BOROUGH OF RICHMOND.

BUREAU OF BUILDINGS.

I herewith submit a report of the operations of the Bureau of Buildings, Borough of Richmond, for the week ending May 19, 1906:

Plans filed for new buildings (estimated cost, \$56,230).....	13
Plans filed for alterations (estimated cost, \$1,980).....	10
Plans filed for plumbing (estimated cost, \$1,160).....	5
Violations of the law reported.....	2
Buildings reported requiring additional fire-escapes.....	2
Fire-escape notice issued.....	1
Construction inspections made.....	239
Fire-escape inspections made.....	68
Unsafe building inspections made.....	2
Hotel inspections made.....	4
Plumbing and drainage inspections made.....	48
Elevator inspections made.....	2
Petition granted for moving building.....	1
Modifications of the law granted as regards concrete footings under foundations.....	5
Number of letters sent out, including action on plans.....	36

JOHN SEATON,

Superintendent of Buildings, Borough of Richmond.

James Nolan, Chief Clerk.

AQUEDUCT COMMISSION.

Aqueduct Commissioners' Office,
Room 207, No. 280 Broadway,
New York, May 26, 1906.

Abstract of amount of expenditures and liabilities of the Aqueduct Commissioners during the month of April, 1906, as required by section 39, chapter 490, Laws of 1883.

Expenditures.	
Salaries, Commissioners and employees.....	\$23,554 92
Traveling and incidental expenses.....	444 68
Stationery.....	262 92
Furniture and fixtures.....	28 90
Experts examining construction work.....	1,737 50
Iron work for gate houses, etc.....	115 00
Extra work, Jerome Park and New Croton Reservoirs.....	1,820 79
Aqueduct Commissioners' report.....	375 00
Books, maps and drawings.....	30 55
Field implements and drawing materials.....	35 58
Horses, wagons, harness and their maintenance.....	1,073 50
Taxes on land.....	4,379 54
Heating headquarters.....	188 25

Monthly estimates of amounts due contractors for work done under contract, Cross River and Jerome Park Reservoirs, highways, Croton River Division; sluice gates, etc., at New Croton Dam, and 48-inch pipe line at Jerome Park Reservoir..... 21,777 68

Total expenditures \$56,565 11

Liabilities.

Rent.....	\$1,875 00
Salaries, Commissioners and employees.....	16,607 14
Traveling and incidental expenses.....	961 26
Taxes on land.....	1,348 01
Engraving and printing.....	291 60
Aqueduct Commissioners' report.....	376 00
Drawing materials and field implements.....	89 18
Furniture and fixtures.....	231 99
Horses, wagons, harness and their maintenance.....	678 16
Heating headquarters.....	107 25
Books, maps and drawings.....	59 03
Land and land damages.....	145 55
Extra work, Jerome Park Reservoir.....	1,618 96

\$24,389 13

Monthly amounts of estimates due contractors for work done under contract, Jerome Park and Cross River Reservoirs, highways, etc., on Croton River Division, and sluice gates, etc., at New Croton Dam. 57,463 95

Total liabilities \$81,853 08

I hereby certify that the foregoing is a correct and true abstract of account of the expenditures and liabilities of the Aqueduct Commissioners for the month of April, 1906, the said account being on file in the office of the Comptroller of The City of New York.

HARRY W. WALKER, Secretary.

THE BOARD OF ALDERMEN OF THE CITY OF NEW YORK.

STATED MEETING.

Tuesday, May 29, 1906, 1.30 o'clock P. M.

The Board met in the Aldermanic Chamber, City Hall.

Present:

Hon. PATRICK F. McGOWAN, President of the Board of Aldermen.

Aldermen

Elias Goodman, Vice-Chairman; Charles Ahner, B. W. B. Brown, James E. Bunting, John J. Callahan, Michael J. Carter, William S. Clifford, Charles P. Cole, John J. Cronin, John R. Davies, John Diemer, Thomas D. Dinwoodie, Frank J. Dotzler, Reginald S. Doull, Frank L. Dowling, Robert F. Downing, Andrew J. Doyle, Joseph F. Ellery, George Everson, John J. Farrell, Clarence R. Freeman, George Cromwell, President of the Borough of Richmond. Joseph Bernel, President of the Borough of Queens, and by Lawrence Gresser, Commissioner of Public Works. Louis F. Haffen, President of the Borough of The Bronx. Bird S. Coler, President of the Borough of Brooklyn. John F. Ahearn, President of the Borough of Manhattan.	Herman S. Fried, Max S. Grifenhagen, John D. Gunther, John J. Haggerty, John J. Hahn, Philip Harnischfeger, Casper Herold, Patrick Higgins, Leonard L. Jacobson, Patrick S. Keely, William P. Kenneally, Ardolph L. Kline, Charles L. Kuck, Charles Kuntze, James Lawlor, Max S. Levine, Frederick Linde, John T. McCall, James Cowden Meyers, Thomas J. Moffitt, Michael J. Monahan,	William E. Morris, Thomas J. Mulligan, Arthur H. Murphy, Cornelius D. Noonan, George W. Olvany, Francis J. O'Neill, Henry Clay Peters, Lewis M. Potter, James W. Redmond, David S. Rendt, Frederick Richter, William Rowcroft, Joseph Schloss, George J. Schneider, James J. Smith, Michael Stapleton, Frank D. Sturges, Timothy P. Sullivan, Joseph M. Torpey, William Wentz, Richard Wright.
---	---	--

The President announced that Alderman C. Hahn was excused from attendance. The Clerk proceeded to read the minutes of the Special Meeting of May 22, 1906. On motion of Alderman Brown, further reading was dispensed with, and the minutes were approved as printed.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

Nos. 740 and 741.

City of New York—Office of the Mayor,
May 21, 1906.

To the Honorable the Board of Aldermen:

Gentlemen—I herewith return with my disapproval two resolutions of your Honorable Board, entitled:

"Resolution permitting Messrs. McCullough & Devlin to place, keep and erect a pole on the sidewalk near the curb in front of premises No. 416 East One Hundred and Eighth street, Manhattan Borough."

"Resolution permitting the Reid Ice Cream Company to erect and keep a platform or bulkhead adjacent to and in front of the premises Nos. 524 to 532 Waverly avenue, in the Borough of Brooklyn."

I know of no law which empowers the Board of Aldermen to grant privileges of this character in the public streets. Indeed, under section 50 of the Charter, the passage of such resolutions appears to be absolutely forbidden.

GEO. B. McCLELLAN, Mayor.

Resolved, That permission be and the same is hereby given to Messrs. McCullough & Devlin to place, keep and erect a pole on the sidewalk near the curb in front of premises No. 416 East One Hundred and Eighth street, Manhattan Borough, New York City, for the purpose of placing a horseshoe thereon, at their own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Resolved, That permission be and the same is hereby given to the Reid Ice Cream Company to erect and keep a platform or bulkhead adjacent to and in front of their

premises, Nos. 524 to 532 Waverly avenue in the Borough of Brooklyn, said platform to extend a distance of not more than three feet from the building line and to be used solely for the purpose of loading and unloading merchandise; the work to be done at their own expense, under the direction of the President of the Borough of Brooklyn, such permission to continue only during the pleasure of the Board of Aldermen. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

PETITIONS AND COMMUNICATIONS.

No. 795.

State of New York, Executive Chamber, }
Albany, May 16, 1906. }

Hon. P. J. SCULLY, City Clerk, City Hall, New York City:

Dear Sir—Governor Higgins directs me to acknowledge your favor of the 15th inst., inclosing a resolution adopted by the Board of Aldermen relative to the Recording Tax Bill, and to say that the same will be given due consideration.

Very truly yours,

FRANK E. PERLEY, Secretary to the Governor.

Which was ordered on file.

No. 796.

State of New York—Board of Railroad Commissioners, }
Albany, May 17, 1906. }

P. J. SCULLY, Esq., City Clerk, City Hall, New York City:

Dear Sir—In the matter of the preambles and resolution of the Board of Aldermen, adopted March 20 last, in relation to the condition of cars on the Graham and Flushing avenue lines of the Brooklyn Heights Railroad Company, inclosed herewith you will find a copy of a report dated the 8th inst., of the electrical expert of this Board.

Very truly yours,

J. S. KENNEDY, Secretary.

Room 5094, No. 1 Madison Square, New York, }
May 8, 1906. }

J. S. KENNEDY, Secretary, Railroad Commission, Albany, N. Y.:

Dear Sir—In the matter of the resolutions of the Board of Aldermen of New York City in reference to the condition of cars operated on the Graham and Flushing avenue lines by the Brooklyn Heights Railroad Company, I submit:

I find that the cars operated on this line are properly cleaned each day when taken out of service.

The character of the streets through which these cars are operated is such that during inclement weather it is impossible to keep them in a clean condition during the hours in which they are in service.

I have been furnished a copy of a report to the Board of Health made by one of its inspectors April 5, 1906, which practically confirms the above statement as to the present condition of the cars.

Respectfully yours,

(Signed) C. R. BARNES, Electrical Expert.

Which was ordered on file.

No. 797.

South Brooklyn Board of Trade, }
Office of the Secretary, No. 336 Ninth Street, Brooklyn, }
New York, May 19, 1906. }

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen, Brooklyn, N. Y.:

Dear Sir—Acting upon information furnished by a special committee of this organization recently appointed to inquire into the soft coal nuisance in the Borough of Brooklyn, this association at its last regular meeting adopted a resolution instructing the secretary to communicate with you and request your co-operation in the effort we are making in securing the enactment of more stringent ordinances and regulations relating to the use of soft coal.

We ask that this communication be presented at the next meeting of the Board of Aldermen and be referred to whatever committee which may now have this matter in hand. The members of the special committee representing this organization would be glad of an opportunity to present to the committee of your Honorable Body certain facts relating to the violations of the ordinance by the Brooklyn Rapid Transit Company at its power house at Third avenue and Second street, Brooklyn.

Very truly yours,

R. B. MCINTYRE, Secretary.

To the Honorable Board of Aldermen of The City of New York:

Sirs—We the petitioners residing in South Brooklyn and vicinity are seriously injured in our health and made the victims of great injustice in our homes by the prevailing atmosphere of smoke and dust arising from the use of soft coal and other material burned in the power house of the Brooklyn Rapid Transit Company and factories in the neighborhood of Gowanus canal.

We therefore appeal to you to give your attention to the existing laws and ordinances relating to this subject, and if they are inadequate to afford the relief which is necessary for the abatement of this wrong, that you will give your early and serious attention to such amendments as will provide suitable legal remedy for this unhappy condition.

Mrs. James M. Hart, No. 94 First place.

Mrs. Jacob B. Murray, No. 246 Carroll park.

Miss Katharine A. Pell, No. 244 Carroll park.

Mrs. M. E. Southworth, No. 237 Carroll street.

Mrs. M. S. Bertrand, No. 239 Carroll street.

Mrs. L. W. Harris, No. 228 Carroll street.

Mrs. J. B. Whitney, No. 138 Second place.

Mrs. W. J. McAvaney, M. D., No. 134 Second place.

Miss Sarah Suter, No. 128 Second place.

Mrs. Howard Porter, No. 228 Carroll street.

Mrs. A. G. Carter, No. 241 Carroll street.

Mrs. C. A. Hughes, No. 245 Carroll street.

And many others.

In connection herewith Alderman Wafer introduced the following:

Resolved, That the petitions of residents in South Brooklyn and vicinity praying for relief from a smoke nuisance, together with samples of coal accompanying the same, be referred to the Board of Health with the request that attention be given the same.

Which was adopted.

MESSAGES FROM HIS HONOR THE MAYOR RESUMED.

The President laid before the Board the following message from his Honor the Mayor:

No. 798.

Financial Message of the Mayor of The City of New York to the Board of Aldermen.

New York, May 29, 1906.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I have the honor to transmit to you a statement of the debt of The City of New York, and its relation to the City's borrowing capacity, compiled from figures furnished to me by the Commissioners of Accounts.

The Debt of The City of New York and Its Relation to the City's Borrowing Capacity.

On January 1, 1906, the debt of the City was as follows:

(a) Net funded debt—Arrived at by subtracting from the gross funded debt, amounting to \$600,257,612.75, the indebtedness of the several counties within the limits of the city, amounting to \$23,412,708.26; the Water Bonds issued since January 1, 1904, amounting to \$12,953,498.26, both of which parts of the debt are not under the provisions of the Constitution taken into consideration in determining the borrowing power, and deducting Sinking Fund holdings amounting to \$166,677,114.10.....	\$397,214,292 13
(b) Net contract liability, i. e. —Liability on account of contracts entered into, less balances to the credit of the several funds chargeable therewith	45,467,535 50
(c) Net liability for lands acquired.....	13,150,917 40
(d) Liability for judgments, estimated at.....	2,000,000 00
A total of.....	\$457,832,745 03

The limit of indebtedness allowed by the Constitution is 10 per cent. of the assessed valuation of real estate. This limit, based on 1905 valuation, is \$522,158,430.10, a margin over debt of \$64,325,685.07.

On January 1, 1906, there were outstanding Revenue Bonds, issued in 1905, in anticipation of the collection of taxes for the years 1902, 1903 and 1904, amounting to \$20,715,000. These do not come strictly within the provisions of the Constitution relating to Certificates of Indebtedness, or Revenue Bonds issued in anticipation of the collection of taxes, for the amounts actually contained, or to be contained, in the taxes for the year when such Certificates or Revenue Bonds are issued.

At the same date there remained unapplied from the proceeds of the November 23, 1905, sale of Corporate Stock, the sum of \$2,343,010.34. This, if applied to the credit of various accounts chargeable with contract and land liability, would reduce the liability that much. Taking these two items into consideration, by treating as debt the outstanding Revenue Bonds described, and by reducing the debt to the extent of the unapplied proceeds of the Corporate Stock sale, will show a margin at January 1, 1906, of \$45,953,695.41.

Starting with this amount as the margin at January 1, 1906, there may be added as borrowing capacity, developing and available throughout the year, the following items:

I.—Of the \$20,715,000 Revenue Bonds of 1902, 1903, and 1904, referred to above, there will fall due and become payable during 1906....	\$14,615,000 00
II.—Cash balances in the several Sinking Funds, at Jan. 1, 1906, and investment in Revenue Bonds, and Special Revenue Bonds, held by the Sinking Funds, falling due in 1906, available for redemption of existing indebtedness or investment in new bond issues..	2,238,123 70
III.—Debt redeemable from direct taxation during 1906 (including Special Revenue Bonds of 1904 and 1905 to the amount of \$6,280,900)	7,161,549 17
IV.—Revenues of the several Sinking Funds, during 1906, likewise available for redemption of existing debt, or investment in new bond issues, estimated at.....	11,000,000 00
V.—Ten per cent. of increase in assessed valuations of real estate in 1906 over 1905, estimated at.....	52,000,000 00

Producing additional borrowing capacity throughout the year of.....

\$87,014,672 87

This amount added to the margin of \$45,953,695.41 at the beginning of the year, produces together \$132,968,368.28, which will be available for further indebtedness throughout the year 1906.

Attention is called to the fact that the net contract and land liability on January 1, 1906, included \$5,049,805.23 for account of water supply purposes. The issue of water bonds sufficient in amount to provide cash to offset this debt will furnish a further margin, as water bonds issued after January 1, 1904, are not considered in determining the City's borrowing capacity.

It should be noted that the amount of bonds fully authorized to be issued on January 1, 1906, in excess of the liability on contracts and for lands acquired, as it existed at that date, amounted to \$44,182,727.49 (including \$2,665,530.90 Special Revenue Bonds and exclusive of Water Bonds). Attention is also called to the fact that between January 1, 1906, and April 30, 1906, Corporate Stock issues (exclusive of Water Bonds) to the amount of \$18,181,343.40, have been fully authorized, and that in addition thereto Corporate Stock issues (exclusive of Water Bonds) amounting to \$6,551,108 have been authorized by the Board of Estimate and Apportionment, but on May 1, 1906, had not received the approval of the Board of Aldermen. Past experience has shown that these bond authorizations will not develop into actual debt at once.

Assuming that the City's debt for ordinary purposes during the year 1906 will be \$50,000,000, the average incurred during the last four or five years, there will still remain a margin of about \$83,000,000 for commitments not yet developed into actual debt and for extraordinary purposes.

This will afford opportunity to fund a portion at least of the uncollectible taxes by the issue of Corporate Stock authorized by act of the Legislature of 1906. Although the total amount of uncollectible taxes heretofore levied is estimated at about \$33,000,000, the funding should be distributed over several years, so as not to impound the debt margin to the extent of delaying improvements. Funding at the rate of about \$10,000,000 per annum would be justifiable in order to dispose of a weak feature in the financial operations of the City.

Although this showing is highly gratifying so far as healthy financial conditions are concerned, conditions which perhaps are unequalled in any municipality in the world, a very important fact in connection therewith must not be lost sight of. The City, since 1903, has tried to assess its real estate for purposes of taxation at market value, as the law requires. This has resulted in furnishing substantial borrowing capacity and has been followed by corresponding increases in the debt.

If the City in its endeavor to furnish further borrowing capacity to enable it to enter upon extensive and expensive improvements, raises the valuations from year to year beyond a reasonable amount representing normal increases in values, the time must certainly come when the limit will be reached. Full assessment values, with debt incurred to the limit of the margin thereby created, would mean that the City had substantially reached its limit of development. If history is to repeat itself and real estate values suffer a heavy decline through overspeculation, a condition indicated by the present activity, the risk run is that the City may be compelled, because of its policy of assessing at full values, to make material reductions in such values, thereby placing it in the position of having a debt larger than that allowed by the Constitution. It would be several years before such excess could be adjusted. Conservative management is essential if a continuing but gradual development of the City is to be maintained.

Large Corporate Stock Issues.

Large bond issues result in increasing the Budgets. For every \$100,000.00 of 50-year 4 per cent. Corporate Stock issued about \$5,000,000 will have to be provided in the Budgets annually for interest and for installments to meet the principal when due.

The Charter provides that Corporate Stock shall be issued for periods not less than 10 years nor more than 50 years.

It would seem that the life of bonds issued by the City should be limited to the possible existence or usefulness of the objects for which they are issued, if such usefulness be less than the 50-year limit fixed by the Charter. The fact that the issue of bonds for the longest period allowed will reduce the installment to be provided in the annual Budgets to the lowest possible amount should not be the determining factor in fixing the life or term of a bond.

The amounts of Corporate Stock issued annually since consolidation and the terms thereof, briefly stated, are as follows:

1898.... \$21,116,817 24, mostly 30-year bonds, none longer.
 1899.... 27,076,364 68, mostly 30-year bonds, none longer.
 1900.... 32,678,012 93, mostly 40-year bonds, none longer, except \$1,000,000 for Rapid Transit Railroad, to run 49 years.
 1901.... 36,312,315 20, mostly 40-year bonds, none longer, except \$11,000,000 for Rapid Transit Railroad, to run from 47 to 49 years.
 1902.... 29,469,760 73, mostly 50-year bonds.
 1903.... 40,520,419 42, almost entirely 50-year bonds.
 1904.... 78,428,337 38, all 50-year bonds.
 1905.... 37,960,934 23, all 50-year bonds, with slight exception.

\$303,562,961 81

The following table shows the amount of Corporate Stock issued in each year since consolidation and the years in which the stock so issued became actually authorized, also the amounts so authorized in each year:

BONDS ISSUED.		YEARS IN WHICH BONDS WERE AUTHORIZED.								
Year.	Amount.	Prior to 1898.	1898.	1899.	1900.	1901.	1902.	1903.	1904.	1905.
1898.....	\$21,116,817 24	\$11,490,356 24	\$9,626,461 00
1899.....	27,076,364 68	2,922,517 50	1,411,836 66	\$22,742,010 52

Totals.....	\$303,562,961 81	\$16,723,948 08	\$11,187,861 15	\$39,843,063 10	\$66,431,309 02	\$21,974,493 52	\$38,511,992 91	\$52,803,314 91	\$38,432,394 18	\$17,654,584 94

Special Revenue Bonds.

Section 1542 of the Charter provides: "It shall be the duty of the heads of all departments and of all officials of said City and of all Boards and officials charged with the duty of expending or incurring obligations payable out of the moneys raised by tax in said City, or of any of the Counties contained within its territorial limits, so to regulate such expenditures for any purpose or object, that the same shall not in any one year exceed the amount appropriated by the Board of Estimate and Apportionment for such purpose or object, etc., etc."

The following amounts of Special Revenue Bonds have been issued since consolidation, viz.:

1898.....	\$1,003,814 71
1899.....	3,170,311 35
1900.....	5,388,335 90

1906 to April 30.....	2,500,000 00

The issuing of Special Revenue Bonds should be limited strictly to purposes of an urgent and unforeseen character. The practice of issuing these bonds for purposes that should have been foreseen when the budgets were being prepared, or which might with perfect safety be postponed for adoption in budgets to follow, is one that should not be countenanced. Such a practice can only lead to abuse, the remedy for which will be very expensive to the taxpayer.

I shall endeavor to adjust these issues and also the budgets on the lines indicated, so that in the future all expenditures payable from the annual taxes shall be met by the taxes imposed in the years in which the expenditures are incurred.

Advisory Commission on Taxation and Finance.

The Advisory Commission on Taxation and Finance, appointed by me on February 18, 1905, of which Hon. Edgar J. Levey is the Chairman, has submitted an ex-

haustive report in relation to the "Methods of collecting and enforcing the payment of taxes in The City of New York, bearing in mind the ever-increasing amount of uncollected personal taxes and the difficulty of properly conducting the finances of the City, with the product of the taxes levied each year falling further and further behind the total appropriations."

Remedial laws were passed by the last Legislature. By the terms of these statutes the City is placed in the position of being able to fund, by the issue of Corporate Stock, the deficiencies on January 1, 1905, in the product of taxes theretofore levied and deemed by the Board of Estimate and Apportionment to be uncollectible, etc., and beginning with the Budget for 1907, the Board is authorized to insert in the annual budgets a sum equal to the uncollectible portion of taxes accruing to the preceding first day of January, and not previously provided for, thus clearing up every year the amounts found to be uncollectible.

The Commission regarded this subject as one of the most important referred to it for its consideration, and one which called for immediate and comprehensive reform. The successful treatment of this question by the Commission and the enactment of legislation which has remedied this defect in the financial system, is a subject of congratulation, and I trust that the Commission will, with equal success, solve the other problems now before it.

The Commission has also succeeded in securing legislation by which the Department of Taxes and Assessments is vested with authority to add to the assessment rolls, names and property liable for taxation, after the assessment rolls are open for inspection and objections.

Demand for the Creation of New Positions and the Establishment of Additional Grades of Existing Positions in the Civil Service of the City.

Since January 1, 1906, the Board of Estimate and Apportionment has received applications from numerous departments and officials of the City Government for authority to create new positions and to establish additional grades in positions already existing. These applications call for the creation of 75 positions with new titles, involving an annual outlay of \$148,480, were each of them filled by but one incumbent, and the establishment of 151 new grades in positions already created.

The creation of positions with new titles means, with rare exception, the appointment thereto of additional employees, and the establishment of new grades for existing titles is usually for the purpose of increasing compensation of incumbents.

Favorable action by the Board on many of these requests has been followed by demands for increased appropriations with which to meet the new obligations incurred. The Board found itself compelled to call a halt in this movement and concurred in the resolution of the Board of Aldermen, deferring action in such matters until the fall, except in exceptional cases, or where the statutes required action to be taken.

That the Board should be called upon to act in so very many individual cases is an indication that the classification of the Civil Service in the various departments is inadequate, not uniform and in need of reformation.

No valid reason can be offered why one department, for instance, should have clerical positions classified at one-half or two-thirds of the grades allowed, and other departments have classifications covering all the grades. I find that since 1904, a period of two years and three months, there have been 3,934 individual salary increases, amounting to \$930,334.50, or an average of \$236. This does not include mandatory increases in salaries made to school teachers, firemen and policemen, or increases in wages paid to mechanics, laborers, or others paid by the day or week. Some of these increases are due to promotions or vacancies caused by resignations from the service, by transfers to other branches and by deaths.

The total number of persons appearing on the roster of the City in the classified and unclassified service, as stated by the Civil Service Commission in their report for the year 1905, is 51,146.

The disbursements made by the City Paymaster for salaries and wages of all officials, attaches and employees of the City, including the courts, during the past three years, have been as follows:

	Paid by Check.	Paid in Cash.	Total.
For 1903	\$46,193,808 69	\$10,496,159 49	\$56,689,968 18
For 1904	48,999,439 41	11,325,299 20	60,324,738 61
For 1905	52,019,951 43	12,244,596 19	64,264,547 62

These disbursements cover services of all descriptions and purposes, whether provided for in the Annual Budgets, in assessments for local improvements or by bond issues.

The cash payments have been those made to laborers, inspectors, employees of the various institutions under Departments of Charities and Correction, and election officials.

The permanent employment of such a large number of individuals, involving the payment of such great sums annually, calls for a permanent and more systematic classification of the Civil Service, applicable to every branch of the City government, but limited to the amounts appropriated and the number fixed by the Board of Estimate for each department or branch. Of course, reasonable provision should be made for proper advancement, where merited after stated periods of faithful performance of duty.

Unfortunately for the service, dismissal for dereliction of duty usually results in the restoration to the service of the delinquent. This operates to the detriment of the City, and also in a large degree to those in the service whose devotion to duty deserves the highest praise.

Another reason why the equipment of the City in its servants may not always as a whole compare favorably with that in private enterprises, is found in the fact that in private enterprises executives are permanent fixtures, while in the City service heads of Departments and their Deputies are in control for at most four years. Considering the manifold duties and responsibilities attaching to these officials, but little time remains for them to become thoroughly familiar with the worth or worthlessness of those occupying minor positions under them. Nevertheless, the percentage of excellent employees is very large and is to be found in every branch of the City government, notwithstanding that exceptional service meets with greater reward in private enterprise than is bestowed upon it by the City.

I am strongly inclined to submit this entire subject to the consideration of a commission of citizens. Such a commission would, of course, have the co-operation of all of the Departments of the City government.

Respectfully,

GEO. B. McCLELLAN, Mayor.

APPENDIX TO FINANCIAL MESSAGE OF THE MAYOR TO THE BOARD OF ALDERMEN, MAY 29, 1906.

SUMMARIES OF REPORTS OF CITY DEPARTMENTS FOR 1905.

AQUEDUCT COMMISSION.

New Croton Dam.

Except for a few minor details this great masonry dam was completed during the year. As was indicated in the general report of the Chief Engineer of the Aqueduct Commissioners, dated December 12, 1904, the dam was so far completed that the gates were closed on or about January 28, 1905, and the storage of water was commenced. The water continued to rise behind the dam until it reached elevation 172,

at which time, owing to the condition of the masonry, it was deemed inadvisable to allow it to rise any higher, and the gates were partially opened and the water kept at this elevation until the freshet period was over. Water was used from this source until July 25, 1905. Of the water stored in this manner, 8,042,000,000 gallons were available for and used in The City of New York. This is equivalent to about twenty-six days' supply. Later in the season the water remaining in the bottom of the reservoir was all drawn off.

On November 8, 1905, the gates were again closed and water is now being stored. At present the amount being collected is comparatively small, as, owing to the condition of the storage reservoirs above, nearly all the water derived from the watershed is being stored therein. The dam itself is, however, in condition to retain all water that flows to it up to its full capacity.

This dam was commenced August 31, 1892. Its construction has been carried on through various vicissitudes, and its final completion is a matter for congratulation to the Aqueduct Commissioners and The City of New York. It adds to the storage of the Croton valley about 32,000,000,000 gallons, equivalent to an added daily supply of 48,000,000 gallons.

This dam is 2,168 feet long, with a roadway on the top. It is 297 feet in height from the foundation and 206 feet in thickness at the base and 20 feet in width on top. The amount of masonry contained is 837,000 cubic yards. The final estimate of the cost has not yet been made. The total cost at the December monthly estimate was \$7,772,493.33.

In connection with the dam the steel spillway bridge was completed during the year, and also the private roadway bridge (Bridge U) below the dam.

In addition to and in connection with the New Croton Dam the sanitary dam at Muscoot was completed. The purpose of this dam is to hold the waters above it at a constant level. This dam is now in readiness to fulfill its purpose whenever conditions are such as to render it desirable. On this section all the highways, highway bridges, boundary walls, etc., are practically completed.

Jerome Park Reservoir.

Plans were so far perfected during 1905 that great progress was possible in laying the concrete bottom of the west basin of this reservoir. The work was commenced in the spring as early as weather conditions would permit and was prosecuted with great vigor and intelligence, and the concrete bottom was completed on October 5, 1905. Necessary connecting pipe lines were laid and the gap in the division wall was closed, so that the storing of water was commenced on October 18, 1905.

This is one of the largest, if not the largest, areas ever covered with concrete in this manner. More than 4,527,500 square feet of surface were laid, of which amount 3,069,500 square feet were laid during the past season.

In addition to the completion of the reservoir bottom, the gatehouse substructures were practically completed. The connection between the Aqueduct North and the New Croton Aqueduct can be made in a few days' time, whenever the conditions of flow in the new aqueduct are favorable.

Plans and specifications for the superstructures for the different gatehouses are being prepared with a view to an early letting by the Aqueduct Commissioners.

The completion of one section of this great storage and distributing reservoir so near the heart of the City furnishes a great safeguard in case of an accident occurring to the long aqueduct lines from Croton Dam to High Bridge. This part of the reservoir will store 765,000,000 gallons, and will supply the City for two and one-half to three days, which would allow time for extensive repairs in case of accident or give time for a much needed inspection of the aqueduct itself. No opportunity for such an inspection has been had since it was first placed in use.

This reservoir covers 93.27 acres water surface; the depth of water when full is about 25.5 feet. The total cost at the December monthly estimate for this work was \$5,573,967.20.

Aqueduct Division.

On the Aqueduct Division the blow-off pipe line from Gatehouse No. 6, Jerome Park Reservoir, is completed, and the superstructure for the Dunwoodie connection between the old and new aqueducts is well underway. During the past season a rating station has been built near the Dunwoodie blow-off. At Shaft 25 the apparatus for pumping out the shaft has been kept in repair and working order and the machinery has been operated from time to time.

Cross River Reservoir.

Plans were made for this work early in 1905, in accordance with the resolution of the Board of Estimate and Apportionment of January 27, 1905.

Specifications were prepared, the work duly advertised, and on June 20, 1905, the contract for the construction of this reservoir was awarded to MacArthur Brothers Company and Winston & Co. The estimated cost, based on the items of the bid, is \$1,246,211.60. The contractors immediately commenced to install the necessary plant and much progress was made in this direction, when a taxpayer's suit, by way of injunction, was instituted on or about July 1, 1905, the result of which was a delay until November 14, 1905, when the complaint in the action was dismissed after a trial of the issues involved. Much valuable time was thus lost and the completion of the work probably deferred beyond the coming season. The contractors have, however, installed a very large amount of machinery, including air compressors, stone crushers, cableways, etc., and, under ordinarily favorable conditions, it is believed that by the end of the coming season the reservoir will be in condition to store a very large percentage of its total capacity.

Croton Falls Reservoir.

After more complete investigation of a proposed reservoir location near Patterson, N. Y., it was, on account of difficulties of foundation, decided to investigate a site somewhat below the Town of Croton Falls. A short distance above this point all the branches of the Croton river unite in one, and the capacity of a reservoir at this point would have been very large, in proportion to the size of the dam. Complications in regard to the relocation of the New York Central and Hudson River Railroad, Harlem Division, however, proved to be practically insurmountable, and a site further upstream was finally selected. Plans for the construction of the reservoir at this point are well in hand. The land plans of the vicinity of the dam itself were made and approved by proper authority and are in the hands of the Corporation Counsel. Detailed plans for the construction of the dam and the form of contract and specifications are in a very forward state and it is hoped to be able to advertise this work early in the coming season.

BELLEVUE AND ALLIED HOSPITALS.

At the meeting of the Board of Trustees of Bellevue and Allied Hospitals, on January 12, 1905, a resolution was passed creating the position of General Medical Superintendent of all the hospitals in the Department. This resolution expressed the settled conviction of the Board of Trustees that to deal adequately with all the problems confronting the management of the City hospitals there was needed a practical physician of large experience, practiced in the discipline and control of younger doctors. From the eligible list, on which he stood second, Dr. S. T. Armstrong was appointed.

At the first meeting in February, Dr. John W. Brannan was re-elected President of the Board.

Several rules designed to advance the welfare of patients were adopted during the year. One of these requires the inspection of a patient by the Attending Physician on the day of his transfer to another hospital before this transfer shall be permitted. This rule was adopted first for Bellevue Hospital and was afterward extended to all the other hospitals in the Department. For a period of one month after adoption not a single case of death within seventy-two hours after transfer was reported to the Superintendent, and it has continued to work well ever since.

On December 31, 1904, there were remaining in the several hospitals 1,005 patients, distributed as follows: In Bellevue, 811; in Gouverneur, 92; in Harlem, 59, and in Fordham, 43.

During the year 35,199 patients were admitted, of whom 27,735 went to Bellevue, 3,571 to Gouverneur, 2,785 to Harlem, and 1,108 to Fordham. The admissions included 359 births, 249 of which were in Bellevue, 9 in Gouverneur, 91 in Harlem and 10 in Fordham.

The total number of patients treated during 1905 was 36,204, of whom 28,546 were in Bellevue, 3,663 in Gouverneur, 2,844 in Harlem, and 1,151 in Fordham. Of these patients 24,315 were males and 11,889 were females.

During the year 23,953 patients were discharged and transferred; from Bellevue, 19,071; from Gouverneur, 2,497; from Harlem, 1,529; from Fordham, 856.

There were 3,475 deaths; the mortality in Bellevue was 2,514, or 8.7 per cent. of those treated; that in Gouverneur was 421, or 11.4 per cent.; that in Harlem was 379, or 13.2 per cent.; and that in Fordham was 161, or 13.9 per cent.

On December 31, 1905, there remained in the hospitals 991 patients, of whom 810 were in Bellevue, 74 in Gouverneur, 53 in Harlem, and 54 in Fordham.

There were 19,308 ambulance calls, 2,596 police cases, and 941 coroner's cases.

The number of patients who applied for and received surgical dressings, but who for various reasons were not admitted to the hospitals, was 11,961.

The several out-patient departments treated 87,516 patients, distributed as follows: In Bellevue, 31,547; in Gouverneur, 28,474; in Harlem, 24,965; in Fordham, 2,530. Prescriptions numbered 206,759, or 2.3 to each patient.

The psychopathic wards of Bellevue Hospitals treated 1,323 men and 1,246 women, a total of 2,569.

Number of assessment lists in office of the Board of Assessors January 1, 1906:

Schedule E—

Apportioned and advertised 48 \$333,529 88

To be apportioned 179 2,912,424 34

227 3,245,954 22

Total 692 \$7,584,004 99

The following installment assessment lists under various special laws, not included in the above statement, were received from the Department of Finance during the year 1905, and acted upon as follows:

Number of Assessment Lists of Which the Installment for 1905 was Apportioned by the Board of Assessors:

For local improvement in Thirty-first Ward (late Town of Gravesend) under chapter 118, Laws of 1892 57 \$52,084 58

For local improvements in the former Town of New Utrecht under chapter 582, Laws of 1893 26 10,000 00

Eighth Ward improvement under chapter 365, Laws of 1889; chapter 452, Laws of 1890, and chapter 520, Laws of 1895 83 85,209 45

Prospect Park assessment (for lands taken), twenty-eighth installment, under chapter 244, Laws of 1878 1 32,628 56

Total 167 \$179,922 59

BOARD OF EDUCATION.

The amount required for the purposes of the Department of Education for the year 1905, as set forth in the Budget submitted by the Board of Education, was \$24,231,850.82.

The amount allowed by the Board of Estimate and Apportionment was \$21,997,017.77.

The reduction made by the Board of Estimate and Apportionment necessitated the exercise of strict economy and prevented the desired extension of various branches of school activity. It was also necessary to employ a large number of substitute Teachers instead of appointing regular Teachers.

New Buildings, Etc.

From January 1 to December 15, 1905, contracts were let for:

New school buildings 21

New additions to old school buildings 31

These, when completed, will furnish 55,050 sittings.

During the year there was furnished by opening new buildings and additions to old buildings 36,750 sittings.

There are now under way 67 new buildings and additions, which, when completed, will furnish 87,410 sittings.

In the next few weeks contracts will be let for 14 new buildings and additions, which will furnish 15,150 sittings.

Work of the Schools.

The following tables show the condition of the schools during the year 1905, as compared with the year 1904:

Average Daily Attendance During the School Year Ending July 31, 1905.

Elementary schools	468,109
High schools	18,015
Training schools	881
Total	487,005

When compared with the average daily attendance during the school year ending July 31, 1904, these figures show an increase over that period as follows:

Elementary schools	19,159
High schools	1,150
Training schools	125
Total	20,434

Number of Pupils on Register on July 31, 1905.

Elementary schools	510,359
High schools	23,128
Training schools	753
Total	534,240

When compared with the number of pupils on register on July 31, 1904, these figures show an increase over that period as follows:

Elementary schools	13,533
High schools	1,447
Training schools	70
Total	15,050

Number of Pupils on Register October 31, 1905.

Elementary schools	551,802
High schools	20,687
Training schools	1,096
Total	573,585

When compared with the number of pupils on register on October 31, 1904, these figures show an increase over those of that date as follows:

Elementary schools	15,027
High schools	939
Training schools	182
Total	16,148

Number of Pupils on Register in Part-time Classes on October 31, 1905.

Elementary schools	82,527
High schools
Training schools
Total	82,527

When compared with the number of pupils on register on October 31, 1904, these figures show an increase over those of that date as follows:

Elementary schools	10,340
High schools
Training schools
Total	10,340

While the number of children on part time on October 31, 1905, exceeded the number on part time on October 31, 1904, the number on part time on October 31, 1905, was considerably diminished by the opening of new Public School 62, Manhattan, on November 1, when 4,035 pupils were placed on full time who had been on part time during the preceding month.

The number on part time on October 31, 1905, also included 850 pupils of Public School 177, Manhattan, who were on part time by reason of the temporary closing of the Cherry street annex of that school.

The number of regular class Teachers at the end of October was:

1904	11,476
1905	11,801

An increase of 325.

High Schools.

During the past year the new and fully equipped building for the Manual Training High School, Seventh avenue and Fourth street, Brooklyn, was opened. There are under construction or under contract the nearly completed building for the DeWitt Clinton High School, Manhattan, and buildings for the Stuyvesant High School, Manhattan, and for the Commercial, Erasmus Hall and Eastern District high schools of Brooklyn.

Vacation Schools.

