## DEPARTMENT OF FINANCE.

### WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE FRIDAY, MARCH 12, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

Adopted by the Board of Aldermen March 1, 1915.

No. 145.

**Preamble and Resolutions on the Death of Former Alderman Elias Goodman.**

Whereas, Elias Goodman, gentleman, man of affairs, for thirteen years a member of the Board of Aldermen, filling at times the office of Vice-Chairman, leader on the floor and at one time Acting Mayor, has departed this life full of honor and the commanding respect of the thousands who knew and loved him for his worth as a man; and

Whereas, In his death the community has suffered the loss of an upright, useful citizen, one who in his career, both public and private, rendered eminent service to the City, and by his sturdy efforts for the right, by his charitable deeds and by his friendship and love for his fellowman, won the esteem and regard of all with whom he came into contact;

Resolved, That, deeply deploring the all too soon taking away of Elias Goodman, we bow to the will of the Supreme Ruler of the Universe, Who knows the beginning, end and means of all things, and tender to his bereaved family sincere sympathy on the irreparable loss which has befallen them.

Resolved Further, That a copy hereof, suitably engrossed and duly authenticated by the City Clerk, be transmitted to the family of the late Alderman Elias Goodman.

Adopted by the Board of Aldermen February 23, 1915.

Approved by the Mayor March 8, 1915.

No. 146.

**An Ordinance to Amend Section 430 of Part 1 of the Code of Ordinances of The City of New York, Relating to the "Discharge of Firearms."***Be it Ordained by the Board of Aldermen of the City of New York, as follows:*

Section 1. Section 430 of part 1 of the Code of Ordinances of The City of New York, relating to "the discharge of firearms," as amended, is hereby further amended by adding at the end thereof the words: the grounds of the Whitcomb Gun Club on the meadow land of the Schieffelin Estate, Eastchester, in the Borough of The Bronx.

Section 2. This ordinance shall take effect immediately.

Adopted by the Board of Aldermen February 23, 1915.

Received from his Honor the Mayor March 9, 1915, without his approval or disapproval thereof; therefore, as provided in Section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 147.

#### Bureau of Public Buildings and Offices.

The minor repairs that are treated in regular routine manner are noted in the tabulated form at the conclusion of the report of mechanical squads and their activities. The open market orders and check orders are treated in the same manner.

During the summer months the court buildings have been cleaned, repaired and painted as far as the funds available would permit.

The City Hall has been remodeled to provide for offices for the President of the Board of Aldermen, the Art Commission and the Finance Committee of the Board of Aldermen.

The Aldermanic Chamber has been redecorated, recarpeted and refurnished. A stairway has been provided leading to the third floor, and the entire third floor has been remodeled for the use of the members of the Art Commission.

The Mayor's Reception Room has been entirely remodeled.

The larger and more important work accomplished during this quarter will be detailed by buildings as follows:

#### MUNICIPAL BUILDING.

Since submitting the report for the quarter ending June 30, 1914, the following departments have moved into the Municipal Building: *Law Department*: Chief Clerk's Division, 16th floor; Tax Division, 17th floor; Tort Division, 17th floor; Examiners, 17th floor. *Panama Pacific Exposition Committee*—8th floor. *Tax Department*—9th floor. *Board of Estimate and Apportionment*: Committee on Port and Terminal Facilities, 9th floor; Committee on Markets, 20th floor; Bureau of Franchises, 13th floor.

With the exception of a small portion of the third floor—South Building and the Tower—the building is completely occupied.

**Janitorial Service**—The entire building, with the exception of the tower, is cleaned by the employees of this department.

**Elevator Service**—The elevator system has been operated since June 30th by employees of this department. Observations have been taken for a period of ten hours from 8.30 A. M. to 6.30 P. M. to determine the number of passengers carried and also to ascertain the amount and distribution of the inter-floor traffic. From a study of these figures, it has been decided to change the express service by making the first stop on the up trip at the 12th floor, instead of the 14th floor, as at present. This arrangement will relieve the present overloading on the local elevators.

**Heating, Lighting and Ventilation**—The entire mechanical and electrical equipment is now being maintained and operated by this department, including lighting, heating, refrigerating and pumping machinery.

**Telephone System**—A telephone switchboard has been installed in the office of the building on the fifth floor, which is connected by tie lines to all the switchboards in the building. This switchboard has eliminated the expense of telephoning between departments through the New York Telephone Company's switchboard. The telephone service for the following departments is also supplied through this switchboard: Taxes and Assessments, Public Recreation Commission, Board of Examiners, Panama Pacific Exposition Committee, Office of the Building, Commissioners of Estimate and Appraisal in Condemnation Proceedings, Examining Board of Plumbers. A contract for an additional switchboard has been prepared to supply service for the Department of Water Supply, Gas and Electricity, Department of Street Cleaning, and the departments under the jurisdiction of the President of the Borough of Manhattan. Several telegraph and messenger service companies have installed call boxes in the office of the building. Messenger service can now be supplied at all times by telephoning to the office of the building.

**Information Bureau**—A complete index of all employees in the Municipal Building has been prepared and is now in operation in the office of the building. This has been found to be a great convenience to the public. A complete directory of the departments located in the Municipal Building has been compiled and published. A new edition of this directory is issued each quarter. A complete directory of all department and bureau heads, commissioners, committees, etc., has also been compiled and is ready for publication.

The following is a list of the force employed in the Municipal Building as of September 30, 1914: 1 Assistant Engineer, 1 Janitor, 1 Elevator Dispatcher, 3 Attendants, 2 Clerks, 1 Electrician, 1 Electrician's Helper, 1 Marble Setter, 1 Foreman Mechanic, 1 Chief Engineer, 3 Engineers, 1 Oiler, 5 Laborers, 5 Firemen, 41 Elevator-men, 16 Laborers, 1 Assistant Foreman, 2 Cleaners (female), 116 Cleaners (male), 2 Elevator Constructors, 4 Elevator Constructor's Helpers, 1 Elevator Constructor Foreman, 1 Plumber's Helper, 3 Telephone Operators.

**Squad Work**—In addition to the squad work referred to in the above general data, the following pieces of work were performed by members of the squads:

Two (2) boilers were relined, and the bed plates and header brick were reset in all of the six (6) boilers; twenty (20) canvas motor covers were installed; about fifty (50) pieces of furniture for members of the Pension Commission were stained and varnished; call-bell system was installed in the Tenement House Department. The intercommunicating telephone system in the City Paymaster's office was maintained by the Electrical Squad. This telephone system was installed by our Electrical Squad. In addition to these jobs, 200 or 300 smaller jobs were executed by the squads in various parts of the building. The Electrical and Carpenter Squads did a large amount of this work.

#### OTHER BUILDINGS.

**City Hall**—The electric lamp equipment throughout this building was standardized to insure good illumination with the least amount of current consumption. Installed a lavatory in the Mayor's Chief Clerk's office, and connected same to house sewer in the basement. Installed four (4) inch check valve on the Croton intake line, so that a night supply could be taken from this source and a day supply from the Hall of Records.

Repaired over twenty-five (25) square yards of plaster in the new quarters of the Art Commission. Covered three (3) desks in the Governor's Room with cloth tops. Built a partitioned passageway to the women's toilet on the second floor. Installed a new call-bell system for the Mayor's offices, which will permit of changes and additions being readily made without any tearing up of the walls, and such changes can be made in a very short time. Installed new lamps in the ceiling of the Aldermanic Chamber, and put the Aldermanic Chamber in good order for the fall meetings. This included painting and laying of new carpet and installation of new chairs and desks for the Aldermen.

New crystal light fixtures and crystal side bracket chandeliers were installed. The restoration and alteration work of the two wings of the building is progressing satisfactorily. The alterations under way are in the following state of completion: First floor, east end, President, Board of Aldermen's new offices, 60 per cent. completed; first floor, west end, Mayor's Reception Room, and stairs from 2d to 3d floor, 70 per cent. completed; third floor, Art Commission, 90 per cent. completed.

**City Court**—Made the necessary repairs to two (2) hydraulic elevators, bracing the cars and planing guide rails to reduce friction. New lubricators of an approved type were installed on guide rails and counterweight rails. New operating and cut-off cables were also installed. Electric lamp equipment throughout the building was standardized to provide adequate lighting facilities without excessive current consumption. Specifications for replacing with new all the window sashes of the first, second and third floors were prepared, and the work awarded. Painted the walls and ceilings and varnished the woodwork of six (6) large court rooms on the first, second and third floors; also painted walls and ceilings of the four (4) judges' rooms. Repaired the carpet and linoleum of the seven large court rooms, replacing about 200 square yards. Cleaned, scraped and painted the roof tanks. Repaired the marble floors in the halls. Repaired the wood in court rooms which was commencing to rapidly decay.

