##### MOTIONS AND RESOLUTIONS.

###### By Alderman Martin—

Whereas, The pusillanimous conduct of Minister James Russell Lowell, at the Court of St. James, in treating with Earl Granville regarding the arrest, without warrant, and imprisonment, without trial, of American citizens, is so utterly inexcusable and so directly in violation of the national sentiment respecting the rights and immunities belonging to American citizenship, that it calls a blush of shame and indignation to the cheeks of every lover of this Republic; and,

Whereas, The gallant conduct of the representatives of the United States in the harbor of Smyrna, on the ever-memorable occasion of the protection afforded Martin Koszta by the American Consul and Commander Ingraham, of the United States sloop-of-war St. Louis, is yet fresh in the recollections of many of our people, and the outburst of popular approval then bestowed upon the brave Ingraham, clearly proved that his prompt and decisive action struck a responsive chord in the hearts of the American people; and,

Whereas, The action of Lowell, in dealing with England, and Ingraham, in dealing with Austria, in parallel cases, is in such marked and painful contrast that a sensation of indignation and mortification now pervades the people of this country, and the Common Council but voices the wishes and feelings of the people of this city when it asks, in their behalf, that the President of the United States shall recall Minister Lowell, and appoint in his place a citizen of this Republic who will properly represent the American people at the English Court—a sycophant is neither a safe nor creditable representative of a free people to keep at any of the monarchical courts of Europe, or elsewhere; be it, therefore,

Resolved, That Chester A. Arthur, President of the United States, be and is hereby, in the most earnest yet respectful manner, requested to recall Minister Lowell from the British Court, and replace him by an American citizen who will see to it that the English Government will not dare to outrage American nationality, and who will also see to it that, when directed by the President, American law, which provides that "whenever it is known that a citizen of the United States has been unjustly deprived of his liberty, it shall be the duty of the President to demand the reasons of such imprisonment; and if it appear to be wrongful, and in violation of American citizenship, the President shall forthwith demand the release of such citizen," shall be fearlessly and rigidly enforced; and be it further

Resolved, That a duly authenticated copy of the foregoing preamble and resolution be transmitted by the Clerk of this Common Council to the President of the United States.

By Alderman Roosevelt—

Whereas, The City of New York is entitled to the rights of a free city, and to govern its local affairs as fully as any other city in the State; we, the Board of Aldermen, who are elected by the suffrages of the citizens and represent their wishes, protest against the theory of government by commissioners created by laws of the Legislature, and by legislators who are not acquainted with the needs of the city, are not interested in its welfare, and do not suffer the consequences of its misgovernment; and

Whereas, There are residents of this city in sufficient numbers, and of sufficient ability, to fill all the municipal offices, we especially and indignantly protest against the selection and appointment of non-residents to offices of power, honor, and emolument which are of purely local character; or of the appointment of "so-called citizens," men taken from Sag Harbor, at one end of the State, to Buffalo, at the other, who come here for plunder, to live off the taxes paid by our people, and not with the intention of taking up a permanent home with us, but of returning, after their terms of office shall have expired, like conquerors with the booty of victory; and

Whereas, The worst form of commission is that which is misnamed non-partisan, and which, being equally divided between the two political parties, has for its first and chief duty the division of office equally on a purely partisan basis among its employees before it can select them for their skill or capacity, and as the worst form of commission is that of two commissioners chosen in this way, we denounce any and all legislation for the creation of such commissions, and demand that if commissions of any kind are to be created they shall consist of a single head, who, if not directly responsible to the people for his acts, as he ought to be, shall at least place that responsibility upon the party which he represents, and which places or continues him in power; and

Whereas, The greatest evils in our city government have arisen from a refusal to treat this city as the other cities of the State are treated, and give it local self government, we demand that if any changes are made in the charter by the present Legislature, they shall be in the direction of allowing

the people more control over their own affairs, and more voice in the choice of their municipal officers;

Resolved, That a copy of the foregoing protest be sent by the Clerk of this Board to each representative elected from this city in the Legislature of the State.

Alderman Kirk moved that the resolution be laid on the table.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative by the following vote, on a division called by Alderman Roosevelt, viz.:

Affirmative—The President, Aldermen Brady, Duffy, Finck, Fitzpatrick, Fleishbein, Hawes, Kenney, Kirk, Levy, Martin, McClave, McLean, and Wells—14.

## COMMISSIONERS OF ACCOUNTS.

ROOM 1, COUNTY COURT-HOUSE,  
NEW YORK, March 15, 1882.

*Hon. W. R. GRACE, Mayor:*

SIR—Having made a complete examination of the accounts of the Police Department for the year 1881, I have the honor to report to you that I find them correct in all particulars, with proper vouchers for all the expenditures.

