VOL. XXX.

NEW YORK, TUESDAY, JUNE 24, 1902.

NUMBER 8,857.

DEPARTMENT OF DOCKS AND FERRIES.

Transactions of the Department of Docks and Ferries for the Week Ending April 24, 1902.

A hearing was held April 24, 1902, at which several residents of Audubon Park appeared and protested against the maintenance of bathing houses at the foot of One Hundred and Fifty-eighth street, North river, and requested that the said bathing houses be removed to some other location along the water front.

The following permits were granted, the work to be done under the supervision of the Engineer-in-Chief:

Empire City Subway Company, to construct a subsidiary connection for telephone wires to Battery Place Pier South No. 1, North river, all pavement to be taken up and relaid by the force of this Department at the cost and expense of said company.

Metropolitan Steamship Company, to repair the Carlisle Street Pier, North river, the work to be kept within existing lines.

New Jersey and Hudson River Railway and Ferry Company, to make general repairs, during the ensuing six months, to the ferry premises at the foot of One Hundred and Thirtieth street, North river, the work to be kept within existing lines.

Lehigh Valley Railroad Company, to make general repairs, during the ensuing six months, to the Battery Place Pier North, Morris Street Pier South, Christopher Street Pier No. 44, and to the West Twenty-sixth Street Pier North No. 66, on the North river, and to the bulkheads foot of Forty-third street and Forty-fourth street on the East river, the work to be kept within existing lines.

August Braun, to repair the foundations of the bathing houses between Sixty-fourth street and Sixty-sixth street, East river.

New York, New Haven and Hartford Railroad Company, to repair the ferry racks and transfer bridges at the foot of Willis avenue, Harlem river, and to drive two clusters of piles on the Bronx Kills, east of Willis avenue, the work to be kept within the established bulkhead line.

Long Island Railroad Company, to construct a crib bulkhead west of Greenpoint avenue, Newtown creek, Borough of Queens, the work to be done in accordance with plans submitted as amended, and to be kept within existing lines.

Tartar Chemical Company, to erect a building and fire wall on the south side of the Seventh Street Canal, east of Gowanus Canal, Borough of Brooklyn, in accordance with plans submitted.

Leech Estate, to repair the crib dock at the foot of Bryant street, Gowanus Canal, Brooklyn, the work to be kept within existing lines.

Theodore A. Crane's Sons, to erect a wagon shed on property occupied by them at Erie Basin, Borough of Brooklyn, in accordance with plans submitted as amended.

Greason & Son, to repair the Pier at the foot of Harrison street, Borough of Brooklyn, the work to be kept within existing lines.

C. & R. Poillon, to dredge on the east side of their pier at the foot of Clinton street, Borough of Brooklyn.

William Esmark, to construct a walk-way on his property east of Twenty-second street, Sheepshead Bay, Brooklyn.

The following permits were granted to continue during the pleasure of the Commissioner, but for a period not to exceed one year in any case:

Interurban Street Railway Company, to maintain a frame awning shed for the protection of horses during the summer season, on the new made land between Watts Street Pier No. 31 and Watts Street Pier North, North river, the shed to be erected under the direction and supervision of the Engineer-in-Chief, said company to restore the pavement to its present condition after the removal of the shed.

Swift & Co., to erect a platform on land under water owned by the city south of Thirty-ninth street, North river, covering an area of about 980 square feet, compensation to be charged therefor at the rate of \$250 per annum, payable quarterly in advance to the Cashier, commencing May 1, 1902.

Bouker Contracting Company, to load loam or top soil on scows at the bulkhead at the foot of Eightieth street, North river, compensation to be paid therefor at the rate of \$5 per day, payable at the end of each week to the Dockmaster, the permit to cover not more than six scow loads of such material.

Sanitarium for Hebrew Children of The City of New York, to land its excursions on Wednesdays of each week during the summer season from July 9 to August 27, 1902, both dates inclusive, compensation therefor to be hereafter fixed by the Commissioner.

H. L. Herbert & Co., to relay water pipe to the East Twentieth Street Pier, the work to be done under the direction and supervision of the Engineer-in-Chief.

P. Fitzgerald, to place and maintain a boat float in front of the bulkhead between Ninety-second street and Ninety-third street, East river, compensation to be charged therefor at the rate of \$10 per month, payable monthly in advance to the Dockmaster.

The applications of Abram, Henry N. and Edwin W. DuBois for a grant of land under water in Newark Bay, in the Third Ward of the Borough of Richmond, and of Joshua B. Tisdale for a grant of land under water west of Wardell street, Long Island City, were transmitted to the Corporation Counsel.

The communication from the Engineer-in-Chief relative to the proposed construction of a free public bath on the new made land between Twenty-third street and Twenty-fourth street, East river, was referred to the Corporation Counsel for an opinion as to whether this Department has authority to build the bath.

William Whelan, Laborer, was summoned before the Commissioner April 19, 1902, for being off post, and James Casey, Caulker, was summoned before the Commissioner on the same date for reporting for duty in an intoxicated condition. After a hearing in each case both were reprimanded and ordered reassigned to duty.

The recommendation of the Engineer-in-Chief that a Matron be assigned to the Public Comfort Station between Seventeenth street and Eighteenth street, East river, was referred to the Corporation Counsel for an opinion as to whether this Department has power to appoint a Matron for assignment thereat.

The New York Telephone Company was requested to grant to the employees of this Department free telephone service in connection with their official duties, similar to the privileges now granted to the Police and Fire Departments.

The plans and specifications as prepared by the Engineer-in-Chief and submitted by him on Commissioner's Order No. 118, for building a sheet pile bulkhead, for excavating on the upland and for filling in behind such bulkhead, and for a platform between Fifty-first street and Fifty-second street, in the Borough of Brooklyn, were transmitted to the Board of Armory Commissioners in accordance with the request of said Board.

A recommendation having been received from the Commissioners of the Sinking Fund that the City Departments should hereafter carry their own fire and marine risks, the Chief Clerk was directed to cancel all outstanding insurance policies now held by this Department.

The substitution of the United States Fidelity & Guaranty Company as surety in the place of Joseph A. Flynn on the estimate of James H. Burton for furnishing piles under Contract No. 720, and the substitution of the Fidelity and Casualty Company of New York and the American Surety Company of New York as sureties in the place of T. Young and J. Kingston on the estimate of William C. Moquin for furnishing coal under Contract No. 727, as submitted by the Comptroller, were approved and consented to.

The Chief Clerk was directed to draw requisitions covering the bills of costs as taxed by the Supreme Court April 16, 1902, in proceedings for the acquisition of water front property between Bloomfield street and Little West Twelfth street, between Little West Twelfth street and West Thirteenth street, and between West Thirteenth street and West Fourteenth street, on the North river, and between Eighteenth street and Twentieth street, including the pier foot of East Nineteenth street, East river, as requested by the Corporation Counsel.

The Department of Water Supply, Gas and Electricity was requested to place a fire hydrant on the new made land at the inner end of the West Thirty-fourth Street Pier, Bolognesi, Hartfield & Company having agreed to pay the cost of taking up and relaying the pavement if such hydrant is placed thereat.

An extension of time was granted Richmond Rochester to March 20, 1902, for the completion of the work of furnishing rope under Contract No. 711, the sureties on said contract having consented to such extension of time.

The order to Horgan & Slaterry to prepare plans, specifications and form of contract for the construction of recreation piers was abrogated, an opinion having been received from the Corporation Counsel stating that the failure of Horgan & Slaterry to deliver such plans would justify the Department in considering the contract abrogated.

An opinion having been received from the Corporation Counsel stating that the Department may at any time revoke the permit granted Brown & Fleming to construct and maintain a dumping board on the Old Slip Pier East, East river, said permit was, on April 19, 1902, revoked and the following order issued by the Commissioner of Docks:

"Whereas, In the minutes of the Board of Docks of December 31, 1901, the following appears:

"The following permits were granted to continue during the pleasure of the Board, the work to be done under the supervision of the Engineer-in-Chief:

"Brown & Fleming, to use and occupy the inner two hundred feet of the south side of Old Slip Pier East, East river, and to construct a dumping board thereon; compensation to be charged therefor at the rate of \$1,000 per annum, payable quarterly in advance to the Treasurer; and

"Whereas, Section 845 of the Greater New York Charter provides: 'It shall not be lawful to permit the use as a dumping ground of any wharf, pier or slip, or bulkhead adjacent thereto, in the navigable waters of the East river, in The City of New York, which has heretofore been used for the loading and discharging of sailing vessels regularly employed in foreign commerce, and having a draught of more than eighteen feet of water, which said section was re-enacted by chapter 466 of the Laws of 1901; and

"Whereas, It appears that said pier Old Slip Pier East, East river (formerly known as Pier, old 12, East river), has been in common and continuous use by sailing vessels engaged in foreign commerce, and having a draught of more than eighteen feet of water, it is ordered

"First. That the action of the previous Board of Docks of December 31, 1901, above recited, be and hereby is rescinded and annulled, to take effect immediately.

