* * *

- (11) where the Commission permits #floor area# distribution from a #zoning lot# containing existing light industrial #buildings# to be demolished in accordance with the provisions of paragraph (a)(12) of this Section, such #floor area# distribution shall contribute to better site planning of the #waterfront public access area# and shall facilitate the #development# of affordable housing units within a #large-scale general development#; and

- (12) where #new piers# or #new platforms# are constructed, replaced or reconstructed in accordance with the provisions of paragraph (a)(13) of this Section, such #new piers# and #new platforms# are an integral part of such #large-scale general development#, result in a superior site plan and form an appropriate relationship with adjacent #waterfront public

access areas# and #shorelines#, and provide significant public access to or within the #seaward lot# portion of the #waterfront zoning lot#; and

- (13) where the Commission permits floor space to be exempt from the definition of #floor area# in accordance with the provisions of paragraph (a)(14) of this Section:

- (i) such exemptions shall result in improvements to #residential# amenities accessible to all residents of the #large-scale general development#; and
- (ii) an amount of #floor area# equivalent to 20 percent of the amount of #residential# floor space exempted from #floor area# pursuant to the provisions of paragraph (a)(14) shall be allocated to units affordable at levels required for #affordable housing units# for a #UAP site#, as those terms are defined in Section 27-111 (General definitions).

Within Manhattan Community District 2, within the former Washington Square Southeast Urban Renewal Area, where the Commission has approved a #large-scale general development# and a #lot line# of such #large-scale general development# coincides with the boundary of a mapped #public park#, such #lot line# shall be considered to be a #street line# of a #wide street# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

- (2) the proposed modification does not impair the essential character of the surrounding area; and
- (3) the proposed modification will not unduly obstruct access to light and air to surrounding #streets# or properties.

(2) Location

A kiosk or boathouse may be located within a #shore public walkway#, provided that any portion of a kiosk or boathouse located within the area comprising an upper level of such #shore public walkway# shall be located below the walking surface of such upper level. Kiosks and boathouses shall not reduce compliance with other requirements, including planting or circulation, except as modified by the provisions of paragraph (c) of this Section.

(3) Minimum design requirements

A minimum of 25 percent of any wall facing a circulation path, as measured from the level of the adjoining circulation path to the roof of the kiosk or boathouse, shall be provided as transparent material.

Blank walls on kiosks and boathouses that exceed five feet in height and 10 feet in width shall be treated with one or more of the following visual mitigation elements:

Any application for such change shall include a site plan from a licensed architect or engineer that conveys the extent of the needs and required modifications, as well as a letter from the Department of Environmental Protection describing the needs for such modifications.

117-365

Requirements for supplemental open spaces and amenities

For all #zoning lots# utilizing bonus #floor area# set forth in Section 117-322 (Floor area bonus for active recreation space), the supplemental open area provisions of paragraph (a) of this Section and the supplemental amenities of paragraph (b) of this Section shall be met.

(a) Supplemental open area

An area equivalent to the #floor area# generated pursuant to Section 117-322, which shall in no instance be less than 4,000 square feet, shall be allocated to publicly accessible, supplemental open area. Such open area shall be in addition to any area allocated to a #waterfront public access area#, as applicable, and shall connect directly to either #waterfront public access areas# or adjoining #streets#. Supplemental open areas shall be subject to the design requirements for #supplemental public access areas# set forth in Section 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, as such provisions are modified by the provisions of Section 117-364 (Special design standards), inclusive. All amenities provided in supplemental open areas shall either match or shall be comparable with amenities in a #waterfront public access

area# on the same #zoning lot# with regard to quality, materials, finishes and form. In addition, supplemental open areas shall be subject to the maintenance and operation requirements of Section 62-70, inclusive, and the review procedures of Section 62-80, inclusive.

