Reports and resolutions were adopted as follows:

Appropriating the sum of thirteen thousand dollars (\$13,000) from the proceeds of Corporate Stock, to be issued by the Comptroller pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied to the purchase, for school purposes, of lands at Coney Island avenue and East Twelfth street, adjoining Public School 99, Borough of Brooklyn.

Appropriating the sum of sixteen hundred and forty-eight and 53-100 dollars (\$1,648.53) from the proceeds of Corporate Stock, to be issued by the Comptroller, pursuant to sections 47 and 169 of the revised Charter, application for the issue of which is hereby made; said sum to be applied (in addition to the sum of \$4,000 heretofore appropriated) to the payment of the awards and interest thereon for parcel No. 7, as confirmed by the Court, in the proceeding for the acquisition of lands and premises situated on Evergreen avenue and Grove street, adjoining Public School 75, Borough of Brooklyn, as a site for school purposes; requisition for said sum being hereby made upon the Comptroller.

Authorizing the Committee on Athletic Fields to employ for each of the athletic fields, to take effect as soon as the same is ready for use, a foreman at a salary of \$100 per month, and an assistant at \$2.50 per day; that, as soon as a grandstand in any field shall be completed, the Committee shall be authorized to employ an additional assistant for such field at the same rates, these employees to be taken from the certified list of the Civil Service Commission, and the assistants to be only employed during the months when the fields are in use, under such regulations as the Committee may from time to time prescribe, and employing on afternoons and Saturdays, during such period as the Committee may prescribe, a physical training teacher to direct the exercises of the children in each field when completed, with an assistant, the instructor to be paid \$3 a day for school days and \$5 a day for Saturdays, and the assistant \$2 per day for school days and \$3.50 for Saturdays. These are to be on duty after school hours, respectfully reports that, so far as relates to the first resolution, it is suggested that the cost of employment of foremen at monthly salaries of \$100 and assistants at \$2.50 per day would seem to be chargeable to the fund for Salaries of Janitors in All Schools, which is under the control of the Committee on Care of Buildings, as the nature of the services to be rendered appears to be janitorial or care-taking, and the fund indicated is the only one available or appropriate for the purpose. While the expenditures contemplated cannot be large, the resolution is not sufficiently specific as to time to enable the Committee to state the exact amount of the expense. The fund for Salaries of Janitors in All Schools at this time appears to be sufficient for its original purposes and also for the proposed additional uses, provided the Committee on Care of Buildings is willing to undertake the appointments and defray the cost thereof.

So far as relates to the second resolution, while no funds have been set aside specifically for the purpose of employing instructors for assignment to athletic field work, the proposition appears to fall naturally within the scope of that portion of the General School Fund applicable to the appointment of new teachers, that is, for enlargement of the system, and the present financial indications are that it is permissible to make such appointments as are necessary.

Authorizing the Secretary to execute a renewal of the lease of the parlor floor of the premises No. 52 Sands street, Brooklyn, occupied as an annex to Public School 1, for a period of one year from May 1, 1907, at an annual rental of \$300, the Board of Education to have the use of the premises on school days from 9 a. m. to 3 p. m., otherwise on the same terms and conditions as contained in the lease heretofore existing; subject to the approval of the Departments of Health and Buildings as to sanitary and structural conditions. Owners, the Asacog Club, No. 52 Sands street, Brooklyn.

Authorizing the Secretary to execute a renewal of the lease of the premises on the southwest corner of New York and Atlantic avenues, Borough of Brooklyn,

consisting of the two three-story brick buildings, Nos. 63-65 New York avenue, and the lands adjoining, having a frontage of one hundred and six feet, more or less, on Atlantic avenue, and one hundred and twenty feet on New York avenue, said premises being occupied as an annex to Public School 41, for a period of one year from July 1, 1907, at an annual rental of \$2,200, and for an additional period of two years from July 1, 1908, at an annual rental of \$2,500, otherwise on the same terms and conditions as contained in the existing lease; the Departments of Health and Buildings having certified that the sanitary and structural conditions thereat are satisfactory. Owner, George Rodemann, No. 640 Nostrand avenue, Brooklyn.

Authorizing the Secretary to execute a lease of the premises on the rear of the lot designated as No. 724 Myrtle avenue, Brooklyn, to be used as an annex to Public School 54, for a period of two years and one month from June 1, 1907, with the privilege of renewal for an additional year, at an annual rental of \$360; the lessor, Walter Ryan, of No. 188 Spencer street, Brooklyn, to remove the interior partitions and two waterclosets, to keep the roof in repair and to comply with all requirements of the Departments of Health and Buildings; the Board of Education to furnish light, heat and janitor's service; the Departments of Health and Buildings having certified that the sanitary and structural conditions are satisfactory.

Approving and ratifying the action of the Committee on Buildings in deciding to discontinue occupancy after July 1, 1907, of the premises at Morris Park avenue and Lincoln street, The Bronx, occupied as an annex to Public School 34, and on and after July 1, 1907, turning over the premises at Morris Park avenue and Lincoln street, The Bronx, the lease of which will expire on July 1, 1908, to the Comptroller for such action as he may deem advisable, and that his attention be respectfully called to the covenants of said lease, so that, in case it is decided to use the premises for other than school purposes, the Department of Education may not be held liable for any failure to comply with the same.

Approving and ratifying the action of the Committee on Supplies in appointing Thomas Armstrong, of No. 55 East One Hundred and Twenty-third street, Manhattan, as Office Boy in the Bureau of Supplies, at a salary of \$300 per annum, the appointment taking effect May 6, 1907, subject to the rules and regulations of the Municipal Civil Service Commission.

