#### MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 6, 1890.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 22, 1890, which grants permission for the laying of a five-inch iron pipe on the north side of West Fortieth street, extending five hundred feet to the North river, on the ground that I am informed by the Commissioner of Public Works that it is impossible for his Department to make a report upon the resolution for the reason that no diagram of the work proposed has been submitted.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Halligan & Sons to connect their premises on the north side of West Fortieth street, five hundred feet from the North river, with the said river, by means of a five-inch iron pipe, for the purpose of supplying salt water to be used on said premises for cleansing purposes and in case of fire; provided the said Halligan & Sons shall stipulate with the Commissioner of Public Works to save the city harmless from loss or damage to any gas or water pipe or sewer, or from any other cause that may occur during the progress or subsequent to the laying of such pipe that may be caused by the use of the privilege hereby given, the work to be done at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 3, 1890.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 22, 1890, which provides for the laying of water-mains in Ninety-sixth street, between Park and Fifth avenues, on the grounds of the following report of the Commissioner of Public Works:

"The Chief Engineer of the Croton Aqueduct reports that there are no houses on this part of Ninety-sixth street to be supplied with water, and, as the appropriation for laying water-mains will be completely absorbed for work on other streets where water-mains are needed, the laying of mains in this street should be deferred to a future time."

HUGH J. GRANT, Mayor.

Resolved, That water-mains be laid in East Ninety-sixth street, from Park avenue to Fifth avenue, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 6, 1890.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 22, 1890, which provides for the laying of water-mains in One Hundred and Fortieth street, between Tenth avenue and the Boulevard, on the ground that it fails to specify the provision of law under which it is proposed to act.

HUGH J. GRANT, Mayor.

Resolved, That water mains be laid in One Hundred and Fortieth street, between Tenth avenue and the Boulevard, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 3, 1890.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 22, 1890, which provides for the regulating, grading, etc., of One Hundred and Eighty-fourth street, from Jerome avenue to Vanderbilt avenue, on the ground of the following report made thereon by the Department of Public Parks, viz.:

"There are two avenues called respectively, Vanderbilt avenue, East, and Vanderbilt avenue, West. The resolution does not state which of these is intended. It is presumed that Vanderbilt

avenue, West, is meant, but it should be explicitly so stated. It is also advisable that the resolution should provide for grading approaches to exist in streets and avenues in use, and for inlets for drainage where required."

HUGH J. GRANT, Mayor.

Resolved, That One Hundred and Eighty-fourth street, from Jerome avenue to Vanderbilt avenue, be regulated and graded, the curb-stones set and the sidewalks flagged a space four feet wide through the centre thereof, under the direction of the Commissioners of the Department of Public Parks; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

#### REPORTS.

(G. O. 338.)

The Committee on Street Pavements, to whom was recommended a former report, with resolution and ordinance in favor of paving the roadway of Eighty-seventh street, from Eighth avenue to the Riverside Drive, with asphalt-block pavement, where not already paved or ordered to be paved, respectfully

#### REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary, and in the interest of the public and owners of property, but as the Commissioner of Public Works is of opinion that the ordinance is not explicit, and does not define exactly the portion of the street to be so paved, it would be advisable to do so. Accordingly, your Committee have prepared an ordinance and resolution defining precisely the portion of the street to be paved, and they therefore recommend that the said resolution and ordinance be adopted, in lieu of the resolution and ordinance so recommended to your Committee.

Resolved, That the roadway of Eighty-seventh street be paved with asphalt-block pavement, from Eighth avenue to Ninth avenue, and from Tenth avenue to the Boulevard, and that crosswalks be laid at the intersections between Eighth and Ninth avenues, and Tenth avenue and the Boulevard, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

JAMES E. McLARNEY,  
CORNELIUS DALY,  
PHILIP B. BENJAMIN,  
DAVID J. ROCHE,  
THOMAS M. LYNCH, } Committee  
on  
Street Pavements.

Which was laid over.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting held at the Mayor's Office, at 1 o'clock P. M., on Monday, May 5, 1890, by Order of the Board, April 23, 1890.

Present—Hugh J. Grant, Mayor; Frederick Smyth, Recorder; Theodore W. Myers, Comptroller, and Thomas C. T. Crain, Chamberlain.

Absent—Walton Storm, Chairman, Committee on Finance, Board of Aldermen.

The minutes of the meeting held on April 30, 1890, were read and approved.

