The Chair called for a public hearing in the matter of the request of the Com-
missioners of Docks, that the Commissioners of the Sinking Fund authorize and
assent to the institution of condemnation proceedings for the acquisition of prop-
erty to be acquired for the improvement of the waterfront and harbor of The City
of New York, between the center line of 27th street and the center line of 28th
street, Gowanus Bay, Brooklyn.

No one appeared in opposition. On motion, the hearing was adjourned to be

Dock Department—Communication from, with Reference to the Necessity of
Dredging on the South Side of Pier 64, North River (Cal. No. 3).

The following was received: Pier A, North River, October 11, 1918.

Hon. JOHN F. HYLAN, Mayor and Chairman of the Commissioners of the Sinking
Fund:

Dear Sir—Under date of August 26, 1918, I transmitted a letter to the Commis-
sioners of the Sinking Fund, urging the immediate necessity for dredging on the
south side of pier 64, North River, Borough of Manhattan, and requesting that a
resolution be adopted recommending to the Board of Estimate and Apportionment
that the Comptroller be authorized to issue corporate stock of The City of New
York in the sum of \$15,000, to cover the cost of dredging.

At a meeting held September 26, 1918, the Commissioners of the Sinking Fund
referred my request of August 26, 1918, back to me, with the suggestion that it be
included in the 1919 budget.

I accordingly communicated this decision to the Anchor Line, the lessee of said
pier, and I have received a letter dated October 8, 1918, from the Line, a copy of
which is enclosed herewith, stating that the postponement of this work until the
year 1919 would seriously interfere with the conduct of its business in the transporta-
tion of troops and supplies abroad, and asking whether it will be in order for the line
to do the dredging, deducting the cost from the rent.

To conform to the suggestion for a deduction of the cost of dredging from the
rent would be illegal, and I am referring the Line's said communication of the 8th
inst. to you for your consideration.

Yours for the Fourth Liberty Loan,
MURRAY HULBERT, Commissioner of Docks.
(Copy.)

Anchor Line, 21-24 State Street, New York, October 8, 1918.
Dredging South Side Pier 64, North River.

Hon. MURRAY HULBERT, Commissioner of Docks, Pier A, North River, New York
City:

Dear Sir—We beg to acknowledge receipt of your favor dated 4th inst., re-
garding dredging of south side, pier 64, North River, and carefully note contents.

In regard to postponing this work until the year 1919, would say that this would
interfere very much with the conduct of the very important business we are now en-
gaged in of transporting troops and supplies abroad, as that side is practically useless
owing to lack of water, thus depriving us of berthing and loading a second steamer,
which we are obliged at times to anchor in the stream until the berth at the north
side is available.

If the City is not in position to do the work it is not in order for us to do the
dredging, deducting the cost from the rent?

We are with you for the Fourth Liberty Loan. Respectfully,
ANCHOR LINE, per W. J. G. HUNSON Assistant to Agent.

Which was referred back to the Commissioner of Docks, with a suggestion that
he apply to the Board of Estimate and Apportionment for the money by transfer.

Board of Education—Lease for, of Premises on the South Side of East 149th
Street, Between Tinton and Union Avenues, The Bronx (Cal. No. 4).

The Comptroller presented the following report and offered the following reso-
lution:

September 30, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—At a meeting of the Commissioners of the Sinking Fund held Sep-
tember 26, 1918 (Cal. No. 15C), there was referred to the Comptroller a resolution
adopted by the Board of Education on August 14, 1918, requesting the Commissioners
of the Sinking Fund to approve of and consent to the execution by the Board of
Education of a lease of a vacant plot of land on the south side of East 149th street,
between Tinton and Union avenues, Bronx, for a period from April 1, 1918, to July 1,
1920, at an annual rental of \$1, with the privilege of renewal thereafter for one or
two years upon the same terms and conditions, the Board of Education to pay taxes,
maintain the fences and meet all liability for claims for damages which may grow
out of the use of the premises by the Board of Education or under its direction.

This is a new lease.
The premises proposed to be leased are to be used for playground purposes in
connection with P. S. 25, which is directly opposite. The property in question is
assessed for the year 1918, at \$76,500.

There is no City owned property in the vicinity that is available for this purpose.

The nearest City owned property is directly opposite and is occupied by P. S. 25.

There is no property in the vicinity now under lease to the City that is not in use
or that could be made available for the purposes of this lease.

There is no other privately owned property that could be rented or used in lieu
of the above premises to the advantage of the City.

Under the circumstances the rent appears to me to be reasonable and just.

The application of the Board of Education for the leasing of this property is sub-
mitted for your consideration; and in the event of favorable action thereon, I re-
spectfully recommend that the Commissioners of the Sinking Fund approve of and

consent to the execution by the Board of Education of a lease of the vacant land in the Borough of The Bronx bounded and described as follows:

Beginning at the corner formed by the intersection of the westerly line of Union avenue with the southerly line of East 149th street, running thence westerly along the southerly line of East 149th street 200 feet to the corner formed by the intersection of the said southerly line of East 149th street with the easterly line of Tinton avenue; thence southerly along the easterly line of Tinton avenue 175 feet; thence easterly and parallel with 149th street 100 feet; thence northerly and parallel with the said Tinton avenue 75 feet; thence again easterly and parallel with the said 149th street 100 feet to the westerly line of Union avenue, and thence northerly along the westerly line of Union avenue 100 feet to the point or place of beginning.

—for a period from April 1, 1918, to July 1, 1921, at an annual rental of one dollar (\$1), payable annually, with the privilege of renewal thereafter for one or two years upon the same terms and conditions; the Board of Education to pay the taxes, maintain the fences and meet all liability for claims for damages which may grow out of the use of the premises by the Board of Education, or under its direction; it being further provided that the lease may be terminated on or at any time after July 1, 1919, by a written notice to that effect by either party sixty days prior to the date named in said notice, as being the date of termination.

Owners, New York City Society of the Methodist Episcopal Church, 162 Second avenue, Manhattan.

