The Committee also reported in favor of the adoption of the following preambles and resolutions:

Whereas, The Chief Engineer has certified, under date of April 15, 1889, that the repairs of defective work on Section 8 of the New Aqueduct have so far progressed that it will not be necessary to continue to retain the whole amount heretofore certified as necessary to be retained for such purpose, but that the amount so retained may safely be reduced by the sum of \$1,000, leaving the sum of \$8,000 still to be retained to cover the cost of repairs yet to be made on said section; and

Whereas, The Chief Engineer has likewise certified, under said date, that the repairs of defective work on Section 10B of the New Aqueduct have so far progressed that it will not be necessary to continue to retain the whole amount heretofore certified as necessary to be retained for such purpose, but that the amount so retained may safely be reduced by the sum of \$1,000, leaving the sum of \$8,000 still to be retained to cover the cost of repairs yet to be made on said section; therefore

Resolved, That, in the opinion of the Aqueduct Commissioners, it will be safe and proper for the Comptroller to release and pay to the contractors for Section 8 of the New Aqueduct the sum of \$1,000, from the amount heretofore retained, leaving \$8,000 still to be retained to cover the cost of repairs of defective work yet to be made on said section.

Resolved, That in the opinion of the Aqueduct Commissioners, it will be safe and proper for the Comptroller to release and pay to the contractors for Section 10B of the New Aqueduct, the sum of \$1,000 from the amount heretofore retained, leaving \$8,000 still to be retained to cover the cost of repairs of defective work yet to be made on said section.

On motion of Commissioner Howe, the preambles and resolutions were adopted.

The Committee also presented the following:

The Construction or Executive Committee report:

That they have had under consideration a communication received from the Chief Engineer stating that Smith & Brown, the contractors for Section 1 of the New Aqueduct, offer to do all the filling required around the gate-house, to the extent of 6,800 cubic yards, for fifty cents per yard, in place; and that inasmuch as the Chief Engineer recommends that the said work be done, and it appearing to your Committee that it is necessary and proper that it should be done, and the price to be charged per cubic yard for doing said work appearing to be reasonable, we recommend the adoption of the following resolution:

Resolved, That the Chief Engineer be and he is hereby directed to authorize Smith & Brown, the contractors for Section 1 of the New Aqueduct, to do such filling as may be required around the gate-house on said section, to the approximate amount of 6,800 cubic yards, providing the same shall be put in place for the sum of fifty cents per cubic yard, as directed by the Engineer.

The report was adopted by the following vote:

Lee under his contract made with this Commission on the 7th day of February, 1887, for constructing Shaft 15½, situated on Section 7 of the New Aqueduct, and that a proper voucher for the final payment for work done and materials furnished under said agreement be approved by the Commissioners and certified to the Comptroller for payment.

On motion of Commissioner Scott, the preamble and resolution was adopted.

The Committee also reported in favor of the adoption of the following resolution:

Resolved, That the Committee on Construction collate and communicate to the Comptroller all the facts necessary to the determination of the question as to when the work under the contract for the construction of Shaft 15½, situated on Section 7 of the New Aqueduct, was actually completed; and also what extra work, if any, at said shaft, not called for by said contract, has been ordered by the Commissioners, or the Chief Engineer, and performed by the contractor.

On motion of Commissioner Scott, the resolution was adopted.

The Comptroller, under date of April 13, 1889, gave notice of the issue of warrants for the payment of vouchers not certified to by the Aqueduct Commissioners, for

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR FURNISHING THE
materials and labor, and doing the work required
for placing Electrical Conductors underground for this
Department, will be received at the Central Office of the
Department of Police in the City of New York, until
10 o'clock A. M. of Tuesday, the 22nd day of May, 1889.

