# BOARD OF PUBLIC IMPROVEMENTS.

The Board of Public Improvements of The City of New York met at the office of the Board, No. 346 Broadway, on Wednesday, July 6, 1898, at 2 o'clock P. M., pursuant to notice. The roll was called, and the following members were present and answered to their names : The Commissioner of Water Supply, the Commissioner of Fublic Buildings, Lighting and Supplies, the Commissioner of Severs, the Commissioner of Public Buildings, Lighting and Supplies, the Commissioner of Bridges, the President of the Borough of Manhattan, the President of the Borough of The Bronx, the President of the Borough of Brooklyn, the President of the Borough of Queens, the President of the Borough of Brooklyn, the President of the Borough of Queens, the President of the Borough of Brooklyn, the President of the Borough of Queens, the President of the Borough of Brooklyn, the President of the minutes of the meeting of June 20, 1898, were read and approved. The matter of changing the approaches to the bridge over the Harlem river at East One Hundred and Forty-ninth street, in the Borough of The Bronx, the report of the Secretary was read, showing that the matter had been advertised for a hearing on July 6 as required by law. After hearing Mr. Edward A. Ackers, representing the Property Owners' Association of the Twenty-third Ward, and the President of the Borough of The Bronx, requesting that the matter be referred to the Local Board of the Borough of The Bronx for a hearing, and Mr. Steele, representing Mr. Henry Louis Morris and other property-owners, in favor of the purpose of deciding whether all these proposed changes are to come out of the appropriation set aside for the bridge, or whether they are to be paid for by the abutting property owners ; and further Resolved, That a hearing be fixed after the opinion of the Corporation Counsel, for the purpose of deciding whether all these proposed changes of line of Marcher avenue, between East One Hundred and Sity-reighth street and East One Hundred and Sity-ninth street, the report of the Secc

law; and no one appearing in opposition to same, the following resolutions were unannuously adopted : Whereas, It appears from the report of the Secretary to this Board, that he has caused the resolutions adopted by this Board on the 22d day of June, 1898, proposing to alter the map or plan of The City of New York, by changing the line of Marcher avenue, between East One Hundred and Sixty-eighth street and East One Hundred and Sixty-ninth street, in the Borough of The Bronx, City of New York, and for a meeting of this Board, to be held in the office of this Board at No. 346 Broadway, on the 6th day of July, 1898, at 2 o'clock P. M., at which such proposed change would be considered by this Board, and for a notice to all persons affected thereby, of the aforesaid time and place at which such proposed change would be considered, to be published in the CITY RECORD for at least ten days continuously, exclusive of Sundays and legal holidays, prior to the 6th day of July, 1898; and Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice, a copy of which is thereto annexed, have been published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 6th day of July, 1898; and

of July, 1898; and Whereas, At the aforesaid time and place, a public hearing was given to all persons affected by such proposed change who have appeared, and such proposed change was duly considered by

this Board ; now, therefore, be it Resolved, That the Board of Public Improvements of The City of New York, in pursuance Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest to alter the map or plan of The City of New York by changing the line of Marcher avenue, between East One Hundred and Sixty-eighth street and East One Hundred and Sixty-ninth street, in the Borough of The Bronx, City of New York, does hereby favor and approve of the same, so as to change the line of the aforesaid street, as follows : Beginning at a point in the western line of Marcher avenue distant 199.99 feet southerly from the intersection of the western line of Marcher avenue with the southern line of East One Hundred and Sixty ninth street

Hundred and Sixty-ninth street. 1st. Thence southerly along the western line of Marcher avenue for 216.65 feet to the north-

ern line of East One Hundred and Sixty-eighth street (Birch street). 2d. Thence westerly along said northern line of East One Hundred and Sixty-eighth street

Col. JOHN H. MOONEY, Secretary, Board of Public Improvements:

