AQUEDUCT COMMISSION.*Minutes of Stated Meeting of the Aqueduct Commissioners, held at their Office, No. 209 Stewart Building, on Wednesday, February 6, 1895, at 3 o'clock P. M.*

Present—Commissioners Duane, Tucker, Scott and Cannon.
The Construction or Executive Committee recommended the adoption of the following resolution:

Resolved, That Walter J. Sager, Foreman, and Stephen Washburn, Laborer, employed at the Jerome Park Reservoir, be and hereby are discharged, for lack of work, as of February 5, 1895.

On motion of Commissioner Cannon, the same was adopted.

The Committee also recommended the adoption of the following resolution:

Resolved, That James Stafford, employed as Laborer at the Jerome Park Reservoir, be and hereby is discharged, for lack of work, as of February 1, 1895.

On motion of Commissioner Cannon, the same was adopted.

The Committee also recommended the adoption of the following resolution:

Resolved, That, upon the recommendation of the Acting Chief Engineer, the following bills are hereby approved and ordered certified to the Comptroller for payment, viz.:

- 1st. Of Jonson Engineering & Foundry Company, for hood castings, etc., for gate-house at Titicus Dam, amounting to eighty-six dollars and thirty-seven cents (\$86.37).
- 2d. Of Coleman & Washburn & Washburn, for cement, amounting to seventy-three cents (73c.).
- 3d. Of George Juengst & Sons, for bronze washers for use at gate-house at Titicus Dam, amounting to two dollars (\$2).

On motion of Commissioner Tucker, the same was adopted.

The Committee presented the following communication, received from the Chief Engineer:

NEW YORK, February 2, 1895.

To the Honorable the Aqueduct Commissioners:

GENTLEMEN—In accordance with the authority given me by your resolution of January 30, 1895, I beg to report that I have obtained a number of bids for the furnishing of the galvanized chains necessary for the stop-plank system at the Brewster Dams.

The bids of the Albro-Clem Elevator Company and of the Yale & Towne Manufacturing Company are the highest.

The price of the American Chain Cable Works is higher by \$34 than the bid of the Yale & Towne Manufacturing Company for the highest grade of iron that they offer to furnish, while Patterson Brothers do not specify the quality of iron, the price of which is the same as a lower grade offered by the American Chain Cable Works.

You know the importance of having the best possible iron for such articles. The additional guarantee of the American Chain Cable Works which they offer, as to the testing of the goods under the supervision of our Inspector, induces me to suggest that the order be given to them.

I have explained this matter verbally to your committee, who agreed with my views in the matter, and I have consequently ordered the chains from the American Chain Cable Works.

I am, respectfully,

A. FTELEY, Chief Engineer.

And recommended the adoption of the following resolution:

Resolved, That the action of the Chief Engineer in ordering certain galvanized chains necessary for the stop-plank system at the Brewster Dams from the American Chain Cable Works, at their bid of nine and one-half cents (9½ cents) per pound, be and hereby is approved.

On motion of Commissioner Tucker, the same was adopted.

The Committee also recommended the adoption of the following resolution:

Resolved, That, upon the recommendation of the Acting Chief Engineer, Joseph F. Banks, Axeman in the Engineer Corps, is hereby recommended to the Municipal Civil Service Boards for examination for promotion to the grade of "Rodman."

The Committee also recommended the adoption of the following resolution:

Resolved, That, upon the recommendation of the Acting Chief Engineer, Marcus Washburn, Benjamin L. Blauvelt and Julian Thornley, Rodmen in the Engineer Corps, be and hereby are recommended to the Municipal Civil Service Boards for examination for promotion to the grade of "Leveler."

On motion of Commissioner Cannon, the same was adopted.

The Committee also recommended the adoption of the following resolution:

Resolved, That, upon the recommendation of the Acting Chief Engineer, J. A. Rundlett and Robert H. Jacobs, Axemen in the Engineer Corps, be and hereby are recommended to the Municipal Civil Service Boards for examination for promotion to the grade of "Rodman."

On motion of Commissioner Cannon, the same was adopted.

The Committee also recommended the adoption of the following resolution:

Resolved, That, upon the recommendation of the Acting Chief Engineer, R. B. Wixom and John Simmons, employed as Laborers in the Engineer Corps, be and hereby are appointed Axemen, at the rate of sixty dollars (\$60) per month, the same to take effect on and after February 7, 1895.

On motion of Commissioner Scott, the same was adopted.

The Committee also presented final plan sheet, described as "Exhibit No. 1 of 1895," submitted by the Commissioner of Public Works on February 5, 1895, showing certain additional land required for the construction of the New Croton Reservoir, in the Village of Golden's Bridge and in the Village of Katonah, Town of Lewisboro, Westchester County, New York, and recommended the adoption of the following resolution:

DEPARTMENT OF PUBLIC WORKS

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
ROOM 6, NO. 31 CHAMBERS STREET,
NEW YORK, March 1, 1895.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock M., on Wednesday, March 13, 1895, at which place and hour they will be publicly opened by the head of the Department:

No. 1. FOR FURNISHING THE DEPARTMENT OF PUBLIC WORKS WITH FOUR THOUSAND NINE HUNDRED AND NINETY (4,990) GROSS TONS, 2,240 pounds to a ton, OF BEST WHITE ASH LEHIGH AND WILKESBARRE COAL, as per specifications annexed, and TEN (10) TONS OF INCE HALL CANNEL COAL.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him

shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 32, No. 37 Chambers street.

The work to commence at such time as the Commissioner of Public Works may designate.

N. B.—Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that, if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be determined by the Comptroller after the award is made and prior to the signing of the contract.

For the nature and extent of the work to be done, bidders are referred to the plans and specifications. The plans may be seen at the office of the architects, Messrs. Thom, Wilson & Schaarschmidt, No. 1267 Broadway.

The entire work to be completed within NINETY DAYS after the notice to commence work has been given by the Commissioners of Public Works.

The damages to be paid by the contractor or contractors for each day that the contract or contracts may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at TEN DOLLARS per day.

Bidders will state in writing, and also in figures, a price for the whole work on which they may bid complete, which price is to cover the furnishing of all necessary materials and labor and the performance of all the work set forth in the plans and specifications and form of agreement.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the security required for the faithful performance of the contract. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by

him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

The work to commence at such time as the Commissioner of Public Works may designate.

N. B.—Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are required to state in their estimates, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be determined by the Comptroller after the award is made and prior to the signing of the contract.

For the nature and extent of the work to be done, bidders are referred to the plans and specifications. The plans may be seen at the office of the Architect, Mr. George B. Post, No. 33 East Seventeenth street, New York City.

The entire work to be completed within ONE HUNDRED AND FIFTY DAYS after the notice to commence work has been given by the Commissioner of Public Works.

The damages to be paid by the contractor or contractors for each day that the contract or contracts may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at FIFTY DOLLARS per day.

Bidders will state in writing and also in figures, a price for the whole work complete, which price is to cover the furnishing of all necessary materials and labor and the performance of all the work set forth in the plans and specifications and form of agreement.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The amount of security required is FORTY-FIVE THOUSAND DOLLARS.

Blank forms of estimates, and further information, if desired, also the form of agreement, including the specifications for the work, can be obtained at the office of the Comptroller, No. 280 Broadway.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.