	1905.	1904.
Number open	33	39
Average attendance	13,432	17,446
Number of teachers	570	601

The following industries were in operation in the vacation schools:

Bench work, fret sawing, whittling, Venetian iron, knitting and crocheting, cooking, housekeeping, nursing, sewing, both elementary and advanced; millinery, embroidery, basketry for boys and girls, chair canning, leather and burnt wood. In addition to these, classes were formed for children of kindergarten and connecting class age—nature study, art study and city history.

Bureau of Lectures.

After the 1st of January, 1905, owing to the curtailment of the appropriation, lectures were discontinued in seven places, and in four places lectures were reduced from two to one weekly.

Notwithstanding this, the number of lectures delivered from October 1, 1904, to May 1, 1905, was 4,645, and although this number was twenty less than had been given during the corresponding period of the previous season, the attendance showed an increase of about 30,000, reaching a total of 1,153,991.

School Libraries.

The appropriation of school library funds made to elementary schools in September, 1904, amounting to \$48,228.90, has increased the school libraries by 9,692 volumes.

The report for the school year ending July, 1905, showed that each book in the Children's libraries had been drawn on an average fifteen times.

The Board of Education, under its present system, is operating one of the largest circulating libraries in the world and reaching more people than any other library in the City, with practically no expense except for books.

The Nautical School.

The work of the Nautical School, conducted on the school ship "St. Mary's," was continued along the established lines. Thirty-five young men were graduated from this school in October; nearly all of them are now serving on board ships. It is most gratifying to note that there is not a single graduate of recent years who has not achieved almost immediate success in whatever career he has chosen.

The Superintendent of the Nautical School has continued his lectures in various parts of the City, presenting the aims of the school and describing the work done on the school ship, and endeavoring to remove the deep-rooted and erroneous impression that the Nautical School is a reformatory.

BOARD OF WATER SUPPLY.

On June 3, 1905, the act of the Legislature "providing for an additional supply of pure and wholesome water for The City of New York" became a law. On June 9, the Mayor appointed J. Edward Simmons, Charles N. Chadwick and Charles A. Shaw, Commissioners to constitute the Board of Water Supply of The City of New York.

A large and involved problem faced the Board. A city of 4,000,000 inhabitants had practically reached the limit of its resources for water. Changing administrations for a long period of years had contributed to the solution of the problem. Report after report had added to encyclopaedic knowledge of the subject, a vast amount of wisdom had been evolved, and it remained to reduce that knowledge and wisdom to practice, so as to secure continuity of plan and of administration in order to act. The task was the determination of the source, or sources, of supply from which water was to be taken; the creation of a colossal organization to carry on this work; the plan of administration, and the character of the Engineering Bureau; the location of its main office and field offices, and the thousand and one details involved in establishing a great business enterprise, which has for its end and aim the delivering into the City of Greater New York 500 or 600 million gallons of water daily, at an estimated expenditure of not over \$162,000,000, thus furnishing a supply to serve the City for the next twenty-five or thirty years.

To provide for the proper classification of the expenditure of such an enormous sum of money, so that every cent should be properly accounted for by means of a correct system of bookkeeping, was, in itself, no small task. The organization of the office has been so systematized that the Commissioners can know every day each detail and item of expense as the work increases and expands.

Four months after appointment, the Board of Water Supply presented to the Board of Estimate and Apportionment its report and the report of its Engineers, accompanied by a large map and profiles, setting forth the complete scheme for an additional supply of water from the Catskill Mountain region, in accordance with the provisions of chapter 724, Laws of 1905. Of the appropriation of \$100,000 for this particular work, less than \$43,000 was expended. The Board unanimously adopted this report and the State Commission has since approved it.

From August, 1905, to the present time, as fast as competent engineers and engineering assistants could be obtained, they have been at work surveying locations for aqueducts, dams and other structures; making computations, designs and estimates and collecting data, in order that the final preparations for construction might be advanced to the furthest degree possible in anticipation of the favorable report of the State Commission.

While prosecuting its work with vigor, the Board of Water Supply has had the best ultimate economy constantly in view. Up to April 1, 1906, of the \$1,602,000 appropriated for its work for the six months of 1905 and the current year, the Board had actually expended only \$229,271. Unpaid liabilities actually incurred are only \$16,000, besides which there is in force one contract for test borings, under which no money has yet been earned by the contractor, owing to delay caused by a taxpayer's injunction, which the court recently vacated. It is estimated that the total expenditures under this contract will not exceed \$80,000.

BUREAU OF LICENSES.

Number of licenses issued during 1905.....	55,158
Fees received during 1905.....	\$287,311 50

CITY CHAMBERLAIN.

The financial transactions of the City Chamberlain's office during 1905 amounted to \$604,113,891.05, and the net cost to the City for caring for this large sum was but \$42,964.23, or seven one-thousandths of one per cent.

The Chamberlain's office is the banking department of the City government and it seems right and proper that approved business principles should prevail in its management. Accordingly deposits of City moneys have uniformly been kept with those banks and trust companies which have rendered business service to the city.

The Chamberlain has earnestly recommended that the moneys and securities of the various pension funds known as Police Pension Fund, New York Fire Department Relief Fund, Health Department Pension Fund and Retirement Fund of the Board of Education, should be under the control of the City and in the custody of the Chamberlain, the same as other public moneys, instead of vesting in the Commissioners or Trustees, as they now do.

COMMISSIONER OF LICENSES.

The office of the Commissioner of Licenses was created two years ago by special act of the Legislature for the purpose of abolishing the evils which had grown up in the conduct of the employment agencies of the City and to institute and maintain a system of inspection and regulation which would prevent a recurrence of the abuses which unrestricted latitude had made notorious. At the time the office was organized it was believed that it would have to deal only with the ordinary class of employment agencies, known commonly as intelligence offices, where domestic servants and farm help are furnished, but it was soon learned that these were not the only classes of agencies that required regulation; that the supervision of the Commissioner was as necessary in the case of theatrical agencies, labor agencies, shipping agencies, stenographers' bureaus, nurses' registries, and agencies for the furnishing of technical and clerical help, as it was in the case of the ordinary employment bureaus located in the crowded districts of the east side of Manhattan or along Third or Sixth avenues. While, therefore, many of the more apparent evils which have been complained of are lessened, the work of the Department continues to grow along wider lines than those which were at first prescribed.

Work of the Office.

Within the license year, ending on April 30, 1906, 13 licenses of employment agencies have been revoked for various causes and after lengthy hearings on charges carefully examined by the inspectors of this office. Several applications for licenses were also denied. In the first year of the existence of the office a larger number of licenses were revoked, but this is accounted for by the fact that prior to that time employment agencies were practically without regulation and had grown almost aggressive in their contempt for the observances imposed by the then existing statutes and ordinances. Several of the more notorious of the East Side agencies were put out of existence, and this had a disciplinary effect upon those remaining. In addition to the licenses revoked there were also 47 criminal proceedings instituted and prosecuted in the police courts by the Commissioner of Licenses. Most of these were against employment agents who conducted unlicensed businesses. During the license year just ended there were 1,910 complaints against agents lodged in the office. Of these complaints, 1,198 were made by persons who alleged that they had been defrauded by employment agents and 712 were made by the inspectors. All complaints were investigated by the office inspectors and in the case of 60 per cent. of them hearings took place before the Commissioner. In most of the cases in which extortion was alleged, a refund of the fee or the major part of the fee collected was ordered. These refunds varied in amount from \$1 to \$10. The persons who were thus enabled to recover from the agents the fee paid either for services which were of no value to them or for no services at all belonged in most instances to that class of the community which could ill afford to lose even the smallest sum of money—namely, those in search of employment.

The following table gives a summary of the work of the office from May 1, 1905, to May 1, 1906:

Number of inspections made.....	3,600
Number of complaints involving refund of fees to applicants for employment.....	812
Number of complaints involving refund of fees to applicants for help.....	352
Number of complaints made by Inspectors.....	712
Number of complaints made by public for violations of the law other than those on the retention of fees.....	34
Total number of complaints investigated.....	1,910
Number of advertisements in newspapers investigated.....	614
Number of summonses and subpoenas served by Inspectors.....	461
Number of hearings or trials held before the Commissioner.....	757
Amount of money refunded by agencies to applicants for employment as a result of complaints made to this office.....	\$2,130 00
Amount of money refunded by agencies to applicants for health as a result of complaints made to this office.....	685 00
Total amount of money refunded to complainants as a result of complaints.....	\$2,815 00

Number of proceedings instituted in criminal courts.....	47
Number of convictions.....	15
Number of dismissals.....	10
Number of discontinuances upon recommendation of Commissioner.....	17
Number pending May 1, 1906.....	5
Number of licenses issued.....	603
Number of licenses revoked.....	13
Number of licenses transferred.....	24
Number of applications for licenses rejected.....	22
Amount collected for licenses.....	\$15,075 00

DEPARTMENT OF BRIDGES.

Brooklyn Bridge.

In conformity with plans authorized by the Board of Estimate and Apportionment, contract for the new stairs, passageways and additional platforms in the Manhattan terminal was awarded about May 1, and these were erected and the bridge railway switching tracks extended, to permit quicker train movement. The limit of train operation in the present station during the rush hours has been reached. Records of counts taken recently show about the same totals as to the number of passengers carried each week day as do those taken the previous year. A count made October 17, 1904, shows a total of 356,976 passengers carried in surface cars and on the bridge railway in twenty-four hours; a count taken July 6, 1905, during the holiday season when travel is usually heavier during the non-rush hours, shows a total of 370,478 passengers carried; and the latest count, made October 19, 1905, shows a total of 356,308 passengers carried—practically the same number per day as the previous year.

* The following statement of passengers carried in surface cars and trains between the hours of 7 and 9 in the morning and between 5 and 7 in the evening, shows the growing concentration of traffic during these periods:

Date of Count.	Between	
	7 and 9 A. M.	5 and 7 P. M.
November 10, 1902.....	76,832	74,298
October 26, 1903.....	82,531	78,026
October 17, 1904.....	89,107	84,358
July 6, 1905.....	81,039	84,391
October 19, 1905.....	86,475	87,902

Williamsburg Bridge.

The Brooklyn Heights Railroad Company commenced operating its cars on November 3, 1904. The work on the conduit tracks, however, was not completed until February 9 of this year, at which time the New York City Railway Company's cars began running over the bridge. The Fourteenth street crosstown line began running on the date above mentioned, and the Eighth street line began running on February 15. These lines have run continuously during the year, and on the 28th day of November the Grand street line was run over the bridge, so that the New York City Railroad Company now runs three lines over the bridge, all terminating in loops on the Brooklyn plaza.

The Brooklyn Heights Railroad Company's cars were run continuously during the year, and the efficiency of the stub terminal was somewhat increased, so that, beginning with only about 100 cars an hour dispatched from this terminal station as a maximum, the maximum number of cars now dispatched from this station approximates 150 cars an hour.

The result of count taken for the twenty-four hours ending October 19, 1905, is summarized in table, as follows:

	To		Total.
	Manhattan.	Brooklyn.	
Passengers in Fourteenth street cars.....	12,248	11,488	23,736
Passengers in Eighth street cars.....	5,591	6,394	11,985
Passengers in Brooklyn Heights Railroad cars.....	26,478	26,062	52,540
Passengers in DeKalb Avenue Railroad cars.....	1,462	1,655	3,117
Passengers in Bridge Operating Railroad cars.....	6,476	7,538	14,014
Passengers on foot on promenade.....	1,323	1,518	2,841
Passengers in vehicles.....	1,749	1,294	3,043
Grand total.....	55,327	55,899	111,226

It appears from a comparison of travel over this bridge and over the Brooklyn Bridge that while the Brooklyn Bridge has not gained materially in travel during the past year, and has lost therefore the slight amount that it had gained in previous year, 1903, the Williamsburg Bridge is to-day transferring about one-third the total number of passengers carried over the Brooklyn Bridge, and 70 per cent. of the number of passengers carried in trolley cars over the old bridge.

Manhattan Bridge.

The contracts for the anchorage of the bridge were awarded on the Manhattan side to the Williams Engineering and Contracting Company, on February 9, 1905, and on the Brooklyn side to the Kosmos Engineering Company, on January 24, 1905. Delays occurred from inability to give the contractors complete access to the site, but since this obstruction has been removed good progress has been made on the work, especially on the Brooklyn side. The excavation has been practically completed on both sides of the river, and about 20,000 cubic yards of concrete have been placed in position and a good start has been made on the setting of the granite masonry on the Brooklyn side.

Bids were opened for the construction of the steel superstructure complete on August 10 last. There were five bidders for the work and the contract was awarded to the lowest bidder on August 16. An injunction was obtained in a taxpayer's suit, brought by the secretary of the company making the next higher bid. On November 21 the Supreme Court Justice hearing the case pronounced the contract illegal and the specifications inequitable. It is hoped that the legal delays may not continue over long, and that the work of constructing the steel work of the bridge may proceed with vigor during the next year.

Preliminary plans for the terminals have been prepared for both sides of the river and the Board of Estimate and Apportionment has been asked to secure the lands requisite for the approaches, the construction of which should be commenced next year. It is still possible to complete this bridge by January 1, 1909.

Blackwell's Island Bridge.

The manufacture of the steel work for this bridge was well advanced during the year, and about 25,800 tons of steel was delivered at the shops and about 12,000 tons delivered at the site. There was a serious delay in the delivery of certain large castings requisite for the work, so that the erection of the steel work could not be rapidly advanced until September last. About 6,000 tons of steel have been erected on the island span, and the contractors are now in advance of a schedule prepared last summer predicated on the completion of the bridge during 1907.

Harlem River Bridges.

The Southern Boulevard approach of the Willis Avenue Bridge was opened to the public on November 15, 1905; the stairways were not quite complete at that time, but are now about ready for use.

Plans were completed for the temporary bridge to be used during the reconstruction of the Madison Avenue Bridge.

The One Hundred and Forty-fifth Street Bridge was completed and opened to the public on August 24, 1905.

The contract for the balance of the masonry and the grading for the University Heights Bridge was awarded on April 27, 1905, for the estimated sum of \$595,897.80, and the contractors made a good start on their work.

The fixed spans of the Ship Canal Bridge were replaced with the new spans designed to accommodate the Rapid Transit Commission's route and the street railway cars over the bridge and the passage of the new line of tracks of the New York Central and Hudson River Railroad under the northerly span.

General preliminary plans for the Henry Hudson Bridge over the Harlem river at Spuyten Duyvil Heights were prepared and submitted to the Board of Estimate and Apportionment, which has authorized the issue of Corporate Stock to the extent of \$1,000,000 for starting construction on the bridge. This bridge will cost about \$3,000,000, and unless some serious delay occurs the bridge should be ready for use in September, 1909.

BOROUGH OF THE BRONX.

The foundations and piers for the Pelham Bridge over Eastchester Bay were nearly completed.

The Westchester Avenue Bridge over the Bronx river on the line of Westchester avenue was opened to the public on April 20, 1905.

Plans have been prepared for the reconstruction of the Unionport Bridge, but the plans for the reconstruction of the Eastchester Bridge over Hutchinson river are not so far advanced.

BOROUGH OF QUEENS.

The Vernon Avenue Bridge over Newtown creek, which was commenced early in 1902, was opened to the public on October 18, 1905, and has proved, as was contemplated, a great boon to the people of the vicinity.

The bridge over Flushing creek, from Jackson avenue, Newtown, to Broadway, Flushing, has made fair progress. A large amount of time was lost in getting possession of the property on the Newtown side. The masonry of the abutments and for the approaches is practically completed, the steel work is nearly all delivered, and it is expected that the bridge will be completed before the 1st of June, 1906.

The relatively new bridge over Newtown creek at Grand street is very badly located with reference to the line of travel in the creek, and one or two accidents have occurred from collision of vessels passing the bridge.

A new bridge will some day be required at Maspeth avenue and the Grand street Bridge could be used at this point.

The Metropolitan Avenue Bridge, which is narrow and carries two broad avenues over it, must soon be rebuilt to meet the increasing demands of travel.

Plans and specifications were prepared for the reconstruction of the Borden Avenue Bridge over Dutch Kills.

DEPARTMENT OF CORRECTION.

The strict attention paid to cleanliness and sanitation in the Department of Correction had its effect in maintaining the physical well-being of the prison population, as is shown by the very small number of deaths which occurred in the correctional institutions during the year. Such deaths as have occurred have been chiefly among the old and infirm inmates of the institutions on Hart's Island, but even with these included, the list is very small, considering the condition of many of the prisoners at the time of entering the institutions.

The operations of the Department during 1905 were carried on without friction of any kind, a condition which has made the overseeing and caring for so large a body of criminals and misdemeanants a lighter task than would have seemed possible a few years ago.

Improvements.

The large new building at Centre, Franklin and Leonard streets being completed, the attention of the Commissioner was given to the great need of improvement in the condition of the Annex and Women's Prison, which form a part of the group of buildings known as the City Prison. These two buildings were almost entirely remodeled, new toilets being placed in each cell, and swinging cots with wire spring mattresses replacing the canvas cots formerly used. Electric lights were also placed in each cell and in the corridors.

A new office building, with living quarters for the Matron, was erected as an addition to the Women's Prison. At the Jefferson Market Prison, new boilers, tanks and pumps were installed, and the heating apparatus completely renovated.

At the Blackwell's Island Penitentiary a new flat water fire line has been installed, with a fire pump of 1,000 gallons capacity. The work of thoroughly overhauling the boilers, steam pipes and water pipes was begun and work commenced on a fireproof stone building, the first floor of which is to be used as a store house, and the second floor for a Keepers' dining room.

The most important improvement in the Department was the erection of a new boiler house at the Blackwell's Island Workhouse, and the completion of the new laundry. The plant is of 450 horse power and the laundry is equipped with the newest and most approved appliances and machinery.

The Workhouse Fire.

On the morning of December 20, 1905, the north wing of the Workhouse, occupied by women, was greatly damaged by fire. Because of the prompt operation of the fire drill not a life was lost, although there were 590 women prisoners in the building. The work of repairing the damage was begun at once and has been done entirely by the inmates of the institution.

The equipment of this prison with the patent lever-locking device, which had only just been completed, was of untold value at the time of the fire. With a single turn of the lever an entire tier of cells was unlocked, and the inmates collected and marched to a place of safety.

The Branch Workhouse.

At the branch Workhouse on Hart's Island a large and well appointed kitchen and laundry building was erected. The old boiler house was remodeled and three new boilers of 475 horse power installed. The electric apparatus was thoroughly overhauled and repaired.

New Reformatory for Misdemeanants.

Much work was done on Hart's Island during the year in preparation for the new reformatory for Misdemeanants. A portion of the Protestant Chapel was fitted up for living quarters for the Overseer and new plumbing, cellars, brick piers and foundations were built by the inmates in order to adapt some of the pavilions for use as workshops for the Reformatory.

Kings County Penitentiary.

The manufacturing bureau at the Kings County Penitentiary was in constant operation and supplied many of the City institutions with shoes, stockings, brooms, brushes, iron bedsteads, springs, mattresses, pillows and other manufactured articles. The receipts for these goods, together with the money paid by the government and county for the care of prisoners, practically made the institution self-supporting.

The New Penitentiary.

The Legislature of 1905 passed an act providing for the sale of the lands of the Kings County Penitentiary and the removal of the inmates to one of the islands under the jurisdiction of this Department. It is proposed to begin as soon as possible the erection of a new penitentiary on Riker's Island, which will be large enough to house the imprisoned criminals of all the boroughs of the City, and which will, it is hoped, contain every known improvement in modern prison architecture.

FINANCIAL STATEMENT FOR 1905.

BOROUGH OF MANHATTAN.

Salaries	\$280,415 11
Supplies and contingencies.....	311,852 27
Alterations, etc.	17,200 75

Transportation and maintenance of insane criminals.....	56 47
Donations to discharged prisoners.....	1,000 00
Riker's Island improvements.....	12,800 38

Donations to discharged prisoners.....	1,388 49
Supplies for manufacturing purposes.....	67,191 46
Total.....	\$176,144 39

DEPARTMENT OF DOCKS AND FERRIES.

At the close of the year 1905 the work of building the sea wall around Manhattan Island by Department labor was in progress on the North river in the vicinity of Forty-second street, between Bloomfield and Twenty-third streets, and in the vicinity of Cedar street; on the East river in the vicinity of Fulton street, Wall street, Maiden lane and Old Slip; also in the vicinity of Seventy-sixth street, East river, where the work was being carried on in pursuance of chapter 697 of the Laws of 1887, as amended by chapter 257 of the Laws of 1889. At all of the above locations the wall was well along towards completion except at Seventy-sixth street, where only a small portion of that called for had been finished, the whole extent of wall at this locality specially required to be built under the legislation mentioned being from Sixty-fourth to Eighty-first street.

On the 1st of January the municipal ferry between the Boroughs of Manhattan and Richmond was in a somewhat disorganized condition, owing to the fact that the work of construction at both terminals was still under way, that the new boats were put into commission before they had had sufficient trial to demonstrate their points of weakness and before errors, impossible to foresee during construction, could be cured.

By changes made in the number of the boats and employees in service, and changes in the handling of the ash and coal to and from the boats, the difference between the expenditures connected with the running of the ferry and the receipts has been improved since January 1 to the extent of something over \$100,000 per annum beyond what was calculated on the showing made prior to that date.

Request has been made for the appointment of a commission so that property destined for a freight ferry to run between the Boroughs of Manhattan and Richmond at Stapleton, Staten Island, may be acquired. Plans have been prepared for the building of one pier at this locality, and the architect has about completed plans for the ferryhouse, but the work, except for the pier, which is intended to be a part of the necessary repair shop for repairing the ferryboats, has not yet been commenced.

Work has been proceeded with in the construction of the ferry terminal at St. George, S. I., and of the substructure for the proposed terminal at Whitehall. For some time past the architect, who was appointed prior to January 1, 1906, has been at work on the preparation of a plan for the superstructure of the Whitehall terminal. A short time prior to January 1 this work was advertised for, but the bids were rejected. Subsequent to this time, in obedience to your order, these plans were referred to the Art Commission and were rejected, and the Department is now busy with the preparation of a plan which will treat the development of that portion of the water front between the Thirty-ninth street ferry terminal and the Staten Island terminal, including the ferry not now owned by the City, known as the Hamilton and South ferries lying between the Staten Island and the Thirty-ninth street, South Brooklyn, terminals. The plan which is now being prepared, and which is very nearly completed and ready for submission to the Art Commission, will have in view the treatment of this entire section of the water front as one ferry terminal, so that even if the work is carried on in sections, first, by the building of the Whitehall ferry terminal, and, second, by the building of the Thirty-ninth street, South Brooklyn, terminal, the plan, contemplating the improvement of the whole of the water front, will be in such shape as to allow for its after development as one scheme.

The work of construction at what is known as the Chelsea section, between Bloomfield and West Twenty-third streets, North river, was proceeded with during the year, and all the work at that locality is now well towards completion, with the exception of the paving and the sheds to be placed upon the piers.

Up to the present time it has been impossible to design these sheds, owing to the fact that the City has no knowledge as to the lessees who will occupy the property. It may be calculated that the commission to be appointed in accordance with the resolution of the Sinking Fund Commission of April 26, 1906, will arrive at an early conclusion in regard to the proper method of disposing of this property by lease, and that the City will in the near future be able to look forward to receiving some interest on the \$20,000,000 expended at this locality in the improvement of the water front.

All of the work at the Chelsea section has been carried on with a view to the ultimate use of this property by ships engaged in the transatlantic trade, and in the opinion of the Dock Commissioner the interests of the port demand that the City should make some concession in regard to the remuneration to be derived from this

property, and that this would be to the interest of the entire City in allowing for the expansion and development of the transatlantic business and keeping this the main port of the country in this line of commerce.

Although municipalized by direct action of the Sinking Fund Commission on December 13, 1905, no work had been done looking toward the actual municipalization of the Thirty-ninth Street, South Brooklyn, Ferry, prior to January 1, 1906. Since that date, however, legislation has been secured which will enable the City to proceed with the work of remodelling the ferry slips at the Manhattan end of the ferry route. Application has been made to the Supreme Court for the appointment of commissioners for the condemnation of the necessary property at the foot of Thirty-ninth street, Brooklyn. Plans and specifications have been prepared for three new ferryboats, and contracts for this work are now in the hands of the printer and can be advertised for at an early date.

Legislation has been secured by the passage of the law known as chapter 301 of the Laws of 1906, which will enable the City to proceed with the completion of the marginal street between Cortlandt street and the Battery.

Legislation has also been secured which will enable the City to acquire and improve the water front of the Borough of Brooklyn from Twenty-eighth to Sixty-first street, by the enactment of Senate Bill No. 592.

The Department is confronted at present with an active demand for water front property to an extent hitherto unknown. There is a great development in the local or coast line transportation companies, and if the City was able at the present time to offer twice as many piers as is now possible, it would find more than enough lessees for the same.

The improvement of the water front of Manhattan Island, from Cortlandt street to Fifty-seventh street, on the North river, is practically completed, leaving the section from Cortlandt street to the Battery yet to be done, but within these limits only six piers can be built beyond those already in existence, under the new plan.

On the East river the improvement, with a few isolated exceptions, is completed between Twenty-fourth street and the Battery, and from Twenty-fourth street to Thirty-third street. The water front is broken up by the occupation of certain sections by different City departments and the new development at Bellevue Hospital.

The most important section of Brooklyn available for water front improvement at the present time is that lying between Twenty-eighth and Sixty-first streets. The City is able, as the result of recent legislation, to proceed with this improvement as fast as money becomes available.

A number of interests in Brooklyn have called attention to the needs of certain sections along the water front of that Borough lying between Brooklyn Bridge No. 1 and the Navy Yard, where property is needed for the location of a recreation pier. An examination into the subject discloses the fact that this section is one most difficult to condemn piecemeal, owing to the large interests centered there, making the contributory damages in condemnation proceedings greater than is the case under ordinary circumstances.

Considering this difficulty, the Department has taken up with the Bridge Department the proposition of locating some recreation structures around the easterly tower of Brooklyn Bridge No. 1, which, with the property adjacent to this tower and at present owned by the City, could be developed at a relatively small expenditure.

In response to a number of petitions for improvement of the branch of Newtown creek, known as Whale creek, the Department submitted plan for the layout of Newtown creek involving the condemnation of about four blocks of property east of Whale creek. This plan was approved by the Sinking Fund, and steps have been taken for the improvement of the property.

Attention was recently called, in a report to the Sinking Fund Commission, to the availability for improvement of the section of the water front now known as the Riverside Park. This Department has, in accordance with directions from the Sinking Fund Commission, taken up with the Park Department the matter of an addition to Riverside Park by filling in from the railroad right of way to the United States bulkhead line, a distance varying from 200 to 450 feet. This improvement when completed will about double the present area of Riverside Park.

In connection with this scheme and at about the same time that the matter was reported to the Sinking Fund Commission, the Columbia College trustees secured legislation for and have in contemplation the building of a water gate, recreation ground, recreation piers, etc., between One Hundred and Fifteenth and One Hundred and Twentieth streets, North river, which would connect with the City's improvement when finally carried out.

For a considerable period of time the City had the ownership of the land under water at this locality, but up to the present time no steps that I am aware of have been taken for the improvement and filling in of the area in order to render the same fit for use by the public.

The following table shows the amount of work of various kinds done by the Department during the year 1905, in comparison with the work done in the year 1904:

	1905.	1904.
Total amount of wharfage room made, including construction of the bulkhead wall (linear feet).....	15,972	20,311
Increase in area of City Piers (square feet).....	615,018	635,913
Total amount of bulkhead wall built (linear feet).....	2,807	2,003

	1905.	1904.
Number of piers built (including extensions).....	18	21
Number of platforms built.....	3	1

HEALTH DEPARTMENT.

The health of the City during 1905 was excellent. Seventy-three thousand seven hundred and fourteen deaths were reported, a decrease of 4,346 from the previous year. The death rate was 18.32, next to the lowest rate since the formation of the Greater City. In 1866, the year in which the Board of Health was organized, the death rate was 34.92; in 1905 in Manhattan and The Bronx, the two boroughs which composed the old City of New York, the rate was 18.91. In these boroughs, therefore, the rate is almost 46 per cent. lower than that of 1866.

All the infectious diseases, with the exception of whooping cough and cerebro-spinal meningitis, show a decrease in the rate from that of 1904. The most marked decreases were in the rates from malaria, scarlet fever, measles, diphtheria and pneumonia. The decreases were not confined to the infectious diseases, but extended throughout almost the entire list of diseases. They occurred at all ages of life, but the principal decreases were between the ages of twenty-five and forty-five, the ages at which life is considered most valuable to the State.

There was a considerable decrease in the death rate from typhoid fever. In 1905, this death rate was 16.12, as compared with 16.94 in 1904 per one hundred thousand of the population. This rate is considerably lower than that of most of the large cities of Europe and the United States.

In 1905, there were 375 fewer deaths from measles than during the previous year. As a natural sequence, the deaths from broncho-pneumonia and acute bronchitis were also considerably diminished.

In scarlet fever there was a decrease of 378 deaths in 1905, as compared with 1904. The death rate of the past ten years from scarlet fever has been 2.40 per 10,000 of the population, while that of the ten years from 1875 to 1884, was 9.15 per 10,000 of the population. If the death rate of this decade were applied to the old City of New York in 1905, it would have given us a total of 2,187 deaths. There were 1,544 deaths from diphtheria during the year, a decrease of 540 as compared with 1904, the death rate per 100,000 being 38.4. The decrease in the death rate from this disease is attributable mainly to a more extensive use of diphtheria antitoxin by the physicians of the City.

The death rate from pulmonary tuberculosis for the year 1905 was substantially the same as for the year 1904.

In 1905, 622 more deaths from cerebro-spinal meningitis occurred than in the previous year. During this year, a commission was appointed for the study of this disease, with the hope that valuable information would be obtained to enable the Department to deal in an effective way with this disease. The work of the commission is not yet complete, but much valuable information has already been obtained.

The death rate from diarrhoeal diseases for 1905 was essentially the same as that during 1904. In 1881 the death rate from diarrhoeal diseases was 3.61 per 1,000. From that time on it has gradually fallen to the comparatively low rate of 1.65 for 1905.

During the year 1905 a new section of the Sanitary Code was added which limited the sale of carbolic acid in a stronger solution than five per cent. In 1904 there were 357 deaths attributed to carbolic acid poisoning; in 1905 only 114 deaths were recorded attributed to this cause. Whether there was any real saving of life or not is purely speculative, but certainly there was a very material diminishment in the deaths from this particular cause.

Sanitary Bureau.

A great deal of the work of the Sanitary Bureau is of necessity routine in nature. The volume and increase of the work of the Department is indicated by comparing the total number of inspections as given below:

1903.....	1,374,886
1904.....	1,595,244
1905.....	2,011,519

The work of the Sanitary Police has been especially effective. The number of arrests which occurred during the year was 3,734.

Slaughter Houses.

Much work has been done in keeping the slaughter houses in various parts of the city in a clean and inoffensive condition. Some idea of the magnitude of this work may be gained from the fact that during the year in the Borough of Manhattan alone 410,716 cattle, 1,391,393 sheep, 245,201 calves, 1,033,441 hogs—a total of 3,080,751 animals—have been slaughtered. The by-products of these slaughter houses, consisting of blood, fertilizer and fat, would be productive of an enormous amount of nuisance without the utmost vigilance on the part of the Department.

Inspection of Foods.

The efficiency of the Department is effectively shown in the totals of the fruit, food and meat condemned as unfit for consumption and destroyed, since it far surpasses that of preceding years. Nearly 9,000,000 pounds of fruit, nearly 4,000,000 pounds of miscellaneous food stuffs, 1,200,000 pounds of meat, and 385,000 pounds of fish were condemned and destroyed.

Special mention should be made of prosecutions for the violation of the Sanitary Code by the use of bob veal. Quantities of it were seized while in the possession of retail dealers, and upon their affidavits the wholesale dealers were

arrested, tried and convicted. Heavy fines were imposed in consequence by the Court of Special Sessions.

The Department Drug Store.

During the year 1905, 97,806 prescriptions were filled. In addition 221,888 tablets and pills were furnished, together with a miscellaneous lot of hospital supplies.

Antitoxin.

A most important advance was made during the year in the preparation of antitoxin. Through this method concentration of antitoxin from serums of low therapeutic value has been made possible. As a result the Department is able to manufacture, at less expense and in larger quantities, diphtheria antitoxin of high grade. This system has been thoroughly tested in the hospitals of the Department and has now been placed in the various antitoxin stations for the use of the public. This method has also been adopted by the various antitoxin manufacturers, with the result that a more powerful serum can be sold at a very much lower rate.

Division of Chemistry.

Nine thousand nine hundred and fifty-one (9,951) analyses were made in the Chemical Laboratory for 1905, nearly double any previous year. The bulk of this work has been to determine injurious substances in foods, the identification of drugs and the initial work in food adulteration. Much work has been done in the laboratory for other departments and for various medical societies. The Police Department, for instance, in a large measure depends upon this laboratory for its analyses.

Medical School Inspection.

In September, 1902, a new method of medical school inspection was inaugurated, extending the jurisdiction of the school inspection to the classrooms, and individual examination of pupils to their classes. As at first organized, this work resulted in the exclusion of a very large number of children for minor contagious diseases. At the present time the work has been so elaborated as to include the services of nurses in the schools, and many cases which were formerly excluded have been enabled to remain in school.

The following table shows the decrease in the number of exclusions under this system:

	1903.	1904.	1905.
Number of children excluded.....	65,294	25,369	18,844
Reasons for Exclusion—			
Measles	250	1,172	312
Diphtheria	530	155	74
Scarlet fever	66	55	47
Whooping cough.....	364	187	351
Contagious eye diseases.....	32,525	10,624	8,833
Pediculosis	21,100	8,717	4,692
Chicken pox	909	780	937
Contagious skin diseases	4,029	2,123	2,018
Miscellaneous	5,521	1,556	1,580

On March 27, 1905, the Department broadened the scope of this work, and instituted a plan of great importance. While abating in no degree the systematic oversight and control of the infectious and contagious diseases, the work has been so arranged that the nurses now make the routine weekly inspection of the children in their classrooms, thus leaving the physicians time to enable them to make complete physical examinations in the children. Each child is thoroughly examined. The eyes are tested for defects of vision, headache, squint, blurring, etc.; the ears for deformity of the external canal, discharges and defects in hearing. The teeth and hard palate are inspected. An examination is made for adenoids, growths, and the nasal condition is noted. A general record is made of the nutrition of the child, the glands, choreic symptoms, cardiac and pulmonary diseases, mentality, skin lesions, and for deformities of the spine, chest or extremities. A complete record is kept of the physical condition of each child, and in every instance where any abnormality is discovered, a notice to that effect is sent to the parents with the suggestion that the child be immediately placed under medical care. If the case is persistently neglected, a nurse visits the family and urges treatment.

Summer Corps.

The duties of the Summer Corps were modeled on the same lines as during the preceding two years. The keynote of this work is the prevention of diarrhoeal diseases of children, and with this point in view the Physicians and Nurses of the Corps systematically visited the tenement houses and interviewed the mother of each child under one year of age.

The following table shows in some measure the work accomplished during the summer of 1905:

Number of visits to tenements.....	60,027.
Number of miscellaneous visits.....	8,130
Number of families visited.....	289,114
Number of children examined at pier for St. John's Guild.....	25,261
Number of sick treated.....	1,985
Number of other physicians' patients treated.....	1,551

Number of revisits	1,172
Number of milk inspections.....	9,740
Number of original complaints forwarded.....	220
Number of circulars and hangers distributed.....	100,283
Number of ice tickets distributed.....	456
Number of milk tickets distributed.....	3,750
Number of St. John's Guild tickets distributed.....	4,909
Number of sunstroke circulars distributed.....	2,493

During the year 1905 the building operations in the various hospital plants were quite extensive. Much work was done on new buildings, and elaborate repairs made on old ones.

Otisville.

Several attempts were made during the years 1904 and 1905 to acquire property for the establishment of a sanatorium to complete the chain of work already begun for the care and treatment of persons resident in The City of New York afflicted with pulmonary tuberculosis.

In order to obtain a tract of land, it was necessary to secure the consent, not only of the Town Board, but also of the Board of Supervisors of the County in which it was proposed to establish a sanatorium. All these preliminary efforts failed, owing to the inability to obtain the necessary consents.

In the spring of 1905 the consent of the Town Board of Mount Hope, in Orange County, was secured. A month later, notwithstanding the most vigorous protests on the part of many people within the county, the Supervisors sustained the action of the Town Board.

The land, which is not as yet fully acquired by the City, is universally commended as ideal for the purpose of a sanatorium. It is within three hours' ride of the City, and has an elevation of from 850 to 1,400 feet above sea level. The buildings may be so constructed as to get a southern exposure in the winter and shelter from the winds.

DEPARTMENT OF PARKS.

BOROUGH OF MANHATTAN AND RICHMOND.

The important feature of park work in the Boroughs of Manhattan and Richmond for the year 1905 was undoubtedly the completion and throwing open to the public of two new parks and recreation centres. These parks are Thomas Jefferson Park, at One Hundred and Eleventh to One Hundred and Fourteenth street, First avenue to the East river, and DeWitt Clinton Park, at Fifty-second to Fifty-fourth street, Eleventh to Twelfth avenue.

In the line of the extension of park facilities was the substantial completion of the construction work of St. Gabriel's Park, between Thirty-fifth and Thirty-sixth streets, First and Second avenues.

Almost equal in importance, however, was the comprehensive and systematic work done in the matter of resoiling, reshaping and restoring parts of Central Park, pruning trees, removing dead timber and permanent betterments of walks and drives.

The work of gravelling the East drive, north of McGown's Pass, to entrances at Sixth and Seventh avenues, also the entrance drive at One Hundred and Sixth street and Eighth avenue, the driveway around the Circle on the hill near One Hundred and Sixth street, and the West drive road to Bridge 26 on about a line of One Hundred and Third street, was completed.

A great quantity of gravelling work was also done along the Central drive from the statue of Commerce to that of Daniel Webster, and the upper portions of the East and West drives, in connection with the laying of asphalt gutters. In the several places where the basins were removed or locations changed it was necessary to restore the drive by banking up the basin frames with gravel and restoring the sod borders of the lawns.

The work of manuring the lawns was very thoroughly done. All the large lawns of Central Park, such as the ball ground, the Green, North and South meadows, the lawn at Ninety-seventh street and Fifth avenue, Cedar Hill, Cherry Hill and the lawns bordering on the drives, received a heavy coat of manure. The herbaceous beds along the west side of the East drive, from about Eighty-fifth to One Hundredth street, were covered liberally, as were the ornamental shrubs, such as rhododendrons and magnolias.