"Second. That the said Brown & Fleming be and is hereby notified to remove any and all structures erected by them on Old Slip Pier East, East river (formerly known as Pier, old 12, East river), within fifteen days from the date of receipt of a copy of this order.

"Third. That in case of their failure to so remove the said structures, the Engineer-in-Chief of this Department be and he is hereby directed to remove same by the force of this Department, at the cost and expense of said Brown & Fleming.

"Fourth. That the Commissioners of the Sinking Fund be and are hereby respectfully requested to approve of the action of the Commissioner of Docks as above recited, and to refund said Brown & Fleming the amount paid by them January 17, 1902, namely, \$300, and deposited with the City Chamberlain January 24, 1902.

(Signed) McDUGALL HAWKES, Commissioner."

An offer was received from the Old Dominion Steamship Company to pay for a renewal lease of the Beach Street Pier No. 26, North river, with adjoining bulkheads, an advance rental of six and two-thirds per cent. on the present rental, and similar advances on two renewal terms of said lease. The Commissioner, on April 19, 1902, agreed to lease, assign and to farm let to the Old Dominion Steamship Company, all and singular, the wharfage which may arise, accrue or become due for the use and occupation in the manner and at the rates prescribed by law, of all that certain public wharf property situated on the North river, in the Borough of Manhattan, The City of New York, being the same premises now occupied by said company, and known and described as follows, to wit: Pier, new 26, North river, at the foot of Beach street, and the bulkhead extending from a point one hundred and twenty-five feet south of the southerly side of Pier, new 26, to the southerly side of Pier, new 27, and extending in width from the front or edge of said bulkhead to a line fifty feet easterly therefrom, for a term of ten years from May 1, 1902, with the privilege of two renewals of ten years each, upon notice being given at least three months prior to the expiration of the preceding term; the rental for the first term of ten years to be at the rate of \$49,428.34 per annum; for the first renewal term of ten years at the rate of \$52,723.56 per annum, and for the second renewal term of ten years at the rate of \$56,238.46 per annum, payable in every case quarterly in advance at the office of the Department, the lessee to have the privilege of using the shed and other structures now existing upon said pier and bulkhead; and to also have the privilege of replacing with other structures the said sheds and structures, in accordance with plans and specifications to be submitted to and approved by the Commissioner of Docks, and any and all structures erected during the terms of this lease upon said property to revert to and become the property of The City of New York upon the expiration or sooner termination of said lease, free from all claims or encumbrances of every kind whatsoever. This agreement to lease to be of no force or effect unless the said Old Dominion Steamship Company shall file in this Department its written acceptance of the terms and conditions thereof, and unless said terms and conditions are approved by the Commissioners of the Sinking Fund.

The Engineer-in-Chief was directed to construct a new platform for the accommodation of the fire-boat "New Yorker," at the Battery, at a position about one hundred feet south of the present berth, and to remove to the new platform the house now located at the present berth, in accordance with the request of the Fire Department, the existing platform to be removed upon the completion of the new structure.

The New York Central & Hudson River Railroad Company was requested to furnish plans of any improvements which they propose to make at the ferry premises foot of Forty-second street, North river.

An opinion was received from the Corporation Counsel stating that stationery and printing required by the Department can be purchased directly by the Department as heretofore, subject to the approval of the Commissioners of the Sinking Fund, and that contract advertisements may also be inserted as heretofore in the newspapers designated by the Board of City Record; and in accordance with such opinion the specifications and form of contract submitted by the Engineer-in-Chief for furnishing stationery and printed forms, etc., were ordered printed and advertised.

The specifications and form of contract submitted by the Engineer-in-Chief for furnishing cobble and rip-rap stone were approved and ordered printed and advertised.

A report was received from the Chief Clerk in regard to the occupation of property by C. H. Mallory & Co. south of Fulton street, East river, stating that the Department on June 15, 1901, took possession of Pier, old 21, for the purpose of building a new Pier thereat, and that on November 26, 1901, the Department took possession of the bulkhead between the Burling Slip Pier West and Pier, old 21, depriving said company of the use of the bulkhead and of the platform in front of the bulkhead, leaving the company now in occupancy of the easterly half of Burling Slip Pier West only. The Chief Clerk was authorized to collect rental for the entire property to June 14, 1901, at the rate of \$17,380 per annum, for the easterly half of Burling Slip Pier West and the bulkhead and platform between Burling Slip Pier West and Pier, old 21, at the rate of \$10,120 per annum from June 15 to November 25, 1901, and

for the easterly half of Burling Slip Pier West at the rate of \$8,470 per annum from November 26, 1901.

J. Eitz & Son were notified, in response to their application, that this Department will provide a berth for them at the West Fifty-fifth Street Pier and grant them the privilege of maintaining a steam derrick on the Pier, provided they agree to pay a rental for the privilege of maintaining the derrick at the rate of \$2 per day in addition to the regular rate of wharfage.

The application of J. Wesley Smith for permission to sink ice scales in the pavement at the bulkhead at the foot of Charles street, North river, was denied.

The application of R. J. Treat for a lease of the Old Slip Pier East, East river, was denied, and said Treat notified that the Pier is to be reserved for general wharfage purposes.

The application of Hughes Brothers and Bangs for permission to erect a temporary blacksmith shop on the Pier foot of Thirty-ninth street, in the Borough of Brooklyn, was denied, the proposed structure being a wooden building, in violation of the Building Code.

The following orders were issued to the Engineer-in-Chief:

To repair the cluster of piles at the Battery Steamboat Landing.

To repair the north side of Pier "A," North river, at the berth occupied by the steamboat "Patrol," as requested by the Police Department.

To drive three spring piles on the north side of the Stanton Street Pier, East river, as requested by A. W. Welch, the cost of the work to be reported for collection from said Welch.

To dredge at the premises between Thirty-eighth and Thirty-ninth streets, East river, to permit the driving of piles thereat, the New York Edison Company having agreed to pay the cost of such work.

To repair the fender system on the Pier foot of One Hundred and Tenth street, Harlem river.

To repair cluster of piles at the bulkhead platform foot of One Hundred and Thirty-eighth street, Port Morris.

To repair the Quarry Dock on the westerly side of Blackwell's Island.

Arthur F. Russell was nominated for temporary appointment to the position of Telephone Operator, there being no Civil Service eligible list, and the Municipal Civil Service Commission was requested to grant him a non-competitive examination for such temporary appointment, the appointment to commence April 24, 1902, compensation to be at the rate of \$60 per month.

The Municipal Civil Service Commission was requested to consent to the temporary appointment of John T. H. Kenny as Chauffeur at \$2 per day, and said Commission was also requested to hold an examination so that an eligible list might be prepared for the position of Chauffeur from which this Department may make two appointments.

Charles M. Clark, having been certified by the Municipal Civil Service Commission as eligible, was, on April 23, 1902, appointed Stenographer and Typewriter on probation, with compensation at the rate of \$900 per annum, to take effect when he reports for duty.

Peter Boyle, having been certified by the Municipal Civil Service Commission as eligible, was, on April 24, 1902, appointed Marine Cook on probation, with compensation at the rate of \$60 per month, to take effect when he reports for duty.

The title of James M. Leonard was changed from Dockbuilder to Laborer April 19, 1902, of Dennis Larkin from Dockbuilder to Laborer April 22, 1902, and of Joseph Trainor from Diver's Tender to Laborer, April 22, 1902, his wages to be at the rate of 25 cents per hour while employed as Laborer.

The following communications were laid over:

From the Mayor, transmitting report of the Commissioners of Accounts relative to books and accounts kept by Dockmasters.

From the Manhattan Transport Company, requesting permission to erect and maintain dumping boards at the East Fifth Street and East Twentieth Street Piers, East river, and at the West Tenth Street and West Thirtieth Street Piers, North river.

From A. L. & S. F. Jacobs, attorneys, offering on behalf of the owner to sell to the City the property between Eighteenth street and Nineteenth street, Eleventh avenue and Thirteenth avenue, with the bulkhead opposite, on the North river, for the sum of \$320,000 with interest from May 14, 1900, and an additional sum of \$2,500 to cover taxes and other expenditures from that date.

From Otto Stegemann, requesting permission to use sixty feet of the bulkhead at the foot of East Fifty-third street, with the privilege of placing an ice bridge, scales and tally house thereat.

From James Sinclair & Company, requesting that no permit be granted for a manure dump on the East Twenty-ninth Street Pier.

From the McGirr Transportation Company, requesting a lease of a portion of the north side of the West Thirty-ninth Street Pier, with privilege of dumping manure on scows thereat.

From the Staten Island Sound Transportation Company, requesting a berth for the steamer "S. S. Wyckoff" at the Canal Street Pier South, North river.