Bidders will state in their estimates a price:
1st. For furnishing the materials for and doing the
work with the seamless insulated wires and cables of
"The Safety Insulated Wire and Cable Company," as
specified, or

2d. For furnishing the materials and doing the work
with cables claimed to be as good or better than the
seamless insulated wires and cables of "The Safety
Insulated Wire and Cable Company," the bidder to spec-
ify the kind and quality proposed to be furnished, and
submit samples thereof, as specified.

For information as to the amount and kind of work to
be done, bidders are referred to the specifications and
map which form part of these proposals, which said map
now on file in the Police Department was approved by
the Board of Police on the 26th day of April, 1889, and
dated and signed by the Chief Clerk of said Board.

Bidders must satisfy themselves by personal examina-
tion of the nature and extent of the proposed work, and
by such other means as they may prefer, as to what
work will be required to be done and materials fur-
nished, and shall not at any time after the submission
of an estimate, dispute, complain or assert that there
was any misunderstanding in regard to such work or
materials.

The map may be seen and forms of estimates with
specifications, showing the amount and kind of work to
be done, may be obtained at the office of the Chief Clerk
of this Department.

The work is to be completed and delivered on or before
the nineteenth (9th) day after the execution of the con-
tract.

The damages to be paid by the contractor for each
day that the contract may be unfulfilled after the time
specified for the completion thereof shall have expired
are fixed and liquidated at twenty (\$20) dollars.

The person or persons making an estimate shall fur-
nish the same in a sealed envelope, indorsed "Estimates
for Electrical Conductors" and with his or their name or
names, and the date of presentation to the head of said
Department, at the said office, on or before the day and
hour above named, at which time and place the proposals
received will be publicly opened by the head of said
Department and read.

The person or persons to whom the contract may be
awarded will be required to give security, for the per-
formance of the contract in the manner prescribed by
law, in the sum of twenty thousand dollars.

The Police Department reserves the right to decline
any and all bids or estimates if deemed for the public
interest.

No estimates will be accepted from, or a contract
awarded to, any person who is in arrears to the Cor-
poration, upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Cor-
poration.

Each estimate shall contain and state the name and
place of residence of each of the persons making the
same; the names of all persons interested with him or
them therein; and if no other person be so interested,
it shall distinctly state that fact; also, that it is made
without any connection with any other person making
an estimate for the same purpose; and is in all respects
fair, and without collusion or fraud; and that no member
of the Common Council, head of a department, chief of
a bureau, deputy thereof or clerk therein, or other officer
of the Corporation, is directly or indirectly interested
therein, or in the supplies or work to which it relates,
or in any portion of the profits thereof. The estimate
must be verified by the oath, in writing, of the party or
parties making the estimate, that the several matters
stated therein are in all respects true. Where more than
one person is interested, it is requisite that the verifica-
tion be made and subscribed by all the parties inter-
ested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders in
the City of New York, with their respective places of
business or residence, to the effect that if the contract
be awarded to the person making the estimate, they will,
upon its being so awarded, become bound as his sureties
for its faithful performance; and that if he shall omit
or refuse to execute the same, they will pay to the
Corporation any difference between the sum to which
he would be entitled upon its completion, and that
which the Corporation may be obliged to pay to the
person or persons to whom the contract may be awarded
at any subsequent letting; the amount in each case to be
calculated upon the estimated amount of the work by
which the bids are tested. The consent above mentioned
shall be accompanied by the oath or affirmation, in
writing, of each of the persons signing the same, that
he is a householder or freeholder in the City of New
York, and is worth the amount of the security required
for the completion of this contract and herein stated,
over and above his debts of every nature, and over and
above his liabilities as bail, surety and otherwise; and
that he has offered himself as a surety in good faith
and with the intention to execute the bond required
by law. The adequacy and sufficiency of the security
offered will be subject to approval by the Comptroller
of the City of New York after the award is made and
prior to the signing of the contract.

Should the person or persons to whom the contract
may be awarded neglect or refuse to accept the contract
within five days after written notice that the same has
been awarded to his or their bid or proposal, and that the
adequacy and sufficiency of the security offered has been
approved by the Comptroller, or if he or they accept but
do not execute the contract and give the proper security,

he or they shall be considered as having abandoned it
and as in default to the Corporation, and the contract
will be re-advertised and relet, as provided by law.