Respectfully,

CHARLES L. CRAIG, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City from the New York City Society of the Methodist Episcopal Church of the vacant plot of land in the Borough of The Bronx, bounded and described as follows:

Beginning at the corner formed by the intersection of the westerly line of Union avenue with the southerly line of East 149th street; running thence westerly along the southerly line of East 149th street 200 feet to the corner formed by the intersection of the said southerly line of East 149th street with the easterly line of Tinton avenue; thence southerly along the easterly line of Tinton avenue 175 feet; thence easterly and parallel with 149th street 100 feet; thence northerly and parallel with the said Tinton avenue 75 feet; thence again easterly and parallel with the said 149th street 100 feet to the westerly line of Union avenue, and thence northerly along the westerly line of Union avenue 100 feet to the point or place of beginning.

—for a period from April 1, 1918, to July 1, 1921, at an annual rental of one dollar (\$1), payable annually, with the privilege of renewal thereafter for one or two years upon the same terms and conditions; the Board of Education to pay the taxes, maintain the fences and meet all liability for claims for damages which may grow out of the use of the premises by the Board of Education or under its direction; it being further provided that the lease may be terminated on or at any time after July 1, 1919, by a written notice to that effect by either party sixty days prior to the date named in said notice as being the date of termination; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Board of Education—Lease for, of Premises Known as Lavelle Hall on 260th Street, Near Riverdale Avenue, The Bronx (Cal. No. 5).

The Comptroller presented the following report and offered the following resolution:

October 5, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Sirs—At a meeting of the Commissioners of the Sinking Fund, held September 26, 1918 (Cal. No. 141), there was referred to the Comptroller a resolution adopted by the Board of Education on August 14, 1918, requesting the Commissioners of the Sinking Fund to approve of and consent to the execution by the said Board of a lease of the premises known as Lavelle Hall, located on 260th street, near Riverdale avenue, occupied as an annex to Public School No. 7, for period from July 1, 1918, to July 1, 1921, at an annual rental of \$1,920; otherwise upon the same terms and conditions as now occupied.

The Board of Education have been occupying four rooms in this school building since September 1, 1915, at an annual rental of \$1,500. The new rental is at the rate of \$1,920, or an increase of \$360 a year, but this includes extra space, which will provide accommodations for an additional 140 pupils.

The capacity of the premises proposed to be leased is for 200 pupils, which is at the rate of \$9.60 a year for each sitting.

There is no City-owned property in the vicinity that is available for this purpose. The nearest City-owned property is Van Cortlandt Park.

There is no property in the vicinity now under lease to the City that is not in use, or that could be made available for the purposes of this lease.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just. The City is a hold over tenant in these premises.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of the premises known as Lavelle Hall, located on 260th street, 150 feet east of Riverdale avenue, Borough of The Bronx, at present occupied as an annex to Public School No. 7, together with the hall in said building, for a period from July 1, 1918, to July 1, 1921, at an annual rental of \$1,920, payable quarterly; the Board of Education to have the use of the premises on all school days from 8 o'clock a. m. to 5 o'clock p. m.; the lessors to pay for light, heat and janitor service, and to comply with all orders which may be issued or filed against the premises by the Municipal Bureaus or Departments; the City to pay any taxes and water rates that may be assessed against the premises during the term of the lease or any renewal thereof.

Lessors, Church of St. Margaret of The City of New York, 260th street and Riverdale avenue, Borough of The Bronx. Respectfully,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City, from the Church of St. Margaret of The City of New York, of the premises known as Lavelle Hall, located on 260th street, 150 feet east of Riverdale avenue, Borough of The Bronx, at present occupied as an annex to Public School No. 7, together with the hall in said building, for a period from July 1, 1918, to July 1, 1921, at an annual rental of nineteen hundred and twenty dollars (\$1,920), payable quarterly; the Board of Education to have the use of the premises on all school days from 8 o'clock a. m. to 5 o'clock p. m.; the lessor to pay for light, heat and janitor service and to comply with all orders which might be issued or filed against the premises by the Municipal bureaus or departments; the City to pay any taxes and water rates that may be assessed against the premises during the term of the lease or any renewal thereof; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Board of Education—Lease for, of the Fifth and Sixth Floors of the Cary Building, Nassau and Jay Streets, Brooklyn (Cal. No. 6).

The Comptroller presented the following report:

October 1, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Sirs—On September 26, 1918 (Cal. No. 150), your Board referred to the Comptroller a communication from the Board of Education, dated August 27, 1918, requesting approval of and consent to the execution by the Board of Education of a lease of the fifth and sixth floors of the Cary Building, Nassau and Jay streets, Borough of Brooklyn, for use of the Brooklyn Vocational School, for a period from April 1, 1918, to July 1, 1921, at an annual rental of \$5,000.

The seventh floor in this building is occupied by the City as a vocational school for boys, at an annual rental of \$4,500. The school opened in June, 1915, with about 150 pupils. It has since grown until now there are 465 pupils, and, owing to the increase in the number of students, space formerly used for classes in English, history, civics and sciences has had to be turned over for mechanical instruction, leaving no space for gymnasium, lunch room, social activities, assembly hall or for storage for wood used by the classes. Twenty pupils is the maximum number allowed to a class by the Department of Education, but, owing to the congested condition, from 30 to 35 are at present in the class rooms.

While the resolution of the Board of Education states that the lease is to be for the fifth and sixth floors of the Cary Building, at an annual rental of \$5,000, for a period from April 1, 1918, to July 1, 1921, investigation discloses the fact that the present rental for each floor in this building is \$5,000 a year per floor, each of which has 13,000 square feet, or, at the rate of about 38½ cents per square foot, and that the City is not and has not been in occupation since April 1, 1918.

There is no City-owned property in the City available for this purpose.

The nearest City-owned property is the Bridge plaza, directly across the street, occupied for bridge purposes.

There is no property in the vicinity now under lease to the City that is not in use or that could be available for the purpose of this lease.

The floors in this building had previously been rented for \$4,500 a year each, but are now \$5,000 each a year throughout.

There is no privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

I respectfully submit the matter for such consideration as you may deem proper.

Respectfully,

CHARLES L. CRAIG, Comptroller.

