MUNICIPAL CIVIL SERVICE RULES OF CITY OF NEW YORK, AS APPROVED BY THE STATE CIVIL SERVICE COMMISSION, JULY 11, 1899.

#### Rule 1.

Appointments and promotions in the Civil Service of The City of New York shall be made according to merit and fitness, to be ascertained, so far as practicable, by examinations which, so far as practicable, shall be competitive.

#### Rule 2.

No officer or officers having the power of appointment or employment shall select or appoint any person for appointment, employment, promotion, transfer, or reinstatement, except in accordance with the provisions of the Civil Service Law and the rules and regulations prescribed thereunder.

No person shall be appointed or employed under any title not appropriate to the duties to be performed, and no person shall be transferred to, or assigned to perform the duties of any position subject to competitive examination, except in accordance with Rule 40.

The violation of any of the provisions of the Civil Service Law, or of these rules, by any person in the Civil Service of the city, shall be considered a good cause for the dismissal of such person from the service.

#### Rule 3.

The Municipal Civil Service Commission shall have authority to prescribe such regulations in pursuance of and for the execution of the provisions of these rules and of the Civil Service Law, as may not be inconsistent therewith, and may prescribe blank forms for all applications, certificates, reports, records and returns required under these rules and the regulations made in pursuance thereof. The Commissioners shall from their number choose a president to act during their pleasure, and they may from time to time appoint committees from their own number.

### CLASSIFICATION.

#### Rule 4.

The offices and positions in the classified service of the city shall be arranged in four classes, to be designated as the exempt class, the non-competitive class, the competitive class and the labor class, as indicated by the following schedules:

#### EXEMPT CLASS.

Schedule A, Part I, shall comprise the exempt class and shall include the deputies of principal executive officers authorized by law to act generally for and in place of their principals, and all places not subject to examination or registration.

#### NON-COMPETITIVE CLASS.

Schedule A, Part II, shall comprise the non-competitive class and include such positions as are not in the exempt class (A, Part I), or in the labor class (Schedule G), and which it is impracticable to include in the competitive class (B, C, D, E and F).

#### COMPETITIVE CLASS.

Schedule B shall comprise all clerical positions.

Office boys (or girls) shall be employees actually employed as such in the offices of the departments of public service, who are paid at a rate not exceeding \$25 per month and who shall not be over 18 years of age at the time of examination.

Office boys (or girls) who have served as such for one year, may, at the request of the head of the department in which they have served, be examined for the position of junior clerk, provided they are over 18 years of age.

Junior clerks shall consist of employees who receive a compensation not exceeding \$600 per annum. Junior clerks shall not be eligible to the position of clerk except after the competitive examination prescribed for original appointment to said position.

Schedule C shall comprise the uniformed forces of the Police and Fire Departments.

Schedule D shall comprise all positions requiring special expert knowledge, and which are not included in Schedule E.

Schedule E shall comprise all positions calling for medical services.

Schedule F shall comprise all positions not included in the other schedules.

#### LABOR CLASS.

Schedule G shall comprise the Labor Service.

Each schedule shall also include the positions specified under that head in the classification hereto annexed, marked Appendix I.

#### Rule 5.

For the purpose of ascertaining the qualifications of persons seeking or named for positions in the departments and offices of the municipal government, there shall be a board of examiners for all positions in Schedules A—Part II, B, C, D, E and F.

This board shall be composed of a Chief Examiner, to be appointed by the Municipal Commissioners, and as many citizens designated by the said Commissioners as they may deem necessary. None of such examiners, however, shall be a public officer or employed in any other department of the municipal government.

There shall be a Chief Examiner, who shall devote his whole time to the business of his office, who shall preside at meetings of the Board of Examiners, hear appeals from the decision of any of the examiners and have the general supervision of the work of the examiners. The rate of compensation of the officers mentioned in this rule shall be fixed by the Municipal Commissioners, who will employ assistants, procure suitable offices and incur such other expenses as may be required for the efficient performance of the duties imposed upon them by the laws of the State of New York.

It shall be the duty of such Board of Examiner, by such of its members as the Chief Examiners shall designate, to conduct all examinations called for under these rules, except as herein otherwise provided, and to ascertain the fitness of candidates for the service of the city with regard to character, knowledge and ability for the branch of the service into which they seek to enter, and to determine the relative excellence or standing of the persons examined and to certify the same as herein prescribed.

The examination of all candidates for the position of examiner under this commission shall be conducted by the Municipal Commissioners or by experts appointed by them.

The Municipal Commissioners shall employ a secretary, who shall keep minutes of all proceedings and all necessary records of the examination, standing and certification of applicants, and a complete record of all persons employed in the several departments to which these rules apply, and of all appointments, promotions, dismissals, resignations and other changes of any kind therein. The secretary shall have the general executive charge of the Civil Service office, shall assign the clerks and employees to their respective positions and superintend them in the discharge of their respective duties, and shall be secretary of the Examining Board. The secretary shall, after conference with the Chief Examiner, order and fix the dates of examinations, shall see that they are properly and efficiently advertised and shall indicate to the Chief Examiner which examination shall be first rated and otherwise expedited, to the end that eligible lists which are most needed shall be first prepared.