Very considerable work was also performed on the bridge roads. The gravel, which in many places had worked into the gutters, was thrown back and the roads were kept harrowed and in good shape for use.

Central Park.

The work of constructing a pipe sewer from the Mineral Springs to the City sewer south of the dairy was begun in 1904, but was not finished until the latter part of 1905. In connection with this main various subdrains were run to the cottages and buildings along the line, increasing the length of the pipe laid to practically 4,000 feet.

The entire territory of the park, between Seventy-second and Fifty-ninth streets, has been taken care of, and all sewage and waste water which formerly discharged into the lakes is now carried to the City sewers.

Demands were made on the Department for a permanent entrance to Central Park at Fifty-ninth street and Seventh avenue, to take the place of the temporary one which had been in use for some years and which had outlived its usefulness, owing to its congested construction. The entire entrance was remodeled, a new drive was constructed on modern lines on a Telford macadam foundation with a gravel superstructure and asphalt block gutters. A new bridge road was laid out with connecting link from the north side of the drive to the existing bridge road in the valley. The entire topography to the east of the temporary road was remodeled and new walk systems were introduced, the said walks being of the rock asphalt type on concrete base with

rubblestone foundations. A new drainage system was laid connecting with the old system, and the new basins for surface drainage were put in place. Steps were built and connecting walks formed crossing the drives and bridle road and the entire slope territory was remolded and resodded. The completion of this work opens a new entrance to the park and fills a long felt want.

About six years ago a temporary entrance was constructed at Sixty-sixth street and Eighth avenue (Central Park West) to accommodate equestrians, and also for the use of light vehicles. The road was a narrow one and the Department received continued complaints on the subject. Owing to the heavy plantings and general topography of the ground, the improvement as to laying out a new entrance was a difficult one. During the summer of 1905 the plans were fully prepared and approved and the work of construction begun.

The work of laying a new cast iron water main from Fifth avenue and Sixty-fourth street through and under the office building, diverging north and south to points fixed for fire hydrants and proper connection for service to menagerie buildings and for filling the various tanks, was completed. In the office building, new 2-inch feed pipes to the tanks, with connection to the boiler room were connected. A sufficient supply of water is now obtained for all purposes required.

Cathedral Parkway.

One Hundred and Tenth street, between Fifth and Seventh avenues, was widened 30 feet on the north side under the laws creating the parkway. The old roadway 30 feet wide was paved many years ago as a parkway, Telford macadam foundation and gravel finish. Trucking and general wear and tear had placed the road beyond the possibility of repair. In conformity with the law, the roadway was widened to 45 feet. The northerly sidewalk was made 25 feet and the park sidewalk 30 feet.

Thomas Jefferson Park.

This park, which has an area of about fifteen and one-half acres, is located in one of the most thickly populated districts of the City. Although the construction of the park proper was completed during 1904, the equipment of the playgrounds and gymnasium was not undertaken until 1905. Great care was exercised in arranging the various apparatus in the most condensed form, and at the same time so as to be serviceable, owing to the great demand made upon the Department for space.

The playgrounds and kindergartens have an area of practically 45,000 square feet, and have been fully equipped with the necessary shelters. The area of the gymnasium grounds proper is approximately 36,500 square feet.

DeWitt Clinton Park.

In 1904 the work on the construction and improvement of the small park known as DeWitt Clinton Park, between Fifty-second and Fifty-fourth streets, Eleventh and Twelfth avenues, was begun. The work was completed during 1905. The centre section of the park is taken up in the construction of the playgrounds, kindergartens, gymnasium and running track, and the pavilion or comfort station and the pergola building on the westerly end.

St. Gabriel's Park.

The work of constructing and improving the small park known as St. Gabriel's Park, located on the easterly side of the City, between Thirty-fifth and Thirty-sixth streets, First and Second avenues, was begun in 1904 and completed in 1905. The area of this park is not quite three acres. Though small, it was laid out on the lines of the more modern city parks. Playgrounds and gymnasium features were introduced, while the park treatment formed the border line. A site was determined upon and the place reserved for the erection of a proper comfort station. Plans were prepared for the same, but actual work was not begun.

The space allowed for playgrounds is approximately 14,300 square feet. The running track is 10 laps to a mile and the area of the gymnasium grounds proper is 15,214 square feet.

City Hall Park.

Complaint was made of the general condition of the pavements of walks in City Hall Park. These were of the rock asphalt mastic wearing surface and cement on concrete base character. Contracts were executed, covering the work of repair. The entire pavements of City Hall Park are now in first-class condition.

Riverside Park.

The plumbing and sewerage system of Claremont Hotel at One Hundred and Twenty-sixth street and Riverside drive was the source of constant complaint and trouble, and it became absolutely unsanitary. It was necessary to construct a new system. The entire plumbing and piping of the building was torn out and a new system was put in place.

Playgrounds.

During the past year playgrounds were in operation in the following parks:

East River Park, with two playground attendants.

John Jay Park, with two playground attendants and one gymnasium attendant.

Tompkins Square Park, with three playground attendants and two gymnasium attendants.

Hamilton Fish Park, with three playground attendants and two gymnasium attendants.

Wm. H. Seward Park, with three playground attendants and two gymnasium attendants.

Corlears Hook Park, with one playground attendant and one gymnasium attendant.

Seventeenth Street Park, with one playground attendant.

Hudson Park, with one playground attendant and one gymnasium attendant.

Two playgrounds were opened the latter part of the year, one in Thomas Jefferson Park and one in DeWitt Clinton Park, making ten playgrounds now in operation under the jurisdiction of the Park Department.

Children's School Farm, DeWitt Clinton Park.

(First Crop, 1905. Yield of 356 Plots, May 23 to July 31, 1905.)

	Total.	Average Per Plot.
Radishes	45,096	127
Peapods	7,139	20

Construction of a Comfort Station in Madison Square Park, Borough of Manhattan	180 00
Cathedral Parkway, between Fifth and Seventh avenues, Borough of Manhattan, Widening and Improvement of.....	37,542 72

BOROUGH OF BROOKLYN AND QUEENS.

In this Department there are forty-three parks and thirteen gores, containing in all seventeen hundred and twenty (1,720) acres, of which eleven hundred and forty-three (1,143) are in Brooklyn and five hundred and seventy-seven (577) in Queens. The figures represent, approximately, one acre to every eleven hundred and eighty-nine (1,189) of the inhabitants in the Borough of Brooklyn, and one acre to every three hundred and forty-two (342) inhabitants in Queens. There are also forty-five miles of parkways under the control of this Department.

During the year four new parks were added, three in Brooklyn and one in Queens, as follows: McLaughlin Park, Fulton Park, Amersfort Park, in Brooklyn, and Rainey Park in the Long Island City section of Queens Borough.

An addition to Williamsburg Park was turned over to the Department, and the property adjoining Institute Park, to be used as a plaza, and fronting the Willink entrance to Prospect Park, was also placed under our control.

Other new park sites were authorized, but have not been transferred to this Department for improvement and maintenance. Among the latter is Owl's Head, the beautiful summer residence of the late E. W. Bliss, at Bay Ridge. This site affords a fine view of New York Bay, the lower harbor, Staten Island and the Orange Mountains in the distance. It has been placed on the map and its purchase was authorized by the Board of Estimate and Apportionment in November. It is virtually a park now and very little work will be required to complete it. It is an ideal location for a great pleasure resort, consisting of a beautiful rolling country, facing on New York Bay, the Bay Ridge parkway and the Shore road. A large pier, extending seven hundred feet into New York Bay, adjoins the property, where boats of ordinary draught can land. This makes it of almost as much interest to the residents of Manhattan as to those living in Brooklyn. Its possibilities are great. On the property there is a large mansion, several other buildings, including a very fine stable, all of which can be used for park purposes. Its transfer to this Department may be looked for in a short time.

New Buildings and Other Construction Work.

Much construction work was started and completed in several parks. A contract was let for a magnificent shelter house on the Parade Ground, for the benefit of patrons of that fine athletic field. The house is of colonial design, with great porches and porticoes, and is of red brick, timber cornices and columns and copper roof. It is two hundred feet long, thirty-five feet wide, and will contain lockers, shower baths and rooms for baseball, football, cricket and polo players. The cost of the building, which will be ready for occupancy early in the spring, is sixty-eight thousand eight hundred dollars (\$68,800). This building will also house the police of the Seventy-third Precinct, now quartered in the Litchfield Mansion.

A new boat house, located in one of the most picturesque parts of Prospect Park, being on the easterly side of the lake near the present boat house, is being erected. It is of classic design, of enamelled white terra cotta, and is to contain modern and up-to-date facilities and appurtenances. It will afford a fine view of the beautiful surroundings, and the removal of the old building will open up a long concealed and beautiful vista of striking beauty. The cost of the new building will be fifty-two thousand five hundred dollars (\$52,500). It will be ready early in the spring.

Plans were prepared early in the year for a shelter and club house for the golf players at Forest Park. Owing to the delay in approving of the plans submitted to the Municipal Art Commission, work on the same was not started until late in the fall. It will be of wood, with brick foundation, and contain locker rooms, club rooms, lavatory accommodations and large parlors.

Contracts were also awarded for much-needed shelter and comfort houses in Fort Greene, Carroll, Bushwick, Bedford, Irving Square and Cooper Parks. They are of artistic design, and some of them are already in use, the others being roofed in and rapidly nearing completion.

Some of the other permanent improvements include a granolithic walk along Prospect Park West from the main entrance of Prospect Park to Fifth street, ten feet wide. The remainder of the sidewalk has been graded, planted, covered with top soil and the borders seeded and sodded.

A contract was let for the construction of an Ohio sandstone wall on Prospect Park West from Fifth to Fifteenth streets, a much-needed improvement, and a continuation of the wall from the main entrance. Its construction has done away with the unsightly old pipe and rail fence and privet hedge, and now a fine open view of one of the most picturesque parts of the park is afforded. The cost of the wall, which will be completed by February 1, 1906, is thirty-seven thousand five hundred and fifty dollars (\$37,550).

Many other improvements of a permanent character were effected in Prospect Park. Among them was the substitution of a modern bronze plated railing at the lower terrace of the Flower Garden. The stone work around the same was also reconstructed and repointed wherever necessary. The cost of the work was five thousand one hundred and twenty-five dollars (\$5,125).

BOROUGH OF THE BRONX.

Pelham Bay Park.

Many substantial improvements were completed and undertaken in this, the largest of the Bronx parks, during 1905. A wooden bridge from the mainland to Hunter Island was constructed, the number of bathhouses was increased to 433, a comfort station was erected near them at the athletic field, and the nine-hole golf course was extended to an eighteen-hole course.

The Bronx and Pelham parkway was resurfaced with trap rock, and thoroughly rolled over its entire distance. The Mosholu parkway was graded its entire length and the roads put in excellent condition.

The principal improvements accomplished at Van Cortlandt Park include the extension of Vault Hill road, the elimination of the grade crossing at Van Cortlandt station, the resurfacing of the roads, the extension of the golf links, and the laying out of the cricket ground and five football fields.

Crotona Park.

Work on two new comfort stations was begun in this park, and the notable improvements included the laying of 500 feet of 12-inch drain pipe, the widening of the road leading from Crotona avenue to the skate house and the general extension of the tennis courts and playgrounds.

Bronx Park.

A concrete steel arch bridge was built across the Bronx river at the crossing of Bronx and Pelham parkway.

A handsome approach to the Botanical Garden was built from Mosholu Parkway and another from Scott avenue.

The number of animals in the Zoological Park was increased to 2,867 specimens. The attendance was the greatest since the park was established, and the death rate among the animals lower than ever before.

General Work.

The work of maintaining and further beautifying the parks was carried on vigorously throughout the year.

The public squares and small parks at the intersection of streets were planted with flowers and shrubs where possible, and otherwise improved to give them a neat and attractive appearance.

Among other plants, 40,000 pansies were set out in the various parks.

Grass was cut, lawns raked, grass plots trimmed and grass seed sown where necessary.

Trees and shrubs were cultivated and pruned.

Twenty-three large ash trees were purchased and planted in the nursery.

Dead trees were felled, and all street trees for the removal of which permits were asked were examined before permits were granted.

Sand was carted from Pelham Bay Park to Bronx Park for use in the propagating houses.

Lawn tennis courts, ball fields, polo fields, etc., were kept in good condition.

Culverts were cleaned and lowlands and washouts filled in.

Wire fences were erected around several of the small parks and squares.

A shower bath was erected at the bathhouses in Pelham Bay Park.

All stone used for the surfacing of roads was prepared in the park stone crusher.

DEPARTMENT OF PUBLIC CHARITIES.

Census.

Special attention is called to the large increase in the total daily average census of all institutions, offices and bureaus, comprising the Department, in the two years from 1903 to 1905. The average daily census for 1903 was 9,271, while for the year 1905 it was 10,307, or a daily average of 1,036 more in 1905 than in the year 1903, while the appropriation as allowed by the Board of Estimate and Apportionment in the two years increased from \$1,802,490.16 for 1903 to \$2,027,490.16 for 1905.

The needs of the Department in the way of new buildings and extraordinary repairs to existing buildings and apparatus were set forth in a communication submitted to the Board of Estimate and Apportionment on February 8, 1905. This estimate called for an expenditure of \$1,568,200.

The Board of Estimate and Apportionment, under date of April 10, 1905, authorized bonds only to the amount of \$494,200 upon this estimate. It later authorized issues of bonds as follows:

July 7, 1905.	For a site for Bradford Street Hospital, East New York..	\$37,000 00
Nov. 8, 1905.	Additional appropriation for Municipal Lodging House...	115,000 00
Nov. 8, 1905.	For New York City Tuberculosis Hospital to be erected at the Farm Colony, Staten Island.....	800,000 00

These sums, with the unexpended balance from the preceding year, are being expended under the following contracts:

City Hospital, Blackwell's Island, alterations and additions to Strecker Memorial Pathological Laboratory.....	\$6,544 00
New boiler house, boilers, steam and hot-water mains.....	44,780 00
Randall's Island—	
Installing new boilers at central power house.....	\$3,421 00
New garbage crematory and apparatus.....	4,800 00
	8,221 00
Blackwell's Island—	
Seven emergency hospital pavilions to relieve the overcrowding in the wards of the City and Metropolitan Hospitals.....	25,783 00
Metropolitan Hospital—	
Male dormitory for employees (a building that has been badly needed for years).....	54,246 00
Kings County Hospital (Brooklyn)—	
New isolation pavilion.....	\$17,976 00
New coal storage building.....	13,300 00
	31,276 00
New Municipal Lodging House, south side of East Twenty-fifth street, east of First avenue, size of lot, 100 feet by 99 feet 8 inches.....	287,595 00
Site for Bradford Street Hospital, situated on Bradford street, Dumont and Miller avenues, East New York.....	36,100 00
Staten Island—	
Purchase of 25 acres of land, known as "Schmidt farm".....	15,000 00

Salaries.

The amount allowed for salaries by the Board of Estimate and Apportionment for 1905 was \$621,071.50, but was not sufficient to pay the salaries of the employees at the several institutions in taking care of the patients. Application had to be made to the Board of Aldermen for an additional allowance.

Supplies and Contingencies.

The amount asked for under this head for the year 1905 was \$1,253,366.35, while the amount allowed by the Board of Estimate and Apportionment was \$1,131,984.66, or \$121,381.69 less than the amount asked for. The Department estimate was based on the per capita cost for the preceding year, with allowance for increased census. The amount allowed was too small, and application had to be made for additional appropriation.

Consumptives.

The average daily census during 1905 was 492, or 42 more daily than were there during 1904. Two additional tents, about of the same construction as those already in use, were put up during the year, making in all 14 tents, 12 for men and 2 for women. They average 12 beds each, so that there are about 168 tuberculosis patients in tents on Blackwell's Island.

All male consumptives in the Kings County Hospital "Consumptive Home" were removed to the Blackwell's Island Tuberculosis Infirmary on April 24, 1905, thus leaving that building to be used for a "children's hospital" after extensive repairs are made, contract for which was awarded December 6, 1905.

The Proposed New York City Tuberculosis Hospital.

For a decade or more all classes have united in urging the necessity of a sanatorium of sufficient size and easy access to accommodate the tubercular poor of the City, and relieve the general hospitals from the care and treatment of these patients.

The Board of Estimate and Apportionment on April 10, 1905, appropriated \$200,000 for a sanatorium on the County Farm on Staten Island, and, after viewing the plans, made another allowance of \$800,000 on November 10, 1905, besides committing the City to the scheme in its entirety, which calls for a total appropriation of about \$2,000,000 for the buildings, etc.

Bureau of Dependent Adults, Manhattan and The Bronx.

The number of all kinds of cases handled by this Bureau for 1905 was much larger than in 1904. The "Court Fund" receipts for 1905 were \$128,070.98, as against \$110,122.39 for 1904.

This amount is paid into the Department by husbands who fail to support their wives and children, and also by children who fail to support their parents. This Department then pays the amount over to the wives or to the parents, as the case may be, and in such sums as the Court or the Commissioner may direct.

Bureau of Dependent Children, Manhattan and The Bronx.

During the year 1905 there were a fewer number of children proposed for commitment as public charges than in 1904, due no doubt to the fact that there were no "strikes" among the laboring classes, and also to the fact that there was no cold weather to speak of up to January 1, 1906. The number proposed for commitment in 1904 was 7,834, while in 1905 it was 7,744, or 90 less.

This decrease in Manhattan and The Bronx is not maintained in the Boroughs of Brooklyn and Queens, but is followed in the Borough of Richmond.

The increase in Brooklyn is, of course, due to the largely increased population of that Borough—a great deal more in proportion than the increase in population in Manhattan and The Bronx.

City Hospital.

The laundry building, which was destroyed by fire December 23, 1904, was rebuilt, and the new laundry machinery installed, and was again in use by April 16, 1905, thus relieving the extra strain on the laundry at Metropolitan Hospital, where all the laundry work from City Hospital had been done at night since the burning of the City Hospital laundry.

New York City Training School for Nurses, Blackwell's Island.

The east wing (Brennan Hall), which was begun in 1904, was not fully completed and occupied until April 15, 1905. This marks the completion of the three wings to the Home, thus making it complete in every detail, with room enough to accommodate all the nurses and help connected with this school.

New York City Home for the Aged and Infirm, Manhattan Division.

The system of transferring the more able-bodied inmates to the Farm Colony on Staten Island by the boat each week has continued, yet the census at the close of the year, December 31, 1905, was 2,535 inmates, or 148 (103 men and 45 women) more than the same date in 1904.

Metropolitan Hospital and Tuberculosis Infirmary.

The system of telephone switchboards was installed during 1905 at each of the three institutions on Blackwell's Island, namely, City Hospital, Metropolitan Hospital and the Home for the Aged, thus enabling the various departments and separate buildings to carry on the business with more dispatch.

More capacity for patients has been accomplished by erecting two tents for tubercular patients with a capacity of 12 patients each. Also four pavilions with total capacity of 140. These pavilions are only temporary, but they are heated by steam, modern plumbing and well lighted with gas.

The installation of the small electric power plant in the central boiler house, to furnish current to the X-ray laboratory, two operating rooms and one maternity room, has proven very satisfactory.

Municipal Lodging House.

The plot of ground for the new Municipal Lodging House, situated on the south side of Twenty-fifth street, 400 feet east of First avenue, became the property of the City January 13, 1905. Plans for the building were prepared, and, as estimated cost was more than had previously been estimated, a further appropriation was requested, and on November 8, 1905, the Board of Estimate and Apportionment appropriated \$115,000 additional for this building. It is expected to have the building in operation by next winter. The opening of this building will prevent any recurrence of the crowded and congested condition prevailing each winter at the old lodging house.

Kings County Hospital.

Contract for a new Isolation Pavilion, 60 feet wide and two stories high, costing \$17,976, was awarded June, 1905, but it was not quite finished by December 31, 1905. This is a building that has been badly needed for years.

Bradford Street Hospital.

Several sites on which to erect a hospital in this growing section of New York, known as East New York, were looked at during the year, and finally the one at the corner of Bradford street and Dumont and Miller avenues, facing Linton Park, being a plot 200 by 280 feet, was recommended to the Board of Estimate and Apportionment for purchase.

Hospital for Convalescents, Near Coney Island.

In order to supply a long-felt want and provide that which the City should have possessed long ago, the Board of Estimate and Apportionment, in April, 1905, appropriated \$100,000 for the erection of a hospital for convalescents in the neighborhood of Coney Island and Ocean parkway, about one-quarter mile from the beach at Coney Island.

The Department is now ready to proceed with the work of construction, and, while making special provision for convalescents, it may also be used for general hospital purposes. Upon the completion of this building the little reception hospital which has been maintained at Coney Island will be discontinued.

Poor Adult Blind.

In 1905 the blind were paid \$51 each, the largest amount that has ever been given. This money is given under section 676 of the Greater New York Charter, and

was paid in September. The 1,079 blind who received this money were divided among the boroughs as follows:

Manhattan and The Bronx.....	650
Brooklyn and Queens.....	410
Richmond	19
	<hr/> 1,079 <hr/>

Steamboats.

The boats of this Department carried 577,664 passengers during the year 1905. From this it will be seen how many people visit the wards of this Department. Since the purchase of the additional launch in 1904, steam ferry service has been maintained between Manhattan Island, from foot of East Fifty-second street and foot of East Seventieth street to Blackwell's Island, every half hour, between 7 a. m. and 11.30 p. m., and from foot of East One Hundred and Twenty-fifth street and foot of East One Hundred and Twentieth street to Randall's Island every half hour, between the same hours.

The "Slocum" Disaster.

Another matter to which particular attention may be called is the annual report of the Department of Public Charities for 1904, published during 1905. Said report contains the only corrected and complete alphabetical list, 1,331 names, comprising all persons known to have been on the steamer "General Slocum" at the time of the fire on June 15, 1904.

This list is arranged by family name, with address, age, and effect of the accident and other statistics.

Copies of this report have been sent to the American Consul in Berlin, Germany, and the German Consul in this City, because about four-fifths of the people on board this steamer were Germans.

DEPARTMENT OF STREET CLEANING.

The Commissioner of Street Cleaning Department submitted to the Mayor a report of the operation of the Department for the four years ending December 31, 1905.

Growth of the Department.

Increase mileage in 1905 over 1902.....	8.27%	77.8 miles.
Increase cart loads of material collected in 1905 over 1902.....	8.31%	180,780 loads.
Increase cart loads of permit material in 1905 over 1902....	27.00%	119,520 loads.
Increase cart loads of material disposed of in 1905 over 1902.....	11.40%	300,300 loads.
Increase population in 1905 over 1902.....	8.27%	286,736
Increase in expenditure in 1905 over 1902.....	10.05%
	<hr/>	<hr/>
Cost per capita in 1902 was.....		\$1.484
Cost per capita in 1905 was.....		1.508
		<hr/>
Increase		\$0.024

There were 1,017.9 miles of paved streets to be cleaned by the Department at the beginning of 1906. The population per acre of the Borough of Manhattan is 150.5; Brooklyn, 27.3; The Bronx, 10.4, but there are two blocks on the lower east side which have a population of 1,171 per acre and a density per street mile of 22,000. Another block in the same locality has a population of 1,281 per acre and a density per street mile of 23,500.

Two million nine hundred and eighteen thousand one hundred and three cartloads of refuse were removed from the three boroughs last year. If this work was done by wheelbarrows it would take an army of 150,000 working 8 hours daily to remove the waste matter to the dumps on the river front. This material if piled in Madison square would make a mountain of the area of that space and 470 feet high.

The Mechanical Bureau.

The 212 men in the Mechanical Bureau repaired about 8,519 carts, wagons and vehicles, 1,464 sets of harness, 6,159 metal cans and 3,882 asphalt scrapers. They also made all repairs upon the nineteen stables used by the Department, the seventy-five section stations, the fourteen water dumps and the smaller repairs on the Department scows. They also did all the work of constructing, lighting and painting the fish market under the Williamsburg Bridge. They also repaired and built an extension to the incinerator at Forty-seventh street, and installed a 120 horse power engine and a 20 kilowatt electric light plant at that place. They added a fireproof floor and a runway, fire hydrants, baling presses and heating system to the incinerator under the bridge at Delancey street.

Final Disposition.

In the matter of final disposition of refuse material, all dumping at sea was stopped entirely during 1905. All the ashes, rubbish and street sweepings were disposed of upon land fill. The material from Manhattan and The Bronx being hauled to the water front, is now scowed from the dumps to Riker's Island and to various points where it is placed upon fills behind bulkheads, such as the Newtown creek, Tremley Point, Shooter's Island, Staten Island, Weehawken, Crotonwell's creek, Newark and Maurer, N. J.

There was deposited at Riker's Island, in ashes and street sweepings in 1902, 378,881 cubic yards; in 1903, 1,266,558 cubic yards; in 1904, 1,418,893 cubic yards; in 1905, 1,726,352 cubic yards.

This has practically finished the fill of 63 acres on the westerly side of the island. Thus Riker's Island, which is City property, has already been raised to an area of 162

acres, which will accommodate the eleemosynary and correctional institutions of the City, leaving Blackwell's Island to be used for a public park.

Incinerators.

At Third avenue and Third street, Brooklyn, a small incinerator began operations in June, 1905, and has run successfully since that time. The East New York incinerator has about four times the capacity of the Third street incinerator. From the refuse burned at the East New York incinerator, a sufficient amount of power is obtained to heat the construction and repair shops of the eastern elevated division of the Brooklyn Rapid Transit Company, and also the Employees' Benefit Association club house of the Brooklyn Rapid Transit Railway Company, and all power required to run the steam hammers, air drills, etc., in the construction shops. There still is a surplus power which will be utilized in heating other railroad buildings in the vicinity.

In 1905 the idea of economically using the rubbish wastes to light municipal structures and buildings being beyond the experimental stage, a plant was constructed beneath the Williamsburg Bridge, where daily 1,050 cubic yards of light refuse are destroyed. During the night the heat is used to generate electricity to light the Williamsburg Bridge, and in these hours 350 indicated horse power can be developed per hour. The bridge and plant lights require about 180 kilowatts per hour when all are in operation. This plant cost, when installed, \$83,584. Its operation shows a saving in the disposal of rubbish of \$30,360 per annum, or 38.8 per cent. upon the investment. There is included in the above no cost for labor charges in the incinerator plant, because the privilege of picking out the marketable rubbish on the belt conveyor pays the operating expenses, but the labor charges in the lighting plant are included. The material handled at the Delancey street plant is about one-fifth of the total output of the boroughs of Manhattan and The Bronx.

Snow Removal.

In the fall of 1902 the present method of contract for removal of snow was devised, which is practically the letting of the cleaning of a given area by the contractor, the cubic yardage to be determined from the depth of snow as reported by the United States Weather Bureau. By this method, in the winter of 1904-1905, the snow fall of 59.2 inches was cleared from 907.5 miles of streets in the boroughs of Manhattan and The Bronx at an average cost of 20.43 cents per cubic yard. This year the contract price for the boroughs of Manhattan and The Bronx has dropped to an average of 14 cents per cubic yard.

DEPARTMENT OF TAXES AND ASSESSMENTS.

The total assessed valuation of real and personal estate in The City of New York for 1905 was.....	\$5,912,144,227 00
The aggregate tax on above amount for 1905 is.....	88,980,731 22
The total assessed value of real estate for 1905 in The City of New York was	5,221,582,301 00
The increased valuation of real estate for 1905 over that of 1904 was	206,118,522 00
The total assessed value of personal estate for 1905 in The City of New York	690,561,926 00
The increased valuation of personal estate for 1905, as compared with that of 1904	65,483,048 00

Statement Showing Real and Personal Estate for 1905 by Boroughs and the Amount of Tax Thereon.

Boroughs.	Real Estate.	Personal Estate.	Tax.
Manhattan	\$3,820,754,181 00	\$568,390,790 00	\$65,407,398 44
The Bronx	274,859,593 00	16,673,625 00	4,345,296 89
Brooklyn	940,982,302 00	90,911,963 00	16,123,351 85
Queens	140,404,990 00	9,094,738 00	2,324,602 83
Richmond	44,581,235 00	5,490,810 00	780,081 17
Total.....	\$5,221,582,301 00	\$690,561,926 00	\$88,980,731 22

Statement Showing Total Real and Personal Estate for the Year 1905 in Each Borough.

Boroughs.	Real Estate.	Personal Estate.	Total Real and Personal Estate.
Manhattan	\$3,820,754,181 00	\$568,390,790 00	\$4,389,144,971 00
The Bronx	274,859,593 00	16,673,625 00	291,533,218 00
Brooklyn	940,982,302 00	90,911,963 00	1,031,894,265 00
Queens	140,404,990 00	9,094,738 00	149,499,728 00
Richmond	44,581,235 00	5,490,810 00	50,072,045 00
Total.....	\$5,221,582,301 00	\$690,561,926 00	\$5,912,144,227 00

The total assessed valuation of real estate exempt from taxation in 1905 in The City of New York was.....	\$1,035,899,577 00
The assessed valuation of special franchises for 1905 for The City of New York was	302,193,550 00

This was an increase over the special franchise assessment for 1904 of	50,672,100 00
The assessed valuation of bank shares in The City of New York for 1905 was	276,450,142 00
The amount of tax for 1905 on said bank shares was	2,764,171 50
The increased valuation of bank shares in 1905 over 1904 was	7,186,050 00
The amount of State tax for The City of New York for 1905 was ..	717,024 00
<hr/>	
The expenses of the Department for the year 1905 amounted to	\$364,838 16
As against expenses for 1904 of	354,687 05
<hr/>	
Showing an increase of	\$10,151 11

The requirements of chapter 454, Laws of 1903, relating to the publication of the Annual Record of the assessed valuation of real estate in the several sections, districts or wards in The City of New York, as a supplement to the CITY RECORD were duly complied with.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

Supply and Distribution.

The average daily consumption in Manhattan and The Bronx from all sources was 316,300,000 gallons.

The average daily consumption for the whole Borough of Brooklyn was 119,235,000 gallons, with maxima of 138,000,000 gallons in the winter and 132,000,000 gallons in the summer.

The average daily amount of water supplied to the Borough of Queens from the municipal plants was 3,975,769 gallons, the remainder being obtained from private companies.

The average daily amount furnished in the Borough of Richmond from the station at Tottenville was 208,154 gallons.

The utter inadequacy of the present sources of supply in all the boroughs was repeatedly shown. In the Boroughs of Manhattan and The Bronx, even after the existing Croton watershed is developed to the utmost, the supply will barely suffice, under normal conditions of rainfall, for the next two years. In the Borough of Brooklyn, under similar conditions, the available sources, after the fullest development of the present watershed, will scarcely provide for the next three years. In the Boroughs of Queens and Richmond, the larger portion of the supply is furnished by private companies, and the citizens of those boroughs justly complain of the inadequate quantity and pressure obtained under those conditions. The Department is making all possible efforts, under considerable difficulties, to remedy the situation in these two boroughs.

The only additional watershed from which relief can be obtained in time to provide for the needs of both Manhattan and Brooklyn is Suffolk County. If the legal restrictions barring the City from using the water from that county, which now goes to waste, are removed, 180,000,000 gallons of water a day can be obtained from that county, of which, 60,000,000 gallons could be delivered to Brooklyn and the other 120,000,000 gallons to Manhattan and The Bronx, thus enabling us to await the development of the larger supply from up the State, which it is estimated will be available within ten years.

Distribution System.

Revised and modern form of contracts and specifications for furnishing and laying pipe were prepared and made uniform for all the boroughs. Improved types of hydrants, also uniform for all the boroughs, were adopted, so as to secure more efficient fire protection and less cost of maintenance. The work of connecting the dead ends of the system and introducing secondary mains, to improve the pressure and circulation, was actively prosecuted. The Department adopted 8 inches as the minimum diameter for all mains supplying hydrants in the districts, and all mains below that size which are inadequate for efficient pressure and fire protection will be eliminated.

A large number of additional hydrants were installed where the number was deficient for proper fire protection, and the old hydrants are being replaced by new ones of approved design. The use and abuse of hydrants by unauthorized persons was considerably abated.

High Pressure Fire Service.

The high pressure fire service for the Coney Island district was completed, successfully tried and put in operation, to the entire satisfaction of the Fire Department. The plans and specifications for the high pressure fire service in Brooklyn and Manhattan were also prepared, and all the more important contracts were advertised and awarded, and work made considerable progress in the Borough of Brooklyn.

Sanitary Inspection.

Provision was made for increase in the amount of filtered water in Brooklyn by development of the infiltration galleries and establishment of additional filter plants. In Manhattan, a careful inspection of the Croton Watershed was maintained; additional lands were obtained at Mount Kisco, to prevent the pollution of the supply; and at Montefiore Home the existing conditions, which were dangerous, owing to the inadequacy of the plant formerly installed, were remedied, after the matter had been brought to the attention of the Directors of the Home.

The Electrical Bureau.

During the year 1905 there were constructed 228.096 miles of high tension subways and 159.328 miles of low tension subways, making a total of 387.424 miles of electrical subways constructed in the boroughs of Manhattan and The Bronx.

The subway construction, which began in 1886, has made possible the removal of poles and overhead wires that were strung in the streets of this City, so that at this time all the main thoroughfares of the Borough of Manhattan are freed from electric pole construction. There remains but one pole line to be removed, viz., along West street and Tenth avenue, which this Department is unable to cause to be removed, owing to the fact that the Fire Department is operating seven wires, which have been attached to these poles.

Interior Wiring.

During the year 1905 this Bureau received 27,509 applications for inspection of electrical wires, lamps and devices introduced within buildings, and issued 24,912 certificates where the wiring was found to be installed in compliance with the rules and requirements of the Department. To determine whether the wiring was properly introduced in buildings, 80,134 inspections were made by the inspectors attached to this Bureau, who found 5,377 instances of work improperly installed, all of which violations have been corrected and the wiring placed in compliance with the rules of this Department.

The Bureau has paid particular attention to the electrical equipments installed in theatres and places of amusement, making an inspection each week of each building, and where violations or dangerous wiring existed the managers of the houses have co-operated with the Department, to the end that the devices were either corrected to conform to the standard method of wiring or were taken out of the production and removed from the building.

Bureau of Water Register.

During the year 1905, \$5,354,755.22 was collected by this Bureau, which is an increase of \$137,652.10 over 1904, and the largest collection in its history. In the same period 2,185 new meters were installed, an increase of 910 over 1904. About 35,000 postal cards were sent to owners or occupants of buildings, notifying them that a penalty would be imposed on all water rents not paid before August 1 and November 1. This materially contributed to the increased revenue shown.

In the Meter Branch there was an increase of \$40,178.87 in receipts, which was made without the sending out of a single shut-off notice for non-payment of bills, and notwithstanding the fact that a large number of buildings were demolished for railroad stations, parks, bridge approaches and other public improvements.

The receipts for building purposes and taps show an increase over 1904 of \$18,081.25, and from shipping permits, \$4,015.

Particular attention was given to the subject of waste, and all complaints relating to waste of water were promptly investigated. In some instances where consumers ignored repeated notices from the department to stop waste on their premises meters were installed.

FIRE DEPARTMENT.

The policy of developing and extending the Department and strengthening the various branches was carried out during the year 1905, persistently and effectively, the united efforts of the Mayor, the Board of Estimate and Apportionment, the Board of Aldermen and the Fire Commissioner enabling the Department to make the greatest strides in its history. The paid establishment was extended to the Borough of Richmond and to the more thickly populated sections of Queens which were not already covered. In Richmond fourteen companies were put into maintenance and in Queens six companies were established. Further extensions were planned and the work was pushed with the greatest energy.

Uniform force was increased by the appointment of 402 additional Firemen, making the total force of officers and men on January 1 last 3,554.

In Manhattan and The Bronx four new companies were organized and placed in service, five old companies were provided with new houses, two single companies were reorganized as double companies. There are now in Manhattan and The Bronx eighty-three engine companies and twenty-nine truck companies; in Brooklyn and Queens, sixty-eight engine companies, twenty-one truck companies; in Richmond, eight companies, one hose company and five truck companies.

There are altogether seven fireboats, and preparations were begun during the year for the construction of three powerful new boats for the marine arm of the service.

During the year investigations were made to determine the necessities of the fire alarm telegraph service of the Department, and it was found that the conditions fully warrant an entirely new system in the Boroughs of Manhattan and The Bronx. To temporarily reinforce the old system a new contract was made with the telephone company by which every apparatus house can be reached from any part of the city and by which each apparatus house can communicate with the others.

The work of the Bureau of Violations and Auxiliary Fire Appliances is now, after two years, producing results which demonstrate the value of a proper supervision over auxiliary fire appliances. Auxiliary fire protection, such as standpipes (five lines) for buildings of unusual height or area, and perforated pipes or automatic sprinklers for underground premises (cellars and sub-cellars), presents problems new and varied, which are being handled with satisfactory results, not only to the men of the Department, who operate the appliances at fire, but also to the property owner who pays for the installation. The general scheme of auxiliary fire protection is shown in the statistical details furnished in the report of this Bureau.

The facilities for reaching fires more rapidly have been provided for by the gradual introduction of automobiles for the Department, for the use of Chief Officers, and these machines have proven a valuable adjunct to the Fire Department apparatus.

The duties imposed upon the Bureau of Combustibles have been vastly increased by the enormous building operations which have been going on throughout Greater New York for the last few years. To meet this contingency a number of Firemen, under command of a Captain of the Department, were detailed to the Inspector of Combustibles for the purpose of aiding in the inspection of the use of explosives at the points where the various construction operations are in progress. This plan has helped materially in safeguarding the lives and property of citizens.

LAW DEPARTMENT.

The Corporation Counsel reports that the year 1905 was one of unusual activity. The business transacted was not only greater in volume than any preceding year, but much of the work was of an exceptionally difficult nature. The following are a few of the statistics:

Actions tried during the year.....	655
Appeals argued during the year	213
Opinions written during the year.....	1,705
Contracts, leases, etc., drafted and approved during the year.....	4,785

Title was acquired to 56 miles of street in proceedings where the reports were confirmed. The awards in these proceedings were \$4,015,890.63, and the assessments \$2,962,220.87.

There were also other condemnation proceedings terminated—school sites, bridge approaches, dock sites, etc.—in which the awards aggregated \$3,265,737.51.

The number of actions and proceedings commenced during the year 1905 was 10,716, and the total number of actions and proceedings of all kinds pending at the close of the year was 24,523. These figures do not include the thousands of proceedings brought by the Bureau of Penalties, the Bureau for the Collection of Arrears of Personal Taxes and the Tenement House and Building Department branch office.

