SIR—On the 15th day of March last there was submitted to the Board of Estimate and Apportionment a request for bond account, duplicate of which is herewith inclosed, to the amount of \$183,400 for the boroughs of Manhattan and The Bronx, and for the Borough of Brooklyn \$60,500. This is for the necessary supplies. In view of the fact that six months of this year have already elapsed, may I ask that the Honorable Board place this request for bond issue on the calendar for to-morrow, the 13th day of July, 1904?

DEPARTMENT OF STREET CLEANING,  
New York, March 15, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I submit herewith an itemized account of the numbers and kinds of articles which it will be necessary to purchase from the bond account, new stock or plant, for the purpose of replenishing such supplies and articles as have become worn out, etc., in the service.

In this connection I desire to invite attention to the very rigorous winter just about finishing and to state that the tax upon the equipment of the Department has been most excessive, due largely to that cause, especially in the matter of horse flesh. This bond account has been compiled after a great deal of thought and serious consideration, and in the condition in which it is now submitted I have exercised every possible care with a view to economy. Therefore I urgently request that the supplies and articles herein enumerated may be authorized with as little delay as due consideration will admit.

Whereas, The Commissioner of the Department of Street Cleaning, in a communication dated July 12, 1904, has made requisition for the issue of bonds to the amount of two hundred and forty-three thousand nine hundred dollars (\$243,900), to provide means for replenishing such supplies and articles as have become worn out in connection with stock or plant for the Department of Street Cleaning, as provided by section 546 of the Greater New York Charter, the estimated expense being as follows:

Boroughs of Manhattan and The Bronx.....	\$183,400 00
Borough of Brooklyn.....	60,500 00
	<hr/>
Total.....	\$243,900 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The consideration of the request of the Commissioner of Bridges for permission to construct a temporary extension of the New York and Brooklyn Bridge over Park row and Centre street and into City Hall Park, also his request for an issue of Corporate Stock to the amount of \$500,000, to provide means for the construction of this temporary structure, was laid over pending the decision of the courts as to the constitutionality of the McCarren Act.

The resolution of the Board of Aldermen requesting the fixing of the salary of the position of Cashier in the City Clerk's office at \$2,100 per annum, and of the Clerk in the Board of Aldermen at \$1,800 per annum, was laid over.

The Secretary presented the following resolution of the Board of Aldermen and communications from the Municipal Civil Service Commission requesting an additional appropriation of \$15,000 for the expenses of said Commission:

Resolved, That, upon the request of the Municipal Civil Service Commission, the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the Amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifteen thousand dollars (\$15,000), the proceeds whereof shall be added to the appropriation for said Commission for the year 1904, in order to meet the necessarily increased expenses as set forth in the aforesaid request.

Unanimously adopted by the Board of Aldermen June 28, 1904, three-fourths of all the members elected voting in favor thereof.

Approved by the Mayor July 5, 1904.

P. J. SCULLY, Clerk.

MUNICIPAL CIVIL SERVICE COMMISSION OF THE CITY OF NEW YORK,  
No. 61 ELM STREET, CORNER OF LEONARD STREET,  
New York, June 7, 1904.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Municipal Civil Service Commission held June 1, 1904, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment be requested to provide the sum of \$15,000 in addition to the sum already appropriated for the year 1904, it being apparent that the business of the office cannot be properly conducted unless this additional sum be provided.

On August 31, 1903, the Municipal Civil Service Commission presented to the Board of Estimate and Apportionment its estimate for the year 1904. Request was made for the sum of \$115,730 (an increase of \$15,730 over the amount appropriated for 1903) in a lump sum, but to be devoted to the following purposes:

Salaries.....	\$88,950 00
Per diem Examiners.....	10,000 00
Monitors.....	4,000 00
Experts.....	2,000 00
Rent.....	2,000 00
Postage.....	5,000 00
Carfare and incidentals.....	2,500 00
Telephone.....	980 00
Messenger and telegraph service.....	300 00
	<hr/>
	\$115,730 00

The Board of Estimate and Apportionment appropriated the sum of \$100,000, the same as that fixed for 1903, despite the fact that in the latter part of that year it became evident that the expenses of the Commission would exceed the sum fixed in the appropriation, and the Board of Estimate and Apportionment, at the Commission's request, transferred the sum of \$8,700 from the unexpended balance of an appropriation for another department, increasing the appropriation for that year to \$108,700.

The Commission now believes that if the work of the Department is to be advanced an additional appropriation of \$15,000 is absolutely necessary. The increase in the business of the City and the constant enlarging of the several departments make necessary the holding of many more examinations, and the growing interest on the part of the public in civil service matters and the prolific advertising of examinations in publications devoted to civil service news, in the daily press and in technical and professional journals has attracted to those examinations unusually large numbers of candidates.

Three of the four months of 1904 have been given to the holding of examinations, the remaining month—so far as the examining force was concerned—having been devoted exclusively to the clearing up of work left over from the year 1903. Even during that month, however, other examinations were announced and applications were received, so that the temporary cessation of the work of holding examinations will increase proportionately the amount of work that will have to be done during the remaining months of the year. It is estimated that 25,000 persons will have been examined before the close of the year for positions in the Competitive Class alone, this estimate being based on the amount of work that has thus far been accomplished.

The following table will give some idea of the increase of the work in this Department during the past few years:

Year.	Number Examined.	Appropriation.
1898.....	10,168	\$86,000 00
1899.....	12,692	86,000 00
1900.....	11,265	86,000 00
1901.....	11,797	86,000 00
1902.....	16,113	98,665 97
1903.....	21,215	108,700 00
1904 (estimated).....	25,000	.....

The Commission therefore respectfully requests that the additional sum be allowed.

Respectfully,  
HENRY BERLINGER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION OF THE CITY OF NEW YORK,  
No. 61 ELM STREET, CORNER OF LEONARD STREET,  
New York, June 20, 1904.

To the Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I am in receipt of a letter from Deputy Comptroller Stevenson, dated June 14, stating that at a meeting of the Board of Estimate and Apportionment held June 10, the request of the Municipal Civil Service Commission for an additional appropriation of \$15,000 "was referred back to said Commission for additional information."

Our request is made on the ground that the business of this Department cannot be properly conducted with the sum appropriated in the Annual Budget (\$100,000). In the latter part of 1903, our predecessors, basing their estimate on the expenditures incurred during that year and on the probable percentage of increase in the business of the Department, requested an appropriation of \$115,730 for 1904. But \$100,000 was allowed.

The following is a statement of the monthly expenses of the Commission during the present year:

January.....	\$7,849 00
February.....	7,693 30
March.....	8,168 03
April.....	9,219 39
May.....	8,476 02
June (estimated).....	11,753 00

Total..... \$53,158 74

The expenses for the month of June are larger than those for the preceding months on account of the payment of bills presented semi-annually, the conducting of examinations for Messenger and Inspector of Licenses, attracting exceedingly large numbers of candidates and necessitating the rental of outside halls and the hiring of extra Monitors, and the employment of Experts to conduct the examination for Director of Pathological Laboratories in Bellevue and Allied Hospitals. It will therefore be seen that at the end of the first half of the year, though we have refrained from holding examinations that should be held and have left vacant a number of positions in our office, the occupants of which resigned in January and February, we have exceeded the corresponding proportion of our appropriation by \$3,158.74.

In order to carry out our duty as defined by the Civil Service Law and Rules, we must establish new eligible lists in cases where the old lists have been depleted or where they will soon expire by time limitation. This cannot be done, however, unless the necessary money can be procured.

One of the greatest tasks now before the Commission is the establishing of an eligible list for the position of Fireman in the Fire Department. We have received nearly four thousand applications for this position and have already begun the physical examination.

The Commission during the year 1903 expended the sum of \$108,700. In that year 21,215 persons were examined. During the present year, when we must arrange to examine at least 25,000 persons, we ask that our appropriation be increased to \$115,000, which is \$730 less than the amount asked for this year by our predecessors.

Respectfully yours,  
HENRY BERLINGER, Secretary.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted June 28, 1904, and approved by the Mayor July 5, 1904, in relation to the expenditure of fifteen thousand dollars (\$15,000), the proceeds whereof to be added to the appropriation made for the Municipal Civil Service Commission for the year 1904, in order to meet the necessarily increased expenses, as set forth in their request, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of fifteen thousand dollars (\$15,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen and communication from the President of the Borough of The Bronx, also report of the Engineer in charge of sewers in The Bronx, relative to an appropriation of \$8,000 for the cost of rebuilding a pipe sewer in One Hundred and Thirty-seventh street, between Willow and Walnut avenues, Borough of The Bronx:

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of eight thousand dollars, the proceeds whereof shall be applied to meet the cost of rebuilding the pipe sewer in East One Hundred and Thirty-seventh street, between Willow avenue and Walnut avenue, in the Borough of The Bronx.

Adopted by the Board of Aldermen June 14, 1904, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor June 28, 1904, without his approval or disapproval thereof. Therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk,

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
MUNICIPAL BUILDING, CROTONA PARK,  
NEW YORK, May 18, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—The Engineer in charge of sewers of this borough reports that the pipe sewer in East One Hundred and Thirty-seventh street, between Willow avenue and Walnut avenue, has settled very badly and will have to be rebuilt. It appears from his estimates, a copy of which is herewith inclosed, that the work necessary to be done will cost \$8,000.

I therefore respectfully request that the Board of Estimate and Apportionment pass a resolution authorizing the issue of Special Revenue Bonds for the sum of \$8,000, to provide for the rebuilding of the pipe sewer in East One Hundred and Thirty-seventh street, between Willow avenue and Walnut avenue, Borough of The Bronx, City of New York.

Yours truly,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

April 27, 1904.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

SIR—It has been found that the public sewer in East One Hundred and Thirty-seventh street, between Willow avenue and Walnut avenue, is badly settled and should be rebuilt. This sewer was completed on May 1, 1895.

Surveys and soundings have been made to determine the amount of work necessary to be performed in order to reconstruct the defective portion of the sewer referred to, and it is found that the amount of work to be done is as set forth in the following estimate:

195 linear feet 18-inch pipe sewer.  
450 linear feet 15-inch pipe sewer.  
25 linear feet 12-inch pipe sewer.  
145 spurs.  
6 manholes.  
5 cubic yards of rock.  
30 cubic yards of concrete.  
30 cubic yards of broken stone.  
30 cubic yards of masonry.  
15,000 feet (B. M.) of timber.  
12,000 linear feet of piles.  
Total estimated cost, \$8,000.

In order to meet the cost of this necessary reconstruction I would respectfully recommend that the issue of Revenue Bonds for the purpose, to the amount of \$8,000, be requested.

Respectfully,

CHARLES H. GRAHAM,  
Engineer in Charge of Sewers.

No. 300 MULBERRY STREET,  
NEW YORK, May 13, 1904.

To the Honorable the Board of Estimate and Apportionment:

SIRS—The following proceedings were this day directed by Police Commissioner McAdoo:

Whereas, In pursuance of the request of the Police Commissioner for authority to increase the Police Force of The City of New York by adding thereto during the year 1904, not to exceed 150 Patrolmen to the quota allowed under the provisions of the Greater New York Charter, the Board of Aldermen adopted the following resolution May 3, 1904, which was approved by the Mayor May 10, 1904:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Amended Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$120,000, to provide for salaries of additional Patrolmen in the Police Department of The City of New York."

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the Police Commissioner to increase the Police Force of The City of New York by adding thereto during the year 1904, not to exceed 150 Patrolmen to the quota allowed under the provisions of the Greater New York Charter as the same has been increased from time to time by and with the authority of the Board of Aldermen and the Board of Estimate and Apportionment, and to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$120,000 to provide for the payment of the salaries of such additional Patrolmen.

Very respectfully,

WM. H. KIPP, Chief Clerk.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,  
No. 300 MULBERRY STREET,  
NEW YORK, July 1, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, City of New York:

SIR—I beg to call your attention to the condition of this Department with reference to an increase of the force.

As you are aware, an increase of this force is absolutely essential to the efficient police service commensurate with the wants of this City. The law formerly provided that the annual increase of Patrolmen should not exceed one hundred and fifty in number. With your concurrence, I asked for that increase and the Board of Aldermen and the Board of Estimate agreed to it, and you approved the resolution on May 10, 1904. It then became necessary for the Board of Estimate to provide moneys for the payment of these men. Up to this time, so far as I am informed, nothing has been done by that Board, nor, indeed, so far as I know, has the matter been brought before it. I have therefore been unable to appoint any of these one hundred and fifty men and cannot do so until the Board of Estimate provides for the issuance of bonds with which to pay their salaries.

The defeat in the Board of Estimate and Apportionment to-day of a resolution to provide funds with which to pay two hundred and ten civilian drivers for patrol wagons carries with it the loss of one hundred and forty additional men. This increase was asked for under an act passed last year allowing the force to be increased annually to six hundred instead of one hundred and fifty men as formerly. I am therefore preparing to send to the Board of Estimate and Apportionment and the Board of Aldermen a request for four hundred additional men, which will make a total increase of the force this year of five hundred and fifty. This I deem much below the number needed but sufficient for us to get along with for the present.

In the meantime, I write to respectfully request that the Board of Estimate and Apportionment provide for the payment of the one hundred and fifty already allowed by the City authorities, and also that action upon the request for the additional four hundred men be hastened as rapidly as possible to meet the requirements of the police service of this City.

Very respectfully,

W. McADOO, Police Commissioner.

"And that such Revenue Bonds be issued in the sum of \$160,000 to provide for the payment of 400 Patrolmen at \$800 each per annum, for six months during the year 1904."

Very respectfully,

WM. H. KIPP, Chief Clerk.

DEPARTMENT OF STREET CLEANING,  
NEW YORK, July 6, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I have to request that the sum of seventy-five dollars and sixty-nine cents (\$75.69) be transferred from the account of "Supplies, Rents and Contingencies," appropriation of the Department of Street Cleaning, boroughs of Manhattan and The Bronx, for the year 1903, to the appropriation account of "Final Disposition, including Cremation or Utilization," boroughs of Manhattan and The Bronx, for 1903, for the reason that the balance remaining in the last named account is not sufficient to cover the business of the year.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

The following resolution was offered:

Resolved, That the sum of seventy-five dollars and sixty-nine cents (\$75.69) be and the same is hereby transferred from the appropriation made to the Department of Street Cleaning for the year 1903, entitled, "Boroughs of Manhattan and The Bronx—Supplies, Rents and Contingencies," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the same year entitled, "Boroughs of Manhattan and The Bronx—Final Disposition of Material, including Cremation or Utilization," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Secretary presented the following communications from the President of the Borough of Brooklyn and the Commissioner of Parks for the Boroughs of Brooklyn and Queens, reporting on the communication of the New York Association for Improving the Condition of the Poor, relative to using certain City property at Coney Island for a public bath, which were ordered on file:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, June 30, 1904.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—At the last meeting of your Board there was referred to me a communication from the New York Association for Improving the Condition of the Poor, urging upon the Board the erection of a public bathing pavilion at Coney Island.

I find that there is now in the possession of the City and in the care of the Park Department at Coney Island a triangular tract suitable for the purpose. This tract is at present a part of the Coney Island Park, and extends from the Concourse to the ocean and from West Fifth street to Ocean parkway. I find that it would be possible to construct at the northwest corner of this tract a pavilion which would be ornamental and commodious, and which would not interfere in any way with an unobstructed view of the ocean so desirable to those who congregate in the public park above it. The building which I would suggest is shown upon a plan which accompanies this communication. It would be a one-story structure containing eight hundred bath rooms, an entrance pavilion at the corner of West Fifth street and the Concourse, which would face the principal railroad terminals at Coney Island, a large open court for drying purposes, a sun deck, a service building and space for shower baths. The building would be constructed at a considerable distance from the high-water mark so as to protect it from the destructive forces of the winter tides. The construction would be of timber on pile foundations, with a stucco facade, and would, it is estimated, give bathing accommodations to at least 3,000 a day. I am informed that such a structure could be erected for \$42,000. As I have said, this building would be upon land now in the care of the Park Department, whose jurisdiction over the triangular space need not, however, be disturbed, the erection and control of the bathing pavilion alone being placed in the hands of the Superintendent of Public Buildings and Offices, who has control of all public baths now in use or in course of erection in the Borough of Brooklyn.

In view of these facts, I would recommend that the Commissioner of Parks for the Boroughs of Brooklyn and Queens be requested to set aside for the purposes of this proposed public bathing pavilion an area at the northwest corner of the triangular space between West Fifth street and the Ocean parkway and the Concourse and the Atlantic Ocean, extending 600 feet along the line of West Fifth street from the Concourse, and having a depth of 200 feet along the line of the Concourse from West Fifth street. I would recommend also that the Board of Estimate and Apportionment authorize the issue of Corporate Stock to the amount of \$45,000, the proceeds to be used by the President of the Borough of Brooklyn for the erection of the proposed public bathing pavilion.

Yours respectfully,

MARTIN W. LITTLETON, President, Borough of Brooklyn.

THE CITY OF NEW YORK,  
DEPARTMENT OF PARKS, BOROUGH OF BROOKLYN AND QUEENS,  
LITCHFIELD MANSION, PROSPECT PARK,  
BOROUGH OF BROOKLYN, July 14, 1904.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—In compliance with your request of June 27 as to my views regarding the establishment of a bathing pavilion on park lands at Coney Island, I beg to say that I have given the matter careful consideration and in order to familiarize myself with the subject have inspected the various bathing establishments under municipal and state control at and near Boston. The plans designed by the New York Association for Improving the Condition of the Poor, of which I have been served with a copy, show a very ambitious proposition of substantial construction. It would certainly not be possible to complete this scheme so as to be available this season. From what I have

seen at Boston, Coney Island and elsewhere, I am firmly convinced that it would be utterly impossible to erect even temporary buildings of sufficient size to accommodate the people this season. The appliances and other paraphernalia necessary for the maintenance of a modern bathing-house are numerous and complicated, and it would be impossible to secure what is necessary so as to make use of it this year. The property on which it is proposed to locate the bathing pavilion at Coney Island is a part of the concourse lands purchased in 1875 by the County of Kings for park purposes, and the Department of Parks of the old city of Brooklyn was put in possession of the grounds in order to lay out a public park thereon. The action of the ocean has caused a loss in area from year to year, so that to-day there remain but twenty-five to thirty acres of the original seventy purchased. During the last quarter of a century a number of attempts have been made to stay the inroads of the sea, but they have not been successful. In 1902 when Seaside Park was constructed on part of this land it was also deemed advisable to protect the same and the foot of the Ocean parkway by the building of a strong bulkhead. It is now contemplated to build a long timber jetty on the westerly boundary of the property so as to prevent any further disappearance of the land and if possible to create some additional beach. Until it is demonstrated that it is possible to do so I would hesitate to expend any money in the construction of a bathing pavilion at this place. The beach land on which it is proposed to erect this building has a frontage on the ocean of about nine hundred feet and about six hundred feet on West Fifth street at high water. In my opinion, all of this land would be needed to accommodate the bathers and there would not be any beach left for any other purpose. At the present time the sands are dotted with numerous tents as well as some two hundred and fifty settees furnished by this Department, thereby accommodating a growing number of mothers, children and invalids who frequent this place to enjoy the ocean breezes. I desire to call the attention of your Honorable Board to the fact that this piece of beach under the control of the Park Department is the only one left on Coney Island which is not encumbered with buildings and can be utilized by people who desire to be away from the noise and turmoil of the west end of Coney Island and at the same time enjoy the pleasure incidental to the proximity of the ocean. I do not deem it wise or just to deprive this large number of persons of the enjoyment of this strip of sand during this season. The construction of a bathing establishment and the resulting crowds of bathers would undoubtedly drive these people from the beach. The Department has selected three sites at widely distant portions of the Borough of Brooklyn for the purpose of establishing public bathing-houses modeled after those at Revere Beach near Boston, and I expect to come before your Honorable Board some time this fall to secure funds with which to construct suitable buildings, but have not included Coney Island beach in this proposition for the reasons above stated. If it should prove possible to gain additional beach in front of the concourse property during the coming winter the Department might formulate plans early next year to create a bathing establishment at this place, ready for use during the season of 1905, but until it is demonstrated that buildings could be located there permanently I am opposed to any proposition in that direction.

Very truly yours,

M. J. KENNEDY, Commissioner.

The Secretary presented the following communications, together with a report from the Engineer of the Department of Finance, suggesting that the sum of \$20,000 be appropriated to defray the expenses of the preliminary work in caring for the records of various departments in cleaning, overhauling and removing the same into the new quarters assigned to them in the new Hall of Records Building:

Referred to the Board of Aldermen, with the suggestion that said Board request the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to that amount.

BOROUGH OF BROOKLYN, N. Y., June 27, 1904.

To the Honorable the Board of Estimate and Apportionment of The City of New York, Hon. GEORGE B. MCCLELLAN, Chairman, Stewart Building, No. 280 Broadway, Borough of Manhattan, New York:

GENTLEMEN—At a meeting of the Board on Additions and Alterations to the Hall of Records (composed of the Surrogate, Register, County Clerk and Commissioner of Records of the County of Kings), held June 27, 1904, the following resolution was adopted:

"Resolved, That an appropriation is respectfully asked to meet the requirements of the offices of the Surrogate, Register, County Clerk and Commissioner of Records of the County of Kings, occasioned by the removal of these departments into the new Hall of Records building."

The appropriation is needed for the purpose of defraying the expenses for the preliminary work in caring for the records of the respective departments in cleaning, overhauling, arranging and removing the same finally into the new quarters assigned to them.

The estimates and requirements for this purpose, compiled by each of the respective departments, are hereto annexed.

It is estimated that the work to be performed will require at least eighty (80) laborers, whose services can be procured at a compensation of sixty dollars (\$60) per month, making a gross sum of thirty thousand dollars (\$30,000), the time required for the necessary work of these laborers being about six months.

It is contemplated that the services of these laborers will be dispensed with as the different departments are housed.

Respectfully,

JAMES C. CHURCH,

Surrogate of the County of Kings, Chairman;

M. E. DOOLEY,

Register of the County of Kings;

EDWARD KAUFMANN,

County Clerk of the County of Kings;

JOHN K. NEAL,

Commissioner of Records of the County of Kings.

CHAMBERS OF SURROGATE'S COURT, }

BROOKLYN, N. Y., June 28, 1904. }

Board of Estimate and Apportionment, New York City, N. Y.:

GENTLEMEN—Pursuant to a resolution of the various officials who will occupy the new Hall of Records, an appropriation has been requested from your Board, to employ a force of laborers to assist in moving the various papers and books belonging to the various offices. The work which will be peculiar to the office of the Surrogate of Kings County is as follows:

By reason of the very contracted space in our office all of the older records and books have been for many years kept in the cellar, and as the Surrogate will occupy the second floor of the building it will necessitate the carrying of these papers and books up two flights of stairs. In addition, the size of the old file boxes is very much smaller than the new patent metallic file cases which it is proposed to use. It will thus be necessary to take all of these old papers from the files, and re-number them so as to fit the new file boxes. This is work which will necessarily have to be carefully done, as a loss of any of these papers would cause great confusion, and in view of the fact that there is an accumulation of papers for over a hundred years in my office it will take a long period of time to have them properly sorted and filed.

I would, therefore, respectfully suggest that twenty-five laborers, at a compensation of sixty dollars a month each be allotted to the work in my office.

If you desire any further explanation of this matter I will gladly appear before your Board at such time as you may suggest, and personally explain it to you.

I remain,

Very truly yours,

JAMES C. CHURCH.

COUNTY CLERK'S OFFICE, COUNTY OF KINGS, }  
HALL OF RECORDS,  
BROOKLYN, N. Y., June 28, 1904. }

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—An appropriation is respectfully asked to meet the requirements of this Department, occasioned by the removal of the Department into the new quarters in the Hall of Records Building. It is necessary to arrange for the preliminary work immediately, owing to the fact that the records on file in this office are scattered, some in the cellar of the present building, and others in the office as at present occupied.

The space now occupied will shortly be turned over to the contractor, so that he can make it conform with the rest of the space to be occupied by the County Clerk's office, thereby necessitating the removal of records from the files and receptacles in which they are now contained, and placing them in another part of the office. When this work is completed a great proportion of the records will have to be replaced in the altered quarters.

Attention is called to the fact that there are now on file in this Department over one million and a quarter papers, four thousand four hundred and seventy books. Great care must be exercised in the handling of these important records so as to have the same at easy access for the use of the public as well as the Courts and Municipal and State Departments. It is intended to place the documents on file in this office in metallic cases when the offices are completed. In order to accomplish this very needed improvement, every paper in the office must be overhauled, dusted and placed in proper files.

Annexed hereto are statistical reports showing the character of the records. It is estimated that it will require not less than twenty-five (25) laborers, whose services can be procured at a compensation of sixty dollars (\$60) a month, and their services will be required at once to attend to the preliminary work of removing the records to other parts of the office.

Respectfully,

EDWARD KAUFMANN.

In the matter of preparatory work for the transfer of records, upon the completion of the extension to the Hall of Records, there are on the two floors of the County Clerk's office about 11,900 files of papers, about 4,470 books of record, and about 1,500 bundles of records of conviction, a large proportion of which are in the basement or vault, and are not in condition for convenient use. In addition to these, there is an accumulation of miscellaneous papers, which, together with those above mentioned, should, before being transferred, be cleaned and dusted, and loose papers put in proper files or placed in bundles with proper labels showing the contents thereof.

The following is an incomplete list of the work proposed to be done, but its importance can be readily noted:

Clean and dust all papers in suits in files, preparatory to placing them in metal cases.

Place in files or bundles all loose or unlocated papers.

Arrange in consecutive order of date, and dust the following papers which are not filed away with papers in suits, placing the same in files or bundles, where they can be readily found:

Annual Reports; Adoption Papers; Affidavits of Dentists; Affidavits of Chiropractists; Assignments of Judgments; Assignments of Liens; Business Certificates; County Appointments; Change of Names; Commissioners of Deeds; Copartnerships; Candidates' Expenses; Certificates of Executions; Certificates of Gas and Electric; Defective Papers; General Assignments; Incorporations; Insurance Certificates; Inventions and Schedules; Jurors' Notices; Lis Pendens; Lunacy Certificates; Lunacy Warrants; Money Judgments; Mechanics Liens; Miscellaneous Papers; Notes of Issue; Notarial Certificates; Official Bonds; Physicians' Certificates; Papers Held for Fee; Records of Conviction; Returns on Appeal; Street Openings; State Papers; Sheriff's Certificates of Sale; School Commissioners' Reports; Satisfaction of Judgments; Satisfaction of Liens; Transcripts of Judgments; Trademarks, etc.

Arrange and dust all records, books, papers, etc., transferred from old City Court, now in the cellar of the County Clerk's office.

Arrange and place temporary numbers on all old records in the vault in the cellar and note in the general inventory book the places to which all of the foregoing are transferred.

There are about five hundred and twenty (520) files of various kinds of papers of the Court of General Sessions, 1870 to 1895, both inclusive, in the County Court, which the Judges have ordered to be transferred to the County Clerk's office.

The County Clerk will have to arrange these papers in proper order for the use of the public, and their care and preservation.

Books and papers in files to be transferred after the completion of the new building are:

Books in office.....	1,488
Books in cellar.....	2,966
Files in office.....	10,800
Files in cellar.....	700
Records of Convictions (packages).....	1,463

OFFICE OF THE KINGS COUNTY REGISTER,  
HALL OF RECORDS, BOROUGH OF BROOKLYN,  
NEW YORK CITY, June 29, 1904.

Board of Estimate and Apportionment:

GENTLEMEN—In connection with the application by the Commission for the Hall of Records, Brooklyn, New York, for an appropriation to cover the expenses of moving to the new quarters, including the preliminary work of moving, the work incidental to the actual moving and the setting things in order after moving, I beg to submit certain facts.