(b) Supplemental amenities

Supplemental amenities, in the form of #active recreation space# or public restrooms, shall be provided in accordance with the following regulations with regards to the minimum points required for the size of supplemental open area. Such amenities may be provided either in the supplemental open area or in #waterfront public access areas# on the same #zoning lot#. No amenity included pursuant to this Section may count towards meeting a requirement of a #waterfront public access area#.

(1) Minimum points required

The minimum required amount of points on a #zoning lot# shall be equivalent to one point per every additional 2,000 square feet of supplemental open space, except that the maximum points of amenity for any #zoning lot# need not exceed ten. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one point.

(2) Calculating points for amenities

For every 1,000 square feet of #active recreation space# provided, one point shall be generated. However, where such #active recreation space# involves open and flexible areas with no permanent infrastructure or equipment, one point shall be generated for every 2,000 square feet of amenity.

The area allocated to the #active recreation space# shall include those areas bounded by the physical equipment associated with such space, as applicable, as well as the additional space around the equipment for access, circulation and buffering. Where an amenity involves water access, the area may include areas associated with the amenity both upland of and seaward of the shoreline, as applicable, and where watercraft launches are provided, may include temporary storage facilities.

No more than two points shall be permitted for multiple courts, leisure games or other facilities allocated to the same type of active recreation. For example, no more than two points may be generated by ping pong courts; however, further points may be generated from other types of courts such as volleyball courts.

For every 200 square feet of public restroom, one point shall be generated and the maximum points permitted for public restrooms shall not exceed four.

(3) Additional requirements for large #zoning lots#

Where the size of a supplemental open area exceeds 5,000 square feet, a singular #active open amenity equivalent to at least two points shall be provided. Where a supplemental open area exceeds 10,000 square feet, either a singular amenity equivalent to at least three points shall be provided, or two amenities each equivalent to at least two points shall be provided.

117-366

Special review provisions

The Chairperson of the City Planning Commission shall, by certification pursuant to Section 62-811 (Waterfront public access and visual corridors), further certify the following provisions as applicable:

(a) #Waterfront public access area# phasing

Where more than one #building# is #developed# in phases, the mandatory public access area may be constructed in phases, provided that the Chairperson certifies the following criteria are met:

- (1) a plan has been submitted that provides for an amount of public access area proportionate to the amount of #floor area# being #developed# in each phase;
- (2) the square footage of public access area provided in any phase is in proportion to the total public access area requirement based on the area being developed. Any public access area provided in an earlier phase in excess of the amount required for such phase may be applied to a later phase;
- (3) the public access area being proposed in any phase shall not prevent the total amount of public access area required for such area from being achieved;

- (4) any phased portion of the required public access area shall comply with the minimum widths and other dimensions required for the public access areas;
- (5) any phased portion of the required public access area shall connect directly to either a #street# or an improved public access area; and
- (6) a proportionate amount of planting and seating shall be included within each phase.

(b) **#Upland connection# phasing**

Where an #upland connection# is designated on two or more parcels, and the portion of such #upland connection# located outside of the applicant's parcel has previously been certified as part of a #waterfront public access area#, the Chairperson shall certify that the proposed #upland connection# on the applicant's parcel is consistent with that of the prior certification, including with respect to the proposed amenities and design elements therein.

NOTICE

On Wednesday, July 30, 2025, a public hearing is being held by the City Planning Commission (CPC), accessible in-person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by The City of New York. The City of New York, acting through the Department of City Planning (DCP), is proposing a series of land use actions – including zoning map amendments, zoning text amendments, City Map amendments, designations of Urban Development Action Areas (UDAA), approval of an Urban Development Action Area Project (UDAAP), disposition of city-owned properties, changes to the City Map, and combination acquisition and site selection of property by the city – to implement land use and zoning recommendations in the Long Island City neighborhood. The Proposed Actions cover an approximately 54-block area (the Project Area) and focus on Long Island City's East River Waterfront and manufacturing zoned areas. The Project Area is generally bounded by the midblock between 39th and 40th Avenues between 21st and 23rd Streets to the north; the East River, Anable Basin, and 5th Street to the west; 47th Avenue, 46th Road, and the midblock between 44th Drive and 45th Avenue to the south; and 11th, 23rd, and 24th Streets and the midblock between 24th and Crescent Streets to the east. The majority of the study area is located in Queens Community District 2, with the northern portion (north of Queens Plaza

