THE BOARD OF ALDERMEN OF THE CITY OF NEW YORK.

[Extract from Proceedings of the Board of Aldermen of October 28, 1902.]

REPORTS OF STANDING COMMITTEES RESUMED.

Report of Committee on Finance—

No. 1232—(G. O. No. 227).

The Committee on Finance, to whom was referred on October 21, 1902 (Minutes, page 425), the annexed resolution in favor of an issue of \$165,557.50 of Corporate Stock for the purchase, acquisition or construction of new stock or plant for the Department of Street Cleaning, in the boroughs of Manhattan and The Bronx, respectfully

REPORT:

That, having examined the subject, they believe the proposed expenditure to be proper and desirable. This is a matter as to which your committee reported on September 9, and as to which a dispute arose on that occasion as to the law and proper procedure. According to our minutes the report and resolution were rejected. The resolution was reintroduced at the last meeting, and so is again before the Finance Committee, which now brings it before the Board. The committee repeat what they said in their previous report, which was the following: "Your committee have been informed by the Street Cleaning Commissioner that these purchases will be made by public letting, and that the City's ownership of scows will result in economies by saving the Department from the necessity of paying high rent for scows and avoiding corners in scows."

The necessity for all this new equipment is amply shown in the report of the Commissioner of Street Cleaning recently made to the Mayor for the quarter ending September 30, 1902, a copy of which has been furnished to your committee by the Commissioner, and is hereto annexed to form part of this report.

Department of Finance—City of New York,

July 31, 1902.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting held July 28, 1902, authorizing the issue of Corporate Stock to the amount of \$165,557.50, for the purchase, acquisition of or construction of new stock or plant for the Department of Street Cleaning, in the boroughs of Manhattan and The Bronx; also communication from the Commissioner of the Department of Street Cleaning relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully yours,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Aldermen hereby concurs in the following preamble and resolution adopted by the Board of Estimate and Apportionment at meeting held July 28, 1902:

"Whereas, The Commissioner of Street Cleaning, in a communication to the Board of Estimate and Apportionment, dated July 26, 1902, has made requisition for the issue of bonds to the amount of one hundred and sixty-five thousand five hundred and fifty-seven dollars and fifty cents (\$165,557.50), to provide for the purchase, acquisition or construction of stock or plant for the Department of Street Cleaning, as provided by section 546 of the Greater New York Charter, the estimated expense thereof being for the boroughs of Manhattan and The Bronx:

"Resolved, That, subject to concurrence herewith by the Board of Aldermen, the Comptroller be authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of one hundred and sixty-five thousand five hundred and fifty-seven dollars and fifty cents (\$165,557.50), the proceeds whereof to be expended for the purchase, acquisition or construction of new stock or plant for the Department of Street Cleaning, in the boroughs of Manhattan and The Bronx."

(Copy.)

Department of Street Cleaning,

New York, July 26, 1902.

Hon. SETH LOW, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—I submit herewith an estimate for a Bond Account (New Stock or Plant) for the boroughs of Manhattan and The Bronx, for the building of scows or dumpers, and the purchase of horses, etc. The item of \$100,000 is desired for building scows or dumpers in order that the Department may own its own plant.

JOHN McG. WOODBURY, Commissioner.

Department of Street Cleaning,

City of New York,

New York, October 24, 1902.

Hon. SETH LOW, Mayor of The City of New York:

Sir—In forming to you the quarterly return for the three months, July, August and September, 1902, I have to report as follows:

The sweeping of this city has been done with an average total force of 2,484 men (see Table A). These men have swept 412 miles of streets in the Boroughs of Manhattan and The Bronx and 496 miles in the Borough of Brooklyn every day. Thirty per cent. of this distance is covered from two to three times daily. This is rendered necessary by the very heavy traffic or by the character of the inhabitants. The Rapid Transit Commission has fourteen miles of open cut in the Borough of Manhattan and is hauling over the streets to the rivers 5,112 cubic yards of earth and rock per day from these open cuts, and has many tons of material stored on the side streets along these fourteen miles. There are in process of construction 1,289 buildings in the Borough of Manhattan alone; there are hauled daily to the rivers from these buildings about 3,000 cubic yards of cellar dirt. There are 1,558 feet of gas main being laid and 5.43 miles opened for repairs. There are about 1.29 miles of water main being laid and the telephone, steam heating and electric companies have

22.18 miles of surface torn up for the purpose of building subways and repairing plant. While the surface of the city is in such a condition of upheaval the work of this Department is rendered exceedingly difficult.

The character of the inhabitants on the east side of the city south of East Houston street and east of Broadway is such that within the boundaries of the Fourteenth and Sixteenth street sweeping sections, namely, from Broome street to East Houston street, and from Broadway to the East river, there are daily picked from the street by the Sweepers of this Department eighteen tons of garbage. This is not the garbage exposed in cans in front of the tenements of this district, but is the refuse and offal thrown from the windows of the tenement houses, falling between curb line and curb line. This eighteen tons must be picked by hand daily from the surface of the street, in order that it may not be mixed with the ashes and street sweepings in making the fill upon Riker's Island. The contributory causes for these conditions are the ignorance of the inhabitants of this district, who have no idea of sanitation or of personal responsibility in this matter, and the push-cart privileges which are extended to whomever may apply to peddle upon the public thoroughfare, and to many who abuse this privilege by peddling without any license at all. These people line both sides of the street, in direct violation of Section 531 of the Revised Ordinances of New York City, often crowding into tiers two deep, particularly on Rivington, Hester, Orchard, Ridge, Norfolk, Suffolk and Eldridge streets. It has only been possible to render these thoroughfares habitable by the method of daily washing with a hose in the First, Second and Fourth Districts, namely, south of Canal street, east of Broadway and south of East Eleventh street. We have been, during all these months daily washing with hose gangs all of these streets that we possibly could cover, certain of them every day, others of them every other day, until the entire district has been covered. This was rendered possible by the loaning to this Department of thirty lengths of condemned fire hose by the Fire Commissioner and by the purchase of 5,500 feet of hose by this Department.