Exhibit "A" contains a statement of the expenditures for the year, according to the quarterly reports made to you by the Commissioners, after correcting some small clerical errors found therein. Their last report covered the payments on account of the year 1881 up to the 24th of January, 1882, at which date there was a balance of cash on hand amounting to..... \$86,155 81

Between that time and February 15 there were cash receipts of..... 377 52

And further payments of..... \$86,533 33

Leaving the balance of cash on February 15..... 3,572 97

Which was distributed as follows:  
In the Importers and Traders' National Bank..... \$11,714 01  
In the National Bank of North America..... 26,247 44  
In the Oriental Bank..... 44,693 09  
On hand in the office..... 305 82

\$82,960 36

—as was verified by the bank pass-books.  
The unpaid liabilities are estimated as follows:  
For alterations and repairs in station-houses..... \$2,354 00  
For supplies to police..... 150 00

\$2,504 00

They may somewhat exceed this estimate, but there can be no doubt that the Commissioners will be able to repay to the City Treasury nearly, if not quite, \$80,000.

Exhibit "B" contains an analysis of the payments made from the appropriation for supplies for police.

An abstract of the operations of the Police Pension Fund appears in Exhibit "C."  
The cash in bank on January 1, 1881, was..... \$22,534 73  
And on December 31..... 2,873 48

Showing a decrease in the year of..... \$19,661 25

But the bonds on hand on December 31, at par value, were..... \$297,000 00  
And on January 1..... 268,000 00

Showing an increase in the year of..... \$29,000 00

While \$91,702.13 are charged in Exhibit "A" as paid to the Pension Fund, only \$91,531.50 are credited on Exhibit "C" as received by it. This apparent discrepancy is simply explained. The Pension Fund account was closed on December 31, and \$170.63 were transferred to it in January from the pay of the Tenement and Lodging House Squad for 1881, which will appear in the Pension Fund account for 1882.

I am, sir, your obedient servant,  
J. W. BARROW, Commissioner of Accounts.

1. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and shall not at any time after the submission of an estimate dispute or complain of such statement nor assert that there was any misunderstanding in regard to the depth of the excavation to be made or the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the work and the plan therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated, which shall be actually performed at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

The person making any bid or estimate must furnish the same enclosed in a sealed envelope, directed to the head of the said Department, at its office, on or before the 5th day of April, 1882, at nine and a half o'clock A. M.

The envelope must be endorsed with the name or names of the persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate Box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids or items for which bids are not with called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the several contracts is as follows:

For No. 1, above mentioned..... \$2,000 00  
" 2, " " ..... 4,500 00  
" 3, " " ..... 2,500 00  
" 4, " " ..... 1,500 00  
" 5, " " ..... 700 00

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the city to do so, and to re-advertise until satisfactory bids or proposals shall be received.

But the contracts when awarded will in each case be awarded to the lowest bidder.  
Blank forms for proposals and the forms of the several contracts which the successful bidders will be required to execute, can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, 36 Union Square.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each of the four classes of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on, until it is accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work, or either class thereof, shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Engineer's estimate of the quantities of material necessary to be dredged, in order to secure at each of the premises mentioned the depth of water set opposite thereto in the specifications, is as follows:

CLASS 1, ON NORTH RIVER.

Foot of West Fifty-first street...about 8,000 cubic yards.

CLASS 2, ON EAST RIVER.

Foot of East Twenty-sixth street...about 6,000 cubic yards.

Estimates may be made for either one, or both, of the above two classes.

N. B.—As the above mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of their estimates, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work contracted for, to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard in each class, to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder to whom an award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of Eight Hundred Dollars for Class 1, and in the sum of Six Hundred Dollars for Class 2, and in case the contract for both of the above-named classes be awarded to him in the sum of the aggregate amount required for the classes awarded to him.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed on or before the 15th day of May, 1882, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for fulfillment has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at fifty dollars per day. But the Board of Docks may extend the time for the completion of the work, if, in its judgment, the work has been delayed by ice in the river or harbor, or by very severe weather.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law, and any material dredged, not so deposited, shall not be paid for.

Bidders will state in their estimates a price for the whole of the work to be done in either or both of the above two classes respectively, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each of the two classes of this work.

The person or persons to whom the contract may be awarded will be required to attend at said office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it is accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk thereof, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York, any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made, and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

cations will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made, and prior to the signing of the contract.

BIDS OR ESTIMATES INCLOSED IN A SEALED envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until Monday, April 10, 1882, at 12 o'clock M., at which hour and place they will be publicly opened by the head of the Department, and read, for

FURNISHING MATERIALS AND PERFORMING WORK IN THE ERECTION OF A MARKET BUILDING ON THE SITE OF THE BUILDING NOW KNOWN AS JEFFERSON MARKET.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and

above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate Box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms of bid or estimates, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired can be obtained on application at the office of Douglas Smyth, Architect, No. 137 Broadway.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

GEORGE CAULFIELD,  
Commissioner of Jurors,  
Room 17, New County Court-house.