North to the midblock between 39th Street and 40th Street, between 21st Street and 23rd Street) located in Community District 1. Overall, the Proposed Actions are expected to facilitate development on 52 projected development sites, resulting in a net incremental increase of approximately 14,699 dwelling units, including approximately 3,245-4,867 permanently income-restricted homes, 3,427,450 gross square feet (gsf) of commercial space, 291,784 gsf of community facility space, 42,383 gsf of manufacturing, and net decreases of 821,932 gsf of warehouse space and 14,936 gsf of auto-related space. It is expected that the projected development included in the Reasonable Worst Case Development Scenario (RWCDs) would be built by 2035, following approval of the proposed actions.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through 5:00 P.M. on Monday, August 11, 2025.

For instructions on how to submit comments and participate, both in-person and remotely, please refer to the instructions at the beginning of this agenda.

HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that a public hearing will be held on August 20, 2025 at the Hunts Point Library, 877 Southern Blvd at 10:30 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed amendment to the terms of the disposition of the real property identified below.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed an amendment to the terms of the sale of the following City-owned property (collectively, "Disposition Area") in the Borough of The Bronx:

Address	Block/Lot(s)
993 Union Avenue	Block 2669, Lot 41
995 Union Avenue	Block 2669, Lot 40
774 Union Avenue	Block 2676, Lot 36
1042 Longfellow Avenue	Block 2756, Lot 71

Under HPD's Affordable Neighborhood Cooperative Program, occupied City-owned residential buildings are purchased by Restoring Communities Housing Development Fund Corporation ("Sponsor") and then rehabilitated by a private developer selected through a request for qualifications. Upon conveyance to the Sponsor, buildings will be managed by the private developers. Following completion of rehabilitation, the Sponsor conveys the building to a cooperative housing development fund corporation formed by the building's tenants. The cooperative interests attributable to occupied apartments will be sold to the existing tenants for \$2,500 per apartment. The cooperative interests attributable to vacant apartments will be sold for a price affordable to families earning no more than 165% of the area median income.

This submission is a proposed amendment ("Amended Project") to a project previously approved by the Mayor on July 15, 2020 (Cal. No. 3) ("Original Project"). Under the Original Project, the City sold the Disposition Area to Restoring Communities Housing Development Fund Corporation ("Sponsor"), for the nominal price of \$1.00 per tax lot. The Sponsor also delivered an enforcement note and mortgage for the remainder of the appraised value. The Sponsor was then required to rehabilitate one building on each lot, resulting in a total of 69 cooperative units and two super's units across the project. In 2023, since none of the tenants at 1042 Longfellow Avenue had chosen to relocate back into the building or expressed interest in conversion, it was determined that the building should operate as a rental to ensure financial and operational feasibility. The Amended Project provides an additional rental option for 1042 Longfellow Avenue to address this condition, but is otherwise the same as the Original Project.

A public file containing copies of the calendar document and other public documents will be made available to Bronx Community Board 2 for public review at the office of Community Board 2 no later than twenty (20) days prior to the public hearing. The public documents are available for public examination by emailing Margaret Carey at careym@hpd.nyc.gov on business days during business hours.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office Of Contract Services ("MOCS") via e-mail at disabilityaffairs@mocs.nyc.gov or via phone at (212) 788-0010. RESPONSE ALERT LLC FOR PERSONAL EMERGENCY

RESPONSE SYSTEMS SERVICES - Negotiated Acquisition - Other - PIN#06925N0053 - Due 7-29-25 at 3:00 P.M.

