CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
August 22, 1893.

To the Board of Estimate and Apportionment :

I present herewith a resolution adopted by the Aqueduct Commissioners at a special meeting held August 3, 1893, requesting the approval and acceptance of the Board of Estimate and Apportionment of the offer of Edward C. Barnum to accept \$600 for the damages sustained by him by changing a road or highway around Sodom Dam, which formerly ran in front of his property. The letter of the Chief Engineer of the new Croton Aqueduct fully explains the nature of the claim, and shows that the change in the location of the road was made after the action of the Commissioners for taking the land, as it was understood and shown by the map that Mr. Barnum would forever have a frontage on the road. By the change, however, Mr. Barnum was shut out from getting to his property without trespassing upon the land of others. His claim was for \$1,400, for damages; but finally, after negotiation, he consents to accept \$600 to settle the matter without litigation. The Engineer of the Finance Department has examined the matter, and reports the sum in question is just and reasonable.

Accordingly, I offer for adoption the following resolution.

Respectfully,  
THEO. W. MYERS, Comptroller.  
AQUEDUCT COMMISSIONERS' OFFICE,  
STEWART BUILDING, No. 280 BROADWAY,  
NEW YORK, August 5, 1893.

To the Board of Estimate and Apportionment, New York City :

GENTLEMEN—At a special meeting of the Aqueduct Commissioners, held on the 3d instant, the following preambles and resolutions were adopted :

"Whereas, The Aqueduct Commissioners, by changing a road or highway which formerly ran in front of land owned by Edward C. Barnum, adjacent to lands taken for the construction of Sodom Dam and Reservoir, shown on the accompanying map and marked 'Parcel 22,' cut off all access thereto ; and

"Whereas, The said Edward C. Barnum, through his attorney, Frederick E. Barnard, having agreed to execute a release of all claims for damages sustained by him by the changing of such road ; and the Chief Engineer of this Commission having reported that it would be advisable to accept such proposition ; now, therefore, be it

"Resolved, That the Aqueduct Commissioners (subject to the approval of the Board of Estimate and Apportionment), hereby approves and accepts the aforesaid offer and proposition of Edward C. Barnum, and agrees to pay him the said sum of six hundred dollars for damages sustained by him, provided he makes and executes a full release of all of his said claims, satisfactory in form to the Counsel to the Corporation.

"Resolved, That this resolution be referred to the Board of Estimate and Apportionment for approval, and that there be transmitted to said Board therewith the accompanying map or survey and the letter of the Chief Engineer approving said settlement."

Map or survey and copy of letter of Chief Engineer above referred to are herewith transmitted.

Very respectfully yours,

A. FTELEY, CHIEF ENGINEER, ROOM 213, STEWART BUILDING,  
NEW YORK, July 10, 1893.

To the Honorable the Committee on Construction :

GENTLEMEN—I am in receipt of the following letter from Mr. H. T. Dykman :

"A. FTELEY, Esq., Chief Engineer.  
DEAR SIR—I am advised by Fredrick E. Barnard, No. 229 Broadway, New York, counsel for Edward C. Barnum, that they will accept the sum of \$600, and execute to the City of New York a release of all claims for damages sustained by him in accordance with the original map.

I have made a careful examination of the claim in question, which was presented in the first instance at \$1,400, at which sum I refused to certify it, and am of the opinion that the best interest of the City would be served by making the payment of \$600 to Mr. Barnum.

Yours, very truly,  
H. T. DYKMAN."

I concur with Mr. Dykman in his recommendation that it will be advisable to accept Mr. Barnum's terms.

I am, respectfully,  
A. FTELEY, Chief Engineer.

CHIEF ENGINEER'S OFFICE—AQUEDUCT COMMISSIONERS,  
A. FTELEY, CHIEF ENGINEER, ROOM 213, STEWART BUILDING,  
NEW YORK, July 26, 1893.

To the Honorable the Committee on Construction :

GENTLEMEN—In addition to my communication of July 10th, and at your request, I send herewith two (2) copies of a plan showing the location of the land of Edward C. Barnum.

Mr. Barnum originally owned nine acres of land, or thereabouts, and the City condemned and took 1,712 acres of said land for the purposes of Sodom Dam Reservoir, for which he was awarded for land and buildings the sum of \$1,400. The map used in the condemnation proceedings left Mr. Barnum's property with a frontage on a new and proposed road, and the award was made upon the theory that Mr. Barnum should still and forever have a frontage on the road, as will appear by the accompanying plan. The portion taken is numbered 22 on said plan. Since such award the City has changed the road system so as to leave Mr. Barnum's property without any frontage and thereby shut him out entirely from getting to his property without trespassing upon the land of others.