After consideration, the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City from the Cary Manufacturing Company of the fifth and sixth floors of the Cary Building, located on the southeast corner of Nassau and Jay streets, Borough of Brooklyn, for the use of the Brooklyn Vocational School, for a period from the date of occupation to July 1, 1921, at an annual rental of five thousand dollars (\$5,000), payable quarterly, with the privilege of renewal for a term of two or three years, upon the same terms and conditions; the lessees to have the use of the elevators jointly with other occupants of the building from 7 a. m. to 5:30 p. m. each day, Saturday afternoons and holidays excluded; the lessees not to cut into or otherwise disfigure any portion of the premises, except so far as may be necessary to erect partitions, etc., required for vocational school purposes, and to keep the same in good order and condition at their own expense, with the exception of the roof, which the lessors agree to keep in repair; the lessors to have all pupils of the school out of the building at or before 6 p. m. on each and every day except Saturday, and on Saturday at or before 1 p. m.; the lessees not to place, cause or allow to be placed any sign or fixture or other article to be attached to the outside of the building, it being understood and agreed that the lessors will place a directory in the main entrance of the building in which the name of the lessors may be placed, including the floors occupied; the lessees to pay for all gas consumed by them at the rate charged by the gas company supplying the same, the amount of gas so consumed by the lessees to be determined by a meter or meters to be placed upon the premises; the lessors to pay for the gas consumed in the building coming through the main meter in the basement of the building, and charge the amount consumed by the lessees as shown by separate meters on the fifth and sixth floors, said gas bills to be paid at the end of each quarter; the lessees to install their own meter for water to be used on the fifth and sixth floors and pay for same at the City water rates; the lessees to pay for any additional fixtures for lighting other than those already installed and to maintain the same at its own expense; the lessees to take from the lessors all of the electric current for power and lighting from the lessors' alternating system during the ordinary working hours of the day when the plant of the lessors is running, from 7 a. m. to 5:30 p. m., Saturday afternoons and holidays excluded, such alternating current so taken to be paid for to the lessors by the lessees with each quarterly settlement of rent, the lessors to furnish the same at the following rates:

8 cents per K. W. H. for the first 100 K. W. H. monthly consumption; 6 cents per K. W. H. for the next 1,000 K. W. H. monthly consumption; 4½ cents per K. W. H. for the next 3,000 K. W. H. monthly consumption; all additional current over 4,000 K. W. H. monthly consumption to be charged at the flat rate of 4½ cents per K. W. H.; the current to be charged separately on each floor.

—the lessees to promptly execute and comply with all orders, notices and requirements of the Board of Health or any other Department of the Federal, State or City Government applicable to the said premises during said term, and also to comply with and execute all rules, orders and regulations of the New York Board of Fire Underwriters, and make, at its own expense, all alterations and additions that may be required in any way for the occupancy of the premises to be used for vocational school purposes; the lessees not to assign the lease or to underlet or sublease the premises, or any part thereof, without the consent of the lessors in writing; the lessors and their agents and other representatives to have the right to enter into and upon said premises or any part thereof at all reasonable hours for the purpose of examining the same; the lessees in case of fire shall give immediate notice thereof to the lessors, who shall thereupon cause any damage to the building to be repaired forthwith, but if the premises be so damaged that the lessors shall decide not to rebuild, the term shall cease, and the accrued rent to be paid up to the time of the fire; the lessors shall not be liable for any damage or injury by fire or water which may be sustained by the party of the second part or by any other person, or for any other damage or injury resulting from the carelessness or negligence or improper conduct on the part of the lessees, or the occupants of the premises, or on the part of any other tenant or tenants, or their agents or employees; it is expressly understood and agreed between the parties to these presents that if the said rentals and other payments be not paid at the times and in the manner above described, or if there shall be any default in any of the covenants or agreements herein contained, the lease and the premises hereby demised shall at the option of the lessors terminate, and the lessors and their legal representatives shall have the right to re-enter the said premises and to remove the lessees and its representatives or other occupants and their effects therefrom by dispossession or otherwise; the lessees, at the termination of the lease, or additional terms, to remove all partitions that may have been erected from time to time on said fifth and sixth floors, at their own expense, in so far as the lessors may require same to be removed at the end of the term, and to leave the premises in as good condition as when first occupied, reasonable wear and tear excepted; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Sirs—On September 26, 1918 (Cal. No. 158), your Board referred to the Comptroller a communication from the Board of Education requesting your Board to approve of and consent to the execution by the Board of Education of a lease of the first floor and rear room on the second floor of the Jacob A. Riss Neighborhood Settlement, Nos. 48-50 Henry street, Manhattan, occupied as an annex to Public School No. 2, for a period from April 1, 1918, to July 1, 1921, at an annual rental of \$330.

The two rooms on the first floor have been occupied without payment of rent by the Board of Education for kindergarten purposes for the last four years in connection with or as an annex to Public School No. 2, at 116 Henry street, for both morning and afternoon classes, and the rear room on the second floor was put in repair at about the beginning of this year for use of the Board of Education by the Settlement authorities, but has not been actually occupied by the Board of Education, although they have been using the gymnasium right along also without payment of any rent in addition to the first floor; the owners, however, do not feel that they can give the City the free use of premises any longer, which are now to include the additional room at the rear of the second floor.

There is no City-owned property in the vicinity available for this purpose.

The nearest City-owned property is at 31-33 East Broadway, occupied as a public library.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

The rent for the premises, which comprise 875 square feet, is \$330 a year, or at the rate of about 38 cents per square foot, including heat, light, water rates and janitor service, and is the cheapest rent in the vicinity.

There is no other privately owned property in the vicinity that could be rented or used in lieu of the above premises to the advantage of the City.

I respectfully submit the matter for such consideration as your Board may deem proper. Respectfully,
CHARLES L. CRAIG, Comptroller.

After consideration, the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City from the Jacob A. Ris Neighborhood Settlement of the first floor and rear room on the second floor of the Jacob A. Ris Neighborhood Settlement, Nos. 48-50 Henry street, Manhattan, for a period from April 1, 1918, to July 1, 1921, at an annual rental of three hundred and thirty dollars (\$330); the owners to furnish light, heat and janitor service, pay the water rates and any assessments that may be levied against the property, comply with all orders of any municipal bureau or department which may be filed against the premises prior to or during the term of the lease, and put the premises in such condition that certificates of occupancy for school purposes will be granted by the Fire Department, the Department of Health and the Bureau of Buildings; for the Borough of Manhattan; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Board of Education—Lease for, of Premises at Nos. 338-342 East 104th Street, Manhattan (Cal. No. 8).

