BOARD OF ELECTRICAL CONTROL.

Minutes of a meeting of the Board of Electrical Control, held at the office of the Mayor, in the City of New York, on Monday, February 26, 1894, at 11 o'clock A.M.

Present—Mayor Thomas F. Gilroy, President, Commissioners Jacob Hess, Theodore Moss, Walton Stern.

The minutes of the last meeting were read and approved.

The following preambles and resolution were offered:

Whereas, An application dated January 12, 1894, was, upon the 29th day of January, 1894, made to the Board by certain interested parties, upon behalf of the New York Auxiliary Fire-alarm Company, for a franchise to set up and operate auxiliary fire-alarms within the City of New York; and

Whereas, The Board did, at its meeting upon the said 29th day of January, 1894, consider the said application and hear Mr. Henry M. Cross upon behalf of the application, and did adopt a resolution providing for the granting to the said New York Auxiliary Fire-alarm Company such a franchise as is necessary for its proper purposes, upon satisfactory proof to the Board of the due incorporation of the said company, for the purposes set forth in its said application, upon the terms and conditions in the said resolution set forth; and

Whereas, It now satisfactorily appears to this Board that the said New York Auxiliary Fire-alarm Company is a corporation, duly organized and existing under and by virtue of the laws of the State of New York, having lawful right, by reason thereof, to have or own wires and to transmit signals by electricity, and that it is a corporation fully organized and equipped and supplied with means for the conduct of its business; and

Whereas, The said New York Auxiliary Fire-alarm Company now desires to enter at once upon the construction and operation of its said system of auxiliary fire-alarms within the City of New York;

Resolved, That the said New York Auxiliary Fire-alarm Company be and it hereby is authorized and empowered to erect, construct and maintain suitable wires or other conductors of electricity, with the necessary connections, boxes, machinery and fixtures, in all places in the City of New York, for conducting and transmitting their auxiliary fire-alarms, and for running wires and connecting their auxiliary boxes with the fire-alarm boxes of the city, and to own, control and operate the same, to the full extent that can or could, with the due consent of the municipal authorities of the City of New York, be given to any fire-alarm or electrical company by virtue or by reason of or in pursuance of an application made by such a corporation under and pursuant to the provisions of any of the general statutes of the State of New York, but under the direction, nevertheless, of this Board and of the Fire Department of the City of

New York within their respective jurisdictions; and further, subject to all existing laws, ordinances, rules and regulations applicable thereto, and to any and all regulations of the privileges hereby conferred which this Board may hereafter impose, by resolution or otherwise; and provided always, that this franchise is given and conferred upon the express condition, and not otherwise, namely, that, except as otherwise permitted by order or resolution of this Board, the electrical conductors of this company shall be laid, erected or constructed, and the privileges herein conferred shall be exercised only in and through the subways constructed by the Consolidated Telegraph and Electrical Subway Company, under and in pursuance of law.

The Board considered the foregoing resolution, hearing Mr. Wallach on behalf of the company. His Honor the Mayor moved the following amendment to the resolution: the addition of the words "or the Empire City Subway Company (Limited)" after the words "Consolidated Telegraph and Electrical Subway Company," and the words "And further provided, that nothing herein contained shall be effective except upon the express condition that the consent of the Fire Department of the City of New York be obtained thereto," at the end thereof. The motion was agreed to and the Board adopted the preambles and resolution thus amended.

The papers submitted in connection with this resolution were directed to be filed.

The following communications, received from the Fire Department, were read:

HEADQUARTERS FIRE DEPARTMENT,
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, February 23, 1894.

Hon. THOMAS F. GILROY, Mayor:

SIR—I have the honor to inclose herewith copy of a report from the Superintendent of Fire Alarm Telegraph of this Department showing that certain electrical circuits connecting buildings of a public character, and large establishments, with the fire-alarm system of this Department, are rendered practically useless, they having been cut down by orders from the Board of Electrical Control.

The circuits thus interfered with form the Special Building System, connecting theatres, schools, hospitals and institutions for the care of the aged, etc., with the headquarters of the Department.

This system has been found an effective auxiliary to the fire-alarm system of the Department. I urge upon you the necessity of its continuance and that instructions may be given to the end that the disconnected circuits may be restored.