Col. JOHN H. MOONEY, Secretary, Board of Public Improvements: SIR—I transmit herewith a map or plan and a technical description in duplicate, for a public hearing, of changes of grades in the streets lying between East One Hundred and Ninetieth street, the old Croton Aqueduct, Kingsbridge road and Jerome avenue. These changes were made at the suggestion of Mr. Elmer A. Allen and others, and were recommended by the President of the Borough of The Bronx to the Board of Public Improve-ments, which referred for report the matter to the Chief Engineer of the Aqueduct, the Commis-sioner of Highways, and the Chief Topographical Engineer of the Board of Public Improve-ments. The papers in this matter are herein returned. Respectfully, LOUIS A. RISSE, Chief Topographical Engineer and Engineer of Concourse.

And thereupon the following resolutions were unanimously adopted : Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest so to do, propose to alter the map or plan of The City of New York by changing the grades of East One Hundred and Ninety-second street, between Jerome avenue and Croton Aqueduct ; of Kings-bridge road, between Jerome avenue and Aqueduct avenue; of Grand avenue, between East One Hundred and Ninetieth street and Kingsbridge road ; and of Davidson avenue, between East One Hundred and Ninetieth street and Kingsbridge road, in The Borough of The Bronx, City of New York, more particularly described as follows : a. Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements : MAURICE F. HOLAHAN, President, Board of Public Improvements:
DEAR SIR—Pursuant to the provisions of section 524, subdivision 6 of the City Charter, I recommend that the carriageway of One Hundred and Twenty-ninth street, between Lenox and Seventh avenues, be repaved with asphalt pavement, and that the contractor be required to give a guaranty of maintenance for a period of fitteen (15) years.
The estimated cost of the improvement is \$8,000, chargeable to the appropriation for "Repaving Streets and Avenues."
In accordance with the provisions of the first subdivision of section 230 of the Charter of The City of New York, I attach hereto my certificate to the Municipal Assembly that the safety, health or convenience of the public requires that this improvement be made.
In conformity with section 417 of the Charter, I respectfully ask the Board of Public Improvements to approve and adopt the accompanying ordinance, and to transmit it with my certificate to the Municipal Assembly for action by that body.

# Very respectfully, JAMES P. KEATING, Commissioner of Highways.

JAMES P. KEATING, Commissioner of Highways. And the following resolution was adopted : Resolved, That the Commissioner of Highways be and he hereby is authorized to enter into a contract, by public letting, for repaying the carriageway of One Hundred and Twenty-ninth street, between Lenox and Seventh avenues, Borough of Manhattan, with asphalt pavement, and that the contractor be required to give a guaranty of maintenance for a period of fifteen years. Affirmative—Commissioners of Water Supply, Highways, Street Cleaning, Sewers and Bridges, President Borough of Manhattan and President of the Board. Negative—None.

The following communication from the Commissioner of Highways, in regard to the Eighth Ward Improvement Bill, was read, and the matter was again laid over for one week, no report having been received from the Comptroller:

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

How. MAURICE F. HOLAHAN, President, Board of Public Improvements:
 DEAR SIR—With a letter, dated June 23, from your Secretary, I received, for investigation and report, a copy of a communication from the West End Board of Trade, relative to the "Eighth Ward Improvement Bill," Borough of Brooklyn.
 After perusing the report made by the Engineer of the Department of Highways, Borough of Brooklyn, the substance of which was communicated to you in myletter of June 22, the West End Board of Trade "suggest that the expenditure of the balance of the money be made with regard to the wishes of the people of the locality embraced in the improvement and the needs of the locality." They further state that the territory suggested by the Engineer is not within that contemplated by the amended act, and that there are no residents there at present. They point out that "this money should be expended in accordance with the act as amended, because it is just and equitable to the entire locality, and it is the best for the entire locality to improve the streets, between Third avenue and the water, as indicated in the amended bill."
 Engineer N. P. Lewis, Department of Highways, Borough of Brooklyn, reports that the West End Association, through its committee, takes exception to his recommendation regarding the Ward Improvement Act," being chapter 520 of the Laws of 1895, was intended to compel the Commissioner of City Works to expend all the balance of the find on the district between Third avenue and the thinks it is now simply a question of where the money can be used to the best advantage. The object of the "Eighth Ward Improvement Act," being chapter 520 of the Laws of 1895, was intended to compel the Commissioner of City Works to expend all the balance of the find on the district between Third avenue and the thinks it is now simply a question of where the money can be used to the best advantage. The object of the "Eighth Ward Improvement Act," may component the street provement