The Comptroller presented the following report:

October 7, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On September 26, 1918 (Cal. No. 14N), your Board referred to the Comptroller a communication from the Board of Education requesting your Board to approve of and consent to the execution by the Board of Education of a lease of four rooms on the west side of the second and third floors of the building Nos. 338-342 East 104th street, Manhattan, to be used as an annex to Public School No. 168, in addition to those already occupied, for a period from September 1, 1918, to July 1, 1920, with the privilege of renewal thereafter for an additional term of one or two years, at an annual rent of \$1,750.

The City already occupies for school purposes four rooms in this building, under lease from November 1, 1917, expiring July 1, 1920, at an annual rental of \$2,000.

This school has a seating capacity of 2,335, with 3,961 pupils. It is greatly overcrowded. Thirteen classes, or about 550 pupils, have been sent to this annex, to relieve the conditions existing at the school.

There is no City-owned property in the vicinity available for this purpose.

The nearest City-owned property is Public School No. 168, directly opposite, in use as a school.

There is no property in the vicinity now under lease to the City that is not in use, or that could be made available for the purposes of this lease.

These rooms contain an approximate floor area of 2,885 square feet, and at the rental of \$1,750 a year, the rate per square foot is 60.35 cents, including heat, light, janitor service and all repairs. There is no similar property for rent with which comparison may be made.

There is no other privately-owned property that could be rented or used in lieu of the above premises, to the advantage of the City.

I submit the matter for such consideration as your Board may deem proper and in the event of favorable action I respectfully recommend the adoption of the attached resolution. Respectfully,
CHARLES L. CRAIG, Comptroller.

After consideration, the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City from St. Lucy's Roman Catholic Church of four rooms, two each on the west side on the second and third floors of the building at Nos. 338-342 East 104th street, Borough of Manhattan, for use as an annex to Public School No. 168, in addition to those already occupied for a period from September 1, 1918, to July 1, 1920, with the privilege of renewal thereafter for an additional term of one or two years, at an annual rental of one thousand seven hundred and fifty dollars (\$1,750), payable quarterly; the lessors to furnish light, heat and janitor service, and make all repairs; the Board of Education to pay water rates; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Board of Education—Lease for, of Premises at No. 162 2d Avenue, Manhattan (Cal. No. 9).

The Comptroller presented the following report:

October 10, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On September 26, 1918 (Cal. No. 16), your Board referred to the Comptroller a communication from the Board of Education requesting your Board to approve of and consent to the execution by the Board of Education of a renewal of the lease of the first floor of the premises at No. 162 Second avenue, Manhattan, occupied as an annex to Public School No. 122, for a period of two years from July 1, 1918, with the privilege of renewal for a further term of one year or two years, at an annual rental of \$800.

These premises have been occupied for this purpose under leases made as follows:

July 1, 1910, July 1, 1911, \$360.....	S. F. Minutes.
July 1, 1911, July 1, 1912, \$360.....	Apr. 26, 1911
July 1, 1912, July 1, 1913, \$360.....	Apr. 26, 1911
July 1, 1913, to July 1, 1914, \$360.....	Jan. 15, 1913
July 1, 1914, July 1, 1915, \$480.....	July 1, 1913
July 1, 1915, July 1, 1916, \$480.....	June 10, 1914
July 1, 1916, July 1, 1917, \$480.....	Dec. 29, 1915
July 1, 1917, July 1, 1918, \$480.....	June 26, 1917

The rent paid by the City for the last four years has been \$480 a year. On account of the increased cost of coal, labor and materials the owners state that they cannot renew the lease at the old rate, and request an increase of \$120, or \$800 a year, for this renewal.

There is no City-owned property in the vicinity available for this purpose.

The nearest City-owned property is at the corner of 1st avenue and 9th street, occupied as Public School No. 122.

There is no property in the vicinity now under lease to the City that is not in use, or that could be made available for the purpose of this lease.

These rooms will accommodate 172 pupils and contain 2,640 square feet of floor space. At the new rate of \$800 a year the rate is 22.7 cents per square foot per year, and includes taxes, water rates, heat, light and janitor service. This is a very cheap rental, being one of the cheapest the City has, and with which there is no comparison in the vicinity.

There is no other privately-owned property that could be rented or used in lieu of the above premises to the advantage of the City.

I submit the matter for such consideration as your Board may deem proper, and in the event of favorable action, I respectfully recommend the adoption of the attached resolution. Respectfully,
CHARLES L. CRAIG, Comptroller.

After consideration, the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of renewal of the lease to the City from the New York City Baptist Mission Society of the first floor of the premises at No. 162 2d avenue, Manhattan, occupied as an annex to Public School No. 122, for a period of two years from July 1, 1918, with a privilege of renewal for a further term of one or two years, at an annual rental of six hundred dollars (\$600), payable quarterly; the owners to furnish light, heat, janitor service, make all repairs, pay taxes and water rates; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Dear Sirs—On September 26, 1918 (Cal. No. 14O), your Board referred to the Comptroller a communication from the Board of Education requesting your Board to approve of and consent to the execution by the Board of Education of a lease of Rooms 1, 2, and 4 to 20, inclusive, in the premises at Nos. 132-142 East 111th street, Manhattan, to be used as an annex to Public School No. 101, for a period from September 1, 1918, to July 1, 1921, at an annual rental of \$5,800.

These premises were occupied by the City for the same purpose, and at the same annual rental of \$5,800 under a lease beginning September 1, 1914, and expiring July 1, 1917, but was not occupied by the City during the interval from July 1, 1917, to September 1, 1918, owing to changes occasioned by the introduction of the Gary system in this school. This annex accommodates nineteen classes, or 850 pupils.

There is no City-owned property in the vicinity available for this purpose.

The nearest City-owned property is Public School No. 101, directly opposite, in use as a school.

There is no property in the vicinity now under lease to the City that is not in use, or that could be made available for the purposes of this lease.

Based on the number of pupils (850) in this annex, and the rental of \$5,800 a year, the rate per year per pupil, is \$6.82.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

I submit the matter for such consideration as your Board may deem proper, and, in the event of favorable action, I respectfully recommend the adoption of the attached resolution. Respectfully,
CHARLES L. CRAIG, Comptroller.

After consideration the following resolution was offered for adoption:

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Board of Education—Hiring by, of Halls for Lecture Purposes During the Season 1918-1919 (Cal. No. 11).