I also inclose copy of communication from Mr. Frederick Pearce bearing upon this matter.

Very respectfully,

JOHN J. SCANNELL, President.

FIRE DEPARTMENT—BUREAU OF FIRE-ALARM TELEGRAPH AND ELECTRICAL APPLIANCES,
OFFICE OF SUPERINTENDENT, NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, February 23, 1894.

Hon. S. HOWLAND ROBBINS, Commissioner and Chairman of Committee on Telegraph and Supplies:

DEAR SIR—I have the honor to report that the special fire-alarm circuits which connect the various theatres, private schools, hospitals, etc., with this Department, have been rendered practically useless from having been cut down in several places by orders from the Board of Electrical Control, and those institutions are now without facilities for communicating with this Department in case of fire.

These circuits and connections constitute what is known as the Special Building System, adopted by this Department for the purpose of providing means for communicating alarms of fire direct to this Department, independent of the regular fire-alarm system and without expense to the city.

Theatres and other institutions are required by this Department, "in accordance with the law," to maintain such connections without cost to the city, but under this Department's direction and supervision.

Up to the present time the system has been maintained by the firm of Pearce & Jones, and Frederick Pearce.

I inclose herewith a letter from Mr. Pearce explaining the situation.

Communications have been received from Stern Brothers and Best & Company, stating that the wires to their signal boxes have been cut away, and asking for information and advice.

The situation appears to demand some action, and I respectfully recommend that the Board of Electrical Control be further advised of the importance of this special system and its value as an auxiliary to the Department, and to give all reasonable facilities to enable the system to be restored as soon as possible.

Very respectfully,
(Signed) J. ELLIOT SMITH, Superintendent.

FREDERICK PEARCE, SUCCESSOR TO PEARCE & JONES, MANUFACTURING ELECTRICIANS,
NOS. 77 AND 79 JOHN STREET,
NEW YORK, February 21, 1894.

Superintendent J. E. SMITH, No. 157 East Sixty-seventh Street, City:

DEAR SIR—My linemen report that Special Building Box Circuit No. 52 has been cut in several places by order of the Board of Electrical Control and at present it is disconnected.

I have endeavored to see the Board of Electrical Control to know what I am expected to do, and would also state that I have endeavored to make arrangements with a telegraph company to rent me the wires underground to take care of the theatres along Broadway. I have asked permission from the Board of Electrical Control and received a letter in December last, stating that the permission could not be granted until they received an opinion from the Corporation Counsel. You can readily see that I cannot do anything in the shape of reconnecting these boxes until I receive their permission. If you can suggest any means by which I can proceed with the work, I assure you that I will use all efforts to have these buildings connected immediately.

Hoping to hear from you, I remain,

Yours, respectfully,
(Signed) F. PEARCE.

The Board considered these communications, and in connection therewith the application of Frederick Pearce for a franchise; and after hearing J. Elliot Smith, Superintendent of Fire Department Telegraph, and said Frederick Pearce, on motion of his Honor the Mayor, adopted the following resolutions:

Resolved, That the matter of the application of Frederick Pearce for a franchise be referred to Commissioner Moss, in order that at the next meeting of this Board, a written report may be submitted by him as to whether this Board would be justified in granting the privileges asked for by said Pearce; and it is further

Resolved, That the Secretary be vested with discretionary power to grant such temporary permits for theatres as he may think necessary.

The following communications were read and directed to be filed and spread at length on the minutes:

POSTAL TELEGRAPH-CABLE COMPANY,
EXECUTIVE OFFICE, NO. 1 BROADWAY,
NEW YORK, February 24, 1894.

Mr. THEODORE M. MOSS, Secretary, Board of Electrical Control, New York:

DEAR SIR—Replying to your inquiry over the telephone regarding the removal of this company's telegraph line on West Seventieth street, I have to say that in accordance with the promises heretofore made we arranged all our plans for giving up the use of this line and, on the 3d of January, had the underground cable drawn into the subway from Broadway and Thirty-fifth street to foot of Seventy-ninth street, North river, and we expected to make use of it immediately, but in testing the cable it was found to be defective and could not be accepted by us from the manufacturers. Efforts have been made to locate the trouble, and the manufacturers, Messrs. John A. Roebling's Sons Co., have been working at it continuously to remove the faults. Inclosed herewith you will find copy of letter received this morning showing the result of their work up to date. We shall insist that the work of removing the trouble be completed as quickly as possible, and as soon as this can be done and proper connections made at both ends, we cannot alone discontinue the use of the pole line through Seventieth street, but through Tenth avenue.

