### HOUSING PRESERVATION AND DEVELOPMENT

#### ■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that a Real Property Hearing, will be held on Wednesday, August 12, 2020, at 10:00 A.M. The Public Hearing will be held via Conference Call. Call-in #: 1-646-992-2010, Access Code 717-876-299.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the sale of the following City-owned property (collectively, "Disposition Area") in the Borough of Brooklyn:

Address 515 Blake Avenue Block/Lot

Under HPD's Extremely Low and Low Income Affordability Program, sponsors purchase City-Owned or privately owned land or vacant buildings and construct multifamily buildings in order to create affordable rental housing. Construction and permanent financing is provided through loans from private institutional lenders and from public sources including HPD, the New York City Housing Development Corporation, the State of New York, and the Federal Government. Additional funding may also be provided from the syndication of low-income housing tax credits. The newly constructed buildings provide rental housing to low-income families with a range of incomes from 30% to 80% of the Area Median Income ("AMI"). Projects may include tiers of units with rents affordable to households earning up to 100% of AMI. Subject to project underwriting, up to 30% of the units may be rented to formerly homeless families and individuals.

Under the Supportive Housing Loan Program, HPD funds the rehabilitation or new construction of buildings which provide supportive housing for the homeless, people with special needs, and other persons of low income. HPD works with the Department of

Homeless Services, the Department of Health and Mental Hygiene, the Human Resources Administration's HIV/AIDS Services Administration, and other public agencies to ensure that the completed projects receive appropriate building security and social services.

Under the proposed project, the City will sell the Disposition Area to Neighborhood Restore Housing Development Fund Corporation ("Sponsor") for the nominal price of one dollar per tax lot. The Sponsor will subsequently convey the Disposition Area to HELP 515 Blake Avenue Housing Development Fund Corporation ("Owner"). The Owner will also deliver an enforcement note and mortgage for the remainder of the appraised value ("Land Debt"). The Owner or its affiliates will demolish an existing 192-unit transitional housing facility and then construct approximately four buildings containing a total of approximately 507 rental dwelling units, plus three units for superintendents, and approximately 3,945 square feet of commercial space on the Disposition Area.

The proposed project will be developed in three phases. Phase 1 will be the construction of one approximately 183-unit building for occupancy by homeless and low income persons, plus one unit for a superintendent, and approximately 1,745 square feet of commercial space, to be conveyed under HPD's Supportive Housing Loan Program. Phase 2 will be the construction of one approximately 70-unit building for occupancy by homeless and low income persons, plus one unit for a superintendent, to be conveyed under HPD's Supportive Housing Loan Program. Phase 3 will be the construction of two buildings with a total of approximately 254 units plus one superintendent unit, with approximately 2,200 square feet of commercial space, to be conveyed under HPD's Extremely Low and Low Income Affordability Program.

The Land Debt will be repayable out of resale or refinancing profits for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by contacting HPD, at pearsona@hpd.nyc.gov, on business days during business hours.

In order to access the Public Hearing and testify, please call 1-646-992-2010, Access Code: 715 951 139, no later than 9:55 A.M. If you need further accommodations, please let us know at least five business days in advance of the Public Hearing via email, at DisabilityAffairs@mocs.nyc.gov.

## **PROCUREMENT**

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

• Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

#### HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all

Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at http://www.nyc.gov/html/hhsaccelerator/html/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

#### Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)

#### Statement of Basis and Purpose of Proposed Rules

The proposed rules implement Local Law #18 of 2020 (Administrative Code section 27-2033.1) which requires the installation of internet capable temperature reporting devices (heat sensors) in certain multiple dwellings with a history of heat violations and complaints. The heat sensors will be installed in and monitor the temperature in individual apartments. Owners and tenants with internet connection will have access to the heat sensors' data (tenants with no internet connection must receive data from the owner when requested).

Beginning on July 1, 2020, the Department of Housing Preservation and Development (HPD) will select 50 class A multiple dwellings every two years to participate in the heat sensor program. An owner whose building is selected will participate in the program for four years unless the building is discharged sooner as a result of not having been issued any heat violations in the immediately preceding heat season, or having demonstrated that permanent action has been taken to provide heat for the next heat season.

The proposed rules set forth the criteria under the law for the selection of the buildings, which include the number of heat violations issued to the building and the number of heat complaints received from occupants of more than one dwelling unit in the building during the previous two heat seasons. The proposed rules also exclude certain buildings that are already participating in other HPD programs that address heat violations and conditions in such buildings.

Owners of buildings selected for the program must notify all tenants regarding the requirement to install and maintain heat sensors. Tenants may refuse, in writing, to have a heat sensor placed in their apartment. Owners are required to keep records of such refusals, in addition to maintaining other records prescribed by the law and rules. Owners must submit temperature records to HPD periodically, and provide this data to tenants upon request.

New material is underlined.

