REPORTS.

To the Honorable the Board of Aldermen :

The Committee on Finance, to whom were referred the assessment rolls of the estates, real and personal, subject to taxation, of and within the City and County of New York, for the year 1890, and a communication from the Comptroller of the City of New York, transmitting to the Board of Aldermen the Final Estimate made and adopted by the Board of Estimate and Apportionment for said year 1890, with his certificate of the amount of the appropriations authorized by law to be raised by tax in and for said year, respectfully submits the following

REPORT :

The assessed valuation of the real and personal estates subject to taxation within the City and County of New York, for the year 1890, as shown by the assessment rolls submitted to the Board of Aldermen by the Commissioners of Taxes and Assessments, July 7, 1890, amounts to the sum of one thousand six hundred and ninety-six million nine hundred and seventy-eight thousand three hundred and ninety dollars (\$1,696,978,390), which sum is a net increase of ninety-three million one hundred and thirty-nine thousand two hundred and seventy-seven dollars (\$93,139,277) over the amount of the assessed valuation for the preceding year, 1889.

As shown by the Comptroller's certificate, submitted to the Board of Aldermen June 3, 1890, the aggregate amount of the appropriations included in the Final Estimate for the year 1890, made and adopted by the Board of Estimate and Apportionment on the 31st day of December, 1889, is thirty-five million one hundred and forty-eight thousand and ninety-seven dollars and fifty-five cents (\$35,148,097.55), from which sum is deducted the sum of two million six hundred and forty-six thousand nine hundred and sixty dollars and twenty-three cents (\$2,646,960.23), for and on account of the estimated revenues of the General Fund available for the reduction of taxation in said year 1890, as also certified by the Comptroller, leaving the sum of thirty-two million five hundred and one thousand one hundred and thirty-seven dollars and thirty-two cents (\$32,501,137.32).

By section 830 of the New York City Consolidation Act of 1882, the Board of Aldermen is

directed to provide for deficiencies in the actual product of taxes which may arise from insolvencies, discount or rebate, from prompt payments, errors in valuation, etc., as follows :

"It shall be the duty of the said Board of Aldermen to include in any and every ordinance or resolution passed by them imposing and levying taxes for any purpose or purposes authorized by law, such sum, in addition to the aggregate amount required for such purposes, as they shall deem necessary, not exceeding three per cent. of said aggregate amount, to provide for deficiencies in the actual product of the amount imposed and levied therefor."

Having conferred with the Comptroller in relation to the amount which will be required to provide for such deficiencies in the actual product of the taxes to be imposed and levied in and for the year 1890, your Committee has concluded to recommend that the sum of seven hundred and ten thousand eight hundred and ninety-seven dollars and sixty-one cents (\$710,897.61) be added to and included in the amount required to be raised by tax for the support of the Government of the City and County of New York, and for other purposes, as authorized and provided by law, which sum is less than three per centum of the amount required to be raised by tax, after deducting the estimated revenues of the General Fund, the addition of which sum makes the total amount of taxes to be imposed and levied in and for the year 1890, thirty-three million two hundred and twelve thousand and thirty-four dollars and ninety-three cents (\$33,212,034.93).

Section 11 of article VIII. of the Constitution of the State of New York, as amended in 1884, provides as follows :

" * * * The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over one hundred thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debts, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt."

The amount of taxes to be raised in and for the year 1890, for city and county expenses, exclusive of the State Tax, and the principal and interest of the existing City and County Debt, does not exceed two per centum of the assessed valuation of the real and personal estate of the City and County of New York for the year 1890.

As previously stated, the assessed valuation of the real and personal estate of and within the City and County of New York, for the year 1890, is one thousand six hundred and ninety-six million nine hundred and seventy-eight thousand three hundred and ninety dollars (\$1,696,978,390), and two per centum of this sum is thirty-three million nine hundred and thirty-nine thousand five hundred and sixty-seven dollars and eighty cents (\$33,939,567.80), while the amount of the tax to be raised in 1890, exclusive of the State Tax and the principal and interest of existing City and County Debt to be so raised, is twenty-two million three hundred and five thousand nine hundred and fifty-six dollars and five cents (\$22,305,956.05), as follows :

Total amount of taxes in 1890, as above stated.....	\$33,212,034 93

Sections 3 and 8 of chapter 361 of the Laws of 1881, provide as follows :

"Section 3. Every corporation, joint-stock company or association whatever, now or hereafter incorporated or organized under any law of this State, or now or hereafter incorporated or organized by or under the laws of any other State or country, and doing business in this State, except savings banks and institutions for savings, life insurance companies, banks and foreign insurance companies, and manufacturing corporations carrying on manufacture within this State, which exception shall not be taken to include gas companies or trust companies, shall be subject to and pay a tax, as a tax upon its corporate franchise or business into the treasury of the State, annually, etc."

