Whereas, It is believed that a large amount of money would have been saved in the expenses of the Street Cleaning Bureau if the Board of Apportionment had made an appropriation for building suitable self-dumping boats for the purpose of receiving filth from the streets and taking it to sea by their own propellers; and it is believed, also, that the city now pays yearly, for the use of unsuitable scows and tugs, more than the legal interest on one million dollars; be it therefore

Board, as soon as possible, the amount of money paid for the hire of scows, tugs, and wages of laborers to unload these boats at sea for the past year; and be it further

Resolved, That the said Commissioners also report the number of days in the last year that the class of boats now in use have been unable to go to sea, and if pay is not required to be made for such vessels while they are tied up to the docks in this city on account of stormy weather.

NOTICE  
IN RELATION TO JURORS FOR  
STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, June 1, 1877.

APPLICATIONS FOR EXEMPTIONS WILL BE  
heard here from 9 to 4 daily, from all persons hitherto  
liable or recently serving who have become exempt, and  
all needed information will be given.

Those who have not answered as to their liability, or  
proved permanent exemption, will receive a "jury enroll-  
ment notice," requiring them to appear before me this  
year. Whether liable or not, such notices must be an-  
swered (in person, if possible, and at this office only) under  
severe penalties. If exempt, the party must bring proof of  
exemption; if liable, he must also answer in person, giving  
full and correct name, residence, etc., etc. No attention  
paid to letters.

Persons "enrolled" as liable must serve when called  
or pay their fines. No mere excuse will be allowed or  
interference permitted. The fines, received from those  
who, for business or other reasons, are unable to serve at  
the time selected, pay the expenses of this office, and if  
unpaid will be entered as judgments upon the property of  
the delinquents.

All good citizens will aid the course of justice, and  
secure reliable and respectable juries, and equalize their  
duty by serving promptly when summoned, allowing their  
clerks or subordinates to serve, reporting to me any attempt  
at bribery or evasion, and suggesting names for enrollment.  
Persons between sixty and seventy years of age, summer  
absentees, persons temporarily ill, and United States and  
District Court jurors are not exempt.

Every man must attend to his own notice. It is a mis-  
demeanor to give any jury paper to another to answer.  
It is also punishable by fine or imprisonment to give or  
receive any present or bribe, directly or indirectly, in re-  
lation to a jury service, or to withhold any paper or make  
any false statement, and every case will be fully prose-  
cuted.

The Department will make, prior to the commencement of the term of lease in each case, such repairs to any of the above-named premises, in the judgment of the Commissioners, needing them, as they may consider necessary to place the premises in suitable condition for service during the terms for which leases are to be sold, except that no repairs will be made to any of the above-named premises where it is stated that they will not be repaired by the Department; but all the premises must be taken in the condition in which they may be on the date of commencement of said terms, respectively; and no claim that the property is not in suitable condition at the commencement of the lease, will be allowed by the Department; and all repairs and rebuilding required and necessary, during the terms leased, are to be done at the expense and cost of the lessees.

Purchasers will be allowed three months, from date of commencement of their leases, in which to notify the Department that dredging is required at the premises leased; and the Commissioners guarantee to do all possible dredging, as soon after being notified of the necessity thereof, as the work of the Department will permit, except that no dredging will be done at any of the above-named premises where it is stated that they will not be dredged by the Department; but in no case will the Department dredge where a depth of ten feet at mean low water already exists, nor after that depth shall have been obtained by dredging; and no claim will be received or considered by the Department, for loss of wharfage or otherwise, consequent upon any delay in doing the work of such dredging, or consequent upon the premises being occupied for dredging purposes. All dredging required at any of the above premises, of which the purchaser of the lease therefor shall neglect or omit to notify the Department during the first three months of the term of the lease, and all dredging necessary during the remainder of such term, is to be done at the expense and cost of the lessee.

The up-set price for each of the above-named premises will be fixed by the Department of Docks, and announced by the auctioneer at the time of the sale.

Each purchaser of a lease will be required, at the time of the sale, and in addition to the auctioneer's fees, to pay to the Department of Docks twenty-five per cent. of the amount of annual rent bid, as security for the execution of the lease, and which twenty-five per cent. will be applied to the payment of the rent first accruing under the lease, when executed, or forfeited if the purchaser neglects or refuses to execute the lease and bond within five days after being duly notified that the lease is prepared and ready for signature. The Commissioners reserve the right to resell the leases bid off by those failing to comply with these terms; the party so failing to be liable for any deficiency which may result from such resale.

Lessees will be required to pay their rent quarterly, in advance, in compliance with a stipulation therefor in the form of lease adopted by the Department.