The Corporation Counsel states that in his judgment there never was in the history of the Law Department a time when so many difficult and perplexing questions were referred to the office for advice as the year 1905. Many of these questions related to the rights of the great public utilities corporations—gas and electric light companies, telephone companies, street railway companies, etc. Others related to the City's water supply, to the taxation of property, to the granting of franchises and to the rights of various corporations under their present franchises.

It should be remembered that all of these great corporations are represented by the ablest counsel that can be retained, and that the cases commenced have been carefully prepared for months or years before they are presented, and that the Corporation Counsel's office is frequently called upon to resist all this on very short notice.

Ten thousand seven hundred and sixty-one actions and proceedings were commenced during the year, but this fact in itself conveys but little idea of the amount of work involved. Sometimes a single important injunction suit or a taxpayer's action or a mandamus proceeding or a complicated condemnation proceeding will entirely occupy one or more assistants for a considerable period of time, and will involve more actual work than a hundred other proceedings.

When the present Corporation Counsel took office there were passed over to him as arrearages from several previous administrations about 20,000 actions and proceedings against the City. It has not been possible with the present available force of assistants to attempt to dispose of these arrears and they have increased rather than diminished. Another fact which is to be regretted is that the Department is so constantly occupied in defending actions against the City which are forced on for trial by the plaintiffs that but little attention can be given to "affirmative" suits, that is, claims and actions in which the City is plaintiff.

MUNICIPAL ART COMMISSION.

The matters submitted to the Municipal Art Commission during 1905, under the provisions of the Charter defining that body's jurisdiction, numbered 101, which, with four presented in 1904 but not disposed of during that year, makes a total of 105 submissions, involving the expenditure of approximately \$18,600,000.

In each one of the submissions acted upon from one to twenty-four plans were examined and passed upon. In seventy-three submissions the designs were approved as submitted, and in twenty-two instances the Commission disapproved in whole or in part. These twenty-two submissions dealt with eighteen different matters, and for thirteen of these amended plans were prepared and again submitted to the Commission. In four instances these amended plans were disapproved.

The Commission's collection of books, pamphlets, periodicals, photographs and prints on civic art in Europe and America was considerably added to and extended during 1905. On January 1 it contained 275 bound volumes, 101 maps separately mounted and catalogued, several hundred unbound pamphlets, and between 2,300 and 2,400 photographs and prints, relating to about 100 cities—making it one of the best collections upon this subject in the United States. A thorough card catalogue has been prepared, through which it is possible to secure in a moment all of the material upon a given subject. The library has been consulted not only by members of the Commission, City officials, architects, contractors and other citizens interested in City improvement, but to a steadily increasing extent by visitors from other cities as far west as the Pacific coast, who have learned of its value and comprehensive scope.

Appreciating the necessity of a complete catalogue of the works of art belonging to the City, the Commission began the preparation of such a catalogue in 1903. In the last annual report a tentative list for the Borough of Manhattan was published as an appendix. During the past year the work was extended to Brooklyn, but as

in Manhattan the absence of accurate records and complete data made it slow and difficult. Many works of art were practically unknown to the public, and had almost been lost sight of by the City authorities themselves. It was necessary, therefore, to canvass the public buildings, parks and open spaces, in addition to the examination of the records belonging to the various Departments.

The continuing demand for the tentative list for the Borough of Manhattan shows that it has evoked general interest, and it is intended to include the other boroughs of the city as rapidly as possible. A revised list in the form of a complete catalogue for the whole city will then be published.

MUNICIPAL CIVIL SERVICE COMMISSION.

In the competitive class 15,367 persons filed applications for examination during the year 1905. The examinations held were: 64 mental competitive examinations, in which 10,256 candidates competed; 65 mental non-competitive examinations, in which 155 candidates competed, and 122 mental promotion examinations, in which 2,019 candidates competed, and 1 examination for change of title in which 1 candidate was examined—a total of 252 mental examinations, in which 12,431 candidates competed, making a gross total of 309 examinations, in which there were 17,148 candidates. The foregoing figures apply only to the competitive class. In the Labor Bureau 15,193 applications were filed. Thirteen thousand six hundred and eighty-six applicants were cited to appear for physical examination, of which number 3,919 failed to appear. The other 9,767 were examined.

One hundred and seventy-two candidates were cited to appear for trade examinations, of which number 149 persons appeared and were examined.

There were in the employ of The City of New York, under the jurisdiction of the Civil Service Commission, at the close of the year, 40,146 persons, divided into the following classes:

Classified Service—

Exempt class	699
Competitive class	21,016
Non-competitive class	1,813
Labor class	16,359
Unclassified service	259

These figures are exclusive of 11,000 employees in the Board of Education in various capacities.

The largest single examination ever held in the history of the civil service in this City was conducted on June 1 and 28, when 2,295 candidates for the position of Patrolman in the Police Department were examined. Six thousand one hundred and ninety-one persons filed applications for examination, but of this number only 2,383 succeeded in passing the physical examination, and of that number who were notified for the mental test, 2,295 appeared. One thousand one hundred and seventy-one persons succeeded in obtaining places upon the eligible list.

The two largest promotion examinations held were for Sergeant and Captain in the Police Department. In the former 270 candidates were examined, and in the latter 400.

It is plain from the foregoing figures that the work of the Examining Board of the Commission is very heavy and continuous; while the amount of work performed by the clerical force of the office is indicated by the large number of applications which must be examined before they are accepted; the enormous number of candidates notified as to the dates and the results of the examinations; the certification of names for appointment, and the constant supervision over the pay rolls of the thousands of employees of the City service. In regard to the certification of pay rolls alone, there were verified in this office during the past year as to appointment, grade and salary, the pay rolls of 1,117,164 persons, an increase of 129,592 over the year 1904. The Commission has kept in mind the importance of conducting all examinations on a practical and common-sense basis, confining the questions as closely as possible to the duties of the positions to be filled.

The work of the Labor Bureau has been constantly increasing since its establishment in 1893. During the year there were filed 15,193 applications. There are now 83 titles in the labor class, involving the preparation and maintenance of 185 eligible lists covering the boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, and the Counties of Westchester, Putnam, Dutchess, Ulster and Nassau.

The Commission has found that the candidates in its examinations are recruited from the most intelligent and trustworthy part of our population.

POLICE DEPARTMENT.

During the year 1905 the Police Force was increased by the appointment of 978 additional Patrolmen, but against these must be placed a total of 410 who died, retired or resigned, leaving a total net gain of 568. Of the 978 new men, 206 were appointed at one time in April and 446 in September.

There were on December 31, 1905, 8,766 members of the Force of all ranks, with 93 men on probation.

During the year promotions were made as follows:

To Inspector, 5.

To Captain, 18.

To Sergeant, 86.

To Roundsman, 241.

An improvement in the Detective Bureau was the establishment of a branch bureau in The Bronx, which has added greatly to the efficiency of the service and the convenience of the people living in that Borough.

A sub-station of the Telegraph Bureau has also been added in The Bronx, which has facilitated communication between the outlying precincts and Police Headquarters. The installation of the Police signal system for use in emergencies was completed in the Borough of Manhattan during the year 1905.

The systematic overhauling and bettering of old station-houses and the securing of new ones where needed has steadily progressed, one of the main improvements being the installation of steam-heating systems and better lighting facilities in the older houses.

Building Improvements.

The new Thirty-sixth, Thirty-ninth and Seventy-first Precincts were completed, furnished and opened for Police business.

The corner stone of the new Police Headquarters was laid and erection of the building begun.

Plans and specifications were prepared for erection of new station-house, prison and stable for Nineteenth Precinct.

New steam-heating plants were installed at the First, Second, Eighth, Twelfth-Fourteenth, Fifteenth, Sixteenth, Eighteenth, Twentieth, Twenty-first, Twenty-second, Twenty-fourth, Twenty-fifth, Twenty-sixth, Twenty-eighth, Thirtieth, Thirty-first, Thirty-second, Thirty-fifth and Seventy-ninth Precinct Sub-Stations, to replace the poor and inadequate system of heating by stoves. All existing steam plants were thoroughly overhauled and placed in first-class order.

The following Department buildings were thoroughly overhauled, repaired and painted: House of Detention, Eleventh, Fourteenth, Twenty-second, Twenty-fourth, Twenty-fifth, Thirty-third, Thirty-fifth, Thirty-eighth, Sixty-ninth, Seventy-ninth Precincts and Seventy-ninth Sub-Precinct. The training stable at No. 17 Leonard street, leased for the Traffic Squad, was altered and prepared for stabling of forty horses.

The Traffic Squad.

The Street Traffic Squad, organized in 1904, was increased in number and its activities distributed over a larger area. At the end of the year there were 504 men—sergeants, roundsmen and patrolmen, mounted, on foot and on bicycles—assigned to the regulation of traffic in the crowded parts of Manhattan and Brooklyn. The work of these men has made the streets safer and less congested, and lowered the running time of surface cars, to the great benefit of the general traveling public.

The License Squad.

The license police during the year made investigations in the cases of applicants for licenses, to the number of 55,158.

Statistics.

Arrests during 1905—

Male	158,470
Female	39,886
Total.....	198,356

Total arrests by Detective Bureau (Manhattan and Brooklyn), 4,477; total value of property recovered by same, \$491,199.66; the total of sentences secured was for the term of 1,586 years, 3 months and 22 days. The total of fines imposed in arrests made by this Bureau was \$4,033.

Comparison of number of arrests in 1905, as compared with those in 1904:

Year.	Males.	Females.	Total.
1905.....	158,470	39,886	198,356
1904.....	140,139	35,741	175,880
Increase.....	18,331	4,145	22,476

Persons aided by Police during year numbered 49,696. This included persons who were found sick and destitute, or suffering from sunstroke, fits, gas poisoning or dog bites; who had been injured in accidents, fights, etc.; who had been overcome by smoke, or had fallen overboard, etc., etc.

During the year a net increase was secured of 141 in the number of Department horses.

Letters of complaint, inquiry, etc., relating to work of the force received at headquarters and attended to during the year, 10,747. (This is in addition to the large number of telephone messages and letters concerning other parts of the Department than the force.)

Missing persons reported, 2,522; accounted for, 1,433; lost children coming into the hands of the police, 2,145; unknown dead coming into the hands of the police, 472, of whom 195 were identified; pistol permits issued, 1,216; foundlings coming into the hands of the police, 173.

Number of prisoners received and cared for at Prison Ward, Bellevue, 2,224.

Committed to House of Detention for Witnesses during the year, for various terms, 350; who were fed at a cost to the Department of \$3,888.85.

Total value of property coming into the hands of the police (lost, stolen, found on criminals, etc.), \$1,814,775.34.

Total annual receipts from sale of Department property condemned, etc., \$5,709.34.

TENEMENT HOUSE DEPARTMENT.

On January 1, 1905, 41,276 violations were pending in this Department, and during the period January 1 to June 30, 67,488 were filed, 22,377 dismissed and 2,988 canceled, leaving 83,399 violations pending June 30, 1905.

From July 1 to December 31, 1905, 48,281 violations were filed, 24,484 dismissed and 14,787 canceled, leaving 92,409 pending December 31, 1905.

In the latter half of the year is to be noted an increase in the proportion of dismissals and cancellations to cases pending. In the first half of the year cases canceled and dismissed amounted to 23 per cent. of the pending cases, and in the last half to 30 per cent.

By far the greater proportion of violations filed were those pertaining to unlawful conditions existing in old buildings, the number being 107,979. Violations arising during construction of new buildings amounted to 3,834, during alterations of old buildings to 3,852 and prostitution violations to 104.

In comparing the numbers of violations filed and dismissed in the first and last half of the year, respectively, a change in the system of filing violations has to be taken into account. During the first half of the year, if one sanitary inspection showed several violations of law, separate violations were filed for items of plumbing, cleaning and repairs, making three violations filed as the result of one inspection. During the last half of the year all sanitary violations resulting from one inspection were issued as one violation. Consequently, the number of violations filed and dismissed in the latter half of the year represents a much larger proportionate number of separate orders issued and complied with, than the number filed and dismissed in the first part of the year.

The actual number of separate orders issued during the first and last six months of 1905 fall into the following main classes:

	1905. January 1 to June 30.	July 1 to Decem- ber 31.
Ventilation (windows cut in interior rooms, scuttle, etc.).....	348	547
Hall Lighting—		
Night	2,484	3,475
Skylights provided	345	555
Wood panels removed	198	244
Painting	3,140	6,185
Paving and grading	1,334	3,192
Repairs	8,972	15,845
Unlawful use	325	437
Protection from Fire—		
Fire escapes, provide.....	14,861	4,565
Remove incumbrances	7,004	1,340
Other	13,103	5,988
Drainage	505	1,231
Water-closets—		
Remove school sink	3,230	466
Provide or remove water-closets.....	1,063	875
Repair or cleanse	9,417	15,322
Plumbing (not water-closets)	13,398	21,770
Water supply	3,003	4,547
Cleaning	16,293	29,959
Shafts and courts	51	126
Miscellaneous—		
Ash and garbage cans, provide.....	2,335	3,830
Other	194	548
General total	101,603	121,047
File owner's name	14,357	9,923
Grand total	115,960	130,970

The comparative statement of work accomplished, as shown by a tabulation of dismissed violations, is as follows:

	1905. January 1 to June 30.	July 1 to Decem- ber 31.
Accumulations removed	2,333	3,321
Ashes and garbage receptacles provided.....	1,413	1,854
Ceilings cleaned and whitewashed.....	3,568	4,278
Ceilings repaired and replastered.....	1,052	1,442
Cleaning, miscellaneous	332	193
Cellar—		
Ceilings cleaned and whitewashed.....	1,904	2,215
Ceilings repaired and replastered.....	382	743
Walls cleaned and whitewashed.....	1,946	1,333

	1905. January 1 to June 30.	July 1 to Decem- ber 31.
Walls repaired	80	592
Floors concreted	41	38
Floors repaired	443	550
Cleaned	1,762	2,366
Chimneys provided or repaired.....	123	137
Drains provided	104	140
Earthenware removed	26	8
Fire Escapes—		
Wooden floors replaced by iron.....	2,094	2,023
Provided (iron)	5,445	4,683
Provided (Harris)	142	217
Provided (Eagle)	64	14
Landing platforms provided.....	1,037	556
Obstructions and incumbrances removed.....	4,004	6,708
Other orders relating to fire escapes.....	5,466	4,964
Fireproofed—Bakeries, hall doors and windows.....	75	46
Floors cleaned	2,378	3,065
Hall Lighting—Night lighting enforced.....	675	3,253
Skylights provided	161	530
Wooden panels in doors removed.....	427	289
Leaders and gutters provided and repaired.....	592	735
Oilcloth and carpets cleaned or removed.....	4,512	4,699
Paper, unclean, removed.....	346	418
Plumbing Fixtures (wash tubs, basins, sinks, bath tubs, urinals, traps and faucets generally)—		
Replaced	863	867
Repaired	3,429	3,929
Disused, removed	138	117
Reset	269	319
Wood inclosures removed.....	607	814
Plumbing Pipes—Repaired or replaced.....	6,209	5,370
Paving and grading of areas, courts, shafts or yards—Replaced or repaired	191	268
Privies and Cesspools—		
Cleansed or repaired.....	39	96
Removed	5	480
Repairs, general	1,327	1,374
Roof—		
Repaired	1,244	1,613
Cleansed	95	115
Rooms, interior—Windows provided.....	755	1,082
Shafts and Courts—Painted and whitewashed.....	2,862	2,342
School Sinks—		
Removed	100	318
Cleansed, repaired or flushed.....	240	132
Walls—		
Cleaned or whitewashed.....	3,935	4,634
Repaired or plastered	436	600
Waterclosets—		
Provided	811	2,469
Wood inclosures removed	1,327	1,641
Repaired	9,653	10,079
Cleaned	5,009	6,142
Removed (disused)	511	379
Ceilings or walls—Cleaned and repaired.....	2,761	2,742
Water supply maintained.....	1,043	1,381
Woodwork cleaned.....	750	635

In the first six months of the year 28,152 citizens' complaints were received, 3,614 of which were found to be without basis and 5,503 previously acted upon by the Department. The cause of complaint was removed in 1,926 instances, 13,877 resulted in violations filed by this Department and 1,479 were referred to other departments, while 1,753 were found to show no violation or to be of such indefinite address that they could not be acted upon.

In the last six months of the year 23,021 complaints were received, of which 3,101 were found to be without basis and 3,681 previously acted on by the Department. In 1,630 cases the cause of complaint was removed, in 10,579 cases violations were filed by this Department and 1,492 referred to other departments. The remainder showed no violation.

A special feature of the work of the last half of 1905 was a systematic block-to-block sanitary inspection of the City, such as had never been previously undertaken.

Nothing could better demonstrate the wisdom of the framers of the Tenement House Act than the evidence furnished by the records of the Tenement House Department with regard to the alteration of old and the erection of new buildings since the inauguration of the department. Had all of the building and work of alteration made necessary by the great increase of population during the past four years been done without the restrictions of the Tenement House Act, conditions of overcrowding and lack of light and ventilation would have arisen most detrimental to health and morals.

On motion of Alderman Downing further reading was dispensed with, the various subjects embraced therein referred to appropriate Committees and the communication laid over, ordered to be printed in the minutes and published in full in the City Record.

PETITIONS AND COMMUNICATIONS RESUMED.

No. 799.

To the Board of Aldermen, City of New York:

At a meeting of the street sweepers in the employ of the Department of Street Cleaning of The City of New York, held at No. 325 East Seventy-third street, in the Borough of Manhattan, on the evening of May 22, 1906, the following preamble and resolutions were unanimously adopted:

Whereas, The exacting demands of the public service require that the work of the street sweepers be most faithfully and efficiently performed, and in all conditions of weather; and

Whereas, Under the increased cost of rent, clothing and household necessities it is impossible for the street sweeper to exist upon the present salary of \$720 per annum; and

Whereas, The public are well satisfied with the service performed by and are unquestionably willing that reasonable compensation be allowed to the street sweepers; and

Whereas, Under section 536 of the Charter of The City of New York the salary of the sweepers is fixed at seven hundred and twenty dollars per annum; and

Whereas, Public-spirited taxpayers, interested in procuring a reasonable compensation for the street sweepers did cause to be presented to the Legislature of the State of New York, at recent session thereof, a bill to amend said section 536 by striking therefrom the words "seven hundred and twenty" and inserting in lieu thereof the words "eight hundred"; and

Whereas, The Assistant Corporation Counsel, acting for, on behalf of, and by the direction of the Mayor, did appear before the Legislature and oppose the passage of said bill on the alleged ground that the City authorities had, without such amendment, full and ample authority to make such increase in the salary of the street sweepers; and

Whereas, The Legislature, by reason of and relying upon the aforesaid claim, so made by the Assistant Corporation Counsel, and in the belief that the City authorities have full and ample authority under existing statutes to, if they so desire, increase the salary of the street sweepers, did lay aside said purposed amendment; therefore be it

Resolved, That we, the street sweepers of The City of New York, in meeting assembled, do hereby most respectfully petition the Commissioner of the Department of Street Cleaning, the Board of Estimate and Apportionment and the Board of Aldermen of The City of New York, to increase the salary of the street sweepers of the Department of Street Cleaning, from seven hundred and twenty to eight hundred dollars per annum; such increase to take effect as soon as funds applicable thereto are or can be made available;

Resolved, That a copy of the foregoing preamble and resolutions, signed upon behalf of the street sweepers of the Department of Street Cleaning of The City of New York, by the secretary of this meeting, be forthwith forwarded to the Commissioner of the Department of Street Cleaning, to the Board of Estimate and Apportionment and the Board of Aldermen of The City of New York.

PETER GRIMES, Secretary,

Residence: No. 215 East Eightieth Street.

Which was referred to the Board of Estimate and Apportionment.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting ordinances.

No. 800.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
May 19, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment May 18, 1906, authorizing an issue of Corporate Stock to an amount not exceeding \$4,500,000, to provide means for constructing, improving, permanently bettering and equipping public school buildings and additions thereto, and the acquisition of sites therefor in The City of New York, together with copies of report and resolution of the Board of Education and report of the Comptroller, to whom this matter was referred at the meeting held May 11, 1906, all relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to the matter of providing additional accommodations for the pupils of the public schools of the several boroughs of The City of New York, and has prepared the following list of sites, all of which are urgently required for new buildings and additions to old buildings, with the exception of a very few which it is imperatively necessary to acquire in order to insure proper light and air space:

BOROUGH OF MANHATTAN.

- District No. 1. Site for one new building.
- District No. 3. Site for one new building.
- District No. 4. Site for one new building.
- District No. 5. Addition to two sites.
- District No. 6. Addition to one site.
- District No. 7. Site for one new building.
- District No. 9. Site for one new building; addition to one site.
- District No. 10. Addition to one site; site for one new building.
- District No. 11. Addition to one site.
- District No. 17. Site for one new building.
- District No. 19. Sites for two new buildings.
- District No. 20. Addition to one site.
- District No. 22. Sites for two new buildings.

BOROUGH OF THE BRONX.

- District No. 25. Addition to one site; sites for two new buildings.
- District No. 26. Sites for two new buildings.

BOROUGH OF BROOKLYN.

- District No. 27. Site for one new building.
- District No. 28. Site for one new building.
- District No. 29. Site for one new building.

- District No. 30. Sites for two new buildings; additions to four sites.
 District No. 31. Addition to one site.
 District No. 32. Additions to two sites.
 District No. 33. Addition to one site; site for one new building.
 District No. 34. Site for one new building; additions to two sites.
 District No. 35. Site for one new building; additions to four sites.
 District No. 37. Additions to two sites; sites for two new buildings.
 District No. 38. Additions to three sites.
 District No. 39. Sites for three new buildings.
 District No. 40. Sites for three new buildings.

BOROUGH OF QUEENS.

- District No. 41. Site for one new building; addition to one site.
 District No. 42. Addition to one site; sites for four new buildings.
 District No. 43. Site for one new building.
 District No. 44. Sites for two new buildings; additions to two sites.

BOROUGH OF RICHMOND.

- District No. 45. Sites for two new buildings; additions to two sites.
 District No. 46. Site for one new building; addition to one site.

To acquire the sites necessary to meet the present overcrowded condition of the public schools, as contemplated in the foregoing list, will require \$4,500,000, and if it is desired to carry out the plan of acquiring sites to meet the necessities of the school system for the next three or four years, an additional \$2,000,000 should be provided.

The funds at the disposal of your Committee will be completely exhausted by the acquisition of sites already selected by the Board of Education, and it is recommended that the Board of Estimate and Apportionment be requested to authorize the issue of Corporate Stock to the amount of \$4,500,000 for the acquisition of sites now needed.

In this connection your Committee desires to call special attention to the provision contained in section 169 of the revised Charter, that the Board of Estimate and Apportionment has full power to act in this matter, and that no action is required by the Board of Aldermen. Said section 169 provides as follows:

"Such corporate stock may be authorized to be issued by the board of estimate and apportionment without the concurrence or approval of any other board or public body, for the following purposes and within the following limitations: * * * 8. To pay the awards, costs, charges and expenses of acquiring title to lands required for public purposes, and which have been or may hereafter be authorized by or pursuant to law. * * *

The following resolutions are submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize the issue of Corporate Stock to the amount of four million five hundred thousand dollars (\$4,500,000), for the acquisition of sites for school purposes in the several boroughs of The City of New York.

Resolved, further, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize such issue of Corporate Stock in accordance with the provisions of the above quoted clause 8 of section 169 of the revised Charter, if such action is, in its judgment, advisable.

A true copy of report and resolutions adopted by the Board of Education April 25, 1906.

A. EMERSON PALMER, Secretary, Board of Education.

May 15, 1906.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In the matter of a request of the Board of Education for an issue of \$4,500,000 of Corporate Stock for the acquisition of sites for school purposes in the several boroughs of The City of New York, said Corporate Stock to be issued under the provisions of subdivision 8 of section 169 of the revised Charter, which was referred to me for consideration at the meeting of the Board of Estimate and Apportionment held May 11, 1906, I beg to report as follows:

At the invitation of the Comptroller a conference was had in the Comptroller's office on Tuesday, May 15, at which were present Egerton L. Winthrop, Jr., President of the Board of Education; John J. Barry, Chairman of the Committee on Sites of said Board; Richard H. Adams, Chairman of the Committee on Buildings of said Board; the President of the Board of Aldermen and the Comptroller.

At said conference it was agreed that, to conform strictly with Charter requirements, this application should be made in compliance with the provisions of section 47 of the Charter rather than under the provisions of said subdivision 8 of section 169 of the Charter, and President Winthrop of the Board of Education agreed to said procedure.

In order that there be no unnecessary delay in the matter and that the funds may be made available at the earliest possible date, I recommend the adoption of the accompanying resolution providing for the issue of said Corporate Stock, after concurrence of the Board of Aldermen, in compliance with the provisions of section 47 of the Charter.

Respectfully,
 (Signed) H. A. METZ, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of four million five hundred thousand dollars (\$4,500,000) to provide means for constructing, improving, permanently bettering and equipping public school buildings and additions thereto and the acquisition of sites therefor in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 18, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding four million five hundred thousand dollars (\$4,500,000), to provide means for constructing, improving, permanently bettering and equipping public school buildings and additions thereto and the acquisition of sites therefor in The City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding four million five hundred thousand dollars (\$4,500,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 801.

Board of Estimate and Apportionment, City of New York,
 Financial Branch, No. 280 Broadway,
 May 19, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 18, 1906, authorizing the issue of \$1,100 Corporate Stock to provide means for the acquisition of property at Flatbush avenue and Sterling place, Borough of Brooklyn, for examination of the title and surveys of the same, for use as Municipal Court room, together with copy of report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
 JOSEPH HAAG, Secretary.

May 10, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—The Board of Estimate and Apportionment at its meeting held March 30, 1906, adopted a resolution authorizing the acquisition of certain property for Municipal Court purposes at the intersection of the northeasterly side of Flatbush avenue with the southerly side of Sterling place, in the Borough of Brooklyn, at private sale at a price not exceeding \$1,000. The resolution also provided that pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment approved of the issue of Corporate Stock to an amount not exceeding \$1,100, to provide for the acquisition of the property, an examination of the title and surveys of the same, and further that after authority shall have been obtained from the Board of Aldermen, that the Comptroller be authorized to issue Corporate Stock in that amount, as provided by section 169 of the Greater New York Charter.

The matter was transmitted to the Board of Aldermen and the following appears in the CITY RECORD of May 10, 1906, as the report of the Committee on Finance:

"That after repeated notices the committee has been unable to have any person appear to explain this appropriation, and as the six weeks' time limit is about to expire, your committee recommend that the matter at this time be rejected and returned to the Board of Estimate, so that same can be returned to this Board with extension of time in which to investigate."

I would therefore respectfully recommend that the Board of Estimate and Apportionment readopt its resolution of March 30, 1906, authorizing the acquisition of the property at the intersection of the northeasterly side of Flatbush avenue with the southerly side of Sterling place, in the Borough of Brooklyn, for municipal court purposes, at private sale at a price not exceeding \$1,000, and further that the resolution be readopted pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, that the Board of Estimate and Apportionment approve of the issue of Corporate Stock of The City of New York to an amount not exceeding \$1,100 to provide for the acquisition of the property, the examination of the title and surveys of the same, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding \$1,100, the proceeds whereof to be applied to the purposes aforesaid.

Respectfully submitted for approval,
 (Signed) MORTIMER J. BROWN,
 Appraiser of Real Estate, Department of Finance.

Approved:
 (Signed) H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eleven hundred dollars (\$1,100) to provide means for the acquisition of property on Flatbush avenue and Sterling place, Borough of Brooklyn, the examination of the title and surveys of the same.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 18, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York, to the amount and for the purposes therein specified:

Whereas, The Committee on Finance of the Board of Aldermen reports at its meeting held May 8, 1906, that the matter of the issue of Corporate Stock for the acquisition of property at the intersection of the northeasterly side of Flatbush avenue with the southerly side of Sterling place, in the Borough of Brooklyn, be returned to the Board of Estimate and Apportionment so that the same can be returned to the Board of Aldermen with extension of time to investigate the matter: and

Whereas, It will therefore be necessary to readopt the resolution of the Board of Estimate and Apportionment adopted March 30, 1906, authorizing the acquisition of the property and the issue of Corporate Stock; be it therefore

Resolved, That the Board of Estimate and Apportionment hereby approves and selects the following lands and premises, located in the Borough of Brooklyn, for use as a Municipal Court room, which lands are bounded and described as follows:

Beginning at a point at the intersection of the northeasterly side of Flatbush avenue with the southerly side of Sterling place, and running thence easterly along the southerly side of Sterling place 186 feet 3 inches; running thence southerly at right angles with Sterling place 57 feet 3 inches; running thence northwesterly 27 feet 1 inch; running thence southerly on a line drawn at right angles to Flatbush avenue 82 feet 9 inches to the northeasterly side of Flatbush avenue, and running thence northwesterly along the northeasterly side of Flatbush avenue 146 feet 1 inch to the point or place of beginning, said premises being known as old Lots Nos. 1, 2, 3, 4 and 5, in old Block 7, Ninth Ward, now known as Lots Nos. 12, 11, 10, 9 and 18, in Block 1169, Section 4, on the tax maps of the Borough of Brooklyn, for the purposes of taxation, and which said lots were heretofore sold for the non-payment of taxes, July 22, 1903, certificates of the sale of which were delivered to the Comptroller of The City of New York, are registered in the office of the Collector of Assessments and Arrears in the Borough of Brooklyn, in Liber 83, by the certificate Nos. 7502, 7503, 7504, 7505, 7506, —and the Comptroller be and is hereby authorized to enter into contracts for the acquisition of the above-described property at a price not exceeding one thousand dollars (\$1,000), said contracts to be taken by the City, subject only to the taxes, assessments and water rates and sales for the same, due and unpaid, said contracts to be submitted to the Corporation Counsel for his approval as to form.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New

York to an amount not exceeding eleven hundred dollars (\$1,100) to provide for the acquisition of the above-described property, the examination of the title and surveys of the same, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eleven hundred dollars (\$1,100), the proceeds whereof to be applied to the purposes aforesaid.

No. 802.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
May 26, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 25, 1906, readopting resolution adopted April 6, 1906, authorizing the issue of \$4,100,000 Corporate Stock for the uses and purposes of the Department of Docks and Ferries.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of four million, one hundred thousand dollars (\$4,100,000), for the uses and purposes of the Department of Docks and Ferries.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment May 25, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, and section 180 of the Charter, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted March 8, 1906, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding four million, one hundred thousand dollars (\$4,100,000), for the uses and purposes of the Department of Docks and Ferries, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding four million, one hundred thousand dollars (\$4,100,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 803.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
May 26, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 25, 1906, authorizing the issue of Corporate Stock to the amount of \$250,000 for the purpose of providing means for the rebuilding of the Queens County Court House, in the First Ward, Borough of Queens, together with copy of a report of the Principal Assistant Engineer, Department of Finance, approved by the Comptroller (to whom on May 11 this matter was referred) relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

May 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Joseph Bermel, President of the Borough of Queens, in communication under date of May 7, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of \$250,000, for repairing the Queens County Court House.

I would report that the upper part of the old Court House was destroyed by fire about November 25, 1904. The entire building, excepting the boiler room in the basement, was rendered unfit for occupancy, and the courts and all the offices of Queens County officials which had been in the building were removed and found temporary quarters elsewhere.

In the rear of the old Court House there was an administration building and jail, both of which were uninjured by the fire and which are still occupied for their respective purposes.

I would report that the nature of the work, practically the rebuilding of the Court House, does not warrant, in my opinion, the work being done with the proceeds of Special Revenue Bonds, and I would suggest that Corporate Stock be issued for this work.

I concur with the President of the Borough of Queens, that it is time that something should be done to provide permanent quarters for court purposes, and if the Board of Estimate and Apportionment considers the expenditure judicious, in my opinion, the Board may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$250,000, to provide for the rebuilding of the Queens County Court House.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

(Signed) Herman A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and fifty thousand dollars (\$250,000), for the purpose of providing means for the rebuilding of the Queens County Court House, in the First Ward, Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 25, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding two hundred and fifty thousand dollars (\$250,000), for the purpose of providing means for the rebuilding of the Queens County Court House, in the First Ward, Borough of Queens, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New

York, in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding two hundred and fifty thousand dollars (\$250,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 804.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
May 26, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 25, 1906, authorizing the issue of \$25,000 Corporate Stock to provide means for the preparation of preliminary plans, etc., for the erection of a Central Library Building in the Borough of Brooklyn, upon a site recently located by the Mayor, the Commissioner of Parks, Boroughs of Brooklyn and Queens, and the President of the Borough of Brooklyn, together with copy of report of the Chief Engineer of the Department of Finance, approved by the Comptroller (to whom on March 2 this matter was referred), relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

May 21, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—The Trustees of the Brooklyn Public Library, in communication under date of February 7, 1906, request the Board of Estimate and Apportionment to authorize an appropriation of \$25,000, to be expended in preparing preliminary plans, etc., for the erection of a central building upon the site recently located by the Mayor, the Park Commissioner of the Boroughs of Brooklyn and Queens and the President of the Borough of Brooklyn. I would report:

On March 10, 1906, the Comptroller addressed a letter to the Corporation Counsel in relation to this application, and requested to be advised before making any recommendations to the Board:

1. Under whose jurisdiction the Central Library Building is to be erected?
2. Who is to sign the contract or contracts for the work?
3. What City official, if any, is to handle the money for said work authorized by the Board of Estimate and Apportionment?
4. If it is your opinion that the erection of the building is to be done under the direct supervision and control of the Brooklyn Public Library and they are to sign all contracts and certify to all payments, is any further agreement necessary in addition to the agreement dated June 5, 1903?

In opinion dated May 15, 1906, the Corporation Counsel states that the fundamental questions underlying the four questions that are asked by the Comptroller are these:

1. "Has the City the power to borrow money for the purpose of building a public library building as proposed?"
2. "If so, what is the procedure to be followed?"

"I have no hesitation in answering that such power does exist, and that there is a procedure already provided in the Charter under which the project can be carried out."

"In relation to the second question as to the procedure, the Board of Estimate and Apportionment and the Board of Aldermen may prescribe what City officer shall make the contract, and the manner in which it shall be let and all of the details as to how the building shall be constructed."

"In my opinion this is a much safer and more satisfactory way of procedure than to attempt to spell out, from the old statutes relating to the Brooklyn Public Library, authority for the construction of the proposed building."

In reference to the preliminary plans, the Corporation Counsel states:

"The views of the gentlemen interested in and familiar with the project should naturally have much influence."

This I interpret to read, that all of the preliminary work, plans, etc., should be referred to the trustees of the Brooklyn Public Library for its approval.

Carrying out the recommendations of the Corporation Counsel, I would suggest that the President of the Borough of Brooklyn be authorized and directed to prepare, subject to the approval by the trustees of the Brooklyn Public Library, preliminary plans, etc., for the erection of a central public library building in the Borough of Brooklyn.

To provide means for this work, I would suggest that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$25,000, to be expended by the President of the Borough of Brooklyn, in preparing preliminary plans, etc., for the erection of a central library building in the Borough of Brooklyn, upon the site recently located by the Mayor, the Commissioner of Parks, Boroughs of Brooklyn and Queens, and the President of the Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

(Signed) H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-five thousand dollars (\$25,000) to provide means for the preparation of preliminary plans, etc., for the erection of a central library building in the Borough of Brooklyn, upon a site recently located by the Mayor, the Commissioner of Parks, Boroughs of Brooklyn and Queens and the President of the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 25, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding twenty-five thousand dollars (\$25,000) to be expended by the President of the Borough of Brooklyn, in preparing preliminary plans, etc., for the erection of a central library building in the Borough of Brooklyn, upon the site recently located by the Mayor, the Commissioner of Parks, Boroughs of Brooklyn and Queens, and the President of the Borough of Brooklyn; said plans to be subject to the approval by the trustees of the Brooklyn Public Library; and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars (\$25,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 85.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
May 26, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 25, 1906, authorizing the issue of \$6,000 Corporate Stock, for the purpose of providing means for the removal of the present asphalt pavement, and replacing the same with granite block on the viaduct of the southerly approach to the Willis Avenue Bridge, under the jurisdiction of the Commissioner of Bridges, together with copy of report of the Chief Engineer, Department of Finance, approved by the Comptroller (to whom on May 11 this matter was referred), relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

May 9, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. James W. Stevenson, Commissioner, Department of Bridges, in communication under date of May 4, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$6,000, for the purpose of repaving the viaduct of the southerly approach to the Willis Avenue Bridge. I would report:

The bridge known as the Willis Avenue Bridge crosses the Harlem river from Willis avenue on the north side to First avenue on the south or Manhattan side of the river.

The southerly approach to the bridge begins at One Hundred and Twenty-fifth street, and has a length of about 610 linear feet; the southerly end of the approach for a distance of about 345 linear feet is paved with granite block pavement; the remainder, or about 265 linear feet, being paved with sheet asphalt. The average width of the roadway is about 42 feet; the area requiring to be repaved therefore being about 1,237 square yards. The roadway grade on the approach, as stated by Commissioner Stevenson in his communication, is 3.31 per cent.

In consideration of the steepness of the grade and of the fact that the traffic over this bridge consists of heavily loaded vehicles, I am of the opinion that the replacing of the smooth asphalt with a rougher pavement on which horses can secure a foothold, will accomplish a much needed improvement.

The amount asked for, namely, \$6,000, which is to cover the entire cost of removing the superficial area as before stated, of about 1,237 square yards of asphalt pavement, and replacing same with a granite block pavement, I do not consider excessive.

The improvement being necessary, I would recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$6,000, to provide for the removal of the present asphalt pavement, and replacing the same with granite block on the viaduct of the southerly approach to the Willis Avenue Bridge.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

(Signed) H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of six thousand dollars (\$6,000), for the purpose of providing means for the removal of the present asphalt pavement and replacing the same with granite block on the viaduct of the southerly approach to the Willis Avenue Bridge, under the jurisdiction of the Commissioner of Bridges.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 25, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding six thousand dollars (\$6,000), for the purpose of providing means for the removal of the present asphalt pavement and replacing the same with granite block, on the viaduct of the southerly approach to the Willis Avenue Bridge, under the jurisdiction of the Commissioner of Bridges, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding six thousand dollars (\$6,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 806.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
May 28, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 25, 1906, authorizing the issue of Corporate Stock to the amount of fifty thousand dollars (\$50,000) for the further improvement of Riverside drive north of West One Hundred and Fifty-eighth street, and its extension to connect with the proposed Henry Hudson Memorial Viaduct, together with copy of a report of the Chief Engineer of the Board of Estimate and Apportionment relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

REPORT No. 4028.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
May 21, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment, held on May 11, 1906, the President of the Borough of Manhattan presented a communication relative to the further improvement of Riverside drive north of West One Hundred and Fifty-eighth street, and its extension to connect with the proposed Henry Hudson Memorial Viaduct. The letter was accompanied by a report of Mr. F. Stuart Williamson,

Consulting Engineer, describing in a general way the proposed improvement, with estimates of its cost, and the Borough President requested that authority be given him to have prepared preliminary plans and specifications for submission to the Board of Estimate and Apportionment for its approval. The matter was referred to the Engineer of the Board for investigation and report.