much more valuable and the owners are amply able to pay the necessary determined by the belief that stantial pavement. The recommendation that Seventh avenue be macadamized was prompted by the belief that the greatest benefit to the borough at large would be derived by opening up the upper section of that avenue to improvement and making it accessible, the borough at large having substantial interest in the matter, inasmuch as it has advanced to the property-owners in the Eighth Ward a large sum of money upon exceedingly liberal terms, thus enabling them to secure improvements which have greatly increased the value of their property, and for which they have the privilege of paving in small annual installments.

In view of the facts and circumstances herein stated, I find no reason to change or modify my communication of June 22 to you, recommending that authority be given to this Department to enter into a contract for macadamizing Seventh avenue, from Thirty-ninth street to the old City line at or near Sixtieth street, or so much thereof and to such a width as the balance of money available will permit.

Very respectfully, JAMES P. KEATING, Commissioner of Highways.

The following communication from the Commissioner of Highways was read :

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—Pursuant to the provisions of section 524, subdivision 6, of the City Charter, I recommend that the carriageway of Twenty-fourth street, between First avenue and Avenue A, be repayed with asphalt pavement, and that the contractor be required to give a guarantee of maintenance for a period of fifteen (15) years. The estimated cost of the improvement is \$6,000, chargeable to the appropriation for "Repaying Streets and Avenues."

The following communication from the Commissioner of Highways was read :

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements: DEAR SIR—By a letter, dated June 17, 1898, Mr. George Clark applied to this Department for the cancellation of the penalty of 55 days overtime, under his contract for regulating and grading Fulton avenue, from Spring place to the Twenty-third Ward Line, Borough of The Bronx, on the ground that at the time the work was begun Boston road and Franklin avenue, running parallel to and being in the vicinity of Fulton avenue, were under improvement, and to afford facilities for wagons and fire-engines to reach those streets it was necessary to prosecute and finish the work on Fulton avenue block by block; that the work on each block could be commenced only when ordered by the Engineers, they having been directed to conduct the work in such a manner as not to impede traffic, and that without the delay thus caused, the work under the con-tract would have been completed within the time specified leaving no penalty to be charged for overtime. overtime.

The contract time was 150 days. The time occupied in completing the work was 274 days, for stormy weather 73<sup>1</sup>/<sub>4</sub> days were allowed, leaving 50<sup>3</sup>/<sub>4</sub> days' overtime chargeable to the contractor.

It appears that the work under Mr. Clark's contract was delayed in the manner and to the extent indicated by him, and the Deputy Commissioner of Highways for the Borough of The Bronx recommends that the penalty for the overtime of 50¾ days should be cancelled. I concur in his recommendation, and respectfully request the Board of Public Improvements to release the contractor from the penalty for overtime under his contract. Very respectfully, JAMES P. KEATING, Commissioner of Highways.

And thereupon the following resolution was adopted : Resolved, That the Commissioner of Highways be and is hereby authorized to remit the penalty for overtime of fifty and three quarter days on the contract for regulating, grading, etc., Fulton avenue, from Spring place to the Twenty-third Ward Line, Borough of The Bronx. Affirmative—Commissioners of Water Supply, Highways, Street Cleaning, Sewers, Bridges, President Borough of The Bronx and President of the Board. Negative—None.