The Mayor presented a communication received by him from the Chairman of the Finance Committee of the Board of Aldermen, stating that he was unable to attend the meeting on account of the death of a relative.

The Mayor stated that this was a special meeting appointed for the consideration of plans for improving the water-front and laying out parts of an exterior street on the East river above Forty-ninth street, prepared and submitted by the Department of Docks for the approval of the Commissioners of the Sinking Fund, and that persons interested in the proposed improvement would be heard.

A committee representing the owners of property in the Nineteenth Ward were present and the Board was addressed by the Honorable Joseph Blumenthal, John D. Crimmins and Cornelius O'Reilly, Chairman of the Committee on East River Improvement, who asked that immediate action be taken on the plans, especially on the plan of an exterior street between Sixty-fourth and Eighty-first streets.

After examination of the plan, and explanations by Mr. Greene, Engineer-in-chief of the Department of Docks, on motion of the Recorder, seconded by the Chamberlain, the matter was referred to the Commissioner of Public Works and the Commissioners of Docks, to report estimates of the whole cost of the execution of the plans for the improvement of the water-front, and parts of an exterior street on the East river, as follows :

1. From Forty-ninth to Fifty-third street.
2. From Fifty-ninth to Sixty-fourth street.
3. From Sixty-fourth to Eighty-first street.

An application was received from the Economy Refrigerating Company, New York, for permission to bid for the privilege of refrigerating the New West Washington Market, which was ordered on file.

Adjourned.

BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK, }  
MAYOR'S OFFICE, CITY HALL, }  
TUESDAY, May 6, 1890—11 o'clock A. M. }

The Board met in pursuance of an adjournment.

Present—All the members, viz. :

Hugh J. Grant, the Mayor; Theo. W. Myers, the Comptroller; John H. V. Arnold, the President of the Board of Aldermen; Michael Coleman, the President of the Department of Taxes and Assessments.

The minutes of the meeting held April 30, 1890, were read and approved.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT, }  
COMPTROLLER'S OFFICE, }  
May 6, 1890. }

To the Board of Estimate and Apportionment :

The Board of Estimate and Apportionment in making up the Final Estimate on 1890 did not provide for the payment of the salaries of two "Attendants" of the City Court, and for want of an appropriation the salaries of these Attendants have not been paid for the months of January, February and March, 1890, and their salaries, at \$83.33 per month, have been deducted from the pay-rolls of the City Court for Attendants of that Court.

Suit has been brought in the Supreme Court by these Attendants, Frederick Strauss and Charles W. Paul; the latter has obtained judgment against the City, and the other case is pending. The Counsel to the Corporation has written a letter to the Comptroller in relation to the pending suit of said Strauss, which is herewith presented, stating that, "I do not know of any defense, legal or equitable, that the City has in this action, under the circumstances," and advises a settlement by the payment of the amount due.

These Attendants are still employed by the Court, and are performing their duties as such, authorized by section 335 of the Code of Civil Procedure, as stated by the Counsel to the Corporation.

It will therefore be necessary to provide for the salaries of these two Attendants for the year 1890, from the first day of January, less for one month paid by judgment, and for this purpose I submit a resolution to transfer the sum of \$1,916.67.

The Board of Estimate and Apportionment also omitted to provide for the salary of an Attendant in the District Court for the Eighth Judicial District, and an opinion of the Counsel to the Corporation on this case is also submitted herewith, stating that "under this state of facts the courts would hold the City liable to pay this claim," and that "it is a valid charge against the City Treasury."

A transfer of the amount required to pay the salary of the Attendant in the District Court, for the year 1890, amounting to \$1,000 per annum, for which no provision was made in the Final Estimate, is also included in the resolution herewith submitted.

Respectfully submitted,

THEO. W. MYERS, Comptroller.

And offered the following resolution :

Resolved, That the sum of \$2,916.67 be and the same hereby is transferred from the appropriation made for the year 1890, entitled "Judgments," the same being in excess of the amount required for the purposes and objects thereof, the following appropriations for the year 1890, viz. :

"Salaries—Judiciary :

"(The City Court of New York.)"

Two Attendants, at \$1,000 each per annum, one for one year and one for eleven months.....

\$1,916 67

"Salaries—City Courts :

"(District Courts.)"

"Salaries of Clerks, Stenographers, Interpreters and Attendants"—For an additional Attendant, Eighth District Court.....