No estimate will be received or considered unless
accompanied by either a certified check upon one of the
National or State banks of the City of New York, drawn
to the order of the Comptroller, or money, to the
amount of five per centum of the amount of the secu-
rity required for the faithful performance of the con-
tract. Such check or money must not be inclosed in the
sealed envelope containing the estimate, but must be
handed to the officer or clerk of the Department, who
has charge of the estimate-box; and no estimate
can be deposited in said box until such check or
money has been examined by said officer or clerk and
found to be correct. All such deposits, except that of
the successful bidder, will be returned to the persons
making the same, within three days after the contract is
awarded. If the successful bidder shall refuse or
neglect, within five days after notice that the contract
has been awarded to him, to execute the same, the
amount of the deposit made by him shall be forfeited to
and be retained by the City of New York as liquidated
damages for such neglect or refusal; but if he shall
execute the contract within the time aforesaid, the
amount of his deposit will be returned to him.

By order of the Board,
WILLIAM H. KIPP, Chief Clerk.

PROPOSALS FOR FURNISHING THE
CITY STATIONERY.

BOARD OF THE CITY RECORD.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE
Office of the District Attorney of the City Govern-
ment with Stationery, including Books, Blank Books, etc.,
as per annexed specifications, will be received at the office
of the Mayor, in the City of New York, until 12 o'clock
M. of Tuesday, the 14th day of May, 1889, at which place
and time said estimates will be publicly opened and read.

Any person making an estimate shall furnish the same
in a sealed envelope, indorsed "Estimate for furnishing
Stationery," and also the name of the person making it,
and the date of its presentation.

Each estimate shall contain and state the name and
place of residence of each of the persons making the
same; the names of all persons interested with him or
them therein; and if no other person be so interested,
it shall distinctly state that fact; also, that it is made
without any connection with any other person making
an estimate for the same purpose; and is in all respects
fair, and without collusion or fraud; and that no mem-
ber of the Common Council, head of a department, chief of
a bureau, deputy thereof or clerk therein, or other officer
of the Corporation, is directly or indirectly interested
therein, or in the supplies or work to which it relates,
or in any portion of the profits thereof. The estimate
must be verified by the oath, in writing, of the party or
parties making the estimate, that the several matters
stated therein are in all respects true. Where more than
one person is interested, it is requisite that the verifica-
tion be made and subscribed by all the parties inter-
ested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders in the
City of New York, with their respective places of
business or residence, to the effect that if the contract be
awarded to the person making the estimate, they will,
upon its being so awarded, become bound as his sureties
for its faithful performance; and that if he shall omit
or refuse to execute the same, they will pay to the
Corporation any difference between the sum to which
he would be entitled upon its completion, and that which
the Corporation may be obliged to pay to the person to
whom the contract may be awarded at any subsequent
letting; the amount in each case to be calculated upon
the estimated amount of the work by which the bids
are tested. The consent above mentioned shall be accom-
panied by the oath or affirmation, in writing, of each of
the persons signing the same, that he is a householder
or freeholder in the City of New York, and is worth the
amount of the preliminary security required, and in the
proposals stated, over and above all his debts of every
nature, and over and above his liabilities as bail, surety
and otherwise; and that he has offered himself as a
surety in good faith and with the intention to execute
the bond required by law. The adequacy and suffi-
ciency of the security offered will be subject to approval
by the Comptroller of the City of New York after the
award is made and prior to the signing of the contract.

The amount of security required upon the execution
of the contract will be in each case fifty per cent. of
the estimated cost of the articles awarded to each con-
tractor; the amount of preliminary security to be given
until each award, and in which the sureties shall justify,
shall be FIVE HUNDRED DOLLARS.