From the President of the Borough of Brooklyn, requesting that berths be assigned for the free floating baths for the season of 1902 at the foot of Fifty-first street, on the north side of the Pier foot of Noble street, and on the south side of the Pier foot of North Second street, in the Borough of Brooklyn. The President of the Borough of Brooklyn was notified that the location desired at the foot of Fifty-first street is not available, as the premises have been set aside for the construction of a new armory; and the remainder of the application was referred to the Department of Health for examination.

The following communications were ordered on file:

From the Mayor—

1st. Transmitting report of the Commissioners of Accounts relative to the work of construction of the crib bulkheads by James D. Leary, between One Hundred and Thirty-first street and One Hundred and Thirty-fifth street, Harlem river, under Contract No. 710. Copy of report of the Engineer-in-Chief transmitted to his Honor the Mayor.

2d. Transmitting report of the Commissioners of Accounts relative to annual expense account of the Department for the year 1901. The Corporation Counsel was requested to advise as to what expenditures of the Department should be included in the \$100,000 appropriation known as the Annual Expense Account.

From the Commissioners of the Sinking Fund, transmitting certified copies of resolutions approving the terms and conditions of Contracts No. 730, for dredging between the Battery and West One Hundred and Fifty-ninth street on the North river, and No. 731, for furnishing and delivering about 10,000 barrels of Portland cement; and approving the awards of Contracts Nos. 720, 727, 728 and 729.

From the Comptroller—

1st. Stating that supplies, the cost of which in any one year will exceed \$1,000, should be bought under contract.

2d. Approving sureties on the estimate of the Moran Towing Company for furnishing towing under Contract No. 728.

3d. Advising that his certificate was attached to Contract No. 723, for furnishing piles, Naughton & Co., contractors, on April 17, 1902.

From the Corporation Counsel—

1st. Requesting information relative to the title of the City to land and premises between Seventeenth street and Nineteenth street, Avenue C and East River. Information furnished.

2d. Advising that section 845 of the Charter, prohibiting the establishment of dumping boards, does not apply to the use of piers on the East river, unless such Piers have been in common and continuous use by sailing vessels engaged in foreign commerce having a draught of more than eighteen feet.

3d. In relation to the advisability of opening such streets as would intersect the shore line which have not yet been opened. The Corporation Counsel was requested to arrange for a meeting between the Borough Presidents for the consideration of the question of opening such streets.

From the Department of Health, requesting the construction of a new Pier at North Brother Island. Said Department notified that the consent of the United

States Government would be required for the construction of the Pier, as such Pier, if constructed, would extend beyond the present pierhead line.

From the United States War Department, granting to the Department of Docks and Ferries permission to construct a pile platform at the Battery.

From the Secretary of State, inclosing copies of chapters 609 and 611 of the Laws of 1902, relative to the Department of Docks and Ferries.

From the Commissioners of the Land Office, transmitting copy of application of the Bowery Bay Building and Improvement Company for a grant of land under water at Bowery Bay, Flushing Bay and the East river, in the First Ward of the Borough of Queens.

From the Auditor of Porto Rico, requesting information relative to wharfage charges and dockage in the Port of New York. Information furnished.

From the North Side Board of Trade of The City of New York, requesting the erection of a public dock in the vicinity of One Hundred and Thirty-sixth street, Port Morris, Borough of The Bronx. Notified that arrangements will be made, if possible, for the landing of steamboats on the north side of the proposed ferry to be established at the foot of One Hundred and Thirty-eighth street, East river.

From the Hecker-Jones-Jewell Milling Company, accepting the terms of the permit for berth for wheat elevator at the bulkhead between Market Slip Pier East, No. 30, and Pike Slip Pier West, No. 31, East river.

From Richard P. Coen, accepting the terms of the permit for the loading of manure on scows at the East Twenty-ninth Street Pier.

From the Idle Hour Rod and Gun Club, accepting the terms of the permit for use of land under water at the foot of Bungay street, East river, Borough of The Bronx.

From Brown & Miller, transmitting consent of sureties to extension of time granted them to April 5, 1902, for the completion of the tug "Brooklyn," under Contract No. 705.

From John B. Pearson, in relation to the ownership of certain property at Linoleumville, in the Borough of Richmond. Copies of said communication transmitted to the Corporation Counsel and to the President of the Borough of Richmond.

From John C. Tomlinson, attorney for the New Amsterdam Gas Company, protesting against the sale of any property in the vicinity of East Forty-second street, in connection with the ferry franchise thereat. The Engineer-in-Chief was directed to prepare a new description to include only the property owned by the City thereat and used in connection with the ferry.

From John J. Radley & Company, requesting that the East Nineteenth Street Pier be maintained as an open pier, or that a lease of the pier be granted to them.

From the Hecker-Jones-Jewell Milling Company, requesting information in relation to the water front property at the foot of One Hundred and Nineteenth street, Harlem river. Information furnished.

From the Jefferson Yacht Club, protesting against the erection of a dock by Jamieson & Bond at Jamaica Bay, Holland Station, Rockaway Beach.

From P. H. Doherty, requesting permission to erect an ice bridge at the foot of West Forty-eighth street or at the foot of West Fiftieth street, North river. Said Doherty was notified that the Pier foot of West Fiftieth street, being a recreation pier, is not available for ice bridge purposes, and was requested to advise whether the bulkhead south of said pier would suit his purpose.

From Martin H. Healey, requesting the privilege of filling in in the rear of the bulkhead at the foot of One Hundred and Thirty-first street, Harlem river. Notified that it is the intention of the Department to offer said privilege for sale at public auction.

 Meeting of the Red Hook Local Improvement District, held May 15, 1902, at 3 p.m.

Report of the Commissioner of Public Works to the President of the Borough of Brooklyn, for the Week Ending May 17, 1902.

BUREAU OF PUBLIC BUILDINGS AND OFFICES.

One hundred and eight orders—seventy-six for supplies and thirty-two for repairs (one of the former being subsequently canceled)—were issued by the Bureau of Public Buildings and Offices during the week ending May 17, 1902.

On May 13, Willard Ward of No. 134 Ralph avenue, was appointed a machinist's helper in this bureau at a salary of seven hundred and fifty dollars a year, the said appointment to take effect on May 13, 1902.

May 14, Miss Agnes V. Reilly, of No. 355 Lafayette avenue, was transferred from the position of senior clerk in the Bureau of Buildings to the same in the Bureau of Public Buildings and Offices, the transfer to date from June 1, 1902. Miss Reilly's salary remains unchanged at nine hundred dollars a year.

A communication was received from the James McCreery Realty Corporation of New York City, proposing to lease to the Board of Elections the second floor of premises Nos. 112 and 114 West Forty-second street and Nos. 107 to 117 West Forty-first street, Borough of Manhattan, to be divided by partitions as per plans submitted, and to include heat, light and janitor service, the lease to extend to May 1, 1907, at a rental of \$7,500 per annum.

Whereupon the following resolutions were, on motion, unanimously adopted, to wit:

Resolved, That the Board of Elections of the City of New York lease from the James McCreery Realty Corporation, of The City of New York, through the proper authorities, subject to the approval of the Commissioners of the Sinking Fund of said City, for the uses and purposes of a general office for the Board of Elections and a branch office for said Board for the Borough of Manhattan, as provided for and authorized by section 11, subdivision 2, paragraph 1, chapter 95, Laws of 1901, for a term of four years and ten months from July 1, 1902, at an annual rental of seven thousand five hundred dollars (\$7,500), payable in quarterly installments on the first days of August, November, February and May, the entire second floor of the building in the Borough of Manhattan, City of New York, situate on the southerly side of Forty-second street, between Sixth avenue and Broadway, extending through to Forty-first street, and known as Nos. 112 and 114 West Forty-second street, and Nos. 107 to 117 West Forty-first street, being 50 feet wide on Forty-second street, 75 feet wide on Forty-first street, and 200 feet in depth from street to street, more or less, and containing about 10,000 square feet floor space, the lessor corporation to cause at its cost and expense the said floor to be divided in accordance with the plans submitted, by partitions of wired glass and fireproof material into twelve rooms and two halls, with the requisite glass paneled doors and fanlights to same; also to provide the wash basins, water closets and urinals indicated on said plans, and to furnish all necessary heat, light, water, elevator and janitor service, and keep the said premises and appurtenances at all times in a cleanly and tenantable condition for the use and occupancy thereof by the lessee and its employees, the rent to commence when the premises are ready for occupancy.

Resolved, That the Commissioners of the Sinking Fund of The City of New York be and hereby are requested to approve of the leasing of said premises for the purposes and on the terms and conditions above stated.

On motion, the Board adjourned.

CHARLES B. PAGE, Secretary.

BOARD OF ELECTIONS.

BOARD OF ELECTIONS.

Meeting of the Board of Elections, held Wednesday, June 18, 1902, at 12 o'clock noon.

Present—Commissioners Voorhis, Page and Maguire.

The minutes of the meeting of the Board held on June 11, 1902, were read and approved.