1,000 00

\$2,916 67

—the amount of said appropriations being insufficient.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following opinions of the Counsel to the Corporation relative thereto :

LAW DEPARTMENT, }  
OFFICE OF THE COUNSEL TO THE CORPORATION, }  
NEW YORK, May 3, 1890. }

Hon. THEODORE W. MYERS, Comptroller :

SIR—Suit has been brought in the Supreme Court by Frederick Straus against the City, for salary for the months of January and February, 1890, at the rate of \$83.33 per month, in all the sum of \$166.66.

Straus was appointed a Court Attendant, pursuant to section 335 of the Code of Civil Procedure, on the 15th day of February, 1888, and drew his salary regularly from the date of his said appointment down to the end of the year 1889, since which time he has received no compensation, owing to the fact that the Board of Estimate and Apportionment failed to make any provision for his salary for the year 1890.

Straus is still employed as an Attendant of the said Court, and is one of the "thirteen Attendants" there performing duties as such, authorized by said section 335 of the Code.

I do not know of any defense, legal or equitable, that the City has to this action, under the circumstances.

I would suggest that an offer of judgment should be made for the amount claimed, without interest, and I will endeavor to have it agreed that no costs shall be taxed should the above views meet with your concurrence.

I would say further, that the case of Straus is precisely similar to that of Charles W. Paul, who has already obtained judgment against the City by consent.

I inclose herewith a copy of summons and complaint served upon this office in the action, together with the examination of the claimant theretofore taken, pursuant to section 123 of the Consolidation Act.

I wait your reply, and I am, Sir,

Respectfully yours,

WM. H. CLARK, Counsel to the Corporation.

LAW DEPARTMENT, }  
OFFICE OF THE COUNSEL TO THE CORPORATION, }  
NEW YORK, April 14, 1890. }

Hon. THEODORE W. MYERS, Comptroller :

SIR—Adverting to the claim of William Heim for \$166.66, salary for the months of January and February of the current year as an Attendant in the District Court for the Eighth Judicial District of the City of New York, I have the honor to advise you that, in my opinion, it is a valid charge against the City Treasury.

The Board of Estimate and Apportionment made an appropriation for two Attendants in the Eighth District Court, as in the other District Courts of this City, but it appears that there were at the time three duly appointed Attendants in this Court, and that there have been three such Attendants ever since the creation of the Court in 1860. The salary of such Attendants as were appointed subsequent to May 29, 1880 (as in the case of Heim), is fixed by section 1432 of the Consolidation Act at \$1,000 per annum.

Under this state of facts, I am of opinion that the Courts would hold the City liable to pay this claim.

Very respectfully yours,  
WILLIAM H. CLARK, Counsel to the Corporation.

On motion, the matter of the hearing relative to the proposed iron viaduct on One Hundred and Fifty-fifth street was taken up for consideration.

Thomas F. Gilroy, Commissioner, and George W. Birdsall, Chief Engineer of Public Works, appeared before the Board and presented the plans and specifications and estimate of cost, as follows:

No. 71 BROADWAY, NEW YORK.

Hon. THOMAS F. GILROY, Commissioner of Public Works, New York:

DEAR SIR—I hand you herewith form for contract and specifications for the proposed One Hundred and Fifty-fifth street viaduct, together with sufficient general and working drawings for a public letting of the work.

This viaduct has been designed as economically as possible under the restrictions of the law, having in view strength and endurance, with such architectural expression as is appropriate for a structure of this character. It has been proportioned for a general live load of eighty pounds per square foot, the metal being strained 12,000 pounds per square inch as a maximum, under the combined live and dead loads. The metal proposed to be used is mild steel and no thicknesses less than three-eighths of an inch.

I append an estimate of cost, based upon actual quantities required, barring sundry excavation and foundation preparation and masonry at the abutment ends and pedestal piers, which of necessity are more or less approximate. It is believed, however, that the margin allowed for the above uncertainty is abundantly sufficient to cover extreme requirements.

THOMAS F. GILROY, Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET,  
NEW YORK, May 6, 1890.

To the Honorable Board of Estimate and Apportionment of the City of New York:

GENTLEMEN—In accordance with the provisions of chapter 576 of the Laws of 1887, and the requirements of your Board, I do hereby certify that the accompanying proposals, specifications, estimates and plans for the erection of the viaduct bridge at One Hundred and Fifty-fifth street and St. Nicholas avenue, extending thence to McComb's Dam Bridge, having been prepared under the direction of this Department, and approved by the Chief Engineer of the same and by Mr. Alfred P. Boller, the Engineer in charge of the erection of the said bridge, and I do hereby approve of the same.

