The Commission met, pursuant to adjournment.

Present—James M. Varnum (Chairman pro tem.) and Daniel P. Hays, Commissioners.
Of Counsel—Thomas S. Bassford, Esq., representing numerous claimants.

The reading of the minutes of the last session was dispensed with.

A representative from the office of the Corporation Counsel appeared and stated that, owing to the serious illness of Mr. Ward's child, he would not be able to be present to-day, and requested an adjournment.

The Clerk submitted to the Commission a copy of chapter 567 of the Laws of 1894, amending chapter 537 of the Laws of 1893, duly certified by the Secretary of State, and the Commission directed that the same be entered upon the minutes.

The Commission further directed the Clerk to have printed not exceeding one thousand copies of the above act, for the use of the Commission, counsel and claimants.

The following is a copy of the act:

CHAPTER 567, LAWS 1894.

AN ACT to amend chapter five hundred and thirty-seven of the laws of eighteen hundred and ninety-three, entitled "An act providing for ascertaining and paying the amount of damages to lands and buildings suffered by reason of changes of grade of streets or avenues, made pursuant to chapter seven hundred and twenty-one of the laws of eighteen hundred and eighty-seven, providing for the depression of railroad tracks in the twenty-third and twenty-fourth wards in the city of New York, or otherwise."

Became a law May 9, 1894, with the approval of the Governor. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Sections one to seven, inclusive, of chapter five hundred and thirty-seven of the laws of eighteen hundred and ninety-three, are hereby amended so as to read respectively as follows:

§ 1. All persons owning lands, tenements or hereditaments in One Hundred and Fifty-seventh street, formerly Prospect street, or in any other street or avenue in the twenty-third or twenty-fourth wards of the city of New York, which lands, tenements or hereditaments have sustained damages, or will sustain damages, by reason of a change of grade of any street or avenue, which change was made in conformity with the provisions of chapter eight hundred and forty-one of the laws of eighteen hundred and sixty-eight; chapters three hundred and twenty-nine and six hundred and four of the laws of eighteen hundred and seventy-four; chapter four hundred and thirty-six of the laws of eighteen hundred and seventy-six; chapter seven hundred and twenty-one of the laws of eighteen hundred and eighty-seven, or chapter three hundred and twenty-nine of the laws of eighteen hundred and ninety-two, or was brought about by reason of the grading of the Elton avenue, Railroad avenue, or Melrose avenue, where such former grade had been duly established by competent authority according to law, by the board of trustees of the town of Morrisania, or where such grade had been established or had existed as a surface grade for twenty years prior to this act taking effect, shall be entitled to prove and recover the same from the mayor, aldermen and commonalty of the city of New York, as hereinafter provided. Provided, however, that as to lands or lands and buildings fronting on any street or avenue, except One Hundred and Fifty-seventh street, the benefits under this act shall be limited to the area within which grades are changed, as shown on any map filed pursuant to chapter seven hundred and twenty-one of the laws of eighteen hundred and eighty-seven.

§ 2. Within thirty days after the passage of this act the mayor of the city of New York is hereby authorized and directed to appoint as commissioners, three discreet and disinterested persons, who before entering upon the performance of their duties, shall, respectively, take, subscribe and file, in the office of the county clerk of New York county, an oath to faithfully perform their duties as such commissioners. Said commissioners, or a majority of them, shall have exclusive jurisdiction to estimate the loss and damage which each owner of land or land and building fronting on any such street or avenue, has sustained or will sustain by reason of such change, when such owner shall have filed with the comptroller of said city a claim for damages, briefly describing the property of such owner or party affected, and the nature and particulars of the claim for damages. Such claim must be filed with said comptroller and a duplicate thereof with the counsel to the corporation within six months after the first public meeting of said commissioners.