The Mayor's Office to End Domestic and Gender-Based Violence (ENDGBV) intends to enter into a NAE contract with Response Alert LLC for PERS services. Provision of PERS is a key component of ENDGBV's Home+ Program, which launched in 2021 and focuses on enhancing housing stability and security for survivors of domestic violence who want to stay in their homes. The Home+ Program aligns with Mayor Adams' Blueprint for Housing our Neighbors released in June 2022, which addresses homelessness and housing instability in several ways, including promoting programs to ensure survivors remain safely housed. It is the first program in NYC, and the United States, that provides survivors with a combination of client-activated alarm systems (i.e., PERS), locksmith services, and supportive case management, all without requiring formal reporting or systems involvement, which can create unintentional barriers for marginalized survivors attempting to access these critical resources.

The goals of Home+ also align with recent City Council Legislation, including Int. 534-A, which codifies several of the core elements of Home+, and Int 153-A, which mandates ENDGBV establish a housing stability program that provides financial assistance to survivors. Taken together, these administrative and legislative developments underscore a growing City interest in the program's goals, services, and potential expansion, including ongoing provision of PERS services. We are requesting this contract extension to realign the PERS contract to avoid gaps in service while we resolicit the program competitively through an RFx process, and we are requesting a funding increase to support both the extended contract period and a period of increased service utilization. Contract Term: 2/1/2025 - 6/30/2026 (17 months). Total Contract Amount: \$525,000.

Procurement and award are in accordance with PPB Rule Section 3-04(b)(2)(iii) for the reasons set forth herein.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

The funding supports youth development through team sports programs and would be awarded to local community-based organizations and nonprofits. Grant requires the City to have funds awarded and expensed prior to the grant end date of September 30, 2025. Therefore, DYCD is allocating \$1,700,000 of this grant for an opportunity to recruit new providers. It's anticipated the new providers will operate programs between April through September to ensure DYCD is within the grant's award terms.

AGENCY RULES

CITYWIDE ADMINISTRATIVE SERVICES

■ NOTICE

NOTICE OF ADOPTION OF RULE DEPARTMENT OF CITYWIDE ADMINISTRATIVE SERVICES

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Citywide Administrative Services by Section 1043 of the New York City Charter and sections 10-172(c) and 10-172(m) of the Administrative Code of the City of New York, that the Department of Citywide Administrative Services hereby adopts the amendments to Chapter 14 of Title 55 of the Official Compilation of the Rules of the City of New York, regarding reimbursing qualifying nonpublic schools for the cost of purchasing certain security services.

A notice of proposed rulemaking was published in the City Record on May 30, 2025. A public hearing was held on June 30, 2025.

Statement of Basis and Purpose of Rule

On January 5, 2016, Local Law 2 of 2016 (“the Law”) was enacted. The Law empowers the Mayor of the City of New York (“the Mayor”) to authorize a program that will reimburse qualifying nonpublic schools

for the cost of purchasing certain security services. In a letter dated March 30, 2016, the Mayor authorized this reimbursement program for the 2016-17 school year. The Law also authorizes the Mayor to designate an agency or agencies to administer the reimbursement program. In a letter dated March 10, 2016, the Mayor designated the Department of Citywide Administrative Services (“DCAS”) to administer the Law. Finally, the Law authorizes DCAS to promulgate rules for the administration of the reimbursement program. DCAS is now amending these rules in order to reflect changes in the city’s processing platforms and update per the amendments made by Local Law 4 of 2025 to Local Law 2 of 2016. DCAS received no comments on the proposed rule and has made no changes in the final rule.

The amendment to the rules:

- Adds definitions for Invoice Submission Portal, PASSPort, Qualifying Nonpublic School, and Reimbursement Period, deletes the definition for HHS Accelerator, and updates the definition for School Security Administrator;
- Replaces all references to HHS Accelerator;
- Adds HHS Accelerator Prequalification as a required step in PASSPort;
- Changes the student enrollment requirement from 300 to 150 students to increase the number of schools eligible for reimbursement;
- Changes the application requirement for schools to submit the prior year’s Basic Educational Data System (BEDS) or Student Information Repository System (SIRS) reports for the current school year;
- Allows a School with multiple locations under one BEDS Code to station a Security Guard in any of those locations that satisfies the minimum student enrollment requirements;
- Adds a required document to the application; and
- Removes the requirement for submission of the Budget Task

The rule also includes some minor plain language edits.