Section one. Title 28 of the rules of the city of New York is amended by adding a new Chapter 56 to read as follows:

Chapter 56

Internet Capable Temperature Reporting Devices

- § 56-01. Definitions. For purposes of this chapter, the following terms have the following meanings:
- a. Heat Season. Heat season means the period of time beginning on October first of one year, and ending on May 31st of the following year.
- b. Internet Capable Temperature Reporting Device. Such device must be capable of making such information available through an ordinary internet connection or through other means when no such connection is present. Such information must be accessible to property owners and any tenant of the unit in which such device is placed.

#### § 56-02. Criteria.

- a. No later than July 1, 2020, and every two years thereafter, the department will select 50 class A multiple dwellings for installation by the owner of one Internet Capable Temperature Reporting Device in each dwelling unit in the selected multiple dwelling. The department will select such buildings using criteria, including, but not limited to the following:
- (1) the multiple dwelling was issued violations of administrative code section 27-2029(a) or 27-2028 for each of the past two Heat Seasons as set forth in these rules; and
- (2) the multiple dwelling has been the subject of a heat-related complaint from two or more distinct dwelling units in each of the last two heat seasons as set forth in these rules.
- b. Notwithstanding the criteria set forth in subdivision a of this section, a multiple dwelling that is participating in the Alternative Enforcement Program pursuant to administrative code section 27-2153, or that has an Article 7A administrator appointed pursuant to real property actions and proceedings law article 7A, or that has been the subject of an in rem foreclosure judgment in favor of the city and was transferred by the city to a third party pursuant to administrative code section 11-421.1 within the prior five years, shall not be included among the multiple dwellings selected pursuant to subdivision a of this section.
- c. For purposes of selecting 50 class A multiple dwellings for installation of Internet Capable Temperature Reporting Devices, such multiple dwellings having the greatest number of violations of sections 27-2029(a) and 27-2028 of the administrative code, and at least four violations of such sections for the past two Heat Seasons shall be selected. Where more than one multiple dwelling has the same number of violations and would result in more than 50 multiple dwellings being selected, the multiple dwellings with the highest percentage of dwelling units with heat-related complaints in the last two Heat Seasons shall be selected first.

### § 56-03. Notices.

a. The owner of a multiple dwelling that is selected pursuant to section 56-02 of these rules shall provide a notice to each dwelling unit as provided in Appendix A of these rules by mail or email regarding the requirements of this chapter and administrative code section 27-2033.1. Such notice shall be provided by such owner before August first following notification by the department of selection of the multiple dwelling. Such notice shall also be posted in the common area of the multiple dwelling within 15 days of notification to the owner by the department of selection for required installation of Internet Capable Reporting Devices.

#### § 56-04. Installation.

- a. Upon notification by the department of selection of a multiple dwelling for required installation of Internet Capable Reporting Devices, an owner must install one device in each dwelling unit in such multiple dwelling, except those units in which a tenant provides written refusal of installation of such device, or those units to which the owner is unable, after documented reasonable efforts, to obtain access to install such device. The Internet Capable Reporting Devices must be installed in accordance with the manufacturer's recommendation.
- b. Such owner must complete such installation on or before October first of the year in which the notification from the department is received, and provide an affidavit of installation in a form required by the department on or before October first.

#### § 56-05. Record Keeping.

a. An owner of a multiple dwelling selected for installation of Internet Capable Temperature Reporting Devices must maintain the following records while such dwelling is required to provide and maintain such devices, and for one additional year after the multiple dwelling is no longer subject to the installation requirement, and make such records available to the department upon request, consistent with applicable law:

- (1) identification of each dwelling unit in which a device was installed;
- (2) identification of each dwelling unit in which a device was not installed, including the reason for failure of installation;
- (3) the date of each installation, identification of manufacturer of the device installed; and the individual serial number for each device installed including any device that is installed as a replacement;
- (4) written refusal of installation of a device if the tenant refused such installation in writing;
- (5) record of refusal or no response, if the tenant did not provide access or respond to the notification in writing required by section 56-03 of these rules, and, in the case of no response, a record of the reasonable efforts made to gain access to the unit to install the device; and
- (6) temperature readings for each dwelling unit in which a device was installed, including hourly temperature, date, and time, for the entire time period that the multiple dwelling is participating in the program.
- b. An owner must submit to the department all data readings from each Internet Capable Temperature Reporting Device installed in the multiple dwelling at least every 90 days, for as long as the multiple dwelling continues to be subject to the requirements of administrative code section 27-2033.1. The department will notify owners of selected buildings regarding submission of such data.

### § 56-06. Discharge.

a. An owner may apply to the department to have a multiple dwelling discharged from the requirement to install and maintain Internet Capable Temperature Reporting Devices in less than four years if no violations of administrative code sections 27-2028 or 27-2029(a) have been issued during the immediately preceding Heat Season, or the owner has demonstrated to the department's satisfaction that he or she has taken permanent action to address providing heat for the next Heat Season.

The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.