The following communications were received, viz:

From Melvin G. Palisser, as Chairman of the Campaign Committee of the Liberal Democratic Party, dated the 16th instant, asking for two maps of each of the Senatorial, Assembly and Congressional Districts in New York City, etc. Filed, and request to be complied with when maps are ready.

From Hon. John N. Partridge, Police Commissioner, dated June 12, 1902, in regard to "men detailed at the Board of Elections in the boroughs of Manhattan, Bronx, Queens, Richmond and Brooklyn." The President's answer thereto approved and letter filed.

From the several Chief Clerks of branch offices of the Board, reports as to the number of enrollment and transfer certificates filed in their respective offices during the week ending June 14, 1902. Filed.

The following resolution was adopted, to wit:

Resolved, That the Board of Elections hereby authorizes and directs that the voted and unvoted ballots, and stubs of ballots, of the General Election of 1901 (not under consideration or review by the Supreme Court or any order thereof), be sold and disposed of, pursuant to the provisions of chapter 909, Laws of 1896, as amended.

The President stated that five sealed bids for the purchase and disposal of sample ballots, voted and unvoted ballots and stubs of ballots of the General Election of 1901 had been received, which he then opened and announced to be as follows, to wit:

S. Meinhold, World Building, Borough of Manhattan, per one hundred pounds	25 cents
Louis Reischer, No. 2784 Fulton street, Borough of Brooklyn, per one hundred pounds	38 "
Darmstadt & Scott, No. 184 South street, Borough of Manhattan, per one hundred pounds	41 "
John Doherty, No. 170 Grand street, Borough of Manhattan, per one hundred pounds	46 "
Maurice O'Meara Company, No. 448 Pearl street, Borough of Manhattan, per one hundred pounds.....	50 "

The Board thereupon adopted the following:

Resolved, That the proposal of the Maurice O'Meara Company, No. 448 Pearl street, Manhattan, for the purchase of the sample ballots, voted ballots, unvoted ballots and stubs of ballots of the General Election of 1901, at the rate of 50 cents per one hundred pounds (the same being the highest bid received), be and is hereby accepted. The removal and disposal thereof to be in strict accordance with the conditions expressed in the invitation for bids for same issued by this Board on the 13th instant.

The Board then adjourned.

CHARLES B. PAGE, Secretary.

BOARD OF EXAMINERS.

MINUTES OF THE BOARD OF EXAMINERS.

Meeting held at the offices of the Board, Rooms 516 and 517, No. 1 Madison avenue, Manhattan, April 29, 1902. Meeting called to order at 3 p. m.

Present—Messrs. F. C. Moore, W. J. Fryer, Warren A. Conover, William C. Smith, Cornelius O'Reilly, Chief E. F. Croker and A. F. D'Oench, Chairman.

Minutes of the meeting of the 22d instant read, and on motion, duly made and seconded, approved.

Appeal No. 78 of 1902, Alteration No. 1201 of 1902, premises Nos. 109 and 111 North Third street, Brooklyn, Messrs. Horgan & Slattery, architects and appellants.

This building is at present two stories high, the first story being 11 feet 5 inches high from floor to floor, and the second 12 feet 5 inches. Permission is desired to raise the building two additional stories with 12-inch brick walls built on the present 12-inch walls. The new stories will be 11 feet 10½ inches and 11 feet 2 inches from floor to floor, and will be on the same level as the corresponding floors of the present adjoining factory, with which it will connect by a doorway on each floor. The total height of the building when thus raised will be 46 feet 10½ inches to the highest part of the roof. The building is to be used merely for the storage of empty tinware.

On motion, duly made and seconded, approved on condition that walls are laid in cement mortar.

Appeal No. 82 of 1902, New Building No. 436 of 1901, Nos. 16 and 18 Hoyt street, Brooklyn, Alphonse Friederick, Esq., appellant; Geo. W. Walgrove, Esq., architect.

"It is proposed to erect a 2-inch solid partition of angle and tee irons, metal lath and plaster of Schratweiser's patent, or one equally as good, around two sides of elevator shaft in new building. The other two sides being formed by front and side walls of building.

"The framing around openings at present is of iron beams on second, third, fourth and fifth stories, and roof as shown on original plans; to these iron beams the angle and tee irons, if desired, will be bolted on each story, so as to make same perfectly rigid.

"The partition to start on concrete base in cellar or on top of present brick wall inclosing shaft in cellar. Said brick wall inclosing shaft in cellar is laid up in Rosendale cement mortar.

"All openings in shaft to be inclosed with Rapp's patent fireproof doors, except present doors in cellar, which are of sheet iron hung on iron eyes built into the brick work, and the present entrance door from sidewalk to elevator opening, which is of pine and tinned on shaft side.

"Above roof at present there is a bulkhead formed of angle and tee irons and 3-inch terra cotta blocks, laid in cement mortar supported on present iron framing around opening. Over said bulkhead there is a galvanized iron skylight."

Mr. Walgrove appeared in explanation of the appeal.

On motion, duly made and seconded, approved.

Appeal No. 87 of 1902, New Building No. 147 of 1902, Nos. 129 and 131 West Forty-seventh street, Manhattan, Henry Andersen, architect for E. R. Champion, appellant.

"In view of the fact that the construction desired is so little in excess of the requirements permitting single stair and as building is amply provided with fire escapes and a passenger elevator, and as it is proposed to place a substantial fire escape stairway on rear of building, it is requested that plans be approved as submitted, we agreeing to place a 4-foot deep stair taking in rear centre windows."

Mr. Henry Andersen appeared in explanation of the appeal.

On motion, duly made and seconded, approved on condition that inside the grill work of the elevator shafts shall be placed metal frames with wire glass.

Appeal No. 88 of 1902, New Building No. 1476 of 1901, premises Nos. 124 and 126 West Forty-seventh street, Manhattan, Henry Andersen, architect, owner and appellant.

"It is proposed to erect upon the roof of said building a roof house for storage, tank and house toilet, same to be constructed fireproof of 4 by 4 inch L and T iron, filled in between with 4-inch terra cotta blocks, sheathed and covered with corrugated iron; plastered inside; all in the customary manner."

Mr. Henry Andersen appeared in explanation of the appeal.

On motion, duly made and seconded, approved.

Appeal No. 89 of 1902, New Building No. 176 of 1902, premises Nos. 130 and 132 Fifth avenue, Robert Maynicke, architect and appellant.

"It is desired to modify the Building Code so that two interior staircases and one exterior staircase may be provided for this building, instead of four as required by section 75 of the Code."

Mr. Julius Franke appeared in explanation of the appeal.

On motion, duly made and seconded, denied.

Appeal No. 90 of 1902, New Building No. 1570 of 1901, premises south side of Forty-ninth street, 192 feet 7½ inches from the southeast corner of Seventh avenue and Forty-ninth street, Manhattan, Hallahan & Ahearn, owners and appellants; Neville & Bagge, architects.

"To omit the second flight of interior stairs, as called for on last amendment, and to substitute therefor an outside iron stairs with a passageway from main hall on each floor above first story connecting direct with same, as shown on drawings herewith attached; inasmuch as this forms a better means of escape in case of fire, as the interior stairs will certainly form a smoke flue."

Mr. Neville appeared in explanation of the appeal.

On motion, duly made and seconded, denied.

Appeal No. 91 of 1902, Alteration No. 2371 of 1901, premises No. 48 Leonard street, Manhattan, J. Odell Whitenack, appellant.

"That elevator inclosure be built of terra cotta laid in Portland cement mortar, and inclosed in an angle and channel framework, because the street sewer in this street is so high that the plumbing fixtures for store and basement are elevated above basement floor and are directly under proposed elevator shaft. Elevator shaft for this reason is to start from street floor level from column and beam supports, as to start same from basement level would make it necessary to remove plumbing fixtures, and there is no other place where they can be located (see sketch)."

"2d. Lease was made with J. W. Cook & Co., tenants in store, three years ago, and has still two years to run. Owner inserted a clause in lease headed as follows:

"Permission to be given to owner to move partition separating store from loft entrance one foot to the west and such room in cellar as may be necessary for foundation and columns to support an elevator shaft."

"Tenant of store will derive no benefit from this elevator and refuses to make any concessions to owner. One foot additional hall space is not enough if elevator inclosure is built of brick."

On motion, duly made and seconded, approved on condition that terra cotta blocks are plastered on the inside.

Appeal No. 92 of 1902, Alteration No. 210 of 1902, premises No. 5 Washington place, Manhattan, J. Odell Whitenack, appellant.

"To allow elevator inclosure to be erected of iron and terra cotta instead of bricks, because

"1st. It is not desired to run elevator below first floor as space under shaft in basement is passage to salesrooms under sidewalk.

"2d. That building is over 100 feet from sub-cellar to roof, and it is almost an impossibility to erect a brick structure only 6 feet outside of this height and not have same settle and pull away from main wall, and this difficulty is greatly increased when this weight of bricks is supported on an iron column and beam foundation 20 feet above cellar line.