The following communication from the Commissioner of Highways was read :

DEPARTMENT OF HIGHWAYS-COMMISSIONER'S OFFICE, No. 150 NASSAU STREET, New York, July 5, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—On the 22d ultimo Mr. Edward W. Lynch, of No. 1030 Trinity avenue, Borough of The Bronx, made application to this Department for the cancellation of the penalty for 14 days overtime under his contract for constructing two road boxes at the intersection of One Hundred and Thirty-eighth street and Brook avenue, Borough of The Bronx, on the ground that he was unable to get the necessary castings from the foundry in Paterson, New Jersey, until 25 days after an inspector had been put on the work, the castings being special and not kept in stock. The contract time was 10 days. The time occupied in completing the work was 30 days, and for stormy weather 6 days were allowed, leaving 14 days overtime chargeable to the contractor. Upon investigation I find that the contractor was actually delayed in his work by his inability to obtain the special castings required and which are not kept in stock. Under these circumstances, the Deputy Commissioner of Highways for the Borough of The Bronx recommends that the penalty for the 14 days overtime be cancelled. I concur in his recommendation and respectfully request the Board of Public Improvements to release the con-tractor from the penalty for overtime under his contract. Very respectfully, JAMES P. Col. JOHN H. MOONEY, Secretary, Board of Fublic Improvements:

SIR-In reply to the action taken by the Board of Public Improvements on the 22d ultimo, referring to me, for report, communication from the President of the Borough of Queens recom-mending that the sewer in First street, between West avenue and Vernon avenue, Borough of Queens, be cleaned, and that the street be cleared from all obstructions, I have to report as follow

First street, between West avenue and Vernon avenue, was laid out on the Commissioners' Map of Long Island City. It was regulated and a sewer was built therein by the proper authorities

authorities. The President of the Borough of Queens, as Chairman of the Committee to investigate the complaint of D. S. Jones & Co. against the Long Island Railroad Company, the said Com-pany having erected a high board fence on the centre of First street, between West avenue and Vernon avenue, states in his communication that the sewer in First street has become inopera-tive on account of the accumulation of dirt in said street and the high board fence erected on the line of the sewer by the said railroad company. He further states that First street was found to be a public highway and was in use more than twenty years. Upon examination of the premises it was found that the railroad company occupies the north half of the street between West avenue and Vernon avenue and erected the above-mentioned fence. Earth, coal, ashes, etc., were dumped in the street, and no connection with the sewer is possible under present circumstances.

Assuming that the investigations of the President of the Borough of Queens are correct, I know of no objection to having the fence removed by the Commissioner of Highways and ordering the Commissioner of Sewers to put the sewer in First street, between West avenue and Vernon avenue, in serviceable condition. The papers and map in the matter are herewith returned.

a list of streets, title to which is vested in the City, but on which the encroaching buildings have not as yet been sold. While the preparation for sales of the buildings which encroach on these streets, as well as the removal thereof, devolves upon this Department, there is no specific fund at the disposal of this Department from which to pay for such work. On most of the streets named in the list a considerable amount of preliminary work is necessary in preparing for a sale of encroaching structures. The services of several men for some time would be required in advance of a sale. This Department is not aware whether or not, under section 971 of the Charter, the Board of Public Improvements have granted permits to the owners of encroaching buildings to maintain them within the lines of streets for a definite period. In any case, this Department cannot undertake the work necessary to prepare for a sale, and would therefore ask the Board of Public Improvements to direct the Chief Topographical Engi-neer, in accordance with his own suggestion, to prepare a catalogue showing in detail the extent

Mr. MAURICE F. HOLAHAN, President, Board of Public Improvements: DEAR SIR—In answer to communication from Willis Holly, Secretary, June 18, 1898, for-warding resolution of Department of Parks June 21, 1897, as follows: "On motion the Board of Street Opening and Improvements was requested to take the necessary steps to acquire the property on the water front of Corlears Park." At a meeting of the Board of Street Openings and Improvement held July 2, 1897, the above resolution was presented to the Board and referred to the Comptroller, at his request, for examina-tion and report. The papers are still with the Comptroller, no report having been made. The Commissioners appointed to take the land for Corlears Hook Park included within the park area about fifty feet of the westerly part of old South street, now in use, leaving some twenty feet only of the old street. The Department of Docks, under the act of 1871, and with the approval of the Sinking Fund Commission, laid out a marginal street 150 feet wide, which includes all of South Street in front of the Park. By the Greater New York Charter, power is given to the Sinking Fund Commission to alter the water front on the East river, south of Grand street. Plans are being prepared by the Board of Docks for such alteration, and nothing can be done until they are being prepared by the Board of Docks for such alteration, and nothing can be done until they are completed and filed.