The Comptroller presented the following report and offered the following resolution:

October 2, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—At a meeting of the Commissioners of the Sinking Fund, held September 26, 1918 (Cal. No. 17), there was referred to the Comptroller a resolution adopted by the Board of Education on August 14, 1918, requesting the Commissioners of the Sinking Fund to authorize the hiring of certain halls in the different Boroughs of The City of New York for lecture purposes during the season of 1918-1919, for one evening per week, except where otherwise indicated, at the rental stated opposite the location of each hall, the rental to include heat, light and janitor service, and to authorize the Comptroller to pay the rental of the same without the necessity of entering into leases therefor.

During the season of 1917-1918 nine halls were required for this purpose, whereas the requirements for 1918-1919 will be eleven, the increase being for two halls in the Borough of Brooklyn, for which no request was made last year.

The rent of the various halls during the season of 1917-1918 was \$90 per night, while the rental for the coming season, 1918-1919, will be \$121.50, an increase in the matter of hiring halls of \$31.50 per night.

This is the usual resolution presented by the Board of Education each year, requesting the hiring of lecture halls in the various Boroughs for the ensuing season.

The rentals include heat, light and janitor service, except in one instance (Metropolitan Temple, Seventh avenue and 14th street, Manhattan), where only heat and light is included.

The City for some years has been paying from \$5 to \$25 per night for these halls, according to their size and location, which rent has been found to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the hiring of the following halls for lecture purposes, for the use of the Department of Education, during the season of 1918-1919, at the rental set opposite the location of each hall, for one evening a week in each case, except where otherwise stated, and authorize the Comptroller to pay the rentals for the same upon a voucher drawn by the Board of Education without the necessity of entering into a lease therefor, the rent, in each case, to include heat, light and janitor service, except wherein noted, to wit:

Health Department—Communication from, with Reference to the Louisa Minturn Hospital (Cal. No. 15).

A communication was received from the Health Commissioner, dated August 7, 1918, stating that he has had several interviews with the authorities of the Louisa Minturn Hospital, and as a result the trustees of that institution desire to terminate the lease and return the property to the Sinking Fund Commission in order that it may be turned over to the Health Department for use of the Willard Parker Hospital.

The Louisa Minturn Hospital occupies premises at the foot of East 16th street, Manhattan, under a lease entered into July 1, 1896, for a period of 99 years, at a nominal rental.

The Commissioner suggests that such action be taken as will transfer the use of the property to the Health Department on the termination of the lease. The reason the Commissioner asks that this action be taken before the lease is actually terminated is because the Minturn Hospital trustees have a certain endowment fund that he is urging them to turn over to the City or to use in putting the Minturn Hospital in first class repair before it is turned over to the City. The Trustees are anxious

to have the original purposes of the gift and endowment carried out and these can be carried out only by the use of the building for contagious diseases.
Laid over at meetings held September 26, October 10 and 17, 1938.
Which was again laid over.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On October 10, 1938 (Calendar No. 28A), your Board referred to the Comptroller a communication from the Commissioner of Water Supply, Gas and Electricity, dated October 2, 1938, requesting a renewal of the lease of the premises occupied by the Department of Water Supply, Gas and Electricity as a photometric station at No. 684 Morris Park Avenue, Borough of The Bronx, for a period of one year from November 1, 1938, subject to the conditions which govern the existing lease. Provision for the renewal of this lease was made in the 1938 Budget.

These premises have been occupied for this purpose under leases made as follows:

November 1, 1906—November 1, 1907, \$300 a year.....	S. F. Minutes.
November 1, 1907—November 1, 1908, \$300 a year.....	Nov. 1, 1906

November 1, 1917—November 1, 1918, \$264 a year.....	Oct. 25, 1917

There is no City-owned property in the vicinity available for this purpose.
The nearest City-owned property is on the easterly side of Amethyst street, north of Morris Park Avenue, occupied as Public School No. 34.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

The rent of these premises is at the rate of \$22 per month. Similar flats, at No. 689 Morris Park Avenue, rent for \$22 and \$25 per month.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of said lease upon the same terms and conditions as the present lease of the third floor, consisting of five rooms and bath, in the building, No. 684 Morris Park Avenue, Borough of The Bronx, for use of the Department of Water Supply, Gas and Electricity, for a period of one year from November 1, 1938, at an annual rental of \$264, payable quarterly; the lessor to pay taxes and water rates; the lessee to supply heat, light and janitor service. Lessors, George Lahmann, 874 Morris Park Avenue, Borough of The Bronx. Respectfully,
LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the third floor, consisting of five rooms and bath, in the building, No. 684 Morris Park Avenue, Borough of The Bronx, for use of the Department of Water Supply, Gas and Electricity, for a period of one year from November 1, 1938, at an annual rental of two hundred and sixty-four dollars (\$264), payable quarterly; the lessor to pay taxes and water rates; the lessee to supply heat, light and janitor service; lessor, George Lahmann; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Sale and Removal of Encroachments Lying Within the Lines of Damage Parcel No. 311 of the Corona Avenue Proceeding, Borough of Queens (Cal. No. 23).

The Comptroller presented the following report and offered the following resolution:

October 13, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—A request has been received from the President of the Borough of Queens for the removal of an encroachment within the lines of Damage Parcel No. 311 of the Corona Avenue proceeding, in the Borough of Queens, to permit the improvement of the street.

This encroachment consists of part of a one-story frame store building, the estimated removal value of which is \$10, which amount should be realized by its sale.

I therefore request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by sections 265 and 1553 of the Revised Charter, adopt a resolution authorizing and ordering that the said encroachment be offered for sale at the upset or minimum price named above, and also authorizing and ordering that the President of the Borough of Queens to demolish and remove this encroachment if it is not sold at the said upset price, as an encumbrance upon a public street, and such a resolution is herewith transmitted. Yours truly,

CHARLES L. CRAIG, Comptroller.