"3d. Increased outside size of shaft, if made in brick, will necessitate framing new stair openings for stairs from cellar to first loft.

"4th. Fireproof stair and freight elevator shaft on Mercer street side is now inclosed by iron and terra cotta inclosures, and to do the same at this end does not make the building any worse from any point of view.

"5th. Building is leased for ten years to Mr. G. W. Leggs, an importer of flowers and feathers, and there will not be over twenty-five persons in the entire building at any time."

On motion, duly made and seconded, approved on condition that terra cotta blocks are plastered on both sides.

Appeal No. 93 of 1902, New Building No. 201 of 1902, premises Nos. 503 and 505 East Seventy-eighth street and Nos. 502 and 504 East Seventy-ninth street, Manhattan, Percy Griffin, appellant.

"The width of the buildings exceeds 26 feet and no brick partitions have been provided. The arrangement of the plan makes it impossible to comply exactly with the requirements of the law. To compensate for the brick fore and aft partitions omitted, it is proposed to make the interior partitions of fireproof material, using no stud partitions. In view of these conditions, the appellant begs that the proposed construction be permitted."

Mr. W. D. Crow appeared in explanation of the appeal.

On motion, duly made and seconded, approved on condition that the partitions throughout the building be constructed of porous terra cotta, and that the thickness of said partitions dividing the several apartments be not less than three inches and the other partitions not less than two inches and plastered on both sides.

Appeal No. 94 of 1902, Alteration No. 474 of 1902, premises Nos. 209 and 211 Hester street, Manhattan, Horenburger & Straub, architects and appellants.

"It is proposed to add one story on top of the present five-story stable building, raising it from a height of 60 feet to 72 feet above curb; the walls are built of brick, bearing walls are 20 inches thick in cellar, 16 inches thick in first second and third and fourth stories, or to a height of about 48 feet above curb, and 12 inches thick in fifth story; the front and rear non-bearing walls are 20 inches thick in cellar, 16 inches in first story and 12 inches thick in second story and upper stories.

"We therefore respectfully ask permission to erect the proposed new sixth story walls 12 inches thick, same as present walls in fifth story, as the bearing walls are not 16 inches thick to a height of 48 feet above curb, and all the walls are in a very good condition, the building having been built only a few years ago.

"The westerly bearing wall will be taken down and replaced by a row of girders and columns, as a six-story extension is to be added on the westerly side of present building."

On motion, duly made and seconded, approved.

Appeal No. 95 of 1902, Alteration No. 501 of 1902, premises No. 596 Seventh avenue, Manhattan, Werner & Windolph, architects and appellants.

"To waive section 105 of the Building Code and allow the alteration of the new fireproof building No. 596 Seventh avenue as a non-fireproof building, the altered building to connect with building No. 598, now a non-fireproof hotel. The buildings are to be occupied as a hotel when alterations are completed."

Mr. Windolph appeared in explanation of the appeal.

On motion, duly made and seconded, denied.

Appeal No. 96 of 1902, New Building No. 1631 of 1901, premises west side of Park avenue, Forty-first to Forty-second street, Manhattan, Warren & Wetmore, architects and appellants.

Appeal withdrawn by the Superintendent of Buildings.

Appeal No. 97 of 1902, Alteration No. 118 of 1902, premises Nos. 37 and 39 Pine street and Nos. 40 and 42 Wall street, Manhattan, Howley & King, architects and appellants.

"It is proposed to erect a hanging gallery with a wooden floor in a fireproof building. The Superintendent of Buildings has disapproved the plans, and we appeal from his decision for the reason that a strict compliance with sections 105 and 106 of the Building Code is, in this instance, impracticable."

On motion, duly made and seconded, respectfully returned to the Superintendent of Buildings, for the reason that the total cost of construction is under one thousand dollars, and the attention of this Board having been called by him to the fact that this alteration would cost but three hundred dollars.

Appeal No. 100 of 1902, New Building No. 184 of 1902, premises Nos. 91 and 93 Hester street, Manhattan, Samuel Sass, architect and appellant.

"To permit one of the two continuous lines of stairs, as required by section 75 of the Building Code, to be constructed on the outside of the building, as shown on plans. To be constructed of wrought iron."

Mr. Samuel Sass appeared in explanation of the appeal.

On motion, duly made and seconded, denied.

Appeal No. 101 of 1902, New Building No. 113 of 1902, premises No. 543 Broadway, Manhattan, John G. Stevens, appellant.

"The plans have been disapproved on account of wind pressure, no allowance having been made for the fact that there is a five-story building on the south side and a six-story building on the north side, which affords ample resistance to the wind pressure; and the building is built entirely of masonry."

Mr. Thomas Lamb and Mr. J. W. Stevens appeared in explanation of the appeal.
On motion, duly made and seconded, laid over.
Adjourned.

JAMES GAFFNEY, Clerk of the Board of Examiners.

BOARD OF EXAMINERS.

May 20, 1902.

Present—Messrs. Francis C. Moore, Warren A. Conover, William C. Smith, Cornelius O'Reilly, Chief Edward F. Croker and William J. Fryer.

In the absence of the Chairman, the Clerk called the meeting to order at 3 p. m.
On motion, duly made and seconded, Mr. Fryer was designated to act as Chairman.
Mr. Fryer then took the chair.

Minutes of meeting of the 13th instant read. The Clerk was directed to insert "Mr. Moore was then excused" immediately following the decision on Appeal No. 112.

On motion, duly made and seconded, minutes were approved.

Appeal No. 116 of 1902, New Building, No. 219 of 1902 (laid over May 13); on motion, duly made and seconded, denied.

Appeal No. 118 of 1902, Alteration No. 584 of 1902 (laid over May 13).
Mr. Pell appeared before the Board in explanation of this appeal, and presented a roof plan, which was ordered on file.

On motion, duly made and seconded, approved.
Appeal No. 121 of 1902, New Building No. 141 of 1902, premises No. 682 Broadway; John W. Stevens, Esq., appellant.

Plans have been disapproved on account of wind pressure, notwithstanding that the walls have been increased four inches in thickness and are laid up in cement mortar, the building being built entirely of masonry, floors constructed with 15-inch steel beams, with 16-inch bearing at each end, all thoroughly tied and bonded together; and the building is protected on the south by a four-story structure.

On motion, duly made and seconded, approved.
Appeal No. 122 of 1902, New Building No. 234 of 1902, premises Nos. 538 and 540 Fifth avenue; Ralph S. Townsend, Esq., architect and appellant.

It is requested that section 75 of the Code be modified to the extent of omitting the additional flight of stairs required by law, and substituting in place of same one continuous line of outside iron stairs with iron balconies, having a door opening on each floor, the said stairs to be placed on rear of gables where directed by the Building Department; also, if so required by the Department, upright stairs will be provided from the roof of proposed building to the roof of adjoining building on the south.

The entire proposed building will be occupied by one tenant, and two flights of stairs will not only entail a considerable loss of floor space on each floor, but will seriously interfere with the operation of tenant's business.

Permission is also requested to construct the walls inclosing elevator shaft of angle and tee-iron framing, filled in with hard burned fireproof partition blocks 4 inches in thickness, plastered on both sides, and have openings into same provided with iron-covered doors, glazed with wire glass.

Request for the above modification is made on the following grounds:
First—The building is but five stories in height.

Second—The building will be wholly occupied by one tenant.

Third—The additional stair well-hole increases the danger from spread of fire, also the danger to tenants from smoke; also interferes seriously with the business of the tenant.

Mr. Wm. C. Haskell appeared in explanation.
On motion, duly made and seconded, approved on condition that all the stair-halls, including floors of same, landings, stairs and partitions, be constructed with fireproof material; and that all openings in hall partitions be constructed of fireproof material and wire-glazed wherever glazing is necessary.

On motion, duly made and seconded, construction of elevator shaft as stated, approved.

Mr. Moore was then excused.
On motion, duly made and seconded, the meetings of this Board will be held at 2 p. m. (instead of 3 p. m.), commencing May 29 and continuing until further notice.

Appeal No. 123 of 1902, New Building No. 173 of 1902, premises northwest corner of Seventieth street and Amsterdam avenue, Seaboard Realty Company, per Harry B. Mulliken, appellant.

It is desired to place a pent house on the roof of the building in question, covering about one-fourth of the area of the roof, without having this pent house considered as a complete extra story.

This pent house will be constructed as follows:
All walls surrounding the pent house will be carried up to their proper height.
The floor will be made of cement.

Wire glass will be used wherever glass is necessary.
Proper skylights will be provided.

All woodwork for window frames, sashes, doors, trim and base of the pent house shall be thoroughly fireproof.

The highest point of the roof will not exceed 150 feet from the curb level.
All wood entering into the construction of the pent house will be fireproofed by the Electric Fireproofing Company's process, this being the one which is fully accepted by the Bureau of Buildings.

The entire pent house will be constructed absolutely fireproof.
The highest point of the building will be kept within the 150 feet limit.