The inestimable value of this washing can only be appreciated by the inhabitant and proven by the photographs of the air conditions throughout this district. On August 5, 7, 9, 12, 14 and 16, at certain locations and stations all over The City of New York, Agar plates were exposed between the hours of 2 and 2.30 P. M. and notes were made of the nature of the pavement, whether asphalt or Belgian or granite block, the amount of traffic, single or double lines of horse cars or electric tramway, and the nature of the locality, whether tenements, stores or business houses, thickly populated or small population, pushcart markets or in the neighborhood of large markets like Washington, Gansevoort and Wallabout. Careful notes were also made as to whether the pavement was flushed or not flushed, hand swept or scraped. These plates were exposed at curb level and at six feet above, and the number of colonies of bacilli were found to greatly vary. It was found advisable in making these exposures in the various parts of the city to not only make them simultaneously, but also to eliminate all possible conditions that might have effect upon the number and class of bacilli that might be found. To this end, when making exposures on transverse streets, they were all made on the same side of the street and at the centre of the block, care being taken to select localities that were as similar as possible, not only in heights of buildings and in class of pavement, but also with reference to the work going on in that vicinity—that is, with the market districts, tenement districts, etc. The centre of the block was selected so as to be as far as possible from the eddies formed at the intersection of streets by the winds, by passing traffic or other causes. On longitudinal streets the same care was taken, and we are now in possession of seven series of experiments covering six stations to the series. In places where there was a large amount of traffic, where pushcarts were in large numbers, in a tenement district densely populated, as many as 9,600 colonies appear in a fifteen-minute exposure. In another part of the city, where the pavement was asphalt, although the traffic at this point was quite heavy, the location residential and the avenue well flushed, only fifty-four colonies were found on a fifteen-minute exposure, while in another portion of the City, upon a well cleaned, flushed asphalt pavement, where traffic is extremely light, and where the surrounding property is entirely residential, at six feet above the curb line but five colonies were found.

August 1.—In market locations there was an average deposit of 11 colonies per square inch per minute, whereas in locations of general stores and under good conditions the average deposit was 2.3 colonies per inch-minute (practically five times less).

August 16.—Push-cart localities gave 22.7 colonies per inch-minute, and the maximum was 30 per inch-minute or 1,800 per inch-hour.

The general average of the tenement district on the lower east side that day was 21.3 colonies per inch-minute.

August 5.—Residential localities show an average of .08 colonies per inch-minute.

Tenement and push-cart localities show an average of 5.4 colonies per inch-minute.

A ratio of 1 to 67.5 of all exposures (42).

The maximum was 30 colonies per inch-minute,—Stanton street between Pitt and Ridge streets.

The minimum was .06 colonies per inch-minute,—Trinity avenue between One Hundred and Sixty-fifth and One Hundred and Sixty-sixth streets, Bronx.

From the standpoint of the number of colonies alone, that is, dealing with dirt in a broad sense, there are several points that are plainly demonstrated and others that may require exposures of plates over long periods in order to intelligently draw conclusions.

The isolation of specific pathogenic germs is next to impossible; we are therefore basing deductions on the general conditions of the air, that is, in what degree of purity it is found and how do localities compare in degree of purity.

The first point to be noted is that the air for the first foot above the pavement is, as would naturally be supposed, the most dangerous.

Secondly, the effect of traffic as a distributor of bacteria should be noted in two ways. The vibrations and disturbances caused by the passage of a slow moving, heavy truck have the effect of loosening the dust and the street dirt in the interstices of the pavement and on the surface. This is more or less true of all traffic, but especially so under the conditions mentioned. Light and rapid traffic creates air currents which pick up the dust and dirt and foul the air. Rapid and heavy traffic, such as street cars, act both as looseners and distributors of the dirt. This is especially true of electric cars which hug the surface and make strong currents of air. The surfacing of the streets, therefore, should not only be as clean as possible but the dust should be so treated as to resist the effort of traffic to disseminate it. Washing the streets would, therefore, appear to be the proper method to overcome the bad effect of traffic.

There is but one way to sanitarily cleanse asphalt pavement exposed to the constant bombardment of refuse from windows, the droppings and scavengings of fish and other foods which are prepared for market and the table upon push carts in the open street, and that is by thoroughly washing the surface with water and cleaning with a rubber squeegee.

In the Boroughs of Manhattan and The Bronx it will be perceived in looking at the totals in table B that in the

Carting and Collection

months of July, August and September, there has been an increase of 22,104 loads collected in 1902 over 1900 and an increase of 17,053 loads over 1901. Also, that, while there were 200,519 loads of material collected under the head of ashes in 1901, yet there were only 45,574 loads of garbage collected in that year, while in 1902 we collected 62,889 loads of garbage. This most distinctly shows not only a generally increased collection, but also a very marked increase in the thoroughness of the primary separation; 17,315 loads of garbage have been kept separate from the ashes and delivered to the New York Sanitary Utilization Company, thus rendering the ash cleaner and fit for land fill. This is a very great step in the right direction.

In 1900, in the Borough of Brooklyn, paper trucks were calculated at two loads, in 1901 at three loads, and in 1902 again at two loads. This explains the apparent rise in the number of loads (table C) in 1901 and subsequent decrease in 1902. These loads (with the exception of the garbage) have been hauled to private land dumps in

the Borough of Brooklyn. Where last year the average price was 25 cents per cart load of a cubic yard and a half and 50 cents per truck load of four cubic yards, it is now 10 cents per cart load of one and one-half cubic yards and 20 cents per truck load of four cubic yards, and in some cases free.

Respectfully inviting attention to the lowest columns of totals of Tables B and C, where the number of loads collected in January, February and March, 1902, are shown, I would say that 399,671 loads in the boroughs of Manhattan and The Bronx, and 138,895 loads in the Borough of Brooklyn, making a total of 448,566 loads collected in July, August and September, 1902, is the greatest amount that our already overworked horses in the Department can handle. It will be seen from an examination of these tables that 442,540 loads of ashes, rubbish and garbage were collected in the boroughs of Manhattan and The Bronx, and 229,140 loads in the Borough of Brooklyn in January, February and March, 1902, making a total of 671,680 loads. It is certainly to be predicated upon this showing that the Department will be required to collect and haul in 1903, in January, February and March no fewer number of loads than in January, February and March, 1902, and we have not a sufficient number of horses to make this collection.