### SCHEDULE A, PART I.

#### Rule 6.

Appointments to positions in Schedule A, Part I, may be made without examination, but the appointing officer shall file with the secretary, within five days after making any such appointment, a formal notification thereof, setting forth the full name and address of the appointee, the date of his birth, the position to which he is appointed, the date of appointment, salary, length of his residence in the City of New York, nature of previous employment, whether he has ever been in official service before, and if so, when and where, name of person in whose place appointed and such other statistical information as the Municipal Commission may deem proper for registration.

No office or position shall be deemed to be in the exempt class unless it is specifically named in Schedule A, Part I, of the classification of positions.

Not more than one appointment shall be made to or under the title of any such office or position unless a different number is specifically mentioned in the classification of positions.

### SCHEDULE A, PART II.

Appointments to positions in Schedule A, Part II, may be made after non-competitive examination.

#### EXCEPTIONS FROM COMPETITIVE EXAMINATION.

Appointments to positions in Schedules B, C, D, E and F may be made without competitive examination, as follows:

First—To positions in the competitive class where peculiar and exceptional qualifications of a scientific, professional or educational character are required upon satisfactory evidence that for specified reasons competition in such special case is impracticable and that the position can be best filled by the selection of some designated person of high and recognized attainments in such qualities, and, where the Municipal Commission, with the approval of the State Civil Service Commission, has suspended the rules requiring competition, but no such suspension shall be general in its application to such place, and all such cases of suspension shall be reported to the State Civil Service Commission in the annual report made to them with the reasons for the same.

Second—Whenever there are urgent reasons for filling a vacancy in any position in the competitive class and there is no list of persons eligible for appointment after competitive examination and then only in accordance with the provisions of Rule 34.

Third—To the position of trained nurse, when the applicants are graduates of any of the following-named nurses' training schools: Training School of Bellevue Hospital, Metropolitan Training School, Training School of the City Hospital, Training School of the Kings County Hospital—the names of such applicants may, upon their own application and upon presenting proper diploma, be placed upon the appropriate eligible list with a grading of 100, without further examination, unless required by the Municipal Commission, and shall be certified in response to requisitions in the order of the date of filing application.

#### Rule 7.

Vacancies in positions classified in Schedules B, C, D, E and F, not filled by promotion, shall be filled by appointment of those graded highest in open competitive examinations, and for no such position shall any non-competitive examination be allowed, except in accordance with the provisions of Rules 6 and 34.

#### APPLICATIONS.

#### Rule 8.

Applicants must file applications for positions included in Schedules A—Part II, B, C, D, E and F, which must be in the handwriting of the applicant, and addressed to the "Secretary of the Municipal Civil Service Commission, New York City," showing:

First—His full name, residence and post-office address, age, the place and date of birth, health and physical capacity for the public service, right of preference by reason of military or naval service, residence and business or employment for at least the previous five years, and such other information as may reasonably be required by regulation.

Second—A statement whether such application is limited to any particular office or offices in the service.

Third—The certificate of four reputable persons of The City of New York, that they have been personally acquainted with the applicant for at least one year, and believe him to be of good moral character, of temperate and industrious habits, and in all respects fit for the service he wishes to enter, and that each of them is willing that such certificate should be published for public information, and will, upon request, give such further information concerning the applicant as he may possess.

Fourth—The foregoing application shall be verified by the oath of the applicant.

The requirements as to citizenship and certificates of character, in case of persons applying for positions under Schedules E and F, and the requirements as to citizenship in case of persons applying for positions under Schedule D, may be modified or dispensed with in the discretion of the commission. All applications for examination shall be filed in the office of the Secretary a reasonable length of time before the date of examination, and all applications and other blanks shall be kept at his office, and shall be procurable there only.

Registers of all applicants shall be kept by the Secretary of the Municipal Commission. When the applicants on a register are in excess of such number as can be conveniently examined on the same day, the applicants shall be notified to appear in their order on the register. Whenever the demands of the service may require, the Secretary shall notify the applicants of record, or such number as can conveniently be examined, to appear for examination, giving place, date and hour for such examination.

## Rule 9.

Applicants for the following positions must, before being admitted to examination, or before being appointed, present satisfactory evidence as to the following facts:

First—If the position to be filled be that of Physician, Surgeon, Medical Officer, Inspector of Vaccination or Medical Sanitary Inspector, that the applicant is duly authorized by the laws of the State of New York to practice medicine and surgery.

Second—If the position to be filled be that of Chemist or Analyzer, that the applicant has received the degree of Bachelor of Sciences, or its equivalent, from some institution duly authorized by law to confer such degree. If the position to be filled be that of Apothecary or Druggist, that the applicant is duly registered according to law, and that any other statutory requirements have been complied with.

Third—If the position to be filled is that of assistant to the Corporation Counsel, that the applicant or proposed appointee is a regularly admitted member of the bar of the State of New York.

In positions where the duties are professional, technical or expert, the candidates will be required to show what preliminary training or technical education they have undergone to qualify them for such situation, before they can be admitted to examination.

## Rule 10.

Defective applications shall be suspended and applicants notified to amend the same. Whenever it appears by the application or other satisfactory evidence that the applicant is not within the prescribed limits of age or otherwise not qualified under the rules, the application should be rejected.

