

THE CITY RECORD.

OFFICIAL JOURNAL.

VOL. IV.

NEW YORK, MONDAY, MARCH 6, 1876.

NUMBER 827.

APPROVED PAPERS.

Ordinances, Resolutions, etc., approved by the Mayor during the week ending March 4, 1876.

Petition of Robert J. Livingston for permission to flag sidewalk in front of premises on west side of West street, 154 feet south of Bethune street.

Prayer of the petitioner granted by the Board of Aldermen, February 17, 1876.

Received from his Honor the Mayor, March 2, 1876, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

The Committee on Public Works, to whom was referred, with instructions to report at the next meeting, the annexed communication, asking that the Board of Aldermen take measures to supply work for the unemployed workmen in the city, respectfully

REPORT:

That the subject of the petition has on several occasions, during the past two or three years particularly, engaged the serious attention of the Common Council, and on every such occasion with like results. The corporate authorities of this city, as has been repeatedly shown, are absolutely powerless to afford, in any manner, the relief asked for in the petition. It is not in their power to appropriate a single dollar, or employ a single laborer, and this disability imposed upon the city authorities has been so clearly and often set forth and published, in reply to like applications, in this and former years, that it is simply time and labor wasted in further dissertation on the question. Even the causes that have led to this deplorable result have been pointed out to the workmen, and they have also been shown how to apply the remedy.

It is needless to reiterate here, what has been so often proved by word and deed, that this Common Council, by every legitimate means within its power, and so far as it possesses the power, will legislate for the best interests of the workmen of the city, keeping in view, also, the many other interests which it is bound to foster and protect. It must not be forgotten or lost sight of, that the government of the city is elected to care for all its people, and to protect every one in the enjoyment of his rights. This is the proper and legitimate function of all governments, and any government that departs from this line of conduct, or is partial in its laws to any one class, is certain to prove tyrannical and oppressive to all others. The bane and curse of this city, for the past twenty years, has been special legislation at Albany, in the interest of one or the other political party in the State and city. It made the "ring frauds" possible, by which the city lost or was defrauded out of millions of dollars, and increased taxation for the legitimate annual expenses of the government from \$8,000,000, in 1858, to \$36,000,000, in 1876.

There are at the present time many descriptions of work upon which large numbers of laborers might be employed, authorized either by the State Legislature or the Common Council. So far as the Common Council is concerned, it has made it a point, upon all occasions, to provide employment for laborers and others by the passage of the necessary ordinances, where the interest of the city and the owners of property, who have to pay for the work, seemed to require that such improvements be made.

Among the principal or most important works that can be immediately undertaken and completed, the following may be mentioned:

Regulating, grading, etc., Kingsbridge road, from One Hundred and Fifty-fifth street to Spuyten Duyvil creek.

Regulating, grading, etc., Eighth avenue, from One Hundred and Twenty-fifth street to Harlem river.

Both the above were advertised for public letting, last year, at the urgent solicitation of the owners of property, who are required to pay the assessments for the work; and had they been commenced, larger numbers of workmen could have been employed during the past fall and present winter. By some unexplained or inexplicable reason, the contracts were not made, nor the work commenced. It is for the Departments charged with the work, or the Department of Finance, to explain the reason of the failure. Whoever is responsible deserves the severest censure.

The work on the Eastern Boulevard should be continued, at the earliest practical period. This will afford employment for a vast number of men—laborers, rockmen, and bricklayers—and the work is not only asked for by the owners interested in paying for it, but is most strenuously urged by the East Side Association.

The work on the Morningside Drive and Park, commenced last season, and suspended shortly after being commenced, should at once be resumed. The work is one of advantage to the city, the property-owners, and to the large number of men that could be employed upon the work.

A large number of men could, with advantage, be employed in completing the sewers on the main Boulevard, work which, upon inspection, appears to have been well and economically performed by the day. Old and experienced men have heretofore had charge of the work; and your Committee take the liberty of saying that if all the work for the city were to be done by the day, and inspected as efficiently as this has been, the taxpayers would have no reason to complain of the system of doing work for the city by the day.

