without the sanction of the Legislature, is a nuisance; and the local corporate authorities of a place cannot give a valid permission thus to occupy streets without express power" (which evidently means power expressly conferred in each instance) "to this end, conferred upon them by charter or statute."

Judge Van Vorst, of the Supreme Court, says:

"The public is entitled to the full and free use of all the territory embraced within the limits of a street or highway, in its full length and breadth, and any individual has a right to travel over any part of the same."

Mr. Justice Monell, of the Superior Court, says:

"It has been urged that an authority in the corporation can be found in its very long and frequent exercise of the power" (i. e., the power to authorize the erection of obstructions in the public thoroughfares) "in different parts of the city; but judicially I cannot admit the force of this. If the corporation has not the power, the assumption of it in any number of instances will not create such power. It must be found to exist outside of its own practice and precedents."

Judge Hoffmann says, in respect to a butcher's stall located in the street:

"It is out of the power of the Corporation, by the most solemn act of which it is capable, to confer upon any one the legal right to the use of it for a day."

Frequent reference is made to the decision of Judge Barrett, in relation to a stand authorized by the Common Council in 1878, and for the passage of the resolution conferring the authority certain Aldermen were indicted by the grand jury. The indictment was quashed by Judge Barrett, on the ground that the action of the Board of Aldermen in authorizing what might become a nuisance is not an indictable offense, and that the mere permission to keep a stand does not necessarily constitute a nuisance. The nuisance must be proved. And, secondly, the Recorder's charge to the Grand Jury was of a nature which the Judge considered to be objectionable. Judge Barrett, however, though stating that a news-stand is not necessarily an obstruction, goes on to quote Judge Allen as saying:

"It is not every slight interference with the use of a highway that will amount to a nuisance and be indictable as such. Slight inconveniences and occasional interruptions are incidental to any lawful use of the public highways, and are tolerated by reason of necessity and the benefits resulting to the public by the acts causing the interruption. If the obstructions are temporary and reasonable, they will not be declared illegal merely because the public may not, for the time being, have the full use of the highway."

Judge Barrett adds: "The result is inevitable, that a news-stand per se is not necessarily a public nuisance nor an obstruction within the meaning of the Charter. That it may become such cannot be doubted. Any structure, whether it be a news or any other stand, which blocks up the sidewalk and prevents free passage is both a public nuisance and a statutory obstruction."

This being Judge Barrett's opinion, it will be seen that he does not in any way justify the permanent occupation of the public thoroughfares for private uses. He simply states that a slight and temporary obstruction is not necessarily a nuisance, but that the reasons for its toleration are necessity and the benefits resulting to the public; and that, if the obstructions are temporary and reasonable, they would not necessarily be declared illegal. There is nothing in Judge Barrett's opinion to justify the erection of permanent structures in the public thoroughfares to be used for private purposes, and it has been settled by the Courts that, whether they interfere with travel or not, if they are permanently maintained in a public street without lawful authority—and no lawful authority resides in the Common Council for creating them—they are public nuisances per se.

In the case under consideration the building is an actual encroachment on the public domain, and covers several feet of the public thoroughfare. It is used for private purposes, and is in no sense an erection for the benefit of the general public. If it were removed, the space devoted to pedestrians would be several feet wider for the distance of eighty-five (85) feet.

Your Committee, so far from endorsing the implied censure of the Commissioner of Public Works contained in the resolution, are of the opinion that his action has been in accordance with the law and with public interest; and that, under the authority conferred upon him by the Charter, it was his right and duty to take steps to prevent the erection of this structure, and to remove it after it was erected. And your Committee believe that the removal of all structures of a similar character, and in fact all erections in the public thoroughfares which are not authorized by law—which constitute obstacles to travel, and are consequently nuisances per se—is imperatively demanded as a measure which is in accordance with the requirements and conditions of existing legislation on the subject, as well as with the public welfare.

In connection with the above, Alderman Sauer presented the following from the Surrogate:

SURROGATE'S OFFICE, December 4, 1880.

To the Honorable the Board of Aldermen:

GENTLEMEN—My attention has been attracted to what is called a veto by his Honor the Mayor of the resolution of your Honorable Board, adopted November 9, 1880, authorizing the Surrogate of this county to appoint certain clerks and messengers and Court officers for the Surrogate's Office and Court, and fixing the compensation of each, and to the so-called reasons for such veto.

When my application was presented to your Board, it was referred to the appropriate committee, before whom I appeared and gave such information as satisfied them of the propriety of the application. If I had supposed that the Mayor was comprehended in the legislative expression "The Board of Aldermen," I should have afforded him the same information, but as I regarded him a stranger to the proceeding provided for by section 2508 of the Code, I omitted to take him into the account.

But as the matter is about to come before your Board for further action, I most cheerfully reiterate what I had the honor to present to your Committee, so that you may fully understand the urgency and propriety of my application, and your action in the premises.