Mr. Barnum has always previously claimed \$1,400 for the damages by reason of such change of road system, but finally, after long negotiations, consented to accept \$600 to settle the matter without any litigation.

On the map used in condemnation proceedings the name of Herman C. Barnum is used as owner, but the history of the title is as follows:

Alexander Boynton and wife conveyed the property, 9 acres of land, more or less, to Herman C. Barnum, by deed dated March 24, 1852. Herman C. Barnum occupied the property until March, 1887, when he died, leaving Edward C. Barnum, a son, and Mrs. Eliza A. Minor, wife of Jonathan Minor, a daughter, his only heirs at law. Mrs. Eliza A. Minor conveyed her equal undivided one-half interest in said property to her brother, Edward C. Barnum, by deed, dated August 19, 1887.

I am, respectfully,  
A. FTELEY, Chief Engineer.

Resolved, That the Comptroller be and hereby is authorized to pay the sum of six hundred dollars (\$600) to Edward C. Barnum, for damages sustained by him by reason of a change in the location of the road around Sodom Dam, the said Edward C. Barnum agreeing to execute a release to the City of all claims for damages by changing of such road, upon the proper voucher of the Aqueduct Commission.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments and Counsel to the Corporation—4.

The Comptroller offered the following:

Resolved, That the resolution adopted by this Board on March 29, 1892, making applicable the sum of six thousand eight hundred and twenty-nine dollars and thirty-one cents (\$6,829.31) to the work of constructing the coping and railing around Mount Morris Park, be and hereby is amended to read six thousand seven hundred and fifty-five dollars and sixty-two cents (\$6,755.62).

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments and Counsel to the Corporation—4.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
August 22, 1893.

To the Board of Estimate and Apportionment:

There was presented to this Board on April 25, 1893, a communication of the Superintendent of the Department of Buildings, dated April 19, 1893, requesting a transfer from "Salaries, 1892," to "Contingencies, 1892," to meet the payment of the services of certain Examiners rendered to the Department of Buildings in the early organization of the department. The matter was referred to the Comptroller.

The items are as follows:

Cornelius O'Reilly, Examiner.....	\$100 00
John W. Murray, ".....	60 00
Samuel McMillan, ".....	70 00
William J. Fryer, ".....	100 00
Edwin Dobbs, ".....	100 00
Warren A. Conover, ".....	100 00
John H. Byrnes, ".....	80 00
N. Le Brun, ".....	100 00
T. J. Brady, ".....	90 00
Hugh Bonner, ".....	100 00
Total.....	\$900 00

The original amount of these claims was \$1,530, but after deducting the amounts charged for meetings not allowed by law, the total amount to be provided is \$900. There is a balance of \$117.08 in the Department of Buildings "Contingencies," of 1892, so that the total amount to be transferred from "Salaries, 1892," as requested is \$782.92.

Accordingly I offer the following resolution.

Respectfully,  
THEO. W. MYERS, Comptroller.

Resolved, That the sum of seven hundred and eighty-two dollars and ninety-two cents (\$782.92) be and is hereby transferred from the amount allowed to the Department of Buildings for the year 1892, for "Salaries," which is in excess of the amount required for the purposes and objects thereof, to the amount allowed for "Contingencies," for the said year to the said Department, which is insufficient for the uses thereof, for the purpose of paying for the services of the Board of Examiners rendered in the early organization of the said Department of Buildings.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments and Counsel to the Corporation—4.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
July 27, 1893.

To the Board of Estimate and Apportionment:

At a meeting of this Board, held July 18, 1893, a resolution adopted by the Board of Education on July 12, 1893, being a requisition for the issue of bonds for \$7,450, was referred to the Comptroller. The application was for the necessary funds for making repairs, alterations, etc., to building on the north side of One Hundred and Second street, between Second and Third avenues.

The subject has been examined by the Engineer of the Finance Department, at my direction. From his report it appears that the proposed work is to take out the entire interior of the present building and take off the roof, leaving only the side and end walls and cellar piers, the plans and specifications calling for practically an entire new building to be fire-proof.

The plans and specifications are full and complete and bids were invited in the usual manner and three bids were received, that of Mahony Brothers being the lowest, at the price named in the resolution, to whom the award was made.