I also hereby make requisition that bonds for the amount of the estimated cost as submitted by me be issued for the erection of the said bridge.

Very respectfully,  
THOS. F. GILROY, Commissioner.

Whereupon the Comptroller offered the following preamble and resolution:

Whereas, A resolution was adopted by the Board of Estimate and Apportionment on January 22, 1890, authorizing the issue of Assessment Bonds in the manner provided by section 144 of the New York City Consolidation Act of 1882, on the requisition of the Commissioner of Public Works, for the amount required for the work and materials for constructing a viaduct from St. Nicholas Place to Macomb's Dam Bridge, in the City of New York, as provided by chapter 576 of the Laws of 1887, provided that, before said bonds shall be issued, the specifications for the work and estimates of the cost thereof shall be certified to the Board by the Commissioner of Public Works, and approved by this Board; and, further provided, that one-half the amount of the cost of said viaduct shall be raised by assessment upon property deemed to be benefited by said improvement, and the other half of such cost shall be raised by assessment upon the Mayor, Aldermen and Commonalty of the City of New York; and

Whereas, The plans in detail of said work, with specifications and estimates of the cost thereof, certified to this Board, have been submitted by the Commissioner of Public Works, and he has made a requisition for the issue of bonds for the sum of five hundred and ninety-four thousand dollars as the amount required for the work and materials for the construction of said improvement, dated May 6, 1890; therefore,

Resolved, That the plans and specification and estimates of cost submitted in detail by the Commissioner of Public Works of a viaduct from St. Nicholas place to Macomb's Dam Bridge, in the City of New York, be and are hereby approved, and that the Comptroller be and is hereby authorized and directed to issue Assessment Bonds to the amount of five hundred and ninety-four thousand dollars in the manner provided by section 144 of the New York City Consolidation Act of 1882, for the work and materials for constructing said improvement, as provided by chapter 576 of the

Laws of 1887, provided one-half the amount of the cost thereof shall be raised by assessment upon property benefited by said improvement, and the other half of such cost shall be raised by assessment upon the Mayor, Aldermen and Commonalty of the City of New York.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

CHAMBERS OF THE SURROGATE—CITY AND COUNTY OF NEW YORK,  
NEW YORK, May 5, 1890.

Hon. THEODORE W. MYERS, Comptroller, etc.:

DEAR SIR—I have applied to the Board of Estimate and Apportionment for its approval of my appointment of three additional clerks, and for the appropriation of the money for their salaries. Two of these clerks are to do the examining and comparing of the records copied and the third is needed for recording. The Board, or the Mayor as its representative, selected Mr. Barker, one of the Commissioners of Accounts, to make inquiry as to the necessity for the employment of these clerks. A statement was submitted to him showing the extent and character of the work done in the office and the ratio of its increase during the last three years. Mr. Barker personally visited the office and satisfied himself of the correctness of the statement, and reported favorably upon the application. The hesitancy in granting it is attributable, I understand, to the uncertainty of the Board as to the existence of a fund which can be used to pay the clerks.

I beg leave to call your attention to this, and to request you to ascertain whether there is any such fund, and if one is found, to report the fact to the Board for its action.

Respectfully,  
RASTUS S. RANSOM, Surrogate.

Which was received and referred to the Comptroller.

The Comptroller offered the following preamble and resolution:

Whereas, The Board of Estimate and Apportionment provided for the salaries of six Attendants only in the Court of Common Pleas, for the year 1890, instead of for seven Attendants, and it is now necessary to provide in part for the salary of one more attendant, to the amount of four hundred and sixteen dollars and sixty-six cents;

Resolved, That the sum of four hundred and sixteen dollars and sixty-six cents (\$416.66) be and is hereby transferred from the appropriation for 1890 entitled "Salaries—Judiciary: (The Court of Common Pleas) Clerk, Deputy Clerk, Assistant Clerks, etc.," which is in excess of the amount required for the purposes thereof, to the appropriation entitled "Salaries—Judiciary: (Court of Common Pleas) Seven Attendants, at \$1,000 each per annum," which is insufficient for the purposes thereof.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

Hon. WALDO HUTCHINS, President, D. P. P.:

SIR—I desire to report that I have caused a careful examination to be made of Rustic Bridge, No. 26, Central Park, and find that it is in a thoroughly unsafe condition and that an accident is liable to happen there at any time.