It will be seen by Table D that we have at present writing altogether in the Department 1,301 draft horses. It is necessary for them at present to haul 7,314 cubic yards daily. They are doing all that it is possible for them to do. On June 21, 1902, I communicated with your Honor, as Chairman of the Board of Estimate and Apportionment, requesting from that Honorable Board, a bond issue for the boroughs of Manhattan and The Bronx, and subsequently submitted another for the Borough of Brooklyn alone for horses, carts, harness, cart covers, sweeping machines, etc., amounting for the boroughs of Manhattan and The Bronx, to \$65,000, and for the Borough of Brooklyn, to \$145,000. On July 15 the Board of Estimate and Apportionment passed a resolution approving of this bond issue for the Borough of Brooklyn, and on July 26 approved of the issue for the boroughs of Manhattan and The Bronx. Both these resolutions have been rejected by the Honorable Board of Aldermen.

The urgent necessity for these supplies cannot be overestimated or their importance too strongly emphasized. The condition of many of the horses of the Department now doing daily work is well-nigh deplorable, and this work cannot be continued by them except for a comparatively short time. The strain to which they have been necessarily subjected is beyond animal endurance, and the only hope of improving these conditions depends upon a large increase in the present number, and until that is possible these conditions must grow worse daily. The depleted condition of this Department in the matter of horses, carts, etc., in one single street cleaning district necessitated, during January, February and March of this year the employment daily of from fifty to sixty double trucks at the rate of six dollars per day, and this hiring continued practically throughout the winter, resulting in a largely increased cost to the Department over what it would have been had the equipment been sufficient. In other parts of the City large numbers of horses were also hired for the same purpose, and this necessitated added expense to the City, which would have been avoided had the Department been properly equipped.

Table E will show the total number of Department horses on hand January 1, 1902; the number purchased since that date, also the number remaining on hand October 1, 1902. From the appended table it will be seen that there was on hand and purchased since January 1, 1902, in the boroughs of Manhattan, The Bronx and Brooklyn, 1,656 horses, and on October 1, 1902, there were remaining on hand 1,301 horses, showing a loss of 355 horses, or, in other words, the Department lost five horses more than the 350 that had been purchased during the period named, so that at present writing the Department is worse off in the matter of horse flesh than when I took office. There are a number of causes that have contributed, namely: first, there were a number of old and worn-out horses, others were unserviceable and had passed their period of usefulness, due to excessive hard work, and the constant strain to which they were necessarily subjected, which involved their covering an average distance of twenty miles a day for six days in the week, and a somewhat lighter task on Sundays. Others again died from disease or injuries incidental to departmental work. Besides the distance of twenty miles per day traveled by these horses, the appended table marked F shows the increased burden in loads hauled by them in a comparison of the average number of loads hauled daily (excluding Sundays) in the year 1901, as compared with the daily number of loads hauled for the first six months of 1902. This table will also show a comparison between the number of loads hauled during the first three months of the years 1901 and 1902, and showing an excess in 1902 over the year 1901 of 45,973 loads for the three months named only, and this may serve to give some idea of the increased task which it was necessary to put upon the Department horses, the equipment and the entire Department force as well.

I have appended a table marked G in order that a correct idea may be formed of the growth of the work in that particular location in the City bounded by Broadway, East Houston street, Broome street and the East river. This comprises what is designated in the Department as the Fourteenth and Sixteenth Sections, both of which are most difficult to keep in anything approaching a proper and sanitary condition, and this exhibit will show a comparison between the number of loads hauled in these two sections for a given time in the years 1901 and 1902.

During these months of July, August and September, which are the lightest months of the year in this collecting account, it has been possible to haul from the lower parts of the city, where the population does not leave town for the summer months and is much more dense, the ashes, rubbish and garbage which are their daily output. Now that the inhabitants in the residential portion of the town are beginning to return to their houses and are requiring an increase of service it will be necessary to withdraw from the tenement house districts and return to the residential portion of the city those horses and carts which have been transferred for the purpose of collecting in the tenement house districts. It is impossible, with the number of horses and carts at present at our disposal, to handle the collection in anything like a proper manner. Already our horses are hauling loads of a yard and a half cubic measurement twenty miles a day, and many as far as five-and-twenty miles. This overwork is pressing upon the Department and rapidly wearing out its horses.

I have gone at length into this subject in order that there may not be the slightest misunderstanding in regard to the nature and growth of the work of the Department, its paramount importance, and the urgent necessity for the requisite amount of money with which to purchase such articles and equipment as are absolutely needed to prosecute the work in an efficient, thorough and sanitary manner.

Final Disposition.

The garbage collected by the Department is finally disposed of by the New York Sanitary Utilization Company at their reduction plant at Barren Island, and is not a charge to the Department save for the payment of the monthly contract price, which is \$19,333.33. The ashes and rubbish have been disposed of by placing them upon land fills, mainly at Riker's Island, during these months, from July 1 to September 5 no material of any sort being at sea. On the 5th of September, owing to a break in the crib at Riker's Island, due to its faulty construction, it was necessary to send material again to sea. This break being closed by a boom of logs and timber, we are again continuing our fill at this point.

Beginning on February 18 last, ashes and rubbish have been constantly filled within the crib at Riker's Island. At first the scows were unloaded by hand labor and wheelbarrows. This was a tentative effort, resulting so successfully that a one-yard "orange peel" bucket was installed upon the pier at the northerly end of the island, and it, with its attendant train of cars, continued this fill until June 20, when there was added the dredge "Hell Gate," loaned to this Department by the United States Government, together with the steam pump "Hudson" and the tow boat "Gen. A. A. Humphries." The dredge "Hell Gate" having a five-yard bucket, is capable of unloading four scows a day. This material was placed within the crib and blown into position and leveled by a two and one-half inch stream of salt water driven with great force by the powerful pumps of the "Hudson." As soon as the material reached a proper height within the fill it was covered by eighteen inches of earth taken from the Island. This material has so improved in quality by reason of the efficient primary separation spoken of in my last report that it can be handled in a perfectly sanitary manner in making these land fills. At present writing we have put in behind the crib at Riker's Island 182,245 cubic yards, making a redeemed surface of land ready for the City uses of about ten acres. The lowest estimated value which can be placed upon this land is \$10,000 per acre. The total area of this crib being sixty-three and one-half acres, with increased machinery we will be enabled, I trust, to complete it within the next twelve months, thus adding sixty-three and one half acres

to the City property. This work has been done with the aid of Dr. Lederle, the President of the Board of Health, who has in every way assisted this Department with his advice and counsel in the sanitary handling of this entire work. Other material during these months, which could not be handled at Riker's Island due to the lack of proper machinery, was sent to land fills at Newark and Dutch Kills. This was done in order that the beaches during the bathing season might be kept free from pollution which has caused so much discomfort during past years.