**County Court**—Standardization made of electric lighting equipment in order to insure good illumination without waste of current consumption. Elevator enclosure gates were repaired by the installation of new guides and adjustments to the hangers in order to insure better gate operation. Painted dado and base, grained and varnished all railings, jury boxes and benches in nineteen (19) court rooms in order to give the rooms a brighter appearance. Painted the ceilings in two (2) court rooms and a portion of the walls in five (5) court rooms. Painted the walls, ceilings and trims in reporters' room, judges' kitchen, six (6) jury rooms and the east hall on the fourth floor. Laid about 100 yards of linoleum incidental to the changes of woodwork in the various courts, and 50 square yards in reporters' room and clerk's room, No. 217. Installed seventeen (17) drains in cellar areas and connected same with the sewer. This involved considerable masonry work in cutting and repairing the cement

floors. Painted the walls, ceilings and trim of the County Clerk's offices, consisting of four large offices, two smaller offices and two entrances. In Trial Term, Part XII, removed all railing from the floor and all spectators' platforms. Altered spectators' benches so as to be portable. Kept all electrical equipment in good repair and working order. Removed all post lights from the court rooms, especially from Judges' desks.

**Hall of Records**—A new composition cork covering was installed on the floors of the elevator cars to replace worn out flooring. A tank gauge was installed in pump room to indicate the height of water in the roof tanks. New piston rods were installed on elevators Nos. 5 and 6 to replace those condemned by the elevator inspection division of the Bureau of Buildings. The electric lighting equipment throughout the building was standardized to reduce current consumption as much as possible without reducing illumination intensity below that required. A supply of vacuum hose was installed for cleaning purposes. Two (2) boilers were relined, and the bed plates and new cheek blocks in all five (5) boilers were reset. Put electric fans in good repair and working order. Continued work of reversing chandelier brackets. Repaired the clock system, electric motors, controllers and elevator signals. Erected jury boxes in both Surrogates' court rooms and rearranged court room for jury trials. Repaired skylight gutters and ventilating hood on the main roof.

**Criminal Courts Building**—A new drum shaft and pinion gear were installed on the cut-off valve on No. 5 elevator equipment. Painted walls and ceilings and varnished the woodwork, furniture and floors in the twenty-five (25) offices of the District Attorney's Department. Painted the walls, ceiling and bars of five (5) prison pens and the anterooms connected with the same in the Court of General Sessions. Laid new linoleum in the Supreme Court, Criminal Branch, Part V, General Sessions and Homicide Bureau Office. This totaled 200 yards. Repairing the sidewalk on the Centre and Franklin Streets sides, and reset the Franklin Street stoop. Installed several new electric fans in District Attorney's office and put all electric fans in building in good repair and working order.

**264 Madison Street Court**—Commutators on the electric motor were turned down and brushes properly fitted to the surface. Laid linoleum in Parts III and IV in two (2) jury rooms. Furnished five (5) new electric fans for Judges' Chambers and put all other fans in good repair and working order. Maintained elevator in working order and made necessary repairs. Installed Pop safety valve on No. 1 boiler.

**West 54th Street Court**—Installed an electric elevator system with all wiring and apparatus to replace the old hydraulic elevator system. This was a job of considerable importance, and not only increased the efficiency of the building, but enabled us to reduce the engine room force and effect a saving thereby. The new electric elevator has met a demand for proper elevator operation which could not be obtained with the old hydraulic lift. Cellar drainers were installed to remove surface water from the sump pit when boilers are operating under low pressure. Removed toilet from the public hall and rearranged the toilets in order to construct a new toilet for women on the top floor. Several changes in both the steam and water piping were made in order to run the heating plant on low pressure after the hydraulic elevator was taken out. Painted Magistrates' Complaint Room and Municipal Court Judges' library. Installed two (2) water pressure drainers in the boiler room. Repaired and put in good working order all electric fans in the building; also repaired for proper operation the vacuum cleaner.

**East 57th Street Court**—Installed new grate bar in the boiler. Substituted high tanks for low ones in the women's toilet. Repaired windows throughout the building. Installed electric buzzers from Judges' bench to the offices of District Attorney and Warrant Officers. Installed ventilator in the roof of the prison pen stairways; also installed sheet metal along the upper portion of the partition dividing the men's and women's prison pens. Made general repairs to the roof.

**Harlem Court**—A back pressure valve was installed in order that the exhaust steam might be used for heating purposes. Specifications were prepared for pipe coverings. A number of roof leaks in this building was repaired, and all electric fans placed in good working order.

**Jefferson Market Court**—Brickwork linings of the boiler were repaired preparatory to its operation during the winter months. A new tube was also installed in one of the boilers to replace a defective one.

**Children's Court (Old)**—Inasmuch as the occupants will soon move into the new Children's Court House, only such repairs as were absolutely necessary were made in this building. These repairs included repair of roof leaks temporarily and repair of plaster ceiling in the complaint room.

**Children's Court (New)**—Inspections of the progress of work in this building are being made regularly. These inspections cover the general construction, plumbing, heating, electrical, elevator and interior decoration contracts. This building was about 92 per cent. completed at the end of the quarter and it is hoped that it will be ready for occupancy within a short period.

**Women's Detention Court (New)**—Several conferences between representatives of this bureau and the architect were held during this quarter. In these conferences it was settled that a hot water heating system would be adopted; that flush tanks in place of flushometers would be used in toilet fixtures and the types of toilet fixtures were settled upon. The minor details for elevator, lighting and telephone systems were arranged. It was also recommended by this bureau that an isolated plant be used for the purpose of lighting this building. The only work actually done to date during the quarter was that of making borings and such preliminary work as was necessary to start the construction of the building.

**54 Lafayette Street**—Repaired the carpet and linoleum in all the court rooms and hallways in the First District Municipal Court.

**146 Grand Street, First District Court (New)**—Prepared plans and specifications for new heating and plumbing systems. The plans and specifications for altering this building into a court house are now ready for advertising.

**East 32nd Street Court**—Put all electric fans in good repair and working order; also put in a new grate bar in boiler. Inasmuch as this building was thoroughly overhauled and renovated about a year ago, there was little necessity for further work of this kind.

**First Street and Second Avenue Court**—Two or three repairs were made to the floors and walls surrounding the prison pens in this building. These alterations were made to prevent the escape of prisoners, and must necessarily be made from time to time because of their destruction by prisoners.

**Sixth District Court, East 88th Street**—Furnished and installed five (5) new awnings for this building.

**300 Mulberry Street**—Put all electric fans in good repair and working order.

**Department of Licenses**—Tentative plans for the first and fifth floors of building at No. 49 Lafayette Street, were drawn. This building is to be occupied in part by the Department of Licenses.

**Madison Avenue and 59th Street**—Cleaned all carpets and repaired linoleum. Cleaned and varnished benches and railings in two (2) court rooms; also the furniture in four Judges' rooms and the Judges' library. Numerous carpentry and electrical jobs were done by those squads at the request of the court. All electric fans were put in good repair and working order.

**Municipal Asphalt Plant**—Painted about thirty (30) signs for use at this plant. Made a considerable number of carpentry repairs and installed wooden flooring not contracted for. Installed sign boards and made a large number of electrical repairs such as connecting up lathe and grinding machines and repairing call-bell system.

**Department of Public Works**—Removed all paint from and redecorated one automobile. Several repairs were made by the Carpenter and roofing squads in the various corporation yards. Repaired the iron leader drains at the 155th Street Viaduct.

**Washington Market**—Considerable inspection work was done at this market in connection with the installation of a refrigerating plant. This necessitated the working out of details of construction that would be satisfactory to the City and to the standholders in connection with the standholders refrigerators and ice boxes. The refrigerating plant is to consist of compressors, motors, condensers, brine cooler, switchboard and brine circulating piping throughout the market. This work is about 75 per cent. completed. Inspections were also made concerning the plans and specifications for electric lighting equipment as laid out by the architect for the alterations. This necessitated corrections of these specifications. Inspections were also made of the work of the plumbing, flooring and tile, and roofing contracts. The plumbing contract has been completed. The flooring and tile contract is completed with the exception of a few minor repairs to the tiling along counter fronts and small repairs to the concrete floor. The roofing contract is about 30 per cent. completed. A considerable portion of scaffold for painting of the interior of the building was erected by contractors. Three (3) new toilet bowls were installed in the comfort

station and two (2) new flushometers. Repairs were made to the temporary sheds over the sidewalks surrounding the market and also repaired roofs of the show windows.

**West Washington Market**—Painted the second story of Nos. 3 to 6 13th Avenue after the roofing squad had installed a new steel ceiling. Repaired the plaster of the ceiling at No. 50 Thompson Avenue. Made numerous repairs to roof leaks and leaders; removed broken plaster from the ceiling over stands at 50 Bloomfield Street and replaced the same with metal ceiling of crimped galvanized iron.

**Jefferson Market**—Made extensive floor repairs.

**Fulton Market**—This market was abandoned and its jurisdiction taken from this bureau and turned over to the Sinking Fund by a resolution adopted under date of June 5, 1914.

**Free Public Markets**—The painting squad painted about fifty-four (54) signs for use in these markets. Bins were also built for use by farmers and signs and runways were constructed and erected as requested.

**Allen Street Bath**—A proper and adequate supply of hot water hose was installed in this bath for cleaning purposes. An investigation was conducted with regard to the condition of the seats and doors of shower rooms in this building. Numerous samples are being tried with the idea in mind of establishing a uniform and standardized door and seat for use in the various public baths.