Should the person to whom the contract may be
awarded neglect or refuse to accept the contract within
five days after written notice that the same has been
awarded to his bid or proposal, and that the adequacy
and sufficiency of the security offered has been ap-
proved by the Comptroller, or if he accept but do not
execute the contract and give the proper security, he
shall be considered as having abandoned it and as in
default to the Corporation, and the contract will be re-
advised and relet, as provided by law.

No estimates will be accepted from, or a contract
awarded to, any person who is in arrears to the Cor-
poration upon debt or contract, or who is a defaulter,
as surety or otherwise, upon any obligation to the Cor-
poration, and no estimates will be accepted from, or a con-
tract awarded to, any person not having at the time of
making his estimate, full, suitable and sufficient facilities
for performing the work specified in his estimate.

No estimate will be received or considered unless
accompanied by either a certified check upon one of the
National or State banks of the City of New York, drawn
to the order of the Comptroller, or money, to the
amount of fifty per centum of the amount of the pre-
liminary security required for the faithful performance
of the contract. Such check or money must not be in-
closed in the sealed envelope containing the estimate,
but must be handed to the Secretary of the Board of
City Record, who has charge of the estimate-box; and
no estimate can be deposited in said box until such
check or money has been examined by said Secretary,
and found to be correct. All such deposits, except that
of the successful bidder, will be returned to the persons
making the same, within three days after the contract is
awarded. If the successful bidder shall refuse or neglect,
within five days after notice that the contract has been
awarded to him, to execute the same, the amount of the
deposit made by him shall be forfeited to and be re-
tained by the City of New York as liquidated damages
for such neglect or refusal; but if he shall execute the
contract within the time aforesaid, the amount of his de-
posit will be returned to him.

N. B.—Bidders will state a total price for each de-
scription of Stationery or Blank Books as set forth in the
specifications. Separate bids will be received (1) for all
the Stationery (2) for all the Blank Books, but all es-
timates will be considered informal which do not contain
bids for all the items of Stationery, or for all the items
of Blank Books, for which bids are called herein.

Permission will not be given for the withdrawal of any
bid or estimate, and the right is expressly reserved by
the Board of the City Record to reject any or all bids
which may be deemed prejudicial to the public interests.
The entire quantity of Books and Stationery is to be
put up in packages and delivered at such times and
places and in such quantities as shall be directed by the
Board of the City Record.

Separate contracts will be made with the lowest bidder
for each and every description of books or articles of
Stationery involving an expense of more than five hun-
dred dollars.

tionery and Blank Books, reference must be had to the

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited.

Where premises are provided with wells, special permits will be issued for the use of hose in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed, will become a lien on the premises in like manner as all other charges for unpaid water rates. By order,

JOHN NEWTON,
Commissioner of Public Works.

PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 351 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rents, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars (\$5) is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled of record on the books of the Department.

D. LOWBER SMITH,
Deputy and Acting Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,
Commissioner of Public Works.

GRANTS OF LANDS UNDER WATER.

THE OWNERS OF LANDS IN THE CITY OF New York, which were formerly under water, and which were granted by the City of New York, are notified that nearly all of the grants of such lands contain covenants, on the part of the grantees, and their successors and assigns, to maintain and keep in repair the adjacent streets. The condition of many of these streets is such as to make it necessary that they should be repaired and repaved, and that the obligation resting upon the present owners of adjacent lots to do this work should now be enforced. Many of such owners have requested that such covenants be commuted, and wholly released, upon the payment by them of a certain sum per lot.

The matter will shortly be presented to the Commissioners of the Sinking Fund for their consideration, and the adjustment of the basis of commutation, and application for releases should therefore be made at once.

They may be sent to the undersigned.

Dated New York City, August 7, 1888.

JOHN NEWTON,
Commissioner of Public Works.

THE CITY RECORD IS PUBLISHED DAILY, Sundays and legal holidays excepted, at No. 2 City Hall, New York City. Price, single copy, 3 cents; annual subscription, by mail, \$9.30.