By section 2842 of the Code, general guardians of infants' property appointed by a Surrogate's Court are required to file, in January of each year, an inventory of the wards' property, and an account as such guardians.

By section 2844 it is provided that, in the month of February of each year, the Surrogate shall examine, or cause to be examined, all such inventories and accounts, and if the Surrogate shall certify to your Board that such examination cannot be made by him or any of his clerks "the Board must provide for the compensation of a suitable person to make the examination," and by section 2845 it is provided that if such guardian neglect to file such inventory or account, or if the interest of the ward require that he should render a more full inventory or account, the Surrogate shall make an order accordingly, and if within three months thereafter, he shall not so render the more satisfactory inventory or account, the Surrogate may appoint a special guardian to take proceedings for his removal.

In respect to the performance of this duty, it is perfectly apparent that in this county it will be utterly impossible to perform it within the month of February, for there will be required the examination of at least three thousand of such annual accounts and because proceedings are to be taken to compel such filing, and, in cases where a fuller inventory or account shall be ordered, three months' time is given to comply with the order, after which, in case of non-compliance, the proceedings for removal are to be taken. Hence, I assume that the duty is to be performed, though it cannot be done during the month of February.

The duty is also one of delicacy and great responsibility, and an examination of the statute will show that it is mandatory upon the Board of Aldermen to provide for the compensation of the person appointed to make the examination.

Suppose the Surrogate should assume to appoint a suitable person to perform that duty and leave him to obtain compensation therefor as he should be advised, it needs no prophet to predict that the expense to the County would amount to more than \$10,000 per annum.

As to the proposed increase for a private stenographer to the Surrogate, it is proper to say that such an appointment is absolutely essential to the proper administration of this office, whose business is constantly and rapidly increasing, and that while such a stenographer has been employed during my term without charge to the County, I cannot in justice to myself longer pay his salary out of mine.

In addition to the extra labor devolved upon this office already referred to, I beg leave to call attention to the fact that by section 2521, the Surrogate is required to make an order directing substituted service upon residents who cannot be found or evade service.

By section 2522, orders for service by publication are to be made; and by section 2523 a similar order is provided for.

By section 870, made applicable to the practice in Surrogates' Courts, the deposition of parties may be taken before the hearing, or of a person expecting to be a party; and by section 871, also made applicable, depositions of witnesses not parties may be so taken.

By section 2580 the Surrogate is required, in certain appeals, to fix the amount of an undertaking thereon.

By sections 2590, 2591, and 2666, letters testamentary of administration and guardianship are required to be granted by decree, which must be signed by the Surrogate, and entered at large in books kept for that purpose; whereas, heretofore, said letters were issued as of course, without the making or entry of decree.

By section 2595, the Surrogate may direct the deposits of securities to reduce penalty of Executors, Administrators or other Trustees Bond.

By section 2602, the Surrogate is empowered to direct as to the custody of money or property where executors, etc., disagree.

By section 2818, the Surrogate is authorized to appoint a successor to a deceased or lunatic testamentary trustee.

By section 2821, the Surrogate is authorized to appoint a general guardian of a non-resident infant, and by section 2860, he is authorized to appoint a successor to a testamentary guardian removed by him, and also such guardian removed, appointed by deed.

By section 2576, the Surrogate is required to settle a case upon appeal from a decree rendered upon trial of an issue of fact, involving the necessity of a careful reading of the testimony.

All these proceedings are additional to those required under the former practice, and required by the present Code, involving not only the signing, but the recording at large of additional orders and decrees amounting to many thousands each year.

In respect to the resolution authorizing the Clerk of the Surrogate's Court to receive for his own use the legal fees, etc., permit me to say that from 1870, to and including 1875, there was a Clerk of the Surrogate's Court at a salary of \$3,500 per annum, who also received in addition the fees now received by the present clerk under a resolution of the Board of Supervisors of 1865; an Accounting Clerk, at a salary of \$3,000, and an Assistant, at \$2,000, aggregating \$8,500 per annum in addition to the fees stated. During my term there has been one clerk performing the duties of Clerk of the Court, only compensated by the receipt of the fees. He has also performed the duties of Accounting Clerk, at a salary of \$1,800, with an Assistant, whose salary is \$1,000, aggregating \$2,800, and showing a decrease of \$5,700 per annum at those two desks.

The Mayor takes occasion to animadvert upon the alleged increase of the expenses of this office, and gives the appropriation for 1878 at \$35,000 for clerks' salaries, but he omits to state that the appropriation was found entirely inadequate to the proper administration of the office, and the sum of over \$7,000 was added by the Board of Apportionment, although considerable increase would seem to be justified, inasmuch as the census shows an increase of the population of the city of 20 per cent. since 1875, but notwithstanding this increase, the appropriations for clerk hire were as follows:

1870	\$88,400 00
1871	88,400 00
1872	60,000 00
1873	60,000 00
1874	50,000 00
1875	45,000 00

—and in every year deficiencies were made up by transfer of balances from other funds, and notably in the year 1870 such balances, added to the appropriation, aggregated over \$111,000.