**Caroline Street Bath**—This bath is still in a bad condition owing to the excessive alterations planned because of the Seventh Avenue Extension. Numerous repairs were made to the marble in this building and three (3) new slabs were installed.

**Cherry and Oliver Streets Bath**—Installed a small motor driven air compressor for furnishing air under pressure for the operation of an automatic temperature regulating system. Repaired and gave general overhauling to the exhaust fans on the first and second floors. Repaired roof around the flagpole.

**Rivington Street Bath**—Adjustments and changes in the operation of the refiltration system were made in order to improve the condition of the swimming pool. An adequate supply of hose was furnished and installed for cleaning purposes. A feed water meter was installed in the engine room. The contract work in plumbing, heating, ventilation and general construction in connection with the installation of the swimming pool required constant supervision. Plans and specifications were drawn for electrical installations. This matter has been held up for a long time because of the failure of the Department of Water Supply, Gas and Electricity to approve these plans. The hot water generator was repaired and relocated. The shower circulating pump was also relocated and changes were made in the piping to simplify emergency operation. Temperature recording instruments were placed on the hot water supply line.

**Rutgers Place Bath**—The large steam reducing valve was repaired to prevent waste of water. Plans and specifications were drawn and certified to by the Department of Water Supply, Gas and Electricity for the electric lighting of pool and those portions of the bath which were altered in connection with the construction of the pool. A piston type water meter was installed to determine the operating condition of the boilers. Adjustments and changes were made in the refiltration system to improve the condition of the swimming pool. An adequate supply of hose for cleaning purposes was installed. A cotton safety rope was put in the pool in place of an iron chain, which discolored the marble when it became rusty. A croton bypass connection was made at the filters to expedite clearing and filling of the sediment tank. New floor drains were installed in the filter room. Electric telltales were installed on the tank.

**East 11th Street Bath**—Relined two (2) boilers. Installed new lead covered lighting wires in circuit on women's side of the bath. Installed an adequate supply of hot water hose for cleaning purposes.

**East 23rd Street Bath**—Individual valves were installed on the hot and cold water pipes to each shower compartment to facilitate repairs to mixing valves and prevent the shutting off of a large number of showers in order to repair one or two. Adjustments and changes in the operation of the refiltration system were made to improve the condition of the swimming pool. Details were taken up in connection with the proposed installation of a screen tank in the refiltration system. A new supply of hose was installed for cleaning purposes. The filters were overhauled and recharged. A feed water meter was placed in the engine room. Five (5) inch back pressure valve was installed and repairs were made to the exhaust line. The terrazzo flooring of the swimming pool and railing around the pool were repaired. Forty (40) new seats were installed in the various shower rooms.

**West 28th Street Bath**—(New, not open). Inspections are being made regularly in regard to the progress of work in this building. These inspections cover work in general construction, plumbing, electrical and heating. At the end of the quarter these contracts were about 95 per cent completed. It is hoped that this bath will be opened to the public by the first of February.

**West 41st Street Bath**—Aside from minor jobs, repairs were made to feed water valves.

**East 54th Street Bath**—Plans and specifications were drawn for electric lighting and gas lighting for the gymnasium; plans and specifications were also drawn for altered section of the building in connection with the new swimming pool. Outside electric lamps were installed on front columns and wiring in connection with these was installed to replace the lamps formerly set on a post on the sidewalk. Regular inspections of the progress of the alterations in regard to the plumbing and mechanical equipment in connection with the installation of two swimming pools were made. These inspections show that at the end of the quarter contracts were properly completed as indicated: Building operations, 75 per cent.; plumbing alterations, 85 per cent.; heating alterations, 85 per cent.

**West 60th Street Bath**—Installed a hypochlorite tank to feed hypochlorite of lime to the swimming pool in connection with the filtration system for disinfecting purposes. Adjusted and made changes in the operation of the refiltration system to improve conditions of the swimming pool. Installed an adequate supply of hot water hose for cleaning purposes. Repaired plaster and tiling in the pool floor. Replaced about 300 feet of gas piping. Took up details in connection with the proposed cleaning outfit for pool floor and details in connection with the shuttered doors leading from the waiting room to the balcony to improve ventilation of the bath.

**East 76th Street Bath**—Made repairs to the commutator of generator and installed new brushes to prevent excessive wear on the same. Installed eight (8) new slabs of marble; installed and cleaned out door at bottom of chimney. Installed an adequate supply of hot water hose for cleaning purposes.

**East 109th Street Bath**—Plans and specifications were drawn for electric lighting of the entire building to supersede the present lighting plan. These specifications were approved by the Department of Water Supply, Gas and Electricity. Repairs were made to the water heaters and these heaters were relocated. Installed an adequate supply of hot water hose for cleaning purposes. Painted the floor of the men's well, first floor. Made large repairs to the front skylight, which had partially collapsed.

**Free Floating Baths**—Completed the installation of a water distribution system for the sixteen (16) outlets along the floors of the six (6) floating baths, and then connected the baths with Croton water mains at following locations: Battery Park (2 baths), Pike Street, East 5th Street, East 96th Street, West 51st Street. Three of the supply pipes were metered, but the remainder were not, as the conditions were similar to the metered supply pipes. The average supply of these pipes was from 50,000 to 60,000 gallons a day. This work entailed opening up of about 300 linear feet of street pavement and 500 feet of park walks and lawns. It also meant the laying of 3,000 feet of pipe ½ to 2½ inches in diameter. A large amount of carpentry work was necessary in connection with the fresh water piping and getting the baths in their proper berths. The electric lighting equipment was put in good repair in Battery Park Floating Baths. The East 96th Street Floating Bath, which was damaged by a tug, was also repaired. The floating baths were opened to the public on the following dates: East 5th Street, July 15th; Battery Park No. 1, July 17th; Battery Park No. 2, July 19th; East 96th Street, July 20th; Pike Street, July 31st; West 51st Street, July 31st.

**Battery Park Comfort Station**—New marble saddles were furnished and set in the entrance.

**Hanover Square Comfort Station**—The electricians rewound the motor of the sewage ejector. Took apart and thoroughly overhauled the sewage pump. Repaired glass tile throughout the station. Made repairs to the roof and gutter and installed strainers on the sewage pumps.

**Mail Street Comfort Station**—Installed new safety treads on men's stairway. Placed electric exhaust fan in good repair.

**Abingdon Square Comfort Station**—Made inspections incidental to closing up the contract work on this station. Equipped for proper operation; telephone installed.

**Chatham Square Comfort Station**—Numerous tanks relined. Made repairs to stair railing. Made repairs to exhaust motor fans.

**Sheriff and Delancey Streets Comfort Station**—Installed marble slab inside vestibule door to shut off view of station from street. Repaired roof by replacing a large area of broken clay tile with painted galvanized iron tile.

**Greely Square Comfort Station**—Conferences were held with the Public Service Commission concerning the changes of plans to be made necessary on account of the new Broadway subway. The change of plans was accepted for the rebuilt station. The new subway would otherwise have cut off a portion of the men's section and the new plans provide for an enlargement of the station on one side to make up for an otherwise loss of this room.

**Park Avenue Comfort Station**—Installed two (2) new gas stoves on fireproof shelves and brackets.

**Willis Avenue Comfort Station**—Repaired skylights and cleaned out and repaired gutters along roof. Installed new smokestacks.

**129th Street and 3rd Avenue Comfort Station**—Installed gas stove on fireproof shelf and bracket.

**General**—The following completed jobs were done by various squads: Carpenter, 139; electrical, 104; plumbing, 139; steamfitting, 20; varnishing and painting, 72; roofing, 44; masonry, 43; awning, 34. Total, 595. 255 requisitions and open market orders were issued; 339 check orders were issued against miscellaneous monthly orders. The patronage for the free floating baths during July, August and September amounted to 629,507 men, 414,781 women. Total, 1,044,288. In the interior baths there were given 907,132 baths in July, 986,485 baths in August, 651,882 baths in September. Total, 2,545,499. The grand total of patronage for interior and floating baths during the quarter was 3,589,787.

**Sales of Tax Liens.**

NOTICE OF CONTINUATION OF THE QUEENS TAX SALE.

THE SALE OF THE LIENS FOR UNPAID taxes, assessments and water rents for the Borough of Queens, as to liens remaining unsold at the termination of the sale of October 27th, December 8, 1914, January 19, and March 2, 1915, has been continued to

**TUESDAY, APRIL 20, 1915,**

at 10 o'clock A. M., pursuant to section 1028 of the Greater New York Charter, and will be continued at that time on the third floor of the Municipal Building, Court House Square, Long Island City, Borough of Queens, City of New York.

Dated March 2, 1915.

DANIEL MOYNAHAN, Collector of Assessments and Arrears. m9,a20

**Corporation Sale of Lease.**

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN CITY REAL ESTATE.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund, and pursuant to a resolution adopted by them at a meeting held March 3, 1915, the Comptroller of the City of New York will sell sealed bids on

**WEDNESDAY, MARCH 24, 1915,** at 11 A. M. in Room 368, Municipal Building, Borough of Manhattan, the lease for a period of ten years from May 1, 1915, of the premises known as No. 20 Eldridge Street, being a plot of ground with improvements thereon located on the easterly side of Eldridge Street, distant about 100 feet southerly from the southeasterly corner of Canal and Eldridge Streets, in the Borough of Manhattan.