There are now in use in the Register's office over eight thousand (8,000) libers of records and indexes. All these libers will have to be shifted about from the present time to the time of moving, as requested by the contractors who are doing the work on the building. Not only will they have to be shifted about, but they will have to be kept in order and in such shape that they will be at all times accessible to the public. The present quarters of the Register are very much upset, and work has been required to be done already, and for more than one month last past, in shifting about these libers, indexes, maps, etc., to make room for the contractors' work. This shifting and moving of the books will continue until the time for actual moving to the new quarters. The work will be greater in future, owing to the contractors requiring more and more of the space now allotted to the Register. After the actual removal to the new quarters the Laborers will be required to do the work of removing the libers, indexes, maps, miscellaneous papers, etc., and setting them in proper order and shape so as to be readily used by the public. This work will probably cover a period of at least six months. The work that has been done in the office of this kind has been done by fifteen Laborers now on the Register's pay-roll. At least fifteen to twenty additional Laborers will be required.

Other work which will devolve upon them will be dusting and cleaning of the libers, indexes, maps, papers, etc., before moving. Besides, the titles and numbers of a large portion of these books are either missing or indiscernible from constant use by the public.

There are about five hundred (500) bundles of certificates of cancellation of mortgages lying around the record rooms on tops of cases. They should be dusted and arranged in order as to dates and protected from the mortar and dust which continually fall in the record room. These papers are original documents.

There are several thousand chattel mortgages, which are piled up in every available space. They should be arranged as to dates and put in proper condition for moving to the new quarters.

After July 1st there will be no money available to pay the fifteen Laborers now on the Register's pay-roll. The Register will need after July 1st, therefore, thirty-five Laborers. These Laborers, as stated in the Commission's communication to this Board, can be procured at the rate of sixty dollars (\$60) per month.

Yours very respectfully,

M. E. DOOLEY, Register Kings County.

OFFICE OF THE COMMISSIONER OF RECORDS OF THE COUNTY OF KINGS, }  
TEMPLE BAR BUILDING, COURT AND JORALEMON STREETS,  
BOROUGH OF BROOKLYN, CITY OF NEW YORK, June 28, 1904. }

To the Honorable the Board of Estimate and Apportionment of The City of New York, Hon. GEORGE B. MCCLELLAN, Chairman, Stewart Building, No. 280 Broadway, Borough of Manhattan, New York:

GENTLEMEN—A careful estimate of the labor involved in cleaning, dusting, assorting and arranging for removal the various documents in this office would require the services of from fifteen (15) to twenty (20) Laborers for a period of several months.

There are more than eighty thousand (80,000) bundles of instruments in the Temple Bar Building, which represent probably about five million (5,000,000) documents of various character.

In addition to these, there are several thousand packages of old records now in the cellar of the Hall of Records, which must be handled, assorted and transferred to the new quarters.

Yours very truly,  
JNO. K. NEAL,  
Commissioner of Records of the County of Kings.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 8, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board on Additions and Alterations to the Hall of Records (composed of the Surrogate, Register, County Clerk and Commissioner of Records of the County of Kings), held June 27, 1904, the following resolution was adopted:

"Resolved, That an appropriation is respectfully asked to meet the requirements of the offices of the Surrogate, Register, County Clerk and Commissioner of Records of the County of Kings, occasioned by the removal of these departments into the new Hall of Records Building.

"The appropriation is needed for the purpose of defraying the expenses for the preliminary work in caring for the records of the respective departments in cleaning, overhauling, arranging and removing the same fully into the new quarters assigned to them.

"The estimates and requirements for this purpose, compiled by each of the respective departments, are hereto annexed.

"It is estimated that the work to be performed will require at least eighty (80) Laborers, whose services can be procured at a compensation of sixty dollars (\$60) per month, making a gross sum of thirty thousand dollars (\$30,000), the time required for the necessary work of these Laborers being about six months.

"It is contemplated that the services of these Laborers will be dispensed with as the different departments are housed."

In the different communications addressed to the Board of Estimate and Apportionment, the estimate of the number of men required to perform the work in the respective offices is as follows:

Surrogate, 25 Laborers.  
Register, 35 Laborers.  
County Clerk, 25 Laborers.  
Commissioner of Records, 15 to 20 Laborers.

I would report that the additions and alterations of the Kings County Hall of Records, now nearing completion, will necessitate the removal and rearrangement of the records of the Surrogate, Register, County Clerk and Commissioner of Records, and some means should be provided in order to have this work done properly.

The Board on Additions and Alterations to the Hall of Records (composed of the Surrogate, Register, County Clerk and Commissioner of Records), who have made application for the appropriation of \$30,000 to defray the expenses of this work, have no authority to make such a request, pursuant to chapter 647 of the Laws of 1900, after the plans, specifications, etc., are prepared by the Commissioner of Public Buildings, Lighting and Supplies, for additions, extensions, alterations and improvements to the Kings County Hall of Records, they shall be submitted to the Surrogate, Register, County Clerk and Commissioner of Records for their approval.

No mention is made of any Board composed of the said parties, hence the said Board, apparently self constituted, have no authority except to approve plans, etc. The Surrogate, Register, County Clerk and Commissioner of Records in their communications to the Board of Estimate and Apportionment, only give the number of men required as noted above, and the rate, \$60 per month, to be paid. None of them have asked the Board of Estimate and Apportionment for any specified amount, but taking the total, \$30,000, requested by the Board and comparing it with the estimates furnished by each Department, I calculate that it was the intention of the Board to apportion the \$30,000 as follows:

Surrogate .....	\$7,500 00
Register .....	10,500 00
County Clerk .....	7,500 00
Commissioner of Records .....	4,500 00
Total .....	\$30,000 00

It has been suggested to me by some of the Board that it is their intention to use all of the men at times, in one Department; that is, to use the men to the best advantage in overhauling, arranging and removing the records of all the departments in the Hall of Records Building.

In my opinion, this is the best disposition to make of the labor, since all of the departments cannot move at once on account of the alterations to the building, but I think eighty (80) men is a larger force than they will be able to handle for full time. Sixty (60) men for six (6) months, I think, will be a closer average, and if it is not necessary to have a definite application from each Department, which has not been made, I would suggest that the following amounts be appropriated to the respective departments to defray the expenses of the preliminary work in caring for the records of said departments, in cleaning, overhauling and removing the same finally in the new quarters assigned to them:

Surrogate, Kings County .....	\$5,600 00
Register, Kings County .....	5,600 00
County Clerk, Kings County .....	5,600 00
Commissioner of Records, Kings County .....	3,200 00
Total .....	\$20,000 00

Respectfully,  
EUG. E. McLEAN, Engineer.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, recommending that the resolution adopted February 19, 1904, authorizing the institution of condemnation proceedings for the acquisition of a strip of land 10 feet in width, adjoining Public School 7, Borough of Brooklyn, be rescinded, and another resolution be adopted authorizing the purchase of the same.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 9, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held on February 19, 1904, adopted a resolution authorizing the acquisition by condemnation proceedings of a strip of land located on York street, 10 feet in width front and rear by 99 feet 8 inches in depth each side, adjoining Public School 7, in the Borough of Brooklyn.

The owners of the premises, represented by Noble, Jackson & Hubbard, have been in communication with this office and with the Corporation Counsel's office, and offered to enter into a stipulation with the City not to erect any building on the 10-foot strip of land for a period of at least seven years, provided they could use the ground or street floor to a height of ten feet for the purpose of storing boxes.

This matter was referred to the Board of Education, and in a communication under date of June 15, 1904, we were informed that the Board of Education would not consent to such stipulation, but must have additional exits that will be provided by the strip in question. The Board further stated that if the owners of the property did not desire to have title passed to the City, they would possibly lease the property to the City for a period of ten years. This the owners have declined to do, but have offered to dispose of the property to the City for the sum of \$2,000.

After consulting with Mr. Harris, Assistant Corporation Counsel, who has examined thoroughly into the merits of the claim made by the Boerum & Pease Company, the owners of the property, I am of the opinion that it would be a saving to

the City should the Board of Estimate and Apportionment authorize the acquisition of this strip on the part of the Comptroller for the sum of \$2,000, and I would therefore recommend the adoption of the following resolution:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on February 19, 1904, authorizing the institution of condemnation proceedings for the acquisition of a strip of land ten feet in width adjoining Public School 7, on York street, Borough of Brooklyn, be and the same is hereby rescinded; and be it further

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of a site for public school purposes, located in the Borough of Brooklyn, bounded and described as follows:

Beginning at a point on the northerly line of York street distant eighty-five (85) feet westerly from the westerly line of Bridge street, and running thence northerly and parallel with Bridge street ninety-nine (99) feet eight (8) inches; thence westerly and parallel with York street ten (10) feet to the easterly line of lands of Public School 7; thence southerly along the easterly line of lands of Public School 7 ninety-nine (99) feet eight (8) inches to the northerly line of York street; thence easterly along the northerly line of York street ten (10) feet to the point or place of beginning; together with all the right, title and interest of the owners of said premises, of, in and to the streets in front thereof to the centre thereof;

—and hereby authorize the Comptroller of The City of New York to enter into a contract for the purchase of said described premises at a price not exceeding two thousand dollars (\$2,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, recommending the institution of condemnation proceedings for the acquisition of a site for school purposes located on Pitt street and Rivington street, Borough of Manhattan:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 11, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education, at a meeting held April 27, 1904, in reply to the following resolution of the Board of Estimate and Apportionment,

"Resolved, That this matter be referred back to the Board of Education with the request that it inform this Board of the order in which said Board of Education proposes to make use of the sites submitted to the Board of Estimate and Apportionment for approval";

—reports that  
"In accordance with said resolution, your Committee, after consultation with the Committee on Buildings, has prepared the following schedules, showing the order in which all the sites now pending before the Board of Estimate and Apportionment will be required for school purposes, Schedule I. containing the sites most urgently needed, Schedule II. the sites next required and Schedule III. those of relatively less importance."

Under Schedule III. there is a request for a site located at Rivington and Pitt streets, Borough of Manhattan.

The Board of Education, at a meeting held on October 28, 1903, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Rivington and Pitt streets, adjoining Public School 4, in Local School Board District No. 5, Borough of Manhattan:

"Beginning at a point formed by the intersection of the westerly line of Pitt street with the southerly line of Rivington street, and running thence westerly along the southerly line of Rivington street seventy-five (75) feet to the easterly line of the lands of Public School 4; thence southerly along the said easterly line of lands of Public School 4 fifty-three (53) feet six (6) inches; thence easterly and parallel with Rivington street seventy-five (75) feet to the westerly line of Pitt street; thence northerly along the westerly line of Pitt street fifty-three (53) feet six (6) inches to the southerly line of Rivington street, the point or place of beginning.

"Assessed valuation of the above-described lands and premises, as shown by the books of record on file in the Department of Taxes and Assessments, \$75,000.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the lands and premises above described."

The property described in the Board of Education's resolution is a plot of ground fronting 53 feet 6 inches on Pitt street and 75 feet on Rivington street, covered by a five-story brick tenement with stores, all in good order. The property is known on the tax assessment maps as Lot No. 55, Block 343, section 2, volume 1, and is assessed at \$75,000. The owner asks \$130,000 for the property, but as the fair market value is not over \$90,000, I would respectfully recommend that the Board of Estimate and Apportionment approve the request of the Board of Education and authorize its acquisition by condemnation proceedings.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Assessed valuation of the above-described lands and premises, as shown by the books of record on file in the Department of Taxes and Assessments, \$75,000.

—and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 6, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education, at a meeting held April 27, 1904, in reply to the following resolution of the Board of Estimate and Apportionment:

"Resolved, That this matter be referred back to the Board of Education with the request that it inform this Board of the order in which said Board of Education proposes to make use of the sites submitted to the Board of Estimate and Apportionment for approval,"

—reports that "In accordance with said resolution, your Committee, after consultation with the Committee on Buildings, has prepared the following schedules, showing the order in which all the sites now pending before the Board of Estimate and Apportionment will be required for school purposes, Schedule I. containing the sites most urgently needed, Schedule II. the sites next required and Schedule III. those of relatively less importance."

Under Schedule II. there were two requests for sites, one entitled "Rhine and Danube avenues, adjoining Public School 12, Concord."

The Board of Education, at a meeting held October 28, 1903, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Rhine and Danube avenues, in the rear of Public School 12, in Local School Board District No. 46, Borough of Richmond:

"Beginning at a point formed by the intersection of the northwesterly line of Danube avenue with the southwesterly line of the lands of Public School 12, which point is distant seventy-five (75) feet southwesterly from the southwesterly line of Steuben street, and running thence northwesterly along the said southwesterly line of the lands of Public School 12 one hundred (100) feet to the southeasterly line of the lands of said Public School 12; thence southwesterly along the said southeasterly line of the lands of Public School 12 fifty (50) feet; thence northwesterly and again along the southwesterly line of the lands of said Public School 12 one hundred (100) feet to the southeasterly line of Rhine avenue; thence southwesterly along the southeasterly line of Rhine avenue seventy-five (75) feet; thence southeasterly and parallel with Steuben street two hundred (200) feet to the northwesterly line of Danube avenue; thence northeasterly along the northwesterly line of Danube avenue one hundred and twenty-five (125) feet to the southwesterly line of the lands of Public School 12, the point or place of beginning.

"Assessed valuation of the lands and premises above described, as shown by the books of record on file in the Department of Taxes and Assessments, \$1,200.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

The property described in the resolution of the Board of Education is intended for an addition to Public School 12, at Concord, Borough of Richmond.

The present school site fronts 121 feet on Steuben street, 125 feet on Rhine avenue and 75 feet on Danube avenue. The plot to be taken is of the same size as the present site, making the new site, therefore, 200 x 200 feet.

On the tax maps the property is described as Lots Nos. 126, 127 and 128, on Rhine avenue, each 25 x 100 feet, and Lots Nos. 201, 202 and 203, also each 25 x 100 feet, and the northeasterly 50 x 100 feet of Plot 196, in all eight full lots, in Plot 14, Volume 1, Ward 4 of the Borough of Richmond, three of the lots being on Rhine avenue and five on Danube avenue. The assessed valuation is \$150 on each lot or a total of \$1,200.

I understand that the title to the property is in such a condition that condemnation proceedings will have to be instituted to acquire the property, and I therefore recommend that the Board of Estimate and Apportionment approve the request of the Board of Education and authorize its acquisition by condemnation proceedings.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Shown in Schedule II. there is one request for a site in the Borough of Richmond, at Madison and Monroe avenues, adjoining Public School 16, Tompkinsville.

The Board of Education at a meeting held October 28, 1903, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Madison and Monroe avenues, adjoining Public School 16, in Local School Board District No. 45, Borough of Richmond:

"Beginning at a point on the easterly line of Madison avenue, distant one hundred and seventy-five (175) feet northerly from the northerly line of First avenue; and running thence northerly along the easterly line of Madison avenue twenty-five (25) feet to the southerly line of the lands of Public School 16; thence easterly along the southerly line of the said lands of Public School 16 two hundred (200) feet to the westerly line of Monroe avenue; thence southerly along the westerly line of Monroe avenue twenty-five (25) feet; thence westerly and parallel with First avenue two hundred (200) feet to the easterly line of Madison avenue, the point or place of beginning.

"Assessed valuation of the lands and premises above described, as shown by the books of record on file in the Department of Taxes and Assessments, \$10,150.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

The property described by the Board of Education is known on the tax maps as Lots Nos. 15, 16, 19, 21, 25 and 27, in Block 9, Plot 3, District No. 1, First Ward. Lot No. 19 is 30 feet front and Lot No. 21 is 50 feet front. The others are 25 by 100 feet.

I have had an examination made of this property and I find it possible to acquire all of the premises included within the area of this site at a price of \$21,700. I consider that while this price is full value, is not excessive, and I would respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site by the Board of Education, and authorize its acquisition by the Comptroller at private sale at a price not exceeding \$21,700.

Respectfully submitted for approval,

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, recommending the institution of condemnation proceedings for the acquisition of a site for school purposes located on Bergen avenue and Henry street, Borough of Queens:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
June 26, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education, at a meeting held April 27, 1904, in reply to the following resolution of the Board of Estimate and Apportionment,

"Resolved, That this matter be referred back to the Board of Education with the request that it inform this Board of the order in which said Board of Education proposes to make use of the sites submitted to the Board of Estimate and Apportionment for approval,"

—reports that

"In accordance with said resolution your Committee, after consultation with the Committee on Buildings, has prepared the following schedules, showing the order in which all the sites now pending before the Board of Estimate and Apportionment will be required for school purposes, Schedule I. containing the sites most urgently needed, Schedule II. the sites next required, and Schedule III. those of relatively less importance."

Shown in Schedule II. there is one request for a site in the Borough of Queens, entitled "Bergen avenue and Henry street, adjoining Public School 68, Evergreen."

The Board of Education on December 23, 1903, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Bergen avenue and Henry street, adjoining Public School 68, in Local School Board District No. 44, Borough of Queens:

"Beginning at a point formed by the intersection of the northerly line of Bergen avenue with the easterly line of Henry street, and running thence easterly along the northerly line of Bergen avenue one hundred (100) feet to the westerly line of lands of Public School 68; thence northerly along the westerly line of said lands of Public School 68 two hundred (200) feet; thence westerly and parallel with Bergen avenue one hundred (100) feet to the easterly line of Henry street; thence southerly along the easterly line of Henry street two hundred (200) feet to the northerly line of Bergen avenue, the point or place of beginning.

"Assessed valuation of the lands and premises above described, as shown by the books of record on file in the Department of Taxes and Assessments, \$4,800.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

The property described in the above resolution is Lots Nos. 24, 26 and part of Lot No. 18 in Block 161, Second Ward, of the Borough of Queens, and is a plot 100 by 200 feet on the northeast corner of Bergen avenue and Henry street, adjoining Public School 68.

This office has tried to negotiate with the owners of the property through their attorney, John E. Van Nostrand, No. 206 Broadway, Manhattan, but the price he has named for the sale of the premises to the City is, in our opinion, more than the market value of the property. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution approving the selection of this site by the Board of Education, and authorizing the institution of condemnation proceedings for the acquisition of the above described property.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

*To the Board of Education:*

The Committee on Sites respectfully reports that it has given careful consideration to a recommendation of the City Superintendent of Schools and the Superintendent of School Buildings, that property adjoining Public School 68, Borough of Queens, should be acquired at once.

The Board of Education, by resolution adopted May 22, 1901 (Journal, page 582), approved of a site 100 feet by 200 feet by 46 feet 3 inches by 66 feet 4 1/4 inches by 182 feet 5 3/4 inches by 248 feet on Bergen and Rathjen avenues and Henry street, adjoining Public School 68, selected by the School Board for the Borough of Queens on March 5, 1901, and the matter was forwarded to the Board of Estimate and Apportionment, which Board reduced the dimensions of the site to 200 feet by 100 feet. The site as amended was approved by the Board of Education on January 22, 1902 (Journal, page 128), and new surveys were ordered made. The surveys were received on February 21, 1902, since which time the matter of the acquisition of said site has been held in abeyance.

Your Committee is of the opinion that the above site, as amended, should be acquired for school purposes, and submits for adoption the following resolutions:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Bergen avenue and Henry street, adjoining Public School 68, in Local School Board District No. 44, Borough of Queens:

Beginning at a point formed by the intersection of the northerly line of Bergen avenue with the easterly line of Henry street, and running thence easterly along the northerly line of Bergen avenue one hundred (100) feet to the westerly line of lands of Public School 68; thence northerly along the westerly line of said lands of Public School 68 two hundred (200) feet; thence westerly and parallel with Bergen avenue one hundred (100) feet to the easterly line of Henry street; thence southerly along the easterly line of Henry street two hundred (200) feet to the northerly line of Bergen avenue, the point or place of beginning.

Assessed valuation of the lands and premises above described, as shown by the books of record on file in the Department of Taxes and Assessments, \$4,800.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

Shown in Schedule III. was a site located at Sherman and Prospect streets, adjoining Public School 21, Borough of Richmond.

The Board of Education, at a meeting held on October 28, 1903, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Sherman and Prospect streets, adjoining Public School 21, in Local School Board District No. 45, Borough of Richmond:

The property described in the resolution of the Board of Education consists of a strip 100 by 250 feet, extending through the block from Prospect street to Sherman street, and is known on the Tax Assessment Maps as Ward 3, volume 1, Block 160, Lots Nos. 29 and 31 on Sherman street and Lot No. 50 on Prospect street.

After an investigation, I have been informed that the property can be acquired for the sum of \$4,200, and I would respectfully recommend, that price being reasonable, that the Board of Estimate and Apportionment approve of the location of the site and authorize its acquisition at private sale at a price not exceeding \$4,200.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The Secretary presented the following report from the Appraiser of Real Estate, Department of Finance, recommending the acquisition by private sale of property located on Franklin avenue and East One Hundred and Sixty-sixth street and Boston road as a site for an Armory for the Second Battery:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 6, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Armory Board held on June 29, 1904, the following resolution was adopted:

"Resolved, That the Armory Board does hereby recommend the acquisition by purchase of the plot beginning at a point at the junction of the easterly side of Franklin avenue with the northerly side of East One Hundred and Sixty-sixth street, running in a northeasterly direction, distance 301.52 feet on the easterly side of Franklin avenue; thence running in a southeasterly direction and parallel with East One Hundred and Sixty-seventh street along the adjoining property lines, distance 202.63 feet; thence in a southwesterly direction parallel with Boston road, distance 57.5 feet; thence in a southeasterly direction parallel with East One Hundred and Sixty-seventh street, distance 29 feet; thence in a southwesterly direction parallel with Boston road, distance 121.42 feet; thence in a northwesterly direction parallel with East One Hundred and Sixty-seventh street, distance 29 feet; thence in a southwesterly direction parallel with Boston road, distance 120.32 feet; thence in a northwesterly direction along the northerly side of East One Hundred and Sixty-sixth street, distance 202.27 feet to the point or place of beginning, for an armory for the Second Battery, National Guard, New York, in accordance with the terms of sale offered by the owner's representative, W. R. Jeffers, of date March 29, 1904, amount, \$85,000; and does hereby request the Board of Estimate and Apportionment to purchase said site, in accordance with the provisions of section 135 of chapter 212 of the Laws of 1898, and amendments thereto; that the Commissioners of the Sinking Fund be requested to authorize the Comptroller to issue bonds for the payment thereof.

"Which resolution was adopted."

I have made an examination of the premises described in the resolution of the Armory Board, and have the honor to report that the plot of ground is located on the northeast corner of Franklin avenue and East One Hundred and Sixty-sixth street, in the Borough of The Bronx. It is known on the tax assessment maps as Lot No. 1, in Block 2613, Section 10, and has a frontage of 301.52 feet on Franklin avenue by 202.27 feet on East One Hundred and Sixty-sixth street, the easterly interior line being 202.63 feet and the rear line irregular.

The plot will average about ten feet above the street grade and seems to be mostly rock. It has on it an old irregular two-story and basement frame mansion about 40 x 50 feet in size. The property is assessed at about \$50,000, in name of A. Allendorf. (The assessment of \$60,000 covers this property, and also an adjoining plot, 60.71 feet x 123.29 feet in the rear and fronting on Boston road.)

The price asked, \$85,000, while full value, cannot be considered excessive, and I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution approving the selection of this site by the Armory Board for the Second Battery, National Guard, State of New York, and authorize its acquisition by the Comptroller at private sale at a price not exceeding \$85,000, and that a certified copy of the resolution of the Board of Estimate and Apportionment be transmitted to the Commissioners of the Sinking Fund for action by said Sinking Fund, authorizing the Comptroller to issue Corporate Stock to pay for the site when acquired and the necessary expenses in the examination of title.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Remsen avenue (proposed) and Bay View avenue, adjoining Public School 114, in Local School Board District No. 39, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$1,050."

"Beginning at a point formed by the intersection of the northerly line of School lane with the easterly line of the lands of Public School 114, which point is distant forty-one (41) feet eight (8) inches easterly from the easterly line of Remsen avenue; and running thence northerly along the easterly line of the lands of said Public School 114 one hundred and thirty-two (132) feet to the southerly line of the lands of said Public School 114; thence easterly along the southerly line of said lands of Public School 114 one hundred and sixty-six (166) feet eight (8) inches to the easterly line of the said lands of Public School 114; thence northerly along the said easterly line of the lands of Public School 114 one hundred and thirty-two (132) feet to the southerly line of Bay View avenue; thence easterly along the southerly line of Bay View avenue forty-two (42) feet; thence southerly and parallel with Remsen avenue two hundred and sixty-four (264) feet to the northerly line of School lane; thence westerly along the northerly line of School lane two hundred and eight (208) feet eight (8) inches to the easterly line of the lands of Public School 114, the point or place of beginning, be the said several dimensions more or less."

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

The property described by the Board of Education is for an addition to Public School 114 and fronts 208 feet 8 inches on School lane, with a lot on Bay View avenue 42 feet by 132 feet, being Lots Nos. 23, 76 and part of 66, in Block 8160, of the Thirty-second Ward.

It has been reported to me that the property can be acquired at private sale for the sum of \$2,500, and that price being reasonable and just, I would respectfully recommend that the Board of Estimate and Apportionment approve of the request of the Board of Education and authorize its acquisition at private sale at a price not exceeding that amount.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to a communication from the Bureau of Real Estate, Department of Finance, stating that the description of the site selected for school purposes on June 24, 1903 (see Journal, pages 1406-1408), on Remsen and Bay View avenues, adjoining Public School 114, Borough of Brooklyn, covers land already belonging to the Department of Education, which, through error, appears as taxable property on the books of the Department of Taxes and Assessments, and recommending that the dimensions of the strip of land in the rear of said Public School 114, included in the site selected, be reduced from fifty feet to forty-two feet in width, in order to do away with the necessity of cutting through certain and outbuildings on the adjoining property.

The following resolutions are submitted for adoption:

Resolved, That so much of the report and resolutions attached thereto adopted by the Board of Education on June 24, 1903 (see Journal, pages 1406-1408), as related to the selection of a site for school purposes on Remsen avenue (proposed) and Bay View avenue, adjoining Public School 114, Borough of Brooklyn, be and the same hereby is rescinded.

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Remsen avenue (proposed) and Bay View avenue, adjoining Public School 114, in Local School Board District No. 39, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$1,050.

Beginning at a point formed by the intersection of the northerly line of School lane with the easterly line of the lands of Public School 114, which point is distant forty-one (41) feet eight (8) inches easterly from the easterly line of Remsen avenue, and running thence northerly along the easterly line of the lands of said Public School 114 one hundred and thirty-two (132) feet to the southerly line of the lands of said Public School 114; thence easterly along the southerly line of said lands of Public School 114 one hundred and sixty-six (166) feet eight (8) inches to the easterly line of the said lands of Public School 114; thence northerly along the said easterly line of the lands of Public School 114 one hundred and thirty-two (132) feet to the southerly line of Bay View avenue; thence easterly along the southerly line of Bay View avenue forty-two (42) feet; thence southerly and parallel with Remsen avenue two hundred and sixty-four (264) feet to the northerly line of School lane; thence westerly along the northerly line of School lane two hundred and eight (208) feet eight (8) inches to the easterly line of the lands of Public School 114, the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

—and the Comptroller be and he is hereby authorized to enter into a contract for the acquisition of the above-described property at private sale at a price not exceeding two thousand five hundred dollars (\$2,500), said contract to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, recommending the acquisition of premises located on Jamaica and Sunnyside avenues, near Vermont street, Brooklyn, by purchase, for the use of the Department of Water Supply, Gas and Electricity:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 6, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. John T. Oakley, Commissioner of the Department of Water Supply, Gas and Electricity, requests the purchase of property on Jamaica and Sunnyside avenues, near Vermont street, Borough of Brooklyn, owned by Mrs. Regina Midas.

The site consists of twenty-three (23) city lots with one house containing six rooms and cellar, two stories, one stable with six stalls for horses, two wagon sheds with room for four wagons and one open shed for storage purposes. The premises are now under lease by the City for five years from May 1, 1904. Said lease contains a clause "that at any time prior to the 15th day of August, 1904, the lessee may purchase the property \* \* \* for the sum of \$15,000."

The Deputy Commissioner of the Borough of Brooklyn states:

"The property in question is well adapted and located for a repair yard for the East New York District, and I would suggest, as a matter of economy, that the City purchase the property, as all property in that neighborhood is increasing greatly in value; besides, the property could not be better located for the erection of a suitable

building in which to carry on the work of the Department in that section of the Borough."