The plan outlined by the Borough President is naturally divided into two separate and distinct parts:

1. The completion of the Riverside drive, formerly known as the Boulevard Lafayette, from One Hundred and Fifty-eighth street to the intersection of Broadway and Dyckman street.

2. The extension of Riverside drive northwardly to the proposed Hudson Memorial Viaduct.

The present Riverside drive north of One Hundred and Fifty-eighth street is now laid out and acquired as a street 100 feet in width, but it has been graded only for a width of 60 feet, and the roadway has been macadamized. Between One Hundred and Fifty-eighth and One Hundred and Sixty-fifth streets 40 feet has been added to the street on its easterly side, giving it a total width of 140 feet, and the acquisition of this additional strip was authorized by the Board of Estimate and Apportionment on December 22, 1905, 50 per cent. of the cost of acquiring title having been assumed by the City at large. This part of the work is really the completion of an improvement planned years ago, but only partially carried out by grading and macadamizing a part of the width of Boulevard Lafayette. It will involve the building of retaining walls on both sides of the street, with the rebuilding of those on the westerly side, the present walls having been crudely and cheaply constructed in connection with the partial improvement of Boulevard Lafayette. The length of this part of the improvement is about 2.7 miles and is designed to furnish an extension of the present Riverside drive in a manner to conform with the portions already built and now under construction. No argument seems necessary to emphasize the great desirability of such an extension. Riverside drive, between Seventy-second street and the Manhattan Valley was at one time considered an unnecessary extravagance, but it has resulted in a development which has repaid the City many times over for the money advanced for its construction, and its extension to the most northerly limits of the City, and perhaps beyond these limits into Westchester County, is logical and may be considered inevitable. The estimated cost of this part of the work is \$2,225,000, proportionately very much less than the cost of the section now under construction between One Hundred and Thirty-fifth and One Hundred and Fifty-eighth streets.

The other portion of the work, namely, the extension of the drive northwardly to the Hudson Memorial Viaduct, is naturally subdivided into four parts:

First—A connection between the present Riverside drive, or Boulevard Lafayette, and Fort Washington avenue, at a point where the former street begins to descend in order to pass around the northerly end of the Fort Washington hill and reach Broadway at Dyckman street. This departure from the present Riverside drive is necessary in order to locate the new extension in the commanding position which it deserves and to avoid the long descent to the Dyckman street valley and the long, steep ascent to the Inwood Heights beyond it. Fort Washington avenue occupies the summit of the ridge, and a short connection, some 1,400 feet in length, with a width of 80 feet, will permit the traffic to pass on a road approximately level from the Riverside drive to Fort Washington avenue, which latter street would be followed for a distance of about 850 feet, comprising the second subdivision. This street would be widened from 60 to 80 feet to the brow of the hill, at which point the present Fort Washington avenue turns sharply to the east and back to the south in order to reach Broadway. The estimated cost of the connecting road between Riverside drive and Fort Washington avenue, and the widening of the latter is \$300,000. The third subdivision would consist of a viaduct beginning at this deflection in Fort Washington avenue, spanning the Dyckman street valley and reaching the southerly end of the Inwood hill. This viaduct, with its approaches, would be some 1,550 feet in length, with a width of 80 feet. A design which has been prepared shows a dignified structure built entirely of masonry, with three arches each of 150 feet span, flanked at both ends by three smaller arches. The use of masonry, instead of steel, for this bridge would, in my judgment, be very desirable. Its height above Dyckman street would, I understand, be about 100 feet. The objection might be raised that the masonry arches would obstruct in some degree the view of the river looking west along Dyckman street, but with spans of 150 feet and a height of 100 feet I do not believe that this objection would be a serious one. The estimated cost of this viaduct, with its approaches, is \$2,000,000. The fourth subdivision of the extension will consist of the building of a new road at a width of 100 feet from the northerly end of the viaduct across the Dyckman street valley to the Hudson Memorial Viaduct. This road would be approximately on the crest of the Inwood hill, and it would therefore involve far less expensive construction than the other portions of the improvement which are located on steep slopes involving the construction of costly retaining walls. The estimated cost of this extension is \$200,000.

The above estimates do not, of course, include the acquisition of land which will be needed for the purpose, and such an estimate it is almost impossible to make.

In this connection there has been revived the suggestion of a more direct connection between the portion of the Riverside drive now under construction and the portion formerly known as the Boulevard Lafayette, so that the exceedingly awkward alignment between West One Hundred and Fifty-fifth and West One Hundred and Sixty-fifth streets might be overcome. The great desirability of the rectification of this line was brought before the Board at the time of the widening of the Riverside drive between West One Hundred and Fifty-eighth and West One Hundred and Sixty-fifth streets, and several plans were submitted, together with a report from Olmsted Brothers strongly advising that such a connection be made. The necessity for it is apparent from the plan submitted with the communication under consideration, and the report of the Consulting Engineer estimates the cost of such change at \$525,000.

The various subdivisions of the entire plan may be summarized as follows:

1. The improvement or completion of Riverside drive from West One Hundred and Fifty-eighth street to Broadway and Dyckman street, estimated cost.....	\$2,225,000 00
2. A connection between Riverside drive and Fort Washington avenue, with the widening of the latter, estimated cost.....	300,000 00
3. Viaduct across Dyckman street valley, estimated cost.....	2,000,000 00
4. New road to connect Dyckman street viaduct with the Hudson Memorial Viaduct, estimated cost.....	200,000 00
5. Rectification of line of Riverside drive, between West One Hundred and Fifty-fifth and West One Hundred and Sixty-fifth streets, estimated cost.....	525,000 00

The total estimated cost of these subdivisions is \$5,250,000.

This seems an enormously expensive undertaking, and it undoubtedly is. The question as to the advisability of authorizing it at the present time involves financial

considerations which it may not be within the province of your Engineer to discuss. That the plan is a logical one, and that it will ultimately be carried out is, in my judgment, not a debatable question. The present Riverside drive is one of the things of which The City of New York is justly proud. The topography of the section of the City through which it is proposed to extend it is such as to demand such an extension. The Borough of Manhattan, with its immense resources, requires relatively few appropriations from the public treasury. A considerable portion of the expense of acquiring the land and carrying out this improvement could properly be assessed upon the property benefited. In the case of the Grand Boulevard and Concourse, now under construction in the Borough of The Bronx, the portion so assessed was twenty-five per cent., while in the case of the extension of the Riverside drive, now in progress between West One Hundred and Thirty-fifth and West One Hundred and Fifty-eighth streets, the portion assessed is one-half the cost of acquiring the land.

If the Hudson Memorial Viaduct is to be completed by the autumn of 1909 it would be very desirable to insure a maximum of utility for this structure by connecting it directly with the present Riverside drive in a manner in which such connection will undoubtedly be established at some time in the near future.

The Borough President requests that an appropriation be made to enable him to have prepared the preliminary plans and specifications for this improvement, and I would recommend that an issue of \$50,000, Corporate Stock, be authorized for this purpose.

These plans should show as accurately as possible the land which will be required for the carrying out of this improvement, and feeling confident that the actual construction of this road will at some time be authorized, it is desirable that the land so required should be secured with as little delay as possible and before the advance in values which will undoubtedly follow the building of the Hudson Memorial Viaduct and the discussion of the present plans.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifty thousand dollars (\$50,000) for the purpose of providing means for the preparation of preliminary plans and specifications for the further improvement of Riverside drive north of West One Hundred and Fifty-eighth street, and its extension to connect with the proposed Henry Hudson Memorial Viaduct.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 25, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000) for the purpose of providing means for the preparation of preliminary plans and specifications for the further improvement of Riverside drive north of West One Hundred and Fifty-eighth street and its extension to connect with the proposed Henry Hudson Memorial Viaduct, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 807.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
May 26, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 25, 1906, authorizing the issue of Corporate Stock to the amount of \$203,397.50, to provide means for the purchase, acquisition and construction of stock or plant for the Department of Street Cleaning for the Boroughs of Manhattan, The Bronx and Brooklyn, as provided by section 546 of the Greater New York Charter, together with copies of a communication from the Commissioner of Street Cleaning and copy of a report of the Principal Assistant Engineer, Department of Finance, approved by the Comptroller (to whom, on May 11, this matter was referred), relative thereto.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

May 19, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. John McGaw Woodbury, Commissioner, Department of Street Cleaning, in communication under date of April 25, 1906, transmits to the Board of Estimate and Apportionment for consideration and action an itemized account of the number and kinds of articles which it will be necessary to purchase from the Bond Account, new stock or plant, for the purpose of replenishing such supplies and articles that have been worn out, etc., in the service of the Department of Street Cleaning, for the Boroughs of Manhattan, The Bronx and Brooklyn.

I would report that the number of the different articles enumerated have been carefully estimated by the Department, and are as nearly correct as can be stated in advance.

The prices nearly correspond with those heretofore paid, except the items for horses, driving harness and automobiles. The price, \$300 each, estimated for horses, is \$20 more than asked for in 1905, \$25 more than 1904 and \$45 more than in 1903. Driving harness, \$45, as against \$35 in 1905, and automobiles are \$3,500, as against \$2,500 in 1905.

In the matter of the last two items the advance in prices may be advantageous, and as the number asked for is comparatively small, it will be well to allow them; but the price asked for horses seems high, and in my opinion should not exceed \$250 each.

The total amount of the estimate for the Boroughs of Manhattan, The Bronx and Brooklyn is \$203,397.50.

For comparison I give a memorandum of the amounts allowed in former years by the Board of Estimate and Apportionment for the same purpose:

During the year 1902.....	\$490,861 75
During the year 1903.....	251,995 00
During the year 1904.....	243,900 00
During the year 1905.....	315,835 00

In comparison with the amounts allowed in previous years I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to sec-

tion 546 of the amended Greater New York Charter, to issue Corporate Stock to the amount of \$203,397.50, to provide means for the purchase, acquisition and construction of stock or plant for the Department of Street Cleaning, for the Boroughs of Manhattan, The Bronx and Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

(Signed) H. A. Metz, Comptroller.

April 25, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—I have the honor to submit herewith an itemized account of the number and kinds of articles which in my judgment it will be necessary to purchase from the bond account, New Stock or Plant, for the purpose of replenishing such supplies and articles as have become worn out, etc., in the service, in the boroughs of Manhattan, The Bronx and Brooklyn.

In the preparation of this account I have exercised a great deal of thought and consideration and have due regard for the necessity of being economical.

As some of these supplies will be required in the very near future I ask as early consideration as possible.

Boroughs of Manhattan, The Bronx and Brooklyn.

2 automobiles at \$3,500 each.....	\$7,000 00
110 storm aprons at \$3.25 each.....	357 50
100 steel ash cart bodies at \$45 each.....	4,500 00
250 sick horse blankets at \$5 each.....	1,250 00
600 stable blankets at \$4 each.....	2,400 00
2,300 canvas feed bags at \$1 each.....	2,300 00
110 bicycles at \$25 each.....	2,750 00
60 rubber horse covers at \$4 each.....	240 00
2,000 canvas cart covers at \$3 each.....	6,000 00
250 steel covered ash carts at \$150 each.....	37,500 00
50 paper carts with racks at \$113 each.....	5,650 00
1,100 horse pipe collars at \$4.50 each.....	4,950 00
5,000 galvanized iron ash cans at \$2.50 each.....	12,500 00
700 paper and fruit cans at \$4.25 each.....	2,975 00
500 Combination can and bag carriers at \$10 each.....	5,000 00
15,000 feet rubber fire hose at 80 cents per foot.....	12,000 00
250 horses at \$300 each.....	75,000 00
400 sets of cart harness at \$21 per set.....	8,400 00
25 sets of single truck harness at \$35 per set.....	875 00
30 sets of driving harness at \$45 per set.....	1,350 00
27 double sweeping machines at \$180 each.....	4,860 00
12 single sprinkling trucks at \$225 each.....	2,700 00
11 light wagons at \$250 each.....	2,750 00
60 driving whips at \$1.50 each.....	90 00
	<u>\$203,397 50</u>

Respectfully,

(Signed) JOHN McGAW WOODBURY, Commissioner.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 25, 1906:

"Whereas, The Commissioner of the Department of Street Cleaning, in a communication to the Board of Estimate and Apportionment, dated April 25, 1906, has made requisition for the issue of bonds to the amount of two hundred and three thousand three hundred and ninety-seven dollars and fifty cents (\$203,397.50), to provide means for the purchase, acquisition and construction of stock or plant for said Department for the Boroughs of Manhattan, The Bronx and Brooklyn, as provided by section 546 of the Greater New York Charter; therefore be it

"Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of two hundred and three thousand, three hundred and ninety-seven dollars and fifty cents (\$203,397.50), the proceeds whereof to be applied to the purposes aforesaid."

No. 808.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
May 26, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 25, 1906, authorizing the issue of \$146,000 Corporate Stock to provide means for the acquisition of property located at East Seventy-third, Seventy-fourth streets, Avenue A and exterior street, Borough of Manhattan, as a site for a Reception Hospital for the Insane, and for the examination of title thereto, together with report of the Select Committee (to whom on April 20 this matter was referred) relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

Whereas, The Legislature of the State of New York adopted an act known as chapter 760 of the Acts of the Legislature, which became a law May 14, 1904, which act authorized "The City of New York to acquire a site and to lease the same to the State for the establishment thereon of a Reception Hospital for the Insane," and authorized the Commission in Lunacy to erect such hospital; and

Whereas, There having been presented to this Board letters from the Commissioner of the Department of Health and the President of Bellevue and Allied Hospitals, and from several other charitable institutions of The City of New York, requesting that the City take action thereon; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby approves of and selects as a site in the Borough of Manhattan, City and County of New York, for the establishment thereon by the State of New York of a Reception Hospital for the Insane, bounded and described as follows:

Beginning at a point on the northerly side of East Seventy-third street distant 423 feet easterly from the corner formed by the intersection of the northerly side of East Seventy-third street with the easterly side of Avenue A; thence northerly and

parallel with Avenue A 204 feet 4 inches to the southerly side of East Seventy-fourth street, which point is distant 423 feet easterly from the corner formed by the intersection of the southerly side of East Seventy-fourth street with the easterly side of Avenue A; thence easterly and along the southerly side of East Seventy-fourth street 257 feet 7½ inches to the southwesterly corner of exterior street and East Seventy-fourth street; thence southerly along exterior street 205 feet 3¼ inches to the northwesterly corner of exterior street and East Seventy-third street; thence westerly along the northerly side of East Seventy-third street 239 feet 5½ inches to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof.

—and the Comptroller be and he hereby is authorized to enter into contracts for the purchase of the above described property at private sale at a price not exceeding \$145,000, said contracts to be submitted to the Corporation Counsel for his approval as to form; and be it further

Resolved, When title to said premises is vested in The City of New York, that the Commissioners of the Sinking Fund enter into a lease with the State of New York at a nominal consideration to the State Commission in Lunacy, in the name and for the use and benefit of the State, for the term of not less than fifty years, with the privilege to the State of extending such lease for a like term of years, as provided by said chapter 760 of the Laws of 1904; and be it further

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding \$146,000, to provide for the acquisition of the above described property and the examination of title thereto, and that when authority shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to an amount not to exceed \$146,000, the proceeds thereof to be applied to the purposes aforesaid.

May 21, 1906.

To the Board of Estimate and Apportionment:

Gentlemen—At a meeting of this Board held April 20, 1906, there was referred to a committee composed of the President of the Board of Aldermen, the Comptroller and the President of the Borough of Manhattan, for consideration and report the matter of the selection and approval of a site located on exterior street, between Seventy-third and Seventy-fourth streets, in the Borough of Manhattan, to be acquired by The City of New York and turned over to the State of New York under lease for a nominal consideration, to be used by the State of New York for the purpose of erecting thereon a building for the use of the State Commission in Lunacy as a Reception Hospital for the Insane.

The site selected has met with the approval of Dr. Mabon, the President of said Commission, who reports favorably thereon, and in a communication under date of April 16, 1905, he says:

"As President of the State Commission in Lunacy, I beg to say that I have examined such proposed site, and approve of it for the Commission as to its locality, sufficiency and adaptability."

A report which was presented to the Board of Estimate and Apportionment at its meeting held April 20, 1906, states, among other things, that the City would save money by the acquisition of this property for the State and turn it over to the State authorities, as is shown by the following letter of the Hon. John W. Brannan, President of the Board of Trustees of Bellevue and Allied Hospitals:

"June 15, 1905.

"Hon. J. W. STEVENSON, Deputy Comptroller, Department of Finance, No. 280 Broadway, New York City:

"Dear Sir—Your letter of May 25, 1905, informing me that on May 19 a hearing was had in the matter of acquiring by purchase, or otherwise, sufficient and suitable land within the Borough of Manhattan on which to erect a reception hospital for the insane, and transmitting a copy of the report of the Appraiser of Real Estate, Department of Finance, presented in connection therewith, has been received and has been presented to the Board of Trustees of Bellevue and Allied Hospitals.

"You state that the Board of Estimate and Apportionment desires especially to know the probable amount that will be saved in the expenses of maintaining Bellevue Hospital by establishing the proposed reception hospital for the insane.

"The cost of maintaining the psychopathic wards of Bellevue Hospital is about \$27,000 per annum. Of this sum, \$12,000 is expended for the clothing of patients committed to the State Hospitals for the Insane, about \$10,000 for the salaries of medical officers and nurses, and the remainder for food and miscellaneous expenses. The following is the law under which the cost of commitment of its indigent insane is made a charge upon The City of New York:

"Section 64, chapter 545, Laws of 1896. Costs of commitment. The costs necessarily incurred in determining the question of the insanity of a poor or indigent person and in securing his admission into a State hospital, and the expense of providing proper clothing for such person, in accordance with the rules and regulations adopted by the commission, shall be a charge upon the town, city or county securing the commitment. Such costs shall include the fees allowed by the judge or justice ordering the commitment to the medical examiners.

"The above law has not been repealed nor amended, but we are assured by the President of the State Lunacy Commission, and by members of the State Charities Aid Association, who have urged for years the establishment of an acute psychopathic hospital in New York City, that it is the intention of the State authorities to so change the law that the State shall hereafter bear all the costs of commitment of the insane of this City to the State institutions, including the expense of providing proper clothing. It is also intended that the new hospital shall admit all the varieties of mental derangement that are now received by Bellevue Hospital. It is, however, admitted by Dr. Mabon, the President of the State Lunacy Commission, that some provision will still have to be made by Bellevue Hospital for the reception of a certain number of cases of alleged insanity, and we are making such provision in the plans for the new hospital.

"If the above changes be effected in the lunacy law, and if the plans of the managers of the proposed new State hospital be carried out as outlined, there should result a large reduction in the expense to the City, which may be conservatively estimated at \$18,000 to \$20,000 per annum.

"On the general question of the advisability of establishing such a hospital in The City of New York, we are entirely in accord with the views presented by its advocates to the Board of Estimate and Apportionment at the hearing referred to in your letter.

"Respectfully,

"(Signed) JOHN W. BRANNAN, President, Board of Trustees."

We believe that if the City can save this money by the acquisition of this property, the State doing the work that is now done by Bellevue and Allied Hospitals, it would be an economical thing to do, as well as protect and care for the unfortunate persons who are committed to the care of such an institution. We therefore recommend that the Board of Estimate and Apportionment approve of the proposition to acquire this property for the purposes mentioned in chapter 760 of the Laws of 1904, and also approve of the selection of this site for a reception hospital for the insane.

Respectfully,

(Signed) P. F. McGOWAN,
President, Board of Aldermen.
H. A. METZ, Comptroller.
JOHN F. AHEARN,
President, Borough of Manhattan.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred and forty-six thousand dollars (\$146,000), to provide means for the acquisition of property located at East Seventy-third street, East Seventy-fourth street, Avenue A and Exterior street, Borough of Manhattan, as a site for a Reception Hospital for the Insane, and for the examination of title thereto.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 25, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified.

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communications from the President, Borough of Brooklyn:

No. 809.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, May 23, 1906.

To the Honorable the Board of Aldermen:

Gentlemen—I recently made application to the Board of Estimate and Apportionment for an issue of Corporate Stock to the amount of twenty-two thousand five hundred dollars (\$22,500), the proceeds to be applied to the permanent betterment of the Borough Hall, in this borough. The matter was referred to the Comptroller, and I forward to you herewith a copy of the report of the Principal Assistant Engineer in his Department. The opinion of that expert is that seventeen thousand dollars will suffice for the work I have in mind. He is of the opinion, however, that the character of the repairs to be made in this building is such as to not come under the head of work to be provided for by Corporate Stock, and he suggests, as you will note, that your Board take up the matter and authorize the issue of seventeen thousand dollars Special Revenue Bonds. I therefore request your Board to authorize the issue of seventeen thousand dollars Special Revenue Bonds, the proceeds to be used by the President of the Borough of Brooklyn for the purpose of repairing and renovating the Borough Hall, Borough of Brooklyn.

Yours very truly,

BIRD S. COLER,

President of the Borough.
City of New York—Department of Finance,
Comptroller's Office.
May 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Bird S. Coler, President of the Borough of Brooklyn, in communication under date of April 11, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock of The City of New York to the amount of \$22,500, the proceeds to be applied to the permanent betterment of the Borough Hall, Borough of Brooklyn.

I would report that it is the intention of the President to repaint and decorate the interior of the Borough Hall and to repaint all exterior wood and iron work; repair the roof, furnish tile floor and marble base on the first and fourth floor halls and marble base in the second floor hall; clean the exterior stone work of the building with the sand blast; repair the pavement around the building; furnish new oak doors and trim for the first and second floors, etc.

In my opinion, the exterior stone work of this building is so full of seams and other defects that the use of the sand blast on it will result in a detriment rather than an improvement to the appearance of the building.

In my opinion, \$17,000 will furnish sufficient funds for a thorough overhauling of this building.

This work I consider necessary, as the general appearance of the interior is very far from what it should be, considering the nature and prominence of the building, but, in my opinion, the proceeds from the sale of Corporate Stock cannot be legally used for this purpose.

I would therefore recommend that the Board of Aldermen be requested to adopt a resolution requesting the authorization of \$17,000 Special Revenue Bonds, as provided by subdivision 8 of section 188 of the Greater New York Charter, for repairs and improvements in the Borough Hall, Borough of Brooklyn.

Respectfully,

(Signed) CHANDLER WITHINGTON,
Principal Assistant Engineer.

No. 810.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, May 15, 1906.

The Honorable the Board of Aldermen:

Gentlemen—I addressed to you on March 14, 1906, a communication requesting an appropriation of \$168,600 in Special Revenue Bonds for the purpose of cleaning and repairing sewers in this borough. The fact that such large demands have been made upon the Special Revenue Fund and that many of the items included in my request belong more properly in the category of expenditures to which the proceeds of Corporate Stock should be applied, induces me to withdraw my request of March 14 and substitute for it this request for an issue of \$95,750 in Special Revenue Bonds, the proceeds to be used by the Borough President in the equipment of a new Sewer Repair and Cleaning Plant. The conditions which make such a plant almost a necessity in this borough are stated at length in a letter to the Board of Estimate and Apportionment of this date, copy of which I attach hereto.

The items of expenditure which are included in this request are as follows:

Dumping privileges, 30,000 cubic yards, at 50 cents per cubic yard.....	\$15,000 00
Purchase of 20 horses, at \$250 each.....	5,000 00

Keep of 20 horses, at 50 cents per diem.....	3,650 00
Shoeing 20 horses	600 00
Harness, etc.	1,000 00
Hire of 50 Laborers, at \$2.50 per diem.....	39,100 00
Ten Foremen, at \$4 per diem.....	12,500 00
Hire of 18 horses and carts, at \$3.50 per diem.....	18,900 00
Total	\$95,750 00

As this matter has been considerably delayed, I would respectfully ask your immediate action upon this request.

Yours very truly,

BIRD S. COLER,

President, Borough of Brooklyn.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, May 15, 1906.

The Honorable the Board of Estimate and Apportionment:

Gentlemen—I addressed a communication on March 14, 1906, to the Board of Aldermen, requesting the authorization of an issue of one hundred, sixty-eight thousand, six hundred dollars (\$168,600) in Special Revenue Bonds, the proceeds to be used by me for purposes connected with the cleaning and repairing of sewers in this borough. I find that the demands upon the Special Revenue Bonds appropriation have been so heavy and that so many of the items involved in the expenditure which I propose to make are for improvements, which are in the nature of permanent betterments, and should therefore be covered by Corporate Stock issues, that I have thought it wise to recall my request of March 14 and renew my application in different form. I am therefore substituting for the original communication another in which I request the issue of \$95,750 in Special Revenue Bonds, the proceeds to be used in connection with those of a Corporate Stock issue of \$52,500, for which I hereby make application to your Board. The conditions in this borough are such that the cleaning and repairing of our sewers is a matter of the utmost importance. There is no populated area of the same extent in the world where drainage conditions are so difficult. We have here an undulating surface of great extent, with drainage pockets of inconsiderable elevation, miles distant from any possible point of outlet. My office is compelled now to take care of 768 miles of sewers, including all the known systems of drainage; i. e., the gravity system, the separate system, the combined system, the purification plant system and the Schone system. Among our sewers are some of the largest in diameter, as well as in linear dimension. Notwithstanding the extent of our sewer system here, which is more than equivalent in mileage to that of Manhattan, The Bronx and Richmond combined, the appropriations for this borough for cleaning and maintenance have been very small indeed. In Manhattan, for instance, where the drainage conditions are absurdly simple and the extent of the sewer system limited, the appropriation in the last Budget for this work is more than two and one-half times as large as that of the Borough of Brooklyn.

I give below a table showing the appropriations for repairing, cleaning, etc., in the Bureau of Sewers for the three boroughs I have mentioned for 1906:

Manhattan	\$250,000 00
The Bronx	148,000 00
Richmond	30,670 00

These appropriations make a total of \$428,670, as against that amount, to take care of a larger and more complex system, the appropriation for this office is \$95,700. In addition to the last mentioned appropriation there was appropriated the sum of \$25,000 for contracts at public letting in this borough, but this sum must be reserved for large pieces of work, which are practically in the nature of reconstruction and cannot be applied to the repair of numerous small breakages where immediate action is necessary in order to prevent damage to property and the possible germination of disease.

In looking back over the records I find that there has been practically no increase in the amount allowed to this borough for the cleaning and maintenance of its sewer system since 1885 or 1886, although the system to be cared for has since that time grown by about 200 miles in extent. In 1904 an appropriation of \$100,000 in Special Revenue Bonds was obtained for the purpose of cleaning brick sewers and the contract chargeable to that appropriation was let. This method of cleaning the sewers, however, has been anything but satisfactory, and I do not think it wise for the City to make another such contract. Meanwhile, however, the accumulation of deposits of silt and solid matter in sewers is so great as to seriously interfere with the proper working of the drainage system. I have been informed that the efficiency of some of the sewers has been decreased by nearly 50 per cent. as a result of such deposits. It is highly important that these deposits be removed without delay and the efficiency of the sewers restored to the proper standard. I am advised by the Superintendent of Sewers (and my own investigations have convinced me that he is right in this) that the only economical and thorough way of cleaning out brick sewers and at the same time attending in a more satisfactory manner to the immense amount of repair work necessary is to have the City construct an additional repair and cleaning plant and do the work itself instead of letting out a contract for the cleaning and repairing. This I would endeavor to do with our present appropriation were it not for the fact that the amount is inadequate, even for present purposes. The appropriation of \$95,750 for this year will hardly more than care for the cleaning and repairing of the pipe sewers, and unless a further appropriation is made it will be impossible to give the proper attention to the large brick sewers. Even as matters are now, with only one repair yard, it is extremely difficult to make prompt and effective repairs, the breakages occurring sometimes many miles from the repair yard, and the consequent delay in attending to the breakages resulting often in damage to property and to the sewers themselves, which might be avoided were it possible to get the repair gangs more quickly upon the scene of the work. I intend, if the appropriation for which I am now asking is allowed me, to establish a second repair yard more conveniently located than the present North Portland avenue yard, in order that this difficulty may be to some extent at least overcome. In order to properly establish and equip the new repair and cleaning plant an expenditure of \$148,250 will be necessary. Of this amount \$52,500 can be properly raised by the issue of Corporate Stock.

I therefore request your Honorable Board to authorize the Comptroller to issue Corporate Stock in accordance with section 47 of the Greater New York Charter to the amount of \$52,500, the proceeds to be used by the President of the Borough for the establishment of a new sewer repair and cleaning plant in the Borough of Brooklyn.

The estimated items of expenditure are as follows:

Real estate	\$25,000 00
Buildings	17,000 00
Tools, pumps, hose, manhole heads, granite basin heads, etc., general outfit for plant	7,000 00
Cleaning derricks, 10 at \$350 each.....	3,500 00
Total	\$52,500 00

Yours very respectfully,

BIRD S. COLER, President, Borough of Brooklyn.

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communication from the Commissioners of the Sinking Fund:

No. 811.

Department of Finance, City of New York,
May 18, 1906.

To the Honorable the Board of Aldermen:

Gentlemen—Pursuant to the provisions of the Greater New York Charter, as amended by chapter 103 of the Laws of 1903, you are hereby notified that the Commissioners of the Sinking Fund have determined, by resolution adopted May 16, 1906 (a copy of which is inclosed), to invest, from time to time during the year 1906, in General Fund Bonds of The City of New York, the sum of eleven million seven hundred and fifty thousand dollars (\$11,750,000) out of the revenues and income of the "Sinking Fund of The City of New York for the Redemption of the City Debt" for the year 1906.

Yours respectfully,

N. TAYLOR PHILLIPS, Secretary.

Resolved, That, pursuant to the Greater New York Charter, as amended by chapter 103 of the Laws of 1903, the Commissioners of the Sinking Fund of The City of New York hereby determine to invest, from time to time during the year 1906, in General Fund Bonds of The City of New York, bearing three per cent. interest and maturing November 1, 1930, interest payable semi-annually on May 1 and November 1, for account of the "Sinking Fund of The City of New York for the Redemption of the City Debt," the sum of eleven million seven hundred and fifty thousand dollars (\$11,750,000) out of the revenues or income of the said Sinking Fund of The City of New York for the Redemption of the City Debt for the year 1906 in excess of the income and accumulation thereof derived from the assets held by said Sinking Fund on January 1, 1903 (less the amount of bonds and stock payable from said Sinking Fund, matured and paid and canceled since that date), and from the amount set apart for the redemption of bonds and stock and in excess also of the amount so required to be set apart for the year 1906; and be it further

Resolved, That the Secretary of the Commissioners of the Sinking Fund be and hereby is directed to notify the Board of Aldermen and the Comptroller of the amount that the Commissioners of the Sinking Fund have determined to invest in General Fund Bonds of The City of New York, pursuant to the foregoing resolution.

A true copy of resolution adopted by the Commissioners of the Sinking Fund May 16, 1906.

N. TAYLOR PHILLIPS, Secretary.

Resolved, That, pursuant to the Greater New York Charter, as amended by chapter 103 of the Laws of 1903, the Commissioners of the Sinking Fund of The City of New York hereby direct that the sum of two hundred and nineteen thousand nine hundred and forty-one dollars and fifteen cents (\$219,941.15) be set apart out of the revenue and income of the "Sinking Fund of The City of New York for the Redemption of the City Debt" for the year 1906 (excepting the income and accumulation thereof derived from the assets held by said Sinking Fund on January 1, 1903, less the amount of bonds and stock payable from said Sinking Fund matured and paid and canceled since that date, and except also the income and accumulation thereof derived from the amounts thus and heretofore set apart), for the redemption of bonds and stock, redeemable from said Sinking Fund.

A true copy of resolution adopted by the Commissioners of the Sinking Fund May 16, 1906.

N. TAYLOR PHILLIPS, Secretary.

May 16, 1906.

To the Honorable the Board of Aldermen:

Gentlemen—Pursuant to the provisions of the Greater New York Charter, as amended by chapter 103, Laws of 1903, entitled "An act to amend the Greater New York Charter, relative to the Sinking Fund of The City of New York for the Redemption of the City Debt, by adding a new section to be known as section two hundred and twenty-two, providing for the issue of additional bonds of The City of New York, to be called General Fund Bonds, and by amending section one hundred and sixty-nine of said Charter," the Commissioners of the Sinking Fund of The City of New York hereby certify to the Board of Aldermen of The City of New York that the amount of revenues or income from all sources of the "Sinking Fund of The City of New York for the Redemption of the City Debt" during the year 1906 is estimated at \$15,278,540.28, made up as follows, viz.:

Assessments collected under chapter 550 of the Laws of 1880.....	\$15,000 00
Chamberlain's commission on State taxes.....	5,000 00
Department of Bridges.....	2,000 00
Dock and slip rents.....	3,200,000 00
Interest on City Treasury balances.....	115,000 00
Interest on deposits.....	30,000 00
Licenses	200,000 00
Market rents and fees.....	240,000 00
Railroad franchises	325,000 00
Sales of real estate.....	700,000 00
Street vaults	250,000 00
Surplus revenue of the Sinking Fund for the Payment of Interest on City Debt	6,250,000 00
Wallabout Market, rentals and fees.....	60,000 00
Miscellaneous	25,000 00
Gas franchises	25,000 00
Revenue from investments in General Fund Bonds.....	900,000 00
Total	\$12,342,000 00

Estimated revenue from investments and interest on deposits, that is, income and accumulation thereof derived from the assets held by the Sinking Fund on January 1, 1903, less the amount of bonds and

stock payable from said Sinking Fund matured and paid and canceled since that date, and from amounts set apart for the redemption of bonds and stock, pursuant to the Greater New York Charter, as amended by chapter 103, Laws of 1903..... 2,936,540 28

Total estimated revenues or income from all sources during the year 1906..... \$15,278,540 28

And the said Commissioners of the Sinking Fund further certify that the amount required to be set apart for the year 1906 out of said revenues and income for the redemption of bonds and stock is.... \$219,941 15

The said installment or amount so required to be set apart for the year 1906 has been set apart and it has been determined to invest eleven million seven hundred and fifty thousand dollars (\$11,750,000) of the excess of revenue or income of said fund in General Fund Bonds of The City of New York during the year 1906 for account of the "Sinking Fund of The City of New York for the Redemption of the City Debt" by resolution of the Board adopted May 16, 1906.

GEO. B. McCLELLAN, Mayor;
H. A. METZ, Comptroller;
JOHN H. CAMPBELL,
Deputy City Chamberlain;
P. F. McGOWAN,
President Board of Aldermen;
JOHN R. DAVIES,
Chairman, Finance Committee of the
Board of Aldermen;
Commissioners of the Sinking Fund.

Which was ordered on file.

The President laid before the Board the following communication from the Department of Health:

No. 812.
Department of Health,
Southwest Corner of Fifty-fifth Street and Sixth Avenue,
New York, May 18, 1906.

Hon. P. J. SCULLY, City Clerk:

Sir—The inclosed copy of a report of the alleged unsanitary condition of the cars on the Graham and Flushing avenue line, Borough of Brooklyn, submitted by the Sanitary Inspector in charge of the Division of Inspections of the Department of Health, assigned to duty in the Borough of Brooklyn, the investigation upon which said report has been made, having been made as the result of a resolution adopted by the Board of Aldermen, is respectfully forwarded for the information of the Committee on Railroads, to whom the matter was referred March 27, 1906.

Respectfully yours,
EUGENE W. SCHEFFER, Secretary.

Department of Health,
Nos. 38 and 40 Clinton Street, Borough of Brooklyn,
New York, April 11, 1906.

To the Assistant Sanitary Superintendent:

Sir—In the matter of the resolution adopted by the Board of Aldermen March 20, 1906, calling attention to the unsanitary condition of the cars of the Flushing and Graham avenue line, a copy of which resolution was forwarded by the Borough President, I beg to state that upon inspection of the cars of this line by W. H. Stewart, M. D., Sanitary Inspector, on March 25, 1906, the facts were reported as follows:

"Pursuant to instructions, I beg to report that on March 25, 1906, between the hours of 3 and 4.30 p. m., I examined the following surface cars of the Flushing and Graham avenue line of the Brooklyn Rapid Transit Company: Nos. 2911, 746, 2921, 3961, 703, 771, 730, 737, 2524, 2918, 772 and 785. Most of these cars were inspected while in use, four were examined in the car depot at Manhattan avenue and Box street, Brooklyn, two of the four had just come in from a trip, the other two had been cleaned and were ready to be used.

"All cars have a stationary slatted floor in the centre and a plain flat floor under seats on each side. The seats are both revolving chairs and plain seats with movable backs, and are all upholstered with rattan. Chairs and seats in all cars were in good sanitary condition. The floors of all cars, especially the slatted portion, was found to be in a filthy condition, with mud, expectoration, scraps of paper and nut shells. The floors of the two cars in the depot, which had been cleaned, still showed evidence of dirt and expectoration stains.

"These sanitary defects are, in my opinion, due to three facts, viz.: First, that the centre of the cars are provided with stationary slats, which cannot be removed for cleansing purposes; second, that the present method of cleaning the cars is insufficient. The method used at the depot is as follows: Each car, once in twenty-four hours, has the flat portion of the floor under the seats mopped out and dried, the slatted portion in the centre is only dry swept, which does not thoroughly clean it. After the dust has settled, the interior of the car is dusted with damp cloths. Third, that the cars are not cleaned often enough. Once in twenty-four hours, in my opinion, is not sufficient to keep any car which has been used steadily for from eighteen to twenty hours, with heavy traffic, in a clean and healthful condition.

"I would recommend that the stationary slatted portion of the floors of the cars be replaced by movable racks; that the entire floor of the cars be thoroughly scrubbed and cleaned a sufficient number of times in twenty-four hours to keep it in a clean and healthful condition at all times."

The attention of the Brooklyn Heights Railroad Company was called to the condition of these cars. On reinspection, made April 5, 1906, the conditions were found to be greatly improved. The cars of this line will be kept under observation.

Respectfully,
(Signed) HENRY V. WALKER,
Chief Inspector, Division Inspections.

Which was ordered on file.