The Comptroller will receive sealed bids for the lease of the said premises for the said period at the minimum or upset price of Seventeen hundred dollars (\$1,700) per annum, payable quarterly in advance, and the said sale will be made upon the following

**TERMS AND CONDITIONS:**

The highest bidder will be required to pay twenty-five per cent. (25%) of the amount of the yearly rental at the time and place of sale. The amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

The successful bidder will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties, to be approved by the Comptroller, for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property and will contain in addition to other terms, covenants and conditions, as follows:

First—A clause providing that the lessee shall pay the usual rates for water per meter measurements, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements on the property except with the consent and approval of the Comptroller.

Third—A clause providing that during the term of the lease the lessee shall keep the building in proper repair, both inside and outside, and shall comply with all the laws and ordinances of the City of New York.

Fourth—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease shall become the property of the City of New York at the expiration of the lease.

Fifth—A clause granting to the lessee the privilege of renewal for a further term of ten years from May 1, 1925, at an increased rental of ten per cent. (10%), otherwise upon the same terms and conditions, upon ninety (90) days' written notice to the City.

The Comptroller shall have the right to reject any and all bids if deemed to be to the interest of the City of New York.

ALEX. BROUGH, Acting Comptroller, City of New York.

#### Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids a certain building standing upon property owned by The City of New York, formerly used for school purposes, in the

#### Borough of Queens.

BEING the building formerly used as Public School No. 68 on the northerly side of Henry Street, about 150 feet westerly from Bergen Avenue, Evergreen, in the Borough of Queens, which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan.

PURSUANT to a resolution adopted by the Commissioners of the Sinking Fund, at a meeting held March 10, 1915, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, MARCH 30, 1915,

at 11 A. M. in lots and parcels and in manner and form as follows:  
PARCEL NO. 1: Building known as old Public School No. 68 on the northerly side of Henry Street, about 150 feet easterly from Bergen Avenue, Evergreen.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11.00 a. m. on the 30th day of Mar., 1915, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.  
Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened March 30, 1915," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

#### Resolution Adopted.

**AT A MEETING OF THE BOARD OF** Health of the Department of Health, held February 26, 1915, the following resolution was adopted:

Resolved, That the following regulations governing the Tuberculin Testing of Cows producing Grade A Raw Milk, be and the same are hereby adopted, to take effect immediately:

1. Only such animals shall be admitted to the herd as are in good physical condition as shown by a thorough physical examination, accompanied by a test with a diagnostic injection of tuberculin, within a period of one (1) month previous to such admission. The test is to be carried out as prescribed in these regulations. A chart recording the result of the official test must be in the possession of this Department before the admission of any animal to the herd.

2. Tuberculin tests shall be made as follows: In the case of any herd which is found, when tested in accordance with these regulations, to be free from tuberculosis, the next general test of the herd shall be made within twelve (12) months. Any herd in which one or more reactors shall have been found, shall be retested with tuberculin within six (6) months, and every reacting animal shall be excluded from the herd. Tests shall be conducted as follows:

During the ten (10) hours before injection, four (4) pre-injection temperatures shall be taken at intervals of three (3) hours. The first post-injection temperature shall be taken not later than six (6) hours after injection; thereafter, temperature shall be taken at intervals of two (2) hours, continuing until not less than twenty-four (24) hours after injection.

3. If more than ten per cent. (10%) of the herd react to the tuberculin test, the entire herd shall be retested with tuberculin upon the expiration of ninety (90) days and each animal so retested shall receive a double dose of tuberculin at this test.

4. A rise of 2° over the highest pre-injection temperature shall be considered a reaction, provided such rise of temperature cannot be shown to be due to some other cause. A rise of 1½° Fahr. in which there are consecutive temperatures above the normal extending over three (3) or more intervals, shall be considered a suspicious reaction, and an animal having so reacted shall be removed from the herd. The interpretation of the "temperature curve" shall be left to the discretion of the veterinarian making the test subject to the approval of the Department of Health, provided, however, that such veterinarian shall be a legally licensed veterinarian whose tests are acceptable to the Department of Agriculture of the State of New York.

A full report of the test shall be made on a chart approved by the Department of Health, which chart shall state the kind and quantity of tuberculin used in each test, the dates and hours at which temperatures were taken, a description of the animals tested, and the numbers of the tags attached to the same, and said report shall be duly signed by the veterinarian, submitted to the Department of Health, and by the Department of Health placed on file for inspection and record.

## BOARD OF ESTIMATE AND APPORTIONMENT.

### Notices of Public Hearings.

#### FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT the public hearing on the petition of the United Electric Service Company for an amendment of contract dated December 16, 1909, as amended by contract dated October 29, 1912, granting said Company a franchise to construct, maintain and operate wires or other electrical conductors under the streets and avenues in the Borough of Manhattan, and that portion of the Borough of The Bronx, lying west of the Bronx River, for the purpose of maintaining and operating an electrical signalling system for the calling of messengers and an electrical burglar system and a fire alarm system, so that the minimum sums, which it is required to pay under the contract, will more nearly and equitably correspond with the returns which the Company obtains, which was, by resolution adopted February 5, 1915, fixed for March 5, 1915, was, on the latter date, continued until March 19, 1915, at 10 o'clock in the forenoon in Room 16, City Hall, Borough of Manhattan, when and where all citizens interested will have an opportunity to appear and be heard.

JAMES D. MCGANN, Assistant Secretary,  
Room 1307 Municipal Building, Telephone 4560  
West.

Dated New York, March 5, 1915. m9,19

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Yonkers Electric Light and Power Company, the Westchester Lighting Company, The New York Edison Company, and The United Electric Light and Power Company have, under date of May 28, 1913, made joint application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate ducts, conduits, poles and towers and the necessary fixtures attached thereto, upon a route along the Catskill Aqueduct Lands between the City of New York and the boundary line between the Counties of Westchester and Putnam, and to place wires therein or thereon for the purpose of supplying electrical power; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on June 9, 1913, fixing the date for public hearing thereon as July 10, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Press" and "The Sun," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, and the adequacy of the compensation proposed to be paid therefor, now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is author-

ized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

### PROPOSED FORM OF CONTRACT.

THIS CONTRACT, made this day of 1915, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and THE YONKERS ELECTRIC LIGHT AND POWER COMPANY (hereinafter called the Yonkers Company), THE WESTCHESTER LIGHTING COMPANY (hereinafter called the Westchester Company), THE NEW YORK EDISON COMPANY (hereinafter called the Edison Company) and THE UNITED ELECTRIC LIGHT AND POWER COMPANY (hereinafter called the United Company), parties of the second part (which companies when referred to collectively are hereinafter called the grantees), WITNESSETH:

WHEREAS, It is essential that high tension electric power be available at all times for the purpose of unwatering the pressure tunnels of the Catskill Aqueduct constructed pursuant to Chapter 724 of the Laws of 1905 and acts amendatory thereof and supplementary thereto (hereinafter referred to as the Catskill Aqueduct); the points where power for this purpose is required being:

(a) At or near Croton Lake;

(b) At Shaft No. 21 of the City Aqueduct situated at or near the intersection of Clinton and South Streets in the Borough of Manhattan; and

(c) At Shaft No. 11 of the City Aqueduct, situated in Morningside Park between 120th and 121st Streets if the same were extended, in the Borough of Manhattan; and

WHEREAS, Low tension electrical current will be necessary for the operation of the gates and other plant and machinery at the Kensico and Hill View gate houses, at the various siphon chambers and elsewhere and for the lighting of bridges, gate-houses, offices and other buildings and adjacent grounds along the line of the Catskill Aqueduct; and

WHEREAS, The United Company, the Yonkers Company and the Westchester Company are each engaged in the manufacture and distribution of electric current within certain areas along the Catskill Aqueduct; and

WHEREAS, The Edison Company is engaged in the manufacture and distribution of electric current for general commercial purposes within the Boroughs of Manhattan and The Bronx, and owns the stock of The Yonkers Company, and is affiliated with The United and the Westchester Companies, and is willing to join with said Companies in guaranteeing that such electric service shall be furnished to the City; and

WHEREAS, The Edison, United, Yonkers and Westchester Companies have joined in a petition to the Board in which each severally requests that the Board grant to each Company the right or franchise within the territory in which it operates to construct, maintain and use ducts, conduits, poles and towers with the necessary fixtures attached thereto, and to install and maintain therein or thereon wires, cables or other conductors upon and along the lands acquired for Catskill Aqueduct purposes and other lands acquired for water supply purposes by The City of New York from the Battery in the Borough of Manhattan to the Boundary line between the Counties of Westchester and Putnam for the purpose of conveying and transmitting electricity and supplying and distributing the same for light, heat and power and for general commercial purposes, and propose to furnish the City with both high and low tension current for the purposes hereinabove noted without cost to the City, as payment for said proposed grant:

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and use such ducts, conduits, poles and towers with the necessary fixtures attached thereto, as are necessary for the operation of one line only of poles and towers, and install and maintain therein or thereon wires, cables or other conductors upon a route hereinafter described over the Catskill Aqueduct lands and other lands acquired for water supply purposes, between the northerly boundary line of the City and the boundary line between the Counties of Westchester and Putnam, acquired or purchased by the City pursuant to Chapter 724 of the Laws of 1905, Chapter 490 of the Laws of 1883 and Chapter 256 of the Laws of 1834 and the acts amendatory thereof and supplementary thereto, as follows, but subject to the limitations hereinafter contained:

(a) To the Yonkers Company, along so much of said lands as lies within the City of Yonkers;

(b) To the Westchester Company, along so much of said land as lies within the County of Westchester outside the City of Yonkers; the said wires, cables or other conductors to be used by the grantees for the purpose of transmitting electricity and supplying and distributing the same for light, heat and power for general commercial purposes, except as herein elsewhere limited, but for no other purpose whatsoever.

