The petition of the Bronx Traction Company respectfully shows:

First—That your petitioner is a street surface railway corporation, formed under the laws of the State of New York, by the filing of articles of consolidation of other street surface railroad corporations in the office of the Secretary of State on or about the 12th day of May, 1904.

Third—That a part of the petitioner's railroad has been constructed and operated for many years on Westchester avenue from a point of intersection with the lines of the Union Railway Company on Westchester avenue at Bronx River, through and along the said Westchester avenue, formerly known as the Southern Westchester turnpike, to what was the former Village of Westchester.

Fourth—Your petitioner now proposes to extend its road upon and along Clasons Point road, from the junction of said road with Westchester avenue to Clasons Point at Long Island Sound, for the convenience of public travel, by the construction of a double-track branch or extension in the said Borough of The Bronx, City of New York, as follows:

Fifth—That such branch or extension will be 12,000 feet in length, and when constructed will enable your petitioner to operate a continuous line of cars in connection with the Union Railway Company from the Harlem River to Clasons Point, as well as from the territory at or about the northerly line of The City of New York to the said Clasons Point.

Sixth—That your petitioner proposes to operate said branch or extension by the overhead system of electricity similar in all respects to that now in use on the other lines of its road.

Seventh—That for the purpose of constructing and operating such branch or extension of its road your petitioner desires to obtain from your Honorable Board, and thereby applies for its consent to, and a grant of, the franchise or right for the construction, maintenance and operation of a double-track extension or branch of its existing railroad for public use in the conveyance of persons and property for compensation over the street and avenues above mentioned.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

### NOTICE TO CONTRACTORS.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
