The MBSKYC will share the goals of the original pilot but expand the age range of the youth participants and introduce a community benefit project involving neighborhood-based youth councils affiliated with DYCD. #### Statement of Basis and Purpose of Proposed Rule

The Office of Environmental Remediation ("Office" or "OER") operates a local land cleanup program that promotes cleanup and

redevelopment of vacant and contaminated land in New York City. With OER's oversight, property owners and real estate developers implement remedial actions to clean up land prior to the construction of new buildings. Having operated its program for over 10 years, OER has identified an area where owners and developers violate program requirements, which OER seeks to address through this rulemaking.

Enforcement action is appropriate when owners violate an OER Site Management Plan ("SMP") by failing to submit reports to OER certifying that their long-term site controls continue to function as intended. Depending on a project's remedy, property owners may be subject to ongoing site management obligations to ensure their sites remain safe for building occupants after cleanup is complete. Such obligations typically include periodic site inspections and reporting to OER and are documented in an SMP. Failure to comply with an SMP could undermine the efficacy of a remedy and present a risk to public health and the environment.

In accordance with Administrative Code § 24-907, as amended by Local Law No. 28 of 2022, the proposed amendments would enable OER to issue summonses and impose civil penalties against parties that violate SMPs or other OER program requirements (43 RCNY Subchapter 8). With this new enforcement mechanism, OER's goal is to bring these parties into compliance and ensure continued protection of public health and the environment.

The proposed amendments would also clarify existing OER SMP requirements for owners of (E) Designation and Environmental Restrictive Declaration sites that implement a remedy with OER's oversight and are subject to ongoing site management obligations (43 RCNY § 1474(a)(4)(C)).

Charter §§ 15(e)(4), 15(e)(15), and 15(e)(16) and Administrative Code §§ 24-903(i) and 24-907 authorize OER to administer these rules.

#### New material is underlined.

Section 1. Subparagraph (C) of paragraph (4) of subdivision (a) of section 43-1474 of Subchapter 7 of Chapter 14 of Title 43 of the Rules of the City of New York is amended to read as follows:

- The Declaration of Covenants and Restrictions may include a procedure for the periodic reporting to OER of the attainment and maintenance of any requirements contained in the Declaration of Covenants and Restrictions pursuant to this subsection;
  - Where an OER site management plan requires periodic reporting, the owner of such site must annually submit, unless an alternate period is provided in writing by OER, a written institutional control/engineering control certification:
    - by a Qualified Environmental Professional, as defined in section 43-1402 of Subchapter 1 of this Chapter, for all active remedial systems;
    - by a Qualified Environmental Professional for all mitigation or passive remedial systems; or
    - where the only control is an institutional control on the use of the property or a physical barrier or cover, the written certification may be made by the property owner.
  - The certification must be included in a report summarizing the site management performance for the certification period, in such form and manner as OER may require, and must
    - (a) the inspection of the site conducted to confirm the effectiveness of the institutional and engineering controls required by the remedy was performed under the direction of the party making the certification;
    - (b) the institutional controls and/or engineering controls employed at such site are in place;
    - nothing has occurred that would impair the ability of such controls to protect the public health and environment:
    - the owner will continue to allow access to such real property to representatives of OER to evaluate the (d) continued maintenance of such controls;
    - nothing has occurred affecting the institutional controls (e) and/or engineering controls that would constitute or result in a violation or failure to comply with any site management plan for such controls;
    - the report and all attachments were prepared under the direction of, and reviewed by, the party making the certification:
    - to the best of their knowledge and belief, the work and conclusions described in the certification are in accordance with the requirements of the site's remedy and generally accepted science and engineering practices; and

- (h) the information contained in the certification is accurate and complete.
- iii. Only one certification must be filed for each site. If a site is comprised of multiple properties or parcels, the owner will arrange to file one consolidated certification.
- iv. In the event that the certification cannot be provided due to a failure of one or more of the institutional or engineering controls, the owner must provide to OER the following:
  - (a) timely notification explaining the cause for such failure;
  - (b) a work plan to implement the corrective measures necessary to provide the certification; and
  - (c) a schedule for the corrective measures.
- v. In addition to the periodic reporting requirement, the owner must timely notify OER of any failure of one or more of the institutional or engineering controls and must provide a work plan to remedy any failure of the institutional or engineering control.
- vi. OER will review the work plan referenced in clauses (iv) and (v) of this subparagraph as provided in sections 43-1474 and 43-1476, and the owner must implement the corrective measures in accordance with the approved work plan. The owner must submit a certification, satisfying the requirements of item (b) of clause (iv) of this subparagraph upon completion of the corrective measures.
- $\S$  2. Chapter 14 of Title 43 of the Rules of the City of New York is amended by adding a new Subchapter 8 to read as follows:

## <u>Subchapter 8: Enforcement</u>

#### § 43-1481 Summons.

- a. Pursuant to Section 24-907 of the Administrative Code, civil penalties may be recovered in an action in a court of competent jurisdiction or in a proceeding before an administrative tribunal within the jurisdiction of the Office of Administrative Trials and Hearings. Such proceedings will be commenced by the service of an administrative summons returnable before such tribunal.
  - 1. ## READER'S GUIDE

The City Record (CR) is published each business day. The Procurement section of the City Record is comprised of notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Notice of solicitations and other notices for most procurement methods valued at or above \$100,000 for goods, services, and construction must be published once in the City Record, among other requirements. Other procurement methods authorized by law, such as sole source procurements, require notice in the City as sole source procurements, require notice in the City Record for five consecutive editions. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

# NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.