The said Catskill Aqueduct Lands upon which the said Companies are hereby authorized to construct such transmission line are partially described in certain deeds to the City and the remainder is shown, as hereinafter more specifically set forth, upon Sections Nos. 1, 2, 9, 10, 11 and 13 to 16, inclusive, of the Southern Aqueduct Department and Section No. 1 of the Northern Aqueduct Department of "Maps of Real Estate to be Acquired by the City of New York Under the Provisions of Chapter 724 of the Laws of 1905, as amended," which maps are on file in the office of the County Clerk of the County of Westchester and in the office of the Board of Water Supply of the City of New York. Other lands upon which the said companies are hereby authorized to construct such transmission line—that is, for a distance of approximately 2100 feet, be the same more or less, including the crossing of Croton Lake, are shown upon maps filed in the office of the County Clerk of the County of Westchester and hereinafter more specifically described.

The routes upon which said transmission line is hereby authorized with certain limitations with respect thereto is more particularly described as follows:

Along and across the lands acquired for the Hill View Reservoir, shown on Sections Nos. 1 and 2 of said real estate maps of the Southern Aqueduct Department.

Also beginning at the corner of Grove and Orient Streets in the City of Yonkers; thence upon lands of the Catskill Aqueduct, as shown upon Section No. 16 of said real estate maps of the Southern Aqueduct Department to parcel No. 1151 and around said parcel in accordance with a certain deed, dated October 7, 1911, from James Gordon Bennett to The City of New York, and a certain agreement, also dated October 7, 1911, between James Gordon Bennett and the City of New York, both the said deed and the said agreement being recorded in the office of the Register of the County of Westchester, which are on file with the Board of Water Supply, to the Aqueduct lands at Parcel No. 1144 of said maps of said section No. 16;

thence continuing upon said Aqueduct lands shown upon said maps of said section No. 16, Southern Aqueduct Department to parcel No. 1135 thereof at the line of Tuckahoe Road; thence across said parcel No. 1135 under the conditions stipulated in the report of the Commissioners of Appraisal on said section No. 16, said report having been confirmed by the Supreme Court on September 30, 1911, to parcel No. 1134 of said section No. 16; thence continuing upon said Aqueduct lands as shown upon the maps of said Section No. 15, Southern Aqueduct Department; thence upon lands of the Catskill Aqueduct as shown upon maps of said Section No. 15 to Parcel No. 1013 thereof at the line of the property of the Kensico Cemetery; thence across said Parcel No. 1013, in conformity with a resolution of the Board of Water Supply, adopted June 20, 1911, to Parcel No. 1012 of said Section No. 15 at the line of the property of the New York Central and Hudson River Railroad Company, lessee of the New York and Harlem Railroad Company; thence across said Parcel No. 1012 in accordance with a certain agreement between said Railroad Companies and the Board of Water Supply, dated January 5, 1911, which agreement is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, to Parcel No. 1010 of said Section No. 15; thence continuing upon said Aqueduct Lands as shown upon said maps of said Section No. 15 to lands acquired for the Kensico Reservoir, being shown on Sections Nos. 9, 10 and 11 of said real estate maps of the Southern Aqueduct Department; thence along such Kensico Reservoir Lands to the southerly end of the Aqueduct Lands shown on Section No. 14 of said real estate maps of the Southern Aqueduct Department; thence upon said Aqueduct Lands shown upon maps of said Section No. 14 to parcel No. 998 thereof; thence over said parcel No. 998 under such conditions as may be stipulated in such report of the Commissioners of Appraisal on said Section No. 14, and as may be confirmed by the Supreme Court, to parcel No. 997 of said Section No. 14; thence continuing upon said Aqueduct lands, as shown upon the maps of said Section No. 14 to Parcel No. 971 thereof at the line of the property of the New York Central and Hudson River Railroad Company, lessee of the New York and Harlem Railroad Company; thence across said Parcel No. 971 in accordance with a certain agreement between the said Railroad Companies and the Board of Water Supply, dated January 5, 1911, which agreement is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, to Parcel No. 969 of said Section No. 14; thence continuing upon said Aqueduct Lands to Parcel No. 968 of said Section No. 14; thence making a detour from said Aqueduct Lands along a right of way acquired by the City not shown upon maps of said Section No. 14, but described in a certain deed from the Briarcliff Realty Company to the City of New York, dated January 5, 1911, which deed is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, and along said detour or right of way to the point where said right of way again joins such Aqueduct Lands at Parcel No. 967 of said maps of said Section No. 14; thence continuing upon said Aqueduct Lands as shown upon said maps of said Section No. 14, Southern Aqueduct Department, to the northerly end thereof and the southerly end of lands shown on maps of Section No. 13, Southern Aqueduct Department; thence continuing upon said Aqueduct Lands as shown upon maps of said Section No. 13 to Parcel No. 958 thereof; thence making a detour from said Aqueduct Lands along a right of way acquired by the City not shown upon maps of said Section No. 13, but described in a certain deed from Elisha P. Cronkrite and wife to the City of New York, dated June 9, 1910, which is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, and along said detour or right of way to the point where said right of way again joins such Aqueduct Lands at Parcel No. 957 of said maps of said Section No. 13; thence continuing upon said Aqueduct Lands as shown upon said maps of said Section No. 13, Southern Aqueduct Department to Parcel No. 952 thereof at the line of the property of the New York Central and Hudson River Railroad Company, lessee of the New York and Putnam Railroad Company; thence across said Parcel No. 952 in accordance with a certain agreement between the said Railroad Companies and the Board of Water Supply, dated January 25, 1911, which agreement is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, to Parcel No. 951 of said Section No. 13; thence continuing upon said Aqueduct Lands as shown upon said maps of said Section No. 13, to the northerly side of Parcel No. 925 of said Section No. 13, at the line of the lands of the City of New York acquired for water supply purposes, and shown upon sheets Nos. 11 and 12 of a map entitled: "City of New York, Department of Water Supply, Gas and Electricity, Atlas showing lands in Westchester County used for water supply purposes 1914" which maps are signed by the Chief Engineer of the Department of Water Supply, Gas and Electricity, and are filed in the office of said Department of Water Supply, Gas and Electricity; thence upon lands shown upon said Sheets Nos. 11 and 12, to the southerly side of Parcel No. 924 of said Section No. 13; thence continuing upon said Aqueduct Lands as shown upon said maps of said Section No. 13 Southern Aqueduct Department to the northerly end thereof and the southerly end of lands shown on maps of Section No. 1, Northern Aqueduct Department; thence continuing upon said Aqueduct Lands, as shown on Maps of said Section No. 1, Northern Aqueduct Department to the boundary line between the Counties of Westchester and Putnam.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the grantees.

First—The said right to construct, maintain and operate said transmission line shall be held and enjoyed by the grantees from the date upon which this contract is signed by the Mayor until January 1, 1938, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the grantees shall determine to exercise the privilege of renewal they shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the grantees and the Board.

If the grantees and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the grantees shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forth-

with agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the grantees; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the grantees and their officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual compensation shall, in any event, be less than that required for the last year of the original term of this contract. If in any case the annual compensation shall not be fixed prior to the termination of the original term of this contract, then the annual compensation theretofore prevailing shall continue until the new rate shall be determined, and the grantees shall then make up to the City the amount of any excess of the annual compensation then determined over the previous annual compensation. The compensation and expenses of the said appraisers shall be borne jointly by the City and the grantees, each paying one-half thereof.