§ 3. It shall be the duty of said commissioners, or a majority of them, to inquire into the facts or circumstances relating to any claim filed as aforesaid, and to hear the evidence in support thereof or in opposition thereto, and on every such inquiry and hearing to administer oaths or affirmations to all persons testifying, and after duly considering the evidence, to award such damages to the respective parties filing such claims, as shall be under the circumstances, and on the evidence presented, just and equitable, and they shall in determining such relief, consider as one of the elements of such damage the fair value of the work done, or necessary to be done, in order to place the claimant's land or building or both in the same relation to the changed grade, as they stood to the former grade and make awards accordingly. A majority of said commissioners shall constitute a quorum for the hearing of any application, and the damages awarded must be concurred in by at least a majority of the commissioners. They or any person who has filed any such claim, or the counsel for said city, as hereinafter provided, shall have power to summon witnesses, and require the production of books and papers and the attendance of witnesses, and the production of books and papers may be compelled under and in pursuance of the provisions of title two of chapter nine of the code of civil procedure.

§ 4. It shall be the duty of the counsel to the corporation properly to protect, maintain and defend the interests of the city in relation to all matters before said commissioners, pursuant to the provisions of this act.

§ 5. Said commissioners, when so appointed by the mayor, as hereinafter provided, shall have power to appoint a clerk and a stenographer, and it shall be the duty of the comptroller of the city of New York to provide suitable and sufficient office accommodations for the transaction of the business of said commission. Notice of all meetings of said commissioners given by publication in the CITY RECORD, in such form as they shall determine shall be sufficient for all purposes, and such meetings shall be held in the city of New York as frequently as necessary for the despatch

of the duties hereby imposed upon them. All meetings, except for consultation and decision, shall be public. A minute book shall be kept by such commissioners, or under their supervision, in which shall be entered a faithful record of all their proceedings, which shall be at all times open to the public for inspection, and on the final adjournment of the commissioners shall be filed in duplicate in the finance department, and in the office of the clerk of the common council. The said commissioners or a majority of them, shall have full power to determine the order and manner in which cases shall be heard and in which evidence shall be taken; to decide all questions as to the competency, relevancy and materiality of testimony; to fix and limit the time within which evidence and argument in each case may be submitted; and generally, except as herein specifically provided, to determine and prescribe the mode and manner in which all proceedings taken before them shall be conducted. All evidence, whether offered on behalf of the claimants or the city, is required to be submitted within four years from the date of the first public meeting of said commissioners, and the decision of the commissioners, or a majority of them, in every case is required to be rendered in writing within one year after said last mentioned date, whereupon, but not until after the decision by them of all matters submitted to them under the provisions of this act, the jurisdiction and authority of said commissioners shall cease, unless extended, except as hereinafter otherwise provided. Nothing in this section contained shall be construed as preventing such commissioners from rendering any decision in any case, as soon as any such determination is reached. And the time for the submission of evidence, or for the making of a decision by the commissioners may be extended beyond the times, respectively hereinafter specified, on the application of any party in interest, by the general term of the supreme court in the first judicial district, in such manner and upon such notice as the court may direct. In case of the death, resignation, refusal or failure to act of any one or more of the aforesaid commissioners then, and in that case, every power conferred and every duty devolved upon said commissioners shall be possessed and exercised by the remainder of said commissioners, and a certificate, signed and filed as herein provided by such remainder, shall be valid and effectual for every purpose of this act. In the event of death, resignation, refusal or failure to act of any member of said commission, upon a certificate of that fact signed by the surviving members of said commission, being presented to the mayor of said city, he is hereby authorized to appoint a successor in the place and stead of any such commissioner. In case of the temporary absence of any commissioner, the testimony taken and other proceedings had in the presence of the other commissioners during such absence, may be submitted to such absent one, and he may act thereon, with the same force and effect as though personally present during the taking of such testimony or other proceedings.