DCAS’s authority for these rules is found in sections 811 and 1043 of the New York City Charter and sections 10-172(c) and 10-172(m) of the Administrative Code of the City of New York.

The application will be on a form prescribed by the Department and will be accessed through [HHS Accelerator] PASSPort. For the [2019-2020] 2025-2026 school year, and for any subsequent school year in which the Reimbursement Program is authorized, the deadline to submit a completed application is May 15, unless the agency determines that due to an event that impacts public safety, which was not foreseen in advance of the May 15 deadline and which compromises the safety of one or more non-public schools, it is appropriate for the application to be due at a later date for one or more nonparticipating schools. This deadline applies to both new and existing schools that wish to participate in the Reimbursement Program. The Department shall use such application to determine whether a school is qualified to participate in the Reimbursement Program.

Each school must enter into a MOU with the City of New York, acting by and through the Department, before the school may receive funds through the Reimbursement Program. The MOU [and Budget Task] [shall]must be returned by the School to the Department no later than November 15 of the corresponding year. Failure to timely return the MOU [and Budget Task] to the Department shall result in the forfeiture of the School’s acceptance into the Program for the school year at issue, and the school will need to reapply the following year if it seeks to participate in the Reimbursement Program. Any security expenses incurred by a school from the date of acceptance, but prior to the timely return of the MOU will not be eligible for reimbursement. Upon execution of the MOU, such MOU shall take effect in accordance with applicable law.

Reimbursement for the Security Services provided by each Security Guard during periods of school-related instruction or school-related events may include the cost of different individuals providing Security Services at different times.

(ii) When calculating the number of students enrolled at a school, each school that has been assigned a BEDS code by the New York State Education Department will be considered distinct. The number of students at schools with distinct codes, even if such schools are contractually or otherwise related, will not be [considered] combined for the purposes of determining the number of guards pursuant to this subdivision.

(iii) The Department will adjust payments, including recoupment, based on verification of the school’s enrollment information by the New York State Education Department.

(iv) A school that operates at more than one address under a single BEDS code will be eligible for reimbursement for the allowable costs of a security guard at each such address, provided that student enrollment at each such address satisfies the minimum student enrollment requirements of 150 students as set forth in subdivision (a) of section 14-07 of this chapter, and provided that the location does not share space with a school of the city school district of the city of New York. If no single location under a single BEDS code satisfies the minimum student enrollment requirements of 150 students, the school

is ineligible for reimbursement for the allowable costs of a security guard.

...

(f) *Payments.* The Department shall provide reimbursements on a quarterly basis after receiving satisfactory proof from the school of compliance with the requirements set forth in these Rules. Satisfactory proof must be submitted through [HHS Accelerator] the Invoice Submission Portal, and must include, but shall not be limited to, certified invoices, payroll records, timesheets and, when applicable, an annual report of incidents as required by section 14-05(f) of the Rules. Invoices must be submitted to the Department during the Reimbursement Period for the respective fiscal year. All invoices must be signed by an authorized signatory, or their successor, identified in the application submitted by each school.

(b) *Submission of Records.* Each school must submit all records supporting its reimbursement claims through [HHS Accelerator] the Invoice Submission Portal including, but not limited to, certified payroll records, invoices, and time sheets, which include the name, address, and unique employee identification number of each Security Guard.

STATEMENT OF SUBSTANTIAL NEED FOR EARLY IMPLEMENTATION

I hereby find, pursuant to section 1043(f)(1)(c) of the New York City Charter, that there is a substantial need for earlier implementation of amendment to the rules to reimburse qualifying nonpublic schools for the cost of procuring certain security services.