## Rule 11.

Every false statement knowingly made by any person in his application for examination, and every connivance by him at any false statement made in any certificate which may accompany his application, shall be regarded as good cause for the removal or discharge of such person.

## Rule 12.

Applicants shall be admitted to examination upon the production of the official notification to appear for that purpose. Each applicant shall receive a number, which shall be indorsed upon his notification when produced, and the notification so indorsed shall be sealed in an envelope. Each applicant shall sign his examination papers with his number, omitting his name, and the envelope shall not be opened until all the examination papers have been received and the markings and gradings made.

All paper upon which examinations are to be written shall be furnished to the applicants by the Examining Board and shall bear some suitable official indorsement, stamp or mark for the purpose of identifying the same.

## Rule 13.

The Municipal Commission may refuse to examine an applicant, or after examination, to certify an eligible who is found to lack any of the established preliminary requirements for the examination or position for which he applies, or who is physically so disabled as to be rendered unfit for the performance of the duties of the position to which he seeks appointment, or who is addicted to the habitual use of intoxicating beverages to excess, or who has been guilty of a crime or of infamous or notoriously disgraceful conduct, or who has been dismissed from the public service for delinquency or misconduct, or who has intentionally made a false statement of any material fact, or practiced or attempted to practice any deception or fraud in his application, in his examination, or in securing his eligibility or appointment, or whose character upon investigation and report shall be found not to be satisfactory to the Examining Board.

No person who has entered any examination for a position in the classified service and who has failed therein shall be admitted within nine months from the date thereof to a new examination for the same or a similar position.

## Rule 14.

The actual conduct of every examination shall be under the responsible direction of the Board of Examiners, or of its designated members, free from the interference or participation or influences of the appointing officer, or of any person other than the Municipal Commissioners, examiners or experts directly employed by the Municipal Commission.

The Municipal Commission shall have power to authorize or to order the employment of an expert to assist any Board of Examiners, whether in a special case or in connection with the examinations for any special grade, position or office.

Each examiner shall exercise all due diligence to secure fairness and prevent all collusion and fraud in the examination. All examinations shall relate to such matters as will fairly test the relative capacity and fitness of the persons examined to discharge the duties of that service to which they seek to be appointed. Excepting as these rules otherwise provide, the Board of Examiners may, in the examinations, give such relative importance to the different subjects or matters of examinations as to them may seem fit.

## Rule 15.

All examinations shall be in writing, except such as refer to expertness or physical qualities, and except as herein otherwise provided.

Whenever an oral examination shall be prescribed as part of any scheme of examination, a stenographic record of such oral questions and answers shall be made, and the transcript thereof shall be preserved with the examination papers of the candidate.

## Rule 16.

Sheets of questions shall be numbered and shall be given out in the order of their numbers, each, after the first, being given only when the competitor has returned to the examiners the last sheet given to him. In general, no examination shall extend beyond five hours without intermission, and no questions given out at any session, to any candidate, shall be allowed to be answered at another session. Each candidate must complete his examination on the obligatory subjects before taking up any of the optional subjects.

## Rule 17.

The time allowed for completing the examination shall be announced before the first paper is given out.

For the obligatory subjects the examination shall be confined to a single day.

At or before the commencement of every examination, the weight to be given every subject included in the examination, and the minimum, if any, allowable upon each subject, shall be announced to the applicants. The appointing officer shall state to the Municipal Commission, upon its request, the general qualifications or attainments, physical or mental, or both, which he deems necessary or proper in the position for which an eligible list is to be formed.

## Rule 18.

No question in any examination or proceeding by or under these rules shall relate to political or religious opinions or affiliations, and no appointment or selection to or removal from an office or employment within the scope of these rules shall be in any manner affected or influenced by such opinions or affiliations.

## MARKING.

## Rule 19.

The examination papers shall be reviewed by each examiner separately, except where otherwise directed by the Municipal Commission, and in any case of disagreement, the average of the markings made on any question or paper by all shall be the final marking on such question or paper, subject to the rule as to revision (Rule 27).

## Rule 20.

In all examinations each subject shall be marked upon a scale of 100, which number represents the maximum possible attainment.

## Rule 21.

Every paper in any examination not formally certified by the examiners shall be signed with his initials in ink by each examiner who has reviewed and marked it.

## Rule 22.

Handwriting shall be judged, first, by its legibility (as to the ease with which it can be read); second, from its appearance as to correctness of form and finish and regularity of letters; and third, by general evidence of care in execution. The markings shall be based on these three general characteristics, but the standard of perfection in each examination shall be fixed by the position to be filled. It shall be highest for clerks and lower for other positions. In case no applicant seems to be entitled to a grade of 100 in the scale adopted, he shall not be so graded; the marking shall be only according to merit. In writing from dictation or copying from manuscript, the omission, repetition or substitution of words, the erasures, blots or other evidences of carelessness, shall, proportionately to their number, reduce the marking below 100. Words may be specially dictated for spelling, and the work shall be marked with reference to the ratio the misspelled words bear to the whole number.

## Rule 23.

No applicant for the position of senior clerk, third grade, who receives in the ascertained average less than 80 per cent., or for any other position less than 70 per cent., shall be placed upon the eligible list.

No candidate for positions requiring technical or professional knowledge receiving less than 75 per cent. on the technical or special subjects shall be placed upon the eligible list.