I have had an examination made of these premises, and find that the price asked, \$15,000, while full value, is not excessive, and would respectfully recommend that the Board of Estimate and Apportionment approve of the selection and authorize the purchase of the property on Jamaica avenue, 139 feet 11 inches from Vermont street, with a frontage of 158 feet 9 inches, and depth on the westerly side of 309 feet  $\frac{1}{4}$  inch, and on the easterly side 256 feet 1 inch, and having a frontage of 143 feet 7 and 2-3 inches on Sunnyside avenue, Borough of Brooklyn, at a price not exceeding \$15,000.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,  
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,  
BOROUGH OF MANHATTAN, June 27, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of Board of Estimate and Apportionment:

SIR—I have the honor to transmit herewith application of Jamaica Hook and Ladder Company 3, Jamaica, Borough of Queens, for an appropriation for maintenance, pursuant to the provisions of section 722 of the Greater New York Charter, as amended by chapter 700, Laws of 1904.

It appears by the records on file in this office that the certificate of incorporation of this Company was approved by Mr. Justice William A. Gaynor of the Supreme Court, January 20, 1903; by Fire Commissioner Thomas Sturgis, December 29, 1903; and by Mayor Seth Low, December 31, 1903; that one of the two originals of certificate of incorporation was filed in the office of the County Clerk of Queens County January 2, 1904, and in the office of the Secretary of State January 4, 1904. This Company has received no appropriation since the date of the approval of its certificate of incorporation by the Fire Commissioner and the Mayor, and since the date of its incorporation has possessed the necessary equipment and has been performing fire duty.

Copies of reports of the Deputy Commissioner, Boroughs of Brooklyn and Queens, and of the Chief of the Twenty-ninth Battalion, which accompanied the communication of my predecessor to Mayor Low, dated December 29, 1903, forwarding, with approval, the certificate of incorporation of this Company, are herewith inclosed.

Respectfully yours,

NICHOLAS J. HAYES, Commissioner.

FIRE DEPARTMENT, CITY OF NEW YORK, BOROUGHS OF BROOKLYN AND QUEENS,  
OFFICE OF DEPUTY COMMISSIONER, NOS. 365-367 JAY STREET,  
BROOKLYN, December 23, 1903.

Hon. THOMAS STURGIS, Fire Commissioner:

SIR—I am directed by the Deputy Commissioner to transmit herewith Articles of Incorporation, in duplicate, of Jamaica Hook and Ladder Company 3, with copy of report of John O'Hara, Chief of Twenty-ninth Battalion, of inspection of territory proposed to be covered by said Company, with statement of their apparatus and necessary appliances for extinguishing fires.

An inspection was made some months past, but at that time the Company was not in possession of apparatus and quarters, and action on same was withheld. The last inspection shows that they are now equipped with apparatus and provided with quarters.

The Deputy Commissioner approves the report of Chief O'Hara, and recommends that the Company be incorporated.

Respectfully,

(Signed) JNO. T. O'HARA,

Chief Clerk, Fire Department, Boroughs of Brooklyn and Queens.

FIRE DEPARTMENT, CITY OF NEW YORK, BOROUGHS OF BROOKLYN AND QUEENS,  
HEADQUARTERS TWENTY-NINTH BATTALION,  
BROOKLYN, December 23, 1903.

JAMES F. MURRAY, Deputy Chief in Charge Boroughs of Brooklyn and Queens:

SIR—In compliance with orders received relative to making a reinspection of the proposed organization of Jamaica Hook and Ladder Company 3, I have the honor to report that I have made an investigation as to the necessity of same, and find as follows: The proposed Company are organized with a membership of 34, with Edmund L. Meader as Foreman, and are located in a two-story frame building, size 18 by 25 feet, on Broadway, near Van Wyck avenue, South Jamaica, Fourth Ward, Borough of Queens. The building is rented by the Company. Located here and owned by the Company I find one four-wheel hook and ladder truck, in good condition, with the following equipments: One 50-foot extension ladder, one 30-foot, one 28-foot, one 20-foot and one 18-foot single ladders, 2 picks, 6 axes, 6 plaster hooks, 2 shovels, 2 hay forks and 2 chain hooks.

The district they propose to cover is bounded by Atlantic avenue on the north, Three Mile Mill road on the south, Prospect street on the east and Frost avenue on the west, inclosing a territory of about four square miles. I find located here about 1,000 two-story frame dwellings (mostly detached); also three schools, two churches, one electric plant, one ice plant and one lumber yard, and the nearest Hook and Ladder Com-

pany is about one and a quarter miles from this location. The district is fairly well provided with water-mains, fire-hydrants and fire alarm boxes; there is also one Hose Company located within the district. In view of the distance that a Hook and Ladder Company would have to come in case of fire at present, and for the further reason that the said Company in crossing Atlantic avenue is liable to be delayed ten minutes and sometimes longer by the cross streets being obstructed by freight trains, it is my opinion that this proposed Company is very necessary, and the organization of same should not be delayed only as short a time as possible.

Respectfully,  
(Signed) JOHN O'HARA,  
Chief of Twenty-ninth Battalion.

*To the Board of Estimate and Apportionment of The City of New York:*

GENTLEMEN—In presenting this petition to your Honorable Board, the Jamaica Hook and Ladder Company No. 3, of Jamaica, in the Borough of Queens, desire to bring to your attention the following, to wit:

First—That this fire company was organized, and at its own expense provided itself with apparatus and was ready for service in November, 1903; and

Second—That its apparatus and equipment was duly inspected and approved by the Deputy Fire Commissioner in December, 1903, and he, recognizing the imperative need of a company in the district (see reports of Inspector), recommended to the Fire Commissioner that the incorporation papers of this Company be approved without delay; and

Third—That the Fire Commissioner duly approved and signed said papers on the 28th day of December, 1903, and forwarded them to the Mayor with a similar recommendation.

Fourth—That the Mayor signed his approval of said papers on the 31st day of December, 1903, and they were duly filed with the Secretary of State and the Clerk of the County of Queens.

Fifth—That this Company has rendered service at the many fires within the district; that its ladders, axes, hooks, buckets and other appurtenances have suffered in such service; that such loss and damage has been made good at the personal expense of the members of this Company; and

Sixth—That it will be a burden and a hardship on the members of this Company to maintain, at their personal expense, the apparatus and appurtenances in a state of efficiency required by the Department, besides providing suitable quarters for same until June, 1905.

Therefore we respectfully petition your Honorable Board to cause to be paid to the Treasurer of this Company, as provided in section 722 of the Charter of The City of New York, as amended by chapter 82, Laws of 1900, the sum of five hundred dollars (\$500), for the half year ending June 30, 1904, and the sum of ten hundred dollars (\$1,000) for the year beginning July 1, 1904, or so much thereof as this Company may be entitled under said law; and

That your Honorable Board issue, or cause to be issued, bonds or other means of providing revenue for the payment of said sum or sums.

Respectfully submitted,

JAMAICA HOOK AND LADDER COMPANY NO. 3.

GEO. W. BARTHOLOMEW, President.

JOSEPH W. CURRIER, Treasurer.

VALENTINE BANGERT, Chief, Jamaica Fire Department.

Dated Jamaica, May 2, 1904.

The following was offered:

Whereas, The Jamaica Hook and Ladder Company No. 3 of Jamaica, Borough of Queens, is duly incorporated and rendering fire service which entitles it to an appropriation of one thousand dollars (\$1,000) for maintenance for the year 1904;

Resolved, That for the purpose of providing means for the payment to the Treasurer of the said Jamaica Hook and Ladder Company No. 3 of Jamaica, Borough of Queens, of the sum of one thousand dollars (\$1,000), required to be paid by section 722 of the Greater New York Charter, as amended, the Comptroller be and is hereby authorized to issue, under the provisions of subdivision 7 of section 188 of the Greater New York Charter, Special Revenue Bonds of The City of New York to the amount of one thousand dollars (\$1,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented a communication from the Van Nest Land and Improvement Company, urging that no franchise be granted to the New York, Westchester and Boston Railroad Company, and requesting an opportunity to appear before the Board of Estimate and state their reasons in the premises.

The Secretary was directed to notify the President of said Company that the Board of Estimate and Apportionment has no power other than to fix the terms and conditions of the franchise.

The Secretary presented the following communications from the Deputy and Acting Fire Commissioner and the Rev. James H. Darlington, relative to the fixing of the salaries of Chaplains of the Fire Department:

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,  
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,  
BOROUGH OF MANHATTAN, July 7, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment of The City of New York:

SIR—Pursuant to the provisions of chapter 684 of the Laws of 1904, reading as follows:

CHAPTER 684.

An Act to amend the Greater New York Charter, in relation to the compensation of the Chaplains of the Fire Department.

Accepted by the City. Became a law May 9, 1904, with the approval of the Governor. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Greater New York Charter, as re-enacted by chapter four hundred and sixty-six of the Laws of nineteen hundred and one, is hereby amended by adding to title one of chapter fifteen a new section, to be section seven hundred and forty-two, and to read as follows:

Section 742. Compensation of chaplains of fire department—The chaplains of the fire department shall each receive such annual salary not exceeding one thousand dollars, as may be fixed by the board of estimate and apportionment in its discretion. For the purpose of paying such salaries during the current year, if the same are fixed or provided for by said board, the comptroller may cause the revenue bonds of the city to be issued in an amount sufficient therefor.

Sec. 2. This act shall take effect immediately.

I beg to suggest that your Honorable Board fix the salary of each of the Chaplains of this Department, of whom there are four (William St. Elmo Smith and Charles Breck Ackley for the boroughs of Manhattan and The Bronx, and H. A. Handel and Thomas F. McGronen for the boroughs of Brooklyn and Queens), at the rate of \$1,000 per annum, and that your Board take the proper action to authorize the issue of Revenue Bonds in the amount necessary to provide for the payment of the salaries from May 9, 1904, the date of the enactment of the law, until December 31 of the current year.

The work of the Chaplains takes up a considerable portion of their time, both day and night, and it is respectfully submitted that the maximum salary which may be allowed under the law would be but a reasonable remuneration for the delicate and often trying duties they are called upon to perform.

Respectfully,

THOMAS W. CHURCHILL,  
Deputy and Acting Commissioner.

CHRIST CHURCH RECTORY, No. 481 BEDFORD AVENUE,  
BROOKLYN, July 11, 1904.

HONORABLE AND DEAR SIR—I understand there is a meeting of the Board of Estimate the latter part of this week. As a bill, giving the Fire Chaplains of the City a yearly salary is now in the hands of your Board, may I venture to ask as a personal favor that the matter be taken up and passed without further delay.

By granting me this favor, you will greatly oblige,

Yours very sincerely,

JAMES HENRY DARLINGTON.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education at a meeting held April 27, 1904, in reply to the following resolution of the Board of Estimate and Apportionment:

"Resolved, That this matter be referred back to the Board of Education with the request that it inform this Board of the order in which said Board of Education proposes to make use of the sites submitted to the Board of Estimate and Apportionment for approval,"

—reports that

"In accordance with said resolution, your committee after consultation with the Committee on Buildings, has prepared the following schedules, showing the order in which all the sites now pending before the Board of Estimate and Apportionment will be required for school purposes, Schedule I. containing those most urgently needed, Schedule II. the sites next required and Schedule III. those of relatively less importance."

Shown in Schedule III. is a request for a site located at Union and Flushing avenues, East Williamsburg, Borough of Queens.

At a meeting of the Board of Education held on October 28, 1903, the following resolution was adopted:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Union and Flushing avenues and Milton street, East Williamsburg, in Local School Board District No. 41, Borough of Queens:

Beginning at a point formed by the intersection of the easterly line of Milton street with the southerly line of Union avenue, and running thence southerly along the easterly line of Milton street one hundred and ninety-seven (197) feet six (6) inches; thence easterly and parallel with Union avenue one hundred and ninety-seven (197) feet to the westerly line of Flushing avenue; thence northerly along the westerly line of Flushing avenue one hundred and ninety-seven (197) feet six (6) inches to the southerly line of Union avenue; thence westerly along the southerly line of Union avenue two hundred and nine (209) feet five (5) inches to the easterly line of Milton street, the point or place of beginning.

"Assessed valuation of the above-described lands and premises, as shown by the books of record on file in the Department of Taxes and Assessments, \$5,000.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

The property described in the resolution of the Board of Education is known on the maps in the Department of Taxes and Assessments as Ward 2, Volume 3, Map 2, page 4, Block 17, Lots Nos. 23, 27, 28, 29, 30, 31, 32, 33, 34 and 36, the latter covering seven full City lots. The total area is therefore a little less than sixteen full lots.

Lot No. 36 has on it a very old one and a half-story frame building, going to decay and of little or no value. The remainder of the lots are vacant. The price asked for this property is \$7,500, by the owner; and this price being reasonable, I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the purchase of the above-mentioned property at a price not exceeding \$7,500.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education, at a meeting held April 27, 1904, in reply to the following resolution of the Board of Estimate and Apportionment,

"Resolved, That this matter be referred back to the Board of Education, with the request that it inform this Board of the order in which said Board of Education proposes to make use of the sites submitted to the Board of Estimate and Apportionment for approval,"

—reports that

"In accordance with said resolution, your Committee, after consultation with the Committee on Buildings, has prepared the following schedules showing the order in which all the sites now pending before the Board of Estimate and Apportionment will be required for school purposes, Schedule I. containing those most urgently needed, Schedule II. the sites next required and Schedule III. those of relatively less importance."

Shown in Schedule III. there is a request for a site located at De Bevoise avenue, near Woolsey avenue, Astoria, Borough of Queens.

At a meeting of the Board of Education, held October 28, 1903, the following resolution was adopted:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on De Bevoise avenue, between Woolsey avenue and Pleasure place, in Local School Board District No. 42, Borough of Queens:

"Beginning at a point on the northwesterly line of De Bevoise avenue, distant one hundred and twenty-five (125) feet northeasterly from the northeasterly line of Woolsey avenue, and running thence northwesterly and parallel with Woolsey avenue one hundred and seventy-five (175) feet; thence northeasterly and parallel with De Bevoise avenue two hundred and fifty (250) feet; thence southeasterly and again parallel with Woolsey avenue one hundred and seventy-five (175) feet to the northwesterly line of De Bevoise avenue; thence southwesterly along the northwesterly line of De Bevoise avenue two hundred and fifty (250) feet to the point or place of beginning.

"Assessed valuation of the lands and premises above described, as shown by the books of record on file in the Department of Taxes and Assessments, \$3,000.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

The plot described in the above resolution of the Board of Education is a vacant plot of ten lots, each 25 by 175 feet, on the northwesterly side of De Bevoise avenue, between Woolsey avenue and Pleasure place, and is described on the tax books as Lots Nos. 31 to 40, inclusive, Ward 1, volume 17, in Block 91. The assessed valuation of this property is \$2,750 (not \$3,000, as stated in the resolution). The lots are assessed as "unknown," but are the property of Mrs. Lizzie Mendelssohn, whose husband, H. E. Mendelssohn, is her agent. Address, No. 192 Fulton street, Brooklyn.

Mr. Mendelssohn has offered to dispose of this property to the City for the sum of \$8,000, and while this price is full value, in my opinion, it is not excessive. I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the action of the Board of Education in the selection of this site, and authorize its acquisition at private sale by the Comptroller at a price not exceeding \$8,000.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, recommending the approval of the selection of a site for a Carnegie Library, located on Amsterdam avenue and Eighty-first street, Borough of Manhattan:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 11, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Carnegie Library Committee for the Borough of Manhattan requests the acquisition of a piece of property 50 feet in width, front and rear, by 100 feet on each side, located on the westerly side of Amsterdam avenue, 52 feet 7 inches north of Eighty-

first street, for the purpose of erecting thereon a building for library purposes. The property was originally offered to the City for the sum of \$75,000, but this price was so much in excess of its actual value for library purposes, that other sites in the vicinity were examined for the purpose of acquisition.

The owners of the premises have now agreed to dispose of the land and buildings for the sum of \$65,000. There is erected on the property a four-story and basement brick building which covers the entire plot, and was built and used as a club house. I consider the price now asked, while full value, not excessive, and I would respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site for library purposes, and authorize its acquisition at a price not exceeding \$65,000.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment has heretofore approved of a general location for a Carnegie Library building on Amsterdam avenue, near Eighty-fourth street; and

Whereas, The Trustees of the New York Public Library Library, Astor, Lenox and Tilden Foundations, have recommended and approved of a site for a Carnegie Library therein, described as follows; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of a site for a Carnegie Library located in the Borough of Manhattan, bounded and described as follows:

Beginning at a point on the westerly side of Amsterdam avenue distant fifty-two feet two inches (52 feet 2 inches) northerly from the point of intersection of the northerly side of Eighty-first street with the westerly side of Amsterdam avenue; running thence westerly and parallel with Eighty-first street one hundred (100) feet; running thence northerly and parallel with Amsterdam avenue fifty (50) feet; running thence easterly and again parallel with Eighty-first street one hundred (100) feet to the westerly side of Amsterdam avenue; running thence southerly and along the westerly side of Amsterdam avenue fifty (50) feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof,

—and hereby authorize the Comptroller of The City of New York to enter into a contract for the purchase of said described premises at a price not exceeding sixty-five thousand dollars (\$65,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication from the Special Committee of the Board of Estimate and Apportionment and the Andrew Carnegie Committee for the Borough of Brooklyn, relative to sites for libraries in said Borough:

Laid on table.

JULY 15, 1904.

To the Honorable the Board of Estimate and Apportionment:

SIR—Your Committee appointed on January 22, 1904, to consider locations of sites for library buildings to be erected under the gift of Andrew Carnegie, Esq., in the Borough of Brooklyn, have considered the recommendations of the Andrew Carnegie Committee for the Borough of Brooklyn, relative to certain sites which they have recommended to be acquired, and respectfully report to your Honorable Board as follows:

The agreement for the construction of the library buildings and the acquisition of sites provides for twenty sites in the Borough of Brooklyn, eight of which have already been acquired, and four additional sites are now recommended to be acquired, making twelve in total. Heretofore the sites acquired for the Borough of Brooklyn have averaged over 100 feet by 100 feet, which is on an average twice the size of sites acquired for the Borough of Manhattan; and the average cost of the Brooklyn library sites has exceeded the average cost of sites provided for libraries under the New York Public Library system. The buildings erected on the Brooklyn sites are larger than the buildings in Manhattan, and the cost of maintenance will therefore be greater. It is the opinion of your Committee that a larger number than eight additional sites are needed in the Borough of Brooklyn, in order to cover the large territory and increasing population of the borough. We have brought to the attention of the Andrew Carnegie Committee for the Borough of Brooklyn the desirability of increasing the number of sites and erecting thereon smaller buildings, and we have suggested to them that it is to the City's interest to acquire a greater number of additional sites of smaller size requesting that hereafter their recommendations for sites shall, whenever practicable, include sites of smaller size than heretofore. In making this suggestion, we have invited them to consider the amendment of the agreement relative to these libraries in order to increase the number of sites in the Borough of Brooklyn.

On receiving assurance of the concurrence of the trustees with the views of your Committee, as will appear by the correspondence transmitted herewith, we have recommended the acquisition of sites which they have previously approved.

(1). Carnegie Site No. 8—A plot on the northerly side of Arlington avenue, lying between Warwick and Ashford streets, 195 feet by 100 feet.

(2). Carnegie Site No. 13—A plot on the northeast corner of Lewis avenue and Macon street, 100 feet by 100 feet.

(3). Carnegie Site No. 14—A plot at Fort Hamilton, on the northwest corner of Ninety-fifth street and Fourth avenue, 108 feet by 96 feet  $\frac{1}{4}$  inch by 100 feet by 124 feet 6 inches.

(4). Carnegie Site No. 10—A plot on the easterly side of Sixth avenue, lying between Ninth and Eighth streets, 200 feet by 100 feet. In making this recommendation your Committee has had in mind the recommendations of the Trustees which approved of this site as their first choice.

Respectfully submitted,

EDWARD M. GROUT,  
Comptroller of The City of New York.  
MARTIN W. LITTLETON,  
President of the Borough of Brooklyn.

Special Committee of the Board of Estimate and Apportionment on Carnegie Library Sites for the Borough of Brooklyn.

JULY 1, 1904.

Hon. DAVID A. BOODY, Chairman, Andrew Carnegie Committee for the Borough of Brooklyn:

DEAR SIR—The Special Committee of the Board of Estimate and Apportionment have under consideration a report to that Board recommending the approval of the sites reported by your Committee for Carnegie Library buildings, as follows:

Site No. 8. A plot on the northerly side of Arlington avenue, between Warwick and Ashford streets, 195 feet by 100 feet.

Site No. 10. A plot on Sixth avenue, between Ninth and Eighth streets, 200 feet by 97 feet 10  $\frac{1}{2}$  inches.

Site No. 13. A plot on the northwest corner of Lewis avenue and Macon street, 100 feet by 100 feet.

Site No. 14. A plot at Fort Hamilton, on the northwest corner of Ninety-fifth street and Fourth avenue, 108 feet by 96 feet  $\frac{1}{4}$  inch by 100 feet by 124 feet 6 inches.

We desire to call to your attention the desirability of increasing the number of sites in the Borough of Brooklyn to a greater number than that provided for in the

contract relating to this gift. It is desirable, not only that these buildings should be more numerous throughout the borough, but also that the buildings should be of smaller size than those already erected. Sites already acquired have averaged a greater size than 100 feet by 100 feet, which is twice the average size of sites selected in Manhattan. The average cost of sites in Brooklyn has been greater than the average cost of sites provided for the New York Public Library system. The buildings have been larger and erected at greater cost. Their maintenance will doubtless cost more to the City. We therefore desire that your Committee will consider the desirability of amending the contract so as to increase the number of sites, as well as the erection of smaller buildings thereon, and we suggest that hereafter your Committee will select, wherever practicable, smaller sites than heretofore, keeping in mind that it is to the interest of the City to acquire a greater number of additional sites of smaller size, in order to cover adequately the large territory and increasing population of the borough.

Respectfully yours,

EDWARD M. GROUT,  
Comptroller of The City of New York.  
MARTIN W. LITTLETON,  
President of the Borough of Brooklyn.

Special Committee of the Board of Estimate and Apportionment on Carnegie Library Sites for the Borough of Brooklyn.

JULY 1, 1904.

Hon. EDWARD M. GROUT and Hon. MARTIN W. LITTLETON, Special Committee of the Board of Estimate and Apportionment on Carnegie Library Sites in the Borough of Brooklyn:

SIR—On behalf of the Andrew Carnegie Committee for the Borough of Brooklyn, I have the honor to acknowledge receipt of your communication of July 1, 1904, which has received the careful consideration of this Committee. The Committee appreciates the necessity for providing a larger number of sites to cover the Borough of Brooklyn. The Committee, with the consent of Andrew Carnegie, will be glad to take up, therefore, the question of amending the contract relative to this gift, for the purpose of increasing the number of sites in the borough, within the financial limitations of the contract.

The sites already selected have been in the most populous parts of our borough. Their average cost has been greater than the probable cost of the remaining sites. Your Committee will observe that each location should be governed by the circumstances surrounding it, especially as some of these sites yet to be acquired are likely to be in the outlying districts of the borough. It seems, therefore, impossible at this time to determine the exact size of future sites.

On behalf of the Committee, however, I beg to say that we accept of your suggestion, and will, wherever practicable, recommend smaller sites, with the purpose of increasing their number.

Respectfully yours,

DAVID A. BOODY,  
Chairman, Andrew Carnegie Committee for the Borough of Brooklyn.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to four sites for Carnegie Libraries, as follows:

1. Arlington avenue, between Warwick and Ashford streets, Borough of Brooklyn.
2. Sixth avenue, between Eighth and Ninth streets, Borough of Brooklyn.
3. Lewis avenue and Macon street, Borough of Brooklyn.
4. Ninety-fifth street and Fourth avenue, Borough of Brooklyn.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 11, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Special Committee of the Board of Estimate and Apportionment on Carnegie Library sites in the Borough of Brooklyn is about to report to the Board their recommendations that certain sites in that borough be acquired at this time, and upon an agreement having been made between them and the Andrew Carnegie Committee for the Borough of Brooklyn, that in the future, the Carnegie Committee for the Borough of Brooklyn will wherever practicable recommend smaller sites for the purpose of increasing their number, and that that committee will, with the consent of Mr. Andrew Carnegie, take up the question of amending the contract so as to provide for additional sites of smaller size, and having selected four sites to be acquired at the present time in the Borough of Brooklyn, viz.: A plot on the north side of Arlington avenue, between Warwick and Ashford streets, being 195 feet fronting on Arlington avenue with a depth of 100 feet on each side; a plot fronting on Sixth avenue, between Eighth and Ninth streets, being 200 feet by 97 feet 10 inches; a plot on the northeast corner of Lewis avenue and Macon street, 100 feet by 90 feet; and a plot on the northwest corner of Ninety-fifth street and Fourth avenue 108 feet by 96 feet  $\frac{1}{2}$  inch by 100 feet by 124 feet 6 inches.

I desire to report as to the first plot on Arlington avenue, between Warwick and Ashford streets, the owner asks \$16,000 for the sale of the property to the City. His previous offer was \$10,000. As in my opinion this price is excessive, I would respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site and authorize the institution of condemnation proceedings for the acquisition thereof.

As to the second site facing on the easterly side of Sixth avenue, extending from Eighth to Ninth streets, I desire to say that the owner of the property has agreed to dispose of the property to the City at private sale for the sum of \$35,000. While this price is full value it is not excessive, and I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site and authorize its acquisition by the Comptroller at private sale at that price.

As to the third site, facing on the corner of Lewis avenue and Macon street, being 100 feet on Lewis avenue by a depth of 90 feet on Macon street. This property is offered to the City at \$22,000. While this price is full value, it is not excessive, and I would respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site and authorize its acquisition on the part of the Comptroller at a price not exceeding \$22,000.

As to the fourth site on the northwest corner of Ninety-fifth street and Fourth avenue, 108 feet by 96 feet  $\frac{1}{4}$  inches by 100 feet by 124 feet 6 inches. The price asked by the owners of this property is, in my opinion, excessive, and I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site and adopt a resolution authorizing the institution of condemnation proceedings for the acquisition thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment by resolution adopted May 8, 1903, approved of a general location in the Borough of Brooklyn for a Carnegie Library site as described herein; and

Whereas, The Trustees of the Andrew Carnegie Fund of the Borough of Brooklyn have recommended and approved for a site for a Carnegie Library Building property within that general locality; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of a site for a Carnegie Library located in the Borough of Brooklyn, bounded and described as follows:

Beginning at a point at the intersection of the northerly side of Arlington avenue with the westerly side of Ashford street, running thence northerly 100 feet along the westerly side of Ashford street; running thence westerly and parallel with Arlington avenue 195 feet to the easterly side of Warwick street; running thence southerly along the easterly side of Warwick street 100 feet to the northerly side of Arlington avenue; running thence along the northerly side of Arlington avenue 195 feet to the point or place of beginning,

—said property being assessed for the purpose of taxation for the year 1904 at

\$7,200, and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above described premises. Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board; and the Board of Estimate and Apportionment deeming it for the public interests that the title to all of said land should be acquired at a fixed or specified time, does hereby direct that title to said lands and premises and all interests therein shall vest in The City of New York ten days after the filing of the oaths of the Commissioners to be appointed in accordance with the provisions of section 1437 of the Greater New York Charter.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Board then proceeded to the consideration of the application of the Ocean Electric Railway Company for an extension of time within which to equip the small portion of its railroad not yet completed.

The Secretary presented the following communications from Joseph F. Keany, attorney for the Ocean Electric Railway Company, and from W. F. Potter, Vice-President of said railway company, and reports of the Engineer of the Department of Finance relative thereto:

LAW OFFICE OF JOSEPH F. KEANY, No. 128 BROADWAY,  
New York, June 23, 1904.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—I inclose herewith an application on behalf of the Ocean Electric Railway Company for an extension of time within which to equip the small portion of its railroad not yet completed. I will esteem it a personal favor if the matter might be brought to the attention of the Board at its next meeting.

Yours truly,

JOSEPH F. KEANY,  
Attorney for Ocean Electric Railway Company.