§ 6. The said commissioners shall award such relief as, in their judgment, is just and equitable, in view of the circumstances of each case brought before them by the claim filed, as aforesaid, and shall determine what relief, if any, is to be awarded in respect of each such lot or parcel of land, with the buildings and improvements thereon, if any, and what award, if any, is to be allowed as damages, upon such lot or parcel, and thereupon they shall file in each case in the department of finance in said city a certificate, signed by the whole or a majority of said commissioners specifying the amount of such award and the person or persons to whom the same is made; and the amounts thereof, respectively, together with any counsel fee or disbursements as may be allowed by the said commissioners, in their discretion, to the attorney for any claimant or claimants to whom an award is made; and the amount of any award made as aforesaid, together with such allowance, if any, shall thereupon become a charge against the mayor, aldermen and commonalty of the city of New York, in favor of the respective persons to whom the same shall be made, and shall be provided for by the issue of bonds, by the comptroller of said city of New York, which shall bear interest at the rate of not exceeding four per centum per annum redeemable in fifteen years; said bonds shall be not disposed of at less than the par value thereof. The expenses of said commission and the fees of said commissioners shall also be provided for by the issue of like bonds.

§ 7. Said commissioners, or their successors, shall each be entitled to receive for his services the sum of three thousand dollars per annum, payable in equal monthly installments. A properly verified voucher shall be filed in the finance department, together with a certificate signed by said commissioners, or a majority of them, as to the amount of the other expenses of said commissioners, all of which, including said compensation to the commissioners, shall be payable as provided in section six of this act.

§ 2. The title of said act is hereby amended so as to read "An act for ascertaining and paying the amount of damages to lands and buildings suffered by reason of changes of grades of streets or avenues in the twenty-third and twenty-fourth wards of the city of New York, made pursuant to chapter eight hundred and forty-one of the laws of eighteen hundred and sixty-eight; chapter three hundred and twenty-nine and six hundred and four of the laws of eighteen hundred and seventy-four; chapter four hundred and thirty-six of the laws of eighteen hundred and seventy-six; chapter seven hundred and twenty-one of the laws of eighteen hundred and eighty-seven and chapter three hundred and twenty-nine of the laws of eighteen hundred and ninety-two."

§ 3. This act shall take effect immediately.

The Supervisor of the City Record informed the Board that one of the requisitions from the Department of Street Cleaning, dated June 2, was for permit books, etc., made necessary by the Act of 1894, transferring the right to license the keeping of trucks, etc., in the streets at night to that Department from the Mayor's Marshal, and the other was for blanks and books to carry on new methods of business in that Department.

A communication from the Assistant Secretary of the Department of Parks, asking that certain items of stationery called for by a requisition dated April 6, be allowed, on account of the increase of work in that Department caused by the One-Million-Dollar Act of 1894, was laid before the Board. The request was refused.

The Supervisor of the City Record reported that although the Department of Charities asked to have its reports for 1892 and 1893 printed, he had learned that those reports had not been prepared. The Mayor said he thought it strange that a request for the printing of reports should be made before they were written, and that he could not understand the value of reports made years after the close of the periods they were intended to cover. On his motion the requisition was laid over.

By a concurrent vote of the three officers, the Supervisor was instructed to procure by direct order, that is, without contract let after advertisement, the articles called for by the requisitions allowed, that course being deemed to be for the best interests of the city.

A communication was received from the Counsel to the Corporation approving the request of the Public Administrator, dated May 14, 1894, for authority to publish his report for 1893 in the "Daily News" twice in each week for three weeks. On motion of the Mayor, and by a concurrent vote of the three officers, the desired authority was given.

Bills were approved as follows: Charles Dougherty, \$1,235.90 (Voucher 146—contract for file-boards); L. W. Ahrens Stationery and Printing Company, \$26,397.35 (Voucher 147—contract for stationery); John F. Hahn, \$207.90 (Voucher 151—contract for indexes to health records); "New York Law Journal," \$333.33 (Voucher 152—for publishing calendars during May); M. B. Brown, \$6,008.77 (Voucher 156—for publishing CITY RECORD during May); Washington H. Hettler, \$5 (Voucher 157—for postage stamps).

Pay-rolls were approved: Robert McManus, William H. Levett and Peter Leatham, \$21 each (Vouchers 148, 149 and 150—services as Bookbinders); same persons, \$17.50 each (Vouchers 153, 154 and 155).

Adjourned.

