Dr. William Mabon, Superintendent of Bellevue Hospital, reported as follows: The Ducker Company will send their man here to-morrow or Thursday morning to get the location and put down foundation posts for the portable tent. The metal ceiling is being put up in the doctors' old laundry.

Steamfitters are repairing broken stacks in the southwest end of the Dormitory building.

The repairs to the leaders and gutters around the building, which were contracted for last year, are not yet completed. The work of putting the caps over the new manholes in the steampipe conduit is not yet finished. Owing to the extreme weather these two contracts are delayed, as they cannot be properly done during such severe weather.

Changes are being made in the metal lockers which are being installed by the Manhattan Supply Company, there having been a mistake in building these lockers at first. The company is now correcting the defects by properly bracing the backs, making new gates and putting on different locks and number plates. The locks and gates are being made in the factory, and will be sent here complete, ready to be hung.

The Hawley Box Company have been delayed in the delivery of the boxes, owing to a mistake in procuring the locks.

The Central Iron Works are pushing the work as fast as possible on the new fire-escape for the north side of Ward 39. The principal delay in that work is in obtaining the cast iron treads for the steps, as these have to be obtained from the foundry.

The carpenters of the institution have put new Yale locks on the doors of the rooms and dormitories throughout the Dormitory building.

The new steam tables that were put in the Orderlies' dining-room are working satisfactorily at present. The contract has also been let to the same company (A. B. Barr & Co.) to repair several leaks in return lines in different parts of the basement, but owing to the extremely cold weather the work cannot be done, as it is necessitates shutting off the steam from the building, which can only be done when the weather is a little milder.

Our Electrician has installed four lights in Mr. Smith's storeroom; two new lights over the steam table in the Orderlies' dining-room, and one light outside of the tower at the corner of the building near the gate-house on Twenty-sixth street. Permission was granted to install these lights by the Department of Water Supply, Gas and Electricity.

HARLEM HOSPITAL.

The hot-air furnaces recently installed for heating the Out Patient Department are now in use and are giving very good satisfaction.

The hot water supply apparatus recently installed is in operation and giving very good satisfaction.

Three painters are at work in the hospital building painting the interior. The work has progressed favorable.

Plasterers are working, under contract, making repairs to cracks and patches in several parts of the building.

A portion of the floor has been repaired and a partition and door put up in the storeroom for the Druggist in the basement of the Out-Patient Department.

The census of Bellevue Hospital is unusually high at the present time, and has been high for the past two or three weeks.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board of Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