"Sec. 8. The corporations, joint-stock companies and associations mentioned in this act as taxable shall hereafter be exempt from assessment and taxation for State purposes, except upon their real estate and as herein provided ; but they shall in all other respects be liable to assessment and taxation as heretofore."

The total amount of the assessed valuations of the personal estate of corporations, joint-stock companies or associations, doing business in the City of New York, which, under this statute, are exempt from assessment and taxation on their personal estate for "State purposes," in the year 1890, is seventy-eight million two hundred and thirty-seven thousand five hundred and eighty-five dollars (\$78,237,585), as appears by a statement thereof presented to your Committee and filed in the office of the Comptroller of the City of New York, specifying in detail the assessed valuations of the personal estate of such corporations, as shown upon the tax-rolls. The valuations of such personal estate are subject to taxation for city and county purposes only, and it is therefore necessary to impose and levy taxes under two tax rates, one of which shall be the general rate of tax to be imposed and levied upon real and personal estate for State and for city and county purposes, and also a special rate to be imposed and levied on the personal estate of corporations, joint-stock companies and associations, which are exempt from taxation on their personal estate for State purposes, the assessed valuations of both classes of property being as follows :

Amount of the assessed valuations of real and personal estate subject to taxation for State and city and county purposes.....	\$1,618,740,805 00
Amount of the assessed valuations of the personal estate of corporations, etc., which are exempt from taxation on their personal estate for State purposes..	78,237,585 00
Total assessed valuations	\$1,696,978,390 00

As hereinbefore stated, the total amount of taxes required to be raised in 1890, is thirty-three million two hundred and twelve thousand and thirty-four dollars and ninety-three cents (\$33,212,034.93).

The two rates of tax which will produce the amount of taxes required to be raised in and for the year 1890, are 1.97 per centum upon the valuations of real and personal estate, subject to taxation for State and for city and county purposes, amounting to one thousand six hundred and eighteen million seven hundred and forty thousand eight hundred and five dollars (\$1,618,740,805), and 1.6908 per centum on the valuations of the personal estate of corporations, etc., which are exempt from taxation on their personal estate, for State purposes, amounting, as above stated, to seventy-eight million two hundred and thirty-seven thousand five hundred and eighty-five dollars (\$78,237,585).

The following statement shows how these two rates of taxation produce the amount of taxes required to be raised in the year 1890, as hereinbefore stated :

Valuations.	Taxes.
\$1,618,740,805, at 1.97 per cent	\$31,889,193 85
78,237,585, at 1.6908 per cent.....	1,322,841 08
\$1,696,978,390	Total amount of taxes, 1890.....
	\$33,212,034 93

An ordinance to impose the taxes and to fix the rates of taxation which will produce the total amount of taxes required to be raised in and for the year 1890, for the objects and purposes as set forth therein, is respectfully submitted herewith for the approval and adoption of the Board of Aldermen.

AN ORDINANCE to provide the necessary means for the support of the Government of the City of New York and the Board of Education, and for the payment of the quota of the State taxes, and for other purposes, pursuant to the provisions of law, in and for the year 1890.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows :

Section 1. There shall be and is hereby imposed and levied upon the estates, real and personal, subject to taxation of and within the City and County of New York, the sum of thirty-two million five hundred and one thousand one hundred and thirty-seven dollars and thirty-two cents (\$32,501,137.32) to pay the expenses of conducting the public business of the said city and county, in each department and branch thereof, and of the Board of Education, for the year 1890 ; also, such sum as is necessary to be raised by tax to pay the principal of any bonds and stocks which become due and payable during the said year, which is not otherwise provided for ; also the amount to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued to provide for the supply of water, pursuant to the provisions of section 11 of article VIII. of the Constitution of the State of New York, as amended in 1884 ; and also so much as may be necessary to pay the proportion of the State Tax required to be paid by the