I have given direction to have this bridge propped up and the very dangerous portion shut off as much as possible.

Immediate action should be taken to secure the entire reconstruction of this bridge according to plans submitted with report, February 27, 1889.

Respectfully,

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

"For Salaries of Teachers in Grammar and Primary Schools".....	\$8,000 00
"For Salaries of Janitors in Grammar and Primary Schools".....	2,664 40

Total..... \$10,664 40

—which are in excess of the amounts required for the purposes thereof, to the appropriation entitled "Public Instruction—For Corporate School," for 1890, which is insufficient for the purposes thereof.

NEW YORK, April 22, 1890.

M. COLEMAN, Esq., Secretary Armory Site Committee:

DEAR SIR—The owner of the westerly front on Eighth avenue between Fifty-sixth and Fifty-seventh streets, 200.10 x 275 feet, which I submitted to you for an Armory site, directs me to inform you that he would lease the same to the City for a term of years, at five per cent. net on value.

A communication was received and read from the Wallis Iron Works, which was referred to Commissioner Coleman.

JERSEY CITY, N. J., April 22, 1890.

Mr. M. COLEMAN, Secretary Armory Board, New York City:

DEAR SIR—We beg to advise that we are now about finished with our work at the Twenty-second Regiment Armory, with the exception of the rifle range. We have repeatedly applied to Mr. Leo, Architect, for this information, and up to this writing we have been unable to get the necessary information relative to same.

We therefore apply to you, and would ask that you use your influence, in order that we may be no further delayed in this respect, as we are anxious to obtain a settlement of the large balance due us on the contract.

Yours, respectfully,

WALLIS IRON WORKS,

WM. T. WALLIS, Treasurer.

A communication was received from the Department of Public Works in reference to the flagging for the Twenty-second Regiment Armory.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, April 28, 1890.

HON. MICHAEL COLEMAN, President Department of Taxes and Assessments, and Secretary of the Armory Board:

DEAR SIR—In the matter of the report or plan of the Architect of the Twenty-second Regiment Armory for flagging the sidewalks about the Armory building with "granolithic" flagging, I beg to say that, according to the experience of this Department, planed blue-stone flagging of large sizes, similar to that used around the Seventh Regiment Armory, would be the most suitable.

Very respectfully,

THOS. F. GILROY, Commissioner of Public Works.

The Architect of the Twenty-second Regiment Armory presented a letter giving preliminary estimates for the flagging, furniture, gas-fixture and kitchen furniture for the Twenty-second Regiment Armory.

The Board directed the Secretary to have forms of contract and specifications prepared for the work.

NEW YORK, May 1, 1890.

To the Armory Board, City and County of New York:

SIRS—I have considered the matter of the cost of the flagging, furniture and fixtures for the new Armory of the Twenty-second Regiment, N. G. S. N. Y., and would submit the following preliminary estimates as to the probable cost of these works.

Flagging the walk with planed flag and in the manner as shown in the plans submitted at the last meeting of your Board, with the arrangement as then proposed, a sum not exceeding \$9,000.

For furniture of the several rooms in accordance with the list which I have submitted to Brigadier-General Fitzgerald, and which has been approved by him, a sum not exceeding \$9,000.

For the gas-fixture in the several rooms, including the main drill hall, and all except those that I have already provided for, a sum not exceeding \$3,500.

For ranges in main kitchen and boilers and broilers, etc., a sum not exceeding \$1,000, making a probable total of \$22,500.

Yours, very respectfully,

JOHN P. LEE.

A bill was presented by the contractor of the Eighth Regiment Armory for the final payment due him of \$2,844.90.

Commissioner Coleman offered the following:

Resolved, That the Comptroller be directed to pay to Isaac A. Hopper two thousand eight hundred and forty-four dollars and ninety cents, the amount due him on this date, in accordance with the Architect's certificate, and that a voucher for that amount be forwarded.

This resolution was adopted by the following vote, namely:

The Mayor, aye; the President of the Department of Taxes and Assessments, aye; and the Commissioner of the Public Works Department, aye.

The meeting then adjourned.

M. COLEMAN, Secretary.

The form of the agreement, with specifications, showing the manner of payment for the articles, may be seen, and forms of proposals may be obtained at the office of the Department.