Second—As compensation for the privilege hereby granted the grantees jointly and severally agree to install equipment and furnish electrical current to the City without charge to it, as follows:

(a) Install, reserve and maintain for the exclusive use of the City, as an integral part of the generating and distributing systems of the grantees, generating machinery, sub-station apparatus, cables, switches and controlling apparatus up to the switchboards in the structures of the drainage chambers now or to be hereafter provided by the Board of Water Supply of the City for the unwatering of the pressure tunnels of the Catskill Aqueduct; said drainage chambers situated or to be situated

(1) At or near Croton Lake at the shaft known as the Croton Lake Drainage Shaft;

(2) At or near the intersection of Clinton and South Streets at the shaft known as No. 21 of the City Aqueduct; and

(3) In Morningside Park between West 120th and West 121st Streets, if the same were extended, at the shaft known as No. 11 of the City Aqueduct;

—sufficient in capacity to deliver 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(b) Furnish when called upon by the Board of Water Supply or its authorized representatives electrical energy up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(c) Install and maintain for the use of the City wires, cables or other conductors and controlling apparatus up to the switchboards in the buildings or other structures owned by the City and used in the operation of the Catskill Aqueduct; that is to say, gatehouses, offices, bridges and all other buildings and chambers used in the operation and maintenance of the aqueduct and aqueduct lands of the city which may be situated north of Battery Park in the Borough of Manhattan and south of the boundary line between the Counties of Westchester and Putnam.

(d) Furnish whenever required two-phase or three-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 110 or more volts, sufficient for operating all motors and other apparatus as may be required for the maintenance and operation of the aqueduct.

(e) Furnish whenever required single-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 110 or more volts, or direct current at a pressure of 120 or more volts, sufficient for lighting all said buildings, bridges and grounds as may be necessary, and for any and all other purposes as may be required in connection with the maintenance and operation of the aqueduct and appurtenant works and structures.

Any and all payments to be made or service to be rendered by the terms of this contract to the City by the grantees shall not be considered in any manner in the nature of a tax, but such payments shall be made and such service rendered in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, to operate upon a route upon all or any part of lands acquired for aqueduct purposes.

Fourth—The service hereby required to be rendered as payment for the rights hereby granted shall continue throughout the whole term of this contract (whether original or renewal), and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to service to be rendered as payment for the rights hereby granted, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—The consent hereby granted shall not be assigned, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the acts of any of the grantees, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

**Sixth**—Should the grantees at any time fail to supply the service herein required as payment for the privilege herein granted in an efficient manner satisfactory to the Board of Water Supply, then the right herein granted shall cease and determine, and all sums paid or deposited with the City shall be and become the property of the City.

**Seventh**—It is understood by the parties hereto that the right herein granted is subject to any and every limitation imposed by law upon the use of the aqueduct lands outside of the present limits of the City or by any and every condition upon which such lands were purchased or acquired. It is understood also that no rights of any kind whatsoever are herein granted to or in any of the aqueduct lands lying within the present limits of the City.

**Eighth**—The transmission line hereby authorized shall be used only for the transmission of electrical current to and within the Counties of Westchester and Putnam of the State of New York and shall not be used as a portion of or in connection with a transmission line extending into any portion of the State of New York nor into any portion of any other state; provided that the Board may by resolution authorize the use of such transmission line for the transmission of electrical current from, to and within districts outside of said Counties of Westchester and Putnam, but the Board may, upon the adoption of such resolution, require such compensation for the additional right and prescribe such terms and conditions to govern the same as in its discretion it may deem proper.

**Ninth**—The grantees shall immediately begin the construction of ducts, conduits, poles and towers and the installation therein or thereon of wires, cables or other conductors and complete so much of such construction and installation as shall be necessary to furnish the service herein required and stand ready to supply the current herein required for the purposes of the Board of Water Supply and the City of New York within five (5) months from the date upon which this contract is signed by the Mayor; otherwise this right shall cease and determine; provided that the time for completion of such construction and installation and the commencement of current supply, as required, may be extended by the Board, but the total extension of time shall not exceed twelve months; and provided further that when the completion of the construction or installation or the delivery of current shall be prevented by legal proceedings in any court or by works of public improvement or from other causes not within the control of the grantees, then such time may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the grantees and provided further that in no case shall such delay be deemed to begin until the grantees shall have given written notice to the Board of any such court proceedings or other occasion of delay and shall have delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless upon the request of the Board the grantees shall in writing consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

**Tenth**—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, the conduits, poles, towers, fixtures, wires, cables and equipment of the grantees constructed pursuant to this contract shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the grantees shall, upon thirty (30) days' notice from the Board, remove any part or all of such conduits, poles, towers, fixtures, wires, cables and equipments constructed pursuant to this contract and the aqueduct lands shall be restored to a condition satisfactory to the Board of Water Supply at the sole cost and expense of the grantees.

**Eleventh**—The grantees shall comply with all laws, ordinances or rules of the local authorities having jurisdiction over the construction, maintenance or operation of the transmission line herein authorized.

**Twelfth**—The position of said transmission line upon said aqueduct lands shall be such as shall coincide with that designated and fixed by the Board of Water Supply. Before any work of construction or installation herein authorized shall be commenced, the grantees shall submit to the Board of Water Supply plans and specifications which shall show and specify in detail the character of the structure or structures proposed by the grantees and the location of the same upon City land. Said plans and specifications must be approved by the Board of Water Supply before such work shall be commenced. The work of construction and installation shall be under the supervision of the Board of Water Supply and any rules or directions given by said Board shall be complied with by the grantees. If in the opinion of the Board of Water Supply it shall become necessary to change at any time during the term of this contract the location or the character of the construction or installation of said transmission line for the protection of life or property or if in the opinion of said Board it shall become necessary for the City to use during said term any part or all of the lands upon which the structures herein authorized shall be situated for any of the purposes for which said lands were acquired, then the grantees shall make at their own expense such changes in the character of the construction or installation or changes in the position of such structures on said Aqueduct Lands as directed by the Board of Water Supply.

**Thirteenth**—All structures and appurtenances erected hereunder shall be kept in good and safe repair and in accordance with the instructions given by the Board of Water Supply.

**Fourteenth**—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the grantees, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the ducts, conduits, poles, towers, wires, cables, conductors, fixtures and all structures, constructed or in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the grantees to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the grantees fail to appear, action may be taken by the Board forthwith.

**Fifteenth**—This grant is upon the express condition that the grantees, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of twenty-five thousand dollars (\$25,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the grantees of all of the terms and conditions of this contract and compliance with all orders of the Board, or the Board of Water Supply, acting under the powers herein reserved, especially

those which relate to the furnishing of service herein required for the privilege hereby granted, and the maintenance of the property in good and safe condition throughout the whole term of this contract; and in case of default in the performance by the grantees of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board or Board of Water Supply, acting hereunder, the grantees shall pay a penalty of fifty dollars (\$50) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the grantees, directing their Presidents, or any one of them, or other officers to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the grantees should not be penalized in accordance with the foregoing provisions. If the grantees fail to make an appearance, or, after a hearing, appear in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the grantees shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twenty-five thousand dollars (\$25,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

**Sixteenth**—The grantees shall assume all liability to persons or property by reason of the construction or operation of the transmission line and its appurtenances authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the grantees hereby agree to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the grantees. The grantees shall pay all taxes on all property constructed or maintained pursuant to this contract and shall reimburse the City for all taxes upon said property which the City may be required to pay and shall reimburse the City its officers and agents for any and all costs or expenses whatsoever of every name and nature to which the City may be put by reason of the construction, operation or maintenance of the transmission line and its appurtenances and shall save the City, its officers and agents harmless therefrom.

**Seventeenth**—If at any time the powers of the Board or of the Board of Water Supply, or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or the Board of Water Supply or other authorities, officer or officers.

**Sec. 3.** Nothing in this contract contained shall be construed as reviving or validating any lapsed or invalid franchise heretofore granted to any of the grantees herein or to their predecessors, or as enlarging or adding to the powers or privileges contained in said grants of franchises or as waiving any forfeiture thereto.

**Sec. 4.** Each of the parties of the second part, jointly and severally, promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

**Sec. 5.** This contract shall not become operative unless and until the grantees shall procure and cause to be executed an agreement which shall be proved in proper form for record and duly delivered to the Board, by which the Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company shall agree with each other, with the Westchester Company and with the City to furnish, whenever called upon by either the Westchester Company or the City, such service as may be required by the Westchester Company in order to supply to the City the electrical current necessary to fulfill the terms of this contract, and by which the said Northern Westchester Lighting Company and the said Peekskill Lighting and Railroad Company shall further agree with each other, with the Westchester Company and with the City to permit the Westchester Company to use so much of their facilities as shall be necessary to carry out the provisions of this contract. Upon the failure of either or any of said Companies to furnish such service or to permit the use of said facilities for any reason at any time hereafter, the rights hereby granted shall cease and determine and this contract shall be null and void of no effect.

In WITNESS WHEREOF, the party of the first part, by its Mayor, aforesaid, doth authorize by said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and each of the parties of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provision as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right, applied for by The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published in full for at least fifteen (15) days immediately prior to Friday, March 19, 1915, in the City Record, together with the following notice, to wit:

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right and before adopting any resolution authorizing such contract, will, at a meeting of said Board to be held in Room 1307, Municipal Building, Borough of Manhattan, City of New York, on Friday, March 19, 1915, at 10 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers Streets, Borough of Manhattan, shall be published at least twice at the expense of the proposed grantees during the ten (10) days immediately prior to Friday, March 19, 1915, in the "New York Press" and "The Sun," the two daily newspapers in which the petition and notice of hearing thereon have been published.

Proposed Form of Agreement.