OCEAN ELECTRIC RAILWAY COMPANY,  
LONG ISLAND CITY, N. Y.,  
June 23, 1904.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Ocean Electric Railway Company, a domestic corporation, upon application duly made to the City authorities was granted a franchise, which was passed by the Board of Aldermen on August 18, 1903, and approved by his Honor the Mayor on August 26, 1903, entitled "An Ordinance granting to the Ocean Railway Company the right or franchise to construct and operate a street surface railway in, upon and along certain streets and highways and bridges in The City of New York." Briefly stated, the route set forth in said franchise (section 1) is as follows:

"Beginning at the termination of the existing railroad tracks on Washington avenue, so called, in Rockaway Park, upon Rockaway Beach, in the Fifth Ward of the Borough of Queens; running from thence in an easterly and southerly direction along Eastern avenue to the Boulevard; thence easterly along the Boulevard to Park avenue; and thence northerly along Park avenue to the existing right of way and railroad tracks of the New York and Rockaway Beach Railroad Company, in what is now known as Hammels, in said Fifth Ward of the Borough of Queens and City of New York. Being a distance of about 9,430 feet, or 1.8 miles."

The Ocean Electric Railway Company, pursuant to the terms of said franchise, proceeded to procure the consent in writing of the owners of half in value of the property bounded on said streets and highways to the construction and operation of its railway, as therein provided, and as matter of fact has procured the necessary consents for the entire route of said railroad, except that portion thereof along Park avenue from the Boulevard to the tracks of the New York and Rockaway Beach Railroad Company, at Hammels, being a distance of about 520 feet.

It has constructed its railroad, which is now in operation along the entire route granted by said franchise, except that portion thereof last referred to, viz.: along Park avenue, the necessary consents for which it has thus far been unable to obtain.

It has complied with all the conditions and requirements of its franchise, constructed and equipped its road, which, as stated, is now in actual operation over and along the entire route granted, excepting only, as explained above, the short distance of about 520 feet on Park avenue.

It intends in good faith to complete the equipment and operation of its railroad on said street. Upon its inability to secure the necessary consents it will be forced to make application to the Appellate Division of the Supreme Court, as provided by law.

The time within which to complete construction and put its road in operation expires on July 1, 1904.

The Ocean Electric Railway Company, under section 5 of its franchise, hereby respectfully makes application to your Honorable Board for an extension of time, under the same conditions as to forfeiture specified in the franchise heretofore granted to it, of one year from the 1st of July, 1904, within which to construct, equip and put into actual operation that portion of its route from the Boulevard, along Park avenue, to the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company, in what is known as Hammels, in the Fifth Ward of the Borough of Queens and City of New York.

Very respectfully,  
THE OCEAN ELECTRIC RAILWAY,  
By W. F. POTTER, Vice-President.

[SEAL.]

Attest:

FRANK E. HOFF, Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
June 30, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Ocean Electric Railway Company, in a communication dated June 23, 1904, signed by W. F. Potter, Vice-President, attested by Frank E. Hoff, Secretary, requests the Board of Estimate and Apportionment to grant an extension of time of one year from the first day of July, 1904, within which to construct, equip and put into actual operation that part of its route from the Boulevard, along Park avenue, to the existing right of way or railroad tracks of the New York and Rockaway Beach Railroad Company, in the Fifth Ward, Borough of Queens.

As recited in the communication, the Ocean Electric Railway Company received a franchise from the Board of Aldermen, which was duly approved by the Mayor on August 26, 1903. Section 5 of the said franchise reads as follows:

"Said grantee shall commence construction within three months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the City officials and departments, and shall complete the construction of a single track railway upon all of the route hereby granted on or before July 1, 1904, otherwise this grant shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. If upon the route above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1904, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertain to such route or portion thereof, not then constructed from and after July 1, 1904, shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings; provided that such time may be extended upon the same conditions as to forfeiture under and for causes specified in section 99 of the Railroad Law, as it now exists, and by a properly executed instrument in writing; and the Board of Estimate and Apportionment may similarly extend such time for a period or periods not exceeding one year, if, in their discretion, it seems best so to do, and that the City officials or departments who or which shall at the time of such construction have authority over

the said streets and highways and bridges, may similarly extend, by properly executed instrument in writing, such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the City officials."

The company further states that it has constructed its railroad, which is now in operation, along the entire route granted by the franchise, except the portion along Park avenue, a distance of 520 feet out of a total of 9,430 feet granted, and that the necessary consents along Park avenue it has as yet been unable to obtain, and upon its inability to secure the necessary consents it will be forced to make application to the Appellate Division of the Supreme Court, as provided by law.

The company further states that it has complied with all the conditions of its franchise, constructed and equipped its road, excepting as above.

After an investigation of the work done by the company, and from reports made to me, the condition of affairs in regard to construction of the railway would appear to be as follows:

On December 11, 1903, the company made a deposit of \$2,000 with the Comptroller, as provided in section 7 of the franchise. It does not appear that any attempt was made to commence construction until some time in April of this year, and since that time the company has laid a double track railway along all of its route, excepting in Park avenue.

It has also laid a double track in Fairview avenue, north from the Boulevard, to the tracks of the New York and Rockaway Beach Railroad Company, although this route was not included within the franchise and, so far as I know, was not authorized.

I am further informed that the work on Fairview avenue was done on Sunday, presumably with the intention of preventing interference by any order of the Court.

Although I have sent a special messenger to the office of the Borough President of Queens, requesting copies of the applications for the permits to open streets and of the permit itself, I have been unable to obtain any information as to when these formalities were complied with by the railway company, the Secretary having informed the messenger that in the absence of the Borough President the permits could not be found, and that he had no information to give out in relation thereto.

It is certain, however, that the streets, since the early part of April up to the present time, have been in a deplorable condition. This Boulevard is the only artery of traffic along Rockaway Beach, and its uninterrupted use by the merchants in the summer time is necessary to the successful and profitable conduct of their business.

At the time when the franchise came before the Board of Estimate and Apportionment for consideration, much opposition was displayed by the residents and it was only after the delegations of property-owners had been fully informed of the proposed terms and conditions, principally that the tracks should be laid and the Boulevard paved before July 1, 1904, that this opposition ceased.

Section 2, "Seventh" of the ordinance provides:

"The grantee, its successors or assigns, shall cause to be laid, under the supervision of the municipal authorities having jurisdiction in such matters, upon and along the public highway known as the Boulevard, as hereinbefore described, a good and sufficient macadamized pavement of a depth of not less than eight inches, to extend from either side of the present macadamized pavement to the curb-line on the north and south sides of the said Boulevard.

"The grantee shall pay the entire cost thereof, together with the cost of the necessary inspection, and no cars shall be operated under this franchise over any part of the route hereby granted, until the said pavement is fully and completely laid."

It would appear from an inspection of the route that no macadam whatsoever has been laid, but that on the southerly side of the Boulevard between Remsen avenue and Fairview avenue a brick pavement has been laid, and between Fairview avenue and Park avenue the south side of the Boulevard, including the space between the tracks, has likewise been paved with brick. No pavement of any kind has been laid west of Remsen avenue, and the northerly side of the Boulevard has not been paved at all west of Fairview avenue.

In spite of this fact, the Company has commenced to run its cars and been enabled to earn a revenue in direct violation of the terms of the franchise.

I am therefore of the opinion that the Board of Estimate and Apportionment should serve notice on the Ocean Electric Railway Company that it must cease forthwith all operation of its cars until the pavement is completed, and that any violation of this order will act as a forfeiture of the entire franchise, the City reserving its right to bring an action for damages for non-fulfillment of the terms of the franchise, which was duly accepted by the railway company.

Section 2, "Fourteenth" provides that each car shall be provided with fenders and wheel guards, but no cars on the road seen by my representative were so provided.

Section 7 of the franchise provides for a penalty of \$50 per day for each day of violation of this requirement, and \$10 per day for each car so operated, without fenders and wheel guards. I am of the opinion that these penalties should be enforced.

Section 2, "Eighteenth" provides that the entire roadway of the Boulevard shall be watered three times within every twenty-four hours when the thermometer is above 35° Fahrenheit. No trolley watering car was found by my representative, and from the statements of the residents it was learned that no watering, except that by the City's carts, had been done up to date.

I believe the penalties provided in section 7 of the franchise should be enforced in regard to this as well, and the railway company notified that unless it commences immediately to fulfill this condition of the grant its franchise will be forfeited.

The terms and conditions were fully discussed with the President of the Ocean Electric Railway Company, Mr. Wm. H. Baldwin, Jr., and in pursuance of section 8 of the franchise the terms and conditions were accepted by the Company in an instrument in writing under seal, dated August 31, 1903, which was filed in this office September 2, 1903.

Under these circumstances, it seems to me that the Board of Estimate and Apportionment should take most severe measures with the Company which has failed to live up to its obligations and insist upon a strict compliance with all terms and conditions contained in the said grant. It is only in this way that railroad corporations will come to have respect for the City authorities, and the franchise given by such authorities will become valid and binding contracts instead of mere promises on the part of the railroad companies.

I have conferred with Mr. Joseph F. Keany, attorney for the Company, and have requested him to make a full statement in writing as to the reasons why the railway company has failed to live up to its contract. Mr. Keany informs me that the operation of cars was commenced on May 28, 1904, and that from one to ten cars have been run daily since, the greater number having been in service on Sundays.

With regard to the extension of time for the completion of the Park avenue route requested by the railway company, I am of the opinion that the matter should be held in abeyance until the Company has fulfilled its obligations under the franchise, and that unless the railway company shall on or before July 15, 1904, be in a position to comply with all the terms and conditions of its franchise and prove to the City its right to use Fairview avenue, the extension asked for be denied and that part of the route be forfeited.

Respectfully,

EUG. E. McLEAN, Engineer.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
JULY 15, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment held July 1, 1904, the application of the Ocean Electric Railway Company for an extension of time in which to complete a certain portion of its route, pursuant to a franchise granted to it on August 26, 1903, was laid over, and the Secretary was directed to advise the company that it should submit evidence to the Board on July 15, 1904, that it had faithfully performed the other conditions of its grant.

At the time I reported to you that the company was running cars in direct violation of its franchise, in that the paving of the street had not been finished, and also that certain other of the conditions had not been fulfilled by the company.

I also called your attention to the fact that the Ocean Electric Railway Company had constructed a line on Fairview avenue, from the Boulevard north to the existing tracks of the New York and Rockaway Beach Railroad, which route was not in the franchise given.

I have since been informed that the Ocean Electric Railway Company has leased from the Rockaway Electric Railway Company the right to construct and operate a railroad in Fairview avenue, between the points mentioned.

The Rockaway Electric Railway Company received its franchise from the Commissioners of Highways of the Town of Hempstead on April 1, 1897, one of the conditions being that the road should be in operation by May 30, 1898, but so far as I can find no cars were ever operated over the line, and a single track on Fairview avenue and on Corning place was all that was completed. Whether such franchise is now in force would have to be determined by the Corporation Counsel.

One of the conditions of the franchise to the Ocean Electric Railway Company was that it should pave the entire width of the Boulevard from curb to curb with macadam pavement, at its own cost and expense. This provision has not been complied with, as it appears that the President of the Borough of Queens gave out a contract which is dated May 9, 1904, for the paving of the Boulevard from Park avenue to Remsen avenue with vitrified fire clay brick.

Such contract covered the roadway from the outer rails of the tracks to the curb on each side, or a total of 20 feet 6 inches in width. The railroad company has, at its own expense, simply paved with brick between its tracks and the rails of its tracks for a total width of 17 feet 4 inches.

A representative of the company has stated to me that this was done under an agreement with the President of the Borough of Queens, but as such agreement affected the terms of its contract with the City, I am of the opinion that it should have been submitted to the Board of Estimate and Apportionment for ratification.

An inspection of the road yesterday showed that the company had commenced the macadamizing of the Boulevard west of Remsen avenue, and had finished about two-thirds of the distance between Remsen avenue and the Rockaway Park line. Also that for the greater part of the distance between Park avenue and Remsen avenue, that part of the pavement being laid by the company was well advanced and the work was being pushed.

The trolley watering car had arrived and was in use, and the cars then in operation were seemingly properly equipped with wheel guards and fenders, and other cars of the company in the yard were being provided with fenders.

With the exceptions as noted above, the terms of the franchise have now been substantially complied with, and I am of the opinion that a reasonable extension of time for the completion of the Park avenue route should be granted.

In order, however, that the street may not be in a chaotic condition during the busy season at Rockaway Beach, I would suggest that instead of the extension being made for one year from July 1, 1904, such extension expire on May 15, 1905, which I believe will leave ample time for the necessary legal proceedings and construction of the road.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Whereas, The Ocean Electric Railway Company received a franchise from The City of New York on August 26, 1903, for the construction and operation of a street surface railway in the Fifth Ward, Borough of Queens, subject to certain terms and conditions as fixed by this Board on July 1, 1903; and

Whereas, Section 5 of the said franchise provided that the railway should be completed on or before July 1, 1904, otherwise the franchise should be forfeited; and

Whereas, That portion of the route on Park avenue between the Boulevard and the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company has not been completed; and

Whereas, The said company, under date of June 23, 1904, has made application for an extension of time of one year in which to complete the said railroad in Park avenue; now therefore be it

Resolved, That, pursuant to the provisions of Section 5 of said franchise, the Board of Estimate and Apportionment hereby extends the time for the completion of said railroad in Park avenue until May 15, 1905, and if the same shall not be constructed and in actual operation on said date, the said route in Park avenue shall be conclusively taken to have been abandoned by the grantee, and so much of the rights and franchises hereby granted as pertain to such route from and after May 15, 1905, shall be thereupon forthwith immediately forfeited without judicial or other proceedings.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented a report of the Auditor of Accounts, Department of Finance, relative to the claim of Edward I. Miller for compensation for services rendered as Acting Deputy "Head" of the Department of Water Supply, Gas and Electricity in the Borough of Richmond from January 1 to May 6, 1902.

Laid over until the next regular meeting, at the request of the President of the Borough of Richmond.

The Secretary presented a communication from the Surrogates of New York County, annexing certificates of work required to be done in that court and offices for the preservation of public records.

Which was ordered on file.

The Secretary presented a communication from the President of the Borough of The Bronx, inclosing report of Charles H. Graham, Engineer in charge of sewers in his borough, relative to the request for an appropriation of \$5,000 for the purpose of constructing the necessary buildings, stables, blacksmith shop, carpenter shop, etc., on the premises to be leased by the City for the use of the Bureau of Sewers as a yard on the easterly side of Park avenue, East, 175 feet north of Tremont avenue.

Laid over.

The Secretary presented the following report of the Engineer of the Board of Estimate and Apportionment, relative to a communication from the Commissioner of Bridges, requesting the approval of his plan to remove to Fordham Heights the bridge over the ship canal at Broadway:

BOARD OF ESTIMATE AND APPORTIONMENT,  
NEW YORK, July 7, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In the accompanying communication, dated June 28, 1904, the Commissioner of Bridges asks the Board of Estimate and Apportionment to approve of his plan for the removal of the present bridge over the Harlem River ship canal on the line of Broadway to the site of the proposed Fordham Heights Bridge connecting West Two Hundred and Seventh street, in the Borough of Manhattan, with East Two Hundred and Eighty-fourth street, in the Borough of The Bronx, and to authorize him to enter into a contract with Mr. John B. McDonald for the removal of the said Harlem River Ship Canal Bridge from its present position and for its re-erection at the site of the Fordham Heights Bridge, for the sum of \$80,000.

Mr. McDonald's contract for the construction of the Rapid Transit Railroad includes the substitution of a new bridge for the present Ship Canal Bridge, the new structure to carry the tracks of the elevated portion of the Rapid Transit Railroad, the present bridge becoming the property of the contractor. Negotiations for the purchase of the old bridge from Mr. McDonald and its re-erection at Fordham

Heights have been in progress for some time, and the Board of Estimate and Apportionment, at a meeting held July 29, 1903, approved of the plan for building the Fordham Heights Bridge, and authorized an issue of \$250,000 of Corporate Stock for this purpose. This plan contemplated the removal of the Ship Canal Bridge, and its use as a part of the new bridge, and the pivot pier to support it now under construction.

The Harlem River Ship Canal Bridge was completed in 1895, at a cost of \$119,600. The new bridge which will be erected in its place will be wider and more substantial, and the New York City Railway Company and the New York Central and Hudson River Railroad Company are both contributing toward the increased cost of the new structure; the former in order that it may be so strengthened as to carry its tracks, and the latter on account of the lengthening of the northerly span to permit of the change in its lines at Kingsbridge. The present proposition to purchase this bridge for the sum of \$80,000, which includes its re-erection on the new site, is a much more favorable one than was first made by Mr. McDonald, and I am convinced that the City will acquire a new bridge on terms which it will be advantageous to accept.

It is therefore recommended that the resolution submitted by the Commissioner of Bridges, with his letter, which approves of the removal of the bridge, and which authorizes him to make a contract with Mr. McDonald, be approved, and that the issue of Corporate Stock in the sum of \$80,000 be authorized for this purpose.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,  
June 28, 1904.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In order to carry the tracks provided for by the Rapid Transit Railroad Commission over the Harlem River ship canal it is necessary to rebuild the bridge now existing over this canal, in line with the Kingsbridge road, and plans have been prepared by the Engineers of the Rapid Transit Commission for this structure. This will do away with the existing bridge over the ship canal at that point, and under the contract with the Rapid Transit Subway Construction Company that bridge becomes the property of the contractor. The bridge is a modern bridge of recent construction and is in very good condition.

This Department is now building a bridge from West Two Hundred and Seventh street, in the Borough of Manhattan, to East One Hundred and Eighty-fourth street, in the Borough of The Bronx, known as the Fordham Heights Bridge, the pivot pier of which is now nearly completed.

In order to save some money for the City it is proposed to utilize the span to be removed from the ship canal to the site at Fordham Heights. A mutual understanding to this effect has been reached between the Rapid Transit Commission, the Subway Construction Company and this Department, providing for this transfer and the erection of the old bridge at the new site; and the resolutions herewith presented, for which I ask your favorable consideration, have been drawn to cover the case.

The effect of the adoption of these resolutions will be to secure two excellent bridges at both the sites named and a material saving to the City in both time and money.

Respectfully submitted,

GEO. E. BEST, Commissioner of Bridges.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the removal of the present bridge over the Harlem River ship canal and its erection upon the pivot pier and abutments erected or to be erected between East One Hundred and Eighty-fourth street (Fordham Heights), in the Borough of The Bronx, and West Two Hundred and Seventh street, in the Borough of Manhattan, and the construction of a new bridge across the Harlem River ship canal, according to the plans and specifications submitted by the Commissioner of Bridges; and

Resolved (if the Board of Aldermen concur), That the Commissioner of Bridges is hereby authorized to contract with John B. McDonald, the contractor for the Rapid Transit Railroad, for the removal of the said existing bridge and its erection at West Two Hundred and Seventh street as aforesaid, and for the erection of a new bridge across the Harlem River ship canal, in connection with the construction of the Rapid Transit Railroad, for the sum of eighty thousand dollars (\$80,000), to be paid by the City out of the proceeds of the sale of Corporate Stock of The City of New York, authorized or which may be authorized to be issued for the construction of said bridge between East One Hundred and Eighty-fourth street and West Two Hundred and Seventh street, in addition to the other payments to be made by other parties, as stated in the communication of the Commissioner of Bridges to the Board of Estimate and Apportionment, dated June 28, 1904; and be it further

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding eighty thousand dollars (\$80,000), for the purposes aforesaid, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eighty thousand dollars (\$80,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication from the Superintendent of Public Buildings and Offices, relative to an appropriation for permanently bettering and equipping the brown-stone building in City Hall Park:

(Copy.)

CITY OF NEW YORK—PRESIDENT OF THE BOROUGH OF MANHATTAN,  
OFFICES OF THE COMMISSIONER OF PUBLIC WORKS,  
BUREAU OF PUBLIC BUILDINGS AND OFFICES,  
SUPERINTENDENT'S OFFICE, NOS. 13 TO 21 PARK ROW,  
NEW YORK, June 24, 1904.

Hon. JOHN F. AHEARN, President, Borough of Manhattan:

DEAR SIR—I beg to report that I have made a comprehensive investigation of the condition of the brown-stone building, in order to ascertain the work necessary to place the building in a sanitary condition as recommended in the report of the Department of Health herewith attached, dated May 31, 1904, and also to determine what repairs and alterations would be required to place the building in proper shape.

The building has not received any painting in years; the walls and ceilings are dirty, and the whole building needs painting, including the court-rooms and corridors. The mason work outside is actually in a dangerous condition and should receive immediate attention. The plumbing system is old and antiquated, and when it was tested it was found to be defective in every respect.

I would respectfully recommend that the system be removed and replaced with an entire new system of plumbing.

The following is a detailed estimate of the amounts required to do the necessary repairs to the building:

Plumbing and drainage system .....	\$5,000 00
Painting .....	5,000 00
Inside plastering, mason work and tiling .....	1,000 00

Outside mason work, scaffolding, etc.....	\$2,500 00
Carpenter work .....	1,500 00
Iron work .....	500 00
Roofing, repairs, new leaders, etc.....	1,000 00
(The above includes leveling roof and incidentals).....	1,500 00
New furnishings, carpets, linoleum, canopies and Court furniture.....	2,000 00
	<hr/> \$20,000 00

The Court furniture, carpets and linoleum should be taken up and renewed, as it is old and unfit for use.

I would respectfully recommend that this matter be brought to the immediate attention of the Board of Estimate and Apportionment, and that an appropriation be asked in the amount of twenty thousand dollars.

Respectfully,

WILLIAM H. DALTON,  
Superintendent Public Buildings and Offices.

P. S.—I have made an examination of the steam plant since making the above estimate and find it in a very bad condition.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding twenty thousand dollars (\$20,000), for the purpose of providing means for making improvements, permanently bettering and equipping the Brown Stone Building in City Hall Park, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty thousand dollars (\$20,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication relative to a transfer of \$316,343.72 to "Special School Fund, General Repairs," in all boroughs:

BOARD OF EDUCATION—PARK AVENUE AND FIFTY-NINTH STREET,  
NEW YORK, July 13, 1904.

To the Board of Estimate and Apportionment:

GENTLEMEN—On June 3 last your Honorable Board transferred the sum of \$381,343.72 from the General Repair Funds of the Department of Education to the General School Fund, the purpose being to permit the continuance of certain important branches of the school system, among them the vacation schools and playgrounds and other summer activities.

It was the intention, in making this transfer, to replace the amount as speedily as possible in our General Repair Fund, and for that purpose a resolution has been introduced in the Board of Aldermen permitting the issue of Special Revenue Bonds to the necessary amount.

In the meantime, however, contracts for repairs to the schools have been let which have exhausted the balance remaining in our General Repair Fund. Bids for additional repairs have been opened aggregating \$70,156, for which no funds are available, and further contracts must be let with the least possible delay.

As the meeting of the Board of Aldermen will not be held until the 26th inst. and it is of serious importance that the letting of the repair contracts should not be delayed, the suggestion has been made that a temporary transfer of funds may be made by your Board to our Repair Fund. The amount needed, \$381,343.72, may be reduced by \$65,000, the amount of repairs in the nature of "betterments," leaving \$316,343.72 the actual sum required.

The most available account from which a temporary transfer may be made is the "Salaries of Janitors in all Schools." May we ask that you will transfer, temporarily, that amount from the account "Salaries of Janitors in all Schools" to the General Repair Account of the Special School Fund of this Board, as follows:

General Repairs, Borough of Manhattan .....	\$152,578 00
General Repairs, Borough of The Bronx .....	50,000 00
General Repairs, Borough of Brooklyn .....	68,970 00
General Repairs, Borough of Queens .....	35,000 00
General Repairs, Borough of Richmond .....	9,795 72
Total .....	<hr/> \$316,343 72

Upon the passage of the resolution by the Board of Aldermen the amount should be replaced in the account from which it is temporarily proposed to be taken.

During the summer season it is of the greatest importance that the repairs be proceeded with without a day's delay.

Very respectfully yours,

WILLIAM LUMMIS,

Chairman of the Committee on Finance.

BOARD OF EDUCATION OF THE CITY OF NEW YORK,  
PARK AVENUE AND FIFTY-NINTH STREET, BOROUGH OF MANHATTAN,  
NEW YORK, July 13, 1904.

Hon. J. W. STEVENSON, Deputy Comptroller:

DEAR SIR—In accordance with your suggestion of yesterday, Mr. Lummis, Chairman of our Committee on Finance, has written the accompanying request to the Board of Estimate and Apportionment to transfer \$316,343.72 from the account of "Salaries of Janitors in all Schools" to the account of "General Repairs." Mr. Lummis desires me to inform you that the request is made for a transfer from Janitors' salaries for the reason that there appears to be no other available fund. This fund is under the control of the Committee on Care of Buildings of the Board of Education. Mr. Samuel B. Donnelly, Chairman of said committee, has consented to the transfer, with the understanding that the funds be replaced at the earliest possible moment.

Yours truly,

FREDERICK D. CHAMBERS,  
Acting Deputy Auditor of the Board of Education.

The following resolution was offered:

Resolved, That the sum of three hundred and sixteen thousand three hundred and forty-three dollars and seventy-two cents (\$316,343.72) be and the same is hereby transferred from the appropriation made to the Board of Education for the year 1904, entitled "Board of Education: Salaries of Janitors in all Schools," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Department of Education for the same year, entitled and as follows:

"Special School Fund," Borough of Manhattan.....	\$152,578 00
"General Repairs," Borough of The Bronx.....	50,000 00
"General Repairs," Borough of Brooklyn.....	68,970 00
"General Repairs," Borough of Queens.....	35,000 00
"General Repairs," Borough of Richmond.....	9,795 72
	<hr/> \$316,343 72

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following report of the Engineer of the Department of Finance relative to the jurisdiction over the small gore of land at the junction of Third avenue and Boston road, which was ordered on file.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
June 29, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—On March 26, 1903, I reported upon an application of the President of the Borough of The Bronx, for the issue of Corporate Stock to the amount of \$2,000, the estimated cost of an improvement to be made upon a triangular gore of land belonging to the City, at the junction of Third avenue and Boston road.

In that report I gave the manner of acquisition of the gore of land and quoted from an opinion of the Corporation Counsel to the Commissioner of Parks for the Boroughs of Manhattan and Richmond, dated June 27, 1902, and section 612 of the Charter, which led me to believe that the jurisdiction of the property in question was in the Department of Parks.

The papers were referred to the Corporation Counsel by the Board of Estimate and Apportionment on March 27, 1903 (Minutes, page 812), for advice in the matter, and no action was taken by the Board at the time. So far as I have been able to ascertain, the Corporation Counsel has made no reply to the Board of Estimate and Apportionment.

Under date of May 20, 1904, I reported upon a resolution of the Local Board of Morrisania, Twenty-fourth District, recommending an appropriation of \$2,000, for the improvement of a similar gore of land at the junction of Franklin avenue and Third avenue, in the Borough of The Bronx.

The proposition was exactly similar to the previous application, and the matter was presented to the Board of Estimate and Apportionment on June 3, 1904, and a resolution adopted appropriating Corporate Stock for the improvement without in any way deciding under whose jurisdiction the improvement should be made.

The President of the Borough of The Bronx at the meeting of the Board of Estimate and Apportionment of June 3, 1904, submitted copies of the deeds of Gouverneur Morris to the Trustees of the Town of Morrisania, under which both of the properties in question were acquired by the City, and which were referred to in my previous reports. Likewise copy of a map of the Village of Morrisania, made by Andrew Findlay August 10, 1848.

I have examined the papers and the map, and I see no reason to change the opinion previously expressed that the work should be done by the Park Department under an opinion of the Corporation Counsel, referred to above.

The copies of the two deeds and of the map are herewith returned.

Respectfully,

EUG. E. McLEAN, Engineer.