Accordingly I offer for adoption the following resolutions.

Respectfully,  
THEO. W. MYERS, Comptroller.

Resolved, That pursuant to the provisions of chapter 282 of the Laws of 1893, the Comptroller be and hereby is authorized and directed to issue school-house bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as Consolidated Stock of the City of New York, as provided by section 132 of the New York Consolidation Act of 1882, to the amount of seventy-two thousand four hundred and fifty dollars (\$72,450), to run for such period as the Comptroller shall determine, not longer than twenty years from the date of issue, and at a rate of interest not exceeding three per cent. per annum, the proceeds of which bonds to be applied in payment of the contract to be entered into by the School Trustees of the Twelfth Ward, with Mahony Brothers for making repairs, alterations, etc., of building north side of One Hundred and Second street, between Second and Third avenue, as specified in the resolution adopted by the Board of Education on July 12, 1893; and

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council, approved by the Mayor October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments and Counsel to the Corporation—4.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
August 22, 1893.

To the Board of Estimate and Apportionment:

I present herewith a resolution to issue bonds to the amount of \$3,500, for the purpose of paying additional expenses incurred by the Columbian Celebration Entertainment Committee, in pursuance of chapter 280, of the Laws of 1893.

Respectfully,  
THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of chapter 280, Laws of 1893, the Board of Estimate and Apportionment hereby appropriates the sum of three thousand five hundred dollars

(\$3,500) for the payment of additional expenses incurred by the Columbian Celebration Entertainment Committee on behalf of the Mayor, Aldermen and Commonalty of this city, in participation in the naval and other reviews and parades in honor of the quadri-centennial anniversary of the landing of Christopher Columbus, and also in the reception and entertainment of distinguished visitors to the city during the year 1893; and

Resolved, That, pursuant to the provisions of chapter 280, Laws of 1893, the Comptroller be and hereby is authorized and directed to issue bonds of the Mayor, Aldermen and Commonalty of the City of New York, for the sum of three thousand five hundred dollars (\$3,500), payable from taxation and redeemable in ten years, and bearing interest at a rate not to exceed three per centum per annum, and to be disposed of at not less than par, the proceeds of which bonds are to be applied in payment of expenses incurred by the Columbian Celebration Entertainment Committee, duly audited and allowed, and approved by the Mayor, as provided by said act, to be known as Consolidated Stock of the City of New York, under the authority of section 132 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments and Counsel to the Corporation—4.

The following communication was received:

CITY OF NEW YORK—POLICE DEPARTMENT,  
NO. 300 MULBERRY STREET,  
August 1, 1893.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Police held this day it was

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of twelve thousand five hundred dollars, from the appropriation made to the Police Department for the year 1892, entitled "For Patrol Wagons, Horses, Harness, Subsistence and Repairs," which is in excess of the amount required for the purposes and objects thereof to the appropriation made to the same Department for the year 1892, entitled, "For the purchase of a site for the location of a Station-house, etc., for the Ninth Precinct," which is insufficient, to enable the Mayor, Aldermen and Commonalty of the City of New York to purchase lots Nos. 133, 135 and 137 Charles street, for the purpose as herein expressed.

The owners of the premises designated have agreed to sell the lots for this purpose for the sum of \$17,000 each.

Very respectfully,  
WM. DELAMATER, First Deputy Clerk.

Referred to the Comptroller.

E. P. BARKER, Secretary.

tween the sum to which he would be entitled upon  
its completion and that which the Corporation may  
be obliged to pay to the person or persons to whom  
the contract may be awarded at any subsequent letting;  
the amount in each case to be calculated upon the  
estimated amount of the work by which the bids are  
tested. The consent above mentioned shall be accom-  
panied by the oath or affirmation, in writing, of each  
of the persons signing the same that he is a house-  
holder or freeholder in the City of New York, and is  
worth the amount of the security required for the  
completion of this contract and herein stated, over and  
above all his debts of every nature, and over and above  
his liabilities as bail, surety and otherwise; and that  
he has offered himself as a surety in good faith and  
with the intention to execute the bond required by  
law. The adequacy and sufficiency of the security  
offered will be subject to approval by the Comptroller  
of the City of New York after the award is made and prior  
to the signing of the contract.