City and County of New York in said year 1890, as provided by the Board of Estimate and Apportionment, which sum of thirty-two million five hundred and one thousand one hundred and thirty-seven dollars and thirty-two cents (\$32,501,137.32), so imposed and levied by this ordinance, is the aggregate amount estimated by the Board of Estimate and Apportionment of said city, and appropriated for such objects and purposes in the Final Estimate for said year 1890, made and adopted on the 31st day of December, 1889, after deducting the sum of two million six hundred and forty-six thousand nine hundred and sixty dollars and twenty-three cents (\$2,646,960.23), supplied by the General Fund for the reduction of taxation from the total amount of appropriations made in the Final Estimate for 1890, amounting to thirty-five million one hundred and forty-eight thousand and ninety-seven dollars and fifty-five cents (\$35,148,097.55), as stated by the Comptroller of the City of New York, in a communication dated June 3, 1890, submitted to the Board of Aldermen on the same day, together with the Comptroller's certificate of the amount of the appropriations made in the Final Estimate for the said year 1890, copies of which communication and certificate, and of the said Final Estimate, are as follows:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 3, 1890.

To the Honorable the Board of Aldermen of the City of New York:

Section 212 of the New York City Consolidation Act of 1882 provides as follows: "It shall be the duty of the Comptroller of said city to prepare and submit to the Board of Aldermen at least four weeks before their annual meeting, in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year, on account of the corporation of the city of New York, or for city purposes within said city, and also an estimate of the probable amount of receipts into the city treasury during the then current year, from all the sources of revenue of said general fund, including surplus revenues from the sinking fund available in accordance with law, other than the surplus revenues of the sinking fund for the payment of the city debt; and the said Board of Aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised by tax only the balance of said aggregate amount, after making such deduction."

In pursuance of the foregoing provision of law, I have the honor to submit to your Honorable Body a statement setting forth in detail the amount by law authorized and required to be raised by tax in and for the year 1890, on account of the Corporation of the City of New York, or for city purposes within said city, as follows, to wit:

From the aggregate amount of the Final Estimate for said year 1890 is to be deducted the sum of two million six hundred and forty-six thousand nine hundred and sixty dollars and twenty-three cents (\$2,646,960.23), supplied by the General Fund for the reduction of taxation, that sum being the total amount of the estimated receipts of said fund payable into the City Treasury during the said year 1890, derived from all sources of revenues applicable to and available for this object, including unexpended balances of appropriations of previous years and surplus moneys in the Excise Fund, transferred to the General Fund, as follows:

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 5, 1890.

To the Honorable the Board of Aldermen:

I return herewith, without my approval, the resolution of your Honorable Body, adopted July 15, 1890, which provides for the lighting of the west side of the Boulevard, from One Hundred and Fifty-ninth street to Kingsbridge road.

From the report of the Commissioner of Public Works, it appears that there are but two houses on this part of the Boulevard, and it would seem that the resolution is premature at this time.

HUGH J. GRANT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted on the west side of the Boulevard, from One Hundred and Fifty-ninth street to Kingsbridge road, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 5, 1890.

To the Honorable the Board of Aldermen:

I return herewith, without my approval, the resolution of your Honorable Body, adopted July 15, 1890, which permits the placing of a scale for weighing coal, opposite the premises No. 420 East Forty-seventh street, on the ground that it must operate to prevent the free use of this portion of the street by the public.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to James Owens & Co. to place and keep a platform-scale in the carriageway of East Forty-seventh street, opposite No. 420, for weighing coal, provided said scale is constructed flush with the surface of the street, so as to be no obstruction or impediment to the free use thereof, the work to be done at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 15, 1890, permitting the construction of a vault on the northeast corner of Grand and Elm streets.