The Secretary presented the following communication from the Appraiser of Real Estate, Department of Finance, relative to the vesting of title to the premises on East One Hundred and Seventeenth street and First avenue, Borough of Manhattan, selected as a school site:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
June 21, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment, at a meeting held February 19, 1904, adopted a resolution authorizing condemnation proceedings on the following-described property:

Beginning at a point formed by the intersection of the westerly line of First avenue with the southerly line of East One Hundred and Seventeenth street, and running thence westerly along the southerly line of East One Hundred and Seventeenth street one hundred and fifty (150) feet; thence southerly and parallel with First avenue one hundred (100) feet eleven (11) inches; thence easterly and parallel with East One Hundred and Seventeenth street one hundred and fifty (150) feet to the westerly line of First avenue; thence northerly along the westerly line of First avenue one hundred (100) feet eleven (11) inches to the southerly line of East One Hundred and Seventeenth street, to the point or place of beginning.

The Board of Education, at a meeting held May 25, 1904, adopted the following resolution:

\* \* \* \* \*

"Resolved, That the Board of Education hereby requests the Board of Estimate and Apportionment to adopt a resolution, in accordance with the provisions of section 1439 of the Revised Charter, directing that title to the above-mentioned lands and premises and all interest therein shall vest in The City of New York two months after the adoption of such resolution."

The Commissioners of Estimate and Appraisal having filed their oaths on May 27, 1904, I see no reason why the Board of Estimate and Apportionment should not approve of the request of the Board of Education, and I so recommend.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Whereas, The Commissioners of Estimate and Appraisal have been appointed in the matter of acquiring title by The City of New York to certain lands and premises on the southwest corner of First avenue and East One Hundred and Seventeenth street, Borough of Manhattan, as a site for school purposes; and

Whereas, Plans are being prepared for a new school building to be erected on said property, and it is very important that the Board of Education secure possession thereof at the earliest possible date; therefore be it

Resolved, That the Board of Education hereby requests the Board of Estimate and Apportionment to adopt a resolution, in accordance with the provisions of section 1439 of the Revised Charter, directing that title to the above-mentioned lands and premises and all interest therein shall vest in The City of New York two months after the adoption of such resolution.

A true copy of preamble and resolution adopted by the Board of Education on May 25, 1904.

FRED. H. JOHNSON, Assistant Secretary, Board of Education.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment on February 19, 1904, adopted a resolution approving of the action of the Board of Education in selecting as a site for school purposes premises located on East One Hundred and Seventeenth street and First avenue, Borough of Manhattan, and authorizing the institution of condemnation proceedings for the acquisition of the same; therefore be it

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest that the title to the above-mentioned site and all interests therein should be acquired by The City of New York at a fixed or specified time, does hereby direct that on September 15, 1904, the title to the said lands and premises and all interest therein shall vest in The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following communication from the Engineer of the Board, recommending the employment of one Transitman and Computer, to be assigned to the work of the triangulation of The City of New York, at the rate of \$1,800 per annum:

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,  
July 7, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—On October 31, 1903, the Board of Estimate and Apportionment, pursuant to the provisions of chapter 406 of the Laws of 1903, authorized the Mayor to appoint two Topographical Draughtsmen, who should be assigned to the work of triangulation of the city, at a compensation of \$1,800 per annum each. In accordance with this resolution, Mayor Low appointed Frederick W. Koop, No. 311 East Fifty-second street, Borough of Manhattan, as one of these Topographical Draughtsmen, the appointment taking effect on November 1, 1903.

The duties of Mr. Koop have been those of Observer and Computer; that is, he has been reading the angles at the various stations and has been making the field computations. His designation as a Topographical Draughtsman does not, therefore, describe his work as accurately as might be desired. I find that Mr. Koop is also on the eligible list of Transitmen and Computers, and inasmuch as this title designates accurately the work which he is doing, I beg to suggest that his title be changed from Topographical Draughtsman to that of Transitman and Computer, a resolution to this effect being herewith submitted.

I am prompted to make this recommendation also as a matter of justice to Mr. Koop. He has done most satisfactory work in connection with the triangulation of the city, but finds that while he is employed as a Topographical Draughtsman he cannot, under the Civil Service rules, take an examination for the position of Assistant Engineer, while such an examination will be open to him if he holds the title of Transitman and Computer.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 406 of the Laws of 1903, the Board of Estimate and Apportionment hereby authorizes and requests the Mayor of The City of New York to employ one Transitman and Computer, to be assigned to the work of triangulation of The City of New York, at a compensation of eighteen hundred dollars (\$1,800) per annum, instead of one of the two Topographical Draughtsmen, whose appointment was authorized by the Board of Estimate and Apportionment on October 31, 1903.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following communication from the Department of Health, requesting an appropriation of \$10,000 to defray the expense of a medical commission to be appointed by the Board of Health for the purpose of investigating the causes of acute respiratory diseases, and suggesting to the Board the remedies to be applied for their prevention:

DEPARTMENT OF HEALTH,  
CITY OF NEW YORK,  
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,  
BOROUGH OF MANHATTAN,  
NEW YORK, July 13, 1904.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—At a meeting of the Board of Health of the Department of Health of The City of New York, held this day, the following resolution was adopted:

On motion it was

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to appropriate the sum of ten thousand dollars (\$10,000) to defray the expenses of a Medical Commission to be appointed by the Board of Health, for the purpose of investigating the causes of acute respiratory diseases, and to suggest to the said Board of Health the remedies to be applied for their prevention; such Commission to consist of eminent physicians and bacteriologists from various parts of this country whose investigations and experience have especially fitted them to be of particular service in the work in question.

A true copy.

EUGENE W. SCHEFFER, Secretary.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 535 of the Laws of 1893, and section 170 of the Greater New York Charter, and the requisition of the Board of Health adopted July 13, 1904, the Comptroller be and hereby is authorized to issue Revenue Bonds of The City of New York to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be applied to defray the expenses of a Medical Commission to be appointed by the Board of Health, for the purpose of investigating the causes of acute respiratory diseases.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following communication from the Appraiser of Real Estate, Department of Finance, recommending the approval of the acquisition by purchase at private sale of certain lands to be used for park purposes, located on Boston road, Bronx street, One Hundred and Eightieth and One Hundred and Eighty-first streets, Borough of The Bronx:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
June 23, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In reply to a request for an appraisal of the premises known as the Wells-Lydig property, papers in relation to which were transmitted to this office on June 14, I desire to say that I have had an examination made and beg to report that the Rapid Transit Realty Company and the Rapid Transit Subway Construction Company, acquired more property than is shown on the diagram attached to the appraisal of Douglas Robinson and Charles S. Brown & Co.

The property is known as Lots Nos. 1, 4, 6 and 8, in Block 3120, section 11, on the Tax Assessment Maps of the Borough of The Bronx, and is bounded by Boston road, Bronx street, One Hundred and Eightieth and One Hundred and Eighty-first streets. Boston road and One Hundred and Eightieth street are wide, macadamized streets, and have sewers, curbing, flagging, etc. One Hundred and Eighty-first street and Bronx street are unimproved.

The strip of land not included in the diagram attached to the appraisal, is an irregular, narrow strip along the easterly front of the block, which was proposed to be taken for the widening of Bronx street, but which, I have been informed, has not yet been taken by the City. If the City intends to pay the Rapid Transit people for this property, they should receive this strip of land without further compensation, in order that it may be used for street purposes.

The block is close to the Bronx river, and is four to five feet below grade and faces the Bronx Park on the north and east. It is assessed at \$54,000, in the name of the Rapid Transit Subway Construction Company, and was bought by the Rapid Transit people in August, 1901, for the sum of \$70,500, and was by the real estate dealers and operators at that time considered very high. Assessments for the opening, sewerage, regulating and grading of One Hundred and Eightieth street and for Boston road, have been placed upon the property since it was acquired by the Subway people, and even taking this into account I am of the opinion that the present fair market value of the property is not above \$6,000 a lot, running through from Boston road to Bronx street, with 50 per cent. additional for corners, with an additional allowance for plottage. I would consider a total of \$72,000 as about the fair market value to-day, which, as shown by the records, is about the price paid for the property in 1901. I give below a memorandum of property as acquired, from the Real Estate Record and Guide:

David Lydig to Rapid Transit Realty Company; deed dated August 22, 1901; consideration, \$50,000; conveys southeast corner Boston road and One Hundred and Eighty-first street, east 122 feet 1 inch by south 121 feet 1 inch, again south 87 feet 3 inches by west 132 feet 1 inch by north 205 feet 11 inches, to beginning; also

James L. Wells to Rapid Transit Subway Construction Company; deed dated August 1, 1901; consideration, nominal; conveys northeast corner of Boston road and One Hundred and Eightieth street, north 53 feet 8 inches by east 132 feet 2 inches by south 47 feet by west 138 feet 1 inch, except part taken by road.

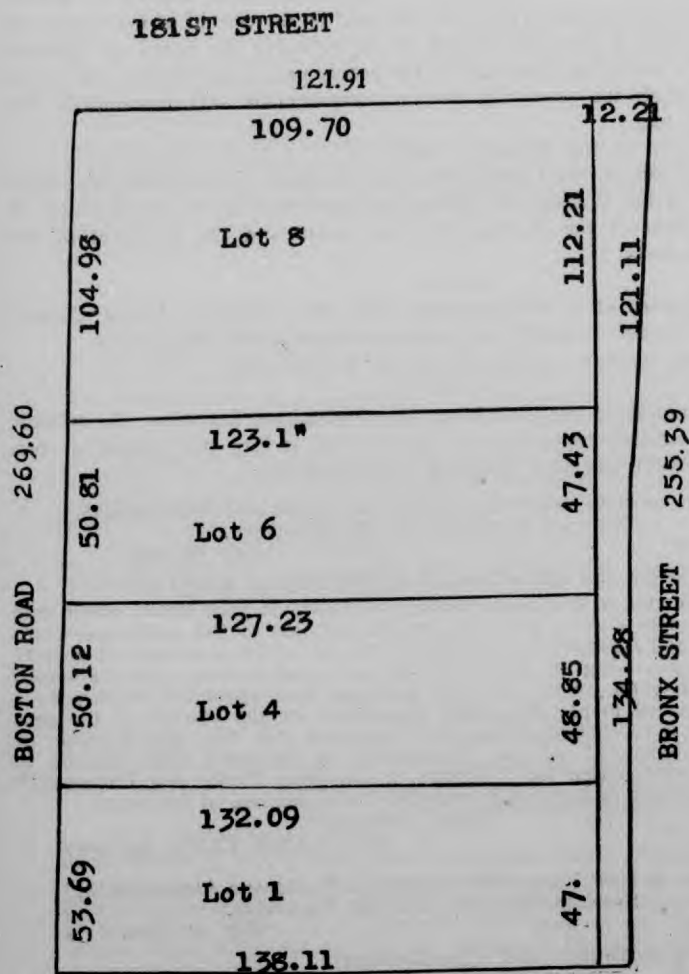

Although the consideration was nominal, \$20,500 cash was the price paid. The property was taken for subway purposes under the direction of the Rapid Transit Commissioners and under an agreement that the carrying charges (taxes, assessments, etc.), with interest down to date, when title would vest, would be added to the principal. Under that condition the owners are entitled to the sum of \$70,500, and such expenses and interest as above stated. After an interview, I am able to report that the amounts, as being proper charges, handed to me are as follows:

<i>Wells Property.</i>	
Price paid September 3, 1901 .....	\$20,500 00
Carrying charges and interest to May 1, 1904 .....	3,519 67
Interest to June 24, 1904 .....	162 42
	<hr/> \$24,182 09

<i>Lydig Property.</i>	
Price paid September 5, 1901 .....	\$50,000 00
Carrying charges and interest to May 1, 1904 .....	9,718 80
Interest to June 24, 1904 .....	394 04
	<hr/> 60,112 84

Paid Lawyer Flannery for reducing assessment .....	92 43
	<hr/> \$84,387 36

Respectfully submitted for approval,  
MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

#### LAYING OUT ADDITION TO BRONX PARK, BRONX.

In the matter of the proposed laying out of the block bounded by East One Hundred and Eightieth street, Bronx street, East One Hundred and Eighty-first street and Boston road, in the Borough of The Bronx, as an addition to Bronx Park, the report of the Secretary was presented, showing that the matter had been duly advertised.

After hearing Park Commissioner Eustis in favor of the proposed laying out, nobody appearing in opposition, the following resolution was adopted:

Whereas, At a meeting of this Board held on the 28th day of July, 1903, resolutions were adopted, proposing to change the map or plan of The City of New York so as to lay out the block bounded by East One Hundred and Eightieth street, Bronx street, East One Hundred and Eighty-first street and Boston road, as an addition to Bronx Park, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 30th day of September, 1903, at 10.30 o'clock A. M., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected hereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 30th day of September, 1903; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 30th day of September, 1903; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out the block bounded by East One Hundred and Eightieth street, Bronx street, East One Hundred and Eighty-first street and Boston road, as an addition to Bronx Park, in the Borough of The Bronx, City of New York, does hereby favor the same so as to lay out the aforesaid park addition.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the acquisition, by purchase at private sale, of certain lands to be used for park purposes, situated in the Borough of The Bronx, which lands are bounded and described as follows:

All those certain lots located within the area of the block bounded by Boston road and Bronx street, One Hundred and Eightieth and One Hundred and Eighty-first streets, together with all the right, title and interest of the owners of said premises of, in and to the streets, avenues and roads in front of said premises to the centre thereof, and being the same premises described in a deed dated August 22, 1901, from David Lydig to the Rapid Transit Realty Company and also by another deed dated August 1, 1901, from James L. Wells to the Rapid Transit Subway Construction Company; —and the Comptroller be and is hereby authorized to enter into a contract for the acquisition of the same at private sale, at a price not exceeding eighty-four thousand three hundred and eighty-seven dollars and thirty-six cents (\$84,387.36), and interest thereon from the 24th day of June, 1904, said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following report from the Appraiser of Real Estate, Department of Finance, submitting two resolutions as follows:

1. Rescinding resolution adopted June 24, 1904, authorizing the institution of condemnation proceedings for the acquisition of the property on Kelly street, Beck street and Longwood avenue, Borough of The Bronx, for the Board of Education.
2. Approving of the selection of the above described property and authorizing the acquisition of the same by purchase.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 12, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held June 24, 1904, adopted a resolution authorizing the institution of condemnation proceedings for the acquisition of a piece of property for the Board of Education on Kelly and Beck streets, 100 feet northeasterly from Longwood avenue, in the Borough of The Bronx.

Since the adoption of this resolution, the owners of the property have offered to dispose of the same to the City for the sum of \$13,000. That price, while full value, is not excessive, and I would respectfully recommend that the Board of Estimate and Apportionment rescind the resolution adopted June 24, 1904, authorizing the institution of condemnation proceedings, and adopt the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described lands and premises in the Borough of The Bronx:

Beginning at a point on the northwesterly line of Beck street distant one hundred (100) feet northeasterly from the northeasterly line of Longwood avenue, and running thence northwesterly and parallel with Longwood avenue two hundred (200) feet to the southeasterly line of Kelly street; thence northeasterly along the southeasterly line of Kelly street fifty (50) feet; thence southeasterly and again parallel with Longwood avenue two hundred (200) feet to the northwesterly line of Beck street; thence southwesterly along the northwesterly line of Beck street fifty (50) feet to the point or place of beginning; together with all the right, title and interest of the owners of said premises of, in and to the streets and avenues in front thereof to the centre thereof;

—and the Comptroller of The City of New York is hereby authorized to enter into a contract for the purchase of the above described premises at a price not exceeding thirteen thousand dollars (\$13,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

"Assessed valuation of the above described lands and premises, as shown by the books of record on file in the Department of Taxes and Assessments, together with other property, for the year 1904, \$12,740';

—and the Corporation Counsel be and is hereby authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above described premises. Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board."

Which was adopted by the following vote:

The Secretary presented the following report of the Auditor of Accounts, Department of Finance, relative to the claims of John J. Johnston, Richard Mulcahy and Timothy J. Dady, for compensation for services rendered to the Sheriff of Kings County during a period extending from March 13 to June 30, 1902:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 5, 1904.

In the Matter  
of

The Application of John J. Johnston, Richard Mulcahy and Timothy J. Dady for compensation for services rendered to the Sheriff of Kings County, during the period from March 13 to June 30, 1902, said application being made pursuant to the provisions of chapter 738 of the Laws of 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment has referred to you for investigation and report the application of John J. Johnston, Richard Mulcahy and Timothy J. Dady, pursuant to chapter 738 of the Laws of 1904, for an allowance of compensation for services rendered to the Sheriff of Kings County, during the period from March 13 to June 30, 1902.

Said persons filed a claim, No. 16184½, in this Department, for compensation for said services, and this Division reported upon said claim under dates of April 22 and September 21, 1903.

In the former of said reports, it was shown that Charles Guden appointed said Dady and Mulcahy as Deputy Sheriffs and said Johnston as Chief Clerk in the office of the Sheriff of Kings County, on January 1, 1902; that from March 13, 1902, when Sheriff Guden maintained an opposition office in the County of Kings, said persons adhered to him and assisted him in the maintenance of said office; that said Dady and Mulcahy were receiving salary at the rate of \$2,200 per annum from January 1, 1902, to March 13, 1902, and that said Johnston was receiving a salary of \$2,500 per annum during said period; that upon taking office on March 11, 1902, Sheriff Dike reappointed said persons, but they having either refused to serve, or having tendered their resignations, were removed; that investigations of the records of the County of Kings show that said persons acting as employees of said Guden, made returns in the usual course of their business of various papers and documents; that Sheriff Dike and his counsel and Mr. Guden and his counsel all concurred in stating that these persons were present and working every day during the period from March 13 to June 30, 1902; that the said persons were of the opinion that the claimants should be compensated for services; and that if said claimants were entitled to recover, the claimants Dady and Mulcahy should be paid the sum of \$656.45 each, and claimant Johnston should be paid at the rate of \$745.96.

It was recommended that the advice of the Corporation Counsel be obtained in the matter of said claim.

Under date of September 15, 1903, the Corporation Counsel addressed a communication to the Comptroller in which he stated that he is "of the opinion that as a matter of legal right the claimants are not entitled to recover."

In view of said opinion, it was recommended that said claim be disallowed.

Chapter 738 of the Laws of 1904 authorizes the Board of Estimate and Apportionment, in its discretion, to take proof of the claims "of the former Chief Clerk, Sheriff's Counsel and Deputy Sheriffs of the County of Kings, appointed pursuant to law on January 1, 1902," for compensation for services and expenses incurred by them in connection with their appointments, and pay them such sums as he determines to be equitable. In the payment of said claims, said Board is authorized to expend any unexpended balance of appropriation theretofore made or moneys collected and paid by the Sheriff of the County of Kings, in the hands of the Comptroller of The City of New York, and if such sum should not be sufficient, said Board is authorized to include the remaining portion necessary for said payments, in the tax levy for the year 1905.

Respectfully,

JAMES F. McKINNEY, Auditor of Accounts.

BROOKLYN, June 10, 1904.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—John J. Johnston, Richard Mulcahy and Timothy J. Dady hereby respectfully submit to the Board of Estimate and Apportionment of The City of New York the following statement in support of their respective claims for services as Chief Clerk and Deputy Sheriffs to the Sheriff of Kings County this day presented for payment.

On January 1, 1902, the said John J. Johnston was duly appointed Chief Clerk to the office of the Sheriff of Kings County, and the said Timothy J. Dady and Richard Mulcahy were appointed Deputy Sheriffs. They thereupon duly took their oath of office, and entered upon the discharge of their duties and continued to perform the same until the removal of Charles Guden, the then Sheriff, by the Governor of the State of New York.

On or about March 10, 1902, Hon. Norman S. Dike came into the Sheriff's office under appointment of the Governor, and for two days they acted as Deputy Sheriffs under him.

On March 12 they were advised that the removal of the said Charles Guden, Sheriff, was illegal, and the said Guden demanded that they continue to perform the duties under the oaths of office taken before him, which they did.

Proceedings were begun in the Courts to declare illegal the said removal of the said Guden, and the Special Term of the Supreme Court decided that the said removal was void, and that the said Guden was the lawful Sheriff. The said decision of the Special Term was appealed from, and the controversy was not finally decided until June 30, 1902, when the Court of Appeals held that the removal by the Governor was legal.

The said Guden maintained during all of the said time an office as Sheriff of Kings County in the County Court-house, Kings County, and all papers and process which were issued to the said office were duly executed.

Fees amounting to \$2,561.21, made up as follows, were collected and turned over to the City Chamberlain, the services for which were all performed by your claimants:

March 17, 1902.....	\$742 89
March 31, 1902.....	485 31
April 15, 1902.....	740 02
April 30, 1902.....	247 91
May 15, 1902.....	104 21
June 2, 1902.....	4 89
June 16, 1902.....	58 35
June 30, 1902.....	177 63
	<hr/> \$2,561 21

Your attention is also called to the fact that a number of the positions in the Sheriff's office were not filled, and that the salaries applicable to such positions were not disbursed.

The matters and things which are herein stated were brought to the attention of the Comptroller of The City of New York, and have all been examined into by the Claim Department of his office, and the books and statements of your claimants have been reported as correct. The sole reason that the claims were not allowed was that in the opinion of the Corporation Counsel the Comptroller did not have authority to pay the claims, and advised that the matter be brought to the attention of the Legislature.

Annexed hereto will be found a copy of the Assembly Bill No. 1324, which was duly passed and became a law with the approval of the Mayor, authorizing your Honorable Body to take proof of, allow and pay the claims if they are just and equitable.

All acts performed were official and the claimants and their bondsmen were liable therefor.

The amount claimed by each is the salary fixed by law for the positions.

Respectfully submitted,

JOHN J. JOHNSTON,  
TIMOTHY J. DADY,  
RICHARD MULCAHY.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 738 of the Laws of 1904, the Board of Estimate and Apportionment hereby audits and allows as a charge against the County of Kings the following claims, for compensation for services rendered to the Sheriff of Kings County during the period from March 13 to June 30, 1902:

John J. Johnston .....	\$752 67
Richard Mulcahy .....	662 35
Timothy J. Dady, Jr.....	677 90
Total .....	<hr/> \$2,092 92

—and that for the purpose of providing means for the payment thereof the Comptroller be and is hereby authorized to expend any unexpended balance of appropriation theretofore made or moneys collected and paid by the Sheriff of the County of Kings in his hands, and if such sum should not be sufficient the Board of Estimate and Apportionment is authorized, pursuant to the provisions of said chapter 738 of the Laws of 1904, to include the remaining portion necessary for said payments in the tax levy for the year 1905.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Referring to the communication addressed to your Board under date of May 24, in relation to making provision for the payment of two additional Commissioners of Taxes and Assessments, appointed pursuant to the provisions of chapter 757 of the Laws of 1904, I beg to advise you that said Commissioners were appointed by his Honor the Mayor on June 7, and their assistants were appointed on June 8.

The amount required to pay these new appointees for the balance of the year 1904 is \$10,752.76. It is therefore urgently requested that the appropriation of "Salaries of Commissioners" of this Department be increased from \$36,000 to \$43,933.32 and the appropriation for "Salaries of Deputies, Clerks and Employees" be increased from \$288,900 to \$291,719.44, making a total increase of \$10,752.76.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—Chapter 757 of the Laws of 1904, amending section 885 of the Charter, taking effect May 14, 1904, provides that the Board of Taxes and Assessments shall consist of:

A President at .....	\$8,000 00
And six Commissioners at \$7,000 each .....	42,000 00
Total .....	<hr/> \$50,000 00

In the Budget for the year 1904 an appropriation was made for a President at \$8,000 and four Commissioners at \$7,000 each, together \$36,000.

It is respectfully requested that provision be made by your Honorable Board for the salaries of the two additional Commissioners, as well as for two assistants to said Commissioners at the rate of \$2,500 per annum, for the balance of the year 1904.

The estimated amount required for this purpose is as follows:

Two Commissioners, at \$7,000 per annum for seven and one-third months .....	\$8,555 50
Two Assistants to Commissioners, at \$2,500 per annum for seven and one-third months .....	3,055 50
Total .....	<hr/> \$11,611 00

Very respectfully,

FRANK A. O'DONNELL, President.

The Secretary was directed to notify the President of the Tax Department that the salaries of the Commissioners will be paid as claims against the City, and as to the other appropriation, to wit, for the salaries of two Assistant Commissioners, the Board of Aldermen has the power to request an issue of Special Revenue Bonds, pursuant to the provisions of subdivision 8 of section 188 of the Charter, for that purpose.

The Secretary presented the following report of the Engineer of the Board of Estimate and Apportionment, relative to the request of the President of the Borough of The Bronx for an appropriation for the Topographical Bureau in said borough:  
REPORT No. 2163.

BOARD OF ESTIMATE AND APPORTIONMENT,  
NEW YORK, July 11, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment, held on June 24, two communications were presented by the President of the Borough of The Bronx, one dated June 14, 1904, requesting the Board to provide, under the provisions of chapter 409 of the Laws of 1904, for the issue of Corporate Stock to the amount of \$10,000, to permit him to complete sewerage plans; the other communication was dated June 16, 1904, and asked that the Board, under the same act, provide the sum of \$180,250 for topographical work in the Borough of The Bronx. Inasmuch as the preparation of sewerage plans is really topographical work, the two communications will be considered together. Accompanying the letter asking for an increased appropriation for topographical work there is a detailed statement showing that of this sum \$44,000 is required for surveying, laying out and street opening, \$109,950 for monumenting streets and \$32,300 for completing the drainage plans of the Chester District and amending those of the Morrisania District. It will be seen, therefore, that the estimate for topographical work included that for making new drainage plans.

The appropriations made for the different boroughs for topographical work during the last three years are indicated by the following statement:

	1904	1903	1902
The Bronx	\$118,650 00	\$105,000 00	\$104,000 00
Brooklyn	53,944 00	53,944 00	55,457 25
Queens	64,852 50	50,000 00	50,000 00
Richmond	49,980 00	39,980 00	39,980 00

The Board of Estimate and Apportionment has recently made additional allowances to the boroughs of Queens and Richmond, so that their appropriations for the present year are, respectively, \$164,852.50 and \$124,980, both of which are greater than that allowed the Borough of The Bronx, although for years the last-named borough has received an allowance far greater than that of any other borough included in The City of New York.

In response to a request for more specific information as to the present balance in the appropriation, and how the additional money would be expended, I am advised by the Chief Engineer of the Borough of The Bronx that, owing to a number of increases in salaries, which have already been made and which it will be necessary to make in order to prevent their men going to other boroughs, the appropriation now available is not sufficient to carry them through the year. The Sewer Bureau estimates that, on the basis of the present pay-roll, there will be a deficit at the end of the present year of about \$18,000, while an additional force is asked for at an estimated cost of \$8,000, so that some \$26,000 is said to be needed for the preparation of drainage plans. The estimated amount for topographical work, which is apparently, although not so stated, intended to be in addition to that which the present appropriation will allow, is divided as follows:

Increased office force	\$24,000 00
Additional field parties	20,000 00
Purchase and setting of monuments	12,800 00
Triangulation towers	9,550 00
Lithographed maps	9,800 00
Clerical assistance and searching	7,100 00
Instruments	1,000 00
Contingencies	2,500 00
	\$86,750 00

The Chief Engineer of the Borough estimates that one-half of this amount, or \$43,375, could be profitably expended this year.

It will be noticed that a very large increase in the present force is provided for, that several thousand monuments are to be purchased and set, and that it is desired to expend nearly \$10,000 for lithographed maps and almost a like amount for triangulation towers. It is expected that these towers will be occupied by the force now at work on the triangulation of the Greater City, under the direction of this office. The Chief Engineer of the Borough, in his estimate, has cut this in two, although he believes that the entire amount asked for the preparation of drainage plans is required, his total estimate being \$63,390.63.

It is true that the Borough of The Bronx has had very large appropriations in previous years for topographical work, although the end seems to be now in sight, while the liberal appropriations recently allowed the boroughs of Queens and Richmond will provide only for a beginning of such work in these boroughs. The President of the Borough of The Bronx has his general map prepared, and it will be advantageous to have the details completed as soon as possible, and I think that an additional allowance of \$50,000 could undoubtedly be used to advantage, and it is recommended that an issue of Corporate Stock for this amount be authorized.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following communication from the Commissioner of Bridges requesting an appropriation of \$400,000 for Blackwell's Island Bridge (No. 4):

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,  
July 14, 1904.