I would respectfully call your attention to the fact that this Department owns but twenty-two flat scows and three steam dumpers. All other means of water transportation for handling the output of the city wastes must be hired from private owners. The three steam dumpers cannot be used for making land fill owing to their peculiar construction. The twenty-two flat scows were built in 1880 and 1881, five by J. D. Leary and eighteen* by Poillon. They are now old, rotten and unseaworthy, and are a large and constant expense in the way of repairs. There has been spent for scow hire since January 1, 1898, as follows:

1898.....	\$163,700 50
1899.....	171,811 00
1900.....	160,423 50
1901.....	193,860 00

We have already spent for scow hire during the present year \$119,569.50, as follows:

January.....	\$23,534 00
February.....	20,535 00
March.....	24,287 00
April.....	14,156 50
May.....	8,935 50
June.....	6,616 00
July.....	4,904 00
August.....	5,295 50
September.....	11,106 00

At this present rate of expenditure it should amount to about \$160,000 for the year 1902. Could this money have been expended for the building of scows instead of for the hiring, we would have our scows and from 40 to 50 per cent. of the estimated total cost for the year.

In view of this enormous expenditure for scow hire, on June 21 I requested the Board of Estimate and Apportionment to authorize the appropriation of a bond issue of \$100,000 for the construction of twenty scows, in order that the City might own a part at least of the water transportation necessary for the handling of its wastes. This was approved by the Board of Estimate and Apportionment and forwarded to the honorable Board of Aldermen and there rejected. It is an increasing necessity that the City should own its own means of water transportation. At any time by a shortage in the scow market or by a cabal the price of scow hire can be advanced indefinitely, and the output of the city waste cannot be handled in this island at present writing without water transportation.

I append to this report a copy of a letter to me bearing on this subject from aptain Alexander Ross Piper, who during these months was Superintendent of Final Disposition and to whom belongs the credit of most efficiently carrying out all the detail of the land fill at Riker's Island, the keeping of the beaches clean and the formation of the contract for final disposition of ashes and rubbish in the Borough of Brooklyn by means of the electrical trolley system. He has proved himself in his Department a most efficient officer. It will be exceedingly difficult to replace him.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

August, 1902.....	1,753	720	2,473
September, 1902.....	1,769	709	2,478

These figures are based upon information obtained from the payrolls, being sweepers actually paid the first week of each month.

Owing to indisposition of Commissioner Nagle, due to a broken leg, the Deputy Commissioner, Captain Francis Marion Gibson, late of the Seventh Cavalry, was in charge on the 1st of June, 1901, and on account of a very large shortage in the sweeping account he laid off 500 Sweepers on the 3d of June and 200 on the 14th of July. This accounts for the large decrease in the number of Sweepers during these two months in 1901. We are still over 200 Sweepers below the force of September 1, 1900.

In 1900 paper trucks were calculated at two loads, in 1901 at three loads, and in 1902 again at two loads. This explains the apparent rise in the loads in 1901 and subsequent decrease in 1902.

It will be seen from this table that paper and rubbish were not separated from the ashes until July, 1902, when, being separated, they were disposed of to a paper manufacturer and made use of.

Each one of these trucks represents two horses, and the large difference between the number of horses in the Department in July, 1900, and July, 1902, is apparent, but not real, as in 1900 there were 416 hired horses, and in 1902 but 54.

Department of Street Cleaning,
New York, May 22, 1902.

Hon. JOHN MCGAW WOODBURY, Commissioner of Street Cleaning, Nos. 13 to 21 Park Row, City:

Sir—I have the honor to place before you the following proposition, which from a business standpoint I believe should be taken up.

The Bureau of Final Disposition at this season, when there is less amount of refuse to dispose of than at any other time of the year, is hiring from forty (40) to fifty (50) scows per day. These scows are used in connection with the twenty-two (22) which are owned by the Department. The hiring of a single scow amounts in the year to \$1,825 as a minimum. In the winter season the number of scows hired runs as high as sixty (60). In view of these facts I have the honor to request that this Department be permitted to contract for the building of twenty (20) flat scows, at a price of from \$4,000 to \$5,000. Such an investment would make a direct saving to the City of about \$1,000 per year per scow. If we allowed \$5,000 per scow the interest on \$5,000 at 5 per cent. would be \$250. Depreciation should be figured from 5 to 10 per cent., and taking the maximum would amount to \$500 per year. Repairs would certainly not run during the first five years more than \$50 to \$75 per year. The excess of the price of hiring is about \$1,000 per year per scow, and twenty scows will, therefore, save the city about \$20,000.

I believe it is good business for the City to own its own plant and thus obviate any chance of having the City placed at the mercy of contractors, who may by combination, at times, prevent the City from obtaining scows.

I suggest the building of twenty scows at present and twenty scows later, giving the Department an equipment of about sixty scows, and I think the market can be depended upon to supply the balance, as it is not probable that all scow owners would at any time go into a combination.

Respectfully,

(Signed) ALEXANDER R. PIPER,
Acting Superintendent of Final Disposition.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS
RESUMED.

The President laid before the Board the following departmental estimate:

No. 1245.

NEW YORK, October 1, 1902.

Hon. CHAS. V. FURNES, President, Board of Aldermen:

DEAR SIR—I have the honor to transmit herewith certified copy of report and resolution adopted by the Board of Education at a meeting held September 24, 1902, relative to the Departmental Estimate for the year 1903.

Respectfully,

A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance presents herewith the estimate of the Department of Education for the year 1903, amounting to twenty-one millions three hundred and sixty-two thousand four hundred and ninety-seven dollars and fifty-eight cents (\$21,362,497.58).

