#### COMPLAINT ORDER (No. 375).

West End Board of Trade, by D. B. Seaver, Second Vice-President,

Complainant,

against

Brooklyn Union Elevated Railroad Company, Brooklyn Heights Railroad Company, Nassau Electric Railroad Company.

Defendants.

Order No. 375, for satisfaction or answer within ten (10) days, as to the operation of trains and surface cars at Sixty-fifth Street and Third Avenue Terminal, Brooklyn, was approved, confirmed and ordered filed in the office of the Commission,

(21) Commissioner Bassett presented the following report:

In the Matter

of

The Hearing upon Motion of the Commission on the Question of Changes in the Regulations, Practices and Service of the Brooklyn Heights Railroad Company.

Cross-over switches on the Nostrand Avenue Line at Church Avenue.

#### REPORT.

This matter was brought to the attention of the Commission by the complaints of the Flatbush Tax Payers' Association and others. Their grievance is that the railroad company switches back cars at Church Avenue which should run through to Vanderveer Park. As a means of putting an end to this abuse, the complainants ask that the company be ordered to remove the cross-over switch at Church Avenue.

After hearing the testimony of the complainants and of the railroad company, I believe that there is cause for complaint, but I do not believe that the proper method of correcting the existing abuses is to order the switch torn up. This cross-over or switch has its proper uses, and I believe that in this case and in all similar cases the Commission should refuse to order removal of cross-overs as a means of correcting the abuse of switching cars back unnecessarily.

From the company's testimony in this hearing, it would appear that a two and one-half minute headway is maintained in rush hours under normal conditions of travel. This I believe to be sufficient, and in order to prevent unnecessary switching back of cars I present herewith an order limiting the cars switched back to those which are crippled and to the switching back of one, and that the last one, of a number of cars that have become bunched. The practice has been to switch back the first car, and this almost invariably is the heaviest loaded. By specifying the last car I have, I believe, selected the one carrying the smallest number of passengers.

I believe that the adoption of this order will remedy the evil complained of, especially as the testimony of the complainants shows that since the service of the order for hearing conditions have been very materially bettered.

Dated, New York, March 25, 1908.

E. M. BASSETT.

Commissioner Bassett thereupon moved the adoption of the following final order, which was duly seconded:

#### FINAL ORDER (No. 376).

In the Matter

of

The Hearing on the Motion of the Commission on the Question of Changes in the Regulations, Practices and Service of the Brooklyn Heights Railroad Company.

Cross-over Switch on the Nostrand Avenue Line at Church Avenue.

This matter coming upon the report of the hearing had herein on the 23rd day of March, 1908, and it appearing that said hearing was held by and pursuant to an order of this Commission, No. 326, made March 10, 1908, and returnable on the 23rd day of March, 1908, and that the said order was duly served upon the Brooklyn Heights Railroad Company and that the said service was by it duly acknowledged and that the said hearing was held by and before the Commission on the matters in said order specified, on March 23, 1908, before Mr. Commissioner Bassett, presiding, Arthur DuBois, Esq., appearing for the Commission and Arthur N. Dutton, Esq., appearing for the Brooklyn Heights Railroad Company, at which hearing proof was taken,

Now, it being made to appear, after the proceedings upon said hearing, that the regulations, practices and service of the Brooklyn Heights Railroad Company, in respect to the transportation of persons in the First District on its Nostrand Avenue line, between Church Avenue and Vanderveer Park, has been and is unreasonable, improper and inadequate, and it being the judgment of the Commission that the said Railroad Company does not run cars enough reasonably to accommodate the passenger traffic transported by or offered for transportation to it, on its Nostrand Avenue line, between Church Avenue and Vanderveer Park, and that the said Railroad Company does not run its cars with sufficient frequency between the said points on its Nostrand Avenue line,

Now, therefore, on motion of George S. Coleman, Counsel to the Commission, it is

Ordered, That with the exception of such cars as may be disabled or in need of immediate repair, or such car as may be the last of a group of three or more cars arriving at the Church Avenue cross-over at one time, no southbound car on the Nostrand Avenue line shall be switched back at Church Avenue.

That in no event shall the first car of a group of three or more cars arriving at Church Avenue at one time be switched back unless disabled or in need of immediate repair, nor shall any car be so switched back unless a car or cars ahead are

held for the purpose of providing sufficient accommodation to carry the passengers transferring from the car switched back at Church Avenue.

And it is further Ordered, That this order shall take effect at once and continue in force for a period of two years from and after taking effect of the same, but without prejudice for an order for further or additional hearing and action thereon by the Commission in respect of anything herein prescribed or in respect of anything covered by the order for hearing herein, prior to the expiration of said period of two years.

And it is further Ordered, That before April 3, 1908, said Brooklyn Heights Railroad Company notify the Public Service Commission for the First District whether the terms of this order are accepted and will be obeyed.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

The Secretary presented the following communication from the Corporation Counsel, with regard to the adjustment of the litigation in connection with the deviation of the subway route in Park Avenue, which was ordered filed:

CITY OF NEW YORK—LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, March 27, 1908.