The President laid before the Board the following communication from the Comptroller:

No. 813.
Department of Finance, City of New York,
May 28, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In compliance with chapter 3, Article I, section 23 of the Revised Ordinances of 1897, I have the honor to transmit herewith, for presentation to the Board of Aldermen, statements of all contracts made by the Mayor, Aldermen and

Commonalty of The City of New York and the municipalities, corporations, etc., consolidated therewith, prior to January 1, 1898, and The City of New York (Greater New York), since January 1, 1898, or directed or authorized by the Common Councils of said corporations, and not performed or completed or upon which any moneys remain unpaid on each on December 31, 1905.

These statements show the payments made on account of the various contracts to December 31, 1904, inclusive; the payments on account thereof during the year 1905, the total amounts paid thereon to December 31, 1905, the balances remaining unpaid thereon December 31, 1905, and the funds or accounts against which said contracts are chargeable.

Statement "A" shows the contracts executed prior to January 1, 1898, by the Mayor, Aldermen and Commonalty of The City of New York.

Statement "B" shows the contracts executed prior to January 1, 1898, by the municipalities, corporations, etc., consolidated with the Mayor, Aldermen and Commonalty of The City of New York.

Statement "C" shows the contracts executed since January 1, 1898, by The City of New York (Greater New York).

Yours truly,

H. A. METZ, Comptroller.

Which was ordered on file, for summary of which see CITY RECORD Supplement hereafter.

The President laid before the Board the following communication from Justice of Twelfth District Municipal Court:

No. 814.
Municipal Court of The City of New York, Twelfth District,
No. 2630 Broadway,
New York, May 21, 1906.

P. J. SCULLY, Esq., City Clerk:

My Dear Sir—The Board of Sinking Fund Commissioners has made a lease of the premises at No. 2555 Broadway, southwest corner of Ninety-sixth street, for the use of this court, lease of the premises now occupied by the court expiring on or about June 10, 1906. The Superintendent of Public Buildings and Offices expects to remove the chattels of the court to the new address on or about June 1, 1906.

Will you kindly have prepared and presented at the next meeting of the Board of Aldermen a resolution designating the premises No. 2555 Broadway as the place for holding the sessions of the Municipal Court of The City of New York, Twelfth District, Borough of Manhattan.

Very truly yours,

ALFRED P. W. SEAMAN, Justice.

Which was ordered on file, on account of the Sinking Fund Commission having jurisdiction thereof.

The President laid before the Board the following communication from the President, Borough of Brooklyn:

No. 815.
Office of the President of the Borough of Brooklyn,
The City of New York,
Brooklyn, May 28, 1906.

To the Honorable Board of Aldermen, Manhattan, N. Y.:

Gentlemen—A number of pure spirited women have called to my attention the offensive manner in which the billboards and public places of our city are placarded with lithographs, which are not only offensive to the artistic sense, but positively demoralizing to the community. Ordinarily, I am opposed to sumptuary laws, and I have no sympathy with prudery. I realize the difficulty of dealing with subjects such as this, and the inclination in some quarters to find in pictures and statues which are truly artistic and beautiful, a suggestion of impurity which is not there. The pictures to which I allude, however, and which should be prohibited, are not of this character. They are vulgar and they are intended to be vulgar; they are suggestive and they are intended to be suggestive. And while it is true that an ordinance broad enough to prohibit such pictures may also prohibit some pictures which are harmless, yet the good in such a prohibition far outweighs the evil.

I therefore submit to your Board for adoption the attached ordinance, entitled "An ordinance to prevent the public display of indecent pictures or prints as advertisements, tending to incite to acts of immorality or crime."

Yours very truly,

BIRD S. COLER,

President of the Borough of Brooklyn.

AN ORDINANCE to prevent the public display of indecent pictures or prints as advertisements, tending to incite to acts of immorality or crime.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. No person shall post, paste, print, nail, maintain or display upon any billboard, fence, building, frame or structure, and in any manner expose to public view, as an advertisement of any show, play or performance, any indecent print, or any picture, or cut, tending to represent the doing of a criminal act; or representing indecently the limbs or any part of the human body; or the position of persons in relation to each other, tending to deprave the morals of individuals, or shocking to the sense of decency, or tending to incite the mind to acts of immorality or crime, or to familiarize and accustom the minds of young persons with the same.

Sec. 2. Any person offending against any of the foregoing provisions of this ordinance shall be punished by a fine of not less than \$10 nor more than \$100, or imprisonment not exceeding ten days; each day such violation shall be wilfully maintained or continued, shall be deemed to constitute a separate offence, and render the offender liable to additional arrest and prosecution.

Which was referred to the Committee on Laws and Legislation.

The President laid before the Board the following communication from the President, Borough of The Bronx:

No. 816.
Local Boards, Twenty-fourth and Twenty-fifth Districts,
Municipal Building, Crotona Park, Borough of The Bronx,
May 25, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I inclose herewith resolution authorizing the issuance of a permit to the Montefiore Hebrew Congregation to build vaults under the sidewalk at Hewitt place and Macy place, 50 feet frontage, on the payment of a fee of ten dollars, and would respectfully ask that the matter be placed before the Board at an early date and favorably acted on.

Yours truly,

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

Resolved, That the President of the Borough of The Bronx be and he is hereby authorized to issue a permit to the Montefiore Hebrew Congregation of the Borough of The Bronx to build vaults under the sidewalk covering the entire frontage of fifty (50) feet at Hewitt place and Macy place, on the payment of a fee of ten dollars (\$10); the work to be done at the expense of said congregation under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was referred to the Committee on Streets, Highways and Sewers.

The President laid before the Board the following communication from the President, Borough of The Bronx, transmitting resolution:

No. 817.

Local Boards, Twenty-fourth and Twenty-fifth Districts,
Municipal Building, Crotona Park, Borough of The Bronx,
May 28, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I inclose herewith form of resolution for presentation in the Board of Aldermen at its meeting to-morrow, May 29, 1906, to allow leave of absence with pay to veteran Firemen receiving per diem pay for the twenty-four hours of May 30, 1906, for the purpose of permitting them to participate in the Memorial Day exercises.

Yours truly,

LOUIS F. HAFEN,
President of the Borough of The Bronx.

Resolved, by the Board of Aldermen, That for the purpose of enabling veteran Firemen to participate in the exercises of Memorial Day, May 30, 1906, the Presidents of the various boroughs of The City of New York and the heads of the various public Departments in said City are hereby authorized and requested to give leave of absence, with pay, for the twenty-four (24) hours of the 30th day of May, 1906, to every person receiving per diem pay in the service of The City of New York, who served in the Volunteer Fire Department in any of the boroughs of said City, and who was honorably discharged from said service.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Callahan, Clifford, Cronin, Davies, Diemer, Dinwoodie, Dowling, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, J. J. Hahn, Harnischfeger, Herold, Higgins, Kenneally, Kuck, Kuntze, Lawlor, Levine, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan, Olvany, Peters, Rendt, Rowcroft, Schneider, Stapleton, Sturges, Torpey, Wentz, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen, the Vice-Chairman and the President—44.

The President laid before the Board the following communication from the President, Borough of Brooklyn:

No. 818.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, May 26, 1906.

To the Honorable Board of Aldermen, Manhattan, N. Y.:

Gentlemen—On April 20, 1906, there was submitted to the Board of Estimate and Apportionment a request of mine for \$15,000 in Corporate Stock for the purpose of establishing a Bureau of Underground Construction in this office. My request was referred to the Comptroller and the Chief Engineer of the Board of Estimate and Apportionment, who, on May 22, 1906, addressed a report to the Mayor as Chairman of the Board of Estimate and Apportionment, a copy of which I send you herewith. In that report the importance of the establishment of the Bureau mentioned is set forth at considerable length, so that I need only briefly touch upon the reasons which impelled me to make my request to the Board of Estimate and Apportionment.

We have here in Brooklyn a mystery beneath our street surface. Nobody knows just what electrical and gas conduits have been laid here or in what way they interfere with the City's subsurface work. As the Charter makes me responsible not only for the surface of the street but for the ground underneath it and the air above it, it is very important that there should be in my office definite information as to what lies buried beneath our pavements.

My request was addressed to the Board of Estimate because I thought it would be proper to issue Corporate Stock for this purpose, under section 47 of the Charter as amended. The committee of the Board of Estimate and Apportionment has not agreed with me as to the procedure, it being the opinion of that committee that Special Revenue Bonds should be issued to cover the expenditure, and that the expenditure should not exceed \$10,000.

I, therefore, respectfully request your Honorable Board to authorize the issue of Special Revenue Bonds to the amount of \$10,000, the proceeds to be used by the President of the Borough of Brooklyn for the purpose of establishing a Bureau of Underground Construction in his office.

Yours very respectfully,

BIRD S. COLER, President, Borough of Brooklyn.

REPORT No. 4029.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
May 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on April 20, 1906, a communication was presented from the President of the Borough of Brooklyn asking that provision be made for the establishment of a bureau of subsurface construction in his office, and that an issue of Corporate Stock in the sum of \$15,000 to meet the expense of such bureau be authorized, and also that the Commission appointed to prepare plans for municipal electric lighting plants be instructed to forward to the President of the Borough all information, maps, etc., concerning locations of subways and other subsurface construction relating to the Borough of Brooklyn which may be in its possession. The communication was referred to a select committee consisting of the Comptroller and the Chief Engineer of the Board of Estimate and Apportionment for consideration and report.

Your committee would state that it has conferred with the various City officers having control or supervision over the streets of the City and the structures located therein, and it finds that very little has yet been accomplished or undertaken in the direction of preparing a record of the structures beneath the surface of the streets in the different boroughs. In the Borough of Manhattan a certain amount of this work has been done by the Engineer in charge of the surface and subsurface structures in-

stalled and controlled by the various public service corporations. He has, however, had no adequate organization for this work, and the results so far accomplished have been fragmentary, and it would take many years to secure the necessary information and properly record it with his present force. In the Borough of Brooklyn several spasmodic efforts have been made to begin work of this kind, but little more than a beginning has been made. Several years ago a regulation was adopted requiring all corporations applying for permits to submit a detailed plan drawn to given scale on sheets of uniform size, showing as accurately as possible the dimensions and location of the structures which they expected to install before the granting of a permit. In recent years, however, permits have been granted upon the promise of the companies to file such a plan within a specified time, but, as might have been expected, few of the plans have been furnished after the permit was secured. In the Borough of The Bronx no attempt has yet been made to prepare any record of the underground construction, and the same is also true of the Borough of Queens. In the Borough of Richmond the matter has received considerable attention and a beginning has been made, and plans have been formulated for the compilation of complete information concerning these structures.

In Manhattan, Brooklyn, and a portion of The Bronx, the streets are already well filled with pipes, conduits, etc., and the preparation of plans for additional structures is exceedingly difficult, if not impossible without elaborate borings, and even then changes in these plans must be frequently made to avoid unexpected obstacles. The preparation of a map of underground structures under such conditions is exceedingly difficult and will involve considerable expense, and it is unfortunate that it was not begun years ago. If a few engineer-inspectors were assigned to this work, whose duty it should be to examine every opening made, locating the position and size of every underground structure encountered, and if the corporations owning these structures were required to furnish such information as they possess, excellent progress could be made in this work. In the undeveloped portions of the Borough of The Bronx and in the greater portions of the Boroughs of Queens and Richmond, few underground structures have yet been installed, and it would be possible to accumulate accurate and complete information as the work of laying pipes, conduits, etc., proceeds.

As to the practical value of complete records of this kind there can be no question. Reference has already been made in another report to the admirable system in use in the city of Philadelphia, where this work has received careful attention for years, and the city now has a complete plan of the structures in most of its streets, and a charge per linear foot for the information to be derived from these plans is made to every corporation securing a permit to install new structures, the receipts from this source paying the expenses of the bureau and resulting in a substantial revenue to the city over and above these expenses. The great desirability of undertaking this work without further delay is apparent, and the question arises as to what City Department or officer should properly have control of this work, or could carry it out most efficiently and economically. The President of each Borough is given general supervision over the surface of the streets and over the sewers placed in them, and no street can be opened without his permission. As the head of the borough government, it would seem reasonable that the records of the structures contained in the streets should be compiled by him and should be in his custody. In the five boroughs, however, there would be different degrees of interest shown in this work. The organization for carrying it out would vary, with a corresponding variation in efficiency. In some of the boroughs the importance of this work is not yet appreciated, especially in the suburban boroughs, where the opportunity is greatest for building up a good system.

The Department of Water Supply, Gas and Electricity is, under the Charter, given jurisdiction over all pipes, mains and conduits installed by the different corporations holding franchises permitting the occupation of the subsurface of the streets, and it has been urged that such a Department could most efficiently inaugurate the work under consideration through its central office, and could enforce a fairly uniform standard of thoroughness. The suggestion has also been made that the Bureau of Statistics recently established in the Department of Finance could economically and efficiently collect the necessary data, but the preparation of the plans which would be required would seem to be somewhat beyond the province of such a bureau.

In the judgment of your Committee there is an excellent opportunity for co-operation between the centralized departments having supervision over the pipes and conduits in the streets in the collection of statistical information, and the Presidents of the different boroughs should have in their existing bureaus men who are familiar with this particular kind of work, and who appreciate the necessity for complete information, and if the Presidents of the various boroughs realize the importance of this work and will formulate plans for inaugurating it and conducting it economically, we believe that it would be wise to request them to take it up at once. No specific authorization seems to be necessary, although a small additional appropriation might be needed. In order to make a beginning, we would recommend that the request of the President of the Borough of Brooklyn be complied with, and that an issue of Special Revenue Bonds in the sum of \$10,000 be authorized to meet this expense.

As to the request of the President of the Borough of Brooklyn that the maps and data of the Commission on Electric Lighting concerning the subsurface structures in the Borough of Brooklyn be transmitted to him, we find that the Electric Lighting Commission, at a meeting held on April 12, 1906, directed that these records be turned over to the Bureau of Lighting of the Department of Water Supply, Gas and Electricity, and that this has been done. We understand, however, that these records would be of little value to the Borough President in carrying on this work.

We would further recommend that the resolution adopted by the Board of Estimate and Apportionment on November 24, 1905, directing the Commission on Electric Lighting to prepare plans for a comprehensive system of subways, be rescinded; such resolution of rescission and a resolution recommending to the Board of Aldermen an authorization of Special Revenue Bonds in the sum of \$10,000 are herewith submitted.

Respectfully,

H. A. METZ, Comptroller.

NELSON P. LEWIS,

Chief Engineer of the Board of Estimate and Apportionment.

Resolved, That the Board of Estimate and Apportionment hereby rescinds the resolution of the said Board as approved November 24, 1905, reading as follows:

"Resolved, That the Commission on Electric Lighting, heretofore appointed by this Board on December 30, 1904, and composed of the Engineer of the Board and Messrs. George F. Sever and Cary T. Hutchinson, be and it hereby is directed to prepare plans for submission to this Board of a comprehensive system of subways in the boroughs of Brooklyn and Queens capable of carrying all underground electrical conductors, including distributing wires of the Municipal electric lighting plant, and also plans for

necessary extensions of the existing subways in Manhattan and The Bronx upon the same lines, together with an estimate of the cost of the same"; and be it further

Resolved, That the Board of Estimate and Apportionment recommends to the Board of Aldermen the adoption of the following resolution:

"Resolved, That the Board of Aldermen hereby authorizes and directs the Comptroller, subject to the approval of the Board of Estimate and Apportionment, and, pursuant to subdivision 8, section 188, of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of ten thousand dollars (\$10,000), to provide for the expense of making surveys, maps, etc., by the President of the Borough of Brooklyn, of subsurface construction in the Borough of Brooklyn."

New York, May 25, 1906.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Commissioner of Bridges:

No. 819.

Department of Bridges,
Nos. 13-21 Park Row,
May 29, 1906.

The Honorable Board of Aldermen, The City of New York:

Gentlemen—A contract dated August 23, 1905, was entered into between this Department and William E. Burke "for furnishing and delivering steel and hardware supplies to Harlem river bridges."

The estimated cost of furnishing and delivering all the items in this contract was \$2,221.74, and that amount was certified to by the Comptroller as being available and charged against the 1905 appropriation of this Department.

Estimates for merchandise furnished under the above-mentioned contract were transmitted to the Comptroller as follows:

Estimate No. 1, November 1, 1905.....	\$688 72
Estimate No. 2, December 1, 1905.....	1,714 00
Estimate No. 3, February 21, 1906.....	3,205 84
Total	\$5,608 56

All the articles involving this entire expenditure of \$5,608.56 were ordered prior to January 1, 1906.

The third estimate mentioned herein, dated February 21, 1906, amounting to \$3,205.84, was returned to this Department by the Department of Finance, with the following communication:

"Department of Finance, City of New York,
"May 1, 1906."

"Hon. JAMES W. STEVENSON, Commissioner, Department of Bridges:

"Sir—Enclosed herewith please find voucher for the sum of \$3,205.84 in favor of William E. Burke for steel and hardware supplies furnished for the maintenance and repair of bridges over the Harlem river and in the Borough of Manhattan.

"It is stated therein that said voucher is a final payment under the contract duly executed on August 23, 1905. It appears from the records of this office that said contract has been fully completed and paid up and a release therefor dated January 8, 1906, is on file in this office attached to the contract.

"It further appears that the originally estimated amount of the contract was but \$2,221.74, and it is therefore not possible to reopen the contract to permit of such an excessive increase in the contract earnings.

"I would suggest that you present the matter to the Board of Aldermen, in order that a resolution may be adopted by that body pursuant to section 419 of the Greater New York Charter permitting the within expense to be incurred without public letting.

"Respectfully,

"J. H. MCCOOEY, Deputy Comptroller."

Acting upon the suggestion contained in the above communication from the Department of Finance, I beg respectfully to submit this matter to your Honorable Board for such action as you may deem proper in the premises.

Respectfully,

J. W. STEVENSON,
Commissioner of Bridges.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Department of Health:

No. 820.

Department of Health,
Southwest Corner of Fifty-fifth Street and Sixth Avenue.
New York, May 29, 1906.

To the Honorable the Board of Aldermen:

Gentlemen—I would respectfully request authority, in pursuance of the provisions of section 419 of the Greater New York Charter, to purchase in the open market, without public letting, for the use of the Department of Health, in the Borough of Brooklyn, an automobile at a total expense not to exceed \$3,000. The area of the Borough of Brooklyn is so large and so many matters under the rules of the Department are required to be personally inspected and reported on by the Assistant Sanitary Superintendent and other officials, that the use of automobiles is necessary for the proper performance of these duties.

Respectfully,

THOMAS DARLINGTON,
Commissioner of Health.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Comptroller:

No. 821.

DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
CITY OF NEW YORK, May 28, 1906.

To the Honorable the Board of Aldermen:

GENTLEMEN—Section 900 of the amended Greater New York Charter provides as follows:

"It shall be the duty of the Comptroller of said City to prepare and submit to the Board of Aldermen, at least four weeks before its annual meeting in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in any year, on account of the corpora-

tion of The City of New York, as hereby constituted, or for City purposes within said City as created by this Act, and purposes for which said City is liable, and on account of the Counties of New York, Kings, Queens and Richmond, and also an estimate of the probable amount of receipts into the City Treasury during the then current year from all the sources of revenue of the general funds, including surplus revenue from the Sinking Funds of the Mayor, Aldermen and Commonalty of the City of New York, and of any of the municipal and public corporations or parts of municipal and public corporations, by this act consolidated with the municipal corporation known as the Mayor, Aldermen and Commonalty of the City of New York, other than the surplus of revenues of any such Sinking Funds for the payment of Interest on the City Debt of the municipal corporation known as the Mayor, Aldermen and Commonalty of the City of New York, or the like debts of the municipal and public corporations by this act consolidated as aforesaid, and the said Board of Aldermen is hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and caused to be raised by tax in said year, for the purposes aforesaid, and to cause to be raised by tax only the balance of such aggregate amount after making such deductions."

Section 902 of the amended Greater New York Charter provides as follows:

"In the statement submitted by the Comptroller to the Board of Aldermen, as above provided in this chapter, he shall each year include and state specifically the sum or sums necessary to be raised to pay during the current year the salaries of the county officers and the other county charges and expenses in the Counties of New York, Kings, Queens and Richmond, respectively, and the Board of Aldermen is hereby authorized and directed to levy upon and collect from the taxable property within each of said counties, respectively, the sum or sums so necessary to be raised to pay the salaries of county officers and other county charges and expenses of such county; to the end that each of said counties shall ultimately bear and pay all expenses necessary to be incurred within the county for county as distinguished from city purposes."

In pursuance of the foregoing provisions of law, I have the honor to submit to your Honorable Body statement as follows:

First—The Budget, in detail, for the year 1906.

Second—The amount of county charges and expenses in the Counties of New York, Kings, Queens and Richmond, respectively, included in said Budget, as well as the amount of county charges and expenses paid during the year 1905 from the proceeds of Special Revenue Bonds, which amounts together are to be raised respectively by levy upon taxable property within each of said counties, as provided by section 902 of the Charter.

Third—The estimated receipts of the General Fund for the reduction of taxation. Concerning the receipts of the General Fund for the reduction of taxation, the following are the items of my estimate:

GENERAL FUND.

Estimated Revenues for 1906.

Bank Tax (chapter 550, Laws of 1901).....	\$2,600,000 00
Chamberlain's Fees	20,000 00

Department of Public Charities.....	30,000 00
Department of Street Cleaning.....	60,000 00
Department of Water Supply, Gas and Electricity.....	25,000 00
Interest on Assessments.....	200,000 00
Interest on Taxes.....	1,100,000 00
Licenses	100,000 00
Mortgage Tax	400,000 00
Public Administrators' Commissions.....	10,000 00
President, Borough of Manhattan.....	50,000 00
President, Borough of The Bronx.....	50,000 00
President, Borough of Brooklyn.....	75,000 00
President, Borough of Queens.....	4,000 00
Registers' Fees—	
New York County.....	\$175,000 00
Kings County	150,000 00
	325,000 00
Railroad Franchises and Street Car Licenses.....	60,000 00
School Moneys from State of New York.....	1,351,425 00
Sheriffs' Fees—	
New York County.....	\$35,000 00
Kings County	10,000 00
	45,000 00
Surrogates' Fees—	
New York County.....	\$8,000 00
Kings County	2,000 00
	10,000 00
Theatrical and Concert Licenses.....	60,000 00
Miscellaneous	175,000 00
	\$7,040,425 00
Add balance to the credit of the General Fund, January 1, 1906.....	1,831,956 04
	\$8,872,381 04
Add unexpended balances of appropriation account of 1905 transferred to the General Fund with the approval of the Board of Estimate and Apportionment	200,000 00
Excise Taxes—Surplus at January 1, 1906, transferred to the General Fund by the Board of Estimate and Apportionment.....	4,630,023 62
	\$13,702,404 66

Add the following amounts chargeable against the several counties for payments made during the year 1905 from the proceeds of Special Revenue Bonds, for Judgments and Claims for County Charges or Liabilities, which amounts have been included by the Comptroller in his certificate to the Board of Aldermen, required by Section 900 of the Charter, as County Charges and Expenses against the respective counties, to wit:

New York County.....	\$299,922 12
Kings County	43,788 94
Queens County	38,073 58
Richmond County	505 03
	<hr/> 382,289 67
	<hr/> \$14,084,694 33

Add also the amount of revenues and income of the "Sinking Fund of The City of New York for the Redemption of the City Debt," to be invested in General Fund Bonds of The City of New York during the year 1906, as determined by the Commissioners of the Sinking Fund by resolution adopted May 16, 1906, pursuant to the Greater New York Charter, as amended by chapter 103 of the Laws of 1903.....

11,750,000 00

\$25,834,694 33

Less the estimated amount of interest payable from the General Fund during the year 1906, on General Fund Bonds of The City of New York

900,000 00

Total estimated revenues of the General Fund for the year

1906

\$24,934,694 33

The attention of your Honorable Body is respectfully called to the provisions of section 248 of the amended Greater New York Charter, as follows:

"It shall be the duty of the Board of Aldermen to include, in any and every ordinance or resolution passed by them, imposing and levying taxes for any purpose or purposes authorized by law, such sum, in addition to the aggregate amount required for such purposes, as they shall deem necessary, not exceeding 3 per centum of said aggregate amount, to provide for deficiencies in the actual product of the amount imposed and levied therefor."

Your attention is also specially called to the provisions of sections 909 and 910 of the same act, prescribing the method of preparing and disposing of the assessment rolls and also to the provisions of section 911 of the same act, designating the fifteenth day of September as the date when the assessment rolls shall be finally completed, to be delivered to the Receiver of Taxes, with the proper warrant or warrants annexed thereto, directing him to collect the several sums mentioned in said rolls and to pay the same, from time to time, when so collected, to the Chamberlain of said City.

Respectfully,

H. A. METZ, Comptroller.

Certificate of the Comptroller of The City of New York Required by Section 900 of the Amended Greater New York Charter, Setting Forth the Amounts by Law Authorized to Be Raised by Tax in the Year 1906, and the Estimated Amount of the Receipts During 1906 of the General Fund for the Reduction of Taxation.

I, Herman A. Metz, Comptroller of The City of New York, in compliance with section 900 of the amended Greater New York Charter, do hereby certify to the Board of Aldermen of The City of New York that the aggregate amount of the Budget for the year 1906, duly made and adopted by the Board of Estimate and Apportionment and the Board of Aldermen, pursuant to section 266 of the Greater New York Charter, to be raised by tax in said year, is one hundred and sixteen million eight hundred and five thousand four hundred and ninety dollars and thirty-seven cents (\$116,805,490.37), a copy of which Budget is hereto annexed.

I further certify that, included in the aggregate amount of said Budget are the following amounts appropriated for "County Charges and Expenses" in each of the counties hereinafter named, viz:

New York County.....	\$2,592,189 00
Kings County	1,305,492 50
Queens County	187,144 00
Richmond County	66,535 00

I further certify that the amount of "County Charges and Expenses" paid during the year 1905 from the proceeds of Special Revenue Bonds, to be raised respectively, by levy upon taxable property within each of said counties in the year 1906, in addition to the amount of county charges and expenses included in the Budget as aforesaid, are as follows (see summary statement hereto annexed):

New York County.....	\$299,922 12
Kings County	43,788 94
Queens County	38,073 58
Richmond County.....	505 03

I further certify that the estimated amount of the revenues of the General Fund for the year 1906 is twenty-four million nine hundred and thirty-four thousand six hundred and ninety-four dollars and thirty-three cents (\$24,934,694.33), as stated in detail, in a communication to your Honorable Body, herewith submitted.

Dated, May 28, 1906.

H. A. METZ, Comptroller.

Statement Showing the Amount of Payments Made During the Year 1905 from the Proceeds of Special Revenue Bonds, for County Charges and Expenses. Which Amounts Are to Be Raised by Tax in the Year 1906, in the Respective Counties, in Addition to the County Charges and Expenses Provided for in the Budget for 1906.

NEW YORK COUNTY.

177,800 00	

FOR CHARITABLE INSTITUTIONS.

All such appropriations being made subject to the following conditions:

- The accounts of all charitable institutions receiving public moneys shall be so kept as to show receipts and disbursements in such form as shall be satisfactory to the Comptroller, showing the addresses of the parents, guardians, or nearest relatives of inmates, and other information designed to facilitate inquiry into their financial inability to provide for such inmates.

- Moneys received from the City Treasury shall be used by such institutions only for recurring expenses of "care, support and maintenance."

- All institutions receiving public moneys shall be at all reasonable times open to the visitation and inspection of duly authorized representatives of the Department of Public Charities and the Department of Finance.

- Upon it appearing to the satisfaction of the Comptroller that it would be to the public interests to withhold payments to any charitable institution for which an appropriation has been made, he shall give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to so withhold such payments, and upon the determination of said Board that such payments should terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon cease.

- Except where appropriations are made in bulk and not upon a per capita basis, no payment shall be made for inmates of private charitable institutions unless the same shall have been accepted by the proper Commissioner of the Department of Public Charities as a proper charge against the City, and, except in emergency cases, Commissioner of Charities shall not accept as proper charges against the City inmates capable of paying for their own support or for whose care adequate provision can be made in public institutions. The City shall not become liable for any payment to a charitable institution in excess of the appropriation which may have been made to such institution, notwithstanding any per capita rates of payment that may have been fixed for the inmates thereof.

- All institutions receiving money from the City are required to state specifically the amount so received, as from the City Treasury, in their printed annual reports.

- "That no money be paid to any private charitable institution which pays any salary to or gives any consideration, financial or of any kind, for services to, or has any business dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its Board of Managers."

- Where the City is paying 50 per cent. and upwards of the cost of maintenance of an institution, the Board of Estimate and Apportionment requires representation in the board meetings of that institution, with the right of taking part in all business transactions.

This representation shall be through the Comptroller, who may attend any meeting, either in person or through a representative appointed by him, of which appointment the Comptroller will give written notice to the board of the institution.

- The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows:

For infants under two (2) years of age, and in infants' hospitals also between the ages of two and five, per day.....	\$0 38
For dependent children, from two (2) to sixteen (16) years of age, per week.....	2 00
For delinquent children, per annum.....	110 00
For adult inmates of reformatories, committed by the Courts, per annum.....	110 00
For inmates in homes for fallen and friendless women, per annum.....	110 00
*For maternity cases, per case.....	18 00
*For homeless mothers, nursing infants, per month.....	12 00
To hospitals for medical treatment, per day.....	60
To hospitals for surgical treatment, per day.....	80
To hospitals for chronic, incurable or infirm patients, per day.....	30

That charitable institutions for children now carried in the Budget and not sending their inmates to the Public Schools, and not sharing in the Corporate School Fund, and not receiving Teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of four years of age and over during ten months in the year. This money to be paid under the authorization of section 230 of the Charter, but under the general conditions relating to institutions receiving Corporate School money, as provided in section 1154.

Notification to institutions carried in this Budget receiving children either from the Courts or through the Charity Department.

- Institutions shall be paid \$28 for the care of the mother and child during fifteen days of her confinement, and for every day thereafter shall be paid at the rate of 38 cents per day for the support of the child, and also \$28 per month for the maintenance of the mother, if she remain in the institution nursing her own infant after the expiration of the fifteen days.

The Board of Estimate and Apportionment does not intend to pay for the maintenance of dependent and delinquent children in the same institution after December 31, 1906. To give opportunity for the necessary changes, the institutions caring for both these classes must separate them as soon after January 1, 1906, as is possible, and on such a basis or conditions as shall meet the approval of the Comptroller.

All appropriations for Supplies and Contingencies made in the foregoing Budget are subject to transfer of such appropriate amounts that may be necessary to pro-

vide for one or more telephone contracts for general use, if the Board of Estimate and Apportionment determines to enter into such general contracts.

Dated October 31, 1905.

GEORGE B. McCLELLAN, Mayor,
EDWARD M. GROUT, Comptroller,
C. V. FORNES, President of the Board of Aldermen,
JOHN F. AHEARN, President of the Borough of Manhattan,
MARTIN W. LITTLETON, President of the Borough of Brooklyn,
LOUIS F. HAFFEN, President of the Borough of The Bronx,
JOS. CASSIDY, President of the Borough of Queens,
GEORGE CROMWELL, President of the Borough of Richmond,
Board of Estimate and Apportionment.

IN THE BOARD OF ALDERMEN OF THE CITY OF NEW YORK.

Resolved, That the Budget for 1906, as submitted to the Board of Aldermen by the Board of Estimate and Apportionment, be and the same is hereby adopted and approved.

I, P. J. Scully, City Clerk, do hereby certify that the foregoing is a true copy of a resolution adopted at a special meeting of the Board of Aldermen of The City of New York, held in the Aldermanic Chamber, in the City Hall, in the Borough of Manhattan, in The City of New York, on November 17, 1905, by a majority of all the members elected to the Board of Aldermen.

P. J. SCULLY, City Clerk.

The foregoing resolution is hereby approved this 24th day of November, 1905.

GEORGE B. McCLELLAN, Mayor.

The foregoing Budget having been considered by the Board of Aldermen, and adopted and approved by the said, the Board of Aldermen by resolution passed at a special meeting of the Board of Aldermen on the seventeenth day of November, nineteen hundred and five, we, the undersigned, the Mayor, Comptroller and City Clerk, have hereunto signed our names, and do hereby certify to the said, the Budget for 1906, in pursuance of the provisions of section 226 of the amended Greater New York Charter.

Dated New York, November 24, 1905.

GEORGE B. McCLELLAN, Mayor;
EDWARD M. GROUT, Comptroller;
P. J. SCULLY, City Clerk.

Which was referred to the Committee on Finance.

REPORTS OF STANDING COMMITTEES.

Report of Committee on Salaries and Offices—

No. 628.

The Committee on Salaries and Offices, to whom was referred on April 24, 1906 (Minutes, page 226), the annexed resolution in favor of fixing salary of Automobile Engineman in office of President, Borough of Brooklyn, at \$1,200 per annum, respectfully

REPORTS:

The committee has been informed that the new automobile heretofore authorized has been purchased by the President of the Borough of Brooklyn, and the committee therefore thinks it proper to recommend the adoption of this resolution providing for the salary of the Automobile Engineman at what appears to be the prevailing rate.

Whereas, The Board of Estimate and Apportionment at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Automobile Engineman for one incumbent, in the office of the President of the Borough of Brooklyn, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade for one incumbent be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Automobile Engineman for one incumbent, in the office of the President of the Borough of Brooklyn, at the rate of twelve hundred dollars (\$1,200) per annum.

JAMES COWDEN MEYERS, JOHN J. CRONIN, LEONARD L. JACOBSON, M. D., FRANK D. STURGES, CHARLES KUNTZE, Committee on Salaries and Offices.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Brown, Callahan, Cronin, Davies, Dinwoodie, Dotzler, Dowling, Ellery, Farrell, Freeman, Fried, Grifenhagen, Gunther, J. J. Hahn, Harnischfeger, Herold, Higgins, Jacobson, Keely, Kenneally, Kuck, Lawlor, Levine, McCall, Meyers, Moffitt, Monahan, Morris, Murphy, Olvany, O'Neill, Redmond, Rendt, Rowcroft, Schloss, Schneider, Stapleton, Sturges, Sullivan, Wright, President Bermel, by Lawrence Gresser, Commissioner of Public Works, and President Haffen—42.

Report of Committee on Rules—

No. 776.

The Committee on Rules, to whom was referred on May 15, 1906 (Minutes, page 514), the annexed resolution in favor of appointing Special Committee of Five to take charge of official ceremonies on unveiling statue of Washington, Brooklyn plaza, Williamsburg Bridge, respectfully

REPORTS:

The Committee on Rules having been advised that the Committee on Finance, to which this resolution was referred jointly with this Committee, is reporting a resolution providing for an appropriation, therefore names the following Special Committee of Five, contemplated by the resolution: Aldermen Diemer, Chairman; Haggerty, Kline, Peters and Rendt.

Whereas, There is to be erected on the Brooklyn plaza of the Williamsburg Bridge a statue to Washington, donated to The City of New York by ex-Congressman James R. Howe; and

Whereas, Said statue is to be unveiled on Saturday, June 16, 1906, on which occasion the Grand Army of the Republic and kindred organizations are to parade and participate in appropriate ceremonies.

Resolved, That a committee of five members of this Board be appointed to give the necessary official supervision to the ceremonies; and be it further

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand dollars (\$5,000), or as much thereof as may be necessary, the proceeds whereof shall be applied to the expense of erecting a grand stand suitable for the occasion, for appropriate decorations and for the making of such other arrangements in connection with the celebration as in the opinion of the special committee heretofore provided for may be necessary and proper.

JAMES COWDEN MEYERS, ELIAS GOODMAN, JOHN T. McCALL, Committee on Rules.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

Which report was accepted.

REPORTS OF COMMITTEE ON SALARIES AND OFFICES RESUMED.

No. 763.

The Committee on Salaries and Offices, to whom was referred on May 15, 1906 (Minutes, page 461), the annexed resolution in favor of fixing salary of position of Automobile Engineman, Department of Bridges, respectfully

REPORTS:

Mr. Schiff, Secretary to the Commissioner of Bridges, appeared before the Committee, and explained that under authority obtained from the Board of Aldermen, the Commissioner has purchased two automobiles, one of which is used by the engineering

department and the other by the Commissioner and his Deputy. He stated that but one Engineman is now authorized, and the present resolution is intended to provide an operator for the second car. The Committee recommends the adoption of the resolution, which provides a salary of \$1,200, which appears to be the prevailing rate.

Whereas, The Board of Estimate and Apportionment, at a meeting held May 11, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Automobile Engineman for one additional incumbent, in the Department of Bridges, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position, for one additional incumbent, be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution, and fixes the salary of the position of Automobile Engineman for one additional incumbent, in the Department of Bridges, at the rate of twelve hundred dollars (\$1,200) per annum.

JAMES COWDEN MEYERS, JOHN J. CRONIN, LEONARD L. JACOBSON, M. D., FRANK D. STURGES, CHARLES KUNTZE, Committee on Salaries and Offices.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Brown, Callahan, Cole, Cronin, Diemer, Dinwoodie, Dotzler, Doyle, Ellery, Everson, Farrell, Freeman, Grifenhagen, Gunther, J. J. Hahn, Harnischfeger, Herold, Higgins, Jacobson, Kenneally, Kuck, Lawlor, Levine, Linde, McCall, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Olvany, O'Neill, Peters, Potter, Redmond, Rendt, Richter, Rowcroft, Schloss, Schneider, Stapleton, Sturges, Sullivan, Torpey, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, and President Haffen—50.

No. 783.

The Committee on Salaries and Offices, to whom was referred on May 15, 1906 (Minutes, page 516), the annexed resolution in favor of recommending increases in salaries of Disinfectors in the Health Department, respectfully

REPORTS:

Alderman Moffitt appeared before the committee and made an eloquent appeal in behalf of the employees affected by the resolution. He stated that these employees receive salaries of \$750, \$900 and \$1,050 per annum, and that these salaries are not graduated according to term of service or character of work done. He urged that in view of the fact that all of the Disinfectors did the same class of work, and were exposed to the same dangers of contagion and infection, that they are all entitled to the same salary after they have been employed three years in the Department. The committee realizes the force of Alderman Moffitt's argument, but feels constrained to adhere to the position which it has taken in previous reports, viz.: The initiative in matters of salary rests with the Board of Estimate and Apportionment, and City employees who wish their salaries increased should make their first application there through the head of the Department affected. The committee has also in previous reports upon similar subjects called attention to the fact that the adoption of such a resolution as this would open the door for appeals to individual Aldermen from employees in every Department. The committee, therefore, recommends that the resolution be placed on file.