The Common Council has quite recently passed resolutions for laying large Croton water pipes in certain portions of the city, particularly south of Canal street. The act, chapter 477, Laws of 1875, leaves it discretionary with the Commissioner of Public Works whether this work shall be done by contract or by the day. It is but fair to presume that the work will be well, efficiently, and economically done, whichever system is ultimately adopted. The well-known ability and energy of the present Commissioner is evidence sufficient upon the point. By the day system, however, much delay would be obviated, such as advertising for bids, opening, awarding, and confirming the contracts, etc., and the work could be immediately commenced. By the day, also, it is beyond question that this work, or a particular portion of it, should be done, and for this reason; imperfectly caulking one joint on one of the large water-mains might result in the most disastrous consequences, in case of a break or leak, and would entail expenses far in excess of the difference of cost between the two systems, for doing the entire work by the day. In this connection, it may be well to state, that the pipes heretofore laid by contract, under the supervision of the Engineer of the old Croton Aqueduct Department, have had to be taken up and relaid at an enormous expense. The mains in the Eighth avenue is a case in point. It is notorious also, that the expense of the repairs to sewers built by contract under the direction of the same Engineer in that Department, is such as to warrant the statement that it would be cheaper to have many of them rebuilt. For work of this character—sewers and water-pipes—the day system appears to work to the most advantage.

The wall intended to inclose the Central Park could, also, at this time, with advantage, be completed. It would afford employment to a large number of mechanics and laborers. The work of cleaning out the deposit from the bottom of the lakes in the Central Park would, also, if prosecuted at this time, afford work to a large number of men. The Commissioners of the Central Park could, also, with advantage both to the city and the laboring men, purchase large stone and employ a great number of men in breaking them up for macadamizing purposes.

It is also hereby recommended that your Honorable Body immediately pass the resolution and ordinance providing for working a country road on the line of the Riverside Drive, being General Order No. 70 on the list of Unfinished Business. This work is asked for by the owners of property, who will be assessed to pay therefor, equally with the city, as half the property on the line of the proposed improvement is owned by the Corporation. This will also afford employment to a vast number of workmen.

The Department of Docks can also, with advantage to the city, employ a large number of men in the work under its supervision, and the attention of the Department is herewith respectfully called

to the resolution of the Common Council, passed last year, requesting that all the stone used be cut and dressed in this city, by resident workmen.

By ordering the several descriptions of work above enumerated, and other work that may have escaped the notice of your Committee, but which is controlled by the several Departments of the city government, to be commenced as early in the season as possible, it is to be hoped that, with the cheering prospect of better times in all departments and branches of private business and enterprise, a return of confidence among capitalists, a good and lucrative market, both at home and abroad, for our surplus products and manufactures, and the impetus that will be given to all description of business, by natural causes during the Centennial year, the end of the panic of 1873 and its consequences will disappear, and the country may, with every prospect of success, enter upon a new era of prosperity.

Your Committee respectfully offer for your adoption the following resolution:

Resolved, That a copy of this report, and accompanying recommendation or suggestions, be transmitted to each Department charged with the performance of the work therein mentioned, with a request from the Common Council that such work be undertaken as soon as possible, and prosecuted to completion without any unnecessary delay.

WM. H. MCCARTHY, } Committee on
HENRY D. PURROY, } Public Works.

Adopted by the Board of Aldermen, February 24, 1876.

Received from his Honor the Mayor, March 2, 1876, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Whereas, The present condition of Tompkins square is a disgrace and a reproach to any civilized government. Instead of affording a promenade for our citizens or a play-ground for the children resident in the vicinity of the square (and it is located in the centre of one of the most populous and densely crowded sections of the city), it has been a nuisance to the neighborhood for years past, and it is now positively dangerous to walk in or across it, as the surface is broken up by excavations in some places from ten to thirty feet deep, and in mounds and hillocks in others, from twenty to fifty feet high, and rendering the square useless for public purposes; be it therefore

Resolved, That the attention of the Commissioners of Public Parks be and is hereby respectfully called to the present outrageous condition of Tompkins square; and the said Department is also hereby respectfully requested, at the earliest practicable period, to improve the surface of the square, so that it can be used, as was originally intended, for park purposes; and that the amount authorized by the Legislature to be extended in such restoration, be immediately applied to the uses for which such appropriation was made.