Proposals must include all the items, specifying the price per cwt. of Hay, Straw, Oats and Bran.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope to said Commissioner of Street Cleaning, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Commissioner of Street Cleaning reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of four thousand (\$4,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of two hundred (\$200) dollars.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Any person making an estimate for the above shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing the Illuminating Material for, and Lighting and Extinguishing, Cleaning, Repairing and Maintaining the Public Lamps," and also with the name of the person making the same and the date of its presentation.

Bidders are required to state, in their estimates, their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any estimate for the same supplies and work, and that it is in all respects fair and without collusion or fraud; and, also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation

tion, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

Bidders are required to state in their estimates the district or several streets, avenues, piers, parks and places, or parts of streets, avenues, piers, parks and places in which they propose to perform the requirements herein contained, and also the illuminating or candle-power of the gas they propose to furnish, when tested at a distance of not less than one mile from the place of manufacture.

Bidders are also required to state the price per year for which they will furnish the gas (of not less than eighteen-candle power by photometric test at a distance of not less than one mile from the place of manufacture) or other illuminating material for each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing, and painting lamp-posts and lanterns, and replacing the cocks, tubes, burners, cross-heads, lamp-irons, and lanterns thereto, for the period from June 1, 1890, to April 30, 1891, both days inclusive; stating the price, for the period of one year of 4,000 hours, for each lamp.

Bidders are also required to state a price for which they will repair lamp-posts, including straightening and relighting, and for each new lamp fitted up, as follows:

For each lamp-post straightened, stating the price per post.

For each column relighted, stating the price per post.

For each column refitted, stating the price per post.

For each service-pipe refitted, stating the price per post.

For each stand pipe refitted, stating the price per post.

For each lamp-post removed, stating the price per post.

For each lamp-post reset, stating the price per post.

For each new lamp fitted up, stating the price per post.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

The total number of public gas-lamps to be contracted for is about 3,000.

The number of hours during which the lamps are to be kept lighted during the term is 3,735½ hours.

The amount of security required is \$12,000.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The award of any contract, if awarded, will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom any contract is so awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or estimate, or if he accept, but does not execute the contract and give the proper security, it may be readvertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed.

The right is reserved, whatever may be the illuminating material named in the estimate, when an estimate is made containing bids for lamps in one or more streets, avenues, piers, parks or places, to accept from such estimate or bid so much thereof as may be the lowest per lamp in any one or more of such streets, avenues, piers, parks or places, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid.

The contract for lamps in any particular street, avenue, pier, park or place, will be awarded, if awarded, to the lowest bidder per lamp in such particular street, avenue, pier, park or place.

The right is also reserved to determine and designate in any locality, after the estimates are opened, what illuminating material shall be used in the public lamps, or any number of them, in such locality, during the period above mentioned; also upon such determination, to decline any estimate or part thereof for lighting such locality with illuminating material other than that so determined upon. Also to decline all estimates for any particular locality, or all localities if deemed for the best interests of the City. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

If the estimate of any bidder shall include any lamps with which the pipes or conductors of such bidder are not connected at the time of the making of the bid, and a contract for furnishing the illuminating material for and lighting, extinguishing, cleaning, repairing and maintaining any such lamps, shall be awarded to such bidder, in that case, thirty days from the date of the execution of such contract, and such further time, not exceeding thirty days, as may be deemed reasonable by the Mayor, Comptroller and Commissioner of Public Works shall be allowed to such bidder in which to connect such pipes or conductors with such lamps, and all such connections shall be done by the party of the second part without expense to the City.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been connected with the mains or conductors of such bidder, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

Blank forms of estimates can be obtained on application at the office of the Commissioner of Public Works.

## TO CONTRACTORS.

(No. 326.)

## PROPOSALS FOR ESTIMATES FOR DREDGING

AT PIER NEW 59, ON THE NORTH RIVER,  
AND AT PIER 61, ON THE EAST RIVER.

## ESTIMATES FOR DREDGING AT PIER, NEW

59, North river, and at Pier 61, on the East river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

FRIDAY, MAY 9, 1890,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of Two Thousand Seven Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at the premises mentioned the depth of water set opposite thereto in the specifications, is as follows:

Pier, new 59, North river..... 48,000 cubic yards.

Pier 61, East river..... 6,500 "

Total..... 54,500 "

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work, to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 1st day of July, 1890, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the locations of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 1st day of July, 1890, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of ten thousand (\$10,000) dollars, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five hundred (\$500) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

HENRY D. PURROY,  
S. HOWLAND ROBBINS,

IN REGARD TO CLAIMS FOR EX-  
EMPTION FROM JURY DUTY.