The Charter provides that all moneys raised for educational purposes in The City of New York shall be known as the Special School Fund and the General School Fund, respectively. The estimate of the Department of Education for the year 1903 is, therefore, divided as follows:

	Estimated for 1903.	Appropriated for 1902.	Increase.
General School Fund.....	\$15,899,618 48	\$15,151,883 49	\$747,734 99
Special School Fund.....	5,462,879 10	*4,096,134 28	1,366,744 82
	\$21,362,497 58	\$19,248,017 77	\$2,114,479 81

*\$25,000 Special Revenue Bonds added to original appropriation.

For the purposes of comparison the appropriations for 1902 have been inserted in the foregoing table.

GENERAL SCHOOL FUND.

The following is a summary statement of the General School Fund for 1903, inserted for the purpose of exhibiting the additional amount required in excess of the product of the "four mill" tax:

SUMMARY OF APPROPRIATIONS FOR THE DEPARTMENT OF EDUCATION.

Schedule No.	Title of Appropriation.	Appropriation for 1902, Allowed by Board of Estimate and Apportionment, April 30, 1902.	Transfers by Board of Estimate and Apportionment, Subsequent to April 30, 1902.		Total Appropriation for 1902.	Amount Asked for the Year 1903.	Increase.	Decrease.
			Dr.	Cr.				
I	General School Fund.							
	Chapter 466 of the Laws of 1901, an Act to amend The Greater New York Charter (Chapter 378 of the Laws of 1887), provides as follows:							
	"The Board of Estimate and Apportionment shall appropriate for the General School Fund for the year 1902, and annually for each year thereafter, an amount equivalent to not less than four mills on every dollar of assessed valuation of the real and personal estate in The City of New York liable to taxation."							
	The taxable valuations of property within The City of New York, for the present and past years, upon which the General School Fund is based, are as follows:							
	For 1901 (for General School Fund, 1902).....	\$3,787,970,873 00	\$15,151,883 49		\$15,151,883 49			
	For 1902 (for General School Fund, 1903).....	3,857,047,718 00				\$15,428,190 87	\$276,307 38	
	Additional amount required for year 1903, in excess of the product of the "four mills" tax					471,427 61	471,427 61	
	Totals	\$15,151,883 49			\$15,151,883 49	\$15,899,618 48	\$747,734 99	

Notwithstanding the careful reduction of the requirements of the General School Fund to conditions of necessity and economy, it is found that said requirements will exceed the product of the "four mills" tax by the sum of \$471,427.61. It is therefore discretionary with the Board of Estimate and Apportionment as to making such additional appropriation. Attention is called to the fact that the product of the "four mills" tax for 1902 was \$535,394.72 greater than 1901, while the equivalent for 1903 is only \$276,307.38 greater than 1902. The increase for 1903, so far as relates to the product of the "four mills" tax, has not kept pace with the normal requirements of the schools, and the apparent excess of \$471,427.61 over the minimum amount of the General School

Fund, is not so great when viewed from such a standpoint. In other words, the amount of increase exceeds the apparent normal by about \$212,340.27. This sum is accounted for in the main by the fact that the recent opening of the schools discloses an abnormal increase in both registration and attendance, and in order to provide in 1903 for this increasing factor, a conservative and adequate financial provision or reserve must be maintained for the employment of a sufficient teaching force to conduct the additional classes formed from time to time by reason of increased school accommodations.

The following is a synopsis of the purposes for which it is proposed to expend the General School Fund, the bulk of said fund representing salaries now existing and fixed by law

GENERAL SCHOOL FUND, 1903.

The following table exhibits the amounts which it is proposed to expend from the General School Fund for the year 1903, and the purposes for which each amount is to be expended:

Contained within the foregoing statement is the item marker "General Repairs," Schedule 5a and necessary repairs which can be accomplished in the school buildings without closing of the same. In addition to the foregoing a statement has been inserted, marked "General Repairs," Schedule 5b (Budget B), amounting to \$4,346,560. Said item represents the amount necessary to place all not be accomplished in the usual time available for school repairs. In view of the fact that the item represents extraordinary repairs, the same is not included in the total estimate for 1903.

The following schedule (No. 1) contains the details of the General School Fund:

Contained within the foregoing statement is the item marked "General Repairs," Schedule 5a necessary repairs which can be accomplished in the school building without closing of the same. In addition to the foregoing, a statement has been inserted, marked "General Repairs," Schedule 5b (Budget B), amounting to \$3,346,560. Said item represents the amount necessary to place all the school buildings in the city in absolutely first-class condition, which work, however, could not be accomplished in the usual time available for school repairs. In view of the fact that the item represents extraordinary repairs, the same is not included in the total estimate for 1903.

(Budget A), and amounting for the year 1903 to \$1,767,188.81. Said item represents the usual annual repairs which can be accomplished in the school building without closing of the same.

The following schedules (Nos. 1 to 21) contain the details of the appropriations character representing matters of discretionary allowance, for which no details can

contained within the Special School Fund, excepting certain minor items of special be given:

SCHEDULE NO. 3—SPECIAL SCHOOL FUND.

SCHOOL LIBRARIES.

Boroughs.	Amount Allowed for 1902 by the State.	Required for 1903.
Manhattan and The Bronx.....	\$14,538 47	\$14,538 47
Brooklyn	8,270 90	8,270 90
Queens	1,084 74	1,084 74
Richmond	475 17	475 17
Total.....	\$24,369 28	\$24,369 28

The figures submitted represent the amount appropriated by the State for 1902, and apportioned by the State Superintendent of Public Instruction to the entire City of New York, in order to take advantage of which, the statute, chapter 556 of the Laws of 1894, requires that the City shall also appropriate and expend an equal sum. The Board of Estimate and Apportionment allowed the full equivalent of the amount apportioned by the State Superintendent for 1902, viz.: \$24,369.28. Inasmuch as the apportionment has not been made for 1903, by the State Superintendent, it may become necessary to make some future change in the figures of small nature, which adjustment can probably be effected by transfer when the time comes.

SCHEDULE NO. 4—SPECIAL SCHOOL FUND.
LIBRARIES AND APPARATUS (REGENTS' SCHOOLS).

