Mr. Farley, Chairman of the Building Committee, submitted reports received from the Supervising Engineer, dated June 3, as to the methods of repairing the stable at Bellevue Hospital. The cost involved was estimated at \$3,000. This question was continued with the Building Committee for further investigation.

Mr. Farley, Chairman of the Building Committee, referred to the suggestions made by the General Medical Superintendent on March 21, 1911, in regard to the use of the piers at 28th and 29th sts., and recommended that no action be taken until the new hospital is more nearly completed. This report was approved.

The President submitted a list of bids received on June 6, following readvertisement, for the installation of a fire sprinkler system at Bellevue Hospital, as follows:

George Keiser, \$3,490; H. C. Vozel Company, \$9,200; J. M. Knopp, \$9,423; General Fire Extinguisher Company, \$9,500; International Sprinkler Company, \$9,550; S. W. Bowles Company, \$9,850; Rockwood Sprinkler Company of Massachusetts, \$10,450.

Action on these bids was deferred.

The list of bids received on May 26 for supplies for the new pathological building, including books, were submitted, and after consideration, referred to the Committee

on Supplies for recommendation. A communication from G. E. Steckert & Co., dated June 1, in regard to the bids received for books was also referred to that Committee.

A communication dated June 1 was received from Messrs. McKim, Mead & White, transmitting a letter from their consulting engineers, the Starr Engineering Company, recommending a change in the method of intake of salt water for the refrigerating machinery, and enclosing an estimate received from the John H. Parker Company amounting to \$324 for the execution of the work. This plan will permit the use of seep water, which is cleaner and better than the water which would be taken direct from the river.

The estimate was accepted.

A communication dated June 1 was received from Dr. Goldwater requesting that the architects be instructed to provide in the plans and specifications of Pavilions L and M for the construction of a workshop. It was resolved to reply that it would not seem to the Board that any particular benefit would be gained by constructing the workshop along with the new Pavilions, especially as the change of the plans would involve much delay.

A communication dated June 1 was received from the Gamewell Fire Alarm Company, stating that the lowest bidder for the fire alarm system at Harlem Hospital cannot properly execute the work at the price quoted. The letter was referred to the Department of Water Supply, Gas and Electricity.

A communication was received from the Anderson Martin Electric Company, to whom the contract for the reconstruction of the lighting system at Gouverneur Hospital was awarded on May 16, 1911, desiring to withdraw the bid. Referred to the General Medical Superintendent for investigation and report.

A communication dated June 1 was received from the Secretary of the Fire Department, stating that an examination of the buildings of Bellevue Hospital had been ordered, and denying the request of the Trustees that a Fireman be detailed to Bellevue Hospital at all times, and suggesting that a retired Fireman be employed by the Trustees for the purpose. This communication was referred to Mr. Drummond, Mr. Farley and Dr. Brannan, as a Committee, with power to confer with the Fire Commissioner on the subject.

A communication dated May 31 was received from the Secretary of the Hospital Conference of the City of New York, transmitting a copy of a resolution adopted by that Conference requesting all hospitals to protest against the requirements of the State Board of Regents in regard to the registration of Pupil Nurses. It was resolved to communicate with the State Board of Regents in the terms requested.

A communication dated June 2 was received from the Board of Estimate and Apportionment, transmitting copy of a resolution adopted June 1 granting for a period of six months the application of the Trustees that Gouverneur, Harlem and Fordham Hospitals be exempted from the use of the standard specifications requiring the purchase of meat in carcass form in said hospitals after July 1, 1911, on the understanding that the plan of making the storehouse of Bellevue Hospital the general receiving point for all supplies required by the hospitals under the control of the Board be put into effect by that date.

The minutes of the meeting of the Medical Board of Bellevue Hospital held on June 1 were presented. The nomination of Dr. T. F. Donovan to serve six months on the obstetrical service, beginning on July 1, 1911, was approved. The statement of the Third Division in regard to the number of votes controlled by that division was duly noted. The request for information as to the number of constituent members on each division was also noted, and the Secretary was directed to reply that the number has not been changed to allow an increase to more than eight, but in order to remove all possible doubt as to this, it was resolved to ask the Second Division to place on record a statement similar to that which has been made by the Third Division. The nomination of Dr. L. M. Moody as Assistant Physician to Out Patients, on the Second Division was referred to the Conference Committee. The resignation of Dr. E. L. Keyes, Jr., as Visiting Genito-Urinary Surgeon to the Third Division was accepted, and his nomination to a similar position on the Second Division was referred to the Conference Committee.

The minutes of the meeting of the Medical Board of Gouverneur Hospital held on June 1 were presented. The recommendation that a Consulting Neurologist be appointed was referred to the Conference Committee, as were also the nominations of Doctors Elster, Lefrak and Alexander; the resignations of Dr. Israel Grushlaw as Assistant Physician to Out Patients and of Dr. Meyer Rabinovitch as Assistant Surgeon to Out Patients were accepted; and the report of the Super-

visory Committee in regard to the need of additional Nurses in the Out Patient Department was referred to the General Medical Superintendent for consideration.

A communication dated June 1 was received from Dr. Ernest Sachs resigning from the place of Surgeon to Out Patients and Adjunct Assistant Visiting Surgeon to the Fourth Division of Bellevue Hospital, to take effect on July 1, 1911, which resignation was accepted.

A communication dated May 31 was received from Dr. W. C. Thompson, Visiting Physician to the Second Division of Bellevue Hospital, explaining absences during the month of May.

A communication dated June 1 was received from Dr. J. P. Hoguel resigning from the place of Assistant Surgeon to Out Patients on the First Division of Bellevue Hospital. This resignation was accepted.

The President and the Chairman of the Building Committee both reported that they had been requested by Mr. Daniel J. Ryan to rescind the resolution adopted on May 31, 1911, in regard to his request for an extension of time on his contract for the enlargement of the psychopathic pavilion. After consideration, it was resolved to adhere to the decision which had been rendered in this case.

Consideration was given to bids received on May 9 for the construction of a workshop at Fordham Hospital. It was resolved to accept the lowest bid received, and to award a contract to the L. J. Wadsworth Construction Company accordingly.

It was resolved to inform Mr. R. F. Almirall that the Trustees would be glad to have him proceed with the plans and specifications for the construction of wards on the roof of Fordham Hospital, provided it is clearly understood and distinctly agreed upon that the Department will in no way be responsible for fees, or any expense which he may incur in connection therewith, unless the appropriation which has been requested is secured and a formal contract prepared.

Adjourned.

A. M. ROBBINS, Secretary pro tem.