No applicant for the position of fireman or policeman who receives on the mental examination an average of less than 70 per cent., and on the physical qualifications less than 70 per cent., shall be placed upon the eligible list.

No applicant receiving 0 in any one subject shall be placed upon the eligible list.

In the case of all graded positions, candidates who seek promotion shall be required to obtain 80 per cent. up to and including second grade, and 85 per cent. in all higher grades, and in the case of all grades of the uniformed forces of the Fire and Police Departments, 70 per cent.

## Rule 24.

The general character of the applicant, including habits and reputation, is to be ascertained in such manner as the Examining Board may determine.

The burden of proof of good character shall, in all cases, be upon the applicant, who may be required to furnish evidence thereof, additional to the certificates required in the application.

## Rule 25.

When a candidate shall have been examined, a circular letter, in the following form, shall be sent by the secretary to persons who have given recommendation upon his application paper, unless a satisfactory report of their answers shall have been made by the Examiner of Character:

## APPEALS—REVISION.

## Rule 27.

Complaints of injustice or unfairness on the part of any examiner or Examining Board, or of any one acting under the Municipal Commission, shall be considered by such Municipal Commission, which shall have the right to revise the marking and grading on the papers, or order a new examination, or otherwise act as substantial justice in the premises may require.

## ELIGIBLE LIST.

## Rule 28.

Eligible lists shall be prepared by the Secretary from time to time, as the needs of the service require, for the different positions and grades in Schedules B, C, D, E and F. Upon each eligible list shall be placed only such persons as have been found by the Examining Board to be duly qualified for the position for which such eligible list is prepared. The candidates shall be placed upon the eligible list in the order shown by the respective percentages of their aggregate markings upon their examinations, and when candidates have been honorably discharged from the military or naval service of the United States in the civil war, that fact shall be indicated upon said list, and such candidates' names shall be placed at the head of the eligible list in the order shown by their respective percentages. Where an examination for any position or grade takes place before the eligible list for that position or grade is exhausted, a new eligible list shall be prepared after such examination, to take the place of the former eligible list. The persons upon the former eligible list who have not been examined for the new eligible list shall, unless a period of one year from the date of the original entry of their names on the former list has elapsed, be placed respectively upon the new eligible list in the position to which the percentages of their aggregate markings upon their former examinations would entitle them if such markings had instead been given them upon the new examination.

When two or more eligibles on a register have the same average percentage, preference in certification shall be determined by the order in which their applications were filed, but neither priority in the date of application nor of examination shall give any other advantage in position on the registers of eligibles.

In examinations for promotion, when two or more eligibles on a register have the same average percentage, preference in certification shall be determined by seniority in service.

The term of eligibility for each eligible list for appointment or promotion is fixed at one year from the date of such list, unless, in the interest of the public service, the Municipal Commission shall extend the term, but no eligible list shall remain in force for a period longer than four years.

Whenever an eligible certified for appointment shall fail to accept an offer of appointment by mail within the four business days next succeeding the mailing of notice of appointment he shall be deemed to have declined the appointment. An eligible who has declined an appointment shall not thereafter be certified for a position at the same or any less salary. Whenever one or more eligibles shall have declined any appointment offered and an eligible whose relative standing is lower shall have been appointed to the position the salary or compensation of such appointee shall not be increased within a period of six months after his appointment beyond that offered to the persons so declining.

If the appointment shall be made of any person other than the one standing highest on the eligible list the appointing officer shall forward to the Commission, with the notice of appointment, copies of all correspondence to and from the persons declining such appointment.

No person, while on the eligible list for any position, shall be allowed to take his or her name off said list for the purpose of entering another examination to increase his or her rating, except at the end of nine months from the date of the eligible list, without the consent of the Commission.

All eligible lists completed and in force on April 19, 1899, are hereby continued in force for the balance of the period of eligibility originally attaching to such lists, subject to the power of extension herein contained, except, however, eligible lists formed after separate fitness examinations, which are hereby abolished. Eligible lists from examinations completed prior to April 19, 1899, in which the papers had not been completely rated or the results had not been completely tabulated or entered, shall become eligible lists in full force from the date of the promulgation of these rules or from the date of the subsequent completion of such lists.

## CERTIFICATION AND APPOINTMENT.

## Rule 29.

Whenever a vacancy shall occur within any grade of any class in Schedules B, C, D, E or F, which, in the opinion of the appointing officer, the business of the City requires to be filled, he shall forthwith notify the Secretary of the vacancy and state whether the same is to be filled by appointment or by promotion, and the title of the position, the number of vacancies to be filled and compensation to be paid. If the position to be filled is a clerkship, the appointing officer shall state whether it is a minor clerkship, or whether any of the special qualifications denoted by the optional subjects are required, and if so, which.

Appointments shall be made to or employment shall be given in all positions in the competitive class that are not filled by promotion, reinstatement, transfer or reduction, under the provisions of the Civil Service Law and these rules, by appointment of those graded highest in the open, competitive examinations conducted by the Municipal Commission, except as otherwise provided in the Civil Service Law.

The Secretary shall, as soon as practicable, certify to the appointing officer for appointment or for promotion from the eligible list appropriate to such position, the names of the persons graded highest as above provided, placing at the head of the list and indicating such of them as have been honorably discharged from the military or naval service of the United States in the Civil War. The certificate of the Secretary shall, in all cases, state the percentage of the maximum obtained by each of the persons certified.