On motion, duly made and seconded, approved.
Appeal No. 124 of 1902, Fireproof Shutter Case, premises Nos. 530 and 532 West Twenty-eighth street, The E. R. Merrill Spring Company, appellant.

On motion, duly made and seconded, referred to Chief Croker for examination and report.

Appeal No. 125 of 1902, New Building No. 253 of 1902, premises Nos. 142 and 144 East Fifty-ninth street, J. Kastner, Esq., architect and appellant.

In re section 75 of the Building Code.
The building is only four stories in height and each of the lofts has direct communication with the stairs, as shown on plans, and the rear fire escape will be constructed with balconies one each on second, third and fourth stories, provided with stairs and handrails connecting said balconies, which are in the open air and in my opinion much better than two interior stairs, which might be required under a strict interpretation of the law.

On motion, duly made and seconded, approved on condition that staircase from balcony be extended to the ground level.

Appeal No. 126 of 1902, Alteration No. 212 of 1902, Bronx, premises west side of Cortlandt avenue, 122 feet from the southwest corner of One Hundred and Fifty-seventh street; Gustav Schwartz, Esq., architect and appellant.

This building is the Mount Pleasant Baptist Church. Modification of the law is requested, that said alteration could be carried out for the following reasons:
First—The frame building on the whole block amounts to more than 90 per cent.

Second—The law allows, where there are 90 per cent. or more frame buildings on a block, that a single story frame structure may be raised to a two-story building—dwelling.

Third—Present building should be raised five feet to get a basement instead of a cellar and present first story ceiling raised to eighteen feet high, make a peak roof and give the building the character of a church, for which purposes present building is already used.

Mr. Schwartz appeared in explanation.
On motion, duly made and seconded, approved.

Appeal No. 127 of 1902, New Building No. 1322 of 1901, premises, southwest corner Madison avenue and Twenty-ninth street; Maitland E. Graves, Esq., architect and appellant.

It is desired to convert the present open portion of the roof over the twelfth story at the above described building into a roofed-over sun parlor and conservatory, necessarily running up the exterior walls. The highest part of the roof beams over this new conservatory will not be more than 147 feet and 6 inches above the curb at the middle part of the building.

This sun parlor and conservatory is not in any way connected with a pent house which is to cover a portion of the roof over the twelfth floor, except by a common lobby at the staircase and elevators. An open court will separate the pent house from the desired conservatory. The roof of this sun parlor and conservatory will be of fireproof terra cotta arches and steel beams throughout.

Mr. H. A. Jacobs appeared in explanation.
On motion, duly made and seconded, denied.
Appeal No. 128 of 1902, New Building No. 239 of 1902, premises Nos. 109 to 115 West Forty-fourth street; G. A. Schellenger, Esq., architect and appellant.

In re pent house:
First—The building will be reduced in height to within 150 feet from the curb to top of roof beams of the pent house or roof story.

Second—All inclosing walls of the pent house or roof story will be of brick 12 inches thick.

Third—Such pent house or roof story will be constructed fireproof to comply with section 105 of the Building Code for a building of that height. All wood used in such story will be fireproofed in a manner satisfactory to the Superintendent of Buildings.

Fourth—The turrets at the two front corners of the building will not be covered. No portion of the roof garden will be covered except the tower, which will be used as an inclosure for the house tank.

Fifth—The elevator shafts will be constructed of close-fireproof material to prevent the passage of fire or smoke to or from the shafts. The doors to the elevator shafts will be of metal, glazed with wire woven glass.

Sixth—It is desired to be exempted from the requirements of section 105 as to fireproofing of interior trim, etc., and outside window frames and sash of the lower portions of the building.

On motion, duly made and seconded, laid over.
Adjourned.

JAMES GAFFNEY, Clerk.

BOARD OF EXAMINERS.

May 27, 1902.

Present—Messrs. Francis C. Moore, William J. Fryer, Warren A. Conover, William C. Smith, Cornelius O'Reilly, Chief Edward F. Croker and A. F. D'Oench, Chairman.

Meeting called to order at 3 p. m.
Minutes of meeting of the 20th instant read and on motion duly made and seconded, approved.

Appeal No. 124, of 1902, Matter of Iron Shutters, premises Nos. 530 and 532 West Twenty-eighth street, referred to Chief Croker May 20th, for examination and report.

On presentation of report and on motion duly made and seconded, appeal was denied.

Appeal No. 128 of 1902, New Building, No. 239 of 1902, laid over May 20th.
Mr. Schellenger and Mr. McCormick appeared in explanation.

On motion duly made and seconded, denied.
Appeal No. 129 of 1902, New Building, No. 1150 of 1901, premises Nos. 12 and 14 West Forty-fourth street, Renwick, Aspinwall & Owen, architects and appellants.

It is proposed to alter the present proposed mansard by raising the roof about two feet on the front and forming an additional floor in same to be used as a dormitory for help.

This has been construed by the Commissioner to be a thirteenth floor and in violation of section 105 of the Building Code, because the lower floors of the building are not constructed with fireproof wood.

A deviation from the section above referred to is asked for the reason that the new story is a pent house only accessible from the roof, and will be constructed with kaleminded woodwork in strict conformity with section 105 of the Code.

Mr. Mitchell appeared in explanation.
On motion duly made and seconded, approved on condition that the concrete filling be carried to the top of the sleepers, in order that there may be no air space beneath the flooring.

Appeal No. 130 of 1902, New Building, No. 259 of 1902, premises southeast corner of Broome and Allen streets, George Fred Pelham, Esq., architect and appellant.

To substitute 10-inch No. 25 steel girders at front and rear of building for all stories where span exceeds 26 feet in place of an interior brick partition wall; to build a brick wall at these partitions would interfere with arrangements of rooms as shown on plans.

It is proposed to encase the sides and undersides of the steel girders with expanded metal lath and plaster.

Mr. George Kaiser appeared in explanation.
On motion duly made and seconded, approved on condition that the cross partitions extending from dumbwaiter to street gable wall on first and all upper stories be constructed fireproof of angle iron filled in with burned clay blocks; and that all doors in said partitions be of wood covered with metal.

Appeal No. 131, of 1902, Brooklyn Alteration (no number), No. 376 Fulton street, Balch, Price & Co., appellants.

The applicants desire to add a story to the building, their business making it necessary to secure more room, and this being the only method of obtaining it.

The reason for constructing it in this manner instead of with brick walls is because one party wall, to the depth of 75 feet, is not sufficiently thick (under the law) to sustain an additional story of brick. All the other walls are of legal thickness.

The story will be used for the sewing of furs, trimming hats, etc., all the goods being of very light weight.

On motion, duly made and seconded, laid over, the Clerk being directed to notify the appellant to appear at the next meeting to explain the appeal.

Appeal No. 132, of 1902, New Building, No. 1668 of 1901, premises No. 120 West Fifty-seventh street, Central Realty Company, per Harry B. Mulliken, Esq., architect and appellant.

The Department of Buildings approved the construction of a deck house on the roof of the building in question to be used for storage purposes. The prospective proprietor of the property requires that some arrangement be made in the deck house for housing a few of the servants more closely connected with the operation of the hotel.

For this purpose I have taken about half of the space in the deck house as already provided and subdivided it into five sleeping rooms, keeping the remainder of the deck house for storage purposes, as originally intended. Further, I have replaced sink with a set of toilet fixtures for the accommodation of those occupying the rooms.

The deck house, as already constructed, is entirely of fireproof materials. In altering the arrangement the following construction will be made use of:
The floor will be made of cement.

All woodwork added by the change, including doors, trim and base, will be thoroughly fireproofed by the Electric Fireproofing Company's process, this being the one which is fully accepted by the Bureau of Buildings.

Inasmuch as the area occupied by the deck house is not changed and all material entering into the construction of the deck house is fireproof, I respectfully ask that this case be considered by your honorable Board and the modification as above set forth be granted.

Mr. Mulliken appeared in explanation.
On motion duly made and seconded, approved on condition that all wood used in the pent house be fireproofed to the satisfaction of the Bureau of Buildings.

Appeal No. 133 of 1902, Matter of Iron Shutters, premises Nos. 1042 and 1044 Third avenue.

On motion duly made and seconded, referred to Chief Croker for examination and report.

Appeal No. 135 of 1902, New Buildings, No. 275 of 1902, premises northeast corner Lexington avenue and Fifty-ninth street, John Hauser, Esq., architect and appellant.

To be allowed to inclose those sides of the bulkhead which are supported by the steel beams of the roof construction with 4-inch angle and I beams, filled in with 4-inch terra cotta blocks and covered on the outside with metal as shown on drawings, instead of brick walls. For the reason that said bulkhead is only 8 feet 6 inches high and the enclosure with a 12-inch brick wall would be an unnecessary additional load on the roof beams and bear support.

Mr. F. J. Schefsick appeared in explanation.
On motion duly made and seconded, approved.

Appeal No. 136 of 1902, New Building, No. 243 of 1902, premises Nos. 6, 8 and 10 West Thirty-first street, John H. Duncan, Esq., architect and appellant.