Awarding the contract for one gasoline motor four-ton truck for the use of the Bureau of Supplies, subject to the approval of the Board of Estimate and Apportionment, to the Mack Bros. Motor Car Company, in the sum of \$4,700; and requesting the Board of Estimate and Apportionment to approve the action of the Board of Education in awarding the above-mentioned contract to other than the lowest bidder.

Approving and ratifying the action of the Committee on Supplies in rejecting all bids received for the one gasoline or steam touring five-passenger car and one gasoline or steam touring seven-passenger car.

Consenting, in accordance with a request received from the President of the Borough of The Bronx, to the transfer of Mary Trainor, Cleaner in the Morris High School, Borough of The Bronx, to the office of the President of the Borough of The Bronx.

The following resolution was also adopted:

The lamented death of Miss Sarah F. Buckelew, identified for nearly half a century with Public School 49, Borough of Manhattan, occurred April 23, 1907.

Miss Buckelew, who was educated in the public schools of Brooklyn and at the Packer Institute, and was graduated from the Albany State Normal School and from the Brooklyn Saturday Normal School, devoted her life to the work of teaching. While a natural teacher and deeply interested in the training of the young, she was a woman of broad culture and active in many departments of life. She was deeply interested in the welfare and best interests of her profession.

Miss Buckelew was appointed a Teacher in Public School 49 on May 1, 1859, and became principal of the primary department of that school October 1, 1864. This position she held until her death, exerting a beneficent influence over three generations of pupils attending the school.

The Board of Education desires to place on record an expression of its sorrow at the death of Miss Buckelew and of appreciation of her long and valuable services.

Resolved, That a copy of the foregoing minute be transmitted to the family of Miss Buckelew.

The following preambles and resolutions were also adopted:

Whereas, The oaths of the Commissioners of Estimate and Appraisal in the matter of the condemnation proceeding for the acquisition of title to certain lands and premises on Hamilton place, West One Hundred and Fortieth and West One Hundred and Forty-first streets, Borough of Manhattan, as a site for school purposes, were filed in the office of the Clerk of the County of New York on February 8, 1907; and

Whereas, The said lands and premises are urgently required for school purposes, and title thereto should be acquired as soon as possible; therefore be it

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to adopt a resolution, in accordance with the provisions of section 1439 of the revised Charter, as amended, directing that title to said lands and premises and all interest therein vest in The City of New York ten days after the passage of such resolution.

Whereas, Through inadvertence, the names of two Draughtsmen were omitted from the report of the Committee on Buildings adopted by the Board of Education on January 23, 1907 (see Journal, pages 150-54), relative to increasing the salaries of Draughtsmen in accordance with the schedule approved on January 10, 1906; therefore be it

Resolved, That the action of the Committee on Buildings, taken May 6, 1907, in increasing from \$30 per week to \$32.50 per week, each, the salaries of Charles F. Ackerman and R. H. F. Halsey, Draughtsmen in the Bureau of School Buildings, be and it is hereby approved and ratified.

Whereas, The Committee on Buildings is in receipt of sundry estimates from contractors for additional work under their contracts, as follows: Estimate of Frank Dobson, contractor for heating and ventilating apparatus at the Eastern District High School, Brooklyn, \$200 (for making alterations in connection with risers Nos. 52, 53, 54 and 55); estimate of William M. Sheehan & Co., contractors for electric work at Erasmus Hall High School, Brooklyn, \$170 (for changing position of outside lanterns, shortening conduit, etc.); and

Whereas, The Superintendent of School Buildings reports that these estimates are reasonable and that the work is necessary; therefore be it

Resolved, That the sum of three hundred and seventy dollars (\$370) be and the same is hereby appropriated from the proceeds of Corporate Stock, to be issued by the Comptroller pursuant to sections 47 and 169 of the revised Charter, application for the issue of which is hereby made; said amount to be applied in full payment for extra cost to Frank Dobson and William M. Sheehan & Co., contractors for additional work in connection with their contracts, as hereinbefore stated; requisition for said sum being hereby made upon the Comptroller.

Whereas, The principal of Public School 29, The Bronx, requests that, while Cypress avenue is being paved, that part of One Hundred and Thirty-sixth street contiguous to said school building be asphalted, as at present the noise of passing vehicles seriously interferes with the work of the teachers whose classrooms are located on that side of the structure; therefore be it

Resolved, That the President of the Borough of The Bronx be requested to authorize the laying of asphalt pavement on the One Hundred and Thirty-sixth street side of Public School 29, in said borough.

Whereas, H. M. Devoe is employed by the Board of Education under the title of Deputy Superintendent of Buildings, and is assigned as Supervisor of Janitors; and

Whereas, The said Devoe is assigned under the office title of Supervisor of Janitors; and

Whereas, Owing to the large number of Janitors employed in this Department, better service can be obtained by placing the supervision of Janitors under the jurisdiction of the Principals of schools, who are in closer touch with them and have better facilities of supervision than a single individual; and

Whereas, The duties of the Supervisor of Janitors are in the main clerical.

Resolved, That the office of Deputy Superintendent of Buildings held by said Devoe, and his assignment under the office title of Supervisor of Janitors, be abolished as unnecessary from July 1, 1907; and that the Committee on Care of Buildings, in conjunction with the Board of Superintendents, report a plan whereby Janitors may be supervised by the Principals of the schools.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 5:55 o'clock p. m.

A. EMERSON PALMER, Secretary.

PUBLIC NOTICE IS HEREBY GIVEN that the Comptroller of The City of New York will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York acquired by it for street opening purposes in the

Borough of The Bronx.

Being all those buildings, parts of buildings, etc., on Tee Taw avenue (Webb avenue), from East One Hundred and Eighty-eight street to Kingsbridge road, and which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

MONDAY, JULY 29, 1907,

at 11 a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary therefor, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