The Commissioner of Public Works reports that the resolution is objectionable in that it provides for the extension of the vault for two feet beyond the curb-line, which said extension would interfere with subway and other underground structures.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to William F. Chrystie to build a vault in front of his premises, on the northeast corner of Grand and Elm streets, being thirty-three feet long by two feet wide, outside of the curb-line (as shown by the annexed diagram), the work to be done at his own expense, under the direction and to the satisfaction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

SEALED PROPOSALS FOR FURNISHING THE materials and labor and doing the work required in repairing and altering the following buildings of this Department, viz.: Quarters of Engine Company No. 46, on Morris street, between Madison and Washington avenues, and of Hook and Ladder Company No. 4, at No. 788 Eighth avenue, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M. Wednesday, August 27, 1890, at which time and place they will be publicly opened by the head of said Department and read.

A separate estimate must be made for each building. No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of these proposals.

The form of the agreement and the specifications, showing the manner of payment for the work and forms of proposals, may be obtained at the office of the Department.

Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within the time specified in the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at ten (10) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of one thousand and four hundred (1,400) dollars, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of seventy (70) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR BUILDING A Station-house, Lodging-house and Prison on the ground and premises in the City of New York, to be located on the south side of West Sixty-eighth street, 100 feet east of Tenth avenue, will be received at the Central Office of the Department of Police in the City of New York, until 10 o'clock A. M. of Tuesday, the 19th day of August, 1890.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Building a Station-house, Lodging-house and Prison," and with his or their name or names, and the date of presentation to the head of said Department, at said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars of the nature and extent of the work to be done, reference must be made to the plans and specifications on file in the office of the Chief Clerk of the said Department.

Bidders will state in writing, and also in figures, a price for the work complete. The price is to cover the

furnishing of all the materials and labor and the performance of all the work called for by the specifications, plans, drawings and form of agreement. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire work is to be completed within seven months from the date of the contract.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of Twenty Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No estimate for a sum in excess of SEVENTY-FIVE THOUSAND (75,000) DOLLARS can be considered. Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned, at his office in the Central Department.

NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EX- EMPTION FROM JURY DUTY.

ROOM 127, STEWART BUILDING,
No. 280 BROADWAY, THIRD FLOOR,
NEW YORK, June 1, 1890.

CLAIMS FOR EXEMPTION FROM JURY
duty will be heard by me daily at my office, from 9 A.M. until 4 P.M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable jurors, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.

Commissioner of Jurors.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION
RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTI-
MATES IF DEEMED TO BE FOR THE PUBLIC INTEREST,
AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF
1882.

No bid or estimate will be accepted from, or contract
awarded to, any person who is in arrears to the Cor-
poration upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Cor-
poration.

The award of the contract will be made as soon as
practicable after the opening of the bids.

Delivery will be required to be made from time to
time, and in such quantities as may be directed by the
said Commissioners.

Any bidder for this contract must be known to be en-
gaged in and well prepared for the business, and must
have satisfactory testimonials to that effect, and the
person or persons to whom the contract may be awarded
will be required to give security for the performance of
the contract by his or their bond, with two sufficient
sureties, in the penal amount of fifty (50) per cent of the
ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name
and place of residence of each of the persons making the
same; the names of all persons interested with him or
them therein; and if no other person be so interested,
it shall distinctly state that fact; also, that it is made
without any connection with any other person making
an estimate for the same purpose, and is in all respects
fair and without collusion or fraud; and that no member
of the Common Council, head of a department, chief
of a bureau, deputy thereof, or clerk therein, or other
officer of the Corporation, is directly or indirectly
interested therein, or in the supplies or work to which it
relates, or in any portion of the profits thereof. The bid
or estimate must be verified by the oath, in writing,
of the party or parties making the estimate, that the
several matters stated therein are in all respects true.
Where more than one person is interested, it is requisite
that the VERIFICATION be made and subscribed by all the
parties interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders in
the City of New York, with their respective places of
business or residence, to the effect that if the contract
be awarded to the person making the estimate, they
will, on its being so awarded, become bound as his
sureties for its faithful performance; and that if he shall
omit or refuse to execute the same, they will pay to the
Corporation any difference between the sum to which
he would be entitled upon its completion and that which
the Corporation may be obliged to pay to the person or
persons to whom the contract may be awarded at any
subsequent letting; the amount in each case to be
calculated upon the estimated amount of the work by
which the bids are tested. The consent above men-
tioned shall be accompanied by the oath or affirmation,
in writing, of each of the persons signing the same that

he is a householder or freeholder in the City of New
York, and is worth the amount of the security required
for the completion of this contract, over and above all
his debts of every nature, and over and above his
liabilities as bail, surety or otherwise; and that he has
offered himself as a surety in good faith and with the
intention to execute the bond required by section 12 of
chapter 7 of the Revised Ordinances of the City of New
York, if the contract shall be awarded to the person
or persons for whom he consents to become surety.