No. 346 BROADWAY, NEW YORK, July 1, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

SIR-In answer to the resolution of the Board of Parks, meeting of June 30, 1898, forwarding a petition of residents of the neighborhood of small park on East Houston street, etc., for the closing of Willett street, between Houston and Stanton streets. The Board of Street Openings and Improvement, at a meeting, May 22, 1896, adopted the

following resolution : Resolved, That Willett street as now opened and extended, between Houston and Stanton streets, and as shown on said maps, plans and profiles above referred to and described, shall

remain open as a public street as now exists. The maps showing the park and the part of Willett street between Houston and Stanton streets as not closed, were filed May 25, 1896. The argument at the time of the laying out the small park was that if the part of Willett street as shown upon the map was closed and discon-tinued, the City would be liable for damages by so doing. The land within the street lines was ceded to the City for the use of a public street only, and

if used for any other purpose, would revert back to the original owner. Returning petition, etc.

The following communication from E. S. # LAW OFFICE OF EDWARD S. CLINCH, NO. 115 BROADWAY, NEW YORK, July 5, 1898.

The Board of Fublic Improvements, No. 346 Broadway :

The Board of Phote Improvements, No. 340 broadway? GENTLEMEN—Your attention is called to the fact that the site of the engine house No. 173 Elm street is included in the property taken for the widening of that street. So much of the other buildings taken was sold by auction and has since been removed. The engine house still remains, not only as an obstruction to the actual widening, but also to the damage and annoyance of abut-ting property owners. I represent the owner of Nos. 167, 169 and 171 Elm street, and he has been embarrassed in renting portions of these premises by the fact that the engine house still remains and by the prevalence of an impression that it is to remain for an indefinite period. Inas-much as the property-owners have been compelled to part with the possession of so much of their remains and by the prevalence of an impression that it is to remain for an indefinite period. Inas-much as the property-owners have been compelled to part with the possession of so much of their property as was taken in the widening and have been assessed for the improvement, it is respect-fully submitted that it is not reasonable for the City not to give to the property owners all possible benefit for which their property has been assessed. You are, therefore requested to revoke any permit that you may have given to permit the fire engine house to remain unmoved, and if it is within your power to do so, to compel its removal. Yours truly, EDWARD S. CLINCH

On motion of the Comptroller and by the concurrent action of all the members of the Board, the following resolutions were adopted : Resolved, That Alexander J. Cameron, having been employed as bookbinder in the Depart-ment of the City Record for the provisional period of six months from October 5, 1897, be and is hereby permanently appointed bookbinder in this department and detailed to the Finance Depart-ment, said appointment dating on and from April 5, 1898, with compensation as theretofore. Resolved, That the Supervisor of the City Record be and is hereby authorized and directed to prepare a pay-roll in favor of Alexander J. Camerom, bookbinder in this department and detailed to the Finance Department, for his salary from May 1st to date, without deductions, and certify the same to the Comptroller for payment, Mr. Cameron having continuously rendered service to the City for that period although nominally suspended from duty owing to the opinion of the Law Department dated May 6, 1898, advising this department that he was not legally in the employ of the City ; said opinion (resting upon an imperfect record submitted to the Law Department relative to Mr. Cameron's provisional appointment) having been withdrawn. On motion of the Mayor and by the concurrent action of all the members of the Board, authority was given to the Supervisor of the City Record to expend the sum of \$10,000 for station-ery, printing and blank books for county courts and offices.