Should the person or persons to whom the contract  
may be awarded neglect or refuse to accept the con-  
tract within five days after written notice that the same  
has been awarded to his or their bid or proposal, and  
that the adequacy and sufficiency of the security offered  
has been approved by the Comptroller, or if he or  
they accept but do not execute the contract and give the  
proper security, he or they shall be considered as having  
abandoned it and as in default to the Corporation, and  
the contract will be readvertised and relet, as provided  
by law.

No estimate will be received or considered unless  
accompanied by either a certified check upon one of the  
State or National banks of the City of New York, drawn to  
the order of the Comptroller, or money to the amount of  
five per centum of the amount of the security required for  
the faithful performance of the contract. Such check or  
money must not be inclosed in the sealed envelope  
containing the estimate, but must be handed to the  
officer or clerk of the Department who has charge of the  
estimate-box, and no estimate can be deposited in said  
box until such check or money has been examined by  
said officer or clerk and found to be correct. All such  
deposits, except that of the successful bidder, will be  
returned to the persons making the same within three  
days after the contract is awarded. If the successful  
bidder shall refuse or neglect, within five days after  
notice that the contract has been awarded to him, to  
execute the same, the amount of the deposit made by  
him shall be forfeited to and be retained by the City of  
New York as liquidated damages for such neglect or  
refusal; but if he shall execute the contract within the  
time aforesaid, the amount of his deposit will be returned  
to him.

Samples of Stationery and Printing required may be  
examined and blank forms for estimates may be ob-

## FORT WASHINGTON RIDGE ROAD COMMISSION.

FORT WASHINGTON RIDGE ROAD COMMISSION,  
Room 76, No. 115 Broadway,  
NEW YORK, July 20, 1893.

### TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR REGULATING AND GRADING FORT WASHINGTON RIDGE ROAD, FROM ELEVENTH AVENUE BOULEVARD AND ONE HUNDRED AND FIFTY-NINTH STREET TO KINGSBRIDGE ROAD.

In pursuance to chapter 114, Laws of 1892.

**SEALED ESTIMATES FOR THE ABOVE** work, indorsed with the above title, also with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Commissioners of the Fort Washington Ridge Road, until 12 o'clock M., of September 11, 1893, at which place and hour the estimate will be publicly opened by the Commissioners and read, and the award of the contract, if awarded, will be made to the lowest bidder with adequate security, as soon thereafter as practicable. The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default of the Corporation; and thereupon the work will be readvertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioners of the Fort Washington Ridge Road may designate.

Bidders are required to state in their estimates under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all parties interested.

*N. B.—The price must be written in the bid and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are called herein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioners of the Fort Washington Ridge Road to reject any or all bids which they may deem prejudicial to the public interests. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation of the City of New York any difference between the sum to which he would be entitled on its completion and that which the said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in these proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York.

*The successful bidder will be strictly held to the time bid for the completion of the work and to the conditions of the Specifications.*

The Surveyor's estimate of the nature and extent of the work to be done and materials to be furnished is as follows:

7,077 cubic yards of earth excavation.  
8,000 cubic yards of rock excavation.  
3,000 cubic yards of embankment to furnish.  
1,472 cubic yards of dry masonry.

*N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible in advance, are approximate only, bidders are required to submit their estimate upon the following express conditions, which shall apply to and become part of every estimate received.*

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work and by such other means as they may choose, as to the accuracy of the foregoing estimate, and shall not, at any time after the submission of an estimate, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the depth of the excavation to be made, or the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Commissioners and in substantial accordance with the specifications hereto annexed and the plans therein referred to. No extra compensation, beyond the amount payable for the several classes of work before enumerated which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of one thousand dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Chairman of the Commission, and no estimate can be received until such check or money has been examined by said Chairman and found to be correct. All such deposits, except that of the successful bidder, will be

returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders will state in their estimates the PRICE for excavating earth, per cubic yard; the price for excavating rock, per cubic yard; the price for embankment, per cubic yard; the price for dry masonry, per cubic yard; they will also state the time required for the completion of the whole work, which will be tested at the rate of THREE DOLLARS AND FIFTY CENTS per day; it being understood that the time so bid refers to the aggregate time of such Inspectors as may be appointed upon the work, on days specified as working days, according to the terms of the annexed agreement, and not to single consecutive days; and that the damages specified in the contract will be exacted for each and every day that the said aggregate time of the Inspectors who may be employed on the work may exceed the time stipulated for the completion of the whole work.

The following allowance will be made to the Contractor for Inspectors' time where the amount of work returned on the completion of the contract exceeds the amount estimated in the specifications; one day for every 25 cubic yards of Rock Excavation over and above the amount estimated; one day for every 50 cubic yards of Earth Excavation over and above the amount estimated.