Boroughs.	No. of Regents' Schools.	Amount Asked for 1903.
Manhattan	2	\$1,000 00
The Bronx	1	500 00
Brooklyn	5	2,500 00
Queens	7	1,750 00
Richmond	3	1,500 00
Total.....		\$7,250 00

These items are inserted in order that the City may avail itself of the grants of the money made by the Regents of the University of the State of New York. These grants are similar in character and principle to those made through the State Superintendent of Public Instruction for Public School Libraries, and may be said to bear the same relation to the High Schools as the apportionment of State moneys does to the Elementary Schools. Manhattan and The Bronx has three High Schools, Brooklyn has five, Queens has seven schools and classes, and Richmond has some schools and classes which are registered by the Regents. The same amount is now requested as was asked for and received for the year 1902.

Borough.	Amount.
The Bronx	\$9,000 00
Brooklyn	2,000 00
Queens	6,500 00
Richmond	1,500 00
Total.....	\$19,000 00

The sum allowed for 1902 was \$24,250. While the requirements in The Bronx and Richmond exceed last year by \$2,000 and \$750, respectively, the same is more than offset by the decrease in Brooklyn occasioned by new schools, etc., \$8,000, rendering unnecessary the employment of transportation in certain districts. This accounts for the net decrease of \$5,250.

	\$512,114 70

The prices at which this estimate is figured are those received at the last public bidding to this Department, although the present unsettled condition of the market renders it somewhat problematical as to whether the material can actually be supplied at such rates; under the circumstances the sum of \$50,000 has been added to the estimate in order to provide for possible and probable contingencies.

SCHEDULE NO. 11—SPECIAL SCHOOL FUND.
LIGHTING.

Boroughs.	Required for 1903.
Manhattan	\$88,000 00
The Bronx	5,500 00
Brooklyn	24,200 00
Queens	2,750 00
Richmond	1,980 00
Total.....	\$122,430 00

The sum asked for and received in 1902 was \$111,300; the increase of \$11,130 is an estimated all-round requirement of 10 per cent., due to enlargement of the system, and also additional features which are being added constantly, such as lectures, evening play centres, roof gardens, etc.

SCHEDULE NO. 12—SPECIAL SCHOOL FUND.
INCIDENTAL EXPENSES.

Contract printing (estimated.).....	\$34,000 00
Postage stamps	6,500 00
Printing secret examination questions.....	467 50
Office records, copying books, etc.....	1,500 00
Printing (non-contract)	5,000 00
Law books, statutes, directories, subscriptions to journals, etc.....	368 00
Typewriters, time clocks, mimeographs, repairs to same, etc.....	750 00
Typewriting ribbons, paper, index cards, etc.....	750 00
Telephones (estimated), including installation of instruments in District Superintendents' offices.....	5,500 00
Contingencies, telegrams, messenger service, car fares, etc.....	6,700 00
Care of horses and wagons.....	2,500 00
Refund physicians' fees.....	400 00
Transportation of officers of the Board.....	3,000 00
Miscellaneous expenses unenumerated.....	4,500 00
Total.....	\$71,936 10

The sum allowed for 1902 was \$61,106.20. The increase of \$10,829.81 is largely due to the volume of printing. Telephone service has necessarily to be increased to keep pace with growth of system. It has become necessary to place telephones in the offices of the District Superintendents. It is proposed to provide suitable and rapid transportation for some of the principal officers of the Department, so that schools and school buildings may be visited expeditiously. At present the Department has no means of transportation other than those used by every citizen, such as surface and elevated roads; much time of valuable nature is thus lost. The introduction and establishment of class libraries necessitates an expenditure for the binding of books, and the transportation of the same to and from the schools, which is included in the last item.

SCHEDULE NO. 21—SPECIAL SCHOOL FUND.

EDUCATIONAL EXHIBIT AT THE LOUISIANA PURCHASE EXPOSITION, TO BE HELD IN ST. LOUIS, MO., IN 1904.

As recommended by the Board of Superintendents, per resolution of July 16, 1902.... \$10,000 00

DEPARTMENT OF EDUCATION, CITY OF NEW YORK.

Offices of the Board of Education,
Park Avenue, Corner Fifty-ninth Street, Borough of Manhattan,
July 16, 1902.

WILLIAM H. MAXWELL, City Superintendent of Schools.

Dictated by T. E. B.

Hon. ALGERNON S. FRISSELL, Chairman, Committee on Finance, Board of Education, City of New York.

Dear Sir—At a meeting of the Board of Superintendents, held this day, the following resolution was adopted:

"Resolved, That the Board of Superintendents recommends to the Board of Education to insert in the budget for 1903 an item of ten thousand dollars (\$10,000) for the purpose of making an exhibition of the school work of the public schools of the City of New York at the Louisiana Purchase Exposition, to be held in St. Louis, Mo., in 1904."

Inclosed herewith you will find a communication from Howard J. Rogers, Chief of the Department of the Exposition, stating that it has been determined to defer the opening of the Exposition until May 1, 1904. It is essential that the sum of ten thousand dollars be made available for use next year, in order that an appropriate exhibit of the New York City Public Schools may be prepared.

Very respectfully,

WILLIAM H. MAXWELL, Chairman, Board of Superintendents.

WORLD'S FAIR, ST. LOUIS, 1904.

LOUISIANA PURCHASE EXPOSITION—EDUCATION.

St. Louis, U. S. A., July 14, 1902.

Superintendent JOHN JASPER, Boroughs of Manhattan and The Bronx, New York City:

Dear Sir—In reference to the matter of the postponement of the St. Louis World's Fair, I beg to inform you that the following statement is now authorized:

"The subject of the postponement of the Exposition to 1904 is now before Congress as an item in the Sundry Civil bill. There is no opposition to said postponement, and indications are that Congress at this session will enact the necessary legislation to provide for dedication ceremonies on April 30, 1903, and for the opening of the Exposition, May 1, 1904."

This information will be of value to you in determining your possible participation in the Exposition, and in modifying your plans, if the decision to take part has already been made. We feel that so far as the Department of Education is concerned the postponement will be of great benefit, as it will enable the schools and institutions of this country to make their preparation throughout the whole of the school year, 1902-'03, and will insure the more extensive co-operation of foreign nations.