Sections 10-172(c) and 10-172(m) of the Administrative Code of the City of New York authorize the New York City Department of Citywide Administrative Services to promulgate rules for the administration of a reimbursement program for qualifying nonpublic schools for the cost of procuring certain security services. These rules do so by amending chapter 14 to title 55 of the Rules of the City of New York, which describes the process and procedure by which schools and Security Guard Companies may take part in the program.

There is a substantial need for the early implementation of these amended rules because the amendment opens the program to Charter schools and reduces the student enrollment minimum for all schools from 300 students to 150 students. These changes have more than doubled the number of applications for the program. Earlier implementation of these rules is necessary for schools and Security Guard Companies to have sufficient time to complete the application and selection processes before the program begins.

■ NOTICE

Notice of Adoption

NOTICE OF ADOPTION relating to amendments of Title 34 of the Rules of the City of New York to allow for the designation of areas of Department of Transportation ("DOT") pedestrian plazas and open streets for the exclusive use of private patrons subject to certain restrictions and the review and approval by DOT.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the New York City DOT by Sections 1043 and 2903(a) of the New York City Charter and in accordance with the requirements of Section 1043 of the New York City Charter that DOT hereby amends Chapter 4 of Title 34 of the Rules of the City of New York.

This rule was first published in the *City Record* on March 24, 2025, and a public hearing was held on April 23, 2025. DOT carefully reviewed the verbal and written comments that were submitted in response to the proposed rule and made the following changes:

- In response to comments that an insufficient amount of public seating would be provided, DOT modified the rule to clarify that in all pedestrian plazas and full closure open streets where concession seating will be permitted, a sufficient amount of public seating will also be provided. DOT also modified the rule to add a definition of "concession seating" to clarify that such seating will be located in only a limited area of a pedestrian plaza or full closure open street.
- In response to comments that hours of operation should be limited, DOT modified the rule to provide that concession seating may only be operated during the hours of 7 a.m. to 11 p.m.
- In response to comments concerning potential conflicts with street cleaning operations, DOT modified the rule to clarify that no seating shall be permanently affixed in the roadway and that concession seating on a full closure open street may not operate at any time when street cleaning rules are in effect.
- Additionally, DOT modified the rule to clarify that the maximum percentage of concession seating area permitted will be determined by the total square footage of all subconcessionaires' concession seating areas in the pedestrian plaza or full closure open street.
- DOT also received comments expressing concern over the "privatization" of public space. The rule makes clear that DOT will be following a well-established concession model resulting in a license that is revocable at will by DOT. Additionally, this concession model will contribute to a public benefit by activating the public space and providing an outdoor dining amenity that will encourage use of the overall public space. Additionally, the pedestrian plaza or open streets partner is required to invest any revenue generated from a subconcession into the operation, management, and maintenance of the pedestrian plaza or open street, therefore revenue generated from outdoor dining subconcessions will contribute to a successful and well-maintained public space.
- DOT also received comments suggesting that DOT add requirements related to public conduct. In response, DOT notes that the existing pedestrian plaza and open streets rules found in sections 4-16 and 4-21 of the Traffic Rules (Chapter 4 of Title 34 of the Rules of the City of New York), respectively, already include requirements related to public conduct in pedestrian plazas and open streets, including but not limited to a prohibition on disorderly behavior and a requirement that any person operating any sound device or apparatus comply with the permit requirements of the New York City Police Department, as applicable. For that reason, no changes were made to this rule as it relates to public conduct.

Statement of Basis and Purpose of Adopted Rule

The Commissioner of the New York City Department of Transportation ("DOT") is authorized to promulgate rules regarding parking and traffic operations in the City pursuant to Section 2903(a) of the New York City Charter.