JAMES W. STEVENSON, Esq., Deputy Comptroller, and Secretary, Board of Estimate and Apportionment:

DEAR SIR—I shall be glad if the Board of Estimate and Apportionment will authorize the issue of Corporate Stock to the amount of \$400,000, designated in February last as necessary for work to be provided for during the current year on the Blackwell's Island Bridge.

There is a large fund available for this bridge, but it is all tied up on existing contracts, and the \$400,000, above named, is needed for contract work which should now be undertaken.

Respectfully,

GEORGE E. BEST, Commissioner of Bridges.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to the amount of four hundred thousand dollars (\$400,000), for the purpose of providing means to pay the necessary expenses connected with the construction of the bridge over the East river, between the Boroughs of Manhattan and Queens, known as the Blackwell's Island Bridge (No. 4), and that, subject to the concurrence of the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The

City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding four hundred thousand dollars (\$400,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following communication from the Aqueduct Commissioners, requesting an appropriation of \$1,000,000 to defray the necessary and lawful expenses of said Commissioners:

AQUEDUCT COMMISSIONERS' OFFICE,  
STEWART BUILDING, No. 280 BROADWAY,  
NEW YORK, July 13, 1904.

Hon. EDWARD M. GROUT, Comptroller, The City of New York:

DEAR SIR—At a meeting of the Aqueduct Commissioners, held on the 12th inst., the following preamble and resolution was adopted:

"Whereas, In the opinion of the Aqueduct Commissioners, the further sum of one million dollars (\$1,000,000) will be required to defray the necessary and lawful expenditures of the said Commissioners, therefore

"Resolved, That the Comptroller of The City of New York be and hereby is requested to raise the sum of one million dollars (\$1,000,000) upon bonds of The City of New York, in conformity with the requirements of section 32, chapter 490, Laws of 1883, of the State of New York, for the uses and purposes of the Aqueduct Commissioners, as set forth in said chapter and section of said law."

Yours respectfully,

THE AQUEDUCT COMMISSIONERS,  
By Wm. H. Ten Eyck, President.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 490 of the Laws of 1883, and sections 169 and 170 of the Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount of one million dollars (\$1,000,000), the proceeds whereof to be applied in accordance with the preamble and resolution adopted by the Aqueduct Commissioners July 12, 1904, to defray the necessary and lawful expenditures of the said Commissioners.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following communication from the Justice of the Eighth District Municipal Court, requesting the transfer of \$166.66 to "Supplies and Contingencies":

MUNICIPAL COURT OF THE CITY OF NEW YORK—BOROUGH OF MANHATTAN,  
EIGHTH DISTRICT, GRAND OPERA HOUSE HALL,  
NORTHWEST CORNER EIGHTH AVENUE AND TWENTY-THIRD STREET,  
July 13, 1904.

Hon. JAMES W. STEVENSON:

DEAR SIR—Owing to the existence of a vacancy in this court for the position of Attendant during the months of January and February, 1904, the amount appropriated for salaries is in excess \$166.66 over the amount required for this year.

The amount appropriated for "Supplies and Contingencies" was insufficient, on account of the compiling of records of this court, which were in a confused state and not accessible without a great deal of trouble to lawyers and litigants. It is also absolutely necessary that we be furnished with certain law books which we at present lack, and it is also necessary for the proper transaction of our business that we improve our facilities for filing records, and that two large cases with pigeon-holes be supplied, in order that our papers can be filed so as to be readily accessible.

I therefore respectfully request your Honorable Body to transfer to the "Supplies and Contingent Fund" for the year 1904 the amount appropriated in excess for salaries during that year.

Respectfully,

JAMES W. McLAUGHLIN, Justice.

The following resolution was offered:

Resolved, That the sum of one hundred and sixty-six dollars and sixty-six cents (\$166.66) be and the same is hereby transferred from the appropriation made to the Municipal Court of The City of New York (Eighth District), for the year 1904, entitled "Salaries," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Municipal Court (Eighth District) for the same year, entitled "Supplies and Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following communications from the President of the Borough of Richmond, relative to the request of the Coroner of said borough for a transfer of \$800 to "Salaries and Expenses of Coroners in the Borough of Richmond":

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND,  
NEW BRIGHTON, N. Y., June 2, 1904.

Hon. EDWARD M. GROUT, Comptroller, No. 280 Broadway, New York, N. Y.:

DEAR SIR—I beg respectfully to call to your attention the situation in which the Coroner of this borough finds himself, in view of the scant appropriation granted to him in the last Budget.

The total amount of appropriation granted to the Coroner of the Borough of Richmond was the sum of \$11,250. Of this sum \$4,000 is required under the Charter for the salary of the Coroner himself. In addition to this the sum of \$1,500 each is allowed as the salary fixed by the Board of Estimate and Apportionment and the Board of Aldermen for the Chief Clerk, Assistant Clerk for night work, the Clerk to the Coroner and Coroner's Physician, and the sum of \$1,200 for the Stenographer, making in all the sum of \$11,200. This leaves but the sum of \$50 for all other expenses, including telephone charges, car fares and other necessary incidental expenses. The telephone bill alone amounts to something between \$300 and \$350, and from experience in the past it has been found that about the sum of \$500 is necessary for other incidental expenses. The Coroner, therefore, finds himself facing a situation which may mean a shortage of \$800 at the end of the year.

I accordingly ask, on the Coroner's behalf, whether or not a transfer from unexpended balances can be made to meet this possible deficiency in his appropriation.

I have personal knowledge of the careful and painstaking manner in which the

Coroner conducts his office, and I beg to recommend that some provision be made to meet the deficiency which will surely face him before the end of the year. If funds cannot be provided by way of transfer, I presume that his only remedy is for an application to the Board of Aldermen for a request upon the Board of Estimate and Apportionment for an issue of Revenue Bonds to cover the expected deficiency.

If, however, the deficiency can be covered by way of some transfer, as suggested above, I beg to recommend it on the Coroner's behalf.

Very truly,

GEORGE CROMWELL, President of the Borough.

The following resolution was offered:

Resolved, That the sum of eight hundred dollars (\$800) be and the same is hereby transferred from the appropriation made for the year 1904, entitled, "For Costs of Commitments of Insane Persons," pursuant to chapter 545, Laws of 1896, the same being in excess of the amount required for the purposes thereof, to the appropriation made for the same year, entitled, "Salaries and Expenses of Coroners in the Borough of Richmond," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following communication from the Department of Health, requesting an appropriation of \$55,000:

DEPARTMENT OF HEALTH—CITY OF NEW YORK,  
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,  
BOROUGH OF MANHATTAN,  
NEW YORK, July 13, 1904.

JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—At a meeting of the Board of Health of the Department of Health of The City of New York, held this day, the following preambles and resolution were adopted:

Whereas, It appears that certain appropriations made to the Department of Health by the Board of Estimate and Apportionment for the year 1904 will not be sufficient to meet the necessary expenses required to be incurred by reason of the great number of cases of contagious disease, especially tuberculosis, scarlet fever, diphtheria and measles, and owing to the great prevalence of the contagious eye disease known as "trachoma" in The City of New York; and

Whereas, It is necessary to secure the services of additional Medical Inspectors, Disinfectors, Laboratory Assistants and Nurses, and to purchase a larger amount of supplies to be used by such employees; and

Whereas, At the present rate of expenditure, which is necessary to be maintained, the estimated amount of the deficiency which will exist in the fund appropriated by the Board of Estimate and Apportionment for the use of the Department of Health for the year 1904 will be fifty-five thousand dollars, should no further appropriation be made; therefore be it

Resolved, That the Board of Health, pursuant to the authority conferred on it by the provisions of chapter 535 of the Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the sum of fifty-five thousand dollars (\$55,000) should be appropriated for the year 1904 without delay, for the purpose of defraying the necessary expenses required to be incurred by the Board of Health for the preservation of the public health, as follows:

Disinfection, all boroughs.....	\$30,000 00
BOROUGH OF MANHATTAN.	
Trachoma .....	10,000 00
Clinic for the treatment of communicable pulmonary diseases.....	10,000 00
BOROUGH OF QUEENS.	
Salaries .....	2,500 00
Supplies and Contingencies.....	2,500 00
Total .....	\$55,000 00

A true copy,

EUGENE W. SCHEFFER, Secretary.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 535 of the Laws of 1893 and section 170 of the Greater New York Charter, and the requisition of the Board of Health, adopted July 13, 1904, the Comptroller be and hereby is authorized to issue Revenue Bonds of The City of New York to the amount of fifty-five thousand dollars (\$55,000), the proceeds whereof to be applied to defraying the necessary expenses required to be incurred by the Board of Health for the preservation of the public health, as follows:

The Secretary presented the following communication from the Department of Health requesting this Board to recommend to the Board of Aldermen the fixing of the salaries of the position of Bacteriologic Diagnostician in said Department:

DEPARTMENT OF HEALTH—CITY OF NEW YORK,  
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,  
BOROUGH OF MANHATTAN,  
NEW YORK, July 14, 1904.

JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Inclosed herewith you will find a copy of a resolution adopted by the Board of Health at its meeting held Wednesday, July 13, 1904, requesting the Board of Estimate and Apportionment to create the position of Bacteriologic Diagnostician in this Department, and to fix the salaries of said position at the rate of \$1,050 and \$1,200 per annum.

This request is made owing to the fact that a great part of the work done in the diagnosis laboratory of the Department of Health consists in routine microscopical examinations of specimens from cases of diphtheria, tuberculosis, typhoid fever and malaria, and those doing such work must have had long and thorough training in all the laboratory methods, and further, must be of ability, sense and discretion above the average. Such persons are not to be found among the applicants for the position of laboratory assistant. The creation of the position of Bacteriologic Diagnostician is on that account, therefore, considered of vital importance by the Board of Health.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

DEPARTMENT OF HEALTH—CITY OF NEW YORK,  
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,  
BOROUGH OF MANHATTAN,  
NEW YORK, July 14, 1904.

At a meeting of the Board of Health of the Department of Health of The City of New York, held July 13, 1904, the following resolution was adopted:

On motion, it was

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to create the position of Bacteriologic Diagnostician in the Department of Health and to fix the salaries of said position at the rate of \$1,050 and \$1,200 per annum.

A true copy.

EUGENE W. SCHEFFER, Secretary.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the position of Bacteriologic Diagnostician in the Department of Health be fixed at the rates of twelve hundred dollars (\$1,200) and ten hundred and fifty dollars (\$1,050) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication from the President of the Borough of The Bronx, relative to an additional appropriation of \$6,000 for the Bureau of Buildings:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
MUNICIPAL BUILDING, CROTONA PARK,  
May 4, 1904.

Hon. GEORGE B. MCCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I inclose herewith copy of communication received by me from Superintendent Reville, Bureau of Buildings, Borough of The Bronx, in which he requests an additional appropriation so that he may be able to appoint a Chief Inspector, three Construction Inspectors and one Clerk, for the reasons stated in his communication to me. I concur in the recommendations made by him and would respectfully call the attention of the Board of Estimate and Apportionment to my communication of March 14, 1904, addressed to you in reply to your request of March 9, 1904, in which I stated that an additional amount of \$6,000 would be required for "Salaries, Bureau of Buildings." That "this sum is needed to cover the deficiency which will exist by the appointment of a Chief Inspector and four other Inspectors who are required to properly perform additional work made necessary by the large increase of business of this Bureau, which has been fully 30 per cent. during the past six months, and which will be 75 per cent. by July 1, judging from the increased amount of new plans filed daily."

You will notice from the report of Superintendent Reville that this statement has been exceeded by the business of the first four months of the Bureau for this year in new buildings, as the business of the office has increased over 100 per cent. in said period. I therefore urge upon the Board of Estimate and Apportionment that the request of Superintendent Reville for an additional appropriation of \$6,000, for the purpose stated in his letter and in my communication of March 14, 1904, be favorably considered by the Board of Estimate and Apportionment.

Yours truly,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

THE CITY OF NEW YORK,  
OFFICE OF BUREAU OF BUILDINGS, BOROUGH OF THE BRONX,  
THIRD AVENUE AND 177TH STREET,  
NEW YORK, May 3, 1904.

Hon. LOUIS F. HAFFEN, President of the Borough of The Bronx:

DEAR SIR—On March 12 I addressed a letter to you stating that as the business of this Bureau was increasing so rapidly, owing to the great increase in building operations in this borough, that the appointment of a Chief Inspector and several Construction Inspectors was necessary in order to properly administer the duties of the Bureau. The business of this office has increased over 100 per cent. in the first four months of this year over the same period last year, as will appear by the following figures, viz.:

First Four Months, 1903—Number of buildings, 232; estimated cost, \$2,291,500.

First Four Months, 1904—Number of buildings, 496; estimated cost, \$4,995,620.

These figures show an increase of 264 new buildings and \$2,704,120 in cost, and at the present rate, the business will increase fully 150 per cent. before fall.

It is impossible for the Assistant Superintendent to attend to outside matters affecting plumbing and drainage, and construction too. The time of the Superintendent is fully occupied in the office, giving his attention to the public and architects and builders.

For the reasons above stated, I again urge upon you the necessity of an additional appropriation for this Bureau, so that I may be able to appoint a Chief Inspector, three Construction Inspectors and one Clerk at the earliest possible moment, so as enable me to keep abreast of the increased business of the Bureau.

Respectfully yours,

PATRICK J. REVILLE,  
Superintendent of Buildings, Borough of The Bronx.

Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand dollars (\$6,000), in addition to the amount heretofore authorized, the proceeds whereof to be applied to the account entitled "Salaries, Bureau of Buildings," in the office of the President of the Borough of The Bronx, City of New York.

Adopted by the Board of Aldermen May 24, 1904, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor June 7, 1904, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted May 24, 1904, in relation to an additional appropriation of six thousand dollars (\$6,000) to be applied to the account entitled "Salaries, Bureau of Buildings, President of the Borough of The Bronx," and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of six thousand dollars (\$6,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition of certain lands in the Eighth Ward, Borough of Brooklyn, for a public wholesale market:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
June 22, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Aldermen, on May 24, 1904, adopted an ordinance, which was approved by the Mayor on June 7, 1904, for the establishment of a new public wholesale market in the Bay Ridge section, Borough of Brooklyn. The property to be acquired includes upland and lands under water, and is described as being:

All that certain plot, piece or parcel of land and land under water situate, lying and being in the Eighth Ward, Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at a point on the westerly line or side of Second avenue, 375 feet northerly from the centre line of Thirty-ninth street, as said street and avenue are laid down on the map of the Commissioners appointed by the Legislature of the State of New York to lay out streets, avenues and squares in the former City of Brooklyn, running thence westerly on a line parallel with and distance 375 feet from said centre line of Thirty-ninth street to the pier-head line, as established by chapter 491 of the Laws of 1884, and approved by the Secretary of War on March 4, 1890; thence northeasterly along said pier-head line to a point on the westerly prolongation of the southerly line of Thirty-sixth street, as laid down on said map; thence easterly along the westerly prolongation of the southerly line of Thirty-sixth street to the westerly line or side of Second avenue, and thence southerly along the westerly line or side of Second avenue 376 feet, more or less, to the point or place of beginning.

This plot, above described, has a frontage of 376 feet on the westerly side of Second avenue, beginning at a point 375 feet northerly from the centre line of Thirty-ninth street, running thence northerly to the southerly line of Thirty-sixth street, and extending westerly out into the Bay to the new pier-head line approved by the Secretary of War on March 4, 1890; thence southerly in a curved line about 390 feet, and thence westerly to the point or place of beginning, the measurements being approximately 376 feet by 2,331 feet 7 inches by 390 feet on a curved line, by 2,420 feet; a total of 894,880 square feet, or 357.95 full city lots, 25 by 100 feet each. Of this plot 111,976 square feet, or 44.79 city lots at the easterly or Second avenue end—about one-eighth of the whole, is made land, the balance being land under water.

The market site is designated on the tax books as Lot No. 1 (being all) of Block 694, and Lot No. 2 (being part) of Block 698, section 3, volume 2. Lot No. 1, for the purpose of taxation, is assessed at \$116,000 in the name of John A. Murray, and Lot No. 2, at \$66,000, owner unknown. Total assessment, \$182,000.

Second avenue and the cross streets east of it (but not west of it) are improved, but are not legally opened, and by chapter 395 of the Laws of 1884, section 1, of which reads as follows:

"No street or avenue shall be extended on or over the ground now below or beyond high-water mark, between the northerly side of Thirty-sixth street and the southerly side of Thirty-ninth street, in the City of Brooklyn, by reason of any filling or other improvement hereafter made thereon, nor shall the City be authorized to open or extend any street or avenue beyond said high-water mark within the boundaries aforesaid, without the consent of the adjacent owners."

The City, if it acquired the property, would be prohibited from opening new streets until the law was amended.

The grant of land under water, between the centre line of Thirty-sixth street and the centre line of Thirty-seventh street out to the new pier-head line, was granted by the State of New York on February 26, 1880, to the New York, Greenwood and Coney Island Railroad Company, and between the centre line of Thirty-seventh street and the centre line of Thirty-eighth street was granted by the State of New York on January 13, 1881, to Sarah A. McChesney.

Sales of upland in the neighborhood of the proposed market site have been made in recent years at prices ranging from 62½ to 75 cents per square foot, one of the most recent of these being a strip 175 feet in width adjoining the market site on the south and extending out to the exterior pier-head line, containing 433,300 square feet, sold to the Brooklyn Rapid Transit Company in February, 1902, at a price, as claimed, of 80 cents per square foot, but at least one-third of this plot is land above water and has on it about 4,700 feet or railroad tracks, 1,500 feet of shedding, and platforms, flagging, pavement, fences, etc., which were included in the purchase.

The proposed market site was originally all outside of the original high-water mark. At least seven-eighths of it is still land under water, and will require much filling in to make it available for the purpose intended. Under these circumstances, I am of the opinion that the present fair market value of the plot described in the resolution, containing 894,880 square feet, is not above 50 cents per square foot, or a total of \$447,440.

I do not think it necessary at this time to enter into a controversy as to the right of the State to grant riparian rights, believing, as I do, that the title is vested in The City of New York by its charter. That is a matter that can be determined by the Corporation Counsel in a proceeding. The price submitted by the owners of the property to the City is so much in excess of its real value that it will be necessary, in order to acquire the market site, that condemnation proceedings be instituted, and I so recommend.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The following was offered:

Whereas, The Board of Estimate and Apportionment having heretofore approved and laid out a public wholesale market in the Eighth Ward of the Borough of Brooklyn, City of New York; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Corporation Counsel of The City of New York to institute condemnation proceedings for the acquisition of all the lands and lands under water within the area of the following-described premises:

All that certain plot, piece or parcel of land and land under water, situate, lying and being in the Eighth Ward, Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at a point on the westerly line or side of Second avenue, 375 feet northerly from the centre line of Thirty-ninth street, as said street and avenue are laid down on the map of the Commissioners appointed by the Legislature of the State of New York, to lay out streets, avenues and squares in the former city of Brooklyn; running thence westerly on a line parallel with and distant 375 feet from said centre line of Thirty-ninth street to the pier-head line as established by chapter 491 of the Laws of 1881, and approved by the Secretary of War on March 4, 1890; thence northeasterly along said pier-head line to a point on the westerly prolongation of the southerly line of Thirty-sixth street as laid down on said map; thence easterly along the westerly prolongation of the southerly line of Thirty-sixth street to the westerly line or side of Second avenue; and thence southerly along the westerly line or side of Second avenue 376 feet, more or less, to the point or place of beginning.

Assessed valuation of the lands and premises above described, as shown by the books of record on file in the Department of Taxes and Assessments, \$182,000.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the request of the Board of Education for the acquisition of an addition to Public School 1, Tottenville, Borough of Richmond, which was referred to the Board of Education with the suggestion that said Board answer the question contained in the communication of the Board of Estimate and Apportionment under date of June 27, 1904, to wit: That the Board of Education furnish the Board of Estimate and Apportionment with a statement setting forth the reasons why a site 321 feet by 50 feet is not of sufficient size to erect thereon an additional school building suitable to accommodate the needs of the population of that district for the next five years:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 14, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment, held on June 24, 1904, there was presented to the Board a request from the Board of Education for the acquisition of an addition to Public School 1, Tottenville, Borough of Richmond, located at Summitt street, Prospect and Garretson avenues, and in the report presented there was a recommendation that the matter be referred back to the Board of Education asking why the present site, 321 by 150 feet, is not sufficient for the erection of whatever additional school buildings the Board may require in Tottenville, and that they be requested to furnish the Board of Estimate and Apportionment with such information. In an undated communication of the Board of Education to the Secretary of the Board of Estimate and Apportionment, the questions asked are not answered, and I would respectfully recommend that the request of the Board of Education for an additional school site in this locality be denied, as they have sufficient vacant ground for the erection of another building. In all the other boroughs, sites have been acquired for the Board of Education approximately 200 by 150 feet to accommodate the buildings holding from 3,000 to 4,000 children, and the Board of Education on this site already owns a plot of ground 321 by 150 feet, and there are not over, at the present time, 700 scholars attending this school. The construction of a proper building will accommodate the needs of the district for the next five years to come without having half-time classes.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the selection of a site for high school purposes on Jackson avenue, Boston road and Home street, Borough of The Bronx:

July 14, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education, at a meeting held on the 23d day of March, 1904, requested the Board of Estimate and Apportionment to approve of the selection of a site for high school purposes on Jackson avenue, Boston road and Home street, Borough of The Bronx, and authorize the acquisition thereof.

I have made an examination of the premises and have been in communication with the executor of the estate, looking to the acquisition of the property described in the resolution of the Board of Education at private sale. I find that it is impossible to acquire it at any where near full market value, and I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution approving of the selection by the Board of Education of said school site and authorize its acquisition by condemnation proceedings.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

BOARD OF EDUCATION—PARK AVENUE AND FIFTY-NINTH STREET,  
NEW YORK,

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—On behalf of the Committee on Sites of the Board of Education, to which was referred your communication of June 27, referring back to the Board of Education for further information the matter of the proposed addition to the present site of the Morris High School, Borough of The Bronx, and inclosing a report of the Appraiser of Real Estate, Department of Finance, relative thereto, I have the honor to report as follows:

The reasons for enlarging or adding to the present site of the Morris High School may be briefly stated as follows:

The present site occupies the northerly side of One Hundred and Sixty-sixth street, from Jackson avenue to Boston road, and is 200 feet in depth.

When this site was selected in 1897 there were no high schools in the then City of New York, and it was therefore more or less a question as to their success.

The site was considered of sufficient size for the building contemplated, which was to accommodate from 1,200 to 1,500 students.

Owing to consolidation in 1898, matters were more or less in abeyance for some time as to the erection of a building on the site, but, in the meantime, the high school was established in the old school building at One Hundred and Fifty-eighth street and Third avenue. Its success was immediate and convincing.

The old building was insufficient to admit those seeking admission, and branches were established in portions of two or three elementary schools in other parts of the borough.

Plans had been made for a building to accommodate 1,500 pupils, but as the school grew so rapidly the plans were redrawn, until the limit of the site was virtually reached with the present building for some 2,500 students.

The rear of the building is within five feet of the rear line.

The attendance at the present time is 2,128, with an increase for September next of about 350, which will practically be all that the building can accommodate.

The demand for another high school, to include manual training, will be immediate.

Relief will be impossible, since all of the school buildings of the borough, including those formerly occupied by the high school, have each their full complement of elementary school pupils.

Moreover, as the building had to be placed so close to the rear line, the erection of a building on the adjoining property will interfere with the light and air, and will shut in what is considered to be the finest high school building in the country, costing upward of six hundred thousand dollars, and which in any other city would be accorded an open space.

Statistics are easily obtainable as to the enormous activity in building operations now taking place in the Borough of The Bronx.

Argument is not needed to prove that it would be far more economical to purchase additional land now vacant and increase the size of the present building to any extent which may be necessary, rather than to permit the property to be improved by private parties, necessitating the acquiring of a site and the establishment of another high school elsewhere in the borough.

I inclose diagram and photographs.

Respectfully,

WM. HARKNESS, Chairman, Committee on Sites.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following-described lands and premises for school purposes, in the Borough of The Bronx:

Beginning at a point formed by the intersection of the northerly line of the lands of the Morris High School with the westerly line of Jackson avenue, which point is distant two hundred (200) feet northerly from the northerly line of One Hundred and Sixty-sixth street, and running thence northerly along the westerly line of Jackson avenue three hundred and seventy-three and forty-five one-hundredths (373.45) feet to the southerly line of Home street; thence westerly along the southerly line of Home street one hundred and twenty-seven and fifty-six one-hundredths (127.56) feet to the easterly line of Boston road; thence southerly along the easterly line of Boston road four hundred and eight and fifty-one one-hundredths (408.51) feet to the northerly line of the lands of the Morris High School; thence westerly along the northerly line of the lands of the Morris High School two hundred and ninety and seventy-five one-hundredths (290.75) feet to the westerly line of Jackson avenue, the point or place of beginning.

Assessed valuation of the above-described property, as shown by the books of record on file in the Department of Taxes and Assessments, is \$120,675, —and the Corporation Counsel be and he is hereby authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above-described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication from the Chief Engineer of the Board of Estimate and Apportionment, relative to the promotion of James J. O'Connor from Office Boy to the position of Junior Clerk:

BOARD OF ESTIMATE AND APPORTIONMENT,  
NEW YORK, July 15, 1904.

Hon. J. W. STEVENSON, Deputy Comptroller and Secretary of the Board of Estimate and Apportionment:

DEAR SIR—Some months ago the Board of Estimate and Apportionment approved of the establishment of the place of Junior Clerk, with the understanding that James J. O'Connor, now employed as an Office Boy in this office, should be promoted to such a position, at a salary of \$480 per year, and the Board of Aldermen concurred. An examination for promotion was granted by the Civil Service Commission, the result of which has just been made public, showing that James J. O'Connor received a rating of 94.84 per cent. He is therefore eligible for promotion, and I would recommend that such promotion take effect on this date.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby promotes James J. O'Connor, Office Boy in the office of the Board of Estimate and Apportionment, to the position of Junior Clerk in said office, salary at the rate of four hundred and eighty dollars (\$480) per annum; said grade having been established by the Board of Estimate and Apportionment March 18, 1904, and approved by the Board of Aldermen May 17, 1904.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication from the American Scenic and Historic Preservation Society, protesting against the proposed extension of the Brooklyn Bridge Terminal in the City Hall Park, which was ordered on file:

THE AMERICAN SCENIC AND HISTORIC PRESERVATION SOCIETY,  
TRIBUNE BUILDING,  
NEW YORK CITY, July 14, 1904.

The Honorable Board of Estimate and Apportionment, the Hon. GEORGE B. McCLELLAN, Chairman, City Hall, New York:

GENTLEMEN—In behalf of the American Scenic and Historic Preservation Society, the Executive Committee of the Board of Trustees offer their respectful remonstrance against the proposed extension of the Brooklyn Bridge terminal into City Hall Park.

The public parks of The City of New York have been created for very definite objects, and the accommodation of traffic terminals is not among them. The only justification for such a foreign intrusion as is proposed is an unavoidable necessity, and that, we are persuaded, does not exist. So long as any other feasible and less objectionable solution of the problem is possible, we believe it should be adopted.

There is a widespread sentiment that the despoilment of City Hall Park should not be permitted to proceed any further than it has already gone. The alienation of the lower portion to the Federal Government for the general Post-office and the erection of the County Court-house at the northern end have sufficiently reduced the area of the park, which, being the seat of the City Government, should be an example of conservatism and not of prodigality.

The proximity of the proposed extension to the City Hall, which is universally conceded to be one of the finest specimens of Italian Renaissance architecture in the City, will materially mar the environment of that beautiful and historic structure; and, furthermore, will interpose an unsightly obstruction to the view of the impressive new Hall of Records.

The statement by some of the advocates of the plan that the structure will be only "temporary" in itself concedes the undesirability of the intrusion; but we doubt if anyone seriously believes that the structure, if erected, would be temporary. The extension once countenanced, it is quite as probable that, like some forms of organic excrescences, it will propagate itself and eat further into the park instead of disappearing. The only safe way to save the park is to take time by the forelock and discountenance the proposition from the outset.