Agreement, made this day of 1915, between the NORTHERN WESTCHESTER LIGHTING COMPANY, a corporation having an office and doing business in Westchester County, State of New York, and the PEESKILL LIGHTING AND RAILROAD COMPANY, a corporation having an office and doing business in Westchester County, State of New York, parties of the first part; the WESTCHESTER LIGHTING COMPANY, a corporation having an office and doing business in the City of Yonkers, State of New York, party of the second part; and THE CITY OF NEW YORK, party of the third part;

WITNESSETH:

WHEREAS, On the 28th day of May, 1913, The Yonkers Electric Light and Power Company, The Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, applied to the Board of Estimate and Apportionment as the local authority of The City of New York for the right to construct, maintain and operate a transmission line along the land of the Catskill Aqueduct in the Counties of New York and Westchester, as more fully appears by said application; and

WHEREAS, The Yonkers Electric Light and Power Company and the Westchester Lighting Company are operating in Westchester County pursuant to franchises theretofore granted to said Companies; and

WHEREAS, Said franchises are limited to the City of Yonkers and certain territory in Westchester County north of said City, not, however, extending to the northerly line of Westchester County; and

WHEREAS, The Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company did not join in said application for said franchise, although they are operating under franchises granted to them, or their predecessors, in the territory extending northerly from the territory in which the Westchester Lighting Company operates to the northerly line of Westchester County; and

WHEREAS, On a contract was executed by the Mayor on behalf of The City of New York, party of the first part, and The Yonkers Electric Light and Power Company, The Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, parties of the second part, or grantees thereunder, granting to The Yonkers Electric Light and Power Company the franchise or right to construct, maintain and operate an electrical transmission line along so much of the Catskill Aqueduct Lands as lies within the City of Yonkers, and granting to the Westchester Lighting Company a similar franchise or right upon so much of said lands as lies within the County of Westchester, outside of The City of Yonkers; and

WHEREAS, The Westchester Lighting Company has no rights in some of the territory occupied by the Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company; and it is necessary for the latter Company to enter into an agreement, whereby said Companies shall agree to furnish, whenever called upon by the Westchester Company or the City, such service or facilities as are necessary to permit the Westchester Lighting Company to fulfill the terms and conditions of said contract; and

WHEREAS, Said contract provides that the grantees shall procure and cause to be executed an agreement, which shall be proved in proper form for record and duly delivered to the Board, by which the parties of the first part shall agree with each other, with the Westchester Lighting Company and with the City to furnish, whenever called upon by either the Westchester Lighting Company or the City, such service as may be required by the Westchester Lighting Company in order to supply to the City the electrical current necessary to fulfill the terms of said contract, and by which the said parties of the first part shall further agree with each other, with the Westchester Lighting Company and with the City to permit the said Westchester Lighting Company to use so much of their facilities as shall be necessary for said Company to carry out the provisions of said contract.

Now, THEREFORE, In consideration of the premises and of the sum of one dollar by each of the parties of the first and second parts to the other paid, the receipt whereof is hereby acknowledged, the parties of the first part do hereby covenant and agree with each other, with the Westchester Lighting Company and with the City to furnish, whenever called upon by either the Westchester Lighting Company or the City, such service as may be required by said Westchester Lighting Company in order to supply to the City the electrical current necessary to fulfill the terms of said contract, without expense to the City, and said parties of the first part further agree with each other, with the Westchester Lighting Company and with the City to permit the Westchester Lighting Company to use so much of their facilities as shall be necessary for said Company to carry out the provisions of said contract.

In WITNESS WHEREOF, The Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company, and the Westchester Lighting Company, affiliated companies, by their

officers thereunto duly authorized, have caused their corporate names to be hereunto signed and their corporate seals to be hereunto affixed the day and year first above written.

**NOTICE IS HEREBY GIVEN THAT AT THE** meeting of the Board of Estimate and Apportionment held on February 19, 1915, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Putnam Avenue West from West 233rd Street to Van Cortlandt Park South in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of Section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings:

Beginning at a point on the easterly right-of-way line of the New York Central and Hudson River Railroad, where it is intersected by a line distant 100 feet northerly from and parallel with the northerly line of Van Cortlandt Park South, the said distance being measured at right angles to Van Cortlandt Park South, and running thence southwardly along the said right-of-way line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of West 236th Street and the southerly line of West 238th Street, as these streets are laid out where they meet Albany Road on the west; thence eastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Putnam Avenue West and the westerly line of Albany Road as these streets are laid out where they meet West 236th Street on the south; thence southwardly along the said bisecting line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of West 233rd Street, the said distance being measured at right angles to West 233rd Street; thence westwardly along the said line parallel with West 233rd Street to a point distant 100 feet westerly from the prolongation of the westerly line of Putnam Avenue West, the said distance being measured at right angles to Putnam Avenue West; thence northwardly along the said line parallel with Putnam Avenue West to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Broadway and the westerly line of Putnam Avenue West, as these streets are laid out between West 236th Street and West 237th Street; thence northwardly along the said bisecting line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of West 238th Street, the said distance being measured at right angles to West 238th Street; thence eastwardly along the said line parallel with West 238th Street, to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Putnam Avenue West, the said distance being measured at right angles to Putnam Avenue West; thence northwardly along the said line parallel with Putnam Avenue West to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Review Place and the westerly line of Putnam Avenue West as these streets are laid out between West 239th Street and Van Cortlandt Park South; thence northwardly along the said bisecting line to the intersection with the northerly line of Van Cortlandt Park South; thence northwardly at right angles to Van Cortlandt Park South to the intersection with a line parallel with Van Cortlandt Park South and passing through the point of beginning; thence eastwardly along the said

line parallel with Van Cortlandt Park South to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 19th day of March, 1915, at 9:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in The City Record for ten days prior to the 19th day of March, 1915.

Dated March 6, 1915  
JOSEPH HAAG Secretary, Municipal Building Telephone 4560 Worth m6,17

NOTICE IS HEREBY GIVEN THAT A PUBLIC hearing will be held by the Commissioners of the Sinking Fund at 11 o'clock in the forenoon on Wednesday, March 24, 1915, in Room 16, City Hall, Borough of Manhattan, in the matter of the request of the Commissioner of Docks for approval of proposed amendment to the new plan for improvement of the waterfront between Little West 12th Street and 23rd Street, North River, Borough of Manhattan, adopted by the Commissioner of Docks, February 18, 1915.

The proposed amendment consists:

First: In the discontinuance of that portion of the marginal street wharf or place approved by the Commissioners of the Sinking Fund June 14, 1897, between West 23rd Street and West 19th Street, and that portion of the marginal street, wharf or place approved by the Commissioners of the Sinking Fund April 29, 1904, between West 19th Street and Little West 12th Street, and that portion of the marginal street, wharf or place approved by the Commissioners of the Sinking Fund, June 26, 1912, between Little West 12th Street and Gansevoort Street, North River Borough of Manhattan, as lies east and north of line described as follows:

Beginning at a point in the westerly line of Thirteenth Avenue where the same is intersected by the westerly prolongation of the northerly side of West 23rd Street, extending thence southerly and in the southerly prolongation of the westerly side of Thirteenth Avenue to a point of intersection with the westerly prolongation of the northerly side of West 22nd Street; thence easterly and along the westerly prolongation of the northerly side of West 22nd Street to a point of intersection with a line distant 180 feet east of and parallel with the bulkhead line established by the Board of Docks in 1897 between West 22nd and West 19th Streets; thence southerly and along said parallel line to a point of intersection with the westerly prolongation of the southerly side of Little West 12th Street; thence easterly and along the westerly prolongation of the southerly side of Little West 12th Street to a point of intersection with the easterly side of the marginal street approved by the Commissioners of the Sinking Fund June 26, 1912.

Second: The adoption of a marginal street wharf or place 150 feet in width extending from the established bulkhead line to the westerly side of Thirteenth Avenue produced southerly between the northerly side of West 23rd Street and the southerly side of West 22nd Street; 60 feet in width between the northerly side of West 22nd Street and the bulkhead line established by the Board of Docks in 1897 lying easterly of the southerly prolongation of the westerly side of Thirteenth Avenue; 180 feet in width lying inshore of and parallel with the last mentioned bulkhead line between the southerly side of West 22nd Street and a point midway between piers 59 and 60, North River; 105 feet in width lying inshore of and parallel with the bulkhead line established by the Commissioner of Docks in 1904 between a point midway between Piers 59 and 60 North River and the southerly side of Little West 12th Street.

JOHN PURROY MITCHEL, Mayor and Chairman, Commissioners of the Sinking Fund. m8,13

NOTICE IS HEREBY GIVEN THAT A PUBLIC hearing will be held by the Commissioners of the Sinking Fund at 11:05 o'clock in the forenoon on Wednesday, March 24, 1915 in Room 16, City Hall, Borough of Manhattan, in the matter of the request of the Commissioner of Docks, for approval of the proposed amendment to the new plan for improvement of the waterfront and harbor of the City of New York, for the area between East 132nd Street and East 134th Street, Harlem River, Borough of Manhattan, adopted by the Commissioner of Docks, February 15, 1915.