As to Objection No. 2: It is respectfully requested that Objection No. 2 be

waived and that the owner be granted the privilege to erect on roof a bulkhead which covers less than fifty per cent. of the roof area of the above building, the same to have a ceiling height of 7 feet 6 inches, making the total height of building at this point 156 feet; the floor and roof arches, the flooring, window frames, sashes and partitions will be constructed of an approved fireproof system.

As to Objection No. 3: The occupied area of lot is 6,944.75. Owing to the arrangement of the various apartments the two stairs shown on plans are centrally located in both front and rear of each floor. These stairs are in direct communication with all apartments and located remote from each other, thus affording quick relief on the various floors in case of fire. In addition to the above stairs there will be an outside stairs in side court. This stair will be remote from the others and constructed of iron similar to inside stairs and inclosed with wire mesh guard, so as to prevent accident in case of a hurried and congested use of same. At remote positions from the above mentioned stairs, in the side and rear courts, there will be located (3) fire escapes in direct communication with the apartments. Considering the above arrangement of stairs and fire escapes, I respectfully appeal that Objection No. 3 be waived.

Mr. S. P. Barry appeared in explanation.

On motion duly made and seconded, denied.

Appeal No. 137 of 1902, Alteration (no number) Brooklyn, No. 92 Stagg street, Louis Berger, Esq., architect and appellant.

It is desired to extend the extension five feet beyond present main building as shown on plans.

Mr. H. G. Little appeared in explanation.

On motion duly made and seconded, approved.

Appeal No. 138 of 1902, New Building No. 219 of 1902, premises Nos. 84 to 90 Fifth avenue, Robert Maynicke, Esq., architect and appellant.

To modify the Building Code so that two interior and one exterior staircases may be provided to meet the requirements of section 75 of the Building Code, which prescribes three staircases for this building.

The area of the lot is 10,325 feet. Area of lot covered by building is 9,877 square feet.

The exterior staircase is to be as shown on plan No. 29 filed with the Bureau of Buildings. This staircase is to go in the court from the top to the bottom of the building, and on the first story it is to connect with the hall leading from Fourteenth street freight elevator entrance. The windows at this staircase are to be stationary, to have metal covered frames, glazed with wire glass. The door on each story of this staircase is to be made of metal, glazed with wire glass.

The two interior staircases are to be enclosed with fireproof partitions and have metal covered doors on each story.

The elevator shafts will be inclosed with fireproof partitions and will have metal covered doors glazed with wire glass.

The elevator shaft on the first story will have wire glass in back of the grille work.

Mr. Julius Franke appeared in explanation.

On motion duly made and seconded, approved.

Appeal No. 139 of 1902, Alteration, No. 386 of 1902, premises whole block bounded by Broadway, Sixth avenue, Thirty-fifth and Thirty-sixth streets, Messrs. McKim, Mead & White, architects and appellants.

(Herald Building.)

At present there is a mezzanine floor at the northeast corner of the building, constructed as follows: Steel I beams and channels framed into columns 1 1/4 inch wood floor, laid on top of I beams.

We desire to continue this platform over the room as shown, by framing steel I beams and channels into the present iron columns and lay 1 1/4-inch wood floor on top of I beams.

Mr. Vobach appeared in explanation.

On motion, duly made and seconded, approved on condition that floor be constructed of two-inch tongued and grooved wood, fireproofed to the satisfaction of the Bureau of Buildings.

Appeal No. 140 of 1902, Alteration, No. 629 of 1902, premises Nos. 452 and 454 West Nineteenth street, Charles E. Reid, Esq., architect and appellant.

The building being a three-story and basement stable with second and third-story walls 12 inches thick, hard brick in cement mortar, it is now desired by owner to add two more stories, averaging 10 to 11 feet in height each.

In order to relieve the walls of the floor loads, it is proposed to carry up against the side bearing walls, cast iron posts and steel girders at each story above the cellar, up to the fourth story, thereby relieving all walls of second, third and fourth stories of all floor loads. All work to be strong and secure.

The full requirements of the Bureau of Buildings in all other matters will be complied with.

Mr. Charles E. Reid appeared in explanation of the appeal.

On motion, duly made and seconded, approved on condition that the ends of the floor beams, which are to rest on new girders, shall be cut clear from the wall, and that the iron columns and girders shall be encased with fireproof material; also that the walls shall be thoroughly anchored to the various floor beams by iron anchors.

Appeal No. 141 of 1902, New Building, No. 1081 of 1900, premises Nos. 50 to 60 West Sixty-sixth street, Messrs. Horgan & Slattery, architects and appellants.

Permission is desired to omit the tie rods between the iron beams, as the Roebing Flat Construction, which in itself forms a tie, is to be used.

Mr. C. H. Simpson appeared in explanation.

On motion, duly made and seconded, approved; Mr. Smith voting no.

Adjourned.

MUNICIPAL CIVIL SERVICE COMMISSION.

June 21.

I have been instructed by the Municipal Civil Service Commission to forward for publication in the City Record the enclosed regulations, adopted at a regular meeting of the Commission, being:

1. A regulation governing the submission of appeals, and the manner in which such appeals should be drawn by candidates.

2. A regulation prescribing the procedure when application is made to include any position in the exempt class.

WILLIAM BRISCO, Secretary.

Resolved, The following regulation as to classification be, and it is hereby adopted:

No office or position in the classified service of the city shall be hereafter classified in the exempt class except upon an application in writing made by the appointing officer, commission or board. Such application shall set forth:

1. Whether the office or position has been created and appropriation made therefor in accordance with the provisions of the Charter.

2. Whether at the time of the application the office or position is classified in the competitive class, and if so, the name of the employee or employees, if any, holding it.

3. The reasons why in the judgment of the appointing officer, commission or board, it is not practicable to fill such office or position as the result of a competitive examination.

No action shall be taken upon any such application until a public hearing has been had thereon, of which at least three days' notice shall be given to the appointing officer to the employees, if any affected, to the Civil Service Reform Association, to the Association of Civil Employees, and by publication in the City Record. A stenographic record shall be kept of the proceedings upon such hearing and, if the application be granted, a copy of such record shall be forwarded to the Mayor with the resolution of classification.

Resolved, That the foregoing regulation be printed, and a copy thereof sent to each appointing officer, commission or board in the Municipal Civil Service, to the Civil Service Reform Association and to the Association of Civil Employees.

No appeal will be considered unless the grounds on which it is based are stated specifically and in full in the handwriting of the applicant, and unless it is presented within thirty days after the establishment of the eligible list. Candidates who have been duly notified of the result of their examination shall, at any time thereafter, and on personal application to the chief examiner, and on proper identification, be entitled to see their papers and the individual ratings thereon.

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH, CITY OF NEW YORK.

AT A MEETING OF THE BOARD OF Health of the Department of Health of The City of New York, held June 11, 1902, the following resolution was adopted:

Resolved, That under the power conferred by law upon the Board of Health of the Department of Health of The City of New York, section 194 of the Sanitary Code for the security of life and health be and is amended so as to read as follows:

Section 194. Spitting upon the sidewalk of any public street, avenue, park, public square, or place, in The City of New York, or upon the floor of any hall in any tenement house which is used in common by the tenants thereof, or upon the floor of any hall or office in any hotel or lodging house which is used in common by the guests thereof, or upon the floor of any theatre, or of any building in which there is a public assemblage of people, or upon the floor of any ferry boat, railroad car or other public conveyance, or upon the floor of any ferry house, depot, station platform or stairs of any elevated railroad or other common carrier, is hereby forbidden.

The corporation or persons owning or having the management or control of any such building, ferry boat, railroad car or other public conveyance, ferry house, depot, station platform or stairs of any elevated railroad or other common carrier are hereby required to keep permanently posted in each of said places a sufficient number of notices forbidding spitting upon the floors and calling attention to the provisions of this section.

The corporation or persons owning or having the management or control of the buildings, ferry boats, ferry houses, depots, station platforms of any elevated railroad or other common carrier are hereby required to provide sufficient and proper receptacles for expectoration, and also to provide for the cleansing and disinfection of said receptacles at least every twenty-four hours; and spitting into the street from the cars, stairs, platforms of the elevated railroads, or any public conveyance, is hereby forbidden.

It is hereby made the duty of every corporation or person engaged in the manufacture of cigars, cigarettes or tobacco, or conducting the business of printing, in The City of New York, when ten or more persons are employed on the premises, to provide proper receptacles for expectoration. Such receptacles are to be in the proportion of one for every two persons so employed and they are to be cleansed and disinfected at least once in every twenty-four hours.

A copy of the last paragraph of this section must be kept posted in a conspicuous place in every factory or printing office, mentioned in the preceding paragraph.

ERNST J. LEDERLE, Ph. D.,
President.