Whereas, Several Disinfectors are now receiving salary at ten fifty per annum (\$1,050) and several at nine hundred per annum (\$900) and several at seven fifty per annum (\$750).

Whereas, Said Disinfectors are all doing the same work in the Department; and

Whereas, The said Disinfectors use uniform, and said uniform purchased at their own expense. It is justice to all Disinfectors in Greater New York that said corps be equalized in reference to salaries, and incidentally this resolution provides that a Disinfecter, having served as such in the Department of Health three consecutive years, his salary shall be not less than ten hundred and fifty dollars per annum.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested to provide that the Disinfectors of the Health Department, City of New York, after three years' continuous service in said Department, shall receive a salary of not less than \$1,050 per annum.

JAMES COWDEN MEYERS, JOHN J. CRONIN, LEONARD L. JACOBSON, M. D., FRANK D. STURGES, CHARLES KUNTZE, Committee on Salaries and Offices.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

Which report was accepted.

Reports of Committee on Finance—

No. 635.

The Committee on Finance, to whom was referred on April 24, 1906 (Minutes, page 243), the annexed ordinance in favor of an issue of \$25,000 Corporate Stock for the construction of a municipal asphalt repair plant in the Borough of Brooklyn, respectfully

REPORTS:

That this is an application for \$25,000 Corporate Stock for the establishment of a municipal asphalt plant in the Borough of Brooklyn. The details of the application are very fully set forth in the letters and reports accompanying the application, but in addition thereto, the Committee reports that it held a public hearing at which President Coler and Chief Engineer of Highways Tillson appeared and spoke in favor of it, and explained that the main purpose of its establishment at present was, in addition to its economy, etc., to more quickly make repairs to breaks on those streets where the maintenance period has expired, and which the asphalt companies were not able to handle quickly enough; experience had shown that if these repairs are immediately made that it saves further spreading of the break, and also possible damage suits against the City for personal injuries. While this is a new departure in this City, the plan has been tried in other cities, such as Montreal, Omaha, etc., and has proven very successful. Your Committee believes that this is a proper field for municipal experiment, and they therefore recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-five thousand dollars (\$25,000) to provide means for the construction of a municipal asphalt repair plant in the Borough of Brooklyn, and the acquisition of sites therefor, under the jurisdiction of the President of the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 20, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding twenty-five thousand dollars (\$25,000), to provide means for the construction of a municipal asphalt repair plant in the Borough of Brooklyn and the acquisition of sites therefor, under the jurisdiction of the President of the Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars (\$25,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, A. L. KLINE, JAMES W. REDMOND, JOHN DIEMER, THOS. J. MULLIGAN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Callahan, Carter, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Dowling, Downing, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen,

Gunther, J. J. Hahn, Harnischfeger, Herold, Higgins, Jacobson, Kenneally, Kline, Kuck, Kuntze, Lawlor, Levine, Linde, McCall, Meyers, Moffitt, Morris, Murphy, Noonan, Peters, Redmond, Rendt, Rowcroft, Schloss, Schneider, Smith, Stapleton, Sturges, Sullivan, Wentz, Wright, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the Vice-Chairman—50.

No. 663.

The Committee on Finance to whom was referred on May 1, 1906 (Minutes, page 301), the annexed ordinance in favor of an issue of \$2,000,000 Corporate Stock for the Spuyten Duyvil Bridge, respectfully

REPORTS:

That this application is for an additional \$2,000,000 for the construction of the Henry Hudson Bridge at Spuyten Duyvil. Since the appropriation of the initial \$1,000,000 for this purpose, various statements and resolutions have been made with reference to the enormous cost of the bridge under the present plans, and the possibility of reductions, without materially interfering with the project. Your Committee has endeavored to get at the source of the matter and to find out at this time if possible just how much the bridge will actually cost the City. In the short time at its disposal the Committee does not feel that it can properly report on the matter, and in order to make further investigation and have more time to do it in, your Committee recommends that the application be rejected so that the Board of Estimate and Apportionment may re-pass it and thus allow further time for fuller investigation.

For this reason your Committee recommends that the matter at this time be rejected.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two million dollars (\$2,000,000) in addition to the amount heretofore authorized, for the purpose of providing means for the acquisition of land and construction of a monumental bridge or viaduct, to be erected across Spuyten Duyvil creek, connecting Inwood Heights, in the Borough of Manhattan, with Spuyten Duyvil Heights in the Borough of The Bronx.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 27, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two million dollars (\$2,000,000) in addition to the amount heretofore authorized, for the purpose of providing means for the acquisition of land and construction of a monumental bridge or viaduct to be erected across Spuyten Duyvil creek, connecting Inwood Heights, in the Borough of Manhattan, with Spuyten Duyvil Heights, in the Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two million dollars (\$2,000,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, A. L. KLINE, JOHN DIEMER, JAMES W. REDMOND, THOS. J. MULLIGAN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and reject said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Brown, Cronin, Davies, Diemer, Dotzler, Dowling, Doyle, Ellery, Farrell, Freeman, Grifenhagen, Gunther, J. J. Hahn, Harnischfeger, Herold, Jacobson, Kenneally, Kline, Kuck, Lawlor, Linde, McCall, Meyers, Moffitt, Monahan, Mulligan, Murphy, O'Neill, Peters, Redmond, Rendt, Rowcroft, Schloss, Schneider, Stapleton, Sturges, Sullivan, Torpey, Wentz, President Cromwell, President Haffen, President Coler and the Vice-Chairman—43.

And the President announced that, in accordance with the provisions of section 48 of the amended Greater New York Charter, the above ordinance had been rejected.

No. 664—(G. O. No. 129).

The Committee on Finance, to whom was referred on May 1, 1906 (Minutes, page 302), the annexed ordinance in favor of an issue of \$5,000 Corporate Stock for street signs in the Borough of Brooklyn, respectfully

REPORTS:

That this is an application for \$5,000 Corporate Stock for steel signs in Brooklyn, the details of which are fully set forth in the accompanying letters and reports. President Coler appeared before the Committee and explained the necessity for this improvement and the reasonableness of the cost of same. Your Committee are aware of the necessity of a complete system of street signs not only in Brooklyn but in the entire City, and it therefore reports favorably upon said application, and recommends that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five thousand dollars (\$5,000), for the purpose of purchasing and erecting additional street signs in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment April 27, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding five thousand dollars (\$5,000), for the purpose of purchasing and erecting additional street signs in the Borough of Brooklyn, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five thousand dollars (\$5,000), the proceeds whereof to be applied to the purpose aforesaid."

JOHN R. DAVIES, A. L. KLINE, JOHN DIEMER, JAMES W. REDMOND, THOS. J. MULLIGAN, Committee on Finance.

Which was laid over.

No. 680.

The Committee on Finance, to whom was referred on May 1, 1906 (Minutes, page 322), the annexed resolution in favor of an issue of Special Revenue Bonds, \$5,000, to pay additional salaries in office of the Commissioner of Licenses, respectfully

REPORTS:

That this application for \$5,000 is for the purpose of paying the salary of the Deputy Commissioner of Licenses, a position established by a legislative act passed this year. The Board of Estimate has fixed the salary at \$3,500, and the Board of Aldermen is now called upon to provide the funds for same. Under these circumstances your Committee recommends the adoption of a substitute resolution setting the amount at \$3,500.

(Original.)

Resolved, That in accordance with the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the sum of \$5,000 (five thousand dollars), the same to be applied as follows: \$3,500 to the payment of the salary of a Deputy Commissioner of Licenses in the office of the Commissioner of Licenses, as provided by chapter 432 of the Laws of 1904, as amended by chapter 327 of the Laws of 1906; and \$1,500 to pay for increases in salary already authorized and for which the present appropriation is insufficient.

(Substitute.)

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Rev-

enue Bonds to an amount not exceeding three thousand five hundred dollars (\$3,500), the proceeds whereof to be applied to pay salary of a Deputy Commissioner of Licenses, etc., in the office of the Commissioner of Licenses.

JOHN R. DAVIES, A. L. KLINE, JOHN DIEMER, JAMES W. REDMOND, THOS. J. MULLIGAN, Committee on Finance.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Brown, Bunting, Callahan, Carter, Clifford, Cole, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, J. J. Hahn, Harnischfeger, Herold, Higgins, Jacobson, Keely, Kenneally, Kline, Kuck, Kuntze, Lawlor, Levine, Linde, McCall, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, O'Neill, Peters, Rendt, Richter, Rowcroft, Schloss, Schneider, Stapleton, Sturges, Sullivan, Torpey, Wafer, Wentz, Wright; President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen, President Coler and the Vice-Chairman—61.

MOTIONS, ORDINANCES AND RESOLUTIONS.

On motion of Alderman Davies, the courtesies of the floor were extended to Martin Sheridan, of the Irish-American Athletic Club, who at the recent International Olympian Games, at Athens, Greece, won for America the laurel crown.

The President appointed Aldermen Davies, Downing and Morris to escort Mr. Sheridan to the platform.

A recess of five minutes was then declared in order to enable the members of the Board to properly greet the distinguished champion.

Mr. Sheridan made a brief address, thanking the Board for the honors conferred upon him.

AFTER RECESS.

No. 698.

The Committee on Finance, to whom was referred on May 1, 1906 (Minutes, page 364) the annexed resolution in favor of an issue of \$4,000 Special Revenue Bonds for purchase of an automobile for use of the Superintendent of Buildings, Borough of Manhattan, respectfully

REPORTS:

That this application for an automobile at \$4,000 is within the amount set by this Board, and as the increased work of the Superintendent of Buildings seems to require same, your Committee recommends same, such recommendation being also subject to the conditions heretofore set by the Board.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of four thousand dollars (\$4,000) for the purchase of an automobile for the use of the Superintendent of Buildings, Borough of Manhattan.

JOHN R. DAVIES, A. L. KLINE, JAMES W. REDMOND, JOHN DIEMER, THOS. J. MULLIGAN, Committee on Finance.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Brown, Bunting, Callahan, Carter, Clifford, Cole, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, J. J. Hahn, Harnischfeger, Herold, Higgins, Jacobson, Keely, Kenneally, Kline, Kuck, Lawlor, Levine, McCall, Meyers, Moffitt, Morris, Mulligan, Murphy, O'Neill, Redmond, Rendt, Richter, Rowcroft, Schloss, Schneider, Smith, Stapleton, Sturges, Sullivan, Torpey, Wentz, Wright; President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen, President Coler, the Vice-Chairman and the President—60.

No. 776—(S. O. No. 42).

The Committee on Finance, to whom was referred on May 15, 1906 (Minutes, page 514), the annexed resolution in favor of appointing a special committee of five to take charge of official ceremonies of unveiling statue of Washington on Brooklyn Plaza of the Williamsburg Bridge, and for an issue of \$5,000 Special Revenue Bonds for the erection of a grandstand, etc., respectfully

REPORTS:

That this application is for \$5,000 Revenue Bonds for the expense of the ceremonies incident to the unveiling of a monument of George Washington, presented to The City of New York by ex-Register Howe, and which he had erected at the Williamsburg Plaza in Brooklyn.

The donor has spent the sum of \$50,000 for the gift and has shown great public spirit in the matter, and your committee feel that the City should make some proper acknowledgment of same. A committee of twenty-five of Brooklyn representative citizens (ex-Mayor Schieren, chairman) have been making the preliminary arrangements, which include a militia parade, etc., but the plan suggested is for the City to provide the stationery, grandstands and music, etc., to be spent under the supervision of an Aldermanic Committee. Five thousand dollars is the amount suggested by the Borough President and the Citizens' Committee, and if the Board makes any appropriation, it seems as though this amount is reasonable. Your committee therefore recommends its adoption.

Whereas, There is to be erected on the Brooklyn Plaza of the Williamsburg Bridge a statue of Washington, donated to The City of New York by ex-Congressman James R. Howe; and

Whereas, Said statue is to be unveiled on Saturday, June 16, 1906, on which occasion the Grand Army of the Republic and kindred organizations are to parade and participate in appropriate ceremonies.

Resolved, That a committee of five members of this Board be appointed to give the necessary official supervision to the ceremonies; and be it further

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand dollars (\$5,000), or as much thereof as may be necessary, the proceeds whereof shall be applied to the expense of erecting a grandstand suitable for the occasion, for appropriate decorations and for the making of such other arrangements in connection with the celebration as in the opinion of the special committee heretofore provided for may be necessary and proper.

JOHN R. DAVIES, A. L. KLINE, JAMES W. REDMOND, JOHN DIEMER, THOS. J. MULLIGAN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

Alderman Brown moved that the resolution be amended by striking out wherever they occur the words and figures "five thousand (\$5,000)" and inserting in lieu thereof the words and figures "thirty-five hundred (\$3,500)."

Which motion was lost.

The President then put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, four-fifths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Ahner, Callahan, Carter, Clifford, Cole, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, J. J. Hahn, Harnischfeger, Herold, Higgins, Jacobson, Keely, Kenneally, Kline, Kuck, Kuntze, Lawlor, Levine, Linde, McCall, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan, Peters, Potter, Redmond, Rendt, Richter, Schloss, Schneider, Smith, Stapleton, Sturges, Sullivan, Torpey, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen, President Coler, President Ahearn and the Vice-Chairman—62.

Negative—Aldermen Brown and Bunting—2.

On motion of Alderman Wentz, the above vote was reconsidered and the paper was laid over and made a special order for the next meeting at 2 o'clock p. m.

Report of Committee on Buildings—

No. 159—(G. O. No. 130).

The Committee on Buildings, to whom was referred on April 24, 1906 (Minutes, page 274), the annexed ordinance, for the better protection of persons employed in the construction, altering or repairing of buildings in The City of New York, respectfully

REPORTS:

That having examined the subject, they believe the proposed ordinance to be necessary.

They, therefore, recommend that the said ordinance be adopted.

AN ORDINANCE for the better protection of persons employed in the construction, altering or repairing of buildings in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. It shall be unlawful for any owner, contractor or subcontractor to place or allow to be placed in any building in course of construction, alteration or repair within The City of New York any ladder or stairs, or any landing of said stairs, intended to be used by men engaged in the construction, altering or repairing of said building, unless said ladder shall be securely fastened at the top and bottom, and unless said ladder shall be so constructed as to bear four times the maximum weight required to be placed thereon when in use, and unless said stairways have treads thereon and said landings covered immediately after the iron stair strings are put up, and unless every part thereof is securely and sufficiently fastened, and unless each and every part of said stairs and of every such landing is capable of sustaining at least three times the maximum weight required to be placed thereon when in use.

Sec. 2. All well-holes and floor openings in buildings in the course of alteration, construction or repair shall have placed around them proper and suitable guard-rails, which shall be at all times of sufficient strength to sustain the weight of at least three hundred pounds.

Sec. 3. A violation of this section shall be punishable by a fine of not exceeding one hundred dollars and imprisonment of not exceeding six months.

Sec. 4. The Borough Presidents of each borough of The City of New York shall be charged with the enforcement of the provisions of this ordinance through the Bureaus of Buildings in their respective boroughs.

Sec. 5. This ordinance shall take effect immediately.

MAX S. GRIFENHAGEN, CHARLES KUNTZE, WM. P. KENNEALLY, JOHN J. FARRELL, Committee on Buildings.

Which was laid over.

Reports of Committee on Public Letting—

No. 697—(S. O. No. 43).

The Committee on Public Letting, to whom was referred on May 1, 1906 (Minutes, page 364), the annexed resolution in favor of authorizing the President of the Borough of Manhattan to purchase an automobile for the use of the Superintendent of Buildings without public letting, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That, pursuant to section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized to purchase, without public letting, an automobile for the use of the Superintendent of Buildings, Borough of Manhattan.

A. L. KLINE, F. J. O'NEILL, JOSEPH SCHLOSS, MAX S. LEVINE, WILLIAM CLIFFORD, DAVID S. RENDT, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Brown, Bunting, Callahan, Carter, Clifford, Cole, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Farrell, Fried, Grifenhagen, Gunther, Haggerty, J. J. Hahn, Herold, Keely, Kenneally, Kline, Kuntze, Lawlor, Levine, Linde, McCall, Meyers, Moffitt, Morris, Mulligan, Murphy, Potter, Redmond, Rendt, Richter, Schloss, Schneider, Smith, Stapleton, Sturges, Sullivan, Torpey, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen, President Ahearn and the Vice-Chairman—54.

Negative—Alderman Freeman—1.

On motion of Alderman Doull, the above vote was reconsidered, and the paper was laid over and made a Special Order for the next meeting at 2 o'clock p. m.

No. 773—(S. O. No. 44).

The Committee on Public Letting, to whom was referred on May 15, 1906 (Minutes, page 513) the annexed resolution in favor of authorizing the President of the Borough of Manhattan to enter into a supplemental agreement with Charles H. Peckworth for redecorating and refurnishing the Governor's Room, City Hall, respectfully

REPORTS:

That, having examined the subject and having received the annexed letter from the Superintendent of Public Buildings and Offices, which is made part of this report, they recommend that the said resolution be adopted:

Whereas, A contract having been entered into between The City of New York and Charles H. Peckworth on October 13, 1904, for "furnishing labor and material for painting, cabinet and carpenter work, ornamental plaster work, parquet flooring and rugs, in the City Hall, Borough of Manhattan," which work, among other things, included the redecorating and refurnishing of certain rooms in the said building known as the three (3) Governor's Rooms; and

Whereas That part of the contract and specifications relating to the redecorating and refurnishing of the aforesaid three (3) Governor's Rooms having been referred by the Mayor to the Art Commission for its approval after the contractor had purchased materials and entered upon the performance of the work as required by the contract and specifications; and

Whereas, The Art Commission having modified and changed said plans and specifications for redecorating and refurnishing the Governor's Rooms, thereby increasing the cost of the aforesaid contract to the extent of several thousand dollars; it is therefore

Resolved, pursuant to section 419 of the Greater New York Charter, That the Borough President of Manhattan be and is hereby authorized to enter into a supplemental agreement with Charles H. Peckworth for carrying out the plans and specifications as approved by the Art Commission for the redecorating and refurnishing of the aforesaid three (3) Governor's Rooms, the cost whereof shall not exceed the sum of four thousand seven hundred and eighty-five dollars (\$4,785).

The City of New York,
President of the Borough of Manhattan,
Superintendent's Office, Nos. 13 to 21 Park row,
New York, May 29, 1906.

Hon. ARDOLPH KLINE, Chairman, Committee on Public Letting, Board of Aldermen, City Hall.

Dear Sir—I beg to submit for your information in regard to the application now pending before the Board, for the expenditure of \$4,785, to be expended in completing the Governor's Rooms, in accordance with the plans of the Art Commission, without public letting, the following data:

Charles H. Peckworth has the contract for the alterations and new work in these rooms, now going on, the greater part of which has been completed and carried into effect, but the Art Commission requested that work be stopped on the original contract, as it did not conform to the original ideas held by the Commission in regard to the artistic and architectural features for these rooms, and therefore the work would not harmonize with the rest of the building in these particulars.

The work of alterations and additions as set forth in the specifications now going on, are so interwoven and have such important relation to the new work proposed under the appropriation pending, to complete the rooms, that it would be next to impossible to have the work done satisfactorily by allowing another contractor to step in. Another contractor would not be in a position to give the same satisfactory result that would be obtained from the present contractor now on the premises. The original contract in operation in the building was obtained by Mr. Peckworth at public letting, he being the lowest bidder.

I trust that the facts above stated will be of assistance in the consideration of this matter.

Respectfully submitted,
WILLIAM A. WALSH,
Superintendent of Public Buildings and Offices.

City of New York,
Office of the President of the Borough of Manhattan,
City Hall, May 29, 1906.

Hon. ARDOLPH KLINE, Chairman, Committee of Public Letting, Board of Aldermen:

Dear Sir—In reference to the application of this Department for authority to enter into a supplemental agreement with Charles H. Peckworth in an amount not to exceed \$4,785, in reference to redecorating the three Governor's Rooms in the City Hall, I beg to submit the following information:

The work of alterations and additions as set forth in the specifications now under contract with Charles H. Peckworth are so interwoven and have such important relations to the new and additional work proposed by the Art Commission that it would be next to impossible to have the whole work done satisfactorily by allowing another contractor to come in and carry out the ideas of the Art Committee. Another contractor would not be in position to give such satisfactory results that would be obtained by allowing the present contractor, Mr. Peckworth, to carry out the work as proposed by the Art Commission. The original contract in operation at the present time for repairing and redecorating the building was obtained by Mr. Peckworth at public letting, he being the lowest bidder. It would be much more satisfactory and cheaper for the City to have Mr. Peckworth complete the whole job as outlined by the Art Commission.

Yours very truly,
JOHN F. AHEARN,
President of the Borough of Manhattan.

A. L. KLINE, F. J. O'NEILL, JOSEPH SCHLOSS, MAX S. LEVINE, WILLIAM CLIFFORD, DAVID S. RENDT, Committee on Public Letting.
Which was made a Special Order for the next meeting at 2 o'clock p. m.

MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

Alderman McCall asked and obtained unanimous consent to introduce the following:

No. 822.

Whereas, The Hon. Jefferson M. Levy has presented to The City of New York a bronze replica of the famous bust of George Washington by the noted sculptor, David d'Angers, which replica has been added to the other attractions of the Governor's Room, in the City Hall; and

Whereas, The spirit which moved the giver in his donation to the city of his home of so appropriate and splendid gift is but one of the many sterling acts of patriotism of the Hon. Jefferson M. Levy, with whom love of country and confidence in its future is an all-pervading sentiment of his noble nature; and

Whereas, Gifts of this kind to our municipality, unfortunately too infrequent, awaken in the minds of the people, particularly the young, thoughts respecting our country's past which, ripening with the years, must arouse ennobling sentiments and be fruitful of a higher patriotism; therefore be it

Resolved, That the members of the Board of Aldermen of The City of New York, direct representatives of the people, herein and hereby record their grateful recognition of the gift of ex-Congressman Jefferson M. Levy; and be it further

Resolved, That a copy of this preamble and resolution, suitably engrossed and duly authenticated by the City Clerk, be forwarded to the said Hon. Jefferson M. Levy.

Which was unanimously adopted.

SPECIAL ORDERS.

Alderman Grifenhagen called up Special Order No. 20, being a report and resolution, as follows:

No. 88.

The Committee on Buildings, which was directed by resolution of the Board of Aldermen, adopted January 23, 1906 (Minutes, page 417), respectfully

REPORTS:

That the committee has given much consideration to the resolution of authority to undertake a revision of the Building Code and through the chairman has obtained the views of technical men and others familiar with the building industry. The committee feels that the resolution adopted by the Board fixed an unscientific classification of experts. The committee recommends the rescinding of the resolution and the adoption of the annexed substitute. It is the intention of the committee to ask the proper authorities of the technical and trades associations to submit names for its consideration. It is the intention of the committee to employ a lawyer whose practice has been such as to make him familiar with the Building Code and the laws affecting the subject. They, therefore, recommend that the resolution (introductory No. 88) adopted by the Board of Aldermen, January 23, 1906, instructing the Committee on Buildings to prepare a Building Code, be rescinded and repealed and that the annexed resolution be adopted in lieu thereof.

Resolved, That, in pursuance of section 407 of the Greater New York Charter, the Building Committee of this Board be and is hereby directed to prepare and report to this Board a "Building Code" in amended and revised form, providing therein for all matters concerning, affecting or relating to the construction, alteration and removal of buildings or structures erected, or to be erected, in The City of New York; and it is further

Resolved, That for the purpose of properly preparing said Building Code the said committee be and it is hereby authorized to engage the services of the following experts, each of whom shall be a resident of The City of New York, and shall have been engaged not less than five years in his respective calling, to wit:

Two (2) architects, one (1) structural engineer, one (1) sanitary engineer, one (1) engineer recommended by the Board of Fire Underwriters, two (2) master builders, two (2) mechanics skilled in building trades, and one (1) lawyer, and such clerical assistants as may be necessary.

MAX S. GRIFENHAGEN, JOHN J. FARRELL, JACOB BARTSCHERER, J. HANN, CHARLES KUNTZE, WM. P. KENNEALLY, Committee on Buildings.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Brown, Bunting, Callahan, Carter, Cole, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, J. J. Hahn, Kenneally, Kuntze, Linde, Meyers, Moffitt, Morris, Mulligan, Murphy, Potter, Richter, Smith, Stapleton, Sturges, Sullivan, Wentz, Wright; President Cromwell, President Berne, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—40.

MOTIONS, ORDINANCES AND RESOLUTIONS AGAIN RESUMED.

No. 823.

By Alderman Olvany—

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration ordinance now in his hands (Int. No. 195) entitled "An Ordinance in relation to car transfers in The City of New York."

Which was adopted.

Subsequently the paper was received from his Honor the Mayor, and is as follows:

No. 195.

The Committee on Railroads, to whom was referred, on January 30, 1906 (minutes, page 610), the annexed ordinance, in relation to car transfers in The City of New York, respectfully

REPORTS:

That they have had two public hearings on the matter, and, having examined the subject, they believe the proposed ordinance to be necessary for the proper protection of the rights of the public.

They therefore recommend that the said ordinance be adopted.

Whereas, The street surface railways of The City of New York have and are being operated in total disregard of the rights and comfort of the passengers riding upon the cars of said railways; and

Whereas, Passengers riding on the cars of said surface railways have, in all kinds of weather, been arbitrarily ordered by some officious hireling of the railroad company to leave the car in which they were riding and to take the car ahead in total disregard of the destination or terminus marked on the signboard or placard upon such car; and

Whereas, The interests of the passengers suffering such inconvenience and discomfort should be looked after and protected and such practices immediately stopped; therefore be it ordained as follows:

AN ORDINANCE in relation to car transfers in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. That every car operated, owned, managed or controlled by a street surface railroad company in the streets or highways of The City of New York shall carry throughout its route on the outside, in front and on top of each and every car so operated, a signboard or placard upon which shall appear conspicuously the destination of the said car, under a penalty of \$100 for each offense, recoverable against the company so offending in an action to be brought in the name of The City of New York.

Sec. 2. That every such street surface railroad company must carry for a single fare upon such car, without change therefrom, each and every passenger to any regular stopping place desired by him upon said car's route, in the direction of the destination so designated, under a penalty of \$100 for each offense, recoverable against the company so offending by the person affected by the violation.

Sec. 3. That the preceding section of these ordinances shall not apply to a transfer made to a connecting line going in a different direction from that in which such car may be going, nor where by reason of disability of the car compliance with the ordinance is rendered impossible.

Sec. 4. That all ordinances or parts of ordinances contrary to or inconsistent with the provisions of this ordinance are hereby repealed.

Sec. 5. That this ordinance shall take effect immediately.

JOHN DIEMER, THOS. J. MULLIGAN, ROBERT F. DOWNING, A. L. KLINE, JOSEPH M. TORPEY, Committee on Railroads.

On motion of Alderman Meyers, the vote by which the above ordinance was adopted was reconsidered.

The paper was then recommitted to the Committee on Railroads.

No. 824.

By the President—

Resolved, That the following named persons be and they are hereby appointed Commissioners of Deeds:

By the President—

Lawrence L. Igo, No. 442 East Eighteenth street, Manhattan.

T. George R. Reinert, No. 199 Washington street, Manhattan.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Brown, Callahan, Cronin, Davies, Dinwoodie, Dotzler, Doull, Dowling, Downing, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, J. J. Hahn, Herold, Keely, Kenneally, Kline, Kuntze, Lawlor, Linde, Meyers, Moffitt, Morris, Mulligan, Potter, Rendt, Schloss, Stapleton, Sturges, Sullivan, Torpey, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, the Vice-Chairman and the President—40.

No. 825.

By President Ahearn—

Resolved, That, for the purpose of providing the Superintendent of the Bureau of Buildings of the Borough of Manhattan with additional assistants so that he may be able to comply with the provisions of chapter 83 of the Laws of 1906, in relation to the inspection of buildings that are used and proposed to be used for hotel purposes, the Board of Estimate and Apportionment is hereby requested, pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed thirteen thousand five hundred dollars (\$13,500) for the employment in the Bureau of Buildings, Borough of Manhattan, of additional Inspectors and Clerks for the purpose of carrying into effect the provisions of the aforesaid act.

No. 826.

By the same—

Resolved, That, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed thirty thousand dollars (\$30,000) to be used for the purpose of employing additional Bath Attendants, Engineers, Cleaners, etc., to operate the new Interior Public Bath at Nos. 232 and 234 West Sixtieth street.

Which were severally referred to the Committee on Finance.

No. 827.

By Alderman Sullivan—

AN ORDINANCE in relation to the admission and removal of patients in hospitals in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. No Superintendent of a hospital in The City of New York, or other person in authority, shall refuse admission to an applicant brought by ambulance or other conveyance to such hospital, nor shall any Superintendent, or other person in authority, of any hospital, order the removal of any patient while in a dangerously sick or precarious condition to another hospital.

Sec. 2. Every Superintendent, or other person in authority, of a hospital in The City of New York, who shall violate any of the provisions of this ordinance shall be subject to a penalty of not exceeding one hundred dollars (\$100) for each and every offense.

Sec. 3. This ordinance shall take effect immediately.

Which was referred to the Committee on Public Buildings and Markets with instructions to hold a public hearing thereon.

No. 828.

By Alderman Stapleton—

Resolved, That permission be and the same hereby is given to J. Curley & Brother to remove the ornamental post and clock now located in front of No. 6 Warren street to a point on the sidewalk near the curb in front of No. 318 Broadway, in the Borough of Manhattan; the work to be done at their own expense, under the direction of the President of the Borough of Manhattan, the permission to continue said post and clock at the latter point to be only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 829.

By the same—

Resolved, That permission be and the same is hereby given to Clark & Co. to erect a temporary bridge over and across Wall street, connecting the buildings on the southeast and northeast corners of said thoroughfare with Broadway, in the Borough of Manhattan; said temporary bridge to be for the protection of the public during the construction of the new building on the southeast corner of Wall street and Broadway, and to be erected only by and with the consent of the owners of adjoining buildings; the work to be done at their own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

No. 830.

Resolved, That permission be and the same is hereby given to Sonn Brothers to erect an extension within the stoop line of the premises No. 33½ Lafayette street, in the Borough of Manhattan, said extension to be used for the purposes of a newspaper stand, and not to exceed in dimensions those prescribed by ordinance relating to such stands, to wit: Six feet long by four feet wide; the work to be done at his own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Which were severally referred to the Committee on Streets, Highways and Sewers.

No. 831.

By Alderman Sturges—

Resolved, That provision be and the same is hereby given to Frederick Kanter to place and keep a post, surmounted by a clock, on the sidewalk near the curb in front of his premises, No. 38 Union Square East, in the Borough of Manhattan, provided that neither post nor clock shall be used for advertising purposes; the work to be done at his own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 832.

By Alderman Mulligan—

Resolved, That permission be and the same is hereby given to Daniel P. Lellis to erect and maintain a retaining wall not to exceed five feet in height within the stoop line in front of his premises on the northerly side of Two Hundred and Thirty-third street, two hundred and eighty feet easterly from White Plains avenue, in the Borough of The Bronx; the work to be done at his own expense, under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 833.

By the same—

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that gas mains be laid, lamp-posts erected and street lamps placed thereon and lighted in Two Hundred and Twenty-eighth street, east of White Plains avenue, to Sixth avenue, in the Borough of The Bronx.

Which was adopted.

No. 834.

By the same—

Resolved, That permission be and the same is hereby given to George H. Sunderman to erect and maintain a retaining wall not to exceed five feet in height within the stoop line in front of his premises on the northerly side of Two Hundred and Thirty-third street, two hundred and thirty feet easterly from White Plains avenue, in the Borough of The Bronx; the work to be done at his own expense, under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 835.

By Alderman Murphy—

Resolved, That permission be and the same is hereby given to R. W. Helbig to erect a retaining wall, four feet in height, within the stoop line in front of his premises No. 1904 Vyse avenue, in the Borough of The Bronx, the work to be done at his own expense under the direction of the President of the Borough of The Bronx; such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 836.

By the same—

Resolved, That it be and is hereby recommended to the Commissioner of Water Supply, Gas and Electricity that an improved iron drinking fountain be erected and maintained at the southeast corner of Gun Hill road and Station street, in the Borough of The Bronx.

Which was adopted.

No. 837.

By the same—

Resolved, That permission be and the same is hereby given to E. Badolati to erect a retaining wall, four feet in height, within the stoop line in front of her premises on the north side of Two Hundred and Fifth street, near Grand Concourse, about 150 feet west of Mosholu parkway, Borough of The Bronx, the work to be done at her own expense under the direction of the President of the Borough of The Bronx; such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 838.

By Alderman Morris—

Resolved, That permission be and the same is hereby given to M. Koch to erect and maintain a retaining wall, four feet in height, within the stoop line in front of her premises Nos. 2110 and 2112 Mohegan avenue, in the Borough of The Bronx, the work to be done at her own expense under the direction of the President of the Borough of The Bronx; such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 839.

By the same—

Resolved, That permission be and the same is hereby given to Anna Weiss, owner, to erect and maintain a retaining wall not to exceed five feet in height within the stoop line in front of her premises, on the westerly side of Ryer avenue, twenty-five feet southerly from One Hundred and Eightieth street, in the Borough of The Bronx, the work to be done at her own expense, under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 840.

By the same—

Resolved, That permission be and the same is hereby given to L. M. Stewart to erect and maintain a retaining wall four feet in height within the stoop line in front of his premises, on the northeast corner of Creston avenue and Kingsbridge road, Borough of The Bronx, the work to be done at his own expense under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 841.

By the same—

Resolved, That it be and is hereby respectfully recommended to the Commissioner of Water Supply, Gas and Electricity that the drinking fountain now located on One Hundred and Seventy-third street, between Eastburn and Morris avenues, be removed to and erected and maintained on the north side of Two Hundred and Fourth street, 84 feet west of Mosholu parkway, Borough of The Bronx.

Which was adopted.

Alderman Meyers asked and obtained unanimous consent to suspend Rule 20B, which provides that all special committees shall be appointed by the Committee on Rules.

No. 842.

By Alderman Meyers—

Whereas, By the provisions of a resolution adopted by the Board of Aldermen February 10, 1903, and approved by the Mayor February 16, 1903, a committee appointed by the then Mayor, Hon. Seth Low, was authorized and empowered, under the supervision of the Clerk of the Board of Aldermen to edit and print certain records of The City of New York; and

Whereas, Such committee has completed its work and there are now in the possession of the City Clerk certain printed volumes ready for distribution; therefore be it

Resolved, That a Committee of three members of the Board of Aldermen be appointed by the President to properly distribute said books.

Which was adopted, and the President appointed as such committee Aldermen Meyers, McCall and the Vice-Chairman.

No. 843.

By the same—

Resolved, That the following committees of the Board of Aldermen be discharged from further consideration of the resolutions indicated below, and that the same be placed on file:

Committee on Rules, No. 590, invitation to conference of the Municipal League.

Committee on Salaries and Offices, No. 96, resolution to appoint David M. Berger

General Interpreter.

Which was adopted.

No. 844.

By Alderman McCall—

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that a watering trough be erected and maintained, including water to be supplied therein, on the sidewalk near the curb on the southwest corner of Eighty-second street and Second avenue, in the Borough of Manhattan.

Which was adopted.

No. 845.

By Alderman Linde—

Resolved, That permission be and the same is hereby given to John Kelly to place and keep a watering trough near the curb in front of his premises at No. 672 Fourth avenue, corner Twentieth street, Borough of Brooklyn; the work to be done and the water supplied at his own expense, under the direction of the President of the Borough of Brooklyn, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 846.

By the same—

Whereas, Public necessity requires that certain valuable public records in the office of the County Clerk of Kings County, stored in various places in the Hall of

Records in said County, inaccessible, rapidly deteriorating and becoming misplaced, should be placed in proper repair and bound in book form, so that said records may be the better preserved; therefore

Resolved, That the County Clerk of Kings County be and he is hereby authorized and empowered to enter into a contract, without public letting, to an amount not to exceed ten thousand dollars (\$10,000), for the purpose aforesaid, to wit: binding into appropriate book form the said public records.

Which was referred to the Committee on Public Letting.

No. 847.

By Alderman Kuntze (by request)—

Resolved, That the heads of the various departments and bureaus be and hereby are requested to allow all indoor working force, during the months of July and August, to stop work at 2 p. m.

Which was referred to the Committee on Laws and Legislation.

No. 848.

By Alderman Herold—

Resolved, That permission be and the same is hereby given to Henry Weiike to erect and keep a watering trough on the sidewalk near the curb in front of his premises No. 1335 Flushing avenue, corner Woodward avenue, in the Borough of Brooklyn, the work to be done and water supplied at his own expense, under the direction of the President of the Borough of Brooklyn, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 849.

By the Vice-Chairman—

Whereas, There is a large number of books in the City Library in such mutilated condition that immediate attention thereto is an absolute necessity; and

Whereas, Many of these books, a partial list of which is hereto appended, contain important records, the preservation of which is imperative; therefore

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two thousand dollars (\$2,000), the proceeds whereof shall be applied to meet the expense of binding and placing in good repair the books contained in the City Library in the City Hall.

List of books requiring attention:

Valentine's Manual	35
New York City Directories (1800-1905)	85
Proceedings, Board of Aldermen	350
Journal and Documents, Board of Aldermen	125
Proceedings, Board of Assistant Aldermen	110

Annual Reports of Departments, New York State	60
Annual Reports of Departments, New York City	80

1,535

Which was referred to the Committee on Finance.

No. 850.

By Alderman Davies—

Resolved, That permission be and the same is hereby given to Thomas Leonard to erect and keep a watering trough on the sidewalk near the curb in front of his premises on the southeast corner of One Hundred and Twenty-eighth street and St. Nicholas avenue, in the Borough of Manhattan; the work to be done and water supplied at his own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 851.

By the same—

Whereas, The City constructed at a large expense a speedway along the westerly side of the Harlem river for the exclusive use of the drivers of light and pleasure vehicles and the speeding of horses; and

Whereas, On certain days of the week the said speedway is very little used or frequented by such traffic; and

Whereas, The owners of automobiles, consisting of a large number of our citizens, have no place for their exclusive use; therefore be it

Resolved, That the Board of Park Commissioners be requested to consider the question of the advisability of setting aside the use of the Harlem River Speedway for the exclusive use of the users of automobiles one day in each week.

Which was lost.

No. 852.

By the same—

Resolved, That the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he hereby is authorized and empowered, in pursuance of the provisions of section 419 of the Greater New York Charter, to sell at private sale, to the best advantage of The City of New York, an hippopotamus now in his possession which is growing too large for the quarters it now occupies.

Which was referred to the Committee on Parks.