In 2020, DOT promulgated rules to establish a pilot program at five pedestrian plazas to allow up to 20% of all seating in such pedestrian plazas to be reserved for the exclusive use of food establishments and plaza kiosks, subject to DOT review and approval. However, shortly after the adoption of these rules, the COVID-19 pandemic commenced, and this pilot program was not implemented. Rather, during the height

of the pandemic, DOT's pedestrian plazas and DOT's newly established open streets provided expanded space for outdoor dining pursuant to the Mayor's Emergency Executive Order 126, as amended and extended by subsequent Emergency Executive Orders. In pedestrian plazas, outdoor dining was permitted to occupy up to 80% of all seating in such plaza.

Expanded outdoor dining quickly evolved from a pandemic response to a reimagining of the City's streetscape. Outdoor dining in the roadway and sidewalk directly in front of a restaurant was made permanent and subject to citywide design and operational requirements under DOT's Dining Out NYC program. However, outdoor dining in DOT pedestrian plazas and in open streets beyond the area authorized by Dining Out NYC will be managed separately due to the design and management considerations that are specific to these spaces.

Under DOT's pedestrian plaza and open streets programs, DOT may enter into a concession agreement with a pedestrian plaza or open streets partner, which authorizes, among other things, revenue-generating activity to occur through the operation of concessions. The pedestrian plaza or open streets partner is required to invest any revenue generated from a subconcession into the operation, management, and maintenance of the pedestrian plaza or open street. As such, outdoor dining in the form of a subconcession in pedestrian plazas and open streets will provide a mechanism to aid in the delivery of public space amenities to the community.

Pursuant to the New York City Administrative Code sections 19-157(c) and 19-107.1(g), respectively, DOT is amending DOT's pedestrian plaza and open streets rules to authorize partners through their concession agreements with DOT to permit their subconcessionaires to designate an area for exclusive use by its patrons at (i) all DOT designated pedestrian plazas; and (ii) all DOT designated full closure open streets. A full closure open street is a type of open street that is closed to motor vehicle traffic to allow for a range of car-free activities that support local businesses, community organizations, and schools, to create a space for the public to gather.

Through DOT's experience with the pandemic emergency response program, DOT identified challenges in balancing public and private seating due to site geometry and design, and the lessons learned inform DOT's adopted rule. The rule would limit the square footage of area designated for concession seating to a maximum of 33% of the total square footage of such pedestrian plaza or open street. In instances where a "major concession" was approved through the Uniform Land Use Review Procedure, the adopted rule would limit the square footage of area designated for concession seating to a maximum of 50% of the total square footage of such pedestrian plaza or open street. In all instances, the concession seating area would be subject to DOT's review and approval. The adopted rule also clarifies that any concession seating authorized by a concession agreement would not be considered a sidewalk or roadway cafe and therefore would not require a license and revocable consent pursuant to DOT's Dining Out NYC program.

Specifically, the amendments being adopted are as follows:

- Repeal paragraph (9) of subdivision (b) of section 4-16 of chapter 4 of title 34 of the Rules of the City of New York and add a new paragraph (9) in relation to permitting concession seating areas at pedestrian plazas subject to certain restrictions and DOT review and approval; and
- Add a new paragraph (11) of subdivision (c) of section 4-21 of chapter 4 of title 34 of the Rules of the City of New York in relation to permitting concession seating areas at full closure open streets subject to certain restrictions and DOT review and approval.

New material is underlined.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this agency, unless otherwise specified or unless the context clearly indicates otherwise.

§ 1. Paragraph (9) of subdivision (b) of section 4-16 of chapter 4 of title 34 of the Rules of the City of New York, relating to the use of certain pedestrian plazas, is REPEALED and a new paragraph (9) is added, to read as follows:

(9) Concession Seating.

- (i) Subject to the Department's prior written approval, a pedestrian plaza partner may permit a subconcessionaire to designate a portion of the total square footage of such pedestrian plaza for concession seating, provided that the total square footage of all such subconcessionaires' concession seating shall not exceed 33% of the total square footage of the pedestrian plaza. Notwithstanding the previous sentence, if a major concession is approved pursuant to sections 197-c and 197-d of the New York City Charter, the total square footage of all such subconcessionaires' concession seating shall not exceed 50% of the total square footage of the pedestrian plaza.