When a requisition is made to fill a position for which no eligible list exists, the Secretary shall, after a conference with the Chief Examiner, make certification from the eligible list most nearly appropriate for the group in which the position to be filled is classified, and wherein the qualifications demanded have been determined by examination.

If the appointing officer shall signify that attainment in one or more of the optional subjects is essential, the Secretary shall certify the name of the person whose standing on the eligible list for the denoted special subject is the highest. The Examining Board may, at any time, hold a competitive examination to fill a vacancy in a position of this kind, if, in their judgment, there is no appropriate eligible list from which to fill the vacant position.

Until such appointment has been made to all positions for which names have been certified, or until said certification has been canceled, no new certification shall be made to fill said vacant position or positions. In all cases the vacancies shall be so filled within fifteen days after the receipt by the appointing power of the names certified by the Secretary, and the Secretary shall be notified within twenty-four hours by the appointing power of the appointments or promotions so made. No certification shall be in force for a longer period than fifteen days, and at the end of said fifteen days such certification shall be canceled by the Secretary, and the department making the requisition shall be notified accordingly.

Whenever the appointing officer who shall have made a requisition to fill a certain number of vacancies shall appoint or promote to office a number smaller than that of the vacancies named by him, he shall not make selection therefrom from the whole number certified to him, but he shall appoint those graded highest upon the list certified.

All positions filled by appointment based on optional subjects shall be specifically noticed in the published list of appointments in the official register.

If the appointing officer shall certify that a person named in a certification has declined to accept a position offered, the Secretary may certify the name of the person standing next highest upon the eligible list of those already certified.

In all cases where the appointing officer certifies that the person named failed to respond to notice sent, the Secretary shall forthwith send notice to said person setting forth the facts of the case, and if said eligible again fails to respond or fails to furnish satisfactory reasons therefor, the name of said eligible shall be stricken from the list.

If a person who is not entitled to certification is certified and appointed, his appointment shall be immediately revoked by the appointing officer upon notification by the Municipal Commission.

## Rule 30.

Notice shall within twenty-four hours be given in writing by the appointing officer to the Secretary, of the person or persons appointed, giving the application number, name, address, position, salary and date of appointment, and such other information as the Municipal Commission may require, and a record of the same shall be kept by said Secretary.

## Rule 31.

Notice of all appointments made under these rules shall be forwarded by the Secretary of the Commission, within five days, to the CITY RECORD for publication.

## Rule 32.

The Commission shall keep in its office an official roster of the classified service of the City of New York, and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service upon such evidence as it may require or deem satisfactory that such person was appointed to, or employed, promoted or reinstated in the service in conformity with the provisions of law and of these rules. The official roster shall show opposite, or in connection with each name, the date of appointment, employment, promotion or reinstatement, and the office in which and the compensation of the position, date of commencement of service, and the date of transfer in or separation from the service by dismissal, resignation, cancellation of appointment, or death.

Within five days from the date of any transfer, promotion, suspension, resignation, death or removal of any person holding a position in the service of the City, notice thereof shall be given in writing by the appointing officer to the Secretary, who shall keep a record of the same.

Appointing officers of any department, office, bureau or institution whose employees are paid direct from the Treasury of the City, shall furnish the Municipal Commission with pay-rolls showing the names of the persons to be paid, residence, title of position held or kind of service performed by each person, the rate and amount of compensation to which he is entitled and the period for which he is paid, and shall certify that the persons named therein are employed solely in the performance of the appropriate duties of the positions and employments indicated, and have not been assigned to perform duties appertaining to any other title.

Upon satisfactory evidence that, with intent to evade the provisions of law and of these rules, any person appointed to or employed in any position in the classified service, has been assigned to perform duties other than those for which he was examined or certified, or under any title not appropriate to the duties to be performed, the Commission will refuse the certification required by section 19 of the Civil Service Law, and remove the name from the official roster.

## Rule 33.

When the services to be rendered by an appointee are for a temporary period, not to exceed three months, and the need of such service is important and urgent, the appointing officer may appoint from the appropriate eligible list, in accordance with the second paragraph of Rule 29, any person willing to accept such temporary appointment, but the acceptance or declination of any such temporary appointment shall not deprive the appointee of his right to future certification for permanent appointment, nor shall said appointee be entitled to the privileges conferred by the provisions of the rules relating to promotion, transfer, and reinstatement.

Successive temporary appointments shall not be made to the same position under this rule.

## Rule 34.

## Rule 38.

Whenever a vacancy is to be filled in any position in the competitive class above the lowest grade, the Municipal Commission shall forthwith arrange to hold a promotion examination limited to those persons who have for more than six months served with fidelity in the next lower grade in the same office, department or institution, provided, that if there are no persons who have served with fidelity for six months in the next lower grade, or provided all persons in the next lower grade fail in any promotion examination, then all persons in the next lower grade who have served with fidelity for six months in the same office, department or institution shall have the right to compete in said promotion examination. On the request of the appointing officer the Municipal Commission may permit persons occupying two or more of the next lower grades to compete for the promotion reasons for such course being set forth in detail.