ROOM 127, STEWART BUILDING,  
No. 280 BROADWAY, THIRD FLOOR,  
NEW YORK, JUNE 1, 1889.

**CLAIMS FOR EXEMPTION FROM JURY**  
duty will be heard by me daily at my office, from  
9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers,  
physicians, surgeons, surgeon-dentists, professors or  
teachers in a college, academy or public school, licensed  
pharmacists or pharmacists, actually engaged in their  
respective professions and not following any other call-  
ing; militiamen, policemen, and firemen; election  
officers, jury non-residents, and city employees, and  
United States employees; officers of vessels making  
regular trips; licensed pilots, actually following that  
calling; superintendents, conductors and engineers of  
a railroad company other than a street railroad com-  
pany; telegraph operators actually doing duty as such;  
Grand, Sheriff's, and Civil Court jurors; stationary  
engineers; and persons physically incapable of per-  
forming jury duty by reason of severe sickness, deaf-  
ness, or other physical disorder.

Those who have not answered as to their liability, or  
proved permanent exemption, will receive a "jury en-  
rollment notice," requiring them to appear before me  
this year. Whether liable or not, such notices must be  
answered (in person, if possible), and at this office only,  
under severe penalties. If exempt, the party must  
bring proof of exemption; if liable, he must also answer  
in person, giving full and correct name, residence, etc.,  
etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called  
or pay their fines. No mere excuse will be allowed or  
interference permitted. The fines, if unpaid, will be en-  
tered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and  
secure reliable and respectable juries, and equalize their  
duty by serving promptly when summoned, allowing their  
clerks or subordinates to serve reporting to me any  
attempt at bribery or evasion, and suggesting names for  
enrollment. Persons between sixty and seventy  
years of age, summer absentees, persons temporarily  
ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a  
misdemeanor to give any jury paper to another to  
answer. It is also punishable by fine or imprisonment  
to give or receive any present or bribe, directly or indi-  
rectly, in relation to a jury service, or to withhold any  
paper or make any false statement and every case will  
be fully prosecuted.

named, at which time and place the bids or estimates  
received will be publicly opened by the President of said  
Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION  
RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES  
IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS  
PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract  
awarded to, any person who is in arrears to the Cor-  
poration upon debt or contract, or who is a defaulter,  
as surety or otherwise, upon any obligation to the Cor-  
poration.

The award of the contract will be made as soon as  
practicable after the opening of the bids.

Any bidder for this contract must be known to be en-  
gaged in and well prepared for the business, and must  
have satisfactory testimonials to that effect; and the  
person or persons to whom the contract may be awarded  
will be required to give security for the performance of  
the contract by his or their bond, with two sufficient  
sureties, each in the penal amount of **SEVEN THOU-  
SAND (\$7,000) DOLLARS**.

Each bid or estimate shall contain and state the name  
and place of residence of each of the persons making the  
same; the names of all persons interested with him or  
them therein; and if no other person be so interested, it  
shall distinctly state that fact; also that it is made with-  
out any connection with any other person making an es-  
timate for the same purpose, and is in all respects fair  
and without collusion or fraud; and that no member of  
the Common Council, Head of a Department, Chief of a  
Bureau, Deputy thereof, or Clerk therein, or other officer  
of the Corporation, is directly or indirectly interested  
therein, or in the supplies or work to which it relates,  
or in any portion of the profits thereof. The bid or estimate  
must be verified by the oath, in writing, of the party or parties  
making the estimate that the several matters stated therein  
are in all respects true. Where more than one person is  
interested, it is requisite that the VERIFICATION be made  
and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the con-  
sent, in writing, of two householders or freeholders in  
the City of New York, with their respective places of  
business or residence, to the effect that if the contract  
be awarded to the person making the estimate, they will,  
on its being so awarded, become bound as his sureties for  
its faithful performance; and that if he shall omit or re-  
fuse to execute the same, they will pay to the Corporation  
any difference between the sum to which he would be en-  
titled on its completion, and that which the Corporation  
may be obliged to pay to the person or persons to whom the  
contract may be awarded at any subsequent letting; the amount in each case to  
be calculated upon the estimated amount of the work by  
which the bids are tested. The consent above men-  
tioned shall be accompanied by the oath or affirmation,  
in writing, of each of the persons signing the same, that  
he is a householder or freeholder in the City of New  
York, and is worth the amount of the security required  
for the completion of this contract, over and above all  
his debts of every nature, and over and above his  
liabilities as bail, surety or otherwise; and that he has  
offered himself as surety in good faith and with the  
intention to execute the bond required by section 12 of  
chapter 7 of the Revised Ordinances of the City of New  
York, 1880, if the contract shall be awarded to the per-  
son or persons for whom he consents to become surety.  
The adequacy and sufficiency of this security shall, in  
addition to the justification and acknowledgment, be  
approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless  
accompanied by either a certified check upon one of the  
State or National Banks of the City of New York, drawn  
to the order of the Comptroller, or money to the amount  
of five per centum of the amount of the security required  
for the faithful performance of the contract. Such check  
or money must not be inclosed in the sealed envelope  
containing the estimates, but must be handed to the  
officer or clerk of the Department who has charge of  
the estimate-box, and no estimate can be deposited in  
said box until such check or money has been examined