(ii) If the Department approves concession seating at a pedestrian plaza pursuant to this paragraph, the Department or its pedestrian plaza partner must maintain seating for public use at such pedestrian plaza. The amount of seating for public use shall be determined by the Department, in consultation with the pedestrian plaza partner, upon consideration of factors such as pedestrian demand for seating for public use, adjacent land uses, public programming areas, permanent seating for public use including but not limited to fixed benches, and the approved pedestrian plaza site plan that is posted on the Department's website.

(iii) A pedestrian plaza partner may only permit a subconcessionaire to operate concession seating, inclusive of setting up and breaking down, packing up, or otherwise clearing such concession seating, during the hours of 7 a.m. to 11 p.m.

(iv) In the absence of a pedestrian plaza partner, this paragraph does not preclude the Department from designating concession seating at a pedestrian plaza.

(v) Such concession seating does not require a license and revocable consent nor is it considered a "sidewalk cafe" or "roadway cafe" as defined in subchapter 1 of chapter 1 of Title 19 of the New York City Administrative Code.

(vi) Definitions. For purposes of this paragraph, the following terms have the following meanings:

Concession seating. The term "concession seating" means an area in a pedestrian plaza designated for exclusive use by a concessionaires' or subconcessionaires' customers or patrons. Subconcessionaire. The term "subconcessionaire" means an entity that has entered into an agreement with a pedestrian plaza partner that is authorized by the Department and subject to Title 12 of the Rules of the City of New York.

§ 2. Subdivision (c) of section 4-21 of chapter 4 of Title 34 of the Rules of the City of New York is amended by adding a new paragraph (11), to read as follows:

(11) Concession Seating.

(i) Subject to the Department's prior written approval, an open streets partner may permit a subconcessionaire at a full closure open street, as defined in paragraph (ii) of subdivision (a) of this section, to designate a portion of the full closure open street for concession seating, provided that the total sum of the square footage of all such subconcessionaires' concession seating shall not exceed 33% of the total square footage of the full closure open street. Notwithstanding the previous sentence, if a major concession is approved pursuant to sections 197-c and 197-d of the New York City Charter, the total square footage of all such subconcessionaires' concession seating shall not exceed 50% of the total square footage of the full closure open street.

(ii) If the Department approves concession seating at a full closure open street pursuant to this paragraph, the Department or its open streets partner must maintain seating for public use at such full closure open street. The amount of seating for public use shall be determined by the Department, in consultation with the open streets partner, upon consideration of factors such as pedestrian demand for seating for public use, adjacent land uses, public programming areas, and existing seating for public use including but not limited to fixed benches. Nothing in this paragraph shall permit any seating to be permanently affixed in the roadway.

(iii) An open streets partner may only permit a subconcessionaire to operate concession seating, inclusive of setting up and breaking down, packing up, or otherwise clearing such concession seating, during the hours of 7 a.m. to 11 p.m. Notwithstanding the previous sentence, an open streets partner shall not permit a subconcessionaire to operate concession seating at any time when street cleaning rules are in effect.

(iv) In the absence of an open streets partner, this paragraph does not preclude the Department from designating such concession seating at a full closure open street.

(v) Such concession seating does not require a license and revocable consent nor is it considered a "sidewalk cafe" or "roadway cafe" as defined in subchapter 1 of chapter 1 of Title 19 of the New York City Administrative Code.

(vi) Definitions. For purposes of this paragraph, the following terms have the following meanings:

Concession seating. The term "concession seating" means an area in a full closure open street designated for exclusive use by a concessionaires' or subconcessionaires' customers or patrons. Subconcessionaire. The term "subconcessionaire" means an entity that has entered into an agreement with an open streets partner

that is authorized by the Department and subject to Title 12 of the Rules of the City of New York.