Bidders are required to write out the amount of their bids, in addition to inserting the same in figures.

Bidders are particularly cautioned that a provision in the contract authorizes the sum of TWENTY-FIVE CENTS per linear foot of the work done under this agreement to be retained out of the contract moneys, as security for keeping the whole work, when completed, in good order for a period of six months from the date of its acceptance by the Commissioners of the Fort Washington Ridge Road, which shall be finally accepted upon the completion of the work, not including in the computation of the said period the months of December, January, February and March.

*N. B.—Boulders, classed rock or broken stone will not be allowed for as rock, but must be included in the earth excavated, unless they are of a size to require blasting in order to be removed, which fact will be determined by the Engineer. No soft or disintegrated rock that can be properly removed with a pick will be allowed for as rock.*

The amount of SECURITY required for the faithful performance of the contract for the above work will be \$5,000.

The Contractor to notify the Commissioners of the Fort Washington Ridge Road, and the Surveyor, in writing, before commencing the work.

Work or materials not specified and for which a price is not fixed in the contract, will not be allowed for.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from this Commission.

Blank forms of estimates and further information it required can be had on application at this office.

The form of agreement, including the specifications, is annexed.

ROBT. E. DEYO, Chairman,  
ROBT. L. WENLEY,  
EDWD. B. IVES, Secretary,  
Commissioners of the Fort Washington Ridge Road.

DEPARTMENT OF DOCKS,  
PIER "A," NORTH RIVER.

### TO CONTRACTORS.

(No. 460.)

PROPOSALS FOR ESTIMATES FOR DREDGING AT PIER, NEW 40, AND AT PIER, NEW 59, ON THE NORTH RIVER.

ESTIMATES FOR DREDGING AT PIER, NEW 40, and at Pier, new 59, on the North river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 11 o'clock A. M. of

TUESDAY, SEPTEMBER 5, 1893.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Thirty-seven Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at the premises mentioned the depth of water set opposite thereto in the specifications is as follows:

ON THE NORTH RIVER.

Pier, new 40.....	36,600 cubic yards.
Pier, new 59.....	16,000 "
Total .....	46,600 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 10th day of October, 1893, or within as many days thereafter as the half slip on the north side of Pier, new 40, North river, is occupied by vessels or the contractor is otherwise detained from completing the work, after the date of the execution of this contract, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded

to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

PROPOSALS FOR ESTIMATES FOR DREDGING IN THE SLIP BETWEEN PIERS, OLD 4 AND 5, AND IN THE SLIP BETWEEN PIERS, OLD 53 AND 54, ON THE EAST RIVER.

ESTIMATES FOR DREDGING IN THE SLIP between Piers, old 4 and 5, and in the slip between Piers, old 53 and 54, on the East river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 11 o'clock A. M., of

TUESDAY, SEPTEMBER 5, 1893.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Twelve Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at the premises mentioned the depth of water set opposite thereto in the specifications, is as follows:

ON THE EAST RIVER.

In the slip between Piers, Old 4 and 5.....	2,800 cubic yards.
In the slip between Piers, Old 53 and 54.....	5,400 "
Total.....	8,200 "

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the locations of the proposed dredging and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 15th day of October, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material to be delivered by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained upon application therefor at the office of the Department.

MATERIALS AND WORK REQUIRED FOR THE CONSTRUCTION OF A STEAM LAUNCH.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until Thursday, September 7, 1893, until 10 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid

or Estimate for Steam Launch," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of **TWENTY-FIVE HUNDRED (\$2,500) DOLLARS.**

A bidder for a contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom a contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract, or such specific sum as may be mentioned in the proposal.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the surety offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications and showing the manner of payment, can be obtained at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

Commissioner of Public Works of the City of New York.

## DEPARTMENT OF PUBLIC WORKS,

## COMMISSIONER'S OFFICE.

Room 6, No. 31 Chambers Street,

New York, July 22, 1893.

## TO CONTRACTORS.

**BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office on Tuesday, August 29, 1893, until 12 o'clock m., at which place and hour they will be publicly opened by the head of the Department.**

**No. 1. FOR THE CONSTRUCTION OF A BRIDGE OVER THE HARLEM RIVER, ON LINE OF THIRD AVENUE, between One Hundred and Twenty-ninth and One Hundred and Thirty-fifth streets.**

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and it no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

**THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.**