Yours respectfully,
WM. H. BAKER, Vice-President.

JOHN A. ROEBLING'S SONS CO.,
NOS. 117 AND 119 LIBERTY STREET,
NEW YORK, February 23, 1894.

Postal Telegraph and Cable Company, R. H. ROBBINS, Esq., Superintendent, No. 55 Broadway, City:

DEAR SIR—At your request, over telephone to-day, we beg to advise you that we have all our force at work on the underground cable recently laid for your company. They are cutting out the parts where there are local defects and connecting up the cable. They are testing each section and find a number of the sections are all right. Where they do not test up right they are putting in new pieces. Our last reports they were at Forty-eighth street and Eighth avenue, and to that part the cable was all right, and tested very highly.

They will test the work as fast as possible, and hope to be able to have it ready for test its entire length in a short time.

Yours truly,
JOHN A. ROEBLING'S SONS CO.

The Board considered the following communication from the Comptroller of the State of New York:

STATE OF NEW YORK—COMPTROLLER'S OFFICE,
ALBANY, February 23, 1894.

THEO. MOSS, Esq., Secretary, Board of Electrical Control:

DEAR SIR—The Attorney-General has advised us that the Commissioners of the Board of Electrical Control are State officers, in the sense that they are agents of the State, rather than of the City of New York.

We are unable to allow the claims for services of employees of your Board who have not been certified to us by the Civil Service Commission as having passed the necessary examination under the rules.

Yours respectfully,
WM. J. MORGAN, Deputy Comptroller.

And, on motion of his Honor the Mayor, adopted the following resolution:

Resolved, That the communication of the Comptroller of the State of New York, advising this Board of an opinion of the Attorney-General that the employees of the Board are subject to classification by the State Civil Service Commission, be referred to the Counsel to the Corporation, with a request that a friendly suit be instituted, so that the employees may ascertain their true status under the Civil Service law.

Whereupon the Board adjourned.

Whereas, Charles M. Clancy, Sheriff of the County of New York, has been removed from our midst by the unrelenting hand of death; and

Whereas, Charles M. Clancy, throughout his long career, has been prominent in municipal affairs as a member of the Board of Assistant Aldermen, as a Civil Justice, where he proved an able exponent of the law while he tempered justice with mercy, and more recently as Sheriff of the County of New York, to which position he had just been elected by the votes of a large majority of the people;

Whereas, Said Charles M. Clancy, in his public career and in his private life, by his sterling integrity and his unflinching fealty to his friends, endeared himself to thousands of our citizens; therefore be it

Resolved, That we, the Board of Aldermen of the City of New York, deeply deplore the untimely death of the said Charles M. persons interested with him therein, and if no other per-

That it is made without any connection with any other
person making an estimate for the same work, and is in
all respects fair and without collusion or fraud. That no

relates or in the profits thereof.

Each estimate must be verified by the oath, in writing,
of the party making the same, that the several matters
therein stated are true, and must be accompanied by the
consent, in writing, of two householders or freeholders

upon its being so awarded, become bound as his sureties

would be entitled upon its completion, and that which
the Corporation may be obliged to pay to the person to
whom the contract shall be awarded at any subsequent
letting; the amount to be calculated upon the estimated
amount of the work by which the bids are tested.

The consent last above mentioned must be accom-

persons signing the same, that he is a householder or
freeholder in the City of New York, and is worth the
amount of the security required for the completion of
the contract, over and above all his debts of every

in good faith, with the intention to execute the bond
required by law.