The proposed amendment consists:

First: In the establishing of a bulkhead line 40 feet south of and parallel with the southerly side of East 133rd Street extending from the pierhead and bulkhead line established by the Secretary of War in 1890 to the easterly side of the marginal street, wharf or place as established by the Board of Docks December 6th, 1901, and approved by the Commissioners of the Sinking Fund December 26th, 1901, parallel with the easterly side of Park Avenue.

Second: In the discontinuance of the marginal street, wharf or place as established by the Board of Docks December 6th, 1901, and approved by the Commissioners of the Sinking Fund December 26th, 1901, between the southerly side of East 133rd Street and the southerly side of East 134th Street.

JOHN PURROY MITCHEL, Mayor and Chairman, Commissioners of the Sinking Fund. m8,13

NOTICE IS HEREBY GIVEN THAT A PUBLIC hearing will be held by the Commissioners of the Sinking Fund at 11:10 o'clock in the forenoon, on Wednesday, March 24, 1915, in Room 16, City Hall, Borough of Manhattan, in the matter of the request of the Commissioner of Docks for approval of the amended plan for improvement of the waterfront between West 77th Street and West 81st Street North river

Borough of Manhattan, adopted by the Commissioner of Docks February 26, 1915.

The proposed amendment consists:

First: In discontinuing the proposed piers near the foot of West 77th, West 78th and West 81st Street, respectively, and

Second: In the construction of a pier two hundred and sixty-one (261) feet in length and forty (40) feet in width, extending along the bulkhead line established by the Commissioner of Docks, February 1st, 1907, from a line thirty-one feet four inches (31' 4") south of the northerly side of West 77th Street, northwardly, bounded and described as follows:

Beginning at a point in the bulkhead line established by the Commissioner of Docks, February 1st, 1907, at its intersection with a line drawn parallel with and thirty-one feet four inches, (31' 4") south, the northerly side of West 77th Street prolonged westerly; running thence westerly and along said parallel line a distance of forty (40) feet thence northwardly and parallel with the bulkhead line established by the Commissioner of Docks, February 1st, 1907, two hundred and sixty-one (261) feet, thence easterly and at right angles to the preceding course a distance of forty (40) feet to the afore-said bulkhead line; thence southwardly and along said bulkhead line to the point or place of beginning.

#### SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of FIFTY-FIFTH STREET, from 16th Avenue to 19th Avenue, and FIFTY-FOURTH STREET, from Fort Hamilton Avenue to 11th Avenue, from New Utrecht Avenue to 13th Avenue, and from 15th Avenue to 19th Avenue, excluding in each case the right-of-way of the Long Island Railroad, in the 30th Ward, Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, No. 166 Montague Street, in the Borough of Brooklyn, in the City of New York, on or before the 25th day of March, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 26th day of March, 1915, at 2:30 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, No. 166 Montague Street, in the Borough of Brooklyn, in the City of New York, on or before the 25th day of March, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 29th day of March, 1915, at 2:30 o'clock P. M.

Third.—That the Commissioner of Assessments has assessed any or all of such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 21st day of March, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

1. Bounded on the northeast by a line midway between 53d street and 54th street; on the southeast by the northwesterly line of 11th avenue; on the southwest by a line midway between 54th street and 55th street; and on the northwest by the southeasterly line of 10th avenue.

2. Bounded on the northeast by a line midway between 53d street and 54th street; on the southeast by a line distant 100 feet southeasterly from and parallel with the southeasterly line of 13th avenue; the said distance being measured at right angles to 13th avenue; on the southwest by a line midway between 54th street and 55th street; and on the west by the easterly line of New Utrecht avenue.

3. Beginning at a point on the southeasterly line of 15th avenue midway between 53d street and 54th street, and running thence southeasterly along a line always midway between 53d street and 54th street to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of 19th avenue, the said distance being measured at right angles to 19th avenue; thence southwestwardly along the said line parallel with 19th avenue to the intersection with the prolongation of a line midway between 55th street and 56th street, as these streets are laid out between 17th avenue and 18th avenue; thence northwestwardly along the said line midway between 55th street and 56th street, and along the prolongation of the said line to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of 16th avenue, the said distance being measured at right angles to 16th avenue; thence northeastwardly along the said line parallel with 16th avenue to the intersection with a line midway between 54th street and 55th street as these streets are laid out between 15th avenue and 16th avenue; thence northwestwardly along the said line midway between 54th street and 55th street to the intersection with the southeasterly line of 15th avenue; thence north-easterly along the southeasterly line of 15th avenue to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague Street, in the Borough of Brooklyn, in said City, there to remain until the 5th day of April, 1915.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court, of the State of New York,

Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 26th day of May, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BRITTON AVENUE from Broadway to Roosevelt Avenue; and of Elmhurst Avenue from Broadway to Roosevelt Avenue in the 2d Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, in the Municipal Building Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 22d day of March, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 23d day of March, 1915, at 11 o'clock A. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 22d day of March, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 24th day of March, 1915, at 11 o'clock A. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 1st day of May, 1914, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Britton Avenue and Viator place, distant 100 feet southerly from the southerly line of Broadway, the said distance being measured at right angles to Broadway, and running thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Broadway to the intersection with the prolongation of a line midway between Britton Avenue and Petit place; thence northwardly along the said line midway between Britton Avenue and Petit place, and along the prolongations of the said line to a point distant 100 feet northwardly from the northerly line of Ithaca street; thence westwardly and parallel with Ithaca street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Baxter Avenue and Britton Avenue as these streets are laid out between Gleane street and Hampton street; thence northwardly along the said bisecting line to the intersection with the southerly line of Roosevelt Avenue; thence northwardly at right angles to Roosevelt Avenue a distance of 180 feet; thence eastwardly and parallel with Roosevelt Avenue to the intersection with a line at right angles to Roosevelt Avenue and passing through a point on its southerly side where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Elmhurst Avenue and Warner Avenue as these streets are laid out between Denman street and Elbertson street; thence southwardly along the said line at right angles to Roosevelt Avenue to its southerly side; thence southwardly along the bisecting line last described to the intersection with the prolongation of a line midway between Elmhurst Avenue and Warner Avenue as these streets are laid out between Hampton street and Jacobson street; thence southwardly along the said line midway between Elmhurst Avenue and Warner Avenue and along the prolongation of the said line to the intersection with a line passing through a point on the northerly line of Ketcham street midway between Elmhurst Avenue and Warner Avenue, and a point on the northerly line of Macnisch street midway between Elmhurst Avenue and Kingsland Avenue; thence southwardly along the line last described to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Elmhurst Avenue and the westerly line of Kingsland Avenue as these streets are laid out between Broadway and Macnisch street; thence southwardly along the said bisecting line to a point distant 100 feet southerly from the southerly line of Broadway, the said distance being measured at right angles to Broadway; thence westwardly and parallel with Broadway to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Viator place and Elmhurst Avenue as these streets are laid out between Ketcham street and Macnisch street; thence northwardly along the said bisecting line to the intersection with a line at right angles to Jacobson street, and passing through a point on its southerly side midway between Viator place and Elmhurst Avenue; thence northwardly along the said line at right angles to Jacobson street to a point distant 100 feet northwardly from its northerly side; thence westwardly and parallel with Jacobson street to the intersection with the prolongation of a line midway between Britton Avenue and Viator place; thence southwardly along the said line midway between Britton Avenue and Viator place and along the prolongations of the said line to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague Street, in the Borough of Brooklyn, in said City, there to remain until the 5th day of April, 1915.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court, of the State of New York,

Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 26th day of May, 1915, at the opening of the Court on that day.

making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 22d day of March, 1915.

Sixth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 28th day of May, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, February 23d, 1915.  
JAMES DOLAN Chairman, ROBT. B. LAWRENCE W. J. HAMILTON Commissioners of Estimate. JAMES DOLAN Commissioner of Assessment.

#### SUPREME COURT—THIRD JUDICIAL DISTRICT.

##### Filing Reports.

#### THIRD JUDICIAL DISTRICT—ULSTER COUNTY.

In the Matter of the Application and Petition of Charles Strauss, Charles N. Chadwick and John F. Galvin, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under Chapter 724 of the Laws of 1905, and the Acts amendatory thereof, in the Towns of Hurley and Olive, Ulster County, New York, for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

Ashokan Reservoir, Railroad Section No. 5.

PUBLIC NOTICE IS HEREBY GIVEN THAT the First Separate Report filed on February 3, 1915, in the office of the Clerk of the County of Ulster, of William M. Chadbourne, Cornelius I. Le Fever and J. Charles Snyder, who were duly appointed Commissioners in the above entitled proceeding by an order of the Supreme Court dated January 3, 1914, and filed in the office of the Clerk of Ulster County on January 5, 1914, will be presented to this Court at a Special Term thereof to be held in and for the Third Judicial District at the County Court House in the City of Kingston, Ulster County, N. Y., on the 3rd day of April, 1915.

And that the City of New York will move the confirmation of said report.

And for such other and further relief as may be just and proper, reserving to the City of New York the right to oppose each and any award, recommendation and computation included in said report.

Dated, New York, March 5, 1915.  
FRANK L. POLK, Corporation Counsel, Municipal Building, New York City. m13,a3

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereof at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