The adequacy and sufficiency of the security offered to be
approved by the Comptroller of the City of New York.
No bid or estimate will be considered unless ac-
companied by either a certified check upon one of the
State or National banks of the City of New York,
drawn to the order of the Comptroller, or money, to the
amount of five per centum of the amount of the security
required for the faithful performance of the contract.
Such check or money must not be inclosed in the sealed
envelope containing the estimate, but must be handed to
the officer or clerk of the Department who has charge of
the estimate-box, and no estimate can be deposited in
said box until such check or money has been examined
by said officer or clerk and found to be correct. All such
deposits, except that of the successful bidder, will be
returned to the persons making the same, within three
days after the contract is awarded. If the successful
bidder shall refuse or neglect, within five days after
notice that the contract has been awarded to him, to
execute the same, the amount of the deposit made by
him shall be forfeited to and be retained by the City of
New York, as liquidated damages for such neglect or refusal;
but if he shall execute the contract within the time aforesaid,
the amount of his deposit will be returned to him.

Should the person or persons to whom the contract
may be awarded neglect or refuse to accept the contract
within five days after written notice that the same has
been awarded to his or their bid or proposal, or if he or
they accept but do not execute the contract and give
the proper security, he or they shall be considered as
having abandoned it and as in default to the Corpora-
tion, and the contract will be readvertised and relet as
provided by law.

The quality of the articles, supplies, goods, wares, and
merchandise must conform in every respect to the sam-
ples of the same on exhibition at the office of the said
Department. Bidders are cautioned to examine the
specifications for particulars of the articles, etc., re-
quired, before making their estimates.

Bidders will state the price for each article, by which
the bids will be tested.

Bidders will write out the amount of their estimate in
addition to inserting the same in figures.

Payment will be made by a requisition on the Com-
ptroller, in accordance with the terms of the contract, or
from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and
showing the manner of payment, will be furnished at
the office of the Department; and bidders are cautioned
to examine each and all of its provisions carefully, as
the Board of Public Charities and Correction will insist
upon its absolute enforcement in every particular.

These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work comprised in the two classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work to be done under the contract is to be fully completed on or before the 31st day of December, 1890, and the damages to be paid by the Contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work comprised in all the classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; and the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 1, No. 31 Chambers street.

TO THE PEOPLE OF THE CITY OF NEW YORK:

It becomes my duty as Commissioner of Public Works and custodian of the many and immense interests involved in the City's water supply, to briefly present to the people of the City the present condition of the supply, and the extreme necessity for care and economy in the use of the water.

For a number of years past and up to the present time, the old Aqueduct and the Bronx river conduit have delivered in the City all the water which they are capable of carrying, the supply thus remaining stationary when the City has been constantly growing in population, buildings, manufactures and commerce, creating new and additional demands upon the water service. The consequence is that at certain seasons of the year, notably in extreme cold weather, when the habit of wasting water from faucets to prevent freezing in the pipes prevails, and in warm and dry weather, when various methods of waste are in vogue, the daily consumption exceeds the supply which can by any possibility be received through the old Aqueduct and the Bronx river conduit, the excess of consumption being drawn from the city reservoirs, diminishing the depth of water and the pressure in the distributing mains. There is no possibility of increasing the water supply received in the City until the new Aqueduct is brought into operation, and in the meantime the only reliance for a fair and equal distribution of water throughout the city is care and economy in its use on the part of the people. Already the depth of water in the reservoirs is being diminished at the rate of one inch per day, and if this should continue for any length of time, the pressure in the distributing mains would be so reduced that it would be impossible to deliver water in thousands of houses located on high ground, and in some other locations even in the basements or cellars.

I, therefore, most earnestly appeal to all citizens, residents and people carrying on business in this city to be careful and economical in the use of water, in justice to themselves, to the people at large, and especially to those who are so located as to be already suffering inconvenience from insufficient supply of water.

THOMAS F. GILROY,
Commissioner of Public Works.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number, of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled of record on the books of the Department.