Whereas, The President of the Borough of Queens has requested the removal of an encroachment lying within the lines of Damage Parcel No. 311 of the Corona Avenue proceeding, in the Borough of Queens, and

Whereas, If this improvement is offered for sale at an upset price, it would probably realize a fair return in proportion to the award given, it is therefore

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids of Damage Parcel No. 311 of the Corona Avenue proceeding, consisting of part of a one-story frame store building, the estimated removal value of which is

\$10, upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund at meetings held October 4, 1910, and January 18, 1916, and the President of the Borough of Queens is hereby authorized and ordered to demolish and remove this encroachment if it does not realize the said upset price, as an encumbrance upon a public highway, in the manner provided by section 265 of the Revised Charter, as amended by chapter 298 of the Laws of 1909.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Jeremiah Milbank—Request of, for the Cancellation of Taxes for 1919 on Premises 301-311 4th Avenue and 107-113 East 23d Street, Manhattan (Cal. No. 24).

A communication was received from Masten & Nichols, attorneys for Jeremiah Milbank, dated October 15, 1918, making application for the cancellation of the real estate assessment for the year 1919 against the premises 301-311 4th Avenue and 107-113 East 23d Street, Manhattan, for the reason that Mr. Milbank is allowing the Red Cross the use of the upper floors of the building without the payment of rent therefor. It is also his purpose and intent to turn over the balance of the building to the Red Cross as soon as the present tenancies can be terminated, the result being that on or before January 1, 1919, the Red Cross will have the use and occupation of these premises rent free.

Which was referred to the Corporation Counsel for an opinion as to the powers of the Commissioners of the Sinking Fund in the matter.

Margaret L. Kerrigan—In the Matter of the Release to, of the City's Interest in Property on 16th Avenue and Bennett's Lane, Brooklyn (Cal. No. 25).

Board of Education—Lease for, of Premises in the Parochial School on the East Side of Hoe Avenue, North of 167th Street, The Bronx (Cal. No. 39).

The Comptroller presented the following report:

October 9, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—At a meeting of the Commissioners of the Sinking Fund held September 26, 1918 (Cal. No. 14), there was referred to the Comptroller a resolution adopted by the Board of Education on August 14, 1918, requesting a lease of 9 rooms in the Parochial School of St. John's Chrysostom's Church, located on the east side of Hoe Avenue, 100 feet north of 167th Street, Borough of The Bronx, to be used as an annex to Public School 20 for a period from September 1, 1918, to July 1, 1921, at an annual rental of \$6,500, with the privilege of renewal for a further term of three years on the same terms and conditions, the owners to furnish heat, light and janitor service and make all repairs.

The premises proposed to be leased will provide school accommodations for 402 pupils.

The rental of \$6,500 a year, figured on the attendance, will be at the rate of \$16.17 per pupil, and based on the rate per room would be \$722.22. The average rental per room in five other leased school buildings is approximately \$600 per annum, and the average attendance rate is about \$16 per pupil per year.

The rental for the premises in question was considered very high, and efforts to secure a reduction of this rent were unsuccessful, as the owner held that the matter of rental had been agreed upon between the Board of Education and himself.

There is no City-owned property in the vicinity that is available for this purpose.

The nearest City-owned property is Fox square, and is used as a public place.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

There is no privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

The request of the Board of Education for the leasing of these premises is therefore respectfully submitted for consideration by your Board.

Owners, St. John's Chrysostom's Roman Catholic Church.

Respectfully, CHARLES L. CRAIG, Comptroller.

After consideration the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a renewal of the lease to the City, from St. John's Chrysostom's Roman Catholic Church, of nine rooms in the Parochial School of St. John's Chrysostom's Church, located on the east side of Hoe Avenue, 100 feet north of 167th Street, Borough of The Bronx, to be used as an annex to Public School 20, for a period from September 1, 1918, to July 1, 1921, at an annual rental of six thousand five hundred dollars (\$6,500), with the privilege of renewal for a further term of three years on the same terms and conditions; the owners to furnish heat, light and janitor service and make all repairs; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Trustees of Bellevue and Allied Hospitals—Lease for, of Premises at No. 426 East 26th Street, Manhattan (Cal. No. 40).

The Comptroller presented the following report:

October 11, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On September 26, 1918 (Calendar No. 43), your Board referred to the Comptroller a communication from the Secretary of the Board of Trustees of Bellevue and Allied Hospitals, dated August 16, 1918, requesting the execution of a lease of at least twenty additional rooms in Osborn Hall, No. 426 East 26th Street, Manhattan, to be used as dormitories for the Nurses at Bellevue Hospital who are unable to obtain such accommodation in the Nurses' Residence, at a rental of \$4,458 a year, and to be coterminous with the existing lease of these premises.

The City is already leasing Rooms 226 to 238, inclusive, in this building, under a lease expiring March 1, 1919. It was found necessary on September 1, 1918, to immediately provide quarters for twenty additional Nurses, and twenty rooms, designated as 318, 320 to 338, inclusive, on the 25th Street side of the third floor of Osborn Hall, to be occupied as of that date, at a rental of \$4,548 a year.

The communication from the Secretary of the Board of Trustees requests this lease for a period of one year, with the privilege of renewal.

The Alumnae Association cannot agree to this without calling a meeting, but do agree to lease from the date of occupation until March 1, 1919 (the date of expira-

tion of the lease of other rooms on the second floor. Dr. O'Hanlon agrees to this arrangement.

There is no City-owned property in the vicinity available for this purpose.

The nearest City-owned property is the Bellevue Hospital premises on the north side of the street.

There is no property in the vicinity now under lease to the City that is not in use, or that could be made available for the purposes of this lease.

At the rental of \$4,548 a year, the rate per room per year is about \$227, and includes steam heat, elevator and janitor service, electric lights, water rates, bed linen and towels, and is the same uniform rate for rooms of this class to all Nurses.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances the rent appears to me to be reasonable and just.

I submit the matter for such consideration as your Board may deem proper, and, in the event of favorable action, I respectfully recommend the adoption of the attached resolution. Respectfully,

CHARLES L. CRAIG, Comptroller.

After consideration, the following resolution was offered for adoption:

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Alumnae Association of the Bellevue Training School for Nurses of Room 318, and Rooms 320 to 338, inclusive, with baths and toilets on the third floor, of the East 25th street wing or extension of the building, known as Osborn Hall, No. 426 East 26th street, Borough of Manhattan, for use of the Trustees of Bellevue and Alfred Hospitals, for a period from September 1, 1918, to March 1, 1919, at the rate of forty-five hundred and forty-eight dollars (\$4,548) a year, payable quarterly; the lessor to pay taxes and water rates and furnish electric light, steam heat, elevator and janitor service—and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Adjourned.