by said officer or clerk and found to be correct. All  
such deposits, except that of the successful bidder, will  
be returned to the persons making the same within  
three days after the contract is awarded. If the success-  
ful bidder shall refuse or neglect, within five days after  
notice that the contract has been awarded to him, to  
execute the same, the amount of the deposit made by  
him shall be forfeited and retained by the City of  
New York, as liquidated damages for such neglect or  
refusal, but if he shall execute the contract within the  
time aforesaid, the amount of his deposit will be re-  
turned to him.

Should the person or persons to whom the contract  
may be awarded neglect or refuse to accept the contract  
within five days after written notice that the same has  
been awarded to his or their bid or proposal, or if he or  
they accept but do not execute the contract and provide  
such proper security as has been heretofore stated to be  
requisite, he or they shall be considered as having  
abandoned it, and as in default to the Corporation, and  
the contract will be readvertised and relet as provided  
by law.

Bidders will write out the amount of their estimate in  
addition to inserting the same in figures.

Payment will be made by a requisition on the Com-  
ptroller, in accordance with the terms of the contract, or  
from time to time, as the Commissioners may deter-  
mine.

The form of the contract, including specifications,  
showing the manner of payment, will be furnished at the  
office of the Department, and bidders are cautioned to  
examine each and all of its provisions carefully, as the  
Board of Public Charities and Correction will insist upon  
its absolute enforcement in every particular.

titled on its completion, and that which the Corporation  
may be obliged to pay to the person or persons to whom  
the contract may be awarded at any subsequent letting; the  
amount in each case to be calculated upon the estimated  
amount of the work by

which the bids are tested. The consent above men-  
tioned shall be accompanied by the oath or affirmation,  
in writing, of each of the persons signing the same that  
he is a householder or freeholder in the City of New  
York, and is worth the amount of the security required  
for the completion of this contract, over and above all  
his debts of every nature, and over and above his  
liabilities as bail, surety or otherwise; and that he has  
offered himself as surety in good faith and with the

required for the faithful performance of the contract.  
Such check or money must not be inclosed in the sealed  
envelope containing the estimate, but must be handed to  
the officer or clerk of the Department who has charge of  
the estimate-box, and no estimate can be deposited in  
said box until such check or money has been examined by  
said officer or clerk and found to be correct. All such  
deposits, except that of the successful bidder, will be re-  
turned to the persons making the same within three days  
after the contract is awarded. If the successful bidder  
shall refuse or neglect, within five days after notice that  
the contract has been awarded to him, to execute the  
same, the amount of the deposit made by him shall be  
forfeited and retained by the City of New York, as  
liquidated damages for such neglect or refusal; but if  
he shall execute the contract within the time aforesaid,  
the amount of his deposit will be returned to him.

Should the person or persons to whom the contract  
may be awarded neglect or refuse to accept the contract  
within five days after written notice that the same has  
been awarded to his or their bid or proposal, or if he or  
they accept but do not execute the contract and give  
the proper security, he or they shall be considered as

tion, and the contract will be readvertised and relet as  
provided by law.

addition to inserting the same in figures.

Payment will be made by a requisition on the Com-  
ptroller, in accordance with the terms of the contract, or  
from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and  
showing the manner of payment, will be furnished at  
the office of the Department; and bidders are cautioned  
to examine each and all of its provisions carefully, as the  
Board of Public Charities and Correction will insist upon  
its absolute enforcement in every particular.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

## TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

**ATTENTION IS CALLED TO THE RECENT** act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