Whenever after due trial it is found not practicable to fill a vacancy in any position through promotion in the manner herein prescribed, such vacancy shall be filled by original appointment through competitive examination in accordance with the provisions of subdivision 2 of Rule 29.

No promotion can be made from a position in one class to a position in another class unless the same be specially authorized by the Municipal Commission, but a person employed in any position shall not, because of such appointment, be barred from the open competitive examination provided for original entrance to any other position.

The test of actual service being the main factor for fitness in promotion, there shall be kept in every office continuous and comparative records of the efficiency, punctuality, attention and general good conduct of all persons employed therein. Such records shall at all times be open to inspection to the Municipal Commission, and if the same have been regularly and properly kept they shall constitute one of the elements in such promotion examination, with such relative weight as shall be assigned to them by the Examining Board. If such records have not been regularly and properly kept, the Chief Examiner shall prescribe such tests as to him may best seem calculated to determine the relative merit and fitness of the persons entitled to enter the promotion examination.

The appointing officer shall notify the Municipal Commission of any vacancy in a position in his office to be filled by promotion, and thereupon, after consultation with the appointing officer the Municipal Commission shall direct a competitive examination of those entitled to enter the same under the provisions of this rule, and shall publish the same by notice, giving date and place, posted conspicuously in the office where such vacancy exists, and sent by mail to those eligible for such examination.

No person shall be promoted from any position in Schedule G, to any position classified as subject to competitive examination, unless such persons shall have served the city creditably for a period of three years in the department in which he is employed, and then only when the promotion is in accordance with these rules, and is in the direct line of duty and according to grade, and the persons named shall pass an examination of the same character as required for original appointment to said position.

It shall be the duty of the officer or officers constituting the appointing power in the department in which a vacancy exists to make and forward to the Municipal Commission their joint or several certificates as to the efficiency, character and conduct of every person in such inferior grade who desires to become an applicant for such promotion and a copy of the record of said person in the department to which he belongs. The examining body shall have the right to call upon the appointing officer for further information upon any of the matters before them.

## Rule 39.

Examiners of persons named for promotion shall personally question them concerning their office work and its purposes, in order to ascertain if they have a general and intelligent knowledge of the business in the department in which they are employed, and may require the persons examined to give a written description of the work done by them and its relation to the duties of others.

## TRANSFER.

## Rule 40.

A person who has received a permanent appointment to any position in the competitive class may be transferred without examination to a position in the same class, in any other office, provided that for original entrance to the position proposed to be filled by transfer there is not required by these rules, in the opinion of the Municipal Commission, an examination involving essential tests or qualifications different from or higher than those involved in the examination for original entrance to the position held by the person proposed to be transferred, or provided he shall have served the city with fidelity for at least three years in a similar position; but this restriction shall not apply in case the name of such person shall be upon the eligible list for the position to which he is proposed to be transferred.

No transfer shall be made from any position in the unclassified service to any position in the classified service, nor from any position in one class to any position in another class, nor from any position in any grade in the competitive class to any different grade in that class unless the same shall be specially authorized by the Municipal Commission, and such authorization shall be reported, with the reasons therefor, in the annual report to the State Civil Service Commission.

Upon the written request of an appointing officer, stating the essential facts in regard to any proposed transfer, the Commission will, if such transfer be in accordance with law and the provisions of these rules, issue its certificate of that fact to such officer.

All transfers herein authorized shall be made only after the issuance of such certificate.

#### DISMISSAL.

##### Rule 41.

No person dismissed from the service for delinquency or misconduct shall be eligible to appointment in any capacity in any department of the municipal service within two years.

To secure compliance with the provisions of the Civil Service Law prohibiting removals because of political opinions or affiliations, no removal of any person in the classified service of The City of New York shall be valid unless and until a statement of the causes of such removal shall be filed with the Municipal Commission and a copy of the same furnished to the person sought to be removed and until such person has been afforded an opportunity to present an explanation in writing.

No person holding a position by appointment or employment in The City of New York, who is an honorably discharged soldier, sailor or marine, having served as such in the Union Army or Navy during the war of the Rebellion and who is an honorably discharged soldier, sailor or marine, having served as such in the Army or Navy of the United States during the Spanish-American War, or is an honorably discharged soldier, sailor or marine of the regular Army or Navy of the United States, or who shall have served the term required by law in the volunteer fire department of any city, town or village in the state, or who shall have been a member thereof at the time of disbandment of said volunteer fire department, shall be removed from such position or employment, except for incompetency or misconduct shown after a hearing, upon due notice, upon stated charges and with the right to such employee or appointee to a review by a writ of certiorari. If the position so held by any such honorably discharged soldier, sailor or marine, or volunteer fireman shall become unnecessary or be abolished for reasons of economy or otherwise, the said honorably discharged soldier, sailor or marine, or volunteer fireman holding the same shall not be discharged from the public service, but shall be transferred to any branch of the said service for duty in such position as he may be fitted to fill, receiving the same compensation therefor. Nothing in this section shall be construed to apply to the position of private secretary or deputy of any official or department, or to any other person holding a strictly confidential relation to the appointing officer. A person serving under a probationary or provisional appointment shall not be deemed to be holding a position within the meaning of this section.