An intelligent and fair estimate of the increased labor devolved upon this office by the new Code, saying nothing of the extra labor performed in establishing a new system, and making no reference to the large amount of labor expended in bringing up the arrears of work, the arrangement of the records and their removal from the old and cramped quarters, and the steady increase of the business, will show that the amount of increase covered by the resolution of your Honorable Board is exceedingly moderate and absolutely essential.

I refer to the very moderate salaries of the respective clerks and subordinates in this office and the amount of labor performed therein, and invite comparison with those of any other department in this city.

I can only reiterate what I said in my application, that the present duties of each of my clerks and subordinates engross his entire time during business hours; but, if there is any further information respecting the necessity of their employment or the reasonableness of their salaries, it will give me pleasure to furnish it.

I have the honor to be, most respectfully yours, etc.,

D. C. CALVIN, Surrogate.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISHING and laying Submarine Telegraph Cables, will be received by the Board of Commissioners of the Department of Public Charities and Correction, at the office of said Department, No. 66 Third Avenue, New York, City, until 9 o'clock A. M., of December 15, 1880. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates, to the head of said Department, at said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The contract, if awarded, will be awarded as soon as practicable after the opening of the bids, to the bidder whose proposal or bid, considering the price, quality, and durability of the Cables which he offers to lay, will, in the opinion of the said Department, be most advantageous to the city. But the Department will reject all bids or estimates received if it shall deem it for the interest of the city to do so, and may readvertise until a satisfactory proposal or estimate shall be received. And the contract, when awarded, will be awarded to the lowest bidder for the particular kind of Cable which is or shall be adopted by the said Department. The entire work to be completed within thirty (30) days after award of contract.

The following is a statement, as near as is possible, in advance, of the quantity and quality of the supplies and nature and extent of the work required, to wit:

Three Submarine Telegraph Cables to be furnished and laid, in all about 2,500 feet in length, viz:

From at or near the foot of East Fifty-sixth street, New York, to Blackwell's Island, about 1,250 feet;

From at or near the foot of East One Hundred and Twenty-second street, New York, to Randall's Island, about 650 feet; and

From Randall's Island across Little Hell Gate to Ward's Island, about 600 feet.

The Cables are to be Submarine Cables of three conducting wires, each consisting of not less than four No. 19 Copper Wires twisted. The insulation to be not less than nine thirty-seconds of an inch in diameter, with bedding of woven banding and hemp, tarred, and armor to be of not less than fifteen No. 5 Galvanized Iron Wires, spirally laid. The weight of the cables to be about 8,200 pounds to the mile.

The Cables to be furnished with proper and sufficient cable boxes, posts, connections with the land lines, lighting arresters, keys, and sounders.

The amount in which security is required for the performance of the contract is Two Thousand Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the work, etc., required, before making their estimates. Bidders will state a price per linear foot for furnishing and laying and in all respects completing Cables, by which price the bids will be tested. This price is to include the furnishing, setting, and placing of all the cable-boxes, the posts therefor, the lightning arresters, the keys and sounders, the connections with the land lines, and all the latest improvements.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract.

The form of the agreement, including specifications, will be furnished at the office of the Department.

Dated New York, December 2, 1880.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for building a Station-house, Lodging-house, and Prison," and with his or her name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

The nature and extent of the work to be done, as near as it can be stated, is as follows: The building of a Station-house, Lodging-house, and Prison on the lot belonging to the Corporation of the City of New York, on the west side of Elizabeth street, two feet south of Canal street, New York City, to consist of two buildings, one 50 feet by 62 feet 4 inches, of brick, with granite and marble trimmings, four stories and basement high, and covered with a flat roof and galvanized iron cornice, and the other 50 feet by 21 feet 8 inches, of brick, blue stone, and iron, two stories and basement high, and covered with a flat tin roof.

All the old buildings, walls, and other materials now on the lot are to be removed by the Contractor, and shall be his property. And bidders, in making their estimates, will consider the value of such materials.

For further particulars reference must be made to the plans and specifications on file in the office of the Chief Clerk of the Department.

The Police Department reserves the right to reject any or all estimates not deemed beneficial or satisfactory. No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or her bond, with two sufficient sureties, in the penal sum of twenty thousand dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the profits or work to which it relates, or in any portion of the supplies thereof.

The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for his faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

JURORS.

NOTICE
IN RELATION TO JURORS FOR
STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, July 1, 1880.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,
County Court-house (Chambers street entrance).