No estimate will be considered unless accompanied
by either a certified check upon one of the State or
National banks of the City of New York, drawn to the
order of the Comptroller, or money to the amount of five
per centum of the amount of the security required for
the faithful performance of the contract. Such check or

HEADQUARTERS FIRE DEPARTMENT,
Nos. 157 and 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, February 20, 1894.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE materials and labor and doing the work required for constructing and erecting a building on One Hundred and Seventy-sixth street, one hundred and fifty (150) feet west of Washington avenue, for Engine Company No. 46 of this Department, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, March 7, 1894, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications and drawings, which form part of these proposals.

The form of the agreement and the specifications, showing the manner of payment for the work, and forms of proposals, may be obtained and the plans may be seen at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within one hundred and fifty (150) working days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at twenty (20) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of ten thousand (10,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five hundred (500) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the

persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works

BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
No. 2 CITY HALL,
NEW YORK, February 23, 1894.

PROPOSALS TO PRINT AND BIND, IN PAMPHLET AND IN BOOK FORM, THE INDEXES TO THE RECORDS OF BIRTHS, MARRIAGES AND DEATHS KEPT BY THE HEALTH DEPARTMENT OF THE CITY OF NEW YORK FOR THE YEAR 1894.

TO PRINTERS.

ESTIMATES FOR SUPPLYING THE CITY Government with Printed Indexes to the Records of Births, Marriages and Deaths kept by the Health Department, and to compile and bind them in monthly and annual volumes, will be received at the office of the Supervisor of the City Record, in the City Hall, until 12 o'clock M., of Thursday, the 8th day of March, 1894. The said estimates will be publicly opened and read at a meeting of the Board of City Record to be held in the Mayor's office at or about the time above-mentioned.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for Printing and Binding the Indexes to Health Records," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of

Business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the cost of the articles awarded; the amount of preliminary security to be given until the award is made and in which the sureties shall justify, shall be THREE HUNDRED AND SEVENTY-FIVE DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests. DEPARTMENT OF DOCKS,
PIER "A," BATTERY PLACE, NORTH RIVER,
NEW YORK, March 1, 1894.

MESSRS. VAN TASSELL & KEARNEY, AUCTIONEERS, will sell at public auction, in the Board Room, Pier "A," Battery place, in the City of New York, on

THURSDAY, MARCH 15, 1894,

at 11 o'clock in the forenoon, for and on account of the Department of Docks, the right to dump and fill in behind the bulkhead or river wall now building between the southerly line of East One Hundred and First street and the southerly line of East One Hundred and Third street, on the East river, and as far to the westward as the line of original high water mark.

Privilege to fill in the said premises will be sold to the highest bidder, and the price for such right or privilege must be paid at the time of sale. The material to be dumped or filled in must be composed of clean ashes, sand, loam, earth, etc., or of stone; if of stone, no piece of stone must be greater than 16 inches in its largest dimensions, and all material must be dumped and filled in only at such times and places and in such manner as shall be directed by the Engineer-in-Chief of the Department of Docks, or such other officer or employee of the Department of Docks as may be designated by him, and all the work of dumping and filling-in must be done under the direction of the Engineer-in-Chief or designated employee.

The estimated quantity to be filled in at the said premises is about 30,000 cubic yards, more or less, but this quantity is approximate only, and the Department is not bound in any way by such estimate, and bidders must satisfy themselves of the quantities required to fill in at the place named by examination of the premises, or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead or river wall when it is built and ready to have filling put in behind it.

The Department of Docks reserves the right to fill in 2,500 loads at this place.

In case the party who is the highest bidder does not proceed with the work of filling in to the satisfaction of the Board of Docks, the said Board will at once proceed to have the filling-in done by other parties in such way and manner as it deems proper.

The Auctioneer's fees (\$25) for filling in on the said section must be paid by the highest bidder thereon at the time of sale.

Where the City of New York owns the wharf, pier or bulkhead at which materials under this contract are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, per class, to be specified by the lowest bidder, shall be due or payable for the entire work.

The delivery of the materials called for under this contract shall be commenced within ten days of the date of the contract and shall be continued in such manner and quantities and at such times and places as may from time to time be directed by the Engineer-in-Chief, and the entire work is to be fully completed on or before the 1st day of May, 1894, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

The bidders will state in their estimates the price for the whole amount of material to be delivered for any or all of the above four classes of materials, respectively, by which the bids are tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons should refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or esti-

mates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the

party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons should refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