The Commissioner of Health also wishes me to request—if the Commissioners of the Sinking Fund determine to approve of the resolution of the Board of Health and lease North Brother Island and the boats Franklyn Edson, Pelham and Duchess for the highest marketable price and rental—that he is desirous of having the necessary advertising inserted in the City Record at the earliest possible moment, consistent with your procedure.

Appreciating your co-operation in this matter, I beg to remain,

Very truly yours,

CHARLES L. KOHLER, Secretary.

October 24, 1918.

JOSEF KORS, Esq., Secretary, Commissioners of the Sinking Fund, Municipal Building, New York City:

Dear Sir—The Board of Health of the Department of Health of The City of New York at a meeting held October 22, 1918, adopted the following:

Whereas, This Board, having given due consideration to the needs and requirements of the Department of Health in providing for the isolation, care and treatment of persons affected with infectious diseases in the City of New York during the period of the war, has determined that the land, buildings and appurtenances on North Brother Island, Borough of The Bronx, City and State of New York, County of The Bronx, and the boats Franklyn Edson, Pelham and Duchess would not be essential to the needs of the Department of Health and the protection of the public health for the duration of the war and eighteen months thereafter; it was therefore

Resolved, That the Secretary of this Board be and is hereby directed to notify the Commissioners of the Sinking Fund of The City of New York, in behalf of this Board, that the Department of Health will not, for the period of the war and eighteen months thereafter, require the land, buildings and appurtenances now under its jurisdiction and control located on North Brother Island, City and State of New York, County of The Bronx, and used for the isolation, care and treatment of persons affected with infectious diseases, or the boats Franklyn Edson, Pelham and Duchess, used for the transportation of such persons to and from North Brother Island; and be it further

Resolved, That the Commissioners of the Sinking Fund be requested to lease for the highest marketable price or rental, in conformity with the provisions of section 265 of the Greater New York Charter, the land, buildings and appurtenances now under the jurisdiction and control of the Department of Health, used for the isolation, care and treatment of persons affected with infectious diseases, and the boats Franklyn Edson, Pelham and Duchess, used for the transportation of such persons to and from North Brother Island, such lease, however, to be upon the following terms and conditions:

1. That such equipment as may be needed by the Department of Health of The City of New York to provide for the proper care of such patients as are usually sent to North Brother Island may be removed to such other buildings as may be determined upon by the Department of Health.

2. That all stores and supplies, except coal, shall be retained by the Department of Health of The City of New York, or, at the option of the lessee, may be purchased by it and that all coal on the demised premises, when turned over to the lessee, shall be purchased by the lessee at cost. An inventory shall be prepared of all equipment not removed by the Department of Health as aforesaid and initialed by the Department of Health and attached to the lease.

3. That the rental for the demised premises shall be three hundred and eighty-three thousand dollars for the term granted, payable as follows: On December 31, 1918, \$127,666.66; on March 31, 1919, \$127,666.66; on June 30, 1919, \$127,666.66.

4. Lessor to agree that the said buildings and such machinery, boilers, plumbing, elevators and heating apparatus as may be therein, are, or, at its expense, shall be forthwith placed in condition suitable for occupancy and use for the purposes for which they are now used.

5. Lessor to agree to pay all taxes, assessments and other Governmental charges assessed against said demised premises as and when due, including water rates or charges.

6. Lessor to assume risk of loss or damage to the said demised premises by fire or explosion, however or by whomsoever caused, and of damage by the elements. In the event that any building now on the demised premises shall be damaged or destroyed by fire or otherwise, lessor shall restore the same as speedily as possible to the condition it is now in, and remit to lessee a sum which shall represent fair com-

penation for the loss of occupancy of said building until the restoration is completed.

7. Lessor to agree that lessee may make such alterations and improvements to and upon said demised premises as lessee may require, and all improvements fixed to, or erected or placed in or upon the said premises by the lessee shall be and remain the exclusive property of the lessee, provided, however, that the same, unless sold or otherwise disposed of, shall be removed by the lessee within a reasonable time after the said premises are vacated under this lease, but any new buildings erected on the property shall, at the expiration of the term hereof, become and be the property of the lessor.

8. Lessee to agree at the expiration of the term or the termination of this lease, to quit and surrender the premises in as good a state and condition as when received, reasonable wear and tear and damage, the result of risks herein provided to be assumed by lessor, excepted.

9. That the lessor will warrant and defend to the lessee the quiet and peaceable possession and occupancy of the aforesaid premises, and in case of any disturbance, by suit or otherwise, will defend the same free of charge.

10. That the lessee may reserve the right to quit, relinquish and give up the said premises at any time within the period for which this lease may be renewed, by giving to the said lessor or agent thirty (30) days' notice in writing.

11. That, at the option of the lessee, the lease, with all its covenants and agreements, may be renewed yearly as often as the needs of the public service may require, so as to give the lessee continuous possession of the premises, not extending, however, beyond June 30, 1920, but no renewals shall be made to include more than one fiscal year, nor beyond eighteen months after the termination of the present war. In case of any renewal beyond June 30, 1919, the rental shall be at the rate of one dollar per year.

12. That the right to reject any and all bids shall be reserved by the Commissioners of the Sinking Fund.

Very truly yours,

CHARLES L. KOHLER, Secretary.

The Commissioner of Health was heard in regard to the matter and interrogated by the Comptroller in regard to the conditions of the lease.

The Comptroller then offered the following resolutions for adoption:

Resolved, That the resolution adopted by this Board at meeting held September 28, 1918, assigning to the Federal Government for its use during the period of the war, and for eighteen months thereafter, North Brother Island, and the buildings and appurtenances thereon, together with the boats "Franklyn Edson," "Pelham" and "Duchess," upon conditions therein enumerated, be and the same is hereby rescinded.

