Headquarters New York City Fire Department, }
October 31, 1904. }

Meeting of the Municipal Explosives Commission, held at the Headquarters of the New York City Fire Department, Monday, October 31, 1904.

Deputy Fire Commissioner Churchill in the chair.

Present—Commissioners Piser, Sherry and Montgomery.

Minutes of the previous meeting read and approved.

Inspector Murray, Chief of the Bureau of Combustibles, addressed the Commission, by request, on the provisions of the Regulations relative to the transportation of explosives through the City.

Commissioner Piser introduced the following resolution:

Resolved, That sections 9, 11, 12, 14 and 17 of Part 3 of the Municipal Explosives Commission's Regulations, be amended to read as follows:

Section 9. No explosives shall be transported by wagon through the streets of the City unless said wagon is in charge of a competent person, holding a certificate of fitness, which certificate shall be open to inspection by any officer of the Fire or Police Departments. Said certificate of fitness shall be issued only to employees of corporations, firms or persons duly licensed by the Fire Commissioner to transport or sell or to keep and use explosives in the City, and if the explosives are being transported by a person licensed to keep and use explosives, the same must be accompanied by the magazine permit card, showing new location of the magazine.

Section 11. A wagon used for transportation of explosives by persons duly licensed to transport or sell explosives shall comply with the following specifications:

It shall have

(a) Springs.

(b) A wooden top extending over bed, inclosed on both sides and back.

(c) An additional floor laid lengthwise, of sound material, not exceeding three inches wide, tongued and grooved, planed smooth and fair, and blind nailed.

Section 12. No metal tools or other pieces of metal shall be carried within any wagon carrying explosives.

Section 14. Not more than 1,000 pounds of explosives shall be transported at any one time on a wagon through the streets of the City by licensees to transport or sell, and not more than 50 pounds shall be transported at any one time on one magazine permit card by licensees to keep and use explosives.

Section 17. A wagon carrying explosives under a license to transport and sell shall have painted on it in easy legible letters at least twelve inches high, "Powder Wagon," on sides and back, and shall also have the owner's name displayed so as to be read readily at a distance of 100 feet on each side, and in case of a licensee having more than one wagon these shall be plainly lettered "Wagon No. 1," or "Wagon No. 2," etc., and a wagon carrying explosives under a license to keep and use explosives shall prominently display a red flag at least eighteen inches square. Laid over.

On motion, duly made and seconded, the vote of August 30, 1904, passing a resolution amending section 57, Part 5, was reconsidered, and the said resolution came up for consideration.

On motion of Commissioner Sherry, seconded by Commissioner Piser, it was

Resolved, That section 57, Part 5, of the Municipal Explosives Commission's Regulations, be amended so as to extend the prohibition of the use or discharge of fireworks without a permit to the entire City, thereby including that portion of the City not within the fire limits in said prohibition; and to read as follows:

Section 57. Except on Independence Day or the day celebrated as such and during the twelve hours preceding and the six hours following, the use or discharge of fireworks or firecrackers in the City, without a license or permit from the Fire Commissioner, is prohibited. No license or permit shall be issued for the discharge of fireworks within the City until the person, firm or corporation desiring to secure said license shall have made written application for same and deposited with the Fire Commissioner a bond in the penal sum of five thousand dollars, approved as to sufficiency by the Comptroller, and conditioned for the payment of any loss, damage or injury resulting to persons or property by reason of the discharge or use of said fireworks, and for the strict observance of sections 731, 767, 771 and 773 of the Greater New York Charter, and the ordinances adopted by the Board of Aldermen, May 13, 1902, and approved by the Mayor, May 19, 1902, amending sections 763 and 769 of the Greater New York Charter, and of these Regulations.

Carried. Commissioners Piser, Sherry and Montgomery voting in favor thereof.

On motion of Commissioner Piser, seconded by Commissioner Montgomery, it was

Resolved, That the Secretary of the Commission be directed to write to the Fire Commissioner that:

It is the opinion of this Commission that the attention of the Fire Commissioner ought to be called to the fact that no properly covered powder wagon, as required by the Municipal Explosives Commission's Regulations, is provided for conveying seized explosives to a proper place of storage pending the disposal of them, as required by law.

The Commission therefore respectfully requests the Fire Commissioner to take steps to procure a wagon complying with the provisions of chapter 3, Part 2, of the Municipal Explosives Commission's Regulations for safely transporting such seized explosives through the streets of the City.

The Commission is also of the opinion that the words "Powder Wagon" should be painted on both sides and on the back of said wagon, the letters on the sides to be at least twelve inches high, and on the back to be at least six inches high, and that body and running gear should be painted red.

Meeting adjourned to Monday, November 7, 1904, at 9:15 A. M.

FRANZ S. WOLF, Secretary.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract or in the supplies, work or business to which it relates, or in any portion of the profits, thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