We believe that the authorities should resolutely set themselves against the tendency to make the parks of the City bear the penalties of past municipal improvidences—a tendency manifested in the frequent propositions to intrude upon them school buildings, railroads and other structures in order to relieve critical conditions which the City has negligently allowed to develop without that provision for future growth which experience should have admonished us to expect.

The penalty for such shortsightedness must be paid in some form, but we believe that the reduction of our open-air spaces is not the least objectionable.

In behalf of the Trustees, I remain,

Respectfully,  
E. H. HALL, Secretary.

The President of the Borough of Brooklyn moved that when the Board adjourns after the meeting to be held on July 22, 1904, that it adjourn until the 16th day of September, 1904, unless special meetings are called in accordance with the provisions of law, which motion was unanimously adopted.

The Board adjourned to meet Friday, July 22, 1904, at 10.30 o'clock A. M.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; J. W. Stevenson, Deputy Comptroller; Charles V. Fornes, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Martin W. Littleton, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; George Cromwell, President of the Borough of Richmond.  
Hon. George B. McClellan, Mayor, presiding.

The minutes of meeting held June 24, 1904, were approved as printed.

The Secretary presented a report from the Appraiser of Real Estate, Department of Finance, relative to the acquisition of property on East Twenty-fifth street for a new Municipal Lodging House.

Laid over temporarily.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the proposed site for a storage yard, stables, etc., for the use of the various Bureaus under the jurisdiction of the President of the Borough of The Bronx:

Referred to the President of the Borough of The Bronx.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 13, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The President of the Borough of The Bronx, in a communication under date of May 25, requests the Commissioners of the Sinking Fund to authorize renewals of certain leases of property used by the City, under the control of the Borough President, which was presented to the Commissioners of the Sinking Fund and acted upon by them. In the same communication, touching upon the matter of the City's leasing real estate and upon the particular one acted upon by the Commissioners of the Sinking Fund, he states as follows:

"The fact is that the present premises are now too remote from the centre of departmental activity; as for years the work of public improvements has gradually moved to the north, northwest and northeast, and I therefore recommend that an appropriate site be selected, if possible, lying somewhere within the boundaries of One Hundred and Seventy-seventh street, Pelham avenue, Southern Boulevard and Webster avenue, sufficient to provide for the storehouses, stables, workshops, etc., of all the Bureaus of this Department, which now require four distinct parcels for the purpose, and if such an arrangement could be consummated, not only would the departmental business be greatly facilitated, but a saving in rental could also be effected.

"For your consideration I inclose a sketch of a parcel of land lying within the desired territory that can be leased, comprising the block fronting on the north side of One Hundred and Seventy-seventh street (Tremont avenue), from Belmont avenue to Crotona avenue, with a frontage of 156 feet and a depth on Belmont avenue of about 208 feet, and on Crotona avenue of about 255 feet, and a rear width of about 195 feet."

While the property in question was under examination, looking to the leasing of the same, the President of the Borough transmitted another communication, under date of July 7, asking for an entirely new site, being the block bounded by East One Hundred and Eightieth street, Vyse avenue, East One Hundred and Seventy-ninth street and Daly avenue. The President of the Borough states that condemnation proceedings will have to be instituted for the acquisition of this property.

At a meeting of the Commissioners of the Sinking Fund held June 10, 1903, a plot of land 130 feet by 110 feet deep, located on White Plains road, south of Sixteenth avenue, was assigned to the President of the Borough of The Bronx for general storage and other purposes for the Bureau of Highways. The President of the Borough, in his communication of July 7, does not withdraw his request for the acquisition of property on Tremont avenue, Belmont and Crotona avenues, asked for in his letter of May 25, and states that the new request is to be substituted therefor, and I would respectfully recommend that the Board of Estimate and Apportionment refer the matter back to the President of the Borough for the following information:

First—Whether, by reason of the assignment to the President of the Borough of the property on White Plains road, a smaller and less costlier site than the one described in his letter of July 7 would not answer his purpose.

Second—Upon the acquisition of a site for the President of the Borough, to be used for general storage yard, stable, etc., for the various Bureaus of the Borough of The Bronx, how many of the leases now under the control of the President of the Borough will be surrendered?

Third—If the same general locality, viz.: One Hundred and Seventy-seventh street, Pelham avenue, Southern Boulevard and Webster avenue, described in communication of May 25, is correct, I believe I will be enabled to find a suitable site—and acquire it at private sale—thus avoiding condemnation—for less money than the site selected by the Borough President.

Fourth—Has the Borough President sufficient funds to cover the cost of acquisition?

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
MUNICIPAL BUILDING, CROTONA PARK,  
NEW YORK, July 7, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I beg to inclose for your information, and for presentation to the Board of Estimate and Apportionment, a report made by Chief Engineer Briggs, of this borough, on the question of the proposed site for a general storage yard, stables, etc., for the use of the various bureaus in this borough, and would respectfully urge that this matter receive the attention of the Board of Estimate and Apportionment at as early a date as is practicable.

Yours truly,  
LOUIS F. HAFFEN,  
President of the Borough of The Bronx.  
(Copy.)

JULY 5, 1904.

Hon. LOUIS F. HAFFEN, President:

DEAR SIR—In the matter of the proposed site for a general storage yard, stables, etc., for the use of the various bureaus in this borough, I beg to suggest that the site which appears most desirable for such purpose, is the block bounded on the north by East One Hundred and Eightieth street, on the east by Vyse avenue, on the south by East One Hundred and Seventy-ninth street, and on the west by Daly avenue.

This block is entirely vacant and contains about 53 city lots. The northerly portion consisting of about 38 city lots is, I understand, owned by the estate of Samuel Purdy. The southerly portion belongs partly or entirely to the Disabled Baptist Ministers' Association.

I have endeavored to secure an option on the portion belonging to the Purdy estate, but have been informed that the widow does not wish to consider any offer. In view

of this fact, I beg to suggest that this block be taken for the purposes heretofore stated by condemnation proceedings. It is very desirably situated and there is no more room in this area than will be required for the purposes of storage, stables, workshops, etc., required for the various branches of the borough department.

Respectfully,  
(Signed) JOSIAH A. BRIGGS,  
Chief Engineer of the Borough of The Bronx.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,  
July 15, 1904.

J. W. STEVENSON, Esq., Deputy Comptroller, City of New York:

DEAR SIR—I have your favor of 13th inst., transmitting copy of report of the Chief Engineer of the Board of Estimate and Apportionment, relative to the claim of Mr. David H. Valentine for damages caused to his property by reason of the construction of the Vernon Avenue Bridge.

I have read Mr. Lewis's report carefully, and he states the position of this Department correctly. I believe it will be unwise to undertake to adopt any form of permanent structure for the benefit of this property at this time, and would respectfully recommend that the damage done to Mr. Valentine's property by reason of the construction of the bridge should be settled by the City under change of grade proceedings, or in some way equally appropriate to the conditions.

Respectfully yours,  
GEO. E. BEST, Commissioner of Bridges.

The Secretary presented the following communication from the Appraiser of Real Estate, Department of Finance, recommending that the Board approve of the requisition of the Commissioner of Water Supply, Gas and Electricity that two plots of ground in the Borough of Brooklyn, one fronting on Joralemon and Furman streets, and the other on Willoughby and St. Edwards streets, be acquired for the purpose of constructing thereon pumping stations for high-pressure fire service:

I am of the opinion that the present fair market value of the property is as follows:

For the corner lot, \$8,000; \$5,000 each for the four adjoining lots in Furman street and \$4,000 each for the two lots in Joralemon street. Total, \$36,000. The property all belongs to the H. L. Packer estate, F. P. Bellamy, No. 204 Montague street, Brooklyn, executor and agent. He will name a selling price within two weeks, after he ascertains how much of a detriment to the neighborhood the proposed plant will be, or how much injury it will do to the adjoining property-owners. I communicated with the Commissioner of the Department of Water Supply and requested him to furnish Mr. Bellamy with certain information, which the Commissioner agreed to do.

The second plot on the northwest corner of Willoughby street and St. Edwards street, measures about 135 feet 2 inches on St. Edwards street by 99 feet 10 inches on Willoughby street by 117 feet 10 inches by 74 feet 6 inches. The Comptroller appeared and took his place in the Board.

The Secretary presented the following report of the Engineer of the Department of Finance relative to the request of the Board of Education for authority to award contracts for furnishing and delivering pianos for use in public schools to other than the lowest bidders:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 15, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In regard to the attached resolution adopted by the Board of Education on July 11, 1904, requesting the Board of Estimate and Apportionment to approve of the award of contract for pianos to other than the lowest bidders, I would report:

Item 1 called for 43 square pianos.

Item 2 called for 31 upright pianos.

There were seven bidders on Item 2 and four of the seven also bid on Item 1.

The Board of Education has awarded a part of the contract to each of the bidders, except Christman Sons, in the following amounts:

	Square.	Upright.
William Knabe & Co.....	14 at \$250	6 at \$265
George Steck & Co.....	13 at 250	6 at 265
Freeborn G. Smith .....	8 at 250	6 at 250
Hardman, Peck and Co.....	8 at 250	4 at 250
Ernst Gabler & Bro.....	.....	6 at 255
Pease Piano Company .....	.....	3 at 250
	<u>43</u>	<u>31</u>

The total amount of the contract as awarded is \$18,710.

The prices are the same as those at which awards have been made during the past year, and are not excessive. The only manufacturer added to the list of those who have heretofore supplied pianos is the Pease Piano Company, who is awarded three instruments.

I am informed that the committee did not consider the instruments offered by Christman Sons at \$185 each to be up to the standard required by the Board of Education.

Respectfully,  
EUG. E. McLEAN, Engineer.

#### To the Board of Education:

The Committee on Buildings respectfully reports that in response to advertisements inserted in the CITY RECORD and other corporation papers the following bids were received and opened on July 5, 1904:

Ernest Gabler & Bro.....		31 at 255 00 each.

Your Committee has gone over this matter very carefully, with a desire to secure instruments that will be best adapted for the purpose intended, and has selected the following-named firms, whose pianos have been found satisfactory in the past, and to whom it is recommended that awards, as hereinafter set forth, be made.

It will be necessary to secure the approval of the Board of Estimate and Apportionment, as provided in section 419 of the Charter, as the awards are not in all cases made to the lowest bidders.

The following resolutions are submitted for adoption:

The Secretary presented the following communication from the Commissioner of Public Charities and report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition of property on East Twenty-fifth street, Borough of Manhattan, for a new Municipal Lodging House:

DEPARTMENT OF PUBLIC CHARITIES OF THE CITY OF NEW YORK,  
FOOT OF EAST TWENTY-SIXTH STREET,  
June 6, 1904.

To the Honorable Board of Estimate and Apportionment, J. W. STEVENSON, Secretary:

GENTLEMEN—Under date of May 6 your Board passed the following resolution: "Resolved, That the Commissioner of the Department of Public Charities be and hereby is requested to submit to the Board of Estimate and Apportionment, for its approval, the proposed sites for the new Coney Island Hospital and the new Municipal Lodging House."

In compliance with the above, I wish to submit for your consideration as a site for the proposed Municipal Lodging House, a plot of ground consisting of four vacant lots, situated on the south side of Twenty-fifth street, 400 feet east of First avenue, each lot 25 feet front by 98 feet 9 inches deep, and adjoining property now owned by the City. These four lots can be bought for \$10,750 per lot, which I consider reasonable for property in this location. They are all free and clear, subject to no lease or other incumbrance, and the City can have immediate possession. The site is most suitable for the proposed Municipal Lodging House, as the property on the east side of the plot is City property, and used by the Department of Water Supply as a storage yard, therefore not likely to be built upon for years; thus making the proposed plot practically a corner lot.

I have carefully considered the property in this section, and consider this the most desirable that can be obtained for the purpose. The shape of the plot makes it particularly desirable for the purposes of erecting such a building as we wish to erect thereon, giving us light on two sides.

I would respectfully request that your Board take steps to acquire this property as soon as possible.

Yours truly,  
JAMES H. TULLY, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 18, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Honorable James H. Tully, Commissioner of the Department of Charities, in a communication to the Board of Estimate and Apportionment under date of June 6, 1904, asks that title be acquired by the City to the vacant plot of ground, 100 x 98 feet 9 inches, on the south side of East Twenty-fifth street, 400 feet east of First avenue, as a site for a new Municipal Lodging House, and states in his letter that the property can be purchased by the City for \$10,750 a lot, or a total of \$43,000.

The property is known on the tax books as Section 3, Volume 4, Block 956, part of Lot No. 16. Lot No. 16 being a plot 150 feet 1 inch on East Twenty-fifth street by 197 feet 6 inches, running through to East Twenty-fourth street, a total of twelve ordinary city lots, and is assessed at \$80,000 in the name of the Durant Land and Improvement Company. This is at the rate of \$6,500 a lot, with \$2,000 additional for plottage, or \$6,667 a lot.

A plot 125 x 98 feet 9 inches directly across East Twenty-fifth street from this proposed site was sold in April last, by John H. and Charles H. Duffy to the Bellevue Training School for Nurses, as an addition to its present site on the south side of East Twenty-sixth street, for \$50,000, or \$10,000 a lot.

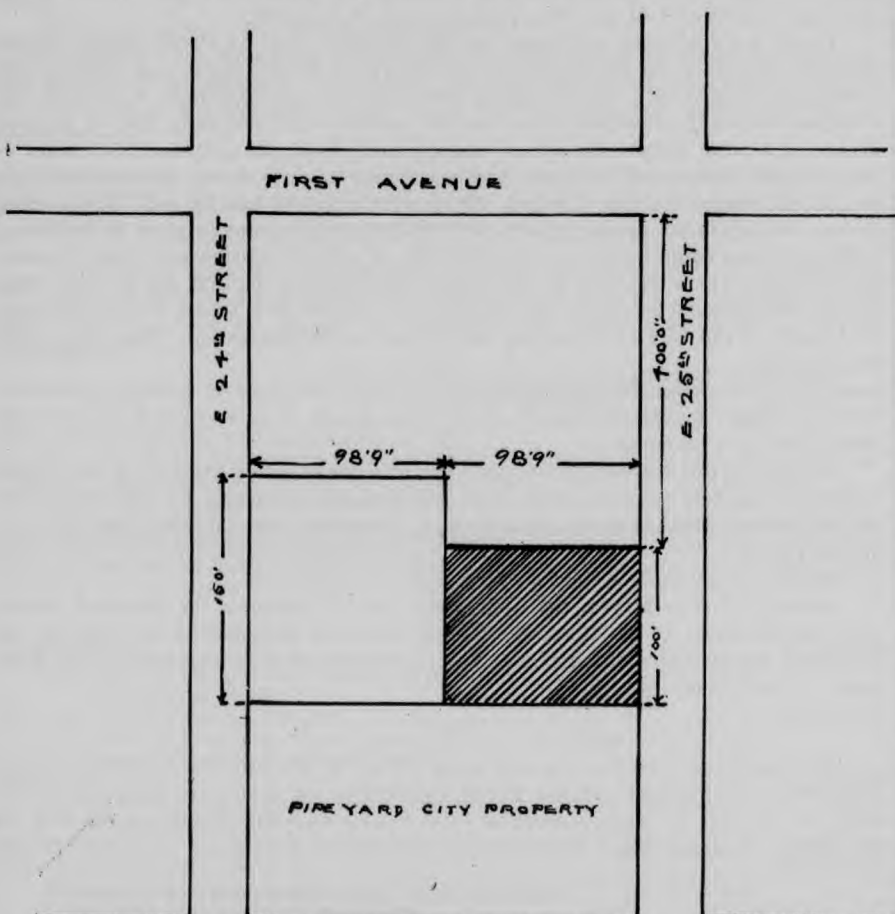

J. Goldstein, in July, 1903, bought Nos. 406-408 East Twenty-fifth street, a plot 38 x 98 feet 9 inches, on the south side of the street, 122 feet east of First avenue, with two old four-story brick buildings, each 19 x 48 feet, for \$16,000. There is practically no difference in the value of the lands on the north and south sides of East Twenty-fifth street in this neighborhood, and I am therefore of the opinion, taking the two sales mentioned into account, that the present fair market value of the proposed Municipal Lodging House site is not above \$10,000 a lot, or \$40,000. I would therefore respectfully recommend that the Board of Estimate and Apportionment authorize the acquisition by condemnation proceedings of the above-described property.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Diagram of Property Belonging to John H. Duffy. Proposed Site for Municipal Lodging House, Department of Public Charities.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Commissioner of the Department of Public Charities, in the matter of the selection of the following-described lands and premises for a Municipal Lodging House, in the Borough of Manhattan:

Beginning at a point on the southerly side of East Twenty-fifth street four hundred (400) feet east of First avenue; running thence southerly and parallel with First avenue ninety-eight (98) feet nine (9) inches; running thence easterly and parallel with East Twenty-fifth street one hundred (100) feet; thence northerly and again parallel with First avenue ninety-eight (98) feet nine (9) inches; thence westerly along the easterly line of East Twenty-fifth street one hundred (100) feet to the point or place of beginning.

Assessed valuation of the above-described, with other property, as shown by the books of record on file in the Department of Taxes and Assessments, is \$80,000, —and the Corporation Counsel be and he is hereby authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above-described property.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The City of New York holds tax sale certificates upon a number of lots in the Borough of Brooklyn, under and by virtue of the provisions of chapter 114 of the Laws of 1883. The amount due the City thereon for additional taxes, assessments and water rates, would amount to more than the value of the property. The

City also, by a deed received May 4, 1893, under and by virtue of said Act, owns property adjoining one of the pieces of property upon which it holds a tax sale certificate, as designated below:

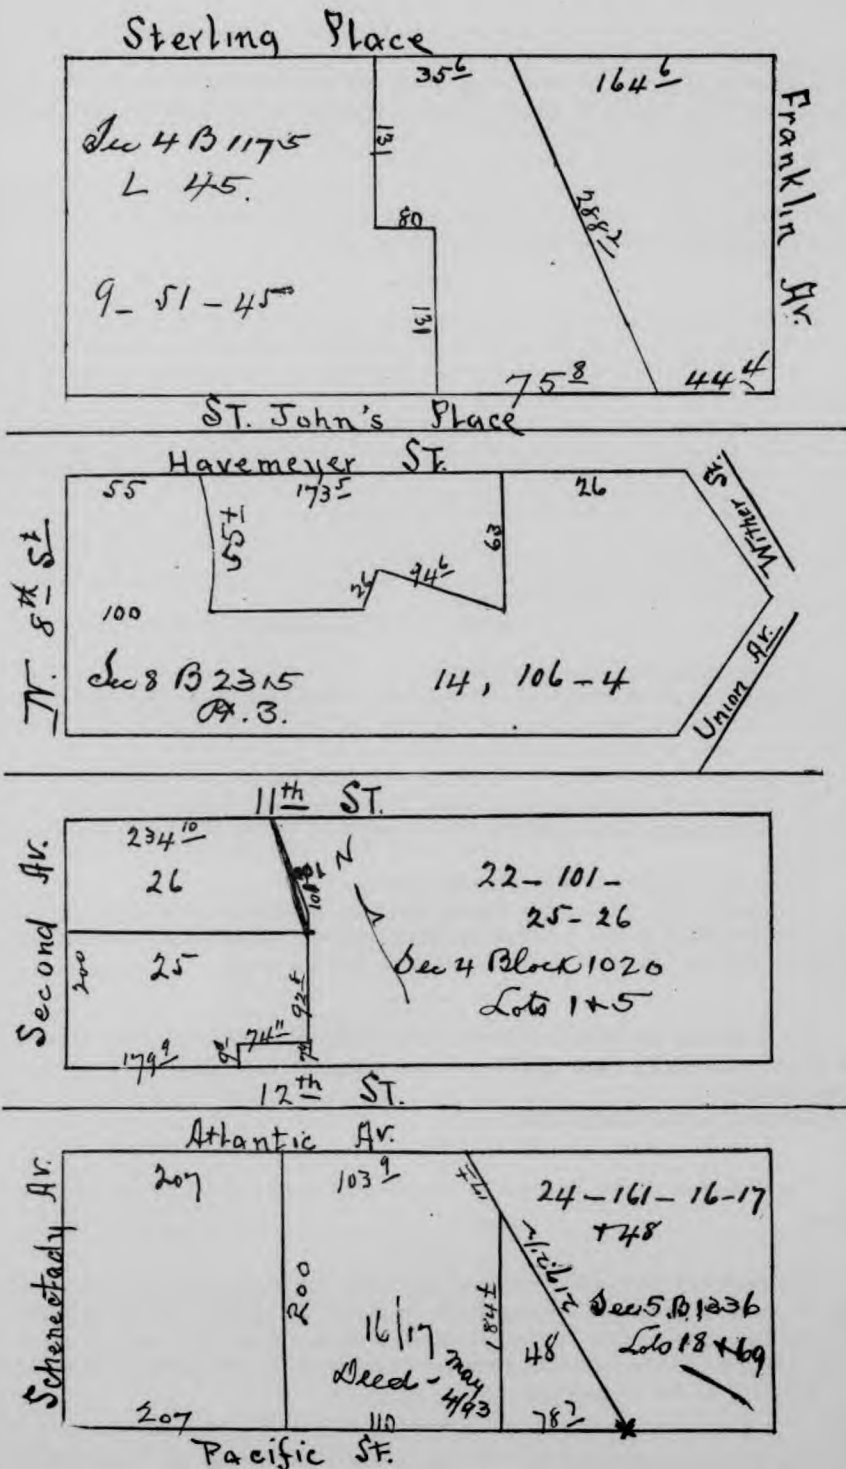

- Ward 9, Block 51, Lot No. 45.
- Ward 14, Block 106, Lot No. 4.
- Ward 24, Block 161 (City has deed), Lots Nos. 16 and 17.
- Ward 24, Block 161, Lot No. 48.
- Ward 22, Block 101, Lots Nos. 25 and 26.

The Commissioner of the Department of Street Cleaning, in a communication under date of July 18, 1904, requests certain sites in the Borough of Brooklyn for the use of his Department. The sites above mentioned were submitted to the Commissioner and the locations were approved by him, and he requests that they shall be acquired for the use of his Department.

I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the request of the Commissioner of the Department of Street Cleaning and authorize the institution of condemnation proceedings for the acquisition of these four sites in the Borough of Brooklyn for Street Cleaning Department purposes.

Respectfully submitted for approval,

MORTIMER J. BROWN.  
Appraiser of Real Estate in Charge of Bureau.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Commissioner of the Department of Street Cleaning of the following lands and premises for departmental purposes in the Borough of Brooklyn:

Parcel 1—All that certain lot, piece or parcel of land known and designated on the maps in the office of the Board of Assessors of the City of Brooklyn, on the 11th day of November, 1885, as Lot No. 45, in Block 51 of the Ninth Ward, which was sold to the City of Brooklyn for non-payment of taxes, and certificate of which was issued by the Registrar of Arrears of the City of Brooklyn, designated as Certificate No. 1389, in Liber 83.

Parcel 3—Beginning at a point formed by the intersection of the northerly side of Twelfth street with the easterly side of Second avenue, and running thence northerly along the easterly side of Second avenue 200 feet to the southerly side of Eleventh street; thence easterly along the southerly side of Eleventh street 234 feet 10 inches; thence southerly 101 feet 8 inches to the centre line of the block between Eleventh and Twelfth streets; thence southwesterly parallel with Second avenue 92 feet 8 inches; thence westerly parallel with Twelfth street 74 feet 11 inches; thence again southwesterly 9 feet 1 inch to the northerly side of Twelfth street; thence again westerly along the northerly side of Twelfth street 179 feet 9 inches to the point or

place of beginning—The above described premises being known as Lots Nos. 25 and 26 in Block 101 of the Twenty-second Ward, sold to The City of New York July 22, 1903, and recorded in the office of the Collector of Assessments and Arrears in the Borough of Brooklyn by the Nos. 7515 and 7516, in Liber 83.

Parcel 4—Beginning at a point on the northerly side of Pacific street, distant 207 feet easterly from the northeasterly corner of Pacific street and Schenectady avenue, running thence easterly along the northerly side of Pacific street 188 feet 7 inches; thence northwesterly 217 feet 2 1/2 inches to the southerly side of Atlantic avenue at a point distant 310 feet 9 inches easterly from the southeasterly corner of Atlantic and Schenectady avenues; thence running westerly along the southerly side of Atlantic avenue 103 feet 9 inches; thence southerly and parallel with Schenectady avenue 200 feet to the northerly side of Pacific street, the point or place of beginning—The premises being known as Lots Nos. 16, 17 and 48 in Block 161 of the Twenty-fourth Ward, which was sold to the City of Brooklyn on the 21st day of July, 1886, for the non-payment of taxes, and certificates of which were issued by the Registrar of Arrears of the City of Brooklyn, designated as Certificates Nos. 5694, 5695, 5696, in Liber 83.

—and the Corporation Counsel be and he is hereby authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition of a strip of land 60 feet in width by 200 feet in depth, extending from Fourth to Fifth streets, in the rear of the Manual Training High School in the Borough of Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 21, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education, at a meeting held June 22, 1904, adopted a resolution authorizing the acquisition of a strip of land 60 feet in width by 200 feet in depth, extending from Fourth to Fifth streets, in the rear of the Manual Training High School, in the Borough of Brooklyn.

The necessity for the acquisition of this strip of land is occasioned by the fact that the rear of the Manual Training High School is within a few feet of the rear end of land now owned by the City, and the erection of a house on this plot, which the owner threatens to do, would interfere with the light and air of the High School. I have been negotiating with the owner, trying to acquire his property at private sale, but the price that he has asked is, in my opinion, excessive, and I would respectfully recommend that the Board of Estimate and Apportionment approve of the action of the Board of Education in the selection of this site, and authorize its acquisition by condemnation proceedings.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to a communication from the City Superintendent of Schools relative to the acquisition of property in the rear of the new Manual Training High School, Borough of Brooklyn, for playground and physical training purposes, etc. It is the intention of the Board of Education to improve said property for school purposes as soon as title thereto shall have vested in The City of New York.

Your Committee is of the opinion that a strip of land sixty feet wide, running from Fourth street to Fifth street, in the rear of the Manual Training High School, should be acquired, and submits for adoption the following resolutions:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Fourth and Fifth streets, adjoining the Manual Training High School, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments is fourteen thousand seven hundred dollars:

Beginning at a point formed by the intersection of the northwesterly line of Fifth street with the northeasterly line of the lands of the Manual Training High School, which point is distant two hundred and thirty-seven (237) feet ten (10) inches northeasterly from the northeasterly line of Seventh avenue, and running thence northwesterly along the northeasterly line of the said lands of the Manual Training High School two hundred (200) feet to the southeasterly line of Fourth street; thence northeasterly along the southeasterly line of Fourth street sixty (60) feet; thence southeasterly and parallel with Seventh avenue two hundred (200) feet to the northwesterly line of Fifth street; thence southwesterly along the northwesterly line of Fifth street sixty (60) feet to the northeasterly line of the lands of the Manual Training High School, the point or place of beginning.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

Assessed valuation of the above-described property, as shown by the books of record on file in the Department of Taxes and Assessments, is \$14,700,

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Police Department, through the Chief Clerk, William H. Kipp, in communication to the Board of Estimate and Apportionment, dated July 20, 1904, says:

"The following proceedings were this day directed by the Police Commissioner:

—and

"Whereas, The appropriation for the construction of such building was made in the sum of \$750,000;

"Ordered, That the Board of Estimate and Apportionment and the Board of Aldermen be and are hereby respectfully requested to authorize the Comptroller to issue Corporate Stock of The City of New York in the sum of sixty-five thousand dollars, to enable the Police Commissioner to award the contract to the lowest bidders, provided the sureties named in their bid are approved by the Comptroller, and to pay the architect's fees.

"And be it further

"Ordered, That the Comptroller be and is hereby respectfully requested to return to bidders other than the lowest amounts deposited with their bids."