C. GOLDBERMAN,
Secretary.

DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks, at Pier "A," Battery place, in The City of New York, until 12 o'clock noon, on

TUESDAY, JULY 1, 1902,

for a lease of the bulkhead at the foot of Thirtieth street, East river, in the Borough of Manhattan, City of New York, for a term of five years from a date ten days after said lease shall be approved by the Commissioners of the Sinking Fund. The lessee shall have the privilege of mooring a floating dump at said bulkhead during the term of said lease, for the purpose of receiving ashes, cellar dirt or similar material, and shall also have privilege of maintaining on property owned by the City and under the jurisdiction of this Department, the necessary ramp or approach thereto, also to maintain tally office not to exceed 10x10 feet.

There shall be kept posted, printed in large type, in at least two conspicuous places on the pier, so that same can be readily seen by passers-by from the street, the prices to be charged by the lessee to the public for the privilege of dumping cellar dirt, which prices are also made a condition of the lease, and are to be not more than twenty-five cents per cubic yard.

The following also will be posted, viz:

For regular and ordinary dumping carts which contain two cubic yards, not exceeding fifty cents.

For an ordinary cellar digger's cart which contains one and one-half cubic yards, not exceeding thirty-five cents.

For brick trucks containing between two and one-quarter and two and one-half cubic yards, not exceeding sixty cents.

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid, however, be accepted the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department, except that the lessee shall covenant and agree that he will at all times do such dredging from time to time, during the term of said lease, as may be considered necessary or proper by the Commissioner of Docks, in the basins or slips or water adjacent to the said premises.

The successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease, the form of which may be seen and examined upon application to the Secretary at the office of the Department, Pier "A," Battery place; and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of the lease, the sureties on bond to be approved by the Commissioner of Docks.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office of the said Department until 1 o'clock p. m., on

THURSDAY, THE 26TH DAY OF JUNE, 1902.

Boroughs of Manhattan and The Bronx.

For furnishing 300 Combination Can and Bag Carriers.

Specifications for said Can and Bag Carriers shall be as follows, or equal thereto:

The frame is to be continuous, of 3/4-inch pipe, bent to form a handle, and also a support for can platform.

The platform is to be of malleable iron in one piece, and is to have a wheel at rear 5 1/2 inches diameter, and two projections on under side at the front, to prevent tipping forward. The axles are to be attached to the pipe frame.

The carrier is to have a spring steel band of about three-quarters of a circle, with notches on the under side and chain at the front to retain the can or bag in position. This band is to be adapted to raise or lower for use as can or bag carrier as desired.

The wheels are to be 2 feet 6 inches diameter, with 7/8-inch spokes and 3/4-inch 7/8-inch tires. The axles are to be of malleable iron, and the axle boxes of cast iron.

The carrier is to have two coats of good paint and one coat of varnish.

All material is to be first quality and finished in workmanlike manner.

Bidders are to submit a sample carrier for inspection.

The time for the delivery of the articles and the performance of the contract is sixty (60) days.

The amount of security required is fifty per cent. of the amount of the bid or estimate.

Any further information can be obtained at the office of the Department, Nos. 13 to 21 Park Row.

The bidder will state the price of each combination can and bag carrier contained in the specifications, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to alter the Map or Plan of The City of New York by changing the lines and grades of Northern avenue from the northerly line of West One Hundred and

Eighty-first street to points 784.30 feet and 756.23 feet northerly therefrom, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in the Council Chamber (Room 16), City Hall, Borough of Manhattan, on the 11th day of July, 1902, at 11:30 o'clock A. M., at which such proposed change of lines and grades will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by said Board on the 13th day of June, 1902, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by changing the lines and grades of Northern avenue from the northerly line of West One Hundred and Eighty-first street to points 784.30 feet and 756.23 feet northerly therefrom, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at a point in the northerly line of West One Hundred and Eighty-first street distant 469.62 feet easterly from the northeasterly corner of West One Hundred and Eighty-first street and Boulevard Lafayette, as measured along the northerly line from Boulevard Lafayette.

1st. Thence northerly deflecting 13 degrees 51 minutes and 35 seconds to the right from the northerly prolongation of the radius drawn through the point of beginning for 784.30 feet.

2d. Thence easterly and deflecting to the right 105 degrees 10 minutes and 43 seconds for 62.17 feet.

3d. Thence southerly and deflecting to the right 74 degrees 49 minutes and 17 seconds for 756.23 feet to the northerly line of West One Hundred and Eighty-first street.

4th. Thence westerly along the northerly line of West One Hundred and Eighty-first street on the arc of a circle whose radius is 640 feet for 61.17 feet to the point or place of beginning.

GRADES.

Beginning at a point in the northerly line of West One Hundred and Eighty-first street and the centre line of Northern avenue, elevation 178.64 feet above city datum. Thence northerly along the centre line of said Northern avenue, distance 769.51 feet, elevation 221.00 feet. All elevations above city datum.

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans, for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change of lines and grades and the location of the immediate adjacent or of intersecting open or established public streets, avenues, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change of lines and grades of the above-named streets at a meeting of this Board, to be held in the Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 11th day of July, 1902, at 11:30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby, that the proposed change of lines and grades of the above-named street will be considered at a meeting of this Board, to be held at the aforesaid time and place, to be published in the "City Record" fourteen days continuously, Sundays and legal holidays excepted, prior to the 11th day of July, 1902.

NOTICE IS HEREBY GIVEN THAT THE

Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to alter the Map or Plan of The City of New York, by locating and laying out Shell Road, from Avenue X to Canal avenue, and extending West Sixth street, from Neptune avenue to Sheephead Bay Road, in the Thirty-first Ward, Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Council Chamber (Room 16), City Hall, Borough of Manhattan, on the 11th day of July, 1902, at 11:30 o'clock A. M., at which such proposed locating, laying out and extending will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by said Board on the 13th day of June, 1902, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by laying out Shell Road, from Avenue X to Canal avenue, and extending West Sixth street, from Neptune avenue to Sheephead Bay Road, in the Thirty-first Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

The laying out of Shell Road consists in laying out a street 70 feet in width from Avenue X southerly to Canal avenue, covering and widening the existing Shell Road; the lines of Shell Road to be connected with West Sixth street at Canal avenue.

The extension of West Sixth street consists in laying out a street between Neptune avenue and Sheephead Bay, 60 feet wide, making thereby West Sixth street a continuous street from Canal avenue to Sheephead Bay Road.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans, for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed laying out, and the location of immediate adjacent or of intersecting open or established public streets, avenues, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed laying out of the above-named street at a meeting of this Board, to be held in the Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 11th day of July, 1902, at 11:30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, that the proposed laying out of the above-named street will be considered at a meeting of this Board, to be held at the aforesaid time and place, to be published in the "City Record" and the Corporation newspapers, for ten days continuously, Sundays and legal holidays excepted, prior to the 11th day of July, 1902.

CONDITIONS OF SALE.

As provided for by The Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the State or National Banks of The City of New York, two per cent. of the par value of the stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them, at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates thereof shall be issued to them as authorized by law, and in such denominations as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected." Under this provision the condition that the bidder will accept only the whole amount of stock bid for by him and not any part thereof, cannot be inserted in any bid.

7. It is also provided by the Charter that these bonds, being registered, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall, so far as practicable, and without pecuniary disadvantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."

8. The proposals, together with the security deposits, should be included in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.

EDWARD M. GROUT,
Comptroller.

SUPREME COURT, KINGS COUNTY.

In the matter of the application of the Board of Education, by the Corporation Counsel of The City of New York, relative to acquiring title by The City of New York to certain lands situate on Easterly side of WEST THIRD STREET south of Sheepshead Bay road in the Thirty-first Ward of the Borough of Brooklyn, duly selected and chosen as a site for school purposes by the School Board of the Borough of Brooklyn and approved by the Board of Education under and in pursuance of the provisions

of chapter 378 of the Laws of 1897, and the various statutes amendatory thereof and other statutes relating thereto.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate in the above-entitled matter, appointed pursuant to the provisions of the statutes relating thereto, hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First.—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons interested in the lands or premises affected by this proceeding or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, at Park Avenue and Fifty-ninth Street, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second.—That all parties or persons whose rights may be affected by the said estimate and who may object to the same or any part thereof, may within ten days after the first publication of this notice, June 20, 1902, file their objections to such estimate, in writing, with us, at our office in the office of the Corporation Counsel of The City of New York, in the Borough Hall, in the Borough of Brooklyn, in said city, as provided by statute, and that we, the said Commissioners, will hear parties so objecting at our office, on the 3d day of July, 1902, at 11 o'clock in the forenoon, and upon such subsequent days as may be found necessary.

Third.—That our report herein will be presented to the Supreme Court of the State of New York at a Special Term thereof for the hearing of motions, to be held in the Kings County Courthouse in the Borough of Brooklyn, in The City of New York, on the 16th day of July, 1902, at the opening of the court on that day; and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated the Borough of Brooklyn, June 20, 1902.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICES TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the board of aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter. For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department. No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to The City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by The City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there. m14