Public Service Commission for the First District, 154 Nassau Street, New York City:

SIRS—In reference to the contemplated arrangement referred to in my letter to you of February 14th, and in a communication from George S. Coleman, Esq., counsel to your Commission, under date of March 6th, 1908, as to the adjustment of the so-called Park Avenue litigation, I have to advise you as follows:

Since receipt of the communication of the date last mentioned, the proposed agreement in relation to this matter has been changed as follows:

The property owners are to be paid in cash instead of four per cent. bonds, as stated in the communication of 14th February addressed by me to you, already referred to, and the papers therefore to carry out the adjustment in question will have to be modified in that respect.

I have notified, of even date, your counsel, George S. Coleman, Esq., of the change in question.

Yours respectfully,

(Signed) F. K. PENDLETON, Corporation Counsel.

(3)

The Secretary presented the following communication from the Comptroller, with regard to the property at Nos. 1, 3 and 5 Cleveland Place:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
March 23, 1908.

Hon. WILLIAM R. WILLCOX, Public Service Commission, 154 Nassau street, Manhattan:

SIR—This office has had offered to it by Messrs. Sinclair & Valentine, property known as 1, 3 and 5 Cleveland Place (formerly Marion Street). Prices were submitted on the part of the owners, as follows:

|  |              |
|--|--------------|
| Value of the land.....   | \$90,845.00  |
| Value of building.....   | 48,051.00    |
| Machinery contained in the building which cannot be removed..... | 23,798.40    |
|  | <hr/>        |
|  | \$162,694.40 |

Upon receipt of this offer, we transmitted the same to the Corporation Counsel in charge of the condemnation proceedings for the acquisition of the easements of the property, and under date of March 19, 1908, this office received a reply, copy of which is hereto annexed. On reading the communication transmitted herewith, you will find that the value of the land and buildings as put upon it by the Corporation Counsel's experts, who are ready to testify in the proceedings, is \$128,780. They have not had the machinery appraised, but in the event of condemnation proceedings, the City will be liable for the value of such machinery contained in the said building, and the amount of its value, whatever it may be, should be added to the estimate of their expert builder, Mr. Plass.

The owner of the property has stated to me privately that he will take \$150,000 for his land, building and machinery, and that although the proposition initiated by your Board was to take easements only, he understands that it is now the intention to take the entire holdings.

The owner also informs me that your own machinery expert in the proceedings has figured \$23,000 as the value of the machinery.

If your Board, in the face of the Corporation Counsel's expert's opinion, believes that the City should pay Messrs. Sinclair & Valentine \$150,000 for the land, building and machinery contained in the premises 1, 3 and 5 Cleveland Place, and will adopt a resolution approving of the acquisition thereof, I shall be pleased to present the matter to the Board of Estimate and Apportionment for their approval and for the authorization of the Corporate Stock to pay for the same. If, on the other hand, you believe that the property is not worth the money, and will so certify to me, I will inform Messrs. Sinclair & Valentine that they must go to condemnation proceedings, and thus enable them to prepare for the same.

Respectfully,  
(Signed) HERMAN A. METZ, Comptroller.

It was understood that the Chairman would send the following letter:

March 31, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have received your letter of March 23d, enclosing copy of letter from the City Law Department, in relation to property known as 1, 3 and 5 Cleveland Place, Manhattan, belonging to Messrs. Sinclair & Valentine.

It appears that prior to February 1, 1908, the owners offered to sell the property to the City for \$162,694.40, but after examination, appraisal and protracted negotiations the Commission were of the opinion that even the reduced price of \$150,000 was excessive, and that \$143,800 was all that could properly be offered for land, building and machinery. This offer having been, rejected proceedings to condemn the property were duly initiated and are now pending.

Your letter states that the property may now be purchased for \$150,000, and you ask whether the Commission will adopt a resolution approving the purchase at that price.

If the Corporation Counsel (who has charge of the condemnation proceedings) will advise the Commission that in his opinion it would be for the best interests of the City to pay the sum now proposed (\$150,000) and save expenses of litigation the Commission will be pleased to give the matter prompt and careful consideration.

Respectfully,

Chairman.

The Secretary presented the following communication from the Board of Estimate and Apportionment, with regard to the subway connection of the Manhattan approach to the Brooklyn Bridge, which was referred to the Committee of the Whole:

Resolved, That the Public Service Commission for the First District be and hereby is requested to investigate the congested conditions surrounding travel from the stations of the elevated railroad at Third Avenue and Eighteenth street, in the Borough of Manhattan, particularly during the rush hours in the morning and evening, to the end that relief may be had by the establishment of an additional stairway at the north and at the south bound stations at said point.