Whereas, The Board of Health of the Department of Health of The City of New York, by resolution adopted October 22, 1918, having turned over to the Commissioners of the Sinking Fund as no longer required, for the period of the war and eighteen months thereafter, the land, buildings and appurtenances now under its jurisdiction and control, located on North Brother Island, City and State of New York, County of The Bronx, together with the boats "Franklyn Edson," "Pelham" and "Duchess," used for the transportation of persons to and from North Brother Island; it is

Resolved, That, pursuant to the provisions of section 265 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction for the highest marketable rental of a lease of the land, buildings and appurtenances on North Brother Island, City and State of New York, County of The Bronx, together with the boats "Franklyn Edson," "Pelham," and "Duchess," for the period beginning November 30, 1918, and ending June 30, 1919; the minimum upset rental at which said lease shall be sold be and is hereby appraised and fixed at the sum of three hundred and eighty-three thousand dollars (\$383,000), for the term of the lease, payable as follows:

On December 31, 1918, \$127,666.66; on March 31, 1919, \$127,666.66; on June 30, 1919, \$127,666.66.

—and be it further

Resolved, That the Comptroller be and is hereby authorized and directed to take the necessary steps for conducting such sale upon the following terms and conditions:

1. That such equipment as may be needed by the Department of Health of The City of New York to provide for the proper care of such patients as are usually sent to North Brother Island may be removed to such other buildings as may be determined upon by the Department of Health.

2. That all stores and supplies, except coal, shall be retained by the Department of Health of The City of New York, or, at the option of the lessee, may be purchased by it and that all coal on the demised premises, when turned over to the lessee, shall be purchased by the lessee at cost. An inventory shall be prepared of all equipment not removed by the Department of Health as aforesaid and initialed by the Department of Health and attached to the lease.

3. The lessor to agree that the said buildings and such machinery, boilers, plumbing, elevators and heating apparatus as may be therein, are, or, at its expense, shall be forthwith placed in condition suitable for occupancy and use for the purposes for which they are now used.

4. The lessor to agree to pay all taxes, assessments and other Governmental charges assessed against said demised premises as and when due, including water rates or charges.

5. The lessor to assume risk of loss or damage to the said demised premises by fire or explosion, however or by whomsoever caused, and of damage by the elements. In the event that any building now on the demised premises shall be damaged or destroyed by fire or otherwise, the lessor shall restore the same as speedily as possible to the condition it is now in, and remit to the lessee a sum which shall represent fair compensation for the loss of occupancy of said building until the restoration is completed.

6. The lessor to agree that the lessee may make such alterations and improvements to and upon said demised premises as the lessee may require, and all improvements fixed to, or erected or placed in or upon the said premises by the lessee shall be and remain the exclusive property of the lessee, provided, however, that the same, unless sold or otherwise disposed of, shall be removed by the lessee within a reasonable time after the said premises are vacated under this lease, but any new buildings erected on the property shall, at the expiration of the term hereof, become and be the property of the lessor.

7. The lessee to agree at the expiration of the term or the termination of this lease, to quit and surrender the premises in as good a state and condition as when received, reasonable wear and tear and damage, the result of risks herein provided to be assumed by the lessor, excepted.

8. That the lessor will warrant and defend to the lessee the quiet and peaceable possession and occupancy of the aforesaid premises, and in case of any disturbance, by suit or otherwise, will defend the same free of charge.

York, DO HEREBY CERTIFY, that I have compared the foregoing copy of a resolution with the original thereof, duly adopted by the State Industrial Commission on the 30th day of October, 1918, and duly filed in the office of said Commission, and that the same is a true and correct copy and transcript of said resolution and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the State Industrial Commission this 1st day of November, 1918. WILLIAM S. COFFEY, Secretary.

(Seal.)

Whereas, the Rosemary Creamery Company, of 15 Park Row, New York City, also operating under the name of the National Milk Sugar Company and the Dry Milk Company, has made application for a variation from the provisions of Section 8-a of the Labor Law insofar as the same applies to male adult employees at its plant at Bova Centre, Painesville, Mexico and Adams, New York;

Whereas, investigations made by the Superintending Inspectors having charge of the districts wherein these plants are located show that the process of manufacture is not necessarily continuous, but that said Company is engaged in the manufacture of condensed milk and milk powder under contract with the British Government, the Young Men's Christian Association and the French Red Cross Auxiliary; and

It appearing that the perishable nature of the material manufactured makes it necessary to take care of the product immediately, that there is a shortage of labor, and that this Company is under contract to ship the product within a certain period; therefore

Be it resolved, by the State Industrial Commission, that variation be and it hereby is granted to the Rosemary Creamery Company, operating also under the name of the National Milk Sugar Company and the Dry Milk Company, permitting the male adults employed at the plants of said Company at Bova Centre, Adams, Mexico and Painesville, to work seven days per week, in shifts of eight hours each per calendar day, on condition that no employee is permitted to work more than eight hours in any calendar day except when changing shifts. A list of the employees working on each shift and the hours worked to be conspicuously posted in said plant. This variation to take effect immediately, and to continue until January 31, 1919.

Dated, Oct. 31, 1918.

I, WILLIAM S. COFFEY, Secretary of the State Industrial Commission of the State of New York, DO HEREBY CERTIFY, that I have compared the foregoing copy of a resolution with the original thereof, duly adopted by the State Industrial Commission on the 30th day of October, 1918, and duly filed in the office of said Commission, and that the same is a true and correct copy and transcript of said resolution and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the State Industrial Commission this 1st day of November, 1918. WILLIAM S. COFFEY, Secretary.

Whereas, the Astoria Light, Heat and Power Company, of Astoria, Long Island, has made application to this Commission for a variation from the provisions of Section 8-a of the Labor Law insofar as the same applies to the male adults engaged in work for the United States Government at its plant at Astoria; and

Whereas, it has been shown by the report of the Superintending Inspector in charge of the district wherein the plant is located that the work done is not necessarily a continuous operation, but that this Company is under contract with the United States Government to supply material needed in the prosecution of the war; and

It appearing that the Hon. Newton D. Baker, Secretary of War, has certified to this Commission that an emergency exists, warranting the granting of a variation from the provisions of Section 8-a of the Labor Law; therefore

Be it resolved, by the State Industrial Commission, that variation be and it hereby is granted to the Astoria Light, Heat & Power Company, of Astoria, N. Y., to permit the employment of the male adults at work at said plant on material contracted for by the United States Government, seven days per week. This variation to become operative immediately and to continue until Jan. 31, 1919. If at the expiration of said period the emergency still exists, further certificate to be furnished and the matter acted on accordingly.