#### REINSTATEMENT.

##### Rule 43.

Any person employed in any position in the service of The City of New York who shall be certified to the Commission by the proper authorities to have left such service without fault or delinquency on his part, and to have performed the duties of such employment creditably, may be re-employed in the service of the City in the same position in the same department within one year next following his leaving the service. If such employment was after due certification for the same, under these rules, or under the Civil Service statutes in force at the time the examinations were held, or if such person shall have passed the examination or attained a place upon the eligible list for such position, such person may be re-employed without further examination. If it was not subject to these rules or to such statutes, such person may be re-employed upon passing an examination pursuant to these rules. If several persons are so certified they shall be placed on a separate eligible list, pursuant to these rules.

Whenever in any department or institution an office or position is abolished, or whenever the number of positions of a certain character is reduced, the person or persons legally holding the office, or filling the position, shall be entitled to reappointment to or reinstatement in the said position or office if it is thereafter within one year re-established under the same or any other designation.

##### Rule 44.

No person in the public service is for that reason under any obligation to contribute to any political fund, or to render any political service, and no person shall be removed or otherwise prejudiced for refusing to do so.

No person in said service shall use his official authority or influence to coerce the political action of any person or body; or shall dismiss or cause to be dismissed, or make any attempt to procure the dismissal of, or in any manner change the official rank or compensation of any person in such service because of his political or religious opinions or affiliations.

## SCHEDULE G.

## Rule 61.

Schedule G shall include all laborers and other employees in the city service who shall not be subject to examination under the Civil Service rules, or be especially exempt from examination by said rules or by the statutes of this State.

There shall be appointed by the Municipal Commission, at such salary as they may fix, a Clerk of the Municipal Commissioners of The City of New York, to be known as the Labor Clerk.

It shall be the duty of each department of the city service to report, in writing, to the Secretary of the Civil Service Commissioners, within ten days after a written request from him for such report, the names, duties and salaries of all employees hereby classified in Schedule G, who shall, at the date of such request, be in the service of such department.

## Rule 62.

All persons seeking any employment classified in Schedule G shall apply for registry for such employment to the Labor Clerk of the Municipal Commissioners, who shall thereupon forthwith deliver to the applicant, or mail to him at the address given by him, a copy of these rules and an application blank of such form as shall be prescribed by the Municipal Commissioners, calling for the name, age, residence and citizenship of the applicant, his previous occupation, and service, if any, in the Army or Navy of the United States in the Civil War, and the date of his discharge therefrom, and proof thereof, and also a certificate of character for the purpose of signature by two reputable residents of New York City, one of whom is or shall have been an employer of the applicant, vouching for his sobriety, trustworthiness, industry and capacity for the labor and employment for which he seeks to be registered.

Upon receiving such application duly filled out and signed by the applicant with his name or mark together with such certificate of character duly filled out and executed, the Labor Clerk shall cause a number to be affixed to the application, showing the order of its receipt, and thereafter shall enter the same in an application book in such order, and shall cause a written notice to be sent or given to the applicant stating the time and place of his examination for registry, fixed by the Municipal Commissioners as hereinafter provided, at which time and place such examiner or examiners as may be selected by the Municipal Commissioners shall, in such manner as the said Municipal Commissioners shall prescribe, make inquiry regarding the age, residence, citizenship, character, previous occupation, military or naval service in the Civil War, of the applicant, and ascertain and determine, by examination into his capacity for labor and his habits as to industry and sobriety, whether he is qualified for the employment sought, and shall endorse a statement of the determination in that regard, and the reasons for it, upon his application, which shall thereupon be placed on file in order of registration as hereinafter stated. Any wilfully false statement or fraudulent conduct on the part of the applicant shall disqualify him for registration.

An applicant who fails to report for physical examination, or who changes his (or her) paper after filing the same, shall lose the registration number and shall be required to make a new application.

For any service other than that of common laborer, candidates will be required to produce a certificate, from some competent person or persons, of his ability to do the special kind of work for which he desires to be certified.

## Rule 63.

All applicants determined to be qualified for the employment sought shall be registered in the order of their application in a labor register to be kept by the Labor Clerk. This register shall subdivide such applicants according to the kind of labor, unskilled or special, for which they are found to be qualified. It shall state the name, age, residence, citizenship and previous occupation of the applicant, the kind of labor, unskilled or special, for which he is qualified, the date of his application, the nature of his service, if any, in the Army or Navy of the United States in the Civil War and of his discharge therefrom, his references and such other information with reference to the applicant as the Municipal Commissioners may from time to time require.

Whenever any list of eligible persons, prepared under authority of this rule, shall contain the names of honorably discharged soldiers, sailors and marines, entitled to preference as aforesaid, any reference in this rule to the person standing highest on such list shall be deemed to indicate those standing highest of those entitled to preference by the provisions of this rule, and such persons shall be given preference on any list of registered applicants, as though such applications had been filed prior to those of any persons on such lists not entitled to the preference provided by this section.

No person shall be eligible for appointment for a longer period than one year from the date of his or her physical examination. To determine continued eligibility, physical examinations of those already registered may be held according to the needs of the public service. When such re-examination is to be held, each person to be examined shall be notified by mail, in the order of his or her registration number, to report upon a fixed day and hour for examination. The names of all those who do not report for said examination and the names of all who are found not qualified as the result of said examination shall be stricken from the eligible list. The name of each person qualified shall be retained upon the registration list in the order of his or her original registration.