(7)

(8)

The Secretary presented a communication from the Chief Engineer with regard to a bill of the Department of Water Supply, Gas and Electricity, dated February 18, 1908, against the Rapid Transit Commission, for expenses incurred by that Department in connection with the break in the water main at 41st Street and Park Avenue, on January 22, 1907; transmitting reports of the present Division Engineer upon the section on which the break in the main occurred, and of Division

Engineer Clark, under date of January 30, 1908; and concluding that the bill should not be paid by this Commission. The papers were referred to the Counsel to the Commission, for the preparation of an answer to the Department of Water Supply, Gas and Electricity.

(29) In relation to the application received from the Board of Trustees of the College of the City of New York, requesting that the designation of the station upon the Broadway division of the subway at 137th Street be changed to "City College Station," the Committee of the Whole reported, recommending that the change be not made, in view of the fact that the present designation had been in use for several years, that the City College was actually located several blocks from the station, and that the change would involve considerable expense and inconvenience.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, in accordance with the provisions of chapter 372 of the Laws of 1907, will hold a public hearing in Room 16, City Hall, Borough of Manhattan, at 11.05 o'clock in the forenoon, on

**TUESDAY, APRIL 14, 1908,**

relative to a plan adopted by the Commissioner of Docks March 2, 1908, for improving the water-front of The City of New York, between Montgomery and Jackson streets, East River, and amending the former plan for improving this portion of the water-front adopted by the Commissioners of the Sinking Fund April 27, 1871, and transmitted to the Commissioners of the Sinking Fund for approval.

A technical description of the proposed amendment is as follows:

It is proposed to amend the new plan determined by the Board of Docks April 13, 1871, and adopted by the Commissioners of the Sinking Fund April 27, 1871, between Montgomery and Jackson streets, East River, in accordance with the map submitted herewith in duplicate, as follows:

The six piers between Montgomery and Jackson streets, East River, including the pier at the foot of Montgomery street, shown on the new plan for improving the water-front of The City of New York on the East River, determined by the Board of Docks April 13, 1871, and adopted by the Commissioners of the Sinking Fund April 27, 1871, are hereby discontinued.

The bulkhead line established on said new plan of 1871, extending from the westerly side of Corlears Hook Park and prolonged southerly to a point in said bulkhead line where a line drawn parallel with and 100 feet southerly from the northerly line of South street intersects the same, is hereby discontinued.

A new bulkhead line is hereby established 100 feet southerly from and parallel with the northerly line of South street, to extend westerly from the southerly prolongation of the westerly side of Corlears Hook Park to an intersection with the bulkhead line established in 1871 below Montgomery street.

A marginal street, wharf or place 30 feet in width is hereby established adjoining the southerly side of South street and adjoining said new bulkhead line, extending from the southerly prolongation of the westerly side of Corlears Hook Park southerly to the westerly side of Montgomery street.

A new pier 60 feet wide is hereby established at the foot of Montgomery street, with its easterly line extending southerly and at right angles from the said proposed bulkhead line at a point where the southerly prolongation of the easterly side of Montgomery street intersects said bulkhead line.

A new pier 70 feet wide is hereby established easterly of the preceding pier with its westerly line parallel with and distant 140 feet easterly from the easterly line of the last described pier at Montgomery street.

A new pier 70 feet wide is hereby established at the foot of Gouverneur slip, with its easterly line extending southerly or outshore at right angles from the said proposed bulkhead line at a point where the southerly prolongation of the easterly line of Gouverneur slip intersects said bulkhead line.

A new pier 60 feet wide is hereby established easterly of the preceding pier, with its westerly line parallel with and distant 120.62 feet easterly from the easterly line of the preceding described pier at the foot of Gouverneur slip.

A new pier 60 feet wide is hereby established easterly of the last described pier, with its westerly line parallel with and distant 106 feet easterly from the easterly line of the last described pier at Montgomery street.

A new pier 60 feet wide is hereby established at the foot of Jackson street, with its easterly line extending southerly or outshore at an angle of 90 degrees from the said proposed bulkhead line at a point where the southerly prolongation of the westerly side of Corlears Hook Park intersects said bulkhead line.

A new pier 60 feet wide is hereby established westerly of the last described pier, with its easterly line parallel with and 140 feet westerly from the westerly line of the last described pier, at the foot of Jackson street.

All of the seven hereinbefore described new piers to extend from the said proposed new bulkhead line southerly and at right angles with said bulkhead line to the pierhead line established by the Secretary of the Department of Finance, in his report to the Comptroller, states that the newly adopted plan reduces the width of the marginal street between Montgomery and Jackson streets 30 feet, making the combined width of the marginal street and South street 100 feet, which is wide enough.

The advantage of this plan is that large piers and greater wharfage length is provided than in the plan adopted in 1871, and he recommends its approval by the Commissioners of the Sinking Fund.

The plan as adopted by the Commissioner of Docks, together with his communication and the report of the Chief Engineer of the Department of Finance, approved by the Comptroller, are open to the inspection of any citizen, at the office of the Comptroller of the City of New York, No. 280 Broadway, Borough of Manhattan, at all times during business hours.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