W. J. K. KENNY, Secretary.

The lease will contain a covenant providing for the purchase, by any person or corporation other than the purchaser at the present sale, that may acquire said ferry franchise after the expiration of said term, at a fair appraised valuation of the boats, buildings and other property of the former lessee, actually necessary for the purpose of said ferry or franchise, and the surrender and yielding up of the premises by the lessee, if the lessee shall not become the purchaser of the franchise for another term, which appraisal shall be made in the usual way before advertising a lease for a new term of the franchise, at least three months prior to the termination of the lease; provided that the Mayor, Aldermen and Commonality of the City of New York shall not in any event be deemed to covenant to purchase said property.

The rates of ferrage and charges for vehicles and freight shall not exceed the rates now charged.

The form of lease which the purchaser will be required to execute can be seen at the office of the Comptroller. The right to reject any bid is reserved, if deemed by the Comptroller to be in the interest of the City.

TERMS AND CONDITIONS OF SALE.

The highest bidder for the lease of the franchise and wharf property of said ferry will be required to pay the auctioneer's fee and to deposit with the Comptroller, at the time of the sale, a sum equal to twenty-five per cent. of the amount of his bid therefor, which sum shall be credited on the rent of the first quarter of the first year of the term of the lease, or be forfeited to the City if the lease shall not be executed by the highest bidder or purchaser when notified and required by the Comptroller.

The minimum or upset price for the franchise is five per cent. of the gross receipts, and the total yearly rental therefor shall not be less than \$22,500 00. For the wharf property the yearly rental is fixed at \$21,500 00.

Total \$44,000 00

—payable in advance quarterly.

The lessee of the ferry will also be required to give a bond in double the amount of the yearly rental, with two sufficient sureties, approved by the Comptroller, and conditioned for the faithful performance of the terms and conditions of the lease, which will be such as are required by law and the ordinances of the Common Council, relating to ferries, and usually contained in ferry leases, which conditions shall be approved by the Counsel to the Corporation.

The lease will contain a covenant providing for the purchase by any person or corporation other than the purchaser at the present sale that may acquire said ferry franchise after the expiration of said term, at a fair valuation, of the boats, buildings and other property of the lessee used in and actually necessary for the operation of said ferry, upon the termination of the lease, and the surrender and yielding up of the premises by the lessee, if the lessee shall not become the purchaser of the franchise for another term, which appraisal shall be made in the usual way, before advertising the lease for a new term of the franchise, at least three months prior to the termination of the lease; but the Mayor, Aldermen and Commonality of the City of New York shall not be deemed thereby to covenant to purchase said property in any event.

The lease also shall contain a provision that the number of boats employed and the number of regular trips made daily shall not be less than those now employed and made in operating the said ferry, and that at least three regular trips shall be made between the hours of one o'clock A. M. and five o'clock A. M., daily, at an interval of one hour and twenty minutes between each trip.

A further condition of the sale is that the purchaser and lessee of the franchise of the ferry to Bay Ridge, Long Island, may have the use for its ferry purposes of that portion of the landing and buildings thereon at the foot of Whitehall street, which are now and were heretofore occupied and used in connection with the operation of the Bay Ridge Ferry and of the privileges heretofore exercised in operating said Bay Ridge Ferry, by the payment of \$8,000 per annum to the lessees of the Staten Island Ferry, during the term of the lease beginning June 1, 1894.

The purchaser of the franchise or license to operate the ferry to and from the foot of Whitehall street to and from Staten Island, in case the purchaser should be any one other than the Staten Island Rapid Transit Railroad Company, will be required to pay to the Staten Island Rapid Transit Railroad Company, upon the execution of the lease and upon the delivery of possession of said wharf property by said railroad company to said purchaser, the sum of \$175,000, the appraised value as fixed by the resolution of the Commissioners of the Sinking

The rates for ferriage shall not exceed those now charged.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of

New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1893), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repaving or repairs.

Commissioner of Public Works.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope to said Commissioner of Street Cleaning at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Commissioner of Street Cleaning reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of seventeen thousand (\$17,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of eight hundred and fifty (\$850) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Total 92,500 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 31st day of July, 1894, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct.
