

Prepare for ALL Winter Weather - not just snow!

As winter approaches, it's important to prep for various weather challenges, not just snow. Be ready for rainy days, freezing temperatures, ice, and sleet.

- **Check your car**—ensure your tires are in good condition and you have emergency supplies.
- **Watch out for icy sidewalks**, which can be a dangerous fall hazard. **Wear footwear that has rubber treads** to increase your grip.
- Rain during low temperatures can become freezing rain and cause ice to form on the road. **Slow down and leave plenty of distance between yourself and other vehicles.**
- **Stay informed** by monitoring weather forecasts, and signing up for alerts from [NotifyNYC](#).

Don't Slip!

*Icy surfaces can lead to serious injuries!
Help prevent ice by salting walkways and
turning off sprinklers in advance of the cold.*

Walk on treated or non-icy surfaces
with better traction, if possible

Wear proper winter footwear with
rubber treads

Take slow, short steps so that you'll be
able to react to icy conditions

Don't forget to wipe your dog's paws! Ice-melting chemicals can make your pet sick.

FLOOD WATCH & PREPAREDNESS

The National Weather Service has issued the following:

What: Flood Watch
Where: Manhattan, Brooklyn, Queens, Staten Island
When: 4:00 PM on 12/10 to 6:00 AM on 12/11
Hazards: Heavy rain of 2 inches possible may cause flooding in the city, including on highways, streets, underpasses, as well as other poor drainage or low-lying spots.

Preparedness Actions:

- If you are in a basement, prepare to move to a higher floor during periods of heavy rain.
- Do not drive your vehicle or walk into areas where water covers the roadway as the water depth may be too great to allow you to cross safely.
- If you lose power and have a disability, access and functional needs, or use life-sustaining equipment (LSE) and need immediate assistance, dial 911.

Does your community experience flooding? Submit this form!

FloodNet is a cooperative of communities, researchers, and New York City government agencies working to better understand the frequency, severity, and impacts of flooding in New York City. They are working to install flood sensors across the city, and would love your input!

Their sensors are ultrasonic, meaning they use inaudible sound pulses to measure water depth. They are camera-free and can be mounted on street signs.

Submit a location for a free flood sensor from FloodNet at this [survey link](#) before February 15.

FEMA Seeking Youth Preparedness Council Applications

Do you know a young leader who is passionate about making a positive impact on their community? The Federal Emergency Management Agency (FEMA) is looking for students in grades eight through 11 interested in supporting disaster preparedness to join the Youth Preparedness Council (YPC). YPC members meet with FEMA staff throughout their term to develop strategies, initiatives and project proposals. YPC members will also participate in a biennial YPC Summit held in Washington, D.C. At the Summit, YPC members will meet FEMA leaders and other preparedness professionals to network and learn more about the field of emergency management.

The online application is now open, and closes March 4, 2024 at 11:59 p.m. PT.

To learn more about the YPC and application requirements, visit Ready.gov/kids/youth-preparedness-council and visit <https://community.fema.gov/PreparednessCommunity/s/apply-to-ypc> to apply.

APPLY: Home Energy Assistance Program (HEAP) Applications Are Open

HEAP helps low-income households meet the cost of heating their homes. The benefit can pay for fuel, your utility source, and heating equipment replacement and repairs. The benefit is paid directly to the heating vendor or utility company.

NYDIS Asylum Seeker Shelter Opportunity for Houses of Worship and Faith-Based Spaces

Help! Asylees in NYC Need Safe & Compassionate Shelters
Winter has Arrived. Please Open the Doors to your House of Worship or Faith-based Space. This is a Humanitarian Crisis!

Asylum Seeker Shelter-19 Beds Site

Over 130,000 Asylum Seekers have come to NYC seeking help – hundreds more arrive every day. Over 70,000 are now sheltered in NYC sites. This straining our city's resources to the breaking point. NYDIS has been opening shelters in houses of worship since August. These small faith-based shelters are preferred by migrants because of the kindness, safety and compassionate care they receive – and, our shelters cost tax payers significantly less than hotels and mass shelters. Our current guests are overwhelmingly from South America and West Africa.

Serving the poor and marginalized is an obligation of all faith traditions. To reach our initial goal of opening 50 shelters. We are seeking a minimum of 20 more houses of worship or faith-based organizations to shelter **19 single adult men from 7PM to 7AM over the next 12-24 months – and, we advance \$50,000 each month to cover all direct costs and space use.** NYDIS also provides training, shelter supplies and regular operational support onsite.

Help us Save Lives and offer your Hospitality!

New York City has recently approved additional food funding and a 15-bed option for houses of worship (HOW) and faith-based organizations (FBO) seeking to partner with New York Disaster Interfaith Service (NYDIS) to shelter asylum seekers that continue to arrive in NYC on a daily basis.

1. **19 Beds:** These shelters are now approved for a \$50,000 monthly funding which increases the food allowance. Sites are still required to have a Sprinkler System and Central Monitoring System
2. **15 Beds:** These shelters are now approved for a \$47,500 monthly funding which increases the food allowance. Sites are not required to

have a Sprinkler System or Central Monitoring System but are required to meet all other code requirements.

Request for Comments: NYCEM Five-Year Accessibility Plan

New York City passed a local law last year (Local Law 12 of 2023) requiring all New York City agencies to develop and implement a Five-Year Accessibility Plan outlining how each agency is and will be improving access for people with disabilities to the agency's services, programs, activities, and workplace.

The law provides for a public comment period that ends on **February 16, 2024**. We are asking for your input on what is currently a draft of that plan. All comments received by the due date will be reviewed as we work to finalize the plan. The draft accessibility plan, itself, can be found

at: https://www.nyc.gov/assets/em/downloads/pdf/NYCEM-Proposed-Five-Year-Accessibility-Plan_2023.pdf

A notice that explains the opportunity for members of the public to comment can be found at: <https://www.nyc.gov/assets/em/downloads/pdf/notice-of-opportunity-to-comment-rev122123-1.pdf>

Please review the plan, and if you have any comments or suggestions about ways to improve it, please submit them at: nyc.gov/accessibilityplans

Thank you for your interest and help in this effort.