Two sureties, each a freeholder and householder in the City of New York, and to be approved by the Commissioners of Docks, will be required, under each lease, to enter into a bond jointly with the lessee in the sum of an

amount double the annual rent for the faithful performance of all the covenants of the lease; and each purchaser will be required to submit, at the time of the sale, the names and address of his proposed sureties.

Each purchaser will be required to agree that he will, upon being notified so to do, execute a lease prepared upon the printed form adopted by the Department, which can be seen upon application to the Secretary, at the office, 119 Duane street.

No person will be received as lessee or surety who is delinquent on any former lease from the Corporation; and no bid will be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

## TO CONTRACTORS.

## PROPOSALS FOR FURNISHING SMALL COBBLE, RIP-RAP AND BROKEN STONE, AND SAND.

**SEALED PROPOSALS FOR FURNISHING** these materials, indorsed as above, and with the name or names of the person or persons presenting the same, and the date of presentation, and addressed to "The President of the Department of Docks," will be received at this office until 12 o'clock M. of

MONDAY, MAY 5, 1879.

at which time and place the bids will be publicly opened by the head of said Department and read. The award of the contract or contracts will be made as soon as practicable after the opening of the bids.

The Engineer's estimate of the quantities to be furnished is as follows:

Class 1.—Small Cobble and Rip-rap Stone for Bulkhead or River Wall, to be deposited in place by Contractor.

A. About 13,500 cubic yards of Small Cobble Stone.

B. About 14,500 cubic yards of Rip-rap Stone.

Class 2.—Broken Stone for Concrete.

About 2,400 cubic yards of broken stone.

Class 3.—Sand.

About 1,000 cubic yards of sand.

Proposals may be made for one or more of the above three classes.

The above material to be furnished in accordance with specifications, and to be delivered as called for by orders from the Engineer-in-Chief.

The small cobble and rip-rap stone for the bulkhead or river wall is to be delivered and properly deposited around and between the piles, and in front and rear of the work, at such points on the North river, south of Fourteenth street, as may be designated by the Engineer. The small cobble only is to be placed between the piles, and the rip-rap is to be placed in front and rear of the foundation, and is to be properly mixed with small cobble.

The broken stone and sand are to be unloaded and delivered by the contractor upon the scows of the Department, or upon piers or bulkheads, at such point or points along the North river water-front, south of Fourteenth street, as shall be designated, from time to time, by the Engineer.

All material will be measured, in bulk, on board the vessels of the contractor, at the place of delivery.

The foregoing are the quantities which have been estimated approximately for the construction of the bulkhead or river wall proposed to be built during the year. They form, however, no part of the contract, and persons bidding are cautioned that the Department of Docks does not hold itself responsible that any of them shall strictly obtain in the construction of the work, and reserves the right to terminate the contract at any time after the delivery of the following quantities, to wit:

Class 1.—A. 4,500 cubic yards.

B. 5,000 cubic yards.

Class 2.—800 cubic yards.

Class 3.—350 cubic yards.

Any bidder for this contract must be well prepared for the business, and the bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of seven thousand dollars, in case the whole contract shall be awarded to him; or in the sum of five thousand dollars for the contract for small Cobble and Rip-rap Stone only; or in the sum of one thousand five hundred dollars for the contract for Broken Stone only; or in the sum of two hundred dollars for the contract for Sand only.

This contract is to cease and terminate on the 27th day of December, 1879, and fifty dollars per day is fixed as the liquidated damages, and will be exacted for each day that the delivery of any part of the said materials shall be delayed for ten days after the receipt of the necessary order therefor, Sundays and holidays not to be excepted.

Bidders will state in their proposals the price per cubic yard for either or all of the above three classes of materials respectively, by which the bids will be tested. The price is to cover all expenses of every kind, involved in or incidental to the delivery, including any claim that might arise through delay from any cause in the receiving of the material by the Department.

Bidders will write out the price bid, in addition to inserting the same in figures.

If the lowest bidder or bidders neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they shall accept, but shall refuse or neglect to execute the contract and give the proper security for forty-eight hours after notice that the same is ready for execution, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their proposals their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the proposal shall distinctly state the fact; also that the bid is made without any connection with any other person making any estimate for the same purpose, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by section 9, of chapter 574, Laws of 1871, and by section 27 of chapter VIII, of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons

for whom he consents to become surety. The adequacy and sufficiency of the sureties offered are to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the proposals is reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained upon application at the office of the Department, Room No. 6.

#### TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISHING two new boilers at Bellevue Hospital will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9 o'clock A. M., of Tuesday, the 13th day of May, 1879. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate" for two new boilers at Bellevue Hospital, and with his or their name or names, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The work will be required to be finished within ninety (90) working days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal sum of an amount equal to one-half of the amount of the bid.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and re-let as provided by law.

Bidders are cautioned to examine the specifications for particulars of the work required, before making their estimates.

Bidders will state the price for furnishing the boilers and putting them in place, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