Adopted by the Board of Aldermen, February 24, 1876.

Approved by the Mayor, March 2, 1876.

Resolved, That permission be and the same is hereby given to E. R. Gambell to erect an ornamental lamp on post already erected in front of premises No. 833 Broadway, the gas to be supplied from his own meter, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, February 24, 1876.

Approved by the Mayor, March 2, 1876.

Resolved, That permission be and the same is hereby given to Richard Sager to erect a wooden post, not to exceed in dimensions seven inches square, with an iron rail not to exceed four inches by one and one-half inches, extending to the house front, opposite the house on the southwest corner of First avenue and Third street, and on the Third street front thereof, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, February 24, 1876.

Approved by the Mayor, March 2, 1876.

PROPOSALS FOR CONDENSED MILK.

PROPOSALS, SEALED AND INDORSED AS above, will be received by the Commissioners of Public Charities and Correction, at their office, until 10 o'clock A. M., of Wednesday, the 15th day of March, 1876, at which time they will be publicly opened and read by the head of said Department, for supplying the institutions under their charge, with Condensed Milk of the best quality, for one year, from April 1, 1876, to April 1, 1877.

Parties proposing for the above will submit samples for examination and analysis, and the milk selected will be the standard for future delivery. The milk delivered under the contract will be analyzed by a competent chemist at such times as the Commissioners may determine.

The above to be delivered daily at the foot of Twenty-sixth street, East river, or at such other places as may be required, free of all expense to the Department.

The award of the contract will be made as soon as practicable after the opening of the bids.

No proposal will be considered unless accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded under that proposal, they will, on its being so awarded, become bound as sureties in the estimated amount of fifty per cent. for its faithful performance, which consent must be verified by the justification of each of the persons signing the same for double the amount of surety required. The sufficiency of such security to be approved by the Comptroller.

The Department of Public Charities and Correction reserve the right to decline any and all proposals if deemed to be for the public interest, and no proposal will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is defaulter, as security or otherwise, upon any obligation to the Corporation.

Blank forms of proposals and specifications, which are to be strictly complied with, can be obtained on application at the office of the Department, and all information furnished.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1875.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

When possible and legal, serving jurors will be allowed to select a convenient season—if application be made in time.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and it unpaid will be entered as judgments upon the property of delinquents.

The Commissioner will receive applications for relief from those jurors who have served continuously and promptly for several years, or have done excessive jury service in the State Courts.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted. No fees of any kind exist, or are allowed in regard to jury notices, and any one asking, receiving, or giving any such "fee" or "present" will be arrested, and, if possible, punished to the full extent of the law.

THOMAS DUNLAP, Commissioner,
County Court-house (Chambers street entrance)

TERMS OF SALE.

Twenty per cent. on the yearly rent bid for each parcel to be paid to the Collector of City Revenue at the time and place of sale; and the successful bidder will be required, at the same time, to have an obligation executed by two sureties, to be approved by the Comptroller, for carrying into effect the terms of sale.

Twenty per cent., when paid, will be credited on the first quarter's rent; or forfeited, if the lessee does not execute the lease and bond within fifteen days after the sale; and the Comptroller shall be authorized, at his option, to resell the premises bid off by those failing to comply with the terms as above; and the party so failing to comply to be liable for any deficiency that may result from such resale.

No person will be received as lessee or surety who is delinquent on any former lease from the Corporation. No bid will be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation. (Sec. 99 of Charter of 1873.)

The leases will contain the usual covenants and conditions, reserving to the Corporation the right to cancel the lease whenever the premises may be required by them for public purposes.

All repairs will be made at the expense of the lessees, and no deduction whatever will be allowed for damage by reason of any sickness or epidemic that may prevail in the city during the continuance of the lease.

The lessees will be required to give a bond for double the amount of the annual rent, with two sureties, to be approved by the Comptroller, conditioned for the payment of the rent quarter-yearly, and the fulfillment on their part of the covenants of the lease.