We are sending you this information promptly, in order that whatever legislative or financial measures may be necessary can be arranged for without further loss of time.

Yours respectfully,

HOWARD J. ROGERS.

LOUISIANA PURCHASE EXPOSITION, 1904.

St. Louis, June, 1902.

Congress, with the approval of the President of the United States, has provided that the World's Fair at St. Louis in celebration of the Centennial of the Louisiana Purchase shall be held in 1904.

D. R. FRANCIS, President.

The following resolution is submitted for adoption:

Resolved, That the foregoing estimate of the moneys that will be required for the support of the public schools during the year nineteen hundred and three be duly authenticated and submitted to the Board of Estimate and Apportionment and the Board of Aldermen.

ALGERNON S. FRISSELL, RICHARD H. ADAMS, WILLIAM HARKNESS, JOHN C. KELLEY, EDWARD V. W. ROSSITER, Committee on Finance.

A true copy of report and resolution adopted by the Board of Education, September 24, 1902.

A. EMERSON PALMER, Secretary, Board of Education.

n10,14

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to alter the Map or Plan of The City of New York by widening Park avenue on the westerly side, between East Fifty-sixth street and East Forty-ninth street, and closing portions of East Forty-sixth, East Forty-seventh, East Forty-eighth and East Forty-ninth sts., adjoining the New York Central Railroad, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 21st day of November, 1902, at 2:30 o'clock p. m., at which such proposed widening and closing will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by said Board on the 29th day of October, 1902, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York, by widening Park avenue on the westerly side, between East Fifty-sixth street and East Forty-ninth street, and closing portions of East Forty-sixth, East Forty-seventh, East Forty-eighth and East Forty-ninth streets, adjoining the New York Central Railroad, in the Borough of Manhattan, City of New York, more particularly described as follows:

1. The widening of Park avenue, between East Forty-ninth street and East Fifty-sixth street, on the westerly side thereof, so that the westerly line of the said Park avenue, between said streets, shall be described as follows:

From East Forty-ninth street to East Fiftyth street the westerly line of Park avenue to coincide with a line 347.25 feet easterly of and parallel with the easterly line of Madison avenue.

From East Fiftyth street to East Fifty-fifth street the westerly line of Park avenue to coincide with a line 351 feet easterly of and parallel with the easterly line of Madison avenue.

From East Fifty-fifth street to East Fifty-sixth street the westerly line of Park avenue to coincide with a straight line drawn from a point on the northerly line of East Fifty-fifth street, 351 feet easterly of Madison avenue, measured on said northerly line of East Fifty-fifth street, to a point on the southerly line of East Fifty-sixth street, 388.73 feet easterly of the easterly line of Madison avenue, measured along said southerly line of East Fifty-sixth street, said proposed westerly line of Park avenue being shown upon a map thereof, which is hereto annexed and marked "Exhibit 1."

2. The discontinuing and closing of all that part of East Forty-sixth street, which is bounded and described as follows, to wit:

All that portion of East Forty-sixth street lying between a line 100 feet westerly of, and parallel with, the westerly line of Lexington avenue and the present railroad occupation, being a parcel 175 feet in length by 60 feet in width, and which is shown by yellow shading and marked "A" on

the map thereof, which is hereto annexed and marked "Exhibit 2."

3. The discontinuing and closing of all that part of East Forty-seventh street which is bounded and described as follows, to wit:

All that portion of East Forty-seventh street lying between the westerly line of Lexington avenue and the present railroad occupation, being a strip 275 feet in length by 60 feet in width, and which is shown by yellow shading and marked "B" on the map thereof, which is hereto annexed and marked "Exhibit 2."

4. The discontinuing and closing of all that part of East Forty-eighth street which is bounded and described as follows, to wit:

All that portion of East Forty-eighth street lying between the easterly line of Madison avenue and the present railroad occupation, being a strip 150 feet in length by 60 feet in width, and which is shown by yellow shading and marked "C" on the map thereof, which is hereto annexed and marked "Exhibit 2."

5. The discontinuing and closing of all that part of East Forty-ninth street which is bounded and described as follows, to wit:

All that portion of East Forty-ninth street lying between the westerly line of Lexington avenue and the present railroad occupation, being a strip 250 feet in length by 60 feet in width, and which is shown by yellow shading and marked "D" on the map thereof, which is hereto annexed and marked "Exhibit 2."

6. The discontinuing and closing of all that part of East Forty-eighth street which is bounded and described as follows, to wit:

All that portion of East Forty-eighth street lying between a line 116 feet 8 inches easterly of and parallel with the easterly line of Madison avenue and the present railroad occupation, being a parcel 33 feet 4 inches in length by 60 feet in width, and which is shown by yellow shading and marked "E" on the map thereof, which is hereto annexed and marked "Exhibit 2."

7. The discontinuing and closing of all that part of Park avenue and all those parts of East Forty-ninth street, East Fiftyth street, East Fifty-first street, East Fifty-second street, East Fifty-third street, East Fifty-fourth street and East Fifty-fifth street, which are comprised within the parcel of land described as follows:

Beginning at the point of intersection of the southerly line of East Forty-ninth street and the westerly line of Park avenue and running thence westerly on said southerly line of East Forty-ninth street 29 feet; thence in a northeasterly direction 62.71 feet to a point in the northerly line of East Forty-ninth street, said point being 389.25 feet easterly of the easterly line of Madison avenue; thence northerly, parallel with Madison avenue, 200.83 feet to the southerly line of East Fiftyth street; thence easterly on the said southerly line of East Fiftyth street 3.75 feet; thence northerly on a line parallel with the easterly line of Madison avenue and 393 feet easterly thereof 1364.17 feet to the northerly line of East Fifty-fifth street; thence in a northeasterly direction 204.34 feet to a point on the southerly line of East Fifty-sixth street, said point being 430.73 feet easterly of the easterly line of Madison avenue; thence easterly along said southerly line of East Fifty-sixth street to the present railroad occupation; thence southerly along said railroad occupation about 1,927 feet to the westerly line of Park avenue; thence northerly along said westerly line of Park avenue 100.42 feet to the point of beginning, and which are shown by yellow shading and marked "F" on the map thereof, which is hereto annexed and marked "Exhibit 2."