No. 853.

By the same—

Whereas, The Board of Estimate and Apportionment has provided the sum of twenty-two hundred dollars (\$2,200) for Memorial Day observances in the Borough of Manhattan, pursuant to the provisions of chapter 552 of the Laws of 1905; and

Whereas, It is deemed necessary that said sum of twenty-two hundred dollars (\$2,200) be advanced to the Memorial and Executive Committee of the Grand Army of the Republic of the Borough of Manhattan, for the purpose of defraying expenses as they may arise; be it

Resolved, That the Comptroller be and is hereby authorized to pay to the Treasurer of the Memorial and Executive Committee of the Grand Army of the Republic, City of New York, Borough of Manhattan, upon his requisition, countersigned by the Chairman and Secretary of said committee, the sum of twenty-two hundred dollars (\$2,200) for the purpose of Memorial Day observances in the Borough of Manhattan, and that receipted vouchers for all expenses in connection with such celebration be filed with the Department of Finance as soon thereafter as possible.

Which was referred to the Committee on Finance.

No. 854.

By Alderman Cronin—

Whereas, The grant or franchise to the New York Gas Light Company was made May 12, 1823, for thirty years; the grant or franchise to the Manhattan Gas Light Company was made May 5, 1848, for twenty years; the grant or franchise to the Metropolitan Gas Light Company was made December 22, 1858, for thirty years,

Resolved, That the counsel to the corporation be and he hereby is requested and directed to report to this Board precisely, to what extent the aforesaid companies, and those claiming under them, possess rights in the streets; also what, if any, steps the municipal officers have taken, or purpose taking, to prevent an unauthorized encroachment by the aforesaid companies, any of them, or those claiming under them, upon public property.

Alderman Goodman moved to amend by striking out wherever they occur, the words "and directed."

Which amendment was accepted.

The resolution as amended was then adopted.

No. 855.

By Alderman Brown—

Whereas, Various citizens of the Twenty-seventh Assembly District and the Twenty-seventh Assembly District Republican Club have made application to the Board of Elections of this City, requesting said Board to provide United States Standard voting machines for use in that entire Assembly District at the next general election; and

Whereas, The said machine has been approved by the State Board of Voting Machine Commissioners and has been satisfactorily demonstrated, by its use in various cities and villages in this State and other States, to be effective and reliable to register and canvass the vote of the electorate.

Resolved, That this Board recommend to the said Board of Elections of this City that the said application of the Twenty-seventh Assembly District be granted:

Which was referred to the Committee on Laws and Legislation.

Alderman Sullivan moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, June 5, 1906, at 1.30 o'clock p. m.

P. J. SCULLY,

City Clerk and Clerk of the Board of Aldermen.

POLICE DEPARTMENT.

Sanitary Company (Boiler Squad),
New York, May 24, 1906.

BOARD OF EXAMINERS.

Board of Examiners,
May 15, 1906.

Present—Messrs. Warren A. Conover, Charles Buck, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and William J. Fryer, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes of last meeting were approved as read.

Appeal 25, Slip Application 278 of 1906, premises northeast corner One Hundred and Third street and Broadway, Manhattan; American Steel House Company, F. K. Plimby, president, appellant.

Laid over at last meeting.

The Clerk stated that the appellant telephoned that he was unable to be present and requesting the favor of a postponement until the next meeting of the Board; whereupon, on motion, Appeal 25 was laid over.

On motion, adjourned.

EDWARD V. BARTON, Clerk.

BOARD OF EXAMINERS.

Board of Examiners,
May 22, 1906.

Present—Messrs. Warren A. Conover, Charles Buck, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and William J. Fryer, Chairman.

Meeting called to order at 2 p. m.

Messrs. Smith and Buck, having reported, were excused.

On motion, minutes of last meeting were approved as read.

Appeal 25, Slip Application 278 of 1906, premises northeast corner One Hundred and Third street and Broadway, Manhattan; American Steel House Company, F. K. Plimby, president, appellant.

Laid over at last meeting.

Mr. F. K. Plimby appeared before the Board.

On motion, approval of application refused on account of lack of jurisdiction, as the amount involved is less than the sum required by section 411 of the Greater New York Charter to constitute an appeal to this Board.

The Chairman presented and read a letter addressed to him by Mr. Henry R. Marshall, relating to an error in the amount of payment received by him on the January payroll and requesting correction thereof on this month's payroll; which was agreed to, the Clerk being instructed to make such correction, and the letter ordered on file.

Adjourned.

EDWARD V. BARTON, Clerk.

METEOROLOGICAL OBSERVATORY OF THE
DEPARTMENT OF PARKS.

Abstract of Registers from Self-recording Instruments for the Week Ending May 18, 1906.

BELLEVUE AND ALLIED HOSPITALS.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held in the staff room on Tuesday, May 1, 1906, at 4.30 o'clock.

Present—Dr. Brannan, the President, in the chair; Messrs. Stern, Tack, Robbins, Tierney and Paulding, Trustees, and the Commissioner of Public Charities.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

During the week ending April 28, 38 operations were performed at Bellevue, 10 at Gouverneur, 9 at Harlem and 5 at Fordham, at all of which, excepting one minor operation at Harlem, the Attending Surgeons were present.

Attention is invited to the letter of February 27, 1906, from Messrs. P. J. Carlin & Co., stating that the new Harlem Hospital would be completed by March 15. More than a month and a half have elapsed since that time, and the building is far from completion. It is recommended that the contractor be directed to have the building ready at a fixed date.

On motion, duly seconded and carried, the matter of notifying the contractor of the incomplete condition of the new Harlem Hospital was deferred, awaiting further report from the Building Committee.

Communications.

A communication was received from Dr. W. H. Lockett, Secretary of the Medical Board of Harlem Hospital, transmitting the minutes of the Medical Board for the meeting held on April 24. On motion, duly second and carried, the nomination of Dr. G. E. Steel as Physician to Out Patients (nose, ear and throat) was referred to the Conference Committee, as was also the appointment of Dr. Edward T. Hull, which

was reported as having taken an irregular course. Upon the recommendation of the Examination Committee and the indorsement of the Harlem Medical Board, the following internes and substitutes were appointed to serve at Harlem Hospital:

Augustus J. Rossano, No. 451 East One Hundred and Fourteenth street, July 1, 1906.

Leo F. Schiff, No. 257 Quincy street, Brooklyn, July 1, 1906.

H. Archibald Fisher, No. 122 West One Hundred and Twenty-second street, January 1, 1907.

C. A. Ross, No. 339 West Fifty-fifth street, January 1, 1907.

Edgar T. Ray, No. 555 West One Hundred and Eighty-second street, July 1, 1906, substitute for one year.

Homer L. Day, No. 27 West Ninety-eighth street, July 1, 1906, substitute for one year.

John Overton, Harlem Hospital, January 1, 1906.

A communication dated April 28 was received from Dr. I. C. Reshower applying for a position in the Out Patient Department of the new Fordham Hospital. On motion, duly seconded and carried, this communication was referred to the Fordham Conference Committee.

A circular dated April 25 was received from Mr. P. J. Scully, City Clerk, containing a resolution in regard to granting leave of absence with pay for three days (June 20, 21 and 22) to employees who are veterans of the Civil War. On motion, duly seconded and carried, this communication was referred to the President for reply.

A circular dated April 24 was received from Mr. Joseph Haag, Secretary of the Board of Estimate and Apportionment, containing resolution regarding requests for creating new positions and fixing salaries. On motion, duly seconded and carried, this communication was placed on file.

A communication dated April 28 was received from Mr. Robert W. Hebbard, Commissioner, Department of Public Charities, in regard to the ambulance horses.

On motion, duly seconded, this communication was placed on file, and it was Resolved, That the opinion of the Corporation Counsel be asked as to the power of the Board of Trustees to dispose of City property otherwise than by auction, as seems to be required by the Charter.

A communication dated April 30 was received from Messrs. Horgan & Slattery concerning installation of wires in the new Harlem Hospital.

On motion, duly seconded and carried, this matter was referred to Mr. Tierney for investigation and report.

A circular dated April 28 was received from Mr. P. J. Scully, City Clerk, containing resolution regarding the employment of unformed men to perform work of a mechanical nature for contractors or subcontractors doing municipal work.

On motion, duly seconded and carried, this communication was referred to the President.

A communication dated April 30 was received from Mr. Raymond F. Almirall concerning the condition of the work at the new wing of Gouverneur Hospital.

On motion, duly seconded and carried, this communication was referred to the Building Committee for investigation and report.

A communication dated May 1 was received from Messrs. John R. Sheehan & Co. regarding the completion of the laundry at Gouverneur Hospital.

On motion, duly seconded and carried, this communication was referred to the Building Committee for investigation and report.

A communication was received from Dr. W. Gilman Thompson regarding the desire of the Presbyterian Hospital to adopt the Bellevue system of keeping records together with the nomenclature belonging to the same.

On motion, duly seconded and carried, the request of the Presbyterian Hospital was granted.

A communication dated April 24 was received from Messrs. Horgan & Slattery, with estimates from Messrs. P. J. Carlin & Co. on disconnecting and moving the heating pipes which project into the operating theatre at the new Harlem Hospital, and, on motion, duly seconded and carried, an expenditure of \$96 was authorized for said alteration.

Reports of Committees.

The Gouverneur Hospital Conference Committee, to which had been referred the question of creating the position of Consulting Ophthalmologist at Gouverneur Hospital, reported in favor of creating such position.

On motion, duly seconded, it was

Resolved, That the position of Consulting Ophthalmologist be created, and that Dr. Charles H. May, No. 698 Madison avenue, be and he hereby is appointed to said position.

BOROUGH OF THE BRONX.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX, MUNICIPAL BUILDING, CORNER THIRD AVENUE AND ONE HUNDRED AND SEVENTY-SEVENTH STREET, CROTONA PARK, NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of The Bronx at the above office until 11 o'clock a. m., on

TUESDAY, JUNE 12, 1906,

No. 1. FOR PAVING WITH MEDINA PAVING BLOCKS AND ASPHALT BLOCKS ON A CONCRETE FOUNDATION THE ROADWAY OF EAST ONE HUNDRED AND SIXTY-THIRD STREET, FROM THIRD AVENUE TO STEBBINS AVENUE, AND SETTING CURB WHERE NECESSARY.

The Engineer's estimate of the work is as follows:

9,675 square yards of completed asphalt block pavement and keeping the same in repair for five years from date of acceptance.

2,590 cubic yards of concrete, including mortar bed.

4,850 linear feet of old curbstone, rejointed, recut on top and reset in concrete.

6,500 square yards of medina sandstone block pavement, laid with paving cement joints, and keeping the same in repair for five years from date of acceptance.

The time allowed for the completion of the work will be 60 consecutive working days.

The amount of security required will be Twenty Thousand Dollars.

No. 2. FOR REGULATING, GRADING, SETTING CURBSTONES, FLAGGING THE SIDEWALKS, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES IN TAYLOR STREET, FROM MORRIS PARK AVENUE TO WEST FARMS ROAD.

The Engineer's estimate of the work is as follows:

300 cubic yards of earth excavation.

2,400 cubic yards of rock excavation.

11,000 cubic yards of filling.

2,500 linear feet of new curbstone, furnished and set.

9,900 square feet of new flagging, furnished and laid.

570 square feet of new bridgestone for crosswalks, furnished and laid.

1,350 cubic yards of dry rubble masonry, in retaining walls, culverts and gutters.

25 cubic yards of rubble masonry in mortar.

150 linear feet of vitrified stoneware pipe, 12 inches in diameter.

10 cubic yards of brick masonry.

5,000 pounds of cast iron in inlets, frames and covers.

The time allowed for the completion of the work will be 125 working days.

The amount of security required will be Six Thousand Dollars.

The bidder will state the price of each item or article contained in the specifications or schedule herein contained or hereto annexed, per foot, yard or other unit of measure or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms can be obtained upon application therefor, and the plans and specifications may be seen and other information obtained at said office.

LOUIS F. HAFFEN,

President.

DEPARTMENT OF BRIDGES.

DEPARTMENT OF BRIDGES, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE

DEPARTMENT OF STREET
CLEANING.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1421, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office until 12 o'clock m., on

TUESDAY, JUNE 12, 1906,

Boroughs of Manhattan, The Bronx and Brooklyn.

FOR FURNISHING AND DELIVERING CEMENT, FIRE CLAY, FIRE BRICK, LIME, BRICK AND PULVERIZED SLATE.

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before December 31, 1906.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item contained in the specifications or schedules herein contained or hereto annexed, per barrel, per thousand, per ton, or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item and awards made to the lowest bidder on each item.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

JOHN McG. WOODBURY,

Commissioner of Street Cleaning.

Dated, MAY 28, 1906.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for park purposes, in the Borough of Brooklyn.

Being all the remaining buildings situated within the lines of property known as Greenpoint Park, bounded by Berry street, Nassau avenue, Lorimer street, Driggs avenue, Manhattan avenue, Leonard street, Bayard street, Union avenue and North Twelfth street, in the Fourteenth, Fifteenth and Seventeenth Wards.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

TUESDAY, JUNE 12, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description, within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lathe and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them, be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts

of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, JUNE 11, 1906,

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to the following-described property, which it has by virtue of a lease from William V. B. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 28, 1895, and recorded in the Register's Office of the County of Kings in Liber 1 of Conveyances, at page 496, on December 31, 1895, in Section 21.

All that certain lot, piece or parcel of land situate, lying and being in the Thirty-first Ward of the Borough of Brooklyn, City of New York, known as and by the number 35 upon the assessment roll, for the opening of Surf avenue, from Prospect Park and Coney Island Railroad Company to Coney Island Point, in the former Town of Gravesend, later City of Brooklyn, now the Thirty-first Ward of The City of New York, which lease thereof for one hundred years was sold to the Town of Gravesend at a sale for unpaid assessments held on the 11th day of January, 1893, for the sum of \$22.42, and which lease was for the unexpired term conveyed to the City of Brooklyn by the Supervisor of the Town of Gravesend on December 29, 1895.

The minimum or upset price at which the interest of the City in and to the premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at forty dollars and thirty-nine cents (\$40.39).

The purchaser, in addition thereto, to pay the auctioneer's fee on such sale, and also to pay the further sum of one hundred dollars (\$100) for the expense of examination, advertising, etc. The sale of the said premises is to be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money, and the \$100 on such parcel, together with the auctioneer's fee, as above provided for. The quitclaim deed for the above-described premises to be delivered within thirty days from the date of sale.

The deed for said premises is to contain a clause reserving to the City all of the property lying within the bed of Surf avenue and West Twenty-fifth street as now laid out, together with any and all awards which have been or may be made on said property covered by the Assessment No. 35 for the opening of West Twenty-fifth street or of Surf avenue.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board held May 16, 1906.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, JUNE 11, 1906,

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to the following-described property, which it has by virtue of a lease from William V. B. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 24, 1896, and recorded in the Kings County Register's Office on December 29, 1896, in Section 21, Liber 3 of Conveyances, page 249:

Beginning at a point on the northerly side of Neptune avenue 1.46 feet westerly from the westerly line or side of West Fifth street, and running thence in a northerly or northeasterly direction 34.33 feet to the westerly side of West Fifth street; running thence northerly along the westerly side of said West Fifth street 316.26 feet; thence westerly at right angles to said West Fifth street 56.85 feet; thence southerly 354.78 feet to the northerly side of Neptune avenue, and thence easterly along the northerly side of Neptune avenue 72.50 feet to the point or place of beginning, known as and by the number 80 upon the assessment roll for the opening of Neptune avenue, between West Sixth street and Ocean parkway, in the late Town of Gravesend, which was sold to the Town of Gravesend at a sale for unpaid assessments held August 9, 1894, for the sum of \$36.83, and which said property is therefore leased to the City of Brooklyn for the term of one hundred years.

The minimum or upset price at which the interest of the City in and to the premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at sixty-two dollars and sixty-eight cents (\$62.68).

The purchaser, in addition thereto, to pay the auctioneer's fee on such sale, and also to pay the further sum of one hundred dollars (\$100) for the expense of examination, advertising, etc. The sale of the said premises is to be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money, and the \$100 on such parcel, together with the auctioneer's fee, as above provided for. The quitclaim deed for the above-described premises to be delivered within thirty days from the date of sale.

The deed for said premises is to contain a clause reserving to the City all of the property lying within the bed of Neptune avenue and West Fifth street, which will or would be necessary for the opening or widening thereof, together with all the right, title and interest in and to any awards that may have been or may hereafter be made in any proceedings for such opening or widening aforesaid.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved.

By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board held May 1, 1906.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN.

TWENTY-SIXTH WARD, SECTION 13.
CRESCENT STREET—PAVING. between Liberty and Pitkin avenues. Area of assessment: Both sides of Crescent street, between Pitkin and Liberty avenues, and to the extent of half the block at the intersecting and terminating avenues.

—that the same was confirmed by the Board of Revision of Assessments on May 24, 1906, and entered May 24, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided for in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum to be calculated to the date of payment from the date when such assessments became liens as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays till 12 m., and all payments made thereon on or before July 23, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became a lien to the date of payment.

HERMAN A. METZ,

Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
 COMPTROLLER'S OFFICE, May 24, 1906.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.
CARTER AVENUE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS. from East One Hundred and Seventy-third street to Tremont avenue. Area of assessment: Both sides of Carter avenue, from East One Hundred and Seventy-third street to Tremont avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

BUCHANAN PLACE—SEWER. between Jerome avenue and Aqueeduct avenue East. Area of assessment: Both sides of Buchanan place, from Jerome avenue to Aqueeduct avenue East; west side of Grand avenue, from One Hundred and Eighty-second street to Buchanan place; east side of Aqueeduct avenue East, from One Hundred and Eighty-second street to about 88 feet north of Buchanan place.

HAWKSTONE STREET—SEWER. between Walton avenue and the Grand Boulevard and Concourse. Area of assessment: Both sides of Hawkstone street, from Walton avenue to the Concourse, and extending northerly and southerly about 100 feet; also east side of Walton avenue and west side of the Concourse, from Rockwood to Hawkstone street.

—that the same were confirmed by the Board of Revision of Assessments May 24, 1906, and entered on May 24, 1906, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. to 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 23, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected

by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 6.
EAST ONE HUNDRED AND TWENTY-FOURTH STREET—FENCING VACANT LOTS. north side, from First avenue to the East river. Area of assessment: North side of One Hundred and Twenty-fourth street, west of Pleasant avenue, Block 1812, Lot No. 12.

—that the same was confirmed by the Board of Revision of Assessments on May 24, 1906, and entered on May 24, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 23, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for school purposes, in the

Borough of Manhattan.

All the buildings, parts of buildings, etc., standing upon land acquired for the Board of Education, and described as follows:

Beginning at a point in the southerly line of East Fifty-seventh street distant 100 feet westerly from the westerly line of Second avenue; running thence southerly and parallel with Second avenue 100 feet 5 inches; thence westerly and parallel with East Fifty-seventh street 75 feet; thence northerly and again parallel with Second avenue 100 feet 5 inches to the southerly line of East Fifty-seventh street; thence easterly along the southerly line of East Fifty-seventh street 75 feet to the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

FRIDAY, JUNE 8, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lathe and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings, or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting

without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,
Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,

The area of assessment also includes all of Plot 1, Lot No. 13, Lot No. 12, Lot No. 4; also Plot 6, Lot No. 7a, Lot No. 77b and Lot No. 77.

—that the same were confirmed by the Board of Assessors May 22, 1906, and entered on May 22, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Bay and Sand streets, Stapleton, Borough of Richmond, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 21, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for school purposes, in the

Borough of Brooklyn.

All the buildings, parts of buildings, etc., standing upon land acquired for the Board of Education, and described as follows:

Beginning at a point formed by the intersection of the northerly line of Fifty-first street with the westerly line of Sixth avenue, and running thence northerly along the westerly line of Sixth avenue 200 feet 4 inches to the southerly line of Fifth street; thence westerly along the southerly line of Fifth street 200 feet; thence southerly and parallel with Sixth avenue 200 feet to the northerly line of Fifty-first street; thence easterly along the northerly line of Fifty-first street 200 feet to the westerly line of Sixth avenue, the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

TUESDAY, JUNE 5, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description, within the described area are to be torn down to a level two feet below the existing curb and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, or from any failure to remove the said buildings by the said

successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,
Comptroller.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following named streets in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 2.
WEST ONE HUNDRED AND SEVENTIETH STREET—OPENING, between Kingsbridge road and Haven avenue. Confirmed November 28, 1904, and November 21, 1905. Entered May 19, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and 100 feet easterly from the easterly line of Amsterdam avenue with the easterly prolongation of a line parallel to and 100 feet southerly from the southerly line of West One Hundred and Seventieth street; running thence westerly along said prolongation and last-mentioned parallel line to its intersection with the middle line of the block between Eleventh avenue and Audubon avenue; thence southerly along said middle line and its prolongation to its intersection with a line parallel to and 100 feet southerly from the southerly line of East One Hundred and Sixty-ninth street; thence westerly along said last-mentioned parallel line and its prolongation to its intersection with the southerly prolongation of a line parallel to and 100 feet westerly from the westerly line of Haven avenue; thence northerly along said prolongation and parallel line to its intersection with the westerly prolongation of a line parallel to and 100 feet northerly from the northerly line of West One Hundred and Seventieth street; thence easterly along said last-mentioned prolongation and parallel line to its intersection with the middle line of the blocks between Audubon avenue and Eleventh avenue; thence southerly along said middle line to its intersection with a line parallel to and 100 feet northerly from the northerly line of West One Hundred and Seventieth street; thence easterly along said parallel line and its prolongation to its intersection with a line parallel to and 100 feet easterly from the easterly line of Amsterdam avenue; thence southerly along said parallel line to the point or place of beginning.

WEST TWO HUNDRED AND FIFTEENTH STREET—OPENING, from Kingsbridge road to Harlem river. Confirmed June 8, 1904, and December 8, 1905; entered May 19, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the bulkhead line of the Harlem river with the southeasterly prolongation of the middle line of the blocks between West Two Hundred and Fourteenth street and West Two Hundred and Fifteenth street; running thence northwesterly along said prolongation and middle line and its northwesterly prolongation to its intersection with a line drawn parallel to and distant 100 feet northwesterly from the northwesterly line of Broadway; thence northeasterly along said parallel line to its intersection with the northwesterly prolongation of the middle line of the blocks between West Two Hundred and Sixteenth street and West Two Hundred and Seventeenth street; thence southeasterly along said prolongation and middle line and its southeasterly prolongation to the bulkhead line of the Harlem river; thence southwesterly along said bulkhead line of the Harlem river to the point or place of beginning.

The above-entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 18, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education public notice is hereby given that the Commissioners of the Sinking Fund of

The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for school purposes, in the

Borough of Manhattan.

All the buildings, parts of buildings, etc., standing upon land acquired for the Board of Education, and described as follows:

Beginning at a point formed by the intersection of the northerly line of Madison street with the westerly line of Jackson street, and running thence northerly along the westerly line of Jackson street one hundred and three (103) feet one (1) inch; thence westerly at right angles to Jackson street one hundred (100) feet; thence southerly and parallel with Jackson street fourteen (14) feet ten and one-half (10 1/2) inches; thence westerly and parallel with Madison street fifty (50) feet three and one-quarter (3 1/4) inches; thence southerly along the easterly line of the lands of Public School 12 ninety-four (94) feet to the northerly line of Madison street; thence easterly along the northerly line of Madison street one hundred and fifty (150) feet four (4) inches to the westerly line of Jackson street, the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

FRIDAY, JUNE 1, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

The position of Process Server in the Law Department is permanent, but the work is irregular and varies in quantity from month to month, making the compensation uncertain.

Salary \$1.15 for each summons or process actually served, but not to exceed \$100 per month in any case.

There are at present eight (8) vacancies.

The minimum age is 21 years.

FRANK A. SPENCER,
Secretary.

m25,j4

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, April 28, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that open competitive examinations will be held for the following positions in New York City, Albany and Buffalo:
ASSISTANT ENGINEER, BOARD OF WATER SUPPLY, SATURDAY, JUNE 2, 1906, 10 A. M.

The receipt of applications will close on Monday, May 21, 1906, at 4 p. m.

The subjects and weights of the examination are as follows:

Technical..... 50
Mathematics..... 15
Report..... 15
Experience..... 20

The percentage required is 75 on technical paper and 70 on all.

Candidates must state where they wish to be examined—Albany, Buffalo or New York.

Candidates should not apply for this position unless they are ready to accept employment in any part of the State where their services may be needed. Certification will not be made from the resulting eligible list to any other department, except, if necessary, to the Aqueduct Commission.

The requirement of residence in the State of New York has been waived so far as it applies to this examination.

That section of Rule VIII, requiring that applications from non-residents of the City should bear the certificates of at least two reputable citizens of the City of New York has been waived for this examination, subject to the approval of the Mayor and the State Civil Service Commission.

The provision of Rule VII, to the effect that no person who has entered an examination for appointment to a competitive position and failed therein or has withdrawn therefrom, shall be admitted within nine months to a new examination for the same position, is waived so far as it applies to this examination.

The salary is \$1,350 per annum.

The minimum age is 21.

CHAINMAN AND RODMAN, BOARD OF WATER SUPPLY, SATURDAY, JUNE 2, 1906, 10 A. M.

The receipt of applications will close on Monday, May 21, 1906, at 4 p. m.

The subjects and weights of the examination are as follows:

Technical..... 6
Mathematics..... 2
Experience..... 2

The percentage required is 75 on technical paper and 70 on all.

Candidates must state where they wish to be examined—New York, Albany or Buffalo.

Candidates should not apply for this position unless they are ready to accept employment in any part of the State where their services may be needed. Certification will not be made from the resulting eligible list to any other department, except, if necessary, to the Aqueduct Commission.

Secretary.

m24,j1

MUNICIPAL CIVIL SERVICE COMMISSION, No. 61 ELM STREET, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

WILLIAM F. BAKER,
President;

R. ROSS APPLETON,
ALFRED J. TALLEY,
Commissioners.

FRANK A. SPENCER,
Secretary.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FORD STREET (although not yet named by proper authority), from Tiebout avenue to Webster avenue, as laid out on section 14 of the final maps of the Twenty-third and Twenty-fourth Wards, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of June, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of June, 1906, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 25th day of June, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly line of Tiebout avenue with the southerly line of East One Hundred and Eighty-third street; running thence easterly along said line of East One Hundred and Eighty-third street to its intersection with a line parallel to and distant one hundred feet easterly from the easterly line of Webster avenue; thence southerly along said parallel line to its intersection with the northerly line of East One Hundred and Eighty-first street; thence westerly along said line of East One Hundred and Eighty-first street and its westerly prolongation to its intersection with the easterly line of Tiebout avenue; thence northerly along said line of Tiebout avenue to the point or place of beginning, as such area is shown upon our benefit map deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 4th day of October, 1906, at the opening of the Court on that day.

Dated, BOROUGH OF MANHATTAN, NEW YORK, May 3, 1906.

FRANCIS W. POLLOCK,
Chairman;
STANISLAUS J. VANECEK,
Commissioners.

JOHN P. DUNN,
Clerk.

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonality of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening MOUNT VERNON AVENUE (although not yet named by proper authority), from Jerome avenue to the northern boundary of The City of New York, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to

all persons interested in this proceeding and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 13th day of June, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of June, 1906, at 10.30 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in said City, there to remain until the 23d day of June, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly prolongation of a line drawn parallel to East Two Hundred and Thirty-third street and distant 300 feet southerly therefrom, with a line drawn parallel to the westerly line of Jerome avenue and distant 300 feet westerly therefrom; running thence northerly along said parallel line to its intersection with the northern boundary line of The City of New York; thence easterly along said boundary line to its intersection with the westerly line of Vireo avenue; thence southwesterly along said northwesterly line to the middle line of the block between East Two Hundred and Thirty-ninth street and East Two Hundred and Thirty-eighth street; thence westerly along said middle line to the middle line of the block between Vireo avenue and Martha avenue; thence southerly along said last-mentioned middle line to the middle line of the block between East Two Hundred and Thirty-sixth street and East Two Hundred and Thirty-fifth street; thence westerly along said last-mentioned middle line to a line drawn parallel to the easterly line of Katonah avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to the middle line of the block between East Two Hundred and Thirty-fifth street and East Two Hundred and Thirty-fourth street; thence westerly along said middle line to the middle line of the block between Katonah avenue and Kepler avenue; thence southerly along said last-mentioned middle line and its southerly prolongation to a line drawn parallel to the southerly line of East Two Hundred and Thirty-third street and distant 300 feet southerly therefrom; thence westerly along said parallel line to the point or place of beginning, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 2d day of October, 1906, at the opening of the Court on that day.

Dated, BOROUGH OF MANHATTAN, NEW YORK, May 16, 1906.

SUPREME COURT—SECOND DEPARTMENT.

SECOND JUDICIAL DISTRICT.

In the matter of the application of The City of New York to acquire certain real estate in the Towns of Lewisboro, Poundridge and Bedford, Westchester County, N. Y., under chapter 490 of the Laws of 1883 and the laws amendatory thereof, for the purpose of a dam and reservoir on Cross river, and for the purpose of supplying The City of New York with an increased supply of pure and wholesome water.

Cross River Dam and Reservoir, Second Division.—Notice of Filing and of Motion to Confirm Third Separate Report.

PUBLIC NOTICE IS HEREBY GIVEN that the third separate report of Francis Larkin, Charles Brandt, Jr., and John J. Brown, Commissioners of Appraisal in the above-entitled matter, was filed in the office of the Clerk of the County of Westchester, at White Plains, in said county, on the 5th day of May, 1906.

Notice is further given that the third separate report includes and affects the parcels of land designated as Parcels Nos. 62, 62½, 62½, 58, 65, 75, 78, 78½ and 50 in said proceedings.

Notice is further given that an application will be made at a Special Term of the Supreme Court of the State of New York, to be held in and for the Second Judicial District, at the Court House in the Village of White Plains, County of Westchester, on the 30th day of June, 1906, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard for an order confirming said report and for such other and further relief as may be just.

Dated New York, May 28, 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HAMILTON STREET (although not yet named by proper authority), from Sanford street to Vernon avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in the City of New York, on or before the 30th day of June, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 25th day of June, 1906, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 30th day of June, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of southeasterly line of Vernon avenue with the middle line of the blocks between Hamilton street and Hancock street; running thence, southerly, along said middle line, parallel to Hamilton street, to its intersection with the northerly line of Nott avenue; thence, westerly, along said northerly line of Nott avenue and north-westerly along the northeasterly line of Vernon avenue to its intersection with the middle line of the blocks between Hamilton street and Vernon avenue; thence, northerly, along said middle line to its intersection with the southeasterly line of Vernon avenue; thence, northeasterly, along said southeasterly line to the point or place of beginning, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit map deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn in the City of New York, on the 8th day of October, 1906, at the opening of the Court on that day.

Dated, Borough of Manhattan, New York, May 25, 1906.

PETER A. LEININGER,
Chairman,
JOHN J. DALY,
JOS. FITCH,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND JUDICIAL DISTRICT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on TILLARY, BRIDGE AND LAWRENCE STREETS, in the Borough of Brooklyn, in the City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate in the above entitled matter, appointed pursuant to the provisions of the statutes relating thereto, hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises title to which is sought to be acquired in this proceeding and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons interested in the lands or premises affected by this proceeding or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of the City of New York, at Park avenue and Fifty-ninth street, Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate and who may object to the same or any part thereof, may within ten days after the first publication of this notice, May 26, 1906, file their objections to such estimate, in writing, with us, at our office, Room 92, Franklin Trust Company Building, No. 166 Montague street, in the Borough of Brooklyn, in said City, as provided by statute, and that we, the said Commissioners, will hear parties so objecting at our office on the 8th day of June, 1906, at 11 o'clock in the forenoon, and upon such subsequent days as may be found necessary.

Dated, City of New York, Borough of Brooklyn, May 26, 1906.

GEORGE B. ABBOTT,
EDWARD C. DOWLING,
ISAAC F. RUSSELL,
Commissioners.

GEORGE T. RIGGS,
Clerk.

m26,j7

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening FORTY-NINTH STREET, between the former City line and West street, in the Thirtieth Ward, in the Borough of Brooklyn, in the City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved or unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections, in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 15th day of June, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 12th day of June, 1906, at 11 o'clock a. m.

Second—That the abstract of our said amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the

Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, there to remain until the 20th day of June, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of West street, where the same is intersected by the centre line of the block between Forty-ninth street and Forty-eighth street; running thence north-westerly and along the centre line of the blocks between Forty-ninth street and Forty-eighth street to the old City line of Brooklyn; running thence southwesterly along the old City line of Brooklyn to the centre line of the block between Forty-ninth street and Fiftieth street; running thence southeasterly along the centre line of the block between Forty-ninth street and Fiftieth street to the westerly side of West street; running thence northerly along the westerly side of West street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 24th day of September, 1906, at the opening of the Court on that day.

Dated, Borough of Brooklyn, THE CITY OF NEW YORK, May 21, 1906.

ROBERT S. BUSSING,
Chairman;
JAMES HARDIE,
C. B. RESSEGUIE,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the construction of the BORDEN AVENUE BRIDGE over the Dutch Kills, in the Borough of Queens, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, in the City of New York, on Friday, the 1st day of June, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Appraisal in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the construction of the Borden Avenue Bridge, over the Dutch Kills, in the Borough of Queens, City of New York, being the following-described lots, pieces or parcels of land, viz.:

1. Beginning at a point on the southerly side of Borden avenue, three hundred ten feet (310.00') westerly from the westerly side of Review avenue; running thence at right angles to Borden avenue twenty-two feet (22.00'); thence westerly parallel to Borden avenue one hundred and fifty feet (150.00') to bulkhead line; thence northeasterly along bulkhead line thirty-four and four hundred and forty-two thousandths feet (34.442') to the southerly side of Borden avenue; thence easterly along the southerly side of Borden avenue one hundred and twenty-three and five-tenths feet (123.5') to a point of beginning.

2. Beginning at a point on the southerly side of Borden avenue four hundred thirty-three and five-tenths feet (433.5') westerly from the westerly side of Review avenue; thence southwesterly along bulkhead line thirty-four and four hundred forty-two thousandths feet (34.442'); thence westerly parallel to Borden avenue seventy-three and thirty-seven hundredths feet (73.37') to prolongation of the pier line of the easterly pier of Borden Avenue Bridge; thence northeasterly along prolongation of said pier line twenty-eight and six hundred and sixty-one thousandths feet (28.661') to the southerly side of Borden avenue; thence easterly along southerly side of Borden avenue eighty-one and five-tenths feet (81.5') to point of beginning, as shown on a certain map entitled "Map survey or plan of certain lands and premises situated in the Borough of Queens, in the City of New York, duly selected for the construction of a bridge over the Dutch Kills, in the Borough of Queens, and known as Borden Avenue Bridge," dated May 5, 1905, and filed in the office of the Department of Bridges on May 12, 1905, and in the office of the Clerk of the County of Queens, on May 15, 1905.

Dated New York, May 19, 1906.
JOHN J. DELANY,
Corporation Counsel,
No. 2 Tryon Row,
Borough of Manhattan,
New York City.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of STATE STREET (although not yet named by proper authority), from Murray lane to Seventeenth street, in the Third Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court, Second Department, of the State of New York, bearing date the 24th day of January, 1906, and filed in the office of the Clerk of the County of Queens on the 9th day of May, 1906, Joseph J. Touhy, William J. Burnett and Dow S. Lott were appointed Commissioners of Estimate and Assessment in the above-entitled proceeding.

Notice is further given, pursuant to the statute in such case made and provided, that the said Joseph J. Touhy, William J. Burnett and Dow S. Lott will attend at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court House, in the Borough of Brooklyn, City of New York, on the 1st day of June, 1906, at 2 o'clock p. m. on that day, for the purpose of being examined under oath by the Corporation Counsel of the City of New York, or any person having an interest in said proceeding, as to their qualifications to act as such Commissioners of Estimate and Assessment in this proceeding.

Dated May 18, 1906.

Voris, John A. Rapelye and John F. Rogers were appointed Commissioners of Estimate and Assessment in the above-entitled proceeding.

Notice is further given, pursuant to the statute in such case made and provided, that the said Stephen H. Voris, John A. Rapelye and John F. Rogers will attend at a Special Term of said Court, for the hearing of motions, to be held in and for the County of Kings, in the County Court House, in the Borough of Brooklyn, City of New York, on the 1st day of June, 1906, at 2 o'clock p. m. on that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or any person having an interest in said proceeding, as to their qualifications to act as such Commissioners of Estimate and Assessment in this proceeding.

Dated May 18, 1906.

JOHN J. DELANY,
Corporation Counsel,
No. 2 Tryon Row,
Borough of Manhattan,
City of New York.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EMMA STREET (although not yet named by proper authority), from Flushing avenue to William street, in the Second Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT by an order of the Supreme Court, Second Department, of the State of New York, bearing date the 24th day of January, 1906, and filed in the office of the Clerk of the County of Queens on the 9th day of May, 1906, Edward A. Maher, Jr.; David Springsteen and John H. Sutphin were appointed Commissioners of Estimate and Assessment in the above-entitled proceeding.

Notice is further given, pursuant to the statute in such case made and provided, that the said Edward A. Maher, Jr.; David Springsteen and John H. Sutphin will attend at a Special Term of said Court, for the hearing of motions, to be held in and for the County of Kings, in the County Court House, in the Borough of Brooklyn, City of New York, on the 1st day of June, 1906, at 2 o'clock p. m. on that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or any person having an interest in said proceeding, as to their qualifications to act as such Commissioners of Estimate and Assessment in this proceeding.

Dated May 18, 1906.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS, ROOM 401, NO. 320 BROADWAY, NEW YORK, MAY 21, 1906.

TO CONTRACTORS.

TEST BORINGS.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Rapid Transit Railroad Commissioners at the above office until 12 o'clock noon on

MONDAY, JUNE 4, 1906.

at which place and hour the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Rapid Transit Railroad Commissioners as soon thereafter as practicable, for making test borings on the lines of proposed rapid transit railway routes in The City of New York, boroughs of Manhattan, The Bronx, Brooklyn and Queens. These test borings will include both diamond drill and wash borings.

The security required will be Five Thousand Dollars.

No bid will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money, to the amount of \$600.

Copies of a pamphlet containing further information for bidders, forms of proposal and contract, specifications and forms of bonds and certificates and sets of lithographs of the contract drawings can be obtained from the office of the Board on application.

ALF. KANDER E. ORR,
President.

BION L. BURROWS,
Secretary,

THEODORE A. BINGHAM,
Police Commissioner.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the same thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate. For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