The amount appropriated by the Board of Estimate and Apportionment, \$750,000, as reported in my communication of October 19, 1904, was made up as follows:

Estimated cost of building.....	\$685,000 00
Sculpture and carving.....	20,000 00
Decorative painting .....	5,000 00
	\$710,000 00
Architect's fees .....	35,500 00
Contingencies .....	4,500 00
Total.....	\$750,000 00

With all the efforts of the architects, it now appears, from the bids submitted, that the estimate was too low. Such bids giving the most reliable estimates on the value of the work, it is, in my opinion, best for the interests of the City to appropriate the additional sum asked for, viz, \$65,000, in order to carry out the plans as designed.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding sixty-five thousand dollars (\$65,000) in addition to the sum of seven hundred and fifty thousand dollars (\$750,000) heretofore authorized, to provide means for a building for the new Headquarters for the use of the Police Department, to be erected on the site of Centre Market, Grand and Centre streets, in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding sixty-five thousand dollars (\$65,000), the proceeds whereof to be applied to the purposes aforesaid.

The Secretary presented the following communication from the Police Commissioner and report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition of property as a site for the new Nineteenth Precinct Police Station-house:

POLICE DEPARTMENT OF THE CITY OF NEW YORK,  
No. 300 MULBERRY STREET,  
July 13, 1904.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—Referring to the question of a new site for the Nineteenth Precinct Station-house, I beg to advise you, in view of the reports made by Inspector Richard Walsh and Captain Cottrell as to the desirability of acquiring the site at Nos. 141 to 147 West Twenty-eighth street, that, unless the difference in price between this site and the one at Nos. 134 to 138 West Thirtieth street is very great, I consider the former the better of the two for the purposes of the Police Department.

I, therefore, have the honor to request that you place the proceedings of the Police Commissioner on the calendar of the Board July 15th, and to recommend that the site above referred to be procured by condemnation proceedings.

Respectfully,

W. McADOO, Police Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 20, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Commissioner of Police in a communication under date of April 22, 1904, addressed to his Honor the Mayor, requested the acquisition of certain lands and premises for a new station-house for the Nineteenth Precinct, located at Nos. 141 to 147 West Twenty-eighth street, in the Borough of Manhattan, being 94 feet 7 inches front and rear by 98 feet in depth, and stated that the price of the property as submitted to him was \$125,000.

An examination of this property was made and a full report was made thereon under date of May 13, 1904, which was transmitted to the Police Commissioner, in which report it was stated that the price the owners asked for the property was \$121,152.50. The fair market value was \$108,000, and a substitute site was presented to the Commissioner in lieu thereof. The Commissioner returned the papers with the statement that the site submitted was too close to a public school, and requested that condemnation proceedings be instituted to acquire the property first submitted by him.

On June 10 the matter was again before the Board of Estimate and Apportionment with the recommendation that it be referred back to the Finance Department in order that we might be enabled to negotiate with the owners of the property for purchase at private sale rather than the institution of condemnation proceedings.

In a recent letter, the owner of the premises, Nos. 145-147 West Twenty-eighth street, states that the property is subject to a mortgage of \$25,000 at 4 per cent. It is also subject to a lease which expires May 1, 1905. The encumbrances mentioned will necessitate the institution of condemnation proceedings to acquire this particular piece of property. Summarizing, the property stands as follows:

No. 141 West Twenty-eighth street; owner's price, \$30,000; fair market value, \$28,500.

No. 143 West Twenty-eighth street; owner's price, \$32,000; fair market value, \$27,250.

Nos. 145-147 West Twenty-eighth street; condemnation; fair market value, \$52,250.

On June 25 a communication was addressed to the Honorable William McAdoo, Commissioner of Police, stating in substance that the City would have to condemn the site on Twenty-eighth street, and submitted for his consent and approval a site on Thirtieth street, nearly opposite the present Nineteenth Precinct Station. Under date of June 29 the Commissioner acknowledged the receipt of the communication, and stated that the matter had been referred to Inspector Walsh and Captain Cottrell to make report upon "whether this would be a proper place for a new station house, and also to give me their opinion as to which site is best for police purposes."

The site submitted to the Police Commissioner was known by the Nos. 134 to 138 West Thirtieth street, being 100 feet 7 inches in width in front by 98 feet 9 inches in depth, and slightly irregular on the southwesterly corner, as shown on the diagram hereto annexed, and stated that this property had been offered to the City at private sale for \$115,000, and could be acquired immediately. The Commissioner of Police, in a communication under date of July 13, which is hereto annexed, states in part as follows:

"I beg to advise you, in view of the reports made by Inspector Walsh and Captain Cottrell, as to the desirability of acquiring the site at Nos. 141 to 147 West Twenty-eighth street, that unless the difference in price between this site and the one at Nos. 134 to 138 West Thirtieth street is very great, I consider the former the better of the two for the purpose of the Police Department,"

—and requested that the matter be placed on the calendar of the Board at its next meeting.

As to the matter of the price between the two sites, Twenty-eighth street and Thirtieth street, I desire to say that the Twenty-eighth street site has approximately 9,310 square feet, and the price, at our appraised valuation of \$108,000, is about \$11.50 a square foot. The owner's asking price of \$121,152.50, assuming that the City takes the property subject to the mortgage and the lease, the price would be about \$13 a square foot. The Thirtieth street property, containing 9,716 square feet, at the price asked, \$115,000, is \$11.83 a square foot.

I respectfully submit the above facts in connection with the two sites, and would state that, first, if the Board of Estimate and Apportionment determines and approves of the site selected by the Commissioner on West Twenty-eighth street, it will have to be acquired by condemnation proceedings, and although containing about 400 square feet less in area, will, in condemnation proceedings, cost more money than the alternative site on Thirtieth street, which was submitted to the Police Commissioner.

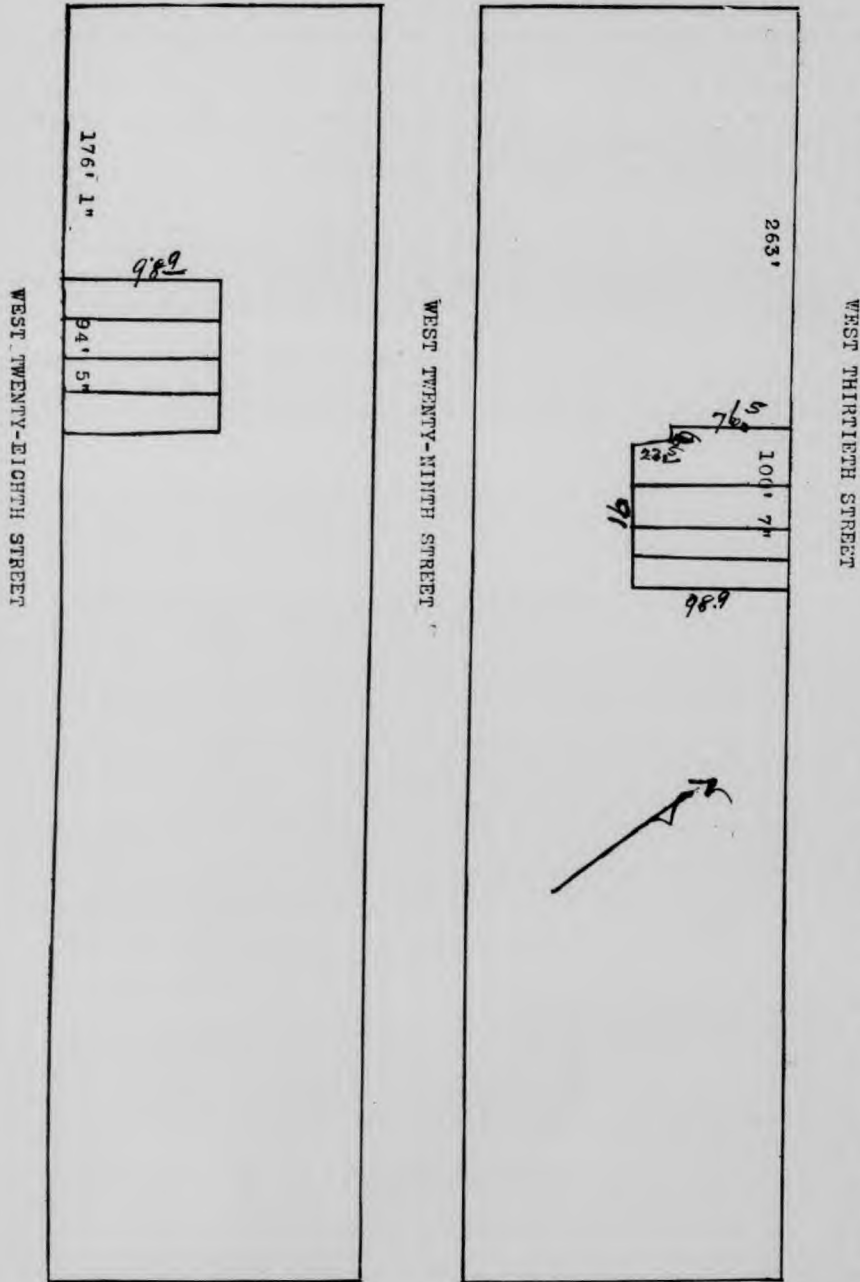

Second—If the Board determines and approves the alternative site submitted to the Commissioner, on Thirtieth street, it can be acquired for \$115,000, and if the money is available to pay for the same by September 1, there is no reason why title should not be vested in the City at that time. I therefore submit for action by the Board of Estimate and Apportionment, two resolutions, one for the acquisition by condemnation proceedings of the premises on West Twenty-eighth street, and one for the acquisition by the Comptroller at private sale of premises on West Thirtieth street, for the use of the Police Department of the Borough of Manhattan, City of New York.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Commissioner of the Police Department in the matter of the selection of the following described lands and premises in the Borough of Manhattan, as a site for the Nineteenth Precinct Station:

Beginning at a point on the southerly side of West Thirtieth street distant two hundred and sixty-three (263) feet easterly from the southeasterly corner of West Thirtieth street and Seventh avenue; running thence southerly and parallel with Seventh avenue seventy-six (76) feet five (5) inches; thence easterly six (6) feet; thence again southerly, or nearly so, twenty-three (23) feet five (5) inches to the centre line of the block between West Twenty-ninth street and West Thirtieth street; thence easterly along the centre line of said block and parallel with West Thirtieth street ninety-one (91) feet; thence northerly and again parallel with Seventh avenue ninety-eight (98) feet nine (9) inches to the southerly side of West Thirtieth street; and thence westerly along the southerly side of West Thirtieth street one hundred (100) feet seven (7) inches to the point or place of beginning; together with all the right, title and interest of the owners of said premises of, in and to the streets and avenues in front thereof to the centre thereof, premises being known by Nos. 134 to 138 West Thirtieth street;

—and hereby authorizes the Comptroller of The City of New York to enter into contracts for the acquisition of the same at a price not exceeding one hundred and fifteen thousand dollars (\$115,000), said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Secretary presented the following communication from the President of the Borough of Brooklyn relative to appropriations necessary for repairs to the Kings County Court-house and the Borough Hall:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, July 21, 1904.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—I beg to request the Board of Estimate and Apportionment to authorize an appropriation of twenty-five thousand dollars (\$25,000) and twenty-two hundred dollars (\$2,200), respectively, to cover the cost of absolutely necessary repairs to the

Kings County Court-house and the Brooklyn Borough Hall. The Supreme Court Judges and the County Court Judges, who occupy the major part of the Court-house building, have been urging upon me for some months to renovate the entire building, and to place new furnishings in the court rooms, and in their own and their Clerks' offices. They have also requested me to include the cost of such supplies in my estimate of the amount of money needed for the permanent betterment of the building, stating that they have no available fund for such supplies. The Court-house has been for some years, so far as the interior fixings are concerned, in a very undesirable condition. Except for the overhauling of the plumbing and ventilating systems, at a cost of about \$65,000 last year, this building has received very little attention since its erection in 1865. My Inspectors have gone very carefully over the question of the cost for the cleaning, painting and kalsomining of the building, and some new lighting fixtures and requested changes of construction in several of the court rooms and furnishings, and estimate same at fifteen thousand dollars (\$15,000). The additional sum of ten thousand dollars (\$10,000) is made absolutely necessary by unsafe condition of the building's big, wooden-covered metal dome. This dome is mainly constructed of copper, and I understand that a new one in its stead has been meditated for several years. I know that a new one is badly needed. Several pieces of the outer covering have fallen off of late, precipitating a dangerous condition to passers-by. Rust has eaten away the copper construction, and parts of the metal have become dislodged. Its iron framework requires wire-brushing and painting. The necessary improvements to this building could not be undertaken for less than the amount I have indicated, and I submit herewith an itemized statement showing in detail just what the twenty-five thousand dollars (\$25,000) will be expended for.

The twenty-two hundred dollars (\$2,200) asked for repairs to Borough Hall, is fully as urgent. Several times of late pieces of the building's coping have fallen and, while temporary repairs have been made to prevent accidents, serious trouble may ensue if proper and permanent repairs are not realized. My Inspectors report that the coping on all sides of the building is in very bad condition. So far as I can learn this particular part of the structure has received no attention since the building was put up forty-five years ago. A large part of the overhanging stone work on all sides of the structure should be taken down (most of it is decayed and loose), and the drip part of the crown, or top part of the cornice, should be cut off. A week or so ago, with the idea that these defects could be corrected without materially crippling the "Supplies and Repairs" account of the Bureau of Public Buildings and Offices for this year, estimates were solicited for the work in connection with carefully prepared specifications. The proposition requires the services of a stonemason and of a mason, and of five firms who were requested to furnish bids, two were received, one from the stonemason being \$1,550, and one from the mason being \$620, a total for both of \$2,170.

The repairs to these buildings must be made this summer, and I would respectfully urge the Board to authorize the appropriation at the meeting to be held on Friday, the 22d inst.

Yours respectfully,

MARTIN W. LITTLETON, President, Borough of Brooklyn.

The President of the Board of Aldermen called up the matter of the application of the Commissioner of Parks, Borough of The Bronx, requesting the Board of Estimate and Apportionment to recommend to the Board of Aldermen the fixing of the salary of the position of Clerk in the Park Department, said borough, at \$1,950 per annum.

The Secretary presented the following communication containing such request:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,  
OFFICE OF COMMISSIONER FOR THE BOROUGH OF THE BRONX,  
ZBROWSKI MANSION, CLAREMONT PARK,

For the same service in the Borough of Manhattan a salary of \$2,800 per annum is paid.

I do not consider this in the nature of an increase, but a restoration of salary to an employee whose application, I believe, is entitled to your consideration; and I respectfully request your approval of this application.

Yours respectfully,

WILLIAM P. SCHMITT,

Commissioner of Parks, Borough of The Bronx.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, relative to a proposed contract to be made with the New York and New Jersey Water Company to furnish a pure and wholesome water supply for the Borough of Richmond:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,  
COMMISSIONER'S OFFICE, NOS. 13-21 PARK ROW,  
CITY OF NEW YORK, July 20, 1904.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—Herewith I transmit copy of a resolution, the adoption of which by the Board of Estimate and Apportionment is respectfully requested to bring necessary for the maintenance of a pure and wholesome water supply for the Borough of Richmond.

In explanation of this requisition, I transmit herewith for the information of the members of the Board of Estimate and Apportionment, copies of reports on this subject made by the Chief Engineer of this Department under date of January 22, 1903, and July 28, 1903, together with chemist's reports showing the poor quality of the water supplied to the residents of the Borough of Richmond by private water companies which now supply the greater part of the water used in that borough, a perusal of which, I trust, will satisfy the members of the Board of the necessity of granting this appropriation. Mr. Eugene McLean, Chief Engineer of the Department of Finance, has investigated the reports of the Engineer of this Department and has approved of them.

Respectfully,

JOHN T. OAKLEY, Commissioner.

(Copy.)

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,  
OFFICE OF CHIEF ENGINEER,  
CITY OF NEW YORK, July 28, 1903.

Hon. ROBERT GRIER MONROE, Commissioner:

DEAR SIR—Under date of January 22, 1903, I reported to you the advisability of providing an adequate water supply for Staten Island. The question of an additional supply in this borough has a direct bearing upon the proposition to induct sufficient water to meet the demands of Greater New York in the near future; therefore, anything which is done at present will be tentative. It is safe to assume that the development of the well system within the limits of the island will not meet future demands. It will be necessary, therefore, to connect Staten Island by means of submerged pipe lines with either Long Island, Manhattan Island or the main land of New Jersey. Mr. John R. Freeman, in his report made to the Hon. Bird S. Coler, then Comptroller of New York, recommended, to meet the future wants of the island, to lay submerged mains across the narrows from Brooklyn. At present the consumption of Manhattan and The Bronx, Brooklyn and Queens is approximately equal to the available supply, and such a scheme is impracticable.

The total estimated consumption of Richmond in January was 5,700,000 gallons per day. Of this amount the Staten Island Water Supply Company and the Crystal Water Company furnish approximately all the water used in Richmond. (The South Shore Water Company pumps about one hundred thousand gallons per day, and the plant at Tottenville, owned by the City, supplies about the same amount). The water now supplied by the Staten Island Water Supply Company contains a high percentage of chlorine, which would tend to show that the limit of the capacity of their wells has been reached, and the water is hard, unpotable and unfit for boiler purposes or washing. The distribution system of both the Staten Island and Crystal Companies is poor, causing excessive pressures at low elevations and inadequate service on high ground. The rates charged by these companies are unduly high, partly owing to the fact that a large proportion of the water supplied is pumped to an excessive elevation, due to the faulty division of service areas just mentioned. Under the conditions above outlined, it was recommended in the report of January 22 to grant a limited franchise to the New York and New Jersey Water Company to lay the necessary mains and furnish water on the island upon terms which it is not necessary to repeat.

The question of the municipal ownership of the mains on the island was subsequently discussed, together with the delivery by the New York and New Jersey Water Company of a guaranteed adequate supply of filtered water to meet the demands of Staten Island for at least ten years hence. The water is to be conveyed across the Kill-von-Kull from Bayonne, in submerged pipes, to a point on the island selected by the City.

As the City will ultimately furnish the water to this borough, it is proper that it should own the distribution system. It is further possible for the City to lay out a distribution system to meet the immediate demands for potable water for the period of time above outlined, and coincidentally lay the foundation for a reticulation system which will be useful and available when the City is in a position to convey water to Richmond.

It is impossible, without a definite statement from the Commission on Additional Water Supply, to determine the exact boundaries of the proper service areas or the most economical distribution of the sizes of mains, but it is believed the system as outlined will, at comparatively small cost and expense, readily lend itself to the changed conditions dependent upon the introduction of a general water supply for Greater New York.

This report, together with the skeleton plans and approximate estimate of cost, are therefore submitted with a view to covering the considerations mentioned.

The general scheme, as proposed, is to connect with submerged pipe lines laid by the New York and New Jersey Water Company at a point on the Kill-von-Kull midway between Port Richmond and West New Brighton, as shown on the maps appended hereto. The New York and New Jersey Water Company can supply, according to their statements, seven million gallons of filtered water per day, at a pressure of sixty pounds, or sufficient to supply the present needs of Staten Island, without consideration of the future extension of their filter system. It is estimated that the demands of the island will require twelve million gallons in 1913. It will be necessary, therefore, for this company to subsequently add to their filtration plant.

The plans contemplate dividing the borough into three service districts. These three districts cover 90 per cent. of the area of the island, leaving a very small part above grade 360 unprovided for. This section has at present no population.

The three districts are designated as low, middle and high service. The low service area includes everything below grade 70-85 A. M. T. This district comprises approximately 40.46 square miles, being 70.1 per cent. of the area of the borough and containing 78.7 per cent. of the population. From this it is seen that the supply for the major portion of the island will be obtained by gravity.

The middle service district includes the area between elevations 70-85 and 220 A. M. T., comprises 14.11 square miles, being 24.5 per cent. of the total area of the borough, and contains 19.5 per cent. of the population. It is proposed to subdivide this district into two parts. The northernmost area will be supplied from a pumping station located at a convenient point on the low service distribution system. The water will be pumped to either a reservoir or standpipe located at proper elevation to furnish adequate pressure.

The southern middle service district will be supplied from the present Tottenville pumping station, thus doing away with long force mains and the concomitant frictional losses, and at the same time utilizing the plant now owned by the City. It will be necessary to build a new standpipe or else to change the location of the present one at Tottenville, as well as to lay a new force main in order to make this plant available, but the cost will be small as compared with delivering the water from the northern end of the island.

The high service district includes all the territory between elevation 220 and 360 A. M. T., which embraces three square miles, being 5 per cent. of the area of the borough. The population amounts to 1.8 per cent. of the total population. This district is at present supplied by the Crystal Water Company, and it is proposed for the present to make no changes in this section, but ultimately to acquire the Clove road pumping station and the mains belonging to this company, and to furnish water from wells, thereby saving pumping against an excessive head.

The total ultimate cost of a system designated to supply the needs of the island up to 1920, as outlined, excluding cost of the Crystal Company's plant, will be approximately \$1,500,000.

Very respectfully,

(Signed) N. S. HILL, Jr., Chief Engineer.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,  
OFFICE OF CHIEF ENGINEER, NOS. 13-21 PARK ROW,  
CITY OF NEW YORK, January 22, 1903.

Hon. ROBERT G. MONROE, Commissioner:

DEAR SIR—In answer to the letter of December 10, 1902, from the Hon. George Cromwell, President of the Borough of Richmond, relating to an additional water supply for Staten Island, and the application of the New York and New Jersey Water Company for a franchise to lay mains and supply water in the above-mentioned borough, I would report:

1st. No plans have been prepared in this office for the induction of a municipal water supply for Staten Island. The question of additional supply, in its relation to all the boroughs of New York City, is being studied by a commission of experts appointed for that purpose, and as an additional supply for Richmond would necessitate the delivery of water from a consequent increase of supply for at least one of the adjoining boroughs, the preparation of such plans would be merely tentative.

2d. The consensus of the expert opinions drawn from the various reports upon the best sources for an additional supply for Greater New York is to the effect that no future supply can be developed on Staten Island proper, due to the conformation of the land and the small amount of ground storage.

In August, 1900, according to a report of Mr. George L. Tribus, the estimated daily consumption of this borough was 5,000,000 gallons. It is probable that this estimate was excessive, owing to the water companies' failure to allow the proper amount for slippage in their pumps. From the most recent available data, the daily pumpage from the several plants on the island is as follows:

	Gallons Per Day.
Staten Island Water Supply Company.....	4,436,000
Crystal Water Company .....	1,126,224
South Shore Water Company .....	100,000
City Plant, Tottenville .....	100,000
Total.....	5,762,224

This total was derived from actual readings taken at the station January 20, about the middle of the day, and it is therefore probable that the average daily pumpage at this time is about 6,000,000 gallons. The population of Staten Island has increased about 3 per cent. per annum for the past thirteen years, and the present per capita consumption is 84 gallons per day. It is therefore hardly fair to assume less than a 5-per-cent. increase per annum in the demand for water. On this basis there will be required about 12,000,000 gallons per day to supply the island ten years hence.

Chemical analyses of the water recently made (copies of which are herewith attached) indicate that the present wells are being pumped to the limit of their capacity. Additional wells would tend to aggravate the conditions.

The water at present supplied to the major portion of the island by the Staten Island Water Company is very hard and unfit for boiler purposes. This fact is important on account of the industrial development of the borough and its availability for manufacturing purposes. On account of the large quantities of iron, it is not suited for washing purposes, and on account of the large amount of solids contained and chlorine, it is probably deleterious to the physical condition of residents. The water supply of the Crystal Company, from the analyses herewith attached, seems to be fairly good.

The arrangement of the service districts in portions of the borough is poor, causing excessive pressures at low elevations and inadequate service on high ground, so that any consideration of local municipal development should provide for new mains, pumping stations, etc., dividing the island according to the elevations into at least three service districts.

The City has no property which is available for a sufficient additional supply, and local development of a municipal plant would include the purchase of the present private water companies, which, under the circumstances, would entail the acquirement of undesirable properties, without future value, and which would cost heavily to reconstruct.

The rates charged by the local companies are high, being two and one-half times greater than the Manhattan rates, and the conditions imposed by the companies on consumers are very exacting. The revenue to be derived from these plants, therefore, if under municipal control, would be materially reduced, while owing to the rates of wages and hours of City employees the operating expenses would be increased.

From the several conditions outlined in what precedes, serious consideration of the matter of local municipal control is not warranted.

3d. With regard to the introduction of a supply from New Jersey, as proposed by the New York and New Jersey Water Company, this company owns no watershed or source of supply, but is a conveying company, purchasing its water from the East Jersey Water Company under contract. It is entirely dependent, therefore, upon the East Jersey Water Company for the quantity of water it delivers.

The following is a brief outline of the property of the East Jersey Water Company:

Area of watershed, 773 square miles.  
Average rain fall, 1877 to 1892, 46.77 inches.  
The Geological Survey of New Jersey, 1894, Volume 3, gives the yield of the Passaic watershed at 515,000,000 gallons daily, with 7.5 inches of rain fall stored annually.  
The dam is located at Little Falls, on the Passaic river, above Paterson. Height of dam, 8.25 feet. Length of spillway, 285 feet. Elevation of lip, 157.5 feet above mean tide.

Equipment of pumping-station at Little Falls dam:  
Three 10,000,000-gallon pumps made to run either by water or by steam.  
Five Heine water-tube boilers, 250 horse-power each; head pumped against 270 feet.

A distributing reservoir, into which the water is pumped, is located at Garrett Mountain.

Elevation of water (reservoir full), feet .....	425
Elevation of outlet, feet .....	370
Storage capacity when full, gallons .....	152,000,000

A filtration plant is located at Little Falls, with a capacity of 20,000,000 gallons per day. Mechanical filters are used.

The cities and towns now being partially or wholly supplied with water are:

(a) Unfiltered—	Gallons.
Kearney and Harrison .....	1,500,000
Montclair, Glen Ridge, Franklin, Bloomfield and West Orange (Montclair Water Company) .....	3,000,000
Bayonne .....	3,500,000
Jersey City .....	33,000,000

Total unfiltered .....

(b) Filtered—	
Paterson and Passaic .....	5,000,000

Total .....

Deducting Jersey City, which will shortly acquire its own source of supply..

Future total .....

—8,000,000 of which is unfiltered and 5,000,000 filtered.

It is seen, therefore, that, even if all the water to be supplied by the East Jersey Company were filtered in the future, there would be a balance of filtered water with present plant equal to 7,000,000 gallons per day, or sufficient to supply Staten Island.

A map of the main pipe lines accompanies this report.

Specimens of the filtered and unfiltered water were forwarded to the Mount Prospect Laboratory, and the reports herewith attached show the water to be of excellent quality.

From what precedes it is seen that the East Jersey Water Company is fully prepared to deliver to the New York and New Jersey Water Company an ample amount of filtered water to meet the requirements of Staten Island for some years to come.

I should therefore deem it good policy to grant a franchise to the New York and New Jersey Water Company, under the proper conditions, among which may be included:

(a) Water to be of specified purity and softness and subject to analysis by this Department.

(b) The requirement of a guarantee from the East Jersey Water Company to supply the New York and New Jersey Water Company with the water agreed by them to be furnished.

(c) A guarantee from the New York and New Jersey Water Company to provide for a daily supply of at least 15,000,000 gallons at expiration of nine years.

(d) That there shall be at least three service districts.

(e) That the pipes will be laid in accordance with the standards of this Department, as to size, weight, etc., and no pipe less than 6 inches diameter shall be laid.

(f) That proper pumping-stations of sufficient capacity are to be provided to supply the higher elevations when deemed necessary, and to be of a capacity to be determined by this Department.

(g) That two separate and independent pipe lines be provided across Kill von Kull, each to have an initial capacity of delivering at least 15,000,000 gallons per day, to provide against the contingency of a break in either line.

(h) That the rates for water do not exceed those charged in the Borough of Manhattan.

(i) That hydrant rentals shall not exceed twenty dollars each, and that no hydrant barrel shall be less than five inches.

(j) That the company will extend or enlarge its mains from time to time when so directed.

(k) Provision for purchase by the City at the expiration of ten years, at a figure to be inserted in the franchise.

Very respectfully,  
(Signed)

N. S. HILL, JR., Chief Engineer.