8. The discontinuing and closing of all that part of Park avenue and all those parts of East Forty-ninth street and East Fiftyth street which are comprised within the parcel of land described as follows:

Beginning at the point of intersection of the southerly line of East Fiftyth street and the easterly line of Park avenue and running thence southerly on said easterly line of Park avenue 200.83 feet to the northerly line of East Forty-ninth street; thence easterly on the northerly line of East Forty-ninth street 100 feet; thence southerly on a line parallel with and 305 feet distant from the westerly line of Lexington avenue 60 feet to the southerly line of East Forty-ninth street; thence westerly along the said southerly line of East Forty-ninth street about 145 feet to the present railroad occupation; thence northerly along said railroad occupation 370.83 feet; thence southerly about 50 feet to a point on the northerly line of East Fiftyth street, said point being 40 feet westerly of the easterly line of Park avenue; thence southerly on the arc of a circle of 70 feet radius to the point of beginning, and which are shown by yellow shading and marked "G" on the map thereof, which is hereto annexed and marked "Exhibit 2."

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed widening and closing and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed widening and closing at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 21st day of November, 1902, at 2:30 o'clock p. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed widening and closing will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 21st day of November, 1902.

J. W. STEVENSON,
Secretary.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them below, will offer for sale at public auction, on

MONDAY, NOVEMBER 24, 1902,

at 12 o'clock noon, at the New York Real Estate Salesroom, No. 111 Broadway, Borough of Manhattan, the following-described real estate belonging to the Corporation of The City of New York, viz:

All that certain vacant lot of real estate belonging to The City of New York, situated on the east side of Fourth avenue, seventy-five (75) feet north of Twentieth street, and being twenty-five (25) feet wide in front and rear, with a depth of one hundred (100) feet on each side, and known as lot 71, in block 72, of the Eighth Ward of the Borough of Brooklyn.

The minimum or upset price for which the said premises will be sold is fixed at eleven hundred (\$1,100) dollars, and the sale is to be made upon the following

TERMS AND CONDITIONS OF SALE.

The highest bidder will be required to pay 25 per cent. of the amount of his bid, together with the auctioneer's fees, at the time of the sale; 75 per cent. upon the delivery of the deed, which deed shall be a quit claim deed; the description of property in said deed to be by the ward, block and lot number as designated on the assessment maps for said ward in the Borough of Brooklyn, and to be delivered thirty days from the date of the sale. Said payments to be made in cash.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan, after November 5, 1902.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held October 22, 1902.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE "Greater New York Charter," the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF THE BRONX.

TWENTY-FOURTH WARD, SECTIONS 11 AND 12.

EAST ONE HUNDRED AND NINETY-FOURTH STREET—OPENING, from Valentine avenue to Webster avenue. Confirmed August 4, 1902; entered November 5, 1902. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx in the City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the westerly prolongation of that part of the middle line of the block between East One Hundred and Ninety-second street and Kingsbridge road, lying eastwardly from Jerome avenue, with a line drawn parallel to the westerly side of Jerome avenue and distant 100 feet westerly therefrom; running thence northerly along said parallel line to its intersection with the westerly prolongation of the middle line of the block between Kingsbridge road and East One Hundred and Ninety-sixth street; thence easterly along said westerly prolongation and middle line of the blocks to the easterly side of Valentine avenue; thence easterly along the middle line of the blocks between East One Hundred and Ninety-fourth street and East One Hundred and Ninety-sixth street and its prolongation eastwardly to its intersection with a line drawn parallel to the easterly side of Marion avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to its intersection with the middle line of the block between East One Hundred and Ninety-fourth street and East One Hundred and Ninety-fifth street; thence easterly along said middle line of the blocks to the westerly side of Webster avenue; thence southerly along said westerly side of Webster avenue to its intersection with a line drawn parallel to the southerly side of East One Hundred and Ninety-third street and distant 100 feet southerly therefrom; thence westerly along said parallel line to its intersection with a line drawn parallel to the easterly side of Marion avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to its intersection with a line drawn parallel to the southerly side of East One Hundred and Ninety-third street and distant 200 feet southerly therefrom; thence westerly along said parallel line and its prolongation westwardly to the easterly side of Kingsbridge road; thence northerly along said easterly side of Kingsbridge road to its intersection with the easterly prolongation of that part of the middle line of the block between East One Hundred and Ninety-second street and Kingsbridge road lying westwardly from the Grand Boulevard and Concourse; thence westerly along said easterly prolongation and middle line of the block and its prolongation westwardly to the point or place of beginning.

The above-entitled assessment was entered on the date hereinafore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the

date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments, and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third Avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 5, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when above assessment became a lien to the date of payment.

As provided for by The Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the State or National Banks of The City of New York, two per cent. of the par value of the stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them, at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates thereof shall be issued to them as authorized by law, and in such denominations as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected." Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and not any part thereof, cannot be inserted in any bid.

7. It is also provided by the Charter that these bonds, being registered, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall, so far as practicable, and without pecuniary disadvantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."

8. The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to EIGHTIETH STREET, from Narrows avenue to Fourteenth avenue, in the Thirtieth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE,
 the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 31st day of December, 1901, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 8th day of January, 1902, and indexed in the Index of Conveyances in section 18, blocks 5976, 5977, 5978, 5979, 5980, 5981, 5982, 5983, 5984, 5985, 5986, 5987, 5988, 5989, 5990, 5991, 5992, 5993, section 19, blocks 6266, 6267, 6268, 6269, 6270, 6271, 6272, 6273, 6274, 6275, 6276, 6277, 6278, 6279, 6280, 6281. Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter XVII, of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our

office in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 5th day of December, 1902, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, November 8, 1902.

In the matter of the application of The City of New York relative to acquiring title to EAST NINTH STREET from Avenue U to Avenue V, in the Thirty-first Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed, by an order of the Supreme Court made and entered herein on the 31st day of December, 1901, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 8th day of January, 1902, and indexed in the Index of Conveyances in Section 21, Blocks 7135, 7136, 7159, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons, respectively, entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the pur-

pose of opening said street or avenue, or affected thereby, and having any claim or demand or account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 25th day of November, 1902, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, October 29, 1902.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there.