In case of an emergency, the appointing officer may hire and employ temporarily such and so many persons as shall be rendered necessary by such emergency, forthwith reporting such action, with the full particulars thereof, to the Mayor and to this Commission, but no person shall be so hired or employed for a longer period than three days, except that any person registered or eligible to appointment as a driver, or as a sweeper in the Department of Street Cleaning, may be temporarily employed at any time as an extra driver or sweeper to fill the place of a driver or sweeper who is suspended or temporarily absent from duty from any cause.

Where the labor service of any department or institution extends to separate localities, the Municipal Commission may provide separate registration lists for each district or locality. There shall be separate lists of applicants for different kinds of labor or employment, and the Municipal Commission may establish separate labor lists for various institutions and departments. But the number and character of such separate lists for institutions and departments shall be stated for the information of applicants in the printed application blank, and any person seeking employment in his trade who is duly qualified under these rules shall be registered as eligible for appointment on any or all of such lists for such trade as he may designate. Preference in employment from such lists shall be given according to date of application.

A separate register shall be kept for the positions of sweeper, driver and dump boardman in the Department of Street Cleaning, and candidates who have passed the physical examination required shall be registered in the order of their applications under the head of the position for which they apply.

The examinations for registry shall be held under the direction of the Municipal Commissioners as often as the City service may require.

## Rule 64.

When the services of laborers or other employees included in Schedule G are required in any department of the City service, the officer of such department thereto duly authorized shall make a written requisition upon the Labor Clerk, stating the number of persons required and the time and place of employment. Upon receiving such requisition the Labor Clerk, under the direction of the Municipal Commission, shall certify to such officer the names of persons on the registered list found qualified for the kind of labor required, stating as to each name, address and registra-

tion number, the kind of labor, unskilled or special, for which he has been determined to be qualified and giving such other information as the Municipal Commission may direct. In making such certificate, the Labor Clerk shall certify:

First—Veterans of the Army or Navy of the United States in the Civil War, who are residents and citizens of this state.

Second—Person not veterans.

If there be no subdivisions covering the kind of labor required, or if the names in such subdivision be exhausted, the Labor Clerk shall certify from the subdivision covering unskilled labor, unless the officer making the requisition shall designate some other subdivision and there shall be names enough therein to comply with the requisition; in such case the certification shall be made from such subdivision.

From the number of persons so certified, the officer making the requisition shall select the number required and report to the Labor Clerk within twenty-four hours from the date of appointment the names, registration numbers and residences of the persons so selected, provided, however, that whenever the officer shall employ a smaller number than called for in the requisition, he shall not make selection therefrom from the whole number certified to him, but only from that number of names standing first upon said list that would have been certified to him had the requisition stated the number of vacancies actually filled.

## Rule 65.

The name of any person shall remain upon the registered list for appointment not longer than one year from the date on which it is entered on such list, except after re-examination, as provided in Rule 63. In the case of every employee the department of the City service employing him shall forthwith report him to the Labor Clerk, together with the names and numbers of the persons employed, and upon the termination of the employment, shall report, on a form to be prepared and furnished by the Municipal Commissioners for that purpose, the date of such termination and the reason therefor, and the substance of such report shall be entered upon the registry against the name of such employee. No employee whose employment is terminated for the reason of failure to work, incompetence or physical or moral disqualifications, shall be restored to the registry or be again eligible for registration until the expiration of a period of six months from the date of such termination, and then only upon furnishing to the Examiners satisfactory excuse for his failure to work and satisfactory evidence that incompetence or physical or moral disqualification for the employment for which he seeks to be registered does not exist.

## REINSTATEMENT.

Any person employed in any position classified in Schedule G who shall be certified to the Municipal Commission by the proper authorities to have left such service without fault or delinquency on his part, and to have performed the duties of such employment creditably, may be re-employed in the same position in the borough of which he is a resident, within one year next following his leaving the service. If such employment was after due certification for the same under these rules, or under statutes in force at the time the examinations were held, such persons may be re-employed without further examination. If it was not subject to these rules, or to such statutes, such person may be re-employed upon passing an examination pursuant to these rules.

## Rule 66.

In case there are no eligible lists existing from which appointments may be made to any position in Schedule G, if requisition is made by an appointing officer, the Labor Clerk shall certify the fact to the officer making the requisition, who shall then select such employees as may be immediately required under these rules.

Laborers so employed shall not be retained for a longer period than one week, unless they shall present themselves at the Municipal Civil Service Labor Office for registration in the manner and under the conditions prescribed for those seeking employment, as set forth in the special rules in relation to the employment of laborers.

## TRANSFERS.

## Rule 67.

No transfer from one position in Schedule G, to another position in the same schedule, shall be allowed, unless the persons to be transferred shall have served at least one year in the position from which the transfer is to be made, and then only upon passing an examination equivalent to that required for the position to which he is to be transferred.

No person shall be appointed or employed under any title not appropriate to the duties to be performed.

No laborer or other employee whose employment is classified in Schedule G shall be detailed to perform the duties appertaining to any position, or be appointed or promoted to any position classified in either of the other schedules, except upon the conditions prescribed in the civil service rules for appointment or promotion to such position.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for.
