

**Re: LL 26 of 2023: Quarterly report on Children in Shelter July-September 2025 (FY26Q1)**

Note: This is a multi-agency report requiring data from DHS, DV/HASA, DOE, DYCD, as such, gathering data to meet the quarterly deadline is a very large, and challenging, undertaking without the coordinated efforts of the other agencies. The attached report is a partial report and only includes DHS data due to the difficulty in gathering the data across agencies. Council was made aware of this by legal. DSS wants council to at least have a partial report. Due to data and client privacy laws surrounding DV or HASA shelter clients, this report will not include information regarding clients that reside in DV or HASA shelters.
